

A Killer 5331

Chapter 5331: Skeleton Sea

‘Although our speed is very fast, if we continue to do this, we will consume these charms in our hands. Although the consumption of immortal power is not a lot, it is better not to try this completely meaningless consumption. "Honghuang Qinglong can feel the celestial power inside Li Tian's body, so he can be sure that he does not consume much celestial power in such a battle.

But the longer the duration, the less and less the consumption of immortal power in his body.

Maybe it's just such a loss of Xianli, and it may change the situation.

Chi Chenzi began to merge with the black fog, which also made Li Tian see his own hope. Even though he still doesn't know what the black fog is, he also understands that at this time, Chi Chenzi has no way to attack him. The thick black fog on his hands is already very difficult for him to deal with. If he doesn't calm down, he can't handle it well.

But once he calmed down, it meant that Chi Chenzi could no longer face Li Tian's attack better.

Li Tian thought of a very good idea. He quickly conjured several clones in the air, and then added the imperial wind technique to each clone. Although these clones are not strong in combat effectiveness, they are used to harass Chichen. Zihe was almost ready to temporarily stop the gun for Li Tian.

When using the clone technique before, Li Tian could only summon one at most.

But since his body has undergone a very huge change, the energy of the clone technique seems to have changed accordingly, and it can actually transform about four clones.

Although the strength of these clones is not very strong, if the significance of these clones is underestimated just for this reason, then the ultimate failure is definitely inevitable. The biggest feature of Li Tian clones is that he can spell spells Using the body of the clone, you can also let the clone use spells to help you fight. When the five Li Tian appeared in the air, the situation changed.

A Li Tian took the initiative to meet a cloud of black fog, and a group of cyan flames emerged from his body, and directly hit the cloud of black fog like a burning fireman.

The voice of 'chi chi chi' sounded again, and Li Tian's body trembled. This kind of pain is indeed difficult for ordinary people to accept, but he has no more choices. The battle is now at this step, simple It is obviously impossible to deal with this difficult guy in front of him by the means of, the only option is to rely on his own clone to eliminate the black mist that is not yet clear about the substance.

The explosion sound followed, and the cyan flame was like a prairie fire, and it quickly spread to the entire black mist.

In the thick black fog, you can vaguely see the cyan flames burning up little by little, growing up little by little like a seed of life, and then lighting up, blooming with unparalleled vitality.

Chi Chenzi frowned and looked at the four Li Tians left in the sky. Three of them had already occupied the four positions of the south, east and west, all of them staring at Chi Chenzi in front of him.

And Li Tianshou was standing opposite Chi Chenzi: "I accidentally found a chance for you before, but now the same thing will not happen to me again, I will not leave you any The opportunity to shoot this time will directly kill any hope of yours."

Chi Chenzi raised his head and looked at Li Tian with a faint smile: "Young guy, do you think you can really win after you have a little bit of the upper hand? You think you are just extinguished. Did the black fog that I used to contain you really beat me? It's really too real. The battle between the two of us has just begun at this time."

Then, the ground began to shake violently.

This shaking wasn't just for the ring, it was like the entire Luoyang City was shaking, just like a giant jumping on top of their heads, making the whole world tottering.

Li Tian quickly observed the surroundings, but didn't know where the shaking originated.

He squinted his eyes and saw that the ground under Chi Chenzi's feet turned to pitch black. This time it was like real ink, and he was standing on top of these black inks. Was sunk.

As these black areas grew larger and larger, a terrible vortex slowly appeared under their feet.

‘Squeak’

A dry arm suddenly stretched out from below, just like the loss Li Tian had ever seen. There are still some dry muscles and torn clothes on this arm, and then, a whole body is worn down. A skeleton with a ragged armor appeared in Li Tian's field of vision. The skeleton's eyes were green, beating like a ghost fire, without any emotion.

Immediately afterwards, countless skeletons climbed up from the whirlpool.

They seem to be summoned from hell. The skeletons appearing on this ring have different appearances, some holding a huge sword in their hands, and some holding bows and arrows in their hands. All in all, they look like an undead army. same.

Li Tian looked at the admiration in front of him, and finally knew Chi Chenzi's methods.

Isn't this guy a witchcraft guy? No wonder that black mist can corrupt oneself, but these things have always been afraid of, that is, the mantras and spells of Buddhism, which have a multiplier effect on this kind of magic. It is a pity that Li Tian would not have such a spell, otherwise this time The battle can also be won without any suspense.

Seeing more and more of these skeletons, they all formed a very thorough formation by Chichenzi's side. He knew very well that he wanted to get close to Chichenzi now and he had to clean up all these skeletons, but at a glance Since Coming out was a skeleton that Chichenzi used to summon to protect himself, it was obviously not something to deal with very well, and these things were constantly being supplemented from the black whirlpool under his feet, as if there was no end.

‘Damn it, these sorceries used by this guy are really difficult. 'Li Tian scolded in his heart, looked at the red cut in his hand, then squinted his eyes, and began to slowly

stabilize his mood. There is only one way to clean up this number of skeletons instantly, that is Directly enter the state of a sword going west, with countless sword lights, annihilate these skeletons.

Chapter 5332: Ten Thousand Swords

In Luoyang, there are almost no people in the streets and alleys.

Except for some elders, there is still not much interest in these trials and fights. Most people chose to go and see how powerful these people in the top 16 trials of the so-called Tianluozong are, and what is their gap. Where.

Therefore, on this calm day, the entire city of Luoyang can almost be said to be an empty alley, looking like the end of the world.

But this is also normal. After all, those who live in Luoyang City are scattered immortals. It's rare to have such a fierce tryout. All the strong players from all walks of life appear. They will certainly not let the idea of watching the game easily let go.

As more and more people gathered, the guards of the City Lord's Mansion began to feel some pressure.

"There are more and more people. Compared to before, the top 16 this time can be said to have attracted the attention of many people in Luoyang City. It seems that the battle scene must be broadcast, otherwise it will be overcrowded." Looking at the dense, black heads that were like a black cloud, Lu Xiu frowned, grabbed the armrest of the seat, and said with a frown.

"But what worries us more now is whether the battle between these two people will really destroy the enchantment, especially the whirlpool at Chichenzi's feet, which has now completely spread, if it extends to the enchantment. Outside, I'm afraid it will cause confusion."

Lu Xiu just smiled, but didn't say anything.

At this time, on the ring, Li Tian quickly entered the realm where his heart was like still water. With the smooth entry state before, Li Tian slowly became accustomed to this feeling.

His spiritual thoughts began to slowly merge with the surrounding environment. The most amazing thing is that he can clearly feel that there are three other selves, and they have also entered this state of mind as still water. , This feeling is very strange, as if it made him look at the world from four different angles, and as his celestial power slowly condensed, he was surprised to find that even the clone began to condense the celestial power. .

At this moment, everyone stared at the sky above the ring, closing his eyes as if Li Tian had lost consciousness, but no one would choose to laugh at this time.

They can feel that the aura of the young man in front of him is completely different from before. If the aura of Li Tian they saw before was a sharp sword, then it is now a completely converged, plain lake. No matter how terrible things happened around him, it was impossible to shake Li Tian's current state of mind. He seemed to have completely changed.

Lu Xiu and Nan Fengzhu looked at the scene before them, and subconsciously cried and laughed. If they hadn't watched Li Tian grow up bit by bit, they would really suspect that this young man was hiding his strength from them before.

But obviously not like this.

What is certain is that Li Tian may not know how to develop his body's potential reasonably, otherwise the enemy he encounters will be enough to make him die. If he still retains his strength under such circumstances But it's a bit unwise.

This can only show that Li Tian's strength is growing bit by bit, and he is still discovering his own abilities.

For example, now, this guy wouldn't let his clone use such tricks with him before, but he can do this now. It only shows that Li Tian has been constantly changing in this process and has evolved to the point where he is now. .

You have to know that this guy wouldn't use the clone to release this kind of sword move.

Every time they saw Li Tian, the fighting power displayed by this young man surprised them, and they couldn't even believe that this was the young man they had seen before. The changes before this were really weird, but now I can only barely accept this reality.

Lu Xiu is firmer in his own thinking. If such a young man really stays, the future may be a very difficult scourge, so no matter what, he must find a way to get rid of Li Tian, lest one day This kid has really become stronger, and it won't be so easy to kill Li Tianke by then.

At this time, Li Tian on the ring had completely adapted to this state, and countless sword lights began to gather.

In this enchantment, a feeling of depression began to linger on Chi Chenzi. While he was condensing the black mist in his hands completely, he raised his head and looked at Li Tian above his head, then appeared behind him. The handfuls of emerald green sword lights seemed to him the most feared thing in his heart, and the emerald green sword lights contained a kind of pressure that people would not dare to look directly at.

"Is this really the guy who fought Zhuge Yuntian before? But in just a few days, it turned out to be such a terrible strength. If I really start, will I be such a guy's opponent? "Chi Chenzi felt a sense of confusion in her heart for the first time. He thought that Li Tian's strength was nothing more than that, but now he has no such idea at all.

Behind each clone is a small emerald green sword. These small swords are densely packed, almost concealing the space above his head, densely covering the entire sky.

The power on these small swords is more like an invisible big hand, oppressing them.

Looking at the emerald green little swords above my head, even these unconscious skeletons began to crawl on the ground and trembled. Some of the stronger ones also raised their heads and roared uncomfortably at this time, apparently still He was very afraid of the little swords above his head.

This emotion continued to spread, and the entire Skeleton Sea began to become uneasy.

At this time, Chi Chenzi began to tremble, and the emotions of these Skeleton Seas also began to affect him, and even his breathing began to become difficult and rapid. Those emerald green little swords hanging above his head were against him It's like a nightmare, I don't want to face such a terrible existence.

In a small building where no one noticed, Zhuge Yuntian sat with his legs crossed by the window on the second floor. From here, he could clearly see everything on the ring, no matter what actions the two people had. You can see clearly here, you will not miss it at all.

He squinted his eyes, holding a cup of tea in his hand.

Chapter 5333: Spike

"This is the one you said before, funny guy?"

"What do you think?" Opposite Zhuge Yuntian, a man dressed in black and wearing a hat was sitting. He was also looking at the ring at this time, but his tone seemed to be a little unattractive to Li Tian.

"This kid is indeed a little different from the average person, and he looks like someone who has just soared up recently." The man in black snorted, still dismissively: "It's just that, and I can't see anything. , Are you going to bet your future on such a young man? He can really help you?"

"It doesn't matter whether it can help me or not, but I can only choose this kind of situation now. The battle with Li Tian made me realize that this kid is indeed completely different from what I had imagined before." Zhuge Yuntian Looking at Li Tian, who already exists like a **** at this time, he narrowed his eyes and said solemnly: "I believe this kid will become stronger afterwards."

"Are you so sure?" The man in black knocked on the table with one hand, and said contemptuously: "This young man feels pretty good for me at the moment, but just like this, he definitely says he must be very promising in the future. , It seems a little too anxious, this kid seems to have only some future at the moment, but he has not reached the stage you imagined."

"You should know how terrifying power Ji Youling can exert in my hands, but in that battle, when Ji Youling faced Li Tian, she lost control, no matter what I did. There is no way to regain control without such efforts. Do you really think that this kid is just that simple?" Zhuge Yuntian squinted his eyes and snorted, his tone became more and more serious: "I believe it is the same with him. The secret existence of the ancient gods."

"I hope you are right."

"Besides, I can't think of a better reason. A Sanxian who is only in the realm of ***** cultivation can actually make my magic treasure sacrifice and worry out of control. If it weren't for that battle, maybe I'm standing here now. The pinnacle on the ring." Zhuge Yuntian's tone was very calm, and it seemed that he didn't pay much attention to this so-called trial.

And the man in black asked after a short silence: "What do you mean?"

"I want your help. Although Li Tian didn't show it, I know that Lu Xiu must have made some deals for Lu Wenhui and Li Tian. Didn't you see that this guy's task these days is to get rid of all Lu Wenhui's opponents? Zhuge Yuntian said with a smile while touching the stubble on his chin, "I believe that with a character like Li Tian, he will never be willing to be Lu Xiu's running dog. Even if he does, he will eventually be eliminated by Lu Xiu. I need you to protect him."

"As far as I know, this matter has already been arranged. Li Tian does want to resist Lu Xiu in the trials, but he does not simply want to defeat Lu Wenhui, but to kill Lu Wenhui." The man in black His voice began to become low, and he said: "And according to the information in my hand, this kid

still has three cyan charms in his hand. If he is in a hurry, maybe he can find a chance to kill Lu Xiu."

"Three cyan spells?" Even Zhuge Yuntian was a little surprised. Fortunately, Li Tian didn't work hard at the beginning, otherwise the three cyan spells would be smashed, and it would be hard to bear: "It seems that we still know very little about this kid. , But he is just a loose fairy. Even if he has some grudges with Lu Xiu, he shouldn't kill Lu Wenhui to avenge Lu Xiu. Isn't he worried that after offending Lu Xiu, the entire God Realm will have no place for him. What happened?"

"This is not something we can know, but this kid is planning this thing now. As for the reason, I don't think anyone of us knows the reason." The man in black snorted coldly, then stood up: "If they If the plan is not successful, I will find a way to take this kid away from Luoyang City. Remember, your chances are running out."

"Hehe, there is definitely enough left for me to reverse the situation." Zhuge Yuntian looked at the man in black who was leaving slowly, and said with a soft smile.

The man in black did not continue to say anything, so he left slowly.

After the man in black left, Zhuge Yuntian looked at Li Tian, with the corners of his mouth slightly raised; "You, don't let me down."

When countless emerald green little swords gathered behind Li Tian, just the pressure on these little swords made the skeletons below still unable to stand it. More and more little swords condensed into sword energy. Begin to let these skeletons collapse little by little, and finally turned into pieces, disappearing on the ring like dust, leaving no traces.

And Li Tian slowly opened his eyes at this moment.

At that moment, the world changed color, and a breathtaking light flashed in his eyes, looking at Chi Chenzi on the ground: "Now you still have a chance. As long as you admit that you have failed, you don't need it. Continue to fight, otherwise don't blame my men for being merciless."

"Come on, let me see how amazing you are." Chi Chenzi is completely crazy, even knowing that he doesn't seem to have much chance of winning with the young man in front of him, but at this time he still worked hard to show himself With all of his strength, the skeleton turned into countless casual sticks on his body, and then his body began to grow taller, and soon became a huge skeleton.

Li Tian just watched the scene in front of him calmly, smiled slightly, as if he had no emotion at all about the scene in front of him.

"Come on, show your strength, let me see how great you are." Chi Chenzi saw that Li Tian hadn't been moving, thinking that he saw his huge growth and did not dare to continue. It started, so the whole person began to become full of confidence and roared loudly.

Immediately afterwards, Li Tian raised his right hand, and Hong Zhan in his hand chopped it down.

At that moment, what was really done was nothing called heaven and earth.

The dense sword light penetrated Chi Chenzi's body, and the skeleton armor on his body was constantly returning to its original shape, but it was always destroyed again before it was fully restored, followed by successive explosions. The turbulent flow of energy instantly filled the ring.

After the explosion was over, Chi Chenzi was seen lying on the ground with a look of embarrassment, and he was immediately killed!

Chapter 5334: Advance to the quarterfinals

Li Tian's expression was still so calm. He looked at Chi Chenzi, who had been seriously injured on the ring, and said, "It takes a long time for you to recover from your current state. Why do you think this is necessary? Obviously you can prevent yourself from being injured, but you have to choose to fight with me, so why bother."

"I just want to see how powerful the guy who can defeat Zhuge Yuntian is." Chi Chenzi looked at Li Tian and stood up swayingly, with some admiration in his tone: "Now I have to say, You can defeat Zhuge Yuntian indeed have that terrible strength, if someone like you can't win the first place in this trial, then many people will know that there will be insider in this competition. ."

When Chi Chenzi said this, he also took a look at Lu Xiu's position.

And Lu Xiu seemed to have nothing, and didn't pay attention to the things on their side.

"Haha." Li Tian smiled and did not answer.

"Okay, our battle is over, and then it's time to watch other people's battles." Chi Chenzi swayed off the stage all the way, while patted Li Tian on the shoulder: "I'm waiting to see what comes after your performance, although your performance today is already very good, you defeated me with a thunderous momentum, and I have no way to react, but I know that you must have more powerful methods behind you that you have not displayed."

Li Tian still smiled and did not speak. Of course, these things can't be casually told to others at this time.

He does still have a lot of methods in his hands, just those spells, but this time the battle is definitely going to be a quick fight, and the next battle can only become more and more fierce. He is sure that his strength is far on top of others, they will directly enhance their combat effectiveness to the end, and strive to defeat the opponent thoroughly before the enemy has shown its full strength.

I was thinking before that it might be really difficult to deal with Chi Chenzi.

But I didn't expect that it would take some preparation time for him to perform sorcery. If he condensed the black mist, it might be really troublesome, but it's a pity that Li Tian is faster. With Xinghai, there is a fundamental difference.

Lu Xiu watched Li Tian come down from the ring, but he didn't say anything.

At this time, he should start to avoid contact with Li Tian, otherwise if Li Tian fails this time, others will suspect that there is a secret deal between the two of them. As the lord of Luoyang City, He definitely didn't want to see such a thing happen. It was good that Li Tian could enter the quarterfinals, but he hadn't reached the point where he, the lord of the city, needed to take the initiative to come forward to congratulate him.

When Li Tian came down from the ring, it happened to be when Catherine came to the stage.

"Are you not hurt?" She looked at Li Tian and asked.

"No." Li Tian frowned, said faintly, and then directly sat down on one of the chairs.

Catherine smiled slightly, and then slowly stepped onto the ring.

"Yes, I thought you might need some hard work if you want to get into the quarterfinals, but I didn't expect that there is something special about you as a fellow and what I imagined before. It's not bad to be able to enter the quarterfinals. "Lu Wenhui didn't know when he came to Li Tian, and looked at him with a smile.

"Should I say, thank you for your compliment?"

"This is no longer necessary. I am a person who has always praised myself. In this battle, you did a good job, but I hope you still remember what you are doing and know your identity. Here It's Luoyang City. If you are not obedient, you may have a big problem." The voice of this sentence is very low, just so that Li Tian can hear it clearly. This guy is just trying to threaten Li Tian.

At the beginning, Lu Wenhui really didn't take Li Tianji to heart.

He has been cultivated as a genius by Lu Xiu since he was a child. I don't know how many geniuses and treasures are used on him, and his current strength is about the same as those of those big families.

I originally thought that dealing with Li Tian with my own strength was really an easy task.

However, seeing the strength that Li Tian has shown these days has made him truly understand how huge the gap between himself and the young man in front of him is, and even now he is not sure if he is Li Tian's opponent. This guy With his strength, he can easily defeat guys like Zhuge Yuntian and Chi Chenzi. If it were him, how many chances would he have against such Li Tian?

Therefore, Lu Wenhui abandoned his original proud attitude and could only run over to threaten Li Tian, let him know his identity and let him know where he was.

"Master Lu can rest assured that the result will not disappoint you." Li Tian grinned, showing a weird smile, and looked at Lu Wenhui in front of him: "But I have heard that you have never really done anything before. I am your enemy, but this time you seem to be a little worried."

"Before I underestimated you. As a Sanxian, you have been able to cultivate to the present level. Many people feel very surprised. Even me is no exception. I thought that your strength is very different from mine. Far away, but now it seems that you are indeed a worthy opponent, and that's why I am here to talk so much nonsense with you." Lu Wenhui sat down and said with a smile: "You still have many friends around me, I think you don't want them to get hurt, right."

"I am a person who never believes in friends. I only believe in benefits. You can give me benefits. I am your partner, but if you can't give me any benefits, then I am sorry that I am your enemy." Li Tian smiled , With an indifferent look on his face: "These people think they seem to be very close to me. They have been pestering me these days. If Master Lu is willing to kill them for me, I will be very happy."

After listening to Lu Wenhui, he was taken aback. I heard that Catherine and Li Tian had a good relationship, but now it seems that it is not like this.

What he saw in Li Tian's eyes was indeed very real irritability. Didn't the man in front of him really think of Catherine as his friends, so he said such a thing?

He looked at Li Tian and found that he couldn't understand the guy in front of him more and more.

Chapter 5335: Top four

The entire Luoyang city spread Li Tian's name in just a few days. Many people know that such a young man easily entered the quarter-finals on his own strength. , And also defeated a guy who was good at sorcery and as powerful as Zhuge Yuntian, and was promoted to the top four.

In the next battle, Catherine's combat effectiveness was far from perfect as they thought.

Her opponent is also a guy from Xianyang City, but obviously the strength is far more powerful than her. Even though she has shown her strength as much as possible in this quarter-finals battle, she eventually lost to The opponent.

At the same time, the game system has also changed at this time. They did draw lots to determine who their opponents are, but everyone knows that it is not someone else who is secretly planning everything, it is Lu Xiu, so they also started Suspecting the fairness of this trial, there were only one or two people who were skeptical of this matter, but as the number of rumors increased, Lu Xiu's pressure gradually increased.

This kind of thing was originally passed to ten, ten to one hundred, and then the influence became larger and wider.

In desperation, Lu Xiu could only choose to draw lots in front of everyone. The remaining four were Li Tian and Lu Wenhui from Luoyang City, Zhang Dahui from Xianyang City, and Zhang Qiling from Donglin City.

The strength of these four people is very strong, and being able to gradually come to this point among so many candidates is certainly not ordinary strength.

Lu Xiu stood on the ring, squinted at the scattered immortals below, squinted and said: "Everyone has always doubted the fairness of our game this time, so this time our rules are a bit different. The opponent candidates for the trials are a real draw, and draw lots in front of you all. I believe you will not doubt at this time that there is something shady in this trial."

The following celestial immortals smiled chastely. Although they said that, who knows what Lu Xiu has done secretly.

However, after the incident this time, these people began to become cautious. The dignified City Lord began to take this matter so seriously. If they dare to talk nonsense down here at this time, who knows Lu Xiuhui If they don't deal with them, they will not be able to deal with an existence like Lu Xiu by relying on their current strength.

Li Tian looked at Lu Xiu in the ring, but he was very anxious, and now he has reached the top four.

What he is most worried about now is that he met Lu Wenhui in the draw today, what should he do? It is certain to kill Lu Wenhui, but how to leave Luoyang City after this is what Li Tian is most worried about now.

He knew very well that after killing Lu Wenhui, he would instantly become a wanted object for the entire Luoyang City.

‘Damn it, the good news is that something like this happened. I thought we had planned it before, but when it happened, I realized that what I had imagined before

was all fantasy. Li Tian whispered in his heart. Now even if he wants to change this situation, it is definitely impossible. Now he can only face the next challenge.

Secretly praying in my heart, this time the four-finals battle, I must not collide with Lu Wenhui.

"It seems that this time, we can't be sure who our next opponent is. Maybe the battle between the two of us will be staged in advance." Lu Wenhui didn't know when he came to Li Tian, squinting his eyes. Said: "Are you ready? If your opponent is me next, I won't give you any chance."

"Master Lu is really joking. As I said before, I always have my own principles in doing things. Lord City Lord can give me a lot of benefits. I believe that what I give back to you will never let you. Disappointed." Li Tian looked at the serious Lu Wenhui in front of him, only smiled lightly, squinted his eyes and said slowly.

Lu Wenhui looked at Li Tian as if he wanted to find some clue from the face of the guy in front of him.

And Li Tian, at this moment, still only smiled.

"You better do this, otherwise I believe you are very clear about what you will end up with. There will be no place for you in the entire God Realm." He looked at Li Tian and snorted, then toe Left proudly.

Catherine saw the scene before her eyes and sighed helplessly.

Originally, she was still worried about this competition, but seeing that her current result is pretty good, being able to enter the quarterfinals has at least proved that the strength of these people is far enough to meet the requirements of Tianluo Zong. There is definitely no problem with their disciples, and what they need to do next is to compete fiercely among so many opponents and eventually become the champion standing on the highest peak.

Catherine failed, but she still cared about Li Tian and wanted to see how long this guy could last in the next battles.

She knows very well that Li Tian is a person who will not easily admit that he has failed. This time the game will definitely go all out. I have made so many mysterious things in the charm shop before, and there must be nothing in his hands. The stunts called out, this time the top four battles, may be Li Tian's final battle.

At this moment, a figure appeared behind her: "It looks like you have failed."

"Why are you here?" Looking at the man in the black cloak standing behind her, Catherine was taken aback and whispered, "Is there anything wrong?"

"Some things you may not know yet, but the next thing you need to be careful about is to keep a distance from Li Tian. No matter what, you can't let others see the relationship between the two of you." The man is not someone else, it is. Shuigui Guzi, long after he knew the rules of the top four this time, he knew very well that Li Tian's current situation might have become very dangerous.

In order to change this situation, now we can only implement the plan that is not yet mature.

It used to take a long time to make a more perfect plan. After all, Li Tian has extraordinary significance to Shuiguiguzi, but now he is a little at a loss. Faced with such a sudden occurrence,

the only thing he can do now is The thing is to complete his plan as much as possible and make sure that Li Tian can be rescued successfully.

Chapter 5336: Slaughter

"What does Lu Xiu mean this time?" Zhuge Yuntian still sat in his old position, watching Lu Xiu who was announcing the rules of this time on the ring, frowned, and seemed to be a little angry:

"This is a very generous confession of his suspicion of secret manipulation. In this way, the championship this time must be controversial. What does he want to do?"

"Although the quarter-final battle is over, many people are beginning to feel unhappy in their hearts. It's just because Lu Wenhui faced some opponents who were very good for him in these battles. He only needs to be slightly Efforts can defeat them. On the other hand, Li Tian needs hard battles to win every time. Even an idiot knows what's going on." The man in black still sat opposite Zhuge Yuntian and said lightly.

"The purpose of his doing this is nothing more than to make people in Luoyang City think that all this is not controlled by Lu Xiu secretly, just because Lu Wenhui's luck is good?" Zhuge Yuntian put one hand on after hearing this. On the table, he smashed the cup in his hand severely, watching the slowly falling residue, and said in a nauseous tone: "I didn't expect what this guy did. It's really disgusting. Since I'm a bitch, I have to keep going. In the end, a chastity memorial was suddenly erected, but it was a bit unbearable."

"He is the city owner. Of course, everything must be arranged in accordance with the development of the entire main city. Luoyang City will definitely not need a city owner who deceives the people. Since these casual cultivators live here, it is naturally because the life here can give them Freedom, and you don't need to make yourself so hard, you can still live well.

If there is a problem with Lu Xiu's reputation, it will not take long for the entire Luoyang City to be messed up. Those who have supported Lu Xiu before will suddenly turn back and become Lu Xiu's. The enemy, this is what he fears most.

If even these allies around him begin to turn back and become his enemies, it can only prove that Lu Xiu's ability to deal with some things is very poor, and he will naturally become the object of condemnation in the hearts of many people. It had nothing to do with their strength and other things, just because they couldn't get used to this situation.

As for Lu Xiu, it is really clear that if he can't stabilize the current situation well this time, then the tasks in the future don't need to be completed. So many people are crying frantically below, even if this looks like The way of drawing lots is very fair. In the eyes of many people, there is still nothing particularly good. In their minds, they will still be sure that Lu Xiu will still play tricks in this game.

The previous Lu Xiu's manipulation was too serious. Although many people did not know the internals of this matter, they saw that so many people began to pass the news, so they left a lot of bad opinions about Lu Xiu. .

At this time, almost the people around the ring are all ultramarine boiling,

Lu Xiu squinted and looked at the following scattered immortals: "I know that you are in a bad mood now, but I will tell you about this matter anyway. There must be no good end to Lu Xiuzuo against me. I said that there is no shady, then of course there is no shady. If you don't want to believe this, then come, who dare to challenge my strength.

He was very angry, seeing that so many guys who didn't make any sense to him were all standing on the opposite side of him, even Lu Xiu's mentality began to be unable to hold on at this time.

You said there was shady in the game this time, so it's best to show some evidence.

"Lu Xiu, you idiot, you would not hesitate to do such a thing for your own children. Don't you think that such behavior will make you feel disgusting? Others have worked hard for a long time to exercise their strength. All of them are slowly losing hope in your shady scene. They all hope that they can stand on the stage of the mainland and win glory for us, but you have ruined their future for nothing because of your children, do you know I know that such a move is very likely to cause the future to burn a lot of **** emperors."

The moment the man finished speaking, Lu Xiu's eyes had fallen on the man who spoke.

In an instant, the whole ground began to exude a bone-to-heart cold, and the young man also felt that the world seemed to have entered a winter. You must know that the temperature of the gods is the same throughout the year, and it has never changed. However, only those places where the topography is different, there will be things like snowflakes, most of the time it is still just climate adaptation.

But now, Lu Xiu's aura was condensed into substance, instantly condensing into a burst of energy, and rushed towards the man who said this.

The smile on the man's face instantly solidified. Before, he thought that Lu Xiu would not dare to shoot himself. After all, so many people here are watching the scene in front of him with their own eyes. No matter how crazy Lu Xiu is, it is impossible to do that. Come on.

Who knows the result, just when he thought that Lu Xiu could not do it, Lu Xiu did it.

The man subconsciously turned around and prepared to escape. By then, the cold air seemed to continue to extend, and then in the man's horrified expression, the cold air finally touched his body.

"I..." He opened his mouth, as if he wanted to ask for mercy. After all, if he was willing to beg for mercy in such an environment, maybe nothing would happen. As the city lord, Lu Xiu would not be in front of so many people. Can you kill an opponent who has already begged for mercy?

It's just a pity that no matter how big his mouth is, he can't make a sound at all, as if he was strangling his throat by his own enemy.

With eyes wide open, he looked at Lu Xiu in front of him with horror, and then fell to the ground bit by bit.

"Which of you is still questioning my authority, since I have told you here that the trial match this time is very fair, it is really fair. I have always disdain to do things that others look down upon." He stared at these scattered immortals under the ring, squinted, and asked with a cold snort.

The audience was silent, and the scattered immortals looked at each other, afraid to say a word.

Chapter 5337: Draw lots

The arena that was originally boiling, at this time, they couldn't hear any of their voices at all.

The Sanxian who fell to the ground and turned into an ice cube at this time is their best example. This guy just said something bad about Lu Xiu, and then it became like this, if they were at this time In a word, you can imagine that there will be no difference between the end and the man in

front of him. Since the Lord of the City Lord has already killed one, of course he doesn't mind killing one more.

Although they wanted to expose Lu Xiu's hypocritical face, no matter in terms of strength or ability, the gap between them and Lu Xiu could not be made up. Now they can only crawl in front of Lu Xiu, shivering. , No one had the courage to stand up and resist at this time, all chose to be silent, bowing their heads not to look at Lu Xiu.

Li Tian, on the other hand, folded his arms and squinted his eyes.

Using such iron-blooded methods, it can be regarded as Lu Xiu's poor skills in this incident, even if it is explained in any way, the people below will not listen.

But I still chose to do it this way. It can only be said that I have been forced to a point where I cannot handle it.

"It seems that you should believe it now. It seems that you now also know that this is Luoyang City, and I am the Lord Lord of Luoyang City." Lu Xiu chuckled, and his sharp eyes slowly moved from the scattered immortals below. Sweep away: "If I really want Wenhui to become a direct disciple of Tianluo Sect, I only need to take out my identity as the city lord. Tianluo Sect will be happy to cooperate with me. You think I need to use such an inferior means?"

There was still no sound, the scattered immortals were silent, and they could hear their uniform breathing.

Lu Xiu didn't seem to be angry at all, and snorted: "The time is almost too. Originally, the public draw this time just wanted everyone in this game to feel this. The tense atmosphere will also allow them to better demonstrate their combat effectiveness in the battle, but in the eyes of you guys, it has become an opportunity to refute me."

"Why should the Lord of the City care about these little things? You are the lord of the city, representing the fairness and justice of Luoyang City, and naturally there will be no problems." Nan Fengzhu also stepped onto the ring at this time and looked at the following. Sanxian, began to cooperate with Lu Xiu: "I know that everyone may be very puzzled. After all, Master Lu's opponents these days are too weak. Basically, he has been crushed smoothly all the way. Therefore, you are not convinced and think he Doing tricks in secret is normal, but no matter what kind of thing it is, there must be a standard. Under such a large public, publicly criticize your Lord City Lord. If he is merciful, he will only let himself. His majesty is damaged."

The cooperation of these two people can be said to be intimate. One sang red cheeks and the other sang white cheeks. The scattered immortals below were still in fear and anger just now, but when they heard Nan Fengzhu's words, they felt like It was like being empowered by Daigo in an instant, and there was no such emotion.

Seeing these scattered immortals' emotions stabilized, Lu Xiu breathed a sigh of relief. If these people had all left Luoyang City, no one would be able to perform the tasks in their hands. Obviously such things would be the case. The last thing he wants to happen right now.

At this time, the clenched fist slowly loosened. He smiled and looked at Nan Fengzhu beside him, patted his shoulder, and whispered: "You came up in time this time, otherwise these Sanxian's emotions are about to get out of control."

"Hehe, what kind of thoughts these little people have in their minds can be easily guessed by us, and we only need to do things according to their goals, and I believe that they can become our loyal soon. Supporter." Nan Fengzhu nodded with a smile, and then looked at Lu Xiu: "But is this really good? There is no way to control the next thing."

"I have to stand up and deal with matters of public opinion, but I have reached the top four, and there are not many problems. Only Li Tian can influence Wenhui to influence Li Tian. The previous battles have obviously brought Li Tian recently. His strength has declined to a very large extent. It is estimated that Wen Hui will have some chance of winning when facing this kid, and it is absolutely impossible to fail so easily." Lu Xiu was very worried because he didn't know if Li Tian would not. Will do things according to his own plan. If Li Tian is really against Lu Wenhui, but he has not done things according to his own requirements, what can he do?

Now that I want to kill Li Tian, I'm afraid it's not so easy. This kid's current strength growth is completely difficult for Lu Xiu himself to believe, and he is not sure whether Zhuge Yuntian is really protecting him in secret. With Li Tian.

Especially the matter on the Broken Cloud Mountain Range is now considered a very important issue for Lu Xiu. Such a big thing happened, as the city lord, he must be investigated.

Because of the Broken Cloud Mountain Range, the Luoyang City Trade Union has not started publishing tasks for a long time. In this way, their income within the main city has also been affected.

So now Lu Xiu is also very anxious. If this matter cannot be solved faster, the problem will become more and more serious for him.

Soon, Li Tian and other four people slowly stepped onto the ring.

In front of them was a box with four bamboo sticks, and each bamboo stick was written with a person's name. Whose name they picked, who was his opponent.

Li Tian squinted and stood on the ring, looking at Lu Xiu from a distance.

And Lu Xiu was also looking at Li Tian at this time. The two of them were thinking about something. At this time, they knew each other well, but neither of them explained their inner worries.

And Lu Wenhui stared at Li Tian at this time, with a sneer at the corner of his mouth, and the threat in his eyes was also very strong.

Although the remaining two people feel a little strange to the atmosphere on the field, for them to this point, there is no problem in entering the Tianluo Sect. The next thing that needs to be contested is a personal disciple. Only qualifications, but it is definitely not so easy to become a direct disciple. Lu Wenhui is Lu Xiu's son, and in their opinion, he is somewhat impossible.

Chapter 5338: Really hit

Looking at the box in front of him, Li Tian felt a little serious.

Whether he can leave Luoyang City alive according to his previous plan, it all depends on who the opponent is in this draw. If his opponent is Lu Wenhui, it will undoubtedly be a nightmare for Li

Tian. Plans will all be disrupted at this time, and Shuigui Guzi must have no time to arrange all of this in such a short time.

Because the decisive battle after the final four battles will leave both sides with a day or two to rest.

Lu Xiu had already calculated it. He was seriously injured when he was fighting in the semi-finals, so even a two-day break would not be able to fully recover to the peak state in such a short period of time, as long as Li Tian is in. When he was not at the peak during the battle, it was not that difficult for Lu Wenhui to defeat the man in front of him, but the plan was completely chaotic now.

Not only Lu Xiu's plan, but even Li Tian's plan was messed up.

The expressions of the four people on the court were a little weird. Li Tian looked at Lu Wenhui and smiled and said, "Master Lu, choose one."

"Hehe, are you still worried that I will meet you?" Lu Wenhui squinted his eyes, looked at Li Tian, then put his hand into the box, looked at Li Tian, and looked at the few people who were born. One person who draws lots also determines the fate of the remaining three people. If Lu Wenhui draws Li Tian, the remaining two people will naturally decide between each other.

At this time, Lu Xiu was also a little nervous, watching Lu Wenhui and Li Tian on the ring carefully, waiting for the final result.

Nan Fengzhu looked at Lu Wenhui while he was a little concerned about the result.

Almost all the scattered immortals around the ring were thinking about Lu Wenhui's opponent this time. When Lu Wenhui met his opponent before, he could always easily defeat the opponent.

But now it is the battle of the top four, all the people who can stand here are very strong.

Among them, Li Tian was ridiculed and despised by everyone from the very beginning. Until now, no one has the courage to underestimate this man. He told these scattered immortals with his victory record that he was Li Tian. How terrifying is the fighting power of Zhuge Yuntian, who possessed such a terrifying magic weapon as Ji Youling, was still defeated when facing Li Tian.

Regarding this Li Tian, who seemed to be all legendary, they could only say that what they want to see most now is the battle between Lu Wenhui and Li Tian, to see which of these two will be the ultimate winner.

Lu Wenhui seemed calm, but he was still very careful in his heart. His hands were constantly groping in this box, but if the names on these bamboo sticks were not taken out of this box and injected with immortal power, it is impossible to tell whose name is on it, so that it eliminates the possibility that they will use their own means to see who their opponent is.

At this time, he kept choosing among these bamboo sticks, hoping to choose a suitable opponent instead of Li Tian.

At this time, Li Tian can be said to be in a state of full peak. Although the previous battle with Chi Chenzi was a bit difficult, for Li Tian it only consumed a part of the immortal power and some spells. These costs are for their level. In other words, it can be regarded as completely undamaged, so Lu Wenhui faces a completely peak Li Tian.

This guy's previous opponents were stronger than one, and one more difficult than the other, but in the end Li Tian still easily defeated his opponent.

No one would doubt the combat effectiveness of the young man in front of him. If it were really that weak, he would not stand here.

And Lu Wenhui has a deeper understanding of Li Tian's strength. It can be said that after Lu Xiu's previous reminder, he can always look at the young man in front of him, hoping to see something from Li Tian. The flaw came, because he knew that his opponent must be Li Tian. Knowing the strength of his opponent might be the best choice for him.

As time passed, many people looked at Lu Wenhui. It had been a long time, and he still did not make a choice.

Lu Xiu frowned on one side and seemed to feel the pressure on his own son. He smiled and said, "Choose quickly. Anyway, it is a destined thing. You have to have a sense of your own strength. Confident, I believe in you."

Lu Wenhui glanced at Lu Xiu, then nodded, and took out a bamboo stick from inside.

At this moment, everyone took a breath of air, then squeezed their throats and dared not say a word, all staring at the bamboo stick eagerly, wanting to see what the name was on it.

And Li Tian was also very anxious.

This name is an important thing about whether you can leave Luoyang City safely. If the name is himself, Li Tianke now has no choice but to kill Lu Wenhui and see how many opportunities he has. Leaving Luoyang City, even if he knows that the possibility is very small, what he can do now is like gambling.

Lu Wenhui looked at the bamboo stick in his hand, exhaled deeply, and then slowly absorbed his immortal power.

Soon, you can see the name appearing on it.

It's Li Tian, there is nothing wrong.

Whether it was Lu Wenhui, Lu Xiu, or Li Tian, they all frowned at this moment. The three of them had different ideas, but no one wanted to see such results.

On the other side, Nan Fengzhu looked at the result in front of him, and did not show a helpless smile: "It seems that this is really destined. This Li Tian will eventually fight against Lu Wenhui, and it is still this way. In the peak state, can Lu Wenhui really be the opponent of this guy in front of him? He didn't believe that if there was no such deal, Lu Wenhui would definitely not be Li Tian's opponent.

So the only thing that needs to be cared about now is whether the young man in front of him who looks like a very individual will deliberately release water in this trial according to his previous deal with Lu Xiu, so that Lu Wenhui will become the ultimate winner ?

Come to think of it, this possibility may be very small.

If Li Tian becomes the champion, what should their Tian Luozong do?

He felt that this was a very difficult problem, and he had to solve it.

Chapter 5339: Urgent

Lu Xiu slowly walked to Lu Wenhui's side, gently pressed his shoulders, and looked at the son in front of him with piercing eyes: "You can feel it now, do you feel a worried emotion spreading in your heart?"

"That's not enough. I just think this kid is tricky. I'm a little nervous now." Lu Wenhui said in a low voice, but kept his eyes on Li Tian: "Will he really follow our previous plan and be obedient? "

"This is Luoyang City. This kid knows this very well. I believe that he should not be so stupid that he can truly become the champion of Tianluo Zong after winning the championship of this trial. You still have to be careful during a trial. We are still not sure whether this young man will make some other choices in this battle." Lu Xiu looked at Li Tian from a distance, this guy The expression on his face was still so calm. After a brief period of surprise, Li Tian now began to change into the expression of Gujing Wubo before.

It is obviously impossible to find a little clue from Li Tian's face. Lu Xiu has no idea what the young man in front of him is thinking.

But thinking about it, he might have to make something.

With this in mind, I subconsciously began to pay more attention to Li Tian. In this trial, Lu Xiu was already sure that he would put all his attention on Li Tian, as long as this kid had a little bit of disinterest He would take the same action at the first time, but he only has such a son. If he was hurt by Li Tian in this way, he would definitely regret it for a lifetime.

For the young man in front of him who can't see clearly now, from the initial neglect to the present, Lu Xiu really regretted keeping such a dangerous time bomb by his side. He should have chosen to kill Li Tian before. , So there will not be so much trouble afterwards.

Looking at the current situation, Li Tian's decision is likely to change all agreements between them.

"Of course I know that I will not give Li Tian a little chance. Although I know that there is little chance of winning if I fight him, it is obviously not that easy for him to defeat me. In this battle, I I will show my usual peak state, and I will be very calm about this challenge." Lu Wenhui looked at Li Tian, squinting his eyes, almost gritted his teeth.

"I will find a way to make him obedient, this kid, although his strength is good, but after all, he is just a fairy, but behind you is not the same, you are standing behind a whole Luoyang city, and there is my support, believe You can come up with absolute strength in this game." Lu Xiu patted Lu Wenhui on the shoulder, with a kind smile on his face: "If it doesn't work, you can only find a way to kill him."

"Is this okay?"

"The potential and abilities that this kid has demonstrated so far make me very worried. If we continue to grow like this, we may not be able to deal with this kid for a long time. So no matter what kind of attitude we have You must choose to kill the kid in front of you, even if you pay a high price, you must do it." Lu Xiu said solemnly.

At this moment, he saw a **** Tianluozong disciple Yujian coming, fast.

A flash of blue flashed in the sky, and instantly reached the top of the ring.

It's just that this disciple looked like he was already seriously injured. He was crumbling at this time, and soon fell to the top of the ring, spitting out a mouthful of blood: "Elder Nan, something has happened."

"What's the matter?" Nan Fengzhu saw the Tianluozong disciple in front of him, and saw that his body was covered with red blood. It was not difficult to guess that there was a very serious problem inside the Broken Cloud Mountain Range. This disciple should have escaped from the inside at the risk of his death to deliver a message to them: "Don't worry, speak slowly, and clearly tell us what happened there." He knelt down, pressing behind him in the Heavenly Luozone. On the disciple's body, his own immortal strength slowly entered his body.

The few people remaining on the stage looked at each other, and Lu Xiu's expression had begun to become solemn.

The two elders and many disciples of the Tianluo Sect passed by together. Such battles are considered a good force even during the Divine Emperor War, but now to investigate a matter of Broken Cloud Mountain Range, it is still necessary. The news that a disciple who fought in blood was sent to deliver the news suddenly began to make people speculate about what horrible things happened inside that mountain range.

"After we entered the Broken Cloud Mountain Range, we thought that the monsters had left, because no matter how we searched, we could not find the existence of the monsters. After the two elders discussed, they decided to part ways and look for traces of the monsters from all directions, but who knows, WoW has been waiting for us to do this and it has successfully hit us badly. Now the two elders are seriously injured, and they barely retreat with some disciples to the outside of the mountains, but obviously don't know how long they can last, so they asked me to come back and ask for help. At this time, I can only ask for your help." Tian Luozong's disciple squinted and coughed.

Seeing his pale face and constantly vomiting blood when speaking, one can feel how cruel this battle is.

Li Tian squinted his eyes and sighed softly: "It seems that the previous guess is still fulfilled. The strength of that little loli may have been unfathomable. These people used to be giving away their heads. '

"Since WoW needs to separate us and then attack us, I can see that he will also find it very difficult to face your two elders of Tianluo Zong, but I think it is indeed necessary to support them now." Xiu walked forward, looked at Nan Fengzhu in front of him, and said solemnly: "The things inside the Broken Cloud Mountain Range are also a very big thing for us. If we can't restore the calm of the Broken Cloud Mountain Range in one day, we will One day you can't really use your strength to deal with others."

Nan Fengzhu glanced at Lu Xiu, then at Li Tian, and then said: "I will make arrangements immediately to make all the disciples of Tianluo Zong anxious, and also send a message to the sect, I hope they can continue to send people to support. If I can't rescue them, I can only rely on the reinforcements sent by the Zongmen to help."

"Yes!"

Chapter 5340: Murderous

After hearing this news, Li Tian was somewhat relieved. What he was about to do would definitely be blocked by many people. With the current situation, he wanted to survive in Luoyang City by himself. simple.

Now that the Tianluo Sect disciples in the Broken Cloud Mountain Range are in trouble, it is naturally time for them to take action.

After all, this matter is also very important to Lu Xiu. Although dealing with the tricky guy Li Tian is the same thing he wants to do now, it is obvious that the matter in front of him should be considered even more. More important.

If the people of Tianluozong were allowed to die like this, it would be a troublesome thing for Lu Xiu. He would have no way to explain to Tianluozong, and their cooperation might end in this way. To prevent such things from happening, Lu Xiu must also mobilize some forces to deal with these problems.

"Father, it seems that you have no time to take care of both sides. You must deal with Lu Xiu as early as possible." Lu Wenhui also heard the report from the Tianluo Sect disciple, and felt a little nervous. You must know this time. The team dispatched by Tianluo Sect could be regarded as a very powerful team, but it was still defeated when facing those monsters.

Although they still need to deal with Li Tian, Lu Xiu must use some of his strength to help Tianluozong.

"It is indeed like this. No matter how we lose the Yunshan Mountains, it is related to the future destiny of Luoyang City. Even if we don't say anything now, we know it well." Lu Xiu nodded and looked at the distance. Li Tian: "Maybe even I have to go over to solve this matter myself, but before that I still have to make sure that you can defeat Li Tian."

"If you need to go there, you can go directly, and let me take care of it here." Lu Wenhui looked at the embarrassed expression on Lu Xiu's face. Tian Luozong encountered such a big problem, even if Lu Xiu was. Sending their own guards over was nothing but a drop in the bucket for them. At this time, a strong man from the immortal realm came to support them. It was definitely a happy thing for them.

But if it is only the Guards, then the effect may not be so good.

Lu Xiu didn't want to leave, because at this time, he had already thought that he would kill Li Tian no matter how much he paid. This matter is their top priority. Only the problem of Broken Cloud Mountain can actually go back. Procrastinate.

But Lu Wenhui has already said it to this point, even Lu Xiu can only think about this issue seriously now.

"If the Lord of the City can go with us, it is a very good thing for us. Together, we may make these people a little bit more likely to survive." Nan Fengzhu looked at him with hesitation. Lu Xiu smiled bitterly on the side: "I shouldn't have intervened in this matter, but since it has become the way it is now, even if you don't want to intervene, it won't work."

Lu Xiu glanced at Nan Fengzhu, thinking that I didn't want to intervene in this matter before, but if you talk about it now, should I intervene or not?

"Li Tian is a difficult guy to deal with. At present, we don't know what kind of strength this kid still hides. Therefore, you must be careful when dealing with him. Things on Broken Cloud Mountain are also very important. , It seems that I have to go over and help." Lu Xiu sighed, patted Lu Wenhui on the shoulder, and said seriously: "I have told you all the things that may happen, if I don't think I have much If you hope, you can kill Li Tian directly. This is the most enjoyable way."

"Father, don't worry, I'm ready, even if this guy is going all out to face me, but this time I have to let him know what's going to happen against me, if you don't obediently follow our previous Plan to act, then the only thing waiting for him is death." Lu Wenhui glanced at Li Tian, holding the bamboo stick in his hand, looking at the team that was gathering in the distance.

Tianluo Sect and the Guards of Luoyang City formed a large-scale team.

This time, apart from the powerful masters like Lu Xiu and Nan Fengzhu, several generals in Luoyang City also marched together. It can be seen that this time Lu Xiu's problem with Broken Cloud Mountain is serious and has no mission. The release caused their economic income to drop a lot in an instant. For the development of Luoyang City, such a situation is obviously not they want to see.

As the city lord of Luoyang City, Lu Xiu must step up to solve this problem at this time.

"I hope so. I will arrange everything. If this kid doesn't follow our previous transactions, then I don't need to give him a little bit of face."

Soon, the entire trial was handed over to the referees to continue to preside over.

But other than that, Lu Xiu also sent a cronie to stay here. Unlike He Jin, although this guy doesn't have a deep friendship with Lu Xiu, he is a very loyal man. Things that Lu Xiu arranged will be executed meticulously, even if he knew that the matter was wrong, he would still execute it.

This man is called Dongfang Shuo, and he is quite famous in Luoyang City.

The reason why He Jin is known by many people is because of his relationship with Lu Xiu and the commander of the Forbidden Army, but Dongfang Shuo is different. This man is a bit old-fashioned and likes to use many rules to restrain others, so many people do not like Dongfang Shuo very much.

As for him, he never likes to care about other people's feelings.

When Lu Xiu and the others left the ring, Dongfang Shuo sat in the position where Lu Xiu originally belonged, and looked at Li Tian and Lu Wenhui on the ring lightly. Obviously, this guy already knew about the deal between Li Tian and Lu Xiu. At this time, he focused all his attention on Li Tian. As long as this young man has something out of the ordinary, he will definitely take it the first time.

Li Tian also felt the aura of Dongfang Shuo, covering the whole ring like a pair of invisible hands, making people feel that their breathing has become a little dull.

"This guy doesn't seem to be so easy to deal with. It seems that Lu Xiu is still worried about me." Li Tian whispered, then looked at Lu Wenhui who was also standing opposite him.
