

A Killer 5121

Chapter 5121: Li Tian on the mirror

Happiness!

Mirror Li Tian also applauded.

"Hahaha, I was almost moved by you! To be honest, I heard a lot of hypocrisy in your words! There is no more hypocritical man in this world. As a man, as a strong man, What is the most important thing? Of course it is gratitude and enmity, of course it is arbitrary! I am such a person, and so are you. You like women, and you can completely disregard other women's ideas and possess them!"

"Hey, how should I describe you in the words of the earth world? Yes, you are a stallion. Let me count how many women you have possessed? You see, my two slaps can't be counted."

"Also, your so-called guardianship is even more a joke. Fifth Shuiyue, the woman you just slept with, do you want to guard her? It's a pity that she betrayed you, merged with the Peacock Pluto, and went to a ghost! "

"Long Yin, he is your brother. You can make compromises and beg to compromise, but Long Yin also betrayed you. He even wanted to sleep with your woman, sleep with your brother's woman, and he went to the God Realm! Ye Liangchen, Zhao Ritian and Long Aotian are your brothers, but what is the result? You killed all the people you wanted to protect."

"Including the idiot brother in front of you, hasn't he also walked through the gate of the ghost? Who can you protect? You can't even protect yourself. The whole Li Tian army, the most cool is you, your cultivation base The realm is the strongest, you have the most women, you have the most crystals, and everything else you can sacrifice, everything you do is for yourself and to satisfy your selfish desires!"

Mirror Li Tian is analyzing Li Tian.

Li Tian began to be a little silent.

He felt that what the mirror image said was wrong, but he was unable to refute it now.

In the distance, Tang Xiaolong forgot to adjust, and sat on the spot and began to be silent.

Deep down in Tang Xiaolong's heart, he believed in Li Tian, but now he felt that what the mirror image said was reasonable.

"What's the matter? Did I expose your hypocrisy, and you have nothing to say? Are you now so embarrassed that you want to kill me?" Mirror Li Tian looked cold and continued to provoke Li Tian.

A few minutes later, a smile gradually appeared on Li Tian's face.

"These words of yours seem to make sense, but they were false propositions from the beginning!" Li Tian continued with a smile: "When I was young and frivolous, I didn't understand the true meaning of power. I made many mistakes at that time, but This is just a stage that people must go through when they mature. It is precisely because of the continuous improvement of my power that I know how to use power, and what I gain power for!"

"It is true that I have suffered misfortune to worship my brother Ye Liangchen and others, but you will put the cart before the horse. While I am guarding them, aren't my brothers guarding me? In the process of guarding, there will inevitably be casualties. This is the case in the world, and the same is true in the Netherworld. In order to protect each other, we are willing to give everything, even our lives!"

"As for the Fifth Shuiyue and Long Yin, they have betrayed me, but we cannot deny the existence of the guardian just because of the betrayal. People are complex animals. Everyone may have **** and ambition. Not surprising, I can understand this, I will choose tolerance or hatred, these are also the real me!"

"And you? You are just a mirror image, something that doesn't exist in the first place. How can you know what guardianship is? How can you understand our human complex feelings?"

In the distance, after listening to Li Tian's words, Tang Xiaolong applauded again.

"Yes, the little boss is guarding us, as if we are also guarding the little boss. For the little boss, I can make any sacrifices, and the little boss is also taking risks for me!"

At this moment, Tang Xiaolong's heart was full of energy.

He felt that the bottleneck that was bothering his cultivation had finally loosened at this moment.

"I want to practice, and I want to become a demigod-level powerhouse. I want to get stronger power and protect the people I think are the most important!"

...

When Li Tian finished saying this sentence, he did not continue to talk nonsense.

A giant prehistoric blue dragon had appeared behind Li Tian, and Hong Zhan also flew out of Li Tian's body instantly.

Let's fight!

There are only several results in the battle of the mirror world. At this time, Li Tian has decided to kill the mirror, and only in this way will he not be affected by the guy who is full of negative emotions.

The battle has begun!

Behind the mirror image, the red-eyed prehistoric blue dragon charged towards the prehistoric blue dragon released by Li Tian.

Dragon vs. Dragon!

Two demi-god-level primordial blue dragons began to fight over the mirror world.

The spiritual power in the air fluctuates abnormally, and the depression makes people feel fear and despair.

boom!

boom!

boom!

The battle of the Great Blue Dragon has just begun, and it has already entered a fever.

The two giant dragons constantly shuttled through the clouds, and the heavy clouds were instantly torn apart by the dragon's claws.

The powerful spiritual power is constantly flying between the two giant dragons.

Once these spiritual powers fall on the ground, it will be a disaster on the ground.

Countless superdomain master-level raptors fled toward the mountains, and those predators below the superdomain master's realm were already frightened and unable to move.

Fortunately, the beasts in this mountain range are mirror images, even if they are bombarded and killed, they will recover again in a few minutes.

The battle of the great dragon did not affect the mirror image and Li Tian at all. At this time, the mirror image and Li Tian stood opposite each other.

At this moment, the mirror image moved!

The spiritual power on his body suddenly climbed a step. With a wave of the red cut in his hand, a red light tens of meters high was cut out of the red cut and flew towards Li Tian.

Li Tian fought back in the same way.

Huh!

Before Hong Zhan's red lights collided, the mirror image had teleported to Li Tian's side. The mirror image in his hand, Hong Zhan, was like the fangs in a poisonous snake's mouth, continuously piercing Li Tian.

The corner of Li Tian's mouth slightly tilted upwards, and the red chop in his hand was like a butterfly, flying continuously, dissolving the continuous attacks of the mirror image.

Fight back!

Li Tian's attack is equally sharp!

It's just that the mirrored defense is also dripping.

boom!

boom!

The red light kept flying and falling on the ground.

The dense virgin forest was ruined, the towering mountain collapsed instantly, and the domain master-level mirror image beasts were instantly strangled by red light.

This battle is not just a contest between two demigods.

Demigod vs. Demigod!

Artifact vs. Artifact!

The Great Blue Dragon vs. the Great Blue Dragon!

Tang Xiaolong was able to move a little bit, he had already fled hundreds of kilometers away, and then he continued to adjust his spiritual power while watching the battle between Li Tian and the mirror image.

Chapter 5122: Threshold of quasi god

The ground was shaken by this battle.

The surrounding mountains were destroyed hundreds of times by Li Tian and the mirror image, and recondensed hundreds of times.

This extraordinary battle has successfully attracted the attention of other demigods.

Whoosh!

Whoosh!

Whoosh!

The silhouettes of demigod-level powerhouses continued to fly over.

Chu Jiangnan arrived.

Situ Ningbing came.

Situ Lime is here!

Many demi-god-level powerhouses, such as Obscene God, Li Mu, Shuangjiao, Little Blue Tile, and Great Elder, all rushed to the mountains.

"Li Tian, this little guy is different from ordinary people. He also fights with the mirror image. This guy's battle is much more spectacular than ours!" The elder smiled.

Chu Jiangnan also smiled, "Li Tian, this guy is already a demigod now, but he has entered the Mirror Realm at the demigod state, so it is understandable that the movement of this battle is larger!"

"That's right! Li Tian seems to never take an unusual path! That is to say, after Li Tian entered the Nether Realm, the Nether Realm gradually became lively!" Da Lao Zhang said.

Chu Jiangnan nodded, "As long as Li Tian can succeed, the Super God Family will be uncomfortable now! They really provoke an amazing guy!"

Situ Qingning also agreed and said: "Yes, Li Tian can kill a demigod powerhouse when he is at the ninth level of the super domain master. Now his cultivation level has reached a demigod, even his cultivation level. It is also possible to improve, such an opponent will be anyone's nightmare! Because Li Tian can no longer be treated as an ordinary demigod, he is a combination of three demigods!"

"Three demigods? Cut, they are all boundless!" said the obscene **** with disdain.

Situ Qingning's face was cold, and she said coldly, "Don't you deny that the great blue dragon has the power of a demigod-level powerhouse? Li Tian's own cultivation level has reached a demigod, you can't deny it? Li Tian's red Slash is a divine tool. When Li Tian reached the realm of a demigod, the red cut divine tool was activated. It can also be worthy of a demigod. You can't refute it!"

After Situ Qingning's cultivation level reached a demigod, she once again returned to her former cold appearance.

"If you explain this way, I have nothing to say, but this kid is too uncomfortable. It is so hard to deal with the mirror image. When getting along with me..."

Situ Lime interrupted him coldly before he finished speaking the obscene words.

"Hehe, it seems that no one else knows that it took half a year to devour your mirror image!"

The obscene **** was suddenly embarrassed. "Is it Chu Jiangnan? This guy is getting more and more arrogant. He said he hadn't said it!"

Situ Ningbing watched Li Tian's figure constantly flying through the sky, his face full of worry.

She believed in Li Tian, but she couldn't stop her from worrying about Li Tian.

Although the old dean of the Nether Academy did not succeed in breaking through to the half-god realm, the old dean still saved at least one life. When dealing with the mirror image, several elder-level powerhouses at the Nether Academy did not swallow or kill the mirror image. Instead, it became a mirror image of the fallen souls.

So you can see how dangerous the battle with the mirror image is.

"Father, come on!"

Li Mu hovered in the air, clenching his fists and cheering.

At this time, Li Mu saw his blood boil. If he could, Li Mu would definitely participate in the battle without hesitation.

Li Mu saw Tang Xiaolong and immediately teleported to Tang Xiaolong's side, but at this time Tang Xiaolong was practicing, so Li Mu did not disturb Tang Xiaolong, but guarded Tang Xiaolong very seriously.

The mirror image Tang Xiaolong who had just arrived here was about to attack Tang Xiaolong, but he accidentally discovered that there were so many demigod-level powerhouses around him. The mirror image Tang Xiaolong hesitated for a moment, and decided to take a look first.

In the distance, the feet of the demigod whose cultivation level had reached the realm were extremely excited, and kept hissing.

"Hey, Master Li Tian will surely turn a good fortune in the face of evil... No, to be precise, Master Li Tian will definitely be able to kill the mirror image. At that time, Master Li Tian's cultivation will be improved again, and he will definitely reach the peak of a demigod. , It is even possible to touch the threshold of Quasi-God!" Shuangjiao said.

Xiao Qingwa was a little willing to listen.

"Shut up, you counterfeit, how could Master Li Tian accept you as an idiot! Only I am Master Li Tian's mount, and if you dare to talk nonsense, be careful that I'm not polite to you! But a little bit of you That's right, Master Li Tian will definitely kill the mirror image!"

"Hey, after Master Li Tian kills the mirror image, you will know if what I said is true or false!"

...

The battle lasted for three days and three nights, but there was still no winner.

However, unconsciously, the victorious scales began to tilt toward the mirror image.

At this time, Li Tian's body was shattered by a dozen dragon scales. The dragon scale fragments pierced into Li Tian's body, and the blood stained Li Tian's body red.

The mirror image has suffered more damage, but...even if the mirror image suffers more damage, it will gradually recover after a few minutes.

"Hey, my dear master, do you now know the difference between us? Your ambition is really too big. You had a chance to swallow me several times, but you wanted to kill me and gave up this opportunity. So Do you feel a little regret now?" Mirror sneered.

Li Tian's face was as usual, and he didn't get angry because of the two sentences of the mirror. He was still looking for the weakness of the mirror.

"Mirroring must have weaknesses. Since there is a strong person who can kill mirroring, then I can also Li Tian!" Li Tian thought in his heart.

Huh!

Huh!

Huh!

The continuous red light cut out and exploded continuously around Li Tian.

The wound that had just formed a **** scab opened again, and blood began to flow down again.

Li Tian's continuous counterattack also hurt the mirror image.

Every time the mirror is damaged, the shadow seems to be faint, and then it will continuously retreat to avoid it.

"Weakness, weakness, weakness! Where is this guy's weakness? Wait, is it time?"

It's time!

Just like those shattered mirror beasts, they need a few minutes to regroup. After this mirror image Li Tian is injured, it also takes a few minutes to recover. Otherwise, his strength will be greatly affected.

"No wonder, no wonder this guy always avoids me after being seriously injured!"

Li Tian has already figured out the key point.

"The mirror image must be beheaded instantly, only after beheaded for an instant, he will not recover again!"

But this is also an almost impossible thing to accomplish.

The two had been fighting for three days and three nights. If there was such a chance, Li Tian would have done it!

"It seems that I can only take risks again!"

Li Tian was constantly approaching the mirror image with the red sword in his hand, and while riding on the mirror image, Li Tian didn't pay attention and had secretly pinched a Quasi-God Crystal in his hand.

"Come on, let's end this ***** battle quickly!"

Chapter 5123: Kill the mirror

"court death!"

Mirror Li Tian sneered, not retreating but advancing.

The mirror image red cut in his hand became more and more sharp, and the red light from each cut was enough to cut Li Tian into two with a single knife.

The red aura flew randomly, and the surging spiritual power splashed everywhere.

The sky is dim, the sky is no longer the sky, and the earth is no longer the earth.

The strong spiritual power continued to collapse on Li Tian, even though Li Tian had dragon scale protection comparable to the gods, but Li Tian still felt a faint pain in his body.

But Li Tian did not leave the night either.

war!

This is what Li Tian wants!

The dragon scales shattered and the blood flowed, Li Tianquan did not see it, and Quandang never happened.

At this time, Li Tian had only one heart and moved forward bravely.

"Hey, want to die with me? I can fully meet your requirements!"

The mirror image Li Tian was shocked by the aura displayed by Li Tian, but he had just returned to normal with just a moment of dazed effort, and rushed towards Li Tian with a grim expression.

For the mirror image, no matter what the outcome is, he must die.

Li Tian swallows him, he will die!

Li Tian killed him, he would die!

Therefore, the ideal result of the mirror image is to die with the deity Li Tian.

The distance between the two is getting closer and closer...

A dozen dragon scales had been shattered on Li Tian's body, and they flew out completely.

More than 20 dragon scales on the mirror body are like shadows, and they have lost the role of protecting him.

"Come on!" Mirror and Li Tian shouted in unison.

Cang!

Hong Zhan and mirror image Hong Zhan violently collided together, and a violent force shook away from the two hands of Hong Zhan and rushed to the surroundings.

Taking Li Tianhe's mirror image as the origin, the mountains within a radius of tens of miles were instantly leveled to the ground by a strong shock wave.

The demigods who were watching from a distance turned their spiritual powers to resist.

boom!

This shock wave hit these demigods, and these demigods involuntarily stepped back.

"So strong!"

"No loss is Li Tian! This shock wave alone is enough to kill the super domain master level expert!"

"It was really shocking, but now Li Tian seems to be at a disadvantage, but he doesn't know how he should respond!"

"Li Tian is not at a disadvantage, but his ambition is far greater than we expected. He has several opportunities to swallow the mirror image and end the battle, but he did not choose this way and is unwilling to swallow the mirror image. It seems his goal is very simple, just kill the mirror!"

"It's not easy to kill the mirror image! The biggest enemy of a man is himself. A mirror image that is more familiar to himself than himself is an opponent. It is very difficult to win!"

The great elder looked at Li Tian, but his face gradually showed a trace of worry.

"I'm not worried about whether Li Tian can kill the mirror image. I believe he knows better than all of us. Now, I am already a little worried about the Netherworld. If we go back, we will use this way when we go to war with the Super God Family. The way of fighting, the Nether Realm is probably going to be destroyed! The Nether Realm is not the Mirror Realm, and it won't be restored in a few minutes. It will take at least a few years for the Nether Realm to regain its vitality."

"Probably not! The demigods in the Underworld are not willing to ascend in the daytime, so the fighting is based on the condition of not causing the catastrophe. More importantly, the people who can fight Li Tian to such a point, except for Chu Jiangnan Besides, there are probably not a few in the entire Netherworld. So the Great Elder doesn't need to worry, it is the Super God Family that should really be worried!"

The Grand Elder nodded slightly.

"Such a battle should end as soon as possible!"

"It should be over soon! Let's wait and see!"

...

In the sky, the two great blue dragons are still entwined with each other like two giant pythons.

In a short period of time, no one should want to separate anyone, and in the same way, no one can be hurt.

The mirror image of the Great Blue Dragon and the Great Blue Dragon is different.

The primordial blue dragon is a condensed spiritual power. Even if the scales of the azure dragon are shattered and the claws are broken, as long as Li Tian is willing, the primordial blue dragon can also recover quickly.

So these two blue dragons are entangled together, instead of fighting as fiercely as Li Tian and the mirror image.

Under the wild dragon, Li Tian finally started.

Li Tian swallowed a Quasi-God-level crystal with lightning speed.

The spiritual power on his body suddenly began to climb, the powerful spiritual power even shook the wounds on his body open, and the blood was flowing like a shot.

But Li Tian didn't care at all.

Li Tian is already a demigod now, and the side effects of using the Quasi-God-level crystals are far not as great as when he was at the peak of the ninth level of the super domain master.

This side effect Li Tian is completely tolerable!

"You...you bastard..."

The mirror image originally thought that Li Tian was going to die with him, but now it seems that his mirror image is so stupid.

Li Tian successfully deceived him and managed to close his distance.

Huh!

Huh!

Huh!

The Hong Zhan in Li Tian's hand kept cutting out.

The red light cut by each knife is at least nearly a thousand meters in size!

What is destroying the world?

This is the real ruin!

In an instant, Mirror Li Tian was swept in by the red light.

The mirror image Li Tian kept urging Hong Zhan to fight back, but his counterattack seemed so pale and feeble. The red light cut by the mirror red slice in his hand was instantly shattered by Li Tian.

"No... your ***** guy..."

The mirror image Li Tian screamed in Jiesidi.

However, his angry roar has turned into a desperate scream.

A red light cut across his body, shattering the mirrored body...

The mirror image of the wild blue dragon disappeared instantly.

call!

Li Tian controlled his body and sat on a white cloud, breathing heavily.

The spiritual power of the Quasi-God level was still swimming and destroying in Li Tian's body.

Even if Li Tian is already a demigod-level powerhouse, he dare not neglect the slightest, and hurry up and start practicing.

But... at this time, the sky is not calm.

After slaying the mirror image Li Tian, the spiritual power exploded by the mirror image Li Tian began to rush towards Li Tian.

If Li Tian had absorbed spiritual power as if he were sitting under a waterfall practicing, now that waterfall has turned into a torrential torrent after a violent storm, and instantly began to flow into Li Tian's body.

These spiritual powers, whether Li Tian is willing to absorb it or not, are pouring into Li Tian's body.

This is the result of Li Tian beheading the mirror image.

Li Tian was startled, and immediately began to be happy.

Because the mirror image of Li Tian's spiritual power is so gentle, it is so easy to absorb without side effects, it is a happy one.

More importantly, because of the mirrored spiritual power, the spiritual power of the quasi-god-level crystal was also neutralized, and it was not so surging and brutal. Li Tian was able to absorb and refine a large part of the spiritual power of the quasi-god-level crystal by the way.

How can this not make Li Tianxingxi?

In the distance, the demigods who watched the game were stunned.

"This... this guy's cultivation level is already improving... won't break directly to the Quasi-God Realm, right?"

Chapter 5124: Settle after Autumn

"Impossible! Li Tian has just broken through to the Demigod Realm not long. Now Li Tian's cultivation level is in the Demigod Early Stage. It is even more difficult to upgrade to the Demigod Stage. Li Tian is ideal The state is to reach the mid-demigod!"

"The mid-stage demigod? I don't think it is necessary! You know that Li Tian just swallowed a quasi-god-level crystal just now, plus he killed the mirror image, completely absorbed the spiritual power of the mirror-image, he moved the mid-level demigod state I definitely didn't run!"

"Really, Li Tian's cultivation level has reached the middle stage of the demigod, and he is still absorbing spiritual power and is still cultivating. You can look forward to the peak of the demigod!"

The demigods who watched the battle in the distance did not take the initiative to approach Li Tian, they were afraid that it would affect Li Tian's cultivation level.

But it can be seen that both Chu Jiangnan, Great Elder, Situ Ningbing and others are all excited by Li Tian's continuous improvement.

The higher Li Tian's cultivation base is, the more beneficial it will be for the Li Tianjun regiment and the Nether Academy, and for the Super God Family, it will be a nightmare.

When everyone felt happy, only Tang Xiaolong looked bitter.

Although Tang Xiaolong was also feeling happy for Li Tian, he was the only super domain master in the ninth-level pinnacle realm among the powerhouses present, and he began to want to force himself more.

"Fuck me! Maybe the little boss's cultivation level can reach the peak of a demigod, but what about me? I am still a ninth-level pinnacle of the super domain master, and I will not really be unable to accompany the little boss through the ghosts. , Break into the God Realm, right?"

After three days of adjustment, Tang Xiaolong's injuries have gradually recovered, and by observing the battle between Li Tian and the mirror image, Tang Xiaolong has really touched the threshold of the demigod now, and he urgently needs to start this battle with his mirror image.

"Where is my mirror? Damn, where is my mirror hiding?"

Tang Xiaolong jumped up abruptly, looked around, and saw that there were demigod-level powerhouses everywhere near him, and he immediately understood why his mirror image would not appear.

"Li Mu, tell the little boss that Tang Xiaolong will soon reach the realm of a demigod, and then I will accompany the little boss to engage in the super **** family..."

As soon as Tang Xiaolong's words fell, he teleported and disappeared.

The topic surrounding most of the demigods in the audience gradually shifted to Tang Xiaolong.

"The savvy dragon is not bad. After fighting with the saber-toothed tiger and the demigod, after observing the battle between Li Tian and the mirror image, the little dragon should now have full confidence. If I don't guess wrong, the next strong will break into the demigod state. It must be Tang Xiaolong!" Chu Jiangnan smiled.

Regarding Chu Jiangnan's guess, the **** of obscenity raised his **** without hesitation in order to express his approval.

"Damn, what a nonsense! Anyone can see this kind of thing, and you still need to explain?"

Chu Jiangnan's eyebrows twitched slightly, but in the end there was no attack.

Obscene God, this guy was originally a god, and his cultivation realm was better than Chu Jiangnan.

Although the cultivation realm of the obscene **** is also the pinnacle of the demigod, his understanding of the rules is not comparable to Chu Jiangnan.

"It's a pity that Fifth Shuiyue has chosen another path, otherwise our strength will definitely grow stronger!" The Great Elder sighed.

The matter of Fifth Shuiyue has been informed to the old dean and elder through Chu Jiangnan. The two old people did not express too much opinion on the choice of Fifth Shuiyue, but they still felt a little regretful in their hearts.

Fifth Shuiyue is definitely the leader of the younger generation in Netherworld Academy.

It is a pity that the Netherworld Academy has no way to better cultivate the Fifth Shuiyue. Deep down in the hearts of the elder and the old dean, they even feel that the Fifth Shuiyue will have a certain relationship with them.

"The Great Elder needn't be ashamed..."

"I know! I just feel sorry! I hope Elder Shuiyue can find a suitable position for her in the ghost mythical creature." The elder sighed.

What the Great Elder didn't tell Chu Jiangnan was that after Chu Jiangnan became the devil, the two elders had secretly discussed the fifth Shuiyue as the next dean to train, but now something like this has happened.

...

In the sky, above the clouds.

Li Tian closed his eyes tightly. At this time, everything around him had nothing to do with Li Tian. He could only concentrate on refining so much majestic spiritual power that suddenly poured into his body.

The veins of Li Tian's body are now dozens of times wider than before. The spiritual power in the veins is like rolling river water, rushing endlessly. The red line that symbolizes divine power has become as thick as a bucket, no, more than a bucket. Much thicker.

At this time, the red line of divine power is gradually fusing with the spiritual power in the body veins.

Li Tian is now a demigod.

A strong man in the mid-demigod realm.

But Li Tian was not satisfied.

The spiritual power released by the quasi-god crystal is being continuously swallowed by Li Tian.

While absorbing the mirror spiritual power, Li Tian guided more than half of the spiritual power released by this Quasi-God-level crystal into the atrium.

With Li Tian's cultivation as the realm, he has not been able to fully refine so much spiritual power, but it doesn't matter, Li Tian's godhead in his heart will also absorb spiritual power, Hong Zhan is also absorbing refining spiritual power, and the same is true for the Great Blue Dragon. In the absorption of refining spiritual power.

With such a division, the spiritual power released by this quasi-god-level crystal actually felt a little insufficient for division.

The spiritual power of the mirror image was completely absorbed by Li Tian, and the half-god crystal was absorbed by less than one-tenth of Li Tian's body. Li Tian even wanted to use the heat to hit the iron and then swallow a quasi-god crystal, but this thought just flashed through his mind and was immediately denied by Li Tian.

After the cultivation base has been promoted to a demigod, it is extremely difficult to achieve any improvement.

Like Chu Jiangnan, like the widows of the Super God family, they have cultivated for more than 10,000 years, and their cultivation level still stays in the semi-god realm.

Haste is not enough.

However, after Li Tian's cultivation level climbed to the peak of the demigod, it gradually slowed down, but he did not stop, and was still climbing slowly.

At this time, Li Tian pays more attention to the penetration and mastery of the rules.
time flies.

I don't know how long Li Tian's surging spiritual power gradually calmed down.

Li Tian still didn't break through to the quasi god, but he had already touched the threshold of quasi god.

Li Tian stood up slowly, clenched his hands into fists, feeling the powerful force contained in his body, the corners of his mouth turned up slightly, and said with a sneer: "Although I haven't continued to break through, this result is quite good, at least I have Touching the threshold of the quasi-god, I will definitely break through to the quasi-god state in less than one hundred or eighty years! Now, it is time to return to the nether world, it is time to settle accounts with the super-god family!"

Chapter 5125: New Dean

Realm is the passage leading to the underworld.

Li Tian, who had just killed the mirror image, followed the demigods and returned here.

The old dean and others were looking forward to it, waiting for news of Li Tian and the mirror fight. Seeing that Li Tian returned safe and sound, the old dean excitedly grabbed Li Tian's hand.

"Elder Li Tian's cultivation level has reached the peak of a demigod. This is really great. This is the blessing of our Nether Academy, this is also the blessing of our Nether Realm! The Nether Realm was caused by the smog of the super **** family, and now we finally have I hope!"

The old dean said that the excitement on his face was hard to conceal.

But soon the old dean couldn't help but let out a sigh, "It's a pity that I have the heart to kill the thief but I can't get back to the sky. Then I can only look at you!"

"Old dean, you don't need to blame yourself. I also have quasi-god-level crystals and god-level crystals here. If the old dean is used for cultivation, it will definitely help!" Li Tian just flipped through his hands. A lot of quasi-god, god-level crystals.

The old dean shook his head slightly and pushed Li Tian's hand back.

"It's useless! People who refuse to accept old age can't do it, and don't admit defeat. I can enter the mirror world once in my lifetime. I am already very satisfied. When that time...If you can drive the Super God family out of the Nether Academy, you can Let the Netherworld Academy reappear its past glory, then I will really be dead and stunned!" the old dean said.

Chu Jiangnan, an upright man, finally couldn't help but shed tears at this moment, and said with tears on his face: "Old dean, it's all my fault. If I hadn't attacked you in the first place, you wouldn't be like this... .."

The old dean was a kind old man at this time. The corners of his mouth were slightly tilted upwards, showing a smug expression. He reached out to wipe the tears off Chu Jiangnan's face, and said with a smile: "The mistake you made was early It has already been redeemed. If you hadn't secretly

guarded the Nether Academy, the Super God Family would have already taken action on the Nether Academy. Later, you pretended to be uncontrolled by the demons, and let us take you to the Nether Academy. You are also protecting us!"

"I haven't done anything to Nether Academy in my entire life. Instead, Nether Academy became devastated in my hands. This makes me feel that my dean is very incompetent, but my dean also feels very incompetent. Proud, because my student Chu Jiangnan is a demigod peak advanced master, and the elder Li Tian who I personally presided over the recruitment is also a strong demigod peak realm!"

"Old dean, as well as me and Tang Xiaolong!" Situ Ningbing smiled.

The elders of other Netherworld Academy showed kind smiles on their faces.

"Yes, there are Situ Ningbing, Tang Xiaolong and other students." The old dean nodded slightly and smiled: "Almost all the elders of the Nether Academy have gathered again today, so let me announce one thing. !"

The elder was startled, he couldn't help looking at Li Tian and Chu Jiangnan.

After the Fifth Shuiyue accident, the old dean and the elders and the elders urgently negotiated and decided to decide the next dean as quickly as possible.

At that time, many elders proposed that Chu Jiangnan should be the next dean, while the old dean proposed that Li Tian be the dean. However, the emergency consultation did not reach a consensus at the time, and it was broken by the fighting between Li Tian and the mirror image.

As soon as he came back, the old dean was ready to announce that it seemed that the old dean had been chosen by his own.

"Speak up the old dean!"

The eyes of the old dean suddenly lit up, and his realization slowly swept across the crowd, and finally fell on Li Tian and Chu Jiangnan.

"Jiangnan, come here too."

Li Tian and Chu Jiangnan looked at each other, Chu Jiangnan walked over and reached out and grabbed the other hand of the old dean.

"Jiangnan, you grew up when I watched. You and I are named masters and apprentices, but I sympathize with father and son. No matter what decision I make, I hope you can understand me!"

Chu Jiangnan nodded slightly.

"Li Tian, although you haven't joined the Netherworld Academy for long, your contribution to the Netherworld Academy is obvious to everyone. I also treat you as my junior. Similarly, I make any decision and hope you can understand me! "

Li Tian nodded slightly.

The old dean stretched out his hand and put the hands of Chu Jiangnan and Li Tian together, his expression gradually becoming serious.

At this moment, everyone involuntarily held their breath, as if even the atmosphere did not dare to breathe.

Because the name of the person named by the old dean in the next sentence is probably the next dean of the next Nether Academy. Once the four super **** families are really annihilated, the dean of the Nether Academy will have the highest status in the nether world. , No one can compare.

"After careful consideration, I decided that the next dean of the Nether Academy will be temporarily..." The old dean paused briefly, and his sweeping slowly for a week finally fell on the great elder, and then the old dean After giving the great elder an encouraging look, he said, "My decision is to let the great elder serve as the dean of the Nether Academy!"

"I?"

The Great Elder could hardly believe his ears.

That's right, before the Great Elder wanted to be the dean of the Netherworld Academy, but later he took less and less attention to the position of the dean.

As his cultivation level breaks through to a demigod, his vision is far different from before. If the great elder chooses, he would rather continue to serve as the great elder.

Li Tian and Chu Jiangnan were also quite surprised.

Because both of them think that the old dean is likely to let each other take the post.

Moreover, both of them had already thought about the excuses in their hearts, and had figured out how to reject the appointment of the old dean.

"congratulations!"

"Congratulations to the Great Elder for finally getting what he wanted!"

"Congratulations Grand Elder, Grand Elder Congratulations!"

The great elder stared at the old dean and asked puzzledly: "Why?"

The old dean showed a satisfied smile on his face and said: "Li Tian and Chu Jiangnan are enough for any dean, but I know that Li Tian's future journey is the sea of stars, and he will not be the dean."

"That's right! I'm good at fighting and killing me, but as the dean, I can't do this kind of thing!" Li Tiandao.

The old dean continued: "The ambition of Chu Jiangnan does not need to be Li Tianxiao. It is just that he has been fettered by the Nether Academy for a long time. Now Nether Academy is full of talents. Once the Super God family is defeated, the Nether Academy will have no worries. Chu Jiangnan I will definitely not stay in the Underworld for a long time!"

Chu Jiangnan also nodded slightly, but his eyes were moist again, "I will go to the God Realm to see when the matter in the Nether Realm is resolved. The Chamber of Commerce I have been operating in these years has quite a wealth of wealth. The Academy, let Nether Academy successfully complete its reconstruction."

"So, the best elder who is most suitable to serve as the dean is the Great Elder. Great Elder, you will be more affected. I will leave it to you in the future! As for the dean of the future Nether Academy, you have enough time to consider and cultivate." The old dean said.

The great elder is considered to be in danger and is not **** away.

Li Tian discussed with everyone again and decided to let everyone stay in the mirror world first, waiting for Tang Xiaolong and other students to leave the secret realm in a month.

But Li Tian left the secret realm early and returned to the Nether Realm!

Chapter 5126: Stop me and die

Since Nether Academy retreated to the secret realm, the Nether Realm has completely become the world of the four super **** families.

According to the old rules of settling accounts after the autumn, the ancient families that once provided support and help to the Nether Academy have also become the bloodbaths of the four super **** families. The mysterious races who were rejected by the Nether Academy once contacted and jointly fought against the super **** families finally tasted the consequences. .

Their living area was once again invaded. At this time, the mysterious races gradually fled the core area of the Netherworld, fled to the far north, escaped to the depths of the ocean, but even so, some mysterious races were permanently destroyed and became the Netherworld. The past tense of history.

As for the Netherworld Academy, it can no longer be described in a tragic word.

When the masters of the four super **** families arrived at the Nether Academy, they watched the people in the nether academy escape into the secret realm under their noses, but they had no alternative. For this, the experts of the four super **** families were very angry. All the anger he had known was vented on the buildings of the Nether Academy.

All the buildings in the Nether Academy were razed to the ground, and the Nether Academy was completely in ruins.

Even so, the four super **** families were still not satisfied, and they extended their magic to those who had defected from the Nether Academy, even those who had already surrendered to them were not immune.

On the top of the mountain outside the former library, the Nether Academy, four elders of the super **** family sat together.

"It's been more than a year, right?"

"Yes!"

"What is the secret realm of Nether Academy? When the guy claiming to be Li Tian's clone entered the secret realm, his cultivation realm was just the domain master, and he could break through to the semi-god realm in just a few years. This secret realm is really a good place!"

"Unfortunately, the old stubborn people of the Netherworld Academy are unwilling to open this secret realm to everyone, otherwise we will have the opportunity to enter the secret realm and practice. Maybe we also have a chance to reach the peak of a demigod, or even the realm of a quasi-god."

"Hey, it has been hundreds of thousands of years since Nether Academy was founded. How many people have you seen become demigods? Maybe it's not as practical as the secret realms mastered by our four super **** families!"

"You can't say that, isn't Chu Jiangnan a demigod? Moreover, this guy's strength is not weaker than ours. Therefore, the secret realm of the Nether Academy may also have its own uniqueness, but the old dean of the Nether Academy is an idiot guard I lived with Baoshan for a lifetime!"

"Otherwise, our four super ***** families won't be as brilliant as they are today, it's just... it's just that... everyone in the Nether Academy has been in the secret realm for a few years, maybe they will return to the Nether realm when the time comes. we....."

At this point, the faces of the four elders couldn't help becoming serious, and even a little embarrassment appeared.

When Li Tian's clone came out of the secret world, these four guys once united to deal with the clone Li Tian.

As a result, the four guys didn't even kill the clone Li Tian.

In addition to the avatar Li Tian triggering the robbery, and the day soaring that scared the four elders, the more important thing was that the avatar Li Tian had enough strength to fight them.

This is not a good sign.

"Let's talk about something happy. The clone guy told us that after entering the secret realm in Nether Academy, almost half of the people died in the secret realm. This is really good news for our super ***** family!"

"I just don't know if there is an old dean here, if there is Chu Jiangnan, if there is a ***** Li Tian, as long as the three of them die, the others will be without a leader, even if their cultivation level is greatly improved at that time. It's not an opponent of our four super ***** families at all."

Just as everyone was talking, there was a faint fluctuation of spiritual power on the secret door they guarded.

The widows of the four super ***** families suddenly became vigilant.

"Are they... are they coming back?"

"We are on guard at any time. If two or three of the demigod-level powerhouses come out of the secret realm, then we will unite and kill them. If... if the Nether Academy team comes out of the secret realm, then we will return quickly Super God Family, report the news to the patriarch!"

The spiritual power fluctuation on the door of the secret realm became more and more obvious, and at this moment, a figure flashed out from behind the door of the secret realm.

Then the door of the secret realm was closed again.

"Huh? Only one figure?"

"You... look at it, this guy is Li Tian... it turns out to be Li Tian!"

"Hey, Li Tian, this fellow's cultivation level has reached a demigod, and his cultivation level seems to have reached the peak of a demigod, which is not very good! And... this mysterious realm is indeed a cultivation treasure!"

"What's going on? Li Tian alone, shall we unite to deal with this guy, or return to the family first?"

"Fear of an egg, isn't it just a Li Tian, let's get him!"

The four elders made a decision in an instant.

...

Seeing the devastated Nether Academy, Li Tian's eyebrows still couldn't help beating slightly, his heart was full of murderous aura.

"Super God Family, what you have done has completely razed the Nether Academy to the ground! Good, very good! I will give you one more month. After I return from the earth world, I will visit the four Super God families one by one. Territory!" Li Tian said coldly.

The reason why Li Tian had to leave here a month in advance was to return to the earth world to visit Father Mu Yunlong.

It has been more than three years since entering the secret realm, and I don't know if the old man can wait until Li Tian returns.

Just as Li Tian was about to teleport away from Nether Academy, the four gods suddenly locked onto Li Tian at the same time.

Huh!

Huh!

Huh!

The four elders of the super **** family appeared instantly, standing in front of and behind Li Tian, and surrounded Li Tian.

"Hey, Li Tian, I didn't expect you to come out of the secret realm alone, but you will come out to die by yourself. In that case, let us help you!" The widow of the Donggong Super God Family sneered.

"Li Tian, we really don't know whether we should praise you for being brave, or whether you should be praised for being stupid. You are alone in coming out of the secret realm. This is a mockery of our four super **** families, but... your mockery is needed. Pay the price!" said the widow of the Super God Family of Xiuyu.

There was also a strange smile on the face of the elder of the Sanlu Super God Family, "Jie Jie, does Li Tian remember me? You killed the San Lu Super God Family, and killed the elders of our Super God Family. We will do well today. Do the math!"

Li Tian's mood was originally upset, but now that he saw the four old things where he went, he felt even more upset. He glanced over the four people and sneered: "Being me, die! If you have the ability, please try it. test!"

Chapter 5127: Arrogant capital

The four elders of the four super **** families were startled, and they were all shocked by the aura released from Li Tian.

After a while, the four elders of the super **** family felt fiery pain on their faces again.

Li Tian was just a newly promoted demigod. They were shocked by Li Tian's aura. If this matter was spread, the old faces of their four elders didn't know where to put it.

"What an arrogant kid, let me Donggong Ye Zhou come to see how many catties you really have today!" Donggong Super God family's widow, Donggong Ye Zhou roared, and his figure moved towards Li Tian in a flash.

At the moment of his teleportation, the spiritual power he released has been condensed into a battleship...

Li Tian's eyes almost fell to the ground.

The paralyzed guy has definitely been to the metal world, because the battleship formed by this guy with his spiritual power turned out to be a space battleship in the metal world.

The size of this space battleship is very small, less than one-tenth of the smallest space battleship in the metal world. However, this space battleship formed by condensed spiritual power appeared in front of Li Tian through the void, with a surging look. The momentum directly hit Li Tian.

Li Tian is almost a little confused!

Paralyzed, Donggong Ye Zhou is really a talent!

Could it be that you used the space battleships that have been condensed with spiritual power after all the fortunes and hardships?

What Li Tian didn't know was that this guy's spiritually concentrated space battleship could easily smash a mountain into slag, and its power was no worse than the full blow of any demi-god mid-level expert.

Li Tian didn't know, and he didn't have any psychological burden. The Hong Zhan within his body flew out instantly, his feet were a little on the ground, and his figure teleported back continuously, and the Hong Zhan in his hand slashed out suddenly. Red light.

A red light over five or six hundred meters high.

Huh!

The red light slashed on the space battleship formed by the condensed spiritual power.

boom!

It was like cutting tofu with a knife, and the red light easily divided the spiritual battleship formed by Donggong Ye Zhou into two from the front.

If it weren't for Ye Zhou in the East Palace to evade quickly, this red light could chop off his head.

One move tells the winner.

There is no suspense, Li Tian won.

Donggong Ye Zhou's face was pale, and his lips were trembling slightly.

"This... this guy... is so strong!"

Li Tian's move also shocked the elders of the other three super **** families.

Arrogant?

With only one move, Li Tian told them what arrogant capital is.

"Do you know what arrogance is now? Do you know what arrogant capital is? You old guys, who wants to keep trying?" Li Tian sneered around the super-shen family's powerhouse, and said coldly.

The three elders of the three super-sacred families, namely Sanlu Script, Xiuyuhuangdong, and White Horse Reclining Buddha, took a half step back.

Although it was only half a step, it was already showing its cowardice.

"We...join together, I don't believe that this newly promoted demigod has no **** for a few days, can it be the opponent of our four strong men?" Donggong Ye Zhou said.

Li Tian laughed.

It's just that when he laughed out loud, he approached Donggong Ye Zhou a few steps.

"I said, be me, die! Since you are impatient, then I will personally send you on the road, as for..." Li Tian suddenly turned his head to look at the widows of the other three super **** families, "If you want, even Come together, I don't mind ending your lives early!"

What is arrogance.

Li Tian is arrogant.

Paralyzed, Li Tian is the pinnacle of a demigod, a fierce man who has touched the threshold of the Quasi-God level.

Similarly, Li Tian beheaded the super macho who mirrored Li Tian, would he still be afraid of these old immortal cultivation realms but only stay in the early demi-god, the guy in the mid-demi-god would not succeed?

When Li Tian said this, the Hong Zhan in his hand had already cut out seven or eight knives.

With every knife cut out, a red light would instantly cover Ye Zhou in the East Palace.

Donggong Ye Zhou felt that he was being watched by the **** of death. He could escape from Li Tian's red light every time, but Donggong Ye Zhou felt more and more powerless, and the threat of death was coming from him. The closer.

"You old guys, don't you do it?" Donggong Ye Zhou roared angrily.

Sanlushu briefly hesitated, and finally started!

He wiped his hand in the air, muttering words in his mouth, and then a volume of spiritual power slips appeared in front of him out of thin air.

As Sanlu's slips kept chanting, some real words that Li Tian had never seen before flew out of the slips, and then these words flew to Li Tian instantly as if they had come to life.

Li Tian's Hong Zhan slapped Ye Zhou away from the East Palace, and then turned around and slashed towards the words that were flying towards him.

Where the red light had said, the text was instantly shattered, but... there were a few more texts that surrounded Li Tian like a butterfly avoiding the violent storm and landed on Li Tian one by one.

For an instant, Li Tian felt that he seemed to be carrying a huge burden, and his legs and feet were a little inflexible.

"Hahaha, the old man Sanlu finally took out his treasure at the bottom of his box."

"Now, Li Tian brat may not be able to escape with his wings!"

"Little Li Tian, take your fate, and Master Yuhuandong will come to teach you your great tricks!"

The spiritual power text attacks of the Sanlu script restricted Li Tianhou, and several other super **** family widows suddenly shouted excitedly.

The elder Xiuyuhuandong was even more shamelessly trying to **** the fruits of victory and take the first shot.

A long sword of spiritual power more than one foot long came through the void, trying to divide Li Tian into two.

The spiritual power long sword is getting closer and closer to Li Tian.

Ten meters...

Five meters...

Three meters...

however.....

There was a smile on the corner of Li Tian's mouth.

Huh!

The Hong Zhan in Li Tian's hand flew out suddenly, and a red light instantly appeared in front of Sanlu Huandong. At the same time, the words on Li Tian's body were instantly absorbed into his body by Li Tian's refining.

Xiuyu Huandong was shocked. He never thought that Hong Zhan would automatically fly away from Li Tian's palm, and Hong Zhan would automatically release a red light towards him. What he didn't even expect was that the script from Sanlu The text attack turns out to be invalid.

puff!

Xiuyu Huandong tried his best to avoid the key points, but the red light still took away one of his arms.

what!

Xiuyu Huandong screamed, and instantly teleported to several kilometers away, staring at Li Tian's position fiercely, and roaring ferociously: "Damn Li Tian, I have written down the revenge of today's broken arm. If you don't ascend in one day, I will work together to repair all the elders of the He Chaoshen family..."

At this moment, Xiuyu Huandong suddenly felt a power as powerful as Li Tian locked him.

Xiuyu Huandong turned his head and looked back suspiciously, only to find a huge prehistoric blue dragon that had covered the entire sky was staring at him.

"This... when is this... Li Tian..."

puff!

The dragon claw had pierced Xiuyu Huandong's body, crushing his heart instantly!

Chapter 5128: Trigger the catastrophe

Before Xiuyu Huandong let out a scream, he died completely.

No one thought that Xiuyu Huandong was the first to die, but this was also a destined result.

Who told this guy to jump out on his own and want to kill Li Tian first?

Donggong Ye Zhou knew that they had missed the best opportunity to besiege Li Tian, and now they were defeated by Li Tian one by one. Even if he continues to fight, the result will not change. If this is the case, it is better to run away and tell Donggong Zhentian Li Tian came back from the secret world.

There are also Sanlu script and the white horse reclining Buddha with the same attitude.

Huh!

Huh!

The Sanlu Script and the White Horse Reclining Buddha flashed, and escaped first.

As for Ye Zhou in the East Palace, he wanted to escape, but he was entangled by Li Tian, and there was no chance at all.

"Want to leave? When did I agree to let you escape?" Li Tian sneered.

Huh!

Huh!

Huh!

With continuous red light slashing, almost every knife can drive Donggong to a dead end.

But in the end it was a little worse.

Li Tian was not in a hurry. He wanted to kill a strong man in the middle of the semi-god realm. It was definitely not difficult.

But wanting to kill a demi-god mid-stage powerhouse who wants to escape is definitely not easy.

"Li Tian, don't force me! Otherwise...otherwise we will die together!" Donggong Ye Zhou roared.

Li Tian laughed.

"Do you want to explode? Okay, I think you dare to explode, dare to die with me!" Li Tian sneered.

The expression on Donggong Ye Zhou's face became more and more ferocious.

Obviously he can't blow himself up, but... he also used this attitude to show his determination.

"Li Tian, don't force me, I don't dare to blow myself up, but don't forget that I am also a demigod-level powerhouse. If I want to ascend in daylight, I am afraid that it will cause a catastrophe..."

"I'm afraid your sister! You have caused me a catastrophe. Let me see. If you don't have such courage, you **** shut up! I Li Tian said that when I die, today, as long as you don't ascend, If you don't explode, I, Li Tian, will definitely kill you!" Li Tiandao.

Li Tian's offense became sharper.

At this time, Li Tian's aura increased to higher than when he was fighting with the mirror image before.

Donggong Ye Zhou saw that he couldn't escape anyway, and if he continued to fight, he would not escape, so he gradually made up his mind.

"Then you don't blame me, let's enter the God Realm together!"

When he said this, the spiritual power of Ye Zhou in the East Palace was constantly rising, his arms stretched out to the sky.

Rumble!

In the clear sky just now, it was gradually covered by dark clouds, and the billowing dark clouds pressed down.

Rumble!

Thunder billowed in the dark clouds.

On the top of the dark cloud, a heavenly gate has appeared like a shadow.

"Hahaha, Li Tian, Tianmen has appeared and is gradually unfolding..."

"Fool! Even if you bring me into the realm of God, can't I kill you?" Li Tian sneered.

Ye Zhou from the East Palace suddenly froze in place.

He really didn't think of this, but he soon laughed more grimly.

"So what? Even if you really kill me, what can you do? After Nether Academy loses you, even if they really come out of the secret realm, they will also lose a big help. At that time, the Nether Realm super ***** The family will completely eradicate the Nether Academy and the Li Tianjun regiment..." Donggong Ye Zhou laughed wildly.

Li Tian sneered.

"I'm afraid even if you want to ascend, you don't have this chance!"

Speaking of this, the wild blue dragon in the sky suddenly fell from the sky, and instantly blocked the path of Ye Zhou's ascent in the East Palace.

Donggong Ye Zhou was taken aback, his face was full of panic, he wanted to gather spiritual power to blast away the wild dragon.

But at this moment, Hong Zhan in Li Tian's hands had already flown out.

This time, Hong Zhan did not release a majestic spiritual power slash, but quietly appeared behind Ye Zhou in the East Palace.

puff!

Hong Zhan stabbed in Ye Zhou's back from the East Palace, and stabbed out of his chest.

Tick!

Tick!

Donggong Ye Zhou looked at the blade that appeared on his chest, blood was continuously flowing down, and there was an expression of disbelief on his face.

"No... impossible!"

"Forgot to tell you, I will go to the ghost mythical creature soon! If... I mean, if you have not reincarnated by then, hehe, I will kill you again, Li Tian!" Li Tian moved his finger slightly, red cut The red light released instantly exploded in Donggong Ye Zhou's body.

boom!

Ye Zhou in the East Palace had not had time to ascend before he was beheaded by Li Tian.

Rumble!

Click!

Click!

Heavenly Tribulation's sky thunder continued to fall from the sky, and at this time the prehistoric blue dragon had already involuntarily started flying towards the sky gate.

Li Tian cut the red back, and continuously teleported to escape the catastrophe at the fastest speed.

After Li Tian escaped from the Tianmen, he was about to fly into the sky. The prehistoric blue dragon that entered the Tianmen suddenly burst and changed into a strand of spiritual power. It flew in the direction of Li Tian, and then penetrated into Li Tian again. .

Li Tian looked at the sky gate on the clouds, and the corner of his mouth was slightly upward.

"I'm sorry, I can't go to the God Realm yet, but when I go to the God Realm, I'm afraid the God Realm won't welcome me!"

After saying this, Li Tian has already reached the gate of the restricted area.

Before Li Tian entered the secret realm, he left the entrance door to the mysterious woman of Wanshen Mountain to help him guard. However, after the past few years, the gate of the restricted area has turned into a barren grassland, and as expected, no one comes here anymore. Over.

"After I come back from the earth world, I will thank you again!" Li Tian's figure flashed as he said, and he entered the gate of the restricted area.

...

Sanlu super **** family.

After listening to the report of Sanlu's bamboo slips, Sanlu Shangqing became angry.

"Damn Li Tian, Li Tian with a lingering soul!" Sanlu Shangqing slapped a palm of the wooden table in front of him to pieces, and shouted angrily: "You four demigod elders joined forces, it is not His opponent? Has his cultivation level improved so quickly?"

"In the words of the Hui patriarch, Li Tian's current cultivation level has reached the pinnacle of a demigod, and he still has artifacts in his hands, as well as the great blue dragon he released. Therefore, the current Li Tian cultivation level is not below the original Chu Jiangnan. , Within our four super **** families, there are no more than five elders who can be Li Tian's opponents." Sanlu's book briefly said.

"East Palace Ye Zhou... is dead?"

"Yes, Ye Zhou in the East Palace can't escape Li Tian's pursuit. He wants to provoke the robbery and fly up in the daytime, but he was killed by Li Tian when he was soaring. This is what I saw with my own eyes!"

Sanlu Shangqing nodded slightly, "In that case, let the Donggong Super God Family suffer a headache for such a tricky opponent!"

Chapter 5129: Mysterious Domain Master Invasion

White Horse Super God Family.

King Baima felt that his hair was pale, although he had no hair.

The news that the White Horse Reclining Buddha had brought back was as early as White Horse King Kong had expected, but it was still shocking enough.

Li Tian, that kid's cultivation level has reached the peak of a demigod?

This is really enough to make Baima King Kong feel surprised!

The return of Li Tian indicates that the Li Tian army has risen, it indicates that the Li Tian army will return soon, and that the strong men of the Nether Academy will soon return from the secret territory.

The strength of the Nether Academy and the Li Tianjun regiment is definitely not comparable to that of the White Horse Super God Family.

White Horse King Kong felt that the problem was getting worse, "Go and gather all the elders and widows in the family. Let's discuss how to solve the current difficult situation!"

...

When the four super **** families were in entanglement, Li Tian had already returned to the earth world.

The current earth world is ruled by Li Bai, and the country is dead.

But where there are people, there are rivers and lakes, and where there are rivers and lakes, there are naturally struggles.

Based on Tianmen, Li Bai created absolute force to conquer these countries, but it is indeed a long way to go to conquer the people of these countries.

Especially in the earth world, different regions have different beliefs.

Different beliefs will produce different conflicts. Coupled with the fact that those unwilling to lose their self-interests are pushing behind the scenes, there are no large-scale wars in the earth world, but conflicts have never stopped.

After Li Tian came out of the gate of the restricted area, he first went to the Tianmen to visit the Barbarian and the Captain, but the Barbarian and the Captain did not stay at the Tianmen.

Li Tian didn't bother other people in Tianmen, and directly teleported to Beitang.

Huh!

Li Tian's figure appeared on the back street of a building in Beitang.

Then, Li Tian teleported to the top of this building again. He looked around and chose the tallest building nearby. Once teleported, he stood on the top of the tallest building again.

Looking at the familiar buildings in front of him and the familiar environment in front of him, Li Tian's heart was involuntarily excited.

Now Beitang is the political center of the world. After decades of development and expansion, Beitang's city map has been expanded nearly 20 times compared to before Li Tian left. The population of Beitang has exceeded 30 million. It is one of the largest cities in the earth world.

After the apocalyptic catastrophe, there are not many cities in the world with a population of over 10 million, but a city like Beitang with a population of 30 million is absolutely unique.

"Unknowingly I have left the earth world for fifty or sixty years, maybe when I leave the earth world next time, I am afraid I will not return to the earth world again, even if I return to the earth world at that time I am completely strange to this world." Li Tian thought secretly.

The changes in Beitang were so great that Li Tian found out that he didn't even know where Elder Mu Yunlong and others were.

"Would you like to catch someone casually and ask?" Thinking of this, Li Tian couldn't help but shook his head.

Li Tian stood on the edge of this building, looking around, trying to find an area he was familiar with.

At this moment, Li Tian heard someone downstairs shouting to him with a megaphone.

"Listen to the people upstairs. Just ask if you have any requests. We will find a way to help you solve it. Don't think about it! Life is only once for everyone. Once you jump down, it will be too late to regret it. Think of your family, think of your relatives!"

I rub!

Li Tian felt embarrassed for a while.

The paralyzed person stood on the edge of the top floor of this building in order to pretend, but was regarded as a fool who committed suicide by jumping off the building!

Li Tian didn't want to cause so many people to watch, he turned and walked to the center of the roof, then teleported again and disappeared.

Within a minute, three men dressed in black appeared and flew to the top of the building.

The cultivation level of these three men is not weak, and the weakest cultivation level has reached the Venerable Level 2. This is absolutely unimaginable when Li Tian leaves the earth world.

Each of the two Venerable Class II strong men carried a precision handheld instrument. This instrument was connected by a signal and could see all the surveillance videos in this building. After some searching, the Venerable Class II strong man A hint of surprise appeared involuntarily on the face of the reader.

"Captain, all the videos have been checked, the man seems to have appeared out of thin air, he did not pass through any passages of this building!"

The person who was called the captain was a Venerable 4th-level powerhouse. Hearing this news, a hint of surprise flashed across his face.

"How is this possible? We from Tianmen have arguably carried out the most rigorous monitoring of Beitang. Even if a big bird flies over Beitang, it is impossible to escape our sight. How did he do it?" The captain said to himself.

"Could it?"

"Could it be that this guy's cultivation level has reached the domain master? Only domain master-level experts can teleport and escape our surveillance sight!"

The three powerhouses all guessed the result.

"If it's a domain master-level powerhouse, then this thing might be difficult! What is the purpose of this guy entering Beitang? No, I must report to the captain immediately and let the captain decide!"

Soon, news that a domain master-level powerhouse suddenly appeared in Beitang was transmitted to the captain of this special operations team via telephone.

The captain is not someone else, but the current sect master of Tianmen, the barbaric.

When Barbarian received the call, he felt a little tricky.

The barbarian's current cultivation realm is only the emperor, and there are not many strong people who reach the realm of the domain master in the entire earth world, and they can count it with both hands, and among these strong people, the top ten has a certain relationship with the heavenly gate. .

For example, the four-xiang old man, such as the fifth-level old man, such as Duanmuying.

However, not all domain master-level powerhouses are in the grasp of Tianmen.

Because of the three corpses, the earth world has experienced the end times, but at the same time it has also opened a new era of cultivation for cultivators in the earth world.

There are always some experts with extremely high cultivation base talents. After receiving extremely limited material support and extremely limited guidance, their genius aura will appear.

It's just that these geniuses are a big challenge for the current Tianmen, especially after these geniuses are controlled and used by the heads of the subjugated nations who were once hostile to China.

These geniuses are likely to become killers and violent elements at the venue, challenging China's rule and challenging Tianmen.

China has ruled the entire world for decades, but there are many organizations that have been secretly established around the world to oppose China's rule.

For example, the recent uproar of the South China Sea is precisely because of the existence of a powerful organization against China's rule on that island.

"Will this organization send the strong?"

Manzi couldn't understand, he immediately dialed Duanmuying's phone and told Duanmuying the news detected by the Tianmen organization.

Beitang and Nanshan.

The hospital where Mr. Mu Yunlong is located.

Duanmuying's phone rang, and she withdrew from the ward.

Duanmu Ying was very relaxed when he connected to Manzi's phone.

"Let them continue to make trouble! Li Bai has already wiped out their country, can't they be allowed to make trouble?"

"But...the one who has just entered Beitang is a domain master-level powerhouse, if he wants to disadvantage Xiao Li Bai..." Man Zi said.

"Don't worry, Li Bai is now by his side Mu Yunlong's father. There are four elephants and Wuji old men beside him. They want to be disadvantageous to Li Bai, and that is a dead end! Barbarians, once the enemy's tail is revealed, he must Launch Tianmen's strongest attack, this time we must beat them to pain and fear!" Duanmuying said.

Chapter 5130: Go out and see

hang up the phone.

Duanmuying opened the door of the ward, beckoning to call out Li Bai who was accompanying Mr. Mu Yunlong.

"It's the call from the barbarian. It seems that those idiots in Nanhua Xiahai have been used as guns again. They probably sent people into Beitang, and the strong cultivation base sent this time has reached the realm of the domain master. !"

Li Bai is nearly sixty years old, and now he seems to be only twenty-seven or twenty-seven years old because of his cultivation.

"These clowns, I have been with the old man for the past two years and have no time to take care of them. Don't they think they have a chance to take advantage of it?" Li Bai now has the aura of a superior, even if what he said is unusual. But the strong breath released from him made the strong guarding outside the door of the ward feel a chill.

"Why don't I let Ouyang Man lead people to garrison there first, and give them some color?" Duanmuying said.

Li Bai shook his head slightly, "Let them jump for a few days, and wait until the old man..."

Li Bai didn't finish his words, his face gradually became sad.

After persisting for three years, Mr. Mu Yunlong was finally about to come to an end.

When Li Bai opened the door of the ward and walked into the ward, Mr. Mu Yunlong's cloudy eyes flashed brightly. He saw Li Bai coming in from the door, his eyes darkened involuntarily, and then turned his head and looked out the window.

On the grass in the distance outside the window, several children of Li's descendants are playing on the grass.

Mu Yunlong's mouth involuntarily showed a smile.

"Go ahead, I'm fine, let me be alone!" said the old man Mu Yunlong.

"Grandpa!" Duanmuying shouted.

Mu Yunlong didn't answer, his eyes still looked out the window.

Li Bai couldn't help feeling sad, but at this time the most powerful man in the world looked a little old.

For more than a year, Li Bai has been with his father Mu Yunlong. Only occasionally, he will leave his father to deal with some important matters. At other times, he will work in this royal hospital.

But Li Bai's company didn't make Mr. Mu Yunlong feel happy, he was already missing Li Tian.

It has been more than three years since Li Tian's clone left the earth world, but neither the clone nor Li Tian returned.

There is only one possibility, that is, the Nether Realm is not peaceful now, and Li Tian and Li Tian's clones may be in trouble.

As the supreme ruler of the earth world, Li Bai needs to consider the safety of the earth world.

Therefore, he had decided to blow up the gate of the restricted area on the top of Tianshan Mountain, and cut off any connection with Nether.

But Father Mu Yunlong firmly disagreed, Duanmuying and others also strongly opposed it, and Li Bai gave up.

"Master, take a break first, call us if something happens!" Duanmuying said.

After speaking, Duanmuying asked everyone to withdraw from the ward.

The ward was quiet.

Mu Yunlong turned his head and looked at the door again.

People are about to die and their words are good. Mu Yunlong felt that his deadline was approaching, and he hoped to see Li Tian more and more in his heart.

Even the old man was still blaming himself, if it wasn't for his prejudice against Li Tian's clone, it would be better to see Li Tian's clone at this time than not to see it.

The old man took a sigh of relief and began to recall the time he spent with Li Tian in the past.

Thinking of happy places, the corners of the old man's mouth will rise slightly, revealing a slight smile.

At this moment, the old man felt a flower before his eyes, but Li Tian suddenly appeared in front of him.

"It seems that I am really old! That's good, at least I can see Xiao Litian before I die..."

"Grandpa!"

Looking at Mu Yunlong lying on the hospital bed, Li Tian could no longer restrain the excitement in his heart. Two steps forward, he squatted in front of the old man's hospital bed, reaching out and grabbing old Mu Yunlong's folded palm.

"Li...Li Tian, are you really my grandson Li Tian? Isn't it my dim eyes?"

Father Mu Yunlong's excited hands were shaking uncontrollably.

"Grandpa, it's me! Your grandson Li Tian, I'm back!"

"Just come back! Just come back! As long as I can read your words before I die, so even if I die, I will be stunned!"

"Grandpa won't die!"

"What silly thing to say, people are not gods, they are always mortal. In ancient times, the emperor claimed to be long live, but how many people can really live a hundred years? Grandpa, I can live to this day, and I am satisfied. "

Li Tian knew that the old man was very pragmatic and didn't like to say any big words, and he also knew that his deadline was approaching. He couldn't help feeling sad when he thought of this.

Originally wanted to show the Godhead to the old man, now Li Tian also gave up this idea.

"Grandpa, what do you want? I will help you complete it!" Li Tiandao.

Father Mu Yunlong really laughed out loud now.

"My grandson knows me best. China has not been peaceful these years. These little ***** have trapped me here for my safety. I'm really into the new year. I want to visit the place where I have fought Look, I also want to visit those countries on the other side of the ocean that I have never been to before, and I also want to visit the South China Sea..."

The world is so big, the old man Mu Yunlong seldom goes to see it all his life.

After the end of the apocalypse, the old man has only been to the Dongying island country, visited a few small islands for vacation, and worked for China at other times.

"Yeah! Father, I will take you there!"

"Just go with the two of us, I don't want so many people to follow me, I really think I am a dead old man, it is no longer useful!" Mu Yunlong said.

Li Tian nodded slightly and smiled again.

"Just go with the two of us. We will go wherever the old man wants to go! No one will disturb us!"

The old man Mu Yunlong seemed to suddenly regained his energy. He walked out of the bed on his own initiative and began to wear clothes quickly. The old man soon finished packing up, wearing a military uniform without any rank, and he looked equally energetic.

"let's go?"

"Master, I haven't told Li Bai or Duanmuying when I came back, should we tell them so that they won't be anxious?"

"No! Once you tell them, these guys will definitely send someone to follow us secretly, so how can we be agile? Just us, no one will tell, if they are in a hurry, let them go!" Mr. Mu Yunlong A smirk appeared on his face.

"Okay, let them go in a hurry!"

Li Tian came to Mr. Mu Yunlong's side and reached out to help him.

"Father, now my grandson's cultivation base is quite high, let me take you to see the world you have never seen before!"

As soon as the voice fell, Li Tian and Mu Yunlong disappeared instantly.
