

A Killer 5371

Chapter 5371: died?

‘Boom Rumble’

The Broken Cloud Mountain Range boiled at this moment, and the cloud above the head was directly washed away by the scarlet flame. The entire sky was full of blazing flames, and all the monsters in this range When they began to kneel on the ground, they trembled, and the fur on their bodies slowly turned black, and even some of the monsters were about to be cooked.

At this time, in a stone-built house in the Broken Cloud Mountain Range, a little loli was sitting cross-legged on a stone bed on one side.

After hearing the sound, she slowly opened her eyes, immediately revealed a touch of perseverance, and then closed her eyes again.

Immediately afterwards, a layer of white enchantment appeared on the bodies of those monsters. When the aftermath of the explosion touched this layer of white enchantment, it was all canceled out in an instant.

Luoyang City:

Dongfang Shuo just lay on his bed and prepared to rest. At this time, the entire Luoyang City was in silence, and many people were already asleep.

Suddenly, the ground under their feet began to vibrate.

Soon, the whole Luoyang city began to show a little bit of light. The people who had already fallen asleep all woke up at this time, looking at the trembling ground with surprise, and didn't know what was going on.

Dongfang Shuo's eyes widened too, his heartbeat accelerated at this moment, and he subconsciously rushed outside, looking at the burning flame of the Broken Cloud Mountain Range in the distance.

Then, his fist clenched tightly.

He is a very trusted general by Lu Xiu's side. Otherwise, Lu Xiu wouldn't let Dongfang Shuo take charge of Luoyang City's affairs this time. Therefore, he knew that Lu Xiu had a means to make his body explode, and at the same time produce something that could be destroyed. With hundreds of miles of energy, under the influence of this energy, no matter how powerful you are, the enemy will be destroyed.

Of course, this is only theoretical, because no one has tried such a method to be able to kill the ***** emperor level.

Even if it is tried, the news will certainly not be passed down.

Anyone who saw this scene with their own eyes will all end up in the explosion, and nothing is left.

Dongfang Shuo was very confused in his mind. Even if the monsters in the Broken Cloud Mountains were very powerful, they did not reach the point where such a master who needed the realm of immortals blew themselves to death with them, but Lu Xiu chose this way. Why? ?

"General, something is not good..."

"Needless to say, I already know." Dongfang Shuo frowned as he looked at the subordinates who rushed in in a panic, "Send someone to notify Tianluo Zong immediately and ask their people to come here soon. At the same time, Luoyang City is under martial law. People who are waiting need my permission to get in and out. Without my permission, no one can leave Luoyang City."

"Will this arouse resistance from these scattered immortals? After all, something like this has happened in their hearts. They definitely want to leave here. If we stop them at this time, I'm afraid they will..."

"It doesn't matter if they want to hate us. I don't care what they think now, but no one in Luoyang City can leave. This matter must be kept secret and must not be let others know." Lu Xiu died After losing, Lu Wenhui also died. Now the entire Luoyang City is a land of no owner. If someone else learns the news, I am afraid that Luoyang City will be very dangerous soon.

Although Lu Xiu was dead, Shi Dongfang Shuo was not prepared to betray this leader. At this time, he was still thinking about how to stabilize Luoyang City.

Above them was Southern Emperor Mo Yunxiao. After thinking of this, he ordered: "In addition, immediately draw up a document and send it to Nandi. I will tell you what to write in person later."

"Send to Nandi?" This subordinate is now even more encircled. Although Luoyang City is considered a city under Nandi, they have basically developed themselves for so many years and rarely consult Nandi. Unless it is when the city lord is to be changed, he will ask the Nandi for advice. Dongfang Shuo's decision at this time made him feel a little unbelievable. Is the city lord in danger?

"None of these things can be understood by a small character like you. There has been such a big event in the Broken Cloud Mountain Range. All the expedition forces we sent out have no news. It is certain that the enemy here is very powerful. We must now have the Southern Emperor's Only with support can we barely deal with this enemy, so of course we must report this incident to the Southern Emperor. At the same time, we must also seize the time to enter the Broken Cloud Mountain Range to find Lord City Lord." Dongfang Shuo knew it well, but did not dare to really tell this matter. .

The pressure on him now is really huge. On the one hand, he wants to tell the Southern Emperor what happened here. On the other hand, he has to beware of the riots inside Luoyang City. At the same time, he has to be careful about the surrounding cities at this time.

"Yes, I will arrange it now." The subordinate stood up as he said.

"Wait." Dongfang Shuo raised his hand to stop the young subordinate.

"Does the general have any other formations?"

"Activate the buffing circle, the longer the duration, the better. If you need something, just say it. I will ask people to find a way to make it. These days we may encounter many enemies. At this time, Luoyang City is the weakest. At this time, you must not be taken lightly at this time." Dongfang Shuo looked at the subordinate in front of him, and a shocked expression appeared on his face.

Since the last battle of the **** emperor, basically there are no major cities that need to open the buffing array.

But now, Luoyang City has such a requirement.

This means, what difficult problems have happened to them?

At the moment of the explosion, Li Tian only felt that his body was lost for a moment, and then he plunged into a dark world, unable to see his body or the surrounding environment. , I can only feel the consciousness that I feel as if it is still clear at the moment, and I can't feel anything else.

He is like a wanderer, only consciousness is wandering in this darkness, but he can't find his own destination.

‘Am I already dead? It turned out that after becoming an immortal, it turned out to be like this after death. Can I be resurrected after practicing here? Li Tian is not depressed, some is just curious, because he should have died long ago, he should have died in the lower realm.

Chapter 5372: Free space

In the Lower Realm, Li Tian was about to die countless times.

But it was all his close friends who stood up and protected him when he was most dangerous. Therefore, Li Tian thanked these friends in his heart and knew that without them, he would not be where he is today.

Until so many things happened in the lower realm, he finally collapsed somewhat.

All the good friends around him died. After flying to the God Realm, Situ Ningbing, who came up with him, had no news. Finding such a person in this vast sea of people is like finding a needle in a haystack. Every step he took was full of hardships and dangers. One carelessness might cost his life. Under such circumstances, he was already exhausted.

But for those dead friends, for the hope that seems to be groping, the only thing Li Tian can do is to cheer himself up.

But now he feels that he is dead. On the contrary, he has become more relaxed. This feeling is like letting go of all the burdens in his heart. The whole person's mental state has improved, and he no longer feels as heavy as before. Up.

"It seems that I really died. After so long, no one has answered my question. Maybe there is really no hope." Li Tian just let his consciousness in the darkness. Drifting, just like a lone boat in the ocean, he didn't know where he was going, but he knew that he could only let his consciousness drift away.

"Who said that you are dead?" At this time, a familiar voice rang in Li Tian's ear.

Li Tian suddenly woke up, because he remembered the voice very clearly, it was the voice of the remnant soul of the ancient god.

"Am I still alive?"

"Of course you are alive. You carry the hopes of many people. If you die like this, it will change the future of many people upside down." The voice of the remnant soul of the ancient **** is still very calm and completely absent. The slightest wave: "However, your current state is somewhat unstable."

"Where am I?"

"Free space!"

Free space, commonly known as dark space.

Similar to the black hole in the universe, this kind of space is generally connected with the original space by chance and coincidence after the space cracks are generated, which will cause the direct absorption of people into the free space.

The original space contains a lot, but everything suitable for human survival is called the original space.

"At the moment of the explosion, your body could no longer withstand the huge pressure and began to slowly collapse. I saw the existence of free space around, so I sent you directly here. , Time is running out, and it was difficult for me to find the right opportunity at the time." The remnant soul of the ancient gods seemed to be able to feel Li Tian's current feelings, and explained quietly: "Are you worried about your friends?"

"How are they, Lu Xiu's self-destructive spell is a bit scary, and I wanted to stop it at the time, but when faced with such moves, I found that I was not worth mentioning in front of such an opponent." A bitter smile appeared at the corner of Li Tian's mouth, and he asked in a low voice.

"They are very good. At the moment the explosion occurred, I sent them to the ruins of the ancient gods, but you are too close to Lu Xiu. Opening the ruins of the ancient gods rashly will only cause them to be destroyed. It's affected, so I can only choose to throw you into this free space." The Remnant Soul of the Ancient God laughed softly while talking, and there was some helplessness in this laughter.

But Li Tian couldn't laugh at all at this time.

Although Catherine and Shuigui Guzi survived, he is now a little worried about himself. To know that the possibility of this free space connecting with the original space is basically 0.1%, which is a very small probability. Will happen.

In this free space, I must wait for the next free space to connect with the original space.

Moreover, it must be his own free space to be connected, and he has to be just in that connected position.

In summary, there is nothing wrong with Li Tian being able to go out from here, but the possibility is almost zero.

"Can't I be here, open the remains of the ancient gods and go in?"

"In the free space, everything in the original space will be in an invalid state, because here you are just a very pure soul form, so I can only communicate with you, but I cannot help you do anything. It's up to you to rely on your own luck. If you don't have the opportunity to connect the original space with the free space, you may have to spend your entire life here." The Ancient God's Remnant Soul said helplessly, although Such a result is a bit bad for Li Tian, but it is better than directly dying. If he is lucky, it is very likely that he will encounter the connection between the free space and the original space in the next period of time.

Li Tian smiled bitterly. At that time, he didn't know whether it would be the Year of the Monkey or the Moon of Horse.

He wanted to scold his mother very much now, but after thinking about it, he calmed down, so he finally survived, and it's better than dying while holding him. He still has so many responsibilities waiting for him to realize. .

"Then what should I do now?"

"I have always wanted to change you before, but there is no better chance. I don't know if you are willing to try it now?" In the remnant soul of the ancient god, there was a little excitement: "The oldest Why do the ancient gods call them the ancient gods? You definitely don't know this."

"Because you are the oldest inhabitants of the God Realm, so call you ancient gods?"

"Hehe, that's just the opinion of the ancient gods in the eyes of most people, but the real strong know that this is just a cover. The ancient gods do not mean that they are ancient residents. The point is not on the word ancient, and It's on the word "God." In the tone of the ancient god's remnant soul, there is some pride. This is also the first time Li Tian has felt this kind of pride after so many exchanges with this ancient god's remnant soul Emotions.

This is a kind of pride from the heart, the pride of one's own identity, and the pride of one's own race.

Li Tian knew that the clues among the ancient gods circulating in the gods were completely wrong. History was originally written by the victors, and only the ancient gods knew the true secrets of the ancient gods.

Chapter 5373: Forging magic

"Senior, please enlighten me." Li Tian said humbly. He has nothing to do in this world. Apart from letting his soul form drift here, there is nothing that can be done. In this darkness. It is impossible for him to even see his body, everything can only rely on his own feelings.

"What do immortals pay the most attention to now? Most of them focus on cultivating their bodies, making their bodies very strong, so that they can move mountains and fill the sea." The Old God's Remnant Soul said, his tone also excited. Get up: "This is also the reason why those ***** emperors are stronger than you. When you cultivate to the realm of ***** kings and gods, you can feel that the strength of your body will not let you have any at all. The possibility of going forward."

"Why is this?"

"Among these realms, each realm contains the word'God'. What do you think this word represents? It is not your divine mind, not your state of mind, but your soul." The ancient god's remnant soul slowly explained At the same time, in front of Li Tian, he unfolded a real world that he had never thought of before and had never been exposed to before, immersing him in it.

The reason why the ancient gods are called ancient gods is not because they are the most primitive residents of the gods.

It's because they have the purest souls, human beings cultivate and ascend to the gods, they have been pursuing their own strength, thinking that they can move mountains and fill the sea and change everything.

But I don't know that this is simply wrong.

When you reach the realm of the gods, you will feel that this is completely a bottleneck, an insurmountable gap.

Because no matter how strong the human body is, there will eventually be a limit. Even if you use the most peculiar way in the world to temper your body, there will eventually be an end. If there is no end, you too I won't call it a human.

But the ancient gods are different. While pursuing the strength of their bodies, they are also pursuing the strength of their souls.

The so-called cultivating immortality is actually cultivating your own soul. When you reach the realm of the ***** emperor, you have actually touched the origin of mankind, which is the purest soul form. In that state, it can be very natural and the world. All things converge, and it is even possible to control heaven and control heaven.

This shows that if you want to become stronger, the real way is to cultivate your soul, not just to exercise your body and improve your mood.

Although these are also very important, they are still inferior to the soul.

Li Tian was stunned after listening. Many people don't know this theory at all, or only those more powerful ***** emperors know such things, but they will never tell others, otherwise. Soon, many ***** emperor-level strengths will appear in the entire God Realm.

When some immortals slowly cultivated to the realm of the ***** king and gods, they would realize this.

But when they want to start cultivating their souls at this time, in fact, all this is much too late. The only thing they can do is to walk down this road slowly with difficulty, but it will always be difficult to follow. Those in front of me.

This is why tens of millions of years have passed, and there are only a few of the oldest ***** emperors, and few people have broken through to the realm of ***** emperors.

Because they had chosen the wrong path from the beginning, thinking that the path they took might be very good and might make them stronger, but they didn't know that this was just a trap set by others, until they arrived. After that step, it can only be regretted.

"It turned out to be like this, no wonder there were countless strong people in the ancient times, but now we rarely have many strong people around the divine emperor."

"Although this has increased the difficulty, it is not that no one can walk to the end on this kind of divergent road. As far as I know, use this simple cultivation of one's body and mind to cultivate to the realm of gods, and then start to practice. There are people with souls, but they want to cultivate to the realm of a ***** emperor. It is really too difficult." The remnant soul of the ancient ***** said, and sighed: "You have no particularly dangerous opponents at all now, so these gods In order to ensure that his own interests were not touched by latecomers, the emperor chose this method to forcefully reduce the overall strength of the entire God Realm by a level."

After listening to Li Tian, he deeply agreed. If many people knew to cultivate their own souls from the beginning, maybe there will be more ***** emperors in the God Realm now.

At that time, it may really be the ***** emperor walking all over the floor, and the gods are like dogs.

"Furthermore, the way of cultivating the soul has been lost. Before, I was still thinking about how to start cultivating the soul, but now there is no need to worry at all. In this free space, you are the purest. Soul form, so using the forging magic of our ancient gods here, you can slowly start to cultivate your soul." As the ancient ***** remnant soul said, he began to transmit some knowledge into Li Tian's mind.

These are the methods the ancient gods used to cultivate their souls.

Every newly born ancient ***** needs to go through a process, a spell that awakens the soul in the childhood, can completely awaken the soul hidden in you, so that you can easily start to cultivate your own soul later.

And now human beings have basically not gone through this process.

They want to learn this forging magic technique, but the difficulty is very large, and the failure rate is also very high, before the ancient gods did not think that Li Tian could really master the way of cultivating the soul in this process, even if he He is the strongest in the lower realm, and it is still difficult to break through the shackles.

But this time they entered the free space by chance, which is definitely the best opportunity for Li Tian.

You can feel the existence of your soul here, so practicing here is the best opportunity.

At this time, Li Tian no longer felt the frustration he had felt before. Since it is easier to make himself stronger here, it is not a bad thing to wait until he becomes stronger and leave.

"It seems you are not as decadent as before."

"Since I can also cultivate here, why should I continue to be decadent? I was just worried that I was wasting my time here, but now I want to cultivate my soul here."

Chapter 5374: New journey

In the free space, Li Tian is full of morale.

And the remnant soul of the ancient gods began to slowly explain the specific forging gods.

He can be said to be the luckiest person in this ***** realm. He has a remnant soul of an ancient ***** who knows so many things around him. At the same time, he has just entered the free space. The most important thing is that Li Tian's Dantian changes before. Becoming Xinghai is actually a process of cultivating the soul. The stronger the soul, the greater the degree of energy the body can hold, and the higher the purity of the energy.

Li Tian has a deep understanding of this.

The so-called forging magic technique is to completely spread the star sea in Li Tian's dantian to the entire body, transforming it into a real universe, and after the cultivation reaches the realm above the ***** emperor, this'universe' can be grasped. Transformed into a real universe, and Li Tian's body will also become a magic weapon, a magic weapon in a world that accommodates human cultivation.

Although these are all very remote things, Li Tian could not bear his excitement when he heard this. If it were to that point, wouldn't he be like a creator in that world? Everyone must respect him as the creator. This feeling really makes him feel very perfect.

During the following period of time, Li Tian began the practice of Forging God Art.

This process was very difficult. He encountered very serious problems at the beginning. He couldn't feel any energy in the free space, so he couldn't cultivate his soul at all.

However, Li Tian didn't know how long it took to break through this process. It felt like a very long time.

After finally feeling the energy, he began to practice the real forging magic technique, and this process was also a very long process.

Fortunately, Li Tian did not feel any irritability during this process. He knew that this was what he had to do now. If he wanted to become the strongest in the gods and save his family and friends. , This is the way to go.

It doesn't matter how long it takes.

I don't know how much time has passed, Li Tian, under the guidance and help of the remnant of the ancient gods, moved forward little by little, slowly changing his strength and making his Ibi stronger.

Until one day, he finally completed the first step.

He turned a star in his Dantian Star Sea into a planet, a seemingly barren planet with no water, vegetation, no living things, or even suitable temperature. In short, it is not a human being here at all. A livable environment.

What he needs to do is to convert the energy absorbed from the outside world into energy that can change the planet.

This process looks like creating a world, but in fact, turning the human body into a world is a way to cultivate the soul.

The reason why it becomes more and more powerful is to do this. Li Tian is now slowly understanding a little bit. The reason is simple. When you reach the realm of the gods and kings, once you open up After a world, it may be extremely vast, and it is undoubtedly a very long and difficult thing for you to change the small planets in that state.

But Li Tian's strength is different. His Dantian only has such a small amount, and the planet that can be changed is only such a small amount.

As he becomes more and more powerful, the strength of the soul and the strength of the body are growing bit by bit, complementing each other, the soul world in his body will slowly begin to evolve, and then become more perfect and Powerful, compared with those immortals who have reached the realm of ***** kings and gods, it is a world of difference.

In this way, Li Tian spent a very long period of time in the free space.

Until one day, a little light appeared in front of him.

Li Tian, who had already adapted to the dark environment, felt uncomfortable with the light for the first time. He closed his eyes subconsciously, and then the voice of the remnant soul of the ancient **** came from his ear: "You kid idiot. Ah, this is a rare opportunity. If you missed this, you still don't know how long you need to wait before you can leave the free space. Now your soul is on the right track and you can leave here. If you don't leave now, can you still wait? Next?"

Only then did Li Tian react, isn't he just waiting for this free space to connect with the original space?

It's a pity that in the time he has cultivated for so long, nothing like this has ever happened.

Therefore Li Tian didn't know how long he spent in the free space.

Moreover, the timelines of the free space and the original space are completely different. Maybe now Li Tian left the free space and came to the outside world, only a few days have passed.

After being reminded by the remnant soul of the ancient god, Li Tian also quickly woke up and seized the time to leave the free space.

The moment he stepped out of the free space, the moment he felt his body, he had a very unreal feeling that the small planet in his body had some connection with the outside world. As for him standing here as a whole, he could even vaguely feel the closeness and control in the surrounding space.

'Is this the benefit of practicing the soul? No wonder the remnant soul of the ancient gods asked me to hurry up and start practicing. This is indeed a great help to me. Now even Li Tian is a little surprised.

But the process of his amazement did not last long.

Because the place where he is standing now is the field where two strong men are fighting. When they saw a young man suddenly appearing from where they were fighting, they were all stunned. They had never felt it before. There is a young Sanxian around.

Li Tian also saw the two people in front of him. He was taken aback for a moment, and then smiled awkwardly: "Thank you two seniors for their life-saving grace?"

"Saving grace?"

"That's right, I've been drifting in the free space before, and I don't know when I will be able to come out. If it wasn't for the two fighting at this time and distorted the space, so that the original space and the free space were connected, I still don't know what It's time to get out of that **** world." Li Tian looked at the two people with a smile, just as the saying goes, he doesn't hit the smiley person with his hand, and speaks nice things by himself. They can't trouble themselves, right?

Chapter 5375: Crescent City

The two people looked at Li Tian in front of them, all with a little surprise, and even some could not believe it.

It's not that they have never heard of the free space, but they still rarely know that something like this will happen in front of them. There are people who escape from the free space. It is said that it

is basically impossible for those who enter it to get out of it. Let them see an accident, the kid in front of him actually ran out of the free space, or from the rift created during their battle.

This kid's luck is really...

The two people looked at each other. They were fighting like a raging fire before, but now they don't know what to do. Suddenly there is such a young man. If the two of them continue to fight, it is very likely that Li Tianzuo will be caught in front of him. Profit.

Now, they dare not do anything casually, for fear that Li Tian will take advantage of them at this time.

Both of them had such thoughts in their hearts, so they put aside their previous grievances, and began to look at the young man in front of him with interest, and suddenly felt that Li Tian was familiar.

One of them, a thin man wearing a black robe, looked at Li Tian, squinted his eyes and said: "This kid looks familiar. Luoyang City issued a wanted order some time ago. It seems that this kid is on it."

"What a joke, the guy on the wanted order killed the city lord and the city lord's son, and ran out of Luoyang City's heavy siege, how could it be this kid." Another short, chubby man He glanced at Li Tian, with a look of disdain in his eyes, and said, "These two people just look similar, but if this kid is the kid wanted in Luoyang City, I am definitely not willing. believable."

The skinny man looked at Li Tian, squinting his eyes as if he was observing whether Li Tian in front of him was the person on the wanted order.

"Two seniors, I'm just a Sanxian who luckily ran out of the free space. I have never heard of the person you are talking about, but I want to know that I can kill a city lord and leave. Human, what kind of existence is it?" Li Tian didn't expect that he would have such a reputation in the God Realm. He originally thought that after killing Lu Xiu, no one would come to trouble him anymore.

As a result, I did not expect that the wanted order would still not be issued.

But at this time, he almost realized that he is still very different from before. The most important thing is that the beard on his face is thicker, and he looks like a middle-aged man in his forties. It is naturally different from before. The portrait on the wanted order is quite different.

"Hey, this thing is strange. It was originally the Tianluozong trial, but Lu Xiu wanted to do something internal, and the result was anxious for the young man. As you can imagine, the young man People first killed Lu Wenhui, and then ran out under heavy besieging, and then killed Lu Xiu. It is estimated that he must have hidden his strength before." The short, fat man said that, he already put away. His own weapon is like telling a story to Li Tian.

And Li Tian squinted at this time, quietly listening to the man in front of him bragging to himself.

"Where is this place?"

"Oh, this is the Crescent City. We are too sensitive to say that Luoyang City is far away from our side. Even if it is a portal, it takes about ten and a half months. How could the thing that happened some time before Li Tian's death appeared here?"

Through the narration between the two populations, Li Tiancai knew what happened during the time he was not in the original space.

Although Lu Xiu died, Luoyang City did not lose control in this way. After that, Dongfang Shuo temporarily took over control of Luoyang City. Then the first thing was to face the entire God Realm and start wanting Li Tian, but Li Tian is always caught. People in Li Tian can get very generous remuneration. It can be said that Li Tian's top head is probably what many people want.

Of course, this is not absolute. Just after this incident happened for a while, there was indeed a group of people who tried every means to catch Li Tian.

It's a pity that Li Tian was still in the free space at that time. Even if they racked their brains, it was impossible to find where Li Tian was. As time passed, the popularity of this matter slowly declined. , Although there are still people who want to find Li Tian, most people have no hope. After all, there are so many people searching for the entire God Realm without any clues. They have long believed that Li Tian can be found in the main city. .

And the entire God Realm is extremely vast, and wanting to find Li Tian in such an environment is no different than joking.

"New Moon City?" Li Tian looked at the world in front of him with some doubts. It was indeed very different from the previous Luoyang City. He was standing in a forest now, and one could be seen vaguely in the distance. An island floating in the air, and on top of this island is the famous Crescent City in the God Realm. This city was built in the air, which is the floating island in front of it.

It is called the Crescent City because it is floating in the air and the shape of the island is like a moon.

"Don't you know this place yet? How long have you been in the free space, and we have never been inside that, nor have we heard of anyone who can run out of it."

"I don't know how to describe it, but this time it's amazing, even I thought I was going to die inside." Li Tian touched the stubble on his chin and looked at the two people in front of him. Then he arched his hands and said, "Thank you for your guidance. Now I probably know. Goodbye."

"Goodbye by destiny." The two nodded, always feeling this situation a little weird.

But they and Li Tian have no grievances and no grudges. They can't directly deal with Li Tian like this, they can only watch Li Tian leave.

Not long after Li Tian left, he heard a crackling sound behind him, and then the two began to fight.

Li Tian shook his head, and did not continue to worry about them. Now that he has come to New Moon City, he has opened a new chapter. The next thing to do is to find a way to stand firm here, and then find Situ It's freezing.

Chapter 5376: Tavern

After Li Tian left the forest, he went directly to the island in the sky with his sword.

Here, the outline of the Crescent City can also be seen very clearly.

This is a city that looks like a European and American style. It looks extraordinarily beautiful in the night. There are two human sculptures at the door. It looks extraordinarily majestic. It should be a very famous figure in the history of Crescent City.

‘New Moon City is also very famous in the God Realm. Of course, the most important thing here is that the New Moon City Knights are also a territory protected by the Water Moon Sect. The voice of the remnant soul of the ancient **** rang just right at this time: ‘You still have to be careful here. Shuiyue Sect is a sect that only accepts female disciples, and it has a very big reputation in the entire God Realm. ’

"Shuiyue Sect?" Li Tian was stunned for a moment, and then thought of Nian Rushuang. He didn't know what happened to that little girl. After being taken away by Murong Ziqing, there was no news, only that he was in the water. Yue Sect will probably live well.

"Shuiyue Sect, although they are not as famous as Tianluo Sect, when it comes to their strength, Tianluo Sect is not the opponent of Shuiyue Sect at all, but this sect always likes to do its own things behind closed doors. There will be some contact with the outside world, so it can be regarded as a relatively mysterious sect in the God Realm. The only thing I know is that the disciples who come out are all very powerful."

Li Tian naturally thought of the Murong Ziqing he had encountered before, and he didn't feel that kind of crushing strength even in Lu Xiu.

That is, the man in black felt somewhat similar to Murong Ziqing's strength.

"Senior, do you know Murong Ziqing?"

"I don't know, is there such a figure in Shuiyue Sect?" The ancient god's remnant soul asked suspiciously. Although he has been among the ancient gods' ruins over the years, he can still grasp a lot of information. This is the only thing he can do something.

"Is there no such person in Shuiyue Sect?" Li Tian was stunned. Didn't he send Nian Rushuang to a desperate situation? Murong Ziqing does not exist, so he gave it to himself. Isn't that piece of jade also fake?

"But I don't know that doesn't mean it doesn't. There are a lot of people in Shuiyue Sect, and there are too many experts. Maybe there are really people I don't know." The Ancient God Remnant Soul thought for a while, and added. .

While speaking, Li Tian had already entered the New Moon City.

The difference between this place and Luoyang City is that the night here is also colorful. Many shops are still lit on the street, and many people are walking along the street.

In the night, the stars flickered high in the sky, and a touch of afterglow was thrown on the ground, making the entire Crescent City look even more beautiful.

Li Tian came here, alone. He didn't have any clue in this strange city. Now he was just looking for a tavern, so let's pass the night first.

Tomorrow will definitely be going to the guild in the main city to pick up some quests, while preparing to find Situ Ningbing, on the other hand, going to Shuiyue Sect to find out about Murong

Ziqing. Since the remnant soul of the ancient ***** doesn't know this person, It shows that her status in Shuiyue Sect may be very special, or she is really not in Shuiyue Sect. In any case, Li Tian must go there and check the news.

Otherwise, leaving Nian Rushuang in such a dangerous place, Li Tian would feel very guilty.

While observing the Crescent City, he asked for directions, and soon came to a well-known tavern here. This is the same as the bar on the earth, and it is also a mixed place. The first floor is like a bar. In this place, many people drink and eat here, and exchange information in their hands. Therefore, when looking for information, many people will choose to try their luck in the tavern.

When Li Tian entered, many people immediately turned their eyes on him.

Li Tian looked terrible at this time, with tattered clothes and some blood stains. It did look like he had survived a very hard battle. It is normal for these people to pay attention to him.

But soon, a Xiaoer from a shop came up and looked at him with indifferent eyes: "Hey, beg Hanako, don't see where it is, can someone like you come in? Don't hurry up and get out. Go out, and you will get into trouble later, can you bear the responsibility?"

"Who do you think is a beggar?" Li Tian looked at the shopkeeper in front of him. This guy is just a slave who looks down on people. His appearance does look like a beggar, but it's just because he doesn't have time to clean up. These stains on my body are just, but it doesn't mean I don't have the money to live here, and there is a sense of discomfort in the tone of the moment.

"Say you are a beggar, what's the matter? Don't look at the clothes you wear, tattered, where is this place, can someone like you come here casually?" Xiao Er frowned, hands on hips: "Leave here now, or else I can call someone. You have to know that the least afraid of us here is a beggar like you."

Li Tian put his arms around his chest and looked at the shopkeeper in front of him with a smile: "You said I'm a beggar, but I never think of myself as a beggar. I'm staying here today, so you don't allow it.?"

"There is no place for a beggar like you to live here. I have said it many times. This place is only for people with status and status. A beggar like you should find a corner on the street and go to sleep."

Li Tian frowned, slapped his face on the shop Xiaoer's face, and sneered: "It's a shameless kid, I've already told you that I'm going to live here, and you still speak rudely here because you think Am I afraid to do it to you?"

Dian Xiaoer clutched his cheeks, looked at Li Tian in front of him, looked at Li Tian in front of him with a little surprise, and said with a trembling voice: "You...you are crazy, you dare to do something to me. do not worry....."

"Snapped"

With a very crisp slap again, Li Tian looked at him with a smile: "Don't try to figure out me with your mind anymore. You will never dare to do what I dare to do."

"Come here, someone is making trouble here, so please take him out." Xiaoer Dian saw that Li Tian was a stubborn stubborn, and he didn't look like an ordinary person when he shot, so he can't just admit it at this time. Can choose to call people.

Chapter 5377: Deep knowledge

Soon, I saw several big men appear in front of Li Tian.

These people are also dispersing immortals, but they are basically uniformly trained, just like bodyguards on the earth, or guards of the gods, they are all specially used for this kind of viewing or protection. Humans work, so the exercises they practice are also hard qigong, which naturally looks like a tall man, a little sturdy.

Five sturdy men surrounded Li Tian, all of them taller than him.

Li Tian stood among these people, just like a child.

The headed man looked at Li Tian and snorted coldly: "Boy, do you know who owns this Yunji tavern, dare to come to our side to make trouble."

"I never thought about making trouble here. I said that my purpose of coming here was only to stay in the store, but the shopkeeper on your side reluctantly said that I am a beggar, and the mud bodhisattva still has a three-point anger. Besides, I'm still a normal person." Li Tian squinted his eyes and looked at the sturdy men in front of him. He didn't have any fear. Even opponents of Lu Xiu's realm were dealt with. These sturdy men in front of him Big man, could it still make him scared?

"What are you doing with him so much nonsense? This kid dared to do something to me. You beat him up so hard that he knows whose site this is."

Li Tian looked at the sturdy men in front of him, knowing that if he didn't show his own strength, I was afraid that these people in front of him would definitely not be willing to talk to him. If that is the case, it is better to grab a first hand and start directly. .

Before a few big guys shot, Li Tian already shot.

He squeezed out a few fireball spells in his hand, and then chanted the spells quickly. During this period of free space, he was not only cultivating his own soul, but also after a period of training for spells. It can be said with certainty that although his current strength has not improved much, it is still a big improvement compared to before.

This point can obviously be felt in this battle.

For spells like fireball, Li Tian can basically cast it instantly. In the eyes of others, he did not chant the spell at all, and the spell was released directly.

The sturdy men were also completely stunned.

They also regarded Li Tian as some very weak Sanxian, but whoever thought of this shot would know that it was not that powerful. A few fireballs hit them, and they instantly fell to the ground and couldn't get up.

The other people in the tavern saw this scene, and they didn't applaud.

"It's amazing. The fireball technique used by my old man is so mesmerizing. It has reached the point of being instantaneous." A middle-aged man sitting in the corner clapped his hands and raised the wine glass in his hands, excited. Shouting.

Li Tian squinted his eyes and glanced at the middle-aged man in the distance, thinking that Lao Tzu is not as old as you.

"Yeah, yeah, today we can be regarded as a master. Those who can use fireball like this must be a spell master. As the saying goes, a spell master is more rich than us."

When the shopkeeper heard this, he was stunned.

The middle-aged man in front of him, who looks like a beggar, is still a charmer?

What a joke.

Whose charm master will dress like this and run to the New Moon City? How do you say they are considered a major city? Even if you come here, you have to dress yourself up anyway, but look at Li Tian is now like this, just like a beggar, who would believe that this is a spellmaster?

"Are you satisfied now? You said that I am a beggar, but these people under yours have no fighting power for me. If you are still ready to fight with me, I am happy to stay with you to the end, but the final price, you must be I can't afford it." Li Tian squinted his eyes, looked at the shopkeeper in front of him, and said proudly: "I have seen a lot of people like you, but there is no exception. Good end."

'Damn it, isn't this guy really a spellmaster, would I be out of luck if I look like this?

'Dian Xiaoer's heart is really whole grains, and I don't know how to describe it. I thought I saw just a beggar, so I can just drive it out. Who knows that this kid is very strong and seems to have a background. Look like.

Although he doesn't know much about these things, he also knows that it is absolutely impossible to be just a beggar who can use instant fireball.

"This, sir, I was wrong just now, you see..."

"Now I know how to admit it, now I know that I am not a beggar?" Li Tian smiled and looked at the shopkeeper in front of him, and snorted coldly: "It's a pity that it's too late. Call your boss over. I want to see this. How is he going to deal with this matter."

"Uncle, it was really me just now..."

"I don't want to say the same thing a second time, just like I've already told you clearly before that I'm not a Hanako, but you've never listened to it, and I'm too lazy to continue explaining to you. Now you can see the results. What is it, so you had better not think about continuing to explain to me here at this time, and honestly call out your boss here, maybe there are other solutions to this matter." Li Tian's He has a very firm attitude, just not explaining it to you.

While Xiao Er Dian looked at Li Tian, and was about to cry at this time.'Puff Tong' knelt down on the ground, crying and said, "Master, please have mercy on me. People, if you call out my boss, I will definitely not have this job. When the time comes, the whole family will starve with me. You must be a good person. You can never see this happen."

While he was talking, he was holding Li Tian's thigh, and he was really tearful.

Li Tian's eyebrows were twisted at this moment. He looked at the shopkeeper who was lying on the floor and snorted: "I said the same thing. I don't want to say the same thing again. If you don't want

to pay a higher price, Just go and call your boss over now honestly. It's okay to explain things, otherwise, don't blame me for being rude. As for the things in your house, it is your own business. What does it have to do with me?"

Such a person, Li Tianzhu, you see too much, and you will not be soft-hearted.

Chapter 5378: Please

He had seen a lot of cruel things when he was on earth, so he also set a very serious definition for himself in his own heart. Don't be merciless at any time.

The kindness to the enemy is the cruelty to oneself.

Although you have given him a chance now, he will never remember what you have done.

Dian Xiaoer saw that his begging for mercy had no effect, so he stood up and left honestly.

The other people in the tavern all sneered at this time: "See you, this old man is really hard-hearted. The name Yunji Tavern is given face by many people in the God Realm, especially since it is the New Moon City. This old man doesn't care at all, he must be a great character."

"Who said no, how could he be an ordinary character with such an easy instant fireball technique."

Listening to these people talking about him, Li Tian didn't bother to say anything to them. Instead, he sat down and looked like he was resting. In fact, he was listening to their conversation with his ears.

Through the chat, you can probably understand what competitions seem to be held here after a while.

This should be very good news for Li Tian. It is impossible for him to send out many quests with Tianbi now, and his current identity is also very special. It is very likely that the quests received in the main city guild will also happen. Some unexpected things, after all, his identity has been recorded in the major cities, if they discover that they are Li Tian, wouldn't it be even more troublesome?

Therefore, for Li Tian, this competition may be the best time to earn Tianbi.

Since the best time to go to Tianluo Sect has been lost, and there is no sect to accept himself, the only thing Li Tian can look forward to now is to find Situ Ningbing in the God Realm.

Originally, I thought of doing something in Tianluo Sect before, but I didn't expect that it would end like this in the end.

The death of Lu Xiu should have been leaked by Nan Fengzhu.

At this time, Dian Xiaoer appeared in Li Tian's sight with a fat man, with a sad expression on his face. It seemed that he had been told before, but the result was not very good.

As for the fat man, after seeing Li Tian, he quickened his pace and quickly came to Li Tian: "The distinguished guest greeted the door and didn't come out early to meet him. It's really my negligence. I don't know if it is convenient or inconvenient for you. speak?"

"It's obviously not suitable for me to look like this." Li Tian glanced at the sloppy look on his body and said with squinting eyes.

The fat man smiled slightly, nodded and said: "I have arranged a room for you. You can rest in the room for a while. After washing, we can discuss in detail if there is any problem."

After Li Tian looked at it, he nodded.

"Smelly boy, what are you doing? If you don't take the time to take the distinguished guest to the room, you will guard at the door and wait for the distinguished guest to come to my room." The fat man glared at the shopkeeper next to him and snorted. Then he smiled at Li Tian, turned and left.

Dian Xiaoer looked at Li Tian with a crying expression, and said, "Uncle, I will take you over."

"It wouldn't be enough to be so polite. I just want to pretend to be an uncle in front of me, as if I'm afraid of you." Li Tian looked at the somewhat depressed shop er in front of him, sneered, and then turned and followed the shop er. Go upstairs.

The sturdy men on the ground slowly eased their breath at this time and stood up from the ground.

But everyone looked at Li Tian with some fear in their eyes, instant fireball, and the power of fireball was even more powerful than they thought. They almost let them lie in bed for a day.

Li Tian followed the shop Xiaoer and quickly came to the second floor.

This side is a long and narrow corridor. There are many rooms arranged on both sides. According to different grades, the area and layout of the rooms are also completely different. Li Tian's room is Tianzihao, which should be the best among Yunji pubs. It is planted, and it is still at the end of the corridor. The light and ventilation are the best here. You can also observe the view of the entire Crescent City. It is indeed a very nice room.

After Li Tian came in, he went directly to the bathroom and took off his clothes.

The fat man is still a little bit hearted. He has already prepared a sword robe here. Although he doesn't know whether it fits the body, it is always better than the **** clothes on his body.

After soaking in the hot water that had already been prepared for a while, Li Tian felt that his body had completely adapted to the current feeling.

When I just returned to the God Realm before, I still felt that my body was a little different. After all, I used to live in a free space in the form of a pure soul. Now that I have found this feeling of **, there will be some indescribable feelings. It's a normal thing.

After cultivating the soul, he can feel that any trick he releases is much better than before.

This feeling is very obvious, not only the time to cast the spell is much shorter than before, but the power is much stronger than before.

After checking the contents of his ring and making sure that nothing was missing, Li Tian was relieved a lot. At least his time in the free space was not wasted, and the previous battles did not let him around These treasures are lost.

After about half an hour, Li Tiancai lazily dried his body, and then put on this sword robe.

Not to mention, it really fits the body.

When he came out of the room, he saw Xiaoer from the shop leaning on the wall of the corridor, looking at Li Tian eagerly. When he came out, he immediately greeted him: "Uncle, are you ready?"

"Take me to meet your boss."

"Hey, sir, I don't know if I should tell you something."

"If you asked me to forgive you, you don't have to say it. I just say what I need to say, but what your boss will do has nothing to do with me." Li Tian looked at the face in front of him with tears. The emoticon Xiao Er said with a smile.

Dian Xiaoer didn't continue to say anything, and seemed to have no other thoughts at all.

If he was expelled in this way, there would be nothing to say, only that he was out of luck.

Chapter 5379: image

Both of them were silent, Li Tian didn't bother to talk, and the shopkeeper didn't dare to say anything.

If he speaks too much, he will lose it. After experiencing such a thing, he has fully understood the meaning of this sentence, and he is even more afraid to say something to Li Tianduo in front of him. If he makes Li Tian unhappy, he will There may really be no way to stay.

In this way, he took Li Tian to a room at the end of the third floor.

It seems that this place is more luxurious than any previous room, it should be the fat man's office, that is, the fat man's room.

"Uncle, this is the place, I won't go in. If you have any instructions, just call me. I'll wait at the door." The shop Xiaoer now completely lost his pretentious look before. Looking at Li Tian's expression, he was also very frightened. For fear that he was not satisfied with what he did, Li Tianduo said a bad thing or two, which caused him to lose his job.

Li Tian pushed the door and walked in, and he saw the fat man sitting at the side table, looking at something.

"Brother finally came." The fat man stood up and looked at Li Tian in front of him. Compared with before, Li Tian now feels a lot younger, but because the stubble on his face is just a simple treatment. So it still seemed to be a very vicissitudes of life, not like a young man, nor did he recognize that the young man in front of him was Li Tian who was wanted in Luoyang City.

"My age is not as old as you. It would be a bit exaggerated to call my brother, you can just say what you want to say." Li Tian was not nervous, and just sat down on a chair on one side with his legs up. Looking at the fat man in front of him: "I came to your side today just to stay in the store, but the attitude of your store is really unacceptable to me."

"This is also an inevitable thing. As the so-called shop bullying, we gather in the tavern and have branches in the entire God Realm. It is actually reasonable for this to happen, and the subordinates will naturally have a sense of superiority. This situation has existed a long time ago. It's just that we want to change but it's not that easy. After all, this is their own character and we cannot change." The fat man shrugged his shoulders and looked at Li Tian with a wry smile. Come: "If you have any needs, I can only say to compensate you as much as possible to ease the embarrassment this time."

"Seeing that you are so sincere in solving this problem, I don't bother to pursue this matter." Li Tian nodded, looked at the fat man in front of him, and then asked: "Then next, you still want what do you know."

"Is this brother a spellmaster?"

After all, what Fatty is most worried about is Li Tian's identity. The spellmaster is a very sensitive and highly valued profession in the God Realm itself. Before Li Tian's instant fireball skills, it really looks like a spellmaster. The fat man is very worried. If they offend such an existence, it is not good news for them.

"If I say that I am a spellmaster, what are you going to tell me to do?" Li Tian didn't explain his identity. He didn't know if this fat man exaggerated himself in this way because of his identity. In case, tell him Not a spellmaster, it would be bad for him to ask someone to clean up himself, so now he deliberately makes himself look mysterious, in order to avoid the fat man's inconsistent attitude.

"Of course not, I'm just curious about your identity." The Fatty's eyes turned sharply, looking at Li Tian in front of him, and whispered.

"There is nothing very curious about my identity. If you want to, you can treat me as a spellmaster. If you don't want to, you can treat me as a Sanxian. But this time I come to New Moon City with my own. Things have to be done, so if you want to trouble me to do something for you, obviously there is no chance." Li Tian shrugged his shoulders, still very cold.

This is how the hanging person's appetite is, even if he is not a spell master, he still has to make the fat man in front of him dare not really turn his face with him.

When the fat man saw Li Tian's attitude, he shook his head helplessly: "Of course I don't mean anything else, I'm just curious."

Li Tian's gaze began to look around the room at this time, but when he saw a picture on Fatty's desk, he was completely stunned. The woman on the picture gave Li Tian a sudden With tears in my eyes, I wish I could see the woman above.

Situ Ningbing.

This woman Li Tian has been looking for, at this time her portrait is lying quietly on the table, wearing a blue sword robe, with a touch of coldness on her beautiful face. Li Tian was deeply impressed in his heart.

Seeing this portrait, Li Tian seemed to have lost his soul, and could only stand stupidly in place.

And the fat man, who also saw Li Tian's state, said with a smile: "She is very beautiful, right?"

"It is indeed very beautiful. Do you know who this person is in the portrait? Where can I see her?" Li Tian looked at the fat man in front of him nervously, and his tone trembled. You can think of him now. How excited it is.

"This is a well-known Shuiyue Sect disciple on our side, called Ningbing. It is said to be the most talented of these apprentices that Shuiyue Sect has received in recent years, and it is also the master sister of the current generation of Shuiyue Sect disciples. , The direct disciple of the head, both in terms of strength and appearance, are the top one in the entire Crescent City." The fat man was also very proud of Li Tian's expression.

This portrait, but when he met Ning Bing by chance again, he asked someone to paint her face.

After that, he kept watching in his room, reluctant to show it to anyone.

Li Tian looked at the fat man in front of him, and he really had a feeling that his own woman was so yelled at by such an obscene fat man at this time, but he still couldn't find any way to collect the portrait of Situ Ningbing. come back.

"Can you still see her now?"

"I'm afraid it's not that easy. You also know the rules of Shuiyue Sect. Unless they come out by themselves, it is impossible for us to see them. Unless you are a **** emperor, you might be able to enter. Shuiyuezhong." The fat man shook his head, looked at Li Tian in front of him, and said, "Oh, I forgot to introduce myself. My name is Dongfang Yuechu."

Chapter 5380: Home

Dongfang Yuechu seemed to have seen something, and squinted at Li Tian: "Looking at your expression, it doesn't seem to be the first time you see Ningbing. Have you met before?"

"Of course not." Li Tian also realized that there was something wrong with his expression before, so he quickly changed to another expression, which looked like two people before: "It's just that this woman looks very beautiful. , The first time I saw her, I felt that all my soul had been hooked over, and I looked a little dazed."

Dongfang Yuechu looked at Li Tian, and then smiled: "When many people first saw Ningbing, they probably had similar expressions. After all, although such beautiful beauties are rare, they are so beautiful and strong. It's not so easy to meet such a beautiful woman in the God Realm."

Li Tian felt uncomfortable, but the expression on his face was still very calm.

"In that case, I can only take the initiative to find the door, and can I see Ningbing in Shuiyuezhong?"

"It looks like this at the moment, but although you are a spell master, it is still impossible to enter the Shuiyue Sect. That sect has never welcomed men. If you want to see Ningbing, you can only wait for him. I have left Shuiyuezhong." Dongfang Yuechu shrugged and looked at Li Tian and said: "Many people will think of you after seeing the portrait of Ningbing. No matter how much money they spend, they will Willingly."

Li Tian smiled slightly, she knew Situ Ningbing's charm very well.

Although Shuiyuezhong stated that men are not allowed to enter, he has the jade that Murong Ziqing left behind in his hand. He said that if there is any problem, this jade can help me a lot, and now I might be able to do it. Using this piece of jade to enter the Shuiyue Sect, it will be easy to know why Situ Ningbing did not take the initiative to contact him after he came to the God Realm.

According to the truth, she should have the same thoughts as her own after she came to God Realm, and she should do everything possible to find herself.

And before I did such a shocking thing in Luoyang City, many people must have paid attention to Li Tian, and Situ Ningbing should have already noticed him.

But looking at the current situation, she didn't seem to think about finding her own meaning at all.

Or, she has searched for it, but has not been able to find herself?

There were many questions in Li Tian's mind, and he didn't know why his mood suddenly became heavy at this moment, and he could feel that something was about to happen. This feeling was very The clarity and constant lingering in Li Tian's mind made his whole person's emotions become low.

Fortunately, he is still relatively smart now, knowing that in Dongfang Yuechu, he still has to hide his emotions as much as possible, and can't let the fat man in front of him know his inner thoughts.

"If there is nothing to do, I am going to go back to rest. Tomorrow I will go to Shuiyuezhong to take a look. Maybe I am lucky enough to go in." Li Tian said with a smile and looked at Dongfang Yuechu in front of him.

"If you can go in, of course it is the best, but I don't think this possibility is very high. The rules of the Shuiyue Sect have been for hundreds of years. Many people know the rules of their sect, and no one would think about it. Break their rules." Dongfang Yuechu smiled and said, then turned his gaze to the portrait: "I am very glad that you can understand our affairs today. You can live here for free for the rest of this time."

"This is unnecessary. I don't need this little money." Li Tian frowned, took out a bag of Tian Coins from his ring and threw it down, saying: "The money is fixed, I don't know how long I will stay here, if I don't have enough money, I'll make up some more."

He is not a fool. If Li Tian were to be stingy with the money at this time, maybe Dongfang Yuechu would suspect Li Tian's identity.

You must know that spellmasters have always been very rich. Just like those rich second generations of local tyrants on the earth, Tian Coins are just a number in their eyes, like the seemingly pleasing charity of Dongfang Yuechu. Many spell masters are also an insult. If Li Tian accepts it, it means that he is not a real spell master at all.

Dongfang Yuechu was also a businessman anyway, and his mind was naturally very good. Even if it seemed to be a benevolent act, Li Tian was secretly calculated inside.

Seeing him rejecting himself, the expression on Dongfang Yuechu's face became a little embarrassed, and he whispered: "I didn't mean that, but we made you feel bad before. If we don't make some compensation, it always makes our psychological side uncomfortable."

"If you are going to make up for me, you can use another method, but for me this method is forgotten, I won't accept it." Li Tian snorted coldly, looking angry. Then he swaggered out of his room.

After Li Tian left, Dongfang Yuechu frowned and put away the portrait of Situ Ningbing. Then he called in the shop Xiaoer who was standing outside the door, and asked seriously: "Did you see clearly before, this kid is really an instant fireball skill?"

"That's right. Fireball was released in an instant. I can't think of any other person in the God Realm who can achieve this level besides spell masters, and I can't see through his realm. Those people under his staff could hardly hold out in front of him for a few seconds before they were directly defeated." Xiaoer Dian cautiously looked at Dongfang Yuechu in front of him and replied tremblingly.

Dongfang Yuechu sat down, folded his legs and squinted his eyes: "There is probably nothing wrong with that. I have tried several times before, and I feel that this kid doesn't seem to be joking with us. He might really be a Spellmaster."

"Boss, what happened today..."

"It's okay not to have this kind of thing a second time. When doing things, we must first look at the identity of the person. At least we have to figure out the confidence. Although we gather in the taverns, we have a big business, but it doesn't mean you guys. People can do whatever they want on our territory. We must know that there are days outside the world, and there are people outside the world. When you provoke some characters that we can't deal with, you will only suffer." Dongfang Yuechu said helplessly, today Can be regarded as reluctant to give up love.
