

## A Killer 5591

### Chapter 5591: Break the knot

"Now you also know that this ten-city meeting is actually very important to many people. Even we dare not easily underestimate the impact of this game on the entire God Realm, so I hope you can be clear. You understand what it means to participate in the competition this time, and what you need to do. If you can't do this, it will be a very terrible disadvantage for us." Looking at the dumbfounded people in front of him, Elder Yun Xiang said. It's not as sharp as before, and it's a lot more peaceful: "No matter what kind of personal grievances you have, it is time to let go. Only by working together and studying your common enemies can you gradually defeat them."

"Elder Ruxiang is indeed right. I will be willing to make my own efforts in this aspect, but the premise is that someone does not use such factors to control me. You should also know that one of the things I hate most is being. It's okay for others to restrict me to the rules of the game, but if I want to use this thing to restrain me, it's not very good." Li Tian squinted his eyes, no matter what, the leader of the Ten Cities Conference this time, definitely Feng Tianling didn't run away.

Don't look at him this time, it seems that his strength in the game is not as good as Li Tian, but after all, he is also the son of Lord Santos.

Even if it is not very valuable, it is definitely not Li Tian's identity as an immortal can be compared.

Therefore, this time the team leader must be Feng Tianling.

It seems that he has become a lot better here, but who knows what will happen next?

You have to know that this guy is learning a lot of behaved here, just because he knows that he doesn't have much room for his own play here. The people who don't have him here are all from the Shuiyue Sect.

And now Shui Yuezong up and down, all of them value Li Tian this young genius very much.

Therefore, when it comes to Li Tian's affairs, they will absolutely reverse right and wrong. If this is the case, why should he still be ignorant here and continue to care about Li Tian?

As the saying goes, a person who knows the current affairs is a brilliant person, and only those who can see the situation clearly can live a longer life.

Seeing the approval in the eyes of Elder Yunxiang, it was obvious that he was very satisfied with Li Tian's performance this time. Even though this guy was full of thorns in his sentence afterwards, Elder Yunxiang was still very satisfied, which was obviously a kind of favoritism.

But it's normal to think about it. Whoever sees a young Sanxian who can make such achievements at such a young age will want to establish some connections with this young Sanxian. After all, this is not everyone. Things that can be done.

The achievements that Li Tian has made this time are absolutely rare in the gods.

Before he broke through the realm of gods, many \*\*\*\*\* emperors have begun to pay attention to this young man, and after such an incident, I believe that more powerful people will start to pay attention to this young man. It seems like a very ordinary young man, but now it seems to have exerted a very terrible strength, and it is enough to kill the powerhouse of the gods.

Now, relying on his own personal ability to break through to the realm of gods, and in about two days, he has penetrated 36 celestial steles and accomplished a feat that only two people have completed.

'Now I can only choose to admit it, this kid has so many friends here, so many people are facing him, even if I am correct, they will not listen to me, but it will make me fall into a very difficult situation. In the situation. 'Feng Tianling's eyes turned steadily, and some thieves looked at Li Tian, and then stepped forward, showing a very calm smile: "We did have some misunderstandings before. You are worthy of admiration. It was actually able to penetrate thirty-six steles."

"Of course, my talent is above you. If my method of insight is the same as yours, I may enter the second level faster than you, but it is a pity that I know what belongs to me. My own way, so a lot of time was wasted." Li Tian responded with a smile. Of course, this guy also knew that Feng Tianling was a good sign.

How can I say that the young man in front of him is also the eldest master of New Moon City, and he still has some air on him. I can't just apologize to you casually, right?

In that case, Feng Jie would be embarrassed.

I thought about how he looked like this, or that he could help Li Tian a little bit more or less, don't aim at himself as before, he can also slowly get through this stage.

But who would have thought that Li Tian himself was a guy who feared that the world would not be chaotic. At this time, he also had a natural smile and responded to Feng Tianling very mockingly.

Even a young man like Feng Tianling with a great city government, at this time, he couldn't bear the anger in his heart. What is bullying? This is Chi Guoguo's bullying of others, relying on his influence in Shuiyue Sect, now Li Tianke has some lawlessness.

"Hehe, I hope that in the next process, we can understand each other a little bit and focus all our attention on our enemies. This time the Ten Cities Conference is completely different from the previous few times. There are many strong ones. It cannot be as simple as the Young Heroes Conference."

Li Tian smiled, and did not continue to chat with Feng Tianling.

He knew that this guy was not convinced now, even if he knew that they would stand on the same line, but at this time they still disagree with Li Tian in front of him.

This is like a child, no one wants to agree that others are stronger than themselves.

The same person, why should I be weaker than you?

Although the fist that Feng Tianling was holding was only a short moment, it was clearly noticed by Li Tian. He soon knew that this was just Feng Tianling's tactics, and this guy was not an idiot, he knew. I definitely won't get any benefit from making trouble here, so I choose to be honest and do nothing at this time, even if the Shui Yuezong is looking for trouble, he will definitely not be able to find him.

I have to say that compared to Feng Tianxiang, Feng Tianling is still a bit more minded.

But it's just some brains. In some key things, the two brothers are quite similar in their styles. It may be that the same blood is flowing in their bodies, and some things can be changed strongly by the day after tomorrow. But there are some things that cannot be changed anyway.

Chapter 5592: challenge

However, being able to make the famous Feng Tianling, the Young City Lord of the New Moon City and himself admit their mistakes was a very proud record in itself.

Therefore, Li Tian's mood at this time is quite good.

At this moment, Shuang'er looked at Li Tian suddenly: "I want to challenge you?"

"You want to challenge me?" After hearing the voice, Li Tian's eyebrows were quickly twisted, and then he looked at the little girl in front of him seriously, and asked in a serious tone: "Are you sure you are not here? Nonsense?"

"Do you think I am talking nonsense? Now many people are saying that you are strong and that you are a rare genius among young people. I want to see how powerful you are as a genius. Will I be your opponent?" The resentment in Shuang'er's eyes is clearly visible, even if it is intentionally hidden, some things will always be deeply embedded in your body and cannot be hidden at all.

Even if Shuang'er wanted to hide her emotions, every time she saw Li Tian, she couldn't help thinking of the reason for the destruction of the town.

It is because of the strongest of the lower realms in front of him that the entire town will be directly destroyed, and the consequences are naturally unbelievable. For many people, it is definitely a very terrible nightmare.

For Shuang'er, this is also a knot that she can't get rid of.

I always thought these were the means to motivate myself.

But now seeing Li Tian's talent and his achievements in cultivation, Shuang'er would not think so.

"I know what you are thinking in your heart now, but you are too sloppy to challenge me. Looking at you, you can only practice in less than a few months. You really think you will be mine. Opponent?" Li Tian squinted at Shuang'er in front of him, and there was some doubt in his tone. He was very clear about how long Shuang'er had been practicing in front of him.

From Broken Cloud Mountain Range to the present, it is only a few months at most.

Even if he is really a genius, it is impossible for him to go from a novice who doesn't know anything to a powerhouse in the realm of gods that is too strong in such a short period of time, right?

Even Li Tian himself knows very well that he will have such an achievement today, all because he is the strongest in the lower realm, and when he soars up, all the abilities in his body have changed, and he has become a \*\*\*\*\* who can be These bridges of spiritual energy communication in the realm can allow him to improve his speed of cultivation in this way. If you are someone else, you just cultivate to the realm of spiritual cultivation, and you don't know how long it will take.

"Don't underestimate Shuang'er's strength. This little girl has already cultivated to the realm of \*\*\*\*\* cultivation in just a few months. Although the strength is not very strong at present, she is definitely

considered a wizard of heaven, Sect Master. He even has to devote all his efforts to her body." Elder Yunxiang saw the not serious look on Li Tian's face, and he knew what this guy was thinking.

He has now reached the realm of gods. Isn't it easy to deal with a young girl who has just started practicing?

But in fact it is not like this at all.

Although Murong Ziqing had secretly connected Nian Rushuang to Shuiyue Sect before, but through some of his own means, he worked very hard to train this young girl, and the talent shown by Nian Rushuang is indeed true. It didn't disappoint Murong Ziqing. It can be said that Shui Yuezong has rarely seen such a talented girl for so long.

Even a master sister like Ning Bing who was regarded as a treasure by the Shuiyue Sect, if she really reached the age of Nian Rushuang, she might not be able to achieve such an achievement.

Therefore, after that, Shuang'er was directly sent to the Wonderland of Fantasyland. This place where many people couldn't get in due to squeezing their heads, became Shuang'er's second home. She worked hard every day to cultivate and change herself Get stronger.

The purpose is to one day become a strong man who protects everything.

Lu Xiu and Lu Wenhui had been killed by Li Tian, and only one of those people who had participated in the destruction of the town was easily found.

But it has been killed by Li Tian.

For Shuang'er, this is equivalent to going to a challenging goal.

For a long time, she didn't know what her goal was. She didn't know what her purpose was for practicing so hard. The enemy was already dead. What was the purpose of her cultivation?

She knew that when she saw Li Tian, she understood.

The purpose of my own practice is very simple, to become a very terrifying strong man, and then kill Li Tian with his own hands, and to end all the grievances in the town like this. Since it was caused by Li Tian, it must also be because of Li Tian. Li Tian is over.

"It is indeed a bit scary. There will be such an achievement. You are already very good at your age, but it is a pity that I am still stronger than you now. Even if I fight against you, others will only say, I It's bullying." Li Tian smiled and looked at Nian Rushuang in front of him, with a helpless expression on his face, as if he was saying something very sure.

When he spoke, his tone was also very relaxed, and he didn't take this matter into consideration at all.

Even if Shuang'er had grown terribly at this time, but in the final analysis, he was only a child. For Li Tian, he regarded this little girl as a relative of his own. Of course, it was impossible to act casually.

At this time, he just smiled awkwardly, and ignored this incident lightly.

But Shuang'er was not willing to just give up like this: "You see that I am young and that my realm is not as high as you, so you don't want to fight with me at this time. Are you scared in your heart?"

"Afraid?" Li Tian sneered, and slowly stood up straight. Before he was scornful, his relaxed aura disappeared without a trace. The young man's eyes began to become very firm, watching Shuang'er in front of me: "This is still the most ridiculous thing I've heard in so many years. Now you say I'm scared?"

"If you are not afraid, why are you not willing to accept my challenge?"

"Why am I not willing to accept your challenge, I think you know it very well, do you want me to explain it clearly?" Li Tian looked at her and asked in a low voice.

"I don't know, I want to hear you explain it." Shuang'er smiled dismissively and looked at Li Tian earnestly. This time Nizi was completely messing up, and sincerely wanted to make Li Tian Feeling uncomfortable.

Chapter 5593: Ok i accept

Whenever he saw the girl in front of him, he thought of many orphans left over from the war.

They were very kind and made no mistakes themselves, but the war took away many very important things in their lives, so that their minds and personalities began to undergo earth-shaking changes at this time, and some people even because of this. It became a murderous demon.

This is what happened frequently on the earth before.

Tragedies and tragedies are usually the most common factors that induce a person's inner darkness to be punished.

At this time, Shuang'er was the same as those orphans in the war. Because of Luoyang's army, the entire town was wiped out. As a result, she lost her hometown and her grandfather.

Now I can only be forced to leave the land where I live, and run out to find my parents.

In fact, it was just because there was no safer place to stay in the original position, so I could only choose to leave the original place.

And now she wants to challenge Li Tian even more.

But Li Tian didn't want to face such a poor girl. It's not right to win or fail.

"Do you want me to prove to you that my current choice is wrong?" Li Tian sighed helplessly, and asked with a helpless smile on the young girl in front of him.

"I never felt that there was anything wrong with my current choice. Only you guys would be naive to think that everything I did was wrong." Shuang'er snorted coldly, still reluctant to admit that she was there. At this time, he was controlled by the inner demon, but some of the qualities of this girl had not changed, and that was this stubborn character.

Once you have identified something, it is absolutely meaningless no matter what you say.

Elder Yun Xiang next to him said: "Li Tian is about to participate in the Ten City Conference. This is a very important time for him to prepare for the competition. You must not be distracted. If you challenge him at this time, isn't it just to make him uncomfortable?"

"Didn't you always want to prove that my current choice is wrong. Only by following your wishes can you truly make yourself healthier and stronger? Now is a good opportunity for you, if you can

If you defeat me, I will obediently follow your arrangements and slowly cultivate, but if you can't defeat me, I don't need you to take care of my affairs."

"Li Tian, what's going on, I feel like you have something with each other."

"You think too much, what can we do? It's just that after entering the fantasy fairyland before, I found that this girl's cultivation method was wrong. I think if this goes on, her heart will breed demons, which will affect her growth. , It's just that she doesn't want to believe my words, and coupled with the fact that I have achieved such results, she really wants to challenge me to prove that I am the wrong person." Li Tian shrugged, Said helplessly.

"Since you want to prove that what this girl said is wrong, at this time, you should stand up bravely and meet the challenge of this girl. Use your own strength to prove that this girl is indeed That's wrong, otherwise, what reason do you have to ask her to change her cultivation path?" Feng Tianling on one side finally caught an opportunity, so he could not die.

Li Tian glanced at this guy irritably. He was too lazy to talk to you before, but now he wants to trouble me?

"Li Tian, if you really feel that your previous choices are not wrong, and that you still have a clear conscience, then accept my challenge. As long as you can defeat me, I can live according to your arrangements. "Shuang'er looked at him solemnly, with a determined look in his eyes, even Li Tian began to waver a little bit.

This stubborn girl definitely couldn't rely on a few words, so she let her give up her current practice method.

But Li Tian himself knew very well.

She continued to cultivate in this way, indeed, a very terrible heart demon would appear in her heart, and at her current age, she definitely couldn't restrain the heart demon.

‘What should I do, are you really going to work with this little girl? But it always makes me feel a little unbearable in my heart, why should I care about this with a little girl? Li Tian muttered in his heart.

Elder Yunxiang saw the two entangled people here and said, "Whether you are going to fight or not, I am not able to control you now. It all depends on your own ideas, but if you are really ready, our Shuiyue Sect can provide The arena of the game."

Li Tian nodded: "Thank you, Elder Yunxiang."

"Well, you can continue to discuss here, Master Tianling, Ningbing, let's leave first."

Although Ning Bing wanted to stay and figure out what the relationship between Li Tian and Shuang'er was, even Elder Yunxiang said so. She definitely has no reason to stay, she can only watch seriously. Li Tian also wanted to see some clues from his face. A woman's sense of smell is always very keen. If you can see something from Li Tian's face, maybe that's it, to find the key to the matter. Up.

But obviously, there is nothing coming from Li Tian's face.

This guy still has a calm face, maybe a little bit tangled.

Ning Bing looked at it and could only leave helplessly.

Soon, there were only two of them left in the fairyland of fantasy.

"Are you unwilling to let go of the hatred in your heart like this? Your grandfather asked you to follow me and leave, hoping that you can find your own parents in the gods, instead of relying on hatred to motivate yourself to become More powerful, I really regret that I sent you to the Shuiyue Sect at the beginning. Maybe after these few months have passed, you may forget your hatred."

"There are some things that cannot be forgotten. Even if you did not send me to Shuiyue, it is something I remember, I will still remember it clearly. This is something that no one can change. Even if it is you, It's impossible to change." Shuang'er still replied firmly.

"Whatever you think, but I will not agree to your request this time."

"Then watch me become a demon."

"It must be like this?"

"It must be so."

"Well, I promise you." Li Tian finally compromised. He really didn't want to see that the girl in front of him became a demon controlled by a demon.

Chapter 5594: For your future

Shuang'er was still a little bit surprised, and he didn't seem to know that Li Tian would actually agree to him, but the expression on his face was still very calm.

"This is the best way. As long as I can defeat you, I can choose my own life, but if I lose to you, I will listen to you no matter what you say."

"I don't need to make you my puppet. I just hope that I can help you in some things. At the same time, I also hope that in your heart, you will not continue to be entangled by the current hatred. If you continue to live in hatred like this, It's only you who are in pain, and your grandpa is in the spirit of heaven, and you will never be relieved." Li Tian sighed and said sadly, "The reason I promised you was not to let you To be my puppet, I just want to make your future a little better."

"Don't say these indifferent, go back and take a good rest, we will start fighting tomorrow." Shuang'er said lightly, and then turned to the exit.

Li Tian hurriedly followed, and thus came to the outside of Fantasy Wonderland.

This time, what appeared in front of them was not the previous stone wall, but a place that looked more like a palace. Here you can see many Shuiyue disciples guarding them, with all their faces With a very serious and cautious expression, after hearing the voice, several people looked at Li Tian in front of him curiously, and seemed to wonder, is this person the one who caused the vision before?

"It seems that you have made a decision." Elder Yun Xiang asked, squinting.

"Do I need to ask the suzerain for this matter?"

"The Sect Master didn't mean to take care of this matter, and he gave you the decision-making power over the whole matter. If you decide to fight Shuang'er, I will arrange your arena soon, and Shuiyue will go up and down soon. Next, everyone will see how strong you are now."

"I promised her, but I don't want to take advantage of it, so I want to know if there is a way to temporarily turn me into the strength of the same realm as Shuang'er, and only in this way can I defeat her by fair means. "Li Tian didn't want to leave any regrets in this match. He is now in the realm of gods, and he has completely crushed Shuang'er in strength.

In this case, even he didn't know why Shuang'er would present such a challenge.

She should be very clear that if she challenged Li Tian in this way, the probability of victory is almost zero.

After all, he didn't have the ability to challenge Li Tian as a leapfrog, nor did he have the luck that Li Tian had so much.

"There is indeed a way, but this process may be a bit painful. Make sure you are ready to meet such a challenge." Looking at the serious Li Tian in front of him, Elder Yun Xiang asked in a low voice: "Can she Change your current attitude towards cultivation. The decision is all in your body. If you fail, no one can help him."

"So this time I have no retreat, I can only agree, and I can't let this game have any regrets, I will not take advantage, I will defeat her with the same strength, let her know that we are right , It's all for her good, just that." Li Tian shrugged and said seriously.

"I know, I will communicate with the Sovereign on this matter. When the game starts, we will limit your strength."

Shuang'er didn't speak, because he knew that there was still a big gap between him and Li Tian. If Li Tian really wanted to fight with her current strength, she would definitely not be the opponent of the guy in front of him.

"This is the best way. By tomorrow, I hope I can use a fair game to tell you that my state is really bad." Li Tian glanced at Shuang'er in front of him, and then smiled at Ningbing: " Let's go?"

"Well, I'm going to see the Sect Master next. If something like this happened to you here today, I guess the Sect Master will also be very interested."

Li Tian smiled. Murong Ziqing probably didn't think that he could penetrate 36 steles in just a few days. Such a talent is hard to find in the entire God Realm. .

After he and Ning Bing left, Feng Tianling had no interest in staying, so he left directly.

Elder Yunxiang looked at Shuang'er, "Is this really good?"

"I can't convince myself. Although I know it's not his fault, I always have this idea in my heart. If I don't give myself a step down, I will be in this state for the rest of my life, so I can only choose this way. This can make me feel a little more comfortable inside." Shuang'er looked at the elder Yun Xiang in front of him with a wry smile, and responded.

"You girl just wants to face and suffer. If you forget those things early, nothing will happen."

Shuang'er smiled: "Trouble the elder, I will go back and continue to comprehend the stele."

"Well, go, you and Li Tian's talents are both very good. I believe that with your talents, it will only take a few years to grow up."

"I see." Shuang'er smiled, and then returned to the fantasy land.

On the other side, Ningbing still didn't believe that the relationship between Li Tian and Shuang'er was just that simple.

"Are you two really as simple as we looked at?"

"Otherwise, what do you think?" Li Tian smiled and looked at Ningbing in front of him, and asked: "What I told you before is really not wrong."

"Maybe so, but it always feels like something happened between you two, and the tone of your speech is different." Ning Bing smiled awkwardly: "Maybe I think too much."

Feng Tianling next to him saw Ning Bing smile, his eyes widened, as if he had seen the end of the world.

Never thought that the rumors of Master Ningbing, who had always been cold-faced and frosty, actually laughed, and the smile was still so innocent.

It's hard to imagine how a woman who usually looks cold can laugh.

Ningbing seemed to be aware of this too, so it didn't take long before he converged directly: "This time you may have to be questioned by the Sect Master."

"That's just right. I also have a lot of things I want to communicate with him. Although I have penetrated 36 steles, it is not easy to really understand the contents above. If the suzerain can click on it, I think I can understand. It's more clear." Li Tian shrugged and said.

Chapter 5595: Yunducaao

Qionglou Yuyu, the palace in the sky.

This is also the only word that Li Tian can use to describe this magnificent palace in front of him. It is like a creeping behemoth, standing on the top of the mountain, under the shining of the sun, the glazed tiles on it are also glittering with glitter Clear, exceptionally dazzling light.

Here is the core place of Shuiyuezhong.

There were many Shuiyue Sect disciples standing at the door, all of them looked solemn at this time, as if they were completing a very serious thing. No expressions other than seriousness could be seen on their faces, and they were holding hands tightly. Bao Jian, even if Ning Bing and Li Tian arrived here, they still didn't have any expressions, and even their eyes didn't linger on the two of them.

This is the strength of Shuiyuezhong, their rules will be implemented in everyone, so that they all honestly don't dare to make mistakes.

The wind was blowing gently, and there was a very crisp scream in their ears, and between the sea of clouds, it seemed that there were some free cranes flying.

Two people stood at the door at this time, waiting quietly.

"Your Shuiyuezhong's rules are sometimes really hard to understand. Looking at these guards, the expressions on their faces are as meticulous as they are performing a life and death mission." Li Tian squinted, smiled and looked at Ning Bing beside him, and said.

"Our Shuiyue Sect has always relied on strict rules to be able to take one step. This is a rule that has been formulated a long time ago. It is impossible for anyone to violate this rule." Ning Bing glanced

at Li Tian. Then he smiled and said, "But of course there are exceptions. After the disappearance of the Shuiyue Sect's commandment hall, the situation has improved a lot compared to before."

Not long after the two stood at the door, Feng Tianling also arrived.

The three people just waited and waited until the people inside came out to notify them before they could go in.

As for Elder Yunxiang and Elder Yunjin, they did not appear again, and they seemed to know that this time should not be when they appeared here.

After just a few minutes, I saw a Shuiyue Sect disciple coming out of the main entrance, smiling slightly: "A few of you can come in now, the sect master is ready to see you."

"Thank you." Li Tian nodded politely, and then took the lead.

First, I went up a very long step, and it felt like a century had passed. I climbed step by step on this step and finally came to the entrance of the hall. Here you can vaguely see that there are very few people in the hall, except for some guards. Apart from that, there are no other people. As for the elders mentioned before, none of them are in this hall.

Obviously, the things to be handled here this time will not be things that everyone can know.

Li Tian was the first to walk in. The floor on the ground was like a carpet, very comfortable to step on, and soft like cotton candy, but the softness had not reached the extreme point, it just made him feel it's very comfortable to step on.

You can see a lot of stone pillars around the main hall. All of these pillars are carved with a lifelike benjamin. In addition, there are a few neatly dressed disciples standing aside.

Compared to before, this time Murong Ziqing's dress is more formal.

He was wearing a blue robe with a lot of strange runes painted on it. Although I don't know what these runes are, they may be used to represent identity. Just this piece of clothing looks very difficult. It should be Only the Sect Master of Shuiyue Sect would wear such clothes.

He walked in step by step, looked at Murong Ziqing, arched his hands slightly, and said respectfully: "I have seen the lord."

"Hehe, you are all the guests of our Shuiyue Sect this time, and also our hope at this ten-city convention, so there is no need to be so polite." Murongzi smiled slightly and quietly raised his hand, Li Tian Then he could feel a light and fluttering power, and slowly lifted himself up, told him to straighten his waist and stand in the middle of the hall.

As for Feng Tianling, after hearing Murong Ziqing's words like this, he smiled indifferently, really did not continue to salute.

This made Murong Ziqing very unhappy.

The reason she said that was because she was the host, and Li Tian and Feng Tianling in front of them were all guests, so she definitely couldn't let them salute as they should. She said this meaning.

However, as a guest, when you came to Shuiyue Sect and saw the Sect Master of Shuiyue Sect, you were not polite at all. This is also an undesirable thing.

Even if Murong Ziqing has said this before, but it is up to you to do something, it must be done.

Feng Tianling obviously didn't think of this at all. Perhaps it was because he was unhappy in the fantasy fairyland before. At this time, there was no action at all, which made Murong Ziqing very disgusted.

But after all, she is a very deep woman in the city. She did not show anything at this time, but raised her hand: "Since you have completed the test of Fantasy and Wonderland, you are now ready to set off, but before that, You still need to accept these things."

The three disciples held a very exquisite gift box, square and square, with beautiful patterns carved on it, making the original exquisite gift box even more extraordinary. At a glance, it can be seen that this is not a simple thing.

Each of the three disciples sent the gift box in front of them.

"This is the Yundu grass of our Shuiyue Sect. It is very difficult to plant. At present, it is indeed true that only in our Shuiyue Sect can we have such fairy grass." Seeing the puzzled expressions on the faces of the three people, they sat down. The above Murongzi explained lightly: "You'd better harvest these fairy grasses, or swallow them in these few days. Maybe it can help your strength to a higher level."

"Such fairy grasses are indeed very rare. They are rare and expensive. If they are sold, they will definitely sell for a good price." Li Tian took the gift box naturally, as if saying something insignificant. The same thing, I just told it calmly and didn't understand how taboo my own sentence is here.

The few people around, all had their backs cold at this time, like sitting on pins and needles. Looking at Li Tian, they really wanted to open this kid's Tianling cover to see if there was all paste inside this kid's head.

Chapter 5596: Unique way

Murong Ziqing leaned back on the large seat, like a dragon chair in the palace.

His hands have always been placed on the handrail next to him, and he looked lazy, and the expression on his face only changed slightly, without much ups and downs, like a wax figure.

But when I heard Li Tian's response that I don't know how to describe, the muscles on his face twitched. I knew before that this kid is definitely the most weird one among so many young people I have ever met. .

But how could he not expect that he would say such a thing in front of so many people, in front of himself.

Ningbing was very happy to get the Yundu Grass. Even if she is a famous genius and super powerful master sister of the Shuiyue Sect, she has never got the Yundu Grass before. For anyone, this is absolutely priceless. City stuff.

Just when she carefully opened the gift box here, trying to see what Yunducaao really looked like, such a voice came from her ear.

Almost let her throw the gift box in her hand to the ground.

Then, staring at Li Tian next to him, he wanted to slap this guy on the forehead, but at this moment he just whispered and asked, "Are you crazy? Do you know where this is? Can you speak like this?"

"Why can't I speak like this?" Li Tian looked at Ning Bing, smiled slightly, and did not take this matter to heart: "Since the Yun Ducao rewarded this time is all based on our own strength. Yes, that is something that should belong to us. Since it belongs to us, of course we can handle it at will. Isn't this a normal thing? It seems hard to understand from you."

While talking, Li Tian walked slowly to the seat on the left hand side, then slowly sat down and put the gift box in his hand on the table.

Murong Ziqing looked at him, the expression on his face slowly solidified.

Ning Bing hurriedly said: "Sect Master, Li Tian's character was like this before. He has never been willing to consider occasions and locations, so there will be some surprising situations. I hope the Sect Master will never remember it."

"Yes, Sovereign, Li Tian is just a loose fairy, and no one has tuned him before. No one has told him what the rules are. It must be unintentional to say this at this time."

"What's unintentional, why am I not sensible?" Li Tian saw these two people talking in front of him, immediately snorted, knocked on the table, and said seriously: "If this is given to me by the master, If I resell and sell it, it will naturally be my problem, but this is not a gift from the Sovereign, but something I obtained with my own strength. It is mine. How I deal with it depends on others. Your face?"

"Heh, but you have to know that the reason why the Sect Master will give you Yunducaos this time is that you can use the power of Yunducaos to take your own strength to the next level and win this ten-city conference. It's not like you are now, silly, seeming to think he is invincible." Feng Tianling snorted coldly, squinting at Li Tian in front of him, and said.

"What does Sect Master mean?" Li Tian did not continue to refute, but turned to look at Murong Ziqing.

The reason why Murong Ziqing didn't speak was because he wanted to see how Li Tian was going to refute. She had just watched it calmly before, knowing that this kid talked like this, she was used to it.

This brat is amazing.

But sometimes they are very cautious.

Quietly in the hall, Ning Bing's heartbeat suddenly accelerated at this time. This is not a random place. It is a well-known and upright sect. It is a famous Shuiyue Sect in the entire God Realm. Even if the \*\*\*\* emperor comes here, To be polite, if you touch the lifeline of Shuiyue, it may trigger a terrifying battle in the gods.

Looking at the guy Li Tian in front of him, he didn't put the background of Shuiyue in his eyes.

Knowing that this guy's character is like this, and those who don't know think how arrogant this guy is. He ran to the Shuiyue site, and even dared to say such blatant words.

At this time, the few addresses standing around all bowed their heads and did not dare to look directly at Li Tian. It is true that this guy's words are too strong.

"There is nothing wrong with what Li Tian said. This Yunducaao is already his thing. Of course it is his own business to deal with it. We Shuiyue Sect have no right to intervene." Murong Ziqing's mouth raised slightly, and the sentence was finished. In the next second, many people followed the circle. I thought that Li Tian would have to pay a heavy price this time, but who would have thought that this suzerain would actually agree with Li Tian's views?

In other words, she is willing to let Yunducaao be resold into the hands of others?

If there are some people in the God Realm who are good at grafting, doesn't it mean that Yundu Grass will soon become something in the hands of the public, rather than the fairy grass of their Water Moon Sect.

Can Murong Ziqing accept this situation?

"The cultivation method of Yundu grass is only known by our Shuiyue Sect, and the environment of this fairy grass is also extremely harsh. Even if you sell it, it is impossible for someone to copy these fairy grasses, so you want to deal with it is your business, but what I am curious about is why you want to sell this Yundu grass? You must know that you are about to break through your realm now." Murong Ziqing looked curiously at Li Tian, this kid had penetrated thirty-six steles before, although he couldn't figure out the contents, he had already written it down anyway.

As long as you can remember the content, I believe that the content that has been successfully penetrated by him will soon come in handy.

And he himself is about to break through now, and as time passes bit by bit, breakthrough is a matter of time.

However, the Ten Cities Conference is approaching. At this time, all everyone wants to do is to improve their own strength as much as possible. Even Li Tian should be no exception. The gods realm may be regarded as unique in the New Moon City, but it has truly reached ten. Above the city conference, it may not be like this. The strong people at the ten city conference are like clouds, and all the powerful people from all sides are gathered here. There are many talents, and young people in the realm of gods will definitely not be just such a hand. Counted.

Therefore, even at this time, you still have to actively choose to improve your strength.

But why did this kid sell the Yundu grass in his hand?

Is he really so short of money?

Chapter 5597: Comprehend in the heart

"Maybe this Yundu grass can indeed help me in a short period of time, improve my realm, make myself stronger, and have a better chance to win this ten-city competition." Li Tian smiled and looked at the Yundu grass beside him.

"In that case, why not eat it?"

"Yes, yes, since you also know how Yundu grass is helpful to you, why did you choose to sell this Yundu grass?"

"First of all, I am very short of money. This is the key and one of the decisive reasons." Li Tian touched his nose awkwardly and smiled at them: "You also know that in my battle, the spell is an indispensable thing. Without the aid of spells, maybe my strength in battle will be greatly reduced. This is undoubtedly a very heavy blow to me."

"Indeed, your tactics are like this. Among so many young people, you are the only young man who can make spells so perfect as in his own tricks, and even you can already do many spells. It happened immediately. This is why so many people mistakenly thought that you have become a spellmaster." Murongzi nodded, looked at him, and asked: "But, after all, this is an external force. Fighting these things may not bring you any benefits."

"Then what benefits will I bring to me with the help of Yundu Grass to improve my strength? This is also my second reason. There are many ways to break through, and I still have a lot of time." Li Tian asked with a smile, with a very sincere tone: "Yunducuo may indeed be able to make me soar into the sky and win a big victory in this game, but for me, it is not perfect."

"What is perfect?" Murong Ziqing asked.

At this time, the two people seemed to have entered a debate, and even their own status and status were put down, and even Ning Bing and Feng Tianling sitting here were completely ignored.

The two of them discussed very seriously, as if they had to make a conclusion.

"Perfection is to allow one's own cultivation process to be honed, and to honed one's own state of mind. Only by comprehending the heart can we grow better after a breakthrough. Perhaps Yunducuo is indeed very good, but I don't like this method of pulling seedlings to promote growth. If there are no sequelae, it's easy to say. If there is, it may become a shackle for my future growth." Li Tian said calmly, without realizing how much he said. Shocking the world.

In the God Realm, relying on the elixir to improve one's strength is not a problem at all.

Feng Tianling is a living example. At this guy's previous level, it is impossible for this guy to successfully cultivate to this level in such a short period of time. His talent and strength are not at the level that he should have.

But relying on these miraculous medicines, what made him do what he is today and became one of the geniuses among the younger generation.

This is the power of the panacea. Even if it is to promote it, the process is still very fast, and many people have to admire his ability.

But Li Tian, as if trying to overturn these conclusions, had to choose the method of rejecting the panacea.

"Your thoughts may indeed be good. Without relying on these miraculous medicines to improve your own strength, it does make you feel a little difference in power changes, and your mood, etc., all have earth-shaking changes. , But how can this be? Without the panacea, your cultivation speed will be very slow. How much time can you wait?"

"The path of cultivation depends on diligence and hard work. No one can succeed at once. I don't need to worry. I believe that even if the process of cultivation is very slow, I will eventually become very strong. Even if I wasted a lot of time here, I don't care, because I don't want to leave a trace of regret to my body, I want to make myself stronger without hindrance."

Li Tian's tone was very excited. It was indeed relying on some help to make his own strength rise.

But since reaching the realm of gods, he began to feel that this method may not be a good method at all. You may not feel anything in the process of growing up, but when you really need to accomplish your goals You can feel that these panacea are very likely to become the shackles of your realm improvement.

This is equivalent to that a person's daily communication is very dependent on mobile phones. When one day he suddenly has no mobile phones, it can be guaranteed that this person will instantly lose the ability to communicate with the outside world.

Relying on the panacea to improve one's strength is of course like this.

By taking medicine, you can make yourself stronger quickly, but you will develop your body's dependence on this medicine. As your strength improves faster and faster, your realm becomes more and more. High, the panacea you need is getting harder and harder to get. At that time, do you think you can find such a precious panacea?

So, if you really get to that point, you need to break through this shackle.

But the shackles that have been cultivated for a long time, of course, will not be one or two days, and you can get it casually.

So you need to waste more time here, so that you can slowly get rid of dependence on the panacea.

Since there are always such results, why bother to yourself at this time?

"Maybe you can take a road that many people have never walked before, a road that belongs to you."

"I think so too. There are no shortcuts to the path of cultivation, and the causality is very strict. I know how strong I am, and I also know what I will achieve in the future, so I want to make myself perfect. Becomes stronger."

After hearing this, Feng Tianling sneered, and muttered in his heart: "You don't need a panacea? What a joke, even the emperors rely on the panacea to become stronger in their cultivation step by step, relying only on themselves. With his talent and hard work, he wants to improve his realm, and he is simply dreaming. In the God Realm, almost no one can have such strength, right?"

Li Tian nodded and said: "No matter whether it succeeds or not, this is my decision."

Chapter 5598: arrangement

Ning Bing followed by doing it, and she looked at the delicate gift box in her hand.

Even if there is a gift box across, you can still clearly feel the very gentle aura transmitted in this gift box, touching him like the same hands.

The Yundu Grass in this gift box is more like a gentle woman, exuding charming charm.

She couldn't help but open the gift box in front of her, and a faint fragrance rushed over her face, almost in an instant, almost occupying the entire hall.

In the gift box, there is a fairy grass that looks like a green grass, but this fairy grass looks completely different. The whole body is white, just like a transparent milky white glass. If you look

carefully , You can even see that in this white Yundu grass, there are many other different colors, thus forming a Yundu grass that many people dream of.

This alone was enough to shock them.

Ningbing touched it cautiously, and soon he could feel the strong fluctuations of the immortal power.

"It won't be fairy grass. The energy contained in this cloud poisonous grass can help me break through to the realm of gods in a short period of time." No one will resist the power.

Li Tian couldn't do it, no one in the entire God Realm could do it.

Everyone wants to make themselves stronger. Only in this way can they take their position in the food chain to a higher level. Only in this way can they treat others as their prey.

Living in a place like the God Realm, you may become the prey of others in the next second.

If you do not choose to make yourself stronger, be prepared to be killed by others.

Ningbing can't control it. She can clearly feel that she can easily break through her realm as long as she eats this Yundu grass, and then, like a carp leaping over a dragon gate, she can easily become a god. Realm powerhouses, by then, they will have two masters in the realm of gods in New Moon City. Looking at the entire Ten City Competition, it is also a force that cannot be underestimated.

"Of course, since Yundu grass is grown as a kind of fairy grass, its ability and efficacy are immeasurable, but the output is very small, otherwise, we can also do the god-making action and let the whole water Yuezong's strength has improved to the next level." Murong Ziqing took a look and said proudly.

Yundu grass is so powerful that you only know it after trying it yourself.

"Such a powerful thing, the side effects are also very big, once the fairy swallows, what if the dependence on this kind of fairy grass occurs?"

"Do you think these are like drugs that are addictive?" Murong Ziqing smiled slightly, looked at Li Tian and said, "You are really naive, this is just a very ordinary fairy grass that can make you Strength to a higher level, nothing more, there is no other function. As for what you said to make the immortal depend on it, this is simply impossible."

Li Tian nodded and looked at Ningbing: "It's up to you to eat or not to eat."

Ningbing nodded, then closed the gift box in his hand.

The aroma in the hall also disappeared in an instant.

Murong Ziqing smiled and looked at Li Tian: "Your choice surprised me, but I heard that you are going to have a fair contest with Nian Rushuang?"

"When things have reached this point, I have no retreat. If I don't agree to her request, I will watch a young man step into the magic way. Then he may become a bloodthirsty demon, Water Moon Sect. She will not accommodate such a person, and the entire God Realm will not accommodate such a dangerous person. At that time, she will only be left alone and become crazy."

"Will it be this serious?"

"Of course, when a person loses his inner pillar, many terrible things happen."

"Her talent is very good, and I really want to give all my knowledge to me, but this girl is not willing to listen to my advice now, and then I can only look at you. You are doing so many things. A miracle was created in it. I think this time, you shouldn't let us down, can you create a miracle again?" Murong Ziqing asked Li Tian very seriously.

What Li Tian did before has been something that many people talk about until now.

As a Sanxian in the realm of \*\*\*\* cultivation, he actually killed Lu Xiu directly, and he left with a heavy guard like Luoyang City, although it is not ruled out that someone was helping.

But being able to do this is already very scary.

Now even Luoyang City has given up chasing Li Tian. Obviously they have realized that this young man's growth has exceeded their imagination. At this time, he should be thinking of establishing a good relationship with Li Tian. Rather than intensify the conflict between them, offending such a young man with an infinite future is really not a very feasible method.

Unless they can kill Li Tian directly, this might turn things around.

But this is also a very difficult thing. There are many strong protections around this kid, and it is not a simple role in itself.

It is certainly not that simple to assassinate such a young genius.

"So, I have stepped forward this time. As long as I can defeat Shuang'er, she will listen to me obediently and change her practice to get rid of her inner demons, so that she can practice better."

"I heard that you didn't seem to eradicate your own demon before, but chose to let your body merge with the demon?"

"Later, I directly swallowed the power of the inner demon, making me what I am now." Li Tian said as he slowly rose up with black hostility, which was clearly visible: "My second personality, When I'm in danger, I will run out by myself, and in the second personality pretending to be the world, it will be hard to guess what I do. In short, it is very scary."

"That's it, then do you think you can defeat Shuang'er in this battle?"

"The possibility is very high, but this is just a previous guess after all. We have not really played against each other. No matter what I say, it is impossible to represent a very authoritative data. Everything depends on how Shuang'er performs in the game. , But I can only say that I am still very confident. After all, I am already a strong person in the realm of gods. Even if I restrict my strength, I still have an advantage in understanding."

Chapter 5599: Kun Yuansuo

Murong Ziqing raised his hand to support his cheek, tilted his head and looked at Li Tian.

Regarding the relationship between this kid and Shuang'er, she was the clearest among so many people present.

I thought that Li Tian might just forget about Shuang'er. After all, it is not a good thing to have such an oil bottle. No matter who it is, everyone will want to forget the oil bottle.

But the result is not so.

Li Tian also took the initiative to find Shuiyuezhong and wanted to know how Shuang'er was doing. Now that Shuang'er encountered a very dangerous problem, he also stood up in the first place to help solve it.

Can someone who can do this have a very bad relationship with Shuang'er?

"I really did not expect that you could pay so much for that girl. It seems that you are not the same as the previous comments. People say that you are a person with a lot of interests. For your friends There has never been any goodwill or help, but now it seems that you are a boy who values love and righteousness, and you can give a lot for the people around you."

"In addition to making yourself a little happier in this world, people have to make a lot of friends. Since you want to make friends, you must pay some price. For me, this is the price, but it has no effect." Li Tian responded with a slight smile.

"I will limit your strength. At that time, your strength will be limited to the same spiritual cultivation level as Shuang'er. There may be a little deviation, but it will not be very big." Murong Ziqing looked at Li Tian, said, "This is the only thing I can do. Kun Yuansuo can limit a person's strength in a short time, but there are also some unstable conditions."

"I see, as long as we can make our strengths similar, it doesn't matter if I am at a disadvantage. Anyway, in so many battles, I have never encountered an equal opponent. Every time I need it. I tried my best, and even tried my best to defeat it." Li Tian smiled helplessly. Of course, there was no element of falsification in this statement, but it was like this.

Only then did the few people on the scene think that this guy had been very difficult in almost every previous battle.

And this kind of hardship is hard to describe in words.

Is there a big gap between the immortal realm and the divine cultivation realm?

It must be very huge, but this young man survived such a huge battle abruptly, and also killed his own goal. Even with some conspiracy and tricks, this strength is still indescribable.

"Thank you Sect Master."

"Don't thank me." Murongzi said lightly, and then stood up slowly: "I just hope you don't shame us at this ten-city meeting, and show you a little achievement to let them know that we are good. Yuezhong and New Moon City are so powerful, let's see if they will challenge us like this in the future."

"The Ten Cities Conference is definitely not that simple. I think I should stabilize my mentality at this time. I am overconfident. It is very likely that I will lose a lot of opportunities in the game." Feng Tianling was the most difficult one to intervene. Li Tian is a young man whom Murong Ziqing values very much, and Ning Bing is the master sister of Shui Yuezhong.

And he?

But just the same as the son of the City Lord of the Crescent Moon.

This identity may be very powerful in New Moon City.

But in Shuiyue Sect, it doesn't make much sense.

Shuiyuezhong is still Shuiyuezhong after all, and it is also under the jurisdiction of Shuiyue City. Compared with the New Moon City, there is actually not much disadvantage, so he, the young master of the Lord of the City, does not have any identity here. Words.

I've been unable to put my mouth in, now I have finally found it, and of course I won't let this opportunity pass.

"If you don't even have a little confidence, how can you face a powerful enemy?" Li Tian turned his head, glanced at Feng Tianling, and said faintly: "Confidence is a good thing, but you can't be arrogant."

"That's what I meant." Feng Tianling was about to cry, does he still have human rights here?

"Well, don't make noise. There are still a few days left. There may be some changes in the Ten City Convention. I will work hard to help you gather information about this time. The news of the opponents in the Ten City Conference allows you to learn a little more about them before the game, and maybe it will be a little help." Murong Ziqing responded with a smile.

"Maybe it will give us some assurance and preparation, but it may also make us desperate, but in short, I will work hard, but before that I still need to prepare for tomorrow's challenge. This girl, really does not let me have a good time." Li Tian smiled wryly.

"It depends on your performance tomorrow. If you fail, no one can convince this girl. You are the only one who has fought the heart demon and has successfully subdued the heart demon. We just removed the heart demon from the body. Yes, and you are different from us. Therefore, no one has more say in this matter than you. Your understanding of inner demons may be compared to few people in the God Realm."

A person who can control the demons and let them become the power in their hands naturally cannot be underestimated.

Even Li Tian himself knew very well that in the God Realm, there might not be a few people who understand the inner demons better than himself.

"Okay, I'm here for today. Your things have been handed over to you. How to deal with it is your business, but I still suggest that you, Li Tian, eat this clouded grass, yours The strength is improved, but it is more valuable than you sell for money. For us immortal cultivators, Tiancoin itself does not have much significance. Even if you are short of money now, you can buy it back through other means, why bother? Do you want to do this?" Murong Ziqing smiled bitterly. It is estimated that this kid is the only one among so many people who is not interested in Yun Du Cao.

Others who can get such a fairy grass will think that their ancestor's grave has smoked.

Only this kid will sell it openly.

"Hey, the lord doesn't care about this. Just arrange the next challenge and let us get ready to participate in the Ten Cities Conference. As for how to deal with Yunducaao, I think I should already have one now. I have my own thoughts." Li Tian smiled, unwilling to continue entanglement with Murong Ziqing on this matter, and while talking, he turned and left.

Ning Bing glanced at Feng Tianling, then greeted Murong Ziqing and left.

Chapter 5600: Make a choice

The night of Shuiyue Sect is always much colder than many people think.

Li Tian sat at the door of his room, looking up at the sky, with a light smile on the corner of his mouth, looking at the stars in the sky, as if thinking of something, the smile on his face was very bright.

Thinking of the challenge that will start tomorrow, he is really a little nervous at this time.

Whether it can win or not is still unknown.

Even if he has some advantages now, but this girl is trained by Murong Ziqing alone, and coupled with the original talents, it is very likely that in these short months, she will be very strong. The promotion.

Moreover, Li Tian was restricted to the realm of divine cultivation by Kun Yuansuo.

He knew very well that the potential of this girl was unlimited.

He sat at the door for a long time before he stood up slowly and sighed: "It doesn't matter, even if tomorrow is a sea of swords and flames, I will definitely go for a break. Since it was something I promised, I will do it now. It's right to work hard for what I promised."

The next day:

Almost early in the morning, Li Tian woke up. Even last night, he didn't really have a good rest. All he had in his mind was today's challenge, but at this time his spirit was pretty good.

Slowly walked out of his room and found two acquaintances standing at the door.

Mingzhuo and Mingyue, these two people had a conflict with Li Tian in Shuiyuecheng before, and then the conflict was resolved by the appearance of Ningbing. This time when he came to Shuiyuezhong, he didn't see many people he knew. These two female disciples would actually stand at their door: "This early, don't you want to see something, right?"

"Hmph, you know that you can't spit out ivory from your mouth. You are already a famous master in New Moon City. You still have no shame. I think you will be like this in the future. Can't change." Mingyue snorted coldly and said unceremoniously, her eyes full of contempt.

Mingzhuo was a lot more polite than before, and smiled slightly: "Sovereign, let us see if you have woken up, because there have been some changes in the Ten City Convention, so today's Challenge will also undergo a little change. It's best for you to complete this challenge as soon as possible, and then set off. The people of New Moon City have already begun to act, and it is estimated that they will be there by noon."

"What happened to the Ten Cities Conference?" Li Tian's sense of smell is very keen. From the expressions of these two people, he seems to have noticed something. In addition, this Ten Cities Conference is very important. The museum in the Sky City is very important. It is said that the entire God Realm has the most recorded history, and everyone wants to go there to find out, even Li Tian is no exception.

After coming to the God Realm, although there is an encyclopedia of the Remnant Soul of the Ancient God to help me understand some things.

But even if it is the remnant soul of the ancient gods, there are still a lot of things that you don't know, and you can find a lot of history in the sky city museum.

Regardless of whether these histories are true or false, some of the problems of the year can be seen from the side.

So for Li Tian, this is definitely a very important thing.

Of course, I didn't think of other things in my mind at this time, and I wanted to come up with some achievements in this ten-city meeting.

"Only the Sovereign knows about these things, and we are just being ordered to come over to inform us. We have no way of knowing what happened. Of course, there is no way to tell you clearly. You can only understand it yourself." Mingzhuo shrugged, looked at Li Tian, and said politely: "If you really want to know, you can directly ask the lord, I believe there will be an answer."

"Then now, am I going to find your suzerain?"

"The sect master is already waiting in the martial arts field, and Nian Rushuang has passed by early. Everyone is ready. Now we are waiting for you as the master to appear on the stage. If it is not for worrying that we will interrupt your rest, let you today I can't go all out, I'm afraid it was before, we just went in and told you that the game is about to start." Mingyue looked at Li Tian, still very unhappy.

She held the scabbard in one hand, her eyes were slightly squinted, and she looked at Li Tian in front of her as if she was looking at a rogue, her hostility was very obvious.

Fortunately, Li Tian's entire attention is now focused on the changes in the Ten Cities Conference, so he didn't notice these problems at all. He smiled and nodded and said, "Well, let's go now. Finish this challenge earlier, so that a rock in my heart will fall, no matter what, I will try my best this time."

"Although Shuang'er has always been very mysterious in our Shuiyue Sect, this girl has a very good relationship with us. Although I know that you are also good for her this time, it is best to restrain me. If you hurt When it comes to Shuang'er, even if you have your own reasons, I will be rude to you." Mingyue was still reluctant, looking at Li Tian in front of him, and said the threat.

"With the strength of the two of you, you can't hold on for more than ten minutes in front of me, what can you do? Or use the Qinglian sword formation to subdue me? You used this when you were in Water Moon City. It's a trick, now what can you do with me?" Li Tian also retorted relentlessly, with no room for manoeuvring at all: "Besides, the relationship between me and Shuang'er is far more complicated than you think. You don't need to remind me about this."

"This is the best way. If you really hurt Shuang'er, even if it makes me die, I will make you pay." The firm expression in Mingyue's eyes made Li Tian couldn't help but beat There was a shudder. I thought that this woman was just talking casually, as if she was joking with herself, but now it doesn't seem to be the case at all.

From the look in Mingyue's eyes, Li Tian could be very sure that if Shuang'er was really injured in this challenge, this woman would definitely kill herself.

But for Shuang'er, this challenge is actually a choice, whether to choose to forgive Li Tian, or to be hostile to Li Tian as before and let himself live in hatred forever.

No matter what it is, it is all her own choice.
