

A Killer 5281

Chapter 5281: accept the challenge

"Are you sure you don't regret it? If you really lose to me then, don't find any reason."

"Since I can survive, of course I have learned a lot in this battle. It is not so easy for you to defeat me." Li Tian waved his hand, and then set his eyes on the girl receiving him.

"Very well, since you agreed, it doesn't matter. I will find you on time tomorrow. Remember my name is Gongzutu. Tomorrow is your death date." He sneered and glanced at Catherine with a soft tone. A lot: "Captain Catherine, you can see, I didn't intend to hurt this young man, but since he has agreed to my challenge, I obviously can't retreat."

At this time, many people in the guild looked at them, and also did not expect that Li Tian would agree to such a thing at this time, but most of the expressions on these people's faces were exactly the same, with a somewhat unbelievable appearance.

They did not dare to imagine that Li Tian would actually agree to such a request, and it seemed that such a decision was just a small decision for him, and there was no intention to think seriously. At this time, they had to start to observe seriously. Is the young man in front of him really as ordinary and weak as he looks?

They are also looking forward to tomorrow's war with the massacre.

Although the guy Gongzutu is a complex surname, he has no background in the gods. He usually uses some tricks to cheat some resources from the young immortals, and then uses this to enhance his strength.

In such a vicious circle, his shameless reputation in Luoyang City spread slowly. Many people knew his methods, but no one really encountered those young people who were deceived. Willing to stand up, because although the means of public loss and massacre are despicable and the people are very nasty, but the strength is not enough, the resources that this guy has obtained through deception these years are not a small amount.

With his current strength, it is very likely that he has reached the level of five-star ***** cultivation or even higher. Such strength is also a very powerful existence among these immortals, or among these bounty. Up.

Therefore, when she learned that this guy was going to take action against Li Tian, Catherine's first thought was to stop this duel anyway.

This guy is already an old fritters. From the time she has been with Li Tian, it is certain that although the strength of the kid in front of him is very strong, he is completely adorable.

Although such a guy possesses the realm of spiritual cultivation, there is no way to display his realm perfectly. Don't look at the public loser in front of him. It doesn't look like a powerful character, but if he really fights, Li Tian will definitely not Will be the opponent of this guy.

She asked in a low voice: "Are you crazy? How can you agree to other people's duel requests casually at this critical time? If you fail, do you know what the consequences will be?"

Li Tian smiled: "Of course I know that I pay more attention to the qualifications of this trial than any of you, so I will never lose to anyone before this, and I must not waste the resources in my hands too much."

"Then why do you still agree to the requirements of the public losers?" Seeing the public losers and tutors turned and left with a satisfied face, now Catherine is completely incomprehensible. What is this guy thinking about? If you lose to the public loser, you may later hand over your qualifications to the public loser. You need to know the players nominated by the city lord.

Even if their strength is not the most outstanding, their talent is not the most outstanding, but they can also become a very important existence in the eyes of these sects.

At this time, the best thing to do is to avoid fighting with them, but Li Tian has no such idea at all.

"If I don't agree to this guy's request, more people will put their hostile eyes on me. Since the public losers will challenge me with such courage, it means that he is very confident in his own strength. If I can easily defeat the guy in front of me, then I believe no one will want to fight against me." Li Tian's eyes showed a vicious look, I believe that as long as I can show my strength, these People should have no idea of challenging themselves.

The best geniuses of those participating in the trials are at the realm of spiritual cultivation, but in Li Tian's current thinking, it is not so easy to defeat him in the realm of spiritual cultivation.

Catherine looked at his vows and smiled bitterly: "Are you really sure? Although I haven't fought against the public losers, I don't know the tricks of this guy, but I still know that this guy's strength may There are some differences from what we imagined. Are you really sure that you can beat this guy? If you are not sure, you should not make such a decision at this time."

"Don't worry, I have my own plan." How could Li Tian be anxious, but he has some spells in his hands. This time he can use these spells to see if his tactics can be perfect. It was revealed that his realm was already here, and the only thing missing now was a good opportunity to fully reveal his realm.

With the help of spells, this situation may change dramatically.

"I hope it is like this. If you fail in this duel, then your opportunity may be lost in this way. This is an opportunity we have won with our own lives. I hope you never waste it. A good opportunity." Catherine looked at Li Tian, and then said in a serious tone: "I know your talent, and I also know that if you can become a personal disciple, you will have a better future."

Li Tian laughed mockingly: "There are countless masters in Luoyang City, and there are also many young geniuses. How can I become a direct disciple."

"Don't think at this moment that you don't have this ability. In my opinion, you are better than many people. You can always display your keen sense of smell in battle. This is not always The ability that anyone can have, my instinct tells me that you will have a very good future in the future." Catherine said with a smile.

Chapter 5282: Little Rich Man

"Come on, although we don't really understand Li Tian's strength now, from the decisions this kid made on the road, we can see that he is a very cautious guy. Maybe he is in this trial. I really have

my own ideas." Mengsk looked at Li Tian with completely different eyes at this time, and had a feeling of contempt for this kid from the very beginning.

But now, Mengsk has completely changed his previous mentality.

If Li Tian was just a minor role in front of him before, then his weight is no longer as insignificant as before. If it were not for Li Tian's advice on this road, they would not be like this. The results.

Xing Jun also rarely said: "Trust him."

Seeing that these two people are very rare to support Li Tian's decision, Catherine also sighed: "Well, I don't know what your strength is, but since you have made such a decision. , Then I respect your decision and hope you can take it seriously in this duel, and don't lose this opportunity. We still hurry up and take us."

Li Tian and the others didn't continue to talk about this matter, and then began to explain the mission to the girl in front of them.

"I didn't expect you to be a survivor from those people. I didn't see it before, but this is also our rule here. Without the profound stone, we would not be able to determine your identity. Naturally, You can't just hand over your tasks casually."

Li Tian handed over all their profound stones, and said lightly: "Hurry up, we still have very important things to do."

"Okay, wait a minute for a few."

Li Tian watched that she had already started work, and sat down on the side and looked at Catherine; "Is it really that good to say to you? Is it because this guy is talking nonsense, spreading rumors or something."

"Believe me, there is absolutely no such weak existence that can survive in the chaotic circle of Luoyang City, and the strength of public defeats is definitely not to be underestimated in our opinion."

After about a few minutes, an old man who looked very old came to them and looked at the people in front of them with a smile: "I didn't expect that I would be able to see the survivors of that mission, and Seeing that you are in a good state now, we were still worried about whether there will be any accidents again after you return to Luoyang City."

"Obviously a few of us seem to be lucky. In that battle, we were lucky enough to survive, and there was no curse left on us, so for us we were able to persevere." Li Tian looked at the old man in front of him with a smile, and said with a grin; "But the purpose of your coming to us is."

"A lot of gold coins in our guild are not enough now. You also know that because many tasks have not been able to be done in the recent period, so the internal funds of the guild cannot be circulated, so I want to discuss with you and give you some Tianbi, and then use other things to replace them?" The old man said politely, and his attitude completely prevented Li Tian and the others from turning their faces. ,

If you reach out your hand without hitting the smiley person, people will talk to you with a smile like this, so it's natural for you to turn your face.

Li Tian looked at him: "This is understandable, but my situation is a bit special now, because I have to prepare for the trials later. I need a lot of Tianbi now. I don't know how much you can give me."

"At present, each of you can only get eight thousand days coins, and then you can choose something worth about two thousand days coins in our inventory. If you are willing to buy these treasures with your own remuneration, we I can even give you a little discount." The old man smiled and said, the current situation of the main city guild is very embarrassing. After the cancellation of the mission of the Broken Cloud Mountain Range, there was a problem with their capital chain. ,

Li Tian thought for a while, this situation seemed to be good, so he nodded and agreed: "Well, then, just do as you said. I will choose the treasure of about two thousand days coins, and you will settle the eight for me. Thousand days coins."

"Okay." The old man nodded, then looked at Catherine and the others.

Seeing that Li Tiandu had already agreed, the others also nodded at this moment: "We don't particularly need so many Tiancoins. If this is the case, let's pick some good things from you."

"Indeed, I also need some treasures now." Xing Jun nodded and said.

Seeing that the four of them did not mean to refuse, the old man took out four black cards and sent them to them: "This is a special gold card made by our guild. It can be used in the entire God Realm. You rely on this The gold card can get your Tian Coins in any guild, and you can also use the Tian Coins to make purchases. We will record all the data based on the energy fluctuations above."

Li Tian held the golden card in his hand, feeling the warmth in his hand, and he didn't show a smile: "This thing looks like a magical weapon."

The old man smiled and said nothing.

Later, he returned all the profound stones of each of them: "If this is the case, a few of you will go to the warehouse with us to see what exactly you want, although our union is not very big, But the good stuff in the warehouse is definitely not much less than other places, and it will definitely make you feel very satisfied."

Li Tian smiled and nodded, then stood up: "I will face a big battle right afterwards, and I must prepare some good things to cope with the next game."

"Let's go, let's go over and take a look." Catherine also stood up and said with a smile.

The old man walked in front, leading Li Tian and others to the inside of the guild soon.

You can see a lot of guards wearing blue uniforms here, and they are also talking about Li Tian. The news that these people appeared here has already been thoroughly spread here, and now I don't know how many people. They are all paying attention to the four of them. After all, they can survive such a difficult task. Obviously, many people are still curious about their strength.

With such a high mortality rate, how did they really survive?

Chapter 5283: Ancient scroll and storage ring

After walking through a long and narrow corridor, an end appeared in front of Li Tian.

Above are two huge ancient snakes that are connected end to end, but these two ancient snakes do not have eyes. In their snake pupils are two things that look like keys. When the old man threw a stone on it, He slowly opened the huge mysterious mechanism door in front of him.

There was an ancient breath spewing out from it, and you could even feel a lot of mysterious powers calling to yourself.

"I don't know how many old antiques exist in it. These are the things that the guild left behind. Many people don't know what kind of treasures some of the things inside are. Basically, the ones on the first floor are around two thousand. You can pick any of the treasures you want. In addition, the things in those corners are also some of the waste we cleaned out. If you have small things you like, you can also take them away." The old man pointed to the corner where a pile of garbage was piled up. Said with a smile.

Obviously, even in the warehouse of this huge treasure, there are still some garbage that is very useless in their eyes, such as the inconspicuous pile of garbage.

I don't know how much dust has been piled up on it, so it doesn't look like a good thing.

Li Tian glanced at it and didn't pause his gaze much.

With such a huge treasure in front of him, why should he pay his attention to the rubbish?

But just when he didn't agree with him, there was a strange shock in his chest.

Li Tian deliberately pretended as if he had nothing to do with him, but he could fully feel the induction in his body. There seemed to be a power calling him, slowly walking towards the garbage dump.

Li Tian knew that the shaking from his chest was nothing but the stone that the remnant soul of the ancient ***** threw to him.

There was a reaction here, could it be said that there are really any treasures sealed up here? But if it is really a treasure, it should also be placed on these display cabinets instead of piled up in the place that looks like garbage.

Li Tian pretended to be curious and came to this pile of rubbish.

It seems to be like choosing any small objects at will.

"Although the things here are all rubbish, they have a long history. Part of it is just that we don't know what their functions are. It would be a waste of time to stay here, so we cleaned them out and prepared to sell them." The old man followed Li Tian, and Catherine and the others went to the showcase as soon as they came in. Only Li Tian ran here alone.

He was curious about what the young man wanted.

He had already investigated Li Tian's identity long ago. This kid is said to have just arrived in Luoyang City. He had just taken a mission to hunt and kill Cloud Beasts a few days ago, but he came back with a lot of them. Cloud Beast, so they made a fortune, and this time they survived such a mission with a high mortality rate. Many people understand that this kid may be caused by them. Many people don't know. The mysterious power.

Otherwise, what kind of strength does he rely on to survive such a terrible situation?

When he saw that Li Tian was curious about the garbage, he also wanted to know what Li Tian was curious about.

As a result, this guy just looked for a long time in this pile of rubbish, look at this, look at that, he seemed to like each one very much, but in the end he didn't really choose some of them: "These ***** seems to be very If it's valuable, can I take away more? Anyway, you all have to throw away the rubbish."

"What are you doing with so much garbage?"

"Although in the eyes of your guild people, these ***** have no meaning. Their existence is completely occupying a place for you, but for many people outside, they are not like this. Although these treasures do not know that they are What's the effect, but their history and the energy contained in them are definitely impossible to deceive. If I can sell these things, I can also make a small profit."

Looking at Li Tian, the old man became more and more curious about the kid in front of him.

What does he want, what does he want to find out of this rubbish.

Do you really just want to find this garbage and sell it? It seems unlikely that this is the case. Even if these garbage is sold for money, what good price can be sold, for those merchants, it is estimated that they will not be collected.

Seeing Li Tian wasting a lot of time here, Catherine came over and asked curiously, "What are you planning to do?"

"I see that there is so much ***** here. If I can take these things away, I can make a lot of money. You know I am short of money. I want to find my friends. Release the task, but now obviously I don't have enough funds. Even one or two days coins is very valuable in my opinion." Li Tian looked at Catherine seriously and said.

Catherine smiled and responded to the curious old man: "If the old man feels that these things are really not very valuable, you might as well give them directly to him. Anyway, he is also very stingy when performing tasks. "

Perhaps because of the conversation between these two people, the old man in front of him was less suspicious and nodded: "Well, for your sincerity, I will give you some of these things. You can choose whatever you want, but you have to take it out by yourself. We won't find someone to help you take these things away."

Li Tian nodded happily, almost holding the old man's hand to thank him.

At this time, the old man almost slowly lost interest in the young man in front of him. It is estimated that those guys are all joking. Maybe this stingy kid is lucky, so he can get to this point.

As for the others, there seems to be nothing different from others.

So, he left Li Tian hesitatingly searching here, and left alone.

And Catherine lowered her head at this time and asked in a low voice: "After all, what do you want to find out of this trash, don't you really want to take the trash and sell it?"

"With my eloquence, do you think these things are really worthless in my hands?" Li Tian asked with a smile.

"Maybe, it might really be a good price..."

Chapter 5284: Ancient scroll

Li Tian smiled, and then stretched out his hand to search for the garbage.

Of course, during this process, he will select some of the good things in the trash, and it seems that it really seems to choose some more powerful small objects from the trash and prepare to sell it.

And Catherine is not interested in wasting time here. The entire warehouse is a huge treasure. Although the things here are worth about two thousand days, their functions are enough to surprise the people in front of them.

They can't even imagine that there will be such a good thing in this world.

As for Li Tian, he was happy to stay here alone.

The ruins of the ancient gods are already very rare in the God Realm. I was lucky enough to go in last time, but I didn't find any good things in it afterwards. This also had a lot to do with its strength.

The creatures in the ruins of the ancient gods are really too strong, and a Li Tian in the realm of **** cultivation can't exert all his power inside.

In this way, the stone given to him by the Remnant Soul of the Ancient God must also have its own ability, but Li Tian still doesn't know what this function is.

But today, he seemed to feel something different.

Through this stone, he felt an emotion.

An emotion that has been in the dust for a long time and does not belong to human beings.

He can feel that the thing that can cause the rock to vibrate must be under this pile of rubbish, but he doesn't know exactly what it is, and now he is looking forward to what kind of good things he can find from this pile of rubbish.

He writhed in it for a long time, and suddenly felt that one of his hands seemed to touch something strange.

It was something that felt like marble, but after taking it out, it was found to be something that looked like an ancient scroll. The material of this ancient scroll is similar to marble, but it is also very soft. Ancient scrolls.

When Li Tian slowly opened the ancient scroll in front of him, he found that there was no text on it.

'What is this thing, since it can make the stone in my hand start to sense, it has a huge connection with the ruins of the ancient gods, and even with the ancient gods. If I can find out what is in this connection, maybe I can find it. Is the secret of this ancient scroll? He looked at the ancient scroll with no words in front of him, and it looked like a wordless heavenly book, and he couldn't think about it the same as what he wanted.

Such a seemingly useless ancient scroll, even if you get it, it is estimated that it will be thrown away like garbage before long.

Putting away this ancient scroll and putting away the garbage that looked good, Li Tian sighed: "Well, since fate has made me choose this way, I have no other choice now."

When the old man saw Li Tian holding the garbage in his hands, he didn't think too much, but said indifferently: "You can choose something here now. If you want some functional items, you can tell me."

"Is there something that can help me store many, many items in a small space. What I need most now is a storage item that can hold everything." Li Tian thought about it, and he will soon Buy a lot of spells, now what you need is to do everything possible to put these spells away, you can't fight with a bunch of spells on your back.

In this way, there is no need to start the battle, and his tactics are completely seen by the enemy.

Catherine, who was selecting from the side, listened and took some things to Li Tian's face: "Look, this is a very powerful psionic crystal. You can use this thing when you are practicing to absorb the surrounding energy crazy. , Let your cultivation do more with half the effort. Such things are only useful to us. What effect can you choose to store items?"

"Don't worry about this, I naturally have my own ideas."

After listening, the old man shook his head, and now he doesn't know what to say about this kid.

In the God Realm, things like storage rings are very common. They usually come to the guild's warehouse and choose these treasures to help them cultivate, or to improve their combat effectiveness in a short period of time. .

Only Li Tian chose this kind of useless item.

"You put it this way, it seems that we really have something suitable for you to use here. It is a storage ring, but it has an area of nearly 100 square meters. You can put a lot of things in it without worrying about it. The space is full, and of course there are some living things that can't be put inside." The old man thought for a while and said, looking at Li Tian in front of him.

Li Tian nodded immediately, and grinned seriously: "Great, what I need now is such a thing."

The old man dumbly patted Li Tian on the shoulder, and said: "You are definitely the strangest one of the young people I have seen for so many years. The request is so strange that I don't know what to say about you."

"Haha, maybe I have different ideas from others."

"Indeed, your thoughts are a little strange to many people. The things they buy here are all combat items. Only you, a fellow, choose such small items, because storage rings are counted outside the world. There is nothing very rare. Even if the storage space is large, the price is not enough for about two thousand days. Are you sure you want this thing?"

"Of course, what I need most now is such a thing, even if it is a loss-making transaction, it doesn't matter to me." Of course, Li Tian can't give up. With a storage ring in his hand, he can perfectly All of his strength has been exerted. If you know that you have those spells on your body, you will be able to exert a more perfect combat effectiveness in battle.

The trials are coming soon, everyone is thinking of improving themselves, everyone is thinking of winning, and Li Tian is no exception.

While talking, the old man turned around and started looking for where the storage ring was.

Catherine shook her head and sighed: "You guy really doesn't know what you're thinking. You even choose things that are different from others."

"Haha, you might say that now, but you will soon know that I chose this way for no reason. I want to join the Tianluo Sect more urgently than anyone, and I am willing to pay all costs for this." Li Tian looked at the old man's back and replied unswervingly.

Chapter 5285: ready

Seeing Li Tian's serious appearance, Catherine didn't know what this guy was thinking.

Even if he has a big plan in his heart, he should find some more powerful treasures here. On the contrary, he has found some things that do not seem to help him at all in the next game, such as storage rings. It's not a rare thing in the entire God Realm. You can buy some at will, but the area of hundreds of square meters, as the old man said, is indeed much rarer.

On the other side, Mengsk and Xing Jun have also selected their things.

Mengsk chose some precious materials from the beasts, which could be used to refine the pill to increase his strength in a short period of time, while Xing Jun chose a dagger. The whole body was red, which looked ordinary, but It also exudes a very strange light, obviously it is absolutely impossible to be a simple object.

As for Catherine, she also chose some materials to refine the pill.

Although there are ten people in the entire Luoyang City that are said to be the most likely new rising stars to become direct disciples, among these ten people, their strength is obviously far from enough.

Therefore, in order to ensure that they can become a direct disciple, almost everyone has racked their brains and tried every means to improve their own strength. They know that this is a single-plank bridge, and only one person can become a winner and obtain resources across the river. Those of you may have fallen directly into the unrestored place, or they may be devastated and do nothing.

Everyone is working hard to prepare everything, planning to become a direct disciple.

Only Li Tian, what this guy did doesn't seem to be working hard to become a personal disciple, but it seems to be acting nonsense.

After searching for about a few minutes, the old man came to Li Tian with a very delicate box: "This is a storage ring we collected a long time ago. It has a space of hundreds of square meters, except that it cannot be stored. Some living creatures have almost nothing on them that cannot be put into this. Since you sincerely want this, then give it to you."

"Thank you." Li Tian took the box in his hand and immediately opened the box.

Inside the exquisite box lies a silver ring. The carvings on it are very beautiful. It seems to be made by a powerful craftsman. The exquisite carvings make people sigh that the craftsmanship is so exquisite and every detail on it, The texture of every detail was carefully selected and determined after many explorations. If the old man had said before, Li Tian even suspected that this thing was an ornament.

"Old gentleman, don't you know if there are a lot of history-related books stored in Luoyang City? There are some things that I would like to know about." Li Tian thought about it. Regarding the

relics of the ancient gods, it was just a little When I was in town, I was mentioned that part of it. I knew it was a place that was difficult to encounter and was a great opportunity, but I didn't know other things at all.

Especially the secrets of ancient gods, why are those ancient immortals called ancient gods, just because they have existed for a long time?

It is unlikely that this is the reason, so he wants to find something more, so he can figure it out.

The old man looked at Li Tian with a smile, and said: "There are indeed places where ancient documents are stored in the God Realm, but there is no such thing here in Luoyang City. I advise you to dispel this idea, if you really want to If you look up some things, you can also think about going to those big sects. Some of their sects are very old and powerful, and the records inside are by far the most detailed."

"Thank you." Li Tian took out the ring from the box and put it on his hand. At that moment, he could feel a force establishing a very unique connection with him. He could feel that there was a huge ring in his hand. The space, and through his thoughts, he only needs to mobilize a little fairy power to activate the rune on the ring, and that space can be opened easily.

"It seems that you already know the specific way of using it, but there are still some things to tell you. Once these rings are recognized, unless you die, it is absolutely impossible for others to open this ring. You can hide your ring, or don't play around with your own assets, making others greedy, and they will only choose to kill you in the end." The old man looked at Li Tian and reminded him out of kindness. He felt that Li Tian in front of him was too young, and looked like a young man who didn't understand the world anyway.

In a place with strict rules like the God Realm, if you don't have the powerful strength of others, you can only become the weak being bullied by them.

Li Tian smiled and nodded, but he didn't agree with him. He will carefully survive in this world, but this time will not last long. He is very clear about what kind of enemy he will face next, and also very It is clear that if he wants to make himself free of regrets, he is destined to take a path that no one dares to imagine.

After leaving the warehouse, Li Tian quickly changed back to the old man's appearance.

Catherine, who was following him, said with a smile: "You don't have to be so careful anymore, do you need a disguise when you come out? No wonder you look like you today, it seems weird."

"There are certain things that I can't reveal my identity to do. In order to hide myself better, of course I need some means." Li Tian smiled, and didn't take what she said. It's not that I changed my face today, I'm afraid that the fat man is still unwilling to sell those charms to himself so cheaply. It is precisely because he changed his face to become a wealthy old man that their determination will be shaken.

These spells, even Li Tian, a rich old man with a huge amount of money, would not buy, let alone the bounty of Luoyang City.

They worked hard for several years, and they didn't necessarily get so much money.

The reason why Li Tian has earned so many Tian Coins in such a short period of time is entirely due to luck, and coupled with a kind of courage to live toward death, he can naturally earn so much money easily.

But they did not have such strength, nor did they have the luck of Li Tian.

Therefore, it is usually good to be able to earn hundreds of days of coins when performing a task once a month, and this also needs to be spent on various aspects, and there are very few remaining.

Chapter 5286: Buy charm

After separating from Catherine, Li Tian deliberately found some remote corners.

He wanted to make sure that no one was following him, and he didn't want others to know about the purchase of charms for the time being. As long as they didn't have any defenses in the battle, Li Tian could easily win the victory without knowing it.

After arriving at the small shop of Jubao Pavilion, the boy saw Li Tian and was in a daze.

"What's the matter, it's only been a while, don't you know me anymore?" Li Tian looked at the little boy, smiled, and asked in a teasing tone.

"Old gentleman, you are here this time..."

"Since I have promised your business, of course I will not violate my promise like this. I am here to buy those charms. In addition, I am planning to buy some orange and yellow charms from you, and Some red spells."

The boy nodded, daring not to delay Li Tian's affairs, and hurriedly went back to find the fat man to report the incident.

Li Tian sat down on the chair next to him, tilted Erlang's legs, and hummed a little song. He now has about 13,000 days coins on his body. Just leave a few hundred days coins on him to deal with it, except for three cyan. The price of the spell, the remaining thousands of gold coins will all be spent on these red, orange, and yellow spells. He knew very well that what he was about to face would be a very thrilling battle. At this critical juncture, he should never be underestimated.

"Old sir, I thought you were just talking about it, lie to me." After seeing Li Tian, the fat man was like seeing his relatives, and tears were about to flow out of his face.

Seeing this guy's wretched and excited expression, Li Tian hurriedly stood up and said solemnly; "I've always said the same thing as a person. Since I have promised your business, I will definitely not regret it, but It doesn't seem to make much sense to buy only three cyan charms. Since these three have already been bought, I will buy some red, orange and yellow charms among you. There will be no problem, right?"

"Of course, of course..." The fat man nodded and said excitedly.

Only then was Li Tian satisfied and began to look for the right spells in the counter. First of all, I must buy the imperial wind spell and the fireball spell. One of the two spells is a buff spell, the other is a destructive spell with high damage. , He would definitely not choose.

In his mind, what has always been believed is that offense is the best defense.

Among the orange spells, some unique spells appeared.

He chose two control types of spells: mental scream and petrification.

Among the yellow spells, the nine-day thunder-repelling tactic appeared. It is said to be an intermediate spell designed by a super powerful spell master long ago. It has the strongest destructive power among the spells of this level, and of course it is also the most powerful. A spell that is difficult to control. I didn't expect to see a lot of Nine Heavens Thunder Guards here. Li Tianbian bought some.

After this time, there were a lot of charms in his ring, and he also consumed a lot of money.

For the upcoming game, Li Tian does not need to fear anything at all.

After the Tianbi was delivered, he left the Jubao Pavilion without looking back and bought so many charms at once. He was very worried that this fat man would doubt that his actions were all to deceive them and make them think he was. He didn't mean to buy these spells at all, so he didn't dare to stay here and wait anymore. What if the fat man really thought so and refused to sell these spells to himself?

It's hard to find such a cheap thing, and now Li Tian must not easily let go of such a good opportunity.

After leaving the Jubao Pavilion, he lifted the disguise technique, and then returned to the City Lord's Mansion impatiently.

After closing his room, he began to slowly spread out the immortal power in his body, like invisible tentacles, shrouding all the surroundings under his control, no matter who was near here, he could easily detect it. .

'The ancient scroll you got doesn't seem to be a simple thing. It can make the remnant soul of the ancient **** give you strange vibrations. Compared with the two objects, there must be a common connection. The voice of Hong Huang Qinglong unexpectedly echoed in Li Tian's mind.

"I also know that the remnant souls of the ancient gods just disappeared after giving them to me before. They didn't tell me how the things should be used and what their functions were. They just let me explore it by myself. If I can explore If it succeeds, it won't change into the current situation." Li Tian sighed and confirmed that no one around him was inspecting himself, and then carefully took out the ancient scroll.

When the ancient scroll appeared in his hand, the stone did not respond.

'It seems that it's just a reminder that I have a baby here. When the baby is in my hands, this reminder will naturally not appear? 'Li Tian has a lot of thoughts in his mind, and he is very eager to determine what the old god's remnant soul is giving him. The transplantation of the past so many days has not produced any special effects, but today suddenly his fingertips There is such a completely different feeling.

He slowly opened the ancient scroll, and an ancient breath rushed over his face. Although this thing was thrown into the waste dump, he could feel a very ancient feeling on the ancient scroll anyway. .

It seems that this ancient scroll already has a longer history than the God Realm.

"This ancient scroll has a long history, I can feel it, but no matter how I think about it, I can't think of how to find the clue I want from this thing." Li Tian looked at the ancient scroll in front of him, his face. There was also a puzzled expression on him, he was helpless, he had no way to find any clues on this ancient scroll, it was completely like a waste product.

It's no wonder that even those people in the guild can only choose to throw this ancient scroll out. They must have found many people to appraise it, but in the end they couldn't find any clues on the ancient scroll, so they could only judge. This may only be a historical item from a long time ago, but the above is of no research or reference value for them and immortals, and throwing it away may be the best choice.

It can only be the space where they are standing, and it has no meaning at all.

Li Tian thought, and was even more curious. If he opened such a mysterious ancient scroll, wouldn't he get a good treasure?

Chapter 5287: challenge

Throughout the night, Li Tian tried every means to spy on the secrets in this ancient scroll.

Whether it was fire or water washing, he tried all of them, but the final effect was not at all. However, the material of this ancient scroll can be regarded as a little surprised for Li Tian, no matter what he uses. There is no way to destroy this ancient scroll by such means, and I don't know what the material of this ancient scroll is, there is no way to destroy it at all.

Until the next morning, Li Tian came out of his yard early.

He is waiting for the public losers to make trouble for him. Perhaps today is the time for many people to witness with their own eyes. Countless people are doubting Li Tian's strength, how such a young man in the realm of spiritual cultivation is doing such a cruel task. Survived.

At this time, Catherine also came early: "Are you ready?"

She is very worried about Li Tian's current state. Among so many people, she is almost the one who knows Li Tian's strength in front of him best. She knows exactly how this guy's strength is, and the battle against the public defeat. In the middle, if Li Tian couldn't find any flaws, he wanted to defeat the public defeat and the massacre was simply whimsical.

"Well, I didn't need to prepare anything, but now I feel like I should pay more attention to this challenge?"

"I hope you are really ready. Now that this matter has been fermented in one day yesterday, many people are now paying attention, and it is said that the public losers also specially found the city lord and borrowed their competition arena. Now you are. Many people are concerned about it. If you lose in this competition, you will naturally have no chance of qualifying for the trials that originally belonged to you." Catherine said, the means of defeating the villain can be imagined. , But what she didn't expect was that Lu Xiu would cooperate with him in this matter.

"So, many people will come to see my duel today?"

"It must be like this. They all want to see what your rumored guy's strength is, whether it is as powerful as they know." Catherine did not look particularly happy today, he is very. Knowing the strength of Li Tian in front of him, it should be difficult to deal with that guy in the face of public

loss and massacre. In addition, with so many people watching the game now, it will definitely put a lot of pressure on Li Tian.

"That would be the best. If I defeat this guy in front of so many people, then those guys who want to challenge me in the future will have to weigh whether the grade is enough or not. For me, it's not bad. Decided." Li Tian smiled, as if he didn't care about the situation before him. Looking at the smile on this guy's face, Catherine didn't know what to say.

"The Lord of the City asked you to go over. There should be something I want to tell you."

"This is also in my expectation. Such a thing happened. As the city lord, he must now stand up and preside over this duel. After all, so many people question my strength. As the person who recommended me at the time, he should I was under pressure, so I wanted to agree to this match, and let the guy who lost and slaughter fight me in their arena." Li Tian smiled, things are almost clear, Lu Xiu Now he just wants to throw himself out. Whether he can grasp this opportunity depends on his own level.

But at this point, Li Tian didn't know what to do.

He does have a lot of spells right now, but he doesn't want to reveal his strength before the game. If he lets others know that he has so many spells hidden on his body, he will definitely be on guard during the game.

'It seems that I have been forced to a desperate situation today. Whether I'm willing or unwilling, I have to use all my strength to deal with it. 'Li Tian sighed a little helplessly. Today's duel is also very important. In any case, he has to prove his strength to these people, so that he can really hold his head up in the next trials. Standing on the ring.

Although many people now say that they are the ten rookies in Luoyang City, there are still some doubts about Li Tian, one of the ten.

A guy who had never appeared in Luoyang City suddenly became the tenth rookie, which of course made them wonder.

And in the living room at this time, Lu Xiu pinched his chin and squinted his eyes: "Now that I think about it, the appearance of this kid is also a bit suspicious. When he suddenly appeared, he became the tenth rookie in Luoyang City , It's still the realm of spiritual cultivation, which is a bit surprising.

"The Lord of the City suspects that this kid is related to the strongest person who soared up from the lower realm some time ago?"

"I'm not sure about this. I still know the rules of Luoyang City. Those guards bully those with low strength. Therefore, everyone who comes here is basically in the realm of spiritual cultivation, but this kid walks this way. It feels a little weird, and it can even be said to be very anxious. He seems to have some great goals that he needs to complete in the shortest time. Otherwise, a god-cultivation realm, a fairy who has just arrived in Luoyang City, how could he go What about doing that kind of task?" Lu Xiu's eyes flashed with various lights. Over the years, he has seen many people. If they are really problematic, it is absolutely impossible to hide from him Go down.

"I think this possibility should be far from what we thought. What happened in the town before must have been known to them. If they still stay in Luoyang City now, they are undoubtedly seeking their own death. If the person is still alive, I think this guy may have gone to another main city now, but there should be no possibility of staying here."

"I hope so." When Lu Xiu finished speaking, Li Tian had slowly entered the courtyard from the outside, and walked over step by step.

There was a faint smile on his face, as if he was not surprised by the meeting today.

On his face, there was no tension, only the usual smile and deep eyes.

Soon, he stood in front of Lu Xiu, smiled, arched his hands, and said respectfully: "The Lord of the City came to me so early, what is the matter? If you guessed well, it should be because of me and the public defeat. The duel between Tu makes you feel very embarrassed, doesn't it?"

Chapter 5288: The city's attention

"Indeed, the duel between the two of you caught me off guard. Knowing that so many people outside are staring at you and preparing to challenge you, you dare to run outside in a big way and even promised someone else's challenge. This is really true. Call me a bit surprised." Lu Xiu looked helpless, as if he was so busy because of this matter, he looked at Li Tian and said: "Now the situation has become like this, I really want to know how confident you are. ."

"If I go all out, I will definitely not be my opponent. But now I definitely can't go all out and I need to save my own strength." Li Tian said with a helpless expression, while looking at Lu Xiu in front of him. I am even more worried. He is almost the wanted person in Luoyang City now. Although he is wanted in secret, once a slight flaw is revealed in her body, he may soon be stripped by Lu Xiu and found. My true identity.

At this time, Li Tian was actually a little nervous. Once Lu Xiu knew his identity, he would stop here in Luoyang City.

Today's duel is the spotlight of the whole city. Both ordinary people and those immortals will gather in the arena, witness the duel between the two with their own eyes, and then judge which of them is stronger.

Who is the real tenth rookie.

But Li Tian didn't dare to really explode his own power. The Red Wing Divine Costume and Feather Blade might be strange to the people of this God Realm. If they expose these methods, they might I clearly saw my identity. At that time, it caused Lu Xiu's suspicion. Can I still live? As far as current strength is concerned, once Lu Xiu wants to kill Li Tian, there is absolutely no way he can resist.

"I'm very happy that you have such confidence. It seems that I did not misunderstand you before, but this time your enemy is still very powerful. I hope you don't be too confident, so as not to let yourself in this time. If you lose in the battle, you still have to be careful." Lu Xiu nodded in satisfaction and stood up; "Today's duel, almost the entire Luoyang City will pay attention to all the details of your contest, and this is also about your future. , So I think you still don't keep your hands, go all out and let them see your strength."

"If he can make me go all out, that's the best." Li Tian smiled and said vaguely.

"I told you to go all out. You should know that in order to make you the tenth person of this rookie, in order to make you one of the candidates for the direct disciple of Tianluo Sect, the pressure I have to bear is enormous. I need to see your strength, and I need to see that you do have this ability, so that I can rest assured." He squinted at Li Tian, very serious, and said in a commanding tone: "Otherwise, if you are The strength of the trials is far beyond our imagination, so I am afraid they will be dissatisfied."

Li Tian didn't say anything on the surface, but he almost guessed something in his heart. This guy is probably beginning to doubt his identity. After all, a young man who just appeared in Luoyang City, then stood so quickly now. In this position, even if he is really eager for quick success, I am afraid that he will not have such good luck and courage.

As the city lord of Luoyang City, Lu Xiuneng naturally has its own special features, especially in terms of seeing people.

If they are really young people who need to improve, they will work very hard, but they will never put their lives at risk.

But Li Tian, this guy even paid his own life in order to make himself stronger. Such a person can no longer be described as eager for quick success and instant profit. It is simply desperate, and it is hard to imagine having the courage to do it. What kind of mentality does the person who made this decision have, what is his purpose, and what is his eagerness for success?

He wanted to know, so he asked Li Tian to use all his power.

In this way, Lu Xiu can judge the connection between the young man in front of him and the strongest in the lower realm some time ago.

"Since Lord City Lord requested this, of course I will do my best. It's just that my strength is a bit strange to those guys who have soared up before, maybe it will make you feel incredible." Li Tian shrugged, he knew he was hiding his strength. Lu Xiu's words may be seen by Lu Xiu, and it will only be more troublesome then. It's better to just let it go.

Since he had already decided to come up with a dangerous move for soldiers before, now this situation is not unimaginable.

"Very well, I really want to see if you really live up to my expectations. Soon your duel with the public losers will begin. In this duel you can fight as much as you want, even without Worried about whether or not you will kill your opponent, no matter what happens, we will try to deal with the subsequent results. You only need to think about solving your own problems."

"Thank you for your love. I will definitely go all out for today's duel. It is impossible to give such a good opportunity to others. I will let the public loser know that I am not standing here by my luck, but Relying on my strength and hard work to stand here step by step, I need to become stronger to find my lost companions in the God Realm, so I don't care about giving my life." Li Tian said while arching. He handed over, turned and left.

He deliberately said this to Lu Xiu, no matter what the situation is afterwards, it doesn't matter to Li Tian.

As for Lu Xiu, hearing Li Tian's answer, his face was more or less skeptical. He was wondering what Li Tian said, is it really just to find his own companion. , So not afraid of everything?

"Let's investigate right away. During this period of time, what exactly this young man has done must be detailed. Don't miss any details. This young man may be a bit weird. If I can't investigate him clearly, I will also I won't rest assured that this kid will enter the Sky Luozone." Lu Xiu's eyes flashed with a gleam. Once the strongest in the lower realm does not control it, he will probably reach an infinitely strong point in the **** realm.

This kind of result has appeared many years ago, and it absolutely cannot happen again now.

Chapter 5289: Upset

Li Tian returned to his room and changed into a black outfit. Then accompanied by Catherine and others, he began to move towards the martial arts field in Luoyang City.

In the center of Luoyang City, there is a dedicated martial arts field.

Most of the conditions here are closed, and anyone is not allowed to visit or use it. It will only be open to the public when encountering some important things, such as when the main gate comes to select disciples, or This place will be used only when some big players are dueling here.

And this time, it was the first time in so many years that this martial arts field was activated for two insignificant little roles.

It can also be imagined from this that Lu Xiu might want to know more than anyone, what Li Tian's strength is, whether this kid is the strongest in the lower realm before, and an unfamiliar name appears in his. In front of him, no matter how nervous the City Lord was, it was absolutely impossible not to doubt the identity of this young man.

Along the way, many people saw Li Tian, but they subconsciously let go of their positions and did not take the initiative to get up.

Li Tian smiled in the guild and promised the challenge of the public defeat and the massacre. It has spread among many people, so most of them are still a little worried about him, but to say that they are worried about the failure of the public defeat, but never Over.

That guy is nasty and despicable, and he has a lot of methods.

Even if he is not as good as Li Tian in his own strength, I believe he will find a lot of ways to deal with Li Tian, this is undoubted by many people.

When Li Tian came to the ring, he found that there were many small betting places around.

Looking at the names of the two people above, they didn't show a slight smile: "These people are really good at doing business. They actually do such things in this kind of place."

"This is almost a normal thing in the God Realm. Whenever they encounter such a duel that is very concerned, these businessmen will stand up and start this kind of business here, and many people will bet on it." Catherine After taking a look, he immediately laughed: "But usually, people who fight are 50-50. If it is obvious that one of them will lose, then they will not start this kind of betting activity."

"So, do these businessmen believe that I have this level?"

"They just think it is possible for you, but look at it, almost 80% of people now put their bets on the public losers, and only a small part of them think you can Victory in this duel, the public defeat in Luoyang City's reputation is not very small, even if it is notorious, but this guy's ability should not

be underestimated, do you really think you have this strength?" Catherine looked at Li Tian, Still can't believe it.

"Since I agreed to that guy's duel, I must have my own ideas. Otherwise, I wouldn't be able to just agree to it like this. Have you ever seen me make a decision that I regret?" Li Tian Gearing up, looking at the small casino in front of him, the smile on the corners of his mouth grew stronger: "Do you believe me?"

Li Tian's eyes were very serious, and they looked at Catherine, Mengsk and others with a mixed emotion.

The look in this guy's eyes made Catherine frowned, her face flushed slightly, and she stepped back and asked in a low voice; "What do you mean?"

As for Mengsk, he took a few steps back and looked at Li Tian with a serious look: "Although I don't hate you so much now, I will never like you. I am not gay. You don't use it to test me. Up."

Xing Jun did not speak, but he knew what he meant when he took a step back.

"What are you thinking about? I've never seen a guy with such a dirty mind like you." Li Tian said irritably, they thought they felt about them? What a joke, I am a very normal-minded man: "The reason I say this is that I hope you can lend me your Tianbi, and I will put it all on myself."

"You're not going crazy, are you? So many people have put their sky coins on the public losers, are you still on your own?"

"If even I think I can't win, then I really can't win, no matter what you think, but now I just want to ask you whether you believe me or not. If you believe me, you will Loan me the coins. Once today's duel is over, I promise to double it back to you." Li Tian sneered in his heart. These guys still want to make money from themselves, joking, to see that I won't let you lose money today.

Catherine did not hesitate to take out her gold card and handed it to Li Tian: "This is all my wealth. I am now betting everything on you. I hope you don't make me regret it."

Mengsk smiled awkwardly when he saw Catherine's action so generously. He only took out a bag of hundreds of days coins: "Hey, I won't use so many days coins in this kind of place. You will use them. Right."

"My Tianbi is gone." Xing Jun replied briefly.

Li Tian shrugged his shoulders and gathered up his original Tian Coins. Now it is a full nine thousand Tian Coins. He went directly to the betting table and put all the nine thousand Tian Coins up: "I want to bet."

The man in charge of registration looked up at Li Tian, and was taken aback for a moment, then sneered in his heart. Did Li Tian buy himself and lose?

"Li Tian, right, do you want to buy the public to lose but to win? According to our previous rules, if you are the one to bet..."

"I want to buy Li Tian to win. It is not me who placed the bet, it is her." Li Tian said, pulling Catherine over and squinting at the man in front of him: "I know what you are worried about, but I want to buy me now. I won. This ruled out the possibility that I would deliberately fail in a duel and then win money from your side."

"But... you are a big upset, don't you really worry about..."

"What a lot of nonsense, just bet honestly when you ask you to bet. What are you talking about here? Believe it or not, I will beat you." Mengsk was angry when he saw the ink in front of him. .

And the man knew that these people in front of him were not easy to provoke, so he smiled bitterly, and hurriedly started registering on it.

Li Tian looked at it with a smile, and said, "Thank you."

"I hope your decision is right." Catherine said with no love.

Chapter 5290: Hopeless to win

Looking at the expression on Catherine's face, Li Tian could almost understand how he was not favored by them in this duel.

However, he doesn't care about these at all. Anyway, no matter how strong he is in a public defeat, he will eventually become his own loser. This is no doubt a matter. Li Tian also thought about taking advantage of this opportunity to gamble. If he hides his strength On the contrary, it will make Lu Xiu feel evasive and afraid to go all out, but it will make him more suspicious of his identity.

In this way, when the time comes, you will be doing the right thing with the entire God Realm. Even if there is a huge sect behind you, there is still no way to protect yourself.

Thinking like this, the expression on his face began to become more serious and serious.

Around the ring, at least thousands of spectators have gathered at this time, including bountyers from Luoyang City, and some ordinary businessmen. Their purpose here is nothing more than to make money with Li Tian, and then to witness it with their own eyes. , What kind of strength the young people in this rumor have, will they be as powerful as they know.

"This time there are more people who came to see you duel than we thought. In front of so many people, you must go all out. Are you sure to win?" Catherine was still worried, not just worried now. Li Tian lost the opportunity, and was even more worried that all his Tian Coins would be lost, even though he knew that the man in front of him had never liked to do things that were uncertain.

But this time, he gambled too much.

"Of course it depends on what kind of enemy the public defeat is in my eyes." Li Tian left a vague answer, and then left them, step by step to the top of the ring.

The ring of Luoyang City is naturally not made of ordinary stones. These are all made of very rare holy stones in the God Realm. It is said that this kind of stone has a natural ability to absorb the power of immortality to repair its damage, so many gods The great nobles in the realm use this kind of stone to build houses or arenas. Even if these stones are destroyed, they can absorb energy to restore them to their original state.

It has been almost tens of thousands of years since the ring of Luoyang City was built, during which time the strong have fought here.

But so far, the preservation of this ring is still intact. On the surface, you can't judge at all. How old is the stone in front of you? It looks like it was just built as brand new, plus It is cleaned constantly, and there is no dirt on it.

The whole exudes a faint white light, which is not dazzling, nor is it easy to find.

Only when you stare carefully will you notice that the ring is actually emitting a white light.

And on the east side of the ring, there are some chairs at this time, and some guys who seem to have high authority are sitting on them. Lu Xiu didn't know when he came to the ring, and he was sitting in the most central position.

The positions on both sides are symmetrical, just showing his identity as the master of this main city.

Wearing a black official uniform, Lu Xiu had a faint smile at the corner of his mouth, and a look of anticipation in his eyes from time to time. For the shouting people around him, he turned a blind eye to Li Tian and Gongzutu. .

This Lord City Lord has been waiting for a long time, and now what he is looking forward to is that Li Tian will fully reveal his strength.

"I originally thought you would choose to shrink back at this time and be a tortoise with a shrunken head. I didn't expect that you, a kid, actually came and stood here swaying. Don't you worry that you will change after a moment of failure. It's ugly?" Publicly lost Tu thought, Li Tian might find many reasons today to decline the duel and say that he is not feeling well.

In this way, even if he is really allowed to fight the public loser, no matter what the result is, his reputation will not be very good.

In order to avoid such a thing from happening, he deliberately went to the Lord City Lord to explain all this matter. He didn't think that Lu Xiu would promise him. Who knew that Lu Xiu would agree to it in the end. Arranged for them on such a magnificent arena, with so many spectators watching from below, all faces are full of excitement.

When the Gonglutu stood on this ring, a sense of pride also appeared in his heart. This is a place where countless strong men have fought.

He can stand here now, which means that his strength has been recognized.

The Gonglutu clenched his fists, and the expression on his face looked at Li Tian with some excitement, his voice trembling, it seemed difficult to suppress his current excitement.

"Since I have agreed to your challenge, of course I will not choose to escape at this time. At that time, it is me who is vilified by others. Even if I lose this duel, it is better than me." Li Tian Stepped onto the ring, moved his body, smiled and watched the public loser, said softly: "It's just that you'd better use all of your strength today. If you lose to me like this, I'm afraid there will be Many people will laugh at you."

The battle between the two has not yet begun, but the confrontation between the two sides has begun at this time. Facing the public defeat, Li Tian is not afraid of the least.

As for the public defeat, the young man in front of him was a little bit angry at this time.

But it's just a small character who survived that mission by luck and General He Jin. Now he dares to speak out in front of him. It seems that today if he doesn't let his power come into play, he really wants to I was looked down upon by the young boy in front of me.

Although Lu Xiu couldn't hear what was being said on the ring, the expressions of these two people probably revealed that both of them were very excited now, and neither of them wanted to lose in this duel.

Nodded with satisfaction, his eyes focused on Li Tian, and he whispered: "Don't let me down. How many methods are there? Now let me see you. How powerful it is."

As if feeling the same, Li Tian glanced at Lu Xiu's position, and then his eyes fell on the surrounding audience.

All they can see in their eyes is the public defeat and the only shouting cry. As for Li Tian, a name that has never been heard, in their opinion, it is impossible to defeat the public defeat. For Li Tian, today's duel, is the challenge of hopeless victory.
