

A Killer 5361

Chapter 5361: clue

"Of course they know that something has happened in the Broken Cloud Mountain Range, and they may not know it much later than us, but the reason why they did not come is only because their interests have not been involved at all so far. For Broken Cloud Mountain Range They don't really understand what's happening inside, so it's normal to choose this kind of onlooker attitude." Hearing Li Tian's puzzled appearance, Remnant Soul slowly explained it alone.

In this ***** realm, the highest status is of course the ***** emperor.

Some of these ***** emperors live in seclusion in some unknown places, but there are also a few people who now occupy the best main cities in the entire God Realm, and there are some main cities under their alliance that belong to the alliance.

In addition, although some of the remaining main cities also have trades, they are still fighting in secret, and each other wants to destroy each other's interests.

The current situation in Luoyang City is already very bad. Because of the Broken Cloud Mountains, the main city guild here has not started serious publishing tasks and recovering resources for a long time. This has also made Luoyang City's economy start very fast. The overall strength of Luoyang City is declining rapidly. This is a good opportunity for the surrounding main cities.

They can take advantage of this opportunity to draw all the talents from Luoyang City to their side, and they can be a very powerful weapon after a period of training.

These are many potential rules. Although they have not been clearly stated, everyone is well aware of each other. As long as their own interests are not involved, no one is willing to help Luoyang City.

Therefore, for so long in the past, Lu Xiu relied on himself and Tian Luozong to barely persist.

"These are things that many people know. They just didn't say it. Even if it is the main city of the God Realm, the relationship between the city lord and the city lord is not as simple as you think, although there are still some gods on their heads. The emperor, but the relationship between each other is not as good as that of the imperial court. This kind of divergence is very serious, leading to the existence of many factions. Several ***** emperors have been thinking of unifying the entire ***** realm, but every time, it is a terrifying battle. "

Li Tian understood a little at this time. It's not that no one knows about the Broken Cloud Mountain Range, but that no one is willing to help them. It is entirely up to Luoyang City to handle the problems on its own. .

Unless it is, the problem here has been serious enough to affect the interests of other people, otherwise it is impossible for anyone to stand up and help Lu Xiu kill the beasts in these mountains.

And Tianluo Zong, also because of the reasons for the trials, but also wants to open up a sphere of influence of his own in Luoyang City, so he will make such a blood base.

It's a pity that their suzerain may have never thought that what happened to Broken Cloud Mountain would be so difficult to deal with. Several elders came together and there was no news, and even a week passed without any news.

"That's why I told you that you must be careful at this time, because you are truly isolated and helpless."

Li Tian nodded and moved forward.

Shuigui Guzi held a compass in his hand, which looked like a long history. It was painted with symbols that even Li Tian didn't know. It should be something in the God Realm, so he didn't know it at all.

"This compass can guide us in the right direction." Shui Gui Guzi looked at Li Tian who was standing next to him, smiled slightly, and said softly; "Although this decision is a bit crazy, since you have made such a decision Decided, I definitely want to go with you. I hope my strength can help you a little bit."

"I don't know how to respond to what you said. After I came to God Realm, I was unaccompanied. I thought I might never meet anyone I knew again. You stepped up to help in times of crisis. This kindness is something I will never forget in my life." Li Tian shook his head. Although the strength of Shuiguiguzi is average in front of Lu Xiu, it is also what Li Tian currently knows. Among many people, the only one is willing to stand up and help.

"Don't both of you talk about these silly things here, quickly see what it is." At this time, Catherine's voice came from the front, and it was very clear into their ears.

Li Tian and Shuigui Guzi's attention was quickly drawn over.

What appeared in front of them was an armor. A lot of blood stains could be seen on the armor. From the dents and cracks on it, the master must have fought a desperate war with their enemy. The enemy's own opponent dropped his heavy armor and ran away. It is estimated that he might not be able to leave this mountain range at all.

Li Tian squatted down, glanced at the symbol on it, and said solemnly: "This is the signal of the Guards of Luoyang City, and looking at the blood stains on it, you can almost tell that it should be something that happened in the last few days. ."

"In that case, we have now entered the very dangerous environment you mentioned before?" After listening to the other side of the water ghost Guzi, the expression on his face slowly became dignified, now that he saw this one. Armor, that means the name is by their side, and maybe Lu Xiu is also alive.

Faced with these people's questions, Li Tian didn't answer anything, but looked at the armor in his hand very seriously.

Although the price of this piece is already very shabby, the simple news from this armor can still make Li Tian easily judge some problems. It is now certain that the owner of this armor is indeed Luoyang City. The Guards, and judging from the ranks above, shouldn't be a simple soldier. Thinking of Lori's smile before, he was certain that Lu Xiu and the others had encountered an ambush.

"Lu Xiu and the others should have encountered an enemy here. It hasn't been a long time since this armor was dropped here. It can be judged that it was dropped recently." Li Tian looked at it for a while, and then solemnly said: "Above The traces of the sharp claws can also be seen. This beast

may not be the one-eyed orcs we saw before. It is certain that there should be more terrifying beasts in this mountain range."

This is undoubtedly a terrible news for them.

Chapter 5362: meet

When I saw the majestic one-eyed orc and easily wiped out a camp before, Li Tian felt that such an existence was really terrifying.

But now it seems that the terrifying enemy they encountered may not be a simple one-eyed orc at all, but may be a more dangerous opponent, such as this beast whose identity has not yet been determined.

Since it can leave traces on this armor so easily, there is no doubt that the combat effectiveness of this beast may not be much different from that of a unicorn.

The strength of these armors can be completely surpassed by a person's normal imagination. Wearing this armor can avoid many negative spells. At the same time, you can use this armor to protect your body, just like a person. Like a moving fortress, the combat effectiveness can be imagined.

But in front of this monster, all this seems to have completely changed.

"This should be the armor left by the Guards. We haven't been able to see where the owner of this armor is. We can only say that he may have been eaten by the monsters, or he has left here now." Li Tian looked at these people in front of him, and said seriously: "The most urgent thing is to determine what kind of monsters we are likely to face. This power is far from simple."

"It is true. It is possible to destroy such a hard armor so easily, and you can see that the combat effectiveness of this monster is terrifying." Mengsk couldn't help showing a solemn expression looking at the traces on the armor. , Looked at them and said, "What should we do now, now that we know that Lu Xiu and the others have already met even more opponents, should we give up the idea of continuing to track them?"

Their original purpose was to kill Lu Xiu, but now it seems that Lu Xiu has probably died in the Broken Cloud Mountain Range. After all, his opponent is such a powerful monster.

The number is not yet known.

If a few of them go deep, they can only be sure whether Lu Xiu is dead, but if they make a mistake, they may become funeral objects here, so the best way is to turn around and leave here in time. .

"We are still not sure if Lu Xiu is dead. It's a bit reckless to jump to conclusions just by seeing the body of a Guardsman. In case Lu Xiu is still alive, if he is asked to return to Luoyang. Cheng, after knowing those things, let alone Li Tian, even if we are, I am afraid we will be implicated."

Catherine glanced at Mengsk, knowing that the front may be dangerous, but they have to continue to do it now. .

"Although this is the case, if you want to leave, it is not impossible. You have seen the strength of those monsters before. Even if you stay here, you can't change anything." Li Tian glanced at the person beside him. Catherine shrugged her shoulders helplessly, and exhaled, "I think the best way

now is to leave here. Since one of the Guards has died, the probability of Lu Xiu's death is already high. Up."

"You don't even want to leave here. Why should we leave? Now that we have said that we will help you solve this problem, we must face this problem with you. If we leave here now, others will What would you say to us?" Catherine looked at Li Tian's calm face and immediately stared her eyes, seeming to be very angry: "No matter what, we will advance and retreat with you."

"Why, I already know a little bit more or less now. My purpose of going deeper now is just to confirm whether Lu Xiu is still alive." Li Tian put down the armor in his hand and slowly Standing up, leaning on one side of the tree trunk, he said helplessly: "You don't have to continue to take risks with me. If you want, you can wait for me here."

"Needless to say, if we were people who were greedy for life and fear of death, we would have left here long ago." Mengsk saw Li Tianmeng's thoughts, and immediately stood up and explained: "It's just that I hope you don't have to be held accountable. Going on, now that we have reached the point where we are now, the next thing is a matter of resignation, why should we continue to block our lives to confirm?"

"If I don't bet on my life this time, I might be dead next time." Li Tian is quite sure of the consequences of letting Lu Xiu go. The outcome is naturally very tragic. Lu Xiu, no matter how heavy the price he paid, even his life is fine, he is now doing a gamble, and the chance of winning this gamble is very high.

Xing Jun has always been silent, and this time he said: "I agree with Li Tian."

The meaning of these words, of course, is to agree with Li Tian's intention to continue to investigate in depth. After all, if Lu Xiu is allowed to live so well, it will eventually evolve into a contradictory existence that is difficult to deal with. At that time It's just that they are already very difficult to solve when they want to solve this problem. Since one of the Guards here has died, it is enough to show that their current situation should be considered the best.

They are in the dark, but Lu Xiu is in the light.

If Lu Xiu can be found, his current state may not be at the peak state at all, and Li Tian and others launched an assault before he found out that Lu Xiu could be killed soon.

"Since there is no opinion, we will continue to take a look." Catherine nodded and said with a smile, seeing that both of them agreed.

Li Tian still wanted to say something, but seeing the serious faces of these people, he had no choice but to shrug his shoulders.

However, just as they were about to leave here and move on, one of them suddenly emerged from the forest on the other side, and then froze in place, looking at Lu Xiu and others in front of him.

And Lu Xiu and the others at this time also looked at the man in front of them with a dull expression.

This blood-stained man, who is no longer as handsome as before, is the city lord of Luoyang, Lu Xiu.

At this moment, only a few guards and Nan Fengzhu of Tianluozong were standing next to him. There were a total of more than twenty of them, all slowly appeared in front of Li Tian, looking at this standing in front of them young people.

Chapter 5363: showdown

Lu Xiu swallowed, looking at Li Tian in front of him, he already knew some results.

And Nan Fengzhu, from the previous accident, slowly turned into a calm expression, squinted at Li Tian, and said: "It seems that I still underestimated the determination of you as a young man. No matter what it is, I am afraid that there is no such thing as you dare not do."

Li Tian smiled, and then turned his gaze to Lu Xiu in front of him: "My Lord, do you feel very surprised to see me here?"

"There are indeed some accidents, but it is reasonable. Young people like you, we can't control it at all." Lu Xiu took a few steps back and sat down on the ground. Very calm: "It seems that you should have defeated Wen Hui, and you have left Luoyang City safe and sound, haven't you?"

"I'm sorry that he is dead." Li Tian said with a smile looking at Lu Xiu who was calm in front of him.

"Oh, isn't it?" Lu Xiu was still calm, as if he had already seen everything, slowly stood up, and exhaled deeply; "I guess your purpose of coming here is to kill Let me go, so that you can never suffer from future troubles."

"That's it."

Lu Xiu sneered, looked at Li Tian in front of him, and said disdainfully: "You want to kill me with these people? You too underestimate me, a person in the immortal realm."

Although they look embarrassed now, there are still many companions behind Lu Xiu who are protecting him. Although Li Tian also has companions by his side now, they are not Lu Xiu's opponents in addition to a few spiritual realms and one spiritual realm. It is because he is not in the peak state now, and still will not put these people in front of him in his eyes, that is why he shows such a sneer.

"You can still keep looking at me so calmly now, don't you feel angry at all?" Li Tian, seeing him so calm, did not have the slightest resentment towards him because of Lu Wenhui's death, but rather calm and calm. People feel a little scary, and even feel that Lu Xiu is the most dangerous time now.

"What's the use of anger? I thought a long time ago that you might do this, so I arranged a lot. Everything I can do is done. The only thing I can do now is to kill you." The fairy himself has a very long life. Although this still makes Lu Xiu feel very heartbroken, he understands that pain cannot change anything at this time.

Only by personally killing Li Tian, can I calm my mood.

"Don't talk so much nonsense with this guy, let's get rid of him early." Seeing Lu Xiu, Shui Gui Guzi stepped forward to protect Li Tian's side, squinting his eyes: "I'm delaying time in front, you attack from the side."

While talking, several people quickly opened up their formation to surround Lu Xiu in front of them.

And Nan Fengzhu, at this time, took a step forward and squinted: "Aren't you people too underestimated me and ignored me?"

Li Tian looked at Nan Fengzhu in front of him, squinting, "What do you mean?"

"You know the relationship between Tianluozong and Luoyang City. We are now an ally. If Lu Xiu is allowed to die in front of me, there will be no way I can explain it to them. I don't want to, I have to do it." Nan Fengzhu said as he stood opposite Shuigui Guzi: "But you guys want to kill Lu Xiu with this ability. It's a bit whimsical. ."

"Don't pretend to be here. Although Tianluozong and Luoyang City are in an alliance now, even if Lu Xiu dies, it will not affect the relationship between you. Why are you here? As long as you stand by here, if the city lord of Luoyang City takes office, he will definitely establish a good cooperative relationship with you. If you save Lu Xiu now, he may not necessarily think that you regard him as a real companion. Yeah." Li Tian said with a sneer at the corner of his mouth, looking at Nan Fengzhu in front of him.

At this time, although Lu Xiu was a little panicked, he was still calm and calm on the surface: "Do you think this can provoke the relationship between us? If you were so easy to provoke separation, we would not stand here now. Up."

Lu Xiu knows very well that his current strength is of course no problem for dealing with the two people in front of him, but if Nan Fengzhu who is next to him suddenly turns against him at this moment, then things may not be as simple as before.

Nan Fengzhu is also in the realm of immortals, and is still at the peak, the strength is stronger than Lu Xiu.

Even if he still has the protection of these guards around him, if they meet each other, the two sides will definitely not be at the same level of strength, so now we still need to stabilize Nan Fengzhu, and we must not let this guy take the blame. Focus on yourself.

Nan Fengzhu took a look and said, "Don't worry, if I want to turn my face with you, you are now a corpse."

Lu Xiu smiled slightly and squinted at Li Tian.

And Li Tian didn't say anything at this time, just nodded: "It seems that you also encountered a very difficult thing here in Broken Cloud Mountain Range. We didn't investigate it clearly before, but after seeing you, there may be some eyebrows. ."

"There is no need to change the subject at this time, I will kill you, right now." Lu Xiu saw Li Tian start to change the subject, sneered, and the fierce aura instantly enveloped the surroundings.

Nan Fengzhu frowned and pressed Lu Xiu's shoulders: "Have you forgotten what this place is? There are still Warcraft behind us. You exposed your position at this time. Didn't it hurt us?"

"Even if the monsters arrive?" Lu Xiu snorted coldly, staring at him, "Even if all the monsters are really attracted, I have to kill the unconscious boy in front of me. Hui, let everyone around him be buried with him."

"You want to die, but we don't want to die so early." Nan Fengzhu widened his eyes, looking at Lu Xiu like a lunatic. This guy knew the power of those monsters, so he dared to dare At this time, I

showed my full strength: "The grievances between you can be resolved in another place, but now the best choice is to leave here."

Chapter 5364: Crossfire

"If I change a place, I'm afraid this kid will run away long ago. Since I came here, I hope to attack me when I am the most vulnerable." Lu Xiu glanced at Nan Fengzhu, but at this time he looked crazy. , Regardless of everything around him, even if there is a monster tracking behind him, I'm afraid he would still choose to fight Li Tian here.

The coldness in Nan Fengzhu's eyes became more and more serious: "We have more important things to do now. If you insist on this, then I can only choose to stand by and take a step first."

Seeing that Li Tian could all enter this circle, Nan Fengzhu already had the idea of leaving here.

These monsters trapped them in captivity for so long. Now they finally found a chance for him. Of course, he won't miss it like this. Since Li Tian and the others ran in as scapegoats, Lu Xiu showed his anger here again. Exposing his position in the field will definitely attract those monsters, and he can just seize the time to leave here with this opportunity.

He also needs to tell the Sect Master of Tianluo Sect about the things here, and then let the entire God Realm know what happened here.

He can be sure that there is a more terrifying existence behind these monsters. It is very likely that the little loli that Li Tian said before, and this little loli attracted these powerful people to this side, using strong means Change these beasts so that they can be controlled by themselves and at the same time are extremely powerful. If this continues, the entire God Realm will be in danger.

Now it's not just about Luoyang City, but the entire God Realm will be in trouble because of this matter.

If there is really an army of Warcraft controlled by an immortal with a human mind, then even the gods will not be able to deal with such an army.

"No one can leave here today, including you." Lu Xiu squinted, looked at Nan Fengzhu, and said seriously: "You should know the current situation of the two of us. If you leave, I will definitely not survive. Go on."

"Do I still want to stay and die with you?" Nan Fengzhu frowned and looked at Lu Xiu, who at this time didn't know what is rational, and began to regret his previous decision. Ming is going to drag the people in front of him to death together.

After thinking about it, he almost knew the tediousness of this matter.

They have been fighting with these monsters for so many days, their bodies have long been ignorant of how many injuries they have accumulated, and at the same time, the immortal power has almost been exhausted. Since Li Tian found here to deal with Lu Xiu, he must have done everything. Preparation.

And Lu Xiu is also very clear about his state. Although it is not a problem to deal with these people in general, if Li Tian and the others are all ready to come here to ambush, he may be There are not many opportunities, so I chose to attract those monsters. By then, these monsters will not only attack Lu Xiu, but Li Tian and others will not end well either.

"Li Tian, he will attract monsters like this. We are definitely not the opponents of those monsters. If you want to do it, let's hurry up." Catherine felt a different look at this time, looking at Li Tian, and said anxiously. .

"That is, if these monsters come over later, we will definitely not be able to leave here."

Li Tian nodded, Lu Xianyang was attracting the chasing soldiers behind them, what he had to do now was to kill Lu Xiu before the monsters chased him.

Shuigui Guzi squinted his eyes and started slowly approaching Lu Xiu.

Nan Fengzhu snorted coldly, turned around and said, "If you are willing to fight them here, just fight them here. Anyway, I am leaving here. No one can stop me today."

Of course Li Tian and others would not stop Nan Fengzhu. If he was willing to leave here, Li Tian would be very happy.

I've never done anything before and I'm worried that Nan Fengzhu will get involved in this matter. The most ugly thing he can see is Nan Fengzhu in front of him. He always feels that the relationship between this person and Lu Xiu does not look as good as he has seen, but Now he is still resolutely unwilling to betray Lu Xiu, which makes Li Tian unable to figure out what the Tianluozong elder is thinking about.

At this moment he was willing to leave here, Li Tian really couldn't ask for it.

And Lu Xiu, although he didn't want to let his ally, leave, losing such a helper, it would be more or less difficult to face Li Tian, but at this time he was already surrounded, of course There is no way to change it.

"I have noticed that there are monsters in your vicinity, but they are not close here. It seems that someone has ordered them to stand by." At this time, the voice of the remnant soul of the ancient **** sounded in Li Tian's mind. : "It can be seen that the man behind the scenes has a very powerful control over these monsters. If he really creates such a powerful army of obedient monsters, it is estimated that it will be unimpeded in the gods."

"Are all the monsters in the Broken Cloud Mountain Range controlled?"

"It's very possible that all the monsters with lower strength before have run away. Almost the entire cloud channeling beasts in the Broken Cloud Mountain Range have migrated to my ancient **** relics by chance. Now in Broken Cloud Mountain Range. The monsters that can still appear are probably controlled by the little girl you once saw."

"Don't you know the identity of that little girl?"

"What I can feel from your memory is still a bit vague, but I can only say that the strength of that little girl is unfathomable, even I can't understand her ability, what is the purpose of her doing so many things, I'm afraid Only she knows it."

Hearing what the Old God Remnant Soul said, on the contrary, it made Li Tian relax a lot.

Warcraft is not near here, which is a good thing for him.

Lu Xiu's aura slowly released, and even the surrounding trees and rocks began to be unable to withstand such pressure, slowly tearing apart, turning into powder, and soon the ground began to vibrate.

He closed his eyes and slowly raised his hands, a flow of heat rose from his hands.

"Guardians, are you willing to fight with me today?"

"Follow it to the death!" At this moment, a group of guards all burst into violent roars. The eyes looking at Li Tian were all angry and bloodthirsty, without any fear at all.

Chapter 5365: Cut off grievances

"You are really a lunatic." Looking at Lu Xiu who was very mad at this time, Nan Fengzhu also didn't understand what this guy wanted to do. It is obviously not a good choice to continue to consume it here. It is possible for them to catch up at any time. Of course, the best choice at this time is to leave this place of right and wrong. After leaving such a sentence, he left in a hurry.

And Lu Xiu didn't really want to stop Nan Fengzhu, not to mention that he is now surrounded by Li Tian and others, and he still has to deal with the matter at hand.

If Nan Fengzhu is forced to stand on his opposite side in a hurry, it is not a very good thing. One less ally is always better than one more enemy plus one less ally. Since he wants to leave, then Let's go.

But for the few people in front of him, Lu Xiu had all their voices in his mind, even if they ran to the end of the world, he would never let it go.

"I knew that everything you did before might be acting, but I didn't expect your plot to be crazy. I knew it was the result of this. I should have married you, a kid earlier, and saved me. Cause so much trouble." Lu Xiu glanced at Catherine, Mengsk and others who were standing beside Li Tian. At this time, he almost knew a little.

Li Tian smiled. If Lu Xiu had discovered these things earlier, maybe so many things would not happen now.

It just doesn't make much sense to say so much now.

Nan Fengzhu left. Of course, the remaining people, Li Tian, would not let them out. He sneered and squinted his eyes: "Master City Lord still remember, where are the people you slaughtered in a small town?"

Lu Xiu was taken aback for a moment, and then as if he had understood something, he looked at Li Tian: "No wonder your talent is so terrible, and it can become so terrible in so many days. It turns out that you are the strongest of the lower realms. It's no wonder, it's no wonder, I didn't expect that all these days I've missed you, you kid is by my side, but I don't know."

"I remember everything you did before, but I haven't found a good opportunity to retaliate against you. Now kill your son first, and then kill your **** city lord, I will Find another main city and continue to practice with peace of mind." Li Tian said as he started to cast the cyan spell in his hand.

Lu Xiu and Lu Wenhui, for Li Tian, must be cruel concubines, but the whole innocent people in a small town were killed by Lu Xiu because of Li Tian, and Lu Wenhui was even more in order to gain some heaven. As Luo Zong's prequel disciple, he didn't even hesitate to kill himself, and his friends around him threatened him with this. He would never regret killing such two people.

The first spell to be displayed was World Domination.

As Lu Xiu's aura slowly radiated, and Li Tian's aura began to slowly emerge at this time, the things Catherine, Mengsk and others had to do were simple, and that was to bring Lu Xiu around. The guards of the people all delayed, so that they could not participate in the affairs here.

But Li Tian and Shuigui Guzi were to deal with Lu Xiu in front of them.

"You are ready, I'll take action first." They don't have much time to wait here. Even if they know that the monsters behind have not followed up, Li Tian is still unwilling to wait any longer. Ye Changmeng, they The more time is wasted at this time, the problems may become bigger and bigger.

The moment Shuigui Guzi rushed up, Lu Xiu also started to do it.

Suddenly many cracks appeared on the ground, and then countless flame pillars all gushed out, like underground spring water, all surging out, the surrounding air also began to become more muggy at this time, these hot pillars of fire were crazy. He attacked in the direction of Shuigui Guzi and Li Tian, like dragons one after another, constantly flapping his tail and lashing frantically.

And the water ghost Guzi was the first time to show his strength in front of Li Tian. He held the Ji in his hand. As he explored in his mouth, some strange spells continued to appear in this book, slowly condensing. Become some strange creatures, contending with the pillars of fire that slowly transform into fire dragons.

On the surface, it seems that there is a balance between the two people for a while, but in fact it is not like this at all.

Water ghost Guzi now can only rely on venting all of his strength, and then he can barely deal with Lu Xiu in front of him. Of course, if Lu Xiu is in peak state, water ghost Guzi has already failed at this time. After all, he is a god. The immortal of the realm, no matter what it is, it is impossible to be killed by someone one level lower than himself. Even if he is weak now, he can still easily deal with the water ghost millet in front of him.

"Do you expect yourself to delay time here to let Li Tian continue to cast his charms?" Lu Xiu smiled, looked at the water ghost Guzi and said: "All of you don't want to leave here today, even me. If you die here, you definitely won't be able to leave here. In the depths of this mountain range, I don't know how many beasts there are. The reason why we asked us to send people here is to absorb our blood and rebuild what we have. WoW, do you think you can leave here alive?"

"These are not things you need to worry about. Even if you are in the realm of immortals, it still takes a while to deal with me." But in just a few seconds, the sweat on the water ghost Guzi's forehead was all at this time. It penetrated out, and his body began to tremble slowly, as if standing in an extremely cold place, his body could no longer hold on.

Li Tian was chanting the spell while looking at the water ghost millet in front of him.

As long as Shuigui Guzi can't stick to it, he must go up to fight with Lu Xiu. Looking at Lu Xiu's current state, although Shuigui Guzi is still a bit difficult to deal with, it is not as scary as they thought. If Li Tian wants With the help of the spell, dealing with Lu Xiu in front of him would not be a big problem.

"Really, then I have to see how you can deal with me now." At this time, the expression on Lu Xiu's face showed a serious look for the first time.

Chapter 5366: Fairyland

The immortal realm is very unfamiliar to many people. The powerhouses at this level are actually very powerful, and it is impossible for ordinary opponents to let them use their full strength.

And Lu Xiu in front of him, even in a weak state, can easily deal with the water ghost millet in the realm of gods.

This is the gap between the realms, and it is also something that cannot be made up at all.

At this time, as the expression on Lu Xiu's face became serious, the previously difficult water ghost millet became more difficult at this time, and even felt that his body began to become unwilling, so continue to follow this situation. If it does, it may fail soon.

"Absolutely can't just lose to this guy like this. If I fail here, Li Tian, this kid, will probably be unable to do anything next." Feeling his pressure is increasing, Shuigui Guzi still chooses After gritting his teeth and holding on, he is now the only barrier in front of Li Tian. If he chooses to retreat, then everything is meaningless.

"Firefly, dare to compete with Haoyue for glory, how long do you think your strength can really resist?" Lu Xiu sneered, and then with a wave, he saw a tornado formed by flames directly sweeping towards him. After the Shuigui Guzi, at the same time, he quickly rushed over.

Shuigui Guzi anxiously wanted to block the fire tornado in front of him, but when he finally used his immortal power to destroy the fire tornado in front of him, he saw that Lu Xiu had appeared in front of him.

This speed was as swift as lightning, and it didn't give him any chance to react at all.

"Is this the strength of the realm of gods? The speed is so fast that I can't fight it." Shui Gui Guzi suddenly felt a sense of powerlessness in his heart. Before, he felt that the peak of the realm of gods was dealing with a god. Although the realm could not be defeated, there was probably no problem persisting for a while, but now he definitely wouldn't have such an idea.

The Lu Xiu in front of him was simply a powerful and terrifying existence to him, but a simple method like this almost made his whole person collapse.

'boom'

Lu Xiu just shook his fist very simply, and the Water Ghost Guzi had to use all his strength to make it hard, and then he was directly knocked out by this huge impact.

‘Boom Rumble’

The ground was trembling, and the water ghost millet was also extremely embarrassed.

He was embedded directly and deeply into the ground, his body was covered with blood, and one arm looked like it had been broken. One can imagine how terrifying this simple attack was.

This is the terrifying strength of the realm of gods, even if it is only about half of this strength, it is easy to deal with a fairy in the realm of gods.

Li Tian squinted his eyes and finally finished reading the spell in his mouth at this time, and then smiled slightly: "It seems that you should be very confident in yourself now. It is not coincidence that I am also very confident in myself now."

"You are finally ready. It seems that the spells in your hand should be even more powerful. The delay for so long is to allow your spells to be displayed. I am very curious about what kind of spells you are going to use now. Means to deal with me?" Lu Xiu smiled and looked at Lu Xiu in front of him. Most of the water ghost millet on the ground has lost most of its combat effectiveness.

Moreover, he was still seriously injured, and it was impossible to continue fighting.

With just one, Lu Xiu easily defeated the guy in front of him. One can imagine how terrifying the gap between the realm of gods and spirits is.

"It is indeed like this. You are a superb realm of immortals. For us, it is simply an existence that cannot be defeated by ordinary means. If at this time I have to choose to fight you head-on and fight with my real strength. , That would be very stupid." Li Tian said as he said, the feather blade behind him slowly opened, like a sharp sword, shining with dazzling light.

His feet slowly left the ground and began to fly into the air.

And Lu Xiu, at this time, was also quietly looking at Li Tian in the air, especially the red sword in his hand that had completely turned into a liquid blood red at this time. On top of that sword, he felt A power that does not belong to the realm of divine cultivation, that is to say, this is a spell that adds buffs to weapons, but it is still not so easy to deal with Lu Xiu just like this.

"It looks like a very good charm. This quality has at least reached cyan. A young Sanxian like you has such a quality charm. Fortunately, I haven't confirmed my doubts before. If I knew you were that person If you don't, what's happening now won't happen." Lu Xiu really regrets his intestines now, and Li Tian still has these terrible charms on his body. It's completely that everything is ready before going here. Come find your own.

"Hehe, although you are the city lord of Luoyang City, it doesn't mean that you can control everything in your own hands. After all, there will still be some things that you can't figure out clearly." Li Tian felt the power on Red Zhan. Although I don't know what the man in black has done, what can be felt is that the energy of the spell of Tianxia Bajue has been filled a lot at this time, and it lasted longer.

It may be just a small enhancement for the man in black, but for Li Tian it is a world of difference.

At this time, Li Tian really wanted to know what the identity of the man in black was. Such a terrible charm was only a small enhancement in his mouth. Could it be that he didn't even see the fairy king in his eyes? Up? This is too BUG.

'The charms on this kid's sword are completely different from those seen before. Obviously they have been strengthened by experts. No wonder they can leave Luoyang City alive. It turns out that there are strong ones to help. 'Lu Xiu looked at the little details of Li Tian's body now, and he probably knew what happened in Luoyang City. He also understood why Li Tian stood here. It can strengthen the spell of this level. The strength should already be very scary.

Although he has left many strong players in Luoyang City, if he really faces such an opponent, there is no chance of winning at all.

Unless that gain array is activated.

Chapter 5367: Li Tian vs Lu Xiu

Both of them were floating in the air at this time, and the feather blade behind Li Tian slowly stirred, bringing up a breeze and slowly drifting towards the front.

The Red Slash in his hand is still the previous Red Slash, but after his own immortal power is injected into the Red Slash, he can get a very powerful increase, and his current strength is almost close to the God King.

Lu Xiu is still about half of his strength, and his body has suffered some injuries. Naturally, there is absolutely no way to deal with such Li Tian.

Suddenly, a dark red lightning appeared in the sky.

Immediately afterwards, ripples began to appear in the space around the two of them, Lu Xiu's eyes slowly turned dark red, and a ball of flame appeared in his eyes, slowly beating, his A trace of flame began to slowly emerge from his body, like a flame armor, shrouded in Lu Xiu's body, and it was still continuously covered.

Soon, a perfect armor appeared on Lu Xiu's body.

His eyes completely turned into two beating flames, looking at Li Tian in front of him.

Li Tian slowly raised the sword in his hand, smiled and said, "From before to now, I have forged a lot of grievances with you. Maybe you don't even know about it, and I never thought about it. Speaking of this to you, but today these things are definitely about to be resolved, and there is no need to continue wasting time like this. Let's do it."

"Since you are so anxious to find death, then I'm not welcome. I know your kid's habit. To hide your strength from you is simply to humiliate yourself, so I will start today. I will go all out when I'm in, and I won't give you the slightest chance." Lu Xiu held a sword in his hand, a sword burning with scarlet flames.

And Catherine and others below all raised their heads and looked at the two people in the sky.

Although the Guards were very loyal, their strength lay here after all. Compared with Catherine and the others, they were still much inferior. Without exception, they were all killed, leaving only Lu Xiu alone.

Of course, after this battle, Catherine and others are not as good as before.

More or less with some injuries on his body, at this time, a few people were protecting the water ghost Guzi, asking him to start using his fairy power to recover his body.

"Can Li Tian deal with Lu Xiu alone? After all, he is a strong man in the immortal realm. Otherwise, let's go up and help." Catherine squinted while looking at the two people who were still fighting.

Shuigui Guzi is really in a very weak state right now. He shook his head decisively and said, "Don't. At this moment, the battle between Li Tian and Lu Xiu is not something we can intervene. You go up to help. Not only is it impossible to let The battle between the two of them ended early, but it would cause some problems for him, so the best way is to watch them fight here honestly, and no one should intervene."

While he was talking, he coughed, and blood began to flow down the corners of his mouth.

Lu Xiu's strength is simply terrifying. He can be sure that if Catherine and the others go up to help, it will not have any effect, but it will drag Li Tian down and cause Li Tian to be directly defeated in this battle. Then the result will be them. All these people are going to die here.

And Li Tian looks like Lu Xiu now, but after all, it relies on a spell, and this spell is only an increase in weapons, and it is still very difficult to deal with Lu Xiu with his own strength, so this battle looks very easy. In fact, it is fundamentally unpredictable.

It was precisely because of this that Lu Xiu knew this that made him show such a relaxed look at this time.

The red wing **** outfit slowly put on Li Tian's body. At this time, he could clearly feel that every part of his body was very closely related to his own spiritual thoughts, and the red sword in his hand began to emit a slight burst. The chirping sound, accompanied by a little vibration, seemed to have been unable to bear his own strength, and was ready to fight against Lu Xiu in front of him at any time.

'boom'

Lu Xiu waved the sword in his hand, and the ground under his feet suddenly cracked, magma gushed out, and the ground trembled, as if it was the end of the world.

The strength of the two of them is already terrifying at this time, and it is completely not a problem to destroy the surrounding terrain.

Catherine and Mengsk glanced at each other, and then lifted the Water Ghost Guzi from the ground. Since they can't help Li Tian by staying here, they should hurry up and leave here.

"We just left, is there really no problem with Li Tian?"

"Now I can only trust him. Since he made such a choice, he must have been well thought out, and there is no point in worrying about us here." Shuigui Guzi sighed, and started slowly with the support of the two. Slowly move towards the center of the battle between the two people. Of course, they are choosing to stay away from these two people as much as possible. Otherwise, when the battle is in full swing, there will be no room for them at all.

On the other side, Li Tian directly entered the point where his heart was still standing water, and he was connected with the surrounding environment.

He could feel the land under his feet. At this moment, a kind of hot liquid was transforming into a kind of energy, which was slowly absorbed by Lu Xiu into his body, and he was continuously strengthening Lu Xiu's strength at this time.

'It's no wonder that I haven't taken the initiative to attack for so long. In this state, Lu Xiu seems to have a self-repair function. His body is constantly repairing in this process, so that my battle can become It's more difficult. A dignified look appeared on Li Tian's face, and then he took the initiative to attack, but in order to strengthen himself, he still chose the imperial wind technique.

Although he had the world overlord to strengthen the red cut in his hand, the power he cut out was increased and became stronger.

But in the same way, he himself was just an immortal in the realm of spiritual cultivation.

Facing an opponent of Lu Xiu's level, the only thing that can be done at this time is to try to make the gap between himself and Lu Xiu not particularly huge, so that he can better display the combat effectiveness of Hong Zhan.

It's like an adult holding a sword, and a baby holding a sword, the gap can be imagined.

When Lu Xiu saw Li Tian take the initiative to attack, he also smiled slightly: "It seems that you still discovered this key point, but it is too late. Now I have recovered most of my strength, and you are doomed to fail."

Chapter 5368: Blazing fire

Li Tian's speed was obviously much faster with the help of Yufeng Shu.

However, compared with Lu Xiu in the realm of immortality, it is still too far behind. Before he got close to Lu Xiu, his opponent had disappeared from his sight, leaving only a scorching air wave that beat him. Face.

'Damn, I can't catch up with this guy at all. If this state continues, failure is simply a matter of time. 'At this time, Li Tian's mood began to become solemn. He had no way to touch the corner of Lu Xiu's clothes, but Lu Xiu could rely on this period of time to continuously recover the injuries in his body and take the initiative. , Is completely in the hands of Lu Xiu.

If Li Tian wants to take the initiative, he must keep up with Lu Xiu's speed.

But how can an immortal in the realm of ***** cultivation have the speed of a fairy in the realm of gods?

You can think about it, but this is simply not possible.

As time passed, no matter how many times Li Tian tried, he still couldn't get close to Lu Xiu.

"You can feel it now. Even if you have the help of the spell, your strength is nothing more than that. If you attacked, you might be able to easily defeat me, but unfortunately it is not the case." Lu Xiu squinted. The eyes, at a distance of about ten meters or so, are still absorbing energy on the body, and are slowly recovering from their injuries: "When I am completely healed, how much do you think you have the chance to win?"

Li Tian was silent and did not choose to say anything.

"Moreover, in your current state, it shouldn't last long. Although this spell is for you to strengthen the weapon in your hand, it also requires the weapon in your hand to hit me. You can even the corners of my clothes. If you can't find it, how can you deal with me?" Lu Xiu smiled triumphantly and said as he looked at Li Tian in front of him.

At this time, the remnant soul of the ancient ***** in Li Tian's mind also spoke.

"This is a very ancient spell, used to burn one's own life to temporarily open this state, which is what we often call the dead door in the restricted area of the human body. Once the dead door is opened, the communication with the world is Will become more sensitive, so he will have his current state. 'The Remnant Soul of the Ancient God said while solemnly: 'You must now have the initiative. If this goes on, you will be the only one who will fail in the end. '

Li Tian smiled bitterly. Of course he knew it was like this, but it was a pity that Li Tian had no way at all.

Lu Xiu's body style is not at the same level as him. Now he can't break through the limits of his realm no matter how hard he tries. It is too hypocritical to make his speed exactly the same as that of the immortal realm.

'Since you are unwilling to attack me, I can only use other methods to attract you to attack me. 'An idea flashed in Li Tian's mind, and that was to start using the spell of the God of Thunder, this spell is a very terrifying AOE spell. Once it is cast, everything around it will be covered, just like an enhanced version. The nine-day imperial thunder is the same.

While talking, he began to swagger to use the Thunder God Technique.

Within a radius of hundreds of miles, you can see that the sky has turned into a very dark night, and there are faintly dark red lightning flashing crazily at this time, and the temperature in the air has become even stranger at this time. Everyone can feel that their body is very uncomfortable at this time, but they don't know where they are.

After all, Lu Xiu was the city lord of Luoyang City, and he had participated in the previous battle of God Emperors, and suddenly guessed what kind of spell it was.

"The God of Thunder? The accidents that you kid give me are really getting more and more. You have such terrible spells." Lu Xiu said as he quickly began to form a seal in his hand. Originally, he was planning to delay for a while to deal with Li Tian in front of him. Now it seems that this is simply impossible. He must take the initiative to attack.

If Li Tian was allowed to cast such a terrible spell of Yu Lei Shen Jue, all hundreds of miles around would become a piece of scorched earth, even he would be frightened by such a terrifying spell.

"Yue Lei Shen Jue, let's go quickly." Shui Gui Gu Zi also felt what the spell was displayed in Li Tian's hands, frowned and said seriously,

"We are here too. Shouldn't Li Tian really cast this spell?" Catherine shook her head and said helplessly. This spell is a terrifying and large-scale spell. Once it is cast, it will be required for hundreds of miles. It became a piece of scorched earth, if Li Tian didn't become unconscious, it would be impossible to choose to use such a spell.

"Of course he also knows that we are staying here, but if he doesn't do this, Lu Xiu will never fight Li Tian at this time. When the spell of the world's domineering disappears, all Li Tian is proud of. No, what he has to do now is to force Lu Xiu to take the initiative to fight him. In the process, he cannot stop." Shuigui Guzi is very aware of Li Tian's current embarrassment, whether he admits it or not. , But all have to say that his current situation is very embarrassing. If you want to survive, you can only give it away.

On the other side, although Lu Xiu knew that Li Tian would probably not be able to cast this spell here, he did not dare to gamble with his life.

Even the use of this kind of magic that consumes one's own vitality to make oneself alive has been displayed. Naturally, he does not want to die with Li Tiantong in front of him. Therefore, after

seeing this kid use such a method, the only choice It just tried every means to offset Li Tian's offense.

As his consciousness moved, the heat on the ground began to become more terrifying.

At the same time, there were burning clouds in the distant sky, and the red burning clouds were connected together, which looked like a red ocean.

The original night is also mixed in this burning cloud at this time, faintly visible, but still can't see clearly.

As time passed, some sweat appeared on Li Tian's forehead.

In the air, a group of flames rose up, forming a situation of burning the sky.

From a distance, it looked like a perfect flame hell.

Immediately afterwards, countless fireballs fell from the air, like giant meteorites, coming menacingly.

Chapter 5369: Kill Lu Xiu

The entire sky was filled with dense fireballs, like huge meteorites, falling down crazily.

Looking at these dense fireballs, Li Tian didn't dare to hold it big at this time. He changed his tactics and turned into countless clones. His eyes flashed, and countless small swords condensed behind him instantly.

The small swords were densely packed, facing the difficulties, and rushing towards the fireball in the sky frantically.

Suddenly, the explosion sound became one piece, and the flames in the sky began to become more intense. The fireball exploded in the air, turning into more tiny fireballs and falling down, bringing up small flames on the ground.

The originally dark environment suddenly brightened up, and the trees around them also burned up.

At this moment, the scorching air was about to suffocate the two of them.

Li Tian's forehead was full of sweat. At this time, all of them clenched their teeth and did not dare to relax in the slightest: 'If this continues, I may really not be able to hold on, but Lu Xiu is still unwilling to approach. '

He was helpless, Li Tian's method was indeed very dangerous for Lu Xiu.

But he has more methods to force Li Tian to change his tactics, and now he has successfully let Li Tian give up the spell of the God of Thunder, but at the same time Lu Xiu has not approached Li Tian at all.

At this moment, a fireball suddenly hit Li Tian's back.

He spit out a mouthful of blood, then fell slowly from the air like this, and soon sank into the flames.

Lu Xiu frowned, and then curled his lips in disdain: "Although he holds a very powerful cyan spell in his hand, he is still only a young immortal in the realm of spiritual cultivation. Even if he has such a spell in his hand, it cannot be changed. what."

He hasn't approached yet because he can't determine how Li Tian is now.

Although knowing that after the fireball fell, hitting Li Tian's body might cause him serious injury, but Li Tian has always been a very cunning existence, even he dared not go forward easily, in case he was caught by this kid. Catch the opportunity, it may be the Thunder's offensive.

On the other side, Catherine and Water Ghost Guzi all stopped and couldn't help but want to go up and help.

Shui Gui Gu Zi grabbed their arms and said seriously: "Don't go up. You must calm down at this time and believe in Li Tian's strength."

"Senior, how can we calm down at this time? You should have seen Li Tian's current situation. If this continues, Li Tian must have only a dead end." Catherine did not understand what the water ghost millet in front of him was. What kind of thinking, things have become such a point, still thinking about waiting, waiting for Li Tian to die?

"You can't change anything if you go up now. If Li Tian is really seriously injured, can you rescue him?" Water Ghost Guzi frowned and asked back.

Several people were stunned for a moment, and then they all understood that even if they went up to help, they couldn't help much.

On the other side, Lu Xiu saw Li Tian struggling on the ground, and it seemed that he was really injured. He raised his brows: "This kid shouldn't have been dealt with by this one, right? So strong in the trials, so weak now?"

While he was talking, he controlled a fireball and fell directly.

Seeing the fireball falling towards him, Li Tian struggled to avoid it, but after struggling for a long time, he was hit directly by the fireball and flew out again.

After testing, Lu Xiu was almost certain now, and Li Tian was now dead.

"Since you don't have any resistance now, don't blame me for bullying you at this time." Lu Xiu said as he swooped down quickly, the fairy sword in his hand was aimed at Li Tian's throat. His eyes narrowed.

Catherine and the others were all staring at this time, and they wished they would throw away the water Guiguzi to help.

But at the moment when both of them were at a loss, the sudden change occurred.

Li Tian, who was lying on the ground weak, suddenly became a little energy dissipated at this moment, and in the other direction, Li Tian held Hong Zhan in his hand and cut from behind Lu Xiu.

'puff'

One of Lu Xiu's arm fell directly, and blood poured out, staring at Li Tian behind him.

"I knew that you would not believe it easily, so I would use the clone to lure your attention. I had already separated many clones before the explosion, but the energy in the explosion was very chaotic. You didn't notice. That's it." Li Tian looked at Lu Xiu with a surprised look in front of him. For this cautious opponent, the only thing he could do was to use such a bitter trick.

It was like this now. When he knew that these methods of his could not convince Lu Xiu before, Li Tian secretly separated his clone, hiding his body around him, trying his best to make up for his aura.

At the same time, he controlled his own clone and played such a bitter trick.

I was worried that Lu Xiu would not believe it before, and it seemed that this decision was correct.

Now that Lu Xiu lacks an arm, of course he has lost a lot of combat effectiveness. Even if his regeneration ability is very strong now, it is impossible to grow an arm like this for no reason.

"As expected to be the strongest of the lower realms, he has rich combat experience." Lu Xiu looked at Li Tian with a smile on his mouth, looking at his beating flames, and he didn't know how he was feeling at this time. , But losing an arm is definitely uncomfortable.

"Of course I have my own means to deal with people like you. If I were defeated by you so easily, I would have died in those battles in the lower realms." Li Tian said as he walked to Lu Xiu's. In front of him, the red sword in his hand released a burst of terrifying energy, and the surrounding space began to become distorted, and a burst of strong wind centered on his body, turning into a manic hurricane.

And Lu Xiu, standing still smiling bitterly: "Do it."

"Have you given up?" Li Tian asked with a smile.

"Since you have reached the point where you are now, there is no point in continuing to struggle." Although only one arm was dropped, the world's domineering energy on the Red Sword Sword has poured into his body. At that time, his body no longer had the arbitrary control it had before, and he could only reluctantly move a little bit. It was just a luxury wish to continue fighting.

Chapter 5370: perish together

Seeing Lu Xiu who had given up struggling, Li Tian finally breathed a sigh of relief. It has been very difficult for him to achieve this goal all the time, and the strength of his opponent suppressed him a little breathlessly.

It's just that the time and place are right and the people are right, the goddess of luck is still on Li Tian's side after all.

This time, if it were not for Lu Xiu's serious injury on the Broken Cloud Mountain Range, and the fact that he still hadn't fully figured out Li Tian's details before, he might not have lost this battle so easily.

But now, it must be impossible for him to make a comeback.

Even Lu Xiu showed a helpless expression on his face at this moment. He thought he had already counted everything, but he didn't expect that he would miss a step in the end. This young man, whether in terms of strategy or strength. It should not be underestimated, he is not an ordinary kid at all, but he regards Li Tian as an ordinary opponent, and he would have an ending like today, in fact, he had already expected it.

'Although I'm doomed to fail, if you think you can kill me like this, it's really naive. 'Lu Xiu's arm is gone, and his body is out of control, but he now has another way, a way

to keep everyone here, and that is to explode. This is only used when forced to do so. Tricks.

When I just learned it before, I was just curious to see how this spell is used, and I didn't even think about using this method to fight.

But now, the tricks learned before have some effect.

Li Tian is the strongest man in the lower realm. Not many people know about this. He is destined to die here today. Therefore, Li Tian's identity may remain hidden. When this guy slowly grows up, I was afraid that they would become the most terrifying existence in the God Realm. The two of them were in a hostile relationship. Even if Lu Xiu died, he would not want Li Tian to live more comfortably.

What's more, even if he died, he still had to pull a back cushion.

As for this backing, Li Tian happened to be the most suitable one.

"It seems that we are thinking too much. Li Tian's strength should not be underestimated, and this kid's IQ can't be underestimated. I am afraid that all this has been calculated before, just waiting for Lu Xiu to jump in. "Shui Gui Guzi saw that Li Tian had forced Lu Xiu to this point. It was already clear who won and lost in this battle. At this time, he still felt a little scary.

A few of their gods and celestial beings in the realm of cultivating gods actually killed an immortal in the realm of gods.

Even if the method is not glorious, but no matter what it is, this is part of their strength. It is already a very happy thing to be able to kill a strong person in the fairyland.

"I really can't believe that Li Tian actually did it. Relying on his strength in the realm of spiritual cultivation, he actually defeated Lu Xiu, a strong man in the realm of gods." Catherine also nodded, they said. Shi Quan followed him with a sigh of relief. Lu Xiu had lost an arm, and he seemed to be very decadent now, basically there was no danger at all.

Naturally, they don't need to worry about anything anymore. Now, as long as Li Tian kills Lu Xiu, they can leave this place of right and wrong as soon as possible.

But at this moment, something unexpected happened.

The flames on Lu Xiu's body began to become more violent, a bit like returning to the light. The flames that originally looked very dim, and even about to disappear, rose crazily at this time, beating in front of everyone, and seemed to be given life. The same, and the ground under their feet began to tremble at this time, cracks appeared one after another, and they continued to spread toward the distance.

Li Tian's pupils shrank, Hong Zhan in his hand trembled slightly, and the expression on his face became serious: "I'm already dead, and I still want to continue struggling?"

"Even if I die, of course I will use you, this kid, as my backing, otherwise you will be happy in the God Realm in the future, even if I die, you will be uneasy." Lu Xiu said. While he started to laugh, the flames on his body began to become more violent. The Hong Zhan in Li Tian's hand wanted to chop up, but was blocked by this flame.

‘Damn it, how come these flames suddenly become so difficult to deal with, there is no way to break through the defense. 'Li Tian looked at the scene before him. At this moment, cracks appeared in all of the hundreds of miles around, and crimson flames appeared underground. It is obviously impossible for them to leave here at this time. And this There was no way to break Shi Lu Xiu's spell.

"Don't waste your efforts here. Since I have made such a method, I have already thought about how you will do it. I never thought that I would use it myself one day, but now I see Coming is indeed a very powerful trick. You can only watch the world in front of you crumble bit by bit. You are swallowed up by this dark world at all, but there is no way at all." Lu Xiu laughed wildly, looking at Li Tian's eyes full of resentment. At this moment, the emotions hidden in his heart finally appeared on his pupils.

His eyes began to change back to black pupils, but blood was flowing from his eye sockets.

His skin began to become dry, as if he was losing moisture bit by bit under the scorching of flames. This situation continued. As time passed, his whole person became old. a bit.

But he suddenly calmed down. At this time when he was only one step away from death, Lu Xiu calmed down suddenly: "You don't need to continue struggling anymore. In my spell, you want It's impossible to escape, and this trick is enough to drag you to die with me. It's better to leave your last voice in this world at the last moment of death."

"You are the only one who will die. I cannot die." Li Tian's fist was clenched. At this time, countless thoughts flashed in his mind about how to leave here.

However, the surroundings have been sealed.

Lu Xiu's move was extraordinarily crazy, no matter the caster or the innocent within this range, once the spell was cast, no one could escape.

Then, an explosion sounded.
