

A Killer 5461

Chapter 5461: Respect

Li Tian stood on the ring, his body still trembling.

Many people are already speechless at this time. Even those who hated Li Tian a lot before, can't help but admire this young man a little at this time. If it is them, under such painful torture, probably will not The hesitant choice gave up.

Even if Yunducaos means a lot to them, it is obviously inappropriate to lose one's life for this thing.

But Li Tian is not like that. He did not choose to surrender under this painful torture, but like a fighting spirit with steel will, even under such pain, he still has to stick to his original goal, even though he is just standing On the ring, nothing was done, but just such a gesture was enough to make many people respectful.

Even Lao Wang kept nodding his head at this time: "This son can be made. If you can have such a firm will and cultivate it, you will definitely become a powerful person in the future."

"But now he has to continue like this. It is true that he is a little crazy. Although he has stood up, his body is already at the end of the battle. If the toxins in the body are not removed, with this will, he can persist. How long?" This is also a very correct question. It is true that the will shown by Li Tian is admirable, but just that is not enough.

Lao Wang didn't say anything, just looking at Li Tian from a distance, as if waiting.

"It seems that you are going to choose to persevere. I thought that under this kind of pain, the will of even the most powerful people would be shaken, but you still chose to persist, which surprised me." Jin Linger exhaled deeply. In a sigh of relief, if she was only a little bit curious about Li Tian in front of her before, then now she has a little bit more affection.

What is a real man?

With an indomitable will, even in the face of an extremely powerful enemy, he will still unswervingly choose his own path.

"What's so surprising. If I give up in this way, it will no longer be me." Li Tian's right hand trembled, and the Hong Zhan in his hand could get out of his hand at any time, but he still insisted. Slowly raised his right hand.

This process is very difficult and very slow.

There are countless small bugs biting in his body. Such pain will make him feel unbearable, but even so, he still has no intention to choose to retreat. He slowly raised the sword in his hand. , His lips moved slightly.

The audience was in an uproar.

They didn't expect that Li Tian would choose to persist at this time?

After being poisoned, the immortal power in his body is like a medicine that promotes the evolution and reproduction of toxins. The more the immortal power is used, the more the attack power and quantity of this toxin will increase.

The best choice at this time is to assume that nothing has happened, even if you stand up, you can't mobilize the fairy power in your body.

But Li Tian directly changed all this.

Jin Linger slowly raised the bell in her hand and said softly: "You are an admirable opponent, so even if I know that this is not good for me, I still have to choose to fight you upright."

She could have relied on the delay of toxins to restore the fairy power in her body, so when dealing with the next challenger, she must be much easier than it is now.

But seeing Li Tian's terrifying willpower, even she was not infected as if it were a highly contagious germ, instantly making her give up her original idea.

Such opponents should have fought with respect.

"Xuanyin witty words, Hualian breeze, true and illusion, and false and true." Her red lips were slightly opened, and her voice was as good as a oriole, but there was a more terrifying magic in this voice. Not only did it affect Li Tian on the top of the ring, but even the other people below the ring. It can be seen that this magical voice cannot be underestimated.

Many people just watched the battle on the ring carefully, but in the next second, a faint frustration appeared in their eyes.

It's like losing one's soul.

Of course, this is only a few seconds for them. After all, this battle is aimed at Li Tian, not the audience in the audience. Even if Jin Linger's methods are able to reach the sky, she definitely has no ability. At this time, it affected the powerhouses of the entire sky dojo, but her small method still made many people admire.

The Five Poison Sect had been silent for a long time, and many people thought that they had completely disappeared from the God Realm for so many years.

It now appears that this is not the case.

After all, the sect in this rumor still has a very deep background. The energy in it is far from what ordinary people can imagine. There will be such a situation today, which is also something that many people have unexpected.

As Jin Ling'er's thoughts on the law came out, the two purple-winged golden cicadas actually began to shrink slowly, even smaller than their original size, just like two mung beans, if not If you observe carefully, it is difficult to spot them.

And Jin Ling'er, the clothes on her body moved with the wind at this time, and the strong wind hunted and hunted, and also made her clothes ring with a'hula'. The golden bell in her hand was thrown high into the air by her, emitting a circle of dark gold The rays of light spread slowly like fireworks, slowly covering most of the sky.

Subsequently, these golden lights turned into strands of gold.

These golden threads slowly condense, and finally some strange patterns are formed on Jinling's white and tender skin, just like a tattoo, but this kind of tattoo looks more ancient.

The two purple-winged golden cicadas let out a low, soft moan, then turned into a stream of light and blended into Jin Ling'er's eyeballs.

She was wearing a sword robe moving with the wind, her eyes turned into purple with a strange light, and a lot of golden runes appeared on the white and red skin. At this time, people did not dare to underestimate the pressure. Released from her body.

Everyone looked at Jin Linger in front of them, and they were all nervous.

The idiot can see that after such a short spell increase, this woman's combat effectiveness has gone to a higher level.

This can be said to make the situation worse. How strong is Li Tian's willpower, just like dealing with such a terrible Jinlinger?

Chapter 5462: Wushuang

"Love, although this kid I also like very much, but the opponent is still too strong after all, and even poisoned at this critical time, this time it seems that there is not much chance of winning." Wang Lao was also very helpless at this time. With a sigh, in the case of poisoning and injury, and Jin Ling'er even used the five-poison gatekeeper skills, at this time Li Tian basically had no chance of winning.

The state of Jin Linger in front of her was the very famous Holy Spirit Dynasty Sect of Wudumen.

The Holy Spirit, who has been raised all his life, has a very close feeling to their owner, so the two can blend together perfectly. Now it seems that the golden bell in her hand is probably the medium between the two. .

"I'm sorry to make you suffer such torture, but I don't want to regret my battle this time, so use all of your own strength and come and fight with me." Jin Linger yelled. A firm and icy emotion flashed in the purple eyes. The next second, the golden bell in her hand turned into a golden fairy sword.

She holds the fairy sword in her hand, like a ***** high above, purple energy is slowly overflowing in her purple eyes, like a purple flame, beating in her eyes, above the golden fairy sword in her hand Many strange lines are carved.

Following her movement, like a golden dragon, rushed towards Li Tian.

The Honghuang Qinglong twisted his huge body, and cyan flames burned on the surface of his body. At the same time, he was also very tightly protecting Li Tian beside him.

The situation has become very bad for a while.

Many people don't have any thoughts of watching it anymore. Whether it is these people in the sky dojo or the audience in the New Moon City, they all have expressions of no interest in watching.

Everyone can tell that after Li Tian was poisoned, there was basically no advantage.

Not to mention, at this time, he was facing a chief disciple of the Five Poison Sect. This title also represented absolute strength. Even if Ningbing stood here, it still took a lot of effort to deal with.

And Li Tian, as a scattered immortal without any backing, relying on his own efforts to get to this point is already very difficult. Looking at the entire God Realm, it is difficult to find young people like Li Tian. .

Although they were jealous of Li Tian before, but now they have a little bit of love for this young man.

Originally, this time the game might be promoted again, but he didn't expect to encounter such a difficult opponent, and he failed without having time to exert his original strength.

But just when they thought that Li Tian had no chances, Li Tian laughed.

This smile on his face made many people feel a little inexplicable. They obviously no longer have any fighting capacity, but they can still laugh. They are all inexplicable, thinking that Li Tian in front of him has some ideas.

It is indeed like this, Li Tian's current physical condition is uncomfortable.

The toxin constantly tortured him like a tarsal maggot, biting his body, but he also discovered a very important factor in the process, that is, although this toxin has been torturing himself, but itself But it won't really damage his body, as if torturing himself, but it won't kill his own life.

If it is like this, as long as Li Tian can still endure such pain, then he can still show his strength.

He slowly closed his eyes, and under this painful situation, he still entered the realm of his heart as still water. At this moment, the whole world seemed to be in his hands. Any energy fluctuations around him, There is no way to avoid Li Tian's perception.

He held Hong Zhan tightly with his right hand, and then quickly separated several clones.

It seems that it has now completely got rid of the control of toxins. In fact, the toxins are still torturing Li Tian. Many bean-sized blood beads have appeared on the surface of his body. These blood beads slowly condense in Li Tian. The surface of his body penetrated out of his red wing divine outfit, and even his skin was cracking a little at this time.

The situation has become very bad, and for Li Tian this battle may become extremely tricky.

But in this case, he can still maintain a very calm attitude. During this period of free space training, he is not really wasting time, but has been working hard to improve his strength.

He knows very well that he has countless enemies in the God Realm, and maybe he will face a very difficult opponent whenever he is going to, and always ensure that his strength is at the peak, this is the most important thing.

At this time, under this painful torture, Li Tian still did not withdraw from the realm of his heart.

The Hong Zhan in his hand let out a whisper, as if he couldn't stand his own strength and wanted to fight against the opponent in front of him, even in the air, there was a terrible pressure. .

But in this air, there is also a very strong smell of blood.

"Tick, tick"

On the armor, a trace of blood flowed out of it, and then fell under Li Tian's feet. This is very clear to many people. They can clearly see that the blood under Li Tian's feet is slowly Condensed to form a small blood pool, you can imagine how much pain he has endured by forcibly urging his immortal power to activate the realm of heart-like water-stopping.

This is equivalent to throwing Li Tian into a squeezer. The blood in his body is being squeezed out bit by bit.

But it is a pity that Li Tian still has no intention to stop.

Standing in another dojo, Ningbing looked at the broadcast of Li Tian's camera, and at this time she couldn't help but frown. She was full of curiosity in her heart. What kind of willpower does this man rely on? Persevere, why do we have to win the championship of this young hero meeting, is it just for something like Yunducaao?

It may be possible, but even for such an immortal grass, betting on your own life is a very irrational behavior.

Looking at Li Tian's crazy appearance at this time, many people have no idea what he is thinking about.

Chapter 5463: A sword that smashed the world

In the air, the smell of blood mixed with the smell of dust.

At this moment, the ground under the feet of the two people began to produce a trace of cracks, even at such a hard point, there was no way to withstand such a terrifying force.

Across the enchantment, many people can feel how terrible the power released by these two people is, just like a divine dragon that is slowly waking up, their power is not so easy to control.

At this time, Jin Linger had already attacked Li Tian.

The golden fairy sword in her hand released unparalleled terrifying destructive power, and a series of Qi blades formed all over her body, just like a crooked moon, but densely scattered around Jin Linger's body, not yet close to the ground, powerful destruction The force has already begun to destroy the deep and shallow furrows of the arms on the ground, and the cracks are still expanding with the increase of energy.

‘Boom Rumble’

The sound was like thunder, and it resounded in your ears, as if the entire sky dojo trembled. Then the cracks on the ground became more and more dense.

At this time, Jin Ling'er's sword had fallen in front of Li Tian.

At the same time, the dazzling light burst out instantly, just like a star exploding, without any sound, just moisturizing things silently, but there is no way to ignore this light.

Seeing the light getting stronger and more dazzling, many people subconsciously covered their hands on their eyes.

Only Wang Lao is still looking at the top of the ring very seriously at this time. It seems that he can penetrate the light and see the most essential things. If you observe a little closer, you can find it in Wang Lao's eyes. There was a layer of light blue energy membrane. Through this energy membrane, he could just see everything that happened on the ring.

Everyone thought that Li Tian might have been smashed by this sword, but that was not the case.

In his body, a white enchantment suddenly appeared. The energy of this enchantment was strange, a little old, with a taste of vicissitudes, and seemed to be close to hundreds of billions of years of history.

He looked at Li Tian, the doubts on his face had become more and more serious. Since the appearance of this young man, he has given them so many surprises.

So now, they are more curious looking at Li Tian,

Is there anything in this young man's body that they don't know, and under this circumstance, there can be unseen means?

Jin Ling'er's sword was indeed hit on Li Tian's body, but it was perfectly controlled by this enchantment, but Li Tian suddenly looked at Jin Ling'er in front of him, revealing a meaningful expression. Smile.

When the light slowly disappeared, the sound of the explosion slowly appeared, causing everyone to subconsciously cover their ears.

But their eyes are wide open.

Because after taking a sword like Jin Ling'er, Li Tian was unscathed, but the enchantment on his body disappeared after forcibly taking the sword.

At this time, Li Tian had countless cyan fairy swords behind him.

And the red sword in his hand had already burned a crimson flame. Obviously, after this, he was going to make the final counterattack, but the price he paid for this was that blood was already flowing under his feet.

In the next second, all the colors between the sky and the earth seemed to disappear.

The whole world seemed to be quiet in this short moment.

The fairy sword in Li Tian's hand turned into countless lights and shadows and turned towards Jin Ling'er. The Hong Zhan in his hand gently waved, and there were waves of lightning and thunder in the sky. The ground under his feet was also at this time. Completely collapsed, even under such destructive power, the enchantment still did not respond, like a towering mountain blocking the energy.

But Jin Linger at the center of the energy storm is not that simple.

It's just a dense cluster of fairy swords rushing over quickly, which is already very difficult for her to deal with, not to mention the red sword in Li Tian's hands, at this time it is like a slowly erupting volcano, who can imagine being here What terrifying power is sealed in the sword?

Facing Jin Ling'er, he didn't hesitate, and the sword slashed directly.

When it was, the world was overshadowed.

This sword seems to be able to tear the sky and break through the ground, and the power of destruction can be imagined.

The people in the entire sky dojo all raised their heads subconsciously at this time, looking at the sky above them. At this time, it has completely turned black, and there are purple thunder and lightning mixed in it, like a dragon. The ground shook violently as if it was tumbling in the ocean, and many of the contestants who were fighting almost fell to the ground without control.

In the second group, many people wiped the sweat from their foreheads.

Fortunately, they didn't encounter such an opponent. Otherwise, it's really difficult to deal with. I thought Li Tian was just a small follower next to Master Ningbing. The current achievements, now it seems that they are really thinking too simple, Li Tian's combat effectiveness is far more terrifying than they thought.

This sword alone seems to destroy the world.

The air current generated by the explosion scoured the barrier like ocean waves, but there was no way to shake the barrier at all.

Old Wang smiled and shook his head, and said, "This young man may be in trouble."

"How to say?"

"As a Sanxian, it is quite terrifying to be able to do this. It is very likely that people will be suspected of being the strongest person who has ascended from the lower realm. Of course, if he can find a suitable excuse, maybe there will be nothing. Trouble." Wang Lao looked at Li Tian's back and said seriously, the strongest in the lower realm can change the existence of the inherent pattern of the gods.

The current God Realm has basically stabilized. After the Great God Emperor War, although there were still contradictions among the great God Emperors, they had subconsciously avoided it. The appearance of this kid might change this pattern. Now, the appearance of a strongest in the lower realm may make the current stable situation unbalanced again, and war will break out again.

So in any case, if this young man is really a strongest in the lower realm, he will definitely become the enemy of the strong in the gods.

No matter how unique he was, he couldn't fight the entire God Realm.

Chapter 5464: Miserable victory

I don't know how much time has passed. The ring is full of turbulence of energy. The energy of various colors flashes in it, which looks like a colorful neon light. If you don't enter Li Tian, you can't see this. What happened inside, even Mr. Wang, at this moment, it is difficult to determine how far the battle in this enchantment has progressed.

The only thing he was nervous about now was Jin Linger's comfort.

Wudu Sect has not been out for many years. This time, Jin Ling'er was sent out, obviously to let the world know their existence and let the world know their power.

Who knows that this time it's not good to be a teacher. This time I just participated in the selection of the top 100 at the Youth Hero Conference, and I was directly beaten on the ground by Li Tian, the BT. Jin Linger's failure is definitely beyond doubt, but whether she can Surviving in this battle is something that many people cannot be sure of. There is basically no possibility of surviving in such a violent explosion.

But as the chief disciple of the Five Poison Sect, he will inevitably carry some registered treasures.

Many people are paying attention, and Li Tian at this time has completely lost these thoughts.

As the energy was slowly neutralized, everything on the ring gradually appeared in front of many people.

When they saw the whole ring, they all sucked in air.

The ancient arena that originally looked like it has been completely damaged and improperly damaged at this time. Just as it has been washed by hundreds of millions of years, these stones have all turned into powder, and bottomless gullies can be seen everywhere. , There are not many places on the ring that can stand firm.

Li Tian knelt on the ground at this time. There was no armor on his body, and his clothes turned blood red. Even his hair turned blood red. The blood in the seven orifices was slowly flowing out. Look. It can be concluded that after experiencing this battle, the current Li Tian is already weak to the point of indescribable, and he can just stand up and kill him with a loose fairy.

Opposite Li Tian is Jin Linger.

Compared to before, she looked quite embarrassed. The clothes on her body were already in tatters, and even the white and tender skin showed a lot of blood and stains. Two purple-winged golden cicadas were lying on her weakly. On the ground in front of him, he was probably seriously injured.

And around her, there was a huge phantom that looked like a giant, and it was this giant who had protected Jin Ling'er with his hands just now.

Otherwise, under Li Tian's sword, Jin Linger would have died directly.

This is so, but Jin Ling'er received a great impact. At this time, she opened her mouth and spit out a mouthful of blood, and looked at Li Tian with a wry smile: "It's terrible. No wonder you can kill a city lord in Luoyang City. The strength is simply daunting."

Li Tian couldn't answer, he could feel the vitality in his body disappearing bit by bit.

Although the battle had been won this time, what he paid seemed to be the price of his own life. He could clearly feel the passing of his vitality, and he also knew that he had no control at all.

Mr. Wang stood up at this time and sighed: "After all, he is still young and vigorous, and his eagerness to win is too strong. In this kind of battle, he has desperately reached this point. Now this kid has probably arrived. At the end of the crossbow, if you continue to ignore it, your vitality will soon pass and die."

While talking, Mr. Wang slowly approached the ring.

The barrier slowly disappeared.

Suddenly, a wave of energy burst out from the ring. Before many scattered immortals around could react, the whole person was directly knocked out by the shock wave.

Suddenly, the entire 2 groups were in a mess.

It is conceivable that the aftermath after the battle between two people is so terrible. What kind of terrible impact did the two people at the core endure?

Lao Wang squatted down in front of Li Tian, looked at the young man in front of him, and asked in a low voice, "For this match, I almost lost my life. Do you think it's worth it?"

"I have what I have to do. I have to win the championship of this young hero meeting. Only in this way can I follow her." Li Tian was slowly healed by Wang Lao's Xianli. It is slowly recovering.

"Aren't you doing it for Yundu Cao?"

"Although Yundu Grass is precious, it is far from the point where I need to work hard for it. I fought to this extent today, just because I always have a task to complete in my heart. For this task, this time the boy I definitely can't fail in the hero meeting." Li Tian glanced at Wang Lao beside him, feeling the vitality slowly radiating in his body, and he was relieved at this moment: "Thank you, senior, for your help. I almost thought I was going to die like this. Up."

"It's not much difference. Fortunately, your battle is over at this time. Otherwise, you will definitely lose your life today. I can't even imagine what you young man thinks. Fight desperately." Wang Lao said, while slowly injecting the immortal power into Li Tian's body, which can also help him slowly recover.

If such a genius died in front of him, that would be the most regrettable thing.

What they didn't notice was that Ning Bing didn't know when he came to the 2nd ring. She heard everything Li Tian said before, and she heard it very clearly.

I didn't know why, and I suddenly became nervous.

"She was fighting like this to be by my side, to protect me, to help me regain my memory?" She looked at Li Tian on the ring, and she probably understood something at this time. Tian insisted on where the willpower to stand up came from, not someone else, it was her.

If Li Tian wants to help her restore her memory, he must always follow Ning Bing's side.

And if you want to do this, the champion of the Youth Hero Conference this time must be won. Only in this way can he follow Ningbing's side, and he can be appreciated by the Water Moon Sect.

All this has nothing to do with any benefit, just to freeze the ice.

Just to help her and retrieve the lost memories.

She also seemed to have made a decision, looking at Li Tian on the ring, and then step by step towards the ring...

Chapter 5465: Moving

It can be said that Li Tian has won the respect of others by relying on his own efforts.

Although Jin Linger lost this game, she could not find a trace of dissatisfaction on her face. On the contrary, they all felt unsatisfied. The two of them played their strengths heartily here, right. For her, it is also a rare opportunity. It is not so easy to meet an opponent equal to her in this world.

"I think you are a respectable opponent, relying on strong willpower to fight to this point, even I can't imagine that someone would be so crazy." Jin Linger smiled and looked at Li Tian said: "I lost today's game, but I was convinced that I lost it. Whether in the use of immortal power or in willpower, you are far more powerful than me."

"As the chief disciple of the Five Poison Sect, you are actually very powerful, but I just happen to have some means to restrain you." Li Tian is like this, when others respect him, he respects others.

If he were to be replaced by another opponent, he would be very unconvinced and mocked that Li Tian did not have such strength at all. Maybe he would not answer that way at all. Instead, he would be happy to mock his opponent and make him unable to calm down. The mood became more excited.

But now, he obviously can't do this.

Li Tian hadn't noticed Ningbing yet. After the battle was over, his entire attention was now focused on himself. The intensity of this battle was probably not even Li Tian expected.

I just thought that this woman would be a difficult opponent, but I didn't expect that she might almost pay the price of her life. Fortunately, in this battle, Li Tian relied on his firm willpower to turn the tide. , Or else Li Tian would have fallen to the ground now.

At this moment, everyone around the ring became quiet.

They looked at an extremely beautiful figure, slowly walking up the ring, and then went straight to Li Tian's side.

Of course, Jin Ling'er had also noticed, looking at Ning Bing at this time, without speaking.

She originally regarded Master Ningbing as her most dangerous enemy. Among the known enemies, Master Ningbing is definitely a hot spot in this competition, whether in terms of strength or other aspects. I still spent a lot of time studying the Ningbing in front of me. I thought that there would be a little effect, but who would have thought that she would be defeated by Li Tian here.

Even if Jin Ling'er's master had calculated a lot, it was unlikely that her precious apprentice would be defeated at this critical time.

Even Jin Ling'er herself didn't want to, and she didn't want to believe that she would fail without encountering Ningbing.

At this moment, watching Ningbing step onto the ring step by step, this woman's aura is stronger than they imagined. Just approaching step by step will give you a very strong feeling of oppression. It can be noticed that this woman's aura is definitely not something that an ordinary person can have. There are people with such a powerful aura, and there are not many young people in the entire God Realm who can do it.

"Ningbing, you... why are you here?" Li Tian, who was still speaking boldly, suddenly felt like his mouth was dumb. He looked at Ningbing that appeared in front of him, like a ghost. The same: "Don't you still want to compete? Come here at this time, didn't you delay your own affairs?"

"My game has not started yet, and I am very worried about your situation. If you die here like this, I will die of guilt in my heart." Ning Bing looked at Li Tian very affectionately, originally for this man. There was a very strange feeling. It seemed that the two of them were very good lovers in their previous life. She had never figured out why she felt that way.

To this day, she has been completely relieved.

She has seen many people who pursue her, including the two young masters of Feng's family. These people are the masters who say one thing and do one thing, and they say very nicely. They want to dig out their heart to show you. , But when they encounter a problem, they will hide like a turtle with their heads down, wishing to forget everything they said before.

But Li Tian and these men in front of him are all different. This man has been insisting on what he said from the beginning, so even if he sacrifices his life, he does not hesitate to do so. This is where Ningbing is most moved. This is a man with one heart and soul. If he was still doubting Li Tian's sincerity before, he suspected that this guy might have deliberately approached him.

So now, Ningbing has no such idea at all.

If a person approaches you just because of your appearance and your status, it is absolutely impossible for him to be like Li Tian and bet his life to help you.

Li Tian was the only one among so many men that Ningbing had seen.

Even though her personality has always been very cold, and she doesn't seem to have a particularly important feeling to anyone, at this time, when facing Li Tian, she still has a perfect change.

All that Li Tian did, even his steel heart would definitely be touched.

Although her voice was very low, many people heard it. Many people were jealous of Li Tian, but now there is basically no hope. Instead, they look blank and don't know what happened.

The appearance of this Muzitian was like a thunderbolt on a sunny day, without any signs, and within a few days after the appearance, he quickly developed to such an intimate level with Ningbing. Now everyone knows that this young man and Ningbing The relationship is definitely not ordinary. At this time, they are still thinking about trouble with Li Tian, but they are not particularly optimistic.

Moreover, the combat power shown by Li Tian today is really terrifying. For them, such an opponent is simply very difficult to deal with.

At this time, many people admired Li Tian very much, and they didn't really want to do anything against Li Tian. Everyone knew that such an enemy could not be dealt with by a small Sanxian like them.

"You speak like this, I don't know what way I should answer." Li Tian looked at Ning Bing in embarrassment, a little at a loss.

Chapter 5466: Dark horse

"This is your own business, how do I know?" Ning Bing said grimly, then glanced at Wang Lao with a respectful tone: "Senior, how is his physical condition?"

"This battle is almost a desperate fight. If it weren't for my old fellow, he might have become a corpse now." Wang Lao said while looking at the ice in front of him. Shuiyue's genius master sister also heard about it, and her strength has reached a terrible level at a young age, and she is the strongest with the highest probability of winning this time.

Moreover, it is rumored that this woman has a very withdrawn character and seldom contacts with people, especially men.

It is precisely because of this that it has become a goddess of many people. For many men, beautiful women may not be rare, but beautiful and powerful women like Ning Bing are very difficult to conquer, but they are rare. See you, such beauties are like poppies to anyone. Who doesn't want to conquer such a beauties?

However, I have never heard of anyone who can really get close to Ningbing.

Only the stinky boy in front of him seemed to be lucky.

"Thank you senior for your help. It would be a bit tricky to tell him to die here like this." After Ning Bing heard this, she breathed a sigh of relief. Since Wang Lao said this, it must be for Li Tian now.

The physical condition has already been understood to a certain extent. As long as this guy does not die, he only needs to take care of him for a period of time before he can recover.

In this competition, we will definitely enter the next finals directly, and the time for the finals will of course be much slower.

This is also to give these powerhouses a chance to ease the injury, but because of the Ten City Conference, there will not be much time left for them, so if you still don't reply before the finals, you can only say that you are unlucky. The game will not be delayed because you have not fully recovered, but will continue the same.

It is precisely because Li Tian knows this very clearly that he thinks that this time it may have a big impact on him.

"I have long heard that Shuiyue's Master Ningbing is a very powerful beauty, and she looked like this at first sight today." Jin Linger was on the side, looking at Ningbing's back, and said with emotion.

"Sister Ling'er, as the chief disciple of the Five Poison Sect, is not easy to be able to fight him to this point. It also makes people admire your combat effectiveness. It is indeed beyond many people's imagination." Ning Bing watched. Glancing at Jin Linger, he responded.

The two people seemed to admire each other, but Li Tian could feel that between the two people, there seemed to be some arrogance slowly rising.

In order to prevent the two men from fighting here, he had to stand up tremblingly from the ground, his body almost fell to the ground uncontrollably again, but at the most critical time, Ningbing caught Li Tian's arm: "I will send you down to rest first."

"I want to go straight back to Yunji Tavern. Today's game is almost over now. The next thing is to let others tell me. I must hurry up to recover from my injury." Li Tian is not a fool, he In New Moon City, it can be said that there are many enemies. These enemies include not only Feng Tianling or Feng Tianxiang, but also many people who are jealous of Li Tian.

He is seriously injured now, which is an opportunity for many people.

In the finals this time, Li Tian will definitely become a super dark horse, a Sanxian without any back, suddenly he will be born, defeating the chief disciple of the Five Poison Sect, and also have a talk with the master sister of Shuiyue's unclear relationship, such a mysterious man, will definitely be the most talked about in the finals this time, and there will definitely be more than one or two opponents who want to kill Li Tian.

He worried that if he stayed here, he might give others a chance.

This is the Sky Dojo. They would definitely not choose to do it at this time, but if they leave the Sky Dojo, the result may be completely different. Even in the New Moon City, it cannot be said that there are no desperadoes. .

Knowing Li Tian's thoughts, Ningbing said in a low voice, "I will accompany you back."

"No, if you leave with me, what will happen to the next game? You should stay here and prepare to deal with the next game. I am just a minor injury. Just take care of it for a while. . "Li Tian shook his head and rejected Ning Bing's kindness. Even though he knew that this was a substantial leap

forward for the relationship between the two people, he still had no choice to let Ning Bing leave with him.

Old Wang looked at him and smiled secretly in his heart: "This kid's methods are really good. Even the dignified Shuiyuezhong Master Ningbing is so accurate. It's no wonder how many men are jealous of him. And determination can indeed make many girls tempted. '

Seeing the tangled faces of these two men, he knew it was time to speak for himself: "You two don't have to argue here anymore. I can see Li Tian's current situation in my eyes, indeed. He needs someone to protect him and let him take a good rest for a while to adjust his state. Since you need to show up in the next game, let me send this kid back."

"Senior, this...isn't it good?"

"What's not so good about this? I just said to send this kid back, but didn't say what I would do to help this kid?" Old Wang smiled and looked at the nervous Ningbing, and asked in a low voice: "Or, you Do you think this old fellow would do anything else to this kid?"

"Of course not." Ning Bing shook his head. If Wang Lao really wanted to attack Li Tian, then Li Tian would have already become a corpse on the ground.

"If this is the case, what else do you have to worry about? Leave the matter to me." Wang Lao patted Ningbing on the shoulder, and said: "You are also an existence that is favored by many people in this game. Work hard. Play, don't let those who are optimistic about you down, I also want to know how your Shuiyue Sect cultivated you, and I want to know how terrifying your current strength will be."

"I will work hard." Ning Bing glanced at Li Tian reluctantly, nodded, and said.

Chapter 5467: Determined

Li Tian glanced at Ningbing, smiled slightly, and revealed a relaxed smile: "Don't worry, my body is much stronger than you think. I have persisted in Luoyang City, let alone it's here."

"I thought you would continue to hide your identity." Old Wang said with a smile.

"I am Li Tian. I have never felt that there is anything to hide my identity. I just don't want this name to cause me any trouble. The entire God Realm wanted me before, and I didn't want to be an enemy of them. ." Li Tian glanced at Wang Lao and said helplessly. Of course, being anonymous is not the result he wants, but in order to survive in the gods, this must be accepted.

Fortunately, Luoyang City cancelled the wanted for Li Tian some time ago.

Even if it is said in the notice that Li Tian who killed Lu Xiu and Lu Wenhui has been killed, everyone knows that this is just giving himself a step down. Why did Luoyang City make such a decision? It is still an unimaginable mystery for many people. Only those who really have a lot of information can know how much power the Zhuge family exerted in this matter.

If in the God Realm, what kind of family can make the major cities compromise, then it can only be said that these families have a very long history.

These families seem to be invisible, but when you really investigate, you will find that their minions are spread across the entire God Realm, and the power of their family is not as simple as it seems on the surface. .

Therefore, after Zhuge's family asked Luoyang City to cancel the wanted for Li Tian, although Dongfang Shuo was very upset, he was a straight-tempered man and always wanted to kill Li Tian to avenge Lu Wenhui and Lu Xiu.

But after facing pressure from the Zhuge family, he could only choose to compromise.

"You are indeed safe now. Luoyang City has cancelled your wanted for you. Even if everyone knows that you are the original Li Tian, no one will come to trouble you because of that, but you are What I did here caused me a lot of trouble. Fortunately, you live in Yunji Pub. As long as you don't leave the Pub these days, there is probably nothing to worry about." Wang Lao said while helping. Looking at Li Tian, he slowly walked off the ring: "Little girl, it's almost time for you to compete. Let's seize the time to go back and deal with your match, but you must defeat your opponent and don't let others down."

Ningbing nodded, his eyes flowed very seriously on Li Tian, and said word by word, very sincerely: "I will deal with this game seriously and will never fail easily."

Li Tian knew that she was expressing her position, so she smiled and said, "I believe you."

Jin Linger slowly walked down from the ring, and soon came to Li Tian's side, and whispered: "We all have our background behind us, we have a lot of magic weapons, and no one will pay attention On us, but you, as a loose fairy, this time the strength in the game is unexpected. There will be many people who will pay attention to you."

"I know what they want to get from me, but if they think they can do it, they can come and try it." Li Tian looked at Jin Ling'er and said disdainfully, with his current strength It is not a problem to deal with some people, even if some gods peak realm or masters of the gods realm are really here, Li Tian is not without the power to fight back.

At least he still had spells in his hand, and when these spells were used to deal with Lu Xiu, the effect could be seen.

It can completely reverse the whole situation.

Coupled with this period of free space cultivation, if it is really time to desperately, Li Tian still believes that he should not easily lose to his enemy.

"I hope so. Although I lost this game, I don't think it is a pity. I will return to the Wudumen after this event. I hope that when we meet next time, I won't be a giver. Enemy." Jin Linger looked at Li Tian with a smile, and then stretched out her little hand: "Show me?"

Li Tian smiled awkwardly, stretched out his hand and shook Jin Ling'er, then paused his gaze on Ning Bing's body, and then left very resolutely.

Under Wang Lao's protection, the process of going to Yunji Tavern must be very safe. This is undoubtedly a matter. Li Tian would not doubt that he could be dangerous at this point. He has Wang Lao's protection. If someone can still attack him in this situation, then he has really reached the point of boldness, and Wang Lao would not easily let off such an opponent.

In this way, Li Tian left the sky dojo step by step under the gaze of many people, and then returned to the main city guild through the teleportation formation.

"After today's battle, do you have any feelings?"

"My own strength is still far from enough. I thought that I might not need to use much means before the finals, but I still underestimated the strength of the guys who came to participate in this competition." Li Tian saw Mr. Wang said seriously, if he had thought of this at the beginning, maybe he wouldn't become so embarrassed later.

"This is indeed the case. Although you have rich combat experience and you are very decisive, you will have a little overconfidence. This is not good." Old Wang nodded and said: "This year, it has been considered a god. For a long time, the era with the most geniuses has to make people suspect that there may be major changes in the God Realm, but we don't know it now."

"Does the predecessor know anything?"

"Who can tell about the future. Looking at the entire God Realm, no one will have the courage to say that he knows what will happen in the future." Wang Lao glanced at Li Tian and said with a genius: "But now, What you need to worry about is the current situation."

At the same time, on the other side of the sky dojo, Feng Tianxiang looked at the man in black in front of him, his eyes narrowed slightly.

"Young Master, we have already determined the identity of that kid. It is Li Tian who was in Luoyang City before. Now it is almost time for us to make a decision." The man in black knelt down in front of him with a very Said in a serious tone.

Chapter 5468: Assassinate

"Is his identity confirmed, is Li Tian who was in Luoyang City before?"

"It is true. With this way of fighting, as well as his age and name, we can basically be 100% sure that this guy is Li Tian who was in Luoyang City before. If he is allowed to continue like this, he will definitely be here this time. He scored a very high achievement in the game, so far, this kid is probably an enemy we need to pay attention to!" The man in black looked at Feng Tianxiang in front of him and said.

"It seems that we still underestimated this kid before. The ridiculous big brother is still saying that this matter doesn't need to worry at all. If I really do it according to his requirements, there may be a problem now." Feng Tianxiang Looking at the man in black in front of him, the expression on his face also became a little ugly, and his voice said in a low voice: "Now even if you don't want to focus on this kid, it won't work."

"It is indeed like this. If the young master wants to get a good ranking in this young hero meeting, this kid will definitely start, and now is definitely the best opportunity for this competition. After that, this kid was seriously injured and there was no way to recover within a period of time. Under this situation, we wanted to take action against this kid, far less difficult than we thought." The man in black looked at Feng Tianxiang and said.

If Li Tian was at his full peak, it would not be easy for them to take action against this young man. After all, his current strength is close to the peak of spiritual cultivation, and he killed Lu Wenhui and Lu Xiu in Luoyang City before. These two things have caused many people's evaluation of this young man to rise sharply. Who can say that he can do such a thing?

But Li Tian did it, so if it were in the peak state, basically no one would be willing to deal with Li Tian.

But it's different now. At this young hero meeting, Li Tian was basically seriously injured. If he wanted to deal with him, it was naturally not as simple as before. This is why Feng Tianxiang thinks so now.

Because Li Tian has been seriously injured and will have a very serious impact on them in the subsequent games, they now have to focus their attention on this guy. Finding a way to kill Li Tiancai is the most important thing.

"Everyone has been arranged?"

"The plan is now all ready. You only need to make up your mind at this time whether we want to carry out this plan. Once it is implemented, as long as there are no problems, Li Tian will probably not easily get rid of this bad luck."

"If you make sure there are no problems, you should be ready to implement the plan, but you must remember clearly that if the incident is exposed, the credit cannot be attributed to me." Feng Tianxiang looked at the black man in front of him, he knew what to do. What does this matter mean, as the son of the City Lord of New Moon City, he should not make such a choice anyway.

But in order to ensure that he can get a better place in this competition, he can only choose to take the risk.

However, he still arranges these people to be dead men. If something really happens, he also hopes that the whole thing will not involve him, otherwise he will not be alone, even Feng. Jie is also unlucky in this matter. As a participant in this young hero meeting, Li Tian must be protected.

At least in the city of the new moon, to ensure his safety.

In desperation, Feng Tianxiang could only choose this way.

On the other side, Feng Jie saw Li Tian's performance in this competition, and immediately arranged for someone to inform Feng Tianling and Feng Tianxiang, don't go to Li Tian's troubles, even if this guy's current situation is already very serious. It is complicated, seriously injured, there is no threat, but they still have to be careful, there is a Zhuge family behind this guy.

They didn't know this before and what they could do with Li Tian.

But after knowing it, I definitely can't continue to do this. If the Zhuge family knows that they are in trouble with Li Tian at this time, wouldn't they find things for themselves?

And Li Tian, under the ***** of Wang Lao, had successfully returned to the Yunji Tavern.

He had just arrived here, and he was taken aback by the current situation in Yunji Tavern. The guests inside were all expelled. The reason was to create a very good rest environment for Li Tian. Dongfang Yuechu stood at the door. , Looking at Li Tian who slowly appeared in his sight, smiled and said: "You are finally back. I was worried about what might happen on the road before, and I am going to send someone over."

"There are seniors here to protect me, of course there will be no problem." Li Tian glanced at Dongfang Yuechu, and then asked: "What do you mean, the entire tavern has been cleaned out by you."

"You have achieved such a result in the competition this time. Many people have already regarded you as a dark horse. I just want to take this opportunity to make your memory of me a little bit deeper, so that you won't become so prosperous in the future. I don't know who I am." Dongfang Yuechu looked at Li Tian in front of him with a subtle smile, and said very seriously: "I just didn't expect you to be Li Tian who was famous in Luoyang City. ."

"This is not an achievement worth showing off. At least I know this is not a good thing for me. If I was not forced to be helpless, I would not have made such a choice." Li Tian is very It was a helpless smile. Few people knew about the grudge between him and Lu Xiu, and no one knew that Li Tian was in a small town before resuming his longing for life.

That's why he hated Lu Xiu like that, and he even chose to kill Lu Xiu regardless of the hostility of the entire God Realm.

But now it seems that things should have begun to develop in a good direction.

Dongfang Yuechu gave a thumbs up and subconsciously wanted to pat Li Tian's shoulder, but he recovered quickly, retracted his right hand, and said: "I really didn't expect you to have that kind of strength, no wonder In the face of the assassination of others, there was still no sense of fear. With your strength, even those in the immortal realm can deal with it, let alone those little ones."

"In the next few days, I will stay here for a good rest period to restore my physical condition a little bit. If there are no problems, it is best not to disturb me."

Chapter 5469: action

When Wang Lao saw the defense at Yunji Tavern, he probably knew that they had really lost their money this time.

At least this matter is very important. The guests in the entire gathering tavern have been expelled. This prevents someone from lurking here long ago and then attacking Li Tian at this critical time.

"Since there is nothing more to do, then I won't keep it here. The game is still waiting for me. I will leave first." Wang Lao glanced at Li Tian and said meaningfully: "I hope it will be possible in the future. When I saw you achieve great deeds, but now, it is still to practice honestly. Down-to-earth is the most fundamental requirement for great deeds."

Li Tian smiled and did not respond.

Seeing Wang Lao turned and left, his figure turned into a plume of blue smoke and went straight up into the sky. Li Tian exhaled deeply. On the way back here, he recovered a little bit. Now he can still do some basic movements. of.

He entered the Yunji Tavern, and then returned to his room.

During this process, I just said something casually with Dongfang Yuechu and didn't continue to say anything. Shuiyuezhong probably started to act, but Murong Ziqing also didn't respond.

The exact time of the shot has not yet been determined, and what Li Tian is most worried about right now is that when Murong Ziqing let him do it, he has not recovered.

This time the game can be said to be a very heavy blow to him. His body has been seriously injured now. It will take a period of adjustment before he can slowly recover. In the process It is very possible to encounter various dangers, so for Li Tian, how to spend this time safely is the most difficult thing.

Don't look at him now, but he is gathering in the tavern, no one knows when and how the enemy will appear.

After Li Tian returned to his room, he directly set up some restrictions in his room, so that he can react in time if someone approaches, but these are only for assistance, it really depends on it. How far can he recover during this time.

At the same time, in a large mountain to the east of New Moon City, a huge team was slowly advancing at this time.

If there are people with rich knowledge here, you can see that the strength of this team may be stronger than many people think. The three elderly men headed by them wear a large robe, although they seem to be It's like an ordinary old man, but there is a very terrifying power in his body. Just standing here will make people feel trembling.

"Elder, we have been walking for so long, and we still haven't found where they are."

"What's the hurry? How far have we gone now, and there is still a longer way." The headed old man raised his head and looked at the majestic mountain in front of him. Two **** of light condensed in front of him. Slowly formed a 3D general three-dimensional image: "How is the situation on the New Moon City? We have mobilized so many people over this time, so nobody noticed it."

"It should be no. So far, our actions have been very smooth, and there is no problem with our eyes behind. We are just worried that the woman will stand in the way of this matter. After all, she knows all our actions. ."

"That woman is still in the forbidden ground. I really want to know how her current state can affect us?" The old man chuckled, slowly erased the image in front of him, and then whispered softly. He breathed a sigh of relief: "What about the competition in New Moon City? Ningbing represents our Shui Yuezong's first shot. Probably many people have already focused their attention on her. What is the result of this competition? kind?"

"Master Ningbing hasn't started the competition yet, but at this young hero meeting, there was a name that we all didn't expect. Li Tian, who had previously killed the Quartet in Luoyang City, also participated in this young boy. The Hero Conference, and it has been directly promoted in Group 2, should be regarded as a dark horse in this young hero conference."

"Li Tian? The young man who left Luoyang City swaggeringly after killing Lu Wenhui and Lu Xiu? Isn't it rumored that this young man has died? There was also news from Luoyang City before that they had been killed. Lu Xiu, how could he suddenly appear here?" The old man's expression changed slightly. Originally, all the plans for the Young Heroes Convention this time were all done. The sudden appearance of Li Tian may have some problems.

"do not know."

"Elder Yunyi, there is news from the front, it seems that something is wrong with the heaven and the blessing, and the evil spirit inside is gushing out, and many of our disciples have died." At this time, a disciple of the Shuiyue Sect ran forward and looked at the old man in front of him. He asked in a low voice, "The situation on their side is now chaotic and they are asking for our support!"

"Sickness? How can there be evil spirits in this kind of heaven and blessing?" Yun Yi squinted his eyes, looked at the young disciple in front of him, his expression sank slightly, and glanced at the two elders beside him: "Yun Ji , Yunhe, what do you think?"

"There is evil spirit in the heaven and the blessed land, this is not a good sign, but we have already done this step now, and there is no turning back arrow in the bow. If we give up at this time, it will be a waste of our previous efforts, even if it is Knowing that it might be very dangerous, we have no retreat now." Yun Ji glanced at Yun Yi and said solemnly.

"It's true, there is no retreat now. We are here now, should we give up like this? This is simply impossible." Yun He also nodded and said.

"If that's the case, let's go and see what is in this cavernous land."

The group of people began to move forward mightily, but this time because of the tension, the speed has obviously accelerated a lot.

At this time, on the other side of New Moon City, Li Tian has recovered in the Yunji Tavern for about two days, and his body has recovered more than half, but the consumption of immortal power in his body is still a problem. He now seems to be completely recovered. , But in fact it is still a lot worse.

Even so, he still did not choose to leave his room, shut himself in the room all day, and tried hard to cultivate.

Chapter 5470: Dark hand

Li Tian's body is recovering faster and faster. At the same time, the list of the top 100 promotion of the Junior Heroes Conference was also announced at this time.

The result was not particularly unexpected. In this game, few people were able to persist until the end, that is to say, those who can advance are all strong and can be called the role of the dark horse in this game. .

Take Li Tian, for example, no one would have thought about what he could achieve in this game, but now he has no such idea. Li Tian is like a hidden BOSS, suddenly showing The combat power that came out was indeed a surprise to many people, and this time, after dealing with five opponents one after another, it also defeated the chief disciple of Wudu Sect.

This alone is enough to prove that the strength of this young man is more powerful than any of them imagined.

This time, the young heroes' meeting was finally promoted to the finals, but only six people were Feng Tianling, Feng Tianxiang, Ningbing and Li Tian. The remaining two people were also a disciple of the Five Poison Sect. But the strength is not very strong, and the other one is Sanxian from another main city, and the strength is not very strong either.

This time in the finals, it seems to be the choice between the two young masters of the Feng family, Li Tian and Ning Bing.

But among these people, Li Tian is the only one who seems to have no background at present, just an unrecognized fairy. Idiots know what these people will do against Li Tian in the next time.

After knowing the result, Li Tian knew that this time in the finals, he might not be so easy.

But he didn't have many surprises about this. This kind of thing had happened before when dealing with Lu Xiu, and now even if such a thing happened, he was not so worried.

If something like Luoyang City happened again, Li Tian wouldn't mind, and it would turn the world upside down again.

However, the same thing may not happen a second time. Although he does not know why Luoyang City suddenly revoked his wanted order, he also knows that there is a very big reason for the Zhuge family in this matter. Since there is this reason Now, even if Feng Jie really wants to kill himself, he still has to weigh whether he has that method.

As night fell again, Li Tian set all the surrounding restrictions as usual.

These days he spent this way, no matter what time it was, he would directly shut himself in the room without seeing anyone, but anyone who wanted to get close to Li Tian would be regarded as an enemy by him.

Even at the beginning of Dongfang Moon, he didn't dare to run in front of Li Tian.

Although knowing that Yunji Tavern should be very safe here, he is still very cautious, carefully sailing the ship for ten thousand years. Those enemies in the lower realm already know their identity, and they are likely to be very weak in this Li Tian. When he came to do it, whether he was willing or unwilling, he had to admit that he was in his current state, and there was indeed no possibility of dealing with these people.

At this moment, it was in the room at the beginning of the Eastern Moon.

Holding a letter in his hand, he squinted at the man in black in front of him: "Are you sure, you want this?"

"This is the order given to you above. Whether you like it or not, you must follow this order. As for the consequences, you don't need to worry about it. After the matter is successful, you can honestly hide your name." Hei Yi People glanced at Dongfang Yuechu in front of him, and said in a very calm tone: "You are our hidden hand, but no one has ever forgotten that you are ours."

"Once I do this, it is very likely that I will have no place in the entire God Realm."

"Their power may indeed be very powerful, but no matter how powerful it is, it is impossible to be invincible. And you have said before, but it is very possible. We will do our best to protect your comprehensiveness. Don't worry, if you die, this matter will inevitably be revealed. We won't let them catch the handle so early." The black-clothed man's voice was low, like a devil's whisper, Dongfang Yuechu listened. Then he nodded slowly.

"I've brought people here. Whether you can succeed or not depends on your own means." The man in black put a small ceramic bottle in front of him as he said, "This thing, once used, No matter how

powerful he is, he can't use his full strength within half an hour. If you want to deal with him, you can easily succeed with this."

Dongfang Yuechu slowly picked up the small ceramic bottle on the table. The bottle was very small, about the size of a thumb, with many strange patterns carved on it, and he didn't know what it meant.

The whole body was black, with a strange light shining under the night.

Just holding this small bottle in his hand made Dongfang Yuechu feel a special feeling. He knew very well that the contents of this bottle were very scary.

To make the immortal lose combat power directly, such drugs must have a great price.

"No need to read it. This time, in order to deal with this kid, a very precious thing was taken out. This kind of poison is generally invisible to you, and it is difficult to see in the entire God Realm. It is a kind of colorless. Tasteless poison." The man in black glanced at Dongfang Yuechu, then snorted, with a hint of dissatisfaction in his tone: "Okay, there is not much time left for you, don't waste time here, hurry up Time to do your own thing."

After the man in black had finished speaking, his body slowly and directly turned into a black smoke, which quickly disappeared.

Dongfang Yuechu looked at the small ceramic bottle in his hand. His body was trembling at this moment. Once Li Tian found out that there was something tricky in this ceramic bottle, he would never let Dongfang Yuechu easily go. This time, he almost It is gambling with his own life, it is gambling Li Tian can't see it, it is gambling that these people will not deceive themselves.

Once it fails, it is the price of life, and there is no room for maneuver.

He had seen Li Tian's strength before, and he was considered a powerful genius in this young hero meeting. Dealing with Li Tian at his current level was simply joking.

It is almost the same for him to do business, but if he is to deal with Li Tian, it is not that simple.
