

## A Killer 5291

Chapter 5291: Laugh for you

In the sky, the blue sky and white clouds are incomparably beautiful.

The sun's rays softly cast on the ring.

At this time, there were a lot of voices around the ring, and many people all turned their eyes on the two young people standing on the ring. Although one had a bad reputation in Luoyang City, many people knew this person well. The despicable shamelessness, and the strength that makes people very helpless, even if they hate public loss and massacre, but helpless, this guy relied on the deceptive ability to forcibly increase his strength to the present level.

The other person left was Li Tian, who seemed very simple.

They have just recently appeared in the sight of the public. They also have a simple understanding of what Li Tian has done. They only know that this young man seems to have hunted a lot of cloud channeling beasts in his previous missions. It was the only time among so many missions, able to hunt so many cloud beasts, and the strength of young people in the realm of \*\*\*\* cultivation.

There is one more thing that happened recently, and I have to mention the internal investigation of Broken Cloud Mountain Range.

Come and go many times, most of the time, many people survived in a very strange state, but this kind of time will not last long. They seem to be only responsible for bringing back the bodies of these people and telling Luoyang City. These people, let them understand that this person's strength is not enough, just have such an effect.

This time it was completely different. It is said that Li Tian brought very real news.

After this mission, the mission in Luoyang City also disappeared, and all missions related to Broken Cloud Mountain Range were terminated. On the surface, no one stood up and expressed their views on this matter, but many people were all aware of this. What kind of meaning is in this subtle change? This young man really did it during the time he was performing tasks in the past.

Or survived the mission this time, and successfully obtained intelligence.

This is a completely different change from before, and it also makes many people have many doubts about Li Tian, a rising star.

Even He Jin's strength died in the mission, why only Li Tian returned?

A young man who has just arrived in Luoyang City, why and what is it relying on to become the tenth person among rookies in this short period of time?

He and Catherine and others are different. They have been in Luoyang City a long time ago. Almost all the streets and alleys are circulating about the three of them. Most people also know the strength of these three bountyers.

And Li Tian is a complete stranger.

At this moment, Li Tian on the ring has a confident smile at the corner of his mouth. There is no fear in his eyes, no confusion, only as deep as the night sky, like a black vortex, a little bit of a person's soul is completely Swallowed.

After losing with one hand, he glanced over the audience around the ring.

Everyone he saw would feel a little bit strange in his body.

"Able to keep a smile at this time, it seems that I really underestimated your courage before, you are really fearless." The public loser Tu Lao smiled and shook his head, squinting his eyes. Grimly said: "It's a pity, no matter how big you are standing here today, I will use my fist to tell you who is the real king in this ring, and I will let you know what the pain is. ."

"Maybe you can do it, but even if it fails, I will still show it to you with a smile." Li Tian finally retracted his gaze. At this time, he could feel the silence of everyone, or distrust of him. Right.

Most people think that Li Tian can survive such a dangerous mission with He Jin's protection.

And there are three people around Catherine, so it shouldn't be a problem to protect him back alive.

Now, it's time for them to witness the young man's methods.

"Hope, you can still talk with a smile like this when you fail." The Gonglutu moved his neck, and then slowly put two finger tigers on his hands. It was a tiger with sharp claws like a monster. The blade refracted a cold light in the sun. The whole body was dark and black. I didn't know where the material was taken from. From the outside, it didn't look like a powerful treasure.

But when the public losers put on their weapons, many people all exclaimed.

"It's not easy to fight this time. It is said that in the face of his opponents for so many years, he seldom goes all out and rarely takes out his ghost blade to deal with the enemy. But now, facing Li Tian, he has Wearing a ghost blade?" A businessman was covering his mouth, astonished, looking at the armed massacre on the ring, it seemed that he couldn't believe his eyes were the same.

"Yes, that guy rarely treats his enemies seriously like this, but he doesn't need to provoke any powerful opponents at all, but this time is different. Just like us, Li Tian's understanding of Li Tian is limited to rumors. Which one of them will be the ultimate winner is still unknown." The other person was a little excited. Such a wonderful battle may not always be seen in Luoyang City.

"That's right. Since the public loses and the massacre now needs to go all out, it proves that Li Tian's strength is indeed not as simple as we thought. It seems that today's battle is really very exciting."

There was a look of surprise on the faces of these audiences.

Even Catherine was slightly surprised, but what followed was more worry. In the face of such a strong enemy, is there a way to deal with it?

Hopefully, he can win this game.

On the ring, Li Tian looked at the finger tiger in his hand, still smiling: "As the saying goes, one inch long and one inch strong, your weapon looks very ordinary, and the combat effectiveness is naturally greatly reduced."

"You still have to worry about it, whether you can disappear from my face after the battle is over." Looking at Li Tian with a smile on his face, he said with disdain: "Fight with me. People, after I used the weapon, no one can stand and leave the ring. You will not be the first, and of course you will definitely not be the last."

The eyes of the two people met in the air, and it seemed that there was a flame, which burst out in an instant.

Their aura exploded almost at the same time.

Chapter 5292: First match

‘Om’

When the aura of the two of them was fully revealed, you could feel that another mysterious power appeared on the ring, and began to frantically suppress the power that wanted to spread out on the ring.

Although this kind of barrier appeared very quickly, the aura that two people burst out at the same time still made many people a little surprised at this time to the point of speechlessness.

Some people even began to doubt whether their original decision was correct.

The two clashing auras, although they can't tell who is who, it can be felt that the two of them are equal in terms of aura. Does this also mean that when Li Tian faces public defeats again, Maybe they won't lose as easily as they thought, but ruined in this battle to perfectly display all of their strength and easily win.

On the ring, Lu Xiu nodded with satisfaction: "It seems that in the past few days, his realm has improved slightly."

"What the city lord said is that he actually broke through again?"

"Compared to when we first met this guy, his immortal energy is much more refined, maybe even he doesn't know the level of such diligence." Lu Xiu looked at Li Tian with interest. He didn't say a word, that was Li Tian's momentum.

This kind of aura is not innate.

But it depends on the accumulation of slowly in the later stage.

And the prerequisite for this accumulation means that the killing and constant challenge are stronger than yourself. When you step on countless blood and stand on a more lofty arena, your aura is also Will be able to climb at this time, even more terrifying.

In other words, the richer the combat experience, the more powerful the person who has experienced combat.

The aura of the \*\*\*\* emperor is so powerful that it can make some ordinary people, or some guys of lower strength, directly dizzy with just one look. It is conceivable what a terrifying thing this is.

At this time, Li Tian's momentum also surprised Lu Xiu.

The feeling is as if you are in the \*\*\*\* of the sun, and the momentum coming to your face is as strong as the smell of blood in the river of blood. The young man in front of him does not know how much life he is carrying, but he can condense such a terrifying aura Come, and after ascending to the God Realm, this kind of aura can be sublimated, and then it becomes a very aggressive and repressive aura.

If you don't feel it carefully, you won't be able to perceive the killing spirit inside.

A man next to him squinted his eyes at this time and said with emotion: "It's really terrifying for the younger generation. You can display such a terrible aura at a young age. If it can be cultivated, the future will be limitless."

"This kid is one of the ten new talents. He is destined to be a member of your Tianluo Sect. When the time comes to cultivate, the future will naturally be limitless." Lu Xiu leaned back slightly, leaning on his back. , Looked at the man beside him with a smile.

"It depends on whether he can win the current duel." The man didn't want to pay attention to Lu Xiu's intention. He still carefully observed Li Tian on the ring: "His aura is completely different from that of the public defeat, although it seems that It's comparable, but if that kid knows how to use his aura, I'm afraid that he can suppress the public loss and massacre just before the fight. Such a strong aura of killing is only in the body of many gods, I To see it."

"Are many \*\*\*\* emperors so exaggerated?"

"Of course, you can feel that this young man's eyes are very indifferent. That is an extremely indifferent attitude towards life. It also means that the number of people who died in his hands is far greater than we thought." The man turned around and looked at Lu Xiu earnestly: "You can imagine what kind of things a young man with such a terrifying aura has experienced in the past period of time, so that he has such a strong spirit of killing. What she has experienced is far beyond our understanding."

Lu Xiu was silent. He knew that this young man's talents and wrists were very unusual, and that Catherine, who was well-known in Luoyang City before, respected him so much. This alone made him unique.

Now after listening to this man's explanation, he became more solemn.

Could it be that he is really the rumored strongest from the lower realm?

In order to solve the problem faster, I directly wiped out everyone in the town, thinking that the Nether Xeon would definitely show his tail, but when I turned around, I realized that they didn't have anything about the Nether Xeon in their hands. intelligence.

Only then did I regret why I had killed the entire town.

But sadness has no effect, and can only continue to search for the traces of the strongest in the lower realm in secret.

At this time, the audience began to get excited.

The collision of the two popularity just now completely convinced them to surrender. This is definitely a very exciting battle.

And the public losers on the ring also broke out in a cold sweat: "It's terrible. At that moment, I felt like I was in the battlefield, surrounded by countless dead soldiers. Those terrible grievances surrounded me. In my body, even my mind is about to be completely tortured crazy. Is the strength of this young man really terrifying to this point? '

He didn't dare to underestimate Li Tian a little bit, his aura was so terrifying, his strength would certainly not be bad.

Li Tian looked at the public defeat and slowly raised his right hand: "I still need to face each opponent in the trials. I won't let it last for long in this duel. I will solve this time quickly. The battle that makes you very satisfied admit your failure."

As he spoke, he slowly summoned Hong Zhuang.

At the same time, the appearance of the Red Wing Divine Costume and the Feather Blade once again caused the underside of the ring to boil completely. These methods were methods they had never seen before, and now Li Angel summoned them to make them feel good. Fresh look.

Incited by two pairs of huge feather blades, Li Tian's body leaped into the air little by little, watching the public defeat in a condescending manner: "It is too late to admit that I have failed, and I will not give you any chance next."

"Hmph, then let me try, how good are you?" Tu Leng snorted, but he didn't want to say a little bit of softness. With a kick on his feet, he jumped straight into the air. Li Tian in midair.

Chapter 5293: The perfect combination of spells

The speed of the public defeat is very fast, which can be guessed a little bit through his weapons.

This guy's weapon is a very light finger tiger. The lethality of this weapon is far less terrifying than other weapons, but the power is that their attack methods are flexible and can be used in a short time. Inflicted multiple damages inside, so that once the opponent is attacked once, the next attack may not be able to dodge it directly.

This is also the advantage of such a weapon, so at the moment of flight, Li Tian almost knew what the guy in front of him was going to do to him.

Seeing Gong Shutu rushing up quickly, there was a sneer from the corner of his mouth, and Hong Zhan in his hand swooped down with a sword aura.

In the air, the human body usually has no way to control it.

But they are immortals now, and they naturally control their bodies to a different level. The public losers twisted their bodies in the air like a fighter, and in the next second they did not change their trajectory again. Rushed over once.

At this moment, the sword energy that had been evaded from the past suddenly revolved one hundred and eighty degrees.

Moreover, at the moment of the reflexive attack, the Gonglutu did not even react a little. This kind of proficiency in the mastery of his own celestial power has been so high that he has rarely seen it. Therefore, he is very close to Li Tian. His opinion has changed a lot.

However, the thought in his heart was only a short moment. Facing such a strong counterattack, he naturally had to make a relatively appropriate response.

Turn around, put his hands together, and then violently wave the finger tiger in his hands.

‘Boom Rumble’

In the enchantment, you can see a lot of overflowing brilliance, colorful, as bright as a rainbow when it is clear after the rain, with the sound of an explosion, people can no longer see the two people.

The enchantment was completely occupied by the violent power of the two of them fighting.

Just as a monster was trapped in a cage, that power was madly impacting the barrier, trying to escape from it.

And at this time inside the barrier, Li Tian looked around: "Damn, the energy has completely obscured my vision. Under such circumstances, I can't see my enemy at all, so I want to deal with this. The guy is not that simple anymore. He was a little anxious. The sword qi just now was just a piece of cake. Although it consumes a lot of power, he still has a lot of back-ups.

But the light produced by the explosion this time was completely unexpected by Li Tian.

These dazzling rays of light flooded the ring, no matter where it is from any land or place, you can see the place where these rays of light exist, even the strange unknown is not immune.

Under such circumstances, it is certainly not a simple matter for Li Tian to find Li Tian, but it is not so easy to find Li Tian, right?

"Hehe, it seems that you have completely become a blind man now. You can't see where I am anymore. Do you think that in such an environment, can it have any influence on me?" The sound of coming to the public to lose the slaughter, the sound of coming and going, like a shout from a ghost, makes people unable to figure out where the position is.

But Li Tian didn't really believe everything this guy said.

In this battle, the two of them both fought with great strength, and no one wanted to miss such a good opportunity, and Li Tian didn't want to be defeated under such unknown circumstances.

She closed her eyes and began to completely give up everything she saw with her eyes, and then began to rely on her senses, hearing, and smell to determine where the public transport slaughter was.

Soon, a dark shadow appeared in his mind.

He understands that that is where the public loses and the massacre. The qualified guys are probably blinded by this kind of light now. It is not so easy to find himself for a while.

But Li Tian, who relied on his senses, could clearly know where the public losers were.

Clenching Hong Zhan with one hand, Li Tian could feel a kind and mysterious power slowly injected into his body, and then the feather blade on the back began to incite, and she began to approach the black spot.

At this moment, it is probably certain that the reason why Gonglutu said that just now is just because this guy can't see where he is. In this case, the only choice is to expose his position and tease Li Tian in pain. She has a feeling that she is coming to wipe you out completely. When the prey is hooked, he can let Li Tian know what pain is.

Li Tian may not have noticed it at all, and he is still approaching stupidly at this time.

Seeing that he was getting closer and closer to the black spot, the divine intent in his mind told him that the enemy in front of him was just like a slaughter, without any accident.

So, he directly chopped the sword in his hand.

This action was very fast, but there was a sneer from behind: "Young guy, really thought I would hide here so innocently, waiting for you to find me, and then kill me?" Already hiding behind Li Tian, this guy didn't actually lose his vision at all. On the contrary, the reason why this place became like this was all because of the public defeat.

He was really as insidious as the rumors, and even designed such a trap for Li Tian.

However, how could Li Tian, who has already experienced all kinds of battles, been attacked so easily? He swung an imperial wind spell in his hand, and at the same time, he watched the rushing public and slaughtered, thinking quickly. Spell.

On the other side, the public losers and Tutu has already shown a smile: "The young boy is afraid I don't know until now. This place was created by me at all. You think I'm the same as you and I can't see it. Actually But it's not like this at all, here I want to see more things than you, more clearly. While he was thinking, at the same time the black tiger rushed to him.

At the moment of this kind of electric flint, they could all see Li Tian's body suddenly lit up with a burst of green light.

Then his whole person has moved behind Gongzutu, and he sneered: "There is really nothing wrong with your plan, but you should definitely not treat me as an idiot kid who knows nothing. If I do this trick, If I can be deceived by you, then I am already dead now, I don't know how many times."

Chapter 5294: Strong

The public loses and the Tu is a little confused.

He asked himself that his speed was in the same level, and he was already a very fast person. Usually the enemy was killed directly without even seeing his shadow. Such a rapid body technique was in the entire \*\*\*\* realm and \*\*\*\* cultivation realm. Almost none of the people can find one. In the future, he is also destined to become a strong existence that everyone is afraid of. However, when facing Li Tian today, he was a little bit stunned. ,

He had clearly determined Li Tian's position, and even figured out how to make Li Tian be defeated by himself in an instant.

But at such a critical time, the young man in front of him ran away.

That speed surpassed the imagination of a public loser in a short moment. He would never have thought that a kid in the realm of \*\*\*\* cultivation could exert such a terrible speed in such a short period of time, and he could not even notice it with his strength. Just how fast Li Tian was, it might just be spent in front of him, and then Li Tian completely disappeared in front of him like this.

'How is this possible, there may not be many people in Luoyang City or even in the God Realm with the agile speed of mine, but in front of this kid, I actually felt my own slowness, even before I started. He just fell out of my face like this? He looked at his hands in surprise, then squinted his eyes and sneered; "But even this way you can't change anything. You are doomed to fail. There is no doubt about this."

"Really?" Li Tian's voice came from behind him. The Hong Zhan in his hand did not know when it had become a charging cannon. At this time, the energy in the barrier disappeared little by little. It was absorbed by the charged cannon in his hand, and slowly condensed into a whirlpool-like shape, as if to swallow everything around it.

The Gongzutu looked at the weapon in front of him, and once again he was surprised: "Is this... is it a firecracker?"

"Clearly more advanced than that."

'boom! '

The energy of the charging cannon blasted out.

Gong Shutu's face sank, and he quickly read the formula, his body flashed quickly throughout the enchantment, and his \*\*\*\* always followed the energy of the charging cannon, just like a tarsal maggot, very difficult to entangle.

The energy above, even if it is a public loser, now he dare not really go up.

He didn't know how Li Tiandie did it, but he knew that this energy was really terrifying. He converted part of his body's celestial power into this impact energy, and even the surrounding energy was assimilated. Even he has to dodge the power of energy, but this power lasts for less than he thought. As she dodges, the energy decays little by little.

"It seems that this trick should consume a lot of your energy, right now I want to see what else you can do?" When the energy of the rechargeable cannon was probably exhausted, the public defeat did not continue. The meaning of running away, but turning to face Li Tian, raised his left hand, waved the finger tiger towards the charging cannon, and he wanted to completely wipe out the energy in front of him.

Then launched a counterattack.

Although this cannon is not very lethal, it would not be good if Li Tian can continuously fire such energy cannons. He does not have much power to escape, especially when there are all such energy cannons in the enchantment. Even if he had two more legs, I was afraid that there was no way to dodge it. The way he faces now is to face it directly, just kill Li Tian directly.

However, at the moment Thaksin believed it was right, the change happened.

Those energies were indeed decreasing sharply. At the moment when Zhihu completely wiped out the energy of the charged cannons, a raging fire suddenly rushed out like a fire dragon that broke through the bamboo, followed by a fireball that covered the sun.

These fireballs are all countless small fireballs formed in the explosion, falling from the sky.

The expression of Gonglutu sank, and his face became serious in this short moment: "I didn't expect you to have such a charm on your body. No wonder you didn't have any nervousness in this battle."

Although he said it was very relaxed, he still felt very difficult when facing it.

The power of these fireball techniques is very huge, even if it is just one or two small fireballs falling on him, it is not a taste, not to mention that these energies have always been wrapped in energy cannons before. When Li Tian was charged, There was still radiance everywhere in this enchantment, and he didn't notice the existence of these fireballs at all, waiting until the moment when the energy was exhausted.

These fireballs rushed towards the face like a fire dragon.

He thought about the possibility of a lot of failure, and never thought that the final result would be like this.

Do you really want to lose to this Li Tian today?

No, absolutely not allowed.

'bump'

The sound of explosions kept coming from his body, one by one, fireballs fell on Gongchutu's body, torturing his body bit by bit.

No matter how timely the reaction of the public loss to the massacre, it is impossible to completely offset the energy of the fireball technique in front of him in such a short time, so he can only use his body to force it down.

Fortunately, the energy of these fireball techniques is only in the realm of gods and disciples, far not so powerful.

But after undergoing this wave of attacks, he still felt a little bit of powerlessness.

In the next second, Li Tian was already here to pursue the victory, and the charged cannon in his hand turned into a red sword, with a blood-red sword light flashing in the air with a dazzling demon and strange light, and slashed fiercely.

Many of the audience around the arena covered their mouths and couldn't believe the scene before them.

That tyrannical public loser, is he really going to lose to such a young man today?

"From your perspective, is this battle over?"

"Although Li Tian's series of attacks have successfully made the public loser feel uncomfortable, it is not so easy to defeat him. The spell of the \*\*\*\*\* disciple realm, even if it is such a large-scale hit, will only make the public loser suffer. It's just a slight injury. If he wants to persist afterwards, it may not be impossible." Tian Luozong's man looked at and said lightly.

Although his tone was very plain, there were already a lot of strange colors in his eyes.

Throughout the ages, someone who can use his own tactics and spells so perfect, I am afraid that only Li Tian in front of him.

It is so easy to accommodate these different techniques.

Chapter 5295: Fight hard

Li Tian's performance today has exceeded everyone's expectations.

Even so far, he hasn't really shown his true level, but being able to use spells and his own fighting tactics perfectly together is pleasing to the eye and enough to prove that he is not in vain.

The cheers from outside the barrier came in through the barrier, and many people shouted frantically.

It is nothing more than encouraging the public losers to fight earnestly. Don't give up the confidence in this duel. After all, many people have placed a lot of bets on him. If this public loser fails, many

people are destined to have a super No one wants to see such a big loss happen, so naturally they can only hope that this man is still fighting in the ring.

The three of Catherine and Mengsk were also a little surprised at this time to the point of not knowing how to describe their feelings.

"It's no wonder that this guy was not nervous before, and he was so mysterious that he was going to do important things. I think he was going to get these spells, but he didn't expect him to invest all his money in this. Now." Looking at Li Tian, who was extremely brave in the ring, Catherine's eyes began to become more excited.

"Captain, I've always been curious before. Although Li Tian now gives us a different feeling from before, I can be sure that this kid did not show any strength at all. Why do you want to take this kid so seriously? , And trusting a strange guy so much." Mengsk asked without a sigh as he looked at Li Tian.

In any case, Li Tian before them was not so powerful in front of them. On the contrary, he was more like an ordinary crane tail. Even he himself didn't know what Catherine was because of this. Young people value it so much.

You must know that they have been well-known in Luoyang City a long time ago, and there are countless people who want to join their team.

But they have always been very cautious when choosing companions, and there are many requirements, but Li Tian is the man who Catherine will do everything to get in from the beginning.

Although Xing Jun didn't say anything, he was obviously curious about this answer.

What are the factors in Li Tian's body that have been attracting Catherine so that she can trust this kid so much at this time.

"Do you still remember that I was separated from you when I was performing a mission a long time ago. At that time, I encountered a large number of monsters and almost died in the hands of the monsters." Catherine's eyes began to show helplessness. And the look of nostalgia: "Fortunately, when I was about to be unable to support it, a man appeared in front of me and rescued me."

"You never told us about this."

"It's not something worth telling you, and I haven't told anyone since, just thinking that I must let myself help the man, otherwise I will always care about this matter in my heart." Catherine said as she said. Looking at Li Tian: "Until one day ago, that person suddenly came to me and gave me a portrait of Li Tian and asked me to take care of this young man."

"You are doing this to repay your kindness..."

"Of course, I didn't really take this kid into my heart at the time. I just wanted him to be safer by our side. Who knows what happened afterwards let me understand, this young man Far more complicated than we seem on the surface, he may have even more terrifying power behind him." Catherine looked at the two of them, and her voice was lowered a lot: "People like us want to live in the gods and find a backing. The most suitable, believe me, now we have a good relationship with Li Tian, and we will definitely gain something in the future."

"Is this gambling too risky? In case this kid's achievements are not as good as we thought, are all these things we are doing now in vain?"

"No matter what you do, don't think about what you can gain. You have to be clear about our current situation, which is to seize all available resources. What's more, we haven't paid much now, but Li Tian has already regarded us as friends in his heart. "Catherine looked at Mengsk next to her, her expression slowly becoming serious; "What I hope is that we will also change our minds and treat him as our friend."

---

"Tick tick tick"

The red blood was dripping from Gongzhutu's body, dripping down his forehead to the ground. He was bathed in blood and looked terrifying.

Li Tian looked at him, gasping for breath, the immortal power consumed by a charging cannon is very huge.

He can't release it several times now.

"It's a pity, you tried so hard to go around such a big circle, just using such a trick to let me lose the opportunity to deal with you?" Body, squinted at Li Tian: "Before we did underestimate you, this guy is very different from what we imagined. Your strength still surprised me a little bit."

Li Tian didn't speak, he now needs to hurry up to recover the immortal power he has consumed, and at the same time observe how much the man in front of him is injured.

He directly threw two fireball spells out, and the effect was a fireball that covered the sky.

If you look at it from the surface, the current public transport slaughter may have been severely injured, blood is flowing all over, even the body is trembling, it seems that there is no way to continue to stand.

"You'd better expect that you can continue to create such miracles, but I think this may already be impossible for you. Next, I won't give you any chance. I will try my best to deal with you.

"Gongshuitu sneered, stood up straight, looked at Li Tian with a sneer, and then clenched his fists: "This time is your opportunity, and it is also mine. Neither of us will give up this easily. One chance."

"I won't leave you a little chance." Li Tian smiled, still able to laugh at this time, as if the whole thing has nothing to do with him: "But in your current state, How long can it last?"

"Try hard."

Chapter 5296: Unfathomable

Although Li Tian spoke very lightly, he did not dare to underestimate the opponent in front of him.

After experiencing the fierce attack like that just now, although the current public loser seems to be in a very poor physical condition, it still exudes a very sharp aura, which made him a little surprised.

Originally thought that his successive plans would surely make the guy in front of him retreat, and then obediently surrendered.

But the results have always been unsatisfactory. Instead of losing combat effectiveness, the public loser in front of him has become more unscrupulous because of his injuries. After all, he can become a candidate for the direct disciple of the big sect. This is not an opportunity that everyone can get.

The Gongzutu slowly tore his shirt apart, and a lot of his skin was scorched by the fireball. It was burnt black, and even the charred muscles rolled out. It made people feel that the scene before him was really unacceptable. .

But he, like a okay person, let his wounds be exposed to everyone.

His blood flowed to the finger tiger, and it was all absorbed, and then the surrounding temperature began to drop crazily.

Li Tian felt an inexplicable cold current in the air, and his body began to stiffen up a bit. He immediately stepped back cautiously, watching the shirtless public loser.

"I didn't expect that I would use such a sacrifice method to fight you. Although this is very detrimental to my own body, it is now impossible for me to miss such a good opportunity. Only in this way can I restore the tragic defeat. , Successfully reversed the occupation." Gong Shutu whispered, his body is healing at a terrifying speed.

Those scorched muscles returned to their original color bit by bit, but his face looked a little pale, even his eyeballs began to turn pale green.

'I can't give this guy any more chance. If he is asked to complete this ritual, I might not be an opponent next time. After his opponent learned that he was good at using spells to fight, Li Tian now didn't want to continue the fight. The longer he procrastinated, the more disadvantaged it was for him, especially when the guy in front of him was performing sacrifices.

This is a very ancient spell. Although it is not very evil, it is at the expense of one's own life.

The number of times that each person can use is different.

But no one has been able to use more than five sacrifices in his life so far. This spell can heal your body in a short time, but it will madly flood into your body because of the surrounding energy. Among them, let your body be in a state of destruction and being repaired. The damage to the human body caused by such reciprocation is also conceivable.

If it's an ordinary person, it must be used when life and death are at stake.

Li Tian didn't expect him to use it here.

Is such a small opportunity really so important?

"You are crazy. The damage to your body caused by the sacrifice may cause you to die young. You should know that even if you break through the cultivation base in the future, the impact on you will still be huge."

"If this opportunity is missed, I will never be able to stand on this stage again." Gongzutu said with a grinning smile: "Boy, let me see how you really are. Strong."

Li Tian held Hong Zhan in both hands and sighed helplessly.

A very familiar divine thought slowly spread from the top of the red sword, which made his impetuous mood slowly calm down, and everything in his ears seemed to have been still at this moment, only a faint whisper was left. His ears kept echoing.

Outside the barrier, Lu Xiu frowned when he looked at Li Tian who closed his eyes.

"What is this kid doing? The public losers are already offering sacrifices. This kind of use of his own vitality in exchange for a period of time to improve combat power is crazy, but once it succeeds, it will crush Li Tian's public losers in combat power. It's even more unstoppable." Lu Xiu looked at Li Tian with his eyes closed. At this time, he should be very crazy to launch an offense. Why did this kid stop.

"We also don't know what this kid is doing, but I feel like she is brewing a very terrible move. I can feel that the killing aura in him has slowly turned into a kind of Very ethereal aura, indicating that his mood should have completely calmed down now, he should have thought of the way to deal with the enemy." The man of Tianluo Zong looked at Li Tian, the smile on his face became stronger and stronger. Up.

Tianluo Zong's requirements for accepting disciples have always been very strict, but Li Tian in front of them really gave them a lot of surprises.

No matter from which aspect, Li Tian's performance is really good.

Indeed, Li Tian at this time already felt that he had entered another state.

In this state, he himself is everything in this world, and everything outside has nothing to do with him. Only himself and the red cut in his hands are in his eyes. Feeling the familiar and gentle whisper, his body begins Then he moved slowly.

"Huh, I don't know whether to live or die." Looking at Li Tian, there is no movement, but the public loses the slaughter but does not want to continue to wait. While thinking of the formula, he quickly rushed towards Li Tian, a piece of energy condensed. The big net fell from the sky, and the target was Li Tian, who was closing his eyes.

No one knew what he was doing, but he was worried.

The sacrifice of the public victory and the massacre has been completed, did Li Tian give up?

And at the moment when they were so worried, Li Tian moved.

He took a step towards the left with his left foot, and followed his body very lightly. Then he waved the red cut in his hand. A scarlet dragon suddenly appeared behind him, with an extremely clear shadow. The seconds turned into thousands of brilliance and was accommodated in Hong Zhan.

"Go to hell." The public loser fought hard and gathered the power of the whole body.

What Li Tian did was simple. He just raised his right hand, as if an adult was bullying a child. With a calm expression on his face, he used his hand to stubbornly resist the bully.

No matter how huge the power is hidden on this finger tiger, all of them disappeared at this time.

Everyone was dumbfounded, looking at the young man who showed unfathomable strength in front of him, they didn't know what to say for a while.

Chapter 5297: Go west with one sword

"This...this is impossible." Gong Shutu felt the celestial power slowly fading in his body. He knew that he was about to be unable to hold on, and the celestial power injected into the finger tiger was all dispersed.

But being able to do this only shows that Li Tian needs to pay more cents.

However, how did Li Tian do it in the state of his own sacrifice?

Moreover, from the beginning to the present, he has closed his eyes.

Looking at the young man in front of him who seemed to be asleep, he could push himself to the point where he is now with his eyes closed. He felt a very strong feeling of frustration in his heart. He knew if he would fight like this. Going down will definitely fail. I kicked it out, trying to distance himself from Li Tian.

However, Li Tian had no idea of letting go of this opportunity easily. The Red Sword in his hand struck him with a very ordinary sword.

There was no time to think about the public defeat, a strong pressure squeezed directly at him, and then a fierce wind roared, the whole enchantment began to falter again, and countless holy stones appeared on the ground. The traces of the cracks, and then were oppressed little by little, and finally turned into countless powders.

The whole arena is full of silence.

Just relying on waving the sword in his hand can produce such a terrifying sword aura. Has the strength of this young man reached such a level that they can't understand it at all?

"This trick is called Going West with One Sword!"

Li Tian's voice was calm, but exceptionally ethereal.

As the strong wind hit, Gong Yutu quickly felt a stronger sword aura.

The sword energy was like countless needles hitting your body. The sharp tingling sensation made him frown. He quickly thought of the formula, and the immortal energy condensed into countless light arrows from Li Tian's The head fell down.

"Don't you like to pretend to be forced with your eyes closed? Today I want to see how you can dodge my trick with your eyes closed." This is the final struggle of the public losers, after which he can only begin to place hope, offering The power of the sacrifice can make yourself eat this trick.

But he soon understood that he was wrong.

The Light Arrows were shattered by sword aura before they even had time to get close to Li Tian. Those invisible sword auras are even more terrifying than black holes. Anything that wants to get close to them will be destroyed in a short moment. Smash it directly.

Immediately afterwards, the Gonglutu began to scream.

Sword Qi began to wreak havoc on his body frantically, bloodstains appeared on his body one after another, bones were clearly visible, and the white bones mixed with minced meat and blood were exposed in front of everyone.

As time went on, his wounds grew more and more.

But the power of sacrifice is still healing him.

This continued, but it made him enjoy the most painful torture, and finally couldn't help it, fainting in the ring.

On the other side, Li Tian spit out blood, knelt down on the ground softly, slowly opened his eyes, looked at the embarrassing arena, and looked at the enchantment that was about to be shattered around him. God knows the battle between these two men. What kind of realm has he reached, the barrier can almost be broken by them.

"It's really an extremely exciting duel." Tianluozong's man said.

"Do you think there is such a person in the God Realm?"

"There are so many geniuses in the great world, why wouldn't there be such geniuses in the God Realm?" Tianluozong's man looked at Lu Xiu beside him and said calmly, "It seems that this kid should be Xiaoye's last opponent. , Now you can rest assured, too."

"Indeed, it seems that among the ten shows in Luoyang City, almost no one will be Li Tian's opponent, but it is a pity that I still don't know whether Li Tian is still hiding something." Lu Xiu looked at Li Tian with doubt in his eyes. His expression has also grown stronger. It is a rare thing for a young man with such an excellent talent to be in a sparsely populated place like Luoyang City.

Moreover, the fighting method he used was never seen before.

It is certain that this may be related to those things in the lower realm in recent years, and I can't help but wonder if the young man in front of him is the strongest in the lower realm before.

If it is, then this kind of strength will be an extremely powerful combat power if it is trained to become a dead man.

"I hope this kid will not disobey my meaning and be able to be obedient."

"This time our Tianluozong's purpose here is nothing more than to have a good relationship with the lord of the city, otherwise we will definitely not come to such a place." Tianluozong's man glanced at Lu Xiu, smiled faintly, calmly He said: "Master Ling must join our Tianluo Sect. Although his talent has a slight flaw, there is no problem with being a direct disciple. If this kid doesn't agree, don't think about joining our Tianluo Sect. ."

"This is a little bit..."

"It doesn't matter. In this world of the weak and the strong, the rules are just that. It is more cost-effective to get the friendship of a city lord than a young man with an uncertain future." The Tianluo Zong man looked at Li Tian with his face. With a faint smile, this young man is indeed very good, but no one can be sure of his future talent.

It is certainly impossible for them Tianluo Zong to have a little bit of unpleasantness with Lu Xiu, the lord of Luoyang City because of such a young man.

If Lu Xiu's son can enter their Tianluo Sect as a direct disciple this time, their friendship will become indestructible. By that time, Tianluo Sect's influence on Luoyang City will be even greater. Up.

They can also justifiably set up some strongholds here.

We must know that although Luoyang City is remote and there are few people here, there are many settlements of monsters. For these practitioners, these settlements of monsters are of great significance to them. If they can set up a stronghold here, Then you can hunt down these monsters, and the benefits will be more cost-effective than harvesting a young man with an uncertain future.

At this time, Li Tian in the ring didn't know that he had been determined by others in this way.

After experiencing this battle, he finally felt what it meant to be hollowed out. After a battle, his whole body was about to collapse, and he could only kneel on the ground, regaining his physical strength.

At the same time, what was thinking in his mind was the state in which the sword was displayed just now.

Chapter 5298: Famous Zhen Luoyang

"He won, he really won?" Catherine squeezed her delicate cheeks and carefully looked at Li Tian on the ring. At this moment, she really thought she was dreaming.

When they saw the sacrifice of the public losers, they were really worried that Li Tian would fail.

In the face of a sacrifice opponent, if it can't be suppressed well, there will only be one ending.

However, Li Tian didn't know what reason was used to suppress the public losing slaughter. The public losing slaughter, which had been completely crushed in strength, was easily resisted by Li Tianqing. Many people didn't know this was. What's the reason, I just understand that the young man in front of him is not as simple as they thought, and that he can survive such a terrible task. It really will not be a simple role.

"Indeed, none of us thought that Li Tian would have won in such a duel, let alone that he would have failed in a public defeat."

"Li Tian's power is really so strong?" Xing Jun was a little skeptical. They hadn't seen Li Tian's hands. They were just a young man who had just entered the realm of \*\*\*\* cultivation. How could it be so easy to defeat the public defeat?

"Whether we believe it or not, but everything that happened in front of us is real. Li Tian defeated the public defeat by his own strength. Even though the process seemed a bit difficult, the truth is that he won and the public lost. There is no way to beat him." Catherine said proudly, and couldn't help but breathe a sigh of relief; "We are going to make a big profit this time. The upset wins. This is a lot of money."

"I knew I had invested all my money." Mengsk frowned when he heard this, feeling as if he had missed a good opportunity. If he was willing to invest all his money in Li God's words, at this time will also make a fortune like Catherine, but he still can't believe that Li Tian really has the strength to defeat the public defeat.

He didn't feel he was losing money until this scene happened before him.

At this time, the audience around the ring, after experiencing a short silence, all erupted with deafening shouts. This battle is definitely the most exciting battle they have ever seen. Two young people in the realm of spiritual cultivation. , But the combat power they have demonstrated makes

them feel that the world is bleak. Among the young people of this generation, in the realm of spiritual cultivation, how many people can fight them?

It's nothing more than those who are very good heirs in the big family. They have been cultivated since they were young, and they have grown up little by little. Almost every place has been designed by their elders. They have no detours. Yes, it is natural to get that kind of achievement.

But what about Li Tian?

The young man in front of him was not hesitating to \*\*\*\*\* resources and even lost his life. Such a person certainly cannot be a child of a big family, an ordinary fairy who can get to this point. How easy is it?

Not knowing how much time passed, Li Tian slowly stood up and walked out of the barrier.

Catherine came to him for the first time and supported the weak Li Tian: "Today you really surprised everyone, I'm afraid they can't imagine you can exert such terrible strength in such a battle. Come, and in order to defeat you, the palaces even used their own vitality to use sacrifices, but in the end they failed to defeat you."

"It seems an easy battle, but it is more difficult than you think. It is also very costly for me to defeat the public loss. If I have not been working hard to persist this time, the battle may have failed. Right." Li Weather was panting, looking at Lu Xiu who was slowly walking in front of him, there was still a little nervousness in his heart, what should Lu Xiu do if he could see his identity?

After all, this way of fighting, I am afraid that there are no people in the entire fairy world. Lu Xiu suspected him, and it was very normal.

"Unexpectedly, you, an inconspicuous little guy, could bring us such a wonderful battle. When this battle is over, no one will say that you became one of the ten rookies by luck. I'm a member." He smiled at Li Tian, squinted and said, "Do you want to say something now? You can just tell me."

"Today's battle, in order to win the final victory, I have to go all out to achieve the results I am now. I don't know if the Lord Lord is satisfied. My performance has not disappointed you."

"Of course, such wonderful battles rarely appear even in the gods, but you did it. You surprised many people for your performance. A young man in the gods can show such a terrifying fighting level. , Even I have to seriously consider your talent." Lu Xiu patted Li Tian on the shoulder, and said in a gentle voice: "After this battle, you definitely want to rest now. Go back. Rest and rest."

"Thank you City Lord."

"Well, when you feel better, I will ask someone to take you to my study. I want to talk to you about some things."

"Yes." Li Tian was slightly surprised, but he knew that the man in front of him must have been paying attention to him, so he didn't dare to make any expressions. He just nodded in a normal look, and then Followed Catherine and left.

"Lu Xiu tells you to go over, what will happen?"

"I don't know about this. He is a high-ranking city lord. He decides everything alone. I don't know what his purpose is for calling me in the past." Li Tian glanced at Catherine next to him and said

with some worry : "I can only find out what is thinking in his head after I get better, and after I see Lu Xiu."

"You have now become a veritable one of the ten rookies, and you may already be famous in Luoyang, and no one will come to challenge you without a long eye. I think you should take a good rest during the next period of time. For a while, practice hard and meet the next challenge."

"By the way, don't forget to take out the money we won. I will also rely on these things to buy some charms to increase my combat effectiveness in the game." Li Tian thought for a while. A few spells were used in the battle. At this rate of consumption, it may consume more in the game. It is better to reserve more to deal with various battles.

#### Chapter 5299: Night talk

"Speaking of this, I just know why you looked mysterious and mysterious before. It turns out that you secretly ran to get these charms. It is really unexpected that you would use the charms in battle." Catherine looked at Li Tian and kindly advised: "We are immortals. It is better to use our own power. Although the power of spells is also very good, it is only when the bounty is dealing with some difficult situations. You will be forced to use spells, and you will slowly adapt yourself to the battle with the spells. When you lose the help of the spells, it may have a great impact on your combat effectiveness."

"I also know this, but at the moment, I am still at a loss. I don't know how to tell you some things, but charms are an indispensable tool for me at the moment. Even knowing this may not be good for me. But I can only use it like this, but thank you for your reminder, I will pay attention to it in the future." Li Tian smiled, he didn't even know what happened when his body was soaring up. The change, but the result today has made him feel some surprises.

At the last juncture, Hong Zhan seemed to get his own feelings, and he had completely brought himself into another realm.

Then he learned this trick to go west in a daze.

When the name of this move appeared in his mind, this sword move was completely imprinted in Li Tian's mind and could not be replaced. He didn't know what was going on, but he knew it could only be the strange change that happened after I ascended, and maybe it had some connection with these babies on my body.

Thinking of this, he subconsciously wanted to see how the ancient scroll was going.

So hurriedly returned to the City Lord's Mansion with Catherine.

He said that he was locked in the room, and after confirming that there was no one around, he took out the ancient scroll.

Sure enough, there have been some changes on the ancient scroll.

The originally empty scrolls now have some strange runes, which look like symbols. These runes are carved on the corners of the scrolls, and to the center of the scrolls, it is a look. It looks like a maze-like line drawing, but this is only a part of it. The remaining line drawings of the maze are obviously on other ancient scrolls.

Li Tian stared at his eyes and exhaled deeply: "This thing is very likely a treasure map, but this ancient scroll had no words or pictures before, so why did he learn to go west with a sword? After this trick, all the things on it have surfaced. What kind of secrets are hidden on this mysterious ancient scroll?"

He struggled for a long time and didn't really think of any reason, but one thing was certain.

The sword move like going to the west with one sword is definitely very terrifying. Even the public defeat after the sacrifice was easily defeated. It is conceivable that if Li Tian can truly show this move perfectly, his future strength It must be terrible.

Thinking of this, Li Tian started to get excited.

After coming to the God Realm, what he has always worried about is that he does not have the appropriate technique in his hand, nor does he possess powerful combat skills. Facing these powerhouses in the God Realm, combat skills are obviously extremely important.

But now he is not so worried anymore. Intuition tells him that there must be a big secret in the transformation of Hong Zhan. As his strength improves, he can undo this secret bit by bit, and in the process that follows him , There will be no shortage of powerful combat skills.

As a result, he began to practice frantically.

This practice is directly at night.

This process is very long, but for Li Tian it is like a momentary thing. Others' cultivation is very slow, but Li Tian's cultivation is a bit astonishing. It seems that the abilities in his body have not been completely transformed. Therefore, at this stage, Li Tian's cultivation speed is much faster than others, but how long this process lasts is unknown.

Taking a look at the time, it was almost time to see what kind of medicine Lu Xiu's gourd sold you.

Thinking about it, Li Tian pushed the door and walked outside. He glanced at a guard who came to the door of his room and said, "I want to see the city lord."

"Please come with me." The guards also heard about the strength that Li Tian showed today. To the strong, they have always shown their respect as much as possible, so at this time they are considered to be a lot more polite, smiling. Leaving with Li Tian.

Following the guard, he passed many trails.

Soon, he came to the door of an attic.

"The Lord of the City is reading the book inside. If you have anything, you can go in." The guard said politely.

Li Tian nodded, then pushed the door directly into the attic.

Fortunately, I don't know how many bookcases are placed in the entire attic, and these bookcases are all densely packed with books. Visually, there may be tens of thousands of books. At this time, Lu is next to a table on the corner of the first floor. The amendment sat there with a book in his hand and read with gusto. After hearing the sound, he did not raise his head, but said indifferently: "I liked reading when I was very young. Even now, this habit has never happened. Any changes."

"The Lord of the City still does not forget to learn when he is in a high position. It is an example that we need to respect and learn." Li Tian praised, and felt very disgusting at the same time, but who said that he is not as good as Lu Xiu now, can only borrow this method Let the guy in front of him have a little bit of affection for him.

"You don't need to praise me here anymore. I called you today to ask something, and there is a small trouble that needs your help." Lu Xiu closed the book and looked at Li Tian with a smile. : "I thought you might need more time to fully recover to your peak state, but it seems that I have been thinking about it. Your recovery speed is faster than I thought."

"Perhaps because of my frequent injuries, so the body recovers relatively quickly." Li Tian smiled, looked at Lu Xiu's eyes, and asked calmly; "My Lord, you want to get from me What kind of news do you get here?"

"Do you know what the strongest of the Nether Realm is?"

"I know this. There probably isn't anyone in the entire God Realm who doesn't know about this." Li Tian smiled and nodded, still looking at Lu Xiu's eyes without any movement.

## Chapter 5300

Lu Xiu was silent for a moment. He looked at Li Tian, trying very hard to find the emotion he wanted from the eyes of the young man in front of him. It was a pity that Li Tian was like a wooden person, and wanted to learn from it. It's impossible to see any clues in the guy's eyes.

The chat between the two fell into a short silence.

Li Tian looked at Lu Xiu, but Lu Xiu just lowered his head and didn't know what he was thinking about.

"Some time ago, we found a strongest in the lower realm here. Very few people know about this. The performance you gave me today is indeed very like a strongest in the lower realm." Lu Xiu pretended to be calm. Sitting down, tapping the table top with his fingers, while looking at Li Tian with a smile: "Those who can show such strength, I think only those so-called underworld strongest can have such a level."

"The Lord of the City praised me like this, making me wonder how to answer you, but the strongest in the lower realm must not be as weak as me. Their strength must be above me." Li Tian calmly responded. There was no flaw in his answer, and the expression on his face didn't reveal anything, as if he didn't know anything about it.

But his heart is already very anxious now. He doesn't know if Lu Xiu has his portrait in his hands.

If there were any, they might have known who they were a long time ago.

However, the time has not been long since I appeared in the small town until something like that happened later. I believe that even if Zhang Yang told them his information, it is obvious that he wants them to get all the information about himself in a short time. It was unrealistic, so his heart was just a little nervous, and he believed that the people in front of him really did not know who he was.

If Lu Xiu knew, it might not be so easy to talk to himself now.

"You really feel like a strongest from the lower realm. Especially your appearance, including other places, makes me feel very strange. I am not saying that you are the strongest from the lower realm, but There are some doubts about why a talent like you appeared in a place like Luoyang City where birds don't shit, and where did you cultivate before, I felt a terrible killing air in your body." Lu Xiu squinted his eyes, with a smile on the corner of his mouth, sitting in his place like a smiling tiger.

Many thoughts flashed through Li Tian's mind in an instant, but they were summed up in a short moment.

"I was not here in Luoyang City a long time ago, but I came here to find a friend of mine. She is my only companion in the God Realm, but when we soared up long ago I just left. After that, I tried every means to find her in the main cities, and occasionally completed some tasks to make myself stronger."

Very common answer, and there is no way to find any clues from this answer.

Lu Xiu looked at a serious Li Tian and nodded: "I didn't expect you to have such a thing and never told us. Would you mind telling me the name of the person you want to find?"

"Situ Ningbing, if Lord City Lord can see such a person one day, I hope you can tell me where she is in time. I will definitely help you accomplish anything, as long as you help me find Situ Ningbing."

Seeing Li Tian's excitement from his heart, Lu Xiu actually has a lot of thoughts. A man who can be so excited because of a woman can imagine that the relationship between that woman and him must be extraordinary. If there is no such woman, Li Tian may have long since lost the idea of survival. This can also explain clearly why this guy is willing to do tasks that might even kill himself in order to find that woman.

Without that woman by his side, maybe Li Tian had no idea of continuing to survive.

Looking at the serious Li Tian in front of him, Lu Xiu shook his head.

"The area of the God Realm is still unclear to us. Although most people who have ascended to the God Realm will appear near the main city, there are also a small number of people who have been in a deserted area after ascending, even in Warcraft In the realm of the world, such a guy usually ends up badly." Lu Xiu looked at Li Tian and smiled; "But don't worry, the probability of that is very small. The city has set up a formation method that allows the powerful in the lower realm to fly up to the gods and be summoned near the main city. Most people are still within our control."

"This....."

"You don't need to worry too much. Since you can survive in this \*\*\*\* realm well, I believe that woman will not be very difficult, right? You two have a very good relationship, and your talents will naturally be the same. Yes, how many people who can ascend to the realm of the gods are truly incompetent?" Lu Xiu looked at Li Tian, who was still a little worried, so he stood up and took a picture of this young man. Shoulder, comfortingly said: "The God Realm is so big, you want to find someone here is simply looking for a needle in the sea. You performed a mission before, should you want to set up a mission in the guild?"

"That's right, my original idea was to publish a mission in the guild, and then I could have bounty from the entire God Realm help me complete this mission, but afterwards, I would like to

participate in the selection of Tianluo Sect. All of Tiancoins have been invested in purchasing resources for cultivation. I know that only with the support of a strong sect can I become stronger, and only when I become stronger can I better protect the people around me." Li Tian is firm. Unshakable, his tone was very firm, his palms were tightly clasped, and his eyes also showed excitement.

Lu Xiu looked at his eyes and sighed slightly: "It's a pity. I thought this kid might be the strongest in the lower realm. He didn't expect that he would still be such a love type, just want to be in this vast God Realm. Finding a woman among them is not so easy, I hope you can accomplish your goals. '

"My Lord City Lord, the purpose of your teaching me today is just to know if I am or not, that the legendary strongest in the lower realm is that simple?" Li Tian raised his head and asked.
