

## A Killer 5311

### Chapter 5311: Reincarnation

Lu Xiu watched the battle between the two men in front of him with a solemn expression on his face.

He knew very well that if Zhuge Yuntian defeated Li Tian this time, all his plans would fail. Even Tianluo Sect would definitely not want to offend a family like the Zhuge family.

Even though he was only a member of a branch, he was still from the Zhuge family.

Even the people of the Zhuge family treat Zhuge Yuntian as a dog, but outsiders are absolutely not allowed to underestimate the descendants of the family. This is the Zhuge family, a family that is very proud, even so proud that it is indescribable.

This family also has a long history in the God Realm. It is said that in this family there are strong people at the level of God Emperor. Even those God Emperors in the God Realm should be polite to the Patriarch of this family. Xia was unwilling to have any contradictions with such a family, once offended them, who knew how many \*\*\*\* emperor level masters would suddenly pop up.

Wouldn't the entire God Realm be messed up?

"I hope Li Tian can show some methods that surprised me very much. If he is still trapped in that illusion, the fighting initiative will be completely in Zhuge Yuntian's hands. You can fight if you want to fight. If he wants to rest, he rests, and Li Tian must maintain his full concentration. He must not hesitate or make mistakes at all times, otherwise he will end up in failure."

"Indeed, it is very difficult for Li Tian to make a comeback under such circumstances. Zhuge Yuntian, a kid who has always played a big game, has never really shown his strength. At this time, he has shown this. The fighting power really made us all a little surprised. Those people who don't know the main line know how to think about this matter, and may not allow us Tian Luozong to accept such a guy."

Nan Fengzhu was helpless, genius must be wanted by everyone, but it is not so easy to want a genius from Zhuge's family.

The children of the branch line are so good, once they are known by the main line, they will definitely bring Zhuge Yuntian back to the base camp of Zhuge's family for training. At that time, their Tianluo Sect can only give it away, absolutely not dare to say a word. The big families, big sects, and big forces that have been handed down for thousands of years are all restricting each other, and no one wants to have conflicts and disputes easily.

Once it started, it might be the battle of the entire God Emperor.

The two of them looked at Li Tian on the stage, wondering what kind of method this young man who had brought them a lot of surprises would use to reverse the situation when such advantages were lost.

Or is he ready to give up like this?

Li Tian was observing the world in front of him, and at the same time his divine thoughts spread around like countless magic claws, wanting to find out where the boundary of this illusion is, but no

matter how hard he tries, it is still impossible to truly explore this illusion At the end of, here is like an endless universe, the only thing you can feel is the feeling of emptiness.

"Don't try. Even if you give you more time, you can't find out where the end of this world is. Here I am the creator. I can make this world very vast and can make this world arbitrarily wide. It became very narrow." Zhuge Yuntian's voice came across lightly, and the space around Li Tian began to shrink slowly.

He cannot be spotted with his eyes.

However, he could feel that his divine consciousness was being squeezed back bit by bit, and the reason for this kind of thing could be understood without much thinking. Zhuge Yuntian was narrowing the scope of this illusion bit by bit.

‘Never allow this guy to get his wish. If the world is really reduced to the range of my activities, then I’m afraid I will be the fish on this guy’s chopping board. Li Tian knows very well that if Zhuge Yuntian can control everything in this illusion, then he has no advantage here, and he must do everything possible to leave here as soon as possible.

He turned the Red Slash into an energy cannon, and then started charging wildly, thinking that even if the illusion cannot be destroyed, the energy cannon can absorb a lot of energy. If the world is an illusion, it is naturally formed by energy. Under the absorption of the charged cannon, it will become fragmented, and a little flaw will appear, and he can grasp the flaw this time and successfully escape.

Eventually, Li Tian didn't know what to do. The charging gun could not be used here, and even the immortal power in his body was not transformed and injected into it.

"Although I don't know what your method is, I have restricted the flow of the fairy power in your body. At this time, you have no way to mobilize the fairy power in your body, just like an ordinary person facing your opponent. Even in such a disadvantaged situation, do you still think that you can defeat me?" Zhuge Yuntian said calmly, seeming to have a winning ticket: "I don't want to hurt you, I am a good talker, I Knowing that you came here to try to change your destiny, and I do the same, so I feel sorry for the same illness as you, why do you insist on it?"

"If you and I really have the same disease, then I'm afraid I won't say anything that would make me surrender, because you will understand that if I give up this opportunity, there will be no chance to change my own destiny. "Li Tian snorted coldly, clenched his fist, feeling the space shrinking little by little, the range of activities around him became smaller and smaller, and his spiritual thought was completely squeezed back.

A feeling of oppression hit Li Tian's heart. He knew that the scope of his activities was already very small, and it was still shrinking.

However, in just a few minutes, the space around him was no longer able to hold Li Tian, and he began to squeeze frantically, like a hydraulic machine, trying to squeeze the human inside into meatloaf.

Li Tian can only rely on his body to support him, forcibly insisting not to let the compressed space around him obliterate him.

"Don't struggle, the strength has been revealed here, why should you continue to hold on?" Zhuge Yuntian said lightly, his voice is still so calm, Gu Jing Wubo: "You can feel it, yourself What kind of pain is your body going through? Now you only need to admit defeat and give up, and all this will not happen. Why bother to persevere like this and ask for hardship?"

Chapter 5312: Cogito ergo sum

"No, Li Tian's vitality is weakening bit by bit, and his aura has begun to become precarious." Nan Fengzhu on the ring stood up suddenly, although there was still no one on the ring, but There are energy fluctuations in another dimension flowing on it, and people with very high levels of them can still feel the two people in another world.

At the beginning, neither Li Tian nor Zhuge Yuntian had changed much from before, and the aura of the two was as strong as ever.

But after just a few minutes, Li Tian's aura began to undergo earth-shaking changes, just like being wiped out bit by bit, it is becoming weaker and weaker, and it has even begun to disappear. It means that this guy's vitality is disappearing bit by bit, and when his aura is completely small, he will completely die.

After Catherine finished her game, she immediately came here to watch the game.

When he stood here, he felt Li Tianzheng's weak aura and couldn't help covering his mouth: "This... how is this possible?"

"Hey, I didn't expect such a young genius to fall like this. That Xianyang city's Zhuge Yuntian was really ruthless. He wanted to kill Li Tian completely. There was no intention to keep his hands. "A Sanxian next to him sighed. This battle was far less exciting than they thought. The battle between these two men might be exciting, but they couldn't see it.

This is a spiritual confrontation, but also a battle in another dimension.

Many people were a little disappointed. After waiting for so long, the two of them disappeared all at once.

"Kacha"

Li Tian's arm was dislocated, and he could feel that his bones were cracking little by little. His celestial power was completely out of control, and he was not mobilized by himself. At this time, he could only rely on his body to resist the space. How ridiculous is the compression of human beings, no matter how powerful human power is, there is no way to rely on its own body to fight against the power of nature.

Even though Li Tian has created many miracles, it is still difficult to change this fact at this time.

Blood began to flow from his eyes, and even the corners of his mouth began to overflow. The internal organs were all confused at this time. He could clearly feel that his vitality was passing fast, and he wanted to continue to persevere in this state. Going down is simply dreaming. He doesn't know how long he can hold on, but he just keeps on holding on with his own thoughts.

At the same time, I was thinking about how to change the situation in front of me.

"You should be able to feel it. Your body can no longer hold on to this kind of battle. Don't hold on. Let's surrender weirdly, so that you can assume that nothing has happened. I am the strongest in

Xianyang City. Genius, also a member of the Zhuge family, I have such strength to defeat you, it is not very shameful to you, is it really that shameful to lose to someone who is far more than you?" Zhuge Yuntian Still admonishing Li Tian, it seems that he really doesn't want to see Li Tian die.

"I won't give up. Just like you, I won't give up the only opportunity."

"But you are completely at your own discretion now. You know that your own strength is not at the same level as mine. You know that it is futile to work hard like this. But you still insist on it. Don't you think about it, even if you don't There are more ways to enter the Tianluo Sect, so why bother to persist at this time?" Zhuge Yuntian accelerated the speed of squeezing as he said.

And Li Tian thought of a way to relieve him at this time. There is indeed no way to mobilize the immortal power in his body, but it doesn't mean he can't use the spell.

Right now, Li Tian directly took out a petrification technique from the ring, chanting the spell quickly, waiting for his body to stiffen bit by bit, so that he could hold on for a while.

But to Li Tian's surprise, the spell has no effect.

Not even a little reaction on the spell.

He was stunned for a moment, and then laughed: "No wonder you haven't appeared in front of me just now. No wonder you kept telling me to give up resistance. That's what it meant."

"What do you want to tell me."

"Although I don't know how you did it, this is my own spiritual world. If I struggle more intensely here, then my original willpower will treat me as another soul that reappears. So as to use powerful pressure to completely kill me, the enemy I have always faced is not you Zhuge Yuntian, but myself." Li Tian clenched his fist, there can only be one in a person's body. The existence of the soul, he is now in his spiritual world with a strange ideology, the more he wants to resist, the instinct of the spiritual form will be obliterated.

"This is just something you dreamt up, but I am also very curious that in this case, you can still think of such an interesting answer. I really have to admire your imagination. Richer than mine."

"If it's not like this, how are you going to explain that I can't use my own fairy power? Even if all of this is under your control, but there is fairy power on the spell itself, can you prohibit the spell from here? Can you use it in the world? Obviously you can't do this." Li Tian said with a smile, and then stopped resisting such pressure, spread his hands, and let everything go.

At this moment, he felt that he had a closer connection with his body.

When he opened his eyes again, he was still standing on the ring, but his body was covered in cold sweat, and there was no injury other than that.

Zhuge Yuntian spit out a mouthful of hot blood, looked at Li Tian with an expression of admiration, and said with emotion: "Your lore at this last moment, even I have to admire, many people are entering that spiritual world. All of them tried their best to struggle to leave, but they were completely wrong. The harder you struggle there, the more you will be oppressed."

"That's why you have always used that way to stimulate me before, in order to arouse my fighting spirit, so that I can be wiped out by my own spiritual world better." Li Tian has had one until now This kind of frightening feeling, if it weren't for a spell, he wouldn't find it at all.

## Chapter 5313: Break his arm

Is Zhuge's family really so terrifying? Just such a young man in the realm of spiritual cultivation can show such terrifying spiritual power.

Li Tian couldn't imagine how terrifying the gods and even the immortals of the Zhuge family at a higher level would use spiritual spells and space spells.

Now Zhuge Yuntian can only use his spiritual world to destroy himself. If his strength is stronger, this illusion may undergo more changes, and the power produced will naturally be completely different from before.

"But just such a small confrontation is not enough to make me truly fail. Then it seems that both of us will go all out." Zhuge Yuntian stood up, wiped the blood stains from the corners of his mouth, and smiled boldly. Laughing: "Come on, let me have a good fight with you."

Li Tian nodded, then slowly closed his eyes.

His aura was completely silent at this moment, he was standing there, but he couldn't feel his existence with his spiritual thoughts, and at this moment he had merged with the whole world.

Zhuge Yuntian glanced at the weird Li Tian, and he was secretly surprised: "What kind of trick is this? I clearly stand in front of me, but my spirit can't feel his existence, even his energy. There is no way to feel the intensity. It seems that the person standing in front of me is a nihility existence. How is this possible? "

At this time, Li Tian raised his hand with a sword.

'call out'

The sword light flashed, and he arrived in front of Zhuge Yuntian in an instant.

Zhuge Yuntian's expression instantly became astonished, and he hurriedly read the formula to prop up an enchantment in front of him, although it was only fleeting when facing Jianguang, but in just a few seconds. He was given a little room to breathe. Before he attacked Li Tian with the illusion, now it is Li Tian's turn to counterattack, and the first move is such sharpness.

Go west with one sword!

A lot of things can be derived from this sword trick, and Li Tian at this time has reached a state of mind that feels like water, he can feel everything in the surrounding nature, and he can feel the breath of the land under his feet. It can also be felt that the large and small celestial power fluctuations in this land, of course, what he can find at present is only the same as his strength.

There is no way he can detect people who are stronger than him.

For example, Lu Xiu's strength is unknown at this time, Li Tian has no way to feel it, and Nan Fengzhu is like a bottomless whirlpool, no matter what he tries, he can't figure it out. What terrible power lies in human beings.

Although he closed his eyes, he could see more clearly than with his eyes open.

Nature is his eyes, and everything around is his eyes.

Li Tian slowly conceived in his mind. As his thoughts fluctuated, a winding and rugged dragon slowly appeared behind him. It was a prehistoric dragon, which was slowly revealed behind him. It

emerged from its own body, and then turned into countless green sword lights, densely packed, covering Li Tian like a ten thousand zhang ray, a terrible field of destruction, covering the entire ring.

Lu Xiu and Nan Fengzhu stood up at the same time: "This move is afraid that it will destroy the barrier, and the barrier must be reinforced."

They never thought that Li Tian would still use such powerful destructive tactics, especially in the previous competitions, most of the time, no one would show how powerful the destructive power was, so the enchantment did not. Before Li Tian was so strong when he fought with the public losers and slaughter, the aura he showed at this time caused Lu Xiu and Nan Fengzhu to convene.

If the battle between these two people is allowed to go on, I don't know how many people around will be affected by it.

On the other side, Zhuge Yuntian had already stood up differently.

He held a small dagger in his hand, and then cut his middle finger. The red blood flowed out. It did not fall to the ground, but floated in front of him, like a small red pearl. Under the dazzling light, gleaming with a mysterious color.

The expression on his face was very solemn, and when Li Tian showed such strength, he knew that this battle was about to end.

Being defeated by Li Tian in the spiritual world just now was equivalent to being destroyed by Li Tian's right arm and losing the spiritual world he was relying on. Zhuge Yuntian's current fighting style is obviously very monotonous.

Fortunately, he still has this magic weapon in his hands, a magic weapon that he didn't want to use.

But seeing Li Tian show such a terrible trick, he can no longer wait.

With immortal power, he quickly directed these blood beads to condense into a strange symbol in front of him. Then he took a bell from his waist and said faintly: "I didn't want to make things like this. Looks like, but since this is an opportunity not to be missed between you and me, then of course I will not let this good opportunity go. I can only choose to head-to-head with you."

"Sacrifice to Worry Bell?" Lu Xiu and Nan Fengzhu were madly reinforcing the barrier at this time, but when they saw what Zhuge Yuntian was holding, they couldn't help but yell out.

Sacrifice to Youling is rumored to be a very powerful magic weapon in Zhuge's family.

It is said that an ancient \*\*\*\* is sealed in this bell. Whenever the caster injects his own blood into the memorial bell, this bell can show the powerful power of an ancient god.

This is of course only a legend about the Zhuge family, Jiyouling is basically only heard.

But few people have actually seen it.

But it is a pity that both Lu Xiu and Nan Fengzhu have seen this magic weapon.

In the battle between \*\*\*\* emperors that year, there was a person holding a sacrificial bell, relying on the strength of his god, and almost defeated a \*\*\*\*\* emperor.

You must know that the more you get to the back, the gap between the realms is irreparable.

But relying on the combined strength of himself and Ji Youling, that \*\*\*\*\* almost almost defeated a \*\*\*\*\* emperor.

Of course, this is also because the \*\*\*\*\* emperor did not use any magic weapon, otherwise the result might become simpler and clearer.

Even so, it is enough to explain the terrible part of Ji Youling's magic weapon.

Such a powerful magic weapon is a very precious treasure even in Zhuge's family, but now, it actually appeared in the hands of a branch of the younger brother? Are you kidding me?

Chapter 5314: Memorial bell

Lu Xiu swallowed his saliva and looked at the memorial bell that shone with golden luster under the light. Even if the user was just a fairy in the realm of spiritual cultivation, the momentum emitted by this magic weapon should not be underestimated.

"How many secrets this kid brings, even a magic weapon such as Ji Youling can be obtained. Why should I join our Tianluo Sect? I now wonder if I should accept such a guy. "Nan Fengzhu frowned. He doubted whether the boy in front of him was a spy sent by the Zhuge family. If he was just an offshoot, why would he have such a terrible magic weapon as the Sacrifice Bell?"

However, what he meant was that Li Tian had no possibility of defeating the person in front of him.

After all, even if such a terrifying magic weapon as Ji Youling was taken out, no matter how terrifying Li Tian's strength was, it was completely impossible to change the situation in front of him.

No matter how powerful the trick is, it is just a trick.

But sacrifice to worry bell, but a terrible magic weapon.

"If it was really the Zhuge family's means, would you shut out such a genius? Although we don't know the secret of Ji Youling, we can give such a powerful magic weapon to such a branched child. There must be secrets that we don't know yet. What is the reason is that we can only think about it slowly." Lu Xiu looked at it, and madly injected his immortal power into the barrier.

At this time, many scattered immortals around, don't know what happened here.

Although the previous enchantment looks shaky, it is enough to find some people. Why do the elders of Tianluo Sect and the Lord of the City personally take action to strengthen the enchantment?

"No, that Zhuge Yuntian holds in his hands, but the Zhuge family's magic weapon sacrifice bell, the magic weapon that showed terrible power in the God Emperor War, it is very likely that the entire Luoyang City will be wiped out." A scattered fairy saw. With an exclaimed bell on the sacrificial worries that bloomed with a strange color, he began to want to turn around and escape.

Many people around ridiculed: "What are you kidding about, Jiyouling is the legendary magic weapon of the Zhuge family. Zhuge Yuntian is just a subordinate child. Will they give such an important magic weapon to such a small role?"

"That is, if a child of a branch can get such a powerful magic weapon as Ji Youling, why should he want to join the Tianluo Sect?"

---

"Captain, this bell looks weird."

"Of course weird, the magic weapon that showed terrifying power in the God Emperor Wars back then, known as the sacrificial bell of a leapfrog challenge to the artifact, do you think it is really so ordinary?" Catherine cast a white glance at Mengsk next to him, looking worried. Li Tian: "I don't know if he can survive this battle."

"He is already so unsympathetic. Why should you continue to worry about this kid? I should say that Zhuge Yuntian should kill him directly. An ungrateful guy like him is not worthy of our sympathy and worry." Mengsk looked at the ring. Li Tian of Li Tian is still brooding about what happened before. At the beginning, Catherine was close to Li Tian because of interests, and he accepted Li Tian entirely because of Catherine.

But later, Li Tian was betrayed by them without saying a word.

He also said that they were originally from two worlds, and it was impossible for them to become good friends.

Mengsk was very angry.

He could feel that Catherine was really good to Li Tian, she really regarded Li Tian as her friend from birth to death, even though the starting point was not very good at the beginning, but as she learned about Li Tian little by little, The charm of his personality, even Mengsk, feels completely from the heart that Li Tian is a very reliable guy.

Although what happened after that completely proved his feeling was wrong.

"Even if he is unrighteous, we can't do this. Those of us who walk between life and death are most concerned about being loyal, isn't it?" Catherine smiled bitterly and looked at Li Tian on the ring. Muttering: 'You must support yourself, and you must become the winner in the end. '

The 'terrible aura' is the most real thing Li Tian can feel through the 'eyes' around him. The energy blooming from the worrying bell is like an unstable nuclear bomb, which may explode at any time. Each drop of blood was poured into the Worry Bell, and the aura emitted by this magic weapon became even more terrifying, and the scope of its spread became wider and wider.

A very sad mood radiated from the magic weapon, which really affected Li Tian.

His mood began to be affected little by little, and it was difficult to continue to maintain such a state of calmness.

"Try to calm yourself down, and try not to think about the strength of your opponent. If you can't continue to maintain such a steady state of mind now, you won't be able to use this trick with a sword to the west, and then face such a terrible magic weapon. You can't have any chance of surviving at all." Hong Huang Qinglong reminded Li Tian in his mind that at this time Li Tian's state was very bad and he had to stabilize his mind.

Li Tian smiled bitterly, speaking lightly, but it was not so easy to do.

The emotions emanating from the memorial bell affect Li Tian as if it were the substance, just like a mother's hands touching your cheeks, making him unable to control his emotions.

The fluctuations became stronger and stronger, and the green sword light behind him began to crack little by little.

Lu Xiu saw this scene in his eyes and sighed: "It is worthy of such a powerful magic weapon. It has already affected Li Tian's mood through his aura, and his tricks are being broken bit by bit. After the sword light behind him completely disappeared, the duel has come to an end. Facing Ji Youling, he has no chance of winning."

"Oh, I thought this kid was very good, but suddenly a better kid popped out. It seems that your previous wishful thinking was all wrong." Nan Fengzhu sighed and looked indifferent, but looked like It's the same in the theater.

"Kacha"

The first green sword light was completely shattered and turned into energy and disappeared into the air. Li Tian's body trembled and his mood became more unstable.

"It seems that you are also infected by this sad emotion." Zhuge Yuntian looked at Li Tian, who was trembling slightly, with a touch of excitement. Even though he was pale, he still smiled happily at this time.

#### Chapter 5315: Life and death

The emotions exuded by Ji Worry Bell affect Li Tian like a magical power. Even he himself can't cut off such a connection, and he can really feel it. His emotions are growing bit by bit. The dot's was affected, and it became very sad. The mood was also shaken, and the green sword light behind him was constantly damaged and gradually accelerated.

This magic weapon that can have a powerful effect in the battle between gods and emperors still has a very big effect at this time.

Zhuge Yuntian squinted his eyes and looked at Li Tian in front of him. The essence and blood on his body was poured into the memorial bell little by little. The sad mood was even more extended, and a shadow that seemed illusory was also here. It appeared in the sight of many people at that time.

"God, look at what that thing is?" A scattered fairy pointed at the imaginary shadow behind Zhuge Yuntian. It was a woman in a white dress, her black hair moving with the wind, just what she looked like. It looks very vague, but from the standpoint of her figure, she can definitely judge that this is a rare witch.

"This is the true form of the Sacrifice Bell. According to rumors, there is an ancient \*\*\*\*\* in this bell, but I have seen people use another form. This is the first time I have seen this form." Nan Feng Zhu looked at the Zhuge Yuntian on the ring with a solemn expression. It seems that Ji Youling really has a secret that they don't know at all. Otherwise, it's impossible for such a thing to happen, the owner of such a powerful magic weapon. Just an offshoot of the Zhuge family.

Such a thing has never happened in the past for a long time.

And Li Tian, at this time can already feel despair, that woman, exuding a powerful aura, even if she is only an existence sealed in Fabao, but once released, the power that can be generated, even if it is Li Tian didn't want to face such an opponent easily.

"You can feel it. Although you don't know what kind of state you are in now, you can feel the powerful pressure emanating from this magic weapon. He is definitely not something you can deal with." Zhuge Yuntian seems to be also Feeling Li Tian's current embarrassment, his mood was destroyed, and the moves that had been hard to prepare at this time also began to become chaotic.

Li Tian is now very embarrassed. If things continue to develop like this, it will definitely be very unfavorable to him in the end.

But now he really wants to control his emotions, but unfortunately he can't do it at all. He can only watch the situation getting worse and worse, but he can't do anything, trying to make his emotions calmer. But under the influence of Ji Youling, he couldn't control himself at all.

"Give up, give up..."

There was a voice repeating in Li Tian's ear. If nothing else, the voice would also be a tribute to the ancient \*\*\*\* in the worrying bell. As the voice appeared more and more frequently, it was already difficult for him to control himself. .

At the same time, all those green sword lights were released by Li Tian at this moment. Now that things have progressed to the point where they are now, he has not many choices. The enemy is so powerful that he had never imagined it before. of.

Even if you enter the state of going west with a sword, even if you enter this state of mind like still water, you can still be affected by this wonderful power. Under such circumstances, you still want to wait for the time to change, obviously. It wasn't appropriate, so Li Tian chose to take the initiative to attack, taking advantage of the sword light behind him had not completely disappeared, and while he was still able to control them, he gave his enemy a fierce blow.

The sword light filled the sky densely, falling like a torrential rain.

Lu Xiu and Nan Fengzhu, who were feeling emotional, were fully absorbed in an instant, carefully watching the scene before them, frantically strengthening the barrier.

On the other side, Zhuge Yuntian showed a faint smile. He just wanted to use such an attack to make himself fail. How could a magic weapon like Ji Youling lose to an opponent like Li Tian? He himself had completely crushed Li. God, now even more with the help of Ji Youling, under these circumstances, he has basically laid the foundation for his victory.

After seeing what the magic weapon in her hand was, few of these people on the scene would believe that Li Tianhui in front of him was Zhuge Yuntian's opponent, and the gap between these two people was really too big.

Mengsk laughed loudly: "Look, I told you before that this kid must be retributed, but I didn't expect to come so quickly, and it didn't take long for us to encounter such difficulties after betraying us. Entangling opponent, it seems that this time, he is doomed to escape."

Catherine didn't have any expressions, she just looked at the ring calmly, not knowing what she was thinking.

Li Tian's clothes were being torn apart bit by bit. The moment he released all the green sword light behind him, he opened his eyes, and the state of mind that was like water still was also at this moment. It disappeared without a trace, it is difficult to continue to explore.

He knew that he had missed the best opportunity. He didn't know how long it would take to enter this state next time, but the situation before him was already very difficult.

The holy stone on the ground began to be madly destroyed. At this time, the entire arena was ravaged by violent energy to the point of devastation. It is not difficult to tell from the damage marks on the arena, how inspiring the battle between these two people is. , The sword light that covered the sky, and then the Sha that fell down, heard a mournful song rang, accompanied by the sound of bells.

In that short moment, the people near the ring, with a slightly lower level of cultivation, all felt that their brains had lost the ability to think, standing in the same place as if they were walking dead, watching the battle on the ring.

Lu Xiu and Nan Fengzhu were also shocked.

Their strength should not have been affected, but they did not expect that in front of this sad song, they would not be able to control their emotions. In that short moment, the barrier was no longer as tight as before, and it began to burst instantly. It sounded like a vague voice, just like the substance, like a demon with teeth and claws, trying to stick his head out of the barrier bit by bit.

Chapter 5316: Shifawei

‘Boom Rumble’

The sound of the explosion continued in this short moment, and everyone felt as if they had passed a century as long, but only a few minutes had passed on this ring.

But what happened in these few minutes, I don't know how to describe it in words.

Li Tian's sword light is indeed powerful and dense. It is certain that the power inside is extremely powerful, but in front of Ji Youling, the original advantage has disappeared at this moment, and the singing from above is unexpectedly It collided with these sword lights in the air, and for a while, the entire sky was full of various explosions.

The airflow generated by the explosion swept across the ring, and Li Tian, who was already very fragile, was directly hit by this powerful airflow and then slammed on the barrier.

'vomit'

He couldn't help his throat become sweet, and a hot blood was vomited out. The five internal organs and lungs were all subjected to a very heavy impact. At this time, the surface of the body seemed to be fine, but there was a little bit inside the body For Li Tian's injuries, those sound waves may not have much impact on others, but it's different for Li Tian. He is the closest person to Ji Youling.

When the sound was wrapped around his ears, it was like a thousand needles piercing his body, the feeling of tingling all over his body was very real, and he couldn't help snarling frantically.

"what....."

Blood flowed out of his seven orifices, and the clothes on his body were replaced by blood red.

Lu Xiu looked at Li Tian and sighed.

No matter what kind of identity this kid is, I am afraid it is impossible to survive today. Facing such a terrible offense, facing such a powerful opponent and magic weapon, there is no reason for Li Tian to survive.

But at this moment, the mutation happened.

Li Tian had already squeezed the charms in his hands. Those were the only cyan charms left on his body. Originally, these were meant to stay by his side as life-saving things, but at this time, obviously there is no point in staying. If you don't seize the time to resist Zhuge Yuntian in front of him, Li Tian will no longer have the chance to comeback. The next battle will only take his life bit by bit.

Therefore, at this very critical time, he was actually ready to fight hard.

As a result, when he was preparing to do it, only the stone that reacted when he encountered the ancient scroll before, it fluctuated again at this time, and even Li Tian could not feel what it was like suddenly. Emanating from the stone, that strange thought quickly touched Ji Youling's sad mood, and the phantom behind Zhuge Yuntian also looked at Li Tian at this time.

Although I still can't see what the woman's face looks like, this woman has always been looking up at the sky at a 45-degree angle, and has never looked at Li Tian directly.

And now, he could feel a strange feeling, as if he was being stared at by something, but it was difficult for him to judge that the woman in front of him was really something like the remnant soul of an ancient god, you can see Get yourself and communicate with yourself? Why can the stone also have an effect at this time and resist the woman in front of it?

Li Tianzhen became more and more unclear about the stone on his body.

In the sky, a cyan light and a golden light are intertwined, as if two completely different colors of paint are fused together, but they have not produced new colors, they are still only cyan and gold, entangled, and As this happened, the sad song was disappearing bit by bit, and Zhuge Yuntian's face changed.

He was very happy to see Ji Youling hit Li Tian hard.

After this trick was performed, it was quite perfect, directly causing Li Tian to suffer internal injuries, and the next battle would inevitably be greatly implicated. There must be no better way to resist his own attack.

Who knows that good times will not last long.

Just when he thought he was about to succeed, something like this happened in front of him, and he didn't know how Li Tian did it, Ji Youling actually started to resist his thoughts for the first time.

‘Damn it, what the \*\*\*\* is this, I haven’t encountered such a situation since I got the Worry Bell until now, why is it like this now? Zhuge Yuntian tried hard to use his own blood to make Ji Youling continue to fight for him. He has no choice now. He must use Ji Youling to defeat Li Tian.

But this magic weapon has never resisted himself before, and it actually failed at this time.

Li Tian only heard a slight sigh, and then all the light of the two colors disappeared, and Ji Youling also restored its original look that looked very old, and returned to Zhuge Yuntian's hands.

Zhuge Yuntian coughed abruptly, and took a step back.

Ji Youling lost control. Although he did not backfire, he had been using his own blood to motivate the magic weapon in front of him, hoping to use this magic weapon to defeat Li Tian, but the situation in front of him seemed unnecessary. There was a lot of words, and I didn't know how Li Tian did it, so that Ji Youling got out of control, and the battle in the current situation no longer needs to continue.

Zhuge Yuntian sighed for a long time, feeling the weakness of his body, he could clearly feel that the immortal power in his body had been exhausted seven or eighty eight, and it was difficult to mobilize the rest.

Even his body began to feel fatigued instinctively. In this battle, he was defeated.

Kneeling softly on the ground, looking at Li Tian, who was sitting on the ground opposite and gasping, smiled bitterly: "I thought I was holding the winning ticket, and I had so many methods in my hand. If this can be lost to you, it is true. It's a bit unreasonable, but it seems that this is just my own idea. I finally lost to you this strange guy."

Li Tian didn't speak, or he didn't know what to say now, because it happened to himself, and he couldn't really explain it clearly.

Could it be said that I have been to the ruins of the ancient gods, and then the remnant soul of the ancient gods gave him a weird stone, and this weird stone just restrained the worrying bell?

Chapter 5317: winner

Lu Xiu looked at Li Tian on the ring, and the emotions in his eyes were even more unstable.

"Did you see clearly, what happened just now that caused the situation to become like this? I believe you should also be wondering why Ji Youling lost control and no longer listened to Zhuge Yuntian's control, right? "Nan Fengzhu has not yet eased from the previous battle. The remaining prestige of the explosion is still the perpetrator, but a large part of it has been absorbed by the holy stone and the barrier.

What they both value most is the scene that appeared in the last moment.

No one knew what the cyan light was, only that it belonged to Li Tian's ability. After communicating with Ji Youling, it actually suppressed Ji Youling severely.

People looked at Li Tian's eyes, slowly showing a greedy expression.

But it's just thinking about it in my mind. Even Zhuge Yuntian who controls the magic weapon of Jiyouling can not face such a sky-defying Li Tian. Even if they are in the realm, they are better than Li Tian. What's more, it is impossible to defeat the young man in front of him.

But I believe that soon, someone will set their goal on Li Tian. In a place like God Realm, the most indispensable thing is the greedy guy.

"I lost." Zhuge Yuntian sighed long, smiled and looked at Li Tian, admiringly said: "You have shown me that my current strength is far from enough, and I need to do more. Only through hard

work can I become stronger. I am very happy to be able to fight against a strong like you today. This battle also benefits me a lot."

"Accepted." Li Tian didn't say anything very polite, but just smiled faintly. This time the battle seemed to others to be Zhuge Yuntian going to win, but in the end it was lost because of a strange cyan energy. After changing the whole battle, it seemed that he had won inexplicably. Only Li Tian himself understood how hard it was to win. If it hadn't been for so many strange things before, maybe he had been completely defeated now.

He slowly wiped away the blood from his body, and breathed out as he watched the slightly reddish world before him.

At this moment, a big rock in his heart finally fell. In such a difficult battle, he did not let himself down. In the end, relying on his own efforts, he won the battle with that strange rock. Looking at the greedy faces of the scattered immortals around him, he breathed out uncontrollably: "It seems that I will have to face more problems in the future. So many people will definitely think that I have shown this ability. There are very powerful magic weapons in my body, they must want to kill me, and then \*\*\*\* these magic weapons from me. '

Li Tian thought secretly in his heart, in fact, there are still some irritability, he really doesn't want to face so many enemies by himself, and face the enemies by your side all the time, it is really exhausting for him.

No one can bear this fearful feeling.

But obviously even if Li Tian is very reluctant, there are still not many ways to change at this time. He can only watch things slowly move in the direction that should have happened, and he can only passively accept. There is no qualification for any change.

I don't know how long it took before he walked out of the ring.

Lu Xiu personally walked forward, grabbed Li Tian's shoulders, slowly poured his fairy power into his body, and said faintly: "How do you feel about yourself?"

"Very weak, but I can stick to it. I can still deal with the next challenges carefully." Li Tian looked at Lu Xiu in front of him and exhaled a deep breath. The game is not over, he absolutely can't just do it. Falling down, now I have to seize every opportunity to madly repair the damage my body has received in this battle, and try my best to make myself more able to cope with the next battle.

"You fought such a fierce battle just now. You should have a good rest, but the rules of the game are the rules of the game. Even if I am the lord of this city, there is still no way to change the rules casually. I can only trouble you to continue fighting like this." Lu Xiu looked at Li Tian with encouragement, but he didn't think so.

Seeing the young man in front of him showing more strange abilities, Lu Xiu had already begun to doubt at this moment.

It's not that I doubt Li Tian's identity, but that this kid will do things according to his own arrangements. If he suddenly shows his true strength on the ring, Lu Wenhui will definitely not have many opportunities. If he defeated Li Tian, this kid could restrain even a magic weapon like Ji Youling, let alone just deal with a Lu Wenhui.

Therefore, he can only choose this way to allow Li Tian to recover from the battle as much as possible, while also constantly facing challenges, so that when he and Lu Wenhui fight, he will definitely be very weak. It doesn't matter if Li Tian doesn't want to do things according to their previous agreement. How much power can an immortal who is already very weak display in battle?

But if Li Tian failed in the previous game, that would naturally be the best thing.

Such a young man has begun to make Lu Xiusheng vigilant. Before, he felt that this kid's future has no secrets at all. Just like the way he imagined it, he might become a mediocre for a lifetime, trying to cultivate. But you can't get a fairy with good chance.

But now he can't think about it like this. Li Tian, relying on the powerful combat power he has shown today, has completely sounded the alarm in Lu Xiu's heart. The future of such a young man must be brilliant. Now Although he and Li Tian seem to be in harmony on the surface, in fact, both sides have their own ideas in their hearts, and there is definitely no shortage of fights.

And with the passage of time, Li Tian will not do anything to himself now, but when the young man in front of him is getting stronger and stronger, Lu Xiu believes that he will repay all the unfair treatment he received in Luoyang City to himself. .

He didn't need to doubt how long it would take for such a young man to do this.

As long as he can join Tianluo Sect, the concept of the whole thing will change drastically, and everything will be out of control by then.

Chapter 5318: fear

"Don't worry, Lord City Lord. Although I feel that my body is very weak now, I also know that the rules of the game will not change because of our personal reasons. I will definitely go all out for the next battle. ." Li Tian looked at Lu Xiu with an encouraging expression in front of him. This guy seemed to stand here to cheer himself up.

With a sneer in his heart, Li Tian knew Lu Xiu's plan very well.

Both of them knew it well, but they didn't make it clear at this time.

"Can you tell me, what exactly did you do in the ring before that caused Ji Youling to change like that?" Nan Fengzhu didn't know when he came to the two people, looking curiously. Li Tian in front of him, the reality that this young man brought to them is so amazing. There is no need to doubt that the young man's future is absolutely brilliant.

"I don't know what happened on this ring, even I don't even know what the magic weapon in Zhuge Yuntian's hands is. How can I change this situation?" Li Tian shrugged helplessly. , It seems as if the whole thing really has nothing to do with him: "At the last moment I thought I was really going to lose this battle, but the emergence of that mysterious power helped me , I don't know where it came from, or why this force exists."

"We have added a lot of energy-sensing things to the previous enchantment, which can help us understand everything that happens on the ring. Although the appearance of energy is still a mystery at present, it can be seen that there is no outside world at all. People come to help you, that is to say, this battle is all between you two. I am just curious about what happened on the ring." Like many people, Lu Xiu suspects that Li Tian has a badass. It is called a magic weapon as powerful as Jiyouling. If this is the case, wouldn't it be better to take this magic weapon as your own?

"I don't know anything, maybe something is wrong with Jiyouling." Li Tian shook his head, still blank.

At this time, Zhuge Yuntian walked over and looked at Li Tian with an arrogant expression: "You are very lucky today. If I hadn't controlled the Sacrifice Bell well at the end, things wouldn't be so simple."

Li Tian looked at his expression and was at a loss for a while, but soon understood what this guy meant.

He just smiled, but didn't say anything.

But Lu Xiu asked curiously: "What's the matter?"

Zhuge Yuntian touched his hair and looked tangled. After such a short rest, his complexion also seemed to have improved a lot, and he was not as weak as before: "I'm worried about me. The control of Ji Youling is not as perfect as many people imagine. This magic weapon is so powerful after all. It is far more difficult to control Jiyouling well than you think. In the final battle, Jiyouling lost control. , So it makes the ending look like this."

I don't know what Zhuge Yuntian's purpose is, his voice is also very high, and many scattered immortals around heard what they said, and all came out with an expression that I understood.

Dare to love is not the result of Li Tian changing the final result, but because Zhuge Yuntian is not good at learning and in the end Ji Youling didn't control it well, so this changed the situation on the court.

They all understood at once, and the look in Li Tian's eyes was not as greedy as before.

And Lu Xiu looked at Zhuge Yuntian and asked: "It is said that you are a very filial young man. You rarely make mistakes in anything. This time, you made a mistake in such an important game, which makes me feel more or less. There was such a little bit of accident, and even doubt that this matter would really be the way you told it, or did you mean to hide something?"

"My Lord City Lord, I think you are the City Lord of Luoyang City and I will stand here and talk to you so much. Even if I am just a member of the Zhuge family, I am not in your identity and you can just ask questions. Yes, I tell you this only because I don't want to hurt Li Tian because of my own affairs. He is a very talented guy and can become very strong in the future. If any of you want to treat him If you start, be prepared to accept my anger." Zhuge Yuntian looked at Lu Xiu and Nan Fengzhu with sharp eyes, and then left lazily.

When he left, he patted Li Tian on the shoulder, said a sentence, and then he disappeared in the crowd.

Lu Xiu clenched his fists, and Nan Fengzhu smiled helplessly.

And Li Tian was even more dazed.

"Don't be angry. After all, he is from the Zhuge family. Looking at Li Tian's appearance, he probably really doesn't know what happened on the ring just now. He doesn't even know the magic weapon in that kid's hand. It can be challenged. A god-level fairy can rely on this treasure to challenge a god-emperor-level master. You can imagine how powerful this magic weapon is, far

beyond your imagination." Nan Fengzhu looked at Li Tian in front of him, smiling. Said, seeing the shock that flashed across his face, he seemed to feel relaxed.

He was a little afraid of Zhuge Yuntian, especially after this kid made such a series of shocking actions, he began to doubt whether this was a conspiracy by the Zhuge family.

Fortunately, Li Tian stepped forward at this time and defeated Zhuge Yuntian.

"I have faced such a terrifying magic weapon in person. For me, the battle is like still being on the scene. I can feel the feeling of helplessness when facing that magic weapon. , I understand that I couldn't win at all in that battle." Li Tian let out a sigh of relief. In such a battle, he really felt weak.

There is no doubt about the horror of Jiyouling's magic weapon. If it weren't for Jiyouling to lose control by relying on that stone, the battle might change to another situation.

Now naturally he can only say that he has no idea what happened in this battle.

Lu Xiu looked at Li Tian in front of him. The expression on this young man's face was serious. It seemed that he really didn't know anything about what happened before. He also began to wonder if his problem was a bit redundant. Tian feels a little disgusted.

Chapter 5319: Murderous

"I just asked you those who are just very curious. You bring different feelings to the two of us time and time again. The understanding of you also makes us feel that we know less and less. Young people like you are It's really rare now." Lu Xiu patted Li Tian on the shoulder and looked up at the other side of the ring, where the fight had already begun again.

Li Tian smiled, looking at Lu Xiu's expression still calm: "I know what the Lord of the City thinks."

"This is the best."

"Well, go take a rest and rest. There will be a lot of battles next, but an opponent like Zhuge Yuntian probably won't have anymore. You don't need to worry about encountering such a difficult battle again. This time even us We never thought that Zhuge Yuntian could hide so deeply. We still don't know the combat power of this kid until now. This time it was displayed, which surprised us." Lu Xiu looked at Li Tian and said.

"That's the best. My current state is estimated to be unable to support such an opponent. I have to give me some time to relax." Li Tian looked at Lu Xiu in front of him and said otherwise.

The meaning of this sentence is very clear to both of them.

This time the lottery seemed to be really fateful, but it was actually just a means, and it was Lu Xiu who really controlled all of this.

Since he wants to help him clean up his opponents as much as possible before the decisive battle with Lu Wenhui, he must be able to face strong opponents in a better state, but he probably won't meet him in this game. When it comes to a terrifying opponent like Zhuge Yuntian, most of the people who come here are Sanxian, and people from a big family like him are rarely seen.

The guys who can take the magic weapon of the big family to participate in this kind of trials are even rarer.

It can be said that the chance of encountering a terrifying opponent like Zhuge Yuntian is very small.

"Today, you won't encounter any powerful opponents. According to our lottery arrangement, most of the opponents you will encounter next are just ordinary Sanxians. Basically, they will not take up much of your time." Lu Xiu smiled and said to Li Tian.

Nan Fengzhu also patted Li Tian on the shoulder: "You are in a very poor state, but I still believe that you are definitely the guy standing at the end. Don't let us people down, God. Luo Zong really wants young people like you to join us, so that we can cultivate a very good disciple." He smiled and said kindly.

Li Tian nodded, but did not want to continue chatting with these two people.

The thoughts of these two people are different, but without exception, Li Tian and them are not on the same path. They have already decided to kill Lu Wenhui, and it is naturally impossible to join Tianluo Sect.

Now I don't even think about how to have a good relationship with the two people in front of me.

After Li Tian left, Lu Xiu glanced at Nan Fengzhu next to him and frowned, "What do you think?"

"During that battle, both of us were fully engrossed. We didn't dare to hesitate at all. In case of a little mistake, these people around us might be unlucky. Therefore, the two of us were very unlucky in that battle. The battle understanding should not be inferior to these two parties. It can be felt that Li Tian really did not make any effective counterattacks. As for the weird situation afterwards, hasn't Zhuge Yuntian already said it?" Nan Feng Zhu smiled, as if he didn't take this matter to heart.

"Huh, the people of Zhuge family are really proud, they even talked to me like that." Thinking of Zhuge Yuntian's proud attitude before, Lu Xiu felt a little angry. The son retorted like that, he had no intention of talking to Zhuge Yuntian at all.

"The members of the Zhuge family are like this, let's forget it." Nan Fengzhu was also helpless. The most important thing for them now was that they could not determine Zhuge Yuntian's identity. Therefore, after that guy spoke like this, they didn't Dare to make any reaction. Whoever calls someone belongs to Zhuge's family, with such an important magic weapon in his hand, no one can judge that this kid is just a humble member of Zhuge's family.

"But this Li Tian must think of a way." Lu Xiu squinted his eyes and looked at Li Tian's back in the distance, and said softly: "The strength of this kid now shows us some helplessness. If we let him really Joining the Tianluo Sect and growing up in the future is also a very troublesome thing for me. After all, opponents that cannot be controlled must be eliminated as soon as possible."

"Do you want to kill this kid?"

"I didn't have this idea before, but now I have to use this method. You have also seen the growth of this young man. From the beginning to the present, his changes have made me realize that I really treat this young man. I don't understand it more and more. I thought that the previous methods might have controlled this kid well, but now it's not like this. He is far more complicated than we have seen." Lu Xiu looked solemn Looking at Li Tian, judging from the strength that Li Tian has shown so far, the more this young man grows up, the more difficult it is to deal with.

"Zhuge Yuntian has already said that. We still don't know the weight of this kid in the Zhuge family. If Li Tian is really killed, what do you think the Zhuge family will do?" Nan Fengzhu looked at Lu Xiu and patted him. On the shoulders: "This is the end of the story. We definitely can't participate in the killing of Li Tian. After all, he and us have no grievances and no grudges. If we participate, the incident will have a bad influence on the sect.

Nan Fengzhu was also an elder of Tianluozong anyway, if he really attacked Li Tian, the entire Tianluozong would suffer after the incident was exposed.

"I can do this myself. This kid is just a guy in the realm of spiritual cultivation. Although there are many secrets hidden in him, it does not mean that we can't deal with this kid." Lu Xiu squinted his eyes. , Took a deep breath: "If he can really stand till the end, don't blame me for being impolite, his life is destined to be taken down."

Nan Fengzhu smiled and nodded, looking at Lu Xiu who was angry.

No one knew what Lu Xiu was thinking about. Maybe, he still didn't believe that Zhuge Yuntian failed because of Zhuge Yuntian in the last match between Li Tian and Zhuge Yuntian?

#### Chapter 5320: Uncontrollable

The next battle was like what Lu Xiu said. Li Tian did not encounter any difficult opponents again. During the next period of time, just like the previous battle, he can always use one of his Fist solves the fight easily.

In this state, he also recovered a lot.

Although the battle with Zhuge Yuntian was very tragic, but at their level, the body's recovery ability will become quite BT, unless it is a super serious injury, otherwise it can be recovered in a very short time. He got up, and Li Tian also knew what Lu Xiu was thinking about in his mind. If he faced this guy in a state that was not at his peak, he would definitely fail.

He didn't want to be a life-losing person in this ring.

Lu Xiu probably also knows that Li Tian seems to be very controllable, but in fact he is an extremely smart guy. If such a person has the corresponding strength, it will be like a fish in the water, and huge changes will happen in an instant. At that time, no matter how hard he made efforts, I was afraid that he would still be unable to control Li Tian, and these things that happened during Luoyang City might make Li Tian more or less concerned.

An existence that he cannot control, and is destined to become very powerful in the future. As long as Lu Xiu is not an idiot, he must know that this kid must be destroyed, otherwise his future has no guarantee at all. As long as Li Tian is stronger than himself one day, even if he is the lord of Luoyang City, he will still die in the hands of this young man.

Therefore, Lu Xiu began to think of every way to kill Li Tian.

It's just that the game is still going on, there is still more or less value in Li Tian, and he is not in a hurry.

And Li Tian had already decided to tear his face with Lu Xiu, so he didn't make any very special moves at this time. He just waited for him to kill Lu Wenhui in the finals. I am afraid that he will let Lu Xiu at that time. It feels like the whole world has collapsed in an instant, although I don't know

how many things Lu Xiu told him before are true, but Li Tian still doesn't mind working hard for this matter.

Lu Xiu is afraid that he doesn't know it yet. This young man who seems to be able to control it at present is actually already prepared.

In the next game, Lu Wenhui could not escape.

When night fell, Li Tian returned to the city lord's mansion, locked himself in the room and started practicing, and at the same time he was treating his body.

In the study room, Lu Wenhui stood in front of Lu Xiu, looking at the heavy-faced father in front of him, but there was some disapproval on the expressions on his face. He thought that his father called himself this time to explain something important, but I didn't expect that I just wanted to make myself pay more attention to that Li Tian. This is simply an unreasonable thing. The gap between myself and that kid should be a world of difference.

"I know that you have your own pride in your heart. You think there are not many people in this world who can act on you, but I advise you to not have such thoughts. That Li Tian is probably what I have seen. Among so many young people is an extremely good one, even a young genius like Zhuge Yuntian lost to Li Tian, not to mention you." Lu Xiu looked at the disapproving Lu Wenhui in front of him. In a word, if you underestimate Li Tian at this time, it is undoubtedly to let the initiative of the game rest in Li Tian's hands.

"Father, I think you are really scared by Li Tian. Do you think his strength is still hidden? Today's battle between him and Zhuge Yuntian was forced out by all his strength. At this time, the abilities he showed are all his abilities." Lu Wenhui looked at Lu Xiu with a solemn face and smiled disdainfully: "I also watched the previous game."

"What do you think?"

"The strength of this kid is indeed good. It is true that he can go to the present level at a young age. There is indeed an uncontrollable possibility in the future. Since such a guy has already become enemies with our family, naturally he must think of a way to kill him , But you don't need to rush to do it now. He is just a guy in the realm of spiritual cultivation. We don't have to worry about anything. He definitely dare not do anything." Lu Wenhui looked like I had thoroughly understood this matter. It seems that he really knows Li Tian super well.

He had watched the previous game with his own eyes, and saw Li Tian's outstanding talent in that battle, and he has to say that this guy's strength is really extraordinary.

For now, there are no people in Luoyang City who can match Li Tian in this respect.

But what about that? Before Li Tian faces Lu Wenhui, he needs to face more enemies. These enemies may be stronger and more difficult to deal with. He needs to waste more time and energy on this, and wait until he really faces. When dealing with Lu Wenhui, how much skill can you use to deal with Lu Wenhui?

"I hope your ideas can help you win the final victory, but Li Tian will be killed anyway after the end of this trial. I have already sent someone to arrange it. As long as the competition is over, our people This kid will be killed, and he will never be merciful." Lu Xiu looked at Lu Wenhui's contemptuous expression, although he was worried, he didn't say much.

Lu Wenhui really relied on the many resources in his hands to achieve the achievements he is now, but he himself is not a terrible talent.

It's just a bit inferior to those real geniuses.

Lu Wenhui also has his own unique insights about power, which is completely different from Lu Xiu. Therefore, he does not feel any tension when he looks at Li Tian like this, perhaps because he is very confident in his own strength, and Lu Xiu can only Thinking about it this way, he knows very well that his child is indeed incomparable to many people in this respect.

"Father, don't worry, I will definitely win the final championship in this competition. But if I want to become a direct disciple of Tian Luozong, it is absolutely impossible to fail like this."

"I believe you can do such a thing. Before that, I am willing to clear all the obstacles in front of you for you." Lu Xiu patted Lu Wenhui's shoulder and said meaningfully.
