

A Killer 54

Chapter 54: Fake boyfriend

Only a few strangely dressed men over there, with a few cars parked behind them, looked at Feifei with a pair of cold eyes.

"She's the eldest lady of the Tang family?" He only heard a bald man, touching his head and asking.

A thin man next to him, but wearing a very conspicuous red shirt, nodded and said, "Yeah."

"This chick is so beautiful, I guess the skill on the bed must be good." Na Liao Bin blinked a pair of evil eyes and smirked at Feifei's whole body.

But the thin man next to him said, "She, we can't afford to offend."

"There is no girl in the world that Liao Bin dare not get on." The bald man who claimed to be Liao Bin said with evil eyes.

After Feifei came, I saw a **** tall woman running from the front yelling: "Feifei..."

Feifei blinked and saw the girl who called her: "Su Ke."

Feifei also ran towards the beauty.

That tall beauty, with long waterfall black hair draped over her tender shoulders, her two slender legs are wrapped in tight jeans, her hips and beautiful curves seem to fascinate a person, and her upper body is a piece of A simple tight-fitting T-shirt can hardly cover her chest, the terrible human chest in front of her.

The gully squeezed out deeply does not know how many animals can be enchanted.

She is Tang Feifei's college classmate and best friend, Su Ke.

"Feifei, you finally came out... I haven't seen you for many days." Su Ke complained there.

"It's not because of my dad." Feifei said depressed.

Su Ke smiled, a pair of Danfeng eyes looked at Li Tian behind Feifei at the moment, and she couldn't help but frown slightly.

"Who is this....."

Su Ke asked.

Feifei grabbed Su Ke's hand and secretly attached it to her ear and muttered a few words.

Because the voice was too small, Li Tian who was standing on the side could hear Li Tian, and he touched his nose depressed, but after Su Ke heard Feifei say this, his watery eyes stared again. Li Tian, watched from toe to head.

Feifei smiled and asked Su Ke, "How is it?"

Su Ke shook his head: "I don't know, it's better to make your own mind."

The words of the two reached Li Tian's ears. Li Tian only felt very depressed and could not understand what they were talking about.

"Let's go, we finally came out today, let's go ahead and play."

While talking about Su Ke, he took Feifei to the other side. After taking two bottles of cold beer, he handed it to Li Tian behind him, and the two girls started drinking there.

Standing on the mountainside of this wolf mountain, looking down at the bustling Kyoto city below, there is a unique sight.

Su Ke and Feifei got together, turning their heads and looking at Li Tian from time to time. Li Tian pretended not to see anything, and still stood there by himself.

Just listen to Su Ke whispering to Feifei: "Feifei, did you really decide to let him pretend to be your boyfriend?"

Feifei smiled and said, "Well, what do you think?"

Su Ke paused slightly and said, "I feel a little unreliable."

"Why?" Feifei asked.

"You think, you are the eldest lady of the Tang family, and what about him? It's just a small security guard of your company, how can it be? How can it be a boyfriend and girlfriend? No one believes this." Su Ke Say.

Feifei stubbornly said: "What's wrong with the security guard? The security guard is also a human being. I just fell in love with the security guard and what others can do to me."

"The most important thing is that I want to show the royal family. Even if I marry a security guard, I will not marry the dude in their family." Feifei gritted her teeth.

Su Kekun next to him was useless to persuade Feifei, so she shook her head helplessly.

"Anyway, you can do this for yourself. I can't help you." Su Ke said.

Feifei smiled indifferently, already thinking about everything in her head.

Is it a certain man? It is still unknown what kind of crooked idea Feifei's little head is thinking.

"By the way, the faces of a few people over there are so strange, didn't they just come to Langshan to play?" Feifei said while looking at Liao Bin over there.

It turns out that most of the people here know Feifei, but Feifei is a bit unfamiliar with the few unfamiliar faces sitting in front of a few sports cars parked on one side, and she can't help but ask Su Ke. Say.

Su Ke glanced at it and said, "Actually, I don't know. It seems to be an underground drag racing clan. It's a stranger to join in. I didn't care too much."

Underground drag racing people, people who like to play cars in Kyoto know that all those drag racing people are desperadoes.

They are not the same as Feifei when they play in cars. They do not care about the rules at all. They can do whatever they can to achieve their goals. Therefore, the underground racing clan is a group strictly controlled by Kyoto City.

Unexpectedly, on the Wolf Mountain, there will be several underground drag races today.

While Feifei was talking to Su Ke, she didn't expect that the man named Liao Bin led by the underground drag racing clan had already walked over.

There were 6-7 guys behind him.

"Beauty, dare you run a lap?" Liao Bin, who came up, said to Feifei.

Feifei was talking with Su Ke, but she didn't expect this Liao Bin to come over and run a lap with her. Feifei, who slowly turned her head, didn't even look at the bald Liao Bin.

"It's up to you? Save it." Feifei said lightly.

Then he turned his head and never looked at the bald man again.

Na Liao Bin was insulted as soon as Feifei came up, and his face suddenly became extremely ugly:

"Beauty, don't just say that if you have the ability, let's run around with real swords?"

"What qualifications do you have for me to compare with you?" Tang Feifei glared at that Liao Bin coldly.

Although Liao Bin's face was ugly, he smiled and said, "Ms. Tang didn't dare to compare? Or was it because she couldn't lose? So she didn't dare to run this lap?"

"I dare not compare with you? What are you?" Feifei said angrily.

"Okay! I, Liao Bin, will wait for these words today." The bald Liao Bin laughed.

"Since Miss Tang dares to compare, let's play bigger..." Liao Bin said with a sinister smile.

Su Ke, who was standing next to Feifei, whispered to Feifei, "Feifei, don't compete with these underground drag racers. These people are desperadoes and don't speak any professional rules."

It's a pity that Feifei's stubborn temper has risen, and it doesn't matter who persuades him.

Feifei, who strode past, said to the bald-headed Liao Bin: "Okay, what do you say to bet?"
