

A Killer 5091

Chapter 5091: : Drug Fight

Crimson magma gushed out of the black smoke ball, and pressed it down towards the strong men of the Sanlu Super God family.

This hot magma seemed to have ignited the air, and the mighty divine might descended from the sky with the magma, leaving these super ***** family powerhouses with lingering fears!

Huh!

Huh!

Huh!

In an instant, the elders of the Sanlu Super God family teleported outwards to avoid the eyes released by the black smoke.

boom!

This magma hit a mountain peak in the Nether Academy, and the hot flame instantly swallowed all the trees and houses on the mountain peak, and the entire mountain peak was burning, just like the legendary Flame Mountain.

Blazing flames and billowing smoke.

The powerhouses of the Sanlu Super God family easily avoided, but they changed color at the same time.

"This little guy... really strong!"

Of course!

The black smoke group is a fierce man who has been with a dead monkey.

Although in the past few decades, the black smoke group's cultivation level was limited, and Li Tian did not show any signs of it, but once this guy's cultivation level broke through to a demigod, he would also have a dead monkey. The hostility.

war?

The black smoke group is never afraid.

Super God family?

Really ***** funny, in the eyes of the black smoke group, only dead monkeys and those guys who are stronger than dead monkeys can be called gods, but these low trash people in the underworld dare to call themselves super gods. ?

There was no chance before, but the black smoke group had a chance today, of course, to let these ***** know how good he is.

Chu Jiangnan was already a little dumbfounded.

"Boy Li Tian, this is your assassin? Really ***** awesome! I always think I killed the Donggong Super God family alone, attacked the widows of the Donggong Super God family, and disturbed the Sanlu Super God family. I'm already awesome enough, but compared to this..."

"Black smoke ball!"

"Yes, compared to this black smoke group, I feel that I am still far behind! Watching the black smoke group's battle, my blood is already boiling, if there are more such helpers by your side, I will see us. There is no need to go to the secret realm, just go to the Super God Family!" Chu Jiangnan said with a frantic smile on his face.

Chu Jiangnan's cultivation level has reached the peak of a demigod, but he only dared to sneak attack on the super ***** family. Once he was besieged by more than four or five super ***** family widows, Chu Jiangnan could only flee away with his tail between.

But what about the black smoke ball?

The performance is called a domineering and sturdy.

There was a trace of contempt on the face of the obscene god, "Huh, it's just the courage of a man, this guy is absolutely handsome in only three seconds, and will soon be abused by the widows of the Super God family into a dog, and I will need my help at that time!"

"Boy Li Tian, do you know how many crystals the black smoke group has swallowed you? Tsk tsk, now it makes you hate to think of it. This guy eats those crystals as peanuts, or else every day Swallowing you dozens of hundreds of crystals, this guy seems to be uncomfortable. But what is the result? You have also seen that this guy's cultivation level is just the beginning of the demigod. This is extremely disappointing. Look again. I, although I devour more than one hundred crystals every day, my cultivation level is much higher than that of the black smoke group..."

The corner of Li Tian's eyes twitched slightly.

There are a lot of crystals in the secret storage of the Great Blue Dragon, but Li Tian still feels unhappy when he hears that these two guys are so unscrupulously ruined.

"Boy Li Tian, if you can hand over the god-level crystal to me and let me practice, now maybe my cultivation level has broken through to the quasi god. If you encounter these rubbish, you don't need you at all. With my hands, I can easily kill them with one finger!"

Li Tian finally couldn't help it, and when he went up, he kicked and molested God.

"Obscene god, what the ***** are you ***** bullshit? Just go up and do it for me, ***** babbling like a girl! I'm afraid the demigod crystals I left in the void Yasha space are now running out of nothing. Huh? Damn it, you will never want to get a demigod crystal from me, let alone a quasi-god, god-level crystal."

It's not that Li Tian is unwilling to give the obscene gods and the black smoke quasi gods and god-level crystals, but it is just a waste to give them now.

Now the two guys' cultivation realms are half gods. When they swallow the ninth-level crystals of the refining superdomain master, they can almost convert more than 70% to 80% of the spiritual power contained in these crystals into their own spiritual power. When they swallowed the semi-

god crystal, the conversion rate would plummet to about 30%, and when they swallowed the quasi-god crystal, the conversion rate would be even lower.

If their cultivation realm has really reached the peak of a demigod and will soon break through to the quasi-god, then Li Tian will take it out without hesitation and let them practice.

The obscene ***** smiled, and he ran two demi-god crystals into his mouth, and then his figure teleported out in a flash.

Chu Jiangnan finally understood that Li Tian and others' cultivation level was clearly weaker than him, but why their combat effectiveness was stronger than him.

This ***** thing is completely taking drugs, it's like taking stimulants. As long as the body can bear these guys, the drug fight is an unstoppable rhythm!

The black smoke group and the obscene god, these two demigods are taking drugs and fighting together with the seven or eight elders of the Sanlu Super God family, but they can barely draw a tie, even each time these two guys take drugs again. At that time, their combat effectiveness will increase dramatically.

"Boy Li Tian, can you also bring me some crystals? I also..."

Chu Jiangnan reached out to ask Li Tian for a demigod crystal, but Li Tian refused.

"Chu Jiangnan, I can give you this thing, but we can't compare with the black smoke group and the obscene gods. They are all non-human strong men. Their bodies can withstand demi-god or even quasi-god crystals, but if we swallow it forcibly, our body will suffer a huge side effect backlash!"

Chu Jiangnan was full of resentment.

Although he could understand it, he was still a little unhappy watching others eat demigod crystals as peanuts.

"After we enter the secret realm, I will send you two Quasi-God-level crystals to help you break through to the Quasi-God realm!" Li Tian said.

Only then did Chu Jiangnan show a smile on his face, turning around and shouting at the strong men of the Sanlu Super God Family: "Come on, guys from the Sanlu Family, let you see and see the strength of my grandfather after the devil... .."

The destructive power of the black smoke group is super strong. In less than two minutes, this guy has completely destroyed a small half of the Nether Academy.

At this time, most of the students and elders of the Nether Academy have entered the secret realm. Only a few of the old dean and the big elder stayed outside, paying attention to the battle situation and seeing the various destruction of the black smoke group. The meat hurts, and he said, "Prodigal stuff, I can't live this life if I keep it like this."

Spiritual power fluctuates in the air again, I am afraid that another strong will arrive!

Li Tian couldn't help but lock up tightly.

Huh!

Huh!

It was Tang Xiaolong, Liu Jimeng and others who appeared in midair.

"Little boss, retreat quickly, the paralyzed Donggong Super God Family, Xiuyu Super God Family, White Horse Super God Family's powerhouses will be killed immediately..."

I'm going!

"Quickly! Whoever doesn't withdraw, who is stupid!"

Li Tian didn't dare to sneer any more, teleported to the underground library where the secret realm was located, squeezed the two students around him and got into the opened secret realm door.

Chapter 5092: : Mirror World

Li Tian is not playing cards according to the rules!

The old dean and others naturally did not dare to be negligent at all, they teleported to the door of the secret realm one after another, and went in without hesitation.

What Li Tian didn't know was that a few seconds after Tang Xiaolong and the others appeared here, the clone Li Tian also appeared, and then the clone Li Tian also followed into the secret realm after fishing in troubled waters.

Chu Jiangnan teleported here at last, and he put away the key to the secret realm before the powerful Sanlu Super God family arrived.

The door of the secret realm of Nether Academy slowly disappeared!

...

Li Tian opened his eyes slowly.

Perhaps because he hasn't adapted to the new environment, Li Tian squinted his eyes slightly. After a few seconds, Li Tian confirmed that his eyes had adapted and then opened them completely.

Like Li Tian, there are other members of the Li Tianjun regiment, elders, students and teachers of the Nether Academy who entered the secret realm with Li Tian.

For many students and teachers, this is the first time they have left the Netherworld to enter the secret realm, so everything in front of them makes them feel novel and fascinated.

"Is this the secret realm? This secret realm is really different from the Nether realm, and I still feel dizzy now..."

"This mystery is really amazing, right? I always have an illusion, it feels as if we are standing upside down now, and I also feel dizzy!"

"This is not your illusion, now you look up into the sky..." Chu Jiangnan, the old driver of the secret realm, said with a smile.

Everyone looked up.

What is it? Seems to see nothing!

Is there something wrong with my eyes? Or is it because Chu Jiangnan is making falsehoods again?

But soon, there was a scream from the crowd, and then the screams began to sound continuously.

"This...this is..."

"Fuck, I really saw a ghost, who can tell me this is just my illusion!"

"I'm going, I'm going to throw up..."

In the exclamation, everyone was stunned and looked at the sky, and everyone's facial expressions were all capitalized and dumbfounded.

Who the **** would have imagined that when the blue sky and white clouds are higher in the sky, you will be able to see another world.

The eyes of these cultivators are not astronomical telescopes, otherwise they will see through the blue sky and white clouds in the sky when they fall on the ground of another world, and they will be surprised to find that there is also a group of people on the ground of this world. Look up at them.

This is the Mirror World!

Just like looking in a mirror, the rivers and mountains where Li Tian and others are located will also exist in another world.

After Li Tian and others entered the Mirror Realm, there will also be other Li Tian, Li Tian clones, Situ Ningbing, Situ Lime, Tang Xiaolong, the old dean, students, etc. in another world, with the only exceptions. Only Chu Jiangnan!

"Is it shocked? When I first came here, my expression was almost the same as yours now, but soon you will gradually get used to it!" Chu Jiangnan said with a trace of nostalgia on his face. However, his expression on his face soon became serious, and then he said seriously the true situation of the mirror world: "This secret realm is called the mirror world. Just like a mirror, everything you see when you look up is a mirror image. That is to say, in the sky above your head, in the world you can see, there will be everything in this world, including yourself!"

"How many mean?"

"So what can I do?"

Chu Jiangnan's face showed an inscrutable smile, "So what can you do? If we want to leave the mirror world, then we must enter the mirror, and then two of you will appear in the mirror world at the same time. ..."

"Jiangnan, you don't want to continue to sell the gates anymore. Now you are the only one in this team who have been here. Please explain to us all the things we need to pay attention to!" said the old dean.

Chu Jiangnan nodded and continued: "Okay, then I will tell you the main points of attention. First of all, in our current world, as long as we can refine enough spiritual power, our cultivation level can be easily achieved. It's improved. This place is faster than the Netherworld and other secret realms that have been discovered in the Netherworld. But when your cultivation level is improved, the other one of our cultivation levels in the mirror image will also increase. ."

Li Tian and others nodded at the same time, this situation is well understood.

"But I have just said that if we want to leave this secret realm, we have to pass through the mirror world, which means that sooner or later we will meet the other one of us in the mirror..." Before

Chu Jiangnan's words were finished, there was The students and the teacher from the Nether Academy interrupted the discussion.

"Hey, this is pretty good. Even if we don't have a clone, we can easily get a clone, and the cultivation realm is the same as ours. This is much easier than practicing a clone!"

"Yes, I can't wait to hurry up and practice now. I also have a clone like Master Li Tian and Master Situ Ningbing. I always feel that a person with a clone seems to have two lives, even if they die. One, the other clone will continue to live."

"The Secret Realm is really a good place! Master Chu Jiangnan's cultivation level is rapidly improved after entering the Secret Realm. He is now a powerhouse in the pinnacle realm of the Demigod. I have to learn from Master Chu Jiangnan, even my cultivation level I can't reach the realm of a demigod, and I already feel very satisfied to be able to reach the realm of the super domain master!"

Chu Jiangnan's face was involuntarily showing a trace of displeasure, and even with the comments of these students, this displeasure was about to turn into anger and murderousness.

"Shut up, you idiots!"

Li Tian's eyebrows raised slightly, and Chu Jiangnan's sudden anger made Li Tian more sure of his conjecture.

Nether Academy has such a powerful secret realm, but this secret realm was actually sealed by the founder of Nether Academy, and the cultivators of Nether Academy were not allowed to enter it to practice. After Jiang Nan came out of the Mirror Realm, his cultivation level has been improved, but Chu Jiangnan has undergone great changes. These changes are probably caused by the Mirror Realm.

"Jiangnan!"

"Chu Jiangnan!"

Li Tian, the old dean, the senior elder and others immediately surrounded Chu Jiangnan and stretched out their hands to press on him, lest the fellow Chu Jiangnan was so angry that he would kill these students at that time, that would be unbelievable. Up.

"I'm fine!"

Chu Jiangnan took a few deep breaths, the murderous aura in his eyes gradually disappeared, and he adjusted a few more breaths before continuing: "This is the mirror world, the most dangerous secret realm in the nether world. If you cultivate with this attitude, I can guarantee that there are nearly six to seven thousand people here, and no more than one hundred people will leave here alive in the end!"

Hearing these words, the faces of the students and teachers of the Nether Academy were involuntarily panicked.

"My father..."

The faces of Li Xiaoyu and Li Wuque were also not good-looking, they both shouted Li Tian's name in a low voice at the same time, looking at Li Tian with some worry.

"Since someone can leave here alive, there must be a way! You all listen carefully!"

"After we enter the mirror image, our deity will meet us in the mirror image, but only one of the two can leave the mirror image..." Chu Jiangnan said solemnly.

Chapter 5093: : The realm old driver

The crowd immediately became commotion.

Two people can only leave one person?

This means that one person will be left in the mirror?

Or will one person be completely wiped out?

In either case, these students do not want to see!

They have long been accustomed to the life of the Netherworld. If they were left in the mirror, they would be lonely. Moreover, no one knows what kind of dangers are in the mirror world. If they really are left here, Will the final result still be inevitable?

As for being obliterated, these students are even more reluctant to accept it. If the paralyzed person is killed by another person or a ghost beast, it will be inferior to humans. If people die, they will die, but if they are killed by themselves The clone, or the person in the mirror, was killed by the person in the mirror.

"Hey!" Chu Jiangnan gave a strange laugh. He seemed to be very satisfied with the effect of his words. After waiting for a while until everyone's attention was focused on him, Chu Jiangnan continued, "I want to live from Leaving in the mirror world is actually not a difficult task. There are two ways, either you kill the person in the mirror, or you refine and swallow the person in the mirror!"

"However, the difficulty of these two methods is different, and the final result will be different. If you can refine and swallow the person in the mirror, then your cultivation level can be quickly improved, just like me. For the powerhouses who have reached the super-distance and ninth-level peak, your breakthrough to a demigod is just a breeze. However, if you choose this path, you will have to bear the side effects of this path. Like me, it is possible to be enchanted anytime and anywhere, and eventually be controlled by demons and become a puppet!"

"Of course, if you have enough strength, you can also choose to kill the person in the mirror, so you don't need to repeat my mistakes again, but... hey, that's not easy, at least I didn't do it at the beginning. To..." Chu Jiangnan said with a smile.

One stone stunned the waves, but Chu Jiangnan's words surprised everyone present.

Chu Jiangnan, a demigod master, a rare genius in Netherworld Academy, but he didn't even do it, so how difficult is it to kill the person in the mirror?

Because the secret realm of Nether Academy was discovered so far, only two people have come out of it, one is the founder of Nether Academy, and the other is Chu Jiangnan.

If you look at the past data, 100% can go out alive, but... the past sample data is too small to have any reference value.

Li Tian suspects that among the more than 5,000 people who have entered the secret realm, less than half will be able to leave in the end, or even less, and there will be fewer people who can kill

the person in the mirror and leave. Now Li Tian's are not sure that he can kill the person in the mirror.

This is just Li Tian's guess, and Li Tian is temporarily afraid to tell the students and teachers present his guess, so as not to cause panic.

How many people can finally go out depends on their luck and good luck!

"Is there such a possibility?" Tang Xiaolong said questioningly: "For example, after the little boss enters the world in the mirror, he will kill my man in the mirror? If this is possible, I don't need to fight, so I can leave. Is it realm?"

Chu Jiangnan was taken aback, and then he was born with a smile, "I have to say that your idea is...very possible, but I am not sure what the consequences will be! Well, everyone, now we have Entered the secret realm, the next trial is up to you. Everyone is gone, let's practice separately!"

"What? Don't you care about us, the Great God Chu Jiangnan?"

"That's right, now our team's secret realm is still not well understood, what if there is danger?"

"There is a lot of people and strength, so many of us can fight various risks together, and there will be more chances of surviving by then!"

"Yes, the old driver takes me, the little girl looks white!"

The students from the Netherworld Academy shouted again, and no one was willing to leave. The female students even glared at Chu Jiangnan, looking like a gentleman picking them.

Chu Jiangnan smiled bitterly, "You are so innocent to care about Laozi? Those who don't want to leave can stay and follow me..."

Before Chu Jiangnan's words were finished, dozens of female students were shamelessly pestering Chu Jiangnan, and the female students who could not squeeze Chu Jiangnan squeezed to Li Tian, Tang Xiaolong and other strong people.

"I'll put the ugly words on the front. I have no objection to your willingness to follow Elder Li Tian, but once you and Elder Li Tian enter the world in the mirror, you will definitely meet Li Tian in the mirror world at that time. I will endure Li Tian's attack in the mirror, hehe...At that time, even Elder Li Tian won't be able to save you!"

Oh my day!

These students suddenly became stupid.

Elder Li Tian is the ninth-level pinnacle powerhouse of the super domain master. He may soon reach the realm of demigod. That means that Li Tian's cultivation level in the mirror will also reach the realm of demigod, even if it is a demigod attack. , Can destroy them all.

These students shuddered involuntarily.

Just now they were thinking about teaming up with the strong, but now it seems that this is completely an act of death.

"The last thing to explain is that when you enter the world in the mirror, when you kill or swallow the person in the mirror, you will be automatically sent into a space, where will I wait for you? The secret realm will be opened again, and we can return to the Nether Realm!"

At this time, no one was willing to listen to Chu Jiangnan's words anymore, and most of the students felt that they had been pitted.

"I knew this secret realm was so pitted to death, I wouldn't come in!"

"I want to go home, fuck, I'm still a virgin, I don't want to die!"

"People are dead and birds are in the sky, paralyzed. I remember that you said before that you wanted to join the Li Tian army? Elder Li Tian wouldn't want you just like you're like this!"

"Fuck, don't you want to fight?"

"Hehe, waiting for you to leave the secret realm alive, I will fight you!"

...

The students who figured out the key to the secret realm gradually chose to leave, but most of the students were alone, and a few students with the same level of cultivation chose to travel together.

The old dean, the great elder, and the elders of the Nether Academy also left one after another, flew in different directions, and began their trial journey.

There are fewer and fewer people around Li Tian.

"Huh? Fuck... why are you here?" Li Tian only noticed the clone Li Tian who had entered the secret realm.

After 30 years and nearly 14 years without meeting with the clone, Li Tian felt that there seemed to be some kind of tacit understanding between him and the clone.

Looking at the clone now, Li Tian feels that he is completely looking at a stranger. More importantly, Li Tian's deity now has no such mysterious connection with the clone. This makes Li Tian's heart something indescribable. It feels, of course, that Li Tian, the avatar at this time, looked at Li Tian also with this expression.

"It was Mr. Mu who asked me to take you back to the earth world, Mr. Mu was hospitalized!" said Li Tian, the clone.

Chapter 5094: : Unwilling to be a shadow

Li Tian was a little dazed.

"Fai...what's wrong with Grandpa? Don't you want you to stay in the earth world to take care of Grandpa? And I asked them to bring back the crystals of cultivation through the four elephants old man, didn't you ask my grandpa to practice?" Li Tian suddenly Grabbing the collar of the clone, he lifted it up forcefully, and shouted angrily.

Li Tian's saliva and stars flew randomly and landed on the face of the clone.

The clone was finally angry, and the anger that had suppressed him for decades broke out instantly.

The clone Li Tian broke free, pushed Li Tian away forcefully, and shouted angrily: "Do you think I don't want it? But in the eyes of all of them, I am just your clone, just your shadow. To say something bad , I don't even fart in their hearts, even if they miss you and miss you, I'm just a stand-in! Stand-in, do you understand?"

"This time the old man is seriously ill. I stayed with him all night, but...the old man didn't look at me with his straight eyes when he was sober. He just wanted to see you, even if you have become such a monster now. Only you are Li Tian in my eyes!"

How resentful it is to say this sentence.

The corner of Li Tian's mouth turned slightly, and he forced his anger and asked, "How is Grandpa's condition now? How long can I... last?"

Now Li Tian is in a secret realm, and he doesn't know how long it will take him to get out of this secret realm.

But in any case, he needs to step up his time to practice, leave the secret realm early, and return to the earth world to visit his husband Mu Yunlong.

"Grandpa Mu Yunlong's body is very good, he looks much stronger than ordinary people, but... this may be just the appearance, maybe it can last for a year and a half, maybe it can last longer!" said Li Tian, the clone. When he said this, his gaze glanced slightly to the side. He saw Situ Ningbing, You Yinrou, Ye Jingjing, and Liu Jimeng all surrounded by Li Tian's deity, including Ziyan Thunder Bear and others. He kept a certain distance.

"Li Tian, my mission to enter the Netherworld is to tell you this news. Now my mission has been completed. As for whether you can rush back to the earth world, that is your business. I wasted more than 30 years in the earth world. Time, I am right about you, and worthy of everyone. Since you don't wait to see me, it's just right. I don't want to be your shadow forever, your avatar, and your substitute. From then on, we will walk the same way." The clone Li Tian said.

Li Tian's eyebrows twitched slightly, "Are you going to part ways with me?"

This situation was unexpected by Li Tian, and this feeling was even more difficult for Li Tian to accept than the break between father and son.

"Don't speak so badly, it's just that I will live for myself from now on!" Li Tian said.

Around Li Tian, Tang Xiaolong, Situ Ningbing and others were also a little confused.

What's going on.

The clone is going to break with the deity?

In fact, this situation has not never happened among the strong people who have clones.

It's just that there are not many strong people with clones, and the cultivation level of clones is also difficult to improve, so this matter does not appear to be that prominent.

However, once the clone's cultivation level reaches a certain level, the clone will inevitably have self-awareness, and the clone will naturally become restless. Even when the clone's cultivation stage is close to or reaches the deity's cultivation stage, the clone may still become Replace the deity.

Li Tian was angry.

His eyes were filled with angry flames, and he said coldly every word: "I think you are looking for death!"

Li Tian's right hand became claws, and when he grabbed the clone Li Tian from the air, the clone Li Tian immediately fell into his hands.

puff!

Li Tian's dragon claws were too strong, and his heart was full of anger at this time. The moment Li Tian was caught by him, his fragile body was caught with several blood stains, bloody, and followed Li Tianqing. The dragon claws dripped down.

Immediately afterwards, Li Tian squeezed the avatar Li Tian's neck forcefully again, a trace of murderous intent flashed in his eyes, "You are separated from me, and will always be my avatar of Li Tian, you want to get out of my control, you Go dreaming! Since you don't want to be my clone anymore, that's great, I will kill you now!"

Li Tian was really murderous.

"Not allowed, not allowed!" At this moment, the obscene ***** teleported to Li Tian, preventing Li Tian from attacking the clone.

"Don't stop me today! I'm paralyzed, this clone is just a piece of meat that fell from my body. It even dared to bite my teeth at me, really looking for death!" Li Tian said viciously.

The obscene ***** was very determined and continued to block it.

"Little Li God, I don't know whether to praise you for ignorance or for fearlessness! You also know that the clone is split from your body, if you kill him now, it is equivalent to self-harm. ! When the clone dies, you will inevitably suffer severe damage."

Li Tianyi was startled.

"There is such a thing? Could it be that I still can't kill my clone?"

The obscene ***** controlled the avatar Li Tian with his divine sense, then took Li Tian to a distance, and said to Li Tian in a low voice: "Hey, Xiao Li Tian, he is your avatar, of course he cannot be killed. But... Since it is your clone, the best way is to swallow and refine the clone, so that your body will not suffer any harm, and... hey, his cultivation level can still be used for you. Know the strong person with the clone There are many, but there are not many clones that can completely awaken their self-awareness, especially for clones like you, hehe, that is even more rare in a lifetime. Therefore, my suggestion is that you remove the clone and let him practice on his own. If the realm can reach a demigod, then you can swallow him and refine it at that time, then your cultivation realm can easily break through. At that time, you can reach the quasi-god realm, the god-level realm, or even higher realms. achieve!"

Is this appropriate?

"But if I let him go, how can I find him in the future? After all, Li Tian, the clone, has awakened his self-consciousness..."

"Li Tian, even if the clone has awakened self-consciousness, it will never change the reality that he is your clone. The reason why you have completely lost control of him and completely lost contact with him is because of your cultivation. The level of Wei is still too low. After your cultivation level reaches a demigod, the mysterious connection between you and your clone will appear again. But I have a word to remind you, if the self of the clone If the consciousness is fully awakened, he may also swallow and refine you."

This is a double-edged sword. If the clone is used well, Li Tian will be awesome. If the clone is not used well, Li Tian can only be stupid.

Li Tian's brows frowned slightly, but he relaxed quickly.

The cultivation realm of the clone Li Tian is just the domain master. What is he fighting with his deity now?

"Okay, let him go..." Li Tian said.

Chapter 5095: : Come and do bad things

Li Tian let go of the clone Li Tian.

In order to allow the clone Li Tian's cultivation realm to be quickly improved, Li Tian also presented the clone Li Tianyi with a crystal of the ninth-level peak realm of the superdomain master.

As for the future realm of Li Tian's cultivation level, Li Tian is not yet known, but Li Tian has made up his mind. When the realm of Li Tian's cultivation reaches the semi-god realm, he will immediately take the clone. Li Tian devours cultivation, er, or to be more precise, fits together, and then raises his own cultivation level.

Of course, Li Tian was also worried that he would feed tigers.

"Elder Li Tian? How did you... become like this? If it weren't for the existence of the clone Li Tian, I couldn't believe that the guy in front of me was you! In addition to your appearance, have you changed in other places? ..." After the avatar Li Tian left, Elder Fifth Shuiyue finally got out of the crowd, looked at Li Tian seriously, and said with a disappointed look.

At the time, the old dean hoped that Li Tian could find Chu Jiangnan and Fifth Shuiyue back. To find such two people in the Netherworld was as difficult as finding a needle in a haystack. Li Tian didn't have time to actually find them. Fortunately, Li Tian met Chu Jiangnan when Sanlu was in the super **** family.

Only the fifth water moon Li Tian did not encounter it.

Fifth Shuiyue has been looking for a mysterious race, hoping that the mysterious race can work with Nether Academy to solve the danger of Nether Academy. Unfortunately, Fifth Shuiyue did not succeed. Fortunately, the Fifth Shuiyue rushed back to the Nether Academy before the elders of the Sanlu Super God family besieged the Nether Academy, otherwise this trip to the secret realm might not be the figure of Fifth Shuiyue.

Li Tian looked at the fifth water moon.

Thirty years have passed, and the Fifth Shuiyue is still beautiful, and even Li Tian feels that it is more and more attractive. The fifth Shuiyue's body skin is tender and tender. It seems that water can flow out with a little pinch, plus the fifth water. Yue's clothes have always been bold, especially the pair of murder weapons on her chest, which is tall and tall.

Such a scene has a fatal temptation to Li Tian.

This guy Li Tian has been busy cultivating and desperately in the metal world for so many years, and he didn't enjoy certain sports well. Now that Fifth Shuiyue appeared next to him, Li Tian couldn't help but have some kind of sex.

"Elder Shuiyue, it's been a long time since I saw you, I really miss it, let my brother hug you!"

Regardless of whether Fifth Shuiyue agreed or not, Li Tian teleported to Fifth Shuiyue's body and opened his arms to embrace Fifth Shuiyue.

Then, soon the Fifth Shuiyue felt Li Tian's change.

Not only was there a layer of spiritual film on the outside of his body, but a prominent part of Li Tian's lower body was actually poked into the Fifth Water Moon with his shirt.

Li Tian whispered in the ear of Fifth Shuiyue: "Now you know the changes in other parts of me? We have the opportunity to discuss and compare, and we are sure to satisfy you!"

"Stinking rogue!"

Fifth Shuiyue was flushed with Li Tian's shameless behavior, and her heartbeat was accelerating, and even her breathing became a little quicker. Fifth Shuiyue was bold and bold, but she never thought of Li Tian. He could make such a 'dirty' action in front of so many people.

Li Tian turned it over, and a skin capsule crystal had appeared in his hand.

Li Tian stuffed the skin into the hands of Fifth Shuiyue, and said with a smile: "Look at my brother, what gift did I bring you from the metal world?"

Fifth Shuiyue knew from the old dean and others that Li Tian had obtained the treasure of the great dragon in the metal world, and the elders of the Nether Academy received gifts from Li Tian. Naturally Fifth Shuiyue knew that there must be crystals in the skin.

But when this skin was actually stuffed into the hands of Fifth Shuiyue, Fifth Shuiyue was still a little shocked.

There are dozens of crystals in this skin, which is far more than the number of crystals Li Tian gave to other elders.

Fifth Shuiyue had a little satisfaction in her heart.

"Thank you!"

"You're welcome!" Li Tian smiled.

Then...there is no more.

This made Fifth Shuiyue feel a little disappointed.

...

"Wuwei, Xiaoyu, you two follow me!"

Li Tian wanted to keep Li Wuque and Li Xiaoyu by his side, so that he would also have the opportunity to guide and take care of them both.

"My father's cultivation level is certainly great, but that is the cultivation level of my father. We still need to walk on our own path in the future. The hatred of our Sea-Monster family and the Super God family, I also hope to be able to pass our own hands. Come to take revenge! So, please forgive my father, Xiaoyu and I have decided to embark on a trial journey alone!" Li Wuque said without humility.

The tiger father has no dogs, and Li Tian is very pleased that these two little guys have such thoughts.

"If this is the case, then for your father, you must not stop you, you must pay attention to safety!" Li Tian said.

Li Tian has never been stingy with his children. Li Tian gave the ghost tooth mirror to Li Xiaoyu, and gave the Yuxu sword to Li Wuque, so that they could have artifacts to defend themselves, and gave the two little guys no Each person has a skin crystal to help the two of them quickly improve their strength.

The paralyzed, rich is willful.

Seeing the backs of Li Xiaoyu and Li Wuque flying away, Li Tian asked Xiao Tianyi and Li Mu to follow them separately and protect them accordingly.

At this time Li Tian noticed that there were no figures of Ye Liangchen, Zhao Ritian, and Long Aotian around Liu You, and Li Tian suddenly had a bad feeling.

Soon, Li Tian's hunch became a reality.

Hearing that Ye Liangchen and others were killed by the ancient Bauhinia family and the Red Star ancient family, Ye Meijing wept bitterly.

"Li Tian, I...I don't have any relatives in the Netherworld anymore! They...uuu...They were all killed by the Super God Family!" Ye Meijing cried very sad.

Li Tian put his arm around Ye Meijing, and constantly comforted her.

"Li Tian, I want revenge! At that time, I will completely erase the ancient Bauhinia family and the Scarlet Star ancient family from the Nether Realm! Can you help me?" Ye Meijing Lihua brought rain, looking up at Li Tian, and asked with tears in his eyes. Tao.

Li Tian nodded heavily.

"Ye Liangchen, Long Aotian, and Zhao Ritian are also my Li Tian's worshiping brothers. How can they not report their fallen enemies? Bauhinia and Chixing, let's wait and see, when the four super **** families are destroyed, it will be your end!"

Because of this little episode, the joy of the rest of the crowd disappeared, and Tang Xiaolong, Liu You, Liu Jimeng and others offered their farewells.

They all want to really test their strength in this secret realm.

Li Tian has no objection to this.

Life and death have fate and wealth. Li Tian felt that this secret realm should be one of the safest secret realms. Their ultimate opponent is also themselves, and no one can help them.

Then, Situ Ningbing, Situ Lime, Xiaoqingwa, Xingchen Xiaoyue and others also left one by one.

Soon the black smoke group, the obscene god, and Ye Meijing all left Li Tian and embarked on the road of trial.

In the end, only the fifth Shuiyue remained by Li Tian's side, this plump and enchanting lady.

Could it be...hehe, Fifth Shuiyue has already felt the changes in certain positions of my body, and can't stop it?

Li Tian walked slowly towards the Fifth Shuiyue, and said with a smirk: "It seems that you are ready, then we should not let down this good time again, let us rest assured and boldly do bad things! Brother, I promise to let you...hehe!"

Chapter 5096: : Take another girl

"Since Elder Li Tian likes it, then the little girl has to die with the gentleman..."

Fifth Shuiyue, this lady approached Li Tian, stretched out her fingers and gently stroked Li Tian's cheeks, her face was charming, the little lady's voice smashed into the bones, Li Tian couldn't help feeling the bones all over her body. They were all soft, and the dragon under Li Tianhou was already hungry and thirsty, and immediately stood up bravely.

"However, Elder Li Tian, doing this kind of bad thing also needs to be emotional, and even more important to have a good mood, otherwise it's just venting, what's the difference with animals?"

Li Tian nodded repeatedly.

Fifth Shuiyue, this little Pi Niang is right!

If it is in the earth world, Li Tianbao will take the Fifth Moon to a high-end restaurant for dinner. It is best to have a candlelight dinner with red wine and roses, and some romantic violin performance will be more perfect.

Go to five-star hotels after candlelight dinner. In fact, you can also go to those boutique love hotels. Let's talk about choosing a round bed room or a water bed room!

You can also take a mandarin duck bath together, and then wait until all the moods are up, and then turn off the lights and do shameful things.

Unfortunately, it is not in the earth world now.

Li Tian looked around, looking for a place where birds and flowers are fragrant, and there are mountains and waters.

Field combat is actually pretty emotional, isn't it?

The Fifth Shuiyue continued to tease Li Tian, and soon her charming face turned into aggrieved, and she said tenderly: "Elder Li Tian, now people are on their minds, if you don't believe me, reach out and touch!"

Then the little wave hoof Fifth Shuiyue grabbed Li Tian's dragon claws and touched her chest.

Uh...

so big!

Not only is it big, but it is also very strong.

This is the fifth Shuiyue, a woman with a fairly high level of cultivation, will have such a good figure, otherwise Li Tian will definitely not have any ***** at the age of this girl.

"Have you figured it out? Can you know what's up with me?"

Li Tian showed a slight smile.

With Mao's thoughts, Li Tian had no other feelings other than dark and refreshing.

"Elder Li Tian, I...I am not in a good mood right now. This will definitely affect us to do bad things. You certainly don't want to let such an important moment be carried out in that kind of bad atmosphere. Therefore, can Elder Li Tian help the little girl a little favor, as long as you are willing to help me, I will be yours after the matter is done, all kinds of postures, all kinds of movements, let you pick them!"

Just now Li Tian's heart was still rippling slightly, and Li Tian's face changed slightly when he heard the last words of Fifth Shuiyue.

I fuck!

Fifth Shuiyue, this lady is playing with us again.

Fuck!

There are always people who want to harm me!

More than thirty years ago, when Li Tian was still in charge of managing the library in the Nether Academy, the lady of Fifth Shuiyue played this trick with Li Tian in order to be able to enter the secret realm. Now he has entered the secret realm. Still playing.

Li Tian's hand was on the ground again, and he squeezed twice on Fifth Shuiyue's chest before letting go.

"I didn't expect you to be such a fifth water moon!"

But is Li Tian the master of lack of women?

With Li Tian's current cultivation base and status, he beckoned casually, and he didn't know how many women who were not inferior to the Fifth Water Moon in figure and appearance wanted to play with Li Tian happily. From the emotional point of view, dark and soft. , Xingchen Xiaoyue, these two great beauties are also desperate for Li Tian. The relationship between Li Tian and them is much better than that between Li Tian and Fifth Shuiyue. If Li Tian is willing, whether it is Dim and Soft or Xingchen Aria will be happy to have a super friendship with Li Tian.

In addition, Ye Meijing, Liu Jimeng, including the original female domain master, would not refuse Li Tian's request.

If it was thirty years ago, Li Tian might'talk about it in the future', but now as Li Tian's cultivation level has improved, his abilities for this kind of thing are already much worse than before. This kind of thing can be done. You don't have to do it, so Fifth Shuiyue made a mistake.

"Elder Li Tian, don't get me wrong. I have absolutely no other intentions. I just want you to accompany me to a place. I definitely don't want to use you, let alone frame you. If you don't want to, We can now..."

Fifth Shuiyue's divine consciousness dispersed, and she and Li Tian were the only two within a radius of at least ten kilometers. They became courageous and began to undress and untie, taking off the clothes one by one, standing naked and naked. Before the sky.

Uh...

Li Tian was really dumbfounded this time.

He did not expect that Fifth Shuiyue would pay such a high price.

Regardless of whether the Fifth Water Moon admits it or not, Li Tian can be sure that this is the beauty of the Fifth Water Moon.

Li Tian's eyes were a bit straight.

The ketone body of the Fifth Water Moon is really not covered, it is like a beauty carved from the finest white jade. Judging from the countless eyes of Li Tianyue, the ketone body of the Fifth Water Moon can't see any flaws. The meat is not more than a portion.

Gee!

Li Tian felt that the fire dragon under his crotch had begun to burn.

"Why don't I just follow her? Anyway, I am also curious about where Fifth Shuiyue is taking me!"
Li Tian thought in his heart.

I don't know if it was because of Li Tian's body blood flowing too fast, or for other reasons, at this time the scales on Li Tian's body were gradually receding.

"Elder Li Tian..."

Fifth Shuiyue's two arms blocked the vital parts of the body respectively, and then slightly passed over the body, leaving Li Tian with a perfect back body.

Skin is like fat...

Bee waist and hip...

Long legs...

The fifth water moon at this time looks even more tempting.

For a moment, a lustful word appeared in Li Tian's mind: backwardness.

Whether it is tolerable or unbearable, this temptation, if Li Tian didn't express it, then Fifth Shuiyue would definitely be very sad.

Fuck her!

drink!

Li Tian roared and rushed directly, as if a lion was throwing a rabbit, and instantly threw Fifth Shuiyue to the ground.

"Little Pi Niang, are you already hungry and thirsty? Come, let my brother, I love you well today, I promise to let you indulge in this way!"

Li Tian hugged Fifth Shuiyue's body and began to roll on the grass, pressing Fifth Shuiyue's mouth with his tongue, and then forcefully inserted...

...

The sky is blue and the grass is fragrant.

Li Tian didn't know how long he slept. When Yoyo woke up, the sky was going down, and the sky to the west was a red cloud, very beautiful!

Fifth Shuiyue curled up, leaning on Li Tian's arms, closing his eyes.

But her eyelashes were slightly picked twice. It seemed that Fifth Shuiyue had already woke up before Li Tian woke up.

"Fifth Shuiyue has also become my Li Tian's woman?"

Li Tian still feels that all this is a bit unreal, as if what happened between him and Fifth Shuiyue before was like a dream.

"Go ahead, where do you want me to go with you?" Li Tian said.

Chapter 5097: :The door of desire

"The door of **!"

Fifth Shuiyue curled up in Li Tian's arms, stretched out his fingers and wrote a few words on the skin of Li Tian's chest, and then blurted out.

**The door?

Li Tian can be sure that he has never heard of this place.

Not in the earth world, not in the underworld, and never heard of entering other secret realms.

"where?"

Fifth Shuiyue sat up, exposed the twin peaks on her chest, stretched out her finger to a certain direction in the distance of the mirror world, and said, "It's here, in this secret realm!"

"How did you know?"

In the Mirror Realm, at present, the entire Netherworld Academy should have only been visited by Chu Jiangnan once, and even Chu Jiangnan has never mentioned the gate of **. How did this fifth Shuiyue know?

Seeing Li Tian's vigilance, Fifth Shuiyue laughed out loud, "You are Li Tian, a powerhouse at the ninth-level peak of a superdomain master, and a super powerhouse who can kill the demigod realm. In the secret realm, is there anything you are afraid of? Besides, I am your woman now, the woman who has just had a sexual relationship with you, don't you even have the confidence to conquer your woman?"

"At least you have to tell me, how did you know that there is this place in this secret realm?"

Fifth Shuiyue turned over at will, and a shiny animal skin was taken out of her space ring.

"Look at this animal skin, maybe you will understand everything!" Fifth Shuiyue pushed the animal skin to Li Tian and said.

Li Tian took the animal skin in doubt, and he immediately felt the surging spiritual power fluctuations from the animal skin.

This powerful spiritual power is conservatively estimated to have reached the realm of the super domain master, which means that the original cultivation realm of the owner of this animal skin must be above the super domain master, and it may even reach the realm of a demigod.

The demigod-level ghost beast powerhouse was cut to death by people, and then made into animal skin scrolls. This is what a savage person can do.

At least Li Tian definitely can't do it now, and Chu Jiangnan is probably not enough!

In doubt, Li Tian gently spread the hides.

Hum!

The surging spiritual power gushed out from the animal skin scroll, and instantly exploded under Li Tian's feet, and within a radius of 10,000 square meters, all these surging spiritual powers were flooded.

Then, these spiritual powers began to roll under Li Tian's feet, and various changes gradually occurred.

Some spiritual power changes into mountains, some spiritual power changes into rivers, some spiritual power changes into oceans, and some spiritual power changes into grasslands...deserts...

Li Tian and Fifth Shuiyue were standing on the mountains and rivers condensed by these spiritual powers. At this moment, Li Tian even felt a sense of Pangu pioneering the world.

However, this did not stop.

When the spiritual power within the area of 10,000 square meters was gradually condensed, spiritual power continued to gush out, and then soared upward in a curled manner. It stopped at 700 or 800 meters above the heads of Li Tian and the fifth water moon, and continued. Start to change.

Unlike the changes in Pangu's creation of heaven and earth, the rising spiritual power did not change into the sun, moon and stars, but into a piece of land.

"This... this is... the mirror world?" Li Tian's pupils involuntarily enlarged, asking in surprise.

That's right, right above the animal skin is now a three-dimensional map of the entire mirror world.

Through this map, Li Tian can see the whole picture of the mirror world.

It was really shocking. Even if Li Tian had seen a lot of magical things, seeing that a small animal skin could transform such a map scene, Li Tian still felt shocked deep in his heart.

Is this a map?

No, Li Tian felt that this has gone beyond the concept of a map.

This should have created a world with spiritual power!

But who in the entire Netherworld possesses such strength?

"How did you get your secondary animal skin? Why have I never heard the old dean and elder mention this map?"

Li Tian's question seemed to be an idiot. Li Tian saw deep contempt in the eyes of the fifth Shuiyue in the bushes.

"Everyone has their own secrets. Even the closest people may not be able to share these secrets. Therefore, the old dean and the elder do not know that this map is normal, but...the old dean does not know this secret realm. What is it like in the middle, do you think others will believe it when you say this?" Fifth Shuiyue said with a smile.

Li Tian nodded involuntarily.

It seems that it is entirely possible.

After all, the old dean is the boss of Nether Academy. If he didn't know this situation, it would be a bit unreasonable.

Li Tian now feels so pure and cute, otherwise, how could he easily believe the words of the old dean and the elder?

"I'm paralyzed. I didn't expect that the old dean and the elder were also acting. When they first entered this state, the surprised expressions on their faces even deceived me!" Li Tian said to himself uncomfortably.

"This may not necessarily be acting. Although I know some of the realm, I was surprised when I entered this secret realm! And whether it is the old dean or Chu Jiangnan, because they did not get this map, they I definitely don't know the existence of the ** gate. So, now is our best opportunity!"

Li Tian didn't find any useful information he wanted to know from the lady of Fifth Shuiyue.

At this moment, the spiritual power released by this animal skin map changed slightly again.

Li Tian saw that a large area in the disappointing mountain range in the center of the map gradually turned pale yellow, and in this pale yellow, there was a red dot.

"Look, the place where the red dot is is the gate of **!" Fifth Shuiyue said.

"what can I do?"

"Come into the door of **** with me!"

Ok!

If it weren't for the face of Fifth Shuiyue who had just slept with Li Tian, Li Tian would definitely turn her face with her now.

Paralyzed, he still hides the dry wool even now!

Fuck!

...

After collecting the animal skins, the map of the mirror world condensed by spiritual power fell apart in an instant.

Li Tian followed the Fifth Shuiyue teleported into the mountains, and then flew in the direction of ** Gate.

At the foot is the primeval forest.

Giant trees with a diameter of more than seven or eight meters can be seen everywhere, and the calls of various birds and roars of beasts will come from this virgin forest from time to time.

"Ok?"

While flying, Li Tian suddenly felt a huge pressure falling from the sky, and his body sank suddenly. If his reaction speed were not fast enough, he might suddenly fall.

The Fifth Water Moon seemed to be prepared long ago, but it was not so obvious.

"We have entered the yellow area shown on the animal skin. There is a certain danger in this area! But I believe you will definitely protect my safety." Fifth Shuiyue said.

Before the words of Fifth Shuiyue, a powerful divine power instantly locked Li Tian and Fifth Shuiyue, Li Tian couldn't help showing a trace of horror, "Fuck, is it a demigod?"

Chapter 5098: : Go against each other

A giant beast with three sharp horns and a **** leopard-print costume all over, seven or eight calf-sized beasts instantly appeared in front of Li Tian and Fifth Shuiyue. The triangular beast stared at him with crimson eyes. Li Tian and the fifth water moon.

call!

Seeing this giant beast, Li Tian let out a sigh of relief.

The cultivation level of this behemoth is only the peak of the ninth level of the super domain master, and it has not reached the semi-god state. If it is a semi-god powerhouse, Li Tian will definitely turn around and flee without hesitation, but... this one The giant beast has actually been able to cultivate divine power, which is enough to get enough attention from Li Tian!

Until now, Li Tian knew why Fifth Shuiyue did not hesitate to ask Li Tian to follow her here through the betrayal.

The paralyzed person just wanted to invite Lao Tzu to be a bodyguard?

Li Tian gave Fifth Shuiyue a vicious look, then stretched out his hand and patted Fifth Shuiyue's buttocks heavily, which was a punishment for this little Pi Niang!

This action of Li Tian turned into a naked provocation in the eyes of the triangle monster.

The fluff on this triangular **** monster's furry body stood up, glaring at Li Tian, and roared like thunder: "Who are you? Why are you here? Please leave quickly, otherwise I won't You're welcome."

As the triangle monster's anger continued to rise, Li Tian saw that the three sharp horns above the triangle monster's head showed surging spiritual power. It seemed that as long as Li Tian said half a word, there would be a powerful spiritual light wave from These three sharp horns were launched, killing Li Tian and Fifth Shuiyue.

"Okay, let's go now!" Li Tian said with a smile on his face.

It depends on the situation.

Now Li Tian was obviously used by Fifth Shuiyue, so he wanted to get more information in this way, otherwise he would turn around and leave.

"You...are you really going?" Fifth Shuiyue was a little stupid.

At this time, Fifth Shuiyue's psychology is angry.

Paralyzed, when you were crawling on the old lady just now, what you said was a nice thing, and you promised your old lady to go to the gate of **, but now I'm going to regret it, and start before I see the shadow of the gate of ** Retreating?

If Fifth Shuiyue's eyes were knives, Li Tian had already been stripped away by Fifth Shuiyue.

"Don't look at me like that, although I am also curious about what is inside the gate of **, but you have also seen it, what we are encountering now is the powerhouse at the ninth level of the super domain master, who knows the gate of ** There will be something in the future. For our safety, it is better not to take risks! We reserve energy to enter the mirror world, wouldn't it be better to deal with us in the mirror world?"

Li Tian's expression was thinking about Fifth Shuiyue, and in the eyes of Fifth Shuiyue, it was a beating.

"Li Tian, what do you want? How can the dignified elder Li Tian turn back!"

The corner of Li Tian's mouth turned upwards slightly, and said with a sneer: "Fifth Shuiyue, you touched your ***** and asked yourself, do you consider me your man? Since you want me to accompany you to death, then You should be frank and tell me everything you know. Otherwise, I won't serve you!"

When the triangle monster heard the conversation between Li Tian and Fifth Shuiyue, the expression on his face became more and more fierce, "It turns out that you are here for the ** gate, hehe, in that case, I have no reason to let you leave here alive. !"

This is too ***** arrogant, arrogant even Li Tian can't see it.

Li Tian's aura rose sharply, and his murderous aura of mighty power was continuously released from Li Tian. The surging spiritual power surprised Fifth Shuiyue. Although Li Tian was still flying in the air, the sky was for Li Tian. It is also flat.

Li Tian walked towards the triangle monster step by step, and said coldly: "Why is it your turn to interrupt me when talking to my woman? If you don't want to die, just get out of here! The farther you go, the better! Otherwise I don't mind teaching. My woman teaches you first!"

The face of the triangle monster was full of unbelievable expressions.

Although it may not be considered the strongest in this vast mountain range, its cultivation level is no worse than Li Tian, and it has also reached the ninth-level peak of Transcendent Master.

Moreover, this vast mountain range is a triangle monster. Territory, on his own territory, he was nakedly despised and molested by such a guy, which caused the triangle monster to become angry.

"Hehe, I'm relieved to see you being so arrogant!" When the triangle monster said this, it suddenly roared.

The roar like thunder continued to spread in the open mountains. In the dense forest, thousands of birds were suddenly startled. These birds flew out of the woods and fled towards the distant mountains. Li Tian saw that the beasts in the forest also began to run away continuously.

"What do you mean?" Li Tian was puzzled.

At this moment, Li Tian felt the spiritual power on the triangle monster's head violently fluctuate, and then a powerful spiritual light wave shot out from the three sharp horns.

The mighty divine power, surging spiritual power, and thunderous speed all fully demonstrate the power of this triangular monster.

The corner of Li Tian's mouth curled slightly, and with a swish, he easily avoided the light wave.
boom!

The light wave fell on a mountain peak hundreds of meters away, and at least a few hundred giant trees on that mountain **** were instantly blown into pieces of wood!

"court death!"

Li Tian appeared in front of the triangle monster in a flash, raised his iron fist and threw a heavy punch at the triangle monster.

With this punch, a purple flood dragon instantly gushed out of Li Tian's arm and hit the triangle monster.

"Hey, if you want to pay me back, you are still tender!"

The triangle monster did not retreat but moved forward, its huge front hoof was pressed against Li Tian's iron fist, and the iron hoof was already surrounded by egg-yellow spiritual power. It seemed that the purple water dragon could be released by Li Tian with one iron hoof. To be crushed.

boom!

Li Tian's iron fist collided with the hooves of the triangular monster. The purple dragon and the spiritual light wave on the iron hoof released by Li Tian disappeared at the same time, but the shock wave generated by this violent impact spread to the surroundings.

boom!

boom!

Boom!

In the rough rock forest below, the towering trees were instantly weathered by this violent shock wave. Within a few seconds, a clearing appeared under Li Tian's feet, and the trees that originally grew here were all blown up without exception. Debris, scattered in the air with the wind.

However, Li Tian and the triangular monster were still standing in mid-air, unaffected by them.

Go against each other!

"Hey, isn't it? I didn't expect that before I entered the world in the mirror, there would still be such a battle. You are worthy of my magic weapon!" Li Tian said with a sneer.

Chapter 5099: : One Horned King

Li Tian had to use the artifact!

Paralyzed, who would have thought that this **** triangle monster was so powerful that Li Tian could only tie this guy with "Dragon and Eighteen Claws" alone.

This is the place of this guy, in case something happens again, it's not a joke!

Hearing Li Tian said that he would use the artifact, the triangle monster's face showed a trace of excitement!

"Use a magical tool? Very good, let me see your magical tool! However, you are not rude, since you use a magical tool, then I can't greet you badly, not afraid to tell you, like I can There are three more..."

As soon as the voice fell, Li Tian felt the faint spiritual fluctuations in the air again.

These spiritual power fluctuations, from far to near, soon appeared around Li Tian's body.

Li Tian couldn't be more familiar with this kind of spiritual power fluctuation!

"Could it be..."

Huh!

Huh!

Huh!

Three consecutive figures appeared around and behind Li Tian respectively.

"I'm going, I'm looking for a helper?"

Li Tian's eyes were a little straighter. Around his body, there were three more leopard-print monsters that were almost the same as the triangle monster. The difference from the triangle monster was the horns on the top of other monsters. They are: one, two, and four.

Sure enough, as the triangle monster said, there are three others who can fight like him.

No, this guy actually got his three brothers to deal with Li Tian.

Li Tian was a little worried about the safety of Fifth Shuiyue, but Li Tianyi turned his head, there is still Fifth Shuiyue here and there.

"I'm going! This little Pi Niang has already escaped, right?"

I'll go big

Li Tian's heart suddenly felt a little unhappy.

Paralyzed, I am here desperately, you little Pi Niang can escape fast enough!

Fuck!

Fuck!

Fuck!

At this time, Li Tian also wanted to escape, but it was obviously not realistic anymore.

The four powerhouses at the ninth level of the super domain master's cultivation level have surrounded him round and round.

"Big brother, second brother, this guy has a very strong cultivation base, and he can barely make a tie with me. You must pay attention!" The triangle monster said to the other three monsters.

"Hahaha!" The unicorn sneered a few times, and continued: "Everyone has the same cultivation level, how strong can he be? Our four brothers work together, how many can hurt us? ?"

"Big brother is right! Such a small role, as long as I and third brother can deal with it! Big brother and second brother take a short break, let me and third brother come and clean him first!" The four-

cornered monster looked disdainful, and his words were just as good. After falling, the powerful light waves of spiritual power condensed from the four sharp horns on this guy's forehead instantly blasted towards Li Tian.

Sneak attack, the paralyzed guy dared to attack!

I fuck!

Li Tian's figure dodged, avoiding the attack of a bucket of spiritual light.

boom!

This light wave directly blasted on the top of a mountain peak, and that mountain was directly destroyed by the light wave and disappeared.

"Let me go, this four-cornered monster seems to be stronger than the triangle monster!"

Li Tian didn't dare to neglect, his mind moved, and the red wing **** outfit behind him appeared.

"Hey, this guy can be deformed, it's really fun! I want to fight too!"

The head of the two-horned monster didn't seem to be very bright. Seeing the red wings appearing behind Li Tian, he was immediately excited.

The four hooves released powerful light waves of spiritual power backwards at the same time, and then this guy went straight to Li Tian like a rocket!

"So strong!"

Li Tian saw that the two sharp horns on the top of the double-horned monster instantly changed color, and a powerful and breathtaking power was released from this guy. Li Tian believed that if he rashly resisted with the red wing divine outfit, he might He was hit by this guy and flew out instantly.

On the contrary, Li Tian feels much easier to deal with such a guy.

Li Tian didn't change his expression, pretending that he hadn't seen him at all, and continued to fight the triangle monster.

Seeing that the two-footed monster was about to hit Li Tian, he stepped on his feet in mid-air, and his body was pulled up instantly, and his feet were stepped on the two sharp horns of the two-horned monster, and his arms were like heavy guns. Blasted on this guy's back.

At the same time as the arms blasted out, it was when forty or fifty purple dragons burst out.

The head of the two-legged monster sank down and slammed it down on the ground!

If this guy is smart enough, he can completely cast teleport continuously, which can effectively resolve Li Tian's trick is a double-stroke.

unfortunately.....

This guy's head won't turn!

boom!

This guy bumped his head on a mountain peak, and his body went straight through the rocky mountain peak, and then hit the second mountain peak.

What the result was, Li Tian didn't know.

But Li Tian's actions completely angered the remaining three brothers.

"You dare to treat my second brother (brother) like this, you guys are not sorry!" Three little leopard-print **** monsters shouted at Li Tian angrily.

cut!

Paralyzed, his own head can't turn, so he should blame Lao Tzu for failing?

Huh!

Huh!

Huh!

Li Tian's figure flickered continuously, and the Red Feather Blade of the Red Wing Divine Costume continuously slashed towards the four-cornered monster rushing towards him.

The size of this four-horned monster is a bit bigger than the triangle monster, but his dodge speed is extremely fast.

Li Tian's Red Wing God outfit failed several times in a row!

The surging spiritual power and the mighty divine might, with a single cut, can instantly split the clouds in mid-air.

"The old fourth step back, let me come!"

The sharp horns on the unicorn's head didn't know what had changed, and instantly changed to black, as black as ink, and the unicorn was constantly getting longer, just like a spear.

Facing the slash of Li Tian's red wing **** outfit, this unicorn monster did not give in at all.

"Silly Que, this blade is a red cut, not to mention the horns on your head, even steel and diamonds will be cut off instantly!" Li Tian sneered in his heart.

Hong Zhan's feather blade has been slashed out, and Li Tian seems to have seen the picture of the unicorn beast's horn being flew by Hong Zhan...

There was a metallic impact, and the red feather blade released by Li Tian was hit and flew out, and the sharp horns on the top of the unicorn's head were unharmed!

"I....."

Li Tian was already dumb, he didn't know how to describe the sharp corners of this guy's head.

Hong Zhan is an artifact!

Paralyzed, even if the feather blade does not have the power of Red Slash, this guy's root is too awesome!

"Hey, boy, now you can see the strength of grandpa! Grandpa, the one-horned king, is not a mere name! Now if you can obediently tie your hands, grandpa may consider keeping your whole body, otherwise he will definitely use this giant The horns explode your chrysanthemum, and then pierce it out of your mouth!" The one-horned king said coaxingly.

Chapter 5100: : Not satisfied with the dictatorship

Li Tian laughed!

Very happy smiling!

It has been a long time since he smiled so happily.

Who is Li Tian?

He is the strongest under the demigod!

In the metal world, I don't know how many super domain masters of the ninth-level peak died in the hands of Li Tian.

Even the powerhouse with artifacts, the one who died in Li Tian's hands was not alone.

As for returning to the Netherworld, Li Tian has not yet encountered a decent opponent at the level of the superdomain master realm.

In the Sanlu Super God family, Li Tian, this guy fought desperately, even the demigod early powerhouses could not miss it.

Now, this unicorn is coaxing in front of Li Tian, claiming to use his huge horns to give Li Tian a cool heart, and his heart is flying!

Fuck your sister!

If the tiger doesn't show off his power, you are a sick cat when I am a man?

The smile on Li Tian's face gradually disappeared, and his aura rose again.

"Come on, come here, I promise not to kill you!" Li Tian stretched out his hand and waved to the one-horned king.

The one-horned king was taken aback for a moment, and then he also laughed.

When this guy laughed, he was even more exaggerated than Li Tian, and his voice was thunderous. When he laughed, this guy's body was shaking constantly, as if it was convulsing, "You know, if you leave it before, just I can make you die three times with the brainless words you just said!"

"You dare to look down upon our brother, you really don't know how the dead word is written!" said the four-cornered monster.

"Poor boy, you shouldn't provoke my elder brother. Now you have successfully angered my elder brother. Now you will die and it will be ugly! It's really ugly. Don't ask me how to know!" The triangle monster shook his head. Look at Li Tian with a deadly expression.

Li Tian's mouth turned up slightly, and he said with a sneer: "I really don't know where you came from? Is it because this guy's ***** grows on top of his head, so you think he is more powerful? Don't waste it. My time is up, you three, no, and that two-footed monster? Let's go on with the four of you brothers! I let you know what is the strongest under the demigod!"

The expressions on the faces of unicorn kings, triangle monsters, and four-cornered monsters are very complicated.

In their eyes, how many of their brothers could fight Li Tianyou.

Therefore, when Li Tian's words were heard in their ears, they were nothing more than arrogant utterances.

Whoosh!

The two-horned monster that was hit by Li Tian and fell to the ground after crawling for a long time before standing up finally flew up. Poor guy, his body, face, and head were all covered with dirt, and there were two pieces of broken stones hanging on it. Leaves, and the roots of his double horns leaked a little blood.

Seeing Li Tian, the double-horned monster stomped angrily.

"You... you **** did not follow the rules. When I used my double horns against you, how could you hide and attack me behind me? How can you be considered a good man like this? Shameful! Now I will give you another chance to compete with me face to face!"

"This time, you are not allowed to escape!"

As expected, as Li Tian had guessed, this guy couldn't turn his head.

In an instant, Li Tian had a bad idea.

"It's not impossible to compete with me head-on, but among all the people present, my cultivation base is the strongest, the unicorn king is second, the triangle monster is third, and the four-corner monster is fourth. As for you, you can only rank bottom. So, if you want to fight with me, you have to defeat a few other guys, otherwise you are not qualified to compete with me head-on!" Li Tian said with a smirk.

"You...you are shameless..."

The one-horned king was furious. He did not expect that Li Tian would use the weakness of the two-legged monster to provoke the relationship between their brothers.

It is a pity that Li Tian's provocation still worked.

The two-horned monster rushed to the four-horned monster with a roar.

The four-horned monster is stronger, but how can he kill the two-legged monster?

The poor four-horned monster was chased by the two-horned monster, teleporting and avoiding in the air, in a panic.

The unicorn king and the triangle monster rushed towards Li Tian angrily at the same time.

It can be felt that these two guys have completely fallen into a violent state at this time, their spiritual power has skyrocketed, and their bodies seem to have grown a bit bigger. The lines on the leopard-print fur on these two guys have turned red. , Li Tian could tell with naked eyes that the spiritual power in the body and veins of these two guys was running fast.

powerful!

Very powerful!

If you use a number to describe it, the triangle monster used to be 1, but now this guy has reached at least 1.4 or 1.5. The power of unicorns is also increasing. More importantly, this time even the three sharp horns on the top of the triangle monster's head also changed to that dark black.

boom!

boom!

boom!

Powerful light waves of spiritual power were continuously released from the tops of these two monsters, like laser cannons. The powerful firepower nets were joined together and shot at Li Tian from different angles.

Huh!

Huh!

Huh!

Li Tian is constantly teleporting and avoiding. If his reaction is a little slower, he can immediately feel the pressure and damage caused by the spiritual light wave to his body. If it is not for Li Tian's red wing **** outfit, Perhaps Li Tian was already injured at this time.

However, this is only possible!

Owning the Red Wing Divine Costume is a weapon. Whether it is flying, moving, or teleporting, Li Tian avoids the past without danger.

In the distance, the four-horned monster did not know how to conquer the two-legged monster. At this time, the two guys also changed into unicorn and triangle appearances, and began to continuously attack Li Tian.

powerful!

It's really powerful!

The four brothers joined forces, and the strength seemed to be close, even reaching the power of a demigod-level powerhouse.

but.....

Li Tian is an old Chinese doctor, full-time all kinds of unconvinced!

boom!

With a wave of mountain whistling and tsunami-like spiritual power gushing out of Li Tian, an invincible blue dragon appeared on Li Tian's head instantly!

"This...this is..."

"The Great Dragon? How could there be such an ancient wild beast here?"

"It's not the great dragon. Look carefully. This guy is much smaller. The four of our brothers united and attacked the great dragon..."

boom!

boom!

Then, the power of the prehistoric blue dragon is absolutely beyond the imagination of these four **** little leopard prints. Such a powerful light wave attack of spiritual power falls on the predominant green dragon, and it can't hurt the prehistoric blue dragon at all.

The main reason for this is that when Li Tian was fighting against the Sanlu Super God family, he swallowed two quasi-god-level crystals in a row. Although Li Tian's body suffered strong side effects, the power of the ancient dragon was gained. Greatly improved, and now the Great Blue Dragon has clearly possessed the realm and strength of the Demigod.

"Four little reptiles, they dare to be arrogant!"

I saw the four dragon claws of the great blue dragon were caught in the void. The dragon claws passed through the sky in an instant, and appeared in front of the four monsters in the next second. The four monsters had no chance to escape and were instantly caught. Catch the Dragon!

The dragon's claws pinched the bodies of these monsters, and the bones kept cracking.
