

## A Killer 5541

Chapter 5541: You think too much

But in the next second, the expression on his face freezes.

Because I don't know when, a sword appeared behind him.

It wasn't any other sword, it was the Hong Zhan in Li Tian's hands.

'This... how is this possible, how long has it passed before he can actually open two black holes at the same time? Countless thoughts flashed in Feng Tianxiang's mind, but now he is reluctant to believe the fact that happened before him. It took only a few seconds before and after, but Li Tian opened two black holes at the same time, and the energy ball in his left hand was nothing just a cover, this sword is the real ultimate move.

"It's so strong. I opened two black holes in an instant, and separated my body in the black hole. It seems that the distance is very far, but for Li Tian, Feng Tianxiang has always been under his control." Ningbing now watching Li Tian fighting on the ring, he couldn't help but nodded and said, this trick is really too strong. Can you think of a person's body that can appear at a distance of tens of meters at the same time?

It is obviously impossible.

But Li Tian did it, and he did it very skillfully. No one knows what this young man has experienced during his disappearance, or how much happened to Li Tian's body in these short minutes. huge change.

All I know is that this time the game, I am afraid it has become a complete crush.

When Li Tian's sword appeared behind Feng Tianxiang, he had no time to protect himself. After all, it was broken by Li Tian's energy ball before. Now suddenly there is a red sword behind him. He has no time. After reacting, the divine mind was a little bit shaken during the battle, and naturally it was difficult to detect everything happening around him.

All this seems to be very slow, but in fact it happened in a flash.

Even a veteran with a lot of combat experience, it is absolutely impossible to think that the young man in front of him can make his body appear in two places at the same time, just like saying that his two arms are cut off and let them participate in the battle.

Even a veteran with rich combat experience can't handle it, let alone Feng Tianxiang in front of him?

He screamed and was stabbed firmly behind his back. Blood gushed out. The clothes behind him exploded directly, revealing his muscular upper body, but his back was already covered with flesh, and his muscles rolled over along the wound. The dense white bones inside were exposed, and the red blood was flowing, and it looked particularly oozing.

Li Tian licked his dry lips and sniffed the smell in the air: "Yes, it's really good."

"You crazy man, what did you do to yourself?" The terrified Feng Tianxiang touched the dagger on his waist. He looked at Li Tian in the distance and really didn't know what he should do. This kid is really too It was terrifying. Who would have thought that the guy who was about to be killed before was just like returning to the light. Only a few minutes passed and he was instantly healed.

The most important thing is that the combat power he showed really made many people ashamed.

This is not like the strength of a young man who was injured before.

"I don't think you would believe it even if I said it, gluttony, if that's the case, why should I bother to talk more here? Besides, you are about to die, and it makes no sense to explain to the dead." The black hole in front of Li Tian gradually disappeared. He still stood on the spot, but he had severely injured Feng Tianxiang, who was still some distance away from him before. This was the fighting power that was absolutely crushed.

Several referees, Ning Bing, Feng Jie and others on the scene were all dumbfounded.

They only thought that Li Tian, the young man's talent in the future, would certainly not be bad, but now they don't think so. This kid is excellent in every way, especially his rich experience in combat. It's amazing. Although Feng Tianxiang immediately noticed where Li Tian's weakness was, Li Tian also took care of it the first time and successfully directed the scene before him.

This is really too fast, but in just a few seconds, if only a normal person, it is impossible to react in the first time.

"You are ready to take action, don't let this young man really hurt Tianxiang." Even Feng Jie was a little anxious at this time. Seeing Li Tian's appearance is really red eyes, now it is very likely to directly One stroke ended Feng Tianxiang in front of him.

"I see, the two of us are ready to help." The two generals also nodded at this time, and said very seriously.

At this moment, Li Tian made another move.

His body separated three selves in an instant, which were the tricks of the previous avatars, and the hostility on these avatars was almost exactly the same as that of Li Tian. If you just look at it from the outside, you can't distinguish these four at all. In Li Tian, which one is the body and which one is the true body.

And around Feng Tianxiang, countless black holes appeared.

He was completely trapped. Li Tian's approach to this kind of void leap, as he merged with the heart demon, has now reached the point of proficiency. It is hard to imagine that this kind of combat method would be applied to his tricks. What changes will happen.

The four Li Tian occupied the four directions of southeast, northwest, and then stared at Feng Tianxiang in the center.

"The battle is almost over. Now your body has been seriously injured, and there is basically no resistance at all. I want to kill you but it's just easy." Li Tian squinted his eyes and looked at the guy in front of him. The Hong Zhan in his hand trembled slowly, and the sword energy suddenly splashed out from the sword, like dense arrows.

Although the four clones were far away from Feng Tianxiang, at the moment when these sword aura burst out, countless black holes appeared in front of Li Tian.

In the next second, Feng Tianxiang was already surrounded by countless fairy swords.

He looked at the very real fairy swords that were condensed one after another in front of him, with a desperate expression in his eyes.

The two generals standing beside Feng Jie also stood up in the first place.

On the other side of the referee's bench, the two Shuiyuezhong elders also suddenly stood up from their positions and rushed towards the ring.

Although a lot of things have been isolated from the barrier, they can still see that what Li Tian is displaying now should be a killing formation that Feng Tianxiang absolutely cannot control. Under this kind of trick, he will undoubtedly die!

Chapter 5542: Figure poor dagger

The expressions on the faces of the two generals were very nervous at this time. If Feng Tianxiang died on this ring today, it would be a huge blow to them, and Feng Jie would definitely lose all the trouble in this matter. For them, relying on their status and status here, bad luck is bound to happen at that time, so these two people are now in a bad mood.

But even if there were a thousand unhappy and ten thousand unhappiness in my heart, there was still no hesitation in the action now. These two people must protect Feng Tianxiang in front of him.

Their speed was very fast, like a flash of lightning. When they acted, the barrier on the ring was opened so that the two of them could enter the ring to help Feng Tianxiang.

But when they were approaching the ring, the two Shuiyuezhong elders suddenly stood in front of them.

The two generals were stunned for a moment, and then looked at the two elders in front of them with puzzled faces: "What do the two seniors mean? The situation on the ring is very tense now, and it is very likely that death will be killed in the next second. Yes, the two of us are here to interrupt the game and save people."

"When Li Tian was about to be killed, I never saw the two of you rush to make a move. I'm afraid you didn't want to terminate this match in time to avoid human life, but just want to protect Feng Tianxiang?" One of the two female elders looked cold and said.

"Elder Yunxiang's words are a bit too much. We were all sure that Li Tian would not be in danger of life before, but what Li Tian is showing now is a big killer move."

Elder Rue sneered and did not speak.

And the other elder standing next to Elder Yunxiang said: "The game is not over yet. You naively think that Feng Tianxiang can't take this trick, but Feng Tianxiang doesn't think so. Don't you feel it? In this competition Another aura appeared in the ring, and this game seems to be going to be very interesting."

The two generals were stunned when they heard this, but then they became tight.

A powerful aura suddenly exploded in the center of the ring. Even the enchantment cannot stop this aura from erupting. The only feeling that many people around me at this time is like being controlled by something. Instinctively, there was a very fearful feeling, and also thinking about leaving this ghost place for the first time. This aura was so terrifying that they couldn't bear it.

And Li Tian was also very surprised.

Because the sword formation he had to kill didn't really kill Feng Tianxiang, when he saw that his plan was about to succeed, this guy didn't know what kind of means he used, and he easily blocked it.

When one after another fairy sword rushed towards Feng Tianxiang, they were all crushed by a black shadow.

It's as simple as stomping a human on the feet of a giant. These fairy swords cannot exist for long when they encounter a black shadow, and they are abruptly fragmented. All of a sudden, what I heard on the ring is all kinds of crisp. sound.

And Li Tian, at this time, was looking at the black shadow.

The skin is dark, and many strange runes can be seen on it. The whole person's body is about three meters high, like a small hill. As he moves gently, you can feel the entire ring trembling.

"What a powerful aura, I'm afraid it's almost the same as the one-eyed monsters I saw in the Broken Cloud Mountain Range." Li Tian whispered, there was not much madness on his face at this time, and more Dignified colors.

When he slowly looked at the black shadow in front of him, he realized that it turned out to be a small artificially made giant. He could see many stitched places on his body, and there was no life-gloss on his skin, except Outside of the very powerful aura, he couldn't feel anything that a living person should have in his body, which means that the thing in front of them should be a legendary puppet.

The puppet was protected in front of Feng Tianxiang, and then all the fairy swords around him were destroyed, and Feng Tianxiang survived.

Seeing that he was not dead, Feng Jie let out a sigh of relief. If Feng Tianxiang died on the ring like this, he would definitely not be able to explain to his wife at that time. Although he didn't like this kid very much before, but After all, he is his own son. Even if he really wants to execute this kid one day, he will definitely do it himself, and it is impossible for outsiders to do it.

"Cough cough cough." Feng Tianxiang coughed. When he took out the dagger and injected immortal power, this weird puppet appeared in front of him, but at the same time his body became weaker. The ghost knew to call this puppet. It took a lot of energy at the time, but he can indeed feel tired now, as if his body was hollowed out.

Squinting at Li Tian in the distance, he looked at the little puppet giant in front of him: "Don't think that you are the only one who has the hole cards on this ring, and I also have my own hole cards."

Li Tian sneered and did not answer, but for the little puppet in front of him, he certainly did not dare to relax a little bit.

The first time this guy appeared, he felt dangerous.

If it were to fight, it would be very difficult for Li Tian to kill this little puppet, unless he could find the weakness of the little puppet in the process.

Of course this is also a very unstable thing.

"Not bad, this puppet should allow you to survive for a while. You must have wasted a lot of immortal power in order to summon this puppet. As long as I defeat the puppet in front of me, you definitely have no means to continue. Deal with me." Li Tian said seriously, and at the same time he was looking at the giant who looked like a small hill in front of him.

He stood in front of the puppet giant in front of him, really like a dwarf.

And under the protection of this guy, Feng Tianxiang would not suffer any harm at all.

Seeing this scene, Feng Jie couldn't help asking, "How did this kid do it? This thing looks weird, it doesn't seem to be something ordinary people can summon."

"The puppet giant is indeed difficult to obtain, and it is also sealed in the dagger. It can only be said that the guy who sealed the puppet giant must also be a very powerful master, otherwise it would be impossible to do this. step."

Chapter 5543: Puppet giant

As the immortals slowly survived in the gods, they also began to learn to make something on the earth.

After all, after recognizing that the cultivation is exhausted, he would stop and rest, and when he was resting, he would naturally study some things. In this way, some people would slowly study the giant puppet in front of him.

This kind of thing itself has no vitality at all. He is almost made from the skin of various creatures after they die, so you can see that there are many stitches on his body, but once it becomes After a puppet giant, the color of their previous skin has no effect. After being made into a puppet giant, it will only be dark.

This is also to ensure that they are suitable for fighting in any situation, and are not easily spotted by the enemy.

Moreover, the runes on these puppet giants are also designed to enable them to exert their greatest strength in battle, and also to allow them to defend against attacks to a certain extent. It can be said that these puppet giants are greatly enhanced. Strength, it is not difficult to see puppet giants in the God Realm, but the strength of such giants is generally not very strong.

It's just that the strength of the puppet giant in front of them seems to be stronger than they thought.

It turned out to be a puppet giant in the realm of gods.

When the two Shuiyuezhong elders saw the puppet giant on the ring, their brows frowned: "It seems that Feng Tianxiang has made sufficient preparations for this battle. We also want to end this match ahead of schedule. But now it seems that we are thinking too much. The strength of these two young people is a little bit stronger than we thought. This battle will be really interesting."

"Senior Sister Yunjin, don't we really make a move?"

"How to shoot now, it is best not to intervene in the battle between the two people. If we intervene at this time, it may make their battles completely different. Then, if anyone fails, what should be done to throw the problem on us? Do?" Yun Jin glanced at Yun Xiang, with a strange expression on her face.

Originally, they didn't want this battle to end because they wanted Li Tian to win.

But now it seems that it is no longer possible to control this game. Whether it is Li Tian or Feng Tianxiang, the strength shown today is not the strength they should have.

Feng Tianxiang propped on the ground with one hand, half-kneeled on the ground, squinted at the giant puppet in front of him, he pinned all his hopes on this dagger, before only listening to the shadow that this thing can help him turn the tide of the battle. But I don't know how far it can be reversed. I have always had no confidence in my heart, but now it is different. Seeing this puppet giant, he is really a little excited.

"Haha, the heavens really helped me, the heavens really helped me, this puppet giant has the strength of the gods realm, and it is more than enough to deal with the immortals of the ordinary gods realm, as far as I know you The guy's strength shouldn't reach the realm of the gods, I want to see how you can deal with such a powerful enemy?" Feng Tianxiang laughed wildly, as if thinking that all of this was under his control.

And Ningbing also stood up, and said dissatisfied: "Sir, I need an explanation. This kind of thing has seriously violated the rules of this game. Should I allow this game to continue?"

Feng Jie was also surprised. I don't know where Feng Tianxiang got this puppet giant. This kind of thing is considered a rare item in the God Realm. Very few people will have it, and very few people will sell it. After all, the production is really too strenuous, and with time, the strength of this puppet giant can be continuously improved, which is a very good and very potential helper.

With Feng Tianxiang's economic strength and brains, there shouldn't be such a thing.

But things are so weird, Feng Tianxiang shouldn't have such a thing, but this guy has such a treasure, and it seems that this puppet giant is not simple.

"This game is now in full swing, and the giant puppet is just a treasure equivalent to Tianxiang. It does not affect the balance of this game. It doesn't matter." Feng Jie was very satisfied. He thought Feng before. Tianxiang can't support the wall with mud. It seems that it's not like this at all. With this puppet giant, can Li Tian still win?

He didn't believe that even his son hadn't broken through the realm of spiritual cultivation, and even Ningbing hadn't broken through.

He is just a loose fairy, why can he break through?

Moreover, even if Li Tianzhen breaks through the gods realm, he may not be the opponent of the puppet giant in front of him. Feng Tianxiang also said very clearly before that the average gods in the realm of gods may not be the opponent of this puppet giant. The puppet giant's combat effectiveness is still very strong, if it does not have full strength, it is still necessary to avoid fighting with such things as much as possible.

In any case, Li Tian has come to an end in this game.

Everyone felt very sorry for Li Tian at this moment. At this critical time, this guy actually summoned a puppet giant, and he was still in the realm of gods.

"This is not fair. The Young Heroes Convention should have been very fair. How could this be?" Ning Bing said as she ran to the two elders Yunxiang and Yunjin: "Elder Yunxiang, Elder Yunjin, you can say something quickly. what."

"Indeed, these things are not clearly stated in the rules of the game, so Feng Tianxiang can summon such a powerful helper in the game, strictly speaking, it is not a foul." Yun Xiang and Yun Jin looked in front of them Ning Bing also said with a helpless expression. Both of them knew that there was no way. They didn't want to help Li Tian either.

When I came to this young hero meeting before, the Sovereign had specifically instructed them to give Li Tian a little bit of help if possible.

But now there are rules and restrictions, they really can't do anything.

"Is there really no way? Who can break through to the realm of gods now? Li Tian is just a loose immortal of the realm of gods cultivation, how can he deal with such a behemoth?" Ning Bing said with a dissatisfaction. Even she herself didn't think she could deal with the giant puppet in front of her.

Chapter 5544: It doesn't matter

Li Tian looked at Feng Tianxiang, who was arrogant and smiling, and asked in a low voice, "Do you think you have won?"

"Can I still fail? Hahaha, when I summoned this puppet giant, I was already invincible. You are just a god-cultivation realm. Even if I give you some more In years, you still look like this. Do you think you can beat the puppet giant in front of me now?" Seeing Li Tian's expression, Feng Tianxiang said with a mockery.

"No one has said that I can't, maybe I can really do it."

"If you can really do it, you can try it now, but I think relying on your current strength, it shouldn't be long before you die." Feng Tianxiang looked at him and grinned.

Li Tian also looked at Feng Tianxiang. The puppet giant in front of him is indeed a little bit tricky for Li Tian. Even if his current strength is already very strong, the puppet giant itself is a very BT existence.

However, this does not mean that Li Tian has no chance of winning in this game.

Now almost everyone in the entire game is not optimistic about Li Tian, because no one will believe that Li Tian can break through to the realm of gods at this critical time. You must know that the realm of gods and spiritual cultivation are completely at two different levels. Existence, it is very difficult to pass the threshold in the middle.

Many people have failed to make a breakthrough even if they have spent their entire lives.

Only those true geniuses can break through to the realm of gods, and after entering the realm of gods, it means that the individual's talent is already very good, and the future is bound to be unimaginable by many people.

But Li Tian is too young now, if he is not a very BT genius, it is impossible to break through.

"Ning Bing, don't worry, I don't have any problems." At this time, Li Tian heard Ning Bing speaking for himself, smiled, and the voice reached her ears very clearly.

"Are you daydreaming? You are only in the realm of spiritual cultivation now. No matter how genius you are, it is impossible to break into the realm of gods in such a short period of time. Without the realm of gods, you would never be able to defeat the realm before This puppet giant, do you think this puppet giant is as weak as the guys you dealt with before?" Ning Bing cursed unceremoniously, seeing the confident smile on Li Tian's face. It is clear why this guy can still laugh at this critical time.

Don't he know what kind of opponent he is facing?

A puppet giant in the realm of gods.

"It doesn't matter, I know what I am doing. I have said before. I will not admit defeat, but I will not believe that I will fail like this." Li Tian said, slowly raising his head. Come and take a breath: "You really want me to waste a little time. It didn't take long to deal with you, but now it still seems to take a little effort."

"Hehe, is it just a little effort? I think it is very likely that you will lose your life. I don't know why you guy can still think so arrogantly at this time that you will be the puppet giant in front of you. Opponent?"

"What I am most curious about is how did you get this thing for your current position in the City Lord's Mansion? I don't believe that you have this thing before. If you really have such a powerful thing, at the beginning This thing should be used to assassinate me. If this is the case, no one will know who is going to assassinate me, and everything that happened afterwards will cease to exist." Li Tian smiled and looked at Feng Tianxiang: "Still said , This time someone gave you this thing to let you kill me in this ring?"

Li Tian knew very well that the enemies on the earth had noticed them.

They only noticed Ningbing before, but after Li Tian's identity was exposed, they noticed Li Tian, and at the same time they started thinking about getting rid of this guy. No one knows better than them that if this young man is left alone, the price will be paid. How heavy it is, once Li Tian becomes a strong man in the gods, there may be no place for them anymore.

Therefore, what we have to do now is to kill this genius directly in the cradle before Li Tian has really grown up, only in this way can they barely survive.

And this young hero meeting is the best opportunity. Even if Li Tian is killed, Feng Tianxiang will be the only one who is looking for trouble. No one would have thought that there would be someone behind this incident in secret. It was planned, and Feng Tianxiang was still the son of the city lord, and probably no one would make this matter very complicated, so that they would not need to worry about the consequences of the matter.

This is indeed a good plan to kill two birds with one stone.

Unfortunately, it didn't work on Li Tian's side.

Even if you don't know where your enemy is, you still know how your enemy will act.

"Huh, I just picked up this thing by accident a few days ago. It's just that I haven't been able to know how to use it. When I was fighting with you today, I discovered the method by chance." Feng Tianxiang said on his face. The expression was a little weird, and he didn't expect Li Tian in front of him to be so smart, and suddenly guessed the key point of the matter.

Of course, it is impossible for him to tell the deal between himself and the shadow.

If you say it in front of so many people, it will be over.

"It turned out only a few days ago, but at the beginning of the game, I was curious why you asked Lord Santo that way, but now I understand a little bit, because you have this thing in your hands, you know you can relax Conquer me, then why do you want to say that you only just stumbled upon how to use this dagger to summon a giant puppet?" Li Tian said it was like stabbing Feng Tianxiang's heart with the same knife.

Feng Tianxiang looked at him silently, really feeling that the guy in front of him was too annoying.

"These have nothing to do with you. You will die here for me honestly today." Feng Tianxiang roared, and then roared: "Puppet giant, kill me the guy who doesn't know the heights of the sky and earth."

The puppet giant seemed to understand it. After Feng Tianxiang said this, he lifted his right foot and rushed towards Li Tian quickly.

Suddenly, the earth shook and the mountains shook, as if it had reached the end of the world...

Chapter 5545: Confrontation

Looking at the puppet giants rushing towards them, many people may choose to retreat at this time. After all, an ordinary god-cultivation realm Sanxian, seeing such a terrible opponent, the first choice he made must be to let himself Survive in this battle.

However, Li Tian's state at this time surprised many people.

This guy did not choose to retreat, but raised his head at this moment, looking up at the puppet giant who was rushing towards him step by step. As the giant's feet stepped on the ground, the whole ground was trembling crazily, as if The collapse of the earth will be the same in the next instant.

Li Tian held a sword in one hand, and a crazy smile was at the corner of his mouth, just like this and confronted the behemoth in front of each other.

"This guy is crazy. This guy is completely crazy. Under this circumstance, he is still standing there without any movement. Is he really not afraid of death?" The two generals were both wide-eyed at this time. Watching the two people fighting here, they didn't know what was going on, why Li Tian didn't choose to retreat at this moment, but stood still and looked at the giant puppet.

"Li Tian, you idiot, what are you doing stupidly standing in place? Run quickly, this monster is not something you can handle." Ning Bing also looked at Li in the distance with an expression of hatred for iron and steel. God, said very angry loudly.

It's a pity that although her voice reached the ring, Li Tian did not respond.

Feng Jie sighed: "It seems that after being controlled by his own hostility, this kid not only gained powerful strength, but also made his mind become very immature, facing such an enemy. It should

be the first time to retreat. This kid is still thinking about fighting such an opponent now. It is simply naive and self-righteous."

And many people in the audience were all disappointed at this time.

Originally, Li Tian was a super terrifying dark horse in this game. After the previous battle with Jin Ling'er, many people believed that Li Tian would once again show his amazing strength in this young hero meeting. Yes, but who knows that they seem to be born with a little back. Today many people bet on Li Tian, but Li Tian is about to fail.

"Damn, I'm really convinced, how can it be like this again? It's good now, his opponent can't beat it at all."

"Who says no, I also made a big bet on this guy, and I also hope this kid can bring us some surprises. Now it seems that we are thinking too much, and there are no surprises at all. On the contrary, it is a fright. Too much, too much." Several young Sanxians all watched Li Tian's battle and said with a dissatisfaction.

Many people think that in today's competition, Li Tian will definitely win. Even the chief disciple of the Five Poison Sect lost to Li Tian, which shows the strength of this kid.

In the previous battle, Li Tian also showed a very good talent. Maybe there will be a bigger breakthrough in this half a month's time. In short, putting his bet on this guy must be There is nothing wrong.

Therefore, many people all regard Li Tian as their own life-saving straw. This is good, but their lives are not saved, but they are unlucky.

A Sanxian in the realm of spiritual cultivation, no matter how good the talent this guy has shown before and how good his future can be, he can't change his fate in this battle. He must accept the baptism of defeat.

Yunxiang and Yunjin looked at Li Tian in front of them at this time, and couldn't help but sighed: "This kid is probably impossible to win in this game. It will take just half a month to break through the realm of spiritual cultivation. In the realm of gods, some geniuses may be able to do it with the help of some drugs, but if a Sanxian wants to achieve this level, it is really too difficult."

"Yes, it does not seem to be a difficult thing, but the degree of difficulty is far more complicated than we thought. This young man is indeed excellent, but it is not so easy to accomplish such a thing. Yes." Elder Yun Jin on one side also nodded, looking at Li Tian on the ring, he couldn't help sighing.

It's really a pity. If Li Tian could come up with a little achievement at this young hero meeting, he could just enter their Shuiyue Sect and receive the baptism of victory. Perhaps in the Holy Land, he could also let His strength has gone to the next level.

But it is a pity that now encountering a difficult opponent like the giant puppet, with his current strength, there is no possibility.

"I won't believe that this guy can't just fail like this. He will definitely defeat his opponent and step down the ring." Ning Bing looked at Li Tian, shook his head, and said seriously.

"Ningbing, you seem to be very affectionate to this kid from your appearance, can it be said..."

"Elder don't make any jokes on me anymore. He and I are just ordinary friends. I just don't want to see him die in this ring. If Li Tian is really in danger later, I hope you two The elders can act in time."

"You can rest assured that this matter was settled when the Sovereign sent us over again. This time the young hero meeting is like a cloud. It is reasonable for some human lives to happen, but after all such activities are us. The Shuiyue Sect and the Crescent City were held, so the sovereign's request from us is that there must be no deaths in this competition." Yunxiang said with a smile.

They have been paying attention to this game, and they may also think that Li Tiandie knows that they will not let him die in the ring, so they are still calm and calm when facing the giant puppet.

The young man felt a bit like an old fox with a scheming plan. Even in this kind of battle, it seemed that he was still very careful in observing the surrounding environment, and would never miss a little detail.

Therefore, the two of them also believe that the conflict between them and the two generals must have been seen by Li Tian. This kid is so smart, and he will find some useful information in it.

"This way I can rest assured, the way this guy fights is really crazy, even I have never seen him become what he is now." Ning Bing said as he looked at Li Tian on the ring.

Chapter 5546: Not crazy, not live

'boom'

The fist head is like a meteorite falling from outer space. The speed does not seem to be very fast, but in the friction of the air, a group of flames suddenly appeared, accompanied by a harsh explosion and an oncoming force. The violent sinking energy, smashed it down.

Li Tian snorted coldly, and a black hole appeared behind him, only to see his body move slightly, and the person had disappeared.

In the next second, a red light flashed, and others had appeared behind the giant puppet.

"The method of leap in the void is so perfect. If this trick is a trick he has learned in the recent period, it is really hard to believe. Can someone in this world really understand it in such a short period of time? Such a magical trick? It seems impossible to me." Sitting on the ring, Feng Jie couldn't help frowning as he watched what happened here.

This kid's method of leap into the void is so skillful, so skillful that he even makes Feng Jie suspect that he has been hiding his strength before.

Looking at the application of this in battle, it is completely handy. For this kind of void transition method and understanding, every action seems to have been carefully calculated, and there will be no difference.

His body appeared behind the puppet giant, and the red sword in his hand slashed down fiercely.

Accompanied by it, there is endless sword energy.

These sword auras slapped the air like ocean waves, making explosive sounds after another.

Originally, Yunxiang and Yunjin were still molesting Ningbing, but at this time they all became serious: "Is this guy crazy? With the strength of his spiritual cultivation realm, it is very difficult to

be able to deal with the puppet giant in front of him for so long. It's easy. The top priority should be to seize the time to leave this place of right and wrong. Why do you want to fight such a behemoth?"

"It is true that his strength is not at the same level as that of the puppet giant. If it is harassment from the side, it may have a little effect, but such a frontal exchange of fire is completely exposing all his weaknesses to his own. In front of the enemy." Yun Jin also looked at Li Tian in front of him with a puzzled expression. They all felt that this young man's battle today was a pity.

But when I saw this, I suddenly felt a kind of unrequited feeling, like Li Tian's crazy fighting style, even if it was killed by someone, it probably wouldn't be something very strange, right?

This kid was like a lunatic, completely not paying attention to the battle before him.

At this moment that they couldn't believe, Li Tian and the giant puppet had already fought each other.

The speed of his void leap was indeed fast, faster than the speed of light, but he still couldn't escape the eyes of the giant puppet. The moment he appeared, the giant puppet also turned around.

This turn was very smooth, without any obstacles, while waving his fist, a beautiful uppercut came out.

Both sides already had the arrow on the string and had to send it. Even Li Tian didn't have the intention to back off at this time, so he chopped it down abruptly. Many people had closed their eyes when they saw this scene.

A scattered immortal in the realm of \*\*\*\* cultivation confronts a puppet giant in the realm of gods.

What this final result will look like, probably does not need them to remind them, they can all know exactly what price Li Tian will pay in front of them, even thinking of fighting the giant puppet head-on, then the end must be an arm. It broke directly.

Sure enough, when the puppet giant's fist came over, Li Tian's sword aura also arrived.

‘Boom’

The sound of the explosion was mixed with air waves, and the entire ring was completely covered with dark clouds, and it was completely impossible to see what happened inside.

At this time, several referees can only rely on their own spiritual thoughts to determine that there are two living people inside, and the rest of the others are staring at the top of the ring intently at this time, hoping to watch them for the first time. What kind of battle happened in this ring.

In the sound of the explosion, all they could see was the flickering dark red light, as well as the roar of the puppet giant and the big fist.

Li Tian's battle must be quite fierce. The battle between the two people was even more intense than that of some street gangsters. The dust was constantly shaken by them, so the battle in the ring was impossible to see.

I don't know how long it has passed, and there was another loud explosion, followed by a frantic surge of air, only to see that the barrier also cracked a hole, and what followed was that the entire barrier was completely covered. It broke suddenly.

Feng Jie glanced at the two generals standing far away, and both generals were dumbfounded at this time.

Although this enchantment is not very hard, but the ability to bear it is still very strong.

What's the situation in front of me, the battle between two people actually destroyed this barrier? How terrifying is such a destructive power?

When this problem appeared in their minds, the dust on the ground directly formed a tornado, and then slowly dissipated toward the high altitude.

At this time, the appearance of the two people on the ring can also be seen.

All of Feng Tianxiang's clothes were shattered, the blood stained the ground, and the number of wounds on his body was not known. At this time, he leaned on the corner with a messy face and looked at Li Tian in the distance with fear.

As for Li Tian, the red-winged \*\*\*\*\* outfit on his body was once again destroyed, and many places on his body were exposed to dense white bones. In these cracked flesh, you can see that the black hostility is slowly slowing down like bamboo shoots after the rain. When he came out, his right hand was holding Hong Zhan, but his left hand showed a strange degree of distortion, as if it had been screwed off by something.

Seeing him like this, many people frowned unconsciously. What kind of shocks should this kid endure in the previous battle to make his injury so serious.

"Tietie, it turns out that this is the fighting power of the giant puppet, it seems it is nothing more than that." Li Tian sneered, as if he was very dissatisfied with the giant puppet in front of him.

Feng Jie, who was sitting on top of the main seat, almost fell off from above, staring at the puppet giant whose arm had been chopped off at this time without an eyeball, and couldn't help but want to ask.

Is this really a puppet giant in the realm of gods, dealing with a scattered immortal in the realm of \*\*\*\*\* cultivation?

Chapter 5547: Am I wrong?

As shocked as Feng Jie, there were also the referees and all the audience.

They are all incoherent.

I thought that such a strong opponent, even if Li Tian in their ideals, was very strong, would definitely be unable to deal with it, but now I am surprised to find that their ideas are simply wrong.

Li Tian's strength is not what they imagined.

"Am I wrong? A god-cultivation realm's scattered immortal destroyed a god-spirited giant puppet like this. Is it really my mistake?" Yun Xiang looked at Elder Yun Jin beside her at this time. I don't know what I should say. The scene before me is really terrifying. Can a god-cultivation state's scattered immortal be able to achieve this level?

"It seems that we are not mistaken. Although this kid is injured, the damage suffered by the giant puppet is even greater. He lost an arm and an eye. His combat effectiveness in battle is greatly reduced. It is a pity that we have not seen it before. What is their battle like, otherwise you will

know what level of Li Tian's current strength is." Elder Yun Jin looked at the top of the ring and responded with a serious face.

She believes that Li Tian's current strength is likely to have another breakthrough.

When I came here before, I was still wondering why Murong Ziqing suddenly valued Li Tian so much. I now understand why this is because there are so many secrets in this young man. They know things. Really is.

But Ning Bing smiled a little excitedly at this time, and there was a little bit of relief in the excitement.

This guy is still as always, did not let her down, but let her really feel what a real strong person is.

As for Feng Tianxiang, a normal word could no longer be said in his mouth at this time: "You monster, you guy is a monster, you are a madman, it is impossible, it is absolutely impossible for such a thing to happen."

"I know that this battle will have a huge impact on you. You must have thought that you can secure your victory after having such a treasure in your hand. I am definitely not your opponent." Li Tian chuckled and looked at him with a little horror. Feng Tianxiang, no matter who saw Li Tian fighting before, he would feel a little creepy, right? Li Tian, who was possessed by hostile spirit, was completely like a seven-strike punch.

The puppet giant is indeed very powerful, but Li Tian is even more powerful.

He just relied on a little injury on his body, and then broke an arm, and then cut off an arm and an eye of the puppet giant directly.

The results of such battles are already quite terrifying.

"Tietie, this puppet giant is indeed very good. After I entered this state, it was the first time I encountered such a strong opponent. It also allows me to clearly know what level of strength I have reached at present. "Li Tian said with a weird smile, and at the same time slowly raised the red cut in his hand: "But I think this match seems to be over, I know how to deal with the idiot puppet in front of me."

"Li Tian, I give up, this time I give up, I am not your opponent, please stop." After Feng Tianxiang heard the voice, he stood up for the first time, he wanted to kneel down for Li Tian. beg for mercy.

But his body was already weak, and not long after he stood up, he sat on the ground again.

"Stop? There is nothing to stop. Since the battle has already begun, of course we must continue this battle from beginning to end. You can rest assured that I won't just stop like this." Li Tian sneered, holding hands. With a wave of Hong Zhan, one clone after another split from his body, and the four Li Tian quickly surrounded the giant puppet.

And the giant puppet stared at Li Tian in front of him like an enemy.

This guy's original mission was to kill Li Tian, so in the previous battle, he didn't protect Feng Tianxiang at all. This will make Feng Tianxiang's body completely lose its combat effectiveness and fall to the side of the ring. stand up.

Because the puppet giant had no intention of protecting Feng Tianxiang.

Feng Tianxiang only learned at that time that the black shadow that gave him the dagger before is definitely not a good thing. He just wants to use himself to kill Li Tian, and then let the puppet giant and Li Tian fight with him. The eradication of Feng Tianxiang.

He regrets it now. He should honestly admit defeat before and think about summoning this behemoth. Isn't it okay to find something for himself?

Looking at Li Tian who is now serious, he knew that he had almost reached the end of his life at this time.

Behind the four Li Tians, countless dark red fairy swords slowly appeared, and one black whirlpool appeared in front of him.

As for Li Tian standing on the most front side, he slowly raised the fairy sword in his hand at this time, his left hand was spinning like a spinning bucket quickly, and then the original twisted arm, just like this. The creak creak returned to its original state, and the sound made people feel that all the hairs on the body were rising.

After he restored his arm to its original shape, he used his left hand and began to carve a rune in front of him.

His speed is very slow, as if he is writing seriously, every stroke is very careful, for fear of irreversible consequences if he is not careful, but as his fingers move, you can see When a red rune slowly appeared in front of him, and it became more and more complicated and clearer, many people could feel that Li Tian's hostility was slowly condensed in this rune.

At this time they also felt the aura of this young man, and it was also the first time they felt the aura of this young man face to face after the start of this game.

Feng Jie stood up for a moment, and said silently, "God's realm? He has broken through to the god's realm at a young age? What kind of joke is this."

Li Tian didn't respond, but Fengjie's voice also caused many people to focus on Li Tian. This may be the first such young, god-spirited immortal to appear in the gods in so many years?

Everyone was a little dumbfounded. At a young age, they broke through to the realm of gods?

Moreover, is still a loose fairy without any backstage?

This makes those sect children, what should they think?

Chapter 5548: Rainstorm pear flower

"This kid did it. He actually broke through to the realm of gods in just half a month. If there is really no help from anyone, then this young man's talent may be better than that of any current sect. Geniuses are all terrifying." Elder Yun Jin stared, and at this time he didn't dare to remove his eyes from Li Tian.

This young man is attracted to them like a huge treasure. Being a Sanxian can have such an achievement. If they can make this young man one of their sects, what will be the consequences? ?

"It's really terrible. You can rely on such terrifying strength and talent at a young age. This time the Ten City Conference may be really interesting." Yun Xiang also nodded nonchalantly, without doubt that Li Tian was practicing. With his talent, he would not doubt the performance of this young man

at the Ten Cities Conference. Such a young man could become a strong man in the realm of gods. Even at the Ten Cities Conference, he would certainly not be a weak one.

It is not a problem to be promoted to the Junior Heroes Conference and to win the quota.

Several contestants who were still looking at Li Tian at this time all smiled helplessly. They all saw helpless but confused expressions on each other's faces, but they didn't know what to do.

Li Tian has become a strong man in the realm of gods at such a young age. What is certain is that he will definitely score a result in this young hero meeting.

"Elder, Li Tianzhen has broken through to the realm of gods?"

"You should be able to feel it now. The aura around this kid is completely different from before. This is a unique aura that can only be seen after entering the realm of gods, and you can also look at his eyes. If you look carefully, it is much sharper than before. A simple look will make your enemies feel fearful. Such strength will not have such a strong performance unless you reach the realm of gods."

"Alas, there are more and more geniuses among the young people of this generation. We old guys are now almost ashamed of themselves. Such a small character has such terrible strength. It is difficult to imagine what his future will become. Look." Elder Yunxiang sighed.

"It's terrible, the two elders, I mind that we end this match immediately. If Li Tian continues to fight like this, it is likely to cause very heavy casualties on the scene!"

"What casualties will there be?" Yunxiang glanced at the general in front of her, and said lightly:

"All standing here are strong men. It is not a problem to deal with the turbulence of energy generated during such battles. What are you worried about?"

"but....."

"You can also see that the goal of this puppet giant is to kill Li Tian. Otherwise, it is impossible to stop. If we end the game this time, who will deal with this puppet giant? You will guarantee that this puppet giant will Are you obediently obedient? Can you guarantee that there is no other means on this puppet giant that can let it explode directly and make everything around it be funeral?"

The series of questions from Elder Rue left these two generals at a loss.

At this time, Li Tian shouted angrily: "Broken!"

In an instant, countless dark red texts flew out of the runes he drew in the air, just like a forbidden curse, directly hitting the puppet giant.

The puppet giant just roared, but there was no way for so many fonts to fall on his body, he could only roar crazily and beat his body.

But all of this was of no avail to Li Tian, and he continued to proceed according to his own ideas.

As these words slowly fall on the giant puppet, many careful people can find that the runes originally on the giant puppet are disappearing little by little.

On the other side, Li Tian shouted angrily, and countless black holes appeared in front of him.

All the dark red fairy swords invaded it instantly.

In the next second, the entire ring fell into a brief silence, and all the fairy swords disappeared.

Several referees stood up and looked at the scene on the ring. They were all a bit unsure of what was going on. Why did all the dense fairy swords on the ring disappear?

There are even other people who are ready to face the battle at this time. They know that Li Tian in front of him is a bit different from before, and they are likely to choose to use this trick to attack the people around them, so they are wary of them. They were all prepared for defense in the first time. Once Li Tian made a move, they would also subdue this young little guy in the first time.

Elder Yunxiang and Elder Yunjin even protected Ningbing behind them: "This kid has made a big move. Be careful."

"Elder, although Li Tian is completely different now from before, I believe he will not attack us." Although Ning Bing was protected by the two elders behind her, she didn't feel a little scared. She knew that even Li The sky has become the way it is now, and there must be very weak control in his mind, and it is definitely impossible to let things continue to deteriorate like this.

Today Li Tian's state is indeed very weird compared to before, but Ning Bing believes that this guy must still remember some things in his heart now, and he must know what can't be done here.

"I hope he never does anything out of the ordinary, otherwise I can only kill him." Yun Xiang said lightly. ,

At this time, everyone looked at Li Tian on the ring very seriously. They all had a common idea in their minds, that is, where did the dense fairy swords go on the ring before.

When this thought was all in their minds, the puppet giant suddenly howled in pain.

In the next second, bright red blood and countless dark red fairy swords burst out of his body.

Just like the rainstorm pear flower, the original stalwart body instantly collapsed and turned into pieces of flesh and blood falling on the ground, while those dark red fairy swords, like the fire that burned the world, burned all the flesh and blood on the ground. .

Li Tian was still floating in the air, but the expression on his face was already a little pale.

At the moment the giant puppet was killed, many individuals lost consciousness and fell to the ground.

Chapter 5549: Win

The court is silent at this time.

Whether it is Ningbing or other people, although I always think that Li Tian can come up with his own level in this game, he also knows that this is more or less impossible.

But when Li Tian truly defeated the giant puppet, they still couldn't believe it.

Feng Tianxiang was still at the corner of the ring, and wanted to stand up at this time, but his body was very weak and he couldn't stand up.

Everyone's eyes fell on Feng Jie who was in front of him. In this match, who was the ultimate winner, probably already had a measurable standard. Li Tian not only defeated Feng Tianxiang, but also Even the puppet giant summoned by Feng Tianxiang was also killed. From this, it can be seen that his strength is still very strong.

It's just that he is also in a coma on the ring now, so it's not easy to determine who is the ultimate winner.

"Several people, let's see who is the final winner." Feng Jie sighed, knowing that he must not be able to speak out about this matter. If Feng Tianxiang has won, he will definitely Many people were unwilling to agree. After all, the combat power shown by Li Tian was quite terrifying. One person killed a puppet giant in the realm of gods and defeated Feng Tianxiang.

But if Li Tian won, it doesn't seem to be in line with the rules.

After all, it was Feng Tianxiang who was awake, and Li Tian who was in a coma.

In order to avoid suspicion, he had to throw this seemingly troublesome ball directly on these elders.

But just when they were ready to judge, Li Tian rushed to the ground and stood up.

His expression was very pale, it looked like he was smeared with white face, even his expression was strange at this time.

Compared with before, Li Tian seems to be much more normal now. At least in the eyes of this guy, he can't see the crazy look before, so I can roughly judge it. Li Tianhe now There is indeed a big gap.

He squinted and looked at Ningbing in the distance: "I won this game, right?"

Feng Jie glanced at the referees, then nodded, leaving the main position somewhat disappointed.

I thought Feng Tianxiang might give himself a face this time, after all, the strength he showed in the game this time was not wrong.

But who knows that even with the help of such a powerful summon as the giant puppet, he still lost this game, and what is even more unimaginable is that Li Tian actually was in this short half of a month. His time broke through to the realm of gods and became one of the outstanding existence of this generation of young people. At present, in New Moon City, he may not be able to compete with it at all.

Ningbing slowly stepped forward and helped Li Tian up: "You won."

Li Tian just smiled, glanced at Feng Tianxiang's miserable condition, and then fainted on Ningbing again.

Now it makes people more jealous.

This kid is simply gaining both fame and fortune. Not only has he become the most famous young man in New Moon City, he has also won the favor of Master Ningbing. All the things you dream of are all given by Li Tian. How could they not be envious?

Of course, I can only be envious now. It is basically impossible to catch up with Li Tian's pace.

"Two elders, can I take Li Tian away now, right?"

"Well, today's game is almost over now, let Li Tian go back to rest soon, but I think Lord City Lord should arrange a lot of people to defend in your courtyard, don't panic, after all, Li Tian's performance today is really good. It's so weird. I don't think anyone can feel relieved at this time. If this kid has always been in this state, I don't know anyone will be worried."

"I see, I'll be more careful." Ningbing nodded and said.

"Well, go back and rest. After he wakes up, remember to ask clearly what happened. I am afraid that his situation today is not just for us to know." Elder Yunxiang looked at Ningbing and said.

"Let me try. If Li Tian is really willing to tell me, it's the best. If I don't want to, I can't help it." Ning Bing shrugged, this kind of thing must have involved Li Tian's \*\*, She knows the character of this guy, if he is willing to tell, then even if he doesn't ask, he will definitely say, but if he doesn't want to, even if he asks, it's useless.

She supported Li Tian and then slowly left the sky dojo.

At this moment, he was in another room in the sky dojo. Feng Jie stood here, and said to a figure in the corner, "Have you seen it all?"

"I saw it."

"He became an immortal in the realm of gods and spirits at a young age, and he should be a very powerful existence among the scattered immortals." Feng Jie said helplessly. Such a talent is hard to find even in the sect. Suddenly there will be such a powerful fairy?

"It's true that if we don't make that decision, it will be difficult to deal with such a guy, but I want to keep one of the top three, there should be no problem."

"Are you really willing to look like this?"

"What about unwillingness? His talent can already be seen at this time. Even in the God Realm, under the same conditions, how many people can achieve something like him?" Said something.

"Whether or not to make that decision is your own choice. If you decide, you can tell me." Feng Jie sighed with disappointment, and then left the room like this.

On the other side, when Li Tian woke up, he found that he was already lying in his room.

Ningbing was sitting beside the bed.

"I thought you were going to be in a coma for a long time. After a fight like that, your body will definitely not be able to withstand such pressure and will sleep for a long time. But if you wake up so quickly, is there no problem? Ning Bing asked, squinting his eyes, looking at Li Tian who was waking up.

"I don't know what's going on, I feel like I woke up so soon." Li Tian shrugged helplessly, then glanced at Ningbing: "How is the situation?"

"You have already won, you only need to rest for a while, and then you can prepare for the next game." Ning Bing said.

"You are very curious, what happened to me on the ring?" Li Tian asked with a smile.

Chapter 5550: conversation

"I know that a lot of things have happened to you during this period of time. Maybe your body has also undergone some changes. I know all of these." Ning Bing gave a faint look, but there was no curious expression on his face. Looks like it doesn't seem to be really interested in it at all.

"If I told you that when I broke through, I didn't get rid of my demon, so I chose to devour my demon. Now I have a dual personality, do you believe it?" Li Tian smiled bitterly. This was also a helpless move. In two critical situations, he was forced to make such a decision. First, he chose to coexist with the heart demon, and now he swallowed the heart demon, with a dual personality.

The most important thing is that his other personality, I don't know when it will suddenly awaken. This unstable factor is a very serious problem for them.

I don't know when a second personality suddenly appears, and I don't know when Li Tian will suddenly go crazy.

"Why is this?"

"A lot of things are not clear in a few words. If I didn't choose this way last time, I might be dead now, so I can only make this choice, just like this time, if I don't choose to swallow If the inner demon, I can't control the hostility in my body, so I can only die on the ring. I don't want to see such a result." Li Tian's voice was still weak.

The appearance of the second personality brought a lot of trouble to his spirit. Fortunately, his soul power was very powerful, and it abruptly swallowed the demons.

If you change to another person, you may not be able to achieve this level. After all, not everyone's soul power is so powerful. Only people like Li Tian who have cultivated their own soul power can make themselves To swallow another soul in his body again, and let himself have another personality, it is impossible to do this step in exchange for others.

"I can't imagine what happened to you. What happened to you today should make many people feel strange. So far, I think many people want to figure out what happened to you. It's something like that." After Ning Bing heard this, she couldn't help frowning, and said with some emotion when she looked at him.

Li Tian looked at her sad look and hurriedly said: "This is actually nothing to me. I have encountered this problem many times. You don't remember many things very clearly, but I always remember very clearly what happened to me, and I also know how to solve these problems. Although it seems that I am a little bit unlucky, but for myself, I But I think there is no problem."

"Because of these things you are about to become a demon. Your own performance on the ring, I think you should still have a little impression now. Not only me, but many people present doubt the guy they saw, and Are you really alone? Cruel and bloodthirsty, this is not like you at all. I have never felt anything like this in your body." Ning Bing looked at him and said seriously.

Li Tian was silent. The second personality did not seem like a good thing anymore, but now that things have evolved to the point where it is now, he must have been unable to reverse the ending.

The most important thing is to be able to control the frequency of the second personality.

One thing he can be sure of is that his first personality still dominates at present, and this body is controlled by his first personality most of the time, but if the second personality is continuously stimulated afterwards, the greater the sense of existence The stronger it comes, the more profound impact on him, and it may even control his body in this way ever since.

According to Ning Bing's current view, if his body is really controlled by the second personality, then it must be a pretty bad thing.

"I don't know how to say it, but I can only promise to control myself as much as possible. Now that my first personality is dominant, there won't be any serious problems for the time being." Li Tian sighed. A little bit tired, the previous battle still consumed a lot of immortal power, and it also caused his body to be seriously damaged.

"Tomorrow will be my game. Actually, there is not much time left for you to rest. You don't need any medication for two days, so it is impossible to return to the peak state?" Ning Bing looked at him and said seriously.

"Believe me, my body will recover in a few days, and I have now stably won one of the three places. Of course, the premise is that there are no other accidents." Li Tian Looking at Ningbing in front of him, he smiled slightly, knowing that she was also kind, worried that her body would not recover, and could not cope with the next battle.

According to his thoughts, Feng Tianling would definitely not be Ningbing's opponent next.

Therefore, Ningbing's opponent should be the remaining Sanxian and another disciple of the Five Poison Sect. This time, there are not many disciples sent by the Five Poison Sect. They will eventually be promoted and survive the competition. , It's just this guy.

Originally, the most likely one should be Jin Linger, but it was a pity that he encountered Li Tian during the game.

The battle between two people is just like a textbook. Many scattered immortals have experienced firsthand. It turns out that even a scattered immortal can reach the point of Li Tian. With this little resource of the scattered immortal, he can fight The chief disciple of a large sect like Wudu Sect competed.

But in fact, it is not like this at all. Although Li Tian is just a very simple fairy, but the adventures he encountered, and the various talents he encountered are much better than others.

He was able to have the strength that he is today, all because of some things he did in the lower realm, coupled with the many adventures he encountered after coming to the \*\*\*\* realm, and this was able to increase his strength.

If it's just a loose fairy, without anyone's guidance, without the help of anything, it would be impossible for him to be like Li Tian in his life.

After all, not everyone is the strongest of the lower realm, and not everyone can accept the immortal energy of the gods really well after ascending like Li Tian, and it can even be said to be strangely harmonious.

Such people are a minority after all, and not everyone can meet them.
