

A Killer 521

Chapter 521: restricted area

Li Tian also frowned and watched the sudden scene.

"It shouldn't be. According to the truth, the Yuwen family should guard the restricted area and the secret room strictly at this moment, but why did they suddenly transfer the guard members..." Chen Qiaozhi also asked there with a face of doubt.

"Don't worry about so many... Isn't it better if people are gone? Worried about a fart." Old Monster Ge said indifferently with a face all over.

"OK then."

"Go, let's go in."

Li Tian, who was talking, should take the lead first and ran to the backyard quickly.

Tang Xiaolong and his brothers swiftly followed one by one.

After quickly following, they suddenly entered the backyard in front of them.

When I entered this backyard for a moment, I saw that the whole backyard seemed silent and withered...Except for an empty old mansion, all that was left were the lush tree branches...

Some withered trees are old and withered, and the fallen branches and leaves have fallen on the ground. This backyard seems a bit messy as if it has not been taken care of for many years.

At the same time, I don't know why, when Li Tian and his brothers walked into the backyard, they suddenly felt a cold feeling all over their body... it was a chill that penetrated people's hearts.

"Something is wrong." Tang Xiaolong murmured suddenly.

His eyes blinked and he looked suspiciously at the desolate place around him.

Li Tian also felt that there might be something wrong with this backyard, and couldn't help but look around cautiously at this moment.

"Do you feel it? How gloomy here is." Tang Xiaolong said suddenly pale.

Chen Qiaozhi did not speak.

But Old Monster Ge dignified his brows, and suddenly a pair of eyes stared at the front position and said: "This yin air is coming from the front..."

"Where is it in front?" Tang Xiaolong asked in surprise.

"If there is nothing wrong with the Yuwen family's map, then the place in front should be the forbidden area of the legendary Yuwen family."

"restricted area?"

When Chen Qiaozhi said the word forbidden area, Li Tian and Tang Xiaolong's expressions changed suddenly.

Everyone knows that the restricted area of the Yuwen family is a dangerous place, and now suddenly I heard the old monster Na Ge say that the gloomy aura came from the restricted area of the Yuwen family, adding to the mysterious "forbidden area" out of thin air. Some sense of horror.

"Don't be so scary, okay? Grandma's, I still don't believe it."

While muttering in Tang Xiaolong's mouth, he suddenly walked forward.

Chen Qiaozhi from behind also followed.

Li Tian glanced at Situ Ningbing, who had been seldom talking over there, walked over slightly, then stretched out a hand and gently pulled Situ Ningbing's slender hand.

Situ Ningbing was pulled by Li Tian, a smile appeared on that glamorous face, and he followed Li Tian forward step by step.

When I walked through the backyard in front of me, I saw a barren forest in front of me at a glance.

Rather than saying that it is a barren forest, it is better to say that it is a barren area where no grass grows. Is this a large area of desolate and nothing a restricted area?

I blinked and looked, but saw that there was a rusty iron gate in front of this barren area, but the iron gate was mottled and old, and it could be kicked open with one foot.

Next to the iron gate, a wooden sign with a slanting angle was erected. I don't know how long the wooden sign has been standing here. It is written in seal script in vermilion handwriting...

If you don't look closely, you can't see clearly, but if you look carefully, you can still clearly understand what those two words are.

"restricted area....."

Chen Qiaozhi's hand held his glasses and muttered silently.

After he chanted the word "forbidden zone", the brothers blinked and looked at the deserted area in front with unbelievable eyes.

"This is the restricted area?" Tang Xiaolong said suspiciously.

Li Tian beside him frowned slightly.

Old Monster Ge also opened his eyes and looked at the place ahead.

"It should be." Chen Qiaozhi said slightly.

Tang Xiaolong stepped forward and took a look, then turned his head and smiled and said, "I wiped it, I thought that the Yuwen family's restricted area was guarded by a lot of people. It was extremely dangerous, but I didn't expect that there would be no personal shadow... Too unexpected, right?"

He said carelessly while preparing to step into the restricted area in front of him.

"Xiaolong, don't be too careless." Li Tian said to the reckless Tang Xiaolong.

But Tang Xiaolong didn't listen to Li Tian's words. He said there: "Little boss, you have too much heart. Often the evil things that are spread from the outside world are not very real... I think there is nothing good in this restricted area. Scared."

While talking, Tang Xiaolong stepped forward and walked forward.

After reaching the door of the rusty iron door, he lifted his foot up to kick the rusty iron door.

The rusty iron gate that seemed to be old, was kicked to the ground after Tang Xiaolong kicked it down.

"Look, I said there is nothing wrong?" Tang Xiaolong said with a smile, and walked inside.

Just after he first stepped into the restricted area in front of him, he suddenly whizzed, but he saw a few bright lights flying out of it... accompanied by the sound of howling lasing towards him, as fast as lightning. of.

"Be careful....."

Li Tian was shocked.

Tang Xiaolong didn't even notice that several deadly things would suddenly burst out of it...then he was taken aback.

Unfortunately, it is too late for him to dodge...

Seeing that the deadly weapon flying over was about to pierce Tang Xiaolong's whole body, at this moment, Li Tian, with quick hands and quick eyes, rushed up.

He took a steadily faster pace, moved forward quickly, grabbed Tang Xiaolong's wrist, and then pulled hard, Tang Xiaolong's whole body was just pulled back.

The deadly weapon pressed against Tang Xiaolong's cheek and hit the tree trunk behind.

Bang bang bang!

But seeing that the sharp weapon that flew over turned out to be a sharp bamboo stick... each of them was cut like a sharp knife... lethally inserted into the trunk behind.

Looking at Tang Xiaolong again, his face was as pale as dead gray.

His face was scratched by the bamboo tube just now, and at this moment, blood stains flowed out from his cheek drop by drop.

But now he doesn't feel the pain, because his heart is more shocked than the pain on his face...

"Xiaolong, are you okay?" Li Tian quickly helped Tang Xiaolong after he saved his life.

Tang Xiaolong only then woke up, blinking a pair of ugly eyes and said: "No...nothing..."

Chapter 522: Anteater

"Let you kid, don't listen to the boss!" Old Monster Ge complained there.

Tang Xiaolong's face was as pale as dead gray, and he was silent.

Chen Qiaozhi walked over and looked at the well-known bamboo sticks flying on the tree trunk. He couldn't help but frown and said, "No wonder we all say that this restricted area is a dangerous place... Fan risks."

"Yeah, Xiaolong hadn't made this first step, and he was almost brutally killed. You can imagine how dangerous this restricted area is." Li Tiandao said in front of him.

"Now I finally understand why the Yuwen family had to directly evacuate the guards here... Presumably, they just want us to come in here... and then be trapped here to die." Chen Qiaozhi said with squinting eyes.

"Vicious heart."

"Then what should I do now? Enter or not?"

Old Monster Ge suddenly retreated somewhat.

But Li Tian's eyes were firm and he said, "Go in!"

"No matter what, we've already got here...even if it's the Longtan Tiger Den in front, I'll go in and see."

Li Tian, who was talking, walked in front and slowly walked towards the restricted area.

After he walked forward, Situ Ningbing quickly followed. She has now become Li Tian's virtuous internal helper. As long as Li Tian does what she does, what will she do... There is no doubt that the two of them are in agreement. Up.

Of course, Tang Xiaolong, A Qiu and Chen Qiaozhi also followed Li Tian, only Old Monster Ge frowned, and muttered there, "They are all guys who are not afraid of death... hey..."

Old Monster Ge, who groaned and sighed, only slowly followed at this moment.

Li Tian walked in the forefront, taking every step carefully, and his eyes tightly looked around.

The same goes for the brothers behind him.

Just when Li Tian was about to take the next step, he suddenly felt something was wrong.

Because he felt a strong and dangerous aura pouring up and down his body, all the hairs on his body also stood up in an instant.

"Wait..." Li Tian suddenly motioned everyone to stop.

The brothers stopped slightly at this moment.

Chen Qiaozhi in front of him and Tang Xiaolong in the back were both carefully looking around.

"What's wrong? Little boss?" Tang Xiaolong asked there.

Just listen to Li Tiandao said: "I smell danger."

Hearing what Li Tian said, the brothers stood there blankly, motionless.

Suddenly at the moment when they just stopped, a rumbling sound was heard from the front of the previously silent barren forest.

Facing the sudden loud noise, the brothers were all stunned, even Li Tian's face was extremely discolored at this moment.

Seeing the rumbling sound from far to near, they all stood there with shocked faces at the moment.

"What sound? From there?"

"From the underground." Old Monster Ge said suddenly with an ugly expression.

"Get out of here."

Old Monster Ge suddenly yelled.

As his voice exited, the rumbling sound suddenly came towards where they were standing... Then the whole ground began to crack... A huge gap appeared...

"Get away."

After Old Monster Ge yelled, Li Tian took the slender hand of Situ Ningbing next to him, and quickly avoided the cracked ground...

Tang Xiaolong and Chen Qiaozhi in front of them were also completely taken aback, looking at the cracked ground, each of them speechless.

Fortunately, they escaped in time, otherwise they wouldn't have to fall into this deep crack...

Looking at the innocent cracked ground in front of him, the brothers were shocked one by one. Tang Xiaolong and Li Tian stepped forward to look forward, but they saw that the cracked ground was more than a foot deep...the inside was dark and scared.

Looking at how deep this crack is... Tang Xiaolong opened his eyes silently and said, "Oh, what is this..."

Even Li Tian was deeply shocked there.

"This stuff..."

Tang Xiaolong just said the three words, suddenly he heard Old Monster Ge in front of him cautiously said: "Don't talk... Be quiet..."

After Old Monster Ge yelled, Tang Xiaolong really closed his mouth.

Even Li Tian did not speak any more.

Old Monster Ge suddenly lay down on the ground, and even put his ears directly on the ground, listening carefully.

Looking at his posture, the brothers felt very strange.

But seeing Old Monster Ge lying prone on the ground, suddenly his face began to twist... his eyes looked unbelievable...

The whole person jumped up as if suddenly bitten by a poisonous snake.

"fast....."

"Apply this thing on your body..."

The old monster Ge who was talking seemed crazy and quickly took out a small black box from his dusty cloth bag.

His expression was extremely ugly, as if he was in great trouble, which surprised Li Tian, Tang Xiaolong and his brothers beside him.

"Why are you still stunned... Hurry up and apply it on your body."

"Or, you won't even know how to die later."

After the old monster Ge roared and called out, Tang Xiaolong and his brothers came to their senses.

I quickly reached out to take the black box and opened it, but there was an unpleasant and extremely smelly ink white powder inside.

Tang Xiaolong muttered, "It smells so bad."

Although he said so, he still looked at his body and quickly wiped it off.

After painting, he quickly handed it to Chen Qiaozhi next to him...

While they were watching the unknown but smelly powder coated on their bodies, the cracks in the ground that had just cracked suddenly heard a buzzing sound, as if there was a bug crawling on it...

The brothers looked at the powder on their bodies while looking at the cracked ground cracks... Suddenly saw that from the cracked ground cracks, black ants burst out.

Thousands of black ants.

And these black ants seem to be bigger than ordinary ants... swarms gush out from the hole.

Looking at this weird sight, the brothers only felt disgusting, and they were all stunned there.

"Hey...what the **** is this!"

"Man-eater!"

"This is a man-eating ant from the Saharan tropical rain forest. It is extremely vicious, and wherever it goes, no grass grows... When I was in Myanmar, I had heard of such terrible things... At that time there was a tribe in Myanmar. All the food eaten by this group of cannibal ants didn't even have bones... even the villages and houses were gone." Old Monster Ge said with a pale face.

"Man-eater?"

The brothers listened to Old Monster Ge's words, and then looked at the black ants... I saw that these black ants were like a black snake, wherever they went, all the branches were ants... Even the leaves became disappear.....

The buzzing group of black ants attacked Li Tian and the others like crazy.

The brothers saw that these ant colonies were attacking them... All the hairs on the body stood up... and all of them were stunned in extreme panic.

Chapter 523: trap

"Don't be afraid... they won't be able to get close to us." Old Monster Ge gasped, and as he said, he sprinkled the incomparably stinky black powder into the surrounding ground.

Sure enough... those black ant colonies, when they approached the powder sprinkled on the ground, suddenly seemed to be intimidated, and turned around and buzzed towards the other side.

Looking at this weird behavior, the brothers were completely convinced.

If Old Monster Ge wasn't here today, I guess they would really be buried in this ant nest...

Seeing those black ants rushing in in groups...If this happens to a person, they will not shiver to death...

Thinking of that disgusting person's stuff makes me feel sick.

Even Situ Ningbing, who used to be cold-blooded and ruthless, couldn't help feeling like vomiting when he saw the black ant colonies... his face was pale.

Fortunately, Li Tian stretched out his hand and pulled her tightly.

At this moment, seeing those black and overwhelming ant colonies did not dare to get close to the brothers, but wriggled to one side.

After the man-eater ants did not find anything they could forage, this group of evil things suddenly turned around and quickly crawled towards the cracked ground.

In a blink of an eye, this group of terrifying things crawled into the cracked ground again.

Looking at this horrible scene, Li Tian and his brothers were speechless, all stunned.

When all the man-eating ants disappeared one by one, the brothers were relieved.

Tang Xiaolong wiped the cold sweat on his face and said, "Fuck me... that thing is really disgusting."

"What the **** is it?" Tang Xiaolong asked Old Monster Ge as he said.

But I heard Old Monster Ge say there, "Didn't you tell you everything just now? It's the man-eater of the Sahara."

"This kind of stuff...usually in the tropics...I wonder how these terrifying little things can suddenly appear here." Old Monster Ge said with solemn brows.

Li Tian over there is looking at the restricted area ahead with deep concern...

Just a few steps? Brothers are all in danger...If you go further inside, will something more terrifying appear?

No wonder someone outside says that the Yuwen family's "forbidden zone" is the tomb of the living... It seems that this is not frightening at all.

"You have also seen that this restricted area is basically dangerous... if you want to go through it, you are basically looking for a dead end."

"Moreover, this Yuwen family not only only has a restricted area...but there is also a more terrible secret room in front...I said you would..." Old Monster Ge said there.

"You shut up." Chen Qiao went up and gave Old Monster Ge a blank look.

"You old monster, we're looking for you, originally we wanted you to help us go through this restricted area... and the secret room... Your **** thing is retreating now... what do you mean?" Tang Xiaolong cursed there. .

"Nonsense, aren't you afraid of death?" Old Monster Ge tried hard to say there.

"Fear! I'm afraid that I would dare to enter... It's better than you being a tortoise."

"Idiot! What a fool." Old Monster Ge said insultingly there.

"Don't talk nonsense to me..."

Tang Xiaolong grabbed Old Monster Ge by the wrist and pulled him to the front.

"You old guy has the most research on this evil way, and the secret room of the agency. You should go to the front." Tang Xiaolong said with a smirk.

At this time, Old Monster Ge was depressed. When Tang Xiaolong pulled him to the front, he had no choice but to cry and turned his head, looking at Li Tian and Tang Xiaolong, and they said, "If you let me go ahead. If you don't, you all have to listen to me... Don't let me act rashly... If you are dying, don't blame me."

"Don't worry, you just lead the way." Tang Xiaolong said in front of him.

After Old Monster Nage was ready to lead the way, Li Tian and the others relaxed a little.

After all, this old monster Ge really has such an awesome ability. He is indeed extremely knowledgeable about evil things... Don't talk about Feng Shui, anything, telling fortunes for others, touching the blind, watching gossip... and stealing tombs. , Play in the secret room...what not to stimulate him, what not to do.

He is such a person.

So asking him to come at this moment is undoubtedly the most right candidate.

Just like the man-eating ants just now, that kind of scary gadgets can only be recognized by Old Monster Ge's running around, and it can also stop those gadgets in time.

Don't look at the dusty cloth pockets that Old Monster Ge carries on his back, there are a lot of good things in there.

After Old Monster Ge started to lead the way, Li Tian and his brothers followed Old Monster Ge.

Although Old Monster Ge is full of reluctance, what else can he do at this juncture? Can only use one's own housekeeping skills.

I saw him moving forward step by step with tiny steps, every step being cautious, as if he was afraid of something on the ground.

As they were walking towards the front, suddenly they only heard Old Monster Ge say: "Hold on..."

The brothers were taken aback, and one by one stopped quickly.

"What's the matter?" Tang Xiaolong on one side raised suspicious eyes and asked Old Monster Ge who was looking ahead. Li Tian and Chen Qiaozhi next to him were also speechless.

But seeing Old Monster Ge did not answer Tang Xiaolong's words, but his expression suddenly became extremely serious, not like a joke at all.

He slowly squatted down, then blinked and looked at the ground in front of him, with a serious expression on his face as if he was looking at something.

Tang Xiaolong and Chen Qiaozhi in front of them couldn't help wondering, they couldn't help but secretly line up: What happened to Old Ge? Did you find something?

When they were depressed, Old Monster Ge suddenly picked up a dead branch from a nearby place. After picking it up, he took the dead branch in his hand and gently fiddled with it on the ground.

After playing around, I suddenly discovered that the ground in front was soft... and sinking.

The brothers behind him stared in awe.

"This is a trap?" Tang Xiaolong was surprised at that.

Li Tian was also wondering there.

The old monster Nage kept on the ground with the dead branches in his hand...but saw that all the places a few meters ahead were sinking down, and the surface of the ground was just a layer of imaginary soil...

After determining that the place in front was a trap of about 45 square meters, Old Monster Ge cautiously reached out and opened the virtual surface of the stratum...

After opening it, I saw that under the virtual ground was a sharp weapon like a long poisonous thorn, erected in the pit...

Looking at the scene in front of them, they were all horrified.

Chapter 524: At stake

Had it not been for Old Monster Ge to discover such a situation just now, it is estimated that Li Tian and the others would step on them, and they would not have all been stabbed to death by traps?

"Fuck me...this place is really full of traps." Tang Xiaolong said in shock.

The old monster Ge in front of him dignified his brows, turned his face, and said to the brothers: "Don't go from here, let's go around."

Speaking of which, he stepped forward to the other side.

The brothers around him followed Old Monster Ge closely one by one.

After going around the trap in front of them, they finally let out a sigh of relief.

Old Monster Ge is still at the forefront, always making the brothers be careful... pay attention to the movement under his feet and the surroundings.

Brothers also did what Old Monster Ge said one by one.

Old Monster Ge, who was walking in the front, walked forward while exploring the road, while looking at the restricted area in front of him with a pair of eyes...How far is there?

It seems that it is not very far.

The place in front is a barren wood, if they are right, as long as they pass through that barren wood, they can pass the restricted area.

Soon, they reached the barren forest in front.

The barren forest seemed much more secluded...Only the surrounding withered trees grew here one by one.

Old Monster Ge was going to help a dry tree next to him with one hand while walking.

Just when his finger touched the dry tree, he suddenly felt something was wrong. Just as he was wondering, he suddenly didn't know where a weird tree vine appeared from, and then immediately entangled his wrist.

Old Monster Ge was shocked!

"help me....."

There was a roar, before the brothers could see what was going on... Suddenly the tree vine suddenly seemed to be pulled by someone on it, and swished Old Monster Ge's whole body upside down... The ground is about one foot high...

"Help me... save me..." Old Monster Ge was hung in the sky over a meter high, screaming in fear.

The brothers saw that Old Monster Ge had caught the trap, and Tang Xiaolong was the first to rush over.

"Old monster, I'll save you right away."

Tang Xiaolong, who was counting, quickly ran towards the place where Old Monster Ge was hanging.

When he ran like this, his ankle suddenly stepped on the trap in front...

The sharp bamboo tube projected from all directions suddenly pierced toward them like raindrops.

"Be careful..." Li Tian exclaimed.

At the same time, his body rolled on the spot, avoiding the sharp bamboo tube flying over.

Situ Ningbing's eyes suddenly narrowed, and the life-threatening silk hidden in the sleeves instantly shot, and flicked at the bamboo tube that flew over...the sharp and deadly bamboo stick flew over and was in her hands. The deadly silk fell to the ground.

Ah Qiu over there also stepped forward to find a sturdy tree to escape... The bamboo stick that was shot was stuck on the tree, banging.

Since Chen Qiaozhi stood in the open space, he couldn't help but feel a little dangerous at this moment. Seeing that the deadly bamboos were shooting at him at the moment, Chen Qiaozhi hurriedly dodged and avoided... His hands were quick and quick, and he avoided two of them, but did not hide. Pass the third root.

The sharp bamboo stick as thick as the third thumb hit his arm at once.

With a cry of pain, Chen Qiaozhi fell to the ground.

The blood on his arm was instantly stained red...but he saw a fatal bamboo stick stuck in his arm...but fortunately, just hurting his arm was not fatal.

"Qiaozhi, are you okay?"

Seeing Chen Qiaozhi's injury, Li Tian hurried over and asked concerned.

Chen Qiaozhi's face looked even paler, clutching his injured arm, shook his head slightly, and said in his mouth: "Fortunately...I can't die."

Looking, how about Tang Xiaolong who touched the trap?

At this moment, he got up from one side with a disgusting face.

He didn't have a serious problem. The deadly hidden weapon in the previous round...Unexpectedly, Tang Xiaolong fell to the ground all of a sudden, but it was nothing serious.

At this moment, I couldn't help getting up slowly from the ground, looking at Chen Qiaozhi who was seriously injured there, and ran over quickly.

"Sick... are you okay?"

Chen Qiaozhi has been helped by Li Tian and said to Tang Xiaolong, "Thanks to you, it's okay now..."

Tang Xiaolong looked embarrassed and ugly.

Had it not been for him just now, my brothers wouldn't have been embarrassed like this...but now it's finally over.

"What are you talking about... asshole... hurry up and save my old man..."

Suddenly the old monster Ge, who was hung more than one foot high, roared hoarsely.

Li Tian and the others suddenly remembered the old monster Ge who was hung from the tree.

"It's so high, what should I do?" Chen Qiaozhi next to him said, clutching his severely injured arm.

"I'll climb up." Tang Xiaolong said while looking at the tree on the side.

"You climb up? You can't save the old monster...Could it be that you cut off the vines that tied him, and let the old monster fall from the top, directly to death?"

Hearing what Chen Qiaozhi said, Tang Xiaolong couldn't help frowning and asking, "What should I do?"

"I'm coming." Li Tian said suddenly, taking a step forward.

"Little boss, how are you going to save the old monster?" Tang Xiaolong blinked his eyes and asked Li Tian.

Li Tian smiled slightly, then turned to look at Situ Ningbing next to him.

"Ningbing, use your things..." He walked towards that Situ Ningbing.

Situ Ningbing was startled slightly, and asked, "What to use?"

"Your weapon..."

Situ Ningbing suddenly realized, then smiled and gave the life-threatening silk in his hand to Li Tian.

After Li Tian stretched out his hand to take it, he said to the brothers on one side: "That's it."

While talking, Li Tian walked towards the big tree, and then quickly climbed towards it.

His speed is quite fast...it is not so hard to climb up a tree.

In a blink of an eye, he climbed to a fairly high position, but seeing that Old Monster Ge was hung upside down and uncomfortable, Li Tian motioned to Old Monster Ge to wrap his arm with a deadly silk.

Old Monster Ge had no other choice at this moment, but to do what Li Tian said.

After wrapping the life-threatening silk around Old Monster Ge's arm, Li Tian threw it out with the first question that Tang Xiaolong was coming to, and then accurately cut the vines that entangled Old Monster Ge's ankle.

After the cut, Li Tian tightened the life-threatening silk in his hand. Although Old Monster Ge hurt his arm, fortunately, it didn't hurt.

He then wandered around and climbed onto the tree trunk.

Then the two climbed down from the big tree above.

After finally saving Old Monster Ge, Old Monster Ge clutched his wrist, screaming for pain...

Chapter 525: A sword, a person

Li Tian returned the life-threatening silk in his hand to Situ Ningbing. He looked at the barren forest road that was about to pass in front of him and said, "I must have reached the end of the restricted area..."

"should be."

Old Monster Ge also stood up from the ground and said,

"Sick ghost, is the injury on your arm okay?" Old Monster Ge suddenly turned his head to look at Chen Qiaozhi and asked.

The bamboo tube tied to Chen Qiaozhi's arm has been pulled out. He tore off a large piece of cloth from his shirt, then wrapped the wound with the cloth, and said indifferently, "There is nothing serious..."

"Well, let's move on."

The brothers who were talking continued to move forward slowly.

"This **** restricted area...I don't want to go again after killing me." Tang Xiaolong complained there.

"Don't worry, there will never be a fool who wants to go again." Old Monster Ge turned his head and said.

After several hardships of life and death, the brothers can be said to be in danger, but fortunately, nothing major happened to them now, only that Chen Qiao's arm suffered some injuries.

After passing through the barren forest in front, he formally left the restricted area in front of him.

The moment the brothers finally stepped out of the restricted area, they finally took a breath.

"Damn... this **** place... I will never come again."

"Qiaozhi, how far is it from the secret room?" Li Tian next to him suddenly looked at Chen Qiaozhi and asked.

Chen Qiaozhi slowly took out the map of Yuwen's family from his arms, then carefully pondered it, and said, "It's not far."

"You should go forward and you will be able to reach the secret room, the important place of the Yuwen family." Chen Qiaozhi said there.

The secret room is a more dangerous place than the restricted area.

Can Li Tian and his brothers make it through? This is really hard to say now.

Brothers now, everyone knows that there may be a dead end ahead...but there is no way, in order to help the little boss Li Tian cure the three-life poison in his body...they have no choice.

"Walk away, what are you doing in a daze?" Tang Xiaolong said indifferently with a smile on his face.

Although his face showed that he didn't care about anything...In fact, anyone could see it, but his heart was still very scared.

Chen Qiaozhi glanced at Tang Xiaolong, but did not speak, and followed up, and A Qiu followed without a word.

Only the remaining old monster Ge frowned and sighed helplessly: "Hey...this year, there are idiots every year...this year is so much...Forget it, my old man will also be a fool who is not afraid of death. ."

He followed as he said.

Li Tian looked at the brothers who were all walking forward, and he couldn't help being extremely moved.

At this moment, Situ Ningbing walked over and took Li Tian's hand, and couldn't help but find that his hand was shaking slightly...

"Your brothers are indeed very good...very loyal." Situ Ningbing said, looking at Li Tian.

Li Tian nodded deeply there, then pulled Situ Ningbing beside him and walked forward.

The place in front is a bamboo forest...The map in Chen Qiaozhi's hand shows that as long as you pass the bamboo forest, you can reach the secret room.

To be honest, they didn't know what the Yuwen family's secret room looked like, let alone what horrible things were there...At this moment, they just moved forward step by step.

This bamboo forest does not seem small, and green bamboos grow there one by one.

When Li Tian and his brothers arrived in the middle of the bamboo forest, Tang Xiaolong, who was walking in the front, suddenly shouted there, "Someone is ahead."

A word from him suddenly came out.

Li Tian and Chen Qiaozhi in front of them were all taken aback.

Then I looked up, but saw that there was a person sitting more than 20 meters away.

Because of the bamboo forest, I can't see his appearance clearly, but I can find that he is sitting on the ground with his legs crossed and motionless.

"Then who?"

"Are you from Yuwen family?" asked Chen Qiaozhi next to him.

"It doesn't look like...If it is from the Yuwen family, how could it be possible to be there alone." Li Tian frowned and said.

"I think something is wrong."

"After knowing the past, you will be able to reach the Yuwen family's secret room." Chen Qiaozhi.

"Don't care who he is? Isn't he alone anyway? If he dares to stop us, he won't have to let him down." Tang Xiaolong said there.

Li Tian thought for a while. It seemed that if he wanted to go to the secret room, he had to alarm the sitting man in front.

"Go, go ahead and have a look."

After Li Tian said this, the brothers next to him followed him to the motionless man sitting in front of him.

After Li Tian brought his brothers closer, he clearly saw the man sitting motionless on the ground.

The man has a face that is as cold as a knife, bronze and resolute.

His eyes were slightly closed, and his hands were drooping on his cross-legged.

His posture of sitting still is very suspicious... Then he looked at him, but on his right hand side, there was a black bronze sword three feet long and four inches wide. .

The cold sword, the whole body is black, even the shark skin on the hilt is jet black...

This sword was just like his man, blinking coldly.

After Li Tian and the others saw his man and the sword beside him, they couldn't help but frowned slightly...

Then, when Li Tian and the others just walked here, an icy murderous air... suddenly came surging from the bamboo forest...

The murderousness really came from this sitting still man.

When Li Tian suddenly felt this sluggish air, his brows couldn't help but frowned, and his heart lined up: Who is this opponent? How come you have such a terrifying murderous aura...

This is something Li Tian has never encountered before.

Including in the Duanmu family, there is no one who can have his horror and hostility...

Who is this guy?

When Li Tian was surprised, the man who was sitting quietly suddenly opened a pair of shining eyes.

His eyes are like cold stars in the night, piercing and bright...

The moment I opened it, I stared at Li Tian and the brothers and others unblinkingly...

At the moment when he suddenly opened his eyes, he thought he would say something, who knew he was like a stone, as motionless as a clock, his mouth was not even open, just holding up those cold eyes and watching Li Heaven and others.

The brothers here and Li Tian couldn't help being taken aback.

Secretly: What is this guy doing?

Tang Xiaolong glanced at the sitting man, then suddenly stepped forward and said, "Hey...what are you doing?"

"Are you from the Yuwen family?"

Chapter 526: The power of that sword!

Following Tang Xiaolong's questioning, the man still remained motionless, let alone a bit of speech.

"Are you dumb?"

"Deaf..." Tang Xiaolong continued.

"Fuck... you are really strange, you are saying something." Tang Xiaolong asked depressedly.

But no matter what he said, the man sitting in front of him remained motionless and did not open his mouth to reply.

"Little boss, I can't do anything...I'm sure, this guy is either deaf and dumb, or a second-hand, fool."

Li Tian didn't pay attention to Tang Xiaolong's nonsense. He glanced at the man in front of him, turned his head and said to the brothers, "Forget it... Since he doesn't speak, he doesn't say his identity... Let's not go. Provoke him."

"Let's go, walk around."

Li Tian, who was talking, was about to go around the indifferent man in front of him and walk from one side.

The brothers next to him also nodded silently at this time. Although the indifferent man in front of him didn't say a word and didn't even move, they could still feel that the other party was an easy character...

At this juncture, it's better to get as little as possible.

Just when Li Tian was about to lead his brothers around the indifferent man in front of him from the other side, suddenly a very cold voice came out of his mouth.

His voice was cold and merciless, just like his person.

"Those who enter the secret room without permission will be killed without pardon!"

Eight words, cold eight words came out from his mouth one by one.

When these eight words were clearly transmitted to Li Tian and his brothers, Li Tian and his brothers all turned their heads.

Originally, they wanted to avoid this trouble, but judging from the current state, they couldn't avoid it.

After turning his head, Tang Xiaolong looked at the indifferent man angrily.

"Fuck, you're not dumb... Then I asked you just now, why didn't you even fart?"

Following Tang Xiaolong's insulting exit, what about the indifferent man in front? Still not saying a word.

As if this man had no feelings at all, he didn't know the emotions at all.

"Look, look... This guy doesn't speak anymore..."

"Shut up and say a few words less." Chen Qiaozhi stopped the talkative Tang Xiaolong.

But seeing Li Tian slowly coming over, looking at the motionless indifferent man, slowly said, "Your Excellency meant to stop us, right?"

"So, I have already said, if you don't want to die, leave here as soon as possible." He spit out another coldly from his mouth.

Listening to his words, Li Tian couldn't help but secretly said: What kind of person would dare to say such arrogant things? Is this person really so powerful...

"The secret room, we must enter today."

"Since your Excellency must stop, then we can only blame us for being impolite..."

Li Tian said coldly.

He was ready to rush through the difficulties before him.

Although he could feel that this indifferent man was exceptionally powerful, Li Tian absolutely didn't believe it. With his current strength, coupled with Tang Xiaolong and several brothers by his side, wouldn't Li Tian survive today?

So he intends to push hard.

Tang Xiaolong took the first big step...

He smiled and said: "Hey... can you stop us alone?"

"I think you owe you a beating."

"Little boss, leave this person to me... let me clean him up."

Tang Xiaolong walked forward alone.

Li Tian originally wanted to make a shot by himself, but he didn't expect Tang Xiaolong to walk forward in advance, and couldn't help saying: "Xiaolong, don't take it lightly."

Tang Xiaolong turned his head and said with a smile: "Don't worry, Tang Xiaolong is afraid of everything in my life, but I'm not afraid of fighting with people." As he said that, he walked towards the indifferent man.

The indifferent man still sat motionless with a pair of cold eyes.

It seemed that he hadn't seen Tang Xiaolong at all.

"Hey... Didn't you say you want to stop us? Come and fight me if you have the ability?" Tang Xiaolong put on the air and said.

But the indifferent man in front of him remained motionless.

This made Tang Xiaolong depressed.

"Fuck, do you fight or not? If you don't fight, we will pass..."

Tang Xiaolong who spoke again thought that the guy could talk, but he still didn't move.

Tang Xiaolong suddenly felt pain, and said angrily, "Nima's...If you don't fight, you won't fight..."

As he said, he stepped towards the back of the man.

When Tang Xiaolong's footsteps suddenly stepped into a step behind the man, a "cang" of dragons suddenly sounded...

Then I saw a perfectly light arc piercing Tang Xiaolong's body like an electric shot...

No one saw how this indifferent man drew the sword, and no one saw how his people made this sword... The only thing everyone saw was this deadly sword, which was directed towards it accurately. Tang Xiaolong's heart pierced away.

Vicious and deadly.

"Little dragon, be careful..." Li Tian standing here was shocked.

Situ Ningbing beside him was also dignified at the sword that the indifferent man shot, subconsciously clenched his fingers, and muttered in his mouth: "What a quick sword... a poisonous sword..."

But he said that Tang Xiaolong was killed by a sword!

Even if Li Tian wanted to rescue him at this moment, it was impossible. There was no way. The speed of the indifferent man's sword was too fast. The speed reached an incredible level...

The moment Tang Xiaolong took his steps, he suddenly felt regretful.

Because at the moment he took his steps, he suddenly felt the solemn murderous aura behind... that murderous aura was so strong... so terrifying.

At this moment, when he saw the sword stabbing fatally towards his back, he was shocked.

Exercising all the effort to dodge the deadly sword...deserving of the field special forces soldier of the Liaoshen Military Region, the king of soldiers!

But seeing that Tang Xiaolong didn't turn his head, he twisted around, bent over to avoid this sword...

Although Tang Xiaolong had already used his entire body to avoid this sword... but there was no way, his sword was really too fast and too poisonous.

Hiss!

Although he didn't stabbed Tang Xiaolong's heart to the point where it was fatal, he went and struck Tang Xiaolong's left arm.

His arm was bloody.

Tang Xiaolong stepped back two steps before squeezing his footsteps... At this moment, he looked at the indifferent man in front of him with shock.

He didn't care about the injury on his arm, nor did he care about the pain in his arm and ear, and stared at him with a pair of hateful eyes.

Brothers have a vote for the monthly pass! Huahua first thank you brothers

Chapter 527: Dugu Family

And that indifferent man who shot with one sword? Still the same as before, with a cold face, standing there silently.

He didn't know when, there was an extra sword in his hand.

A sword stained with Tang Xiaolong's blood.

A sword in hand, invincible.

His people seem to merge with the sword in his hand...

Sword, three feet green front.

Human, seven-foot steel body.

A person, a sword, blocking the path of the brothers in front of them.

Just a sword just now... Li Tian knew that he had met a real master today... and he was definitely a master of masters.

No one can describe the power of that sword, and no one can describe the murderous spirit of that sword...

hiss

Tang Xiaolong did not retreat because he was struck with a sword on his arm, but was timid. On the contrary, he pulled out the sharp head in his arms, the head of the field army, and the knife handle was also engraved with a ox-fork skull.

Don't forget, he was once the king of special forces.

When Tang Xiaolong played against people, he rarely used knives... and almost never saw him use knives.

This time, when he took out the field saber with cold eyes, it was obvious that he was really angry.

"Me, do you want to go up and help?"

The indifferent Ah Qiu, who has rarely spoken, suddenly turned his face wearing sunglasses and looked at Li Tian in front of him at this moment.

Li Tian stood there without speaking, paused, and then said, "Wait a moment."

"I want to see the real strength of this man."

After hearing Li Tian say this, Na Aqiu took a step back slowly.

He lifted his face with sunglasses and looked at the scene in front of him.

Tang Xiaolong held the field saber in his hand and faced the indifferent man holding the sword in front of him.

The man with the sword was exactly the same as before, like a frozen stone, unmoved.

"Asshole, I don't believe that I can't let you go today!" Tang Xiaolong roared immediately.

The sharp head in his hand matched the fist of his left hand and attacked the man with the sword at the same time... The speed was quite sharp and fast.

The man with the sword saw Tang Xiaolong attack suddenly, and the bronze sword in his right hand suddenly slashed diagonally.

The biting sword aura slashed towards Tang Xiaolong's body.

Tang Xiaolong didn't dare to be careless, and the head in his right hand suddenly stopped.

warehouse

A beep!

Tang Xiaolong's field saber and the bronze sword in the hand of the man holding the sword sparked sparks.

Tang Xiaolong swept across with a mopping leg.

The man retreated a little later, the long sword in his hand flicked slightly in the air, and then it slashed straight down.

Blossoming sword flowers pierced Tang Xiaolong's whole body like raindrops... Tang Xiaolong was taken aback, and his body quickly backed away.

The biting sword aura struck the hard surface of the ground, but seeing the ground surface struck by the sword aura, several deep sword marks suddenly appeared...

Gosh!

If this is the sword energy struck a person's body, it can't make a big hole in the person's body.

On one side, Li Tian frowned and stared at the scene in front of him. His five fingers were already clenched and he was ready to take a shot at any time, because he had already felt that Tang Xiaolong was not the opponent of this swordman at all.

One of Chen Qiao, a sick scholar next to him, kept staring at the sword-bearer with sharp eyes, and suddenly his mouth muttered: "What a powerful sword... what a domineering sword spirit... ..."

"Old monster, have you ever heard that there is a kendo master in China?" Chen Qiaozhi suddenly turned a shocked face and asked Old Monster Ge in front of him.

Old Monster Ge has always laughed and cursed, not playing with worldly affairs, but this time he couldn't help but contemplate with a serious eyebrow.

"As far as I know, there is only the Dugu family that has already been destroyed...the most famous kendo master in China."

"Although this Dugu family is the best in swordsmanship in China, they are few in number... and each generation is a single pass, so before the last century, I heard that the Dugu family was destroyed by the enemy..." Old Monster Ge He squinted his eyes and said to the court.

"But have you heard that the Dugu family and Yuwen family seem to have a deep relationship?" Chen Qiaozhi said suddenly.

Old Monster Ge shook his head slightly at this time.

"I don't know this."

"You mean that the guy in front of you might be from the Dugu Family?" Old Monster Ge said with his eyes lit up suddenly.

Chen Qiaozhi didn't speak for a while, but solemnly frowned, looked at the deadly sword in the man's hand, and suddenly said: "I guess he should be the descendant of the Dugu family..."

"Otherwise, how could he use such superb swordsmanship?" Chen Qiaozhi.

"And many years ago, I heard people say that the sword of the Dugu family is vicious and spicy, and I heard that sword aura can kill people... Now that this person's sword aura has reached a state of extraordinary transformation, I guess he might be from the Dugu family."

Hearing what Chen Qiaozhi said, Old Monster Ge spoke with his eyes full of eyes, just raised his eyes and continued to watch the scene.

And Li Tian over there also heard the conversations of Chen Qiaozhi and Old Monster Ge just now, and he couldn't help feeling a little startled: "Dugu Family? Li Tian has never heard of it..."

But what surprised Li Tian was that when he heard the words "Dugu", his heart suddenly shook!

It was like a big hammer hitting his heart deeply...

what is this? Li Tian stood there in astonishment, with a look of confusion...but he kept muttering: Dugu...Dugu...as if this Dugu family had an extremely big relationship with him. The secret of Li Tianyu's Dugu family will naturally be revealed later.

Dugu?

Li Tian and the others would certainly not know that the man holding the sword was the first general in the Yuwen family, Du Guxie.

An oblique sword, a cold man.

At this moment, look at that Tang Xiaolong on the court and the **** with Duguxie more than twenty moves.

Tang Xiaolong can be said to be dangerous...No way, that Duguxie's swordsmanship is really too spicy.

And the sword aura that permeated him had already shaken the surrounding bamboo leaves to the ground.

Suddenly the Duguxie looked up to the sky and roared, with a bronze sword in his hand, suddenly from top to bottom, like a dragon soaring into the sky, with one move, it pierced Tang Xiaolong's body.

Tang Xiaolong twisted his body, and the field military head he was holding in his right hand was suddenly thrown into the air, then he turned quickly, and his left hand continued accurately...

Suddenly his body moved forward, and a vicious knife also pierced towards the body of Duguxie.

There was a boom.

The bronze sword collided with the field saber...Sputtering sparks scattered everywhere.

At this moment, the bronze sword in Duguxie's hand suddenly stabs forward, and because the field saber in Tang Xiaolong's hand is too short... it can't stop it at all.

Chapter 528: Who is strong? Who is weak?

Hiss...

But seeing that the long sword in Duguxie's hand pierced straight towards Tang Xiaolong's face.

This trick is too fast and too poisonous.

The brothers standing next to him and Li Tian didn't react at all, and Tang Xiaolong was completely stunned. Facing this fading sword, he didn't even have a chance to dodge.

At this moment, his pupils dilated and looked at the sword that pierced his brow.

He suddenly felt death... Tang Xiaolong who felt death for the first time... couldn't help but feel a little regretful... He slowly closed his eyes and waited for the last moment, and at this moment he also suddenly realized what is meant by heaven, human Someone outside.

It turns out that there are such strong men in the world!

"Little Dragon..."

Li Tian was shocked and rushed forward desperately.

A Qiu next to him also rushed up at the fastest speed.

Can they save Tang Xiaolong in the most timely time?

Seeing that Duguxie's sword had reached the front of Tang Xiaolong's face door, it was about to pierce his head, but it was at this critical moment.

He finally broke out the last move of Rashomon's nine styles.

"Heaven, earth, change!"

When Li Tian's last move of Rashomon was used, the whole world was just like the mantra in the last formula of his Rashomon nine styles, and it changed.

The black and crushing breath carried the power of destruction with the thunder, and the enormous power of the aura suddenly all rushed towards Duguxie...

Duguxie's originally indifferent face, as soon as he saw the change of heaven and earth, Sen Han's eyes suddenly burst into light, facing the black air current rushing towards his face like a tornado, he suddenly held a bronze sword in his hand. Don't want that Tang Xiaolong's life anymore...but quickly retracted, holding the sword in both hands at the same time, shouting a word in his mouth.

"broken!"

A word came out from Duguxie's dull voice.

His people stood there like wooden stakes, holding swords in both hands, facing the black air current that Li Tian had attacked, while the bronze sword in his hand pointed at the center of the air current, facing up.

The sky has changed... it seems to have become black, and the entire black air current sweeps the ground in front of him like a violent tyrant.

Huhuhu!

Flying sand and rocks on the ground rushed towards that Duguxie.

In the black air current, Li Tian and the shadow of Duguxie are no longer visible at all, the only thing that can be seen is the dust that has been rolled up and flying, and the noise of the bamboo forest.

The old monster Ge next to him was completely stunned at this moment... I wanted to open my eyes to see clearly, what kind of moves Li Tian used... But he was stabbed by the raging black air around him and couldn't open his eyes. The huge air current shook so much that it couldn't help but retreat.

The same is true for Chen Qiaozhi, a little unsteady... back again and again.

It may only be clear that the Aqiu who was wearing sunglasses was cut off, and it is estimated that none of them saw this "change of heaven and earth".

The black air current passed through the battlefield with a brutal sense of destruction...

The hurricane slowly ceased, and the black air current plunged into **** like a demon. Then Chen Qiaozhi, Old Monster Ge, and Situ Ningbing next to him quickly opened their eyes and looked at the battlefield just now.

But seeing that on the battlefield... Tang Xiaolong was lying on the ground with a gray head and face... Dust covered his body, even his hair was covered with gray, and his body was covered with bamboo leaves, and then he slowly got up there... Embarrassed Unbearable, but he was not dead, he was still alive.

And Li Tian, who just wanted to save his brother, resorted to Rashomon in a hurry: the last of the nine forms, he was standing in front of Duguxie with his hands open and closed at this moment, with a cold face facing him. Duguxie in front.

Look at Duguxie again.

Both feet sank deeply into the ground, even a few inches deep! ! !

And his person was covered with dust all over, even his eyebrows and hair were covered with dust, but he still stood motionless.

Hold the sword in both hands like one.

Gosh! He didn't even move!

Facing the power of Li Tian's last move to destroy the world in the nine styles of Rashomon, this guy was unmoved.

At this moment, even Li Tian frowned deeply.

"What a handsome effort!"

Suddenly, five simple words slowly came out of Duguxie's dull voice.

Before Li Tian could react, the three-foot bronze sword in his hand suddenly pierced Li Tian's chest with Changhong Guanri.

Li Tian walked on his feet, changing his body skills quickly, avoiding this deadly sword.

As soon as he avoided the past, the long sword in Duguxie's hand swept over again, Li Tian's hands were empty, he didn't dare to resist and could only retreat.

"This...this...what is the origin of the weirdo? Why is it so powerful?"

Tang Xiaolong, who was standing back at the moment, looked at Duguxie with a horrified expression and said,

Both Chen Qiaozhi and Old Monster Ge were extremely ugly and didn't speak.

Ah Qiu is also eager to try, ready to go up and help.

But seeing Li Tian without weapons in his hand, he seemed a little passive...In addition to the bronze sword in Duguxie's hand, the swordsmanship was elegant and light, and Li Tian was obviously passive on the court.

Fortunately, he relied on his flexible steps to evade the deadly sword technique.

Suddenly Li Tian's anger came out of his mouth, his right palm gathered force, and all the vitality in his body emerged from his right palm.

Seeing Li Tian burst out of his palm, Duguxie raised his right hand without avoiding it, and even slapped Li Tian straight.

With a bang, the huge force generated by the collision directly lifted the surrounding rocks and dust up, and watching the two of them, Li Tian couldn't help but squeeze the three steps back.

And that Duguxie was exactly the same as Li Tian and couldn't help taking three steps back.

The scene was shocking.

Li Tian raised his eyes and looked at Duguxie in front of him... But seeing Duguxie was cold-eyed.

To be honest, Li Tian is a little shocked now.

He thought that the guy in front of him was just surpassing in swordsmanship, so he wanted to compete with him for physical strength, but he didn't expect that this person's physical strength was so powerful...

What kind of scary character is he? Why is it so powerful?

If Li Tian knew the true identity of the Duguxie he is facing now, he would surely understand why this person has such a powerful force...

The bronze sword was suddenly retracted into his hand, Du Guxie raised the expressionless face, and suddenly turned his head to look at Li Tian: "Let's go..."

"I don't want to kill anymore today!"

"But whoever dares to take a half step closer to the secret room, don't blame me for not keeping alive under the sword."

Suddenly a few cold words came out from Duguxie's mouth.

Chapter 529: Deadly sword

After that, Duguxie turned and walked forward, and then sat down quietly where he had been sitting.

"What does he mean?"

"He just said he didn't want to kill anymore today?"

Of course, Li Tian knew what Duguxie meant.

The meaning is nothing more than letting Li Tian and his brothers go... As long as Li Tian and the others don't step into the secret room, Duguxie will not kill, but if they dare to step into the secret room for half a step, Duguxie will definitely Will start to kill.

If the brothers had heard his words before, they would have been very angry and had to teach him severely, but at this moment, they were silent one by one.

Because everyone knows that this guy with a sword in his hand is definitely not a joke, he definitely has such a force to say such awesome things.

Is it true that the brothers just returned like this?

Is it really impossible to steal the Xuanyuan sword of the Yuwen family?

Li Tian listened to that Duguxie finished this sentence, he slowly raised his eyes and stared at Duguxie: "Your strength, my brother is indeed inferior...and it is indeed not your opponent, but today even I am. Death, I also want to enter the secret room."

Listening to Duguxie Li Tian said so, coldly raised his eyes and stared at him.

"Do you want to die?" Duguxie said coldly suddenly.

Li Tian smiled bitterly at the corner of his mouth.

What can he do now? After being poisoned by the Sanshengmen, he can only exchange for his antidote with the Xuanyuan sword of the Yuwen family... If he can't get himself, he will die. Instead of being poisoned by the Duanmu family, he should die in the hands of an indifferent swordsman. in.

So after Li Tian smiled bitterly, he made a bold decision.

"Yes, I will break into the secret room today."

"Good! Since you want to die, I will fulfill you."

After the indifferent words were uttered from Duguxie's mouth, the bronze sword in his hand suddenly rushed towards Li Tian with a fatal move.

Li Tian also had the idea of fighting at this moment, and his palms suddenly met...to match the steps under his feet.

The Bagua palm technique is in harmony with the hands.

The body jumped forward and attacked.

The sword edge of Duguxie pierced Li Tian's waist and spine, and Li Tian's life was almost killed... but Li Tian still dodged over, and the Bagua palm of his right hand exploded to catch that Dugu Evil arm.

Duguxie's left hand shrank, Li Tian grabbed the air, and then kicked with flying legs, kicking towards Duguxie with a quick and deadly chain of legs.

Duguxie didn't expect this kid to be a desperate play style. This series of ferocious attacks forced him to be unable to use the sword...

With a roar, his body moved back.

Li Tian continued his fierce assault after Duguxie was forced to retreat through several moves.

Duguxie looked at Li Tian's very weird moves, and couldn't help being slightly astonished. Why didn't he see this move? And it's like the old martial arts moves... so he is blindly avoiding now, carefully studying the changes of Li Tian's moves.

But seeing the Bagua palm technique that Li Tian learned from the heavenly book pill scroll, it is elegant and spiritual, and the attack is prolonged and decisive, and there is offense and defense.

This series of attacks seemed seamless.

The brothers next to him were worried for Li Tian, but looking at it at this moment, they were quite relieved.

Situ Ningbing on one side also looked at her lover affectionately... He really grew up!

He is really strong enough! She thought with satisfaction.

Li Tian, who had been attacking dozens of moves, finally forced that Duguxie into the corner.

But seeing Duguxie grunt dully, like a silent tiger yelling, could it be that he was really angry?

Suddenly a bright light slashed towards Li Tian's head like a rainbow piercing the sky, but this "rainbow" was mixed with endless murderous aura...

With a bitter sword, Li Tian, who had been active just now, immediately fell into a passive position.

He retreated quickly, avoiding the sword.

Brush!

The bronze sword in the hands of the three swords of Duguxie stabbed fatally towards Li Tian's whole body... Li Tian had no way to stop him, so he could only retreat, and at the same time, his right hand hurriedly changed into a grasping hand and attacked that Duguxie's right hand.

Li Tian tried to hide from the bronze sword in Duguxie's hand... There was no way, that Duguxie sword in his hand was too powerful. Li Tian had no chance of winning at all, so he could only use all his kung fu to avoid Duguxie at the moment. The bronze sword in evil hands.

With a quick grasp, he grabbed the Duguxie's arm with an incredible angle, and then he accumulated his strength to take the bronze sword in that Duguxie's hand.

But how could Duguxie give Li Tian such an opportunity, suddenly raising his right arm, and quickly backing his elbow.

Li Tian's speed was faster than Duguxie's. He lifted his left palm and cut the wrist of Duguxie... Seeing that the bronze sword in Duguxie's hand was about to be taken by Li Tian.

But what I didn't expect was that the bronze sword in Duguxie's hand was suddenly thrown into the air. Such a sharp change made Li Tian startled.

Even the brothers who looked around were stunned.

But seeing that Duguxie's right-handed sword was thrown out, his left hand was quickly picked up in his hand, and then the left-handed sword stabbed towards Li Tian at the same astonishing speed as the right hand.

This was completely out of Li Tian's expectation.

Who can imagine that this guy's left-hand sword is as sharp and as vicious as his right-hand sword.

With the fierce stabbing of this sword, Li Tian's body quickly twisted, and at the same time gave up the arm that was holding Duguxie's right hand...

Rao dodged like this quickly, but he was still cut through the front of his chest by that Duguxie's left-hand sword, isn't it? A long and narrow blood stain was drawn on Li Tian's chest.

But fortunately, Li Tian dodged in time, otherwise the sword would not let Li Tian break his stomach and die on the spot!

"Li Tian..."

Looking at his lover, his chest was pierced by the pungent sword of Duguxie, Situ Ningbing ran towards Li Tian with eyes full of concern. When he was about to run to Li Tian's side, Li Tian stopped him there.

He slowly turned his head, looked at Situ Ningbing, and showed a comforting smile at her.

Situ Ningbing's delicate body trembled slightly... the footsteps stopped there.

She knew in her heart what Li Tian was going to do...but she couldn't stop it.

But seeing that the clothes on Li Tian's chest were torn at this moment, exposing his bronze chest, the long and narrow bloodstain was dazzling and hideous.

The Duguxie in front of him was holding the bronze sword in his left hand steadily... Suddenly a fierce light flashed in his eyes, and then his body style was like an electric shot, and he struck Li Tian again at an incredible speed.

The bronze sword in his hand suddenly drew a beautiful rainbow in the half-sky, and the sharp sword aura made the surrounding bamboo forests rustle...

This is a deadly sword.

Chapter 530: Strange thing!

The power of this sword is more exquisite and vicious than all the sword techniques used by Duguxie before.

When the almost surpassing sword was stab at Li Tian, Li Tian suddenly felt that he should fight.

He lifted up all the strength of his body, as well as the horrible suction of the "blood-sucking spar" in his dantian, and attacked the Duguxie with a crash.

There was a boom.

Flying sand and rocks around, shocked the audience.

But seeing Li Tian hit the air with the full strength of his body, he was dodged by that Duguxie.

At the same time, the bronze sword in Duguxie's left hand was a late attack, and suddenly a poisonous snake came out of the hole and stabbed lifelessly towards Li Tian's throat...

"Li Tian..."

"Little boss..."

Suddenly the surrounding Situ Ningbing and Tang Xiaolong were shocked there.

Because the sword of Duguxie was too weird, too fast and too poisonous.

With such a deadly sword, it was clear that he wanted to take the life of Li Tian... Jianfeng pointed at Li Tian's throat, and a sword flew out fiercely.

Without any hesitation, without any feelings, Duguxie took Li Tian's life with a cold face.

Li Tian stared at the sword that pierced into his throat... He knew that he could not dodge it. Even if the ancestor of Bodhidharma was reborn, it was estimated that it would be difficult to dodge this sword.

His sword pierced Li Tian's throat as viciously as his own.

Suddenly, there was a heart-wrenching pain in the hearts of the brothers...because no one of them could stop this terrifying sword.

Situ Ningbing over there felt that her heart seemed to be broken...at that moment she seemed to feel that she was about to collapse.

The bronze sword carried the invisible sword energy to Li Tian's throat...

3 cm!

2 cm!

One centimeter left...

But at the moment when the brothers all thought that Li Tian would be stabbed to death by the sword of Duguxie, a comedic scene happened.

But seeing that the bronze sword in Duguxie's hand reached Li Tian's throat at the tip of the sword, he paused...

His sword has touched the skin of Li Tian's throat... As long as a little further forward... Then Li Tian will undoubtedly be penetrated by the bronze sword in his hand...

Li Tian also felt the suffocation that he had never felt before.

But at the moment when the tip of the sword hit Li Tian's throat, his hand stopped and the sword stopped.

He didn't stab, didn't kill Li Tian, but was stunned there.

The brothers next to him and Situ Ningbing were also completely stunned, staring at the scene in front of them in surprise.

No one knows what happened to Duguxie? No one has discovered why this sword master suddenly stopped the sharp sword in his hand...

Why on earth is this?

But seeing Duguxie, who had never had any expression, at this moment, his face suddenly showed a sense of astonishment... I couldn't believe it.

Those extremely cold eyes stared at Li Tian's neck at this moment...

What is he looking at?

Look carefully at Li Tian's neck, but see that there is a thin red rope tied to Li Tian's neck... Below the red rope is a crystal jade pendant that is broken in half. The jade pendant is transparent in color, but only half is left. , Like incomplete beautiful jade.

Why would Duguxie stare at the half of the jade pendant on Li Tian's neck? And the expression will be so weird...

No one knows at the moment.

The only thing everyone knew was that the bronze sword in Duguxie's hand stopped at Li Tian's neck... he didn't kill Li Tian.

Everyone knew that the jade pendant was Li Tian's only relatives, and the only thing that Li Tian could remember his parents for so many years.

From the time he started to remember, he grew up in the small place where birds do not **** in Liaocheng, and in the orphanage.

He doesn't know who his parents are? I don't even know what my parents look like...

All he knows is the only thing his parents left him: the half of crystal jade pendant he has been wearing on his neck.

Could it be said that this Duguxie who seems to have reached a state of ecstasy with the sword has something to do with Li Tian's parents? The follow-up will naturally be announced.

At this moment, in the horrified scene, no one dared to speak, and no one dared to speak.

Because Duguxie's sword was still on Li Tian's neck, as long as his hand was sent forward a little bit, Li Tian would immediately die.

So the brothers at this moment and Situ Ningbing watched this scene with their eyes wide open.

But seeing Duguxie's extremely distorted and shocking face, slowly, slowly became calm...

Then his hand holding the bronze sword slowly dropped.

He actually put the sword down! ! !

Maybe even Li Tian himself was stunned...Why didn't he kill himself? Just now Li Tian clearly felt the terrifying killing intent carried by his sword!

Looking at the Duguxie in front of him, Li Tian froze there speechlessly, staring at the weird man in disbelief.

"Who...who are you?" Suddenly a cold word came out of Du Guxie's mouth.

His bronze face was trembling slightly, as if it was due to excessive excitement, looking at Li Tian unblinkingly.

Li Tian couldn't help being shocked, and he secretly said: Why would he stop killing himself? Why did you suddenly ask yourself?

"What...what's your name?" Du Guxie suddenly added another sentence.

This time, Li Tian understood what this weird man meant. After thinking about it, Li Tian slowly raised his head and looked at Duguxie and said, "My name is Li and my name is Tian."

"Li Tian...Li Tian! Are you really surnamed Li?" Suddenly Duguxie's expression became more and more excited.

As if seeing a treasure with an ordinary person.

Li Tian looked at the strange expression of Duguxie, secretly horrified: What happened to him? Is there anything wrong with his surname Li?

The surname Li is a major domestic surname. There are more people surnamed Li. Is it so strange?

Thinking of this, Li Tian said truthfully: "My last name is Li."

When he heard Li Tian confess his surname Li again, Du Guxie suddenly raised his head and sighed...No one knew why he sighed, and no one knew why he became so weird.

But anyone can see a sense of joy that has never been before from his expression at the moment, as well as in his eyes.

It is a pleasant and exciting feeling.

"Big brother...could it be that all of this is God's will, is it already arranged in the dark?" Duguxie looked up at the sky, and suddenly muttered to himself.

What does he mean?

Li Tian standing in front of him couldn't understand at all.

The brothers beside him and Situ Ningbing were even more puzzled. No one knew that this "weird" would suddenly undergo such a weird change.

Thank you brothers for your support, thank you for your monthly pass, and hope that brothers can participate in the plot discussion of the killer, who can guess the true identity of Duguxie, and the development of the following things can actively speak in the book review area...
