

A Killer 5151

Chapter 5151: time up

Teleported back to the Nether Academy. Before entering the academy, Li Tian realized a trace of danger!

After releasing his spiritual consciousness, a chill flashed across Li Tian's face.

"What a sinister Super God family, it's no wonder that you haven't been found in the territories of the East Palace and Sanlu Super God Family. It turns out that you are all here."

Li Tian never expected that almost all the elders of the four super **** families would appear in Nether Academy.

At this time, there were at least forty demi-god-level powerhouses hiding in the Nether Academy. These demi-god-level powerhouses had almost completely condensed the aura of the whole body, as if they were stones.

If it weren't for the super-domain master-level powerhouses brought by these super-god families, they couldn't converge their spiritual power like the semi-god realm powerhouses, and if the spiritual power unintentionally released was detected by Li Tian, I'm afraid Li Tian would Will walk into the ambush circle, and then instantly be made dumplings by more than forty demi-god powerhouses.

"No! These guys didn't come to deal with me! I returned to the Nether Realm for only half a day, knowing that I returned to the Nether Realm only the Water Ghost, Blood Wolf, Youlong, and Donggong Dongfang, but Donggong Dongfang and Youlong They have all been wiped out by me, and the four super **** families cannot know that I will return to the Nether Academy today. I am afraid they may not be able to detect my presence behind them."

"There is only one explanation now, that is, since I returned to the Netherworld a month ago, after successively beheading the elders of two super **** families, it has caused a great shock to the super **** family. They are the collection of four super gods. Almost all the strongest combat power of the God Family came to the secret realm of the Nether Academy to block other strong men who came out of the secret realm."

"What a terrible strategy, if it weren't for me to return to the Nether Academy in advance, then other strong men who came out of the Mirror Realm Secret Realm would be brutally attacked by these guys!"

The reason is very simple. When a demigod-level powerhouse fights, when the strength is similar, it can be determined that whoever has more people has the advantage.

The passage from the Mirror Realm to the Nether Realm is like a small path, even if there are many powerful people in the secret realm, only one person can pass through at a time.

And if the person who came out of the secret realm did not know the danger outside, and had no sense of vigilance at all, he would be killed by more than forty demigods as soon as he came out of the secret realm.

In this way, no matter how many strong people came out of the secret realm, they were all destroyed and killed one by one.

Thinking of this, Li Tian couldn't help breaking out in a cold sweat.

"Fortunately, I returned to Nether Academy in advance, otherwise, today I am afraid that my Li Tianjun regiment and Nether Academy will suffer huge losses!"

Li Tian is sure that the powerhouses of the four super ***** families didn't know that the people in the secret realm would return to the underworld today. Fortunately, Li Tian and Chu Jiangnan and others negotiated to leave the secret realm at the same time in one month. Otherwise, Li Tianlai Before Nether Academy, other strong men who had left the secret realm had already been brutally murdered.

"Hey, if you want a sneak attack, it depends on whether I agree with Li Tian!"

Li Tian sneered, his figure flashed, and he instantly appeared next to a superdomain master.

Li Tian knew that the spiritual power fluctuations caused by his teleportation could not be concealed by the demigod-level powerhouse. As long as he teleported, the demi-god-level powerhouse would be immediately alert, so Li Tian chose a superdomain master-level powerhouse. Start.

"No, someone!"

A strong man from the Eastern Palace Super God Family was shocked.

However, his voice has not yet settled, Li Tian has already beheaded a superdomain master level powerhouse, and once again successfully used teleport, Li Tian's goal is still the superdomain master level powerhouse.

Huh!

The figure flashed, and another person fell.

"It's Li Tian!"

"Damn, it's Li Tian that bastard, he has returned to the Netherworld!"

"Don't let him run away. The last time he killed the elder of my family, I want him to pay for it!"

The widows of many super ***** families screamed and flew up from the valley or teleported into the air instantly.

The reactions of those super domain master-level powerhouses were slow for a while, and then they became the ghosts of Li Tiandao.

Li Tian is like a midnight ghost. In just a few seconds, he killed three superdomain master-level powerhouses, and another superdomain master-level powerhouse was seriously injured. It is estimated that he will not survive much time.

"over there!"

In an instant, Li Tian felt dozens of divine might sweep over him and wanted to lock him.

But Li Tian's cultivation base can be said to be the highest in the field, and his personal strength is a bit stronger than these demigods.

It's easy to make peace if you want to lock Li Tian.

Of course, Li Tian knew that his cultivation realm and the demigod-level powerhouse alone had the upper hand, and he didn't even fear any demigod-level powerhouse.

But if Li Tian were to single out more than forty demigods, Li Tian would not have that kind of strength either.

The best Li Tian can do is just like Chu Jiangnan, passing through thousands of flowers without touching the leaves.

Li Tianneng wandered among more than forty demigod-level powerhouses without being beheaded by them, and being able to retreat with his whole body was already quite powerful.

"Damn Li Tian, aren't you crazy? Don't run away if you have the ability to fight with me in the East Palace."

Donggong Freehand, a demigod pinnacle powerhouse in the Donggong Super God family, looks like he is in his forties, and his short hair is full of energy. The powerful fighting spirit released from his body makes Li Tian know that this guy is absolutely not to be trifled.

Li Tian is not a stupid, his purpose is to destroy the four super **** families here sneaking attacks on the strong who came out of the secret territory.

"Old Piff of the East Palace, your strength has not been put in the eyes of Lao Tzu, and you want to fight alone with Lao Tzu? Yes, now you teleport to the Netherworld, I will kill two more trash from the East Palace Super God family. Fight with you!" Li Tian sneered.

Donggong was not lightly angry at random.

If he really teleported away and Li Tian didn't come, then he would be an idiot.

But if he doesn't leave, then his call to Li Tian is a lie.

"Widows of the Donggong Super God Family, join me in Li Tian, I don't believe that he can escape in front of many powerful people like us!" Donggong said freely.

Li Tian laughed loudly.

"Old man in Donggong, you are an idiot! You are also the pinnacle of the demigod realm. If Lao Tzu wants to leave, who can keep Lao Tzu? If I want to play wheel tactics, I will accompany him to the end, but if you want to play crowd tactics, then Although you can try, see if you can hurt half of Lao Tzu's hair!"

In the next second, Li Tian teleported into the group of elders of the Sanlu Super God Family, Hong Zhan cut out a red light in his body, and then... Li Tian escaped again.

Li Tian knew that his Hong Zhan wanted to kill now, it was not easy, so he made a move and ran away.

Huh!

This time, it was the super domain master-level powerhouse of the Super God Cultivation Family that suffered.

A red light flashed, and another person fell in a pool of blood!

At this moment, Li Tian felt a faint fluctuation of spiritual power coming from the exit direction of the Mirror Realm.

"It seems that they are coming out. I must guard the exit to ensure that they return to the Nether Academy safely!"

Chapter 5152: The war begins

Li Tian teleported to the exit of the Mirror World Cheats, Li Tian, the dragon scales all over his body instantly appeared, the red sword transformed into a red winged **** outfit to help each other around Li Tian, the great blue dragon gathered behind Li Tian, looking down at the super **** in a strong posture Other powerhouses in the family.

In Li Tian's hands, there was already a Quasi-God Crystal.

When necessary, Li Tian will swallow this crystal without hesitation to enhance his strength and ensure everyone's safety.

"Come on, who dares to fight with me!" Li Tian roared.

The sound resounded like thunder in the mountain stream of Nether Academy.

Seeing the prehistoric blue dragon, the super domain master-level powerhouses of the super **** family present, involuntarily stepped back a few steps, and the demi-god-level powerhouse faces were also slightly taken aback.

"What a strong strength! Li Tian alone can at least rival two demigod pinnacle powerhouses!"

At this moment, the Sanlu Super God Family thought of the night a few years ago.

The night when Li Tian and Chu Jiangnan killed the two elders in the Sanlu Super God Family and retired.

The widows of the Sanlu Super God family did not preemptively attack, because these widows have experience in fighting with Li Tian, if they rush forward, they are likely to become cannon fodder.

The same decision made by the Sanlu Super God Family is the widow of the White Horse Super God Family.

In fact, when Li Tian appeared at the Netherworld Academy just now, the widows of the White Horse Super God Family were not very active, and they did not jump up and down to capture Li Tian from the three super **** families of Donggong, Sanlu, and Xiuyu. .

In the space ring of Baima Weidao, the elder leader of the White Horse Super God family, there is also an autograph written by Baima King Kong, requesting that Baima Wei Dao be opened when the battle is deadlocked. By then, these elders of the White Horse Super God family will do what the letter requires. .

"Everyone, there is only Li Tian right now. He wants to guard the secret realm exit, and he will definitely not be able to escape. This is our best opportunity. As long as our four super **** families work together with all their energy to kill Li Tian. The peak of the demigod is not difficult!" Donggong Chunhua, the elder leader of the Donggong Super God family, roared.

With a hundred responses, Donggong Chunhua's words are exactly what all the elders of the Donggong Super God family want to say.

With so many demigod-level powerhouses, if you can't kill Li Tian before the other powerhouses in the secret territory come out, then the elders of the four super-god families will lose their faces.

Before Donggong Chunhua's voice fell, the strong elders of the Donggong Super God Family rushed up.

Huh!

Huh!

Huh!

The strong teleported to Li Tian or Honghuang Qinglong continuously and launched attacks.

For a time, divine power continued to descend from the sky, and various spiritual light waves flew around.

Xiu Yu Jugang had never seen the power of the wild blue dragon behind Li Tian. He saw that the strong men of the Eastern Palace Super God family had rushed up, and he immediately shouted at the strong men in the family: "The widows of the Xiuyu family, Follow me on, after we behead Li Tian, the Li Tian army will have a group of dragons without a leader, and victory will be ours!"

The widows of the Super God Family of Xiuyu rushed forward without hesitation.

With the help of more than a dozen elders from the Super God Family of Xiuyu, Li Tian suddenly felt the pressure doubled.

Li Tian wanted to guard the secret realm exit, which was related to the safety of the entire Li Tianjun regiment and the entire Nether Academy, so Li Tian refused to let go.

The huge body of the Great Blue Dragon guards Li Tian's head, and the red wing ***** outfit can protect Li Tian's back and left.

"Give me out!"

Following Li Tian's roar, the Red Wing God installed, hundreds of Red Slashing Feather Blades flew out, forming a feather blade, and slashed towards the widows of the Donggong Super God Family.

Cang~!

Cang!

Cang!

The action was gorgeous and the appearance was very chic, but as the metal clashing sounded continuously, the red feather blade was instantly beaten back and fell on Li Tian again.

"Boy Li Tian, let me learn your strength!"

Donggong sneered casually, teleporting to Li Tian's side. He didn't have any artifacts on his body, but as a powerhouse at the pinnacle of the demigod, he used spiritual power to condense into a spear. The spear flew from Donggong's random fingers. Come out and pierce Li Tianmian!

"Get out!" Li Tian roared.

I'm paralyzed, I just clamored to be singled out with Lao Tzu, and now it's so shameless to besiege Lao Tzu with so many people.

The random spear of the East Palace was blocked by the Red Wing God suit behind Li Tian. Li Tian's feet were slightly on the ground, and his body rotated 720 degrees in mid-air. The Red Wing God suit rolled up to form a huge drill and rushed towards the East Palace. .

The speed is extremely fast, passing through the void as fast.

There was a trace of fear on Donggong's casual face, and he teleported back several kilometers with a sound, avoiding Li Tian's attack.

"Fuck, what's paralyzing is how fast you run, otherwise..."

Li Tian couldn't leave the secret realm passage exit at all, and could only give up, not continuing to pursue the East Palace at will.

But Li Tian's words hadn't been finished yet, a giant sledgehammer that was as huge as a hill was just condensed by Xiu Yuju's spiritual power and hit Li Tian!

The strength of Xiuyu Jugang is not weak. Although he has not reached the peak of the demigod, he has already reached the mid-term state of the demigod. This sledgehammer of spiritual power smashed down, let alone Li Tian, even a mountain would be instantly crushed and collapsed. Drop.

But Li Tian didn't give in. With a move of his mind, a spiritual power flew out of his body, and that spiritual power formed a net in mid-air in an instant.

The spiritual web is like a spider web, with its four heads entwined on the four mountain peaks.
boom!

Xiuyu Jugang's sledgehammer smashed down and hit this net.

The sledgehammer's attack was slightly stagnant, almost instantly, the net was wiped out by the ashes of the giant sledgehammer.

But this mere moment of stagnation gave Li Tian a chance to fight back.

Huh!

Huh!

Huh!

The Red Wing God installed continuously released seven or eight red lights to the sledgehammer, and instantly broke the spiritual power sledgehammer.

As soon as Li Tian's figure flashed, he had already arrived in front of Xiu Yujugang, his wings continuously stabbing at Xiuyujugang.

A strong man in the pinnacle of the demigod, the attacking power is unusual.

As soon as Xiuyuju didn't dare to fight against him, he teleported to avoid him as soon as he met.

"Fuck, these paralyzed grandsons are playing the crowd tactics with Lao Tzu!"

Li Tian looked back at the secret realm exit, and there were already three elders of the Super God family blocking them, ready to attack them at any time.

At this time, the widows of Sanlu and the White Horse Super God family have also participated in the battle. Although the prehistoric Qinglong is a bull, it has been attacked by more than twenty demigods. With the continuous spiritual light waves hitting the predominant Qinglong, Hong Huang Qinglong's figure has been a little faint!

rub!

Li Tian didn't hesitate to swallow the Quasi-God-level crystal, and it turned around for a while. With a movement of his mind, the Red Wing Divine Costume changed into a Red Slash, slashing towards the elders of the Super God family at the exit of the secret realm.

Huh!

Huh!

Huh!

Three red lights flashed, and the three elders barely resisted, still evading dozens of meters away in an instant.

At this time, the figure in the secret realm finally appeared!

It's Chu Jiangnan!

Chapter 5153: Debut one by one

The first one to come out of the secret realm was Chu Jiangnan.

But at this moment, the prehistoric blue dragon released by Li Tian finally couldn't stand so many attacks, and instantly burst open on the top of Chu Jiangnan's head.

The powerful spiritual shock wave made the many elders surrounding the prehistoric dragon feel dangerous, and they teleported backwards to avoid them.

"this is....."

Chu Jiangnan never expected that he would be welcomed by a fierce battle.

"What are you still doing? The widows of the four super **** families want to ambush you who came out of the secret realm. Help me and kill the dogs of the super **** family together!" Li Tian continuously attacked and forced back to Donggong. Roared at Chu Jiangnan.

Chu Jiangnan was taken aback for a moment, then a smile appeared at the corner of his mouth.

For the fighting madman Chu Jiangnan, this kind of battle is enough.

"Li Tian, I, Chu Jiangnan, will help you!"

Chu Jiangnan roared, his figure flashed, and he appeared to join the battle.

"Chu Jiangnan is present, these chores of the Super God Family, come here to die!"

Chu Jiangnan's voice constantly echoed in the valley.

"Yes... It's Chu Jiangnan! Damn guy, Chu Jiangnan has joined the battle, I'm afraid it's a bit of a hassle now!"

"Chu Jiangnan is also a demigod peak realm powerhouse, plus Li Tian, it is impossible for us to win easily!"

"Damn, we have more than forty semi-god-level powerhouses, and they are actually being pinned down by Li Tian. They are extremely trying to attract Chu Jiangnan and Li Tian out, and then draw the other powerhouses out of the secret territory one by one. Beheaded!"

The strong men of the East Palace and the Super God Family of Xiuyu said one after another.

The powerhouses of the Sanlu Super God Family trembled once again.

Chu Jiangnan, this guy killed the Sanlu Super God family by himself more than three years ago. It was a madman who caused the Sanlu Super God family to make trouble!

But soon the faces of these elders of the Sanlu Super God Family flashed a hint of cold.

Chu Jiangnan is the guy who has also killed the old-level powerhouses of the Sanlu Super God Family, they must take the opportunity to kill Chu Jiangnan.

The strong men of the Sanlu Super God family abandoned Li Tian and besieged Chu Jiangnan one after another.

"Fuck! You want to be shameless, so many of you come together to attack Lao Tzu!"

Chu Jiangnan was beaten in an instant, and his figure continuously flickered in the valley, avoiding the attacks of more than twenty super **** family widows.

"I'll rub it! Chu Jiangnan, this stubborn guy has escaped?"

Li Tian's face was blue, Chu Jiangnan probably didn't think of the importance of exporting from the secret realm, otherwise...

It is estimated that this goods also escaped.

Although Chu Jiangnan is the pinnacle of a demigod, he has no way to release the prehistoric blue dragon, nor does he have a magical weapon to help out. This makes Chu Jiangnan play hard, and his combat power is even not as good as Li Tian.

Fortunately, Chu Jiangnan attracted many strong players away, which made Li Tian's pressure alleviated.

Ouch!

Li Tian has a dual purpose, avoiding the powerhouse who besieged him again and again, using his spiritual power again and again, and once again summoning the prehistoric blue dragon from his body.

This is Li Tian forcibly devouring the Quasi-God-level crystals and forcibly refining Quasi-God-level leaching, so this time, the size of this prehistoric blue dragon is a bit bigger than before, and the body of the prehistoric blue dragon is already a bit bigger. The quasi-god-level aura was even more powerful than before.

But even so, Li Tian was still passive in the face of the attacks of more than twenty semi-god-level powerhouses.

After Chu Jiangnan came out of the secret realm, Li Tian took Hong Zhan back into his body and changed into a red wing ***** outfit again to ensure his own safety.

boom!

boom!

boom!

The shock waves of the battle continued to explode in the air, and the mountains around the Nether Academy were continuously collapsing by the shock waves.

Different from the Mirror World, after these mountains collapse, they will not recover again in a few minutes. The mountains continue to collapse, the rubble continues to fall towards the bottom of the mountain, the trees are broken, the dust is flying, and the entire Nether Academy can no longer be described as ruins.

The widows of the Super God family are fighting life and death, and they can't wait to kill Li Tian immediately.

However, Li Tian's main purpose is not to fight life and death. He only needs to push other strong players back, but even so, Li Tian still feels pressure doubled.

However, as the fighting continued, Li Tian's pressure increased again.

"I wipe it! The elders who chased Chu Jiangnan have all returned. No wonder I feel this way!" Li Tianxin said.

At this moment, at the exit of the secret realm, a strong light flashed, and a figure of a person came out of the secret realm. It was the great elder of the Nether Academy.

The moment when the Great Elder appeared, he was taken aback, and he immediately participated in the battle.

"Asshole, another demigod!"

"The great elder of Nether Academy has also reached a demigod!"

"Can't delay any longer, or else I don't know how many semi-god powerhouses have appeared!"

"Damn Li Tian, if it wasn't for this guy, our plan would have already been successful!"

"The ***** white horse super ***** family powerhouses, they don't work hard at all!"

"Even if we get rid of the strong elders of the White Horse Super God family, our other three super God families still have more than 30 demigods. Couldn't we have so many demigods still be able to kill Li Tian?"

Although these half-god powerhouses were not convinced, they were blocked by Li Tian for more than a minute. In addition to Chu Jiangnan, it was even harder for them to kill Li Tian now.

"You can only change the strategy and turn this ambush into a frontal battle!"

"Damn, our patriarch and the eight most advanced elders in the clan are not here, otherwise... Li Tian is already dead!"

At this time, Li Tian was also clenching his teeth.

Quasi-God-level crystals can improve Li Tian's cultivation in a short time, but the physical damage to Li Tian is also huge.

At this time, the power of the Quasi-God-level crystal that Li Tian draws on has reached the end of the crossbow. If it lasts for at most one minute, Li Tian will return to his normal state. Not because of the damage to the body by the Quasi-God-level crystal, he will not even be able to beat Li Tian. Peak state.

Fortunately, Situ Ningbing came out of the secret realm...

Tang Xiaolong came out of the secret realm with a smile...

Demigod powerhouse Li Mu came out of the secret realm...

Situ Lime, Little Sky Wing, Double Horned Monster, Purple Flame Thunder Bear, Tian Gang Flame Raccoon, Earth Evil Sky Buzzard, Yin Devil Silver Bull, Little Blue Tile and other powerful players appeared one by one.

With these powerhouses on the spot, a battle that shocked the entire Netherworld officially kicked off.

This is a contest of demi-god-level powerhouses, and the total number of demi-god-level powerhouses invested by both sides in this battle exceeds more than 70!

Such a battle is even comparable to the battle of Wanshenshan.

At this time, the number of powerhouses besieging Li Tian continued to decrease, and only Donggong Freehand was left. Five powerhouses including Donggong Chunhua and Sanlu Mo Han were all besieging Li Tian.

"Hey, you idiots, this can't do anything to me Li Tian, you are really weak! Now, let us come to a real decisive battle! Even if the five of you go together, I Li Tian will never Retreat half a step!" Li Tian roared.

Chapter 5154: Play more with less

People are so self-confident.

One dozen five, this is definitely not Li Tian's limit.

If you want to make a tie with Li Tian, you need at least seven to eight semi-god-level powerhouses.

And if you want to defeat Li Tian, you don't need to talk about less than ten semi-god powerhouses.

Want to kill Li Tian?

Ha ha! The faces of more than forty demigod-level powerhouses just blushed.

Of course, this is actually a bragging element, who told Li Tian to own the prehistoric blue dragon and possess the artifact Red Slash!

But even if he brags, Li Tian must grit his teeth.

The strength of the two sides may not be much different, but the difference in the number of demigods between the two sides is obvious.

The four super-god families have sent a total of more than 47 demigod-class widows, which absolutely dominates in number.

The demigod powerhouses of Li Litian's regiment are: Li Tian, Situ Ningbing, Situ Lime, Dark Soft, Tang Xiaolong, Purple Flame Thunder Bear, Earth Evil Sky Eagle, Tian Gang Flame Raccoon, Yin Mo Yin Niu, Xiao Qing Tile, Obscene God, Li Mu, Void Yasha, Dixing Yasha, Flying Yasha, Double Horned Monster.

In addition to Chu Jiangnan from the Nether Academy, the Great Elder, and three other elders who broke through to the semi-god state, a total of 21 elders.

In this way, the demigods of the Super God family are almost two to one, or even three to one.

Such a battle, Li Tian, Chu Jiangnan, and naturally no pressure, Tang Xiaolong, Situ Ningbing, Li Mu and other strong men with artifacts can also accept it, but for other strong men who have just broken through to the semi-god realm, think it is conceivable that it is difficult for them to fight one against two.

Therefore, Li Tian can only beat five, and there is one person as fierce as Li Tian and Chu Jiangnan.

Indecent gods counted as half, Tang Xiaolong, Li Mu, Situ Ningbing, Youanrou and other strong men with artifacts were counted as half.

As for Liu Jimeng and Ye Meijing, the two of them also possessed artifacts, but when they swallowed the demigod crystals, they could barely compete with the demigod powerhouses.

The two of them can't count on it.

On the contrary, Xiao Tianyi, a guy who only possesses the ninth-level peak realm of the super domain master, can even compete with the demigod-level powerhouses, and even suppress the demi-god-level powerhouses faintly.

Therefore, Li Tianxing can also get it, and it can also get it if you can't create conditions!

The only aspect that is beneficial to Li Tian and others now is that the four super **** families are not as close together as they seem to say. Among them, the performance of the white horse super **** family is particularly obvious, and the white horse guard can attack Li several times. Heaven, but White Horse Guardian tapped at the moment of attack, and then teleported out.

At the same time, other powerhouses who fought against the White Horse Super God Family also felt this way.

"It seems that the white horse King Kong old man is not broken to the bones. As long as the white horse super **** family is aware, I may not be able to leave a way for the white horse super **** family." Li Tian thought to himself.

But even so, the scenes of other fighting powerhouses are not pretty.

On several occasions, Ziyan Thunder Bear and other fellows were almost beheaded by the elders of the Donggong, Sanlu, and Xiuyu Super God family. If it were not for Li Tian's dual purpose, he would use the sight of the reunited primordial dragon. Controlling the pattern of nearby battles, when they are in danger, Li Tian's red wing divine outfit will instantly change back to Red Slash, attacking opponents, and rescuing them, the battle between them may have ended at this time.

Huh!

Huh!

Huh!

Li Tian made three consecutive moves to force Donggong and others to retreat at will.

Whoosh!

Chu Jiangnan retreated continuously and flew to Li Tian's side.

There were also five semi-god-level powerhouses who flew over with Chu Jiangnan.

"I rub, you guy brought me all these enemies of the Super God family, you are trying to kill me!" Li Tiandao.

Chu Jiangnan smirked, and said, "The capable ones work harder. Now your cultivation strength is no worse than mine. I believe you can handle it!"

After that, Chu Jiangnan teleported away again.

Then, Li Tian really became one dozen ten.

boom!

boom!

boom!

Continuous waves of spiritual attacks blasted towards Li Tian.

The vast majority of spiritual power attacks were easily resolved by Li Tian and Honghuang Qinglong before they rushed to Li Tian's body.

But there was also a little attack power that was too strong, until Li Tian was forced to be before he was cut open by Hong.

"Boy Li Tian, why don't you run away? Hey, if you continue to run away, we may really have no choice but to kill you, after all, it is not easy to kill a demigod peak powerhouse, but unfortunately... Here is your little lover and your good brother, are you reluctant to run away?" Donggong sneered casually.

Paralyzed, even if you know it.

"Old thing, you are not dead yet, how am I willing to leave? Just now, more than forty demigod-level powerhouses in your Super God family have nothing to do with me. Now you have a few stinky sweet potatoes and rotten bird eggs against me. Isn't that sending death? Come, come, come, old stuff, let us fight for three hundred rounds! Let me tell you what is the difference in strength!" Li Tian doesn't lose the battle.

Whoosh!

Whoosh!

Donggong and Li Tian attacked each other at random, and their palms met in midair.

boom!

Li Tian and Donggong slapped at random, and surging spiritual power immediately rushed out of them.

Li Tian didn't move at all, but the East Palace was freely flew out by Li Tian's palm.

The difference in strength is still very obvious, but Li Tian has not come to pursue it, and several demigod-level powerhouses from the East Palace and Sanlu Super God Family attacked Li Tian at the same time.

Ouch!

There are many people who want to fight with Li Tian. The trash in the early half-god realm of them is considered the oldest. The primordial blue dragon roared, and the dragon claws fell from the sky, continuously attacking these super-god families. Who did not let the wind down.

"It's still great!"

Li Tian's figure flashed, controlling this Red Zhan to slash towards Sanlu Mo Han again.

Sanlu Mo Han is a strong man in the mid-demi-god realm, such a strong man, Li Tian can beat at least ten.

Seeing Li Tian appearing, Sanlu Mohan's eyes showed a little fear, but this fear disappeared in an instant.

Because Sanlu Mo Han had already seen Donggong Ranhua and Donggong Chunhua once again attacked Li Tian, at the same time Sanlu Jugang had already attacked Li Tian.

"Li Tian, you must die today! You Li Tianjun and the Nether Academy will be buried for you!" Sanlu Jugang's spiritual power is condensed into hundreds of small hammers, and these small hammers keep flying out of him. , Hit Li Tian.

Cang!

Cang!

Cang!

Hong Zhan didn't need to control, and smashed these little hammers one by one.

Just as Sanlu Jugang expected, Li Tiangang was about to cut off Sanlu Jugang's dog's head, and the spiritual power of Donggong Ranhua and Donggong Chunhua slashed towards Li Tian's back.

I rub!

Li Tian wanted to teleport and evade, the old man Donggong Ran Ran reached out his hand to grab Li Tian from the void.

"Hey, kid, do you really think you are invincible? Now you know what it means to be in a mess!"

"Success! Li Tian!"

Chapter 5155: Casualties

By your sister!

Li Tian turned around and kicked!

It's like Poppy fighting.

But the power of this foot is extraordinary, the surging spiritual power envelops the legs of Li Tian, and the divine power on the legs also makes people tremble.

Even if Li Tian is in front of the Eiffel Tower, he can be kicked out by Li Tian, let alone an ordinary powerhouse.

Of course, Donggong's freehand brushwork is not an ordinary powerhouse, but he didn't expect Li Tian to be so aggressive.

He easily blocked Li Tian's attack.

Li Tian took advantage of the momentum to get rid of the freehand brushwork of the Donggong, and then Li Tian did not retreat but moved forward, and instantly appeared before Donggong Chunhua.

Donggong Chunhua is also in the mid-demi-god realm. Seeing Li Tian, Donggong Chunhua suddenly lost her color.

"Li Tian..."

Donggong Chunhua roared and released his spiritual power to cut to Li Tian!

As soon as Li Tian turned around to avoid the Spirit Wave Slash, he patted Donggong Chunhua's hip with his backhand.

"I rely on, so flexible, I now finally understand what milfs mean! I want to come to the East Palace to shake the sky and work on you!" Li Tian smiled maliciously and said maliciously.

Donggong Chunhua seemed to have been on his mind by Li Tian, with blushing cheeks, and with a roar, he rushed towards Li Tian like a shrew.

Although Donggong Chunhua's surname is Donggong, she is not a member of the Donggong family. She is the widow of the original patriarch Donggong Zhantian. After the death of Donggong Zhantian, she inherited the surname of Donggong Zhantian and changed her name to Donggong Chunhua. .

It's just that Donggong Chunhua, a woman who couldn't bear the loneliness, did not hesitate to pounce Donggong Zhentian after Donggong Zhantian's brother, Donggong Zhentian, made a fuss, and then in the family, the two secretly got involved. together.

Now with Li Tian's words, Donggong Chunhua felt that her secret had been exposed, and became irritated, making the attack completely useless.

"Idiot, isn't it just being shot by Li Tian? What a big deal is this for a cultivator? It's so easy to get angry, but it's easy to fall!" Donggong freehand still protects Donggong Chunhua , Launched an attack and forced Li Tian.

Li Tian felt very bitter.

While paralyzed, he fought with ten demi-god-level powerhouses at the same time, and among them there were many demi-god peak-level powerhouses. This feeling was really bad.

Li Tian continued to evade, avoiding Donggong Chunhua's attack, and while riding Donggong Chunhua into chaos, he instantly appeared behind Donggong Chunhua, kicked her buttocks, and kicked Donggong Chunhua to Donggong. .

"Asshole, you actually molested the widow of our Donggong Super God family one after another, you kid don't choose a good day if you want to die!" An old widow of Donggong Super God family said angrily.

This old widow possesses the early stage of a demigod, and his cultivation is much weaker than Li Tianke.

But he used to be Donggong Zhantian's most loyal partner, and has always called Donggong Chunhua his sister-in-law. Now that his sister-in-law is molested by Li Tian, how can he not be angry.

It's a pity that the difference in strength will not increase much because of his rage. Without the freehand cooperation of Donggong Chunhua and Donggong, the other Sanlu and Xiuyu Super God family powerhouses are trapped by the Azure Dragon. This guy The attack seemed so weak.

"Fuck off!"

Facing the attack of the demigod in the early stage, Li Tian did not retreat. When he approached the demigod, the red wing deity on Li Tian disappeared instantly, and a red light disappeared from Li Tian's. Fighting out.

With a powerful divine power, the red light instantly broke through the attack of the widow of the Donggong Super God family, and then...

Huh!

Li Tian saw the head of this demigod powerhouse flying out of him. Before this guy died, his pupils still looked at Li Tian in disbelief.

From the beginning of the battle to the present, the casualties of the first demigod powerhouse finally appeared.

And the "first drop of blood" was won by Li Tian with one dozen and ten!

Donggong looked at Li Tian in shock, "How...how could it be possible that a demigod powerhouse was killed by this guy in an instant!"

"Be careful, everyone, this guy has an artifact on his body. That artifact can change a lot. It can become a red wing **** outfit to protect his safety, or it can become the sharpest blade and attack us!" A strong man in the Donggong Super God Love Family Being beheaded, Donggong Chunhua woke up instantly.

A trace of fear flashed across San Lu Jugang's face, "Is this the ability to kill the two elders of Donggong Ye Zhou and Xiuyu Huandong? It's so tough! If there were no other strong people to cooperate, I was afraid that It's already so bad!"

San Luju just looked at the White Horse Guardian.

Although the strong of the White Horse Super God family surrounded Li Tian, they were always floating out of danger.

Just now San Lu Jugang still looked down upon Bai Ma Wei Dao and others, but now it seems that Bai Ma Wei Dao is so smart.

"Li Tian, you did a good job. I did not misunderstand you. Your strength is really strong. Hehe, I have brought you two strong men! How old are the capable..." Chu Jiangnan brought two super gods. The elder of the family reappeared next to Li Tian.

Li Tianzhen wanted to scold this guy as a slut, and then Li Tian really scolded it.

Fuck, I really think Li Tian is a god?

The side effects of swallowing Quasi-God-level crystals just now have not completely disappeared. If this continues, it will be deadly.

But Chu Jiangnan didn't listen to Li Tian's explanation at all. After bringing the person over, he disappeared instantly.

But Li Tian can only complain. The Li Tianjun regiment and the powerful men of the Nether Academy approaching the scene are almost one to two. Chu Jiangnan leads people to Li Tian, and Chu Jiangnan can get away. Can give better help to other strong people.

It is precisely because Chu Jiangnan still has Li Tian's dual purpose, so far, Li Tianjun regiment and Nether Academy have not suffered casualties.

I have to say that this is definitely something to be proud of.

At this moment, at least seven or eight kilometers away from Li Tian, there was a loud explosion suddenly, followed by the loud noise of Tang Xiaolong's roar.

At this time, Tang Xiaolong had already opened the diamond costume, and Tang Xiaolong in the sun was like a big moving diamond, shining.

But from the appearance point of view, Tang Xiaolong is called really pull wind!

boom!

boom!

Tang Xiaolong beat his chest vigorously, like a wild beast screaming at the sky, "Come on, you choppy, let you taste the power of Grandpa Tang Xiaolong's fist!"

The glove thundered, and the diamond ***** was installed in the hands of Tang Xiaolong, who had reached a demigod in his cultivation level, exerting a stronger strength.

The little dragon in the early stage of the demigod was able to fight two strong men in the middle stage of the demi-god, and he could also kill a widow in the middle of the demi-god.

At this moment, an arrow flew past Tang Xiaolong, and instantly shot through the body of a demigod in the early stage of the Super God Cultivation Family.

"Yes... who is it?"

The elder unwillingly turned his head and looked behind him, only to find that the dark and soft distance from which he shot the arrow was at least 10,000 meters away.

"Damn fellow, why would you shoot me not far away from ten thousand meters..." The old elder unwillingly fell from a high altitude, and the Yuanyang Mie Shen arrow that pierced his body circled in mid-air and flew back to the gloom. Soft hands.

Chapter 5156: Vicious old woman

The whole world is quiet.

Almost everyone looked at You Yinrou at the same time.

The super master super masters of the super ***** family, students from the Nether Academy, teachers and others who were not qualified to participate in the battle were hiding far away at this time, but when they saw the dark soft shooting the demigod master with one arrow At the time, everyone stared at You Yinrou in amazement.

"I'm going! This... isn't this the Lord of the Dark and Soft Domain? Her cultivation level has actually reached the half-god level!"

"It's terrible. The members of the Li Tianjun regiment are almost all lunatics. In just a few decades, there have been so many demigod-level powerhouses. This is completely subverting our understanding of the need for gradual progress in cultivation!"

"I suddenly felt that the Super God Family provokes the Li Tianjun regiment, and it is a very unwise choice to provoke Nether Academy!"

"Haha, fortunately I am a student of Nether Academy, this time my cultivation level has not reached a demigod..."

"Well, your cultivation level has just reached the realm of the domain master, and you still think about the half-god mirror realm!"

"You can see through this? But I am very satisfied with my cultivation level to reach the domain master. You must know that my previous idea was to reach the emperor's realm."

"You said that our cultivation level has reached the domain master, and some people have even reached the super domain master. Can we also become teachers or even elders in the Nether Academy?"

"Ha ha....."

"Do you say that Lord You Yinrou is a divine tool? Otherwise, how could there be such a strong attack power?"

"Hey, I really know this. The weapons in Master You Yinrou's hands are called Jihuo Meteor Arrow and Yuanyang Divine Deity Bow. These weapons seem to be specially made for Demigod. Killing demigod-level powerhouses is like scavenge simple....."

This is a bragging blow, if you hear it, you will definitely blush to death.

But to be honest, Gloom Soft, the former master of Gloom Domain.

Because of her special cultivation technique, her cultivation realm always wanders between the realm of the domain master and the emperor.

It can be said that the former dark and soft is the most untrue of many domain masters.

It is precisely because of this that You Anrou has been living in the dark forest, which is totally unconfident!

Before Li Tian came to the Netherworld, apart from Situ Qingning, few people had even seen her true face.

However, the destiny of human beings is so miraculous. After the acquaintance of Li Tian in the dark and soft, the technique practiced by the dark and soft also reached the Great Perfection.

Then... You Yinrou followed Li Tian to the pinnacle of life gradually.

From the domain master to the super domain master to the demigod realm, You Yinrou has completed the cultivation success that other powerhouses in the Nether realm can only achieve for thousands or even tens of thousands of years.

Now, You Anrou can even use Yuanyang Extinguish God Arrow and Jihuo Meteor Bow to easily shoot and kill a demigod in the early stage.

Before this kind of thing, You Yinrou couldn't even think of it.

But this kind of thing is actually happening now.

It's so scary, it's so amazing.

Li Tian also looked in the dark and soft direction.

What he didn't expect was that while You Anrou was one enemy and two, he was able to find time to help himself. From this, you could see the power of You Anrou now.

The corner of Li Tian's mouth couldn't help showing a faint smile, and then Gaia praised You Yinrou.

This is not only Li Tian's praise of You Anrou, but also a praise of the entire Li Tian army.

Once upon a time, Li Tian felt that he had been carrying the Li Tian army forward in his term, but now?

Tang Xiaolong, You Yinrou, Situ Ningbing, Li Mu, etc. have all grown up. Their cultivation level is not much weaker than Li Tian. With the help of artifacts, Li Tian can finally let them participate in the battle with confidence. .

After Youanrou shot and killed a strong man in the semi-god realm, she was immediately attacked fiercely by the two who besieged her.

Donggong Ai, a female elder of the Donggong Super God family.

Different from Donggong Chunhua, Donggong Ai has the appearance of a seventy or eighty-year-old woman. Therefore, even if her cultivation level is not weaker than Donggong Chunhua, Donggong Ai is valued by the many widows of the Donggong Super God family. The degree is far less than Donggong Chunhua.

The improvement of the cultivation level will make many people's minds broader, but it will also make some people's temperaments change drastically, full of hostility, and like killing.

Donggong Ai is one of them.

Donggong loves, especially beauty.

As women, many cultivators also love beauty.

Even some cultivators' original intention in their cultivation is to be able to look young forever.

It's a pity that Donggongai didn't pay attention to this little detail when she chose the practice method. As her cultivation level was constantly improving, Donggongai realized that she had missed her great years.

Now, Donggong Ai's cultivation level has already reached a demigod, but the respect that Donggong Ai has received has not made her feel satisfied. Deep down in his heart, she still wants to look like Donggong Chunhua more. .

Therefore, when a beautiful woman appeared in front of her, Ai Donggong always wanted to destroy the face of this beautiful woman.

And now Donggong Ai's goal is Darkness!

"Little bitch, when you were fighting with the old woman and me, you were thinking of other men, you are really looking for death!"

"Little slut, your shooting skills just now were good, did you always get shot, so you learned superb shooting skills?"

"Little Langhuo, look at the two **** on your chest swaying like waves. It's so **** disgusting to watch! Why don't you let the old woman cut it off for you!"

"Xiaosao hoof, why are you blushing? Are you thinking about it? Is it all wet underneath?"

"small....."

The language of Dong Gong's love is extremely vulgar and extremely vicious.

You Yanrou only felt her cheeks flushed, and her heartbeat became more intense.

"Hahaha, you really are an out-and-out little slut. A few words from the old woman can actually make you achieve sex. You are really indecent to the extreme!"

Dong Gongai's voice is vicious, and her attacks are equally sinister.

Donggong Ai's spiritual power was condensed into a soft whip of spiritual power, controlled by her mind, constantly slamming the dark soft.

As long as the dark soft is slightly distracted, Donggong Ai will immediately shoot a few hidden weapons of one inch long spiritual power.

Youanrou was unfamiliar with Donggongai's fighting style at the beginning, and once suffered a small loss. Fortunately, the Yuanyang Miserable Arrow and Jihuo Meteor Bow have now understood Youanrou's mind and possessed an automatic master protection function. Survived.

"You old woman, good..."

"Hey, what's wrong with me? Does it feel like the old woman is filthy? Hahaha, what about that?"

"Old woman, when I was young, I was a flower in the East Palace. A man who likes me can walk around the Netherworld ten times hand in hand. But as a woman, once a person's old age fades, a woman will become a ball of paper used for wiping buttocks in the eyes of men. He, he will despise you!"

"Looking at the look of your disbelief is really upsetting to the old woman. I will let the old woman cut off your face today so that you can see the man's widowhood!" As he said, Donggong's spiritual power soft whip transformed Become a soft sword of spiritual power, piercing the dark and soft face!

Chapter 5157:

Cang!

There was a violent impact in midair.

But it was Yuanyang Mie Shen's arrow that flew out to block Donggong Ai's attack!

Dark and soft held the Fire-Meteor Bow and swept backhand.

The surging spiritual power burns on the bow of the fire-collecting meteor, and the magical power of the flame spiritual power can even cut the void.

Donggong loves there and dared to fight hard, teleporting away immediately after a miss.

At this moment, another strong man from the Super God Xiuyu family who besieged You Yinrou kept hitting You Yinrou with his fists.

boom!

boom!

boom!

More than a dozen fist shadows flew out of his fists, like falling meteorites, fist shadows were burning, and the powerful power made people feel that the surrounding air seemed to be boiling.

A gleam of cold flashed across her face, and she did not retreat. The fire-collecting meteor bow in her hand instantly penetrated into her body. Then, a layer of rock-like armor was added to her body. Make any dodge, and rush up to meet these shadows.

"Idiot, I really think that having a magical tool is invincible in the world? My cultivation level doesn't need to be much weaker for you. With so many fist and shadow attacks from me, I will definitely be able to smash you into pieces!" There was a sneer on the face of the strong **** family.

The same is the half-god realm, even if the cultivation level is the gap between the initial realm and the mid-stage realm, in terms of defense defense, even a half-god pinnacle powerhouse would not dare to withstand so many attacks in the early half-god.

boom!

boom!

boom!

The continuous shadow of the fist slammed on You Yinrou's body.

The shadow of the fist exploded on the body of the dark and soft, the spiritual power splashed, and the strong light split, instantly surrounding the shadow of the dark and soft, and every fist shadow fell, the strong light that enveloped the dark and soft would fall down a few minutes.

"Haha, it's a shame that such a beautiful beauty died in the shadow of my fist..." These old widows of the Super God Cultivation Family laughed wildly, thinking obscenely in their hearts if they could make peace before the dark soft dying He had an intimate contact, and that was really perfect.

Gloom and soft fell?

Donggongai's face showed a trace of uncomfortableness. According to her thoughts, such a woman should be disfigured and let her live better than death.

"Wait, something seems to be wrong!"

Donggong Ai suddenly discovered that the spiritual power released from the body of the dark and soft body in the strong light had not disappeared, but because of the attack of the widow of the super **** family of Xiuyu, the spiritual power became more surging.

At this moment, Yuanyang Mie Shen Arrow drew a shadow in the air, and instantly returned to You Dark Rou, fusing with the light and shadow.

Immediately after...

"No, be careful..." Donggongai exclaimed.

However, her exclamation was still a bit late. After the Yuanyang Destroying Arrow entered the strong light, the light released by the strong light became even more dazzling, just like a small sun exploding instantly, countless strong The light was released from the dark body.

The only difference is that there is only one target of these bright lights, that is, the widow of the Super God Family of Fish Cultivation who just attacked You Yinrou.

Whoosh!

Whoosh!

Whoosh!

The light arrows condense together instantly when they leave the dark and soft body, forming a stronger light arrow.

At the beginning, the light arrow only had the thickness of the finger, and after no more than a tenth of a second, the light arrow had become thicker than the basin.

As other bright lights from far away flowed into it, this light arrow continued to grow stronger.

The face of the elder of the Super God Cultivation Family finally showed a trace of horror, because he felt the fear of death on this light arrow.

"Impossible! Everyone's cultivation realm is also a demigod. Why can this **** woman like Youanrou release such a powerful attack?"

"Is it an artifact?"

The widow of the super **** family wants to teleport and avoid.

Huh!

In an instant, he avoided the direction of the light arrow, dodge several kilometers away.

It's a pity that while the old man teleported, the light arrow released by the dark and soft also penetrated the void, and also teleported.

Then, there is actually no more.

The strong light shot through the body of the widow of the super **** family.

Strong light shot past, but there was no wound on the body of this old man.

"I... Am I not dead?"

The old widow still had an unbelievable expression on his face, and he subconsciously reached out and patted his abdomen and chest.

Sure enough, there was no wound.

"Hahaha, what is this? Is it fireworks? Hahaha, if it is fireworks, then I admit, you scared me!"

The widow of the Super God Cultivation Family smiled wildly, his face full of mockery.

After Youanrou shot an arrow, the strong light circled around and returned to her hand again, and once again changed back to the Jihuo meteor bow and Yuanyang Deshen Arrow, and then Youanrou ignored the widow of the Super God Cultivation Family. Turned around to deal with Oriental Love.

"The paralyzed, dare to ignore my existence, you are looking for death..."

The widow of the Super God Family of Xiuyu was angry and immediately used spiritual power...

Then, there was a loud noise in the sky, and the body of the elder was instantly swollen, and in just half a second, his body was like a balloon that was blown up, at least a few dozen times bigger. Even hundreds of times.

Then there was a bang, and the whole person turned into fireworks.

Even the flesh and blood was instantly swallowed by the intense spiritual power, and disappeared completely.

The melon-eaters who watched the battle from a distance were suddenly crazy.

"Fuck, have you seen it? The strong light just now teleported, as if... as if... paralyzed, it's too awesome anyway!"

"It's really rare and weird. For a demigod-level powerhouse, this is not easy? It just makes me feel shocked that the power released from this light arrow is too terrifying, even if we are so far apart, but I I still feel my legs trembling."

"Sacred weapon! Sacred weapon powerhouse! This is the demigod-level powerhouse who possesses the artifact! At this moment I think of the mysterious woman in Wanshen Mountain!"

"This trick is really awesome! Instantly kill the demigod, You Yinrou has already killed two elders in succession, it looks much stronger than the other strong men!"

"Cut, speaking of strong strength, I only admire Master Li Tian, do you see that Master Li Tian is still playing ten per one, Uh... Although Master Li Tian was beaten like a dog, running around, but this It's already a pretty awesome existence."

"The Li Tianjun regiment has several artifacts. Each of these artifact powerhouses is stronger than ordinary demigod powerhouses. Maybe...maybe we can really win this time!"

"Although I am very optimistic about Lord Li Tian and the Li Tian army, I am afraid it is not easy to win. You must know that although the widows of the Super God family have lost three people, their number is still far beyond the Nether Academy. The sum of the demigods with the Li Tianjun regiment."

The words of the people in the group of eating melons have not yet fallen, and the body of a demigod-level powerhouse in Li Tian's regiment instantly fell from a high altitude!

Chapter 5158: Furious Mode

Two fists are hard to beat four hands, a hero can't hold back a pack of wolves!

Even if there are Li Tian and Chu Jiangnan, two super powers who can pull away to assist when other powers are in danger, but people lose their minds, horses lose their hooves, even when the tigers doze, they both suffer. It is impossible for other super **** families to take care of them so comprehensively.

It was not someone else who fell from the sky, it was Li Tian's good brother, Yin Mo Yin Niu.

This strong man who had just stepped into the primary realm of the demigod for less than a year, under the combined attack of the two elders of the three-luo super **** family, barely supported for ten minutes, and finally fell.

boom!

When Yin Mo Yin Niu's body fell halfway, his entire body exploded in mid-air, and his body completely dissipated following the fluctuation of the explosion's spiritual power.

"Old cow!"

"Super God Family, I **** Nima!"

"Brother who dare to move Lao Tzu, Lao Tzu fights with you!"

The three purple flame thunder bear, earth evil sky eagle, and Tian Gang Yan raccoon noticed the fall of the Yin Mo Yin Niu Territory master, and they were immediately angry.

These three powerhouses in the semi-god realm completely ignored their attacks on their elders, and at the same time used teleport to pinch the two elders of the Sanlu Super God family who had just fought with the Yin Devil Silver Bull Territory Lord.

"Who is it? It was the yin demon silver bull killed by the bastard, let me tear him to pieces!" Ziyan Thunder Bear roared.

Huh!

A light blade cut passed in front of Ziyan Thunder Bear.

San Lun Ning sneered: "Hahaha, that stupid cow was killed by Lao Tzu! Lao Tzu can change his name or his surname, San Lun Ning is Lao Tzu! Want revenge, want to tear Lao Tzu apart, then To cut down whether you have this strength."

Sanluning controlled his spiritual power and condensed into nine long swords. These nine spiritual power long swords revolved around Sanluning's deep meaning, and the shape was called a gorgeous.

Gorgeous in appearance and equally powerful.

These nine long swords of spiritual power moved with Sanluning's mind, both offensive and defensive.

Enter, the nine-handed long-sword sword moves with your heart, and can launch the sharpest attack from different directions and different angles at the same time.

Withdrawing, the nine-handed long sword keeps rotating, which can protect San Lun Ning's body, forming a copper wall and iron wall, resisting attacks from all angles.

"It's you?"

"Idiot, do you want me to repeat it again?"

"Good, good, good!"

Ziyan Thunder Bear said three good words in succession, his pupils were congested, and his body was trembling non-stop.

Huh!

Huh!

Huh!

Sanlu Ning is willing to talk nonsense with the Ziyan Thunder Bear to stimulate the Ziyan Thunder Bear and get his heart satisfaction.

However, Sanlu Chenbo, who cooperated with Sanluning to kill the Yin Mo Yin Niu, did not want any nonsense.

With his hands like knives, he kept thinking of Ziyan Thunder Bear's cutting several times.

Sanlu Chenbo's attack is equally sharp. Almost every sword of the two-handed knives that condenses all cultivation bases seems to be able to cut the void, especially the black spiritual power on both hands, which can even swallow the surrounding air. After cutting it out, a black gap immediately appeared beside Ziyan Thunder Bear.

And in the black gap, dense black hands would stretch out to grab the purple flame thunder bear, as if to confine the purple flame thunder bear in midair.

"Go away!" Ziyan Thunder Bear roared.

With this roar, the purple flame thunder bear's mouth sprayed a strong purple light, as if purifying, and as the strong purple light appeared, the dense black hands instantly disappeared.

The attack was broken, San Luchen didn't care at all, and continued to attack continuously.

However, as the Tiangang flame raccoon and the earth evil sky eagle teleported here, the widows of the Super God family who had attacked them teleported over at the same time, still in a situation of more than one.

"Hey, the fall of that cow just now is just the beginning. Today, none of the powerful Li Tianjun can escape."

"Yes, our four super **** families have joined forces and have never encountered an opponent in the Nether Realm. Nether Academy cannot do it, neither can you!"

"Are you still waiting for Li Tian to rescue you? Hahaha, Li Tian is also unable to protect himself from the Nipsa. After I send you on the road, he will soon catch up with you!"

Xiuyu, Donggong, Sanlu, and White Horse, nine demi-god powerhouses from the four super-god families joined forces to attack, and instantly suppressed three demi-god-level ghost beasts, including the Purple Flame Thunder Bear. Although the three of them cooperated well. , But in the face of so many strong people, they can only complain repeatedly.

But how can this be?

Ziyan Thunder Bear's eyes were bloodshot, and he kept roaring.

Huh!

There was a demigod crystal in Ziyan Thunder Bear's hand, and he swallowed it directly without any hesitation.

boom!

The body of Ziyan Thunder Bear instantly became more than ten times bigger, and the whole body was like a hill.

The surging spiritual power entangled Ziyan Thunder Bear's body, especially his limbs, and the spiritual power was constantly wandering.

Others who made the same choice were the earth evil eagle and the sky gang flame raccoon.

Swallowing the demigod godhead can stimulate the greatest potential in the purple flame thunder bear's body in a short time, allowing them to instantly enter the violent mode. In a short time, their cultivation level instantly rises to the peak of the demigod, and their actual combat power soars.

This is also the aspect where the ghost beast is not used for humans.

The combat power of the three semi-god-level ghost beasts soared, even if there were nine elders from the super-god family, they were not afraid.

Huh!

A light blade slashed on Ziyan Thunder Bear's back, a wound more than a meter long and half a foot deep appeared on Ziyan Thunder Bear's back, and blood instantly emerged from his back. Splashing outwards, but the Purple Flame Thunder Bear didn't even say a word, turned around and patted the old man who attacked him.

boom!

The panicked elder was instantly taken off by the purple flame thunder bear, and his whole body was plunged into the ground, and he didn't know whether it was life or death!

puff!

A long sword pierced into the wing of the earth evil sky eagle. With an explosion, the feathers on the earth evil sky eagle's wings were blown up and flying, blood dripping from the wound, the earth evil sky eagle completely ignored its wings. The wound on the upper part, the sharp beak is like a straight piercing Sanluning!

call!

Nine fiery red tails appeared behind the Tiangangyan raccoon. His eyes were red, and his whole body instantly turned into a crimson flame. Like the burning flame, the surging spiritual power kept wandering on his body, Tiangang At this time, the raccoon evolved into a strange beast.

The brotherly love is deep. In just a few decades, the Nether Four Beasts have experienced countless lives and deaths.

At this time the Yin Mo Yin Niu had fallen, and they really couldn't think of a reason not to work hard for the Yin Mo Yin Niu.

Swallowing demi-god crystals, stimulating potential, even if they become waste in the future, even if they fall here today, but how can this be?

The brothers died tragically, they will not sit idly by.

At this moment, a figure flashed in mid-air, and then more than a dozen red lights slashed out of this figure. Every red light was filled with monstrous anger, and every red light was directed at Sanlu. Rather go!

"Sanluning! I'm ***** your uncle!"

Chapter 5159: Li Tian weeping blood

Sanluning was terrified!

San Lun Ning never expected that Li Tian would abandon the strong man who besieged him and teleported here to attack him.

Li Tian, that is a strong man in the pinnacle realm of a demigod.

Each of these dozens of red lights carried a terrible anger, each with a strong killing intent.

San Lun Ning quickly urged his spiritual power, summoned all the spiritual power swords back, protected him by his side, and flew quickly.

The defense formed by these nine long swords is airtight, and even a fly can't fly in.

Only then did Sanluning gradually let go and let out a sigh of relief.

However, his breath was only half way out, and the dozen red lights released by Li Tian had already been slashed on the long swords around his body.

Cang!

Cang!

Cang!

Continuous metal crashing sounded around Sanluning's body, and immediately after Sanluning heard a series of metal breaking sounds, it was the sound of the spiritual sword shattering around his body.

"No...impossible!" Sanluning was shocked.

San Lun Ning is full of confidence in the defense of his long sword. He has fought against a demigod-class powerhouse several times, and relying on the defense of these nine swords, he can retreat with his whole body. Even in the battle of Wanshen Mountain, Sanluning's nine-sword defensive formation once blocked the mysterious woman of Wanshen Mountain with a full blow.

But now?

The **** nine long swords were cut to pieces by the red light released by Li Tian like broken copper and iron.

Then a red light cut across Sanluning's body in an instant.

puff!

The small body of San Lun Ning was split into two by Hong Zhan's slash!

The speed of the slash was extremely fast, and at the moment the body split into two, Sanluning's thinking still existed.

"This...this guy is too fierce! Plus the women from Wanshen Mountain, unless the patriarchs..."

This concludes Sanluning's thinking.

His body was instantly chopped into seven or eight segments by the rest of the red light, and was completely chopped into pieces during Li Tian's successive attacks.

The widows of the Super God Family who are participating in the battle are shocked!

The powerhouses of Li Tianjun were also shocked!

The elders and students of Nether Academy looked at Li Tian dumbfounded.

Piff was angry, and the blood splashed five steps!

Before that, everyone thought that Li Tian was besieged by a dozen semi-god-level powerhouses, and he could only barely support him. Who knew that Li Tian could actually get out and kill San Luning.

"Master Li Tian is really tough!"

"Is this the difference between the peak of the demigod and the initial state of the demigod?"

"A spike, it's a spike!"

"Sanluning's most proud defense, under the attack of Li Tian and Hong Zhan, turned out to be so vulnerable!"

"The Super God family has fallen four demi-god powerhouses, and the Li Tianjun regiment has fallen only one man, Niu Mo Yin Niu, if we trade one for four, we will definitely win!"

"Idiot, haven't you discovered it? The four patriarchs of the Super God family didn't appear here for unknown reasons, and I feel that there should be other strong people in the Super God family who have not appeared here."

"Impossible! So, isn't it impossible for us to win?"

For a time, many students from the Netherworld Academy who came out of the secret realm fell into contemplation and panic again.

As for the dozen or so semi-god-level powerhouses who besieged Li Tian, they also wanted to pull away to help Sanluning. Unfortunately, the prehistoric blue dragon summoned with spiritual power after Li Tian swallowed the quasi-god-level crystal could not Responding to their request, Hong Huang Qinglong used a pair of ten demigods to defeat the tribe.

Coupled with the fact that Chu Jiangnan was in the gang, it was impossible for these ten demigods to get away to deal with Li Tian.

Of course, with the current realm of the cultivation level of the Primordial Azure Dragon, it is impossible to shred these half-god powerhouses!

Huh!

Huh!

Li Tian was panting heavily.

It's not that Li Tian's body has reached its limit, but that he is still very angry.

Yin Mo Yin Niu, this loyal and honest guy, just left like this.

Li Tian recalled the scene when he and the Four Nether Beasts worshipped.

Because of the wine, they became associated with each other, and because of the wine, they became brothers of different surnames.

Because of these brothers, Li Tian can be unscrupulous in the dark forest and fear no danger.

Li Tian recalled the scene when he was climbing the top of the holy peak.

At that time, Li Tian's cultivation level was the weakest. When climbing the top of the holy peak, Li Tian almost fell off the cliff.

It was the Yin Mo Yin Niu who caught Li Tian, and it was the Yin Mo Yin Niu who kept inspiring Li Tian.

Waiting for the top of the holy peak, Li Tian did not say a word of thanks, only a bottle of Niulanshan Erguotou can make Yinmo Yinniu extremely happy.

Li Tian also recalled his memories in the metal world.

At that time, Li Mu was besieged by a strong man sent out by the diamond costume.

Yin Mo Yin Niu's cultivation realm was so weak, but he didn't flinch at all.

It's not that Yin Mo Yin Niu is not afraid of death, but just because Li Mu is Li Tian's son.

There was no tear in Li Tian's eyes, but his heart was bleeding.

Once upon a time, Li Tian vowed to protect his relatives and brothers, so as not to let any of his brothers and relatives suffer misfortune.

But now?

Li Tian's cultivation realm is very powerful, and there is no opponent under the demigod.

However, in the face of the powerful Super God family, especially in the face of the combined attack of the four strong Super God families, Li Tian found that he was still so weak.

This weakness is not his personal weakness, but the weakness of the Li Tianjun regiment.

If... If the number of demigod-level powerhouses in my Li Tianjun regiment can be more than a dozen, no, even if it is more than seven or eight, then my Li Tianjun regiment will not be afraid of the super-god family. With the strength of these brothers of the Celestial Legion, we can fight to the end with the Super God Family. Then the Legion with powerful people with artifacts such as Li Tian, Tang Xiaolong, Situ Ningbing, and Li Mu as the core, can even defeat the Super God The strong family members are wiped out.

but.....

A tear finally flowed from the corner of Li Tian's eyes.

But this tear is blood red, **** tears!

"Brother Li Tian, Yin Mo Yin Niu...he is gone!" Zi Yan Lei Xiong cried bitterly.

Tiangang flame raccoon and earth evil eagle also flew to Li Tian, surrounded Li Tian, tears kept falling like broken beads.

"I...I know..."

"Brother Li Tian, there will be four of our brothers left in the future!"

"I...I know..."

Tears of blood flowed down Li Tian's eyes and across his cheeks.

Li Tian's anger continued to rise, and Li Tian felt that the spiritual power in his meridians seemed to be on fire.

At this moment, a sneer came from a distance, "What has fallen is just a ghost beast that is inferior to a beast. Li Tian, you are so sad that you weep blood. What if your woman dies?"

Chapter 5160: The catastrophe is coming

Talking about Donggong freehand brushwork.

Although Chu Jiangnan's cultivation level was the same as that of Li Tian, his actual combat power was still slightly worse than Li Tian.

Chu Jiangnan cooperated with the Great Blue Dragon and was barely able to reach a tie with the ten demigods under siege, but it was completely impossible to prevent these demigods from leaving the battle circle.

Donggong freehand believes that it is a waste of time to besiege the wild blue dragon, so with his order, the ten semi-god powerhouses who have been besieging the wild green dragon just now

completely evacuated in an instant, and then these ten semi-god-level powerhouses rushed towards Tang at the same time. Xiaolong, Youanrou, Situ Ningbing, Situ Lime and others.

As for Donggong Freehand, this guy has teleported to Liu Jimeng and Ye Meijing.

The old dean wanted to protect Liu Jimeng and Ye Meijing, and he was laid on his body by the East Palace. At this time, he fell in a pool of blood. The top ten may have no life, but Liu Jimeng and Ye Meijing both rely on their artifacts. Fighting freehand with the East Palace, but because their cultivation strength has not reached the demigod, they have been completely at a disadvantage.

Between the sword, the light and the sword, Donggong's freehand expression was relaxed, and he did not put these two women in his eyes.

"Donggong freehand, you are looking for death!" Li Tian was angry!

"Hey, death? Li Tian, ah, Li Tian, if you want to say it is shameless, all the powerhouses in the entire Netherworld are not as shameless as you. When you arrive at the Netherworld Academy, you will kill the super-domain master-level powerhouses of our super ***** family one after another. , I didn't see that you had the slightest apology. It was a cool one to kill. In a short time, seven or eight superdomain masters were killed in succession. Why now this matter falls on you, you are so Are you angry? Don't you weep blood? Come, vomit blood to me!" Donggong smiled freely.

The other widows of the Super God Family all laughed.

Then, these ***** also learned the freehand brushwork of the East Palace, immediately abandoned their opponents, rushed into the crowd of students from the Nether Academy who were watching the battle, and began unbridled killing.

"I ***** your mother..."

"Will the elder of the Super God family, can you be more shameless?"

"Run away! Paralyzed, these old things are too shameless!"

"Lord Li Tian, come and save us..."

"Shameless Super God Family, I'm fighting with you!"

The number of students in the Netherworld Academy who came out of the world of the mirror world is less than two thousand in total. The number is very large, but the vast majority of the cultivation level is still between the venerable and the domain master, and the cultivation level of a few has reached the super domain. In the main realm, no one's cultivation realm has broken through to a demigod.

These students are struggling to deal with the super domain master-level powerhouses of the super ***** family, how can they be the opponents of these demi-god-level powerhouses?

The demigod powerhouse rushed into the crowd, as if a tiger entered the flock.

The panicked students were crazy, and they all wanted to teleport or fly away.

However, under the mighty power of a demigod-level powerhouse, and powerhouses below the super domain master, let alone teleport, it is difficult to do even flying.

boom!

boom!

boom!

The bodies of the students of Nether Academy kept exploding in the crowd.

This is a complete massacre that is not equal.

These semi-god-level powerhouses can take away a few people, even a dozen people, with a single wave of their hands.

The super-domain master-level elders of the Netherworld Academy knew that it was impossible to escape, and wanted to organize the students to join hands to deal with the super-god clan's elders, but their voices were quickly buried in the tragic shouts of the students.

Li Tian finally saw what is called **** on earth and what is called a river of blood.

Li Tian teleported into the crowd of students. He released his supernatural power and wanted to rescue the students from the elders of the Super God family, but he found that he was powerless at all. The collision between the powers of the gods will not cause any harm to the elders, but for those students who have only the venerable or the realm of the domain master, it is a disaster of destruction.

What Li Tian can do is block the freehand brushwork of the East Palace and save Liu Jimeng and Ye Meijing.

A wicked smile appeared at the corner of Donggong's freehand mouth. He gave up on attacking Liu Jimeng and Ye Meijing, and killed two Domain Master students who had no time to escape. He laughed wildly: "Hahaha, do you see Li Tian's true face? In his heart, only his two women are the most important. As for you students who are like a recommendation? Your life and death are not within Li Tian's consideration."

If in normal times, Donggong's freehand brushwork divorced the relationship between Li Tian and these students, these students would definitely sneer at Donggong's freehand brushwork.

Li Tian, that is the youngest elder in Nether Academy, and he has saved many lives of students in Nether Academy. It can also be said that Li Tian is the most loved elder in Nether Academy.

But now?

Many students fell in a pool of blood one after another. Fear, despair, and confusion continued to spread in the hearts of these students. In addition, Li Tian did only rescue his two women, and the other students even died in Li Tian. By his side, Li Tian didn't even reach out to rescue him.

This caused confusion in the hearts of these students. They didn't want to believe Donggong's freehand words, but they had to believe it.

"Master Li Tian...you...you can save us, right?" A female student sat on the ground and stretched out her hand to Li Tian, her whole body covered with blood and flesh, her eyes kept a little hope in despair. Looking at Li Tian and asked.

This student is very beautiful, at least a stunner.

But at this moment, a spiritual light flashed, and the female student's head was different in an instant, and blood sprayed from her neck, almost half a meter high, like a fountain of blood. His

head rumblingly rolled on the ground, and his beautiful face was covered with blood and mud, staring at Li Tian intently.

"Master Li Tian? Hahaha, stinky shit!"

"Don't ask him, he only has his woman in his heart! Only his brother! As for us his students, hahaha, in his eyes it is worthless!"

"Die! Die! Just die! Hahaha!"

"Idiot, it is the super-shen family who killed us. You resent Lord Li Tian like this, isn't that an idiot?"

"I don't want to die, I'm still a virgin..."

"Anyway, it's all about to die. It's better to be like a man. We are fighting with the strong of the Super God family!"

Li Tian didn't want to save the female student just now, he wanted to save everyone.

However, his abilities are limited. Hong Huang Qinglong cannot be above the students of Nether Academy, otherwise Longwei alone will be enough to blow up those students, and Li Tian is also afraid of these students, lest they accidentally kill them. Student, now Li Tian's true strength is not even one-fifth of it.

Right now, Li Tian can only rely on Red Slash to fight.

The same goes for the other Li Tianjun regiments, the great elders of the Nether Academy, and the demigod elders.

"Void Yasha! Save people!" Li Tian Xukong Yasha shouted.

Void Yasha belongs to the Yasha clan. He is only responsible to Li Tian, and at most to Li Tian's brothers and relatives. The moment the other widows rushed into the crowd of students, Void Yasha teleported to Li Xiaoyu and Li Wuque's side. Li Xiaoyu and Li Wuque were sent into the space. As for the life and death of these students, it was not within Xiao Yasha's concern.

However, now that Li Tian called him to save people, Void Yasha could only take orders.

Huh!

Void Yasha teleported to the crowd of students, and rescued several students from the hands of a demigod powerhouse, and threw these students into the space for collection.

Void Yasha's speed of saving people is not unpleasant. He has rescued hundreds of people in just a few minutes, but he can't send thousands of people into the space instantly, and the number of deaths and injuries among these students is still rising.

Dixing Yasha got into the ground, stretched out his hand to drag the two Venerable-level students into the ground, instantly appeared dozens of miles away, and sent them back to the ground.

"Run away, before the Super God Family is wiped out, you better hide first!"

Then Jixing Yasha teleported back again, saving people again and again.

It's a pity that the speed of saving people is far lower than that of Void Yasha. After saving seven or eight people in a row, Jixing Yasha is unwilling to save people anymore, and instead deals with the elders of the super **** family.

Feitian Yasha also wanted to save people, but at this time he was being pestered by an old widow of the Sanlu Super God family, and he had no time to get out.

"The paralyzed, the immortal, if I have a chance in the future, I will definitely pick out all your bones to feed the dog!" Feitian Yasha angered.

The widow of the Sanlu Super God family laughed and said: "You little thing looks a bit like the Yasha clan by then, but unfortunately you are just a mere appearance. Your body shape is too different from the real Yasha. And your cultivation base is not even a little bit different from that of the Yasha clan. If you want to pick out my bones and feed the dogs, I'm afraid you will have no chance in this life!"

The battle continues.

Although the elders of the Li Tianjun regiment, Chu Jiangnan, and Nether Academy were fighting the super-shen family's strong men, trying to save these students, but every second, at least a dozen students fell in a pool of blood.

The death toll reached five to six hundred in just seven or eight minutes!

The stump and broken arm were shocking.

The corner of the elder's mouth was trembling slightly, and his body was trembling slightly.

The old dean has died in the hands of Donggong Freehand, so he will now officially take over as the dean of the Nether Academy.

However, watching these students keep falling to the ground and he was helpless, he only felt a bad breath in his chest.

"Damn it, are you just watching our students die in the hands of the Super God Family? These students are the foundation and future of our Netherworld Academy!"

The eyes of the great elder were full of anger and unwillingness.

"It seems that there is only one way to rescue these students as much as possible!"

Thinking of this, the elder's eyes were filled with determination. He shouted at Chu Jiangnan who was fighting: "Chu Jiangnan, you will be the dean of the Netherworld Academy from today! The Netherworld Academy is handed over to you!"

The voice of the great elder was like Hong Lei, constantly echoing in the sky.

Chu Jiangnan was startled slightly, and suddenly had a premonition of anxiety in his heart.

At this time, the spiritual power of the great elder is constantly improving, and the sky is rolling in the blink of an eye!

From far to near, the dark clouds continued to press down in the direction of the Nether Academy.

Rumble!

Rumble!

Thunder roared in the dark clouds, and even lightning flashed continuously.

Above the dark clouds, a heavenly gate appeared like a shadow.

"Ascension by day?"

"The Great Elder... is actually going to ascend?"

"The great elder is to save us students, otherwise he would not choose to ascend in the day!"

Click!

A purple lightning flashed across the sky.

The faces of many demigod-level powerhouses showed horror.

Soaring by the day?

Paralyzed, do you want to kill everyone like this?

The powerhouses of the Super God family had already seen the Tianmen, and did not dare to stay any longer. The catastrophe was approaching. They were afraid of being hit by the fish pond, and then flew into the God Realm with the Great Elder.

"Go!"

Whoosh!

Whoosh!

Whoosh!

The powerhouses of the Super God family keep teleporting or flying hundreds of kilometers away.

"Keep the green hills and don't be afraid that there will be no firewood! Let's go, Chu Jiangnan, take the students from the Nether Academy and hide first!"

There was a smile on the face of the great elder, and his body was already floating slowly!
