

## A Killer 531

Chapter 531: Sneak attack

"What is that weirdo talking to himself over there?"

"Why is it like a person suddenly changed?" Old Monster Ge asked with a depressed face.

Chen Qiaozhi, who was next to him, furrowed his brows deeply. He was also looking at the scene in surprise, and couldn't help but secretly lined up: How did he change so much? How could he look so strange for a moment, who was still full of murderous aura just now? Could it be that he saw something... Could it be that he had any connection with Li Tian?

"No matter how much his mother has... this monster has such a high skill and so vicious swordsmanship, it is best for us to kill him together." Tang Xiaolong said angrily.

Tang Xiaolong, who had been defeated alive just now, was extremely discouraged. He could not wait to fix that Dugu Xie fiercely now, but helplessly, he was really not an opponent of others, and he couldn't defeat them with his power.

Chen Qiaozhi and Old Monster Ge next to him did not take care of this reckless guy.

But seeing Li Tian over there frowned and looked at the strange expression Duguxie in front of him.

"Why didn't he kill me?"

"Why is the expression so strange? And he is still staring at the jade pendant on my neck?"

Li Tian stayed there, staring at the Duguxie in front of him unblinking.

"What do you mean by what you just said?"

"Why don't you kill me?" Li Tian asked suddenly, he wanted to know the truth right now.

But Duguxie in front of him seemed unwilling to tell him the truth.

He slowly raised the eyes that radiated light, took a look at Li Tian, and then the three-foot bronze sword in his hand was thrust into the sword like a sheath.

After the bronze sword was sheathed, there was a whine of "cang".

It seemed that the unsheathed bronze sword didn't kill people, didn't see blood, and felt very upset.

That's right, Duguxie's sword is a spiritual sword, a sword that can see blood as long as it is out of the sheath...So this time his sword felt very "wrong" after being sheathed.

After the bronze sword was sheathed, he saw that Duguxie raised his eyes and looked at Li Tian in front of him: "There are some things, you better not know now."

Li Tian couldn't help being taken aback when he heard Duguxie say this.

I couldn't help thinking to myself: "What is he hiding from himself? Why does he say that?"

"Who are you?" Li Tian couldn't help asking curiously.

"Done, lonely, evil!"

The three characters came out slowly from his mouth.

"He is the evil sword... Duguxie?" When Duguxie said his name, Old Monster Ge suddenly said with shock on his face.

Chen Qiaozhi in front of him was also slightly startled, and he muttered: Duguxie...Duguxie...Is he known as the number one swordsman in France...

Listening to Old Monster Ge and Tang Xiaolong who Chen Qiaozhi said so, they said depressedly: "Duguxie? Is it awesome?"

"Can a fierce man who was once known as a swordsman, a dugu evil sword, and a ruthless man who once served as his most powerful fighter under the evil god?" Old monster Ge stared at Tang Xiaolong and said. .

Tang Xiaolong was unconvinced and murmured in his mouth: "Who the \*\*\*\* knows so much...what the evil \*\*\*\* is, I don't know..."

"No wonder he is so powerful!" Chen Qiaozhi said with a soft sigh.

I saw Li Tian and Duguxie over there still standing face to face.

"You take them and leave here quickly...If you don't leave again, the Yuwen family will arrest you right away." I heard Du Guxie suddenly staring at Li Tianzai in front of him.

Li Tian was taken aback when he heard Duguxie say this.

"You let us go?" Li Tian asked in surprise.

"Yeah." Duguxie snorted from his mouth.

"why?"

"Not why." Duguxie replied coldly,

"But what if I have to go in today?" Li Tian asked again.

"You don't think so, because I believe you are definitely not a fool." Duguxie said.

The talking Duguxie seemed unwilling to speak any more, and continued to sit on the ground coldly, guarding the secret room behind.

It seems that Duguxie is determined to guard the secret room today.

Li Tian is indeed not a fool, anyone can see that Duguxie let them go on purpose just now...If Li Tian and the others insisted on going in, they would undoubtedly seek their own death.

Therefore, Li Tian can only helpless at this moment.

They couldn't beat the Duguxie in front of them...His swordsmanship was really amazing.

But Li Tian, are they really going back? Don't go to the secret room anymore?

But seeing Li Tian slowly turned his head and looked at the brothers, his face showed a sense of helplessness.

Situ Ningbing here looked at his lover with comforting eyes, and Tang Xiaolong also had a sad expression on his face.

Only the old monster Ge and Chen Qiaozhi had bright eyes... The two suddenly looked at each other as if they were in good agreement, and then they had not waited until Li Tian figured out what happened.

Suddenly, Old Monster Ge suddenly took out something wrapped in coarse paper from his dusty cloth pocket... and threw it at that Duguxie.

Facing the sudden change, Li Tian was taken aback.

But seeing Duguxie sitting quietly on the ground over there, a cold smile suddenly appeared at the corner of his mouth.

"Small bugs!"

Then he didn't even stand up, and directly used the unsheathed sword to block the thing...

Just when his sword touched the bag of things, there was a sudden puff, the bag of things actually exploded, and then the white powder covered Duguxie's whole body like rain.

Du Guxie was shocked!

The body jumped up from the ground and backed quickly... but no matter how fast he was... the white powder was still inhaled into his nose for an instant.

Then Duguxie became angry... his whole body was completely murderous in an instant.

With a sound of a "cang" dragon, the three-foot bronze sword in his hand was suddenly pulled out.

"Dare to attack me?" Duguxie said furiously.

Facing the murderous Duguxie, Li Tian couldn't help but stunned, and said to himself: What are old monster Ge and Qiaozhi doing? Why would you want to annoy this Duguxie at this time?

Look at the old monster Ge who attacked Duguxie just now, with a smirk on his face...

"Nonsense, my old man won't attack you, how come into the secret room today!"

"You are looking for death!" Duguxie was furious.

Suddenly preparing to lift the sword and rush to kill the old monster Ge's Duguxie, but when he suddenly got enough energy, he suddenly found that he was weak... and even the strength to hold the sword in his hand was almost gone.

Faced with such a shocking change, Du Guxie was suddenly shocked.

"you....."

"you....."

When Duguxie said the second "you", the scene in front of Duguxie suddenly began to slowly blur...Even his footsteps began to become frivolous...Then the three-foot bronze sword in his hand fell to the ground.

Chapter 532: Cthulhu story

After swaying for more than ten seconds, the whole person finally fell to the ground with a plop.

Gosh?

What happened to him?

Li Tian stared at this scene in horror, blinking at the old monster Ge with a smirk on his face.

"You fainted him with... medicine?" Li Tian asked, looking at Old Monster Ge and Chen Qiaozhi in disbelief;

But seeing Ge Laojia suddenly laughed.

"Hey, of course, this Duguxie is extremely powerful...If I don't have to be drugged to stun him, I'm afraid, let's not think of going into this secret room alone today." Old Ge said strangely.

It turned out that the old monster Ge just threw a packet of drugs.

He knew that Duguxie was arrogant in nature and looked down upon the so-called "hidden weapon", so he would definitely not put it in his eyes.

And Old Monster Ge just used Duguxie's arrogant heart and used his unique secret "Scattered Flower Medicine Powder."

This "scattered flower medicine" as long as it touches and is sucked into the body, it will faint the opponent in a very short time...The medicine is so powerful that it used to be used by Old Monster Ge to stun elephants in Myanmar. Something...Unexpectedly, it was used to stun Duguxie today.

Duguxie is also unlucky. General drug users can't stun him in a short period of time. So when Duguxie saw the white powder, he didn't pay much attention to it, but what I never expected was this mystery. The power of medicine is so great!

Just think: how powerful is the power of a drug that can faint an elephant...

"Fuck me, old monster, you really are there."

Tang Xiaolong jumped up excitedly.

Old Monster Ge laughed and said: "For this kind of perverted character, you can only use this kind of crooked way."

"Yes, yes! This guy is really abnormal." Tang Xiaolong said there too.

"It's much better to fascinate him... we can easily break into the secret room of the Yuwen family."

Listening to what the brothers said, Li Tian felt 8 points happy and 2 points worried.

He couldn't help walking over slowly, looking at the dazed Duguxie on the ground... slightly turned his head and looked at Old Monster Ge and said: "He should be okay? Is he just in a coma?"

Old Monster Ge nodded there and said, "Well! If the power of this medicine fascinates the average person, at least it will make him sleep for three days and three nights, but if it fascinates a strong man like Duguxie, there are probably only a few. The hour's time may be shorter."

Li Tian couldn't help but relieved when he heard Old Monster Ge just said that he was fainted by the Duguxie in front of him.

It seemed that he was worried about Duguxie's safety.

"Little boss, this perverted swordsmanship is so powerful...I think it's better to give him a while when he is fainted, and let him go to \*\*\*\* comfortably... save us worry later."

Listening to Tang Xiaolong saying that he would take advantage of Duguxie's coma to get rid of Duguxie, Li Tian's face became ugly and he turned his head and said coldly, "Don't hurt him."

"He didn't hit us cruelly, why should we harm him?"

Hearing Li Tian's words, Tang Xiaolong couldn't help but said with an awkward expression: "Well..."

"Let's take advantage of his unconsciousness and go to the secret room as soon as possible." But see Chen Qiaozhi over there saying.

"Yeah." Li Tian nodded.

So just like that, the brothers fainted the evil sword of that generation: Duguxie.

When Li Tian was about to leave, he couldn't help taking a few more glances at the Duguxie lying on the ground...to tell the truth there was still a slight regret in his heart.

The secret he wanted to know just ended without a disease.

Originally, Li Tian wanted to ask why Duguxie suddenly stopped not killing himself? And also asked his own surname... But facing the current major events, it seems that Li Tian can only put temporary things aside.

After taking the brothers around the Duguxie who had fainted on the ground, they quickly walked towards the secret room in front.

"To be honest, this trip to the Yuwen family, I never expected to encounter one of the rising hegemony like Duguxie!!" Chen Qiaozhi said in horror as he walked in front.

"Yeah, I was also quite surprised."

"This guy has disappeared with the Cthulhu 20 years ago... I didn't expect to hide in the Yuwen family... and also do things for the Yuwen family!!"

"A powerful character like him shouldn't be wronged to work in the Yuwen family." Chen Qiaozhi continued.

"I think so too.....!"

"Although the Yuwen family is one of the four major families, it is well-known in the country, but the identity of Duguxie far surpasses the Yuwen family! Moreover, the Cthulhu back then was the overlord of the first generation... How about Duguxie, the first warlord of the evil \*\*\*\* May be wronged to be a subordinate of Yuwen family? I really don't understand." Old Monster Ge also said in surprise.

Listening to the old monster Ge and Chen Qiaozhi talking here: Duguxie, and an evil god, Li Tian couldn't help frowning slightly.

I couldn't help but be curious and asked, "What are you talking about?"

"What is the origin of Duguxie?"

To be honest, Li Tian is also more and more curious about the origin of that Duguxie.

But listening to the old monster Ge in front of him, he glanced at Li Tiandao and said: "Well, at your age, you really don't know the situation of the world... You should be really not sure about many things."

"These are the past events of more than 20 years ago." Chen Qiaozhi suddenly said with his eyes far away.

Li Tian couldn't help but blinked his eyes and asked, "What the \*\*\*\* is it? Tell me about Duguxie."

Chen Qiaozhi smiled and said: "Let's talk about the old monster... He knows these things best."

Hearing what Chen Qiaozhi said, Li Tian raised his eyes and looked at Old Monster Ge on the side.

But seeing the old monster Ge over there blinked his eyes slightly and then said slightly: "I really want to hear the past 20 years ago?"

Tang Xiaolong said on the side: "Wipe, just say it, don't you have so many curvy hairs?"

Old Monster Ge touched his mouth with his hand, and then slowly said, "Okay, okay, my old man will tell you about a few legendary figures from 20 years ago."

"If you talk about one of the legends 20 years ago, you must talk about the evil god!" When Old Monster Ge mentioned the word for evil god, his eyes lit up.

"Cthulhu?" Li Tian was slightly startled when Old Monster Ge said so.

But seeing Old Monster Ge nodded slightly.

"This man has a legendary life... His life is rich and colorful, and it can be said that no one has surpassed him so far!" Old Monster Ge said, and his tone revealed his respect for the evil god. .

"Is that so awesome?" Tang Xiaolong said slightly unconvinced.

Old Monster Ge went up and glared at him.

"You know what a shit!"

"Little dragon, don't interrupt." Chen Qiaozhi next to him said harshly.

Chapter 533: I hero

Tang Xiaolong originally wanted to quarrel with Old Monster Na Ge again, but after hearing Chen Qiaozhi's words, he could only shut his mouth.

Old Monster Nage then continued: "The Heretic God is a world overlord who rose from a grassroots...No one knows what kind of strange opportunities he has in his life, and no one knows how brilliant his life is. The only thing everyone knows is. It is the evil \*\*\*\* that swept the domestic underworld with a sword for his lover, and traveled far to the west, broke into the Vatican Grand Vatican alone, and severely damaged the king of the nine cardinals of the Pope!"

"In the West, people call the evil \*\*\*\* the messenger of Satan, and people in the country call him the evil god."

Hearing what Old Monster Ge said in front of him, Li Tian was completely shocked.

A fierce man who swept across the country with one sword, and a fierce man who broke through the Vatican alone and severely injured the nine cardinals under the Pope, what kind of legend is it? Li Tian doesn't understand!

However, the word Cthulhu was deeply imprinted in his mind, and it became a dream he had surpassed in his entire life. Perhaps when Li Tian looked back on the past a few years later, he would find out why he would be so attracted to Cthulhu. Such attention, such worship.

"The Cthulhu was like a mythical place twenty years ago. Not only the domestic arena, but also the underground world in Europe feared him, because he was a moody person. He could bother his brothers or To die for the lover... he is such a great hero of love and justice."

Ge Lao said, his eyes showed longing.

"So now?"

"The Cthulhu is there now? Why is he rarely mentioned in the country?" Li Tian couldn't help asking a crucial question.

After he asked, Old Monster Ge's face suddenly became ugly.

His whole expression also became silent.

"Because of him, he suddenly disappeared twenty years ago." Old Monster Ge said with a heavy sigh.

"Disappear?" When Li Tian heard the word disappear, he couldn't help being stunned.

"How can such a powerful person and such a famous person disappear for no reason?" Li Tian couldn't help but asked with curiosity.

"He disappeared precisely because he was so famous." Old Monster Ge said suddenly.

"What do you mean?" Li Tian asked.

"Because he is famous, he will naturally have trouble, and if he has trouble, he will naturally solve the trouble, so he has offended many, many people, but for the evil god, he is not afraid! It is not only because he really He has extremely terrifying strength, and also because he has a group of heartfelt brothers who are extremely perverted in force...Duguxie is one of them!"

"When the evil \*\*\*\* came to the west with a sword to kill the Vatican Holy See, he once said such a worldly rhetoric, he said: If a man deceives him, he will kill, and if the sky destroys him, he will destroy the sky."

Hearing what Old Monster Ge said, even Tang Xiaolong next to him was completely shocked.

"So crazy! So fierce!"

Li Tian also looked excited.

"But, after all, the Cthulhu has offended too many people, hey...Those who were surrendered by him, although one by one surrendered to him on the surface and called him brothers, they were secretly thinking of all means to harm him. "When Old Monster Ge said this, his face was full of anger.

"Why is this? Why is he not defensive at all?" Li Tian asked in surprise.

"Hey! This is also where Cthulhu's greatest weakness lies in his life."

"He has been too empathetic and righteous in his life, so the rest of his life is destined to be miserable...Although he is a legend in his life, it is hard to think of a sinister heart!"

"So the Cthulhu is dead?" Li Tian didn't know why when he heard the Cthulhu's death, his heart suddenly couldn't help but hurt.

But seeing Old Monster Ge shook his head slightly.

"Do not!"

"No one knows whether Cthulhu is dead or alive, and no one knows why Cthulhu suddenly disappeared... Even Cthulhu's closest brother and closest friend did not know where Cthulhu went, but everyone is the only one. What I know is that the evil \*\*\*\* has never appeared again for so many years."

"For this reason, the underworld rivers and lakes started chaos in an instant twenty years ago... At the same time, there are many rumors circulating on the road... Some people say that the evil \*\*\*\* was killed by people... The body was thrown into the river, some people said that the evil \*\*\*\* He has retired... He killed too much in his life, so he retired, and some people said that the evil \*\*\*\* was prepared to be incognito because he fell in love with a woman who shouldn't love... Some even said that the evil \*\*\*\* was alone in the Vatican church. It was killed by the most elite killer sent by the pope in the West... There are so many legends about him that people don't know to believe that, but there is only one thing that can explain that generation. The legendary characters really disappeared somehow."

Listening to Old Monster Ge said this, Li Tian suddenly fell into confusion. His eyes were looking at a distant place, as if he had returned to the time when he was 20 years ago, watching all those people talking in horror about the disappearance of the evil god. thing.....

"That means that no one knows whether the evil \*\*\*\* is dead or alive?" Li Tian suddenly said in a somewhat excited voice.

Old Monster Ge frowned slightly.

"According to the truth, it should be so."

"But judging from the current state, the evil \*\*\*\* should have already passed away!"

Li Tian: "Why do you say that?"

"Because Duguxie!" Old Monster Ge said slowly.

"Duguxie?" Li Tian looked at Old Monster Ge suspiciously.

Old Monster Ge continued to preach: "Yes, it is because of Duguxie."

"Do you know who Duguxie belongs to the Cthulhu?" Old Monster Ge suddenly asked.

Li Tian shook his head, saying that he didn't know.

But when I heard the old Na Ge said, "Duguxie is the best brother of Cthulhu, and the first of the four heavenly kings under Cthulhu! Duguxie!"

Hearing Elder Ge said that, Tang Xiaolong said silently: "No wonder that guy's swordsmanship is so terrifying... No wonder that guy's power is so terrible!!"

"I think the evil \*\*\*\* came to the west with a sword and killed the Pope of the Vatican. Duguxie was the first one. An evil sword once scared and shocked many foreigners with high noses!"

"Although he and Cthulhu are not biological brothers, they are closer to each other than his biological brothers. It is said that Duguxie's evil sword swordsmanship was personally ordered by the Cthulhu God back then, so his swordsmanship is so perfect."

"Now think about it again, Duguxie went to the Yuwen family alone and became a subordinate... Then you can think about the Cthulhu? If the Cthulhu is still alive, how can Duguxie be willing to be a subordinate in a Yuwen family?"

Hearing Old Monster Ge said so, Li Tian was at a loss.

Yes, Old Monster Ge did a good analysis. If the Cthulhu is really alive, then as one of his best brothers, how could he leave him?

Chapter 534: Mysterious relationship

Could it be that the strange man of the first generation is really dead?

Li Tian couldn't believe that this was true. I don't know why. He was 20 years away from the evil god, but now suddenly he heard the news of the evil god's death, his heart was so painful.

"Hey, what a pity!"

"Such a strange person, Li Tian has no chance to see him in my life." Li Tian said regretfully.

Old Monster Ge also sighed there and said: "Don't be a pity...My old man, to be honest, it's been a pity that he hasn't seen the evil \*\*\*\* for almost half his life."

Listening to him, Chen Qiaozhi smiled slightly there.

"It happened many years ago. I didn't think you were still talking about it. You really belong to you."

Li Tian also turned his head with a faint smile.

"Forget it, let's not talk about them, let's go to the secret room as soon as possible."

So Li Tian stopped thinking about that generation of strange people and evil gods, and took the brothers in front of him to find the secret room of the Yuwen family.

And Li Tian knew from this moment that his life would suddenly undergo such a big change.

He knew that the legendary figure 20 years ago would have such a great influence on his future generations... Maybe he only knew who he was after the real fog was lifted? And who is the evil \*\*\*\* who was hailed as a legend twenty years ago?

All in all, the follow-up will naturally be revealed!

After fainting that Duguxie, Li Tian took the brothers in front of him to prepare to find the Yuwen family's secret room.

"Little boss, we have come along this way, but we have experienced a lot of weird things. Would you say that the secret room will be more exciting?" Tang Xiaolong said with a smile while walking in front.

Li Tian smiled faintly: "I don't want the secret room to be too exciting, I just hope that after we get the Xuanyuan sword in peace, and then leave here quietly."

"I think so too." Old Monster Ge also muttered.

"Wipe, you guys, just don't have any adventurous spirit." Tang Xiaolong said with a smile.

"Laugh at your sister, you have an adventurous spirit. Who was so scared that he didn't even dare to say big words in front of Duguxie?" Old Monster Ge said contemptuously at Tang Xiaolong.

Tang Xiaolong was dissatisfied and said, "Why didn't I say anything, I tell you the old monster, if it wasn't for the little boss just now, I would have to fight that Duguxie for three hundred rounds."

"Stop bragging!"

"As far as my old man sees it, you are lucky to be able to perform fifty moves under Duguxie." Old Monster Ge told the truth.

Tang Xiaolong suddenly became embarrassed.

To be honest, Tang Xiaolong did not make many moves just now before being defeated by that Duguxie.

At this moment, he couldn't help but feel a little depressed, but he still replied, "Even if I lose, what will happen... Grandma, who can imagine that he is the Duguxie Sword!"

Tang Xiaolong and Old Monster Na Ge started quarreling like that.

Li Tian here is walking quietly with Situ Ningbing.

"Li Tian." Situ Ningbing in front of him suddenly looked at him affectionately and called his name.

Li Tian turned his head slightly, glanced at Situ Ningbing in front of him, smiled and said, "What's wrong, Ningbing?"

"Are you okay?" Situ Ningbing looked at his throat, and suddenly stretched out his slender hand to touch a scratch on his throat tube.

Just now, Li Tian was hurt by the tip of Duguxie's sword...Although Duguxie's sword did not pierce Li Tian's throat, the sharp sword aura still made his throat look red...

Li Tian smiled and gently held Situ Ningbing's little hand and said, "I'm fine."

When Li Tian said that he was okay, Situ Ningbing was relieved.

But her pair of beautiful eyes stared at the half crystal jade pendant on Li Tian's neck.

"Li Tian, what is this?" Situ Ningbing suddenly asked curiously.

Li Tian smiled bitterly when Situ Ningbing asked.

"This is the only thing my parents left for me!"

"I was abandoned by my parents since I was a child, and then thrown outside an orphanage in Liaocheng... At that time, they left nothing. The only thing left was this half of the jade pendant, so I kept wearing it." Li Tian said lightly.

Hearing Li Tian's words, Situ Ningbing couldn't help feeling a little sad, and tightly held Li Tian's hand.

"Sorry....."

Li Tian smiled slightly: "Fool, I'm used to it."

"To be honest, for so many years, sometimes I am thinking about why my parents abandoned me in Liaocheng... But I can't figure it out after thinking about it... Maybe, my parents don't like me that much." Li The sky said slightly.

Listening to Li Tian's words, Situ Ningbing clenched Li Tian's palm and said, "Don't say that!"

"I believe there is no reason for parents in the world to dislike their children... Although I don't know why your parents do this, I think they should have their reason for doing this..."

Li Tian said, "Hope..."

"I don't know what they look like, or who their last name or first name is. Maybe they are dead, maybe they are still alive, but no matter what, they really don't matter to me." Said that with resentment.

To be honest, Li Tian resented the fact that his parents abandoned him.

If you let him know who his parents are now, he will definitely treat him coldly! And he will ask, why did you abandon yourself back then? Abandoned a child who was only a few months old in such a small county in such a remote country? How can they be so vicious?

There is no doubt that Li Tian now has a cruel heart towards his parents.

"Li Tian, did you notice that Duguxie didn't attack you?" Situ Ningbing asked suddenly.

Hearing Situ Ningbing's words, Li Tian suddenly woke up.

Yes, I have been wondering just now, why did Duguxie suddenly give me a hand? If his sword stabs forward more than half a centimeter, then he will die.

But just for that tiny distance, why didn't he kill himself? "

"I don't know if you noticed it? When Duguxie's eyes saw the fast jade pendant on your neck, his expression changed a lot." Situ Ningbing said.

How could Li Tian not know?

He also said with a horrified face: "You are right, but I actually noticed it."

"But I don't understand. When I asked him, he said, now is not the time to tell me." Li Tian recalled the words of Duguxie at that time.

Situ Ningbing, who was next to him, frowned slightly.

"You just said that this half of your jade pendant is the only thing your parents left for you... and that Duguxie suddenly stopped killing you when he saw this move. According to my guess, I guess that Duguxie might have a great connection with your parents." Situ Ningbing said cleverly.

## Chapter 535: Universe Array

Li Tian nodded silently.

Of course he knew this. In fact, Li Tian thought of this at the time, but he didn't dare to accept it.

He has not had parents for so many years. To tell the truth, Li Tian has seen the news of his parents indifferently. Moreover, he has a resentment towards his parents, so he has nothing to do with him.

So at this moment Li Tian just said slightly: "Maybe... Maybe that Duguxie has something to do with my parents."

"Aren't you excited? Since Duguxie knows your parents, then you are very likely to find them!" Situ Ningbing said.

Li Tian did smile silently.

"To be honest, I don't have such deep feelings for my parents. Since they could leave me cruelly back then, the effect of having my son and not having my son must be the same, so I think I recognize them. Or it doesn't matter if you don't recognize each other."

Hearing what Li Tian said, Situ Ningbing tried to persuade him, but Li Tian had already stubbornly taken steps, so Situ Ningbing could only sigh deeply.

She has no way to correct Li Tian's mentality now.

After all, Li Tian's parents really cruelly threw Li Tian, who was only a few months old, to that little Liaocheng... let him fend for himself!

Li Tian walked in the forefront, behind him were Situ Ningbing and the brother Tang Xiaolong.

Ah Qiu, Old Monster Ge and Chen Qiaozhi were walking there.

"Where is the secret room? Have you all gone so far?" Tang Xiaolong asked, turning his head to look at Chen Qiaozhi.

Chen Qiaozhi raised his eyes and looked ahead: "It should be almost here."

As he said, he kept walking forward.

After walking for another few minutes, I suddenly discovered that there was a huge cemetery in front of me, and most of the tombs were standing in front.

Looking at this weird scene, Li Tian and his brothers stood there in horror.

"How can there be such a huge cemetery?"

"Why isn't the secret room here?" Tang Xiaolong muttered depressed.

Li Tian also frowned at this moment, looking at the tombs in front of him, but he saw that these tombs were all similar in shape, and they were buried in desolate places. From the tombstone in

front of the tomb, you can see the burial of these tombs. They should all be senior figures in the Yuwen family...

Looking at these hundreds of tombstones, Li Tian turned his head and looked at Chen Qiaozhi over there and asked, "Qiaozhi, these tombs are not on the map of Yuwen family?"

At this moment, Chen Qiaozhi also held the gold-rimmed glasses on the bridge of his nose with his hand, and then shook his head depressed.

"According to the Yuwen family map, this should be the location of the secret room." Chen Qiaozhi said silently.

The old man next to him suddenly said, "Could it be that the Yuwen family's secret room is in this tomb?"

Listening to Elder Ge suddenly saying this, Li Tian's eyes lit up suddenly.

"Old Ge said very reasonable."

Old Monster Ge laughed, showing his big yellow teeth, waving his hands and saying: "My old man's biggest weakness in this life is being too smart! Hey..."

"You old monster, you will die if you don't brag!" Tang Xiaolong laughed aside.

"Fuck, I'm guilty of being honest!" Old Monster Ge replied.

"The truth is your sister!"

The two of them scolded again like they were living treasures.

Here, only Chen Qiaozhi was looking at this grave with his eyes, pacing and carefully pondering there. After watching him for a while, suddenly his sharp eyes radiated light, and suddenly his face turned his head to look over there with excitement. The old monster Ge, who was still smiling, said immediately: "Old monster, come and take a look. Look at the geographical trend of this grave. Is there something wrong with it?"

Listening to what Chen Qiaozhi said suddenly, the old monster Ge over there quickly walked over, squinting at the huge grave in front of him, looking left and right.

"Oh! It turned out to be like this!" Old Monster Ge said suddenly.

"What's wrong? Do you see why?" Tang Xiaolong ran over and asked.

"While you go...you are illiterate, even if you tell you, you don't know." Old Monster Ge looked at Tang Xiaolong with contempt.

"I \*\*\*\* you uncle." Tang Xiaolong said angrily.

Li Tian couldn't help but blinked his eyes carefully at the grave.

However, the tombs are arranged in order on the left and right, and the middle part is a half-shaped ellipse, and the outer part is also a half-shaped arc, and then the graves are lined up one by one.

Look, it looks like a gossip formation! !

When Li Tian suddenly found out, the old monster Ge over there already said loudly: "This Nima turns out to be a universe!"

"Yeah! I think so too." Chen Qiaozhi said in agreement.

Li Tian also walked over quickly at this moment: "The Universe Formation?"

"So, if you break through this universe, will you be able to find the secret room?" Li Tian asked excitedly.

"It should be." Old Monster Ge said there.

"Let me come!" The old monster Ge, who was talking, walked carefully toward the middle of the grave in front of him.

"Old monster, be careful!" Chen Qiaozhi said worriedly there.

Old Monster Ge turned his head and smiled and said, "Don't worry, my old man likes to do this kind of challenging things." Say it, and walked cautiously towards the grave.

Here, Chen Qiaozhi blinked his eyes and said slightly: "Do three links, kun six breaks; shake up the bowl, cover the bowl; leave the center empty, the ridge is full; meet the lack, the sundae breaks, good A gossip universe formation is worthy of the Yuwen family."

Listening to Chen Qiaozhi's mouth spitting terms that Li Tian didn't understand at all, he was a little confused.

But he could still feel that the universe formation in front of him was unusual.

"Generally, the gossip formation is difficult to decipher. The nine palace diagrams and the sixty-four phases are the most difficult formations in the ancient formations. This type of formation, if you are not careful, will stray into it and confuse people."

"Is the old Ge in danger?" Li Tian asked worriedly at the old monster Ge, who had already entered the gossip formation at the moment.

"Yes! And it's a great danger." Chen Qiaozhi told the truth.

"Don't look at us looking ordinary from the outside, but those who are deep in the formation will get confused... because once you enter the gossip formation, your mind will be brought into it, and chaos will be caused by chaos. , Because you are confused, you are confused." Chen Qiaozhi said seriously.

"Can you help Old Ge?" Li Tian asked.

"No!"

"Absolutely not!"

"If you don't understand the gossip formation, don't enter it. Once you go in, it's hard to get out. Although it seems to be such a big place, if you don't understand the gossip formation, once you go in, you will be delusional all your life. The Tao of Chen Qiao.

Chapter 536: Unraveling

Li Tian frowned slightly, and couldn't help thinking to himself, is it really so terrible? At this moment, I can't help but continue to look at Old Monster Ge.

But seeing the old monster Ge in the gossip formation, he walked with extreme caution step by step.

Every step he took seemed to be very careful.

When he suddenly stepped into the gossip: Xunfeng's position, he hurriedly retracted his steps, and at the same time cold sweat appeared on his forehead.

But Old Monster Ge, who was in the gossip, suddenly saw that the surrounding gossip formation suddenly began to move, and the otherwise ordinary tombs suddenly turned around him like they were spinning.

Old Monster Ge frowned tightly, with a cold sweat on his face, his eyes fixed on the gossip pattern that turned in front of him.

"Dry for the sky, the kun for the earth, the earthquake for thunder, and the sun for the wind, this is status..."

Old Monster Ge, who was muttering in his mouth, suddenly walked towards the "ground" on the right.

After he stepped over, the graves on the left suddenly stopped turning.

And the tombs on the other sides are still spinning fast.

"Heaven and earth are positioned, the mountains are ventilated, the thunder and the wind are thin, and the water and fire do not shoot together. This is the "fire" position."

After Old Monster Ge condensed his brows and looked at the sixty-four phases around him, he suddenly stepped into another "palace" position. After stepping into the "fire" position, several graves on the right front suddenly stopped.了转。 The rotation.

According to the order in front of him, Old Monster Na Ge gradually found the eight digits of heaven, earth, thunder, wind, water, fire, mountain, and Ze!

The moment he found out the last "Ze" position.

But seeing the original rotating gossip formation diagram, suddenly the previous calm was restored.

The whole piece of tomb stopped turning and became a circular pattern.

If you move the angle of view into the air, you will see that this gossip formation has completely become a huge circle.

The center of the circle is a separate tomb.

Looking at this weird scene, Li Tian, Tang Xiaolong and others were completely stunned.

"Sure enough to be Old Monster Ge!"

"It really cracked the gossip formation in front of me."

But seeing that Old Monster Ge had cracked the gossip formation in front of him, he finally wiped the sweat on his face with his hand and slowly walked out of the grave.

"Found the entrance!" A few words came out weakly from Old Monster Ge's mouth.

Li Tian looked at the tired old monster Ge and asked concerned: "Old Ge, are you okay?"

Old Monster Ge shook his head and said, "I'm fine, but I'm a little tired."

"Where is the entrance to the secret room?" Tang Xiaolong asked over there.

"I think it might be in the middle of the gossip formation." Old Monster Ge said, pointing to the independent grave in the middle.

"Can you go in now?" Li Tian couldn't help asking.

Old Monster Ge nodded and said, "It's okay, you can enter."

So Li Tian and Chen Qiaozhi couldn't help turning their heads to look at the independent grave in the middle.

"Go, go over and take a look."

Li Tian, who was talking, took the brother behind him and walked quickly towards the middle of the tomb.

When I reached the middle of the tomb, I saw that there was a blank tombstone on the separate tomb.

There is no word on the tombstone.

Looking at this weird tomb, the brothers were taken aback.

"How does this enter the secret room? Where is the secret room?"

"I do not know either."

Li Tian carefully looked at the tombstone in front of him, walked over slowly, and touched the tombstone in front of him with his hands.

The moment his finger touched the nameless tombstone, the entire tombstone suddenly began to roar like a hospital.

This shocked Li Tian and his brothers.

But seeing Li Tian quickly withdraw and retreat, the brothers, like him, retreat quickly, no one knows what happened to the tombstone?

But after seeing the tombstone rumbling all of a sudden, the ground around it suddenly began to crack, and then I saw circles of ground slowly cracking.

Then the tombstone began to descend like it was stuck in!

Li Tian and his brothers are staring at this scene with eyes widened in disbelief. Is this the legendary secret room?

After the ground subsidence appeared, it was not long before the entire unnamed tomb was seen sinking in.

An empty deep hole appeared in the middle.

Li Tian and Chen Qiaozhi's faces were speechless, and they looked at each other. After confirming that the sinking no longer occurred, they began to move forward step by step.

He walked to the front and blinked.

Gosh!

A deep black hole more than 2 meters wide is actually underground.

It was pitch black inside, and the breath emerging from the deep hole carried a flow of heat, as if the underground was a stove.

Looking at the dark hole in front of them, Li Tian and the others frowned.

"Is this the entrance to the secret room?"

"But how do you get in such a high deep hole? Besides, no one knows what's inside this deep hole!" The brothers in front of them frowned and said.

Li Tian thought for a while, picked up a palm-sized stone from a nearby place and said, "Let me see how deep this hole is."

As he spoke, he threw the stone in his hand into the dark hole.

After throwing it in, there was a bang after a few seconds.

Li Tian frowned slightly after hearing it: "Fortunately, it's not too deep," he said.

Of course the brothers in front of me understood, and said there, "Although it's not very deep, how do we get in?"

"It seems that I have to find some rope." Li Tiandao said.

"Well, Xiaolong, see if there are any ropes around." Chen Qiaozhi said there.

After Tang Xiaolong nodded, he quickly looked around.

Chen Qiaozhi and Old Monster Ge also started looking for the rope on the other side, and it seemed that they were going to use the rope to go down the deep hole in front of them.

After a while, I saw that the lying dragon came running over with a slender tree vine.

"There is no rope, I only found this." Tang Xiaolong in front of him said with a tree vine about 67 meters long. "

Li Tian glanced at it, and then stubbornly pulled at the firmness of the vine.

Fortunately, this vine is quite strong.

Should be able to withstand the weight of a person.

Chen Qiaozhi and Old Monster Ge had already walked over there at this time, shaking their heads and saying that they had not found the rope.

"I think I will use this." Li Tiandao said.

"It seems that this can only be done." Chen Qiaozhi said slightly.

"Little dragon, fasten the tree to the nearest tombstone!" Li Tian ordered there.

After Tang Xiaolong nodded quickly, he found the tree vine in his hand for a stone tablet closest to the cave entrance and fastened it.

Chapter 537: Deep water

After tightening, Tang Xiaolong looked up at Li Tiandao and said, "Little boss, it's dark in this hole. No one knows what's in it. I see if I go in and see the situation."

Li Tian smiled and patted Tang Xiaolong on the shoulder.

"Let me do it."

"After I go in, if the following is safe, I will notify you to come down. If the following is not safe, I will come up quickly." Li Tiandao said.

Elder Ge on the sea side of Chen Qiaozhi looked at Li Tian with a worried expression.

"Little boss... let me come..." Tang Xiaolong rushed in there.

But it was finally stopped by Li Tiangi. He smiled and said to Tang Xiaolong: "Listen to me! Don't worry, I will be fine with your brother."

In no way, after Li Tian insisted on asking the first person to enter the secret room, the brothers in front of him had nothing to say.

Situ Ningbing over there, Wang and Li Tian with eyes full of worry, walked over, looked at Li Tiandao affectionately, and said, "You must be careful when you go down. Pay attention to safety."

Li Tian smiled slightly at his lover.

"Do not worry."

Li Tian, who was talking, began to prepare to enter this secret room.

He grasped the vines in front of him tightly with both hands, and began to slowly move towards the dark hole. Finally, when he was approaching the black hole, he squeezed the vines tightly with both hands and his legs were tight. Entangled the vines and began to slide down continuously.

The dark cave inside affected Li Tian's sight.

Li Tian couldn't see very clearly, he could only feel that the further down, the thinner the air, and even the difficulty of breathing.

It seems that this secret room should have been closed for a long, long time, so it was all vacuum inside. The air in the secret room that was just unsealed is still not very circulated, so it is difficult to breathe below.

Li Tian kept thinking while continuing down.

But when he was slowly sliding down, something unexpected happened.

The length of the vines is not enough for Li Tian to touch the bottom of the dark hole.

Now Li Tian has reached the end of the tree and vine, and his people are still hanging in the air. The bottom is dark and can't see the scene, so Li Tian doesn't know how deep the bottom is.

Li Tian secretly lined up: This is broken!

Chen Qiaozhi and Tang Xiaolong above saw that the vines stopped moving, they couldn't help but stunned, shouting from them, "Little boss, what's the matter?"

Li Tian grasped the vine tightly with both hands, turned his head up and said, "The length of the vine is not enough."

Hearing what Li Tian said, the brothers suddenly became depressed.

"Then what to do?"

"Li Tian, can you see the bottom of the hole below?" Chen Qiaozhi asked from above.

Li Tian glanced at the dark place below and said, "I can't see clearly, it's too dark below."

"What should I do?"

"What can I do? Of course, climb up again. No one knows how deep down there is. If it is a bottomless pit, wouldn't it be death?" Old Monster Ge said there.

Situ Ningbing was also worried at the moment. He lay down at the entrance of the cave and shouted to Li Tian, "Li Tian, you can climb up! Don't go down anymore, let's think of a solution after you get up."

"Yes, little boss, you come up first." Brother Tang Xiaolong also said there.

Listening to his beloved love and the words of his brothers, Li Tian did not reply, he solemnly glanced at the dark place below.

To be honest, he didn't know how deep the black hole in front of him was, but he knew that if he climbed up, he would not be able to go down to the black hole in front of him.

There is no extra rope for him to get down the black hole in front of him.

If you climb up, it will undoubtedly be a waste of time. Instead of wasting more time to expose your brothers to the danger of the Yuwen family, it is better to put your life in the dark.

Li Tian thought boldly.

In this way, he made a big decision. He would jump down, no matter how deep below, he would try to break through.

The brothers in the Situ Ningbing sea area above were still shouting, let him climb up... but he turned a deaf ear!

In this way, after he glanced at the dark hole below for the last time, his hands suddenly loosened the rope.

The whole body suddenly fell like a butterfly!

The rate of decline far exceeded Li Tian's imagination, one second, two seconds...

Five seconds... Six seconds...

Li Tian suddenly became desperate.

In the process of falling in the darkness, there was a bitter smile at the corner of his mouth. He never thought that this black hole was so deep, it was completely beyond his imagination!

He knew that with the distance just now, he could be killed alive. He was not a god, he was a mortal, so such a high distance was enough to throw him alive.

The moment he loosened the vines, all the brothers were stunned, and Situ Ningbing also fluttered inwardly, standing there like a silly face.

Because they all saw the slack of the tree vine, and saw that the tree vine was released by Li Tian!

"Li Tian..." A heartbroken scream came out of Situ Ningbing's mouth.

Then this stupid girl, desperately jumping into the dark hole at the same time!

If she died, she would rather die with Li Tian!

Suddenly, when Situ Ningbing jumped into the cave, Tang Xiaolong and Chen Qiao beside him were shocked...

But they didn't have time to catch the jumping Situ Ningbing!

Tang Xiaolong sat down on the ground, his face full of sadness...pain...stayed there as if stupid.

And Chen Qiaozhi's face was also pale at the moment... the whole person was stunned.

Look at Li Tian who fell into the black hole.

He was aware of his death... as if his body was falling towards hell... little by little.

But when his mind was completely dead, suddenly his body fell down with a bang.

There was a crash, the sound of water splashing like a huge impact!

He actually jumped into the water! ! !

When the cold water irritated Li Tian's body, Li Tian was stunned. He originally thought that there was a cold stone ground under the black hole, but what he never expected was that it turned out to be water, cold water!

The deep water didn't know how deep it was. After Li Tian suddenly fell into the water, he opened his eyes suddenly, and then his instinctive desire for business began to make his body climb up continuously...

Little by little, his people burst out of the water with a crash!

Wow, water came out of my mouth...

"I'm not dead!!"

"I didn't even die!"

Chapter 538: Shimen?

Li Tian's first reaction was excitement... But at the moment of his excitement, a dark figure suddenly jumped down from above.

"Li Tian!"

At the same time, her shout came out of her mouth.

She thought that Li Tian was dead, she thought he was dead, she could die by herself, even if she went to hell, she would accompany him, so this stupid girl also jumped from above.

When he heard this voice, Li Tian was stunned.

"Ningbing..."

"Ningbing... also jumped down?"

Ren his thoughts hadn't had time to react, and then there was a bang, water splashed in all directions, and Situ Ningbing's delicate body fell into the water at the same time.

Li Tian suddenly desperately swam towards the place where Situ Ningbing fell.

Still yelling in his mouth: "Ningbing...Ningbing..."

Situ Ningbing who fell into the water was also cold, and she did not expect that there would be water below it?

After drinking two sips of cold water, the body began to float upward...

What about Li Tian? At this time, the tender body that hugged her suddenly floated from the water.

Wow!

Situ Ningbing was dragged up from the water by Li Tian and spouted a sip of water from his mouth.

"Ningbing...you...are you okay?" Li Tian was so scared that he was holding Situ Ningbing, who was covered in water in his arms.

When Situ Ningbing realized that he had heard Li Tian's voice, he suddenly desperately hugged Li Tian's body tightly.

"Don't die...Don't die..." She didn't know whether it was tears or water!

Li Tian held Situ Ningbing in the water tightly just like that, and hugged him tightly.

At that moment, in Li Tian's heart, there was nothing else in his heart but full of touch and love!

He knew in his heart that this stupid girl must have thought that he was dead, so she jumped down... Thinking of this, he became more distressed, and his arms around Situ Ningbing couldn't help tightening.

The two of them fell into the water like this, and their clothes were soaked. At the moment, Situ Ningbing's delicate body was wet by the water, and his plump and tall body was close to Li Tian, which made Li Tian feel excited and loving. .

And Tang Xiaolong and his brothers, who originally thought that Li Tian would be in danger, were startled when they heard the shout below.

"not dead!"

"Li Tian is not dead! I hear their voices!" Chen Qiaozhi suddenly yelled with joy.

At that moment, Tang Xiaolong, who was sitting on the ground with a scared butt, suddenly jumped up as if he had been resurrected. He turned around and shouted into the dark cave, "Little boss... ..Little boss..."

Hearing the shouts of the brothers above, Li Tian knew that they were worried for themselves, and hurriedly yelled at them, "Xiaolong, Qiaozhi, we are all right!"

Once again, Li Tian and their okay brothers could not help but almost yelled.

Tang Xiaolong, a big man with excited eyes, blinked and said, "Damn... scared me to death..."

Chen Qiaozhi was smiling happily there too.

Even the indifferent A Qiu turned around at that moment, as if wiping his eyes.

Li Tian in the water in the cave below looked at Situ Ningbing in his arms, both loving and pitying.

"Fool, why did you jump down too..." Li Tian asked while looking at her in his arms.

Situ Ningbing's eyes were slightly red, and suddenly raised his fist and hit Li Tian on the chest.

"You will dare to leave me like this in the future, I swear, I will never pay attention to you again!"  
Situ Ningbing said fiercely there with a cold appearance.

Li Tian suddenly hugged the Keren in his arms, with a happy smile on his face and said: "Fool, I will never be anymore! Okay? I promise you!"

Situ Ningbing listened to his love words, and buried his head in his broad chest.

At this moment, they are undoubtedly happy.

Du Dao: Only in adversity can the true love be seen. Perhaps at this moment, Li Tian knows how much Situ Ningbing loves him, and how much he loves her in front of him! !

"Huh... look over there!"

Situ Ningbing, who was suddenly buried in Li Tian's arms, raised her beautiful eyes and looked at the front in surprise.

Li Tian was taken aback for a moment, turned his head in the water, and looked at the place behind, but saw a trace of light there. The light was not sunlight or light, but natural light.

In the light section, there is actually a huge stone gate.

After seeing the stone gate, Li Tian was taken aback, and suddenly muttered: "Is there a secret room? Is it the important place of the Yuwen family?"

"Boss, how are you down there?"

Suddenly Tang Xiaolong above shouted.

Li Tian raised his head and shouted, "We are all right!"

"Below here is deep water... if you jump down, you should be fine!"

Hearing Li Tian below said that there was deep water in the cave, Tang Xiaolong above was suddenly excited.

"Mom, it turned out to be water? No wonder the little boss is okay..."

"Then what shall we do?" Old Monster Ge on one side blinked suspiciously and said.

"Fuck, then I have to say, I haven't taken a cold shower in a long time, my damn, I want to jump!"

Tang Xiaolong who was talking, said nothing, and jumped straight down.

"Nima... so impulsive!"

Seeing Tang Xiaolong jumped in, Old Monster Ge said depressedly.

"I'm coming, la la la!" Tang Xiaolong yelled while jumping down...

With a plop, Tang Xiaolong, who jumped down, dived into the water like a cannonball. The jumping posture was more powerful, so the whole person was groaned by a few mouthfuls of cold water in his stomach, and then he drilled from the water come out.

Wow, squirted a few mouthfuls of cold water from my mouth, touched the cold water on my face with my hand, panted and said, "It choked me to death..."

Li Tian looked at Tang Xiaolong who also jumped down safely, and looked at him happily.

"Xiaolong, are you okay?"

Tang Xiaolong smiled in the water and said, "It's cool, it's cool! It's been a long time since I took a cold bath, this time it's really \*\*\*\* cool!"

"Hey, how's the downside?" Old Monster Ge's cry suddenly came from above.

"It's cool down below, jump down quickly!"

"Sick ghost, hurry up and get down, the water below is so comfortable, jump quickly!" Tang Xiaolong yelled while raising his neck.

After Chen Qiaozhi and Old Monster Ge heard this from Tang Xiaolong below, they couldn't help looking at each other and frowned.

"How to do?"

"Jump!"

Old Monster Ge then jumped down, while Chen Qiaozhi and Ah Qiu in front of him didn't say anything, and jumped down with the thump...

Then they all jumped into the water like cannonballs.

Chapter 539: Wanjian Cave

Plop, plop!

After that, Chen Qiaozhi, Ah Qiu, and Old Monster Na Ge all jumped down from above.

After the three of them jumped down, they were also completely taken aback. No one thought that there would be deep water below the dark cave, and the water was extremely cold and biting, making people's hair stand cold when touched.

"How about it, cool?" Tang Xiaolong said with a smile.

Chen Qiaozhi in front of him didn't pay attention to him, blinking at the deep hole.

"Is this the entrance to the secret room?" Chen Qiaozhi said silently.

"Probably it is."

"By the way, Qiao Zhi, you see there is a stone gate over there." Li Tian in front of him suddenly pointed to the tiny light about 50 meters in front and said.

Chen Qiaozhi and the brothers in front of him were taken aback for a while, raised their eyes and looked around, but there was indeed a noticeable tiny light in the place where Li Tian's fingers were seen. The light seemed to be emitted from the stone cave and reflected. It is reflected on the stone gate on the water surface, so it is still relatively clear.

When he saw this Shimen for an instant, Old Monster Ge in front of him asked suspiciously: "This is the secret room?" His voice was extremely surprised.

Tang Xiaolong in front of him also looked over there in wonder.

"Go, let's swim over and have a look."

The brothers who were talking began to swim quickly towards the stone gate in the deep water in front of them.

When approaching the stone gate, Li Tian was surprised to find that the stone gate was quite old and it looked like it was carved artificially. The huge stone gate was half open, although it was open, it seemed that the inside was very wide, so Li at this time The sky cannot be cleared to see what's inside.

"I guess that Xuanyuan Sword might be right here, right?" Old Monster Ge said excitedly.

While talking, he crawled from the deep water to the side of the rocky shore.

At this time, the brothers also climbed up one by one from the deep water.

Standing in front of Shimen, suddenly a cold breeze blew towards them, and Li Tian frowned suddenly.

"Sword Qi!"

"What a terrible sword spirit!" Li Tian muttered suddenly.

The brothers around him were also suddenly startled, because they also felt the "cold wind" blowing out of the stone cave just now. In fact, the root is not wind, but sword aura...Senhan's sword aura.

When they all felt that what was blowing out of the cave just now was a sharp sword, Chen Qiaozhi on one side said in secret, "Could there be any masters in this cave?"

As soon as he said his words, Li Tian and the brothers in front of them were all startled, and then they couldn't help preparing everything for the enemy.

Li Tian stood at the forefront, winked at the brothers behind him, and motioned for him to go in first.

The brothers also nodded behind.

Then Li Tian accumulated all his strength on his arms, and at the same time, he swiftly stepped into the stone gate in front of him.

After Li Tian entered, Situ Ningbing outside Shimen and his brothers all stood there cautiously.

But after entering, Li Tian suddenly seemed silent.

Five seconds...ten seconds...

There was still no sound from Li Tian.

Situ Ningbing was worried and couldn't help but shout outside Shimen, "Li Tian..."

"Little boss." Tang Xiaolong also shouted outside.

But after they shouted out, Li Tian inside still didn't react at all.

This made the brothers depressed.

"What's going on? How did the little boss stop reacting after entering?" Tang Xiaolong said with an ugly face.

"Go, let's go in too."

After speaking, Situ Ningbing jumped first and entered Shimen.

And the brothers following behind also broke in at the same time.

I thought there were enemies inside this stone gate, but what about when they entered?

But seeing Li Tian standing there quietly like a stone, blinking a pair of unbelievable eyes looking forward.

The brothers who came in were all stunned at the same time.

OMG, what kind of picture is that like!

No wonder Li Tian was shocked there after he came in, no wonder he couldn't say a word in shock...because even the brothers who came in later saw the shocking scene, completely stunned.

This is the sky, the cave outside the cave!

Who can imagine that this cave is actually: sword!

Thousands of swords... inserted one by one among the big bluestone.

Wanjian Cave!

These swords are of different styles, some are long swords, some are short swords... some hilts are engraved with ornate patterns... some are engraved with strange beasts... kind.

No wonder Li Tian and his brothers felt such a terrifying sword aura when they were outside the cave just now! ! It turns out that there are so many swords in this cave!

Looking at the thousands of swords in this cave, Li Tian and his brothers were shocked one by one.

"Oh my God!"

"So many swords!!" Tang Xiaolong said in horror.

Li Tian and Chen Qiaozhi were also shocked.

"The Nest of Ten Thousand Swords, this is." Old Monster Ge said with his eyes wide open.

The cave is divided into left and right sides, and there is a naturally formed stone road in the middle. Li Tian silently walked on it, staring at the sharp swords around, completely shocked there.

"Could it be that Xuanyuanjian is here?"

"Xuanyuan Sword is a magic weapon in the sword... even more famous than Mo Xie Sword... No wonder Xuanyuan Sword is in this Ten Thousand Sword Cave." Li Tian said inwardly.

"Little boss, with so many swords, is that the legendary Xuanyuan Sword?" Tang Xiaolong asked depressedly, looking at the many swords in front of him.

Li Tian also frowned.

He knew what that Xuanyuan sword looked like... At this moment, facing thousands of swords, how could he pick it out.

"Qiaozhi, do you know what Xuanyuanjian looks like?" Li Tian couldn't help asking Chen Qiaozhi. Chen Qiaozhi shook his head and turned to look at Old Monster Ge.

Old Monster Ge went up and said, "Don't look at me, my old man has not been honored to see that ancient \*\*\*\* soldier in his life."

"What should we do then? We can't take away all these swords fuckingly? It's unscientific!" Tang Xiaolong muttered.

Li Tian was also depressed.

Facing these swords, he really didn't know which sword was Xuanyuan sword.

At this moment, he couldn't help but walk slightly to one of the epees about three feet long and 5 inches wide. The sword looked more gorgeous, and the hilt was studded with a pearl.

Kneeling down, Li Tian touched it with his hands.

When his fingers touched the body of the epee sword, a dragon scream came out of the sword.

Chapter 540: Collapse

Good sword!

It's really a good sword, Li Tian sighed there.

Although this sword is heavy, it is extremely sharp, and judging from the length of the sword, it is undoubtedly a famous sword, but Li Tian felt that the sword in front of him was not the Xuanyuan sword he was looking for!

How could the ancient gods be so unpredictable?

Tang Xiaolong and Chen Qiaozhi over there also began to find Xuanyuan Sword around, and they looked at them one by one.

Sometimes they can't help but touch the hilt of the sword stuck in the stone!

"Hey, this sword is quite fun." But seeing Tang Xiaolong suddenly say over there.

He found a relatively short sword, about two feet long, inserted alone on a large bluestone. The blade was blue, as if rusty, and the hilt was pure black, which looked strange.

Tang Xiaolong stretched out his hand to touch the short sword in front of him. After touching it, he saw the sword buzzing.

Tang Xiaolong thought it was very interesting, and he felt good in his hand, so he was about to pull it out.

But just when he was about to draw the sword, he drew it lightly, but did not draw it out.

Tang Xiaolong couldn't help being startled. He murmured in his mouth and said, "Nima, it's so tight!"

"I still don't believe that you can't pull out this gadget."

Tang Xiaolong, who was talking, held the hilt of the short sword with both hands, and continued to pull it hard.

Push hard, push hard!

Finally, this guy slowly drew the short sword in front of him from the stone!

But just as he continued to use his force to draw the sword, a loud bang suddenly came from the entire cave... At the same time, the entire cave began to experience violent turbulence!

Li Tian and the brothers who were looking for Xuanyuan Sword over there were all taken aback, almost unsteady at their feet.

"What happened?"

Li Tian was shocked and looked around.

Chen Qiaozhi and Old Monster Ge looked at each other...

At this moment, they turned their heads to take a look, and couldn't help but stare at Tang Xiaolong.

Tang Xiaolong was depressed all of a sudden, his hands were still tightly holding the sword that he had just pulled out from the bluestone with the greatest strength... his face was full of stunned.

"What are you kid doing?" Old Monster Ge suddenly roared.

Tang Xiaolong felt aggrieved, and said, "What did you do! I just want to see this sword."

"You kid, can you stop moving!" Old Monster Ge said angrily.

Tang Xiaolong blinked aggrievedly. He also felt the sensation of breaking the sky just now, so at this moment he couldn't help but glance at the sword he pulled out in wonder...

With a scream, he quickly let go of the sword in his hand, and he threw the cold sword to the ground.

But the moment he released his hand, a loud noise suddenly rang from the entire cave.

At the same time the whole ground began to shake.

The brothers were all stunned for a moment.

"What the \*\*\*\* is going on?"

"It seems to collapse?"

"No! Then don't we all have to be smashed to death..." Old Monster Ge said with a shocked face. ,

Even Li Tian had a look of fear on his face. If the cave really collapsed, he and his brothers would undoubtedly be buried alive in the cave today.

Seeing that the rumbling sound became louder and louder, the entire ground also began to shake violently.

Brothers shook all of a sudden!

"Find a place to hide." Li Tian said in shock.

As his voice just fell, the shock began to become more and more violent. With the shock, the stone walls above began to continue to fall.

Li Tian in front of him hurriedly ran to hold the shocked hand of Situ Ningbing, and hid in a corner.

There was a bang, followed by a loud noise!

Then a huge stone above fell from there, and slammed into the Ten Thousand Sword Cave with a thud.

At this time, Chen Qiaozhi, Old Monster Ge and Tang Xiaolong...They also began to find a place to hide.

The rumbling boulders began to roll down from above and hit the ground heavily.

Fortunately, Li Tian and the others evaded in time, otherwise they had to smash the boulders to death.

The ground is still swaying, and there are constantly falling rocks on the top of the Ten Thousand Sword Cave. Li Tian and the others are hiding in the corner, only to see the limes walking in the air...the sight cannot see the shock in front scene.

"Sick ghost... Are we going to be buried here alive today?" Old Monster Ge gasped and said unwillingly.

Chen Qiaozhi was also full of horror, closed his mouth and said nothing.

The ferocious stones fell one after another from above, and the earth's surface was shaken by it, as if a huge earthquake occurred in this Ten Thousand Sword Cave.

At this moment, Li Tian held Situ Ningbing in his arms tightly.

Situ Ningbing was also holding Li Tian's hand.

"Ningbing... It seems that we are going to be trapped here to die today." Li Tian looked at Situ Ningbing in his arms and said with a helpless smile.

Situ Ningbing smiled slightly, and there was no trace of sorrow on his delicate face. Instead, he nestled his head in Li Tian's broad chest and said affectionately, "It's okay!"

"As long as I can be with you, I will be happy even if I die." Situ Ningbing said.

Li Tian in front of him listened to his lover's words and couldn't help holding her tightly in his arms, muttering: "Fool!"

The Wanjian Cave seemed to collapse, and the rocks fell one after another...

Just when Li Tian and his brothers were ready for all deaths, suddenly the entire Wanjian Cave that was shaken by it suddenly returned to calm.

The underground shock just now seemed to disappear suddenly...

Li Tian and the brothers hiding in the corner were all taken aback.

"The collapse seems to have stopped?" Old Monster Ge said excitedly, blinking there.

Chen Qiaozhi next to him was also full of joy. He wiped the lime on the glasses with his hand and said, "It seems to be."

"Aren't we dead?"

"Yeah, we are not dead."

The collapse really stopped.

The rumbling, like an earthquake, stopped abruptly, and only the stone powder that Neel was still floating down from above...

Li Tian was also full of excitement at this time.

Pulling away a large rock in front of him forcefully, he pulled Situ Ningbing beside him and got out of the gap in the rock.

"Xiaolong, Qiaozhi, are you all right?" Li Tian called out anxiously after he got out of the crack in the stone.

"Little boss, we are all right." But he heard Tang Xiaolong's voice behind the big rock on the left.

Li Tian was undoubtedly excited to hear that the brothers were all safe and sound.

I ran over quickly, but saw Tang Xiaolong and his brothers hiding in the corner.

However, the stones piled up in front of them blocked their way out, and Li Tian quickly moved his hands away from the big stone in front.
