

A Killer 5531

Chapter 5531: inquire about

"When I came back before, I accidentally heard about the change of Shuiyuezhong on the road, and there are many people in the whole New Moon City discussing this matter, so I was very curious to ask, and even thought. You need to know how Shuiyuezhong's situation is now, and whether they are embarrassing you." Li Tian squinted his eyes and looked at Ning Bing with concern. His appearance is really not artificial at all.

Ning Bing glanced at Li Tian, and Liu raised her eyebrows: "Many things are not what I can tell you clearly now. I don't know what happened that night. When I wake up the next day, Everything has changed."

"How about the internal response of Shuiyuezhong when such a major event happened?"

"The elders turned a deaf ear to this matter. Because of the intervention of several ***** emperors and the announcement of the previous suzerain, many people chose to stay outside and watch the fire from the shore, so there was basically no conflict. Murong Ziqing easily took the position of the Sect Master." The expression on Ning Bing's face was a bit ugly. Although this time things were exposed, what the woman did made her a little disgusted, but subconsciously still didn't think it was true. It was made by that woman, and she couldn't bear it.

Over the years, she has been carefully trained by the previous Shuiyue Sect Master, Shangshan Ruoqing, to have the strength and status today.

If there is no Shangshan Ruoqing, maybe she is still just an ordinary Sanxian, bullied by others.

Don't look at what she usually does when she refuses people thousands of miles away, she always looks cold, but in fact she still has a lot of affection in her heart. Even she herself can't figure out why. I will feel this way.

Li Tian looked at the expression on her face and said, "There are some things that we can't judge now. We don't know whether Shangshan Ruoqing has done those things. Now we just heard what others said, so we can't judge. "

"It is indeed like this. I also have no way of judging. In addition, you have asked me before, thinking that you might know something, but it seems that you should only get a little bit of information these days. There is more content in this matter, but I don't know a lot." Ning Bing looked disappointed, no matter who it is, it must be quite curious about such things.

Even a glamorous and frosty beauty like Ning Bing is the same, and she really wants to know what happened in these things.

So I thought about what information I could get from Li Tian.

It's a pity that Li Tian does know a lot of things, but he certainly can't tell them all. If after speaking out, Ningbing's attitude towards him takes a 180-degree turn, then It must be quite unfavorable for the subsequent memory recovery process. He now knows exactly what his goal is. In order to accomplish his goal, he can only choose to deceive Ningbing.

"I have been in the void these days. I can almost say that it is hard to protect myself. I definitely don't have time to participate in these things. What I am more worried about is the impact on the entire Shuiyue Sect after the current change of the Sect Master. What is the impact on you."

"After Murong Ziqing took office, he abolished many things, including the Discipline Hall. This is highly sought after by many Shuiyue Sect disciples, but now some new rules have been arranged, but those who do not abide by these rules naturally have the new way to punish them, although the sect master has been changed, it feels like nothing happened to us, and the Shuiyue Sect is more like a regular sect than before." Ningbing was helpless. Smiled.

Li Tian just breathed a sigh of relief. He had always worried about whether Murong Ziqing would become lawless after he became Shuiyue Sect's suzerain.

If this woman really becomes like that, she will become Li Tian's enemy. It is all because of his methods that Murong Ziqing can indirectly stand in her current position, and he also knows a lot of Murong Ziqing. The secret, if this woman is really a vicious-hearted woman, it will be sooner or later to get rid of Li Tian.

But now it seems that his worries seem to be redundant. Murong Ziqing doesn't look like a bad person now. At least after he becomes Shuiyue Sect's sovereign, he can guarantee the smooth progress of the previous things. It is not something that ordinary women can do to cause any turmoil within the Shuiyue Sect.

Smiling at the Ningbing in front of him, he slowly walked forward: "Don't worry, if there is anything I know, I will tell you the first time."

"I hope so. Take a good rest today. The day after tomorrow is the time for you to play. I will go over and cheer for you. But if you haven't recovered to the previous state, you'd better take a good rest. , The body is the capital of the revolution, but don't return to the peak state by the time of the game." Ning Bing said profoundly, and then entered a house on the right.

Li Tian naturally chose the wing on the left.

The space in the house is not very large, but although the sparrow is small, it has all the internal organs. You can see a lot of furniture here, none of which is like what you can have in ordinary people's homes. All of the things are owned by big families, and ordinary people simply cannot afford it.

Li Tian watched, and said with emotion: "A few days of rest here is not bad, at least it can let me relax for a while, and I dare not really expose my identity in the tavern these days. Always be afraid, even when practicing."

This is the City Lord's Mansion. Naturally, Li Tian doesn't need to worry about others knowing his identity. He doesn't believe that someone will actually run to the City Lord's Mansion to attack him at great risks. If there is such a killer, it can only be said that this guy's head is not bright enough.

Ning Bing wanted to inquire about Murong Ziqing and Shang Shan Ruoqing from Li Tian, and Li Tian also wanted to inquire about the current situation of Shuiyue Sect from her, but obviously, the two of them now None of the information is very satisfactory.

However, Ningbing's statement can basically relax Li Tian a lot.

At least it is certain that Murong Ziqing has not revealed his vicious face yet.

Chapter 5532: Debut

In the next few days, Li Tian and Ningbing spent almost all day cultivating in their rooms.

Only in the evening, Li Tian would run outside on time to watch the sun set, and Ningbing was also just right to come out to accompany Li Tian at this time. Only at this time, the two people would say something.

Usually, the two of them basically lock themselves in their rooms for cultivation.

Especially Li Tian. After he entered the realm of gods, huge changes have taken place in many places. Even he himself does not know what his current strength has become.

With the super soul power and the star sea in the dantian, Li Tian is completely different from ordinary immortals now.

During the two days in the City Lord's Mansion, it was considered a fragrant and spicy drink. The only pity was that he did not see Feng Tianxiang. Otherwise, Li Tian can guarantee that he can say a few words and make Feng Tianxiang doubt his life.

Feng Tianxiang probably didn't want to see Li Tian, so he didn't show up these days.

As for Feng Tianling, since Li Tian entered the City Lord's Mansion, he has not been seen.

Reminiscent of Feng Jie's calm expression before, it's not difficult to judge. This time at the Youth Hero Conference, he may become Li Tian's opponent. It is estimated that Feng Tianling is already. His strength is still eight stars in the realm of **** cultivation, but it is already very good among young people, and it is said that his talent is very good, and he has the possibility of breaking into the realm of gods.

Li Tian is also very curious whether this guy can achieve this level, but at present, it seems that he has really broken through to the realm of gods.

After the things that happened before, you can be sure that Feng Jie's attitude towards Feng Tianxiang is basically very bad. Let this guy fend for himself. If he can defeat Li Tian, he can say anything. If he can't, be honest. He was actually eliminated by this young hero meeting, staying in New Moon City and watching Feng Tianling become one of the three candidates.

Although this is cruel, it is also helpless.

Feng Jie had also arranged it before, but who knew that Feng Tianxiang would actually assassinate Li Tian at such a critical time. That's fine for the assassination. The key is that he failed the assassination and gave Feng Jie a shit.

No matter how much he loves this little son, he must set an example at this time. As the lord of a city, it is impossible not to pay a price to treat this matter as if nothing had happened.

He hadn't been punished because of the Emperor of the Big Dipper's grace before, and Feng Tianxiang was only confined in the city lord's mansion for a few days, but he was not really punished.

But it does not mean that this matter is over.

As long as this young hero meeting is not over, then this matter will still be mentioned by many people. As the city lord, what Feng Jie hates most is being mentioned by these people.

Fortunately, these days, this matter seems to have slowly passed away.

On this day, the wind is sunny.

There was a refreshing smell in the air. Li Tian, wearing a black sword robe, stood in the yard, watching the rising sun in the distance, his mouth slightly raised.

Finally, under the anticipation of all the people, it is time to usher in the finals of this young hero meeting.

Whether he can join Ningbing to participate in the Ten Cities Competition, it depends on how he performed in this young hero meeting, but with his current strength in the realm of gods, it can be said that he is basically in this competition. It has already occupied a very large advantage. Among so many people, no one has been found to be able to break through to this realm like Li Tian.

Even Ningbing, it seems that he has only cultivated to the ten-star peak of the ***** cultivation realm. It seems that he has already reached the threshold with one foot, but he has not been able to find a breakthrough opportunity. At this time, it is still the ***** cultivation realm.

As for Feng Tianling, he has not seen this guy appear until now, so it is still unknown what his strength is.

"It seems that your body should have fully recovered, there is no problem?" Ning Bing didn't know when he came out, standing behind him, following his gaze, watching the rising sun in the distance.

"There is not much problem in itself. After these two days of rest, it is almost at the peak state. There is no problem with dealing with Feng Tianxiang."

"You seem to be very confident?"

"Of course I will have confidence. Not to mention that I have already crushed Feng Tianxiang in terms of strength. Even Feng Jie has given up Feng Tianxiang. What kind of results do you think he can achieve in this competition?" Li Tian smiled and looked at Ningbing behind her. She wore a pale green fairy dress today, and she really seemed to have a sense of otherworldly.

Every time you see her, you will feel that your whole soul seems to be sublimated.

"The talents of the two of them are indeed not very good."

"If they weren't born in a good family, how could they have such achievements now? This is also a very unfair thing in the gods. It is difficult for some true geniuses to be treated fairly." Li Tian was helpless. Shrugged his shoulders, thinking of the previous trials in Luoyang City, and thinking of the young hero meeting this time, shady scenes in the God Realm are basically common.

Even if your talent is really good, but if there is nothing acquired, it is meaningless.

"Let's set off when we are ready. Today is the day that many people are looking forward to. It is also when you are on stage. I don't know how many people are waiting for this opportunity." Ning Bing glanced at the time, then turned around and said.

"Well, it's time to go." Li Tian nodded, and then walked out of the small courtyard side by side with Ning Bing.

On the other side, Feng Tianxiang, wearing a white sword robe, was startled looking at the black dagger in his hand.

"This is your last chance. As long as you do what I said, you can advance, and you won't have any problems this time." In front of him, a shadow said calmly.

"What is your purpose for helping this?"

"Killing Li Tian is a very important thing for us. The conflict between this kid and us is beyond your imagination. Since you don't have confidence in yourself, why don't we help you build confidence?" Hei Ying smiled and responded.

Chapter 5533: Li Tian vs Feng Tianxiang

After the incident last time, Feng Tianxiang is now a little scared from death. What if this incident involves Feng Jie again?

According to his father's character, the last time he reluctantly agreed to his mother's request, if the same thing happened again, he would never be given a chance. Feng Tianxiang would never doubt this. .

But looking at the dark figure in front of him, he was also a little tangled at the same time.

He doesn't know how Li Tian's current strength is, but the battle between Li Tian and Jin Ling'er is still vivid at this time. He also knows that the future and development of this young man are infinite, even today's. In the game, he might not be Li Tian's opponent. In addition, Feng Jie is totally indifferent to him now, letting go, so that he has no confidence in his heart.

"Think about what your father thinks of you, what you think of your brother, and think about the treatment between you and your brother. You can understand that this time is your only chance. If you can't defeat Li Tian, then There is no way to win the respect of your father again." Sombra seemed to see his inner worries, and muttered in his ears: "A person will always make some difficult choices throughout his life, but there are Some very difficult choices can help you change everything."

"Father told me not once. Li Tian's identity and status are not what we thought. Such a person must not provoke him." Feng Tianxiang raised his head and looked at the shadow: "If I kill He will inevitably be in great trouble."

"In the competition arena, it is inevitable that there will be misses. Who can guarantee that there will be no casualties in this kind of competition? Even if you really kill Li Tian, you can only say that he is not strong and died. How can your hand become your problem?" Sombra chuckled, and seemed to disdain such a response: "The opportunity is now in front of you, but can you grasp this opportunity? It depends on you."

Feng Tianxiang looked at the black dagger in his hand and gritted his teeth.

He was entangled...

Sky Dojo:

Standing here again, Li Tian's mood is completely different from before. He was very curious when he came here before, but now standing here, his mood is much calmer than before.

And this time the game is obviously much more serious and regular than before.

You can see many warriors wearing black profound armor around the ring. The armor on them seems to be just a thin layer, but if you feel the weight yourself, you know that these profound

armors are very heavy. These warriors Wearing such a heavy armor and holding a spear in his hand, he stood around the ring, protected this side, his body was not shaken at all.

Compared with the defenders of Luoyang City, the defenders of Crescent City are the gap between the regular army and the miscellaneous army.

Look at these meticulous guards without any wavering, and you can't feel the weight of the profound armor on them.

"These are all very rigorously trained profound armored soldiers in New Moon City. Every strength is in the elementary level of the ***** cultivation realm. It can be regarded as a very powerful team. It seems that Feng Jie is quite good for this match. Pay attention, even such troops have been dispatched." Ning Bing also saw these profound armored soldiers, and every look under the armor was indifferent and terrifying.

Li Tian glanced at it and nodded: "These soldiers can see that they have all undergone very strict training. God knows what happened to them to train soldiers with such a terrifying aura."

While talking, he was watching around the ring.

In the previous referee's bench, in addition to the few people before, there were a few more women in Shuiyuezhong sect costumes. They all looked like they were in their twenties and thirties, but they had the temperament of a mature woman.

No need to guess, these should be the real elders of Shuiyuezhong.

These people sat there, as towering as a big mountain, only when they felt that Li Tian entered the sky dojo, his eyes stayed on him for a short period of time, and then they moved away directly. Up.

Li Tian stood in the waiting area for the players.

Opposite him is Feng Tianxiang's position, this guy hasn't come here yet.

On a large seat to the east, Feng Jie was sitting, frowning at this time, just like the two generals behind him seemed to be talking about something.

Obviously the time was almost up. Feng Tianxiang didn't show up here, making many of them wonder where this kid was going. Even Feng Jie, who was not going to control Feng Tianxiang, had a little doubt at this time. In such an important final, if there is any problem, it will be their New Moon City that will be ashamed, and then they will be laughed at by other main cities, so how can he save his face?

But when he was in a hurry, he finally saw a person coming in from a distance.

It was Feng Tianxiang who was wearing a white sword robe. This guy dangled a piece of his long hair. He moved with the wind at this time. At this time, he looked really handsome.

He stood in the waiting area on one side and glanced at Li Tian.

The two people are not far away, so Li Tian began to speak: "I thought Master Xiang was afraid to fight with me, and I don't know where he went."

"Afraid to fight with you?" Feng Tianxiang sneered, looking at Li Tian in front of him, and said:

"How could I be afraid to fight with you? This time I want to become one of the three places, and I

must win. It's okay for a little guy like you, but I just slept a little late. It's not because I am afraid of you that I came here so late."

"I hope that when the two of us fight, your fists can be as hard as your mouth." Li Tian laughed.

"Of course I also hope that your head can be as hard as that, otherwise my fist hits your head and it may make your head bloom." Feng Tianxiang also said not to be outdone.

Li Tian looked at him, always feeling that Feng Tianxiang was like a chicken blood today, completely different from before.

There was no fear in his eyes. On the contrary, he seemed to be very excited. He didn't know where this guy came from. He should have seen Li Tian and Jin Linger fighting before. Not nervous at all?

Chapter 5534: Stage

Feng Jie, sitting on the main seat, was really worried about Feng Tianxiang's problems at this critical time.

If you are late, you will be embarrassed.

Fortunately, this guy pinched a bit and finally came here when he was about to be late.

But soon, he discovered a very strange thing.

After watching the battle between Li Tian and Jin Ling'er, Feng Tianxiang was still a little nervous before. The battle between these two men can be said to be brilliant, fully demonstrating what a real genius is and what is in front of them. The real powerhouse, even Feng Tianxiang was desolate in front of them, and he couldn't believe whether he would be able to perform at this level even after facing such an opponent.

But today, Feng Tianxiang didn't see any panic in his eyes, on the contrary, he looked very excited.

'What is this brat doing? It seemed that I was worried about the fight with Li Tian before, but now it seems that I have completely forgotten the previous emotions, and looked very excited. Feng Jie looked at Feng Tianxiang in the distance, frowned slightly, and thought to himself: "You guys have watched me. This kid is completely different from before. I don't know what he wants to do."

"Don't worry, the city lord, so many people are watching, I believe the young master shouldn't do stupid things." The general standing next to him just smiled, not taking it seriously.

"What do you know, this kid is much more impulsive than you think. I don't dare to know what this guy will do." Feng Jie heard these two people talking here, just sneered: "In short, you are optimistic, if there is any problem, you have to take action as soon as possible."

On the other side, Li Tian was already standing on the ring.

Feng Tianxiang was also standing opposite Li Tian, smiling faintly: "If you admit defeat now, the two of us won't need to fight each other."

"Do you think that's possible?"

"I also think it seems impossible. You guy will definitely think that you are very strong and you can't easily admit defeat." Seeing Li Tian's serious face in front of him, Feng Tianxiang smiled

calmly and said: "I know You must think so, so it seems that there is nothing to say. The two of us still have to fight to see who is the ultimate winner."

Li Tian smiled and did not speak.

He believes that his advantage in this competition must be quite large, and he can easily deal with Feng Tianxiang in front of him.

"Are you ready for both players?" Feng Jie stood up and looked at the two people on the ring. From time to time, his eyes would fall on Feng Tianxiang. It is true that this kid is in a weird state now. I have been worried about whether I am Li Tian's opponent, but now it seems to be extremely excited. Who would have thought that this kid had been wondering if he was Li Tian's opponent before?

He was really worried that this kid would do something brain-dead about this matter, and the problem would only get worse.

"I have a problem." Feng Tianxiang stood up, looked at Feng Jie, and said, "As everyone knows, I had a little conflict with Li Tian before, so I want to know if I missed and killed my opponent in this match, How to calculate?"

His expression was serious, as if he was saying something normal.

Feng Jie was also taken aback for a moment. He didn't expect that this kid would ask such a sensitive question while so many people were watching. He squinted and said, "So many of us are watching. If there is any danger, If we do, we will stop the game as soon as possible, and there will be absolutely no personal danger."

"This is just what you said in words. I believe Li Tian must really want to kill me. After all, he suffered a lot because of me before. This guy must hate me very much." Feng Tianxiang Still reluctant to give up this topic, he continued to ask: "So in this game, I was actually very dangerous to die. Maybe one of them was accidentally killed by this guy."

"I said, if there is any problem, we will stop the game as soon as possible."

"What if you fail to do it?" Feng Tianxiang asked with a sneer.

"If we can't do it, then we can only say that this is your own problem. Now that you are standing on the ring, you must be prepared for death. If you two have no problems, this time Just prepare." Feng Jie thought that Feng Tianxiang was worried that he would be killed in this match, and squinted at this time and said unceremoniously.

An accident flashed in Li Tian's eyes. In other words, if anyone really died in this game, New Moon City would not be responsible for any problems?

He squinted his eyes and looked at Feng Tianxiang in front of him, worried whether this guy had deliberately asked this question.

As for Feng Tianxiang, a bleak color flashed across his face at this time, as if thinking of something, he nodded and said, "Well, I have no problems now and can start the game."

Li Tian looked at him and sneered: "It seems that you are at home, and it seems that you are not very popular."

"It has nothing to do with you."

"Your eldest brother may still be cultivating now, but look at how you look now. You were scheduled for the first match against my opponent. Don't you know that you have been abandoned now? Who told you to do it before? Things are so dizzy and stupid that it has become what it is now." Li Tian squinted his eyes and laughed at this moment without hesitation, no matter where he was.

On the other side, Feng Tianxiang was about to explode at this time, and he never expected Li Tian to say such things at this time.

At this moment, with a cold face, looking at Li Tian, he said, "You continue to be arrogant, but I really want to see, how long can you be arrogant?"

Under the ring, Ning Bing looked at Feng Tianxiang on the ring and whispered: "This guy's face looks very different from before. Shouldn't he be worried that he can't beat Li Tian? How come it looks now It seems to be full of confidence. Could it be that you have done something secretly in the last period of time?"

Indeed, Feng Tianxiang's appearance today is too strange. Many people can see that Feng Tianxiang's state is completely different from what he should have been.

Although Li Tian knew this, he didn't even know what happened in it.

Chapter 5535: heartbroken

"If you have always maintained such an attitude, I believe I can continue to be arrogant for a long time. After all, in my opinion, it seems that your strength can't do me anything." Li Tian just wanted to irritate him. Feng Tianxiang of Feng Tianxiang had a mocking smile on his face. Looking at his appearance, he really didn't seem to care about this game. After all, he was already in the realm of gods.

Feng Tianxiang didn't say anything, but looked at Li Tian meaningfully.

And under the ring on the other side, many people are also involuntarily excited by watching this scene. The strength of these two people can be said to be the best among young people.

One is Li Tian, who previously fought with the chief disciple of Wudu Sect, and the other is the son of City Lord Fengjie. The identities and status of these two people have basically reached a certain level, and you can't easily smile at them. .

In this competition, who can become the ultimate winner is still unknown.

Ning Bing was also sitting under the ring, looking at the two people on the ring, there was a hint of curiosity and thinking in his eyes. Before, he was a little bit curious about Li Tian's changed fighting style, just the difference between the last battle. The disparity was too great, and she could not really see what this person's strength had transformed into. At this time, her eyes were staring straight here, wishing to find any clues.

Feng Tianxiang looked at Li Tian, then turned his gaze to Feng Jie in the distance. Even if he didn't say anything, he would still feel uncomfortable in his heart.

As Feng Jie's son, the gap between him and Feng Tianling is completely different.

Since he was a child, he has been taught many times because of his character, and even Yu Fengjie has angered him several times. Feng Tianling, like a goddess, is the first time he can enjoy all kinds of things. All kinds of generous treatment.

Both are Fengjie's sons, but the gap between the two is too great.

Just because of his bad personality, he often causes trouble.

Originally, Feng Tianxiang didn't want to do this, but his nature is like that. As the saying goes, it's easy to change, and it's hard to change. He didn't think about trying to change his personality, but this process is obviously not something that can be done in a day or two. It is not so easy to succeed.

Coupled with the previous assassination of Li Tian, Fengjie was completely disappointed in this young son.

He himself knew this was the reason, but things had already developed to this point. Even if he knew what was going on, it was impossible to go back in time and make what had happened never happened.

This time Sombra came to help, but he didn't want to agree.

Even when he was standing on this ring, he still had some hesitation in his heart, because he knew what the consequences would be, and it was Feng Jie who would be unlucky in the end.

After killing Li Tian in the game, people from the Zhuge family will soon ask about this matter. The previous holy places may also make a big fuss about this matter, and even Shuiyuezhong will put pressure on it. Give it to them, and these problems are just Feng Tianxiang, and they definitely can't solve them.

But on the ring, after hearing Feng Jie's answer, he had no such idea.

There is an emotion called heart death.

Now Feng Tianxiang doesn't have any guilt thoughts anymore. Since even Feng Jie doesn't care about his son, why should he care about this father who didn't catch a cold to him since he was a child? Why bother to continue to swallow such humiliation, watch so many people look down on him, and assume that nothing has happened?

He can't and doesn't want to continue like this.

So the best choice is to kill Li Tian, everyone will die together, and no one will benefit in the end.

"Okay, let's start the game, so many people are watching, don't waste time here." Seeing that the two people are still here, Feng Jie snorted impatiently, and then looked at the two on the ring. Personally.

As the voice just fell, the barrier on the ring slowly opened.

This enchantment is different from the enchantment of the original sky dojo. It is an enchantment condensed entirely by their own people. The strength may not be as strong as the strength of the original sky dojo, but they can easily control it through this. The switch of the enchantment can also make the game a little safer. After all, those who can participate in this young hero meeting must be the geniuses of all parties.

These geniuses are like a treasure in the eyes of others. If these people die here, maybe how many people will come to make trouble.

The previous battle between Li Tian and Jin Ling'er completely awakened Feng Jie. The talent and strength of these young people was no longer as simple as he imagined. If the situation is not well controlled, once this time There were casualties in the game, how should he explain?

Therefore, after thinking about everything, he decided to use such a barrier.

In order to protect the game this time there will be no problems.

"Let's get started." Li Tian exhaled gently, slowly holding Hong Zhan in his hand, a very strong and violent idea directly invaded his mind and tried to control him.

You don't have to think about knowing what's going on, he knows very well that this is the demon in Hong Zhan.

After this guy was sealed by himself, he must have been very dissatisfied in his heart. He wanted to break through the seal, but it was a pity that Li Tian carefully designed it, coupled with the help of the remnant soul of the ancient god, how could this guy run by himself Come out?

However, the actions of the inner demon's bureau are not without a little meaning.

At least this kind of hostility continues to invade Li Tian's mind. He only needs to accidentally reveal a little problem, and he may be directly controlled by the inner demon.

Therefore, Li Tian was equally uncomfortable when confronting the inner demon.

"This sword of yours seems to be very different from before. You have been cultivating for a long time these days, and you have changed a lot of yourself." Feng Tianxiang could feel Red Slash all the way away. The violent aura is like a demon sealed inside, it is possible to rush out of this sword at any time and swallow everything around it.

This kind of aura is very clear, and it is gradually affecting more and more people around him.

Even Feng Jie, who was sitting on the main seat, had two eyebrows twisted together at this time, staring intently at Hong Zhan in Li Tian's hand, revealing a hint of doubt.

Chapter 5536: Hostility

"The sword in this kid's hand is completely different from before. It feels a lot more hostile."

"It's true. I didn't feel any difference in this sword before, but this time it was just a moment when I was summoned. This strong hostility made everyone present feel it, possessing such a level of hostility. The weapon of qi is definitely not an ordinary weapon." A general standing next to Feng Jie also looked at Li Tian with a worried expression: "Will the young master."

"If he accidentally died here, he can only be blamed for his lack of strength. Of course, if that time comes, you will need to take action. Although I said that before, I don't want to be in this game. Some people are causing life on it." Feng Jie thought for a while, then glanced at the general next to him and said, Li Tian is now showing a strange state.

Coupled with the appearance of Feng Tianxiang today, Feng Jie has some concerns.

He is not worried about who will win this game, but he is worried about what life will be caused in this game. One is his own son, and the other is a rising star. Now there are many gods. The Imperial

Capital is paying attention to this young man, and although Li Tian is only a loose fairy, his talent and strength are even more powerful than some professionally trained immortals.

Such young people are definitely the target of all forces.

Once you can get the help of such a young man, when he grows up, the future will be limitless, and the benefits that the future will bring to them are definitely not clear in a few words.

At this time, Feng Jie also understood why Zhuge Yuntian valued Li Tian so much, and even used his power in the Zhuge family. Such a young man is like a treasure, and if he is lucky, he can discover a lot from him. Idiots don't care about such young people.

"Don't worry, the city lord, a few of us will stare at it. If something really goes wrong, we will take action as soon as possible." The general on the side nodded, and at this moment, Li Tian squinted his eyes "I just don't know what is going on with the hostility of this young man. If it is transmitted from this sword, could it be said that this sword, which has not changed anything before, has been sealed in the past few days? Got a very evil soul in?"

"I don't rule out the possibility. This hostility is too strong, and I can see that Li Tian has no way to control this hostility. Even he is now being affected by this hostility." Feng Jie nodded and looked at Li Tian who was a little tangled in the ring at this time. He should be worried about the hostility at this time, because he could clearly feel that he could not control the hostility in Hong Zhan.

After all, the heart demon is Li Tian's heart demon. After so long, it has almost condensed all of Li Tian's original negative emotions into hostility. There are too many things in this hostility, not at all. Li Tian was able to cope with this easily, facing the hostility that was constantly invading from the sword body, Li Tian at this time could only do his best to ensure his peace of mind.

But even he himself didn't know how long this situation could last.

Hostility is really terrifying, even for the immortal, if it targets you, then you don't have strong willpower or a firm mentality, then you will soon be swallowed by hostility. Then it will become an all-encompassing demon.

There are not few people like this in the gods, all of them fail when they break through the realm, and their bodies are controlled by the heart demon.

But Li Tian in front of them is obviously completely different from their situation.

'Don't try to control my body. It's impossible for me to let you out. Even if you release all your hostility, it's useless. Li Tian thought to himself in his mind.

'Dangling, this kind of thing is impossible to say. You are about to fight now. If you continue to be affected by my hostility, you may lose your sanity later, and anything is possible. occur. The voice of the heart demon responded in Li Tian's mind, as if he was very excited. As his voice appeared, the fluctuations of hostility became more frequent.

The sword robe on his body trembled crazily at this time, swelling up, as if something was swelling inside.

If you can observe carefully, you can find that there are some black filaments on Li Tian's skin. These thoughts are hidden under his skin like hair. If you don't observe carefully, it is difficult to find.

But this real hostility is definitely impossible to hide.

"Such a strong hostility, what the **** is going on?" Ning Bing was sitting on one side of the stand. At this moment, even at a long distance, he felt the hostility coming from Li Tian, just like Like a tiger, it rushed directly in front of you, with an unstoppable aura, as if it wanted to swallow everything around it.

This situation has never appeared in the entire sky dojo.

But Li Tian can no longer control Red Slash with one hand. There are many black threads on the entire sword body, flashing black light like lightning. In Red Slash, there are also red rays and black rays struggling, obviously. Tang Feifei is controlling the heart demon. If the state of the heart demon continues, it may not be long before Li Tianzhen will be controlled.

"You seem to be unable to control the sword in your hand." Feng Tianxiang has been observing Li Tian's expression. When he saw that Li Tian's expression was now very difficult and he was struggling constantly, he knew his opportunity had arrived. : "Since you have become the way you are now, don't blame me for taking advantage of you. If you don't make a move at this time, you may not have the opportunity to make a move."

While talking, he summoned his fairy sword, ready to take advantage of Li Tian now fighting against the heart demon, as long as he can defeat the guy in front of him, he can justifiably say that he just wanted to have one with Li Tian before. Just kidding, I didn't want to kill Li Tian.

After all, the winner has all the say.

When he defeated Li Tian, no matter how he explained it, no one would doubt that what this guy said was true or false.

Chapter 5537: Take advantage of the void

"Do you want me to die now? If I die, you will definitely not be able to live." Li Tian kept asking the demon in his mind. The two of them are now grasshoppers on a rope. Well, if Li Tian is killed, can the inner demon still live?

"I don't care anymore. Anyway, I am locked in Red Slash by you now, and I can see the real face of your fellow. What else can you not do?" The heart demon sneered, his tone of voice. Zhongguo really doesn't have a little nostalgia: "If you think I will not affect you like this for this reason, then you can only say that your thoughts are naive."

"..."

"I have been deceived by you once, and I will never be deceived by you a second time."

"I promised you before to live with you, and now I have fulfilled my previous promise to let you survive, but after all I am the master of this body, it is impossible for you to control my body all the time. You also know that you are full of hostility. If you control my body, what will you do? Then the entire God Realm will have no place for me. Is this what you want? See the consequences?"

"These are all your business and have nothing to do with me. Even if you are dying now, I will not help you."

The hostility of the inner demon still haunts Li Tian, but when he was preparing to negotiate with the inner demon, Feng Tianxiang in the distance had already made a move, and this guy was

insulted by many people as soon as he took it. Everyone can tell. After Li Tian summoned Hong Zhan, he seemed to be a different person, even the expression on his face became very strange, obviously not suitable for fighting at this time.

But Feng Tianxiang, he couldn't fail to see how Li Tian is now.

The distance between the two people is so close, everyone knows that Feng Tianxiang only started under this situation after he knew what Li Tian was doing now.

For a while, many people scolded him as shameless.

Even Ning Bing, a well-trained beauty master sister, couldn't help frowning at this time and whispered: "It's just a brazen guy who takes advantage of Li Tian's current mental state of instability."

Feng Tianxiang just wanted to take advantage of the vacancy. If it was said that he had stood before him intact before reaching Tianhua, he might not have shot so quickly, because he did not know where the gap between him and Li Tian was.

But now it's different. Li Tian has always been standing in place, his body trembling, and the sword in his hand is constantly flowing between red and black light. Idiots know that Li Tian is the weakest now. , The most vulnerable, if you want to defeat the guy in front of you effortlessly, now is definitely the best opportunity.

Since it was such a good opportunity, Feng Tianxiang would certainly not miss it.

"Hehe, the young master's timing is really good. I don't know what Li Tian is doing, and suddenly I can't control myself."

"That's because the hostility on this guy's body is getting heavier and heavier. He may have never summoned his weapon in the previous battle. Now when he wanted to go all out, it was because the weapon in his hand was too hostile. Heavy, but it has become the most terrifying weapon for him." Feng Jie looked at Li Tian, and knew what was going on with this confused young man now.

Hostility itself is a very powerful thing of destruction. Once anyone is controlled by hostility, the only thing that can be done is destruction.

Just like an existence that wants to destroy the entire world, everything in front of her has only one function, that is, to be destroyed by him. This is the terrible part of hostility, and it cannot be changed at all.

However, some powerful experts, when faced with these hostility, can control their minds well and not let themselves be confused by this hostility.

But this is only a minority after all, and the strength of such a strong person is not simple in itself. It is basically two completely different concepts from the current Li Tian. At this time, Li Tian has been clenching his teeth and insisting, but the hostility is growing The thicker he is, even if he wants to persist, but at this time, under this hostile attack, he loses his resistance little by little.

He knew very well that before long, he would be lost.

Feng Tianxiang's move at this time made it even worse.

Li Tian has seen that this guy is getting closer and closer to him, and he wants to make a move, but his hands and feet are as if frozen, or he has completely lost his control. He didn't make any response, he still just stood there and looked at the enemies getting closer, but he didn't react at all.

"Haha, it seems that there is nothing wrong with my guess. In order to make yourself stronger these days, you have forcibly sealed a soul in your fairy sword, trying to refine it into your sword spirit, but you never thought that you could not control this at all. Soul, it is completely unrealistic to cultivate it into a sword spirit. If that is the case, then I will give you a ride." Feng Tianxiang held the sword in one hand, thinking of the formula in the air, The fairy sword lit up with a burst of light and slowly chopped it down towards Li Tian's shoulder, with great strength.

Seeing that the fairy sword was getting closer, but now Li Tian was still standing there like a stone without any response.

He has already taken many necessary response measures in his mind, but his body is like a piece of wood, still unable to make any response.

He watched as Xian Jian slashed heavily on his shoulder.

The blood blew out, and a hole appeared in the sword robe on his body, and then the person flew out following him, heavily mingled with the enchantment on one side, the blood was flowing, looking very serious.

Feng Jie raised his eyebrows and squinted without speaking.

"City Lord, will life be killed if this continues, do we...?"

"The battle hasn't yet decided a victory or defeat. If we go up now, how should we explain it to others?" Feng Jie squinted and looked at Li Tian on the ring, stopping the two generals who wanted to go up to help. He knew that Li Tian's current situation might be dead, but he was still not ready to take action at this time. The two people before seemed to have agreed, regardless of the consequences of life or death.

He really didn't want human lives in this ring, and of course he didn't want Feng Tianxiang to die.

As for Li Tian, it doesn't matter.

Chapter 5538: Life and death

He also figured out this matter just now.

Fortunately, what we have asked before is very clear. If there is any life in this game, they will not need to bear any responsibility in the New Moon City. Of course, he will not be able to look at it all the time. Nothing happened.

Li Tian now looks as if he is about to be defeated, and when Feng Tianxiang is about to kill him, let the two generals take action. On the surface, it looks like he is trying to help Li Tian, but in fact it is just a cutscene. That's it, let others have no way to be critical of them, after all, they had already taken action to stop Li Tian when he was about to die, but it was too late.

In addition, both Li Tian and Feng Tianxiang had agreed to his previous request of life and death.

In this way, if a lot of people came to ask the teacher for their crimes, he would also be able to dump this incident on Li Tian.

'Although this young man has no grievances with me personally, he may already have a grudge against our Feng family after the previous events. If this time allows him to be promoted successfully and go all the way, then the future is likely to be beyond our ability. Controlled well, so the best choice was to let Tianxiang kill this kid when nothing happened at this time. Feng Jie thought secretly in his heart, and at this time he had almost made a choice.

It is absolutely impossible for Li Tian to keep him alive, this kid is alive, and he will definitely become a big worry for them in the future.

At this time, the conflict with Feng Jie is already uncivilized, and in his eyes, there is no such a city lord Feng Jie at all, and he is open-minded. Even in the city lord's mansion, he can say whatever he wants. Such a young man They are all uncontrollable, and once they become strong, they are terrifying.

I'm afraid to leave a big trouble for myself.

So if Feng Tianxiang can really end up with this kid, then everything can be over.

As he thought, he looked at the ring.

After defeating Li Tian, Feng Tianxiang coldly snorted: "I still think you are so arrogant before me, but looking at you now, you can only lie like a trash In front of me, do you think you have any honor beyond that?"

Li Tian was lying on the ground, feeling very strong, but he had no way to control his body at all. He could only watch the guy in front of him flaunt his power in front of him, but he couldn't do anything.

The hostility inside Hong Zhan has become more and more serious now, and his body has already seemed to be controlled, unable to make any response.

"It seems that you should have been shocked by this situation now, and you can't even say a word." Seeing Li Tian stay silent in front of him, the smile on Feng Tianxiang's face became even stronger. As he spoke, he stepped forward and stepped on Li Tian's head: "Come on, let me see how strong you are? Stand up and fight with me. Isn't you the most arrogant one on the ring before? "

His actions are obviously a bit too much, even if the two of them are now in a game, they are fighting.

But this obviously insulting action is still a bit excessive.

Feng Jie's brows also frowned.

"City Lord, do we need to come forward like this? If we don't speak, it is inevitable that someone will speak ill of us behind our backs?" The general on the other side looked at the situation on the field, and the expression on his face became a little embarrassing. , Looking at Feng Jie next to him, waiting for Feng Jie to say what to do this time.

"Don't make a move for now, wait and see." Feng Jie looked at the two people on the ring in front of him. Although he knew that it was almost time to ask them to come forward, he still had no choice.

Although the general had a little embarrassment on his face, it seemed that something was about to go wrong now, but Feng Jie couldn't do anything if he didn't speak.

Ning Bing had already stood up from her original position at this time, looking nervously at Li Tian on the ring. She didn't know what was going on, she could only guess a little bit that was related to the previous hostility. It's a matter of fact, otherwise Li Tian wouldn't become what he is now, this time he hasn't shown a little bit of his strength at all, no matter how good Feng Tianxiang is, it is impossible to do this.

This is exactly the same as unilateral crushing, and Li Tian was suppressed by direct shots.

"How could it be like this? With Li Tian's strength, it shouldn't be like this in this competition." Ning Bing looked at it, and her emotions became agitated. She suspected Feng Tianxiang must have done it in this competition. What has passed, otherwise how could such a thing happen.

But she can't really do anything at this time, everything depends on the attitude of the referee and Feng Jie.

And Li Tian in the ring was completely injured at this time.

'Look, what can you do in this state? Disturbed by my hostility, your combat effectiveness has long gone. This is the price you have to pay for everything you did before. I want to see if you will dare to do something like this in the future. . The mood of the inner demon seemed very excited at this moment, and he laughed while talking.

As for Li Tian, his expression was also very serious at this time. Facing the battle in front of him, he was indeed a little weak.

He didn't know how the heart demon did it, but his body was completely disturbed by hostility at this time, and the immortal power became disordered, which made him unable to fight at all.

At this moment, another voice appeared in his mind: "It was a wrong decision to leave this demon behind, but in that dangerous situation, you don't seem to have any better choice."

"Of course, if there is a better choice, I will still have this trouble?" Li Tian heard the voice of the remnant soul of the ancient god, and immediately became excited: "Senior, help me, now The situation is critical, and I absolutely cannot lose this game."

This time the game was about whether he could go to the Ten Cities Competition with Ningbing, and losing to an idiot like Feng Tianxiang would definitely make Li Tianxin uncomfortable.

"I know you don't want to lose this game, but you need to make a little sacrifice if you want to restore your body." The faint voice of the ancient god's remnant soul sounded in his mind, as if It was about doing something earth-shattering next, even Li Tian noticed a little problem at this time.

Chapter 5539: Hostile

There was no voice in Li Tian's mind, he seemed to be waiting for his answer.

"As long as I can recover, I can do anything."

"This heart demon is no longer willing to be your helper, and it is definitely impossible to make him a trick for you. As long as the heart demon still exists for one day, his danger to you will also exist for one day." Ancient God The remnant soul's voice rang again: "This time, he almost released all his hostility, which just made his body become very weak."

Inner Demon: "..."

"At this time, your choice is to eliminate the willpower of the heart demon and make him another personality of you, but this personality is extremely unstable, and I don't know how to control it," the ancient ***** remnant soul said slowly.

"..."

The heart demon is still silent. This time even Li Tian was silent at this time. Although I don't know what happened, I also know that if I did it according to the remnant soul of the ancient god, it might be It will be very problematic.

"Dietie, do you think you two can do anything to me?"

"It was true that there was nothing to do with you before, but this time, in order to let Li Tian lose control of his body in this game, you even released all the hostility that you depend on for survival. It makes you very weak. If you change to someone else, you may not know how to deal with you now, but now I am here, and Li Tian's soul power is very strong. Dealing with a weak heart demon like you is simply simple That's not the case." The ancient god's remnant soul said with confidence and indifferent voice.

After listening to Li Tian, he also gained a little confidence.

"Even if you wiped out me, hostility itself is something that is difficult to control, but anyone who cultivates immortality will eliminate all hostility in his body. You think Li Tian can control his hostility. Anger?" Although the heart demon was a little panicked, he still said disdainfully. After all, hostility is very difficult to deal with.

Even if Li Tian had made many preparations, he would still be helpless when faced with such things.

Hostility, for many people, is to stay away.

But at this time, Li Tian was very indifferent when he heard it: "Perhaps in your heart I really cannot deal with hostility, but in my own opinion, there is nothing in this world that humans cannot do. But there are some people who are unwilling to do these things. If someone really stands up to try, I believe it is still possible."

The three voices intertwined in Li Tian's mind.

And outside, Feng Tianxiang had already tortured Li Tian in an unethical manner, and even the fairy sword in his hand was raised again, looking at Li Tian on the ground and sighed: "You were still laughing at me before it was ridiculous, but Now I have become the weak under my feet. I only need to move the fairy sword in my hand to kill you. This time the game is almost over."

As he spoke, the fairy sword in his hand had already fallen.

Seeing the moment when the fairy sword was about to fall, countless black filaments suddenly emerged from Li Tian's body. These filaments, like hands and feet, were born in front of Li Tian and supported a barrier, protecting the phoenix. Tianxiang's sword blocked it.

The two generals who were about to rush over also stopped at this time.

Ningbing, who was preparing to fight, also stopped.

Everyone looked at Li Tian on the ring at this time, feeling that the whole person had been changed their worldview, and they had no idea what happened suddenly.

Feng Tianxiang also looked at Li Tian who had suddenly changed with him, completely unaware of what happened. ,

The filaments were actually condensed from hostility. At this moment, like a steel wire, they bounced away the fairy sword that was pressing on him. Then, the feather blade behind him suddenly unfolded.

It turned out to be black, and the original hair became completely white. Moving with the wind, the red sword in his hand braved the sword aura of black and red, and the whole person slowly flew into the air, the moment his eyes opened. , You can watch the crimson fire flash by: "It seems you seem to be very arrogant, if that's the case, let me see how powerful you are."

His voice became very hoarse at this time, and it sounded terrifying.

Coupled with the way he is now, it was as if he had suddenly become a demon. Many of the people present looked creepy and didn't know how to face this monster who looked like a monster before him.

"What's going on, what happened to Li Tian, who can tell me?" If Li Tian looked familiar before, then Li Tian now looks quite similar to Ningbing. Strange, I don't even know who this guy in front of me is.

Feng Tianxiang on the ring was already a little uncomfortable.

This kind of hostility mixed with the aura generated by the cold air made him quite uncomfortable.

"Come on, I'll listen to you one more mockery." Li Tian twisted his body, where he had been severely injured, and recovered at a very fast speed under the healing of the black hostility.

Almost in the blink of an eye, Li Tian seemed to have recovered completely.

Holding Hong Zhan in his hand, then raised his right hand, as if tearing a space apart, tore a black hole directly in front of him, and then slashed it down with a sword.

Feng Tianxiang didn't even know what was going on at this time. When he recovered, a black-red sword aura appeared from the black hole behind him and directly hit him in the back.

He spat out a mouthful of blood, and then hit Li Tian's feet.

Looking at the injured Feng Tianxiang at his feet, Li Tian coldly snorted: "Just now you took advantage of the vacancy to get me seriously injured, but it doesn't matter. I feel that my body is full of strength now, so I can deal with you like this. Of course, it's not a problem to play a small role."

Li Tian, who was in the realm of gods, could basically be said to be invincible. Now he is in such a hostile state, and there is no problem with Feng Tianxiang in front of him.

But Feng Tianxiang was covering his mouth at this time, and blood was constantly vomiting out. At this time, he almost knew what it meant to be truly unstoppable.

Even if Li Tian was severely injured before, there was no defensive power at all in the subsequent battles. The current Li Tian's fighting method is completely different from the previous Li Tian.

Chapter 5540: Can't do it

"What is the situation of this kid now, it feels as if it is a world of difference compared to before." Looking at Li Tian on the ring, who is like a demon at this time, no one can guess that this young man suddenly is. What it has become, Li Tian now looks even more dangerous, just like a volcano, it is possible to explode strong combat power at any time.

"We also don't know. This young man was only very hostile before, but now his hostility has become more solid, as if controlled by something." The general standing next to Feng Jie Looking at Li Tian at this time, I couldn't help but say, this kid's current state is really a little bit terrifying. The immortal power in his body is just a short period of time. Take control.

At this time, Feng Tianxiang on the ring stood up quickly, even though his body was very weak now, then he stepped back for the first time, squinting at Li Tian in front of him.

"Why, I found that the strength gap between me and you is too big, now I want to retreat?" Li Tian smiled grimly, moving his neck: "Come on, let me see how your strength is, today I just want to have a fair fight with you."

Feng Tianxiang raised his hand and wiped his mouth, staring at Li Tian in front of him.

This kid was stepped under his feet before, but I don't know why the hostility on his body suddenly changed to what he is now. It seems to be stronger than before, and it is much more difficult to deal with.

He touched his waist, but there was a black dagger over there. If he wanted to deal with the guy in front of him, this should be the best chance.

"Why don't you speak? Didn't you still laugh at me before? Come on, let me see how you dealt with my defeated man." Li Tian looked at the guy in front of him silently and sneered. Squinted and looked at Feng Tianxiang in front of him.

"It really surprised me. I thought you were going to fail just now, but now it seems that your little guy's life is really hard. At this critical time, I can find my own rhythm and stand up again. It really made me I was a little caught off guard, but if you think this will end the battle, then you are really naive, I have the means to deal with you." Feng Tianxiang said, exhaling slowly, and straightened himself. Lumbar.

The few people sitting on the referee's stand were all looking at Feng Tianxiang and Li Tian on the arena very seriously at this time. Both of them seemed a little bit beyond their expectations at this time. They should have been here. Feng Tianxiang, who had a very difficult battle, easily suppressed Li Tian at the beginning, and almost caused Li Tian to lose the game.

And just when everyone thought that Li Tian had no chance in this game, he suddenly seemed to have changed another person. The hostility that had leaked before was all absorbed by Li Tian. , Controlled in his own body, these hostility is likely to affect Li Tian's body, which made him become what he is now.

Compared with before, Li Tian is indeed a world of difference.

Many acquaintances who are familiar with this guy can't believe that this guy in front of him is the guy I saw before.

On the ring, Li Tian held Hong Zhan with one hand, and the hostility on it was constantly devouring his reason. His body was still trembling, but the magnitude was already very small. With the help of

the remnant of the ancient gods, The heart demon disappeared completely, or it was completely integrated with Li Tianche. The current state of the two people is like two completely different people have been forcibly merged together.

In other words, Li Tian now has two personalities, one is a normal personality, and the other is the current crazy personality.

It's just that the appearance of this crazy personality is very unstable, and even the remnants of the ancient gods can't be sure under what circumstances Li Tian will have this new personality, that is, when will suddenly become a lunatic, but looking at the current situation. Circumstances, it seems that such a thing is easy to happen.

"Tietie, since you have such confidence in this battle, I can feel relieved, so I don't need to keep my hands." Li Tian snorted coldly, and the red cut in his hand waved, his left hand quickly on himself. Torn the space in front of him.

Seeing Li Tian's move, Feng Tianxiang immediately unfolded his spiritual thoughts and enveloped everything around him.

After having the previous experience, he now understands that Li Tian can move instantaneously.

"Even if you know that I can move instantaneously, there are some tricks that you can't defend." Li Tian's left hand came out from in front of Feng Tianxiang, and in his hand was an energy ball that was condensed by immortal power like a football. It was filled with black and red lightning. I believe that once it touches the body, it will inevitably cause a very huge explosion. This kind of explosion is definitely not something Feng Tianxiang can follow.

Feng Tianxiang snorted coldly, "Do you think this is enough? I already know what's going on with you. I just need to be careful to know when your space will open."

He sneered, and a barrier had already condensed in front of him, so it would not be so easy for Li Tian to attack him.

The energy ball hit Feng Tianxiang's enchantment, just like a rock hitting the surface of the lake, only ripples, as the explosion sounded, the entire ring became chaotic, mushroom clouds rose, and the rocks on the ground The bricks also began to crack.

But on Li Tian's side, as if nothing had happened, the energy waves produced by the explosion could not affect him at all. A lot of black hostility could be seen around his body, forming a protective film visible to the naked eye. , Bounced off all the energy that bounced back to him, visually giving people a feeling, as if Li Tian had been protected by a transparent ball now.

On the other side, even though Feng Tianxiang had blocked Li Tian's energy ball in front of him, the force of this impact was still difficult to dissolve, so his body stepped back a little bit and moved away from Li Tian.

But the smile on the corner of his mouth is still faintly visible. Obviously, he has confidence in this match. Even Li Tian's tricks have a defensive method. The God of War is not a difficult thing at all.
