

A Killer 5421

Chapter 5421: Show off

Originally, Li Tian was talking to Ning Bing about this time, he didn't want Ning Bing to intervene in this matter.

Ningbing is still in a state of amnesia. There is not much understanding of these things at all. The only thing Li Tian can do at this time is to slowly restore her memory. At that time Even if Li Tian is not needed, she can know why such an enemy suddenly appeared in the God Realm to deal with them.

The original process of two people chatting was very harmonious, and the two people did not have any precautions. After all, it was basically determined that there was no indispensable contradiction between them.

But who knew that at this moment, someone unexpectedly acted on Li Tian.

Li Tian, who was still thinking about how to let Ning Bing know his determination, did not have time to react at all. Seeing this azure blue fairy sword attacking him quickly, his face was An expression of panic and anxiety flashed in an instant, and then subconsciously wanted to retreat.

It's just that this fairy sword was extremely fast, and it hit Li Tian's chest directly.

He was like a kite with a broken line. In this sudden sneak attack, the whole person couldn't react well. When he wanted to fight back, he realized that he was injured.

Opening his mouth, blood slowly flowed out.

Ningbing looked at Li Tian in surprise, and then asked anxiously, "Are you okay?"

"It's not a big problem, it's just a small injury." Li Tian said helplessly. When he was talking to Ning Bing before, he still focused his attention on Ning Bing's body. He was not well prepared for everything that happened around him, so his enemy suddenly shot at this moment, and he had no time to react.

This sudden attack caused Li Tian's body to be injured. Without any protection, just a slight injury was enough to prove that Li Tian's strength was indeed better than many people thought. A lot more powerful.

He slowly got up from the ground, trying to stand up, but the convulsions inside his body caused Li Tian to directly kneel on the ground before he got up again and again.

The blood was dripping on the ground bit by bit, matching the surrounding mess, watching the special occasion.

If someone had just come here, he would definitely think that Li Tian in front of him had gone through a hard battle and finally defeated a powerful enemy, but he was also traumatized by it.

He was a little weak, but his eyes still saw two young people coming by in the distance.

The headed young man wore a blue-and-white robe with an empty sword case behind his back. After this person appeared, his left hand gently squeezed the magic technique, and the fairy sword that attacked Li Tian before slowly arrived. In his sword box.

Only then did Li Tian understand who had attacked him before.

Probably it was the young man in a blue-and-white robe in front of him, but he didn't know the young man in front of him at all, and was completely unfamiliar with her identity. It was certain that the two of them had nothing to lose. Mediated hatred, then what does this guy mean by coming here?

Ning Bing stared at the young man in front of him, "Feng Tianling, what do you mean?"

"Ningbing, this kid is plotting wrong with you. I'm just trying to teach him a little lesson, let him know that not everyone can approach you, if I really want to do it, he is dead now." Feng Tianling looked at the angry expression on Ning Bing's face and was also a little surprised. Ning Bing had never cared about these things before.

But only this time, he actually saw a kind of tension in Ning Bing's eyes.

It was a kind of nervousness about Li Tian's injuries. Ning Bing knew how powerful Feng Tianling was in front of him, so he also knew what kind of damage this guy's offense might cause Li Tian, of course he was very worried at this time. Up.

"You can rest assured, I have kept my hand when I shoot again, just to teach him a little lesson, but I didn't expect to take his life." Feng Tianling saw Ning Bing's nervous look, and his heart was uneasy. There was a little bit of anger, and the woman in front of him was like a goddess aloft in his mind, and she usually didn't dare to make this goddess a little bit wronged easily.

After hearing Feng Tianxiang's explanation, Ningbing seemed to relax a lot. He walked to Li Tian's side and lifted him up from the ground in three steps and two steps: "Do you feel better in your body?"

"It's already healed a lot, but it's just a few minor injuries. Give me a little time to recover slowly." Li Tian glanced at the Ningbing beside him, although she could see it in her eyes. Worry is far less than before, but it is actually a very good thing to be able to make such a move when Ningbing has amnesia. He originally thought that this woman might take a long time to really remember the previous things. Come.

It is not a simple matter to retrieve previous memories, and this process requires not only the cooperation of both parties, but also luck.

Feng Tianling originally ran here to determine if Ningbing was harmed this time. At this time, seeing Li Tian and Ningbing being so intimate, he didn't feel angry in his heart, and said sarcastically, "If it is so easy. If you do, it's fine, but this trick of mine contains my celestial energy. Without my help, no one can get rid of it."

Li Tian glanced at Feng Tianling, but he didn't show any embarrassment. Although Feng Tianling hurt him seriously this time, it was not such a serious problem for Li Tian.

His body is recovering little by little at this time, and it has improved a lot compared to before.

As for the so-called immortal power Feng Tianling said, it did not play a key role in his body. It was easily neutralized by Li Tian's immortal power, so Li at this time God, in fact, it is indeed much better than before.

But I still couldn't swallow this breath. I was suddenly attacked by these two idiot boys. If I could observe carefully before, this kind of thing would not happen.

Li Tian thought with great regret.

Chapter 5422: Unreasonable

"Big brother, it seems that Master Ningbing doesn't need us to be passionate here at all. The two people have joined forces here and have killed their enemies. We are already late." Feng Tianxiang is here. At that time, he sneered and smiled, his eyes fell on Li Tian, looking at Li Tian in front of him very badly, as if waiting for something.

And Li Tian, at this time, also looked at Feng Tianxiang in front of him seriously.

This guy was wearing a purple robe and carrying a broad fairy sword behind him. His strength was not very weak, but Feng Tianling, who was before the comparator, was definitely inferior.

These two people suddenly appeared here, whether it was Li Tian or Ning Bing beside him, it was a little accident, and they did not expect them to appear suddenly here.

At this time, Li Tian smiled and said, "It seems that I and you have no grievances that cannot be reconciled. If you want to remind me, you can attack me by speaking and using magic. It is shameful. Right?"

"Shameful? We never think that there is anything shameful about our appearance." Feng Tianling glanced at Li Tian, sneered, and said disdainfully: "Looking at your appearance, you should be a very ordinary person on the street. It's just a fairy, but our identities are so different from yours. It's already your honor to let you see us here. Do you want me to talk to you? It's ridiculous."

Li Tian looked at Feng Tianling who was arrogant and didn't know how to describe the situation in front of him.

But fortunately, he had already controlled all his mentality at this time. Even though Feng Tianling's remarks were a bit hurtful and made him very angry, he still had no choice what to do with Feng Tianling in front of him.

"Hey, you kid is still very smart. It seems that he knows what his status is. A fairy like you is just a ridiculous existence in front of us and my big brother. We are willing to You should be happy if you do it. Maybe when we do it, we also helped you improve your combat effectiveness."

Feng Tianxiang laughed heartily as he spoke, as if there was something funny in this matter.

But Ning Bing couldn't laugh, nor could Li Tian.

"Feng Tianling, Feng Tianxiang, what is the purpose of the two of you here? My relationship with Mu Zitian has always been very good. This time, it was his help to enable me to face this enemy. What do you mean when you succeed in winning at the time?" Ning Bing knew that he had to stand up at this time, and it was definitely impossible for Li Tian by his side to reveal his identity and strength. Come to solve this matter.

If it were in normal times, Ning Bing's character would definitely be unwilling to intervene in such things.

But today is a little exception. Seeing Li Tian being said to be so unbearable in their mouths, this eldest lady is also very angry. She is very clear about Li Tian's strength. The rumors in Luoyang City before, She still didn't want to believe it.

But now, this attitude has completely changed.

It's because Li Tian's strength and fighting qualities in the previous battle with Fang Jie were very good. It's hard to tell that this is like a young man who has just learned the fighting method, but it looks like a personal experience. Like Baizhan's existence, his strength was exceptionally strong, and he could persist in blocking Fang Jie's attack for so long without his own help.

If it weren't for Li Tian, Ningbing might have died now.

So she stood up and wanted to help Li Tian speak.

Originally, Feng Tianling and Feng Tianxiang were not in a very good mood today. They came here to make sure that their goddess was not injured at this time, but who knew that they just hurt a loose fairy, but made Ning Bing excited. This look, you know she has never looked like this before.

"Master Ningbing, you have never looked like this before. I really want to know, what is the reason for this time?" Feng Tianxiang sneered, looking at Li Tian while looking at Ningbing in front of him. , Asked in a very serious tone: "The two of us ran all the way over because of some troubles in the ancient world. We came here to worry about your comfort, but Ning Bing Da The attitude of Sister Sister really disappointed the two of us brothers."

Ningbing looked at the two people in front of him indifferently, smiled slightly, and said: "You two can still think about my safety at this time. I am very grateful, but Mu Zitian is a good friend of mine. You do this. , Of course I will be upset."

"So, in your opinion, we are not even as good as a Sanxian? For a Sanxian, you are even willing to turn your face with us?" After Feng Tianling listened, a faint sneer appeared at the corner of his mouth, looking very serious. Looking at the Ningbing in front of him, he asked, "If it's like this, it really makes us very unhappy. Can we two compare with such a loose fairy?"

"Feng Tianling, you are willing to compare yourself to a superior existence. That is your own business, but there has never been such a change in thinking here. Mu Zitian is my friend, and I will never allow my friend. Be hurt." Ning Bing said seriously.

Li Tian coughed at this time: "Master Ningbing, I feel that my body has improved a lot now, there is no problem."

"Mu Zitian, you..."

"They are all the young masters of Lord City Lord. A small person like me can't afford to provoke them. If they don't cause trouble, it's better not to cause trouble." Li Tian said in a low voice. Of course, these words cannot be heard by Feng Tianling. To.

Ning Bing looked at Li Tian. After knowing the identity of the young man in front of her, she would not believe that Li Tian was afraid of the two people in front of her. The city lord of Luoyang city and the city lord master, now the grave head grass is nearly two feet high. .

The reason Li Tian looks like this is because he doesn't want himself to be particularly prominent in this game.

Ningbing Bingxue is smart. With the strength of Li Tian, it is not very difficult for people who want to get the top rankings in this warm-up match. The reason for this is that he still wants to make his identity mysterious at this time. Get up, wait until the last juncture to show your true strength, and then many people will be amazed.

Chapter 5423: Mystery

"Okay, you two should stop messing around here." At this moment, a dull voice rang, and behind Feng Tianling and Feng Tianxiang, another man appeared.

After seeing this man, even Ning Bing had to show a very respectful expression.

"Unexpectedly, Lord City Lord would also come in person."

"If something like this has happened, if I don't hurry up here to see what's going on, wouldn't I be too sorry for my own identity?" Feng Jie glanced at the Ningbing in front of him, and then he Looking at Li Tian, he just nodded indifferently. He was still very interested in this young man before, so Feng Tianling was asked to test Li Tian before.

I thought that if this young man was really hiding his strength, he would definitely react a little.

But who would have thought that Li Tian didn't react at all after that, and after this incident, the expression on Li Tian's face hadn't changed at all, even when facing Feng Tianling, he didn't even think about it. Take care of this matter.

This made him think that the young man in front of him might not be as perfect as he imagined at this level of strength.

"We don't know what happened here."

"After I felt the connection between the ancient world and me was disconnected, I sent someone over to investigate what happened in the ancient world at the first time, but it seems that there is no problem elsewhere. There has been a battle here, and it seems to be the most tragic battle. Can you tell me what happened in the process?" Feng Jie looked at the Ningbing in front of him. He was still wondering what happened before, but look. By this scene, I probably knew something.

"I don't know. The two of them suddenly jumped out, as if they had a deep hatred with me and wanted to kill me." Ning Bing glanced at Feng Jie, and then set his gaze on the ground in a mess: "If it weren't for Mu Zitian's help at this time and work with me to deal with this enemy, maybe both of us are dead now."

Li Tian knew that it was time to speak for himself, so he told the Lord City Lord in front of him everything that had happened before.

Through previous observations, it can be confirmed that Feng Jie in front of him does not have much meaning to doubt Li Tian's identity at this time. After all, Li Tian's performance is still very dull, and it seems that there is really no strong strength. , Even with a very common trick like Feng Tianling, Li Tian didn't dodge at all, which made Feng Jie more certain that the young man's performance before might really be just luck.

At this time, Feng Tianling looked at Li Tian with a look of disdain. After Feng Jie made such a request before, he was very upset, and did not believe that the young man in front of him needed their attention.

But now that he saw the relationship between Li Tian and Ning Bing so good, his whole person also began to become unhappy.

He also wanted to get a better relationship with Ning Bing before, but it had nothing to do with him. The current relationship between him and Ning Bing was only between Feng Jie's.

If you talk about personal relationships, there is no point at all.

Looking at Ning Bing and Li Tian in front of him, Feng Tianling became more and more annoyed.

But at this time, Feng Tianxiang saw the anger in his elder brother's eyes, so he set his gaze on Li Tian, as if thinking of something at this moment.

After hearing what Li Tian said, Feng Jie frowned and said seriously: "It seems that this matter is aimed at the grievances between you."

"But I think it doesn't seem to be that simple thing at all. If it's just the conflict between Fan Hong and Sister Ningbing, then it won't become what it is now." Li Tian squinted his eyes and looked at Feng Jie in front of him. Said: "I feel that this matter must be controlled by someone secretly. This Fang Jie's strength is not at the realm of spiritual cultivation at all, and if it is only a contradiction with Master Ningbing, they are also It's impossible to run into the ancient world to make trouble, isn't it? Do they think they can leave here alive after killing Master Ningbing?",

Feng Jie smiled slightly. Li Tian did say something reasonable: "You do have some truth, but how can you not believe that their purpose is just to be here and die with Ningbing?"

"If that's the idea, they won't do anything here. There will be more ways and more opportunities." Li Tian smiled.

"What kind of thing are you? It's just a small fairy, and you are still saying such a thing here without shame. I really don't know that the sky is high and the earth is thick." At this time, Feng Tianxiang finally couldn't help but speak. Looking at Li Tian, his face was disdainful.

And Ning Bing looked at him, sneered, and said, "My Lord City Lord, I think so too. Although Fan Hong is indeed a little crazy when doing some things, I also believe that this woman is far from that crazy. Since she dared to do such a thing here, she must have made a lot of preparations, otherwise it would be impossible to rush in like this."

"According to your statement, you also think this kid's idea is correct. Their purpose here is really to kill you, and behind her, there is a man behind her?"

"It's ridiculous, it's nonsense. What is this place? This is the ancient world. I don't believe anyone will count all the things in this warm-up match. If this man behind the scenes can really count. When it comes to such a thing, it is really terrifying." Feng Tianxiang also stood aside and snorted coldly, indicating that he did not want to believe such an answer.

Li Tian squinted his eyes and glanced at Feng Tianxiang, without saying anything.

And Feng Jie was still thinking at this time.

If only Li Tian had said such a thing, he might not believe it very much, but now that Ning Bing had already said it, then he had to believe that this matter might be similar to what she had imagined. of.

These two people did something like this in the ancient world. It was indeed a bit crazy, but they couldn't really say that they had guessed what these people really thought.

Chapter 5424: Win

Feng Jie thought for a long time, then turned his gaze on Feng Tianxiang and Feng Tianling behind him, and snorted coldly, "Okay, this matter will end here. If there is really something behind this matter If someone is secretly manipulating them, I will find a way to find them. After all, there are very few people who dare to fight our New Moon City right, and even the Water Moon Sect is not in the eyes."

"It's really like this. I dare to do something here without putting our Shuiyue Sect and New Moon City in my eyes. I can't believe that Fan Hong will make such a decision. She is just a weak woman, even before me. Ningbing's hatred is deep, and it's absolutely impossible to make such a decision. It's probably the black hand behind her that prompted her to look like this." Ning Bing still hopes that Feng Jie in front of them can help them pull the black hand behind the scenes. Come out so that they will be much more convenient when dealing with many problems later.

Feng Jie glanced at Ningbing and then at Li Tian: "I know about this, but unfortunately we don't have any evidence in our hands. We will investigate Fang Jie and Fan Hong, but Since the black hands behind the scenes have calculated all these things, it is impossible to leave us a little bit of trouble. If there is any news, I will notify you as soon as possible."

When such a terrible thing happened in the ancient world, many people did feel the terrifying aura of Li Tian and Fang Jie fighting before.

But for them, these terrifying energy fields are far away from them, even if they want to figure out what happened inside, many people don't even know what's going on in the ancient world. The change, let alone know, the Lord of the New Moon City would actually run into the ancient world himself, if they knew about it, he didn't know how he would feel.

At this time, although Feng Jie believed a little too.

But they have not been able to find a very effective way. Since these people dare to do such a thing under their noses, if they are not sure about it, they will definitely not make such a big shot.

It is impossible to find them.

"However, many people do not know about these things that happened in the ancient world, so I also hope that you can keep this matter secret. This time the warm-up match will continue. Both of you have achieved good results. Maybe you will win soon." Feng Jie glanced at Li Tian, then nodded, and said, "But you, I also noticed you before. I thought you were hiding your strength, but it seems Your luck is very good. Since you are Ningbing's friend, then go ahead and work hard. I look forward to your performance in the Youth Hero Conference."

After saying these words, Feng Jie didn't seem to be interested in staying here anymore, and left with Feng Tianling and Feng Tianxiang.

When Feng Tianxiang was leaving, he suddenly walked to Li Tian's side, sneered, and said in a very cold voice: "Boy, the matter between you and us has only just begun now, I hope you are a very fun toy. , Then, you will realize how good I am as a person."

After Li Tian listened, he didn't say anything, as if he had been frightened.

Feng Tianxiang sneered after seeing this guy's current expression, then turned and left.

"What did Feng Tianxiang tell you?"

"It seems that the words of confidante and trouble water are really not joking. My relationship with you may be too close. Both of them are dissatisfied with this, so they almost regard me as Let's stop their love rivals. In this way, it is understandable that they want to kill me." Li Tian shrugged helplessly, just as the two of them said before, they are noble immortals, and Li Tian is just a Sanxian, and although there are many rules in the God Realm, Sanxian still has no human rights compared with people like them.

"These two idiots, besides being able to do such things, they don't know what they can do." Ning Bing snorted after hearing this. She didn't take it to heart. Even dealing with Li Tian on her own might cost her. A lot of energy, and I don't know if I am Li Tian's opponent, let alone Feng Tianling and Feng Tianxiang. The strength of these two people is indeed good, but compared with Li Tian, it is still far behind.

"In the next few days, I may have to behave more normally. I was worried that Fengjie was paying attention to me secretly. Now it seems like this is true. Fortunately, my previous performance was very strange. It's like luck." When Li Tian heard what Feng Jie said, his whole body broke out in a cold sweat, almost thinking that he was going to be exposed.

It wasn't until she heard the next sentence that she finally breathed a sigh of relief.

Sure enough, his choice was not wrong. From the very beginning, he made himself seem to complete every task like good luck. Even Feng Jie doubted how such a young man could have such good luck, but it was true. I can't investigate anything.

"The previous offense should have been a temptation for you. Did you prepare it in advance, so you didn't fight back on purpose?"

"Of course I didn't have any defenses, otherwise I would fight back a long time ago. When I talked to you before, I didn't have any defenses, so I was taken advantage of by them. But this is a blessing in disguise." Li Tian Said while smiling.

Ningbing looked at him, but didn't know what to say.

In the next half day, the two people began to frantically search the entire ancient world, and they found all the scattered immortals who had hidden.

Then one by one the participating signs fell into their hands.

In just half a day, they were directly teleported to the outside of the ancient world. When this scene appeared, the two of them knew that they had successfully passed this warm-up match.

At the same time, the competition that also represents the Junior Heroes Convention is getting closer and closer to them.

Li Tian can finally breathe a sigh of relief at this time, but in the following competitions, he still has to continue to carry forward his 'good luck' spirit so that Feng Jie can't doubt his identity.

When it comes to the finals, show your true level, and even Feng Jie will have nothing to say then.

Chapter 5425: despise

Li Tian followed behind Ningbing, and the results of the two of them in this warm-up match were pretty good.

With the help of Ningbing, it's not even a problem to find the hidden immortals. The two of them seem to be proficient in astronomy and geography, and easily find the hidden immortals. After they came out, even if they buried themselves perfectly, they still couldn't escape their eyes. After failure, many people remembered these nightmare names.

Ningbing grabbed three hundred contest cards directly from these people.

The number of Li Tian is not very high. In order to restrain his performance in this competition, he consciously makes himself look like a very ordinary existence. Even Fengjie, at the beginning, simply doubted Li Tian. In the end, he gave up the idea of doubting this young man, which made Li Tian feel a lot more comfortable, and finally he didn't need to worry about being a dangerous existence in his heart.

With the things in Luoyang City before, Li Tian is almost like a frightened bird.

After coming out of the ancient world, many of the eliminated ones did not actually leave. Many of them were finally satisfied. The main purpose of coming here this time is to see, the rumored Shuiyue How powerful is the master sister Ning Bing of Zong, and how beautiful she is, so beautiful that she can conquer so many people, running all the way over just to take a look at her?

Many people can finally have a clearer understanding, Ningbing is indeed more beautiful than they thought, just like a fairy.

As for strength, it is definitely unattainable for many people.

They had thought that their abilities were in front of Ningbing, or there was still some power to contend with, but after the real face-to-face battle with Ningbing, they realized that they were the rumored frog at the bottom of the well and this woman The gap between the two is not a one-and-a-half gap.

As for Li Tian, although he successfully passed the test, he didn't get the respect of many people.

Although he also got a hundred or so entry orders, in the hearts of many people, Li Tian and the brain in front of him have naturally become a man who can achieve this achievement by relying on Ningbing times. In so many battles, Li Tian's combat literacy was not as strong as they imagined. It is understandable that these people would think this way.

If Li Tian could perform better, they would definitely not have such thoughts.

When Li Tian and Ningbing came out of the ancient world, many people's eyes focused on Li Tian at this time. Most people admired Li Tian very much. This guy is not strong, but he After passing this warm-up match directly by Ningbing's side, they will be very unbalanced in their hearts, and they will start to question themselves from their own heart, why they have no such luck?

Among the main city guilds of Nuovo, many losers can be seen at this time.

Of course, there are also some people who left the main city guild directly after leaving the ancient world. They came here for the purpose of crossing the grass. Nowadays, even a simple warm-up match cannot be passed. Thinking of the future Youth Heroes Convention They had already given up on the difficulty of going up here, and fools knew how much they would have to pay if they wanted to win the final victory.

Instead of watching others move towards the championship step by step, and being jealous that others can get Yundu Grass, it is better to just leave here.

But there are some people who, although they have already lost, have a special mentality and want to see who will be the ultimate winner in this competition.

And Li Tian, being able to pass this warm-up match by chance, has also become a matter of extreme dissatisfaction in the hearts of many people.

But they didn't say much about this matter, they just sneered, looking at Li Tian, and at the same time whispered about the means by which the young man was able to stand in his current position.

In the main city guild, facing the crowds, Li Tian behaved very calmly, even though many people's ridicule appeared in his ears, he still looked on deaf ears.

"These people all think that you are by my side to get the results you have now, and they all think that it was me who got so many tokens. Don't you want to explain to them? It must be uncomfortable for many people to despise, right?" Ning Bing didn't know that when his character was following Li Tian's side, she changed subtly. Of course, this change was only for Li Tian.

Only when facing the man in front of him would Ning Bing make such a change.

I always find that my mood improves a lot when facing Li Tian. When facing other people before, I was very indifferent every time, and I didn't even want to talk to them.

The only difference is when facing Li Tian.

She didn't know this, and even if she knew it, she would definitely not believe that she would have established such a trusting relationship with a stranger in such a short period of time.

"They don't have a very good friendship with me, and I have never known them. Even if they look down on me, they just look down on me. I haven't thought about proving anything." Li Tian just smiled faintly. , Very calmly said: "If I can't stand such a thing, can I still be me?"

"Hehe, I thought you have a very strong vanity like other men. The thing you men want to do most at this time is to prove yourself?" Ning Bing smiled and looked at Li Tian in front of him, serious Said: "If it was Feng Tianling or Feng Tianxiang, the two of them would definitely stand up at this time and seriously injured one or two of the people who spoke, so that these idiots could completely shut their mouths. "

"If it were me, I would be very happy for them to say this to me. This will only make my enemies look down on me and make it easier for me to win in the subsequent battles." Li Tian is not happy for this to happen. , The whole world is underestimating himself, for him it is simply a happy thing.

Chapter 5426: Threat

"What is your goal this time?"

"The goal at the beginning was just to get close to you. After knowing that you have completely amnesia and can no longer remember our previous events, I almost lost all my hope in this world, because in my opinion You are everything to me. If I lose you, I don't need to continue to live in this world. Fortunately, I didn't give up like this. Even though I know that this process may be very long, I still have to work hard to help. You jot down your memories." Li Tian looked at the Ningbing before him seriously.

And Ning Bing just smiled faintly at this time: "Although what you said is very emotional, I can't just believe you in this simple way. I think you know what the reason is."

"Of course, in any case, it seems to you that the two of us are like strangers we met for the first time. Now that I can stand by your side so close is not easy for me. For you, maybe you have never let a man get close to you like this." Li Tian smiled and looked at Ningbing in front of him, and missed the time when the two of them were together.

At this time, many people were observing the two of them, so Ningbing slowly became indifferent at this time, freezing his expression.

"You have to know that you still have a long way to go. Although I don't know why I am amnesia, I know that it is not that simple to make me remember everything. I hope you can stick to it, because I also really want to know my past history." Ning Bing has always had a serious expression on his face at this time, not knowing what he was thinking about.

Li Tian set a goal for himself in his heart. No matter what happens afterwards, he must work very hard to help Ning Bing remember all the memories he lost in his mind.

He believed that as long as he worked hard, Ningbing would definitely change.

As time passed by, an acquaintance appeared in front of the two of them.

Feng Tianxiang didn't know when he would appear in front of them. At this moment, he stood in front of Li Tian and said with a smile: "It seems that you Sanxian don't remember what kind of treatment you have encountered before."

"Now we are all in the New Moon City. Your Excellency, as the young master of the New Moon City, attaches such importance to a scattered fairy like me. It will inevitably make others feel very strange if I encounter any danger here. , They will attribute this problem to you as soon as possible." When Li Tian stood here, his confidence was much stronger than before: "Although my strength is not very strong, I am very smart. Know how to use the power of others to accomplish your goals."

Seeing Li Tian's serious appearance, Ning Bing next to him also smiled softly.

Feng Tianxiang frowned and snorted coldly: "It seems that now you completely think that you have the upper hand in this competition. Looking at the expression on your face, you don't put me in your eyes at all. Up."

"Since I know that my current strength can counter you, why should I put you in my eyes? Now I only need to complete my own task. What can you do to me?" Li Tian sneered. He shook his head and said, "Although you are the Young Master of New Moon City, you are also subject to a lot of restrictions. Now many people are looking at this side. Do you dare to take action against me?"

Feng Tianxiang clenched his fist. Originally, he wanted to come over to remind Li Tian that this kid was a Sanxian, but he didn't have the consciousness of Sanxian at all, and his relationship with Ningbing had always been so close.

He and Feng Tianling used many methods to get close to Ningbing, but they all failed.

This woman is like an exception to them. When dealing with other women, their methods can be easily and successfully, only when facing Ningbing, they have this Very strong sense of frustration, when I was dealing with Ningbing, I actually felt that I had a sense of helplessness in this matter.

This made Feng Tianling and Feng Tianxiang feel very incredible.

But when they saw that Li Tian could be so close to Ningbing, the feeling in their hearts became even stronger.

Since it was something they couldn't get, of course they didn't want others to get it easily. After Li Tian and Ningbing came out of the ancient world before, the two of them have been looking here and saw Ningbing and Li. Tian was talking and laughing, Feng Tianxiang finally couldn't bear it anymore and ran over.

He and Feng Tianling have different personalities, so they are straightforward. Since it is something he doesn't want to see, of course he will not be sloppy.

Just tell Li Tian to stay away from Ningbing.

I thought that his threat might make Li Tian see his identity clearly, and then leave Ningbing obediently, but who would have thought that this guy would be like an idiot who would choose to oppose him at this time.

"It seems that you don't know what it means to live and die. I really can't do anything to you now, but it doesn't mean I don't have this opportunity."

"As the young master of the New Moon City, while enjoying all the privileges, of course, there are also many restrictions. I believe that many people will see you two killing me, so that they can embarrass them grandiosely. Your father, when you say these things here, I think you should also know what the consequences will be if you really do something to me." When Li Tian was in the ancient world, but Feng Tianling Hefeng Tianxiang started.

If the two of them really wanted to kill Li Tian, then Li Tian could only reveal his identity.

But now he won't be so worried. You know how many people in this city have been watching Feng Jie. As long as Feng Jie has a little difference in handling things, they will quickly jump out of the embarrassment. Fengjie.

This is human nature. As the lord of the city, Feng Jie is also the object of many people's jealousy.

It is precisely because of knowing this that although Feng Tianling and Feng Tianxiang are arrogant and domineering in New Moon City, they dare not really have any life problems, and they will not take the initiative to provoke some things. They know very well. What are the consequences of this.

In order to ensure their own interests, of course they would choose to cooperate honestly with Feng Jie to manage the current Crescent City.

Chapter 5427: Take advantage of

But now, Feng Tianxiang really feels that some of his emotions are about to get out of control. Looking at the very serious expression on the man in front of him, he feels like he has been insulted.

However, he still has to insist on forcibly, and can't let himself reveal a little bit of flaws here.

He has always reminded himself that many people around are watching. If he inexplicably deal with Li Tian here, then these people around will soon tell the **** emperor about this, for the sake of the peace of the entire **** world. , The **** emperor definitely didn't want this to happen, the next thing, of course, was to question Feng Jie about what happened.

As for Feng Jie, although he wanted to protect the two of them, if he wanted to keep his identity as Lord City Lord, he would definitely handle this matter honestly.

At that time, neither Feng Tianling nor Feng Tianxiang would avoid being affected.

This is what Li Tian leaned on. When the Sanxian was in the ancient world, he didn't dare to be so horizontal with the two of them, but now he dared to say such a thing to himself here, which made Feng Tianxiang Very upset.

He is the son of Lord City Lord of the dignified Crescent City, and he doesn't know how many times his status or status is than Li Tian in front of him.

At this time, being underestimated by Li Tian, of course, could not bear it.

"If it weren't for so many people around, you might have a corpse now, but you have to say that you, a kid, are still smarter in handling things. You have also spotted me and dare not do anything here, so Will you say so sternly?" Feng Tianxiang squinted at Li Tian. At this time, he really felt a very weak feeling. The man in front of him was very smart.

When dealing with smart people, you will always find that many methods are actually difficult to use at this time.

For example, now, he can kill Li Tian directly, even if Ningbing is blocking here, Feng Tianxiang believes that he can defeat Li Tian, at least let this kid suffer a bit.

But if he does this, he cannot bear the consequences.

"I live in Yunji tavern. I think the young master knows the capabilities of this tavern very well. You will definitely not choose to start with me in such a place, from time to time?" Li Tian showed a very shameless smile. , Seems to want to use this method to irritate Feng Tianxiang in front of him, so that he can reap the benefits of the fisherman, so he will continue to provoke at this time.

Feng Tianxiang has been forcibly suppressing his anger all the time.

If Feng Tianling is a brave and strategic guy, then Feng Tianxiang in front of him is completely a courageous young man, full of energy, but in terms of strategy, it is impossible to be Li Tian's opponent. .

And in terms of eloquence, he is not Li Tian's opponent at all.

At this time, when Li Tian said this, he couldn't find the slightest chance to refute it. From this, it can be seen that in fact, he was far no better than Li Tian in dealing with these things.

If Feng Tianling stood here, perhaps he could handle it better.

Thousands of pairs of eyes are looking at Feng Tianxiang at this moment. The youngest son of the famous City Lord Lord is confronting Li Tian at this time. Everyone knows that these two people are like active volcanoes, and they may erupt all at once. There was a blazing flame, but no one chose what to do at this time. They knew very well that with their strength and level, they did not intervene in this matter at all.

The only thing that can be done is to watch silently here to see if the youngest son of the so-called Lord City Lord will take action against Li Tian.

"Feng Tianxiang, since you are already well aware of your current situation, I would advise you, don't keep going like this, it will only embarrass you, without any benefit." Ning Bing took a step forward. At this time, the immortal power in the body slowly surging, and an enchantment was slowly formed around it, but this enchantment was very weak, but their voices were completely weakened at this time.

"Master Ningbing, you may have been reluctant to be so close to a man, but I am curious, why the man in front of you can be favored by you, but the two of us, but not?"

"This matter has nothing to do with the identities of the two of you. It's just because you two are very unpleasant." Ning Bing also looked at Feng Tianxiang in front of him with seriousness, and never thought of giving it to the city lord in front of him. The little son's face is a little bit sharp, and his words are sharp, even at this moment Li Tian is about to laugh.

He really felt that Feng Tianxiang in front of him was really unlucky. He wanted to come to him and give himself a warning.

Keep yourself away from Ningbing.

But when he came here, he realized that he really had no way to take the Li Tian in front of him. Now Li Tian has become a contestant in the Junior Heroes Conference. No matter what, neither of them is possible. Fight here.

Coupled with the sensitivity of their identities, what Feng Tianxiang can do when standing here is that he is insulted by Li Tian, and beyond that, nothing can be done.

Looking at Li Tian with a smile in front of him, Feng Tianxiang really wanted to beat the man in front of him fiercely.

Perhaps only in this way will the anger in his body be vented.

"I have already set up a barrier around me, no one will know what we are talking about, but if you really understand what you are doing, I advise you to leave here immediately instead of humiliating yourself." Ning Bing looked at it. Feng Tianxiang still didn't say anything, and his face became difficult to look: "Otherwise, I can only use the methods of Shuiyuezhong to deal with this matter."

"Hehe, I really didn't expect that the former Shuiyuezhong Ningbing, who was not close to male, would now tear our skin for a man. If the eldest brother knew about this, he would be chilled. He has been I respect you very much, but you repeatedly do things that disappoint us. Maybe I can't do anything at this time, but it doesn't mean I can't do anything." Feng Tianxiang snorted coldly, finally Unable to bear the anger in his stomach, he looked at Li Tian and said, "Don't meet me on the ring, otherwise I will let you know that your opponent will be an extremely powerful and terrifying existence."

Chapter 5428: Fearless

"Of course, if the young master is willing to do this, of course I have nothing to say." Li Tian shrugged and looked at Feng Tianxiang in front of him with a smile: "I thought you were a man. At this time, you should be straightforward. Do it, kill me directly, so that you can show your identity as the young master, but you actually chose to move your lips, but you just let me down."

"Hehe, do you really think I will be an idiot? Since I know what my identity is, of course I also know the consequences of working with you here. This is not what you want to see Is it? If I do

what you said, then it can only prove that I am just an idiot, but obviously this will not happen." Feng Tianxiang sneered.

Li Tian looked at the guy in front of him, shook his head with a smile, and sighed softly: "It seems that the young master is a little smarter than I thought. I have heard people say that the youngest son of City Lord Fengjie, In fact, he is just a brave and impulsive brat. I thought this way before, but today I think I might have to change this idea, because the young master does have some ideas."

Ning Bing glanced at Li Tian, and said solemnly, "Well, the identities of the two of you are now very special. If there is any problem, you will go directly to the ring to solve it. This time the Young Heroes Conference is more than just Your New Moon City hosted, even our Shuiyue Sect has contributed our own strength here, so I hope you know what you are doing and don't cause us trouble."

"Don't worry, I won't choose to start with this idiot here, but I will let this idiot know what is going to end up offending me." Feng Tianxiang glanced at it and hummed: "I hope not to be in the ring of the game. See me above, or I won't make you feel better."

He also knew that there was no point in staying here, and the kid in front of him was much better than his eloquence, and the two of them would not make any sense at all here.

It can only make Feng Tianxiang more angry, but it's just like this. What can Feng Tianxiang do with Li Tian in front of him?

You can only attack Li Tian on the ring. If you do it here, it will really cause endless trouble. Who can bear this problem then?

Li Tian watched Feng Tianxiang leave, smiled and shook his head: "I didn't anger this guy."

"That's how you want Fengtianxiang opponents?"

"Whether it is Feng Tianling or Feng Tianxiang, whether I want to admit it or not, the two of them may be a tricky opponent for me at this young hero meeting. Since Feng Jie will arrange for them both Coming to participate in this young hero meeting must have given them some magic weapons. I don't want to meet them and individuals one after another during the competition." Li Tian glanced at the Ningbing beside him and said very seriously. To: "So before the game has started, if I can let one of them lose the qualification for this competition, then I will probably be able to face them a lot easier."

"You are really very cunning. I really didn't expect you to have such an idea in your mind. Before, I just thought that you might be pretending to be B, but now I know that you are. Want Feng Tianxiang to lose the qualification this time?"

"Of course, do you think that when you have my mentality, do you still take this so-called face to your heart? I just want to clean up all the enemies that stand in front of me, whether I want to admit it or not. I am willing to admit that Feng Tianxiang in front of me must still be dealt with. Since I have to deal with it sooner or later, it is better to prepare earlier." Li Tian said with a smile.

Many people around were all looking disappointed at these things happening in front of them. They thought that these two people might be about to hit the earth with Mars, and some very tragic battle took place.

But now it seems that their idea is completely wrong.

There was no battle between Li Tian and Feng Tianxiang. The two of them seemed to have never happened before, one of them dashed around and left, and the remaining one continued to talk and laugh with Ning Bing.

Unexpectedly, someone raised a question in their minds, what kind of existence this Mu Zitian is, why can he be so close to Ningbing, why even the youngest son of Lord City Lord can't deal with this young man?

These various questions appeared in their minds, but they could not find an excuse.

Perhaps, the young man in front of him is really powerful, he is fearless at all.

On the other side, Feng Tianxiang came back angrily.

Feng Tianling was sitting in one of the seats drinking tea. After seeing him, he only asked indifferently: "You can't deal with him?"

"Sure enough, this kid is the same as the eldest brother. Although his strength is not very good, his head is very bright. He knows when to show what kind of state. I was humiliated by this kid. He knew that I was not Dare to attack him here." Until now, Feng Tianxiang has not been able to stabilize his emotions. He has been humiliated by a Sanxian who is more trash than you. Who can bear it?

But Feng Tianling smiled, looking at the furious younger brother in front of him, and said: "I have told you before. This kid is much more difficult to deal with than we thought. You can Putting my mind elsewhere, why should I care so much about such a guy? Although my father was worried that this kid would be a dark horse before, we have determined that he is not dangerous."

"Big brother, even though it is said that, but we really have to watch this kid so close to Ningbing in front of us? You know that even we have never done this before. "He looked at Feng Tianling in front of him and said helplessly.

Feng Tianling smiled and shook his head: "Can you find any better way now? What else can we do besides watching silently?"

"Damn, I must let this kid know the consequences of offending us, don't let me take the opportunity." Feng Tianxiang clenched his fist and said angrily.

Chapter 5429: secret

Feng Tianling squinted his eyes and looked at Li Tian who was still chatting with Ning Bing in the distance. The relationship between these two people was a little different from what they had imagined. He originally thought that a woman like Ning Bing would never be able to be with any man in this life. The relationship is very close, but this time it was a surprise to them.

With a faint smile on the corner of his mouth, he looked at Feng Tianxiang who was still angry in front of him, and said, "Now it's meaningless for the two of us to be angry all the time. Li Tian's current identity is not easy for us, unless you can find some. Killer, but the time has to be found."

"This kid is very smart. He lives in Yunji Tavern. It is true that if we want to do it, it is not as easy as imagined. But I am very patient. I must be able to grab the opportunity." Feng Tianxiang snorted coldly and squinted his eyes. Looking at Li Tian in the distance, although there is nothing to do with this guy now, he will definitely catch the opportunity later.

Now Li Tian is just very smart, and has always allowed himself to stay in the Yunji Tavern, so even if they want to do something against Li Tian, it is far from simple.

Even if the two of them are the sons of Lord City Lord, the people behind the gathering tavern are still more powerful.

"Before you find a suitable solution, you have to think clearly about what you should do. You must not give them a little handle, otherwise even your father may be implicated because of this matter. In this case, the matter The essence is not what we originally thought." Feng Tianling smiled slightly, looking at the younger brother in front of him, the look in his eyes was a little different.

On the other side, after Li Tian made Feng Tianxiang return without success, many people's eyes changed a little while looking at him.

After all, not everyone can deflate the son of Lord City Lord. If Li Tian can do this, he must have his own ability. No matter how simple this method is, it is very different for them.

"You have offended Feng Tianxiang. According to his character, you will certainly not easily expose this matter. At that time, you will definitely do everything possible to trouble you. Are you ready?" Ning Bing looked at it. Glancing at Li Tian, the expression on this guy's face was as calm as ever, and it didn't seem to be any different because of this incident.

"I know what he wants to do. In the next period of time, as long as I ensure that I stay in the gathering tavern, he will have nothing to do with me. I don't believe that he dares to act on me in the New Moon City. If you are really so courageous, then I have nothing to say." Li Tian shrugged his shoulders. He thought that if Feng Tianxiang was a smart person, he should wait for him to leave Yunji Tavern before starting to attack himself.

Ningbing nodded and said, "After today's warm-up match is over, we probably have to rest for a while before we will have the Junior Heroes Conference. During this time, you can take a good rest."

"I will find a way to figure out what is the cause of your amnesia." Li Tian thought for a while, his main problem now is to hurry up and let Ning Bing remember what happened before that is the most true: "If Your memory can't be restored, even if I work hard here, it doesn't make any sense to me."

"I don't know why I lost my memory, but Master told me that many people will encounter such things when they ascend to the God Realm. To change this situation, it depends on time and luck. Some people may be able to retrieve their memories, but some people can't."

"In the God Realm, isn't there a genius doctor who is good at this?"

"Some of the more powerful genius doctors are all masters of the world. The realm of the gods is so big. It's not easy for you to find those genius doctors. The master didn't want to help me retrieve my memory, but the process is far from here. It's that simple, Master has been working hard, and there is no consequence." Ning Bing shook his head, it is so difficult to find a genius doctor with the power of Shui Yuezong, let alone Li Tian.

He was just a widow, and he was helpless in the God Realm. It was not that simple to find a genius doctor.

"The God Realm is so big, I thought I might not be able to find you in my life, but I never gave up hope. Now I have found you, and this is the same, even if I want to find such a genius doctor in the God Realm. It's not that difficult."

"I hope so." Ning Bing didn't know what to say, so she said lightly.

"Trust me, I can definitely restore your previous memories. Those very important memories in our lives will definitely not disappear like this."

When the two of them were chatting, they didn't notice. From a distance, Murong Ziqing was watching them both.

"Master, do you really want to tell Li Tian about this? This is our Shuiyue Sect's secret. If we tell them this way, wouldn't it be that our Shuiyue Sect's reputation for millions of years has been ruined?" Standing next to Murong Ziqing, a girl who looked like a seventeen or eighteen year old looked up at Murong Ziqing in front of her.

"When they know it, they will know it naturally. Moreover, there is no need to conceal this matter. The situation like Shuiyue Sect also happened after that ignorant woman succeeded. We these People are just a sad victim of this matter." She sighed helplessly, and said: "Even if they want to conceal this matter, one day the truth will still be lost. It was revealed that the paper could not contain the flame after all."

"but....."

"Ningbing is the worst decision they have made over the years." Murong Ziqing sighed, looked at Li Tian in front of him, and smiled slightly: "And the two of them may be changing this matter. The most important point is that since people will know about these things one day, it is better to ask us to solve the matter before it is revealed. This is the best help for Shuiyue Sect."

"Master may be right, but if we really do this, we don't know how many enemies we need to face."

"I believe the two of them can face these opponents. If they can't do it, then we want to make up for it. It is just a joke. Who would believe that we are innocent?"

Chapter 5430: Speak badly

Li Tian stood in the core area of the main city guild with Ningbing beside him.

After leaving Feng Tianxiang Qi away, he felt a lot more relaxed. Seeing that guy's slumped appearance, he didn't know why he was so happy as he is now, but this mood didn't last long. He thought of how Ningbing is now. Under the circumstances, he felt helpless and anxious, and he knew that the most anxious thing he should do now was to help Ning Bing find all the memories he had lost.

"After all, those genius doctors are superior. Some of them are so powerful that they can't be described in words. I think even if you work hard, you may not be able to find them. How much hope I have, even if I find one or two, my current physical condition may not be cured by him." Ning Bing looked at Li Tian with a solemn expression, knowing what he was thinking about now, so he did that. Said,

Although I have a very special feeling for the man in front of me, after all, judging from the current state of mind of Ningbing, she has nothing to do with Li Tian. Strictly speaking, this matter is also

her own business. I shouldn't let others intervene, but I don't know why I feel such an exception when facing the man in front of me.

He clearly knew that Li Tian in front of him was a very dangerous criminal who was wanted in the entire God Realm.

But she still chose to remain silent and did not reveal the identity of Li Tian in front of her.

She deceived herself, she just didn't want Li Tian to be arrested, so she couldn't know everything that happened before from her mouth, but at the same time she knew very well that this was just an excuse she found for herself.

She knew very well that it was not just for this reason that she did not expose Li Tian.

It was because of the feeling for this man, like a deep-rooted thought, deeply imprinted in his body, even if Ning Bing wanted to change such a thing, it still wouldn't help.

This kind of choice comes from the body's instinct, so she has no way to refuse.

Li Tian knew what Ningbing meant, but he wouldn't just give up this idea.

Seeing that so many people in front of him are all looking at him, Li Tian also knows that if this continues, he may become a public enemy of the whole city: "It seems that your name, Shuiyuezhong Master Sister, really It's a well-deserved name. A small character like me is really embarrassing in front of you. If you continue to stand by your side, these people will soon eat me."

"I want to go back to Shuiyuezhong these days. Regarding Fan Hong, I want to use the power of Shuiyuezhong to investigate."

"Well, this matter is only the strength of the two of us. It is indeed difficult to find any clues from it." Li Tian thought for a while, and then nodded seriously. It is indeed good to use the power of Shuiyuezhong. The choice, they have a lot of territory in the God Realm, and there are many disciples in the sect, and there are countless disciples in the Shuiyue sect alone, not to mention there are many disciples studying outside.

If all the disciples who traveled outside were also gathered, the current Shuiyue Sect might be equivalent to a very powerful empire. It is conceivable that the strength of this sect is also very powerful.

Ning Bing nodded and looked at him: "Feng Tianling and Feng Tianxiang will definitely not just let it go. These days, you should stay in Yunji Tavern honestly. It's best not to fight them. select."

Li Tian nodded, looked at Ningbing in front of him, and smiled in response: "Don't worry, I am a little self-aware about this kind of thing. Now this is their place. Even if I want to be arrogant, I will definitely not It may be here, but if the two of them play some conspiracy and tricks to anger me, then it may be a question of who will be the final winner."

Ning Bing didn't doubt the identity of Li Tian in front of her. On the contrary, she still believed in Li Tian's combat effectiveness. When she was in Luoyang City before, Li Tian almost turned the whole battle around on her own.

Now they are just facing the sons of the lord of the two new moon cities. The strength of the two of them is pretty good, but their talents are not good. If they continue like this, they will definitely be surpassed. This is what they are anxious to enter. The purpose of Shuiyue Sect was that some

grandmasters were promoted, so that they would not fall out of the ranks of geniuses, but if you really want to talk about actual combat effectiveness, Ningbing believes that Li Tian's combat effectiveness must be very terrifying.

Li Tian exhaled deeply and glanced at Ningbing: "We just separated like this."

"En." Ning Bing nodded, then turned around and left in a cool manner.

And Li Tian, more or less reluctant to bear such a scene, although there is very little time to spend with the frozen ice after amnesia, and it feels very different from before, but for him, it can still make himself A woman whose heart is at peace.

At this time, after Ningbing left, there would be more or less a little bit of loss.

But his loss quickly turned into a smile.

A young man didn't know when he ran in front of Li Tian and said with a sneer: "Boy, I want to challenge you."

"Why are you challenging me?"

"You relied on Master Ningbing to fish all the way in troubled waters. If it weren't for Master Ningbing, you would never be one of the hundred winners. This is very unfair to us people. I want to ask You challenge, to ask you for fairness." The young man stared, his face filled with righteous indignation, as if he was walking for the sky.

Li Tianchi smiled and shook his head, and asked, "You want justice. It is your business and has nothing to do with me. How I pass this warm-up match is also my business, and it has nothing to do with you."

"It seems that you dare not fight with us."

"Of course you can understand it this way, and of course I would rather explain that I don't want to work with a guy like you now. Your strength is too weak and it's not worth mentioning in front of me. Why bother to ask yourself Eat it?" Li Tian chuckled. There are so many people like this, and they are rude, but in fact their strength is nothing more than mediocre, just jealous.

He doesn't want to stay here now, and naturally doesn't want to fight the young man in front of him.
