

## A Killer 52

Chapter 52: Damn stinky girl

After Li Tian suddenly heard what his immediate boss said, he couldn't help being stunned.

"Why? Did you let me rest today?" Li Tian asked puzzledly.

The head of the security department showed a sorry smile: "You won't have to go to work anymore."

When I heard it a day, I was shocked.

"What do you mean?"

"Am I fired?" Li Tian gazed at the chief of the security department in front of him.

The section chief nodded helplessly.

Li Tian was stunned, blinked at the section chief, and then turned to look at Tang Feifei.

"Did you do it?" Li Tian suddenly rose up in anger, staring at Tang Feifei fiercely.

Tang Feifei smiled evilly and said: "Who told you not to listen to my explanation? Humph, deserve it."

"You...you...you are ruthless,"

Facing Tang Feifei, Li Tian was now shivering with anger. If it weren't for Feifei is a girl, he would have liked to strangle this girl.

He actually got himself out of work! !

"You hurry up and stay away from me now, I beg you, don't make me angry! Otherwise I will really pinch you to death." Li Tian clenched his fist and tried hard to hold back from his chest. The anger rushing up, he said to Na Feifei.

Unexpectedly, I finally came to Kyoto City. After being tricked by this girl in advance, now I am unlucky even the job I worked so hard to find is gone. How can this not make him angry?

Feifei looked indifferent, Liu eyebrows raised, her hands in her waist and a big young lady said to Li Tian, "How about? Are you angry?"

Li Tian gritted his teeth with hatred: "Your uncle resigned me, can I not be angry?" Li Tian who roared was extremely angry.

But Na Feifei covered her mouth and laughed.

"Who made you angry before?" Feifei put a smile away and stood there and said.

Li Tian felt that he really met the most unreasonable woman in the world, and said depressed: "Why did I make you angry? Why did I provoke you? I said that girl, you can't be reasonable. Are women all pig heads?"

"You are the pig head." Feifei scolded Li Tian.

"Who just started to lie to me, who just started to fool me? In the end, you still feel wronged. I'm going to talk to someone who is \*\*\*\* wronged." Li Tian shouted there.

Feifei blinked and said, "Didn't I tell you everything? Who told you not to listen to my explanation?"

"Explain, tell me, what can you explain?" Li Tian said angrily.

Feifei said, "Do you listen to me?"

"Don't listen! Now, even if you are talking about the madness, my surname Li will not listen..." Li Tian said stubbornly.

Now that he has been resigned from his job with just one sentence, he still feels in the mood to listen to some explanation. He now wants to slap Feifei twice.

Feifei, who heard Li Tian not listening to her own explanation, stared at Xing's eyes and said, "Are you really not listening to my explanation?"

"No." Li Tian said without turning back.

"Then I will really resign you..." Feifei threatened Li Tian.

Li Tian slowly turned his head and stared at Feifei: "Didn't you have given me up now? I tell you again, you have money, you have power, that is your business, although I Li Tian has no money, I have nothing, but I have at least \*\*\*\* dignity."

After saying these words, Li Tian turned around and took off his security uniform, angrily preparing to go back to the dormitory to pack up and leave.

When he said those words, Feifei quickly said with a smile: "Okay, okay, I won't quarrel with you, really, because you are still a big man, why don't you have any measure, Ben Miss will not quit you, don't worry, I am teasing you."

Li Tian, who was about to leave, was stunned when he heard this girl say this again.

"What are you talking about?" Li Tian turned his head and looked at Feifei and said.

"I said, I just joked with you." Feifei said with a smile.

"Your uncle! How dare you fool me again?" Li Tian couldn't wait to open his mouth and curse. But he held back, a look of astonishment on his face, but what was inside of him? But 10,000 people scolded this girl secretly, dead girl, stinky girl, how dare you play me?

"Are you true or false?" Li Tian asked.

The current Li Tiancai has been working for more than half a month. If he really resigned, how much money would he earn? If Li Tian, who doesn't have much money in his hands, wants to go out to rent a house and find a job, it will be in trouble.

So Li Tian couldn't help but hurriedly asked.

Tang Feifei smiled and pointed at the Tang corporate building in front of him and said: "This company is owned by my father. Is it true that what I said is still false?"

Hearing what the girl said, Li Tian suddenly realized that, no wonder everyone called her the eldest lady.

No wonder everyone respects her so much, it turns out that she is really a real lady.

"If you still have a little conscience, don't resign me." Li Tian complained.

Tang Feifei smiled: "Handsome man, don't be angry. The last thing was really not something I deliberately concealed from you, but you were so funny and simple."

Listening to Tang Feifei's words, Li Tianzhen felt that he was really stupid at the time, and he didn't even notice.

Fortunately, I really pretended to be a hero to save others, it was really shameful.

Li Tian, with a slightly embarrassed expression, said to Tang Feifei: "Well, now I am not angry with you anymore, and you and I also know your identity. From then on, we will not owe each other, and we will go our own way. Lu, you continue to be your eldest daughter, and I continue to be my hard-working little security guard, how about?"

To be honest, Li Tian really didn't want this girl in front of him to disrupt his peaceful life.

"Think beautifully." Tang Feifei said with both hands in her waist, staring at her.

Li Tian was forced all of a sudden.

"I said eldest lady, we are not a class of people, please, please let me go? I'm just a little security guard? Can you go find your rich friend to play?"

"Not good." Feifei said with a giggle.

"My lady just wants to play with someone like you, how about it?"

"Besides, the surname is Li, have you forgotten what you promised me?" Feifei said suddenly.

When Feifei said this, Li Tian couldn't help being stunned slightly: "When did I promise you?"

"you....."

"How dare you forget?" Feifei suddenly became angry.

Li Tian thought about it for a long time before remembering: "Won't you say that it was for me to pretend to be your boyfriend?" Li Tian grew up and looked at Tang Feifei with eyes.

Tang Feifei blinked her beautiful eyes like autumn water playfully, smiled and nodded.

"Just remember."

"Oh my God, you kill me." Li Tian shouted,
