

A Killer 5201

Chapter 5201: Real ghost king

Li Tian suddenly felt surprised.

"Help us solve the identity problem?"

"Yes, you are in ghosts, but you are not ghosts. This is against common sense. At the beginning of the eighteenth floor of the ghost city, most of the ghosts would mistakenly think that you are newcomers who have just died. , You still have Yang Yuan, and your strength is strong enough to deter those who see through your real body. However, if you want to go to the upper-level ghosts, then your identity issues will be highlighted. At that time, light It is the large number of crystals that you have, which will make you the target of all ghosts..." The ghost king in the middle.

The ghost king in the middle just finished speaking, and the ghost king on the right immediately said, "Maybe you may feel that we are alarmist, but this is not the case. The ghosts, the spiritual power is thin, and the ghosts in the ghosts are extremely difficult to cultivate, and you are no different. Therefore, a mobile treasure house of spiritual power, plus if you can refine you, it is something that any ghost of ghosts is desperate. There are three or two ordinary ghosts, and you have the ability to protect yourself, but if it is tens of thousands , Where are millions of ghosts?"

"Also, don't underestimate the ghost king-level powerhouses of the ghost mythical creatures, especially the ghost kings above the seventeenth level of the ghost mythical creatures. If your identities are not resolved, then once you encounter a strong ghost king, then you will probably only be more ill !"

Speaking of this, even the thick-lined Tang Xiaolong couldn't help nodding.

In fact, as Li Tian and others gradually understood the ghosts, Li Tian realized this problem, but no one thought about it. He just wanted to become a ghost as soon as possible, get the attention of the city lord's mansion as soon as possible, and then follow Chu Ling The city lord went to the upper-level ghost mythical creature, but did not think that they might not be able to enter the upper-level ghost mythical creature. If the identity problem cannot be solved, they even become the target of the city lord when they encounter the city lord of the first spirit.

"Thanks to the three ghost kings for reminding them that Li Tian's arrogance and rudeness to Shengrufang before, please forgive the three ghost kings!" Li Tian stood up and bowed to the three ghost kings sincerely. Once Li Tian was sincere, without any ambiguity.

"Hurry up! Li Tian, we are all from the earth world. Although we are humans and ghosts, but our roots are the same! Just like Li Kuafu, if there are more powerful people from our earth world, The stronger the power of our earth world, the better opportunities for ghosts from the earth world in ghosts, even if they enter the reincarnation world, they will have a better way out. Therefore, we also sincerely hope that Li Tian will become stronger. As for the ghost mythical rules you mentioned, please rest assured, if you don't dislike it, just live in Shengrufang, and discuss and study with our three ghost kings when that time comes. We will make progress together!" Zuogui Wangdao.

"Don't dare to fail!" Li Tian said with a bow.

The three ghost kings smiled and nodded, and then looked at each other again, and at the same time began to use their spiritual power. Soon, the three ghost kings condensed several black beads the size of Melisu from their bodies at the same time.

As soon as these beads flew out of the ghost king's body, Li Tian and others immediately felt the powerful ghost energy contained in the beads, as if countless dead souls were roaring and howling in the beads.

The ghost king in the middle waved his hand and took all the beads in his hands, and then said with a smile: "This is called the Heizawa ghost bead, which is not a protection. The ghost king-level powerhouse can condense such beads. The biggest use is to make the ghostly spirit on the body more vigorous. Our three ghost kings have been using this black ghost bead to suppress the awe-inspiring righteousness on their bodies. Today I will give this ghost bead to you all!"

After finishing speaking, the ghost king in the middle opened his palm, and as he took a breath, the beads in his palm flew to Li Tian and the others.

As soon as Li Tian stretched out his hand, the bead flew into his hand. Then Li Tian felt a chill, a gloomy air from the bead, and it continued to flow with his body, but the cold air and the cold air were opposed Li Tian didn't hurt, even Li Tian felt more comfortable in the ghosts because of the beads.

Li Tian turned his head and looked at Tang Xiaolong and others, but saw that Tang Xiaolong, Situ Ningbing, and Situ Lime are the same as him. If you feel it carefully, Li Tian can hardly feel the Yang Qi on them, that kind of feeling. Until then, the other ghosts that Li Tian and others had encountered in Chuling City were somewhat similar.

"It really works, it's amazing!" Li Tian said excitedly.

Xiao Tianyi squeezed the bead in his hand, and then... instantly crushed the bead again.

Boom~

As the bead was crushed, thousands of lonely ghosts floated out of the bead in an instant.

"Ok?"

Li Tian found that these ghosts were much more ferocious than the ghosts encountered in Chu Lingcheng. As soon as he emerged from the beads, he immediately rushed to Xiao Tianyi like crazy, as if he wanted to tear Xiao Tianyi to pieces in an instant.

The three ghost kings couldn't help but change their color slightly. They didn't expect that this Heize ghost bead would be crushed by Xiao Tianyi at will. They just wanted to help, but they saw a sneer from the corner of Xiao Tianyi's mouth. There was a pool of black energy inside, and that black energy instantly surrounded all the lonely souls and ghosts, and then Xiao Tianyi began to run his spiritual power.

As the spiritual power in Xiao Tianyi's body continued to melt into the black smoke, the brutal ghosts just now made a scream, and the bodies of those ghosts seemed to be surrounded by strong acid, gradually Melted into the black smoke, and finally disappeared.

In less than ten seconds, Xiao Tianyi completely melted all the ghosts released from the Heize Ghost Orb, and finally these ghosts and black smoke merged into one body and were swallowed by Xiao Tianyi.

Li Tian and others have been completely dumbfounded.

Xiao Tianyi is so good at dealing with ghosts!

Xiao Tianyi stretched out his hand to the black smoke ball who was playing with the Heize Ghost Orb, wanting to continue to refine the Heize Ghost Orb.

The black smoke group just wanted to give Xiao Tianyi, but Li Tian immediately stopped it.

"Although you don't need the black ghost beads in the black smoke group, the mysterious woman does. Leave the beads to the mysterious woman!" Li Tiandao.

Xiao Tianyi didn't get angry, and reached out to the three ghost kings again, saying, "Anything else? I still want it!"

The three ghost kings were really frightened this time.

The ghosts in Kurosawa Ghost Orbs are different from the ordinary ghosts in Chuling City. They absorb the powerful ghost energy from the ghosts for years and months. They are refined by the ghost king, even if there are four or five such ghosts, they are as strong as ghosts. It's a bit tricky to deal with them, but Xiao Tianyi...refined thousands of ghosts in an instant.

"This...this young man is the real ghost king!" The three ghost kings exclaimed at the same time.

Chapter 5202: Selection registration

The three ghost kings of Shengrufang agreed that Xiao Tianyi has the potential to become a ghost king. Moreover, this ghost king is not the low-powered ghost king on the eighteenth floor of the ghost mythical creature, but the awesome ones on the upper 9th floor of the ghost mythical creature. The ghost kings with lonely wild ghost eyes.

With the small skill that Xiao Tianyi unintentionally showed, the three ghost kings were more polite to Li Tian and the others, and immediately began to instruct Li Tian and others to understand the rules of ghosts together.

The cultivation base of Li Tian and others is not weak, and can even be said to be much stronger than the three ghost kings of Saint Confucianism, but they came to the ghost in the flesh, and their strength was imprisoned.

With the guidance of which ghost king was, Li Tian and others quickly felt the rules of ghosts, and soon began to master the rules of ghosts.

...

Senluofang!

The location of Senluofang, one of the nine powers of the first spirit city.

In the strict sense, Senluofang is not a square, but the surrounding eighteen squares with one Senluofang as the center are now collectively called Senluofang.

This is the underground world of Chuling City.

Senluofang looks more like a ghost. The buildings are intertwined and chaotic. Senluofang is covered in a thick fog for many years, making it even more gloomy.

The Senluo Temple in Senluofang is the highest power center of Senluofang.

Inside the Senluo Temple, there are dense small graves everywhere, and in front of the small graves, there are some huge stone tombstones.

In the empty hall, the ghost fire pulsed slightly in the darkness, and there were continuous roars and roars in the distance, making it even more terrifying.

"Trash! Seven or eight ghostly difference-level phantom powerhouses, dealing with Li Tian and other guys who are just coming to ghosts, none of them came back alive, and the whole army was wiped out. It's really a bunch of trash!" Yan Sen, the owner of Senluofang, angrily Shattered a tombstone in front of him with one palm.

As the tombstone smashed into pieces, a phantom crawled out of the small grave in front of him, but it didn't last for two or three seconds when he crawled out. The phantom screamed in pain and quickly turned into a ball. The smoke dissipated immediately.

In front of Yan Sen, a strong phantom knelt to the ground. He was horrified when he saw this scene, and his whole body couldn't help shaking.

"Are you... afraid of me?" Yan Sen said angrily.

"No... dare not, the small one is in awe, and full of awe for adults!" said the strong Phantom.

"Hmph! Had it not been for my ghostly powerhouses who were practicing in retreat, how would I allow him to be so arrogant?"

"Yes... that's right, the ghosts and charms of the adults are invincible in the world. When the ghosts and charms break through the barrier, it will be the death of Li Tian!" The ghosts and the strong echoed.

Yan Sen was very satisfied with the flattery of the phantom powerhouse, and said with a smile:

"Yes, when the next ghost selection starts, it will be when our Senluofang exerts its strength. At that time, there will be more than one hundred phantom powerhouses. After leaving the customs, I see who can stop our Senluo Temple!"

Speaking of this, the corners of Yan Sen's eyebrows suddenly twitched twice, and said to the Phantom powerhouse: "But what's going on recently? Why are the number of ghosts sent every day getting less and less?"

"Back... Back to my lord! The phantom powerhouses have to devour at least tens of thousands of ghosts every day. The lone ghosts and wild ghosts captured by the ghost chasers are already a bit out of supply. I am afraid that if this continues..."

"Lone souls and wild ghosts are not enough, so we will catch other ghosts from Senluofang. We have tens of billions of ghosts in Senluofang 18, not to mention, is it enough for my ghost shadow powerhouses to break through. Can't you get out?" Yan Sen said coldly with a flash of light in his eyes.

"Big...sir, I am afraid that too many ghosts in the square will be missing, which will arouse the alertness of other ghosts. If the time comes to attract the attention of the City Lord's Mansion, it will not be easy to solve!"

"Hahaha, when have I been afraid of City Lord Mansion in Senluofang? Senluofang has changed from the first one to the current eighteen squares. I didn't see how extreme the City Lord Mansion reacted, so I just did what I said. Let all the Phantom powerhouses take action!"

Having said this, Yan Sen's face showed a sneer again, "Li Tian, Shengrufang, it's good, then let you be arrogant for two more months, when the selection of ghosts begins, I will kill you all and get rid of it! "

...

The master leads the door to practice in the individual.

The so-called rules of ghosts are a layer of window paper for Li Tian and others.

The window paper broke as soon as it was pricked, and Li Tian and others were able to gradually see through and grasp the scene inside the window paper.

In just one month, Li Tian and others discovered that their strength has improved a lot.

In Po Meng's residence, Li Tian was hurrying to practice in the room.

Ok?

Li Tian felt a few sneaky figures sneak into Po Meng's residence, and instantly appeared outside the residence of Tang Xiaolong and others.

It's a ghost!

Although these ghosts converged very well, Li Tian still felt it instantly.

"I don't know which one of the nine powers is! But since you dare to break into Meng Po's residence, don't blame us for being rude to you!" Li Tian thought in his heart.

Li Tian's heart moved, and he appeared outside Tang Xiaolong's residence in an instant.

Feeling a faint fluctuation of spiritual power in the air, the two ghosts turned their heads abruptly, and then they saw Li Tian appearing teleported.

There was a trace of horror on the faces of the two ghosts, and the ghosts on their bodies fled out uncontrollably.

"You... Are you Li Tian? You actually... have mastered the rules of ghosts?" One of the ghosts asked in horror.

Immediately afterwards, Tang Xiaolong, Situ Ningbing, Situ Lime, and Black Smoke Tuan'er appeared teleportedly.

"What an immortal guy, he dared to break into our residence, little boss, these two ghosts must be plotting bad things, why let me kill them first, and then let Xiaotianyi refine them?" Tang Xiaolong Tao.

Seeing so many powerful men surrounded themselves in an instant, the whole bodies of the two ghosts were trembling, and they were about to cry just holding each other.

"Everyone... adults are happy and angry, we are the ghost chase of the city lord mansion, we have absolutely no malice here!" one of the ghost chase said with a sad face.

"Where does the ghost servant of the City Lord's Mansion look like you sneaky, I think it must be the ghost servant of other forces!" Tang Xiaolong said.

"We are really the ghost chase of the City Lord's Mansion. The registration for the ghost chase trial has started. Shengrufang recommended all adults to participate in the trial. We are instructed to charge the adults for participating in the trial! There is absolutely no malice!" Tao.

Another ghost took out the token tremblingly.

Unlike the ghosts of the other nine major forces, the ghosts of the city lord's mansion are the ghosts of the city lord's mansion. The tokens of the ghosts of the city lord's mansion are carved with the iconic building of the city lord's mansion.

"So, it seems that we have misunderstood the two ghosts, Xiaolong, don't frighten the two ghosts, and please invite the ghosts in?" Li Tian smiled.

Chapter 5203: Buying ghosts

Li Tian invited the ghost servants of the two City Lord's Mansion to his residence, and took out a bottle of Niulanshan Erguotou from the space.

When the wine was poured from the bottle into the glass, and the aroma of the wine spread in the air, the faces of the two ghosts showed a controlled surprise.

Ghost mythical creatures also have fine wine.

But the wine of the ghost is the wine that the people of the sun brought with them when they paid homage to the king. The wine has only a faint taste, like a large bowl of water with a few drops of wine.

"Much...thank you Li Tian, and thank you all!"

The two ghosts picked up the wine glasses, first put them under their noses and sniffed hard, and then a wisp of white smoke floated from the wine and penetrated into the noses of the two ghosts, and the wine in the glasses disappeared. No, gradually the faces of the two ghosts showed intoxication at the same time.

"Good wine, really good wine! Lord Li Tian, our two little ghosts, He De, how can we get such a treat from Lord Li Tian!" One of the ghosts greedily looked at the wine in the bottle. , Kept licking his lips with his tongue and said.

Li Tian laughed and said, "The two are ghosts in the City Lord's Mansion, so they are naturally qualified to enjoy this kind of wine! Come, come, and fill them with..."

With Li Tian's mind moved, the wine bottle flew to the ghost chase automatically, and filled the wine glasses held high by the two ghost chase again.

This time, the two ghosts did not rush to drink, but secretly poured the wine in the glass into the small gourd they carried with them.

"The two ghosts are bad, why is this?"

"Hey, Lord Li Tian, it's still important to do business. Shengrufang has already recommended everyone to participate in the ghost contest. Now it is required to pay the registration fee according to the regulations. Every adult needs to pay 10 billion paper dollars. Leave the paper money to us, and we can return to our lives when we go back!"

Hearing this number, Li Tian and others were taken aback at the same time!

One person is 10 billion!

Although it is only paper money, it is already a huge sum of money in ghosts.

We must know that when we exchanged crystals with Niutou, a quasi-god, a demigod, and a few superdomain master-level crystals were only exchanged for less than 10 billion paper money.

Now Li Tian and others simply don't have so much paper money, and it's not even enough to pay the registration fee for one person, let alone the registration fee for so many people.

"The difference between the two ghosts is true. We don't have so much paper money now. I don't know if we can give us a two-day grace so that we can raise money?" Li Tiandao.

The two ghosts immediately showed an embarrassed expression, "Although the adults are pleased to entertain our two ghosts, but we dare not to abolish our own personal or public affairs. Today, this fee must be paid, otherwise the adults may be eligible for registration. It's about to be cancelled!"

Cancellation will definitely not work.

Li Tian and others waited for more than a month in order to participate in the selection of ghosts. If they were forced to give up the quota because of the cost, it would be too costly!

"Two ghosts, we really don't have enough paper money in our hands, but I don't know if you two are not interested in this thing?" Li Tian really lived out this time, and when he flipped through his hands, he already had five more coins. God-level crystal.

Seeing these five quasi-god crystals, the eyes of the two ghosts suddenly lit up, and they stood up in surprise.

"Li...Master Li Tian, do these crystals... do you want to change paper money? If Li Tian is willing to change paper money, the younger one can help!" one of the ghosts said.

"Lord Li Tian, there is enough paper money in the little one. If Lord Li Tian is willing, can you change the godhead to the little one!" Another ghost stared at the crystal in Li Tian's hand, his feet already involuntarily Two steps towards Li Tian, and a wad of paper money has been pinched in his hand.

The corner of Li Tian's mouth turned up slightly, and he said with a smile: "I don't know what price the two ghosts are willing to pay this godhead?"

"One ten billion...no, one fifteen billion one!" One of the ghosts answered first.

Another ghost, unwilling to lag behind, immediately said: "I am willing to pay 20 billion, not more. My entire worth is only 20 billion!"

It can be seen that neither of these two ghosts lie, and they really don't have much paper money.

But through the bidding between the two ghosts, Li Tian knew that the ***** bull head had indeed hacked him once.

"Two ghosts, how much paper money do you two now have?"

The two ghosts immediately put the paper money together and counted them. There was only more than 30 billion in total, less than 40 billion.

"What do you think about the two ghosts? You give me all the paper money, and I will give you the five gods. As for the registration fees for us, the two ghosts will find a way. Good?" Li Tiandao.

If it is calculated on the basis of a divine rank of 20 billion paper money, then no one will suffer.

It's just that Li Tian avoids the hassle of exchanging paper money with the godhead crystals, and the two ghosts can get the godhead crystals he dreams of, and even after selling the remaining three godhead crystals, they can make a lot of money.

"No problem, we can't ask for it! Thank you, Master Li Tian!" The two ghosts immediately handed all the paper money to Li Tian, and then couldn't wait to take the crystals in Li Tian's hands. Both ghosts were happy and excited. Endless.

"Lord Li Tian, then, if we continue to harass the lord, we should leave first!"

"Xiaolong, give each of the two ghosts a bottle of Niulanshan!" Li Tian said to Tang Xiaolong again, and then put 10 billion into the hands of the two ghosts.

The two ghosts were completely shocked.

This kind of wine is not seen in their lives. If this kind of wine is sold, I am afraid its value will not be much worse than that of a god, and now Li Tian has also given them back 10 billion in paper money.

"This... how is this embarrassing?"

Even though the two ghosts said this, they grabbed the bottle with their hands, lest Li Tian would regret it.

"Haha, if we pass the selection of ghosts, we will work in the city lord's mansion just like the two ghosts in the future, and we will need to take care of them in the future!" Li Tiandao.

"Please rest assured, Li Tian and others. Li Tian and others will be our two brothers in the future. As long as our brothers can do things within their reach, Brother Li Tian, please speak up!" The two ghosts said at the same time.

These two ghosts, one is called Mo Kedu, and the other is Omani. At this time, he was so excited that he was about to become a brother with a different surname.

After the two ghost chases left, Tang Xiaolong asked in a puzzled manner: "Little boss, these two ghost chases have such a weak cultivation level, why do they treat them so kindly?"

"Little dragon, we have an old saying in China that it is better to be called Yan Wang than a little ghost, and there is another old saying that money can make ghosts grind! We have now bought them two through fine wine and paper money, and waited after we entered the City Lord, Naturally there are ghosts who are willing to speak for us, then we can get twice the result with half the effort and get close to the city lord as soon as possible!" Li Tiandao.

Chapter 5204: Selection begins

A few days later, Mo Keduo and Omani came to the residence of Meng Po where Li Tian and others were.

The two ghosts came to send the contest symbols.

The sign is a yellow paper sign with the size of a palm, on which the information of the competition is written in red.

"Master Li Tian, sirs, this is your entry symbol. The entry symbol is in duplicate, one of which will be kept in the city lord's mansion for filing. You can enter the arena when you use the entry symbol, but I need to remind everyone Yes, this sign representative has been bound to everyone. Once you are defeated or beheaded in the competition arena, the backed up sign in the City Lord's Mansion will be automatically destroyed, and you will be judged as a failure."

"Of course, this trial will last for one month. If your tokens are destroyed or lost during the competition, you will be trapped in the arena forever and will not be able to return to the city of Chu Ling. Disqualified."

"It should also be noted that ghosts, ghosts, and ghosts will also enter the competition arena in the trial. So if you don't have absolute strength, it is best not to provoke these ghosts, ghosts, and ghosts, otherwise the consequences Don't look at the idea."

"There is also the rules of the game! The rules of the game are actually very simple. In the arena of the game, evil spirits will appear immediately. The evil spirits are divided into five levels. The strength of the evil spirits is from level 1 to level 5. Xeon. If you want to participate in the selection of ghosts, as long as you kill a first-level evil spirit, collect broken souls of good and evil spirits, and you can come out of the game alive, then even if you get the qualifications to become ghosts. If you can kill the second-level evil spirits, then you may become ghosts, and so on, if you can kill the fourth-level evil spirits, you are likely to get the title of the junior ghost king!"

"But I still want to advise everyone, it is best not to provoke evil spirits above level 4, even those evil spirits are ghost waiters, it is difficult to deal with, every time in the trial, the ghost waiters are trying to beat the title of the ghost king. When you kill the fourth-level evil spirits, you will pay a heavy price. As for the fifth-level evil spirits, everyone, immediately run away after seeing the fifth-level evil spirits. Don't have any hesitation. The fifth-level evil spirits, except for the Lord Lord, I am afraid that on the eighteenth floor, no strong person can overcome it!"

When the two ghosts talked about the fifth-level evil spirit, their faces showed a trace of uneasy panic at the same time.

"Is the fifth-level evil spirit really that scary? Is it stronger than the ghost king-level powerhouses of the nine major forces in Chuling City?" Tang Xiaolong asked in disbelief.

The corners of his mouth curled up slightly, inadvertently revealing a trace of ridicule, and quickly condensed the ridicule, and said with a serious face: "Everyone, this is definitely not a joke. There are ghosts and ghosts. In front of the fifth-level evil spirits, you may be killed in seconds if you can't survive ten moves. Therefore, I advise you to cherish your lives and stay away from evil spirits!"

Li Tian and others did not believe this, but they did not believe it all.

They are all powerhouses at the pinnacle level of the demigod, and there are even two powerhouses at the mid-level quasi-god level, Black Smoke Tuaner and Mysterious Woman. After more than one practice and mastery of the rules of ghosts, everyone has gradually The earth can control their power again. If nothing else, Li Tian's current strength is used to compare with the ghosts of the ghosts. Even if Li Tian does not use the red cut, these ghosts will be absolutely handsome in front of him for three seconds. Will be easily beheaded by Li Tian.

"Thank you for the reminder of the two ghosts! Xiaolong, give the two ghosts a bottle of Niulanshan!" Li Tiandao.

The two ghosts, Mo Keduo and Omani, were suddenly very happy, completely overjoyed.

"Thank you Li Tian, and thank you all!"

There seems to be something to say to Li Tian and the others in the Mo class, but a few times he was hesitant to speak.

"Two ghost adults, if you can't help but say something!" Li Tian arrived.

Mo Xue's clumsy acting skills are to elicit Li Tian's words.

"Master Li Tian, sirs, I wonder if you have heard of the ghost contest that Sen Luofang also sent someone to participate in this time?"

"Sin Luo Fang? The guys who attacked us?" Tang Xiaolong heard the name and couldn't help being furious. His fists banged loudly, and said angrily: "Since we participated in this ghost contest, then Sen Luo Fang Don't want to pass the selection of the ghost chasing contest, little boss, we will let them come and go!"

There were many lessons but he shook his head slightly, and said: "Everyone knows something. This time Senluofang is full of confidence. They should have sent thirty strong people to participate in the selection contest. It is said that they There is only one goal, to compete for the title of thirty-six ghost kings! If Senluofang is really successful, then in the future, only Senluofang can compete with the City Lord's Mansion."

"And I heard that you have had some festivals with Senluofang, so this is the reminder, and I hope you can be more alert to the strong of Senluofang, lest..."

"Hahaha, the powerhouse of Senluofang? Don't you know that our little Tianyi killed five or six phantom powerhouses of Senluofang alone? In front of Xiaotianyi, those phantom powerhouses are nothing but chickens and dogs. , Don't cause trouble!" Tang Xiaolong smiled.

Tang Xiaolong's arrogance and arrogance, this attitude is undesirable.

Li Tianzhen wanted to tell him what it means to be someone outside a person, and a ghost outside a ghost!

However, if the opponent is Sen Luofang, then Tang Xiaolong's arrogance is not arrogance, but self-confidence.

"The two ghosts are bad, thank you for reminding that the strong of Senluofang may be strong, but the strength of our Li Tian army is not bad! If they do not take the initiative to provoke us, we can ignore their existence in the ghost trials , However, if Senluofang dares to continue to trouble us, then at that time, I will leave Chuling City without Senluofang's shadow!" Li Tian said coldly.

The two ghosts were suddenly embarrassed to death.

They thought for a long time, just want Li Tian and others to thank them again, maybe they can get a bottle of wine again, but now it seems that the Li Tianjun regiment completely ignores the existence of Sen Luofang!

Mo class wanted to remind him again, but seeing Li Tian, Situ Ningbing, Tang Xiaolong, Xiao Tianyi and others all with confident expressions on their faces, he knew that no matter how he reminded him, it would be useless.

The two ghosts left the contest symbol and hurried away with two bottles of wine.

Li Tian and others did not put Sen Luo Fang in their eyes and continued to practice and comprehend.

As time passed, the atmosphere in Chuling City gradually became lively. With the passage of time, the hundred-year-old ghost contest in Chuling City was just beginning.

Chapter 5205: Enter the arena

All the contestants, ghost messengers, ghost messengers, and ghost servants, led by the strong in Chuling City, came to a place more than 3,000 kilometers east of Chuling City.

This is an ancient city that has long been abandoned!

This ancient city covers an area of several thousand square kilometers, and the ancient buildings have long been dilapidated.

If such an ancient city is the earth world, that side will definitely become a famous tourist attraction.

It's a pity that this place is a ghost. Except for a group of strong people who come here to participate in the competition every 100 years, even the shadow of a ghost is invisible in this ancient city.

Different from the ruined ancient city of the earth world, and also different from the ruined city of the Netherworld, this ancient city is lifeless, there is not even a single weed between the ruined walls, and the ancient city in the ancient city is still bare and there are no weeds.

Standing on the edge of the ancient city, everyone can feel the spiritual power fluctuations coming from this ancient city.

The strong guys who came to participate in the game were already gearing up at this time, and they were ready to fight.

At this time, sixteen wild ghosts were carrying a huge sedan chair and walking towards everyone.

This sedan chair was carried horizontally and vertically by four three-foot-long bones. Skeletons hung everywhere on the sedan chair. What surprised Li Tian and others was that these skeletons were not dead, and there was no longer anything* * There are two groups of black material in the eye socket of *'s skull, and this material is like eyes, but it turns.

What shocked Li Tian and others even more was that the entire sedan chair was covered by a layer of black death, making it impossible to see who was sitting in the sedan chair.

And the power released by that powerful black death breath is enough to shock everyone's heart. Seeing this sedan chair, all the strong can not help but retreat, even those strong ghost envoys and strong ghost servants. Will bow slightly and salute the owner of the sedan chair.

"Who is the owner of this sedan chair? It is so awkward?" Li Tian couldn't help asking in a low voice.

Shi Shengtao, standing next to Li Tian, made a booing gesture, and then said: "There are four ghost kings in the City Lord's Mansion of Chuling City. This is one of the ghost kings and is called the Mai ghost king. Today's ghost contest is based on The Mayi Ghost King presided over, wait a while, the Mayi Ghost King will show his skills and open the competition venue."

The many ghosts in the Mo class surrounding Li Tian also whispered: "Mayi Ghost King's mana can reach the sky. It is said that he has practiced in the sixteenth level of the ghost and killed a certain ghost king in the sixteenth level of the ghost. Later, for unknown reasons, the Maid Ghost King came to Chuling City and became the ghost king of Chuling City!"

Another ghost Omani also immediately said: "Master Li Tian, you adults, know that you must remind you that you must not provoke the Maid Ghost King. After the game starts, the Maid Ghost King will control your life and death. Once you irritate the Maid Ghost King, when the Maid Ghost King is angry, maybe I will never be able to come back from the game again!"

Li Tian nodded slightly, thanking the three ghosts.

This time, Shi Shengtao will participate in the selection and prepare to attack the ghosts.

Mo Keduo and Omani originally planned to participate in the selection, but since on the day when the two ghosts got Li Tian's crystal, they decided to give up participating in the selection. Cultivation absorbs the spiritual power in that crystal, waiting for the next selection.

Niutou from Yan Luodian also came to participate in this selection, but Niutou nodded with Li Tian and the others from far away. Even if they said hello, they then mixed up with Mamian, Impermanence and other ghosts and ghosts of Yan Luodian. together.

At this time, the sedan chair of the Maid Ghost King had been carried to a huge stone gate in the ancient city. As soon as the sedan chair fell to the ground, the sixteen wild ghosts carrying the sedan chair sat on the ground and panted, but they had not breathed for a few seconds. Sixteen skulls flew out of the sedan chair, and instantly the wheels covered the heads of these wild ghosts.

Then, the sixteen wild ghosts seemed to be blindfolded with masks, shaking their heads and running around, the style of painting was quite happy.

But soon, Li Tian and others were shocked. They did not expect that these sixteen wild ghosts would be sucked dry by the skulls released by the Mai Ghost King instantly and disappear completely, and then the Mai Ghost King controlled the sixteen skulls. Fly to the gate of the ancient city.

"It's about to start, as long as the city gate is open, then everyone can enter the competition venue!"

"Be sure to remember, don't provoke fifth-level evil spirits..."

The two ghosts who did not participate once again reminded Li Tian and others.

At this moment, Li Tian saw several groups of black shadows slowly drifting towards them from the crowd.

Is the strong of Senluofang!

Seeing the strong man from Senluofang coming, Mo Keduo and Omani seemed a little hesitant, whether to avoid them first, but in the end they firmly stayed behind Li Tian and others.

Li Tian also paid attention to these shadows.

These black shadows seem to be somewhat similar to the strong Phantom, but the aura in them is much stronger than the strong Phantom.

Their cultivation realm is definitely not the ghost chase level, at least it is also the ghost ambassador, even the ghost waiter realm.

At this time, one of the dark shadows came out and released a cloud of black smoke that condensed into a grimace, and floated in front of Li Tian. The voice was full of sharp and strange voices: "Li Tian, now you give up participating in the trials. It's still in a hurry. Once you enter the competition arena, the powerhouse of Sun Luo Fang will let you know the cost of offending Sun Luo Fang!"

"Have you finished speaking? If you finish speaking, get out!" Li Tian said coldly.

The powerhouse of Senluofang obviously did not expect Li Tian to hit him back in such a tough way. He was taken aback for a while, and then laughed strangely, "Very well! I just like your pretending way. ! When you enter the competition venue, don't cry, I will let you see the true face of our Senluofang powerhouse!"

Hearing these words, the two ghostly bodies of Mo Keduo and Omani couldn't help but tremble slightly, "Lee...sir Li Tian, it seems that after entering the competition arena, you still need to watch out for these things from Sen Luofang. The strong!"

The powerhouse of Senluofang immediately laughed arrogantly: "Hahaha, it's the ghost of the City Lord's Mansion who has vision..."

However, he had just laughed for less than three seconds when a white skull head flew out of the sedan chair of the Mayi Ghost King in the distance, and directly buckled on the head of the Senluofang powerhouse.

"Mai Gui King, please spare my life...Mai Gui Wang, spare my life..., the little one does not mean to offend the Lord Gui Wang!" The strong man of Sen Luofang threw himself to his knees, clutching the skull on the ground with both hands, and kept pointing towards Mai Gui Wang begs for mercy.

however.....

"Hmph! It costs a price to dare to laugh so arrogantly in front of me!" With the cold snort of the Maigui King, the strong man of Senluofang was instantly absorbed by the white skull head, once again. Floating to the sedan chair, and fell into the hands of a figure who came out of the sedan chair!

It seems that it was given the power of the strong of Senluofang. The two heavy wooden doors in front of the ancient city gate opened with a creak, and this creaking sound was like a command to start the game, countless ghosts, ghosts and other strong opened toward the wooden door. The gap rushed past.

"Go! Let's go in too!" Li Tian said to everyone.

Chapter 5206: Be your opponent

The light in front of me dimmed, and then suddenly brightened again.

Li Tian has only one feeling that he seems to have returned to the Nether World or Earth World again.

The strong light was like the sun, shining on Li Tian, there was a warm feeling, but this feeling was only a flash, and then the surroundings fell into darkness again for an instant, and there was not even a trace of light. The result is a sharp drop in the surrounding temperature.

Similarly, this chill quickly disappeared.

At this time, Li Tian had already appeared in the playing field, as if those feelings just now were all illusions.

"Just passing through a door, there will be so many feelings, could it be...Is that door a portal just now?"

"Ok?"

Li Tian suddenly discovered that there was no contestant besides him around the venue where he was.

"What's the matter? Haven't the other contestants come in yet?"

Although Li Tian was a little confused in his heart, he did not get too entangled in this matter.

Now, as Li Tian and the others have gradually recovered their cultivation level, their goal is no longer confined to the selection of ghosts and becoming the ghosts of the City Lord's Mansion. Their goal is now higher. Li Tian's goal is to obtain the title of ghost king. , And only by getting the title of Ghost King, can he get closer to the City Lord of Chuling City.

However, the difficulty of getting the title of Ghost King can be imagined.

Li Tian tried to use teleport, but he found that his teleport was still unusable in this competition field.

Whoosh!

Li Tian's feet were slightly on the ground, and he flew up instantly.

"Fortunately, in this competition field, although teleportation is suppressed, there are no restrictions on flying. Probably this is a way to encourage fighting!" Li Tianxin said.

Li Tian found that he was not outside the ancient city at the beginning, and when he looked inside the city gate, he couldn't help but feel a little surprised.

"Could it be that the portal just now teleported immediately? That is to say, all our contestants should have been sent to different places in this ancient city. Hey, this is really interesting, Xiaolong, Ningbing, Xiaotianyi, Next, we will fight each other to see who gets the best results between us!" Li Tian smiled.

At this moment, Li Tian saw seven or eight figures appearing in the distant sky. These figures are the strong people who come to participate in the ghost contest by the UI device. At this moment, these people participate in the ghost contest. The strong also saw each other at the same time.

If you don't agree, do it. This is the story of the earth world.

In this game, there is no need for any words at all, and even no eyes at all.

These seven or eight figures flew towards each other in an instant, and then started to engage.

It has to be said that these powerhouses of ghosts are definitely more agile than the powerhouses of the Netherworld.

It's rarely forced to talk.

Let's do it as soon as we meet!

When it's done, neither side may know each other.

There is no way, this is the cruelty of this ghost chase game in the ghost mythical creature.

If you want to collect the participating symbols, there is only one way to kill other opponents.

boom!

boom!

boom!

From the beginning of the battle, it went into intense heat. In less than three or four minutes, a wild ghost expert was bombarded into slag, and the talisman representing him fell into the hands of another expert. Without staying in the slightest, the winner joined the attack on other strong men.

Just as Li Tian was considering whether to act on these ghosts, a faint ghost fluctuating suddenly came from behind him.

"Hey, Li Tian, are you very lonely! Let me be your opponent!" Li Tian suddenly turned around and saw a wild ghost he had never seen floating in the air, facing ferociously. Li Tian was smiling.

For this kind of guy who came to the door automatically, Li Tian just wanted to say: "Who the **** are you? Get out of here!"

This wild ghost obviously didn't expect Li Tian to use this tone and attitude to talk to him. Although it was a ghost, the expression on his face was still a bit unnatural.

"Hey, you don't know who I am? It seems you are really arrogant!"

The aura of this wild ghost suddenly climbed, and endless ghost aura was continuously released from his body, drifting away from him.

In the distance, all the contestants who were fighting in a group felt this powerful ghost, and they were startled, and then their faces showed horrified expressions. They stopped their hands and looked at the wild ghost with a little trembling. .

"Unexpectedly... it turned out to be a strong ghost attendant, I... we are only contestants who participated in the ghost waiter trial. There is absolutely no meaning to disrespect the ghost attendant, and the ghost attendant raises your hand..." a contestant The wild ghost fell directly on the ground, knelt on the ground with a plop, and kept begging for mercy at the wild ghost in front of Li Tian.

The dead souls of several nearby contestants fell on the ground one after another, all kneeling on the ground begging for mercy.

"Hey, do you know who I am now? Tell you, then let them tell you who I am!" The ghost waiter suddenly gave birth to his ghost claws, and finally he knelt on the ground. A contestant was immediately caught in his hand by him. The face of this contestant's soul was full of horror, and even his ghostly spirit was constantly being absorbed by the strong ghost servant.

"Tell Li Tian, who on earth am I!" The ghost attendant sneered, and then looked at Li Tian with a proud expression.

"This... Master Ghost, I... I'm seeing you for the first time, I really don't know who you are! I also ask Master Ghost to spare your life..." This contestant's soul was absolutely upright during his lifetime. Boy, such a face slap can be said by him, and the consequences can be imagined.

The ghostly spirit on the strong man's face jumped slightly, and then he suddenly became angry.

"You don't even know me! How dare you not know me!"

Following the violent anger of the strong ghost servant, his ghost claws instantly crushed the dead soul of the contestant in his hand, and then the strong ghost waiter sucked hard to completely remove the ghost spirit in the contestant. Absorbed into the body, Suizhou lost, the body of the contestant's soul quickly dissipated in the air.

"You... tell Li Tian who I am!" The anger of the strong ghost servant did not dissipate. He stretched out his hand and caught the first contestant on his knees again.

"This... this Master Demon is the Evil Demon Haunted Master of Evil Demon Square!"

"Very good! But... you irritated me today, none of you **** wants to leave here alive!" The Evil Demon Hao had finished saying this, and he had already pinched the contestant to death again. The ghost qi in him was sucked clean.

The other contestants who knelt on the ground were so frightened that they turned and fled.

Evil Demon Hao was about to catch them too, but was stopped by Li Tian.

Li Tian sneered and said: "I don't know what Evil Demon Hao is, but you ignore my existence in front of me and pretend to be forced. I can't bear this! Let your head be a stepping stone for me to become a strong ghost attendant today! "

Chapter 5207: Evil spirit emerges

"Stepping stone? Hahaha, I don't know where your self-confidence came from! You are just garbage that hasn't been long since you came to the ghost mythical creature. I'm afraid you haven't figured out how terrifying the ghost waiter is? For **** like you who have just participated in the selection of ghosts, I can easily kill you with a little finger!" Evil Demon Hao said with a sneer.

Evil Demon Hao has this full confidence.

As a strong ghost servant, in Chuling City, except for those ghost kings who rarely show up, they can already dominate in Chuling City. Just as the evil spirits said, any ghost who is strong at their level. In the eyes of the reader, it's just ants.

Facing the ants, Evil Demon Hao naturally did not put Li Tian in his eyes.

The corners of Li Tian's mouth curled up slightly, revealing a sneer. What use is this kind of nutritious coercion? In this game, it lasted for a month, and the one who survived in the end was not relying on such verbal babbling, but ultimately relying on real strength.

Li Tian stepped on his feet in the air, step by step towards the evil demon hero!

The evil spirit hero is still quite surprised by Li Tian's performance. He didn't want to beat Li Tian when he knew he was a strong ghost servant. Instead of running away, he uttered wild words. Now he is still coming to him. The evil spirit does not know Li. He is really stupid or fake, but he has already decided to kill Li Tian, and when the trials are over, Evil Demon Hao will take Li Tian's contest token to find a consignor to exchange paper money.

However, at this moment, Evil Demon Hao suddenly felt that Li Tian's breath was changing slightly.

"Huh? I underestimated you. I didn't expect that you still have a ghost...No, you have the strength of a ghost, so that's just right, so that it won't make me dull when fighting!" The evil demon said with a wild laugh.

However, his laughter hadn't stopped, and the evil spirit Hao already felt that the powerful aura in Li Tian had broken through to the ghost, and was close to the power of the strong ghost servant.

"No...impossible! You have only been in Chuling City for two months. Even if you were once a strong man in the semi-god state, how can you understand the rules of ghosts in two months?" Xie Mohao There was a trace of panic on his face, and the realm was moving in a hurry.

At this time, Li Tian's speed had reached an extreme, and he had appeared in front of the evil demon in an instant.

The ghost aura on the evil demon heroic servant has changed into seven or eight black smokes. Each of these black smoke seems to be tearing and howling of tens of thousands of ghosts. A breath of death is released from this ghost servant. And the smoky smoky spirit went straight to Li Tian.

Where the ghost said, the temperature in the air dropped suddenly.

Li Tian even saw small pieces of ice appearing in the air. Although Li Tian was arrogant, he also knew that the power of this strong ghost servant should not be underestimated. He turned around in mid-air and escaped the seven or eight swords. The black smoke and ghost attack, turned around and waved casually.

Huh!

A red light cut out from Li Tian's arm, and Hong Zhan had fallen into Li Tian's hands!

Naturally, the power of Hong Zhan didn't need to be said. Although Evil Demon Hao evaded in time, the black smoke and ghost energy he released was cut off by the red light.

Ouch!

Ouch!

In the cut black smoke ghost gas, countless lonely ghosts rushed out. Under the control of the evil spirits, these wild ghosts turned around in the air and pressed against Li Tian.

Regardless of the fact that the cultivation level of these wild ghosts is very weak, they are far away from the advanced stage of ghost difference, but these wild ghosts win in a large number, and the overwhelming aura is enough to deter the general strong.

It's a pity that Li Tian is not an ordinary powerhouse, and the Red Sword in his hand is also no ordinary goods. Facing the overwhelming wild ghosts, Li Tian's mouth tilted upwards, a cold light flashed in his eyes, and he sneered. Said: "Hey, good coming! Let me save you to **** today!"

Here is the ghost, here is the so-called hell.

With Li Tian's roar, Hong Zhan in Li Tian's hand flew by itself!

Huh!

Huh!

Huh!

More than a dozen red lights slashed out of Red Slash, slashing towards these wild ghosts rushing towards him. The red light released by Hong Zhan did not contain the slightest ghostly aura, nor the slightest aura of the dead, but the power contained in this red light seemed to be the nemesis of these wild ghosts.

boom!

boom!

boom!

This red light slashed into the group of wild ghosts, and those wild ghosts could not withstand this terrifying slashing power immediately, and burst open instantly.

moment!

The overwhelming wild ghosts were torn open.

Countless wild ghosts rushed past Li Tian, and then broke free from the control of the evil spirit Hao and fled towards the distance.

Those wild ghosts are also poor undead, they are only controlled by the evil spirits. Now they are proud to be free, where are they willing to stay in this place.

Evil Demon Hao's heart was already a little surprised.

He didn't expect Li Tian to have such strength.

But this did not affect Evil Demon Hao!

It was just that two black smoke ghosts were cut off. As a strong ghost servant, Evil Mohao was more than just this strength.

"Hey, it seems that I underestimated you. I admit that you are now qualified to challenge me, but... you want to defeat me, this is wishful thinking!"

Evil Demon Hao opened his arms, and black ghost spirits were constantly floating on his arms. With his roar, the ghost spirit on his body became stronger and stronger, and his body was like a monster. , I was struggling non-stop, trying to get out of Evil Demon Hao's body.

"Li Tian, now that you have come to the competition venue, how can you not see the strength of the evil spirit? Don't you want to become a strong ghost servant? Then you should deal with this third-level evil spirit first!" , Evil Demon Hao's body was constantly twisting, and his face also showed a trace of pain.

Immediately afterwards, Li Tian saw a sharp nail sticking out of the dark smoke of Evil Demon Hao's abdomen. This nail was shaped like a machete, which easily cut Evil Demon Hao's body, and then a sharp claw was removed from Evil Demon Hao's body. Stretched out!

"Hey! Did it feel unexpected? Did it feel horrified? Hahaha, this is the third-level evil spirit I conquered in the ghost contest last time. After more than one hundred years of training and practice, this The evil spirits already have the strength not to lose to the fourth-level evil spirits!" Evil Demon Hao said with a wild smile.

At this time, the two front paws and one head of the evil spirit had already emerged from his body.

From the outside, this evil spirit is like a wild dog without hair, but its minions are sharper, and the majestic ghost energy on its body is not comparable to any undead creature in Chuling City!

Although ghosts and evil spirits are not physical creatures, this picture is also disgusting enough.

With a move of Li Tian's mind, Hong Zhan had already flown out with a red light, cutting the evil spirit's head straight!

Chapter 5208: Divine Slash

Huh!

A red light flashed, and a red light more than ten feet long instantly cut out from the red cut, and the moment it crossed the sky, the wheel covered the evil demon.

That monstrous killing intent made the Evil Demon Hao stunned.

However, Evil Demon Hao is approaching to be a strong ghost attendant. His cultivation strength is strong enough. Even if this moment of loss of consciousness poses a great threat to Evil Demon Hao, Evil Demon Hao still relies on this extremely strong strength, and five The six black smoke and Li Tian's defeated style of play dodged hard before the red light hit him.

A red light flashed by Evil Demon Hao, and then cut to the distance.

boom!

boom!

The powerful destructive ability collapsed several buildings and the red light completely disappeared.

At this time, more than half of the third-level evil spirit had already protruded from the Evil Demon Hao's body, grinning nonstop at Li Tian.

"Hey, I underestimated you. I didn't expect you to have such strength, but... I was still a little bit short of trying to defeat me, and this little bit is the gap between you and me. You will never be able to Beyond!" Evil Demon Hao sneered.

Having said that, the Evil Demon Hao no longer dared to despise Li Tian in his heart at this time, and was already focused on dealing with Li Tian.

The corner of Li Tian's mouth was slightly upward, revealing a hint of sarcasm.

The attack just now was just a temptation from Li Tian, and Li Tian already knew the true strength of Evil Demon Hao through the test.

The third-level evil spirits are very powerful, but the third-level evil spirits that have not come out of the Evil Demon Hao's body are far from being able to show its strength, and even because they are in the same body as the Evil Demon Hao, it affects the third-level evil spirits. Play.

"Then you can pick me up a few more tricks, I will show you how our direct gap was cut by the weapon in my hand!"

With Li Tian's sneer, Na Hong Zhan continuously released red light slashes.

Huh!

Huh!

Huh!

A dozen red lights formed a dense firepower net in mid-air, and instantly locked the third-level evil spirit.

No matter how the Evil Demon Hao avoided, his body was always slashed by this dense red light.

At first there was a smile on Evil Demon Hao's face. It seemed that the red light was nothing more than that in his eyes, but as Hong Zhan continued to slash out, the Evil Demon suddenly became a little confused.

boom!

Finally, Evil Demon Hao did not pay attention, and a red light slashed on the third-level evil spirit.

Evil Demon Hao was cut and flew out, and four or five consecutive red lights fell on him as he flew out.

boom!

Evil Demon Hao's body hit a huge stone building. The building was like tofu dregs. It collapsed instantly. Dust flew around. The boulders kept falling and hit Evil Demon Hao's body. Buried in the gravel.

Li Tian stood proudly, standing in mid-air facing the wind, his eyes were torch at this moment, still staring at the motionless rubble.

Although the Evil Demon Hao was cut to the ground, it seemed that Li Tian had already had the upper hand, but at this time Li Tian knew very well that in the rubble, the breath of Evil Demon Hao did not disappear, and, It seems that because of Li Tian's continuous slashing, the aura on Evil Demon Hao's body is much stronger than before.

Ouch!

A roar came from the rubble.

With this roar, countless broken stones bounced out like bullets.

Whoosh!

Whoosh!

Whoosh!

The gravel kept flying towards Li Tian.

Don't underestimate these rubbles. The moment they fly out of the rubble, they are already wrapped in black smoke. Each piece of rubble is like a sickle of death, ready to harvest Li Tian's life at any time!

what!

Li Tian involuntarily took a breath.

He didn't expect that this little rubble could release such a powerful power after being infected by the ghostly spirit of Evil Demon Hao.

This is Li Tian, if it is replaced by ordinary ghosts, just these non-coming black gravel, for them are a death call, I am afraid that the top of the ten cannot avoid it!

Li Tian did not retreat and stood proudly. His Red Slash had already penetrated into Li Tian's body and transformed into a Red Wing Divine Costume, forming an absolute defense around Li Tian's body, and the wings on the Red Slash At the same time, hundreds of feather blades were released.

Whoosh!

Whoosh!

Whoosh!

Each feather blade is a red sword, and a huge array of hundreds, thousands, and thousands of red sword feathers has been formed in an instant around Li Tian's body.

Every time a piece of the black gravel flies over, it will be chopped by a red feather blade.

boom!

boom!

boom!

The sky at this time is like fireworks exploding continuously, red light and black smoke constantly appear in the sky, and then disappear instantly.

Rumble!

In the rubble, a huge crack opened, a sharp claw stretched out from the gap, and then more rubble flew out and flew towards Li Tian, and the evil spirit man was riding a calf like a calf. A sub-sized third-level evil spirit flew out.

Countless black smoke rolled under the limbs of the third-level evil spirit.

In the surging black smoke, there seemed to be countless undeads as if they were covered by wheels in a layer of black tarp. They wanted to rush out from the inside with their teeth and claws, but they were helpless.

"Li Tian...hehe, do you think you have successfully killed me? Hehe, it's a pity that you will be disappointed. Just your little vulture skill, even if my third-level evil spirit lets you kill, There is nothing you can do!" The evil demon said with a arrogant smile.

"Really? How can you know the result if you haven't tried it? If I add a little bit of power in my red slash, I don't know the beast you are going to kill... Oh, sorry, the evil spirit should be even a beast If something is inferior, I don't know whether that third-level evil spirit that is inferior to a beast can withstand it?" Li Tian smiled.

Since coming to the ghost mythical creature, Li Tian has never used divine power, in order to avoid causing others to doubt because of his divine power.

After all, Li Tian and others are not dead souls!

However, as it is now the venue of the competition, Li Tian has no need to continue to conceal. All contestants who know that Li Tian is not dead will have only one ending in the end, and that is death!

As soon as Li Tian's words fell, the aura on his body had undergone earth-shaking changes.

Immediately afterwards, a red light with a completely different aura flew out of Li Tian's body!
boom!

Evil Demon Hao and the third-level evil spirits under his hip didn't even have a chance to react, they were already cut by this red light.

"Haha, this is both supernatural power? It's nothing more than that!" The Evil Demon Hao and the third-level evil spirits took a stab, but they looked like they were not harmed at all and couldn't help but sneered arrogantly.

But his laughter had not disappeared, and he was covered by seventeen or eight red wheels.

Chapter 5209: Slay evil spirits

At this moment, the third-level evil spirits that Evil Demon Hao stepped under finally changed.

The body shape of the third-level evil spirit was as if it had taken an expanding agent, and it instantly became huge. In a flash, the body of the third-level evil spirit reached a height of fifty to sixty meters, nearly a hundred meters long, and the huge minions looked all over. It makes people shudder.

puff!

puff!

In an instant, hundreds of white bones with the thickness of the bowl's mouth drilled out of the body of the third-level evil spirits, forming a huge bone frame, covering the third-level evil spirits and the evil spirits in the bone frame. The third-level evil spirit looks even more hideous and terrifying.

And at this moment, two red lights had already fallen, just standing on the bones outside the body of the third-level evil spirit, huh! Huh! Two consecutive red lights fell on the bones, and the red light was like red porcelain hitting the bones, instantly falling into countless fragments and splashing around.

On the white bones cut by the red light, there was a trace that was less than an inch deep, and the third-level evil spirit was also dropped ten meters from the high altitude chapter.

Ouch!

The third-level evil spirit screamed in anger, and the death breath on his body continued to spread. The bones that looked like arrows continued to fly out of the third-level evil spirit, and shot Li Tian's face with black aura. At the door, Li Tian didn't dare to be careless, the Red Wing God kept fanning, evading the attack of the bone arrow, and controlled the feather blade released by Hong Zhan to fight back.

Li Tian's strength is not unbelievable, even if he has already begun to comprehend the rules of ghosts, the suppression he has received is still obvious.

Li Tian kept releasing red light slashes and continuous attacks of feather blades. He slashed seven or eight consecutive knives, all fell on the bones of the third-level evil spirits, but the third-level evil spirits could retreat all over the body. , And can continue to kill Li Tian.

If it were in the Nether Realm or the Earth World, the third-level evil spirit would have already been killed by Li Tian.

Li Tian's complexion was slightly cold, but his attack still did not abate at all.

Huh!

Huh!

Huh!

Evil Demon Hao could feel the strength of Li Tian's body, but seeing Li Tian's use of his third-level evil spirit to no avail, his face couldn't help showing a sneer.

At this time, the death aura on Evil Demon Hao's body became more and more intense, and even in his body, a substantial shadow could be seen vaguely. This was Evil Demon Hao's control.

It is precisely by virtue of this ultimate skill that the Evil Demon Hao can be ranked among the ghost servants. It is with this ultimate skill that Evil Demon Hao can conquer this third-level evil spirit, and Evil Demon Hao believes that with this ultimate move, he can easily manage Li Tian beheaded.

Li Tian's attack was still domineering, but the evil spirit Hao had already started to delay time. He controlled the third-level evil spirit to fall on the ground and quickly ran through the streets of this ancient city building, constantly avoiding Li Tian's attack.

boom!

boom!

Continuous explosions were heard on the street, every red light slash was a destructive aura, no matter how magnificent buildings would be instantly collapsed in the red light slash, the ground was also criss-crossed deep trenches. And the gap, the ancient city within a radius of tens of kilometers was destroyed by the battle between Li Tian and Evil Mohao.

The battle between the two strong men will naturally attract the attention of other strong men.

In the surrounding sky dozens of kilometers away, ghost envoys and ghost servants were suspended in mid-air, watching Li Tian and Evil Mohao fighting in shock.

At this time, the onlookers who ate melons even forgot their purpose of coming here, and they gathered in twos and threes, talking about the battle that took place in the distance.

"Is this the real strength of the strong ghost servant? It is shocking enough!"

"The strong ghost servant? Whose ghost is the strong one among the nine forces fighting? Given the current scale of the battle, it is an endless rhythm!"

"Yes! I don't know if it is the two ghost servants who are fighting. The strong at this level, just entering the competition arena, there is such a fierce battle, I am afraid that there was a deep hatred before!"

"Hahaha, although it is still unclear whether it is the strongest of that power, but since it has this kind of strength, perhaps it may not necessarily have deep hatred, but the title of ghost king!"

"Assault the title of Ghost King?"

Many strong men took a breath at the same time.

"The title of the ghost king is not so easy to impact. In each trial, at most one or two strong people with the title of ghost king can be born, but every strong person who gets the title of ghost king has passed through the sea of corpses! "

Li Tian and Evil Demon Hao and the third-level evil spirits under his control are still entangled together, and there is no time to take into account the comments of onlookers in the distance.

Evil Demon Hao's ultimatum is ready, and within his body, a Death Qi Zhan that is only the size of a disc is moving at an extremely fast speed, and his eyes are firmly locked on Li Tian.

"Hehe, Li Tian, this battle is about to end!" Evil Demon Hao sneered.

Immediately, Evil Demon Hao left the third-level evil spirit under his crotch, allowing the bones of the third-level evil spirit to be replaced and unfolded, and then he controlled Death Qi to fly out of his body, like a black laser. The same, slammed to Li Tian.

Li Tian's reaction speed was not unpleasant, as he successively released a dozen feather blades to the black death slash.

But just now, I still felt like an invincible feather blade. After being dyed with black death, immediately lost contact with Li Tian, as if they were dead, one after another, one after another, they fell on the ground.

And that Death Qi Zhan did not stay in the slightest, and continued to slash towards Li Tian.

Li Tian controlled the Red Wing Divine Costume, and kept evading, but the lifeless slash was like a tarsal maggot, chasing him.

At this moment, the Death Qi Zhan finally slashed on Li Tian's back, and Li Tian slammed it down on the ground like a broken kite.

Although the Death Qi Slash did not smash the red wing **** outfit, the red wing **** outfit on Li Tian's body was completely surrounded by black death energy at this time. These black death

energy seemed to be about to refine the red wing **** outfit. These death auras continued to spread to Li Tian.

If the spirit of death engulfed Li Tian, let alone whether Li Tian is in danger of life, Li Tian is likely to be controlled by the evil spirits like a third-level evil spirit.

At this critical juncture, the red wing **** outfit instantly faded from Li Tian's body, and Hong Zhan flew out of his body. At this time, Hong Zhan was completely surrounded by black death, as if burning. .

The black lifeless spirit did not burn on Li Tian.

It can be said that Hong Zhan used self-sacrifice to win Li Tian the opportunity to get out!

"Hahaha!" Evil Demon Hao smiled with a smug face.

He stepped on the third-level evil spirit, raised his arms with a wild smile, and as his palms turned into claws, Hong Zhan, who was entangled in black life, was already out of Li Tian's control. Flew into the hands of Evil Demon Hao.

Hong Zhan fell into Evil Demon Hao's hands, and he could immediately feel the difference between Hong Zhan.

"This is the weapon you rely on. It looks quite powerful, but...huh? Isn't it...is this a divine tool? Hahaha, I didn't expect that my evil demon would get the divine tool. His overall strength will be greatly improved, and the title of Ghost King is within my reach!" Evil Demon Hao's face showed a burst of ecstasy, he kept releasing the death black energy behind him, entwined with Red Slash, and wanted to completely refine Red Slash!

Without releasing a trace of death blackness, the joy on Evil Demon Hao's face would be so much more.

Artifact!

This kind of thing is rarely seen in ghosts, and those who possess artifacts are all superpowers in all levels of ghosts. The once demons did not even have the courage to fantasize about artifacts, but now Hong Zhan has actually fallen into it. In his hands, how could this not make him ecstatic.

While refining Red Slash, Evil Demon Hao controlled the third-level evil spirits to attack Li Tian. At the same time, he was also vigilantly guarding against other powerful people, lest they would gather up and attack when they knew that he had the artifact.

At this time, Li Tian had stood up from the ground and flew into the sky again.

After continuously avoiding the attacks of the third-level evil spirits, Li Tian finally showed a sneer on his face.

Hong Zhan is a demon sword, the evil nature of Hong Zhan is more terrifying than Evil Demon Hao imagined, but even such a demon sword is still refined by the female soul in Hong Zhan, and now Hong Zhan has been completely possessed by that female soul. Control, how can it be easily refined by evil spirits!

Although Hong Zhan had fallen into the hands of the evil demon, Li Tian still had a certain connection with the female soul.

Now, as the death spirit continued to rise, Li Tian felt that the female soul in Hong Zhan seemed to be breaking through the shackles of Hong Zhan and rushing out of it.

At this moment, Evil Demon Hao suddenly felt a little uneasy, and he finally realized the horror of Hong Zhan, but he was reluctant to give up Hong Zhan.

The Evil Demon Hao, who didn't dare to have the slightest negligence, directly controlled the death qi, making Hong Zhan fly thousands of meters away, even he wanted to try to control Hong Zhan to slash Li Tian.

Huh!

A red light slashed out from the body of Hong Zhan's knife. The power of this sword was much stronger than that of any previous sword, because this was the powerful slashing power released by Hong Zhan himself, possessing the power of the demigod pinnacle realm. .

boom!

Hong Zhan's red light slashed on the third-level evil spirit, and then more than a dozen red lights continuously slashed on the third-level evil spirit.

boom!

boom!

Every time the red light was cut down, the third-level evil spirits would be chopped down and fell several tens of meters. When the seventh sword was cut down, the third-level evil spirits had already fallen to the ground and fell into the gravel.

Finally, when Hong Zhan reached thirteen times, the defense of the third-level evil spirit finally collapsed!

The white bones on its body couldn't hold on anymore, shattered into dust. With a red light, the head of the third-level evil spirit was also chopped off by a moon bud!

Gululu, the head of the third-level evil spirit fell to the ground and quickly turned into a black smoke, which was absorbed by Hong Zhan!

Third-level evil spirit, die!

Evil Mohao looked dazed and froze in place.

"This... is this the result of my control slash?"

Chapter 5210: Behind the scenes

The strong men who watched the battle from a distance were all stunned by the real scene.

"The third-level evil spirit...Did the third-level evil spirit die like this?"

"I really don't know if it should be said that the third-level evil spirit died too hastily, or to praise the strong ghost servant!"

"I'm afraid this is not the real strength of the strong ghost servant. If you notice, you should find that it was the weapon that killed the third-level evil spirit. I suspect that the weapon is weird!"

"Could... Could it be that the artifact was not made?"

"I can't guarantee that the weapon is a magical weapon, but the weapon is definitely not ordinary!"

Many powerful people on the sidelines also saw how extraordinary Hong Zhan was, and even some powerful people were already ready to move.

When they come to the competition arena, their purpose is to improve their cultivation strength through competition selection, and at the same time to improve their title level. If they can get the artifact, then everything else is not that important.

"Brothers, do we want to unite and deal with the two powerhouses who are fighting together? Everyone is also a ghost servant-class powerhouse. As long as the four of us work together, they are definitely not our opponents!"

"Hey, your proposal is good, but if you get the artifact, who should it belong to? If you are willing to give up ownership of the artifact, I can participate in the battle at that time, and I will pay I can give each of you a certain amount of paper currency compensation!"

"Is it a bit too early to say these things? After we get the artifact, isn't it okay to come to make resolutions at that time?"

"It's better to say these things first, otherwise it will be really bad if our brothers are fraternal brothers because of an artifact that affects our brothers' feelings!"

Several commentators had their own ghosts, and no one believed anyone. Finally, they discussed for a long time. Only then did they decide that if they got the artifact, they would first give the artifact to their power and replace them with other items needed by the four of them.

However, at this moment, a figure suddenly floated out of Hong Zhan.

The whole body of this figure is like a wheel cover in a layer of mist. The death aura released from this figure makes these powerful men instantly give up the idea of snatching Red Slash, because they found that this figure at least also Possess the strength of Ghost Servant.

Seeing this figure, Li Tian suddenly felt a familiar feeling in his heart.

Although Li Tian still couldn't see clearly, he could clearly feel that this figure was the female soul in Hong Zhan.

"You... can come out?"

"Well! I can finally come out of Red Zhan! Li Tian, we meet again!"

As this soul flew out of the Red Sword, Evil Demon Hao could feel that he immediately lost control of the Red Sword he had just obtained, and Li Tian and the figure's ignorance of Evil Demon Hao made him feel angry.

"Damn guys, dare to ignore me, a strong ghost servant..."

"Damn fellow, how could there be another strong ghost servant in this artifact?"

"No... No amount of ghost servants can make me give up the artifact! I want the artifact..."

The divine tool was too attractive for a powerful person like Evil Demon Hao. He knew that he had lost control of Hong Zhan, but Evil Demon Hao was still unwilling to give up. His body is still continuously releasing black qi death, and he wants to use these black death qi to wrap around Hong Zhan, so as to achieve control of Hong Zhan.

However, Evil Demon Hao discovered that no matter how much death aura he released, those death auras could be absorbed by the figure that came out of Hong Zhan's back. Not only did the death auras he released did not control the Red Slash, but instead allowed Hong Zhan to come out. That figure grew stronger.

The more angry Evil Demon Hao became, the harder it was to conceal his fanatical thoughts about this artifact. Finally, Evil Demon Hao became completely angry, "Li Tian, you return my artifact!"

With the roar of Evil Devil Hao, his figure turned into a black death, and he rushed towards Li Tian. It's so angry that it's really amazing.

Where the death breath passed, the air was full of black smoke.

However, at this moment, the female ghost suddenly got into Li Hong Zhan, and that Hong Zhan pierced into the black smoke like a bolt of lightning. Then a red light flashed out of the black smoke and went straight into the sky. The group of black smoke split into two, and then Evil Demon Hao fell to the ground from the black smoke, twitching constantly.

Who would have thought that the victory and defeat would separate at this moment.

The dignified ghost servant Evil Mohao will be defeated by Red Slash!

Those onlookers who were already ready to move, and were slowly approaching Li Tian and Evil Mohao were shocked by the breath released by Hong Zhan, and kept retreating, and some even turned and fled to the distance. .

Li Tian sneered, whoosh! The figure flew down from a high altitude and stepped on the Evil Demon Hao who was still pulling out, "Now can you tell me, who on earth let you deal with me?"

When he said this, Li Tian's feet skyrocketed in power, and the demons who stepped on kept screaming and begging for mercy: "Lord Li Tian, please forgive me! Mr Li Tian!"

It cannot be blamed for the evil spirits' lack of spine. Once the strong man among the ghosts dies, his soul will be wiped out forever, just like a strong man in the underworld blew himself up, and will never be able to regenerate from now on, so the evil spirits Although his cultivation base is not weak, he can only beg for mercy.

"It's easy to want me to forgive you. Tell me who asked you to deal with me?" Li Tian said coldly.

Li Tian was certain that it was the first time he met Evil Demon Hao, but he should already have some reputation in Chuling City. This Evil Demon Hao came up to **** him. It would be strange if no one instructed Evil Demon Hao.

"You...how do you know?" The evil spirit said in a trembling voice: "Yes...It's Master Qin Hui from Shengrufang, Master Qin Hui is willing to spend five trillion yuan in paper money to buy your life, this time entering the competition arena In the game, at least dozens of ghost agents and ghost servants will work on you! Master Li Tian, I already know that I was wrong, I am not your opponent, and my third-level evil spirit has been cut by your red cut. Kill, just let me go as a fart!"

Li Tian's heart moved and Hong Zhan flew over in an instant, slashed Evil Demon Hao's body with a single knife, and also beheaded Evil Demon Hao.

Evil Demon Hao's body turned into a mass of black death air and floated upward, and was quickly absorbed by Hong Zhan.

Qin Hui!

Although Li Tian was a little unhappy with Qin Hui when he went to Shengrufang, he did not expect that Qin Hui would actually spend 500 billion paper dollars to buy his life.

"What a Qin Hui, I don't want to take care of you, but you are thinking of hurting me. That's good. After Li Tian leaves the playing field, it will be your Qin Hui's death date!" Li Tian said angrily.
