

A Killer 5451

Chapter 5451: Luck again

"Don't be anxious to do your best in front of me now. So many people are watching. You and everyone know what kind of emotion you are." Ning De looked at Li Tian, showing a very indifferent expression. With a smile, he said calmly: "I sincerely advise you. The Young Heroes Conference is indeed an opportunity for many people. Here you may be able to rise to the top in an instant, but now I still advise you to go on."

"If your fighting style is just to move your own lips, I think it is you who should step down now." Li Tian seemed to be irritated, the decibel of his voice suddenly increased a lot, and the whole person quickly moved towards Ningde. Rushed over.

Ning De's eyes also changed at this moment.

He finally waited for this opportunity. At the moment Li Tian acted, a slight flaw appeared. This flaw may not even be discovered by himself, but Ningde has been observing all the time, and naturally found this flaw very accurately. A short sword suddenly appeared in his hand, and then he snorted: "If this is the case, then I will convince you to leave this stage, and let you know how strong the people who came to participate in this competition are. By."

His speed is very fast, like a lightning bolt, he has come to Li Tian's side almost instantly.

At this time, Li Tian didn't seem to wake up from the previous anger. An immortal sword condensed by immortal power appeared in his hand, and then he read the formula, trying to defend the offensive in front of him.

However, the initiative of the battle was still in the hands of Ningde, so he quickly found a way to crack it, and lightly stepped on the ground with his right foot, and the whole person rose into the air.

His feet are like a flamethrower, and you can see Xianli spraying out like flames, and his body rushes into the sky like a missile, making bursts of sound in the air. The sword has changed from the original buzzing sound to a roaring sound, just like boiling hot water, the sound is particularly harsh and very loud.

When some scattered immortals saw this scene, they no longer wanted to keep watching.

"Sure enough, this kid is the same as we saw before. He doesn't have strong strength at all. It is all luck and Master Ningbing to stand here against us."

"Yeah, this time Ningde has seized the opportunity, and before Mu Zitian hadn't reacted, he directly changed the way of fighting, using the method of diving down from the air, coupled with his very quick Shenfa, this kid basically doesn't have any chance of winning, the next step is to see how tragically he will fail." Several Sanxians began to make comments here.

On the other side, Li Tian was finally relieved. It is really very difficult to make such an unobvious flaw.

He has faced too many masters, and coupled with the rich combat experience before, unless it is in some special circumstances, it is almost impossible for Li Tian to expose his flaws, so today he pretended It is also racking my brains to reveal a flaw that is not very obvious. Fortunately, all of this is not wasted, it is still somewhat useful.

No matter how cautious Ning De was, he still didn't regard Li Tian as the same thing, but when he was in battle, he still used all his strength.

Looking at the falling Ningde, Li Tian smiled slightly, and whispered in his heart: 'What is waiting for you is this moment. '

Ning De looked at Li Tian at his feet, the corners of his mouth raised slightly, and a faint smile appeared on his face. He seemed to have seen the scene where he stood on the ring for the last time and met the next challenge. He looked up at this moment. He, Li Tian, whose body has not had time to react, already knew that he would definitely become the ultimate winner of this competition.

At this moment, he also saw Li Tian smile, and it was a very evil and cunning smile.

It's like a conspiracy succeeded.

'What is this kid laughing at? Obviously I have taken advantage of this opportunity, what is this kid still laughing at here? Does he think he has won? Could it be that this guy has any other means? Impossible, what will this kid do? Until now, Ning De still didn't want to believe that Li Tian in front of him would be a great master. If he was really a great master, facing the insults of so many people, he would have proven his strength a long time ago.

But Li Tian hasn't done anything all the time, just live his life like an ordinary person and complete his tasks.

He has never really shown his strength in front of many people.

Therefore, they can only think that this guy does not dare to show off his abilities because he has no corresponding strength, right?

But in the next second, Ningde knew that he had made a mistake, and the mistake was very important.

Li Tian still maintained the previous posture, as if he hadn't done anything. He slowly raised his head to look at Ningde. However, a very terrifying aura appeared on the ring at this time. The moment he appeared, he was converged, like a sharp sword slowly condensing, rushing towards Ning De.

Before the aura was close to Ningde, he could feel a terrible pressure.

It was a cold aura without any emotion, which penetrated his spirit like a sharp sword, causing him to lose consciousness in a short moment, and his body's reaction also slowed down.

At the same time, Li Tian sneered and waved the fairy sword in his hand, plausible.

Several daggers appeared beside him, and when Ningde's pupils shrank, these daggers went straight up into the sky like gorgeous fireworks.

'Boom boom boom'

Ning De barely resisted a few times, but after all, he could not react in time, so he was directly blown out in the explosion, his body was like a kite with a broken line.

When he fell on the ground, Li Tian's sword had reached his throat: "You have lost."

"I..." Ning De opened his mouth and looked at Li Tian, who was calm in front of him, and then showed a complicated expression: "This...how is this possible? I don't believe it, I don't believe I would lose to you like this. Guy."

Chapter 5452: Last attacker

Li Tian looked at him with a smile, kicked his body with his feet disdainfully, and said: "You can feel it now, what kind of state is your body, even if you don't believe it?"

"You gave me the flaw on purpose just now?"

"Of course, if I don't do this, I will waste a lot of time, so I need you to take the initiative to attack, so that your flaws will be exposed to me." Li Tian smiled, and the fairy sword in his hand slowly disappeared. At this time, the battle is over: "When you are floating in the air, you need to dive down by inertia. Unless you concentrate, your body is impossible to move, so I only need to affect your attention. Power, and then you are like a living target, let me kill you in the air."

"Have you been hiding your strength before?" Ning De was still not convinced.

"Do you really think that the man who can stand next to Ningbing depends on luck? Do you really think that the man who can let the young masters of New Moon City suffer is a man who depends on luck?" Li Tianyi laughed. His voice was very low, and the following people could not hear: "It's ridiculous that you people thought I was a joke to you, and didn't know that in my eyes, you never regarded you as a real opponent. "

'vomit'

Ningde tried to suppress his physical injuries, but in the end he couldn't bear to spit out a mouthful of blood. Looking at Li Tian in front of him, he smiled bitterly and said, "Even if I tell others now that you are very strong, most of them are not. Will believe it."

"They will only think that you just want to conceal the ugliness of your failure. When facing me, they will still underestimate the enemy. Even if they subconsciously want to be more serious in their hearts, this is nothing but one. This instinct is difficult to change." Li Tian said, he patted the dust on his body and adjusted his clothes: "Is the loser convinced?"

"You have been counting everyone from the beginning. Your city may be deeper than many people here. You can stand your temper and can endure such a long time and lose to a terrible monster like you. I don't think it is embarrassing." Ning De wiped the blood from the corner of his mouth and looked at Li Tian in front of him, with a deep sense of powerlessness. Facing such a terrible opponent, he was already able to fail like this.

"In the first round, Mu Zitian won." At this time, the old man's voice resounded throughout the sky dojo.

Everyone was boiling, not because of Li Tian's victory, but because of Ningde's defeat. It was incredible.

"What a joke, this guy won by luck again? How can Ningde get such a moment of loss in the air so well?"

"I think this guy should be thinking about how to defeat Mu Zitian, but he was counterattacked by others, so he should be more serious in the battle."

Many people were talking quietly, but inadvertently Ning De was no different from a trash in their eyes.

Can lose to a waste who is promoted to the top 100 by luck, so what is the difference between such a person and rubbish?

Ning De stood up from the ring tremblingly, without seeing any expression on his face, as calm as a mirror, really not showing any emotion on his face.

Even in the face of these ridicules, he did not express anything, but sneered secretly in his heart. When they faced Li Tian, he would know that his failure was not without reason.

A guy with very strong strength, at the same time, a very powerful mind, a terrible view of the overall situation, and a gentleman's personality that revenge is not too late for ten years. Such a guy is like a BT. If he is allowed to grow up, it is absolutely dangerous. Roles.

Losing to such an opponent is not a shame in itself, not to mention that he also knows that Li Tian's strength is already above himself.

This time the match was not unjustly lost. Li Tian didn't take advantage of Ningbing's side, he just wanted to conceal his dazzling brilliance to make them feel such neglect.

Now he has done it, most of the people in New Moon City don't have any good feelings for Li Tian.

This is what he wants.

Among the next four opponents, Li Tian's strength is still not high, which makes people feel like they don't know how to describe it. If one or two times can depend on luck, then four consecutive times. The guy's luck is really great, right?

But the fact is indeed like this. In the next battle, Li Tian relied on his own luck to clear the customs all the way, and now he only needs to continue to defeat an opponent to be promoted.

On the referee's bench, the elders all smiled at this moment.

If they didn't understand it at the beginning, then they already know a little bit now. This kid hides his own means, then sells a flaw and counterattacks with lightning speed.

Even though this method has been used many times, there are still people who take the bait.

"This kid, I've always been preparing for such a grand plan." The old man nodded and praised: "I have also heard about the New Moon City. Young people can still do Choosing to be forbearance is indeed a manufacturable material, and this kind of thought will definitely be very terrifying in the future. This child is not a thing in the pool, and it will be called the wind and the rain in the future."

"Lao Wang, this evaluation is a bit high, right?"

"If you don't believe me, just take a look at this game. That Jin Ling'er is a master at the pinnacle of the **** cultivation realm. In this game, he is considered a terrifying existence. Even if it is Ningbing, it is also very good against her. It's not easy." Lao Wang glanced at Jin Linger, who was slowly walking into the ring. This might be the most exciting battle before the finals approached.

Like Li Tian, Jin Linger is also hiding her identity.

However, she obviously doesn't need to worry about being chased and killed, so she stood on the ring and showed a helpless smile: "I really didn't expect you, a fellow, to hide your strength all the time."

"Do you see it?"

"Sure enough, the rumors are unbelievable. If a person can always win by luck, it can only show that the strength of this guy is higher than that of many people." Jin Ling'er snorted, then stared at him: " But this time, you may have to work a little bit."

Chapter 5453: Five Poison Gate

"It sounds like you don't seem to have much confidence in fighting me?"

"Of course, none of these people here can truly determine your strength. This battle will naturally become weird and unpredictable. Even I can't guarantee that I am your opponent now." Jin Linger He smiled playfully, it seemed that he didn't take the fight between the two of them seriously, and the smile at the corner of his mouth made Li Tian not know how to respond.

Jin Linger patted herself, adjusted her clothes, and said seriously: "Your methods are very subtle. Every time it seems to be the result of luck, but in fact, it is all controlled by you secretly. To be able to achieve such a proficiency, such a proficiency, you guy is already immeasurable."

"Hey, this is the first time I have been praised by a girl like this!" Li Tian smiled and said shyly.

At this time, Lao Wang looked at the two people on the stage and smiled.

"Why are you laughing?"

"The Five Poison Sect, I haven't seen anyone from their sect appear for hundreds of years. It is said that the Five Poison Sect has been active in the recent period. I didn't expect that they would come here from Southern Xinjiang to participate in the Youth Hero Conference. Do they also want Yunducaao?"

"The Five Poison Sect has always been regarded as a relatively mysterious sect in the God Realm. It rarely appears in the sight of the world, but this time it appears, I am afraid it will not be simply because of Yundu Cao. An old man next to Lao Wang looked at Jin Ling'er on the ring, and his tone became serious: "They seem to want to return to the list of several sects."

"The battle between the gods and emperors in those days caused a lot of damage to them. After so many years of recovery, it seems that there has been some improvement."

"Introduce yourself, you know my name, so now I tell you my sect, I am the disciple of the golden generation of the Wudu Sect in southern Xinjiang, and the chief disciple of the Wudu Sect, Jin Linger." She squinted her eyes, looked at Li Tian, and said in a very serious tone: "If you lose to me, although I will not kill you, I will extract some blood from you."

Li Tian looked at her dumbly without answering.

"This process will be very painful, so if you regret it, you can choose to give up." Jin Linger said solemnly, but after saying this, she chuckled softly: "But I want you guys to be brave for so long. , I'm probably confident in my own strength, and I shouldn't give up easily. If this is the case, I can only choose to fight head-on."

Li Tian didn't know what kind of sect the Five Poison Sect was, but this chief disciple was a very terrifying title.

At this time, in the entire sky dojo group 2 side, many people all took a breath, looking at the very beautiful ***** the ring, not knowing what words to use to describe their current mood, they really are now Fortunately, they didn't meet such a terrible opponent, but Li Tian met, otherwise this battle might directly kill them.

"Although I don't know what kind of sect the Five Poison Sect is, but since you are the chief disciple, you should be very powerful. I also want to see what is special about fighting against a master like you." Li Tian said indifferently, and then slowly unfolded his aura, his mood also entered the state of the heart as still water, but he did not enter the state of the red wing ***** outfit, so now he can only take out 70% of himself. Fighting power around.

The things he showed now can probably be done by any uncle, so it is hard to see what his identity is in this respect.

This is also Li Tian's current bottom line. The Jin Linger facing him is very powerful. He can become the chief disciple of the Five Poison Sect. At a young age, he has the peak strength of the ***** cultivation realm. It can be regarded as one of the young people of this generation. The cutting edge of the game exists, and fighting such a master is even more mind-blowing.

The auras of the two people collided together, and slowly a cloud of purple mist and a cloud of blue mist appeared on the ring.

This kind of mist is actually their aura.

It's just that what Li Tian released before was only a weak, very concentrated part, and now he has released all his aura without any reservations.

The two auras collided together, just like two wild beasts, fighting like crazy.

Across the barrier, many people can feel the terrible impact of this aura.

If they thought that Li Tian was only relying on luck, then they understood what is called a crane tail counterattack. Many people also know that this young man has always been hiding his strength. Opponents, this is the choice to take out all of his strength in desperation, looking at the terrible aura, who would think that this is a young man who is promoted by luck will have such a aura.

Jin Ling'er's forehead was slightly seeped with sweat, she squinted her eyes and looked at Li Tian, who was also very difficult in the distance, and whispered in her heart: "Sure enough, this guy is more terrifying than all phenomena, but I I have searched for a lot of information before, and I don't even know where this guy suddenly jumped out. Such a terrifying aura must have a high realm. '

While the auras of the two people collided, they all stood still and did not move.

Li Tian slowly closed his eyes and began to feel everything around him.

At this time, he felt that under Jin Ling'er's feet, two groups of things seemed to be creeping slowly, very slowly.

Reminiscent of her sect, these things must be some poison.

He only heard a violent shout from his mouth, and stamped his feet on the ground, the whole ground trembled slightly, two injections of Xianli penetrated deep into the ground and directly attacked Jin Linger's feet. s things.

Jin Linger also noticed Li Tian's attack, and gave a soft drink, and the ground suddenly exploded. Two strange-looking bugs rushed out of Li Tian, spitting out a cloud of green poisonous gas, which quickly corrupted Li. The fairy power of heaven.

Lao Wang's pupils shrank, and he said seriously: "Purple Winged Golden Cicada? I really didn't expect to see something like this here."

"Purple Wing Golden Cicada? Isn't this thing extinct?"

"It seems that the foundation of the Five Poison Sect is more complicated than we thought."

Chapter 5454: Purple Winged Cicada

These two little things look like ordinary golden cicada gu worms. The only difference is that they have a pair of tiny purple wings on their backs, and the purple-winged golden cicada's eyes are red and golden. The armor covers the whole body, about the size of a palm.

This creature was originally a very ancient creature in the God Realm, and it was extremely toxic.

In order to study the way to control this terrible creature, the Five Poison Gate of the year did not know how many people died in this experiment. It is said that when the purple-winged golden cicada was raised to a certain level, even the beasts had to retreat.

It is conceivable that this poison is terrible.

However, during the battle of the gods and emperors that year, many branches of the Five Poison Gate were destroyed, and many of the larvae of the precious purple-winged golden cicada were all killed. I thought that this kind of poison from ancient times might have been like this. Disappeared in the God Realm, but who would have thought that in this young hero meeting, he would see this ancient poison again, and it was still a mature form.

Although the two purple-winged golden cicadas are only the size of a palm, their strength cannot be underestimated.

"Can you tell me what these two are?"

"Our five-poisoned purple-winged golden cicadas, their toxicity is very terrible, you have to be careful in the next battle." Jin Ling'er snorted softly, thinking of the formula in her mouth.

The two purple-winged golden cicadas were all stirring the little wings behind them, and their small eyes were also looking at Li Tian in front of them.

After these two little guys appeared, Li Tian felt uncomfortable. This feeling seemed to be familiar to him when he saw Jin Ling'er before. At this time, he knew why he felt that way.

This is a biological instinct.

The purple-winged golden cicada can be regarded as a very top existence in the biological chain. Even the sacred beasts have to retreat when they face the terrible purple-winged golden cicada. What about these immortals?

This kind of creature with a strong pedigree from birth naturally produces a kind of pressure for the fairies.

Of course, this pressure will gradually become weaker as the strength of the immortals increases.

But even so, Li Tian still felt a little uncomfortable at this time.

At this time, Jin Linger snorted: "You have to be careful, I must win this young hero meeting, so I won't have any reservations about you."

"Although I will do my best, I also want to see how strong you are, and also want to know if these two purple-winged golden cicadas are really terrifying." After Li Tian made up his mind, he started directly on himself. Behind him and condensed the immortal sword, this situation seems to be solved with the return of ten thousand swords to the sect. Since simple immortal power can't solve the battle, then use a covering attack.

The two celestial powers were directly corroded when they were close to the purple-winged golden cicada. The green poisonous mist looked ordinary, but the corrosiveness must be very terrifying. There is no doubt about this.

Li Tian would not believe that if his attack were only one or two times, it would cause any trouble to the purple wing golden cicada.

Only with such a covering attack can Zi Wing Jin Chan not be able to deal with it all in a short period of time.

As the owner of the purple-winged golden cicada, once Jin Ling'er is injured, then the poison itself will have no meaning, no matter how terrifying it is, and their power will not be able to be displayed perfectly.

The fairy swords began to condense quickly, and Jin Linger also noticed it.

"Purple Winged Golden Cicada, come on!"

"Hiss"

The two purple-winged golden cicadas made a very ear-piercing, low-pitched sound, and then they could see clusters of poisonous mist spit out from their mouths, coming directly towards Li Tian.

But Li Tian obviously cannot do two things at the same time.

While everyone was thinking about what Li Tian should do, he did something surprising.

Doppelganger!

This guy actually separated a clone directly, and then he saw that Li Tian's hand threw many fireballs, like a cascade of cannonballs spewing out like crazy, the dense fireballs did not have very strong destructive power, but He absorbed all the poisonous mist with his own energy, and shot at Jin Ling'er at the same time.

A few people in Group 2 looked fascinated at this time. Is this the man they laughed at before?

Are you kidding me, instant fireball?

This should be a spell master to have such strength, but looking at Li Tian's current fighting style, it is not like a spell master should have a fighting style, is it a spell master who also cultivates Sanxian?

What a joke, I have never heard of anyone who can do both of these things at the same time.

On the other side, Jin Linger was also dumbfounded.

She also didn't expect that at this time, Li Tian would actually use such a method as the fireball technique, and still use his clone to release the fireball technique. How can I ask in the God Realm, who would have such a battle? the way?

However, she was surprised and surprised. She did not forget that this was in battle. The little hand quickly pinched the magic trick, and a small golden bell appeared on her waist. With a clear sound, the fireball was in the air. explosion.

As Lao Wang watched and touched his goatee, the smile on his face became more intense: "Interesting, really interesting. These two young people are both outstanding in this generation. One is just ordinary casual. Immortal, but he can send fireballs continuously, and relying on his own clone, the other one who has become the chief disciple of the Five Poison Sect at a young age can also control two purple-winged golden cicadas. His strength cannot be underestimated."

"Indeed, I really didn't expect that after so many years, our God Realm would have such a situation, and geniuses have sprung up like bamboo shoots after a rain, and there have been many."

"I just don't know whether such a thing is good or bad. The emergence of so many geniuses may also represent some dangerous things. Reincarnation of the heavens, cause and effect must be the most fixed rule of the gods." Another old man looked at the old man. Wang, looking at the two people on the ring again, said with deep meaning.

And Lao Wang seemed to have thought of something, his expression became a little more serious.

At this time, the battle between the two people on the ring has begun to enter a truly fierce stage. This battle will surely become the most exciting battle among the battles that began in this young hero meeting.

Mysterious genius VS the chief disciple of Wudu Sect!

Chapter 5455: Unstoppable

At this time, all kinds of energy turbulence can be seen on the entire ring above the surrounding enchantment.

The expressions on Li Tian's face were also very serious. The fighting between the two of them at this time really entered a very stalemate state. On the surface, it seemed that Li Tian still had a little advantage during this period of time, but in fact This is simply a wrong view. Li Tian is now very aware that his current situation is not as perfect as he imagined.

The fireball technique released by his identity did not allow Jin Ling'er to waste too long.

Originally wanted to use this opportunity to make Jin Ling'er temporarily give up attacking and suppressing herself, so that Li Tian can rely on the accumulation of time to release the ten thousand swords. At that time, fighting will obviously be necessary. It's a bit simpler.

But his plan quickly failed completely. Facing the woman in front of him, the power of the spell was completely blocked by the purple-winged golden cicada.

'It's worthy of being the Holy Spirit of their sect. It is indeed very terrifying, but if you just want to make me give up, it's really naive. 'Li Tian looked at Jin Ling'er in front of him, the clone began to slowly split into three Li Tian, and each Li Tian clone had a certain fighting power on it, so after the three clone appeared, they quickly began to meet Jin Linger and two purple-winged golden cicadas.

The battle between the two sides immediately entered a very fierce stage, and many people could see the battle above the entire ring through the magic sky crystal.

There are many cracks on the ground. This sky dojo has the same effect as the previous ring in Luoyang City, and it can also slowly recover during the battle.

But the attack frequency of these two men is so fast that this ring cannot be guaranteed to remain intact.

Fireball and sword aura became the main theme of the entire arena. All kinds of energy turbulence bombarded the surrounding enchantment. Although the sound was huge, it did not successfully affect anything from it. The enchantment is just like this. Like the hardest rock in the world, facing the bombardment of this kind of energy turbulence, it simply doesn't move at all, and doesn't appear to be attacked at all.

At this moment, the bell in Jin Linger's hand lit up with a burst of golden light, and then a burst of mysterious voice began to ring in Li Tian's ears.

Her body became so stiff at that moment, that is, at this moment, many people all saw it.

"Sure enough, Jin Linger is better."

"Of course, the history of the Five Poison Sect has been so long. Although the Divine Emperor War had a huge impact on them, the background of such a terrifying sect is still not to be underestimated, even in the past. For such a long time, the existence of such a sect cannot be underestimated by a small character like ours."

"This Mu Zitian still underestimates the enemy, but he is facing the chief disciple of the Five Poison Sect. This song of Broken Souls should kill him."

At this time, Li Tian's situation is indeed not optimistic. Although he has experienced many battles since he came out of the free space, most of the time he was guided by the remnants of the ancient gods, and coupled with the practice during the free space, let His strength completely crushed a lot of people, so instinctively there would be a mentality that once I go all out, I can definitely win.

Therefore, even when facing the rumored chief disciple of the Five Poison Sect like Jin Ling'er, Li Tian also believed that once he burst out his strength, he would definitely be able to easily defeat Jin Ling'er in front of him.

But at this critical time, Li Tian knows how ridiculous his thoughts are. The Jin Linger in front of him is a very terrifying existence among the younger generation. Even Li Tian must take it seriously. The state can indeed be blocked for a period of time, but wanting to rely on this state to defeat the Jin Linger in front of him is just like dreaming.

Jin Ling'er was the chief disciple of the Five Poison Sect, so he still looked down on the woman in front of him a little too much.

Broken Soul Yin is a very terrifying mental attack spell, which is a characteristic of the Five Poison Sect. Li Tian has heard a little about their fighting method, but he doesn't really understand it.

After knowing that Jin Linger was attacked in this way, I had a deep understanding.

They will use sound to carry out mental attacks, causing your body to produce uncontrollable flaws in a short moment, and the moment this flaw occurs is the best time for their attack.

With the poison in their hands, this kind of combat method has always been invincible.

The Five Poison Sects were able to exist for such a long time in the God Realm's long history certainly not without any reason, it was all because they did have their own characteristics, so they had such terrible strength today.

When Li Tian reacted, everything was over.

As his main body was affected, even if it was a clone, some strange phenomena appeared at this time, all of which fell into a strange state of suspension like the main body, and it was obviously affected by Broken Soul Yin.

This kind of mental attack spell makes you lose control of your body completely. When you react, the battle may be over.

"What's waiting for is your opportunity." Jin Linger raised the golden bell in her hand high, and then gave a sweet voice. Both purple-winged golden cicadas were also fanning their wings at this time, and two hurricanes were slowly over them. Condensed underneath her wings, for her, although she didn't want to use this method, but unlike Li Tian, if she wins here, she will have to face five opponents next.

Although there are not many masters in the 2nd group, in order to ensure that she can be promoted unstoppable, Jin Linger must ensure that her strength will not be consumed for too long in the battle with Li Tian.

Therefore, she used this way to deal with Li Tian very cleverly.

As for Li Tian, he didn't need to think about what's going on. He probably won't have any reservations in this battle, so a quick fight is the means Jin Linger needs most.

She wouldn't give Li Tian a chance, so she wanted to make Li Tian busy with serious injuries, so that today's game could be truly over, and she would not waste too much power, and she could still receive Among the five opponents that came down, there was an unstoppable promotion.

Chapter 5456: Full liberation

Cold!

This is Li Tian's most intuitive feeling at this time. Whether it's his clone or his body, it's like turning into an ice block at this time. No matter how he runs the immortal power in his body to fight against In any sense, this kind of cold caused his body to tremble, and naturally there was no way to naturally enter the realm of Xinruzhishui.

The fairy sword that had originally condensed behind Li Tian was shattering bit by bit.

I thought that his identity might be able to cope with the Jin Ling'er and the two purple-winged golden cicadas in front of him, but it seems that Li Tian still looked at his own strength and underestimated the methods of the woman in front of him. Linger also has no disadvantages.

This woman is like a Cheng Yaojin who was killed halfway, and it really made Li Tian not know what to say.

However, when its body was so difficult, two hurricanes slowly flew over from under the small wings of the purple-winged golden cicada. At first they were only the size of a fingertip, but when the two hurricanes slowly moved away. At the time, the question type became bigger and bigger in an instant, and it turned into two super hurricanes in a flash. It really can have a very terrifying destructive power, and it seems to destroy the entire ring.

At this time, there was no fairy sword behind Li Tian, which meant that his previous tricks had already failed at this time.

Many people closed their eyes with satisfaction.

Before, they were just out of jealousy towards Li Tian. After all, someone who climbed up all the way by luck, who could not be jealous?

But now, this kind of jealousy also has a curse at the same time. They don't want to see a person with such terrible luck and such terrible strength. Not only can they have such a good relationship with Master Ningbing, themselves. Their combat effectiveness is so terrible that they don't know how to describe it. Such opponents' combat effectiveness can be called terrifying.

Of course they would look at Li Tian and look uncomfortable.

At this moment, after seeing Li Tian completely lose his advantage in the ring, he was all excited, and he kept applauding, as if he couldn't stand on the ring and defeated Li Tian.

At this time, the other teams were also observing the current Li Tian fighting.

Ning Bing looked at Li Tian's strength, and frowned slightly: "This guy really wants to retain his strength and does not want to expose his identity in front of so many people, but this is impossible, Jin As the chief disciple of the Five Poison Sect, Ling'er's strength is already terrifying to an indescribable level. How could it be possible that you can still defeat it while retaining your strength? "

"This kid really surprised us. I thought he really didn't have any special strength before. Now it seems that it is not like this at all. It can make Jin Linger of the five poisons evolve the battle to this kind. At this point, it can already be said that the combat effectiveness of the young man in front of us has reached a certain level, and it is not very inferior to ours." Feng Tianling touched his chin and looked at Li Tian on the ring with deep meaning. , This Sanxian, who had never shown any strength before, suddenly had such a powerful method, which really surprised them a lot.

I was thinking about watching the fire from the shore to see how far this young man can go with luck.

Unexpectedly, they were all wrong.

This is a guy who is very deep in the city and can endure it. It's just that they have been looking for Li Tian these days, but this guy has not shown his true strength. It is simply that he has coveted this

young hero meeting. After a long time, they had formulated their own plans in their hearts. They wanted to force Li Tian to reveal their identity, which was of course impossible.

At the same time, after seeing the power displayed by Li Tian on the ring, Sister Feng could be more certain that this young man should be the guy that the entire God Realm was looking for some time ago, and was anti-Li Tian.

"It seems that there is nothing wrong with our previous guess. This kid is actually the Sanxian Li Tian in Luoyang City. He thought that after the Luoyang City incident, he should honestly hide for a while. When the limelight passed before coming out, he didn't expect that he didn't mean to dodge anything at all. He actually ran under our eyelids."

"Master, what shall we do now?"

"What else can I do, I hope this kid won't embarrass me, but Luoyang City doesn't care about this now. As long as Li Tian doesn't make trouble with us, we can't do anything to this kid. Honestly watching how things are developing." Feng Jie reluctantly tapped the table with his fingers, and looked at Li Tian's embarrassed expression, not feeling amused.

On the other side, Li Tian also completely entered the rhythm of Jin Linger at this time.

"It seems that you guy is still very arrogant. He has never regarded me as your real enemy, and he is still negligent at such a critical time. Now it is obvious that you have to pay for your own negligence." As Jin Ling'er said, the bell in her hand had become more dazzling at this time, as if she wanted to cover the entire sky dojo.

But at this time, the dazzling red light, many people subconsciously closed their eyes.

"Originally, I didn't want to expose my identity here, but I don't want to lose in this battle today. Since I haven't fought anyone else since I came out, let me see how good you are today." Tian held Hong Zhan in his hand, and he was wearing a red wing ***** outfit. The two feather blade wings were slowly stirring behind him at this time. There was a dignified look in his eyes, and he said very seriously: "It's also time, let us There has been a dignified battle."

Full liberation!

After facing a terrifying opponent like Jin Ling'er, even Li Tian dare not continue to have reservations in this battle. He knows that he can still use all his strength to fight, and wait until later. After being defeated, it doesn't make any sense even if you want to be fully liberated, so this time is probably the best opportunity to sell.

But after this series of equipment on her body appeared, many people were silent.

They all knew about that matter in Luoyang City.

Chapter 5457: wanted

"Hey, have you seen this? The outfit on this guy looks very strange, do you feel that this thing seems to have been seen somewhere?"

"What's so strange about this? There are so many strange people in this world. You can't say that you see a strange guy, and you think you must know him. The kid in front of you seems to be in harmony with him. You can't fight with your arrogance. Such a strong man looks at the young

people in the entire God Realm. Among these young people, there are very few existences. What nonsense are you talking about?"

"No, don't you think that this guy on the stage is similar to the guy named Li Tian who made a lot of noise in the entire God Realm some time ago? He seems to be fighting in this way." People still didn't want to give up like this. He looked at Li Tian on the ring very seriously, and said solemnly, "Don't Li Tian own the equipment and the sword in his hand?"

"Don't talk nonsense, Li Tian died a long time ago. Hasn't the news been announced by Luoyang City today? I was caught some time ago and has now been killed."

"Such a guy who can kill the city lord and run out of Luoyang City should already be terrifying to the point of indescribable. How can such a strong person be caught so easily?"

There are different opinions, and some people believe that Li Tianzhen has been killed now.

But there are also some people who believe that Li Tian did not die at all, but lived in the God Realm in another way or identity. This is beyond doubt.

At this time, the armor worn by Li Tian and the sword in his hand have successfully made many people suspect that the guy in front of him is probably the rumored Li Tian. Even if they are very reluctant to believe it, it is true. It's too similar. ,

And there are not one or two people who have this idea.

A powerful aura instantly enveloped the entire ring. This was a completely different aura from before. It was even more dignified and stronger. Two pairs of feather blades stirred in the air. When the hurricane approached Li Tian, they quickly gathered.

"Chichichichi"

The hurricane rubbed the blade fiercely like gears, bringing up bursts of electric light and flint-like splashes, but it could not affect Li Tian's body at all, and there was even no possibility for him to move his body. .

After the full liberation, Li Tian now has an absolute superiority in combat effectiveness.

"I didn't expect you to hide your identity all the time. Many people were still wondering what your identity was. I didn't expect you to be the famous Li Tian." Jin Linger hurriedly gave two purple-winged golden cicadas. He greeted him back, and at the same time propped up an enchantment in front of him.

Li Tian's two pairs of feather blades suddenly stretched out towards the outside. The two hurricanes that were still raging instantly turned into turbulence and slammed into Jin Linger's barrier.

Only a burst of crisp sound was heard, like instant noodles being crushed bit by bit, the barrier in front of Jin Linger was being destroyed bit by bit, and the previous energy turbulence had all been washed away Dissipated.

"My name is Mu Zitian."

"You don't have to cover up. There is almost only one person in the entire God Realm with such equipment and such a fighting method, and this person is what they call Li Tian, even if you keep covering up here. In any sense, they won't believe it." Jin Linger smiled slightly, looked at Li Tian

in front of him, and said solemnly: "I think you wanted to hide your identity before, until the finals. Your true level, but I didn't expect to meet me, and I almost caught my chance."

"I have underestimated the enemy a little bit. It seems that this period of cultivation has also made me think that I am stronger than everything." Li Tian showed a faint smile, squinted at Jin Linger in front of him, faintly Said: "But it won't be like this anymore. I won't give you a chance anymore. Be prepared to be defeated by me."

"It is a great honor for me to be able to make the master who can defeat the immortal realm go all out. In fact, I still really want to know what you used and what methods. Even a strong like Lu Xiu will be killed by you."

"I said that I am not a Li Tian, my name is Mu Zitian."

"What are you worried about? Luoyang City has now cancelled your wanted. They declared that Li Tian who killed Lu Xiu is dead, but everyone knows that this is just a step down. In fact, Li Tian He didn't die at all. Killing Lu Xiu can still be safe and powerful from Luoyang City. Such a guy's strength itself is very terrifying, so how could he be easily caught."

"You seem to be very confident with that guy, but it's a pity that I don't have a good relationship with that guy, otherwise I will help you relay these words." Li Tian sneered, and the red sword in his hand suddenly changed shape. At the same time, instead of the powerful coercion madly suppressing Jin Ling'er in front of him, he no longer wanted to continue entangled here, even if he heard what Jin Ling'er just said was a little excited, he still had to keep calm now.

He was forced to use such a fighting method in desperation, and now he can only think about it, if there is a problem, it is best to rely on Zhuge Yuntian and leave this ghost place.

In other words, Murong Ziqing will probably help herself.

After all, he was regarded as a very important element in helping Murong Ziqing deal with the Shuiyue Sect link. If he died in New Moon City like this, Murong Ziqing's plan would also fall short, and he would definitely not stand idly by.

"I said, I won't give you the slightest chance, so you'd better get serious at this time, otherwise you will fail later, don't blame me for not reminding you this fellow." Li Tian snorted coldly and charged. The cannon began to frantically absorb the surrounding energy, just like a bottomless pit, absorbing all the surrounding energy frantically. At the same time, in the center of the charged cannon, a white ball of light was gradually growing.

Jin Ling'er's expression sank. She knew very well that once Li Tian released this charging cannon, it would definitely destroy the world.

Because this is the sky dojo, this guy is already so frantic, doesn't he keep his hands? Anyhow, I am also a weak woman.

Chapter 5458: Who can fight

In the city lord's mansion, Feng Jie's expression was a bit awkward.

Even if I guessed a little bit before, when the real mystery was uncovered at this time, there was still a feeling that I didn't know how to describe it. The Great Demon King who was upset in Luoyang

City was at this time. Moon City, and also participated in this young hero meeting under their noses. He really wanted to grab Li Tian's shoulder and ask if this guy was completely crazy.

Just when he was wanted in the entire Luoyang City, he went to the Crescent City to participate in the competition.

He really wanted to know if this guy was a lunatic, how could he think of running here to participate in the competition at such a time? Isn't he thinking of killing himself?

But looking at Li Tian with a calm smile on his face in front of Jin Linger on the ring, there was no worry at all on this guy's face.

"Unexpectedly, although I have guessed some before, I still can't believe that this guy is actually the rumored Li Tian. I really don't know how to describe this guy as bold." Feng Jie sighed helplessly. He breathed a sigh of relief and said in a low voice, "You guys will arrange it now. Don't let others conflict with him here. Now Li Tian is no longer a wanted criminal. We don't need to continue wasting time because of this guy. ."

"Then shall we just do nothing as we do now?"

"Send someone to keep an eye on this kid. It's like doing crazy things in Luoyang City. Although we don't need to have anything to do with this kid now, it is still necessary to let this kid know that we are paying attention. With him, don't make trouble on our territory." Feng Jie frowned and said solemnly.

This is also the only thing he can do now, who told them to have no reason to target Li Tian now.

And he is more worried about what shocking things this young man will continue to do in their New Moon City. With the lessons learned from Luoyang City, they can understand that this kid is probably a guy who is rumored to fear nothing. , If they don't waste a little time with this kid and keep an eye on this guy, no one will know what Li Tian will do without them knowing.

"Okay, I will make arrangements now to ensure that our people are watching this kid 24 hours a day, and will never let him do anything that affects our New Moon City during this period of time. "

At this time, on the other side of the ring, after Li Tian knew his identity had been exposed, he had no intention to continue wasting time here.

Seeing Jin Ling'er's eloquent words, he directly pointed the charging cannon in his hand at Jin Ling'er in front of him, and then shouted: "Come and see if you can eat this trick."

'boom'

There were even a few cracks in the space, just as deep as the gully caused by an earthquake, but these cracks are all very subtle, and it is really difficult to find without careful observation.

But Jin Linger did feel it, and it was very uncomfortable.

When Li Tian's rechargeable cannon fired, she could feel that her breathing had become very difficult at this time, her breathing had also increased rapidly, and her body was trembling slightly.

'What kind of terrible fighting style is this? Just the surge of energy can make me shudder like this. If this guy's strength has reached the point where he can perform such terrible fighting styles, then his realm should be reached. How is it? "Jin Ling'er kept thinking like this in her mind, and at the same time the spell in her mouth became more active.

The two purple-winged golden cicadas in front of her, at this time, their bodies began to grow bigger and bigger, like an inflated balloon, releasing a lot of celestial power from Jin Linger's body, all It was madly injected into the body of the purple-winged golden cicada. As these creatures became larger and larger, the fierce expression in their eyes was enough to make many people shudder.

Li Tian's expression did not change the slightest, even if the Zi Wing Jin Chan became completely different from before, there was no change in his eyes.

The energy released by the charging cannon in your hand is enough to completely destroy everything inside this enchantment!

Seeing the energy bombardment getting closer, Jin Ling'er's expression became more serious. The two purple-winged golden cicadas made a wild roar, deafening, and the ground began to tremble.

The bell in Jin Ling'er's hand quickly became huge, covering her whole body. At the same time, two purple-winged golden cicadas opened their mouths to exhale a burst of purple poisonous gas.

Different from before, the purple poisonous gas now looks more solidified, just like a real veil, directly covering the space around Li Tian, at the same time branching out a lot of energy and starting to block the bombardment of the approaching charged cannon , I don't know what kind of existence these purple-winged golden cicadas have become after receiving Jin Ling'er's immortal power injection, but their poison gas is obviously more terrifying than before.

The energy released by the Li Tian Charger is being weakened bit by bit at this time. Even if it is still slowly impacting, it is very slowly corroded in the process, until the shelling reaches Jin Ling'er's position. It is estimated that the energy will disappear completely.

‘It seems that I can only use Wanjian to return to the sect and attack on a large scale.
,

Although the destructive power of rechargeable cannons is powerful, these poisons themselves are not substantive things. They are like a group of tiny ants. If you want to kill them, you must waste a little time to find them. It is easy for humans to trample an ant to death, but if it is a group of ants, you may waste some time.

This is like now, the destructive power of the charged cannon is indeed very powerful, but in the face of these poisons, the power of the charged cannon is only able to make oneself barely persist in this poisonous fog for a period of time.

But its own energy is being weakened little by little as the distance traveled.

Li Tian knows this very well, so what he needs is a large-area coverage attack, so that Zi Wing Jin Chan has no way to react, and directly defeat Jin Ling'er with lightning speed.

Chapter 5459: Tarsus Maggot

When this thought appeared in Li Tian's mind, two purple-winged golden cicadas suddenly charged towards Li Tian.

The red sword in his hand instantly transformed into the form of a giant sword, and then slashed two dazzling sword auras towards the two purple-winged golden cicadas, just like the brightest star in the world, surging crazily, with With unparalleled momentum.

‘Clang’

Sword Qi is indeed the people who have two purple-winged golden cicadas, but the effect is not as perfect as Li Tian imagined. The rigidity of these creatures' bodies is far beyond his imagination. Sword Qi hits these creatures like steel. It was the same as the handover, there was only a sour voice, but it was impossible to cause them a little bit of harm, but the speed of these two purple-winged golden cicadas made Li Tian somewhat unable to cope.

Two purple-winged golden cicadas arrived in front of him almost in a short time, their mouths opened slightly, and they turned out to be fangs that made their backs cold.

Li Tian's feather blades were gathered in the first time to protect him, but her body still flew out uncontrollably and hit the ground heavily. Although she did not receive much serious damage, she wanted to launch an attack in a short time. But there was no such tolerance, the combat effectiveness of these two purple-winged golden cicadas at this time had already surpassed just now, and there was no opportunity for Li Tian to fight back at all.

As long as he wants to chant a spell at this time and cast ten thousand swords to return to the sect, he will definitely be entangled by these two purple-winged golden cicadas.

These two creatures are like tarsus maggots, entangled Li Tian very accurately, so that he has no way to use his own tricks.

Jin Ling'er's golden bell absorbed a lot of energy from the bombardment, and her face was a little pale at this time. It can be seen that so many immortal powers were released one after another, and the impact on her is still very huge. At this time, she wants to overcome in a short time Li Tian is no longer possible, and even said that even whether she can defeat Li Tian is still unknown. The current state of the two people is much worse than before.

This is equivalent to having a decisive battle ahead of time. Both sides have no reservations in this battle, but choose to show all their strengths.

After all, he is the chief disciple of the Five Poison Sect, whether in terms of actual combat experience or strength, he definitely belongs to the kind of team that can make Li Tian feel very difficult.

She stood up slowly and looked at Li Tian with calm eyes: "Before, I always thought that it was the worst thing that you met me in this game. I only know now that I met you at this time. It's the worst thing."

"It seems that you don't have much confidence to defeat me." Li Tian has been attached to the imperial wind technique, only in this way can he barely keep up with the speed of the purple wing golden cicada, and at the same time once again incarnate two clones to help Fighting against the Purple Wing Golden Cicada himself, although this is somewhat effective, for Li Tian, the consumption is also very huge, and these two clones are also consuming the immortal power in his body.

Under such a situation, Li Tian must be very difficult, but at this time he did not think he was going to fail.

"Even if I can beat you today, I don't have any hope for the next game, but to be able to fight such a fierce battle with a strong like you here, for me, this trip is not a lot of regret for me. "Jin Ling'er

smiled and said, she looked like she was very generous, and she didn't mean to be angry at all because Li Tian broke her plan.

What's more, Li Tian cannot be blamed for this kind of thing itself, who told them that the two of them would encounter it on this occasion.

No one wants to retreat, so naturally they can only choose to use all their strengths. The only thing Li Tian takes advantage of is that his current strength can be compared with Jin Ling'er, and Jin Ling'er is even a victory. Yes, it must be missed by the contestants later, which is a little bit unfair.

Li Tian held the Red Sword in his hand and summoned the Azure Dragon at the same time: "The more I never thought that after I practiced for so long, I would still meet a woman who would allow me to show my full strength."

"The Great Blue Dragon?" Jin Linger knew the Great Blue Dragon summoned by Li Tian, or that his current fighting style is well-known in the entire God Realm. First of all, his weapons are very unique, and many people have never had a fighting style. I have seen it.

It's just that many people can't believe that Li Tian simply applied spells to his fighting style before.

But now this situation has completely changed. It took a while before chanting the spell, but now Li Tian can directly cast the spell instantly. Such a change inevitably makes people start to wonder, where he disappeared. For a while, have you secretly learned the way to make spells and become a spellmaster?

After all, in the God Realm, with the exception of some spell masters, very few people can do such an instant spell.

After the Honghuang Qinglong appeared, Li Tian urged his immortal power again, only to find that there was a feeling of paralysis in his body, and then fell softly to the ground, which felt like he had been given an anesthetic.

"It seems that you didn't notice that you have been poisoned." Jin Linger said calmly.

The Honghuang Qinglong blocked Li Tian's side, and as his clones disappeared one by one, the only one who could help Li Tian now was the Honghuang Qinglong in front of him.

"Is it the poisonous gas?"

"Do you really think that it is just some corrosive poisonous gas, do you really think that you only need to keep a distance?" Jin Linger smiled, looked at Li Tian, and said in a very calm tone: "Even if you stand in a far place, you will also be exposed to the poison gas at the moment it appears. If you don't use the fairy power to protect yourself and prevent the poison gas from intruding, then you will definitely be poisoned."

"Then I guess my current state should be poisoned?"

"This kind of poisonous gas is also called the tarsal maggot. Once it entangles the master, it is difficult to get rid of it. It can be regarded as one of the most common toxins that the purple-winged golden cicada is good at. It can make life worse than death. Normally we use this toxin to torture." Jin Linger smiled wryly, then took out a small bottle and smiled at Li Tian: "If you give up now, I can give you this. Antidote."

"What if I don't,"

"Then you can only endure such pain, and then I was defeated. Anyway, the result will not change. After the poisoning, you can no longer perform your original strength perfectly, so why bother struggling."

Chapter 5460: Iron will

Old Wang looked at the two people fighting on the ring very seriously, and the expressions on their faces became more and more serious. These two young people were very low-key in the second group, whether it was Li Tian or Jin Linger, this Neither of them had noticed at all before. Who would have thought that there would be two such powerful players in this game. At this time, the strength they showed was enough to be considered quite good. .

Even these referees sitting here are all satisfied and appreciative in their eyes at this time.

If at the beginning they did not think that the two young people would collide with any sparks, then this idea is completely gone now. The combat effectiveness of these two young people is far more than they imagined. Much more powerful.

"The battle between these two young people has been fierce, I think even in the finals, it's just that."

"It is true. The strength of these two people can easily enter the finals. It's just a pity that they met each other in this game, and one of them is destined to be eliminated, but it seems that this is called Mu Zitian. Boy, there is probably not much chance of winning."

Many people are all watching Li Tian at this time. Whether he can reorganize and attack again, it also represents whether this game can end like this.

But from the current point of view, after the poison of this tarsal maggot, Li Tian's body has probably begun to react. The pain will soon torture his spirit, even if it is a fairy, it is impossible under this torture. How long they persisted, they thought that Li Tian might almost begin to choose to surrender.

Li Tian in the ring is indeed very embarrassed.

Even though the armor on his body is extraordinarily hard and can withstand great impact, there is obviously no better way to deal with this kind of internal damage.

After this toxin occurs, it is like raising countless ants in your body. These ants are all walking around in your body, and it feels like they are under the skin, with a very itchy sensation, but Touching it with your hands will become extremely painful, as if you are slowly peeling your skin off your muscles.

This method is indeed very scary, even Li Tian can't bear it.

Some sweat slowly permeated his forehead, and he tried very hard to restrain his hands from touching his body. He knew very well that once he touched his body, this painful feeling would appear. The geometric magnification was magnified, and the sudden pain was enough to destroy the will he had finally built up now, so he could only clenched his teeth and insisted, even if it was really painful.

"You are really prepared to persevere like this. It really surprises me. Ordinary people will honestly choose to give up after encountering such a challenge, but what is the point if you want to persevere like this with me? Do you really want to let yourself be tortured to death in this kind of pain?" Jin

Linger looked at him, gently holding the golden bell with one hand, and brushing her hair with the other. It seemed that it was much better than before.

Under Li Tianshui's general offensive, Jin Ling'er was also overwhelmed. After all, the fighting style of the two people and the storage of immortal power in their bodies were completely different.

However, relying on the move in front of her, she successfully subdued Li Tian.

After disappearing for a short while, her body was also recovering quickly, which indeed made her feel that her strength was recovering.

She didn't rush to end this battle, and that's why.

At this time, Li Tian has no chance to fight back. Instead of directly defeating at this time, it is better to delay this time, so that she can use this time to restore the fairy power in her body and deal with the next challenger. It will become much easier.

This idea is of course correct. In this situation, Jin Linger's choice is not a problem.

But this will suffer Li Tian, but he will be tortured to death.

So Jin Ling'er couldn't bear it. She and Li Tian didn't have much hatred. Even though the name of Wudumen sounded evil, they still had their own standards in doing things.

The strength of Li Tian in front of him was enough to make Jin Linger admire.

As a Sanxian, he can display such terrifying combat power at a young age. Looking at the entire God Realm, it may be difficult to find one or two such masters. Only Li Tian in front of him has such a method.

"Didn't I say it before? I won't give up easily. Since I have fought to the present situation, I have nothing to be afraid of, let alone that I will give up." Li Tian struggled He stood up on the ground, but every moment he stood up, he could feel a painful sensation from his bones, and his body would kneel on the ground again.

He clenched his fist, clenched his teeth, and made a "creak" sound.

Above the ring, the breeze was slow.

A ray of sunlight shines on two people, and the purple-winged golden cicadas under the sunlight look more like two huge pieces of gold. The wings on their bodies are also shining under this kind of light, making people unable to open their eyes. Light.

More and more sweat permeated Li Tian's body, and even blood permeating through the pores of his body could be seen.

The Great Blue Dragon protected Li Tian, looking at Jin Linger in front of him as if he was facing a major enemy, but did not take the initiative to attack. It still wanted to help Li Tian through the current difficulties.

"Can you keep going? It depends on your physical condition. It's far more difficult than you think. If you can't, then don't try hard." Its voice slowly passed through Li Tian's ear, huge Cyan energy was released from Li Tian's body and slowly injected into Li Tian's body to help him ease his painful physical state.

Li Tian still did not speak, but relied on his actual actions to prove himself little by little.

Under such circumstances, no one could stand up again.

But he did it.

His body is like a body of steel, slowly standing up, under the shining of the sun, a stalwart back is reflected, his will is like steel, it is impossible to break down, and it makes people fearful.
