

A Killer 5391

Chapter 5391: Don't want to make you uncomfortable

Li Tian raised his eyebrows, did not move, looked at Mingzhuo and Mingyue with a sneer, and asked: "In your opinion, the reason why I have such a conflict with you is because I have no money to spend with you, so you will this way?"

"That's natural. Since I'm here to consume, why don't you have money to do?" Mingzhuo sneered, looking at Li Tian in front of him, and said disdainfully: "It's not like you have never had it before, thinking about us. While eating Bawang's meal, without looking at what place it is, how could it be that people like you can casually spoil here?"

The expression on Li Tian's face has become more and more ugly, and he never thought that these people turned out to be such inferior roles.

He took out the memory card that Dongfang Yuechu gave him from his wallet, threw it directly in front of them, and sneered: "How about it, how much is this thing worth, should you be very clear?"

The people who were still watching the excitement sarcastically all fell silent at this time.

All of them looked at the card on the ground like a fool.

In the God Realm, almost no one does not know what this card represents. Li Tian can have such a card. First of all, it shows that his identity and status are far more complicated than they thought. Secondly, this guy must be. With wealth comparable to the state treasury, this card is just such a function to symbolize identity and status.

And the maid who talked to Li Tian before, after seeing this card, was also stunned.

"Didn't I tell you to go?" Ning Bing looked at the card on the ground, his eyes jumped imperceptibly, and then coldly looked at Li Tian in front of him, and asked: "I already told you, call you Go, why do you still do this?"

She was a little confused, wondering why the man in front of her suddenly acted like this.

And Li Tian also looked at Ning Bing seriously, and didn't mean to dodge in the slightest. The two people faced each other, and they could feel their emotions from the eyes of each other.

"If I leave like this, you must have a hard time dealing with this matter." Li Tian shrugged and laughed at himself: "For Shuiyue Sect in the future, how to deal with the impact of this matter. It's also tricky. I can allow myself to suffer, but I will never allow you to suffer, and I don't want to see you uncomfortable, so I have to prove that I am not moneyless, but this place is too **** to pay."

Ning Bing looked at Li Tian in front of him sluggishly. Suddenly he didn't know what to say. Looking at the man in front of him, he felt uncomfortable.

This kind of emotion was very inexplicable, and even she herself didn't know why she suddenly had such emotion.

Coupled with the affectionate look in Li Tian's eyes, I was a little shy at this time, so I had to change the subject in a hurry, and the province became very embarrassed afterwards: "Take out this card earlier. They certainly dare not pursue your matter. This card can already prove your identity

and status. It is far more noble than they imagined. Anyone who can have such a card in the God Realm is noble, or even The identity is very special."

"What's the use of this card?" Li Tian smiled awkwardly and touched the stubble on his chin. It was sent by Dongfang Yuechu. At that time, he thought it was just a bank card-like existence, but now it seems , It seems not like this at all.

Ning Bing frowned, seemingly reluctant to explain, but seeing Li Tian's serious appearance, he asked again: "Are you sure you don't know what this is?"

"This was given to me by someone else. I said it was an apology. I just used it as a tool for storing sky coins. I really don't know what it is." Li Tian smiled and shrugged. Shoulder, looking at Ningbing in front of him seriously: "But looking at you, it seems that you know what this thing is. Can you tell me?"

Once again, everyone around him was silent, this time even Ning Bing didn't know what to say.

She carefully asked herself: Is there really a law in this world called stupid people have stupid blessings?

Li Tian in front of him didn't know the meaning of this card at all, but possessed such a card. Many people squeezed their heads to get such a card, but in the end they were not even qualified to touch it.

This is the gap between people.

"Fuck, this guy is joking or serious. With this orange card, he still said he didn't know what it was? This is a bit of pretending to be B, and I have never heard of anyone who is so lucky. It's so big, it's a direct shot to give the orange card directly." A man said in angrily as he watched Li Tian slowly pick up the orange card on the ground.

They don't seem to be much different from Li Tian, but why can the man in front of him have such an orange card, but they can only look like silk?

Li Tian sneered at the stunned three sisters in front of him. At the same time, he looked at the maid who was arguing with him before, and sneered: "Is it enough to prove my own strength now? It can also prove that I am not here for you. Eat and drink."

"Uh... hey, I knew you had such an orange card on your body, you should take it out sooner, so that there will be no such misunderstandings. Look at how bad the situation is now." Seeing that the atmosphere was a little embarrassing, he approached Li Tian while smiling, wanting to say something in a low voice.

Li Tian has been suffocating his anger, but he just didn't bring the sky coins, but he didn't say not to give them money.

But this maid has always been reluctant, as if she came here to eat and drink for nothing, wanting a king's meal, of course, at this time, we can't just let this happen.

With a shake of his hand, the maid who was close to him was thrown away, and then he sneered: "It was you who laughed at me just now, and you are also the one who cheats on me. Don't you guys know what shame is? It's also because of you. It's really shameful to be able to make such a

decision at this time. Since I have already prepared to turn my face against me, I must know what the consequences are."

The maid smiled awkwardly, but facing Li Tian at this time, she couldn't refute it at all.

Chapter 5392: leave

"Sister Ningbing, what do you think about this?"

"This is something you caused by yourself. Solve it yourself. Although our Shuiyue Sect has always managed the security of the entire Shuiyue City, it doesn't mean that we have to help you solve any problems on your side. After such a thing, you have to discuss it by yourself, and I will not intervene." Ningbing glanced at the maid beside him impatiently, then turned to look at the three sisters, and snorted coldly: "What are you still doing? Come back to the teacher with me."

"Senior Sister, should this be the case?" Mingzhuo is still a little unconvinced. They are dealing with this matter on behalf of Shui Yuezong today, and they will lose some face if they leave like this.

How could Ningbing couldn't guess the thoughts of these three people? At this time, he snorted coldly and reprimanded in a low voice, "Do you still think that the trouble we caused today is not big enough? What are you staying for? Waiting to be ashamed?"

Seeing how angry she was, she was even more angry than before, and all three of them bowed their heads and dared not speak.

This made Ning Bing much satisfied, and just as he was about to leave, he heard Li Tian's voice behind him.

"Hey, you haven't told me what the orange card is for."

"Ask yourself." Ning Bing said impatiently, and I don't know why I suddenly feel like I want to get away from Li Tian sooner. I don't know the man in front of me, but I always feel like I'm here. There was no secret in front of the man, and the feeling of standing naked in front of him made her blush.

In order to avoid embarrassment, I can only choose to reduce the contact with Li Tian.

"Then, when can we meet again?"

"I don't know you, why should I meet again?" Ning Bing paused slightly before saying: "Perhaps you are the wrong person, I am not the friend you know."

"Your voice and face have been deeply imprinted in my life until now. Even if I lose my eyes, I will never fail to recognize you." Li Tian looked at her and said solemnly: "Maybe you don't remember now. My identity, but one day I will let you remember again, remember who I am, remember who you are."

"Hey, is your fellow sick? What happened just now is a good misunderstanding, but how come you have to get into it now and start to pester my senior sister? I can tell you, my senior sister in Shuiyue City There are more fans. If anyone wants to approach my senior sister with such a means like you, wouldn't it be exhausting to deal with you people every day?" Mingzhuo turned around and looked at Li Tian angrily. .

"Don't talk nonsense, let's go." Ning Bing snorted coldly.

"Sister, this kid made it clear that he wanted to take advantage of you. If you don't tell him clearly now, I'm afraid we will continue to pester you in the future, so we don't have time to deal with such shameless people." Mingzhao Some dissatisfied said.

"I said, no nonsense, let's go." Ning Bing said solemnly again.

Seeing them leaving, Li Tian's heart felt painful.

At this moment, there was a feeling of despair. At this time, the former lover was like a stranger. Although he didn't say it on his mouth and didn't show it on his face, he saw the strangeness in Ningbing's eyes. There was a strange feeling naturally produced in words, which made him feel painful in his heart. Facing such a thing, there were indeed some helpless.

He knew that when Ning Bing flew up, he was afraid that he had already lost his memory.

I can't remember the little things that happened to me in the past.

Looking at this huge crowd, he didn't know what he should do next, and even Ning Bing didn't remember himself. Then in this world, who is worthy of Li Tian's search and trust?

He turned around desperately, and then disappeared into the street slowly like this.

"Sister, today you seem to be very different in weekdays." On the way back, Mingzhao looked at some unsaved Ningbing around him, and asked worriedly: "Is it because of that kid? What he said, definitely Does it make you uncomfortable?"

"No."

"Sister, don't explain, you usually do things like this directly, but this time you hesitated for a while, and even wanted to let him go without asking for anything and change to the previous one. It is absolutely impossible for you to make such a decision, and we can be sure that today you are very different from usual." Mingyue was also on the side and said seriously.

Ning Bing stepped on a white cloud, staring at the hazy mountain peaks and sea of clouds in the distance, as well as the dazzling sunlight, startled.

The breeze was blowing gently, and the hair on her temples shook slightly.

His eyes were quite blurred, and he subconsciously said: "Is it really weird today?"

"Yeah, we don't even know what's wrong with you."

"Maybe it was because I didn't rest last night. I don't know what's going on." Ning Bing smiled bitterly. This smile flashed by, and then she changed into a cold face, no one else. I noticed that this woman had a touch of bitterness and confusion before, and she knew nothing about her past. This feeling was really uncomfortable for her.

A few years ago, before she came to Shuiyuezhong, she woke up and found herself in a wilderness.

She was supposed to die in the hands of Warcraft, but she was saved by Shuiyuezhong's suzerain at a critical moment, and seeing her talents and pitifulness, she left her as her closed disciple.

And over the years, Ningbing had indeed lived up to Shuiyuezhong's suzerain.

Her talent is very high, it can be said that among these geniuses in recent years, very few people will be the opponent of Ningbing.

However, her life experience has been a mystery until now.

Even the Sect Master of Shuiyue Sect had not been able to awaken Ning Bing's memory after working hard for a long time, just like the memory in her mind, as if it was sealed by something, there was no way to start.

And there is no way to track down the clues of Ningbing earlier.

Gradually, even Ningbing forgot about these things.

She only knew that her name was Ningbing, and she also knew that the umbrella in her hand was there when she woke up, and her name was Liangyi Umbrella.

In addition, there is only one name left that I don't remember...

Chapter 5393: Visit

Li Tian instinctively found a tavern and drank severely, trying to numb himself with alcohol.

These wines from the God Realm are stronger than those from the earth. Even if you are an immortal, you can still get drunk. However, after a jar of wine, Li Tian began to sway, feeling that the world in front of him is also shaking. Woke up.

"The girl's current situation looks more like she has lost her memory."

"Yeah, she doesn't even know me anymore. Except for the explanation of losing her memory, I really can't think of any reason why she doesn't even know me." After Li Tian listened, he laughed at himself. , Say.

"Are you feeling very depressed now?"

"My only hope in the God Realm is her. I thought that after our two rounds, we could comfort each other and slowly grow and become stronger, but now it seems impossible. She doesn't know her anymore. I am again a direct disciple of the aloft Shuiyue Zongmen, and I am just a messenger, or a wanted criminal in Luoyang City. There is a world of difference between the two of us."

"Hehe, if you think so, I am afraid that there will never be a chance to wake her up. If you know this kind of amnesia, it is very likely that it happened during the ascension process. Maybe you don't know this thing yourself, she The time to ascend is many years earlier than you. In other words, you should have spent a lot of time in the process of ascending, but she did not." The ancient god's remnant soul heard Li Tian's decadence. There is also some anger.

"Does this have anything to do with her lack of memory?"

"Maybe it is precisely because she did not spend so much time, so the memory in her mind is not completely preserved. What she remembers now is just what happened after she woke up. It is normal not to know you. , But you can't erase your feelings. You can see this before. People of Shuiyue Sect are resolute and resolute in doing things. When you are a stranger, she has already started doing things. "The Ancient God Remnant Soul said with a humorous meaning: "The reason why she let you go is because she still retains that feeling for you, because she doesn't know why she feels that way, so she wants to let you go. "

"You mean, I still have a chance?"

"This is for sure. Although this kind of situation rarely happens, but I have heard it several times before. It is possible for them to regain their previous memories. It's just that this process is very difficult. Okay." The Ancient God Remnant Soul said with a smile: "I think you are not very sure about it now. You can ask her to cooperate with you."

"From the current situation, although she has a different sentiment towards me, she still chooses to treat me as a stranger. Even if there is such a possibility, I have no chance to let her cooperate. Mine." Li Tian heard the remnant soul of the ancient **** said that there is still the possibility of change in this situation, and the whole person immediately became excited. The one who was worried before, that is, Situ Ningbing can't remember it.

As long as she can remember what happened before, no matter how hard she puts in, it is worth it.

"Now you can only treat the two of you as strangers, and then slowly develop your relationship from strangers to friends. When you really regard each other as friends, you can tell her these things. Thinking of that time, she should be very cooperative with you. After all, no one wants their past to be black and white, and they can't see clearly."

Li Tian nodded, and then used the power of immortality to force all the alcohol in his body out.

"Now in spirit?"

"I'm going to Shuiyuezhong. I haven't investigated one thing clearly before. If possible, I must enter Shuiyuezhong this time." After gaining confidence, Li Tian immediately reversed his previous decadent state. I got up a lot more vigorously, took out the jade inside the ring and took a look, then squinted: "Be sure to investigate whether Murong Ziqing is from the Shuiyue Sect."

Thinking of this, he felt that he was really an idiot.

Haven't everyone met Situ Ningbing before, so I should have asked about this. She is a direct disciple of Shuiyuezhong. If she doesn't even know Murong Ziqing, then this person must not exist in Shuiyue. Zong's.

"It's better to be careful when going to Shuiyue Sect. The rules of that sect are stricter than here." The remnant soul of the ancient ***** continued: "I need to sleep recently, and I have been in the free space. Helping you in your cultivation has caused my consumption to be very high. I have to sleep for a period of time to offset this consumption, so no matter what happens next, you can only face it by yourself."

"Don't worry, I have grown up now, and I have changed a lot during this period of free space."

"I hope it's like this. As for your friends, don't worry for the time being. Although they have not succeeded in entering the sect, they have now become some excellent bountyers. If you have the opportunity, you will meet again."

"Thank you senior."

"You don't need to thank me now. When I need your help, you will understand that what I'm doing for you now is just trivial." The Old God Remnant Soul said lightly, and then there was no news. Obviously he has entered a state of deep sleep.

Li Tian stood up, settled the bill, and left the tavern.

What he needs to do now is also very simple, that is, more face-to-face contact with Ningbing, and the only one who can do this is probably to take the initiative to go to Shuiyuezhong to chat with Ningbing.

After leaving Shuiyue City, he set off directly towards the top of the mountain with Yujian.

The road was unobstructed, and when it was halfway up the mountain, problems appeared.

After all, Shuiyuezhong is still a very big sect. There are very powerful enchantments set up around their entire sect. Ordinary people must pass through their 'mountain gate' to continue with the sword, and at this time Li Tian did not pass through the gate, so it was quickly blocked by the barrier. At the same time, there was a clear female voice in the ear: "The heavy land of the sect, who is trespassing."

"The villain is wandering and dispersing immortals. He has heard of the name of Shuiyuezhong for a long time, and I am here to visit." Li Tian found the mountain gate, and then fell down, squinting his eyes and looking at the two little girls standing in front of him, saying a little embarrassingly

Chapter 5394: Do not know

The two girls looked at Li Tian in front of them, as if they were carefully looking at Li Tian in front of them, and the big watery eyes were full of curiosity.

Standing in front of them, Li Tian felt like a monkey in a zoo, very embarrassed.

However, at this moment, a disciple who seemed to be much older than them came out, glanced at Li Tian coldly, and said, "Don't you know the rules of our Shuiyue Sect? We Shuiyue Sect has always been very rare. For the male guest, unless your strength is equal to that of the **** emperor, don't even want to enter our sect. Everyone knows this rule in the **** realm, don't you know?"

"Of course I know, it's just that I am very familiar with an elder in your sect, so I came to visit." Li Tian smiled and said while looking at the female disciple in front of him.

"Consult the name."

"Murong Ziqing."

The female disciple was still polite to Li Tian, but after hearing him say the name, the expression on her face suddenly became indifferent, and said calmly: "You are here to make me happy, I am in Shuiyue Sect. For so long, I have never heard of any senior elder whose name is Murong Ziqing. Since he is here to deceive, it is better to find a reasonable reason. Like you, who do you think you can deceive?"

"Then do you know this piece of jade." After hearing this female disciple's words, Li Tian's mood suddenly became depressed, but then he seemed to have thought of something and took out the piece of Murongzi to clear it. The jade that came down looked at the female disciple in front of him hopefully, hoping to get a positive answer from her.

As a result, the female disciple still just shook her head: "I have never seen anything like this."

"Have you never seen it?" Li Tian smiled bitterly, and then looked at the female disciple in front of him with some confusion, and looked at the expression on her face, as if he didn't know the jade in his hand at all. He didn't mean to lie to himself at all. There really isn't a person like Murong Ziqing in the Shuiyue Sect, so what kind of identity would he see?

Her methods are very clever, if she really wants to deal with herself, it will be extremely easy.

Since that's the case, why would you tell yourself such a lie?

"Hey, I said you have to use some tricks to deceive people, OK? This kind of lie is casually exposed. Do you really think we will believe you?" The female disciple looked at Li Tian's face. With a lost expression, he said angrily: "If there is nothing to do, hurry up and leave here. The Shuiyuezhong's mountain gate can't be entered by anyone."

Li Tian said again: "I know Ningbing, is this always a reason?"

"Hey, Senior Sister Ningbing knows a lot of people in Shuiyue City. I say you have nothing to do. If you are fine, hurry up and leave here, or I will call someone later, and you want to leave." The female disciple snorted, looked at Li Tian in front of her a little irritably, and asked angrily.

Li Tian shrugged his shoulders helplessly, and then nodded: "Well, I'm sorry."

The female disciple watched him turn and leave, disappearing into sight, and nodded with satisfaction: "You two are optimistic. If anyone approaches our gate, you must tell us the first time."

"I know, Senior Sister."

After the female disciple gave her instructions, she hurriedly turned and left.

After entering the gate, along the winding and rugged mountain roads, you soon came to the back mountain forbidden area of Shuiyuezhong. In the bamboo forest here, you can vaguely see an ancestral hall.

She walked into the ancestral hall slowly, leaning slightly: "I have done what you ordered."

"He didn't say anything?"

"It's just a little bit lost, it looks like there is still a little regret. You know him, why don't you let him in?" It is not someone else standing in front of the female disciple, it is the Murongzi Li Tian saw in the Broken Cloud Mountains before. Qing, but now it looks more serious and mysterious, and even the smile on the corner of his mouth makes people feel cold all over.

"You don't need to take care of these things. Since he didn't say anything, it's fine." Murong Ziqing nodded slightly, looked at the female disciple in front of him, and said, "Don't tell anyone about today's things, just treat it as it has never happened. Up."

"I know."

"Well, let's go if there is nothing to do."

"Yes."

Li Tian didn't know that something like this happened in Shuiyue Sect. He really thought that there was no such person as Murong Ziqing in Shuiyue Sect, so he felt a little depressed now.

What he was thinking now was to find out where Murong Ziqing was.

But the God Realm is so big, and her strength is so powerful, it is not easy to find such a woman in the God Realm.

When he returned to Shuiyue City, he just heard a few passers-by chatting in his ear, as if it was a young hero meeting.

At this moment, Li Tian's interest was aroused, and he leaned forward immediately: "What young hero meeting, is it famous?"

"Don't you know? This young hero meeting is held in New Moon City. It is said that this time the rumors of the Shuiyue Sect's master sister Ningbing will also participate. Countless people are squeezing their heads and want to participate in this competition. , Even if they can't win the championship, being able to play against a beauty like Ning Bing is enough for them to play NB in this life." The passerby who was chatting glanced at Li Tian and said solemnly.

"Ningbing will also participate?"

"Of course, this time the Young Heroes Conference will be attended by many young talents, and the most are the disciples of Shui Yuezong." The passerby looked at Li Tian with a smile on his face and said, "However, this The rewards for a championship are also very generous, and many people are eager to participate."

"Where is the specific registration location?"

"Of course it is in the New Moon City. The registration will start tomorrow. If you are also ready to participate, you have to hurry up. If you go late, you may not be eligible."

"Looking at him like this, he probably won't have any strong strength anymore. It's impossible to win a championship at this young hero meeting, but if you can fight against Master Ningbing, you won't be wasting this time. It's a chance." Another passerby glanced at Li Tian, and said dismissively, Li Tian looks pretty old now, and naturally he doesn't seem to be a powerful character.

But Li Tian was a little excited in his heart.

Before, I was still thinking about how I could get close to Ningbing. It seemed that this time was a very good opportunity.

Chapter 5395: Ten Cities Competition

After knowing the situation on Shuiyue's side, Li Tian now wants to know the meaning of this young hero meeting even more.

Now that the remnant soul of the ancient ***** is not there to explain these things by his side, tell him what should be done and what should not be done, Li Tian is still a little worried that he can't cope with it, and the biggest problem is that his current identity is certain. He couldn't participate in this young hero meeting, he was a much wanted character in the entire God Realm.

If he participates in this way, his identity will be directly exposed soon. According to his current situation in the entire God Realm, it is estimated that it will not be long before countless people will put their hunting eyes on Li Tian.

Although these people who do it on their own, most of them may not be very strong.

But no matter where you go, there will always be someone behind you staring at you. As long as you relax a little, they will try their best to kill you. In such a situation, no one can be happy anymore. Always beware of when your enemies will suddenly appear in front of you. This high degree of tension is also very exhausting for a person.

Li Tian didn't want to be a public enemy of the God Realm, because he didn't want to be in this state all the time. He would rather be a little relaxed.

But at present it seems that such a thing seems difficult to achieve.

If he wants to help Ningbing regain his previous memories, he must choose to come into contact with Ningbing head-on, and the rules of the Shuiyuezhong make it basically difficult for them to want to contact. This time the young hero meeting it was probably Li Tian's only chance. If he missed this chance, I still don't know when I will see Ningbing.

Knowing that she had lost the memories of the two of them when she was ascending, what Li Tian wanted to do now was to help her remember all the things before.

In order to understand what the purpose of the Young Heroes Conference was, Li Tian left Shuiyue City directly, and returned to New Moon City by the teleportation formation again. After returning to the Yunji Tavern, the guy at Dongfang Yuechu was still here. He looked at Li Tian quite well. Some unexpected appearances: "I heard that you went to Shuiyue City. Did you really go to Shuiyue Sect and want to see Ningbing?"

"Why not? Such a beautiful woman is always attracted by many men. Of course I am one of them." Li Tian looked at Dongfang Yuechu in front of him with a smile on his face, squinting his eyes and said: "But I know something else. What kind of young hero meeting will be held soon. Do you know the specific purpose of this competition?"

"It's only for selecting talents for the Ten Cities Conference. You probably also know what the Ten Cities Conference is. The ten most powerful main cities in the God Realm will select some talents to participate in the so-called Ten Cities Conference every year. The winner can go to the rumored library to see the history of the entire God Realm, and may even get a great opportunity because of this. To many people, the significance of this Ten Cities Conference is very important."

Looking at the serious and excited expression on Dongfang Yuechu's face, Li Tian probably also knows what the so-called Ten Cities Conference really means. It is nothing more than selecting some people and going to the library to see the history of the entire God Realm. .

But his demand for this is not great now, because there is a living fossil like the remnant soul of the ancient **** beside him, and he can get a lot of information about history from his mouth.

"Don't underestimate this opportunity. Although the library is said to only store a lot of books that record history, it is actually not like this. Many people who have entered the library over the years have all gotten it. This is a great opportunity. After leaving the library, the strength has been improved by leaps and bounds. Therefore, more and more people suspect that there should be many wonderful things in this library." Dongfang Yuechu has been carefully observing Li Tian's Expression, when she saw that Li Tian's face was not interested, she hurriedly continued here.

At this time, Li Tian reluctantly cheered up: "In this way, the Ten Cities Conference is probably a rare opportunity for many people."

"Of course this can be very certain, but if you want to show off at this young hero meeting, your own strength must be very powerful. It is said that all the young heroes participating in this young hero meeting are very powerful young talents. , Even at such a young age, the strength of these people is already extraordinary. It is hard to imagine what kind of achievements they might have if

they continue to grow like this." Dongfang Yuechu said this and couldn't help sighing. With a sigh of relief, the overall level of original holiness has always been uneven.

But in recent years, very big changes have taken place. Suddenly it is like changing the world. There are many young people with terrible talents. These young people are extremely powerful. If they continue to grow like this If it goes down, it will not be long before it will be able to occupy a dominant position in the God Realm, and even the status of those high-ranking gods may even be threatened by them.

Li Tian sat down and looked at the portrait of Ningbing hanging on the wall, with a little excitement in his heart.

This time is my own opportunity, and it is also one of the few opportunities to go to Zhoushan.

"Are you going to participate?"

"It was true that I didn't have much interest before, but after hearing what you said, I became more interested. It would be nothing to me if I could meet all kinds of strong players in such a game Bad thing." Li Tian smiled and looked at Dongfang Yuechu in front of him. Although he knew that this young hero meeting might be very tricky, as long as he can help him restore the memory of Ningbing, everything is worth it.

"I advise you to be prepared for a hard fight. Although you are a spellmaster, all the people in this competition are rushing to the Ten City Conference. They won't give you any chance." Dongfang Yuechu didn't have much With a particularly surprised expression, he had known that Li Tian would definitely agree to this matter. After all, the rewards of the Ten Cities Conference were a lifetime pursuit for many people.

Can get sublimation in that library, this is not an opportunity that everyone can get.

Chapter 5396: ready

For Li Tian in front of him, although Dongfang Yuechu had always maintained a great deal of trust, he did not dare to ask Li Tian's name easily until now.

And Li Tian never told others what he was called.

Many people now see that Li Tian is an uncle with one mouthful. It seems that he has long forgotten that he still has his own name, and Li Tian has gradually got used to this situation, so he has not said his real name. .

In fact, he was not so sure that he was telling his true name. This time, the Young Heroes Convention has received the attention of the whole outside world, and it must be a top priority.

Once I told them that I was called Li Tian, wouldn't I have to let these people run over and grab myself?

"Does the distinguished guest have anything to worry about?"

"Although I really want to participate in this young hero meeting, but now I don't dare to sign up easily. You also know that when I came here before, I was very disappointed, because many people were chasing me. , I finally escaped to New Moon City. If my enemy knows that I am here, I still don't know what will happen." Li Tian showed an embarrassed expression on his face. Looking at

Dongfang Yuechu in front of him, he asked, "Is there any good way to keep them from knowing my identity."

"Of course this is fine, because the entire Junior Heroes Conference is actually very simple. There is no complicated procedure at all. You can just give yourself a name. They will not use your profound stone to sign up for you. , You only need to tell them your name. As for whether the name is true or false, no one will go back and investigate." After Dongfang Yuechu heard it, he first smiled awkwardly, and then squinted his eyes. Li Tian in front of him: "But until now, I still don't know the name of the distinguished guest."

"You probably have never heard of my name, I am Mu Zitian!"

"Mu Zitian?" Dongfang Yuechu carefully looked at Li Tian in front of him, then smiled and shook his head, and said: "It is indeed true. This is the first time I heard this name. I have never heard of such a powerful name before. Spellmaster."

"The number of spellmasters is very scarce, but all the spellmasters with some strength have been invited by those powerful nobles to be doormen. I disdain to work with them. Naturally, what I have to do is hide my identity. It's a pity that my enemy finally discovered it." Li Tian suddenly looked at Fat Dong Yuechu seriously, and the emotion in his eyes was also very solemn.

At the beginning of Dongfang Yuechu, he was also taken aback by the sudden look in Li Tianzhu's eyes.

The whole body trembled for a while, and then he smiled wryly, with some helplessness in his tone: "What's the matter?"

"I have never told anyone about my identity. I told you because you gathered in a tavern and not a tavern. I just hope you can help me a lot in the future, if I can succeed this time. Entering the list of elections for the Ten Cities Conference, your benefits are definitely indispensable." Li Tian had a grim smile on the corner of his mouth, looking like a real demon, making Dongfang Yuechu in front of him feel a little nervous, doubting himself and such a person. Does it really matter if guys cooperate?

And Li Tian, regardless of what Dongfang Yuechu's thoughts were at this time, he wanted to make sure that he could keep it secret during the next period of time.

"If you divulge my identity, I think you will soon know what will end up offending me. Maybe a master in the immortal realm may be tricky to deal with, but dealing with a character like you is for me. It's just a piece of cake." Li Tian said with a very serious expression, directly leaving Dongfang Yuechu with nothing to say.

This is the threat of nakedness. In previous years, no one had the courage to say such a thing in front of him, but Li Tian in front of him did it, and he didn't have anything to resist. meaning.

Although Dongfang Yuechu has almost determined Li Tian's current identity, he just smiled and said, "If I want to betray you, when you come here again, you will find that your enemy has already been here. While waiting for you, although I am not a good man and believer, I am definitely not a bad person. You can rest assured about this."

"It's best to look like this, otherwise you will definitely regret what you said today." Li Tian looked at the serious expression of Dongfang Yuechu in front of him, and only smiled, then turned and

said: " During this period of time, I want to know who else is participating in this young hero meeting. After all, knowing yourself and the enemy can win all battles. I think with this small favor, you will definitely help me?"

"Of course there is no problem with this." Dongfang Yuechu took out a piece of paper from one of the books and handed it to him: "I usually pay attention to such competitions. After all, people who can participate in such competitions are all amazing. Characters are not something a small shop like ours can provoke, so their identities and backgrounds are all within the scope of my investigation. These are probably some of the more interesting people who have signed up now."

Li Tian was stunned for a moment. He thought that such a request might take some time before Dongfang Yuechu could thoroughly investigate it, but he didn't expect that there would be results on his side so soon.

"Feng Tianling, Feng Tianxiang? Who are these two people?"

"Shuiyue City is an affiliated city of the Shuiyue Sect, so their city owner recommended Ningbing as one of the three candidates this time. Coupled with the talent and strength that Ningbing has shown in recent times, it is basically certain that she will become one of these three people, there is no doubt, and the remaining two positions are reserved for us in the New Moon City. Although this place is also affected by the water moon sect, after all, here is a comparison. An independent city." When Dongfang Yuechu talked about this, he deliberately paused for a while, and carefully observed Li Tian's expression.

He wanted to see some clues from Li Tian's face, but was soon disappointed, Li Tian was still so calm.

It feels as if the whole thing has nothing to do with him, but everyone knows that it is impossible. If it really has nothing to do with Li Tian, why should he pay attention to this matter?

"Is there any problem with the remaining two places?" Li Tian asked.

Chapter 5397: Unofficial offer

"Originally, only one of these two places will be determined to be one of the three candidates for this young hero meeting. Feng Tianling is also a very powerful young man who has emerged in recent years. His current strength lies in God. The Eight Stars of Cultivation Realm, if you can become one of the three candidates for the Junior Heroes Conference this time, you can also get a piece of fairy grass provided by Shuiyue Sect, which may greatly increase your strength and even break through the realm of Divine Cultivation. Entering the realm of gods." Dongfang Yuechu said here, as if suddenly thinking of something, patted his forehead: "I said before, but I forgot to tell you, this time the young hero meeting, in order to choose a powerful master, Shuiyue Sect also spent the capital and took out a kind of fairy grass that they instinctively cultivated exclusively."

"Fairy grass?" Li Tian knew that such plants exist in the God Realm, just like herbs on the earth, but the fairy grass here can not only cure diseases and save people, but can also be used to improve a person's strength and realm, if used properly, can perfectly display the effects of the fairy grass and get a very complete medicinal effect.

"It is said that in the last Ten Cities Competition, the Crescent City, which represents the Shuiyue Sect, was defeated. Therefore, this time Shuiyue Sect is bound to win the first place in the Ten Cities Competition. Some capital has come to encourage more masters to participate in this

competition." Dongfang Yuechu looked at Li Tian who was a little surprised, and proudly introduced: "This immortal grass is called Yunducaao. It is said to grow in numbers. On the ten-thousand-meter high mountain, because of the dangerous terrain and usually among the clouds, it has the name Yunducaao."

At the beginning of Dongfang Yue's words, some fragments naturally appeared in Li Tian's mind.

Yundu grass, a kind of fairy grass unique to the Shuiyue School, has a very comprehensive effect. If you take this fairy grass when you are seriously injured, you can heal most of your body's injuries in a short time. It can also alleviate the awkward situation in the battle.

And another effect is that it can be used to break through when your strength reaches a certain level.

Therefore, Yundu Grass is also called Dujie Grass.

It is the herbal medicine that many Sanxian and immortal dreams of, but the annual output is very scarce. Even in the Shuiyue Sect, few people can use it. In most cases, it is chosen to be preserved, only those that are truly outstanding. And it is possible for a genius with extremely high talent to use such an immortal grass. It is precisely because Shuiyuezhong has produced such a herb, this time Ningbing will become the default candidate.

Although this internal method was shameless, Ningbing's strength itself was already very powerful. Even if he didn't use this method to become one of the three candidates in the Young Heroes Conference, it was not a very difficult problem.

"I didn't expect that Shuiyuezhong would really spend enough money this time. With the name of Ningbing and the fairy grass like Yunducaao, I'm afraid that there will only be more powerhouses participating in the Youth Hero Conference this time. It will be less than in previous years." Li Tian touched his chin, squinted his eyes, and a faint smile hung on the corner of his mouth. It seems that this game is getting more and more interesting now.

With so many people participating in such a competition, when the time comes, the strong will be like clouds. Can Feng Tianling and Feng Tianxiang win?

"It's hard to say. It was originally only allowed Feng Tianling to be one of the default candidates, but this Yunducaao also made the lord Fengjie of New Moon City greedy, so he set his own Both children were turned into one of the default candidates." Dongfang Yuechu looked at the contemptuous smile on Li Tian's face, shook his head and said, "So this time the young hero meeting is actually already doomed."

"In other words, if I want to participate in the Ten Cities Conference, I have to fight against these two people?"

"It is indeed like this, and it is very likely to be life-threatening. Now many people come here with a gambling mentality, but once they find something is wrong, they will definitely retreat as soon as possible, and some people They don't know the inside story at all. If they knew it, they would not be willing to stay." Dongfang Yuechu shrugged helplessly: "The original meaning of Shuiyuezhong was to stimulate more powerful experts to participate. , But didn't expect that this would trigger Feng Jie's greed, and wanted to get rid of all those who were blocking his plan."

"What about the city lord of the New Moon City? I rely on my own strength to stand on the final ring step by step. Even if he is not convinced, he can only accept this reality honestly, unless he can

kill me in private. Right." Li Tian frowned, he had already killed a Lu Xiu, and the entire Luoyang City is now wanting him, and now there is no problem in making a fuss in New Moon City.

At the beginning of Dongfang Yuechu, after hearing Li Tian say this, he couldn't help but smile: "This person's identity is really unpredictable. Even a spellmaster can't be so arrogant, listen to him. It seems to think that Feng Jie has nothing to do with him? '

"Such a game will definitely have various internals, smart people all know it, so most people come here this time just to see the beauty of Ningbing with their own eyes, and if they can, they can play against her. It's also a good thing that many people will never forget in their lives." Dongfang Yuechu started to laugh awkwardly: "It's a pity that my strength and age are not allowed to stand on this ring, otherwise I will also I want to get in touch with the frozen ice up close."

Li Tian cursed secretly in his heart, but there was no expression on his face. He was worried that because of his little emotion, Dongfang Yuechu in front of him would guess what, since this fat man can become the owner of Yunji Tavern, he can also give A very expensive orange card like yourself is definitely not a simple character, and the best way to deal with such a character is to be vigilant at all times and not let them take the lead.

Therefore, Li Tian would definitely not allow himself to expose any flaws on Dongfang Yuechu's side.

"Even if there is an inside story, the precious fairy grass like Yunducaao should be regarded as a very precious herb in their opinion. For this reason, even if they are going against Fengjiezuo, they will not care." Li Tian After thinking about it, he didn't care.

Chapter 5398: Sign up

"It is indeed like this. Under the expulsion of this kind of benefit, who cares about what will happen in the future? As long as the maximum benefit can be obtained at this stage, it is the most important thing for them." Dongfang Yuechu Nodded. Although Feng Jie's methods this time can reduce some pressure on his two sons to a certain extent, there are still many people who choose to fight hard.

After all, an immortal grass like Yundu Grass, if they can get it by chance, can instantly enhance their strength.

And after this, they can choose to find a place to hide, even if it is the city lord, it is not easy to find such a person in this ***** realm, not to mention that there is no need for Yun Ducao. The immortal grasses went all over the place to find where they were. The manpower and material resources consumed in this way are also a problem.

"In this way, I will feel more at ease. When there are a lot of people with the same purpose as mine, even Feng Jie is not easy to deal with. I can't kill all of them." Li Tian smiled and looked at it. At the beginning of Dongfang Yuechu, since someone is willing to work hard for this fairy grass, of course it is a good thing for him.

"I advise you to dispel this idea and fight against the lord of New Moon City. Is it a bit too..."

"I didn't do anything to him. Although it is the default qualification, if these two people are not my opponents, then I can't be completely blamed. Do I have to let me hear the names of the two of them and let me instinctively let go? "Li Tian said disdainfully, even if Feng Jie came in person, he

would never compromise, but even if these three were set by default, it did not mean that there was no accident.

Feng Tianling, Feng Tianxiang.

These two people are also very popular in New Moon City, just because they are not only Fengjie's sons, but also very talented. They are proficient in all kinds of piano, chess, calligraphy, and perfection. Appearance, so many girls like these two people very much, and naturally there is a high voice in such a place. The two of them chose to participate in this young hero meeting, and they immediately got a lot of support.

As for Li Tian, he didn't care.

After leaving the room at the beginning of Dongfang Yuechu, Li Tian went straight out, ready to go to the place where he signed up.

At the beginning of Dongfang Yuechu, sitting in his room, from here you can just see Li Tian leaving the tavern. He is walking on the street at this time, his brows are slightly frowned: "This person really doesn't know his purpose until now. What is it, even the city lord does not seem to be a powerful existence in his eyes, and he does not take the city lord seriously."

A dark shadow slowly appeared, and then stood behind Dongfang Yuechu: "You must put all your thoughts on this young man to ensure his safety."

"Why waste so much time on him?"

"This doesn't need you to worry about it. In short, just do things according to our requirements. You don't need to worry about other things." The shadow looked at the doubt on Dongfang Yuechu's face, and did not tell him why he did it. Such a decision.

Although Dongfang Yuechu was curious, he also knew that some things had nothing to do with him, and knew that it was not a good thing for him after all.

On the other side, after Li Tian left the tavern, he swaggered towards the registration point for this young hero meeting.

On this road, I can clearly feel that the current New Moon City is not the same as what I saw a day ago, perhaps because the Junior Heroes Conference started to register in recent days. Many people from other main cities nearby, Also began to come here.

They may not be the final ones to be selected, but they hope very much that they can fight Ningbing.

For them, such a beautiful woman is simply something to meet but not to ask for. If they can fight against such a beautiful woman, they will definitely smile and dream.

Li Tian smiled and looked at the excited expressions on these people's faces, but he secretly sneered in his heart. Observations along the way can tell that the strength of these scattered immortals are average, and it is basically impossible to compete in this kind of competition. Get a place among them.

But they are probably very interested in this Yundu grass.

The registration place this time is also arranged in the main city guild of the New Moon City. It can also be seen that Feng Jie is very concerned about this young hero meeting. It is arranged in this

very luxurious place in order to demonstrate Show how much they attach importance to this young hero meeting.

Li Tian stood at the door of the main city guild, watching the dense crowd inside, not knowing how many people came to participate in the young hero meeting this time. The whole main city guild was crowded with people.

He walked in with a smile, and many people's eyes fell on him at this time.

"See, this guy is already this old, and he even came here to participate in this young hero meeting. What are you kidding? Does he still think he is a teenager?" A loose fairy looked at Li. Tian's appearance, couldn't help but laughed.

Li Tian felt like he hadn't seen the doubts of these people about him. He walked into the main city guild step by step, and then his eyes fell on a reception desk in the distance.

There are three characters written on it: 'Registration Office! '

Outside the registration office, you can see many people standing here, but basically there is no order, even in the main city guild, there is no particularly obvious order, if you want to get here For the respect of a lot of people, then you have to use the corresponding strength to convince others to convince you, and they will respect you honestly.

Therefore, Li Tian didn't say anything, so he walked directly towards the crowd.

Some people consciously step aside when seeing his unkind expression on his face. Most of these people are some unskilled immortals. The purpose of their coming here is to witness the beauty of Ningbing with their own eyes and know that they are It's impossible to get Yunducuo's strength.

Therefore, after seeing Li Tian's expression, they honestly gave way to their positions.

Of course, not everyone is like this.

For example, now, there is a young man standing in front of Li Tian. He is a little taller than Li Tian, so now he is looking down at Li Tian standing in front of him with a sneer.

Chapter 5399: Beating

"Get out of the way." Li Tian said lightly, not even looking at the young man in front of him.

"Hey, you kid is a bit too arrogant. You don't look at where it is or who is standing in front of you. If it were me, you would only choose to leave here obediently, or Find a small corner and wait for others to sign up before going up, instead of saying such arrogant words like you, do you know that you are like this, it is easy to be beaten." He sneered and looked at Li Tian said.

But Li Tian just repeated the previous sentence again: "Get out of the way."

"Are you deaf? Don't understand what I'm talking about? If I don't want to let go, what do you want?" The young man folded his arms and looked at Li Tian condescendingly. The corners of his mouth rose slightly, seeming to laugh at Li in front of him. Same day.

Li Tian finally raised his head, looked at the young man in front of him with indifferent eyes, and said: "I don't want to repeat, but you have been challenging my patience."

"Yeah, you guys are really funny, you tell me, even if I challenge your patience, what can you do to me?" The young man sneered at Li Tian and patted himself. Breast, asked: "Can you still beat me?"

Li Tian did not speak, but continued to move forward.

At this time, the crowd has slowly stepped aside, and the emotions of the two men have begun to become unstable. They are also worried about where the two men should stand if they really fight.

Li Tian didn't have any thoughts at all at this time, and his aura burst out in an instant.

In just a few seconds, the young man was stunned, feeling like he was in an ice cave. Even if he was wearing thick clothes, he couldn't resist the cold. The cold in my heart could not be resisted by thickening the clothes at all. Even the look in Li Tian's eyes started to become weird at this moment.

Li Tian sneered at the young man in front of him, and then kicked it out. The young man had no chance to stop him, so he flew out and fell to the ground.

"I never like to repeat a sentence constantly. For opponents who always make me verbose, I will let him know how good I am." After Li Tian finished all this, he didn't even look at what was in front of him. This young man just stepped on his body and walked forward step by step.

Those who were still in front of Li Tian, now all obediently stepped aside.

Those who chose to leave the position before were all fluke in their hearts at this time. Fortunately, they had just stepped away before, otherwise they would be the ones lying on the ground now.

All these people looked at Li Tian with expressions of awe. Of course, some people started to wonder what the identity of this young man was and how could it be so powerful at this time.

Although they didn't know the strength of the young man just now, since he dared to stand in the way, he was definitely not an ordinary character.

But in front of Li Tian, he just needs a look, he only needs to release his aura, and then he can solve the enemy in front of him with one kick. Such strength is already very scary for them, and such an enemy In their eyes, it was like a freak.

The main city guild, which was still noisy before, was quiet at this time. Everyone was watching Li Tian carefully in front of him. They couldn't believe that a person of this kind would come to participate in the Youth Hero Conference?

Li Tian came to the registration office step by step, glanced at the dumbfounded middle-aged man sitting inside, and asked, "Can I sign up now?"

"When... of course." The middle-aged man came back to his senses, looking at Li Tian in front of him with some curiosity, and cautiously asked: "I don't know what your name is, what about your age?"

"Um... I am Mu Zitian. As for my age, don't you think I can participate in your young hero meeting this time?" When he said this, his tone was already a little uncomfortable. Before, the middle-aged man had just watched Li Tian easily defeated the big man in front of him, and now he can't believe he can win when facing Li Tian.

Looking at his eyes at this time, he didn't dare to ask any more.

I had no choice but to hurriedly nodded: "Okay, I will start registering for you now."

"Be faster. I have more important things to do later. I don't have time to waste here." Li Tian squinted his eyes. This is a lot of satisfaction. Seeing this middle-aged man start to register, he also No hurry, just waiting.

After about a few minutes, the middle-aged man raised his head as if he was relieved: "Okay, it's already registered. This is your entry card."

Li Tian took the sign and took a look. The number on it was number 8.

Only then did he smile with satisfaction: "Thank you."

"No thanks, no thanks, this is what we should do." The middle-aged man saw Li Tian saying thank you, and almost thought that his ears were broken, so he hurriedly responded.

Li Tian didn't continue to say anything, turned around and left slowly in the admiring eyes of everyone.

On the other side, Ningbing was sitting in a corner with a hat on his head, looking curiously at the back of the man who was leaving, and whispered: "His aura has really reached a very terrifying aura. To the point, just using the aura can launch an attack on people."

"Sister, his aura is completely different from the aura of ordinary people. It's like a psychological attack. It can't be defended at all." Mingzhuo nodded frantically. After experiencing Li Tian's aura, she could It is certain that in the entire God Realm, the only person with such an aura may be Li Tian alone, who can turn the aura that he emits into an attack method, even if it is a ***** emperor, few people can do it.

At best, they use their aura to suppress their opponents, but Li Tian can attack opponents.

"Have you never heard of the existence of such a person before? Mu Zitian, it sounds like a very strange name." With Ningbing's hearing, he naturally heard Li Tian's name a long time ago, and now he is very suspicious. Why is a powerful young man who has never heard of it in the God Realm at all? It's like a bamboo shoot after a rain. Suddenly, such a figure pops up and teaches them that they are not comfortable.

Chapter 5400: Warm-up match

"This is indeed the case. We have never heard of such a number one person in the God Realm. Since he came here to participate in the Junior Hero Contest, he must not be very old. Although he looks very vicissitudes of life, he may It's just because of a big beard." Ming Zhuo squinted his eyes, it seems that he still has some resistance to Li Tian in his heart, and he also complained when he spoke.

Ning Bing nodded silently, without saying anything.

But as for the identity of Mu Zitian, he became more and more curious and stood up: "You go back."

"Senior Sister, Master told us to come over to help you deal with the matter. If we go back at this time, Master will hold it accountable at that time, we can't bear this responsibility." The two people looked at the front of the ice and looked calm. He immediately became anxious. They came here to help Ning Bing. If they went back like this, they would definitely be considered because they made a mistake and they would be driven back.

"You can rest assured that you can go back. I will explain from the teacher's door. I want to investigate the identity of this Mu Zili alone. After you follow me, it is still a bit tricky." She took a look. The three worried people came out with a calm smile, and then calmly said: "I will tell them the reason, and the problem will not involve you."

She could see through the three people's worries.

But now it is really necessary to carefully investigate the identity of this Mu Zili. They are ready to participate in the Ten Cities Conference this time, and they must select very powerful people to participate to ensure they can win the championship, at least Don't be the last one as last time.

But the appearance of Mu Zitian is a very dangerous exception for them.

"Senior Sister, this kid looks dangerous. Isn't it a bit irrational for us to rush into contact with such a guy?"

"So what, if we can't investigate the identity of this person in this situation, it is very likely that he will become an exception in the game. This exception may also directly affect the results of our game. I think this situation is Things no one wants to see." Ning Bing said, standing up: "You don't need to follow me, I will arrange the next time by myself."

"Yes!"

On the other side, Li Tian probably didn't know that his mystery also made Ning Bing become interested in him.

At this time, Li Tian had returned to the Yunji Tavern and was lying in his room, quietly thinking about what to do next. Although he has signed up for this young hero meeting, he still has to think about what to do. In order not to reveal his identity in this competition, he is now a wanted criminal in Luoyang City. Once he is known, his identity is the most serious.

But this is another very important game. In this game, even Li Tian can't say that he can easily defeat these opponents without his real strength.

This is obviously impossible to do. Since he will come to participate in this young hero meeting, he must be some opponents who are still able to survive. In the face of these people, Li Tian definitely cannot say that he does not need all his strength. You can deal with it as soon as you go.

‘Damn it, how can I make them forget me completely? If this wanted order is not cancelled, it’s also a problem for me. ’

In the next few days, the registration continued, and Li Tian began to prepare for the next game at this time. First, he went to the Jubao Pavilion in the New Moon City to buy some charms, so that he could also be in the game. Ensure that you can play a more perfect strength.

Just when Li Tian didn't know what to do next, the people from the main city guild came to the door.

Or Dongfang Yuechu personally came up to tell Li Tian, and said with a smile: "It seems that this young hero meeting is more interesting than before. Next, there will be a warm-up match. It is said that this warm-up match is also considered a preliminary The knock-out is for the applicants this time, including those who are not strong enough, to be eliminated, which is also a large-scale elimination."

"It seems that I have never heard of it before. What kind of warm-up match is going to be held?" Li Tian frowned.

"It is true that there is no such rule, but the meaning of this time is completely different from before. After all, Shuiyue's Yundu grass is something that many people can meet but cannot ask for. Therefore, the strength of the people who come to participate in the competition this time They are all uneven. In order to ensure that it can continue according to time, the Lord of the City decided in advance to hold this warm-up match before the game has started." The message was delivered by a young man who heard Li. After Tian's question, he explained in a low voice: "And it is stipulated that anyone who does not participate in this warm-up match will be disqualified."

"It seems that I must participate." Li Tian shrugged, and then squinted at the young man in front of him.

"It is indeed like this. I am only responsible for informing you this time, but what you plan to do is your business." The young man smiled and said, then turned around and left.

Li Tian glanced at Dongfang Yuechu and said, "This is really more and more ideas. What exactly does Fengjie want to do?"

"At present, the candidates for the entire competition are mixed. Maybe he doesn't know the identities of these people now, and he is a little worried, so I need to use this warm-up match to roughly estimate the strength of each person." Looking at Li Tian in front of him, he explained in a low voice, what is the purpose of Sister Feng this time, and they probably know what's going on.

"In that case, the stronger the strength shown in this warm-up match, the easier it is to become a thorn in Feng Jie's eyes. By then, he must be thinking of solving us." Li Tian touched himself. The stubble on the chin then showed a smile: "In that case, I only have to pass this warm-up match. As for the others, it has nothing to do with me."

"Well, this seems to be the best choice. This time there will be a large number of people in the warm-up match. It's probably not a problem to fish in troubled waters." Dongfang Yuechu nodded and said with a smile.
