

## A Killer 5581

### Chapter 5581: Huge crisis

"This matter is indeed very difficult for you. The elders of these discipline halls are very powerful. If they really troubled you in the past, you'd better have a mental preparation to avoid time. Being caught off guard may be a dead end." Murong Ziqing looked at Li Tian and said solemnly, "Of course, this is not a bad thing."

"This is not a bad thing. Do you know that it is a great need for me to break through to this state? And in the process, I don't know how much effort I have to achieve today. You let me face it alone. To those elders in the Discipline Hall, you can think of it. You know how strong they are. As far as I am at this level, how can I face them?"

"You can announce that matter, so that no one will look at you, but it is Shuiyuezhong who suffers from the disaster."

"Never mind this, at least I can't do such a thing now." Li Tian shook his head decisively. He is not an idiot. He knows what the cost of doing such a thing is.

Although Ningbing became the master sister of Shuiyuezhong after losing his memory, his feelings for Shuiyuezhong were still very deep.

This is something that Li Tian can clearly feel about the usual small things, knowing that she really has a feeling for Shuiyuezhong, and this feeling is still difficult to use normal. Words to describe clearly.

If Li Tian really exposes this matter, then Shui Yuezhong will really be in serious trouble.

As far as his current relationship with Ning Bing is concerned, although the two are considered good friends, if something like this should happen, Ning Bing will sever the relationship with Li Tian directly.

He found Ningbing with great difficulty, naturally it is impossible to be willing to see such a thing happen.

In this way, Murong Ziqing didn't need to worry about anything at all, and it was impossible for Li Tian to tell what had happened before.

"The more I know, the more I feel that it is really hard for you as a woman to guess what is thinking in your mind. At the moment, I know nothing about you, and I don't know what you want to do. "Li Tian looked at Murong Ziqing in front of him with an embarrassed expression, his tone was very helpless. It was the first time he encountered such a bewildered opponent.

"If I were your opponent, you would have died many times now, so you should be fortunate that you and I should be considered a cooperative relationship at the moment. Even if I am very strong in planning, it will not hurt you. , Otherwise, you don't know where you died now." Murong Ziqing looked at him and said lightly: "It's true that the Jie Law Hall is not allowed to be underestimated. The same is true for you. It's also a challenge. If you can survive their targeting this time, it will be a miracle."

"Even you know this is a miracle, don't you plan to help? After all, all this series of things happened because of you. As the initiator of the whole thing, don't you need to pay for the consequences? The

price? I have to protect my little life anyway, right?" Li Tian looked at Murong Ziqing's expression in front of him, always feeling that this woman didn't even want to help.

"How can I help you? The people of the Shuiyue Sect are all looking for the commandment hall, but the commandment hall is not very superficial about our Shuiyue zong. It is very difficult for us to find them. Don't say that no one of them can be sure where they are hiding now." Murong Ziqing spread his hands and smiled helplessly, looking at her as if there was really no way to deal with this matter.

Li Tian also looked helpless, knowing that Murong Ziqing in front of him must know something and could help him.

But for some reason, she was unwilling to take action on this matter.

"After all, the Ten Cities Conference is not a simple place. This time you don't need to worry about it in the past. There is a \*\*\*\* emperor by your side. If these people in the commandment hall are really crazy to this point, you only It takes a while, and when the \*\*\*\* emperor comes, they will naturally have no good end." Murong Ziqing looked at him, smiled, and comforted: "Although it is really difficult for you to deal with these elders. A little bit, but people have to have a little bit of self-confidence in themselves, and I also believe that you can definitely succeed."

"It's very easy to say, dare to feel that you are not doing all this."

"You have to believe that the dangerous situation I have encountered is far more than you have now, but I still insist on it, so I can sit here and talk to you like this lightly. Because I know you can definitely find a chance to get through this difficult time. If I choose to help at this time, it may be detrimental to your growth, and it may also make many people doubt this matter." Murong Ziqing Said in a serious manner.

Li Tian didn't want to listen at all. It was him who was unlucky this time. No matter what Murong Ziqing said, it definitely made sense.

But he was very upset.

It doesn't matter if you are good at being pawns by others, and now you have to help them with the funeral, what is this?

The elders of these discipline halls are not too bad at all. They don't think it is because this thing is clear to Murong Zi. Instead, they have set his hunting target on Li Tian. This tells him to find someone to reason go with?

Now there is a problem, and it is easy to put him to the test, but in fact it just doesn't want to help.

"Forget it, you don't want to make a move. Just let me die this time." Li Tian squinted his eyes and asked: "But what happened in the depths of Broken Cloud Mountain Range before, I want know."

"After that, I asked someone to investigate. A lot of strange activities did happen there, but other than that, no trace was found. According to the news you said in Luoyang City, I thought something happened over there. Terrible creature, but the end is that we found nothing there, except for a barren, everything disappeared, and now Broken Cloud Mountain Range has returned to normal, many people have forgotten this matter."

Chapter 5582: Fantasy Wonderland

"This matter must be taken seriously. If something very serious really happened in the depths of the Broken Cloud Mountain Range, and we haven't noticed it at all, when the matter is already serious, isn't it all too late? Seeing Murong Ziqing's calm face, Li Tian didn't seem to take this matter seriously, and he became anxious.

Having witnessed the horror of the little girl, what Li Tian now thinks is what will happen when they need to face such an opponent?

That look still made Li Tian feel that he was trembling all over. If he could choose, he would definitely not choose to be an enemy with such an opponent in his entire life.

"Now the entire God Realm is still in the midst of a separatist regime. Even if they know what to do, they cannot let go of their personal grievances and cooperation, so you don't need to have any hope for them. The world can still unite at once, and now it doesn't make any sense to work hard." Looking at the anxiety on Li Tian's face, Murong Ziqing said calmly.

In her opinion, these current situations in the God Realm are difficult to change, and indeed there are some enemies hidden in the dark.

They can't see or touch.

There is no doubt about this point. Someone said it a long time ago that the God Realm back then may not only consist of the ancient gods.

After all, the history of the existence of the God Realm has been long.

Coupled with such a vast territory, so many years have passed, no one has really explored where the end of the God Realm is, which means that their understanding of the world is still very shallow, only limited to their current self. Only seeing this piece of the world, it is very likely that there are more terrifying existences beyond the world they see.

Of course, it was not that no one had thought about investigating everything clearly before, but the effort required was too much. Looking at the entire God Realm, few people could do it.

"When things happen, even if you want to change the ending, I am afraid it will be too late. The enemy will not give you a chance." Li Tian shrugged helplessly and looked at Murong in front of him. Ziqing: "You came to me this time because of these things?"

"Just a warning. This time the Ten Cities Convention may be more complicated than before. After all, the \*\*\*\* emperors of all parties have set their sights on this Ten Cities Convention. It is difficult to guess what will happen. I am also worried about what problems you may have in this ten-cities conference, so I will give you a warning at this most critical time, so that you can prepare in advance, so that when the problem does occur, you will be a little at a loss. "

"Then I really want to thank seniors for letting me know such important things in advance. Now I am becoming nervous as a whole. If there is any mistake in the Ten Cities Conference this time, I will have all the problems. The blame is on you." Li Tian smiled wryly. At this time, there is nothing to be afraid of for Murong Ziqing. Maybe he really has no ideas anymore.

If Murongzi really wanted to frame himself, he might have already died.

"Where is Shuang'er?"

"She is fine now. You will also see Shuang'er this time. It's just that she has changed a lot now and before. If you can't see what happened before, it is very likely that your cultivation will be stagnant for the rest of your life, even me. I can't do much help in this matter." When it comes to Shuang'er, Murong Ziqing's expression becomes serious, and the strength of this girl is definitely beyond doubt.

It's just that her obsession is also very powerful, because this kind of powerful obsession has actually become the key to shackle her development now.

"Is that so?"

"I also have a headache. This girl has always been upset about what happened in the small town before. No matter what we say, she has never regarded this thing as one thing, and she couldn't enlighten it successfully. If it is true, obsession will only become a very terrifying demon in her heart and cannot be eradicated. When things really get to that point, I think there is no one in the entire God Realm who can save this girl." :

"Can I help?"

"Perhaps, the two of you left the town together at the time. She is now in this \*\*\*\* realm, and perhaps the only acceptable person is you." Murong Ziqing said, while looking at Li Tian seriously: "The place that I sent you in this time is called the Wonderland of Fantasy Fate. It is the holy place that every disciple of the Shuiyue Sect dreams of. It is said that the originator of the Shuiyue Sect was here to enlighten the Dao, become a powerful generation, and establish Shuiyue Sect of."

"Is it so mysterious?" Li Tian said in disbelief.

"I knew you would definitely say this. When you enter the fantasy fairyland, you will know what is going on. I am just asking you something. This time you must be patient when you enter the fantasy fairyland. Take your own thoughts, don't look at other people's achievements, just think about what you should do." Murong Ziqing looked at Li Tian and said solemnly.

"I still don't know what you mean by this. When I get in, I think I will understand it myself."

"This is the best way. This is an opportunity. Although it is difficult for me to help you in the next Ten Cities Conference, I can still help you more or less in this matter, perhaps because This little help can make you grow better. In short, it is hard work. When you are really strong, all factors will no longer restrict your development." Murong Ziqing looked at Li Tian in front of him with hope, and for the first time such a look of expectation appeared in her eyes.

Li Tian had never seen this woman look like this before.

In his mind, he just thought that Murong Ziqing used himself as a tool.

But now it seems that there is something more complicated here. It's just that Murong Ziqing didn't say it. Li Tian didn't know it before, but after seeing her look now, he vaguely understood a little.

"Senior, I will remember it." As he said, he stood up, smiled, and then turned and left.

Chapter 5583: leave

After Li Tian left, the white-clothed man walked out from one side and looked at Murong Ziqing sitting in his original position.

"This young man does seem to be much better. Even after knowing what kind of opponents he will meet at this ten-city meeting, he can still maintain a certain level of calmness. It is indeed the same as what we have seen before. Those guys are different." The white-clothed man looked at Murong Ziqing, then sat cross-legged aside: "But you think so, he is worthy of your training like this?"

"So who do you think is worth it?"

"Hey, there are many young geniuses in the God Realm, and there are countless strong ones. One or two powerful people suddenly come out of it. People who are worth training are not very difficult." He sneered and said, then looked at him: "What do you think will be his performance in Fantasy Wonderland this time?"

"It will definitely exceed our imagination."

"Is that optimistic about this kid?"

"From the time I started to pay attention to this young man, he has surprised me more than once. I am not surprised that this kid will do something appalling in the fairyland. On the contrary, if he does something this time. If nothing is done, I will find it very strange. According to this kid's usual character and habits, this time it will definitely shock the entire Shuiyue Sect and even the entire God Realm."

"Those guys from Tianluo Zong are really idiots, such a genius who looks so powerful in your eyes, they actually chose to abandon Li Tian for Lu Xiu's relationship."

"It can't be said that they gave up Li Tian. Li Tian originally had a deep hatred with Lu Xiu. After those things happened, he naturally wanted to kill Lu Xiu, so that he could feel a little more peaceful. Tianluozong has always been cautious. Even if this young man has good talents, it is not worth their lives bet on this young man."

"how about you?"

"I have nothing to be afraid of, and what I see is far more than what Tian Luozong saw. I believe this young man is worthy of me doing so many things. I only hope that this time at the Ten Cities Conference, he He really can persist. This is one of the few catastrophes in his life. If he died here, it would be a disaster for our entire God Realm."

"In that case, the meaning of this young man is really important to us." The man in white sneered again, picked up the teapot, poured a cup of tea gently, and sniffed: "It's a pity, I think This young man, perhaps shouldn't be as important as we think."

---

After coming out of the bamboo house, Li Tian's mood became very heavy.

Thinking of what might happen at the Ten Cities Conference, and thinking of the things that the old man warned him about when he was in Shuiyue City before, these things are like interlocking, making Li Tian's mood suddenly become. It became solemn, no matter who knew that the war was coming, it was impossible to keep calm, even Li Tian couldn't do this.

His mood was already very nervous at this time.

"It seems that this chat has brought you a lot of influence." You'er stood behind Li Tian, looked at him with interest, and said.

"I advise you to follow me honestly at this time. If you continue to stay by my side like this, I don't know what I will do." Li Tian sneered. Looking at You'er very seriously, said.

'Chuck' You'er smiled, and then led the way: "An La An, in fact, you already know in your heart what you should do, but you are always worried that you can't do it. In this world Above, not everyone can be 100% sure when doing something. Anything is of the nature of gambling. Maybe you succeeded in a gamble this time."

Li Tian was silent and did not answer directly.

Just following You'er, she quickly reached her room.

It seems that this place is also a small courtyard specially owned by the guests of Shuiyue Sect. Ningbing naturally returned to his room, and Li Tian and Feng Tianling were in the same courtyard.

These two people are not right, so even in this boring situation, it is impossible to say anything.

There was nothing to say all night, Li Tian honestly practiced in his room for the whole night. When the next morning, he opened his eyes again, opened the door and walked out of the yard, looking at the same side. In Feng Tianling's room, the young master seemed to have not woken up yet, and was still asleep, and he was already full of energy at this time. One night's practice has improved his body a lot.

Squinted at the sun slowly rising in the distance, and then exhaled deeply: "I hope this time of fantasy and wonderland will not let me down. If it is just a very ordinary holy place for seeking the truth, there will be no Any meaning."

So far, Li Tian has seen too many strange places.

It can be said that among so many scattered immortals, he is definitely one of the most widespread in the world. Li Tianquan has seen many things that people can't see. Even the ancient gods' ruins, everyone wants to go in and explore. The holy place, in Li Tian's eyes, is just a place where you can easily enter with just a little effort.

He stood in the yard, slowly closed his eyes, and his spiritual thoughts slowly drifted out.

However, it didn't take long for him to be blocked by a powerful force. After opening his eyes, he realized that Elder Yunxiang was already standing at the door: "Ready?"

Li Tian nodded, and changed into a white robe today, which looks rather casual.

"Go when you are ready."

"Wait for others?"

"You go in, don't you still have a friend of yours? You can spend a little time here, and they won't be too late, don't worry too much." Elder Yunxiang said lightly, then turned to lead the way.

Although Li Tian wanted to wait for the ice to be frozen, at this time he could only follow Elder Yunxiang and left honestly.

I was still very curious about what this rumored holy place for seeking truth was like.

Elder Yunxiang appeared very silent on this road. He rarely spoke, and the expression on his face was very serious. It was completely different from when he was outside before, and almost made Li Tian suspect. It's fake.

## Chapter 5584: Entry

I don't know how long has passed.

Following Elder Yunxiang, perhaps because of the heavy atmosphere, even Li Tian felt that time passed slowly at this time, and he didn't even know how long he had spent at this time.

The surrounding environment is constantly changing.

I only know that Elder Ruxiang took himself to the Forbidden Area of the Back Mountain, and after some strange formations of course circled around, a very huge stone wall suddenly appeared in front of them, and some strange runes were carved on these stone walls. .

She stopped at this moment and looked at Li Tian: "This is the first level."

"first round?"

"Illusory fairyland is not accessible to anyone. If you want to enter the fantasy fairyland, the first thing to do is to make the fairyland identify with your existence, and only then can you continue." Elder Yunxiang sees Stopping him, said: "This is called Xuanguan, which means that you have to find your own way to enter, so that you can get the approval of Fantasy Wonderland, and you will naturally find the entrance."

Li Tian squinted at the stone wall in front of him.

This is indeed an ordinary stone wall that I don't know what vocabulary to use, except for some strange runes carved on it, there is no difference.

Want to figure out the way to enter here, really rely on your own thinking?

Elder Yunxiang squinted his eyes and looked at Li Tian in front of him, and said, "I know you are very puzzled now. Some people can't find a way to get in even if they spend a month here. When I came here, I knew how to get here."

Li Tian still didn't quite understand, squinted at Yun Xiang, and then slowly stepped forward.

He slowly put his right hand on the stone wall, and slowly injected his celestial power into the stone wall. This stone wall gave him a very real feeling, just like a human body, and these runes are like inside the body. Like his meridians, on the stone wall, as his celestial power was injected into his body, these runes also began to show a little light.

At the same time, Li Tianzhen's personal celestial power suddenly became uncontrollable and crazily poured into the rock wall in front of him.

Elder Yunxiang opened his eyes wide, looking at Li Tian in front of him, as if he was looking at a new world, and whispered: "I didn't expect this kid to actually do it. He actually did it. For so long, but never I have never seen it before. It is a bit scary that someone can have such an affinity with this stone wall."

In fact, calling Li Tian to come here alone was not the original choice, but the decision made by Murong Ziqing.

This stone wall is indeed the first place to enter the fantasy fairyland, but anyone who passes the test can easily enter the fantasy fairyland from this side, but since a long time ago, it has never encountered it. This is the case today.

"It should be that person who has such a talent." Murong Ziqing didn't know when he appeared here, squinting at Li Tian, who was closing his eyes, and said.

"metropolitan."

"Well, you are welcome. It seems that what I thought before was not wrong. This kid is indeed qualified to be the person of my dream." Murong Ziqing smiled and looked at Li Tian in front of him. The whole person's attention was placed on this stone wall, and the rune slowly became shining with his immortal power, just like the human breath, followed by flickering.

"Sect Master, can he really, like that person?"

"I don't know this, but in my opinion, he has the most potential to become the original person." Murong Ziqing said seriously.

"I hope so. The situation in the God Realm now requires such a strong man with strong strength. It's just that his growth will inevitably be affected by the gods. Can we protect him?"

Murongzi smiled, but did not speak.

And Li Tian, at this time, had completely entered a strange state with the Xuanguan. In this state, he seemed to feel that this stone wall seemed to be communicating with himself.

I don't know how much time has passed. When he opened his eyes again, he found that he had entered a strange world.

The sky is extremely dim, and the top of the head is full of dark clouds like whirlpools, densely dense, covering all the light, and only a towering monument in the center is left, like an unchanging historical relic. Standing there.

"This is the fairyland of fantasy?" Li Tian looked at the place in front of him, and sighed with disappointment. He originally thought that the fairyland of fantasy should be as beautiful as Xanadu, but now it seems that he thinks too much. It looks like a world that can be destroyed at any time. Where is there a little bit of beauty?

Seeing this, it seems to see a ruined world.

The only difference is that the stone stele standing in the center exudes a strange energy.

Li Tian squinted his eyes and slowly walked forward.

"You'd better wait for a while. You just entered the fairyland of fantasy. You don't understand many things in it. Stand here honestly and wait until the two people behind come in." There was a familiar one. Voice, Li Tian turned around and looked at Shuang'er standing in front of him.

After a long absence, this Nizi looks much more mature than before, and her body has grown very well. She is also a little beauty.

At this time, his eyes were staring at Li Tian, with a calm expression on his face.

"I thought I couldn't see you anymore." Li Tian couldn't help but want to step forward and hug this little girl, but saw a flash of disgust in her eyes, the hand that just stretched out, at this moment Received it back.

"I'm having a good time here," Shuang'er said.

"That's good, but I heard from your master that it seems that you have encountered some problems recently. This time I am here, I am also ready to help." Li Tian looked at Shuang'er in front of him.

"You don't need to worry about it, I know what's going on myself, I have no problem."

"How can you rest assured me that I promised your grandpa to take good care of you before. If you have any problems, how can I explain it to your grandpa?"

"Can you explain? Do you think you are doing a good job?" She looked at Li Tian and asked in a very cold tone.

Chapter 5585: Full entry

"It seems that the things that happened before have really brought you a great impact. You still don't want to forget those things that happened before." Li Tian looked helplessly at Shuang'er in front of him, the girl's resentment at this time. It was far more serious than she had imagined before. As Murong Ziqing said before, this matter can be said to be quite serious for Shuang'er.

Although she didn't want to admit it, she still knew what was going on in her heart, but now Shuang'er didn't want to admit these things.

If the situation like her continues, it won't be long before there will be major problems. What Li Tian is most worried about now is that under such circumstances, if Shuang'er really has a demon, How should we respond? "

"Some are impossible to forget in a lifetime, unlike some people who have forgotten the things they said at the beginning." Shuang'er said with squinting eyes.

Li Tian shrugged helplessly and replied: "I knew you thought I had forgotten what I had done before. In fact, it was not like this at all. I remember everything that happened before, so I Killed Lu Xiu and Lu Wenhui, but this is far from enough. I want all of them to pay the price for this thing, but it's a pity that I can't do such a thing now."

"Whatever you want to think about, I feel that I am in a good state now. I can practice very quickly in this state, and I can grow up very quickly, so that my enemy will know what will end when I am right. "Li Tian looked at the serious face in front of him, Shuang'er with a very hideous expression, and naturally knew what the girl's thoughts were in her heart now.

However, it is difficult for him to say anything that can comfort people, just hope that Nizi can understand what she is doing now.

There was a helpless smile on the corner of his mouth.

When the two of them were about to discuss something, a questioning voice came from their ears: "What are you doing?"

It was not someone else who came in, it was Feng Tianling. He looked at Li Tian with a disdainful expression on his face.

Ning Bing was also very confused at this time looking at Li Tian, and at the same time, she was also very strange that she could see such a little girl here. You must know that in Fantasy and Wonderland, usually very few people can enter, like Shuiyue Sect. Many disciples, I don't know how many people want to come here to take a look, but so far few people have been able to do it. On the contrary, this little girl came in at a young age?

And looking at her demeanor, it seemed that she was already here.

"I just met a very familiar person here. Shuang'er had known me before, and then I lost the news when I came to Shuiyue Sect. I just learned that she is also a member of Shuiyue Sect." Li Tian glanced at Ningbing, then looked at Shuang'er, and said with a smile.

Shuang'er was still stern, this girl was really like two people compared to before, even Li Tian couldn't believe that the girl in front of him was the Shuang'er he knew before.

Looking at this little girl silly at this time, she also looked helpless.

I just hope that this girl still knows what she is doing now, give herself a little face, and don't shake all the previous things, otherwise Li Tian may have a hard time dealing with this matter.

"Since you are all here, it is time for me to tell you the next thing." It seems that Shuang'er is here, waiting for them all the time. After a few people arrive here, the expression on his face It eased a lot. It was not the same as before and it was still like an iceberg. He squinted at them: "Here you all have to follow my arrangements. If you go around randomly and cause any trouble, don't blame me for not reminding you. ."

"This is the friend you are talking about? Why does it feel that she seems to be very hostile to us." Ning Bing asked in a low voice.

"You think too much, she is like this, and she didn't target anyone. Even if it is really targeted, it can only be targeted at me and has nothing to do with you." Li Tian looked at the two in front of him. Personally, with a helpless expression, he shrugged and said.

"What should we do?"

"First of all, you have to know where you are. This is the fairyland of fantasy that you have heard of before, but there is still a little difference from the original fairyland of fantasy. That is, there are a total of thirty-six floors here. Just like here, there is a sky monument." Shuang'er looked at the three people in front of her calmly, she couldn't tell at all, her mood at this time was exactly the same as before.

Li Tian can be considered relieved at this time. The most worried thing before is that Shuang'er stood up at this critical time and exposed his own bottom. At present, it seems that other elders are not going to enter at all. The meaning of being here is that they will have to face the entire fantasy fairyland by themselves. No matter what happens here, it is their own problem.

And Shuang'er seems to be the only instructor in this place.

"What you have to do is very simple, and that is to comprehend this stele. Whenever you complete a stele, you can go directly to the next level. Before the time is up, try your best to comprehend. Some people You can only comprehend one piece in your life, but some people may be able to comprehend all of these monuments in just a few days. Everything depends on your talents." She said indifferently. One sentence, squinted at the two people in front of him and said.

Li Tian looked at Shuang'er with a smile, "What about you?"

"Hmph, I have realized the eighteenth stele now." Shuang'er snorted coldly, as if specifically targeting Li Tian, and the tone of her speech was quite bad.

But fortunately, Li Tian knew that she would be like this a long time ago, and he was not surprised at all, so naturally he would not make any expressions, just smiled indifferently.

On the contrary, Feng Tianling was looking at the stele in front of him from a distance, his eyes blurred, and he didn't know what this guy was thinking about in his mind, maybe he was thinking about how to understand it.

And Li Tian was also very puzzled.

"Illusory Fate and Wonderland is to let the immortals understand the power of the heavens by comprehending these steles, so that their strength can be improved to a higher level. The more steles you can comprehend here, you can The more successful you get, the greater the benefits." Ning Bing looked at Li Tian and said.

Chapter 5586: Tiankui stele

There are a total of thirty-six sky steles here, which also symbolize thirty-six sky gangs.

And the Tiankui monument on the layer in front of them was the Tiankui monument.

Although I don't know what the meaning of this naming is, it may simply be related to Tiangang Thirty-Six, or it is indeed related, but in short, it has almost negligible impact on them.

"How to comprehend these steles depends on your own comprehension. Everyone has different means of comprehension, and the rewards are different. This is why the fantasy fairyland is so powerful, because here Many possibilities can be created. Maybe your strengths and talents are the same, but here you can also have different returns." Shuang'er looked at the three people coldly, and said calmly: "We will rely on you next. I understand the meaning of these steles by myself. If the speed is faster, you can enter the next level in less than half an hour. If the speed is slow, the time is up, you may still sit here."

After Li Tian heard this, he and Ning Bing and the others continued to move forward.

"Are you confident?"

"what?"

"Although there is not much time, it is said that when Patriarch Master was comprehending these steles, it only took about two days. The thirty-sixth floor of the heavenly steles were completely understood by him, and Patriarch also did the same. Having gained extremely powerful power here, we have our current Shuiyue Sect. Maybe you can achieve this kind of achievement." Ningbing looked forward to Li Tian, this kid has a lot of mysterious colors on him. , Including realizing that now, Li Tian has done strange things, and the things that surprised them are countless.

Looking at the expectant Ningbing in front of him, Li Tian smiled and responded: "I know you will definitely think this way, but this is something that can happen with a very small chance. Since your ancestor can The ability and talent to create a large sect like the Water Moon Sect can be seen, and I am just a small fairy. Even if it seems to be growing very fast at the moment, it is just an illusion on the surface."

Ning Bing did not continue to say anything, he knew that Li Tian should be modest at this time.

Or maybe it was because I was a little nervous. I really didn't know how to face the monument in front of me, so I said this.

When he really came into contact with the Tiankui monuments and knew how to crack the secrets on these monuments, he would definitely know how long it would take him to understand the thirty-six sky monuments.

While talking, the two people had already arrived in front of the Tiankui monument.

In Fantasy Wonderland, apart from the three of them, only Shuang'er was left.

But after Shuang'er told them the simple rules, he left right away. In fact, there are no very special rules. You only need to ensure that you don't do anything here, and you honestly understand the stele, and then try not to damage the environment here. That's it, you can do anything else you want.

And once you violate these rules, you may be directly rejected by the fantasy fairyland to the outside world, and you may even lose your life in this way. This is quite normal.

When Li Tian and others came to the Tiankui monument in front of them, they didn't feel any very strong special feelings.

Ning Bing also looked at the Tiankui monument in front of him curiously, and said in a low voice: "This is the first time I have entered the fantasy fairyland. It is also the first time I have seen these rumored Tiankui monuments. I heard many people say that it is not easy to comprehend these steles. It seems that they are indeed like this now. These steles need talents before they can comprehend."

The Tiankui monument in front of it seemed to be very towering when viewed from a distance. It was almost as high as a big mountain into the clouds. It could be regarded as holding the sky, but it was only discovered when they came over in person. The stele is far from being as magnificent as they thought, but it is much taller than their height, like a small hill.

The whole body was swarthy, as if it had been burnt abruptly by something.

On the top of this monument, only a small amount of celestial power fluctuations can be felt very reluctantly, and nothing else exists. If this monument is thrown outside, I am afraid it will not be there. How many people believe that this is the rumored celestial monument that can change a person's life in the fairyland of fantasy.

"Isn't this just a broken rock? Could it be that what else can be found from this broken rock?" Feng Tianling looked at the Tiankui monument in front of him, sneered, and said with disdain: "I look at the water. Yuezong is just talking nonsense. If this stone can help me in my cultivation, it would be a great wonder. I'm on it, and it's hard to detect the fluctuations of immortal power."

"This is the sacred land of our Shuiyue Sect. Back then, our ancestor master also enlightened the Tao, became a generation of strong men and founded Shuiyue Sect. You can say that these heavenly steles are useless, but it is better to leave Shuiyue Sect. Say it again, otherwise, someone will be offended later, and there will be no good fruit for you." Seeing Feng Tianling speaking in front of her, Ningbing said disdainfully.

"Ningbing, of course I didn't mean that, but the stone in front of me really did not look different. How could I have thought that this is the rumored stone monument, it's like a useless waste stone. I can't feel anything on it..." Feng Tianling said as he slammed his fist towards the sky stele.

It's just that before he finished this action, a burst of light suddenly lit up on the stone of the sky, and Feng Tianling disappeared in front of them.

This is really a \*\*\*\*\* luck. Who would have thought that Feng Tianling could understand the stone monument in front of him in this way, even if he himself might not have thought that the stone monument in front of him would be like this. They easily understood it, and they successfully promoted to the second level. The next level of the monument should be the Tiangang monument, and in this order, there are a total of 33 sky monuments.

Every celestial monument here may be completely different, but the same thing is that every time you understand a celestial monument, if you want to continue to comprehend, you have to work harder.

Therefore, when you can truly enter the 33rd floor and comprehend the Thirty-third Floor Tianqiao Monument, it has proved that your talent and strength have reached a very good level.

Chapter 5587: Not enough talent

"Let's hurry up too. We don't have much time left. We must hurry up to comprehend these monuments." Ning Bing saw Feng Tianling comprehend the first monument in this way. Obviously, this is not one. The difficulty is, you can easily understand it, and then you can directly enter the second floor. Maybe this is just the beginning. At this time, there are some pressings that can't stand it.

Li Tian is also like this, he is also curious about the so-called Thirty-Six Tiangang as the representative of the Tianbei.

What kind of feeling the thirty-three sky steles will give him, surprise, or something.

While talking, the two slowly stepped forward.

Li Tian also slowly placed his right hand on the Tiankui monument, just as he had entered the fantasy fairyland before, he also wanted to use this method to pass the level again.

But obviously the previous and the present are completely different concepts. Although Li Tian's celestial power is injected into the stone of the sky, the feeling it brings to him is very ordinary, and there is no response.

He glanced at Ningbing. At this time, the master sister had already focused her gaze on the sky stele in front of her, without saying a word.

Seeing this scene before him, he can only stand back and sit down.

---

"Look, there is no reaction at all from the Tiankui monument, which proves that our previous guess is wrong. Maybe something happened in the fantasy fairyland, which allowed this kid to enter it in that way, but In essence, this kid's strength has not changed in any way and cannot be recognized by the Tianbei." At this moment in the bamboo house, the man in white looked at the scene on the crystal ball in front of Murong Ziqing and said calmly.

Murong Ziqing also looked at the crystal ball, the content inside was nothing else, it was Li Tian's performance in the fairyland.

The two originally thought that this time Li Tian might have to directly communicate with the Tiankui monument through his own fairy power, and then easily entered the second layer.

But the result is obviously not what they imagined.

The Tiankui monument did not give Li Tian any feedback, and even seemed to reject Li Tian.

"I don't know what's going on, but there are no more than ten people in the entire God Realm who can do that, but some of them have fallen a long time ago. Since this kid can touch such conditions, he must be able to use another method to understand the Tiankui monument and enter a new level."

"You always have confidence in this young man. I think you should take a good look at the current situation. If you are so superstitious about this guy, it may not be a good thing for us. Wait until it is true. If we need to solve the problem, then it will be in trouble. We must make a decision when we make a decision. If this young man really does not have that talent and future, why should we waste our time dressing up here? All kinds of things."

"Trust me, be patient, and give us a little more time. I believe this kid will bring us surprises." Murong Ziqing still looked at Li Tian and said very seriously.

"Well, I can wait for a while, but I think this kid's talent may be nothing more than that. It is not easy to understand these monuments. The Patriarch of the year was not easy to participate in the first sight. Enlightened."

Li Tian didn't know that everything he had was under the control of others, and his current mood was very bad.

He didn't expect such a thing to happen at all. He has been looking at this monument for about seven or eight minutes, but he has never been able to feel what's the difference between this monument and the previous one. different places.

Ning Bing could leave here long ago.

But for Li Tian, it was hard to linger here for a while.

"Isn't it okay?"

"Hehe, it seems that my talent may really end here. I really can't understand what is going on with the monument in front of me. You can go first." Li Tian glanced at Ningbing and knew her I am ready to leave here, and staying here is a waste of time. In a place like Fantasy Wonderland, it is quite shameful to waste time.

They use this time to do a lot of things.

"Okay, then, it seems that I will be ahead of you waiting for you to catch up. You don't need to worry about anything. This kind of thing depends on chance and luck. Maybe you will understand it not long after I leave. It's done, so before the matter is over, don't lose your confidence, everything is possible." Ning Bing said as she gently placed her palm on the Tiankui monument.

Li Tian could feel that there seemed to be a faint flow of real air flowing into the Tiankui monument in front of her.

Immediately afterwards, Ningbing slowly disappeared in front of him, as if it had broken down into countless molecules, and could no longer see clearly.

'Is it true that my talent is not worth spending time here? I really don't know how to understand the stone monument in front of me? Li Tian was helpless, looking at the

Tiankui monument in front of him, squinting his eyes, and also said with a helpless expression.

Li Tian sat down and stared at the Tiankui monument in front of him.

He has already decided that even if his talent is really not worth continuing to waste time like this, he still has to go on like this, he just wants to see if he can penetrate the heavenly monument in front of him.

Even if countless people are saying that they can't do this, Li Tian himself doesn't want to believe it.

He didn't believe in his talent, and he couldn't even handle such a small stone monument?

Ever since, he sat here, as if having a temper with the Tiankui monument in front of him, staring at the Tiankui monument in front of him intently, his body didn't mean to waver at all, he still looked at it very seriously.

Time just passed bit by bit, still without any effect.

Li Tian is really on the verge of giving up, even if he is an idiot, at least he can see a little clue now? But Li Tian, looking at the Tiankui monument in front of him at this moment, it feels like looking at an ordinary stone. Except for a dark stone, he really can't see the difference between the Tiankui monument in front of him. Place.

The mood has become lower and lower.

"Stabilize your mind."

Chapter 5588: The beginning is the end

Just as Li Tian was about to give up, the voice of the remnant soul of the ancient \*\*\*\*\* rang in his mind.

"I really want to stabilize my mentality, but I am really unconvinced now. Others can easily see through the secret of the Tiankui monument in front of me, even an idiot like Feng Tianling. I succeeded, but now I have to waste so long here, and I have not seen any clues for so long. How can I be ready to stabilize my mentality?" Li Tian is also very angry. Asked indifferently.

This kind of thing, no matter who encounters it, will definitely explode.

"This is a rare opportunity for you. You still have time here. Even if you spend some time on these monuments, it is worthwhile. As long as you see through a monument, the improvement to you will be huge. , There is no need to put others' achievements in your eyes. You are fighting against yourself, not against others."

After hearing the reminder of the Old God Remnant Soul, Li Tian seemed to be able to stabilize slowly.

It is indeed like this. Everyone is a completely different individual existence. It is absolutely impossible to ask oneself to be the same as or to surpass someone. As long as you can ensure that you continue to break through yourself, there will be one day, let yourself Growing up is very scary. This is beyond doubt. Since it is like this, why bother to care about it. How much time do you waste on this monument?

After figuring this out, Li Tian once again sat down in front of the Tiankui monument.

And this time, he did not continue to open his eyes to look at the stone monument in front of him, but closed his eyes and let his state of mind slowly enter a state where his heart is like still water. In this state, he heard it for the first time, a strange heartbeat.

He can be very sure that it is not his own heartbeat.

It's the heartbeat of the heavenly stele in front of you, this heavenly stele, just like a human being, has a very strong heartbeat.

He opened his eyes subconsciously and found that the world in front of him had changed.

Here, it was an extremely dark space, without a little brilliance around it, don't ask him why he could see these, he didn't know why he could see these.

In this world, he is like a spectator, he can only honestly watch all the developments in front of him, but there is no way to change anything.

And in this darkness, I don't know how long has passed, a light appeared.

Li Tian hurriedly followed the light, and as he got closer and closer, the exit of this light became clearer and clearer. Li Tian could even feel that on the other side of the exit, there was a very powerful force. Power is about to move.

This little distance seemed to him to be a matter of passing in an instant, but it was actually a waste of time.

Wait until he comes to this entrance.

I discovered that this place turned out to be a very spacious square, and in the center of the square there is also a Tianshi stone, but the name of this Tianshi stone is not a Tiangan stone, nor is it the other Tianshi stone that should be.

In front of him, it turned out to be a Tianqiao monument.

The last of the thirty-six celestial steles.

"Why did I come here? Isn't this the last monument in Fantasy Wonderland? I haven't seen the monument before." Li Tian also looked helplessly at the monument in front of him. , I still felt very heartbroken because I could not comprehend the Heavenly Stele for a long time. At this time, I didn't know what was going on in front of me. I skipped the middle of the Heavenly Stele and ran to the last piece of sky. Stone stele, Tianqiao stele?

What a joke, even if you want to surprise yourself, it shouldn't be such a surprise.

In his mind, at this time, he thought of a very possible thing, that is the beginning and the end.

Everything is endless, life and death cycle, life is death, death is life.

He looked at the Tianqiao monument in front of him, and if he was truly such a talent and suddenly came to the last monument, then he would have recognized it.

So, just like this, I closed my eyes and slowly entered a state where my heart was still like water.

Before long, the feeling of heartbeat reappeared in my mind.

In front of him was the dark world again, but what was different from the previous manifestations was that in this dark world, there appeared a shadow that looked like a human being.

He slowly stood up, like a strong warrior, slowly raised his hands flat on top of his head, and slowly extended the darkness in front of him.

In the next time, Li Tian began to watch such a process constantly. Although he didn't know who the shadow was, he understood to some extent that this should be related to the origin of the God Realm, and maybe even the worlds. The origin of it.

This process is quite long, but it is also brilliant.

Among the bamboo houses.

The man in white has nothing to say.

And Murong Ziqing had a triumphant smile on his face.

"It seems that your gambling really succeeded this time. This kid has the same way of comprehending as that person. It's probably been so long. Once again, in just a few days, he can understand 36 people. A young man with a stone monument." The white-clothed man looked at Murong Ziqing and really didn't know how to describe it at this time. How did this kid suddenly succeed in doing it?

"I told you before. This kid is worth the price we pay. Now you can see that he has done things that many people can't do. If it grows like this, it will become stronger. What a difficult thing." Murong Ziqing turned around, looked at the white-clothed man, and said expectantly.

"Hope, this time the Ten Cities Conference is also a hurdle. This kid is also unlucky. He is already countless enemies. Following you, he has offended a lot of people. This is all right. If things are revealed, he is definitely The first to die." The white-clothed man smiled helplessly, but his eyes were full of expectation.

The strength of that person back then was invincible, so what about the young man in front of him?

How far he can achieve,

Is it possible to be the same as that person back then, playing his own name in the God Realm, and becoming a rumored powerhouse?

"It seems that it will be really interesting."

Chapter 5589: You are a trash

Do not know how long it has passed, Li Tian once again returned to the first floor.

In the eyes of others, he may not have penetrated the Tiankui monument at all, so he will continue to stay on the first floor.

But only Li Tian knows that he is not unclear.

On the contrary, the thirty-six sky steles have been seen, and all the previous ones have been recorded in his mind, like a soul's brand, deeply recorded in his mind.

It is a pity that his cultivation level has not been improved as a result.

However, I feel that my realm is much stronger than before.

"Yeah, I thought our genius boy could reach a higher level this time. I didn't expect that we have all returned, and you are still on the first level."

Li Tian glanced at Feng Tianling.

This guy seemed to be more confident after this time, and even the tone of his words didn't take Li Tian seriously.

Li Tian did not respond. He just cast his gaze on the Tiankui stone in front of him, always feeling as if he still had something unclear. At this time, he cautiously stepped forward, squinted his eyes, and put his hands together. Put it on top of the Tiankui stone in front of him.

‘Boom Rumble’

At the same time, the entire fantasy fairyland suddenly trembled.

If you were outside the Shuiyue Sect at this time, you could see that in the back mountain forbidden area of Shuiyue Sect, a seven-colored beam of light suddenly rose up into the sky, and a very bright colorful auspicious cloud was formed above the head.

The powerhouses of the entire God Realm were touched.

The strongest feeling among them was Li Tian. At this time, he already had a faint feeling of entering the realm of two stars, but now he only has a feeling of breaking through, but it has not yet been completed.

And Feng Tianling sneered at this moment: "Hey hey hey, don't pretend to be? Two or three days have passed. You haven't been able to break through. Who do you think you are? You can still be at this critical time. Success? Even if you are really successful, what will happen in the remaining days?"

"Does this have anything to do with you?" Li Tian glanced at Feng Tianling lightly.

Feng Tianling snorted: "Just keep talking hard, you will know how shallow your knowledge is when you get to the Ten Cities Conference this time, and soon you will know that your strength is nothing at all."

"Wait until that time." Li Tian responded calmly.

At this time, Ningbing arrived.

He glanced at Li Tian who was still standing here, and looked at him somewhat unexpectedly: "You... didn't go there?"

Li Tian smiled and did not respond.

And Feng Tianling squinted at this moment and stepped forward: "Ningbing, congratulations, you must have broken through just now? I remember that your strength was about to break through before, and now maybe you can also enter the realm of gods. Up?"

Ning Bing was stunned for a moment: "I was also surprised. The powerful energy fluctuations just now were indeed in the fantasy fairyland, but they did not happen because of me. Even I wanted to know who made such a big change. The movement."

"Isn't it you?" Feng Tianling was also stunned.

"Of course it's not me. If it were me, would I still be so surprised?" Ning Bing looked at Li Tian. He is now in the same state as when Ning Bing left before. It makes people wonder if he has always been together. Layer has never left: "Is it you?"

"That might be me." Li Tian shrugged.

"What's a joke, you are still here to comprehend this Tiankui monument, how could you make such a big movement, you too overestimate your level?" Feng Tianling is almost the first one. Those who raised their objections looked at Li Tian with a disdainful expression.

Li Tian stepped forward and snorted: "You can try to see if you are my opponent now."

"Hey, you can't do it here, otherwise I would have done it to you a long time ago."

"What are you arguing about?" Shuang'er appeared beside a few people like a ghost again, and snorted coldly.

"I just want to know what happened just now?" Feng Tianling asked suspiciously.

"Li Tian broke through the thirty-sixth floor and understood all the heavenly steles. Therefore, the fantasy fairyland has a vision. It is estimated that the powerhouses of the entire God Realm will feel this energy fluctuation to some extent." Shuang'er Looking at Li Tian, he felt a little unhappy at this time.

"What, broke through the thirty-sixth floor? In such a short period of a few days? Are you kidding me?" Feng Tianling said in disbelief.

"Li Tian's talent is unquestionable. As a Sanxian, he can become a strong man in the realm of gods in such a short time. This alone is enough to make him a kind of strength in front of many people. It's a symbol, not to mention, the way he entered the fantasy fairyland this time is different from yours. He passed the test of the fairyland before he entered here." Elder Yunxiang didn't know when he came in, and stood at Shuang'er at this time. In front of him, looked at Li Tian: "It's worth congratulating, you are almost the same now, you are about to break through again, right?"

"I do feel a little bit of a breakthrough, but I think this shouldn't be that simple thing. It should still take a little time to break through." Li Tian smiled and said calmly.

"You must not be anxious about your practice. Your current achievements have surprised many people." Elder Yun Xiang said, looking at Feng Tianling: "Two stars in the realm of gods, you are probably our trump card in this ten-city conference. It."

"Elder Yunxiang, before, Master Tianling said that my talent is nothing more than that. I think I'm just a waste. I think Master Tianling's results must be very good this time, at least on the 30th floor. I don't know. What's the specific situation?" Li Tian suddenly showed a harmless smile at this moment, looked at the elder Yun Xiang in front of him, and asked in a strange tone.

Feng Tianling's expression was already very embarrassed at this time, and it was a very uncomfortable thing to be insulted in front of so many people.

"The fifteenth floor, probably has reached the limit, if there is no help from the Lord City Lord, where is his today? Even so, this young man still has not been taught how to distinguish the situation." Elder Yun Xiang narrowed his eyes and looked Looking at Feng Tianling next to him: "Young Master Tianling probably also knows at this time, what level is he at?"

"Although this is the site of your Shuiyue Sect, your attitude towards me is really a bit too bad, right?" Feng Tianling's face sank after listening, and said a little unhappy.

Chapter 5590: You are not better than me

"It seems that you have already forgotten where it is and what your mission here is." Elder Yunxiang heard Feng Tianling speaking like this, without showing any slight anger, his face Shang still has a faint smile, but this sentence is worth thinking about. It is obvious that she is not afraid of Feng Tianling here, nor is she worried about the identity of this kid.

Feng Tianling glanced at Elder Yunxiang, and then carefully looked at several people around him. Except for Li Tian, the remaining two people were all from the Shuiyue Sect.

And here is also the fairyland of fantasy. There must be no way of knowing what happened inside. Even if he did not make a mistake here and was misunderstood, but it will not be the real situation when it reaches Feng Jie's ears. It's Ningbing or Li Tian, surely they won't help in this matter. Both of them can't wait to see Feng Tianling unlucky, how could they help him?

Feng Tianling himself knew this very clearly, so he could only swallow his anger at this time.

"You'd better be able to stick to your own ideas like this all the time, and wait until the Ten Cities Conference really arrives, and see what you do." He really has nothing to do with the people in front of him, even if he is very upset. At this time, it can only be regarded as nothing happened.

"It is precisely because the Ten Cities Convention is about to be held, that's why I will tell you this way, you are all powerhouses representing our Shuiyue Sect and New Moon City. Your performance in this Ten Cities Convention, Can also indirectly represent the current strength and level of our New Moon City and Water Moon Sect, which is equivalent to telling others whether we are strong or not." Elder Yun Xiang looked at the few people in front of him seriously and said.

"So you want to demean me?"

"I don't care what kind of grievances between you are, but in this game, it is best for you to cooperate with each other and ensure that you can show very strong strength in this game. It's not like now, without even seeing your opponent, you have already started infighting, do you really think you are very powerful? The God Realm is vast and there are countless geniuses, where do you come from?"

Seeing Elder Yunxiang who was so excited in front of him, Li Tian also smiled helplessly.

Although knowing the truth is indeed like this, they are going to participate in the Ten Cities Conference together, which is considered as mutual partners, but the bad relationship between him and Feng Tianling has been long, and it will not be solved in a short time.

But what he is most excited about now is that he actually penetrated so many celestial steles this time.

Although it is still not clear what these scenes in my mind represent, I know more or less that these should be very precious things, and I must keep them firmly in my mind.

"So, do you really value this Li Tian, who has seen through thirty-six steles in a few days?"

"What about you? Your talent is only limited to this. I don't doubt your future ability. According to your current achievements, the future will of course not be just a simple small role, but what about

Li Tian? The strength shown in this aspect is something that many of us could not think of, and we never even thought that this young man would have such a talent."

"It's really true this time? Li Tian has directly penetrated 36 steles in just two days by himself?"

"It is indeed like this. He has penetrated thirty-six steles, and the way he has penetrated, so far only three people have done it." Shuang'er, who had been silent on the side, also looked at them seriously at this time. Although he is still a little unhappy with Li Tian's performance, he has to say that his performance in this time of Fantasy Wonderland is definitely impeccable.

But she also knew that Li Tian in front of him was the strongest in the lower realm, and it wasn't really a terrible thing to have such a talent.

"three people?"

"The founder of Shuiyue Sect back then, and Broken Jianxin millions of years ago, besides that, only Li Tian was left, who achieved such an achievement."

As soon as these words came out, even Feng Tianling fell silent. He didn't know what he should say anymore. He felt that the whole person's worldview had collapsed at this moment, and looked at Li Tian in front of him stupidly for most of the day. Couldn't say a word.

Before, he thought that Li Tian was only lucky, and with some inexplicable things, he might break through to the realm of gods at such a young age.

But now it seems that it's not as simple as what he imagined. Li Tian couldn't get to this point by luck, nor can he rely on luck to be the only two people since the establishment of the Shuiyue Sect. The same thing that has been done.

In just a few days, he has penetrated 36 celestial steles, even these \*\*\*\*\* emperors in the God Realm have never had such strength.

He looked at Li Tian, and he was really frightened at this time: "If such a terrifying talent is really continued, it will not be long before he can become a strong generation in the gods. This hides an uncertain factor. , I believe those \*\*\*\*\* emperors will definitely not let him live in this world for a long time, they will do everything possible to kill this guy. '

Li Tian's current existence can be said to have threatened many people. He can achieve such achievements at a young age, and his talent is still growing, and his strength will become more and more terrifying. This young man will become them. No one knows what the future will look like if this young man is allowed to grow up like this for a guy outside of imagination that is difficult to control.

The God Realm finally ushered in a period of tranquility, and the control of these God Emperors really made the current God Realm much more stable than before.

But at the same time contradictions still exist.

The appearance of Li Tian is likely to be a fuse between each other, and it will not take long before the \*\*\*\*\* emperors will start fighting with each other because of Li Tian.

Feng Tianling seemed to have thought of this.

The wind blew gently, and he stood here, looking at Li Tian not far away, but he could not say a word for a long time.

At this time, it was natural to have a feeling of Shengyu He Shengliang.

I could have become the young leader of the New Moon City at this Ten Cities Conference, but now he has become Li Tian, which is truly unpredictable.
