

A Killer 5141

Chapter 5141: What about demigods

There is no melodious silk and bamboo, and there is no beautiful Gong E dancing.

Donggong Dongfang was lying halfway on a huge chair, squeezing a bunch of fruits rich in Galewind Valley directly into his mouth, and with a light bite, the sweet taste suddenly spread in his mouth, tasting a sip of fruit wine. Although it is not as strong as the liquor produced by Li Tianjun regiment, it has a special flavor.

"Yes, really good!"

A faint smile appeared at the corner of Donggong Donggong's mouth, and the idea of building the Valley of the Storm into the Donggong Super God Family Resort was even more intense.

"After the Nether Academy and the Li Tianjun regiment are destroyed, I will definitely suggest that the patriarch should take the Galewind Valley as his own. The unique fruits and fruit wine produced here can also bring a lot of income to the Donggong Super God family. !" Donggong Dongfang thought in his heart.

Donggong Dongfang drank himself and drank the fruit wine without knowing it. At this time, it has been more than half an hour since he entered the Valley of the Wind.

During this period, except for the head wolf of the blood wolf clan who brought him here, after someone brought him wine and delicacies, no other blood wolf clan came.

At first Donggong Dongfang thought this was the blood wolf clan powerhouse who feared him, so he didn't dare to come and disturb him, but as time passed, Donggong Dongfang felt that this was not the case at all.

"Could it be that the blood wolf tribe is deliberately neglecting me?"

As soon as Donggong Dongfang had such a thought in his mind, this thought began to spread uncontrollably in his mind.

"Come on, serve wine!" Donggong Dongfang shouted.

Quiet, quiet all around.

After a few minutes, no one came to answer him.

The anger in Donggong Dongfang's heart rose.

"Come on, serve wine!"

However, after a few minutes, there was still no waiter from the blood wolf clan to appear.

The East Palace stood up in the east.

"The **** of the blood wolf tribe is looking for death, so I dare to neglect me like this."

boom!

Donggong Dongfang stretched out his hand and smashed a white flowered wooden table beside him, together with the utensils containing fruits and fruit wine on the tabletop, and then Donggong Dongfang destroyed all the furniture in this side hall. To express the anger in his heart.

However, even if Donggong Dongfang's heart was burning with anger, no one came.

"What a blood wolf clan, originally my Eastern Palace Super God family wanted to recruit you, but now it seems that you don't put our Eastern Palace Super God family in your eyes at all. If I don't give you some color, then I really want you I underestimated our Donggong Super God Family!"

The murderous aura on Donggong Dongfang suddenly climbed, and the surging spiritual power was released from his body, instantly blowing up the entire side hall.

Whoosh!

Dong Gong Dongfang flew out of the side hall, suspended in mid-air.

What surprised Donggong Dongfang was that even if he blew up the Partial Hall, no one came, even as if the blood wolf clan had completely disappeared from here.

"Asshole!"

Donggong Dongfang is finally furious!

He rushed into the main hall, but saw that there was no one in the main hall at this time, only the wind passing through the main hall of the main hall, and the gauze tents hanging in the main hall fluttered in the wind.

"Could it be that the blood wolf tribe first comforted me in the side hall, and then the tribe fled?"

"Okay, very good! Our East Palace Super God Family gives you the opportunity of the Blood Wolf Clan, and your Blood Wolf tribe has neglected our East Palace Super God Family so much. If so, don't blame me for being impolite!"

Donggong Dongfang's left and right hands each showed strong spiritual power in an instant, and then he slammed into the main hall!

boom!

boom!

How could the main hall built by Bai Huamu withstand the attack of a demigod powerhouse? With two loud noises, this magnificent main hall collapsed.

Whoosh!

Donggong Dongfang flew out of the ruins!

At this moment, dozens of figures in a row flew out from the distance of the gust of wind and fell around the ruins.

It is the elders of the blood wolf clan.

"You fanatic, we blood wolf clan treat each other with courtesy, why did you destroy my blood wolf clan hall?" Liang Hao, the elder of the prodigal son, said angrily.

The blood wolf tribe has Liang as the surname. This great elder Liang Hao is currently the strongest master of the blood wolf tribe. He has the ninth-level initial state of the super domain master. Since the water ghost Guzi left the blood wolf tribe, Liang Hao has taken him as the great elder. To manage the blood wolf clan.

The realization of Donggong Dongfang slowly swept past these blood wolf tribes who had turned into human forms before him, without the slightest guilt on their faces, but because the elders of the blood wolf tribe arrived here, their hearts were even more angry.

"Treat with courtesy? Do you beasts know what courtesy is? Today I destroyed your hall to give you a little punishment, and quickly let your patriarch come to see me, otherwise I will definitely take the whole blood wolf clan Raze to the ground!" Donggong Dongfang said.

Donggong Dongfang's words completely aroused the blood wolf clan's anger.

"What are you, you dare to speak so loudly!"

"Grand Elder, the Donggong Super God Family is too rude, let's fight them to the end!"

"That is, the hatred between our blood wolf clan ancestors and the super **** family has not been resolved. Now the strong men of the East Palace super **** family have once again come to the blast valley to demonstrate. It is tolerable or unbearable, let's do it!"

"Elder, when did our blood wolf clan have been so useless, let alone the Eastern Palace Super God Family, even if all the powerhouses of the four super **** families come, we still do them!"

"Compared to the Donggong Super God Family, we are more willing to follow the Li Tianjun regiment. Li Tian is a descendant of our patriarch Shuiguiguzi. I believe in Li Tian more!"

It turned out that Li Tian had already arrived in the Storm Valley according to the map left by the Water Ghost Valley before the East Palace arrived, and was persuading the Blood Wolf Clan to follow him in the Super God Clan.

Hearing these blood wolf clan conversations, Donggong Dongfang understood the reason why these blood wolf clan neglect him. The corners of his mouth turned up slightly, and he sneered: "Who gave you the courage at that time, it was Li Tian. Hehe, , You really don't know how to write death words, and now you dare to get involved with Li Tian! It seems that I need to show you the strength of the Donggong Super God Family..."

boom!

Donggong Dongfang's spiritual power was constantly climbing, and the trees and flowers around him couldn't bear this powerful spiritual power, which continuously uprooted and took off, and then exploded in midair.

The divine power in the spiritual power is also constantly falling towards the surroundings, and the blood wolf clan powerhouse who was still arrogant just now began to tremble under this powerful divine power.

"So strong! Could this guy's cultivation level have reached... a demigod?"

"Demi-god-level powerhouse? We can't be opponents of demi-god-level powerhouses. Great elder, let's run away!"

"Run away! What can you do even if you are a demigod powerhouse? Could he still kill all of our blood wolf clan? Fuck him!"

"Good point! No matter what a demigod, follow me, Li Tian, and **** him!"

A voice from far to near, when the last word was spoken, the silhouette of the speaking person appeared in front of everyone in an instant.

It is Li Tian!

Chapter 5142: Kill Demigod

"Li Tian?"

Donggong Dongfang has never seen Li Tian.

As the elder of the East Palace Super God Family, Dong Gong Dongfang stays in the East Palace Super God Family to practice more, hoping to break through to the peak of the demigod. However, as a mid-level demigod powerhouse, Li Tian had already felt the mighty power released from Li Tian before he appeared.

Sure enough, the pinnacle of the demigod!

This is Donggong Dongfang's accurate judgment of Li Tianxiu's realm.

However, as the elder of the Donggong Super God family, as a strong man with the mid-demi-god realm, Donggong Dongfang has sufficient self-confidence. He does not think that Li Tian, who is only slightly stronger than him, can take him.

If both sides are fighting with their true abilities, then it might be the one who will kill them.

Even in terms of taking 10,000 steps, Li Tian's cultivation strength is indeed stronger than him, but what can it be?

Donggong Dongfang is a demigod mid-level realm. If Donggong Dongfang says to leave, who can keep him?

However, escape is not the style of the East Palace!

"Li Tian!"

"Master Li Tian!"

Several blood wolf elders saw Li Tian and saluted Li Tian.

Li Tian nodded slightly, walked slowly through the wolves, and stopped at a distance of less than tens of meters to the east of the East Palace. His eyes quickly swept across the collapsed ruins, but the corners of his mouth showed a slight attack. Disdain.

However, Li Tian did not pay attention to the east of the East Palace. He turned to look at the Great Elder Liang Hao of the Blood Wolf Clan, "Elder Liang, Uncle Water Ghost Gu Zi handed the Blood Wolf Clan into my hands, but you are actually an agent in the actual sense. Patriarch, now someone has bullied us, the strong blood wolf tribe surely won't let others be humiliated just like that?"

Liang Hao raised his eyebrows slightly, then stretched out, and said with a smile: "He is a semi-god-level powerhouse. For thousands of years of our blood wolf clan, only the head of the water ghost Guzi has reached the level of a half-god. The highest cultivation level of other powerhouses is only the ninth level of the super domain master. Facing the provocation of the demigod powerhouse, our blood wolf clan considers itself not his opponent. As the acting patriarch of the blood wolf clan, I must We must be responsible for the reproduction of the entire blood wolf race. If necessary, our blood wolf race can't cooperate with the Donggong Super God Family!"

Hearing this, the anger in Donggong Dongfang's heart suddenly disappeared.

"Hahaha, those who know the current affairs are handsome!"

Li Tian's heart was already a little unhappy.

This paralyzing is to increase the ambition of others and destroy one's own prestige.

At the beginning, Shuiguiguzi surrendered to the blood wolf tribe and became the patriarch of the blood wolf tribe, but the blood wolf clan already knew that Shuiguiguzi soared into the God Realm in the daytime. In their hearts, they believed that the Shuiguiguzi had betrayed them, and they were still full of certain water ghostguzi. resentment.

It is precisely because of this that when Li Tian came to the Blood Wolf Clan, although Li Tian's stated identity, he was not recognized by the Blood Wolf Clan, and even the elders of the Blood Wolf Clan still somewhat rejected Li Tian.

At the meeting of the blood wolf clan elders that has not yet ended, Li Tian stated that his purpose of coming to the blood wolf clan is to accept the entrustment of the water ghost Guzi and lead the blood wolf clan, the dragon clan, the water ghost clan, the sea monster clan and other mysterious races together. Deal with the super ***** family.

It's just that when Li Tian came to the Blood Wolf Clan, he didn't bring the heads of the super domain master-level powerhouses of the Super God Clan. This made the super domain master-level elders of the Blood Wolf Clan not trust Li Tian very much. They even doubted Li Tian. Is looking for cannon fodder, is to lead the blood wolf clan to die.

But what the blood wolf tribe needs most now is the wolf head, a strong man who can lead the blood wolf tribe to move forward, especially when it is provoked by a strong man like the super ***** family.

Li Tian swept through the blood wolf clan powerhouses, reached out his hand, pointed at Donggong Dongfang, "The rush that came before did not bring the heads of the super ***** family powerhouses, which makes you doubt my strength. Now, I will cut off his head and give it to you with the head of a demigod powerhouse. You should always recognize my strength!"

The great elder Liang Hao had not spoken yet, and the other blood wolf clan elders had already been set alight by Li Tian's words.

"Really? As long as you can take his head off, then our blood wolf tribe warriors will naturally follow you!"

"Ohhhh! Lord Li Tian is still tough enough to even dare to speak to a demigod-level powerhouse like this, I feel my blood is boiling!"

"That is, the same patriarch, I would prefer to follow Master Li Tian, even if Master Li Tian is not this guy's opponent, we are also willing to follow him, at least with such a patriarch, we still have hope in our hearts, rather than being a puppet forever. The land settled in the Valley of the Wind, a place where birds don't shit."

"Master Li Tian, fuck him! Kill him, if necessary, our blood wolf clan can help you ***** him!"

The elders of the blood wolf clan screamed.

At this time Li Tian has already started to act!

Facing the mid-level demigod powerhouse, Li Tian is now confident.

Huh!

Li Tian's body was covered by dragon scales during the teleportation, and his murderous aura continued to rise.

"Hey, good coming! Today, let me also see what kind of ability Li Tian can escape from the four demi-god-level powerhouses of the Super God family!" Donggong Dongfang roared, and did not react. He rushed up to meet Li Tian.

Huh!

At the moment when Li Tian appeared, Donggong Dongfang had already appeared a ten-foot-long spiritual sword.

This spirit sword seemed to cut the void, the hilt was still in Donggong Dong's hand, and the tip of the sword had already pierced Li Tian.

Cang!

Li Tian raised his hand casually, and a long sword of spiritual power also appeared in his hand, blocking it!

Then, huh! Huh! Huh! Li Tian strikes back with three consecutive moves!

Cang! Cang! Cang!

The psychic long swords collided continuously in the air, and there was a violent metal crash.

The shock wave generated by the impact even made the blood wolf clan powerhouses a little unstable, and they teleported backward to avoid them.

At the end of the three moves, the aura of the spiritual power sword in Li Tian's hand remained, but the spiritual power sword in Donggong Donggong's hand shook slightly, flickering and darkening, as if the spiritual power sword might shatter at any time.

"So strong! I didn't expect Master Li Tian to have such a strong strength!"

"That's right! This guy in the Eastern Palace Super God family is known as a demigod, so it seems that Lord Li Tian's cultivation is also above the demigod. No wonder I didn't know the true strength of Lord Li Tian at the beginning!"

"Now it seems that Lord Li Tian still has a slight advantage, do you think Lord Li Tian can defeat the strong of the Eastern Palace Super God Family?"

"This is inevitable, but I don't know whether Lord Li Tian can kill him. Once the strong of the Eastern Palace Super God family escapes, then it is not a good thing for our Blood Wolf Clan!"

The elders of the Blood Wolf tribe kept their eyes on Li Tian and Donggong Dongfang, but their hearts were already boiling.

As long as the blood wolf tribe has a demigod-level powerhouse, the blood wolf tribe can completely gain a foothold in the gust of wind, and it may even be like the sea monster tribe, seeking to return to the human society.

Liang Hao didn't have the excitement of other blood wolf clan elders in his heart.

Even if Li Tian hides his strength again, Liang Hao, as the powerhouse of the ninth-level pinnacle realm of the super domain master, can still guess how Li Tian's cultivation realm has reached a half god. However, Liang Hao is still not sure whether Li Tian really wants to lead the blood wolf clan, he is still not sure whether Li Tian can lead the blood wolf clan, he is even more uncertain whether Li Tian has the determination to fight the super **** family desperately.

After all, it is not long for Li Tian to return from the metal world. For the blood wolf tribe who has been hiding in the desert of the Great Northwest, they don't know that Li Tian was as early as three years ago, when he was only at the ninth level of the super domain master. He once killed the widow of the Sanlu Super God Family.

Now, the strength shown by Li Tian has gradually been recognized by Liang Hao, and Liang Hao nodded slightly involuntarily.

"As long as I kill this arrogant Eastern Palace Super God family powerhouse, I, Liang Hao, will definitely recognize you Li Tian as the patriarch!" Liang Hao thought to himself.

In the distance, the battle between Donggong Dongfang and Li Tian continued.

After the initial panic, Donggong Dongfang gradually stabilized his position, and the condensed spiritual power sword in his hand became more and more stable. When he fought with Li Tian again with the spiritual power sword, Donggong Dongfang almost did not suffer.

"Boy, do you just have this strength? Hahaha, with this strength, it's okay to deal with ordinary demigod early stage powerhouses. If you want to deal with my Donggong Dongfang, you are still a little tender! Where is your red cut? You? Where's the great blue dragon? Let me also see the true strength of your Li Tian!" Donggong Dongfang laughed strangely.

There are too many rumors about Li Tian. Although Donggong Dongfang has not seen Li Tian, he also knows that Li Tian may not have shown his true strength, just like he has not shown his true strength.

If there is a chance, Donggong Dongfang would naturally want to fight against the strongest Li Tian, even if it can't hurt Li Tian, but through fighting with Li Tian, gradually grasping Li Tian's weaknesses, then in the future the Super God Family and the Li Tian Army In the battle, the odds of victory for the Super God Family are even greater.

"Are you sure you want to meet my Hong Zhan?"

At this moment, Li Tian suddenly showed a sneer on his face.

This smile looked so hideous and terrifying.

Donggong Dongfang trembled involuntarily, he felt a trace of danger seemed to have locked him.

But for the next few moves, Li Tian still didn't release the Great Blue Dragon, and still didn't use Red Slash.

"This guy is really arrogant. In the face of a strong man like me, he can still dare not show his true ability. If so, don't blame me. See how I attacked this kid and turned this kid into a headless corpse. !" Dong Gong Dongfang Xin said.

Thinking of this, Donggong Dongfang gradually approached Li Tian. When he was only ten meters away from Li Tian, Donggong Dongfang suddenly opened his mouth, and there was a bright light in his mouth, which was locked firmly. Li Tian.

"Hey, kid, die!" Dong Gong Dongfang said.

At this moment, Donggong Dongfang saw a sneer at the corner of Li Tian's mouth, and Donggong Dongfang felt a coolness on the back of his neck, and then Donggong Dongfang's eyes saw a red light flying from both sides of his neck...

Chapter 5143: Regain the blood wolf clan

When this red light appeared, the battle was over!

Huh!

Li Tian's figure flashed and appeared in front of Donggong Dongfang, stretched out his hand, and held Donggong Dongfang's head in his hands.

Donggong Dongfang's body fell from a high altitude, hit the ground, and became a mass of flesh and blood.

Tick!

Tick!

Blood kept dripping from Donggong Dongfang's head!

The onlookers of the strong blood wolf clan were dumbfounded.

"I... I'll go, Master Li Tian is too tough!"

"Have you seen what happened to the red light that appeared just now? It appeared in a flash, and then disappeared in an instant! Is there someone who is secretly helping Master Li Tian?"

"Impossible! This is the battle of a demigod-level powerhouse. If there are other demi-god-level powerhouses lurking nearby, wouldn't the powerhouse of the Eastern Palace Super God family know?"

"Haha, in any case, it was Lord Li Tian who won! Starting today, Lord Li Tian will be the patriarch of our blood wolf clan!"

"This is the battle of demigod-level powerhouses. It is far from the earth-shattering as we imagined, but the powerful pressure released from them makes me, the super-domain master-level powerhouse, feel afraid, even The body is shaking involuntarily!"

"That is not coercion, but supernatural power!" Liang Hao said.

No one pays attention to the corpse of Donggong Dongfang, which has become a mass of flesh and blood, and the eyes of all the strong are on Li Tian. At this time, Li Tian is like the sun in the sky, so dazzling.

thump!

Liang Hao fell on the ground and fell to his knees facing Li Tian.

"Liang Hao, the acting patriarch and great elder of the blood wolf tribe, welcomes the return of the patriarch!"

Then the other blood wolf tribes fell on the ground one after another, kneeling to the ground to Li Tian.

"Second elder of the Blood Wolf Clan, congratulations on the return of Chief Li Tian!"

"The third elder of the blood wolf clan, welcome the return of the patriarch!"

"Blood wolf clan..."

At this time, the faces of the elders of these blood wolf tribes were no longer suspicious and speculated about Li Tian, and everyone was full of respect.

Huh!

Li Tian landed on the ground and threw Donggong Dongfang's head to the ground, trying to reach out and support Liang Hao.

"Elders, don't be polite!"

However, Liang Hao always fell to his knees. The other elders did the same, and no one stood up.

"State-owned, state-owned, and family-owned. We didn't respect the patriarch before, and even suspected the patriarch's motives. Now that we know our mistakes, please punish us!" Liang Hao said.

The corners of Li Tian's mouth turned up slightly, what he wanted was such an effect!

The blood wolf tribe's overall strength is not weak in the Netherworld, but now Li Tian's cultivation base has reached the peak of a demigod. The cultivation bases of most members of the Li Tian army have broken through to the demigod, at least a few members' cultivation bases. Still staying in the realm of the super domain master, but even so, those members are much stronger than the blood wolf clan, so for the current Li Tian and the Li Tian army, there is actually no big difference between whether there is a blood wolf clan.

It's just that Li Tian still remembered Shuigui Guzi's request that when dealing with the Super God Clan, he would naturally bring the Blood Wolf, Youlong, and Shuigui tribes to play together, so he was willing to give them this opportunity.

Before Li Tian came to Storm Valley, he went to the water ghost clan territory. The water ghost clan had parallel imports, water birds, water cannons, etc. After seeing Li Tian, he did not hesitate to choose to follow and Li Tian joined the Super God family. , Now the Blood Wolf Clan has also been subdued, leaving behind the most difficult Youlong Clan.

Li Tian did not reach out to support Liang Hao, but stretched out his right hand and flipped his wrist up. With the surging spiritual power swarming out of Li Tian, the blood wolf clan elders who fell on their knees immediately followed. Involuntarily stood up.

The blood wolf clan powerhouses once again felt the power of Li Tian, and were deeply impressed by the power of Li Tian.

Then Li Tian was treated warmly by the blood wolf tribe, and the wine and delicacies were naturally indispensable. Even the blood wolf tribe wanted to provide Li Tian, the patriarch, with several blood wolf beauties.

The beauty of the blood wolf tribe changed into a human form, and the shortest one reached more than two meters in height. Those big long legs, that was the real year of playing with the legs, but Li Tian went through the craziness of the earth world for twenty days. The beauty didn't have much interest, so she politely declined the beauty of the blood wolf tribe.

"Patriarch, when shall we be the Super God Family?"

"Yes, because of the Super God family, our blood wolf tribe was forever driven out of human life, and the blood wolf tribe didn't want to return to mankind one day!"

"It's just that the cultivation level of our blood wolf clan's strongest elder has not reached the level of demigod. I don't know if I can help the patriarch!"

"What if our cultivation base has not reached the demigod? As long as our patriarch leads us, coupled with the unique formation of our blood wolf clan, even if we are a demigod strong, we are not afraid!"

The powerhouses of the blood wolf tribe are quite bold, pushing the cup into the cup, and gradually being overwhelmed by Li Tian's drinking capacity. They have regarded Li Tian as their real brother. Although these guys called patriarch Li Tian, they The compliments from before are long gone.

"Patriarch Li Tian, just like the other elders said earlier, as long as the blood wolf tribe can return to the human race, even if all the elder-level powerhouses of our blood wolf tribe are killed in battle, our blood wolf tribe will not be afraid of it at all. "Liang Hao drank a cup of fruit wine to the full.

Li Tian put down the wine glass in his hand and motioned everyone to be quiet.

When all the strong men of the blood wolf tribe were quiet, Li Tian slowly said: "The spirit of the blood wolf tribe to fight and not be afraid of death is very touched by me, but I am not afraid to say angrily, everyone. Even if there is a blood wolf clan battle formation, dealing with the elders of the super **** clan may not be easy."

Although the blood wolf clan didn't want to admit it, he nodded slightly.

The powerhouses above the Demigod level had far exceeded their understanding, especially after seeing the battle between Li Tian and Donggong Dongfang, they already knew the gap between them and the powerhouses of the Demigod level.

So just now when those guys were talking big, they deliberately added Li Tian, the demigod pinnacle, as the leader.

"The four super-god families are united, and their semi-god-level powerhouses are conservatively estimated to still have more than forty..."

Before Li Tian had finished speaking, these blood wolf clan powerhouses couldn't help taking a breath.

They were really shocked by this huge number.

"So many demigod-level powerhouses? We... is it possible for us to win?"

"All the powerhouses of the Water Ghost Tribe, Youlong Tribe, Blood Wolf Tribe, and Sea-Monster Tribe are united, I am afraid it is not enough for these demigods of the Super God family to stuff their teeth.

"Impossible! We absolutely cannot win!"

The expression on Liang Hao's face was slightly unhappy, and he said angrily: "Shut up all of you! Listen to the arrangements made by Chief Li Tian!"

All the powerhouses of the blood wolf clan once again set their sights on Li Tian.

"There are many demigod-level powerhouses in the Super God family, but my Li Tianjun regiment is not weak. It is now conservatively estimated that at least a dozen demigod-level powerhouses have been born in my Li Tianjun regiment, and Nether Academy has also been born. Several semi-god-level powerhouses..."

"There is still a big gap in the number of semi-god-level powerhouses." The blood wolf clan powerhouses thought at the same time.

Li Tian saw the worries on the faces of the blood wolf clan elders, but he did not tell the blood wolf clan a story, and continued: "As you think, we are better than the demigods of the four super **** families. There is still a certain gap in the number of people, but the battle has always been like this, and there will never be absolute fairness. This time there must be bloodshed, injuries, and sacrifices. Even our Li Tianjun regiment, Nether Academy, and Blood Wolf clan all have It may be completely annihilated, but if we don't stand up against the Super God Family and let the Super God Family slaughter, then after a few hundred years, after thousands of years, will this Nether Realm still have a territory where we live?"

"The demigod-level powerhouse can ascend in the daytime and hide in the gods, but what about the powerhouses who have not broken through to the demi-god state? Do you hope that your descendants will lose even their current living territories, and finally fled and escaped everywhere. Is it the pursuit of the Super God Family?"

A few words of Li Tian aroused the blood in the blood wolf clan body.

"Patriarch Li Tian, we are willing to follow you!"

"Isn't it just death? We blood wolf clan still have men who are afraid of death?"

"Haha, although our blood wolf clan is alive and well in blast valley, we are like pets trapped by the super **** family. We have slowly lost our fangs and nature!"

"Super God family? Damn, we can't do a demigod, can't we still be a super domain master powerhouse?"

Many powerful blood wolf clan screamed, even if Li Tian asked them to attack the territory of the Eastern Palace Super God Family, it is estimated that these guys would definitely agree.

Li Tian nodded slightly.

He didn't really want the Blood Wolf Clan to follow him to deal with the Super God Clan, but Li Tian also wanted to confirm whether the Blood Wolf Clan was still bloody.

"Very well, all you need is your aura! Tomorrow, the strong of the Nether Academy and the strong of the Li Tianjun regiment will come out of the secret realm, and then we will launch a

counterattack against the super ***** family, what the blood wolf family will do It is to stab the Super God Family from behind to deal with those ancient families that have fallen to the Super God Family!" Li Tiandao.

"Ancient family? Has the ancient family been united with the super ***** family?"

Li Tian shook his head slightly, "It is still unknown, but we have to plan ahead!"

The faces of the powerhouses of the Blood Wolf clan showed a trace of pride involuntarily.

"Haha, we may not be able to help much with the Super God Family, but we are not weak in dealing with the Ancient Family."

"Just now I was thinking, will this super domain master-level powerhouse of the Netherworld have no chance to perform in the future? If that is the case, I still want to explode and end up with the powerhouse of the super ***** family, now I Don't worry!"

After arranging an attack time with the blood wolf tribe, Li Tian did not stay too much in the gust of wind, leaving the gust of wind, Li Tian went straight to the territory of the dragon tribe.

"Youlong clan, many mysterious races of demigods have been born, I hope you don't let me down!"

Li Tian looked at the map left by the Water Ghost Guzi in his hand and disappeared instantly.

Chapter 5144: Youlong

The territory of the Youlong tribe is located in the extreme north.

The average temperature here all year round is minus fifty degrees, even in the hottest summer, here is still raging cold wind, ice and snow, dripping water into ice.

If the gust of wind is rare, there are almost no creatures in the territory of the Youlong clan. Only a few hundred meters under the thick ice can there be the shadow of creatures living in the deep sea.

In the ice and snow, there is a hot spring, and around the hot spring are towering icebergs.

The iceberg blocks the cold wind outside, forming a small basin of less than ten square kilometers.

The temperature in the small basin is slightly higher than the periphery, but it is not enough to breed any green plants.

And here is the territory of Youlong Clan.

Only ten square kilometers of ice field, there are thousands of dragons inhabited!

To be precise, the Dragons do not belong to human beings. Even if their cultivation level reaches the domain master, super domain master, or even demigod, they can possess human wisdom and can speak words, but it is still difficult to change into a human being. appearance.

For unknown reasons, the Youlong clan was once a member of human society.

However, the Youlong tribe, like the Sea-Monster tribe, the Water Ghost tribe, and the Blood Wolf tribe, were later forced to leave the human society under the persecution of the Super God Clan and hide in this far north.

Logically speaking, the Youlong Clan should be full of hatred for the Super God Clan, but at this time, around this hot spring, several powerful men from the four Super God Clan were warmly welcomed by the You Long Clan.

The current patriarch of the Youlong clan, You Longqing, controls a mass of spring water in the hot spring to be suspended in mid-air, and then the spring water is automatically divided into several channels and shot into the wine glasses from the four powerful super **** families.

"Thank you for the good news brought by the four elders, please fill this cup!" You Longqing smiled loudly.

You Longqing is a dragon with a head of more than ten feet long and full of white bones. It's just that there are a pair of white bone wings behind the dragon. If it weren't for the blue eyes of You Longqing, it's shining. You Longqing sitting by the hot spring looked like a pile of bones.

"Youlong patriarch is polite, the four of us are just running errands to deliver letters. The Youlong tribe made a huge contribution to humanity, and now it can return to humanity again. This is what everyone expects!" Mo Han, the widow of the Sanlu Super God family Holding a wine bowl carved from dragon scales, he said with a smile.

After that, Sanlu Mo Han drank the bowl in his hand.

A warm current immediately dissipated in Sanlu Mo Han's body, warm, as if a fire was beating inside his body.

"Good spring, good wine!" Sanlu Mo Han smiled nicely.

The hot spring contains surging spiritual power. Although it is spring water, the spring water contains alcohol, which is many times stronger than ordinary water wine.

Donggong Chunhua, from the Donggong Super God family, is a handsome **** who seems to be in her early forties, but still has the charm. Hearing Sanlu Mo Han's praise, she couldn't help holding up the wine bowl and grumbled. Gulp.

The spring water flowed down the two ends of her mouth. In just a moment, Donggong Chunhua's chest was already wet, and the thin, cicada-winged clothes stuck to her chest, making it even more so that the gullies in the **** were deep. .

Donggong Chunhua didn't care at all. After drinking the wine bowl, the bottom of the wine bowl was illuminated, and he smiled happily, "It really is a good spring, good wine! With this spring, it is no wonder the overall strength of the Youlong Clan is so powerful!"

Seeing Sanlu Mo Han's eyes, she glanced at her chest from time to time, Donggong Chunhua's face showed a smug smile, but the spiritual power on her body swayed slightly, and the surging spiritual power made her plump The twin peaks are wrapped up, and impartiality just blocks the important part.

Sanlu Mo Han smirked.

Xiuyu Ju was just an old widow sent by the Super God Family of Xiuyu. He had already put down the wine bowl and looked up at You Longqing and said, "The matter has been negotiated. We will not bother the Youlong patriarch. Please the patriarch within three days. As the clan migrates, our

four super-god families have divided the spiritual power of the Youlong Clan and returned it to the Youlong Clan."

"Hahaha, good! We Youlong Clan have been looking forward to this day for a long time. Now that we have such an opportunity, our Youlong Clan really can't wait. When we send off the four elders, I will pass on the order and let the Youlong Clan members immediately turn to our ancestral home. Migration! Once again, on behalf of the Youlong Clan, I would like to thank the four super **** families again!"

Among the four widows of the super **** family, only Baima Weidao remained silent.

Firstly, it is because the White Horse Guardian is not good at words and dealing with strangers. Secondly, the relocation of the Youlong Clan is not necessarily a good thing for the White Horse Super God family, because the territory of the Youlong Clan's relocation is more distant from the White Horse Super God family. Recently, more than two-thirds of this territory was divided from the territory of the White Horse Super God Family.

At this time, Baima Weidao was holding the wine bowl, but he could hardly taste the hot spring of the wine bowl.

With a bowl full of hot springs, Baima Weidao hardly moved.

"Huh? Could it be that our Youlong clan moved back to the ancestral land, and the white horse elder is not happy?" You Longqing caught a glimpse of this scene, and a trace of unpleasantness flashed in his eyes.

Baima Weidao realized that he had lost his attitude, and said to You Longqing: "Wei Dao has no intention of this!"

Several other elders also came out to make ends meet.

"The guys of the White Horse Super God Family are not good at words, they absolutely don't have such a trace, so please don't mind the clan leader Youlong!"

"That's right, the old ghost of the white horse doesn't drink any wine. It's the first time that I can pick up the wine bowl of the Youlong patriarch today! How can I not like it in my heart?"

"Patriarch Youlong, don't be as knowledgeable as the old wood-like white horse ghost!"

Li Tianjun regiment and Netherworld Academy entered the secret realm, and the two Li Tian who came out of the secret realm in succession possessed the demigod level cultivation realm. Moreover, Li Tian killed the widows of the two super **** families as soon as he left the secret realm. This made the patriarchs of the four super **** families feel a little uneasy.

In order to alleviate the anxiety and fight the enemy together, the four patriarchs sat together and discussed and decided to make a close and close attack. First, the ancient family and the mysterious race should be united to deal with the Li Tianjun regiment and the Nether Academy. After the Li Tianjun regiment is eliminated, Picture it slowly.

Therefore, the elders of the four super **** families began to act, and only then did the elders of the four super **** families come to the territory of the Youlong clan.

"Haha, then I will misunderstand that the white horse is old, I will fine myself three cups to do it first!" You Longqing opened his mouth and sucked hard, and a strand of hot spring flew out of the hot spring and flew into You Longqing. In the mouth.

"Hahaha, we toast together..."

...

When Li Tian arrived in the territory of the Youlong clan, the four elders of the four super **** families had already left for some time.

Because everyone is a demigod, they all use teleport, so Li Tian didn't meet these four elders either.

Looking at the towering iceberg in front of him, Li Tian stood under the iceberg and shouted at the valley of the iceberg: "This is the territory of the Youlong clan? Then, under the trust of the patriarch of the Youlong clan, Shuiguiguzi, I am here to visit the Youlong clan!"

The voice was loud and loud, echoing continuously in the iceberg.

When Li Tian's voice disappeared, Li Tian saw several huge dragon shadows appearing in the iceberg!

This dragon shadow is very different from the Chinese dragon and the prehistoric dragon that Li Tian knows. It looks like a centipede and has at least eight dragon claws. On the back of this dragon, there is another pair of wings.

Seeing these dragon shadows, Li Tian knew why Shuigui Guzi had let Xiao Tianyi come here, because Li Tian felt in these Youlong clan powerhouses a feeling almost the same as Xiao Tianyi.

"Who is making noise here, don't you know that this is the territory of the Youlong clan? Hurry up, or you will be convicted of an intruder and killed!" A seven-eight-foot-long dragon hovered above Li Tian's head with a loud voice. Lei shouted at Li Tian dissatisfiedly.

Li Tian's brows wrinkled slightly, and he felt a little unhappy.

Isn't my words clear enough just now? I haven't stepped into the iceberg valley now, and I still stay on the ice sheet. How come I am a trespasser?

Li Tianqiang endured the displeasure in his heart, and once again told the Youlong clan powerhouse his purpose of coming here.

"Water Ghost Guzi is my uncle. Before his ascension, Water Ghost Guzi handed You Dragon, Blood Wolf, and Water Ghost in my hands..." Before Li Tian finished speaking, he was sneered by the powerhouse of You Dragon. The sound interrupted.

"Haha, Water Ghost Guzi? That despicable, shameless, cowardly human fellow?"

Li Tian's unhappy mood suddenly became even more unhappy, but he still maintained corresponding restraint.

"I'm Li Tian, I want to find the current steward of your Youlong Clan to tell me something. I have something to discuss..."

Li Tian's words were still not finished. Once again, they were planned by the powerful Youlong clan. This time, the powerful Youlong clan showed great happiness, as if the wolf saw the sheep, and the green eyes were all revealed. There was a ray of excitement.

"Hahaha, Li Tian, this guy is Li Tian! Brothers, work with me to catch this weak and not ***** guy and send it to the Super God Family to receive the reward!" The wings flapped, and a strong cold wind flew out from him with surging spiritual power.

Li Tian's figure flashed, and there was already a huge ice block where Li Tian was just now.

What a sharp attack, if it weren't for Li Tian to evade in time, the current Li Tian might have been frozen in this ice block and turned into an ice sculpture.

Li Tian's face was cold, and there was already a murder intent in his heart.

Just now the Youlong clan powerhouse insulted the Water Guiguzi, Li Tian originally planned to teach this guy a lesson, and now through the Youlong clan powerhouse, Li Tian can clearly judge that these Youlong clan powerhouses might have already returned to the Super God family!

In this case, Li Tian didn't need to give the Youlong clan any more face.

"court death!"

Li Tian roared, a red light flashed from his body.

Chapter 5145: Give some sweetness

Huh!

Huh!

Huh!

A red light flashed, and the powerful Youlong clan expert who was still arrogant just now did not even stop a move, he was chopped into seven or eight knots by Hong Zhan, and fell from the high sky, and the powerful attack power of Hong Zhan Cut on the iceberg.

Rumble!

The iceberg collapsed suddenly, splashing a pile of broken ice!

The other Youlong clan experts were shocked.

"This... this guy is so strong!"

"I am afraid that Li Tian's cultivation realm has at least reached the ninth level of the super domain master, and even...maybe it has reached the half-god realm?"

"Why didn't those shameless guys of the Super God Family ever say that Li Tian's cultivation level has reached a demigod?"

"Demigod powerhouse... I rub it, it's terrible!"

"Li Tian, this guy is too capable of pretending to be forceful. He is clearly a demigod-level powerhouse, but this ***** has condensed his aura and can't see the demeanor of a master at all!"

"Run away! Otherwise we will all be beheaded and become ribs..."

The remaining powerful Youlong clan fled towards the territory in horror.

How could Li Tian let them escape easily.

Whoosh!

Whoosh!

Li Tian's figure kept flashing around, and his Hong Zhan also cut seven or eight knives in an instant.

Huh!

Huh!

With a few consecutive stabs, every stab could easily kill a powerful Youlong clan without any suspense.

Within a minute, several Youlong clan powerhouses were all beheaded one by one by Li Tian.

Looking at the scattered white bones, the corners of Li Tian's mouth tilted upward, revealing a sneer.

"The biggest mistake you make is to insult the water ghost Guzi!"

As the two surging spiritual powers were released from Li Tian's palm, the bones that were bombarded under Li Tian's bombardment were not even left.

call!

Li Tian spouted a cloud of white gas from his nostrils, and then collected Hong Zhan into his body, and flew longitudinally towards the territory of the Youlong Clan.

But Li Tian hadn't even flown a few steps, and other Youlong clan powerhouses continued to appear in front of him.

Whoosh!

Whoosh!

The big-headed Youlong clan powerhouse is their patriarch You Longqing, and behind You Longqing, Qingyishui is the super domain master level Youlong clan powerhouse.

There are dozens of them in this number, and behind these Youlong clan powerhouses, there are other Youlong clan powerhouses appearing looming.

"Bold madman, dare to destroy the iceberg of my Youlong clan territory, dare to kill my Youlong clan powerhouse, you are looking for death!" You Longqing's voice exploded in Li Tian's ears like a thunder.

"Demi god?"

Seeing You Longqing, Li Tiandao felt a little surprised.

He didn't expect that the Youlong clan would also have demigod-level powerhouses. In this regard, the Youlong clan is already much stronger than other mysterious races and ancient families, and the Youlong clan's super domain masters also have a lot of peak realms, such strength. It is absolutely not to be underestimated, it is no wonder that even Shuiguiguzi has not completely subdued the Youlong clan.

I just don't know why the Youlong Clan with such strength will help Zhou to be abusive and submit to the Super God Clan?

Li Tian slowly shook his head and dispelled these thoughts in his mind. Li Tian was suspended in mid-air, standing against the wind, his sight slowly swept over the many powerful people of the Youlong clan who flew quickly, and a trace of essence flashed in his eyes. mango.

"Who are you? You dare to run wild in the territory of our Youlong clan!"

"Patriarch, don't talk to this kind of rubbish, let's kill him together!"

"Oh, there are no waste human beings with a few bones all over the body. What you anger is the most powerful race of the Nether World, the Dragon Race..."

Numerous Youlong clan powerhouses kept making noise.

Li Tian sneered and interrupted these guys.

"I am Li Tian of the Li Tianjun regiment. I came to the Youlong Clan by the order of the former patriarch of the Youlong Clan, Shuiguiguzi, to take over the Youlong Clan. These guys who do not know the heights of the earth dared to rush me, and even dared to insult the former patriarch Shuiguiguzi. I am doing Fa-rectification on the spot! Who else is not convinced, even if you come to die!" Li Tian said coldly.

Former patriarch Shuiguiguzi?

Li Tian from Li Tianjun?

Come to take over the Youlong clan?

These messages were connected and linked together, causing many Youlong clan powerhouses to laugh involuntarily.

"What ***** legion?"

"Hahaha, what is the water ghost Guzi?"

"Take over the Youlong clan? Is this guy okay with his brain?"

Hearing these words, Li Tian's brows couldn't help but frown.

"He was just lucky enough to win me a half-and-half move, and was approved by the patriarch of our ancestors of the Youlong clan, and was named and suppressed by our patriarch temporarily as the patriarch of the Youlong clan and led us. For the time being, do you know what is temporary? Since Shuiguiguzi left the territory of the Youlong clan, he has ceased to be the clan leader of the Youlong clan." Youlongqing continued with a sneer: "How could the clan leader of the Youlong clan let outsiders take the post? , I won't be in the future! The current Youlong clan chief is me! Youlongqing!"

"Yes, there is only one patriarch of our Youlong clan, and that is the patriarch of Youlongqing!"

"Boy, roll aside!"

"Fuck? He wants to be beautiful, destroy the iceberg of our Youlong clan, and behead our Youlong clan powerhouse, he must die!"

"Kill him! The patriarch killed him. Then we will take Li Tian's head and give it to the Super God Family. The Super God Family will definitely give us more territory!"

"Yes, we exchange our heads for territory, and then our Youlong Clan will become the largest mysterious race on par with the Super God Clan!"

The powerful Youlong clan behind You Longqing clamored again.

Li Tiansan smiled.

He didn't think about being the head of the Youlong clan at first, but Shuiguiguzi was insulted by the Youlong clan people. Li Tian felt that he had to rectify the name of Shuiguiguzi and the name of the Youlong clan chief.

But now it seems that Li Tian's idea is simply impossible to realize.

These Youlong clan powerhouses seem to have never recognized Shuigui Guzi, and they would not recognize Li Tian either.

Even if Li Tian used absolute powerlessness to temporarily surrender the Youlong tribe, as long as Li Tian leaves the territory of the Youlong tribe, these Youlong tribe guys will find various reasons to deny their previous submission to Li Tian.

Of course, what's more important is that the current Youlong clan has been subordinated to the Super God family and has become Li Tian's hostile force.

You Longqing slowly flew out from among the many powerful Youlong clan, motioning other Youlong clan powerhouses to be quiet, and then his eyes stared at Li Tian, sneered and said: "Boy, originally looked at the water ghost valley. I should forgive you for not dying, but you should never destroy my mountain gate and kill my clan. Now, I can only kill you and sacrifice my clan with your blood, so that I can calm down. The anger of the dragon clan."

"Of course, hehe, I heard that your head is very valuable now. We, the Youlong clan, are quite interested. Since you have the intention to be the clan leader of the Youlong clan, then you leave your head behind. contribution!"

While speaking, more than a hundred Youlong clan powerhouses have formed an encirclement, enclosing Li Tian in the middle.

"Give it to me! Kill him!" You Longqing said.

This sentence seemed to be a signal. The Youlong clan experts who were just encircled just now turned into encircling balls, using their bodies to completely control Li Tian within the attack range of a spherical body.

Ouch!

Following the order of You Longqing, many Youlong strong men seemed to be crazy, all running their spiritual powers. These Youlong strong men flapped their wings at the same time, releasing a wave of cold wind and blades. Li Tian.

In an instant, the entire surrounding ball had become a solid spherical ice block, and Li Tian was frozen in the center of this spherical body!

The volume of this spherical ice cube is at least a few thousand cubic meters. The moment it appeared, it began to fall continuously from high altitude until it was about to be on the ice sheet. Only when You Longqing controlled the ice ball, slowly The ground fell on the ground.

Hum~

Hum~

On this giant ice hockey puck, slowly spiritual power flows on it.

From time to time, a weird rune of purple or other colors appeared inside the hockey puck, as if it was an electric current that was constantly walking inside the hockey puck, but Li Tian still maintained his previous posture, like an ice sculpture, motionless Frozen in the hockey puck.

"Hahaha, this guy is really vulnerable!"

"That's the end of the battle? It's really no challenge!"

"Our Youlongqing patriarch controls Li Tian with his supernatural power, he can't escape with his wings!"

"Yes, even if it is an ordinary Demigod-level powerhouse, it is impossible to be the opponent of our Youlongqing patriarch!"

You Longqing snorted coldly, and said disdainfully: "With such strength, I still want to be the patriarch of our Youlong clan, I am!"

A ball of dragon salivation spit on the giant puck.

There was another burst of laughter from the other Youlong clan experts.

However, at this moment, a gap suddenly opened in the hockey puck.

"I rub! The strength of the patriarch is really strong, and a mouthful of water can condense so many powerful people of our Youlong Clan with spiritual power to smash such a crack in the dragon ice formation!"

"That is, our patriarch is a demigod powerhouse..."

The two Youlong clan powerhouses flattered You Longqing, and the dragon head showed a mean expression.

But at this moment, a red light flashed from the gap.

Ah~!

Ah~!

Two screams followed, and the bodies of the two Youlong clan experts who were flattering were cut into several sections by red light!

"Fuck! Is this... the guy Li Tian did it?"

"Isn't he already trapped in the dragon-binding ice formation? How could he still release a powerful attack?"

"Why are you still stunned, hurry up and make up the dragon-binding ice formation..."

These Youlong clan powerhouses kept flashing their wings, and groups of powerful spiritual power kept falling on the ice hockey. The cracks in the ice hockey were filled almost instantly, but at the same time there were two red lines. Light flashed from the ice hockey, and two Youlong clan experts were beheaded.

"It's dangerous, I didn't expect that this guy's strength is not weak, he has been trapped in the formation or killed our four strong!"

"Really... it's terrible!"

Within the ice formation, Li Tian sneered in his heart, "Even the most powerful Youlongqing is only in the early stage of a demigod. Just you trash want to trap me? Dream! If I don't give you some sweetness, How can you kill your entire Youlong clan?"

Chapter 5146: Three Hundred Youlong Array

The Dragon Bound Ice Array of the Youlong Clan is the strongest control type of this race.

It requires at least thirty superdomain masters above the fifth level of the dragon to release the ice spirit power attack at the same time, and with the special control rune spell of the dragon clan to have the best effect.

The dragon-binding ice formation is like an upgraded version of the "domain", created specifically for the super domain master realm and even the powerhouses of the demigod-level realm. Once trapped in this dragon-binding ice formation, even if it is a real dragon, The same can only be caught with nothing!

Relying on this dragon-binding ice formation, the Youlong tribe has killed too many masters in the past battles with humans. More than a dozen super domain masters, ninth-level peak masters, and three demi-god early-stage masters were once dragon-binding. The dead soul under the battle.

In the eyes of Youlong clan powerhouses, Li Tian's cultivation realm is estimated to be the early half-god, or the middle half-god. Whether the dragon-binding ice formation can trap the powerhouses of the demi-god-level mid-level realm in this dragon-binding ice formation, the powerhouses of this dragon clan still have no idea.

However, this time the Dragon Bound Ice Array was suppressed by You Longqing, the demi-god patriarch, which gave the powerhouses of the You Dragon Clan the confidence to trap Li Tian in it.

In less than ten seconds, the gap in the dragon-binding ice formation had indeed been filled, and the dragon-binding ice formation began to operate again.

"Patriarch, this time you dare not use saliva to break the big formation, otherwise the brothers will have to suffer again!"

"Haha, that was just an accident just now! Since this dragon-bound ice formation was created, there has never been a precedent for the trapped to escape from it, so don't worry! Now, dozens of people are left to continue to release their spiritual power. , To maintain the operation of the Dragon Bound Ice Formation, and when we migrate together, we will hand over Li Tian and the ice hockey to the Super God Family!" You Long Qing said.

"I seem to have seen the stunned scenes of the super-god family powerhouses!"

"That's right, Li Tian, whom the super-shen clan powerhouses couldn't help but was caught by our Youlong clan, now our Youlong clan is really famous in the Netherworld!"

However, the joy of these Youlong clan experts did not last for a few minutes. As a strange red light flashed in the dragon-binding ice formation, the newly repaired dragon-binding ice formation once

again split a three-finger-wide gap, four or five. Dao Hongguang flew out from this gap, piercing the void and slashing towards the powerful Youlong clan.

Huh!

Huh!

Huh!

With a few red lights flashing, the four or five Youlong clan powerhouses did not have time to evade at all, and fell from the sky with a scream.

When they landed on the ground, these Youlong clan powerhouses had been chopped into two pieces and turned into sacred bones.

You Longqing couldn't help getting angry, and roared angrily: "Asshole, I don't believe that this dragon-binding ice formation can't hold you down! Go up to me and start the three-hundred Youlong formation!"

Behind You Longqing, more than two hundred You Long flew up.

However, the cultivation level of these dragons is generally not high, the number of superdomain master level experts does not exceed a dozen, most of them are domain master level dragons, and even the emperor realm dragons participate in it.

Three hundred dragons are flying in the air. These dragons seem to be a little messy when they fly, but if you look closely, you will find the law.

Huh!

Huh!

Huh!

With these dragons flapping their wings, the air of ice continued to fall on the dragon-binding ice formation. The gaps in the ice formation were filled again, and the cold air released by these three hundred dragons soon bound the dragons again. The volume of the puck formed by the ice formation has expanded several times again.

At this time, the dragon-bound ice formation and the entire ice field under the ice hockey are already connected together!

Runes of the Youlong clan appeared in the ice hockey and even on the ice field. It seems that the dragon-binding ice formation is already a copper wall and iron wall, as solid as gold!

Li Tian in the Dragon Bound Ice Formation saw this situation, and couldn't help laughing, "Even the Youlong of the Emperor Realm has come out. Let me see how strong your Youlong Clan's three hundred Youlong Formations are. !"

As Li Tian's mind moved, several divine might slowly released from him.

"Huh? The Three Hundred Youlong Dragons of the Youlong Clan is indeed a bit of a way!"

Before, Li Tian only needed to release his supernatural power at will, he could break the ice puck in an instant, and then the red sword in Li Tian's body released a red light attack, but now Li Tian

released the supernatural power seems to be restrained, wanting to easily It was not so easy to break the dragon-binding ice formation.

"If this is the case, then I will raise my divine power to another level!" Li Tian sneered in his heart.

Hum!

As the number of divine powers released from Li Tian's body increased, and the power of divine powers became stronger and stronger, with Li Tian as the origin, cracks like hair appeared almost simultaneously.

Click!

Click!

After these cracks appeared, they immediately spread out of the ice formation.

"No...no, Li Tian seems to be breaking through the ice formation! Hurry up and speed up the release, and he must not be allowed to escape from this dragon-binding ice formation!"

Click!

At this moment, the giant ice hockey puck of the dragon-binding ice formation has cracked more than a dozen two-finger-wide gaps at the same time, and there are other gaps constantly appearing. The dragon-binding ice formation instantly seems like a broken sieve, everywhere. All cracks.

There are a large number of powerhouses in the super domain master realm of the Youlong clan, and they are extremely fast in repairing the large formation.

It's just that the cracks in the dragon-binding ice formation are also cracking fast.

Every time the powerhouses of the Youlong clan feel that they have filled up the loopholes in the dragon-binding ice formation, but new loopholes will appear immediately.

The west side that fills the east side will crack again, and the upper side that fills the west side will crack again.

Huh!

Huh!

Huh!

Red light flew out from the gap continuously, instantly beheading the powerful Youlong clan.

The powerhouses of the Youlong clan were in a hurry, and they had discovered that the people around them were constantly falling from the sky. In just a few minutes, more than one hundred and twenty powerful people of the Youlong clan were beheaded by Li Tian.

And this number is still rising.

"Patriarch, this is no way to go on like this! If this goes on, I am afraid that our Youlong clan powerhouse will most likely be killed by Li Tian, the patriarch will find a way!" There is a Youlong clan powerhouse who roared tremblingly.

"Patriarch, most of the cultivation bases of our Youlong clan's powerhouses are in the realm of domain masters, and even the realm of venerables. The three hundred dragons that we have opened

now do not have one-tenth the power of the most powerful formation. With the current power of the big formation, Ken would have no way to control Li Tian!"

You Longqing's eyes flickered, and suddenly he seemed to have made up his mind. He gritted his teeth and said angrily: "Use the fierce formation! I don't believe that our entire Youlong clan still has no choice but to take him a little Li Tian!"

The fierce array?

Hearing this name, the other Youlong tribe around You Longqing trembled involuntarily, and even the look of You Longqing's eyes changed.

"Patriarch, this...this...isn't it too dangerous?"

Chapter 5147: Fierce array

The fierce formation, as its name suggests, is extremely dangerous, it is a brutal formation that kills a thousand enemies and hurts 800.

Once the fierce formation is opened, then someone will inevitably die in the formation, either the strong trapped in the formation, or the strong casting the formation.

Even if the trapped person dies in it, the caster will consume a lot of spiritual power. If luck is good, the caster's cultivation base will plummet, and if the luck is bad, the caster may even fail after the second. Unable to continue practicing.

For tens of thousands of years, the powerhouse of the Youlong clan has never used a fierce formation.

You Longqing cast an uncomfortable look at the doubter, and then said: "Do you have any way to control Li Tian without using the fierce formation? Now we have more than 120 Youlong clan experts who have died in his hands. If you don't use the fierce array, can you be responsible for the greater casualties?"

The skeptic who said in a word shut up.

"Listen to my order, you...and you, a total of thirty-two Youlong Warriors, now immediately start to use the fierce formation, and you must trap Li Tian in the fierce formation at all costs, if...if this It is possible for the guy to escape, so you have to sacrifice yourself for the consideration of the entire Youlong clan's race, and blew yourself to death with him!" Youlong Qingdao.

You Longqing gave a death order.

With a roar of more than 30 Youlong Warriors named by Youlongqing, they rushed directly to the Dragon Bound Ice Array.

Soon, these thirty-two Youlong Warriors appeared in different positions on the ice hockey. The dragon claws of these Youlong Warriors were caught on the ice hockey puck, and their wings were flapping against the ice hockey.

"Do it!" You Longqing roared.

The other powerful Youlong tribes immediately speeded up flapping their wings, and the air of ice was constantly falling on these 32 Youlong tribe warriors. Within a few seconds, these 32 Youlong tribe warriors were just like Li Tian. , Was trapped in the dragon-binding ice formation.

The surging spiritual power was released from the body of these Youlong Warriors, and quickly circulated in the ice formation through the gaps in the dragon-binding ice formation.

Li Tian saw the runes of the Youlong clan in the ice hockey soaring instantly, and the entire hockey puck was full of colorful brilliance, and runes as high as ten feet were everywhere.

On these runes, the weird words were shining brightly, and a steady stream of spiritual power was absorbed by this rune, and then transformed into a wave of murderous aura.

Murderous as a sword!

The murderous intent penetrated the ice and continuously shot towards Li Tian.

The ice as hard as iron was instantly broken in this murderous aura.

Li Tian was shocked!

"What a powerful power, what a weird attack!"

Li Tian immediately controlled Shenwei to rush towards the murderous aura. Shenwei and the murderous aura met in the ice, but there was no explosion.

I saw two powerful forces stalemate, constantly destroying the ice layer.

Some ice caves gradually appeared on the solid ice layer, like ice caves scorched by boiling water, densely packed like ant dens.

It's just that these ice caves will soon be filled by the power of cold ice released by the other Youlong clan powerhouses who are currently using the three hundred Youlong Array.

"What a powerful guy! I'm afraid that Li Tian's cultivation level is already above me. Otherwise, the Dragon Bound Ice Array and the Three Hundred Youlong Array will not be able to control him without death. Now that the Fierce Array has been opened, this guy is actually There is still resistance!" You Longqing sighed involuntarily.

Even You Longqing still has a thought in her heart. If Li Tian can come to the territory of the Youlong clan before the strong of the Super God family, and if the Li Tian army can give them the same treatment as the You Long and the Super God family, then You Long Qing will definitely choose to cooperate with Li Tian without hesitation.

"Unfortunately, you came too late! Now you Li Tian and our Youlong clan have become like fire and water, either you die or you die!" You Longqing sneered.

Because of the fierce formation, You Longqing has such confidence.

At the beginning of the Fierce Array, it was only the combined power of thirty-two Youlong Warriors. As time goes by, these thirty-two powerful men will gradually figure out their minds, like a whole. The power of a fierce array will be doubled in the power released by them.

Two becomes four, four becomes eight, eight becomes sixteen, sixteen becomes thirty-two...

Li Tian's heart was horrified.

He could clearly feel that the cultivation bases of the thirty-two powerhouses who used the fierce formation were all in the super domain master realm. If they were not in this dragon-binding ice formation, even if there were hundreds of super domain master power masters, It may not be his

opponent, as long as these strong men don't run away, he can easily behead the ants under the demigod.

However, with the cooperation of these thirty-two strong men, their power has been greatly improved, and even faintly that their union already has the power of the demigod primary realm. As time continues to retire, Li Tian feels Their power is still improving.

At this time, Li Tian seemed to be restraining himself.

However, there was a smile on the corner of Li Tian's mouth, even if it was separated by a thick layer of ice, other Youlong clan experts could still see clearly.

"How is it possible? This guy is still laughing, doesn't he know that his death date is approaching?"

"That's right! The Fierce Array has been successfully opened, and the power of our Youlong Clan's warriors has been rapidly increasing. Li Tian has been controlled by our triple array. Can he still make waves?"

"We'd better not be careless. From the beginning of the battle to the present, we have controlled Li Tian in the formation. It seems that our Youlong clan always has the upper hand, but Li Tian is safe, but our casualties are so heavy!"

This sentence is said to be in the hearts of many Youlong clan powerhouses. The Youlong clan powerhouses put away their contempt for Li Tian and continued to increase their attacks.

At this time, the thirty-two strong men who launched the fierce formation had the same mind. They were like the same Youlong clan strong. They felt that they had suppressed Li Tian, and their hearts gradually showed a trace of pride. .

On the runes released by the Youlong clan powerhouse, the murderous aura became stronger and stronger, and the murderous aura passed through the ice layer and gradually approached Li Tian. At this time, the murderous aura had completely materialized and could be clearly seen with the naked eye.

"Hey, although the Fierce Array is fierce, it is fortunate that it finally succeeded. Today, even if our thirty-two strong men's cultivation level falls below the level of a cultivator, we will kill you Li Tian!" The Youlong Warriors thought With.

However, at this moment, Li Tian's body suddenly moved!

This slight movement caused a chill in the hearts of many Youlong clan experts.

Didn't Dragon Bound Ice Array control this guy?

Click!

Click!

The cracks in the ice around Li Tian continued to crack, and then quickly melted.

"It seems it's time to give you a fatal blow!" Li Tiandao.

Chapter 5148: Break out

The powerhouses of the Youlong clan are more and more frightened!

"How... how is it possible? Didn't our warriors have already taken the advantage just now and completely suppressed Li Tian?"

"Patriarch, what should we do now? If the fierce formation is broken, it will cause great damage to our three hundred quiet dragon formations. At that time, the three hundred quiet dragon formations and the dragon-binding ice formation will want to control Li. I'm afraid it's too difficult!"

"Patriarch, do... or do we first retreat strategically and lead Li Tian to the Super God Family, and let Li Tian find the trouble of the Super God Family?"

"What to do! The gap in the ice formation is getting bigger and bigger..."

"It's going to die, it's going to die! I didn't expect the power of our Youlong clan as a powerful person, there is no way to defeat Li Tian!"

"This guy is too tough! Could it be that his cultivation realm has reached the peak of a demigod?"

"Demigod pinnacle? Such a strong person is almost invincible in the Nether Realm. We are not opponents at all!"

"Shut up all the fucking, the fierce formation hasn't broken yet, and the three-hundred dragon formations are solid. Even if the dragon-binding ice formation is a bit unstable, it is absolutely impossible for Li Tian to get out of it! Besides, there is Our thirty-two warriors are supporting in the ice. What are you making noise here?" A fierce light flashed in You Longqing's eyes.

The biggest reliance in You Longqing's heart right now is the self-destruction of thirty-two warriors. Even if Li Tian cannot be taken away from this world, as long as Li Tian is severely injured, he has a chance to take advantage of You Longqing and can also kill Li Tian. kill.

At this moment, the cyan spiritual power released from Li Tian has occupied the ice caves around Li Tian. These spiritual powers are like snakes that have come alive, and they continue to cast a fierce array towards the thirty-two. The Dragon Warrior rushed in the direction.

The murderous aura released by these warriors could suppress the supernatural power released by Li Tian, but there was absolutely no way to deal with these cyan spiritual powers, and the murderous aura they released was steadily retreating.

The faces of these warriors finally showed horror.

With confusion, the cooperation of these warriors couldn't be as one person. In an instant, the thirty-two Youlong clan powerhouses were all broken into one.

The power of murderousness is drastically reduced!

The power of the cyan spiritual power released by Li Tian increased sharply at this time!

boom!

A loud noise came from inside the ice hockey, and the ice layer around Li Tian instantly collapsed and began to melt continuously.

Whoosh!

Whoosh!

The cyan spiritual power simultaneously attacked thirty-two Youlong clan powerhouses.

"Danger! Blast!" You Longqing roared at the Youlong Warrior in the ice.

As long as he blew himself up, and as long as he could wound Li Tian, the fierce formation of the Youlong clan would not be completely lost.

These thirty-two Youlong clan powerhouses had already put their lives and deaths aside when they started to use the fierce true formation. Upon hearing Youlongqing's roar, the thirty-two powerhouses blew themselves almost simultaneously.

The self-destruction of the super domain master-level powerhouse, that power can no longer be described as huge, it is more terrifying!

The powerful Youlong clan outside the ice hockey teleported instantly, evading dozens of kilometers away, or hiding behind a huge iceberg.

boom!

The self-destruction of the super domain master-level powerhouse of the Youlong clan burst the ice ball instantly, turning the entire ice ball into an ice mist.

Basin-sized ice cubes splashed around from the ice mist and hit the ice sheet. In an instant, a large pit with a diameter of several tens of meters would be smashed into the iceberg. Large holes would appear on the iceberg as well.

The avoiding Youlong clan powerhouses stared at Bing Mist.

"Is it over? Will Li Tian have been turned into pieces by the self-explosion of our Youlong clan powerhouse?"

"I don't know, the spiritual power in the ice mist is too intense in the past, and I don't know whether these spiritual powers were caused by our Youlong clan expert who blew himself up or was released by Li Tian!"

"It should be dead! Even the demigod level powerhouse dare not directly face the superdomain master level powerhouse and blew himself up, not to mention the 32 superdomain master level powerhouse blew themselves this time!"

In the ice fog, the old ice cubes are still splashing and falling, and the ice fog is gradually drifting outwards, and then gradually wheeling on the ice field, turning the powerful dragons of the dragon clan into wheels. In it.

All Youlong clan experts are staring at the ice mist that gradually disperses, and their hearts are hanging on their throats.

"You... look at it... there is still blue spiritual power in the ice mist... ah~" Suddenly, a terrified voice from a Youlong clan expert came.

His voice was still reverberating within the iceberg, but the voice of the strong man ended here, and a scream announced his fall.

"Li Tian is still alive! Li Tian is still alive!"

"Impossible! Why is this guy still alive?"

"Run away! This guy is the **** of death, we can't kill him at all!"

Everywhere was the panic of the powerful Youlong clan.

"Shut up to me, even if Li Tian is still alive, his cultivation strength will be greatly damaged. Then you will watch my performance of You Longqing!" You Longqing roared and stopped You who was about to escape. The strong dragons roared, and then their figures rushed into the thick ice mist with a flash.

"Hey, we are powerful in the Youlong clan, how can we be so flustered? It shouldn't be!"

"That is, our Youlongqing patriarch is also in the realm of a demigod. With Youlongqing patriarch, we will still be afraid that he will not succeed in Li Tian!"

At this time, the spiritual power in the ice mist became more afraid of agitation. The fluctuation of the spiritual power caused a strong hurricane. The hurricane swept the ice mist, and the ice mist continued to drift away, but the most central location was still the white ice mist.

boom!

boom!

boom!

The sound of constant explosions came from within the ice fog, and every time an explosion sounded, the concentration of the ice fog would be diluted a bit.

A few minutes later, the battle in the ice mist had ended.

A huge dragon shadow appeared in the ice mist.

"Won!"

"Our patriarch is really strong!"

"Hahaha, Li Tian was beheaded by our patriarch!"

Seeing the dragon shadow, the Youlong clan powerhouses suddenly shouted with excitement.

These Youlong clan powerhouses spread their wings and flew, rushing towards the shadow of the dragon in the ice mist.

However, as soon as the Youlong clan expert who rushed into the ice mist first rushed in, there were several screams immediately.

Then, there is no more...

"Could it be... is our patriarch crazy?"

"Yes, it was our Youlong clan powerhouse who rushed in just now. How could there be a scream?"

At this moment, as a strong suction force came from within the ice mist, the ice mist around the dragon shadow was instantly absorbed.

A huge prehistoric blue dragon far larger than Youlong Clan Chief You Longqing and a huge prehistoric blue dragon appeared in the eyes of many Youlong Clan powerhouses.

And their patriarch, the semi-god-level You Longqing has become a corpse at this time, caught in the claws of the prehistoric Qinglong, and can't die again.

Chapter 5149: Kill You Dragon

The powerhouses of the Youlong clan were completely shocked!

"This... what is this dragon?"

"Our patriarch, he, he has fallen!"

"The patriarch is dead, our Youlong clan is completely over..."

"Why is this? Our Youlong clan finally hoped that we could return to our ancestral land, but..."

The remaining Youlong clan powerhouses were shocked, and felt deeply powerless.

Their patriarch is a powerhouse in the semi-god realm, and has now become a corpse, so their cultivation realm is only the super domain master, the domain master, and even the venerable dragon, how could it be Li? Opponent of the day.

All thoughts are ashamed.

These Youlong clan powerhouses decided to surrender Li Tian, just as they once surrendered to Water Ghost Guzi.

Wow!

All the powerhouses of the Youlong clan fell on the ground, half-kneeling towards the prehistoric dragon in the sky, and kneeling to Li Tian standing under the prehistoric dragon against the wind.

"We Youlong Clan are willing to submit to Lord Li Tian!"

"I also ask Master Li Tian to forgive us for our faults. We are willing to recognize Master Li Tian as the new patriarch of our Youlong clan!"

"Master Li Tian, please forgive us!"

At this moment, the proud Youlong clan experts lowered their noble heads.

Li Tian's gaze slowly swept past the powerful Youlong clan who was kneeling before him, but there was a sneer on his face.

Only now know surrender? It's too late!

The Dragon Race is a very powerful race, much stronger than the Blood Wolf Race and Water Ghost Race.

But Youlong tribe is the most capricious race.

If Li Tian conquered them today, they would be willing to submit to Li Tian, and when tomorrow the super-shen family's powerhouse conquered them again, these guys would not hesitate to belittle Li Tian, and even point the finger at Li Tian.

"Since you have decided to stand on the opposite side of my Li Tian and want to be with the Super God Family, then you should have the kind of consciousness that I will die with Li Tian." Li Tian said coldly.

The voice was like a torrent of thunder, reaching the ears of these Youlong clan experts, and the faces of these Youlong clan experts showed horror.

"Li Tian...Lord Li Tian, we already know that we are wrong. We promise to surrender to Mr. Li Tian forever. Mr. Li Tian, you will always be our patriarch..."

"That's right, whoever is not a sage can do nothing. Knowing a mistake can improve it. We already know that we are wrong. Master Li Tian will forgive us this time."

"Our Youlong Clan is powerful, and with the support of our Youlong Clan, Master Li Tian is as powerful as a tiger..."

The Youlong clan powerhouses are still not giving up, they are still begging for mercy.

But Li Tian's body had already released a murderous aura, and with a move, he sent a message of offensive to the Great Blue Dragon.

Ouch!

The Honghuang Qinglong roared, and a powerful dragon power descended from the sky, and instantly wheeled on these half-kneeling Youlong strong men.

"No, Li Tian, this ***** wants to kill us!"

"We fought him!"

The powerful Youlong clan were awakened by Longwei and flew up one after another, either rushing towards Li Tian or rushing to the wild blue dragon, but more Youlong clan powerhouses chose to escape.

Red light flashed from Li Tian's body, and every red light could easily kill a powerful Youlong clan.

The dragon power on the Honghuang Qinglong body rose instantly, and the dragon claw easily shredded the powerful Youlong clan who rushed towards him.

And those Youlong clan powerhouses who had to teleport away first were captured by Li Tian or Honghuang Qinglong from the void and beheaded again.

boom!

boom!

boom!

The remaining Youlong clan powerhouses have the highest cultivation level but the super domain masters, how could they be the opponents of Li Tian and Honghuang Qinglong at the peak of the demigods, their bodies constantly exploded in mid-air and turned into broken bones. , Splashing down everywhere.

From the moment Li Tian broke the formation to You Longqing being beheaded, any suspense had been lost in this battle, and what was left was Li Tian and Honghuang Qinglong randomly killing these Youlong clan powerhouses.

Within four or five minutes, the remaining hundreds of Youlong clan experts were all beheaded by Li Tian.

After the battle, the entire ice field was in a mess.

The iceberg collapsed by blasting seven or eight, completely blocking the Youlong clan's ground exit to the outside, and the ice sheet was covered with a layer of bones from the corpse of the Youlong clan strong, and the battlefield even smelled like a mountain of ten thousand gods. .

The only pity is that these Youlong clan powerhouses do not have dragon crystals in their bodies, and Li Tian's battle is just beheading, but there is no gain.

Li Tian stood in midair, looking towards the direction within the territory of the Youlong clan.

He could feel that there were fluctuations in spiritual power released by other Youlong Clan in the territory.

"The remaining Youlong Clan may not be a threat to any other races in the short term, or..." Li Tian has decided not to pursue the remaining Youlong Clan's troubles, and wants to let these Youlong Clan go.

However, at this moment, from the snow of the iceberg, a bone dragon thorn suddenly shot out.

The bone dragon thorn cut across the void and shot directly at Li Tian's face.

Even though Li Tian had already displayed his power and wanted to smash the bone dragon thorn, the dragon thorn still flew a few meters forward, and then exploded in front of Li Tian. Fortunately, Li Tian possessed a layer of dragon scales, which exploded. The broken bones hit Li Tian, making a crackling sound, and Li Tian did not hurt.

"who is it?"

Li Tian turned his head abruptly, his sight instantly locked on the figure on the iceberg.

Huh!

The dragon claws of the Honghuang Qinglong were caught in the air, and the figure was immediately caught.

This is a quiet dragon that is less than ten feet long. It seems that this quiet dragon should be about the same as a human 13 or 14-year-old child, but the cultivation level of this little quiet dragon has reached the third level of the super domain master.

"Let go of me! You bastard, kill so many powerful people in the Youlong clan, I must avenge them! I want to kill you!" Xiaoyoulong's eyebrows were full of anger, and he didn't flinch at all, even if he was already caught Captured, still running spiritual power, wanting to launch an attack on Li Tian.

"Who are you? Why did you attack me?"

"I am the son of Youlongqing, you ***** killed so many powerful people of our Youlong clan, you are the enemy of our Youlong clan for generations, anyone can kill you! Today we are not your opponent, tomorrow, the day after tomorrow, As long as our Youlong clan is not extinct, someone will always chase you down!" Xiaoyoulong said.

Li Tian's heart trembled.

He was not afraid of the Youlong Clan trying to chase him, but thought of Li Xiaoyu and Li Wuque, as well as Liu Jimeng and Ye Meijing.

Their cultivation level has been unable to break through to the demigod, they can only stay at the ninth level of the super domain master's peak advancement, and when Li Tian leaves the ghost

world, once the Youlong clan has a cultivating genius like Xiaoyoulong born, then the Youlong clan will Li Tian's hatred will fall on them.

A cold light flashed in Li Tian's eyes.

"Red Zhan, Hong Huang Qinglong, let's do it together to destroy the clan Youlong!"

Chapter 5150: Revenge for Xue Ji

The demigod was angry and annihilated the family.

In the earth world, Li Tian once destroyed the entire Luzon Island. Not to mention millions of people became victims. Li Tian remained unmoved. Now Li Tian, annihilating the Youlong tribe, has no heart at all. burden.

The **** decides the head.

Li Tian is in a different position, and his thoughts and views are gradually changing. As a demigod, Li Tian has Li Tian's mercy, but Li Tian still has to consider his own interests and safety more.

Therefore, it is understandable that the entire Youlong race became a victim.

After extinguishing the Youlong Clan, Li Tian calculated the time.

There is not much time for Chu Jiangnan, Tang Xiaolong and others to come out of the Mirror Realm.

Li Tian was thinking about going to the territories of the Sanlu Super God Family and the East Palace Super God Family and going to the wild again, just like Chu Jiangnan at the beginning. The two Super God families were unwilling to talk about it, but when Li Tian teleported to the East Palace. When the super **** family was in the territory, it was discovered that there was no demigod-level powerhouse in the entire East Palace super-god family, and there were not even a few super-domain master-level powerhouses left.

Li Tian suddenly felt dull.

There is no demigod widow elder strong, and there is no super domain master strong. Li Tian beheading the tribesmen in the territory of the super **** family is as easy as squeezing an ant, but Li Tian is not crazy yet, so he hesitates a little Next, decided to let go of the other tribesmen of the Eastern Palace Super God Family.

Li Tian teleported away, and the clansmen of the Eastern Palace Super God family did not know that Li Tian had been there.

Li Tian used teleport again, this time he came to the Sanlu God family, and the result was the same as in the Eastern Palace Super God family, the demigod elders were not in the territory, and there were very few super domain master-level powerhouses left.

"Strange, the elders of these two super **** families are not in the territory, where can they go?" Li Tian was puzzled.

At this moment, a super domain master-level powerhouse of the Sanlu Super God family felt the existence of Li Tian and instantly came to Li Tian.

"It's you? Do you dare to come to our Sanlu Super God Family?" the visitor said.

The guy Li Tian who appeared in front of Li Tian, who was in the super domain master realm, knew him, it was the General Sanlu who killed Xue Ji in the Colosseum back then!

General Sanlu broke his arm, his cultivation level has fallen, and his status in the Sanlu Super God family has also declined. However, he is still a super domain master powerhouse, but with the elders of the Super God family going out. General Lu's cultivation strength is no longer qualified to participate in the battle, and he can only stay in the territory of the Sanlu Super God family and be responsible for guarding the house.

"General Sanlu!"

Li Tian gritted his teeth and said these words.

More than 30 years ago, Li Tian was fighting with Xue Ji and Xiao Tianyi in the Colosseum. The pictures of General Sanlu appeared in his mind one by one, especially the picture of Xue Ji's tragic death in Li Tianhuai, although it has been more than 30 years. , But Li Tian still remembers fresh.

Hedong for thirty years, Hexi for thirty years.

Thirty years ago, Li Tian saw General Sanlu, only to be beaten.

But now, Li Tian saw General Sanlu again, he already had the strength to easily kill General Sanlu in seconds.

"Li Tian, last time you and that **** from Li Mu came to my Sanlu Super God Family, my general Sanlu is not in the territory, or I will kill you even if I blow myself up. Our patriarch Sanlu Shangqing is in pain. The beloved daughter, has united with the elders of the four super **** families, ready to crusade you Li Tian. If you don't want to die in the territory of our Sanlu super **** family, you'd better get out!" General Sanlu said angrily.

Li Tian looked at General Sanlu like an idiot, and sneered: "General Sanlu, I really didn't expect you to become the watchdog of your family now. If you fall sharply, you can only stand at the door and bark a few times to prove that you are still alive!"

"What did you say?" General Sanlu roared angrily.

"General Sanlu, I call you a dog, it's light. Today I want to avenge my beloved wife Xue Ji who died in your hands 30 years ago!"

As soon as Li Tian's words fell, he teleported to General Sanlu in an instant.

General Sanlu's expression turned cold, and as soon as he teleported to escape, Li Tian stretched out his hand and grabbed him back from the void.

"Want to escape? Dreaming!"

Huh!

While speaking, Hong Zhan had already flew out of Li Tian's body, instantly cutting out a red light.

Hong Zhan also seemed to know the anger in Li Tian's heart, and would not easily end the life of General Sanlu. This red light controlled it quite accurately, just cutting off General Sanlu's left ear.

The moment his ears were flying, they were shattered by Li Tian's extended palm.

The blood flowed down General Sanlu's cheeks, and with a scream, General Sanlu used his spiritual power and stretched out his palm to blast towards Li Tian.

"Huh! Sanlu old dog, you are really rubbish. After more than thirty years have passed, your cultivation level has not improved at all!" Li Tian sneered, and easily escaped the clap of General Sanlu. , A backhand knife.

Huh!

In an instant, Hong Zhan cut off the five fingers and half of the palm of General Sanlu's palm.

Li Tian didn't stop, his mind moved slightly, Hong Zhan lifted up, and directly cut off General Sanlu's arm.

General Sanlu let out a scream, and now he has lost his arms and has become a useless person.

General Sanlu, who was not Li Tian's opponent at all, endured the pain and wanted to continue to escape.

However, when teleporting was used, Li Tian was caught from the void again.

Huh!

It's another knife.

This time Li Tian was cut directly under General Sanlu's crotch.

His little Dingding exploded instantly under the powerful attack of divine might.

The violent explosion even made the inner layers of General Sanlu's two legs become bloody.

This is because Li Tian deliberately controlled this power and didn't want to easily understand the fate of General Sanlu.

Paralyzed, act like me!

Counting the old hatred and the new hatred together, General Sanlu could only die and look ugly.

General Sanlu fell from a high altitude, his body had not fallen yet, Hong Zhan had already passed through the void towards General Sanlu under Li Tian's control.

Huh!

Huh!

Huh!

Just like cutting sausages, General Sanlu was cut several times by Li Tian, his legs were chopped into pieces by Li Tian, until he was chopped down to the waist.

Blood sprinkled all over the ground, and General Sanlu's body began to flow out, but this guy's life was extremely tenacious, but he was still alive with cooperation.

Li Tian stared at General Sanlu steadily, without the slightest pity on his face.

"Now there are a few things on your body that stand out, which completely affects the beauty..."

As soon as the voice fell, Hong Zhan in Li Tian's hand cut out several red lights again.

General Sanlu's nose, the remaining ears, and the arm that had been chopped in half were all chopped off by Li Tian.

Only then did Li Tian calm down.

"I won't kill you, I want to live better than death, and die slowly in despair!"

Li Tian left a harsh word, and then teleported away.
