

A Killer 5171

Chapter 5172: Behead

Paralyzed, what Li Tian dislikes the most is a double-faced person.

Yes, Baima King Kong's hostility towards Li Tian is the smallest of the four super **** families, but the white horse super **** family is also an accomplice after all.

The battle of the Sea-Monster Clan, the battle of the Nether Academy, and the Wanshen Mountain, there was no less white horse super **** family at that time.

No one can be guilty if you want to be a double-faced person. The beauty of thinking!

The wall is grassy, on both sides, and I want to wait until the final fruit of victory. Just think about it. Li Tian will never agree.

The eyes of Xiuyu Lonely, Sanlu Shangqing, and Donggong Zhentian looking at White Horse King Kong suddenly changed.

Although they all knew that this might be Li Tian's divorce, but they also believed that the white horse King Kong, who can figure out the cause and effect before and after, could definitely do such a thing.

Moreover, before Li Tianlai, a small mistake made by King Kong White Horse had already made them passivity.

Hum!

At this moment, the big array of 'please go down to earth' shook abruptly again.

"White Horse King Kong, you guy must be deliberate!" Sanlu Shangqing said angrily.

White Horse King Kong suddenly felt like a dog.

Fuck, just now it was clear that your Sanlu Shangqing's confusion caused the mistakes, okay?

I'm paralyzed, I have to remember this black pot?

What makes King White Horse feel angry is that Xiuyu Lonely and Donggong Zhentian accuse White Horse King Kong at the same time.

"White Horse King Kong, no matter how many things you have done in the past that I am sorry for the four super **** families, I hope that you can push the big formation wholeheartedly, otherwise once the big formation is broken, no one of our four super **** families will There will be good results!"

"White Horse King Kong, we can treat the past as not happening, and we can forget the past, but if you harm the four super **** families, then you are the sinners of the four super **** families, whether it is White Horse or other super **** families. Clan people, I will never forgive you!"

Seeing the four patriarchs of the four super **** families tearing up, Li Tian immediately became happy, even the attack was so vigorous.

Huh!

Huh!

Huh!

Hong Zhan cut out continuously, and the forced repair of Yuyin was losing ground.

Xiuyu was exposed to Li Tian's Red Sword only a few times, and almost became Li Tian's soul under the sword.

Li Tian is getting more and more excited!

"It's now, one blow to defeat Xiu Yuyin's defense, one blow to kill Xiu Yu's loneliness!" Li Tianxin said.

Huh!

Another red light cut out!

The power of this red light is much stronger than all previous attacks released by Li Tian, and the height of the red light alone reaches more than ten meters.

Hong Guang cuts towards Xiu Yuyin with an aura of ruining the world!

A touch of horror flashed through Xiu Yuyin's eyes!

He knows that the quasi-sacred tool in his hand can withstand this attack at most. Even if the quasi-sacred tool is not broken like a Qiankun bag, at least it will lose its spirituality in the short term and can no longer play a defensive role, but... The ancestors of the God Family are not able to come out for the time being, and Li Tian's attacks will inevitably be more fierce at that time, and when he repairs Yuyin, he will definitely become Donggongkun and become the dead soul that Li Tianhong has cut down.

At the juncture of the crisis, Sanluyuan's figure flashed, blocking the artifact in his hand in front of the red light, and absorbed most of the defenses for repairing Yuyin, but Sanluyuan became a scapegoat and was caught by this red light. The formidable force directly slashed and flew hundreds of meters away.

The red light continued to cut towards Xiu Yuyin.

Xiu Yuyin easily defended Li Tian's strongest blow.

"Li Tian, the elders of our four super **** families are intimate, working together. You are not a quasi **** level powerhouse, how can you break our defense?" Xiu Yuyin said with a sneer.

Li Tian was very angry.

Paralyzed, San Luyuan actually blocked Xiuyu, which completely exceeded Li Tian's expectation.

But how can this be?

"I think who will share the burden for you this time!"

Hong Zhan, who had just been in Li Tian's hands, disappeared in an instant, and Li Tian immediately condensed a huge spiritual power blade that was as large as 100 meters!

The one-hundred-meter giant blade was in Li Tian's hands, and went down, cutting towards Xiuyu's loneliness.

"You only have this strength?"

There was a hint of sarcasm at the corner of Xiu Yuyin's mouth. Facing the giant blade slash, he didn't shrink at all, and instead of retreating, he moved forward and directly greeted him.

boom!

A loud noise came from the magical tool in the hands of the giant spiritual power blade and Xiu Yuyin.

Xiu Yuyin took two steps back!

The quasi-artifact in his hand is safe and sound.

However, the giant blade of spiritual power formed by Li Tian's full spiritual power condensed completely burst in an instant.

The surging spiritual power is like a flood, constantly flowing around.

This time the attack was completely resolved by Xiu Yuyin.

The face of San Luyuan who had just rushed back also showed a hint of sarcasm, "It's really flashy!"

At the level of the demi-god pinnacle realm, or the higher level of the cultivation realm, in addition to the spiritual power, the people at the same cultivation realm are more divine artifacts, divine armors, etc., condensed from ordinary spiritual power. Weapons is already difficult to use.

"Hey, isn't it?"

Being ridiculed, Li Tian was not angry, but there was a sneer at the corner of his mouth.

"Could it be...?"

Sanluyuan suddenly realized that he had made a mistake, and suddenly turned his head to look at Sanlu Shangqing.

Then Sanluyuan saw that the air in front of Sanlu Shangqing suddenly fluctuated a little, and immediately after that, Hong Zhan flew out of the void automatically and slashed towards Sanlu Shangqing.

"No... impossible..."

"Even if it is a divine tool, it is impossible to have the ability to teleport and attack automatically!"

San Luyuan's eyes were full of shock, and the expression on his face was completely frozen. Even the Heavenly Qiong Spear in the hands of a mysterious woman was only a divine weapon and could not perform an attack like Red Slash, so San Luyuan was completely confused. Up.

At this moment, Sanluyuan even forgot to go back and save Sanlu Shangqing.

Of course, under the Ten Thousand Gods Mountain, the demigod powerhouse was imprisoned by the Ten Thousand Gods Mountain, unable to teleport, and even if he wanted to turn around, it would be too late for Sanlu Shangqing.

Huh!

A red light came out from Hong Zhan Zai.

At this time, Hong Zhan was close to Sanlu Shangqing, and this red light was cut out quickly and fiercely. When Sanlu Shangqing realized the threat existed, it was too late for him to evade.

Huh!

The red light cut across Sanlu Shangqing's neck.

It was like cutting tofu, and he easily drew a red line on Lu Shangqing's neck, and then...

Grumbling, San Lu Shangqing's head fell from his body and fell into a large array. Scrolled up a few times.

Sanlu Shangqing will never look down!

"Zhuzi, you dare to hurt my Sanlu..."

In the sky, the words of the ancestors of the Sanlu Super God family above the clouds have not yet fallen, they have disappeared along with the disappearing clouds and the disappearing Tianmen.

Chapter 5173: The mutant crow is here

However, the Donggong pardon, who had been invited to the earth, did not disappear together.

The battle in the sky continues, and the mysterious woman and the great blue dragon cooperate, and they are still losing ground.

on the ground.

San Luyuan was shocked.

Xiuyu's loneliness was shocked.

Donggong Zhentian was also shocked!

All the powerhouses of the super **** family felt shocked.

"Sanlu Shangqing, he died so easily?"

Although White Horse King Kong had already calculated that a Patriarch would die here, he never thought it would be Sanlu Shangqing.

Shouldn't it be the loneliness of fish repairing?

Shouldn't it be the East Palace shaking the sky?

Xiuyu was lonely, Donggong Zhentian was awakened from shock, and at the same time looked at King Kong White Horse.

At this moment, they wanted to beat what White Horse King Kong had said before, and they all felt that White Horse King Kong was terrifying in deduction!

However, the battle is not over!

"Don't be afraid, the big formation of 'please go down to the world' is broken, but our super **** family still occupies an absolute advantage. With the ancestors of our east palace super **** family here, the final victory is still ours... let's do it together. Kill Li Tian, a bitch..." Donggong shook the sky and suddenly jumped up from the ground and shouted.

Donggong Zhentian was right.

In the sky, Donggong Amnesty has an absolute advantage.

On the ground, the East Palace shakes the sky, Xiuyu is lonely, Xiuyuyin, Sanluyuan, White Horse King Kong, White Horse Two, three powerhouses of the peak realm of the demigods, and the three powerhouses of the early and mid-term semi-gods unite against Li Tian. Have an absolute advantage!

Xiuyu was lonely, Xiuyuyin, and Sanluyuan immediately geared up, slowly moving towards Li Tianwei.

White Horse King Kong is still a bit hesitant, and White Horse Er is also waiting for White Horse King Kong's order.

"Patriarch, what about our White Horse Super God Family now?"

White Horse King Kong moved his fingers a few times, then raised his head to look into the distant sky, but couldn't help but shook his head slowly, saying: "The trend is over, even if our White Horse Super God family participates in this battle today, the final result There will be no change!"

"The reign of the four super ***** families over the Netherworld... should also be over!" When this sentence was said, the white horse King Kong's face showed endless loneliness, as if he was several hundred years old in an instant. The white horse elder, we return to the Continent, summon all the powerhouses above the semi-god realm, we will ascend together and enter the ***** realm together!"

"What...what?"

Bai Ma Er looked at White Horse King Kong in disbelief. He did not expect that White Horse King Kong would be so pessimistic.

After Donggong Zhentian heard the words of King Kong White Horse, he jumped into thunder.

Paralyzed, you are not only a master of Infernal Affairs, but you are also so slippery.

"White Horse King Kong, you coward, even if you are not there today, we can still kill Li Tian. Even if all the demigods of your White Horse family are soaring in the daytime, then the other powerful members of your White Horse family will become our others. Followers of the three super ***** families!"

White Horse King Kong smiled bitterly, and said: "I wish to bet and lose. The victory or defeat is already obvious. Even if you continue to hold on, the final result will only hurt both sides. If you believe me, then it is best to do what I said, so that we four The loss of the strong of the Great Super God Family will be minimized!"

"The old man of the white horse, don't want to raise his personality and destroy his prestige! Now that we have the ancestors of the Eastern Palace Super God family here, who can hurt us, as long as we kill Li Tian and kill the mysterious woman, the Li Tian army will not It's just a mess of scattered sand, can it still pose a threat to us?" Donggong shook the sky angrily.

White Horse King Kong knew that he could not convince Donggong Zhentian and others, so he could only shake his head slowly.

"Different ways are not conspiring, if that's the case, then let's not pass it!"

Immediately, King Kong White Horse turned to Li Tian who was fighting with Donggong Zhentian and others, Gao Sheng shouted: "Li Tian, look at the face of my King Kong White Horse who was kind to you in the past, and see that King Kong White Horse led the Super God of White Horse. For the sake of all the demi-god-level powerhouses in the family soaring in the daytime, I would also like to ask you to open a network to the other clansmen of the White Horse Super God Clan. White Horse King Kong is here to thank you!"

"Hahaha, the person who knows the current affairs is a brilliant, White Horse King Kong, I promise you. But...Do you want to join hands with my Li Tianjun regiment, I promise you half of the country, the entire Ming Dalu will be divided into your White Horse Super God family?" Li Tian Kuang said with a smile.

After beheading Lian Sanlu Shangqing, Tianmen disappeared, and Li Tian finally relaxed.

Li Tian, who possesses the sacred weapon of autonomous consciousness, Hong Zhan, is enough to protect himself from the joint attack of Donggong Zhentian and others even if there is no prehistoric blue dragon.

It's just that Li Tian didn't understand. How did the White Horse King Kong figure out that the Li Tian army would win this battle of the Ten Thousand Gods Mountain?

Could it be that Tang Xiaolong and others will rush to Wanshen Mountain?

This is unlikely!

Besides, even if Tang Xiaolong and others rushed to Wanshen Mountain, they would still have difficulty dealing with Donggong's pardon!

Moreover, if Tang Xiaolong and others rush to Wanshen Mountain, then the elder powerhouses of the Donggong Super God Family, the Xiuyu Super God Family, and the Sanlu Super God Family might also rush to Wanshen Mountain. A hard fight to fight more with less.

White Horse King Kong knows that if he chooses to stand on Li Tian's side, their White Horse Super God Family will get more benefits, but...

"I'm sorry Li Tian, my White Horse Super God Family is a member of the Super God Family after all, and I can't calmly fight the other three Super God families!" White Horse King Kong said.

Li Tian is not reluctant.

Without any hesitation, White Horse King Kong and White Horse Er turned and flew towards the Underworld.

boom!

boom!

boom!

Continuous explosions sounded over Wanshen Mountain.

Although King White Horse had already escaped, Donggong Zhentian and the others cooperated more closely, causing continuous murder to Li Tian.

If it hadn't been for Li Tian's red sword change to become a red wing ***** outfit, so that Li Tian had enough defense, then Li Tian would have been blasted into dust.

"Hahaha, I don't believe that the old man of the white horse can calculate correctly every time? This time, I see how you Li Tian turned over!" Donggong shook the sky and laughed wildly.

Xiuyu Lonely is also smiling, but his smile is slightly subtle.

Perhaps it is because Xiuyu Lonely understands and believes in White Horse King Kong better.

But Xiuyu's loneliness also believes in the ancestor of the Donggong Super God Family, Donggong Pardon.

In the entire Netherworld, who else could be the opponent of Donggong's pardon?

But at this moment, a piece of colorful auspicious clouds flew in the distant sky...

Wait, there seems to be something wrong, it is not a colorful auspicious cloud at all, but an endless bird!

Li Tian finally showed a smile at the corner of his mouth, "paralyzed, mutant crow, you have finally arrived! It's not in vain that I made a special trip to Shengfeng Mountain to give you crystals before entering the Secret Realm three years ago!"

Chapter 5174: Cover the sky

The crows of Shengfeng Mountain are not ordinary crows, but a group of crows who have been baptized by this beast ***** for many years.

After absorbing the crystals of the ninth-level peak realm of the super domain master sent by Li Tian through cultivation, there are even demi-god crystals. After more than three years of cultivation, this is also the absolute majority of the crow's cultivation realm has reached the super domain master At the ninth level, many crows' cultivation realms have reached a demigod.

Thousands of crows are flying around Wanshen Mountain, end to end. These mutant crows form a huge colorful circle.

"Boss Li Tian, here I am!"

The mutant crow flew out of the crow flock with a few colorful crows excitedly.

The appearance of the mutant crow at this time has undergone earth-shaking changes. If it were not for Li Tian and the mutant crow to have such a touch, Li Tian would not dare to believe that this is even bigger than the big peng bird, with seven-color feathers. The bird turned out to be a mutant crow.

The cultivation realm of the mutant crow is not weak, and it has also reached the mid-stage demigod realm.

Immediately behind the mutant crows are seven colorful crows that are slightly smaller than the mutant crows. These colorful crows croak as if they are also greeting Li Tian, and the cultivation level of these seven colorful crows Has also reached the initial stage of the demigod.

Eight demigods!

With these eight demigod crows joining the battle, Li Tian suddenly felt a lot easier.

No, to be precise, Li Tian can now completely suppress Donggong Zhentian and others before he fights!

The East Palace is shaking the sky, Xiuyu is lonely, Sanluyuan, Xiuyuyin are just four demigods, and Li Tian, eight demigod-level crows, and Li Tian this quasi-god The strongest demigod peak realm powerhouse, if he can't do them any more, then Li Tian will live in vain.

boom!

boom!

boom!

The explosion sounded continuously.

The crow's feathers kept falling from the sky, but Donggong Zhentian and others suffered more damage.

"No matter how arrogant you are? Wasn't it awesome just now? Why isn't it awesome now?"

"Fuck, how old and young, do you think your Super God family will meet? Lao Tzu Li Tianjun plays more and less, that's your ancestor!"

Li Tian's dominance is still not forgiving.

"Li Tian...Don't be too mad, even if there are more crows here? As long as the ancestors of the Eastern Palace Super God Family win, then these crows who come here will only come here to die!" Donggong Zhentian If you lose, you don't lose, and he still said stiffly.

But what Donggong Zhentian said is the truth.

Honghuang Qinglong's figure at this time has become more and more blurred, and the mysterious woman is also completely unable to fight back after being beaten by the East Palace.

If it wasn't for the mysterious woman who still had an artifact like the Qiong Lance of the Sky, the mysterious woman would have already been defeated at this time!

There was a sneer at the corner of Li Tian's mouth, "If you are paralyzed, it will take your ancestors to have a chance to save you! I will chop up your little crows first, and then feed the crows!"

Having said that, Li Tian's heart was full of worries.

At this moment, the prehistoric blue dragon in the sky finally couldn't bear the attack of Donggong Amnesty and burst instantly.

"Hahaha, have you seen it? The next is the death of the mysterious woman, and the next is your death!" Xiuyu was lonely and laughed ecstatically.

You are paralyzed!

Playing hard with Laozi?

I'm playing with you!

After gritting his teeth, Li Tian took out a god-level crystal again and stuffed it into his mouth without hesitation!

boom!

A surging spiritual power began to spread in Li Tian's body, and it was constantly walking along the veins of Li Tian's body.

The side effects of the god-level crystals immediately made Li Tian feel unbearable pain. Even the dragon scale fragments on his body were constantly leaking blood, and the blood in the corners of his mouth was constantly flowing out.

However, Li Tian had no way to back down.

Knowing that there are tigers in the mountains, they tend to travel to the mountains, and now Li Tian is too far away from the realm of the quasi-shen peak. If he doesn't work hard, then they have no way to deal with Donggong's pardon.

Li Tianqiang endured the pain, his mind moved, and Hong Zhan had already flown out, rushing straight into the sky, and cut to the east palace for pardon. Li Tian didn't expect how much damage Hong Zhan's rushing to the sky could cause Donggongxue. The effect he wanted was to temporarily delay Donggongxue's pursuit of the mysterious woman, and then he could take the opportunity to condense the prehistoric blue dragon again.

In Li Tian's heart, Hong Huang Qinglong roared angrily.

"Asshole, if it wasn't for my cultivation level to plummet, I could kill hundreds of such ***** at will. Li Tian boy, swallow a few more god-level crystals, today let me fight the Donggong pardon for three hundred rounds. , I must kill him!"

Li Tian only felt black lines all over his head.

There are many god-level crystals Li Tian and Ou, but if they swallow it again, I am afraid that Li Tian will explode and die without having to do anything with the Super God Family.

However, Li Tian decided to devour another one.

The past fighting experience in the Sanlu Super God family told Li Tian that if Li Tian didn't swallow this god-level crystal, plus the mysterious woman, plus the prehistoric blue dragon, they would at best tie with Donggong She and want to win. That's totally impossible

But as time goes by, Li Tian and others will definitely lose in the end.

Seeing Li Tian took out another god-level crystal, the mutant crow felt that he had gone crazy.

This is a god-level crystal. Li Tian dared to eat like peanuts. Isn't this just looking for death?

Sure enough, after Li Tian swallowed the next god-level crystal again, the dragon scales on his body cracked, and blood continuously flowed out from the cracked dragon scales, blood flowed like a shot, but Li Tian had already turned into blood in a flash. People, this looks terrible.

And Li Tian's eyes gradually lost their luster at this time, as if they had completely lost consciousness.

boom!

The wild blue dragon appeared in the sky again. The size of the wild blue dragon at this time was much larger than before, and the dragon scales on his body looked more real, as if the wild blue dragon had come alive.

"Hahaha, I didn't expect to have such a great battle in the Nether Realm, okay! Today I will fulfill you, let you know how terrible the strong from the God Realm is!" Feeling the change of the great dragon, Donggong pardoned Not only did he not have the slightest fear, but he was more excited.

Li Tian had no time to take care of the battle in the sky. He was already shaky at this time, and he was about to fall from mid-air.

Huh!

The mutant crow flew by in an instant, placing Li Tian on his body.

"Boss Li Tian, leave it to us here..."

Li Tian's face flushed and was completely covered in blood, and a sneer appeared at the corner of his mouth: "It's not your turn to blow the air here..., watch me kill another person..."

With a move of mind, the red cut in the sky fell from the sky!

Then, a red light slashed towards Xiu Yuyin from behind!

With a scream, the quasi-sacred tool in Xiu Yuyin's hand finally burst, and Xiu Yuyin's body split into two halves with the artifact.

"Next..." Before Li Tian finished speaking, he completely collapsed on the mutant crow, unable to even say a word.

Chapter 5175: Smoky group debut

It was not that Li Tian was going to pretend to be dead, but that the continuous swallowing of three god-level crystals caused great damage to his body.

Even if Li Tian was stronger than steel, he had collapsed on the body of the mutant crow, motionless.

Fortunately, Li Tian's killed Xiu Yuyin again!

Xiuyu's lonely cultivation level has been trapped in the demi-god for several years, and his level has not been improved, but his strength is definitely better than the ordinary demi-god's strong at the beginning, but, at this time Three colorful crows in the early stage of the demigod besieged him, and Xiuyu was lonely and embarrassed by the attack.

The clothes on his body had already been torn apart by the claws of the colorful crow, and there were many wounds all over his body, which were shocking.

But Xiuyu's loneliness was hard to tell, let alone rescued Xiuyin, he could only watch Xiuyin be killed by Li Tian's Hong Zhan.

In comparison, Donggong Zhentian is much more beautiful.

The quasi-god-level aura left by Donggong Shaking in the East Palace has not completely disappeared. The claws of the colorful crow can't penetrate this layer of aura. Instead, the feathers that were beaten by the Donggong Shaking are flying around. Fortunately, it is three colorful At the same time, the crow was dealing with the East Palace Shaking the sky, making the East Palace Shaking a little bit careless, otherwise, I am afraid that the colorful crows have already fallen by this time.

Looking at Sanluyuan.

The Sanluyuan cultivation base at the peak of the demigod is the strongest, but he has to face the attacks of the mutant crow, the other colorful crows, and Li Tian's red sword at the same time. His

cultivation base is the strongest, and he is also the strongest. Embarrassed, in the face of the joint attacks of many powerful men, Sanluyuan was retreating steadily.

If this situation continues, it won't be long before Sanluyuan will fall.

"White Horse King Kong must have calculated all the results, otherwise he won't just run away so easily... No, I can't go on like this anymore!" San Luyuan's heart has been retreated, and the fight becomes more difficult.

At this moment, a cloud of billowing black smoke suddenly floated in the distant sky. This black smoke ticket will accompany you very fast. When you first saw the black smoke, the black smoke was still on the horizon, but it was black in an instant. The smoke has appeared less than a few kilometers away.

What made San Luyuan even more frightened was that a powerful breath came from the black smoke.

"Quasi-God? Must be Quasi-God!" San Luyuan was a little surprised.

With just a dazed effort, the sharp claws of a colorful crow caught his back shoulder, San Luyuan screamed and fell from midair.

In the sky, the expression on Donggongshan's face finally changed slightly.

"Quasi-God-level powerhouse? I didn't expect that there is another Quasi-God-level powerhouse in the Netherworld. It seems that I underestimated the descendants!"

Donggong is very powerful. He is a powerhouse in the quasi-god peak realm, but he can also feel that the cultivation level of the quasi-god-level powerhouse in the black smoke may have reached the mid-quasi-god's mid-term. What was frightening was that he seemed to feel a familiar breath in the black smoke.

The billowing black smoke kept shrinking, and finally turned into a black smoke ball the size of only two fists!

If Li Tian could still speak now, he would surely scream loudly, "I wipe it, it turned out to be a black smoke ball!"

Whoosh!

The black smoke group instantly fell on the mutant crow. Looking at Li Tian, who was almost unconscious, the black smoke group's voice was a little choked and said: "Li Tian, you can't die, if you die, I don't have a master again!"

Li Tianji was about to faint.

But the sound of the black smoke ball still fell to his ears.

"Is this guy crying in mourning? Go and help the mysterious woman!"

The black smoke on the black smoke group bounced slightly, seeming to feel Li Tian's heart, and suddenly turned to look at the East Palace shaking the sky.

"You made the little boss like this? Today, I want you to die..."

Donggong is shaking the sky, I'm going to be scared to pee

He never expected that after the mysterious woman, he would be targeted by another quasi-god.

At that moment, Donggong really felt like a dog.

Then... the voice of this guy tremblingly stretched out his fingers to the sky, and said: "No... it's not me, it was my ancestor who forced Li Tian into this way..."

This black pot Donggong Zhentian was unwilling to recite, but when Donggong Zhentian said that, Donggong in the sky felt deeply saddened.

Paralyzed, you are a descendant of Lao Tzu. You are shameless enough to throw the pot over so easily!

However, no matter what, Donggong Shaking is always the ancestor of Donggong Shaking, and Donggong Shaking will not be as familiar as Donggong Shaking.

"Yes, it's me, there is a kind of come at me! All of you demigod-level powerhouses, quasi-god-level powerhouses, let's go together!" Donggongshen said with a sneer.

The sound was like Hong Lei, not only falling from the sky.

But this voice carried the imposing power of Donggong's pardon, a quasi-god peak realm powerhouse.

After all, the colorful crows flying around Wanshen Mountain were too low in their level of cultivation, and they couldn't bear this kind of supernatural power. They were completely fainted by the earthquake in an instant, like a broken kite, and they planted their heads toward the ground.

"It's you? Well, let me tell you today, what will happen if I offend my master!"

Two black smoke blasted from the black smoke group, instantly enclosing Donggong Zhentian and Xiuyu loneliness.

"My ancestor is just me..."

Donggong Zhentian finally felt the danger.

The black smoke looked plain and unremarkable, but as soon as he was enveloped in the black smoke, Donggong Zhentian felt his body as if tens of thousands of ants were drilling into his body. The whole body was itchy and unbearable. Donggong Zhentian was very itchy. He wanted to reach out and grab a grab, but he found that he couldn't do it at all.

The black smoke completely restrained him, no matter how hard he struggled, he couldn't move at all.

Donggong Zhentian could still call for help. At this time, Xiuyu, whose cultivation base was relatively weak, had a dead gray in his lonely eyes.

Xiuyu lonely recalled the words of King Kong White Horse. At this time, he only had regrets, regretting why he didn't listen to King Kong White Horse, regretting why he should be enemies with Li Tian, and regretting why he should be enemies with Li Tianjun regiment.

The black smoke group rushed up into the sky with the two pictures of black smoke, and it was only a few hundred meters away. As the black smoke group released a powerful murderous aura, the two groups of black smoke burst instantly.

boom!

boom!

The two powerhouses of the demigod realm, Donggong Zhentian and Xiuyu Lonely, and the patrons of the two super-god families, before they could scream, they were blown apart by the explosion of black smoke, completely losing their vitality. .

Just like burning paper and burnt ashes, the lonely bodies of Donggong Zhentian and Xiuyu continued to float down and landed on Sanluyuan who fell to the ground. Sanluyuan's body twitched slightly, and then suddenly jumped from the ground, reached out and grabbed the token of the Patriarch of the Sanlu Super God Family, and quickly fled towards the direction outside the Wanshen Mountain.

Chapter 5176: Lose both

San Luyuan escaped, but no one prevented him from escaping.

The goal of the mysterious woman and the black smoke group is the Donggong pardon, and there is no time to take care of it.

Li Tian collapsed to the ground, crawling on the back of the mutant crow, slowly running his spiritual power to recover his physical strength, he was weak.

The mutant crows and the colorful crows are not at a high level of cultivation level, and even if they try to stop them, they will be death-seeking behaviors.

Seeing San Luyuan escape from the back, a touch of disappointment flashed in Donggong She's eyes in the sky.

The ancestors of the four super **** families are all true influences that resoundingly stand up to the ground, but what about their descendants?

It's totally a booger.

Donggong pardon felt very disappointed, but there was no sadness yet.

After all, Donggongshen and his descendants have not had much emotional relationship. The reason why the descendants of the four super **** families can join hands and invite them to the mortal world is just because Donggongshen and other four super **** families' patriarchs. Before ascending, it was just a gift for posterity.

Now, Dong Gongxun feels that he has no need to have any nostalgia for future generations.

With the Donggong pardon at any time, the large array of "please go down to earth" on the ground was instantly shattered by a light ball released by him.

Also smashed together were Donggong and the Patriarch Token of the Super God Family of Xiuyu!

boom!

boom!

boom!

The battle continues.

With the addition of the Black Smoke Group, with the addition of Li Tianhong, and the fact that Donggong's heart is not in the battle, the next battle also loses suspense.

but.....

Donggongshen was not beheaded by the mysterious woman and others, but his body was shattered into spiritual power, and eventually disappeared from the top of the Ten Thousand Gods Mountain in the Underworld.

Seeing the disappearance of Donggong's pardon, Li Tian breathed a sigh of relief and fell asleep on the ground.

Whoosh!

Whoosh!

The black smoke ball and the mysterious woman fell on the ground at the same time.

"Boss Li Tian, you...you..."

"Don't bother him, let him sleep first!" The mysterious woman stretched out the long hair from Li Tian's forehead to the side, her face showing kindness.

...

Underworld.

The result of the battle that took place at Wanshen Mountain has not yet been passed on here.

In the territory of the Super God Cultivation Family, the top ten buildings have completely collapsed.

The clan members of the Super God Family of Xiuyu were grouped together by Tang Xiaolong and others. All the strong men above the promotion of Super Domain Master were beheaded. As long as someone dared to resist, regardless of the level of cultivation, whether it was male, female or old It's a juvenile, it will also be killed.

This kind of thing Ziyan Thunder Bear and other ghost beasts don't have the slightest burden in their hearts, and it is cruel to do it.

The widows of the Super God Xiuyu family returned to the territory of the Super God Xiuyu family half an hour ago, and then they were jointly attacked by Tang Xiaolong and others. Three more widows fell, and the remaining widows ran to the White Horse Super God family. , Sanlu Super God Family, Donggong Super God Family went to ask for help.

Tang Xiaolong was very satisfied with this result.

"There are three more survivors of the super-god family who have fallen. Now the victorious Libra is gradually tilting towards us, but it can't stay here for long. If all the survivors of the four super-god families gather, then we may fall into passive again." Situ Ningbing said.

"Ningbing, which Super God family are we going to next? How about the White Horse Super God Family? They are all in the Underworld, so it's easy to get started!" Tang Xiaolong asked.

Situ Ningbing shook his head slightly, "I'm afraid it won't work. Li said that the White Horse Super God Family doesn't really fight against us. If you want to do it, you have to keep it until the end. So, let's go to the Sanlu Super God Family now! "

In this regard, Li Mu firmly opposed.

After more than three years, Li Mu's heart had already returned to calm.

However, Sanlu Shulan was Li Mu's first love, even if he was gone, Li Mu would never forget Sanlu Shulan.

In the rush to escape from the Sanlu Super God family, Li Mu didn't have time to worship Sanlu Shulan. This has always been a heart disease in Li Mu's heart.

Li Mu is not indifferent, nor does he want to worship Sanlu Shulan.

It's just that the Sanlu Super God family and Li Tianjun that Sanlu Shulan hoped to turn fighting into jade silk were not realized. Instead, the hatred has become deeper and has reached the point of endless death. Li Mu does not know what mentality he should face Sanlu Shulan, even if it was just the grave of Sanlu Shulan.

"Go to the territory of the East Palace Super God Family! The East Palace Super God Family is the culprit. As long as the East Palace Super God Family is defeated, as long as all the elders of the East Palace Super God Family are wiped out, then this war should almost end. Now." Li Mu said.

Speaking of the Qiandong Palace Super God Family, all the strong in the Li Tianjun regiment had no objection, which was completely expected.

Then, Li Mu, Situ Ningbing, Tang Xiaolong and more than a dozen demi-god-level powerhouses organized a group to go to the East Palace Super God Family to learn their experience.

However, when they came to the territory of the East Palace Super God Family, they saw a different look.

The Donggong Super God Family has long since turned into a ruin, with corpses all over the field, and there are corpses everywhere. The entire Donggong Super God family has been destroyed like this?

"Could it be Chu Jiangnan?" Tang Xiaolong asked.

Situ Ningbing nodded slowly without any hesitation.

Chu Jiangnan and the old dean are named teachers and students, but they are better than father and son.

The old dean died tragically in the Nether Academy. How can Chu Jiangnan not get revenge?

When Tang Xiaolong and others arrived in the Underworld and besieged the territory of the Super God Xiuyu family, Chu Jiangnan had already led the three semi-god elders from the Nether Academy to the territory of the Super God family in the East Palace.

This time, Chu Jiangnan was really enchanted!

He is completely open to killing, and anyone who stops him is dead.

Even those unarmed old and young women and children cannot escape the fate of death.

The Donggong Super God Family, one of the most powerful families in the Netherworld, a huge family with a population of over one million, the corpses killed by a single person from the south of the Chu Jiang River spread all over the field, and blood flowed into rivers.

When the widows of the East Palace Super God Family rushed back, the East Palace Super God Family had already become this miserable appearance.

Then a dozen elders went completely crazy, and rushed to Chu Jiangnan desperately, even at the expense of Chu Jiangnan.

The demi-god powerhouses in anger had no intention of converging their spiritual power, they attracted the catastrophe in battle and opened the heavenly gate.

But these ten elders and Chu Jiangnan still had no plans to escape.

In the eyes of the three elders of the Netherworld Academy, Chu Jiangnan and the remaining elders of the Donggong Super God family flew above the clouds, and then passed through the gate of the gods in a continuous battle.

Seeing Tang Xiaolong waiting to rush here, the three elders appeared one after another and explained what happened here to Situ Ningbing and Tang Xiaolong.

"Now Nether Academy has no leaders, please be sure to find Elder Li Tian, please return to Nether Academy to preside over the overall situation!" said one of the elders.

Chapter 5177: Soaring

The elders of the Netherworld Academy also hope that Li Tian can lead the powerhouses to continue to find the Super God Family for revenge.

Situ Ningbing and the others knew that Li Tian had gone to Wanshen Mountain, but did not know what happened to Li Tian, so they decided to show the three demigod widows with Nether Academy and kill them together to the Sanlu Super God Family.

Only when they came to the Sanlv Super God family, they happened to see San Luyuan leading the Sanlv Super God family's widows to hold a day ascension meeting.

Inside the territory of the Sanlu Super God family, there was a cry.

"Damn it, you all soared away in the daytime. How can those of us who have such a weak cultivation realm resist the Li Tianjun regiment?"

"Why don't you drop a few sky thunders from the sky and kill you all? If it weren't for you super-domain master-level powerhouses and demi-god-level powerhouses vying for fame and fortune, our tribes of the super ***** family of Sanlu Do you want to endure this pain?"

"God ***** it! Even if you ascend into the God Realm, you will not end well!"

"..."

No matter how the tribes of the Sanlu Super God Family cried and screamed, Sanluyuan still used spiritual power to trigger the catastrophe.

When the billowing dark clouds continued to appear, the tribesmen in the territory of the Sanlu Super God family could only flee madly towards the outside of the territory.

Either flying, or teleporting, or running.

In short, the territories of the Sanlu Super God Family will be blasted into ruins by the sky thunder, and these people cannot ascend, but they don't want to be destroyed together with the San Lu Super God Family.

Tang Xiaolong and others did not stop the tribesmen of the Sanlu Super God family from escaping.

The tree fell and the humiliation scattered, and after all the demigods of the Sanlu Super God family ascended, the San Lu Super God family also existed in name only.

As for those strong in the super domain master realm and the strong in the domain master realm, these have basically not been in the eyes of Tang Xiaolong and others.

It's enough for them to stay anonymous, if they dare to jump out of love and find their own way, then Tang Xiaolong and others will definitely not be polite.

Rumble!

Rumble!

Lightning and thunder, the gate of heaven has opened.

The bodies of the semi-god powerhouses such as San Luyuan slowly floated up involuntarily.

Feeling the fluctuation of the spiritual power of Tang Xiaolong and other powerful men, San Luyuan's face showed a sorrowful smile.

"Li Tian, the powerhouses of our Super God Family will be waiting for you in the God Realm, and the ancestors of our four super God families will definitely entertain you...Hahahaha"

There was not the slightest excitement or joy in the laugh, but it sounded so sad.

The other ten or so demigods of the Sanlu Super God family shook the sky and howled at the same time, and then couldn't help crying again.

What they want is not such an ending. If the four super **** families are destroyed and they are forced to ascend, they don't need to wait ten thousand years for ten thousand years of penance.

However, these elders now have no choice but to ascend in the day.

Seeing underfoot, the territories of the Sanlu Super God Clan were getting smaller and smaller, and these elders finally burst into tears.

"Li Tian, when you enter the realm of the gods, today's Sanlu Super God Family's enemies will be doubled back then!"

Tang Xiaolong and the others only felt embarrassed, but still more puzzled and surprised.

"What happened? How could the widows of the Sanlu Super God family soar in the daytime?"

"Now I don't even think about it. I can understand the ascension of the elders of the Donggong Super God family, but I don't understand the ascension of the elders of the Sanlu Super God family!"

"Yes, why are they crying and laughing? They don't seem to be happy at all!"

"Why haven't we seen the Patriarch of the East Palace and the Sanlu Super God Family? It's impossible for them not to show up for such a big thing!"

"Yes, when I was in Nether Academy, I didn't see these Patriarchs. Could this be the conspiracy of the four super ***** families?"

"What conspiracy?"

"Should be soaring in the daytime, let us relax our vigilance, and then fool us to soar, so that their conspiracy will not succeed?"

"I'm really worried about your IQ..."

Everyone talked a lot, but they couldn't find the answer.

It seems that this mystery can only be solved after Li Tian returns from Wanshen Mountain.

...

Underworld, the white horse super ***** family.

When the powerful men of the Super God Family of Xiuyu came to the territory of the Super God White Horse Family to ask for help, they just caught up with King Kong White Horse and returned to the territory.

The widows of the Super God Family of Xiuyu immediately surrounded the White Horse King Kong.

"Patriarch White Horse, why are you here?"

"Aren't the Patriarchs of your four super-god families supposed to be on the Ten Thousand Gods Mountain? Shouldn't they be in 'please go down to the earth' and ask our ancestors to go down to the earth to deal with the Li Tianjun regiment?"

"Damn fellow, is it true that our Patriarch said that your White Horse Super God Family has never really fought against Li Tianjun and against mysterious women?"

For a time, the elders of the Super God Family of Xiuyu and the elders of the Super God Family of White Horse were at war.

White Horse King Kong waved his hand slightly to let the elders of the White Horse Super God Family stop, and then briefly recounted what he knew happened on Wanshen Mountain.

"Impossible! We are the four super ***** families, how can we not be the opponent of the Li Tianjun regiment if the four super ***** families join together!"

"The ancestors of the Eastern Palace Super God Family have been invited to the mortal world. We might lose? How is this possible?"

"You must be lying, you must be greedy for life and fear of death, that's how you flee back to your territory first!"

The widows of the Super God Family of Xiuyu have begun to doubt their outlook on life and values. They do not believe in the words of the White Horse King Kong at all and jump out to criticize the White Horse King Kong.

White Horse King Kong made a few more explanations, and White Horse Er also followed along to explain, but no matter what they explained, these widows of the Super God Family of Xiuyu did not listen at all!

White Horse King Kong finally showed a trace of anger on his face.

"You are looking for death..."

White Horse King Kong was angry, and all the widows of the White Horse Super God Family were equally angry.

The two super ***** families, Xiuyu and White Horse, were not very good at dealing with them.

Today, the Patriarch of White Horse King Kong himself explained that these guys completely took the words of White Horse King Kong as farts.

Piff was angry, blood splashing five steps.

With an order from the White Horse King Kong, more than a dozen elders of the White Horse Super God family acted at the same time, and before the three elders of the Xiuyu Super God family hadn't reacted, they blasted them to pieces.

"I don't know what is good or bad!" White Horse King Kong burst out angrily.

"Patriarch, what should we do now?" Bai Ma Er asked.

There was an unspeakable memento in White Horse King Kong's eyes, floating in the air, his gaze slowly swept across the territory of the White Horse Super God family, and a decision was made after a while.

"Gather all the members of the White Horse Super God Family at the domain master level and above, I have something to tell them..." White Horse King Kong said.

...

No one knows what the White Horse King Kong said to the powerful white horse super ***** family.

But after White Horse King Kong finished those words, White Horse King Kong led the widows of the White Horse Super God Family to leave the territory, soaring over the vast sea by day, and entering the God Realm together.

Among the members of the White Horse King Kong Super God family, those domain masters and super domain master-level powerhouses also disappeared completely after the white horse King Kong and others ascended.

In later generations, many people are guessing the whereabouts of the people of the White Horse Super God Family.

Some people say that the clansmen of the White Horse Super God Clan were shattered into pieces, scattered the whole family, and mixed into the tens of billions of people in the Nether Realm. Others said that the clansmen of the White Horse Super God Clan entered a secret realm and passed Mystery went to another world.

No one knows the real truth.

But these are not important, what is important is that the rule of the four super **** families over the underworld is completely disintegrated.

The next few days, it became a festival of ascension in the underworld.

"My wife, come out and take a look, there is another strong man who has risen in the daytime!"

"Damn, fly again? If I hadn't seen someone soaring up with my own eyes, would I still not believe in the existence of a semi-god-level powerhouse in the Nether Realm?"

"I'm a good boy! So this is soaring? Paralyzing lightning and thunder, is this going to scare me to death?"

Almost every day there are demi-god-level powerhouses soaring. These powerful people may be demi-god-level powerhouses from ancient families, or they may be demi-god-level powerhouses from mysterious races, or they may be incognito in the Netherworld. The powerhouses who have been for hundreds of thousands of years.

Anyway, when Li Tian's cultivation level was fully restored, he came out of Wanshen Mountain and wanted to find his opponent to continue training, but found that the remaining half-god powerhouses in the entire Nether Realm were all from the Li Tianjun regiment and Nether Academy. The strong.

Li Tian expressed his disappointment.

But the matter is over, Li Tian can't force it.

Then Li Tian began to visit relatives and friends for a short time. First he visited the Sea-Monster tribe, and then visited the Water Ghost tribe, the Blood Wolf tribe, the Lingwen ancient family, etc., to fight this time against the mysterious races of the four super **** families. , The ancient family, etc. have given certain rewards!

"Next, I should reward myself, You Yinrou, Situ Lime... Hey, here I am!"

Chapter 5178: Rebuild the college

Not only You Yinrou, Situ Lime needs Li Tian to comfort him, but Ye Meijing and Liu Jimeng are probably the ones who need comfort most at this time, as well as Li Wushuang, Li Xiaoyu and others.

But these things are not the most important.

The old dean died in battle, the great elder ascended, Chu Jiangnan ascended, and after the four super **** families were destroyed, the order of the entire Netherworld was completely chaotic.

Even with the Li Tianjun regiment, it's still hard to stop the juniors who stay overnight and commit crimes.

The three demigod elders of the Nether Academy found Li Tian at the same time, hoping that Li Tian could return to the Nether Academy to preside over the overall situation.

Li Tian, who was about to extinguish the fire, immediately turned off the fire.

"Can you wait a few days, let me rest first!" Li Tian said bitterly.

"Elder Li Tian, it is urgent to rebuild the Netherworld Academy! Now the four super-god families have been destroyed, and the Netherworld Academy is dead in name. I don't know who spread the news that Li Tianjun's regiment is leaving the Netherworld. The fairyland is the nation and empire of the Netherworld. They are all about to move, waiting for Li Tianjun's next move. Once Li Tianjun really leaves the Nether Realm, then the Nether Realm will inevitably be overwhelmed and war will start again!"

"Yes, after this battle with the four super **** families, the teachers and students of the Nether Academy have a strong sense of belonging to the Nether Academy. The teachers and students who had a strong cultivation level can completely stand on their own. , Became the monarch of the Venerable Kingdom, but now many teachers and students of Nether Academy have returned to the academy, and they are waiting eagerly for the reconstruction of Nether Academy."

The three elders hope that Li Tian can return to the Nether Academy and rebuild the academy.

It's not that Li Tian doesn't want to care about such things, it's just that this battle has consumed too much energy of Li Tian. Now that the battle is finally over, he naturally wants to relax for a while.

But Li Tian also understood that as the old dean, Chu Jiangnan, and the great elders ascended or died in battle, these three elders who had reached the demigod beginning stage gradually had some ambitions in their hearts. They all wanted to rebuild the Netherworld. Academy, and then ordered the heroes in the name of Nether Academy.

Li Tian felt a headache when he thought of such things.

If it weren't for the fact that the four super **** families and Li Tian had a sea of blood and deep feud, in fact, it would not be wrong for the four super **** families to rule the entire Netherworld.

This feeling is like a political party in power. At least the four super **** families still have a relationship that restricts each other, but now the four super **** families have been destroyed. If the Nether Academy is dominated by one family, it will inevitably form a dictatorship.

And for this dictatorship, I'm afraid the three elders will fight to the death.

"Well, I will go back to Nether Academy with you!"

...

Back to the Nether Academy, the Nether Academy is still in ruins, but the bones belonging to the teachers, students, and elders of the Nether Academy have been cleaned up. As for the bones of the strong men of the Super God family, they have long been torn away and swallowed by the beasts. Li Tian and the others are cleaning up.

Looking at the devastated Nether Academy, Li Tian was also very clean.

Demigod powerhouses are too powerful, and they are stronger than the nuclear weapons in the earth world.

Such a strong person exists in the Netherworld, if it is not restricted, it is really lawless.

A strong man like Li Tian may still have room for resistance. As for ordinary people, there is no possibility of resistance at all, and they can only be massacred.

In the past, Li Tian would not think about problems from this perspective, but when the entire Netherworld was now under Li Tian's control, he had to consider such things.

"Elder Li Tian, the Netherworld Academy is now in ruins, and the mountains that used to be razed to the ground. If you rebuild the Nether Academy on the original site, it's not impossible, but...this kind of Netherworld Academy loses its momentum."

"Yes, the former Netherworld Academy was a powerful existence on the same level as the four super-god families. Now the four super-god families have been destroyed. Many demigods in the Netherworld have fled and soared in the daytime. The Netherworld Academy is already the only one. It can be said that Nether Academy can completely replace the four super ***** families and become the actual ruler of the Nether Realm."

"Therefore, we should find an excellent place to rebuild the Nether Academy to show the solemnity of the Nether Academy..."

Li Tian turned his head to look at the three elders who had already expanded their ambitions, and asked, "I don't know if the three elders have any favorites?"

"I personally suggest that our Netherworld Academy can build four branches in the south, east, and northwest, preferably the original territories of the four super ***** families. We are headed by the eastern courtyard. Then, Elder Li Tian, you will be the dean of the eastern courtyard and lead the four. Academy, and our three elders serve as deans of the other three academies..." One of the elders took the lead in throwing out his views.

Li Tian remembered the elder's surname Lian.

When Elder Lian talked about the excitement, the elder was full of joy and saliva. He did not see the displeasure of the other two elders at all.

There was a sneer in Li Tian's heart.

Paralyzed, what I think is really beautiful.

In the entire battle, the Li Tianjun regiment was the absolute main force. Although the Nether Academy had also made great sacrifices, it was more of the contributions of the old dean, the great elder, and Chu Jiangnan.

Now that's okay, the four super ***** families have fallen, and you ***** want to build four colleges, and you want to serve as the deans of a college.

This peach picking is too ugly!

"No! In this way, our Netherworld Academy may be divided!" Another elder surnamed Lei interrupted Elder Lian's words.

Elder Lian's face suddenly became a little ugly, "I wonder if Elder Lei has a good opinion?"

"Because Elder Li Tian and the Li Tianjun regiment have decided to leave the Netherworld, the so-called Dongyuan Respect will only become an empty talk. At that time, the Netherworld Academy may repeat the mistakes of the Super God family again, so I suggest The two continents of the Netherworld each build a college, and Elder Li Tian will appoint two college deans..."

Li Tian thought that Elder Lei would have any ideas. Originally, he only wanted to rule by drawing the sea, and the You Continent and the Ming Continent were ruled separately. And through observation, Li Tian knew that Elder Lei and another Elder Crane seemed to have reached some kind of agreement. Elder Crane had been around to help when Elder Lei stated his thoughts.

Li Tian's heart is a little upset!

At this time, a famous sentence from the Earth World Hua Xia appeared in his mind, "Keep your rights in a cage". There is no so-called right among the cultivators in the Underworld, but their cultivation strength is the most terrifying. of.

Li Tian suddenly had an idea.

"The three elders don't worry, I have an idea. Why don't the three elders listen to it first?"

Chapter 5179: Li Tian's thoughts

"Elder Li Tian, just say it!" The three elders said at the same time.

The corner of Li Tian's mouth turned upwards slightly, and said with a smile: "Why not ascend as the three elders collectively?"

The three elders were shocked.

After a while, Elder Lei coughed awkwardly and said, "Elder Li Tian is really joking. The Li Tian army is going to leave the Nether Realm. If our three elders also ascend in the daytime, then Nether Academy will be true. The group of dragons is no longer headed, and there will be no Nether Academy by then, wouldn't it be more chaotic in the Nether Realm?"

"Yes! With our three demigod elders sitting in town, the Nether Academy will not be chaotic, and the Nether Realm will naturally not be chaotic!" Elder Lian also agreed.

The smile on Li Tian's face gradually receded, and he said with a sneer: "The reason why the Netherworld will never have peace is because the cultivation base of the cultivator is too strong. The stronger the cultivation base, the greater the ambition of everyone. Therefore, I want the Netherworld to live in peace forever. Especially the superdomain masters and demigod-level powerhouses. The appearance of these powerhouses will completely destroy the original balance of the Netherworld. Therefore, my thought is that it is better to put the superdomain master above the realm. The cultivator is separated from the ordinary world."

"This....."

Li Tian knew that this was only his wishful thinking.

The Netherworld has the rules of survival of the Netherworld, which will not change because of Li Tian's thoughts.

The birth and destruction of the super **** family will not change this law of survival. Even if Li Tian imprisons all super domain masters and demigod powers, other powers will still be born in the nether world, and the nether world may not change. Into the world of bliss.

Li Tian's idea is just an ideal world he thinks.

Let ordinary people, cultivators, and super-powerfuls divide different "worlds". In this way, for ordinary people, they can get in touch with cultivators, that's lucky, and if ordinary people can give birth to strong cultivators, Then they are happy.

It is not because the superdomain master-level powerhouses and demi-god-level powerhouses press them down like a mountain, even if their cultivation level reaches the cultivator, the venerable, or even the domain master, their lives will be in panic.

"So, my idea is to rebuild the Nether Academy on Wanshen Mountain. All the powerhouses above the super domain master realm in the Nether Realm will enter the Wanshen Mountain Range. Entering the Wanshen Mountain Range, whether you are a mountain leader or cultivating alone, The Netherworld Academy will not do any interference. All cultivators above the realm of the super domain master cannot intervene in the mundane affairs of the ordinary world. They have only two ways out, or they can become gods, enter the gods, or die of old age. !" Li Tian said.

But Li Tian knew that his thoughts were just ideal.

Li Tian cannot stay in the Nether Realm forever. Once they leave the Nether Realm, whether the practitioners in the Nether Realm are willing to follow the rules set by Li Tian is no longer in Li Tian's control. What Li Tian can do is try his best Reducing ordinary people's chances of contacting super powers, reducing their desire and fear of super cultivators, and allowing them to live happily in a'rearely confused'.

The three elders couldn't help but move slightly when they heard Li Tian's words, "You can start a mountain and establish a school."

The idea of preferring a chicken head to a phoenix tail also exists in their hearts.

Before they all wanted to be the dean of the Netherworld Academy, Li Tian's words also woke them up.

"Elder Li Tian, if we start a sect in the Ten Thousand Gods Mountain, do we mean that we can recruit disciples in the Nether Realm? Otherwise, the cultivators who enter the Ten Thousand Gods Mountain Range are all super-domain master-level powerhouses. It's just empty talk!"

"This is natural!"

The three elders were overjoyed, and at the same time they bowed and said to Li Tian, "Follow the will of Elder Li Tian!"

Things were decided so happily!

Then he spread his idea through the Li Tianjun regiment to the various mysterious races and ancient families in the Nether Realm.

Unexpectedly, Li Tian's proposal was approved by the vast majority of superpowers.

Suddenly, the super domain masters of the Netherworld entered the Wanshen Mountain one after another, looking for suitable peaks to open the mountain.

At this time, the busiest person in the Netherworld was not Li Tian, but the Void Spirit Race.

These hardly have many cultivation bases, but the race proficient in architecture was found from all corners of the Nether World, and began to build in the Wanshenshan mountain range.

Within a few days, dozens of sects appeared in the Ten Thousand God Mountain Range.

Only at this time, most of these sects are commanders of polished rods, and only the master of the sect.

Then, in the next few months, dozens of light-rod commanders will appear in the Netherland and Netherland of the Underworld, recruiting personnel and students everywhere.

Relatively speaking, Elder Lei, Elder Lian, and Elder He are still a bit more stable. They are not anxious to establish a school, but secretly dig the walls among the many teachers and students of the Nether Academy, looking for suitable 'partners' to build with them. bright future.

The only thing that made Elder Lian feel dissatisfied was that Elder Crane, who had originally told him to advance and retreat together, had secretly decided that he would establish the "Crane Sect" and would not wear the same pants with Elder Lian.

The mysterious woman in the Wanshenshan Temple did not object to Li Tian's idea, but when Li Tian proposed to build the main peak of Wanshenshan into the Nether Academy, the expression on the mysterious woman's face changed slightly, but it was mysterious. The woman still didn't object, just reminding Li Tian to deal with the affairs of the Nether Realm as soon as possible. She couldn't wait to leave the Nether Realm and enter the ghost.

With the acquiescence of the mysterious woman, Li Tian let the Xuling Clan start construction on Wanshen Mountain.

Around Wanshen Mountain, towering buildings have risen from the ground. In just ten days, a building has been built around the main peak of Wanshen Mountain.

Li Tian also asked the Xu Ling clan to carve the heads of the deans of the Nether Academy on Wanshen Mountain. Unfortunately, the Nether Academy was completely destroyed, and even the three elders did not remember the appearance of the deans. Li Tian could only The heads of the old dean, the great elder, and Chu Jiangnan are carved on it.

After the sculptures of the heads of the three deans are completed, they can be clearly seen dozens of miles away. The picture feels quite strong.

"Elder Li Tian, do you want to engrave your head too?" A Xu Ling clan suggested.

Li Tian hesitated slightly, but accepted the suggestion humbly.

"But how does this picture feel like I've seen it somewhere?"

Looking at the carved head, Li Tian suddenly felt a little familiar.

"By the way, isn't this the President Mountain of the United States? Isn't there such a picture in a ninja manga from the pre-apocalyptic island country? Hahaha..." Li Tian smiled to himself.

The reconstruction of the Nether Academy is completed, and the three elders including Elder Lei are waiting for Li Tian to designate who will become the next dean.

Once Li Tian designated them, the other two elders decided to leave the Nether Academy immediately and create their own sect.

However, at this moment, Li Mu's words completely shattered the three elders' dream of becoming the dean of the Netherworld Academy.

"My father, I...I...I decided to stay in the Netherworld..." Li Mu came to Wanshen Mountain to find Li Tian and said this in front of the three elders.

Chapter 5180: Choice

Li Tian also felt particularly surprised.

From the nether world to the metal world, from the metal world back to the nether world, and then to the mirror world, Li Mu has been following Li Tian, and Li Mu's cultivation level has reached the semi-god pinnacle realm at this time, plus possessing An artifact, Li Mu's cultivation strength is not much different from Li Tian.

Li Tian did not speak. After a while, Li Tianchang sighed and asked: "Small screen, didn't we have already said before, do you want to follow your father into the ghosts? You can still see your grandfather in the ghosts. Father Li Kua, then we will ascend to the God Realm together..."

"My father! I am no longer a child!"

Li Mu asked slowly, and said with some embarrassment.

Li Tian's heart trembled.

Because Li Mu spends a lot of time with Li Tian, Li Tian always treats Li Mu as a child inadvertently.

But in fact, time has passed, and Li Mu is now a middle-aged man in his fifties.

Li Tian finally accepted this reality and asked with some care: "Are you going back to the earth world? Unfortunately, my father thought you were going to go to ghosts with me, so the door to the forbidden zone to the earth world has been destroyed by me. Now! If you want to return to the earth world, for your father, find the Void Spirit Race to rebuild the gate of the forbidden zone and reopen the passage to the earth world!"

Li Mu shook his head.

"My father, the earth world belongs to Li Bai, and I will not return to the earth world! I want to stay in the underworld and take care of Li Xiaoyu and Li Wushuang, as well as two aunts Liu Jimeng and Ye Meijing! If you can, My Nether Academy is handed over to me, and I will serve as the dean of this Nether Academy for my father." Li Mu said.

People don't kill themselves for their own sake. Li Mu wants to stay in the Netherworld, and he will be the dean of the Nether Academy. This is definitely Li Tian's most assured.

"Okay, then you will be the dean of the Nether Academy. You are in the Nether Realm and you are in charge of the Nether Academy. I believe my reforms to the Nether Realm will continue. If... if you want one day Leave the Netherworld, then you will ascend in the daytime, and then we father and son will see you in the God Realm!" Li Tiandao.

Li Mu nodded.

"Li Xiaoyu and Li Wushuang are your younger brothers and younger sisters. They have some talents for cultivation. Basically, it is impossible to break through to the demigod. It will not affect you in any way, so even if you can't do it. Like my brothers and sisters, I also hope you can treat them kindly..."

"My father can rest assured that they are my half-brothers, and I will treat them well. If they are willing to stay in Wanshen Mountain and stay in Nether Academy, I will guide them to practice. If they are not willing to stay in Wanshen Mountain, I want to meet the Sea-Monster Clan, or want to live in seclusion with ordinary people in the world, I also agree..."

Li Tian felt very relieved.

After listening to the conversation between Li Tian and his son, the three elders around Li Tian suddenly knew that their dream of the director had been shattered.

Moreover, because Li Mu stayed in the Nether Realm, the Ten Thousand Gods Mountain Range in the Nether Realm would not be the three of them.

"Elder Li Tian, Li Mu will be the dean of the Netherworld Academy. This is what everyone expects. But..."

"Say something!"

"Elder Li Tian, Master Li Mu, the three elders of us had already discussed. We decided to leave the Nether Academy and start our own school together. We also hope that Elder Li Tian and Master Li Mu can agree to our request." Elder Lei said.

Li Tian did not stop.

"Also, some of the teachers and students of the Netherworld Academy are willing to leave with us and create a school with us. I also hope that Elder Li Tian and Master Li Mu can agree!"

"of course!"

"There may be more teachers and students who are willing to follow us..."

"Hahaha, everyone has aspirations and can't force it. They also have the right to choose. I won't stop it, and Li Mu won't stop it either!" Li Tian said confidently.

however.....

Li Tian did not expect that the appeal of the three elders, Elder Lei and Elder Crane, was far beyond Li Tian's imagination. The three elders actually took away more than 90% of the teachers and students in the Netherworld Academy. As a result, Nether Academy became an empty shell instead.

Li Mu, the newly appointed Dean, did not stop him, but personally sent the teachers and students away from the Netherworld Academy.

In the next few days, Li Tian left Wanshen Mountain and stayed with Liu Jimeng and Ye Meijing.

These two beauties knew that they had not kept up with Li Tian's footsteps in the end, and had to stay in the Nether Realm. At first they were very disappointed, but then they both gradually wanted to get away.

It is rare for Li Tian to accompany the two of them for more than time. These two beauties are doing all they can to make Li Tian happy.

In this regard, Li Tian felt a little bit sad.

Approaching these two women has accompanied him for decades.

"You are all cultivators, your lifespan is still very long, and there is still a long way to go, and it is very likely that I will never come back after leaving the Netherworld. You two should not treat yourself badly. of....."

Before Li Tian finished speaking, his mouth was blocked by Liu Jimeng's lips.

Ye Meijing also put his arm around Li Tian.

"Husband, we are yours in life, and your ghost in death. Our talents are limited and our opportunities are limited. We cannot become a strong man in the semi-god realm, and we cannot accompany the husband, but our hearts will always follow the husband. Just wait. On a good day, when the husband soars in the daytime, he can still think of two women like us in the Nether Realm, then we will be satisfied!"

Li Tian was really moved.

"There are a few quasi-god-level crystals here. Although they can't help you break through to the half-god state, if you slowly refine them, they can also increase your cultivation and extend your lifespan..."

"Husband, a moment is worth a lot of money. Don't mention the crystal godhead at this time, let's go earlier..."

For a time, the house was full of spring.

...

Li Tian's did not wrinkle tightly.

Li Tian originally wanted to take Xiaoqingwa to go to the ghost.

In the end, Xiao Qingwa told Li Tian that he wanted to stay in the Netherworld, stay in the dark forest, and continue to study the inheritance of the beast god.

Li Tian suddenly felt very disappointed.

Although Xiao Qingwa is a ghost beast, Li Tian treats him as his own child. Now, another child chooses to stay, which makes Li Tian feel like everyone betrayed.

It's just that Li Tian didn't feel sorrow for a few minutes. The Purple Flame Thunder Bear, Earth Evil Sky Eagle, Tian Gang Flame Raccoon came to Li Tian.

"Don't tell me, you guys also decided to stay?"

"Hahaha, I just said that we and Li Tian brothers have the same mind?" Ziyan Thunder Bear smiled heartily, and said directly: "Brother Li Tian, Yin Mo Yin Niu died in the Underworld, if our four brothers If everyone leaves the Netherworld, how sad the old cow will be! So we want to stay with the old cow..."
