

A Killer 53

Chapter 53: Wolf mountain

The reason why he agreed to this girl at that time was because Li Tian didn't know the identity of this girl, but now? She is the daughter of the president of Down's enterprise, the daughter of her own boss and boss, and the security guard at the bottom of the company pretends to be someone's boyfriend? Isn't this holding a knife and putting it on your neck in search of death?

"What's the matter? What a fuss." Feifei said unhappily.

Li Tian said with embarrassment, "I said Miss Tang, are you ill?"

"You are sick." Feifei gave Li Tian a white look.

Li Tian continued: "If you are not sick, why have to ask me to be your fake boyfriend?"

"To be honest, sometimes I don't understand what you rich people are playing."

Feifei glared at Li Tian fiercely. How could she tell this guy everything about her baby?

"Don't talk nonsense, are you doing it or not?" Feifei said.

Li Tian frowned: "Don't do it."

"Well, if you don't do it, I will quit you now... I won't let you work here." Feifei said angrily.

"and many more....."

Li Tian shouted.

Feifei turned her head and looked at Li Tian with a smirk: "What's the matter? I regret it? No?"

Li Tian felt a sense of forcing a good for a prostitution, and nodded depressedly: "Well, people have taken you from you."

"Haha." Feifei laughed suddenly.

However, a certain man cursed Feifei 18,000 times in his heart.

"I want to ask you, why let me pretend to be your fake boyfriend? Is it because I am innocent? Or because I am handsome?" Li Tian said to Na Feifei with a smile.

Feifei giggled and said, "Because you are innocent."

"Fuck." Li Tian cursed secretly.

"Get in the car." Na Feifei said as she walked towards the gorgeous red LotusCars parked over there.

Li Tian was stunned. He had seen such a beautiful sports car there. He looked at the red-haired sports car and said, "Let me get in the car?"

"Sister, am I at work?" Li Tiandao said.

"I approve you to rest today." Feifei said with a smile.

"So wages are not allowed?" someone said.

Feifei was too lazy to talk to that poor ghost, and had already stepped forward.

Then Li Tian was very boring to stand guard. Feifei wanted him to ride in the car at the moment. Of course, she was happy in her heart. He trot over and opened the car door and sat on it. How could Li Tian sit comfortably.

The soft rubber and the freely stretchable seat made Li Tian stunned.

How much does this car cost? Li Tian couldn't help muttering in his heart.

"The surname is Li, I can tell you that since my father bought this car for me, no one has ever sat in except me. You are the first one," Feifei said.

"Really? I'm so honored." Li Tian said.

"Sit down."

After the words were finished, Feifei stepped on the accelerator, and then the steering wheel quickly twisted, and LotusCars swung over with a domineering U-turn.

Li Tian, who was sitting in the car, slanted slightly, looking at Feifei, and couldn't help but lining up: Wow, this girl's driving skills are really sturdy.

The beautiful red LotusCars driving on the bustling streets of Kyoto City, undoubtedly a red-haired leopard, coupled with Feifei's superb car skills, this LotusCars shuttles through the steel jungle like a beast.

It is the first time that Li Tian, who has gotten into this luxury car, has experienced the feeling of riding through the wind.

Looking at the city of Kyoto, which is full of ***** and vanity fairs, a feeling of enthusiasm came out of Li Tian's heart.

"Girl, where are we going?" Li Tian, who was sitting in the back of the car, asked Feifei in front.

Feifei didn't turn around and said, "You'll know later."

Li Tian did not continue to ask, sitting in the car and watching the scenery along the road.

LotusCars quickly drove towards the outskirts of the city.

After arriving on the highway on the outskirts of the city, Feifei turned to the famous Langshan on the right.

Wolf Mountain is a famous mountain in Kyoto City. The mountain is very dangerous and high. A winding mountain road like a long snake leads directly to the top of Wolf Mountain. At this moment, Feifei is driving this beautiful red LotusCars towards Wolf Mountain. Drive away quickly.

Sitting in the car, Li Tian was wondering why this girl suddenly drove the car to climb the mountain. Suddenly her eyes lit up, and she saw that she was lined up on a flat green ground halfway up the Langshan Mountain. There are more than 20 cars parked.

Those cars are all modified sports cars. The front is a modified sports car with a gray line and an invisible brand. There are two heavy subwoofers on it, and the best songs are playing inside.

There are so many men and women in front of the car, there are hundreds of people in the blink of an eye.

They danced, drank beer, and embraced with the irregular music there...like indulging in such a depraved atmosphere.

The few exposed women in front were plump and about to burst, twisting their hips and dancing in the middle, while the weirdly dressed men on the periphery were shouting there.

Who can imagine that half of the mountainside of this wolf mountain turned out to be a paradise on earth.

Li Tian was dumbfounded, especially when he looked at some of the girls who were extremely exposed and kissed in the crowd, he couldn't help swallowing deeply.

"Hey, what the **** is this?"

Li Tian sighed secretly.

Feifei, whose car stopped on the hillside of Wolf Mountain, turned her head with a smile and said to Li Tiandao: "This is a paradise for motorcyclists, how about it? Is it fun?"

"Motor racing!"

"No wonder these are modified sports cars."

Li Tian said in surprise.

After getting out of the car following Feifei in front of him, Li Tian looked at the crowd.

These people are different from anyone they have come into contact with before. They are crazy, they are looking for excitement, and most importantly, they are all rich owners. Looking at them, Li Tian frowned slightly.

When Feifei came, most of those drag racing people seemed to be very familiar with her, and greeted her.

"Miss Tang is here."

"Miss is here..."

Feifei waved at them and laughed, but Li Tian was slightly shocked. He didn't expect this girl to have such a heavy weight in the hearts of this racing clan.
