

A Killer 5501

Chapter 5501: Exposed

With the seal of the soul lock, Yunyi felt different when facing the ghost and witch.

"Even if I use such a means to kill you, my purpose here is just to go to the next few levels with the least consumption. As for the shame, it has nothing to do with me." Yun Yi said as he spoke. The spell is getting stronger and stronger.

The light became more and more dazzling, and Li Tian couldn't help closing his eyes.

The sound of explosions mixed with screams made the entire stalactite cave full of strange sounds.

I don't know how much time has passed, the screaming sound stopped abruptly, and then the light slowly disappeared, and what was left was only a corpse in one place and a cloud that looked very weak.

As for the ghost witch, it has been eliminated.

"How is it?" Yun Yi turned around and glanced at Yunhe lying on the ground. His body had turned black at this time, and he looked like he was dying. There was basically no possibility of rescue.

"There is no way. In this kind of place, the corpse poison grows very fast, there is no way." Yunhe looked at the cloud cloud in front of him helplessly, raised his hand to grasp the cloud cloud in front of him, and whispered: "I will take my body The immortal power inside is all injected into your body, and then I will rely on you to take them to get the treasure, it is impossible for me to walk on anymore."

"It's just that this time we want to go down it's not that easy anymore. This time we just passed a pass and it has become what we are now. I don't even dare to imagine what kind of enemy we will encounter next. "Yun Yi looked at Yun He in front of him and sighed, but he did not refuse Yun He's request. After this battle, it seemed that he had defeated the ghost witch.

But Yunhe and Yun Ji both knew that Yunyi was very weak now.

The Seal of Soul Lock does have a strange effect against the ghosts and witches, but it also has a very big drawback. For them, it also has a very large consumption, and even in many cases the body can't bear such a level of consumption.

Take Yunyi, for example, under this kind of consumption, it would be difficult to continue walking.

The celestial power in their bodies here is constantly attenuating, and the recovery is quite slow. Therefore, if you want to cope with the battle afterwards in a peak state, you must ensure that you have not participated in this very expensive celestial in this process. In the battle of strength, this ghost witch went straight away, causing Yunyi to be unable to continue fighting in the previous state. In desperation, he could only choose to use the seal of soul lock.

In this way, his physical condition has become very weak.

With the precedent of Yunhe slowly injecting in, Yunyi also slowly improved a lot at this time.

At this moment, he stood up and looked at Li Tian behind him: "Xuanning, where did you want to go before?"

Li Tian slowly opened his eyes and looked at Yunyi in front of him, without speaking.

Yun Yi looked at him and frowned slowly: "I thought it was strange before. Although the disciples of the Discipline Hall can go outside often, I have never heard of anyone who would do something like yours. You let me There was a little surprise. As a disciple of our Discipline Church, I never knew you would do such a trick before, and I hadn't thought about anything before, but this time you wanted to leave alone, so I'm a little bit unhappy. I understand, where are you going?"

"Survival instinct." Li Tian said calmly.

"Is it really just a survival instinct? But how do you know where to live here? There are many passages next to you, but you chose a place not far or near. Obviously you have some understanding of that place. Not seeing the seal of the soul lock in my hand, I think you have left now, right?" Yunyi squinted his eyes, the fierce light in his eyes grew stronger.

"Yunyi, what does this mean?"

"Before you all said that we controlled the defense here a long time ago, and there should be no one lurking in. Of course I think this way, but this kid is obviously more different than we thought." Yun Yi Looking at Li Tian in front of him, he said to Yunhe.

"So?"

"I think this kid is probably a spy who got in. I thought that something was wrong with Xuanning before, but now it seems to be true." Yun Yi sneered, then looked at Li Tian: "Show your true body, let Let me see who you are."

"I am not a spy." Li Tian said lightly.

"If you are not a spy, please tell me what happened in Shuiyue Sect before. As long as you can speak up, I can accept that you are not a spy." Yun He also looked weakly at this time. Li Tian, he is Xuan Ning's master. Even though he usually looks uncomfortable with this apprentice, he still knows some things about this apprentice.

If Li Tian can't speak up, his body must be exposed.

Li Tian was also a little nervous at this time. Looking at the people in front of him, there was a wry smile on his lips. Fortunately, the Xiaoyashas had let them learn how to move into the void before, otherwise they really didn't know what to do at this time.

With the skill of Void Leap, Li Tian was no longer so worried.

"I didn't expect that I have been hiding so deeply, and you can still see it. This surprised me a bit." Li Tian smiled and looked at the Yunyi in front of him, and said: "Indeed, I got in, thinking I have to watch you help me deal with my previous enemies so that I can easily get through the twelve levels of hell, but now it seems impossible."

"Let's say, who are you? If you can name a name that satisfies me, I think I might not kill you this time, but choose to let you help me in the next battle. , Your guy's tricks are still somewhat helpful to me. If they can help us deal with the uncovered ghosts, maybe they can keep you alive." Yunyi did not choose to kill Li Tian directly, because he knew they would meet next The enemies you arrive will only get stronger and stronger. At this time, anyone who can help yourself is a resource.

Even if Li Tian in front of him is his own enemy, it would be good if he can help himself at a critical time.

It is very important to be able to grasp any element that can help oneself at a critical time.

Li Tian looked at Yunyi in front of him and shook his head: "I think it's better not to tell you my identity, otherwise this problem won't be easy to solve. If you die in the Xuanyin Hall, you can say anything, if not. , There is a little problem for me."

Chapter 5502: Zhan Yunyi

Li Tian didn't choose to leave in a hurry because he knew it was an opportunity.

Yunyi in front of him is the enemy he will face in the future. Now Yunhe is seriously injured and Yunji looks weak. Although Yunyi has been relieved by Yunhe's immortal power, his current state is still much worse than before. Yes, what Li Tian wants at this time is to take advantage of his weakness and try to fight Yunyi first. If the gap between the two of them is not very large, they may have a little advantage in the subsequent battles. .

You should know that Li Tian's current situation has changed a lot from before.

I don't know why. After his body was awakened, Li Tian found out that he was in the Xuanyin Temple. There were some similarities with before. This feeling was like returning to the previous earth. The same here. You can also feel the aura on the earth, this kind of aura slowly began to make the supernatural powers in Li Tian's body turn into an awakened state.

Now that you have chosen to fight the guy in front of you, you have to be more serious.

I believe that Yun Yi will definitely not choose to leave at this time. If he deals with Li Tian, he must come forward and deal with it himself.

"From the strength you showed before, it seems that you are only in the realm of divine cultivation. If it's just such a realm, it might be a little difficult for you to fight me. If you want to, this It's best not to think about opposing me. We can still speak well, otherwise I will have to kill you. I will definitely not let others know about things here."

"I'm afraid that it was your entry into the Profound Yin Hall. Many people will soon know about it. I am not afraid to tell you this. Senior Murong Ziqing asked me to come here to destroy your affairs, so I believe her. I will tell others about things here. By then, there will only be more and more strong people here. I want to see how you guys face so many opponents?" Li Tian smiled and looked at the person in front of him. Yun Yi said.

Yun Yi also looked at Li Tian, as if thinking about the identity of the young man in front of him.

Since Murong Ziqing asked him to come over, it must be not a simple role. If he can't deal with them, what is the meaning of Murong Ziqing sending him here? Just to see from a distance what the treasure they want?

"This is not something you need to worry about. Now you only need to choose whether to fight with us or to cooperate honestly with us. This is about whether you can live or not." Yun Yi said calmly.

"I definitely wouldn't choose to cooperate with you. What is the purpose of your coming here. We all know well, these Shuiyue sect disciples here, how many people can survive in the end? You got this treasure. It is definitely not visible, and I am worried that many people will aim at you. If those

**** emperors want to **** this treasure from your hands, what can you do? Strictly speaking, you are not the real Shuiyue Zong's line, if the **** emperors want to deal with you, I dare say that soon, the Commandment Hall will be driven out by Shuiyue Zong. At that time, will you be able to keep such a treasure?"

Yun Yi looked at Li Tian, somewhat silent.

"You don't have the ability to protect this treasure. In front of the **** emperor, if you don't have the help of Shuiyue Zong, your small discipline hall is nothing at all, so everyone standing here today will be killed. Yes, as long as the news of this treasure is not leaked out, they will have nothing to do with you. This is the real idea in your heart, from time to time?"

Following Li Tian's words, an uproar arose in the entire team.

They came here because they knew what opportunities they might encounter here. As young people, everyone hopes that they can become stronger, and everyone hopes that they can become even more powerful in the future.

Therefore, after knowing this, many people joined in voluntarily, just to meet some opportunities here that can help them become stronger.

But now that Li Tian said this, although he did not get Yunyi's affirmation, it also made many people doubt that. This is indeed not impossible. Yunyi's purpose for bringing them here may really just want Let them become cannon fodder, and play a little role in the next battle, and Yunyi only needs to retain his strength at the end.

"Don't listen to this guy's deceitful words. You and I are both members of the Shuiyue Sect. This time we came here because of the command of Sect Master Shuiyue. We all came here with a mission to be able to get it. For the last treasure, we must be united. If we are deceived by the enemy in front of us with a word, I am afraid that we are going to die here." At this moment, Yunyi is also a little anxious. If the Yue Zong disciples were all bewitched, all of their next plans would have to be changed.

He squinted his eyes and looked at Li Tian in front of him. He thought that this kid really had some means. He could say such a thing at this time. As expected, he saw the expressions on the faces of these Shuiyue Sect disciples. Some are uncomfortable.

These Shuiyue Zong disciples glanced at Li Tian and then at Yunyi next to him, and they didn't know what to choose.

"It's your own business whether you believe it or not, but in the subsequent battles I advise you to be more careful, and don't be deceived by your so-called very noble elder. What is their purpose here? Clearly, I also know what they will do later, you may not know, but I know very well." Li Tian slowly raised his head and looked at Yunyi: "Come on, let me see your so-called Shuiyue Elder Zong, what kind of ability do you have? I really want to see how good you are."

Yun Yi looked at Li Tian and didn't know what to say. The strength of the young man in front of him was probably about the realm of spiritual cultivation, so he didn't regard Li Tian as the same thing in his heart, but look at this now. Looks like, this kid had hidden his own means before, and he wanted to challenge himself?

Thinking about it, it seems that there is no such possibility. After all, the young man in front of him is from the Murong Ziqing group. Maybe he will really have some means.

Chapter 5503: Weak against strong

Li Tian squinted his eyes and looked at the clouds in front of him.

"Very well, since you want to fight with me, then try it." Yun Yi sneered, then waved his hand, his figure flashed, and he was in front of Li Tian, holding the emerald green fairy sword in his hand. , Cut it down directly.

Li Tian let out a cold snort, and directly turned on Void Leap, his figure suddenly reached behind Yun Yi, and then he condensed a fairy sword with immortal power in his hand.

The two immediately fought against each other, but Li Tian is not as high as Yunyi after all. In any case, it is very difficult to fight. Therefore, every time he feels that he is about to be unable to hold on, he directly opens the void. Leap and then to the other side.

The expression on Yun Yi's face at this time is also difficult to read. The strength of the kid in front of him is indeed not very strong. Before he thought that Li Tian might have hidden his strength, but now it does not look like that. It's not as good as I imagined, but just a kid in the realm of **** cultivation, relying on the way he can jump in time and space, he has such a bold choice to fight against himself.

The battle between the two didn't look very gorgeous. Yun Yi didn't want to waste his fairy power at this time, and Li Tian didn't want to go all out at this time.

Both people are very clear that this battle may not continue to fight like this at all.

When I saw Li Tian's method, I knew that Li Tian's strength in front of him might be different from what I imagined. I thought that his black hole could really **** people in and then smash it directly. But now it seems that it is not like this at all. This black hole allows Li Tian to jump directly in time and space. In this way, he wants to catch Li Tian, I am afraid there is no such simple thing.

Therefore, Yunyi can only choose to retain his strength. He knows that his current state is very difficult. If he continues to fight like this, it may directly affect the real situation in the Profound Yin Hall later, and these Shuiyue Sect disciples are in At this time, there is a little bit of doubt about them. If his strength is not in the peak state at this time, it is inevitable that these guys in front of him will want to deal with them.

Yun Yi smiled and said, "Your skills as a kid really make me open my eyes, and you can jump in time and space."

"So you also know that you can't kill me at this time. Are you not ready to take out all your strength?" Li Tian smiled wryly, and looked at the cloud in front of him with his arms folded: "I don't need to worry about anything. , Soon there will be many powerful people coming here to **** this treasure from you, even if you retain your strength now, but those powerful people at the Divine Emperor level come over, what can you do?"

At this time, Li Tian knew more or less what Murong Ziqing's thoughts were. He was mostly just a cover here, and the real back players should be even more powerful.

Since Yunyi valued Xuanyin Hall so much, the treasures in this Xuanyin Hall must be valued by many people.

These powerhouses come here to snatch, and then the problem will only become more and more complicated.

Even if Yunyi got the treasures from here this time, she could still take the opportunity to provoke the relationship between Shuiyuezhong and the Discipline Hall at this time. As long as the **** emperors are really involved in this matter, then it must be To help Murong Ziqing rise to power, as long as she can successfully kill the previous Shuiyue Sect's suzerain at this time, then the relationship between Shuiyue Sect and Commandment Hall will be cleared away.

Without the help of Shuiyuezhong, the Commandment Hall had no meaning for these **** emperors.

This is the cleverness of Murong Ziqing. Although she may not be able to change anything now, she can use these methods to let many people help her to deal with this matter. ,

Even if Yun Yi knew what Murong Ziqing's conspiracy was, there was no way.

The decision-making power of the matter is not in them at all, but in the body of the **** emperors. If these **** emperors really want to intervene in this matter, they must help Murong Ziqing become the suzerain of the Shuiyue Sect. Yes, in this way, their plan can continue, and the Commandment Hall can be isolated, so that they can easily grab the treasure from Yunyi.

As for Murong Ziqing, although she has always been locked up in the forbidden area, once all these things done by Sect Master Shuiyue are announced, many people will spurn her, and she will become the only one. A candidate for Shuiyue Sovereign.

‘These guys, they are completely thinking about all kinds of conspiracies. I didn’t expect me to be careful by them. Li Tian thought secretly in his heart, and didn’t expect that he was actually caught in a routine at this time, and he helped Murong Ziqing to complete this thing alive, but he didn’t take it to heart.

After all, his purpose of coming here is only to find Resurrection Grass, so that Ning Bing can restore his memory, as long as Ning Bing can restore his memory, other things will be fine.

Yun Yi looked at Li Tian and snorted: "If you want to leave, hurry up and get out. There will be no chance to leave later."

"You still can't find the weakness of my ability. Even if you find it, it will take a while to get rid of my ability." Li Tian shrugged his shoulders and said vowedly. : "You tell me to leave now, but you just want to hurry up and finish the next task, but it's a pity, your time is definitely not enough."

"If you don't leave, I can only kill you. You are so long-winded, it feels a bit irritating for me." Yun Yi squinted his eyes, and the fairy sword in his hand was raised again.

Li Tian didn't have much to continue fighting at this time, and his own Void Leap didn't know what weaknesses he had. Facing such three strong men, if there were problems, it would be bad.

He only wanted to find where the Resurrection Grass was. As for what Yunyi wanted to find here, he had no interest.

Yunyi wanted to find the treasure here, he went to find it, and Li Tian only needed to find the Reincarnation Grass, and he would hurry to leave this ghost place.

Chapter 5504: Shura Hall

He glanced at Yunyi in front of him, and then at the Shuiyuezhong disciples behind him.

His gaze fell on Ruyue, thinking of the cold and soft feeling of Ruyue's little hands before. At this time, he couldn't help but put a faint smile on his face and said, "I think you should know what I said before. What's the problem, you will rely on yourself to protect yourself after I'm not here. If you can survive here, you will become a very powerful weapon against the precepts hall in the future."

Ruyue looked at Li Tian and didn't know what to say.

In the next second, Li Tian directly activated the void transition and disappeared in front of them.

Yun He was dressed coarsely, and at this time he didn't have much strength to continue speaking: "I...have not much strength anymore."

"I know, don't worry, I will complete our previous goal." Yun Yi nodded, holding Yun He's hand.

"This kid, is it really okay to just let him go like this?" Yun Jing looked at Yun Yi worriedly. Li Tian was like a variable. After knowing what they were doing here, he let him go like this. If Li Tian exposes the Xuan Yin Temple, what should the problem do?

"Do we have any other choice? Although I don't know who this kid learned from the space movement method, but he has been fighting for so long, I can't find any flaws, every time I When he is about to defeat this kid, he will directly activate this skill and instantly distance himself from me. Even if he is crushed on strength, there is no way he can't touch this guy." Yun Yi glanced at Yun Ji. At this time, it was also helpless.

Of course, he knew that leaving Li Tian was definitely not a good choice, but there was no way that they could kill Li Tian.

This void leap is simply a very annoying thing for them, constantly opening up the space in front of them, no one knows where Li Tian will suddenly appear behind you, and most importantly, when this skill is activated I can't feel any energy fluctuations at all, just like walking out of a door directly, without any feeling at all.

Yun Yi wanted to kill Li Tian very much. This kid caused him a lot of trouble, but it was a pity that there was no way at all.

"Oh, if this kid is really successful, what should we do?"

"I don't know, I just hope that the lord can hold on. I knew that Murong Ziqing, a witch who deceived the people, should have been killed. Now it is fine. Although she has been kept in the forbidden area, she has been knowing everything well, and also secretly controlling these things, it has brought us a lot of trouble." Yun Yi sighed and shrugged his shoulders.

Yun He grabbed his hand and coughed: "Hold on... Live."

His eyes closed slowly, and then he swallowed his last breath.

At this time, Yunyi stood up and looked at the Shuiyuezhong disciple in front of him: "I know what the kid said just now. You have some doubts, and some people may believe them. These are all to me. It doesn't matter. You choose to believe that he is your business, but I only want to do my own business. Now that we have reached the eighteenth level of hell, it's basically impossible to look back. If you don't want to believe My words, you can leave now, as long as you promise not to say everything you said before, I can let you leave."

The disciples of Shuiyue Sect looked at each other, and they didn't know what to do.

At this time, a Shuiyuezhong disciple stood up and said, "Elder, I'm really sorry...I...I don't want to continue fighting in this dangerous place."

Yun Yi nodded, with a gentle smile on his face: "This is normal, you are still very young, and you have a good future in the future. There is no need to waste your life in such a dangerous place. I can understand you now. Feelings, who else is thinking this way, can all speak out at this time, as long as you speak out, I can let you leave here."

There was nothing wrong with seeing the first person, and several others soon came forward.

Even a few people from the Commandment Hall stepped forward.

Yun Yi put Yunhe's body aside and glanced at Yun Ji with a faint smile on his mouth.

It seems that what Li Tian said before was not useless. These disciples of Shuiyuezhong still chose to believe that guy's words, and now their status is also embarrassing.

At least twenty people came out this time, among them were Shuiyuezhong, and of course there were also discipline halls.

Looking at these two dozen people, Yun Yi nodded and said, "Well, you can leave here now, but you didn't leave in this way."

As Yun Yi's voice fell, Yun Ji suddenly drew his sword and shot with lightning speed.

Several people were all trapped, and seeing Yun Ji rushing over, they seemed to know something.

As the blood came out, their faces were all filled with incomprehensible expressions, and then they fell to the ground forever with fear.

At this time, Yun Yi turned his gaze on the remaining people: "Which one of you still wants to leave here? You can stand up, you can leave here, of course your soul is leaving here."

Everyone looked at each other, only then did they know what Yun Yi had said before, but wanted to make the team believe that all the people in it were dead.

"You need to know what our current situation is. Anyone who doubts us may cause us to die tragically here. In order to avoid such a thing from happening, I can only get rid of such a black sheep. I hope you don't mind this. Things." Yun Hui said with a smile, looking at the remaining people.

Although this statement sounds interesting, who is really willing to believe it?

Li Tian didn't know, because of one of his own choices, so many things happened.

In the next few hours, he finally passed the secret path and came to the place behind the twelve layers of hell.

A very magnificent building, Shura Hall.

As long as he can pass through the Asura Hall, he can directly enter the Xuan Yin Hall behind, but looking at the Asura Hall in front of him, his mood is still quite a bit nervous. After all, the pressure that ghosts and witches put on him is still great.

Chapter 5505: Spirit hunter

Shura Hall:

In Li Tian's view, the Asura Hall should be the part where the entire core of the Xuan Yin Hall began to show up. After arriving here, everything around it turned into a black void. He didn't know how this was done, but like The black hole-like void completely occupies the surrounding space, leaving only the most central position, which is a temple with a very old architectural style.

It is said to be the Temple of Shura, but from this architectural style, there is nothing to do with Shura.

The entrance is just like the Forbidden City, outside is a long stone steps made of white white stone. After going all the way, you can see a magnificent palace appearing in front of him.

At the door are two statues of Paixiu, lifelike, as if they could be resurrected at any time.

Li Tian glanced at the two brave, raised his eyebrows subconsciously, and then slowly walked towards the interior of the Asura Hall.

Entering the Asura Hall, you can see that the entire hall is very wide, with only a few golden stone pillars supporting the top floor of the entire hall.

In the interior of this hall, Li Tian just stepped in and felt an unusual aura. I thought he should be the guardian of the Shura Hall. I thought that this place would definitely not be unguarded. It's just that I still don't know how strong this guard is. If it is a very strong opponent, it may be very difficult for Li Tian.

His current strength is not that simple and easy to deal with very tough opponents.

I also searched for a long time near the Asura Hall before, and I didn't find any Reincarnation Grass here. It's been a while since I entered the Xuan Yin Hall, and I also searched a lot of places here, but I still haven't seen the Reincarnation Grass For a little clue, he even doubted whether there was a resurrection grass here, and if so, why hasn't a clue been found so far.

Just when Li Tian thought this way, he felt that the previously depressed aura was getting closer and closer to himself.

In the next second, a tall man in black armor walked out from one side, his eyes were a ball of green ghost fire, and his eyes were beating slightly, which could only make you feel the look of the guy in front of you. People are afraid.

"Human, it has been a long time since no human has appeared here." He looked at Li Tian in front of him, and asked curiously.

"Are you the guardian here?"

"To be precise, I should be the spirit hunter here, but anyone who breaks into this temple will be my prey, and your soul is my favorite thing." The spirit hunter looked at Li Tian and said. From his tone of voice, one could indeed feel a feeling of excitement, just like the feeling of suddenly seeing the Manchu Banquet after being hungry for a long time.

The aura in the Asura Hall became a little depressed at this time, and this feeling made Li Tian feel a little uncomfortable.

He stood in the center of the main hall and looked at the spirit hunter in front of him. The immortal power in his body was like a circulating stream, circulating from day to day. He did not know the strength of the spirit hunter in front of him. However, but this kind of very strong suppression still made him understand that this battle might not be as simple as he thought, and it was not easy to deal with such an opponent.

"I didn't come here for the things in the Xuanyin Hall. I just wanted to find a Resurrection Grass, and there are many people behind me. By that time, you will harvest a lot of souls." Li Tian looked at the person in front of him. Spirit hunter, at this time, of course, it would be best if he could not fight against the guy in front of him. This guy gave Li Tian a very real feeling. It was the best if he could not fight against such an opponent.

The spirit hunter stepped forward step by step, like walking in the park, and there was no trace of tension on this guy's face.

There was a cloud of blue arrogance on his body, his aura suppressed towards Li Tian like the essence, squinted his eyes and said: "These have nothing to do with me, even if you just want to find a resurrection grass here, you still my enemy, and my task is still to deal with a guy like you."

The distance between the two people is getting closer and closer, and at this time the atmosphere in the air also begins to become weird.

As the distance between the spirit hunter and Li Tian gets closer and closer, the auras of the two of them are like two colliding trains, bursting out a very strong fire, which can be seen with the naked eye, two completely different auras. The field, the sparks produced by the collision, are like sparkling fireworks, especially bright in the hall.

No one else noticed himself here, so Li Tian doesn't need to worry about revealing his identity here. When he came to the Shura Temple before, he directly eliminated the illusion from his body, and now he is using his original appearance. , The red wing **** outfit on his body slowly began to attach to his body, a red sword appeared in his hand, and the feather blade behind him was also slowly inciting.

He flew up and looked down at the spirit hunter in front of him.

"It seems that I must fight with you today, otherwise I can't continue." Li Tian squinted his eyes and smiled bitterly. The strength of the two people is not at the same level at this time, especially the one in front of him. The spirit hunter is still the guardian of the Asura Palace. Since he can be arranged here, his strength must be stronger than the guardians in the previous twelve hells.

"Yes, it's been so long since I plundered the souls of others. I haven't seen any immortals here for so long. Now that I have finally found such a prey, it is of course impossible to miss it like this." While talking, the spiritist slowly drew out a huge sword from his back. This huge sword smashed into the ground like a heavy stone.

The materials of the buildings in the Shura Temple are obviously not simple materials. Such a huge epee hit the ground, and even a little scratch did not appear. You can imagine what the materials on these buildings are. hard.

The spirit hunter looked at Li Tian excitedly, and the power in his body began to surge wildly.

If the power in his body before was like lake water, what is now is like the waves of the sea, wave after wave, bursting with very strong impact.

The spirit hunter is now ready to deal with Li Tian, and Li Tian is also ready to face the guy in front of him at this time. At this time, both of them are ready, and the next battle will inevitably become very fierce.

Chapter 5506: war

'jingle'

A crisp voice suddenly rang at this moment, just like babbling in a dream.

The ghost fire in the eyes of the spirit hunter jumped quickly, and then he held the very heavy giant sword with one hand, and rushed over quickly. Under the suppression of this weight, his body did not feel the speed. What changed, like a lightning bolt, came to Li Tian's front in the blink of an eye, and the huge sword in his hand was instantly raised high, and then cut down.

Li Tian's expression was serious, the aura of the spirit hunter was now covering his aura little by little, and the chattering in his ear also had a unique feeling at this time.

It was like bringing Li Tian into his own soul world, his soul also jumped up at this time, and slowly appeared a feeling of wanting to escape from his body.

"You should be able to feel it now. Your own soul is not under your control at this time." The spirit hunter frantically suppressed Li Tian, so as to say in an evil tone: "I just found you. His soul is different from the souls of many people I've seen before. Yours is much more refined. It's hard to find such a soul in this ***** realm now."

The look in the eyes of the spirit hunters was only excitement before, but now it has completely turned into greed, just like the feeling of seeing thousands of treasures.

After all, Li Tian is a true soul cultivator. For the current God Realm, only the powerhouse of the ***** emperor can have such a pure soul. For the spirit hunter, he has not seen an immortal for so many years. , It's already very good to be able to get a person's soul, not to mention that Li Tian in front of him is still an absolute soul.

I'm afraid there may be a little maneuvering power in the previous things, but now there is no maneuvering power at all, he just wants to get Li Tian's soul completely.

And Li Tian also noticed this. The real strength of the spirit hunter is not his intrepid combat power, but this kind of babble in dreams. I don't know how to do it, so your body can be in the process of fighting. After being affected, he can now clearly feel that the soul in his body is like a restless child, and it is possible to separate from his body at any time.

He doesn't know how to achieve this ability, but his soul power is already very strong, and he must be able to control himself, but when facing the spirit hunter in front of him, he can still clearly feel it. My soul is completely out of control, and this feeling is like the substance, very clear.

'boom'

The great sword of the spirit hunter slammed on Hong Zhan severely, and even Hong Zhan made a sour sound. Then, Li Tian was like a kite with a broken wire, just like that. Get out.

He smashed heavily on one side of the stone pillar, then vomited blood and coughed.

"The degree of your injury is getting stronger and stronger, and the soul in your body will be difficult to control. When you are completely severely injured, the power in your body will be sucked out by me. Don't struggle, let me taste it. Your soul." As the spirit hunter said, he rushed over again holding the huge sword in his hand. The huge sword in his hand looked heavy, but he didn't seem to have any power in his hand.

Before Li Tian could stand up from the ground, he saw that the giant sword in the hands of the spirit hunter had already been chopped down quickly, slashing it down frantically.

The attack frequency and power are very high.

Li Tian was already injured, let alone now. He reluctantly raised the giant sword in his hand to stop it, but the sword was slashed, causing his body to fly out continuously.

'Damn it, if you continue like this, you may really die here. The strength of the spirit hunter is really strong. Even the ghost witch before, is probably not as good as the guy in front of him. Li Tian thought secretly in his heart, and at the same time the sweat on his forehead was getting more and more. Under such an intense battle, his body simply couldn't sustain such a consumption, and his injuries were getting heavier.

The sword in the hand of the spirit hunter slashed frantically, giving him no chance to breathe at all.

I don't know how much time has passed. Li Tian's injury is already very serious. The spirit hunter slowly walked forward, lifting his left hand slightly, and Li Tian felt that his neck was strangled at this moment. "Look at what you are like now. You naively think that you can be my enemy. Do you know what kind of strong you are facing?"

"..."

"Honestly give up resistance, let me take your soul out, so that you can pass easily, why continue to insist?" The spirit hunter sneered.

Li Tian squinted his eyes, thinking about how to escape.

"Don't think about escaping. Your soul has not yet completely stabilized. I may release your soul from your body at any time." The spirit hunter seemed to see something in Li Tian's eyes. , Said at this moment: "I have seen all of your previous battles in the twelfth hell, and I also know what your abilities are."

"..."

"Void Migration is indeed a very powerful method, and there is only a small fluctuation of the immortal force. According to the distance of your void leap, the degree of your immortal force fluctuation is also different. Am I right?" He grabbed his neck and explained, "But I only need me

to control your body, so that you can't run your own fairy power, you can't jump in the void, is it like this?"

Li Tian immediately knew that the spirit hunter in front of him indeed knew what his abilities were.

Void Leap is indeed like this, no matter what kind of spells require immortal power to be able to display, and his current soul is completely unstable at this time, and may be withdrawn from his body at any time. After coming out, and after the spirit hunter grabbed his neck, Li Tian could feel that his celestial power was completely unable to operate at this moment.

If there is no way to operate, naturally there is no way to start the void transition.

He is now like a bird without wings, even if he can fly by itself, it doesn't make any sense at this time.

Chapter 5507: Void Rift

"Oh, you immortals always think about what you can do. Even the immortals behind you are not enough for me to deal with by myself. In my opinion, their strength is too bad." The spirit hunter sneered, the strength in his hands getting stronger and stronger: "I'm not afraid to tell you about this, I am the last guardian in the Profound Yin Temple, and at the same time the strongest guardian."

"It's a pity that I don't have the strength to deal with a strong man like you, otherwise I can get the treasure here." Li Tian said with a wry smile, and his breathing became difficult at this time.

Although he was holding Hong Zhan in his hand, he didn't have any strength at all.

At the same time, the Honghuang Qinglong was summoned by him, and his huge body suddenly occupied a part of the Asura Hall, shaking his tail, and attacking the spirit hunter.

The spirit hunter didn't even look at the great blue dragon next to him. Even though the size seemed to be huge, it still didn't make any sense. When the huge tail came down, he just scorned himself. He raised his left hand, and then grabbed the tail of Honghuang Qinglong and threw him directly like this, as if throwing a piece of garbage.

With this understatement, it can also be seen that the combat effectiveness of the spirit hunter in front of them is indeed not what people of their level can imagine, and the gap between the two is simply immeasurable.

The body of Honghuang Qinglong fell to one side, twisting his body like a wounded snake.

The strength of the spirit hunter is very strong. When attacking, he directly injected his own celestial power into the body of the Honghuang Qinglong. At this time, the Honghuang Qinglong had this powerful force in his body, and he couldn't exert his power at all.

"Amidst the fireflies, I dare to compete with Haoyue. Although your summoned beast is good, the combined strength of the two of you is not as good as my finger. Why bother to hold on here?" The spirit hunter sneered. With a cry, it is clear that the future of the great blue dragon is still good, but now he and Li Tian are not as strong as the spirit hunter combined, even if they attack together, they are not the opponent of the spirit hunter.

This is no longer a normal battle, but a kind of crushing. Li Tian can feel the gap between himself and the spirit hunter.

Under this kind of gap, any tactics are meaningless, two people are not a grade-level opponent at all, even Li Tian's conspiracy tactics at this time are useless.

"Forget it, I think you still die honestly now." The spirit hunter glanced at Li Tian and said calmly.

No one noticed. At this time, outside the Asura Hall, a man wearing a white sword robe was standing at the door, wearing a hat on his head and holding a fairy sword in his hand, looking from a distance. The battle in the Asura Hall: "The young man is indeed a young man, and running to such a place recklessly is simply looking for death."

He looked at the spirit hunter, and then touched his chin: "The strength of this guardian is also good. The strength of this young man really won't be his opponent. It seems that he still needs to protect it."

He said, then raised his right hand.

The spirit hunter who was about to completely remove Li Tian's soul suddenly trembled in his heart. At this time, an instinctive sense of vigilance appeared, and he subconsciously had to draw his sword.

But the next second, a void formed in front of him.

The figure of Li Tian and Honghuang Qinglong disappeared completely from his sight.

Li Tian also didn't expect this to be the case. He originally thought that he might have no hope in this battle. Who knows that at a critical time, the void saved him.

Before entering the Asura Palace, I also thought that I had the ability to leap into the void, and it was not a problem to leave the enemy's control.

Who knows that after the appearance of the spirit hunter, the situation is completely different from what he imagined. Once the aura is suppressed, he can only choose a short distance void leap, and a short distance void leap, the spirit hunter Everyone can clearly know where Li Tian will appear. In this way, the void transition would have no meaning.

But at first I thought that I had no hope, but suddenly another void appeared to absorb myself.

And in this void, Li Tian felt a familiar feeling.

A feeling of the void between the earth and the underworld, here is like the feeling of a void in the void, here you can feel the power of the earth and the underworld, this kind of energy, the energy that Li Tian originally lost is in this Time is about to wake up.

He squinted and looked at the void on the shore in front of him.

Hong Huang Qinglong also looked at this at this time: "Where is this place, why can I feel the aura of the underworld and the earth here?"

"In the void, I feel that our current position should be close to a void rift. Through this void rift, the Netherworld and the earth are probably connected." Li Tian squinted his eyes. This void rift is usually difficult to find, and It's the same as the free space, but after finding it, maybe you can get some good opportunities in it, just like Li Tian's forging magic technique was also found in the free space.

The best thing about Void Rift is that here it seems that it can directly form a perfect time difference with the outside time. The time here and the outside seem to be out of sync.

The most important thing is that there is no Profound Yin Qi here, so Li Tian can use this time to recover his body.

"What is it that summons us here? I feel that my body is out of control. When I opened my eyes, I found that I was already in this emptiness. I didn't understand at all. What happened?" Hong Huang Qinglong was recovering from his physical injury while looking at the void in front of him. The familiar power in it actually made their body recover faster.

"In the God Realm, I have never seen anyone with this kind of energy. Even when Murong Ziqing summoned me here by a counter-summoning method, I never felt that way. I was completely out of control and very natural. The earth has entered this void, and it is still close to the void rift between the earth and the underworld. The person who can do this is definitely an unimaginable guy." Li Tian also nodded at this time, very Seriously.

Chapter 5508: wake

In the next period of time, Li Tian began to concentrate on recovering from his injury.

I don't know how much time has passed before he fully recovered from his injuries, and only then would he think about how to leave here.

I did recover well here for a while, but now I want to leave here, I suddenly realized that I didn't know how to leave here. They were summoned here directly by a mysterious power. There was no ability to resist at all, and it was like a free space here, at least not finding any exit at all.

After Li Tian made a round here, although he said he was close to the rift between the earth and the underworld, he still couldn't find an exit.

And at this critical time, the remnant soul of the ancient **** awakened.

After a long period of deep sleep, this encyclopedia finally wakes up: "Here is..."

"Void Rift, I don't know why I appeared here, but it is not that simple for me to leave here now." Li Tian explained the doubts in the voice of the remnant of the ancient god.

"This void is different from the ones we saw before, and it feels like it's getting close to the lower realm." said the remnant soul of the ancient god, and then slowly expanded his divine mind through Li Tian. : "If you want to leave here, you have to find a rift that connects the gods, but what happened before? I seem to feel a strange aura."

"You mean, when I was in Xuanyin Hall?" Li Tian thought for a while. If it was weird before, it could only be in Xuanyin Hall.

"You kid should be so courageous. Even with your current strength, you will even run to the Profound Yin Temple. Are you trying to die?" The Remnant Soul of the Ancient God asked in surprise at this time. He did not expect Li Tian to be present. However, it is only the strength of the **** cultivation realm, and he will actually go to a very dangerous place like Xuanyin Hall: "When the Xuanyin Hall was built, I also knew a little bit of news, and I knew that this place is not something ordinary people can break through. ."

Li Tian nodded, thinking that when facing ghosts and spirit hunters before, that kind of absolutely powerful suppressing power was impossible to imagine until now.

He can now say with certainty that even if the three elders of the Shuiyue Sect, with so many Shuiyue Sect disciples, face the spirit hunters, they still have no chance of winning.

The voice of the spirit hunter's soul rang directly in your ears, and then, whether you like it or not, your soul will be affected and slowly pulled out of your body. .

Maybe some people have strong soul power, such as Li Tian. In that case, they can still keep their soul from being pulled out of their body. If they are replaced by someone else, they may be directly removed. Pulled out of his body.

Even if there are a lot of Shuiyue's disciples, under this voice, their souls will all be hunted down by the spirit hunters.

The remaining three Shuiyue Sect elders naturally didn't make any sense.

It is conceivable that the strength of the spirit hunter is really not that simple.

"I can't help it either. I was forcibly teleported here before, but it was actually just to find Reincarnation."

"The resurrection grass may be found in other places of Xuan Yin, but you can't find a trace of the resurrection grass in the Xuan Yin Temple. It is impossible for this kind of fairy grass to appear in this kind of sky, which is very heavy and corpse. Where, do you know how many people were killed when this place was built? How could this fairy grass like Reunion Grass be here?" The Ancient God Can Soul said with a sneer.

Li Tian also said helplessly: "Now I have entered here, there is no way to leave here."

"What I think of now is to leave here." The remnant of the ancient ***** said: "It's really good here. Your power can be transformed here, and then you can enter a new stage. Maybe your power can be awakened. The ability to leap into the void is still very rusty. When you use it more proficiently, this ability can help you in many critical times."

Li Tian also knows that Void Leap is definitely a god-level skill. If you can make good use of this skill in battle, it can completely reverse the entire battle.

But now, he still lacks the use of this ability.

And they are still in this void rift, it is not that simple to want to leave here.

Li Tian stood up and looked at the dark void around him. It can be said that he can barely see his fingers here. He can only barely see the light emitted by his own fairy power at this time. There are some around, but it is still dark.

He moved slowly in this void, and then looked for where the surrounding cracks were.

On the other side, the Shuiyue's disciples who were originally protected outside the Profound Yin Temple were all seriously injured on the ground at this time, and standing in front of them were some strange looking guys.

"Is the information we got accurate? Can you find something here?"

"I don't know, but the message that the woman gave us should not be wrong. This time even a few **** emperors have come. It seems that the things in the Xuan Yin Temple are really important?"

"Tietie, these have nothing to do. As long as we can enter the last Profound Yin Temple first, we can get the treasure. When the treasure is obtained, we will disappear directly into the God Realm, even if these **** emperors want to find it. We are not that simple. We are not the guys from the Discipline Hall. There are a lot of things behind the buttocks. It is easy to find them."

Several people looked at these Shuiyuezong disciples on the ground, and at this time they were still dreaming about what good things could be found in the Profound Yin Hall.

On the other side, Li Tian had been looking for where the void rift was.

I don't know how much time has passed, he didn't find the rift in the void, but he was directly summoned again to the outside of the Xuan Yin Hall.

And standing in front of him was the man who was outside the Asura Hall before, summoning him into the void.

He squinted at Li Tian in front of him, and said, "You probably still think about who I am now?"

Li Tian looked at the white-clothed man in front of him and nodded.

"Who I am makes no sense to you, and even if you know it, there is no benefit." The white-clothed man said with a smile.

Chapter 5509: Man in white

Li Tian smiled bitterly: "But you want to let me know what your purpose is."

"You don't need to know this. In short, I can't want to harm you, otherwise you would have died in the hands of that spirit hunter before. With your current strength, you dare to run in such a place. That woman really looks up to you." The white-clothed man squinted and looked at Li Tian in front of him: "But your courage is worthy of praise. You can remain calm when facing such an opponent."

"Otherwise, what else can I do? In that case, I can only look at the strength of my enemy. If the enemy's strength is not strong, I will rely on my own ability to fight it. If it is strong, I thought at the time. You can leave with the help of void leap." Li Tian looked at the white-clothed man in front of him with a helpless expression. Although he didn't know what the white-clothed person's identity was, he could feel that the white-clothed person had no malice towards him.

"En, now in the Xuan Yin Temple, it is definitely not someone like you who can continue to stay. Your strength here is seeking your own death. That woman has told many people about the things here. Now a few **** emperors It seems that they have already come, not to mention that all the powerful and powerful people from all sides have gathered here. Your strength must be at a disadvantage here." The white-clothed man said, patted Li Tian on the shoulder: "Your name is Li Tian. Right, there is still some time before the Junior Heroes Convention in New Moon City will begin, and you can just go back to participate at this time."

"I don't want to leave here now. Since you know Murong Ziqing, you must also know something about Shuiyue Sect. I want to know what is the relationship between the current Shuiyue Sect lord and Yunyi?"

"It's just a double cultivation partner. Although Shuiyuezhong has always forbidden such things to happen, the two of them are already like this, and they are embarrassed. The reason why the current master sister of Shuiyuezhong lost her memory is only because of Yunyi's methods. It's a pity that although this spell can make her lose her memory, it's impossible to reverse the situation in the same way. Otherwise, you won't need to come here to look for Reincarnation." The white-clothed man looked at Li Tian and smiled. Said.

Li Tian clenched his fists at this time, only feeling that his anger was getting stronger and stronger.

I thought it was Shuiyue Sect's thoughts before, but now I know that it was Yunyi and Shuiyuezhong's sect masters who were awkwardly involved in such a thing. If he wanted revenge, he must have killed Yunyi.

When I fought against Yunyi before, I showed that I was leaping into the void. If this guy fails to die here, I will definitely expose my identity today with this ability. By then, once this matter is known to many people Someone may take it for granted that he has found some treasure here, and he will naturally find some trouble for himself.

Coupled with what he learned from the white-clothed population this time, Li Tian must have killed Yunyi.

"Do you want to stay to deal with Yunyi?"

"That's right, this guy did something like this. Don't expect me to let him go. As long as I catch the opportunity, I will definitely kill him." Li Tian nodded and looked at the white man in front of him with seriousness. .

The white-clothed man smiled, touched the tip of his nose, raised his hand to push down his hat a little: "With your current strength, it is not that easy to deal with Yunyi."

"So what? I want to kill someone, and I have never failed." Li Tian sneered.

"I know the things you did in Luoyang City before. It is indeed very good to have such results at a young age, but you have to know that Lu Xiu and Yunyi are completely different. You can kill Lu Xiu, but It may not necessarily kill Yunyi."

"If I can kill Lu Xiu, I will definitely be able to kill Yunyi."

Li Tian's attitude was very firm, and the person in white didn't know how to persuade him at this time, so he nodded: "Since you want to stay, then stay, but the ugly words are placed in front of the Xuan Yin Temple. Things are also very important to me. Although I have been entrusted by Murong Ziqing to protect you, now my task has been completed. You have left the Xuanyin Hall and arrived at a safe place. If you encounter danger later, Now, it can only be because of your own reasons and has nothing to do with me."

"I know."

"This is the best way. Your future is pretty good. If you can strengthen your strength a bit, I believe you will have a good reputation in the entire God Realm in the future. But for now, it's better to be honest. Thinking about what to do, being stared at by too many people is not a good thing for you." The white-clothed man said while turning around: "Goodbye, I hope to see you next time. You can see how you grow up."

His figure slowly became illusory, and finally disappeared into Li Tian's sight.

Standing here, Li Tian squinted his eyes: "You must kill Yunyi!"

He knew that dealing with Yunyi might not be that simple for himself. When he fought Yunyi before, he could more or less feel that this peak of the immortal realm was quite powerful, and it was completely different from Lu Xiu.

But during this period of time in the Void Rift, Li Tian could feel that the energy he had originally lost was recovering bit by bit, as if his body was completely asleep before, thinking that his ability was ascending to God. At the time of the world, they were all transformed into Xianli.

It was only now that it was not like this at all, although the awakening of the previous power, the ability that originally belonged to Li Tian was slowly recovering.

"The strength of this man in white is not simple. It seems that during the time I was sleeping, you seem to know a lot of powerful characters." The voice of the remnant soul of the ancient **** rang at this time, and now Li Tian's body is indeed There are quite a few strong men. Murong Ziqing seems to be deliberately changing the environment around Li Tian. Since meeting this woman, various strong men have appeared around him.

The problems faced are getting more and more severe.

Obviously, it was only a celestial being in the realm of **** cultivation, but various powerful men continued to appear around him, and his enemies were stronger than before.

Li Tian squinted his eyes and said, "I don't know what the identity of this white-clothed person is."

"Maybe you will know later." The Old God Remnant Soul said: "But if you stay here to deal with the elders of the Shuiyue Sect, you are still a little bold. If they find out, you will not be let go."

Chapter 5510: Lurking

From the people in white, it is not difficult for Li Tian to determine what will happen in the Xuanyin Temple next. Powerful people and **** emperors from all quarters are gathered here, and it is bound to set off a **** storm here. Shuiyue has sufficient reserves this time, But just being a spirit hunter, probably can make them burn out, and at this time Li Tian's location is the only way out of the mountain.

If Yunyi and the others find the treasure, they will definitely choose to leave in the first place. This is the best place to intercept them.

Li Tian knows that he is now at the point of breakthrough. Although it is difficult to deal with an elder at the peak of the immortal realm, he can be sure that this guy has consumed a lot of immortal power in the Profound Yin Temple when he fought Yunyi before Once there will be more and more powerful people in the Xuan Yin Temple, even if the Discipline Hall is the first to enter the Xuan Yin Temple, it is not difficult to imagine that their battle this time is still very difficult.

In the next few days, he began to try to break through his own realm here. Although he has now stepped into the threshold of the gods realm with one foot, it is not that easy to step over with the other foot.

What he needs more now is an opportunity, and only in this way may he be able to successfully transform from the original spiritual cultivation realm to the spiritual realm.

The wind was blowing gently. Li Tian sat on the tree branch with his eyes slightly closed. It looked like a stone monument. A lot of restrictions have been set around him. Therefore, if there is a little bit of wind and grass around him, he will It can be reflected in the first time.

With the awakening of the remnant soul of the ancient god, Li Tian's current situation has improved a lot than before.

Especially in the use of the trick of Void Leap, he is now becoming more and more proficient. With the help of the remnant of the ancient gods, he can basically use this trick very easily now, and can use this trick. Completing a lot of continuous attacks, compared to before, Li Tian's combat effectiveness is now much stronger than before, and the battle has begun to become a lot more weird.

He was cultivating like this, while constantly using the void leap to hunt down the surrounding monsters.

Time just passed bit by bit, and even when Li Tian didn't know what to do, when he was investigating again, he saw the Shuiyue Sect team that had withdrawn from the Profound Yin Hall.

Compared with before, the current Shuiyue Sect's team has only more than 30 people left, plus two elders and a few disciples from the Discipline Hall, it can be said that they suffered severe damage in the Profound Yin Hall this time.

Li Tian hid in the shadow of the corner, carefully staring at these people who appeared in front of him.

As Li Tian said, the strong from all parties plus a spirit hunter is definitely a very heavy pressure for the strong in the entire Profound Yin Temple. Under this pressure, they have not been able to hold on for long. time.

Yunyi looked more haggard than before, and he didn't know what kind of battle he suffered in the process.

Judging from Li Tian's previous experience with spirit hunters, even Yun Yi had no chance of winning when he faced that guy. Besides, there was still so much pressure behind, how could he continue to persevere?

"It seems that your kid's luck has always been very good. These guys in front of you have some injuries, especially the Yunyi. It seems that among these people, the most seriously injured." His voice rang in his mind. Before, he was worried about how Li Tian would face such an enemy. Now he can finally breathe a sigh of relief.

Yunyi should have expended a lot of celestial power in this battle.

Yun Ji stood beside him, looking at the few disciples standing behind him: "Brother, what shall we do now?"

"Hurry up and return to the Shuiyue Sect and tell the sovereign about this matter. Now the **** emperor is watching us. Now we have to find a way to get out of here. If they get this thing, all our efforts will be wasted." Yunyi looked at He glanced at Yun Ji beside him, squinted his eyes, and said seriously: "There is not much time, go ahead."

Li Tian also worried that Yunyi did not consume much power in this action. When he dealt with ghosts before, he took out the seal of soul lock, and it was inevitable that he would not have the means to deal with spirit hunters.

But now it seems that all his previous worries are unnecessary.

Li Tian walked out slowly and stood in front of them: "Elder Yunyi is really clever. Even the treasure holy places like Xuanyin Temple you can enter and exit casually, which surprised me a bit."

The voice reached Yun Yi's ears, and Yun Yi suddenly became nervous.

Before I ran out by luck, the strong men in the Profound Yin Temple were still fighting with each other, and the spirit hunter had not been completely wiped out by them. What kind of cruelty has been experienced these days? Fighting, I'm afraid that only Yun Yi can know about it.

But he was unwilling to bring up this matter. In these days, their opponents were really getting stronger and stronger, and they were so powerful that they couldn't compete.

At this moment, hearing someone blocking them, the first thing I thought was whether the strong man in the Xuan Yin Temple had chased it out, so I was a little nervous, but when his eyes fell on Li Tian in front of him, There was a little doubt. The young man in front of him didn't look as good as they thought, and it was probably not a problem to deal with it.

"Who are you, what do you want to do when you stand here?"

"Elder Yunyi didn't recognize me so soon? I thought you would always remember me." Li Tian didn't hide his voice, and the feeling of speaking at this time was exactly the same as before.

Yunyi stood in place, and the Shuiyuezong disciples behind him also looked at Li Tian in front of him like an enemy.

And Yun Yi is probably a little unfamiliar with this voice, after all, from his point of view, Xuanning's matter does not have much to pay attention to. I don't remember that Li Tian's voice was normal.

"It seems that Elder Yunyi really forgets things for the nobles. Such important things can be forgotten. Could it be that the enemies encountered in the Profound Yin Temple these days are so powerful that your brain has no chance to store this? Kind of spam?" Li Tian smiled wryly, and then walked towards them step by step, with the corners of his mouth slightly raised, revealing a triumphant smile.
