

## A Killer 5601

### Chapter 5601: Challenge

In the martial arts field, there are many Shuiyuezhong disciples looking around at this time.

This time may be the first very grand competition of Shuiyuezhong in so many years, and the two players who played against Shuiyuezhong are both small and famous.

When Murong Ziqing became the Sect Master, Nian Rushuang seemed to appear suddenly, and appeared in the sight of these people in the entire Shuiyue Sect, just as they were still wondering who this little girl was and why it belonged to the Sect Master. When she was an apprentice, she was quickly stunned by Nian Rushuang's talent and strength. It is said that this little girl had entered the realm of divine cultivation not long after she had been practicing in Shuiyuezhong.

Among so many people in the Shuiyue Sect, few have such talents.

Even if it is freezing ice, it is because of some foundation that can cultivate so quickly.

But Nian Rushuang seemed to be an ordinary person at all, and then became very powerful somehow.

At this time, Murong Ziqing was standing on the other side of the martial arts ground, with Elder Yunxiang and Elder Yunjin beside him, besides several other elders, but their relationship with the Shuiyue Sect Master in front of them was not as good as Yunxiang and Yunjin. Therefore, at this time, they were all standing outside, not very close to Murong Ziqing.

And beside Murong Ziqing, there is another Nian Rushuang.

"

"This time it is your wish. If you win, you can choose whatever you want, but if you lose, just give up the obsession in your heart." Murong Ziqing looked into the distance. The vacated trail was left for Li Tian to come over. This kid is probably ready now. He wants to come to participate in this challenge, right?

"If Li Tian can really defeat me, there will be no problem even if he agrees to your request, but I think this guy is very strong now, but if he is controlling his strength at the realm of spiritual cultivation, even if he is I can also defeat him easily." Shuang'er's expression was very serious at this time, and there was no joking feeling on her face.

Although Li Tian is a master at the realm of gods, this strength and ability are beyond doubt.

But in Shuang'er's view, even this kind of master, at the same level as herself, is also unable to exert a very strong strength. She can also defeat Li Tian in this challenge, and then of course it is. She chooses a path that belongs to her, this path, but no one can stop herself anymore. She does what she wants.

"What the \*\*\*\* is this kid still wrestling with, it's already at this point in time. After a while, the people of New Moon City will have arrived. He hasn't come here yet, don't you know that the situation is in a hurry?" Elder Yunxiang said anxiously on the side, Mingyue and Mingzhuo should have seen Li Tian at this time, and told this guy the seriousness of this matter.

But this guy hadn't come to the martial arts field for so long, obviously he was still dragging his time.

"Don't worry, we originally moved the time forward temporarily. There is no problem in letting those people in New Moon City wait for a while. The most important thing is that we must ensure the safety of this challenge. These two people are all of us. It is very important to ensure safety, so this time the challenge only needs to stop, and you can't hurt the two of them." Murongzi squinted his eyes and looked at the elder Yun Xiang next to him.

"We have already arranged this. If there is any uncontrollable situation, we will help as soon as possible." Elder Yun Jin, who was standing on the side, turned around and said very seriously at this time. .

"That's fine. You only need to remember that these two people must not have any problems here. If Li Tianzhen is seriously injured here, and it affects the next Ten City Conference, we Shuiyue Sect will also be responsible. of."

"Sect Master, rest assured, everything has been arranged."

"Hey, so many people are waiting for me." While they were still discussing this matter, Li Tian walked over like this, with a faint smile on his mouth, looking in front of him. These Shuiyue Sect disciples and a few Shuiyue Sect elders are still not a little rigorous, just like walking in their own backyard.

This kid is really a fearless guy, he doesn't feel restrained at all.

Seeing him like this, Murong Ziqing shook his head helplessly. He had almost thought before that this kid would definitely enter the market in this way. At present, it seems that his guess is indeed correct.

"You also know that so many people are waiting for you. This time the challenge has to be completed faster. There was also a little accident in the Ten City Tournament. The time of this competition may be earlier. , And the location is different from the previous agreement." Murong Ziqing looked at Li Tian who was walking step by step, although the elders around her were not very satisfied with Li Tian's attitude.

But even the Sect Master didn't say anything. Naturally, these elders were not qualified to investigate Li Tian's attitude at this time.

After hearing Murong Ziqing say this, Li Tian smiled slightly and replied: "Where do I know that so many people are waiting for me? I was almost able to sleep for a longer time today, but I also have a good heart, I know. Sect Master might make such an arrangement, so I woke up early."

"Presumptuous, what kind of identity do you dare to talk to the Sect Master like this?" An elder standing next to him heard it, and immediately yelled at Li Tian with an angry expression.

Murong Ziqing raised his hand and smiled slightly, indicating that it didn't matter.

"Sect Master, this is the Shuiyue Sect. This kid talks to you with such an attitude. If this matter is spread out, it will make others laugh."

"It's okay, Li Tian is such a character. Maybe you don't understand it very well, but I still know the character of this young man. Besides, he eats folic acid like this as a guest of our Shuiyue Sect.

Although I am the lord, But we can't put air on our guests, can't we?" In the face of the elder's questioning, Murong Ziqing's attitude is more determined than before.

The elder was stunned for a moment, looked at Murong Ziqing, seemed to understand something, and stood back honestly.

Chapter 5602: To save

Ning Bing, who was standing on the side, watched everything happening on the martial arts ground quietly at this time, and was afraid to say a word.

Although she is the master sister of Shuiyuezong, in this martial arts field, her seniority is only a little higher than these disciples, and none of the remaining elders and sects can allow her to be presumptuous.

As the people of Shuiyue Sect, they still know the rules of Shuiyue Sect very well, and they also know that at this time, they can't say anything.

"It turns out that this is the case. If that's the case, we don't want to waste time. Let's hurry up and finish this challenge." Li Tian smiled slightly, and an expression that didn't care much appeared on the corner of his mouth.

"I advise you to constrain your current expression. I will defeat you later, but don't shame." Nian Rushuang next to Li Tian's face did not know why she felt so angry in her heart. Can't help saying that.

Li Tian looked at Nian Rushuang secretly and shook his head: "My personality is like this, you can't ask me to change my personality."

"Hmph, you are about to lose, and you can still laugh. Your character is really strange, or do you think that if you are in the realm of spiritual cultivation, you can also defeat me who is also in the realm of spiritual cultivation?" Nian Rushuang asked.

"Why not? Your cultivation time is much later than me, and I am a little older than you. Haven't you heard a word, Jiang is still hot?"

"Nian Rushuang is a rare genius who has appeared in the Shuiyue Sect over the years. He has achieved such an achievement in just a few months. Even in the entire God Realm, few people can do this. At this point, Ningbing was nothing more than that. I advise you not to say too swearly at this time. If the province loses later, you will find some reason for yourself." Feng Tian on one side Ling explained to the side while slowly dismissing in his tone.

Li Tian glanced at this guy and shrugged his shoulders: "This doesn't need Young Master Tianling to worry about it. I think what you need to think about now is how can you come before we participate in the Ten Cities Competition. Break through your vision to the realm of gods. As the son of the city lord of the New Moon City, you have all kinds of inexhaustible resources. Under such training, if you don't have a realm of dispersing immortals, then It must be ridiculous for many people."

"Well, I have already said that you are going to cooperate with each other when you participate in the Ten Cities Competition this time. At this time, you will fight each other. When you get to the game, can you still count on your cooperation?" Seeing these two people The cynicism began to

begin again, and Elder Ruxiang on the other side was looking more and more ugly, as he had already mentioned this issue before.

I thought that these two people would converge a lot, but now it seems that it is not like this at all.

Even in front of the Sect Master, Li Tian would still speak boldly like this, which was completely beyond his imagination.

"Forget it, this kind of little thing is not worth the two of you continuing to fight like this." Murong Ziqing shook his hand and glanced at Feng Tianling very seriously. Yesterday, this kid was not very pleasing to the eye. It's even more unpleasant. If it wasn't because this kid was Feng Jie's son, he might have to teach this impolite kid now.

Originally I heard that Feng Tianling was one of Fengjie's sons who was very smart, and he had always done things well, so I thought that this time it would be helpful to him.

There is really a little disappointment now, and it is joking to expect this kid to help him.

While talking, he stepped forward and looked at Li Tian: "I am ready for Kun Yuansuo. This process may be a very painful torture for you. Can you continue?"

Forcibly suppressing a person's realm, this is a very terrifying spell, and it is also a spell that violates the law of heaven. ,

Such spells are definitely not allowed by the heavens, so when they are cast, they will inevitably have very unbearable painful torture. Even a person like Li Tian with firm willpower may not be able to persist in this painful torture. Coming down, so Murong Ziqing asked him at this time, if Li Tian fainted, everything would be over.

"I don't think there is a problem. When a person has a goal in his heart, it is not a problem even if it is a sword." Li Tian smiled and looked at Nian Rushuang, and said solemnly: "To save you, I can give a lot. , Including my own life."

Nian Rushuang gave a cold snort without responding.

But Ning Bing frowned even more at this time, completely unaware of what happened between these two people.

Before Li Tian's explanation was very simple, it seemed that the relationship between the two of them was also very simple, not as complicated as Ningbing imagined.

But as time went on little by little, as things changed little by little, Ningbing soon smelled a lot of unusual flavors in it. The relationship between this girl and Li Tian seemed to be different. A simple relationship, or why could Li Tian dedicate his life for such a girl he just met?

Even Kun Yuansuo's painful torture can persist.

But in Li Tian's eyes, she couldn't find a little bit of affection, just a very strong guilt and seriousness, without the feeling of reluctance he usually looks at himself.

Therefore, it can also be judged that the relationship between the two of them is not a relationship between a couple.

"What happened between you, how can I know?" Ning Bing looked at the two people and whispered quietly. There were not a few people around her, so no one heard a word.

Mingyue and Mingzhuo glanced at Li Tian, and then said to Murong Ziqing: "Sect Master, time is almost up, do you want to start this time?"

Murong Ziqing nodded slightly and glanced at Li Tian: "Since you are ready, come to me. No matter what kind of painful torture, you must keep yourself awake, Qian Don't faint like this. Once you lose your consciousness, you may be in a coma in the next few days, and everything we have will fall short."

Li Tian nodded, indicating that he understood, and then slowly approached Murong Ziqing.

Chapter 5603: Split tendons

Murong Zi let out a deep breath. This spell was used to contend against the Tao of Heaven a long time ago.

In the very old age, when the immortals were not very powerful, they were usually punished by the heavens whenever they were promoted, which is the so-called tribulation. For the immortals, this punishment must be devastating.

Cultivation is against the Dao of Heaven, and the Dao of Heaven will naturally not allow them to live between heaven and earth.

Therefore, every time of the catastrophe, there is a feeling of killing.

Many immortals have practiced for tens of millions of years, but when faced with the tribulation of heaven, they often make their efforts for so many years directly fall short. This shows the terrible nature of the tribulation.

As the saying goes, there are policies and countermeasures.

It is precisely because of the horror of Heaven's Tribulation that after this, the immortals created a very strange spell, which can suppress their strength to a certain level in a short time, just like the long-eye method, making the heavenly path complete. Can't detect his strength.

In this way, the way of heaven will naturally not descend from heaven.

Using this method, many people are quietly improving their strength. When their strength is raised to the point that they can cope with the tribulation, they will then induce their tribulation down and break through the realm.

Few people use this method now.

It seems that with the adaptation of the age, the way of heaven now is not as majestic as before. Even if it is a catastrophe, it is not as terrifying as before, and many people can easily deal with it.

But this spell, Kun Yuansuo, didn't just pass away.

Many people still know this spell, and also know this spell.

Murong Ziqing didn't expect that this spell, which hadn't been used for a long time, was actually useful now. It was just a helpless move by some fairy ancestors, but now it has a good use.

Seeing Li Tian walking in front of her, she took a deep breath, and then slowly raised her right hand.

In the next second, she quickly landed her palm on Li Tian's Tianling Cap with lightning speed, and a powerful aura instantly swept the entire martial arts field. ,

Many people were trembling with their legs at this time, as if they were carrying a mountain on their shoulders, they couldn't help but want to just kneel to the ground.

Of course, this is just a very terrifying aura created by Murong Ziqing when she is running the fairy power. This is still a lot of her aura. If she is going all out, everyone present at this time, I'm afraid they will kneel down to the ground honestly, or even faint like this.

"I didn't expect that the strength of the Sect Master has reached this point. Even if the two of us deal with the Sect Master, I am afraid that there is no chance of winning at all." Elder Yun Xiang on one side felt this aura and said seriously.

"Of course." Yun Jin also nodded and looked at Li Tian: "However, I think these people present at this time should not be optimistic about Li Tian. If it is in the realm of gods, he will defeat Shuang'er. There is no problem, but now it is necessary to use the same level to fight against, which makes many people very optimistic about Shuang'er. After all, this girl's talent and peacetime relationship are excellent in the entire Shuiyue Sect. "

Elder Yun Xiang nodded, although Li Tian is a guest here.

But at this time, the disciples around this martial arts field all had a dismissive look on their faces, and even looked at Li Tian with a little bit of hostility.

It seemed that they wished that this guy would simply lose this challenge.

On the other side, Li Tian's expression at this time has become very hideous, even he himself did not expect that it would be such anguish.

When Murong Ziqing's immortal power penetrated into his body, Li Tian almost fainted like this. This force was like tearing Li Tian's body apart, giving him a kind of Feeling about to be split, couldn't help but snorted and almost fainted.

But at the most critical moment, the words Murong Ziqing said before came to mind in his mind.

Therefore, he insisted abruptly.

A lot of sweat soon permeated his head, and even the clothes on his body became moist at this time. This pain is definitely not something ordinary people can bear.

Fortunately, this process did not last long.

Murong Ziqing stopped quickly and looked at Li Tian: "Your body is now restrained by Kun Yuan. In the next three hours, you will not be able to exert your original strength. , Only one-star level of the \*\*\*\* cultivation realm, and the same realm as Shuang'er. At this time, if you two fight each other, it will be a very fair battle. Are you ready?"

Li Tian raised his hand, nodded with a wry smile, and wiped the sweat from his forehead: "I didn't expect this pain to be really hard to endure. Fortunately, it didn't last long, otherwise I might not be able to persist. "

"Hehe, this is just a crippled Kun Yuan lock, so the time for this kind of sealing strength is not very long. If it needs to be sealed for a longer time, then the time required to use the Kun Yuan lock will

definitely change accordingly. , But you only need so little time, so it can be done in an instant." Murong Zi smiled and said.

Although it is only such a small amount of time, for many people, this moment will be as long as a world, making them feel that they are all suffering.

Li Tian glanced at Shuang'er: "You wanted to challenge me before. Now I give you this opportunity. As long as you can defeat me, I can promise you any request without worrying about your business."

"Then you definitely can't beat me today." The corner of Shuang'er's mouth was slightly the same, and she said with a sneer: "I am very confident of my own strength, and you have no advantage in the same realm, and losing to me is just time. The problem."

"You can give it a try and see if I am a straw bag." Li Tian didn't mean to be angry. Facing such a serious Shuang'er, he found it very interesting.

He wanted to see if Shuang'er could really defeat him easily this time.

For Li Tian, who is very confident of himself, of course he would not believe that in this challenge, he would lose to Shuang'er so easily. This in itself is completely impossible.

Chapter 5604: One side

The two slowly walked to the center of the martial arts field.

At this time, Elder Ruxiang sent two wooden swords to their hands: "To ensure your safety, you cannot use real weapons in this game."

Li Tian took the sword in his hand, weighed it, and said with a smile: "It looks like it looks pretty good."

"This is also for your safety. You are about to participate in the Ten Cities Competition. If there are any problems at this time, we have no way to explain to the New Moon City, so we can only choose this way. And this time the game doesn't need to be very serious, you two can click until you finish." Seeing the expression on Li Tian's face, Elder Yun Xiang hurriedly said seriously.

"Anlaanla, I know what I'm doing, the elders don't need to worry." Li Tian nodded, then smiled and looked at Shuang'er who was standing opposite him: "You are looking forward to this scene, one day I will stand The opposite of you has become your enemy. Unfortunately, you are just a wooden sword in your hand. If it were a real weapon, you would definitely kill me without hesitation."

"How do you know that I would want to kill you like this?"

"Maybe I don't know much about others, but I still know a little bit about you and me. Although you didn't say anything on the surface, the resentment in your heart has become your obsession. What I want to do is kill me, so that you can let go." Li Tian smiled, and then raised the wooden sword in his hand: "Come on, although you can't kill me, you can let me today. It's ugly to lose, isn't it?"

"Hmph, count you acquainted." Shuang'er sneered, holding the orchid finger in his left hand and holding the wooden sword in his right hand, chanting a curse: "Thousands of miles of ice and snow flutter, and there is no reincarnation in Xuan Yin!"

As the voice fell, the sword in her hand flickered crazily, and a blue sword aura rose to the sky.

Li Tian's pupils shrank slightly, and he thought to himself: "It's just that the realm of \*\*\*\* cultivation already has this kind of aura. If you can practice according to a correct path, you will soon become a genius worth training. The girl's talent is really much better than I thought, but with such a talented girl, what kind of person would her parents be?"

Li Tian was very curious, but this curiosity didn't last long before disappearing.

He also thought that when he was facing Shuang'er, he might be able to be a little lazy, and he could easily defeat this little Nizi.

But who would have thought that things seem to be different at all.

When this blue sword aura appeared, Shuang'er slashed away with a sword.

Li Tian's expression became more serious right now, and the fairy qi in his body was also surging crazily, and then raised the wooden sword in his hand, preparing to block the blue sword qi.

The azure blue sword aura was like the claws of a Shenlong, flashing a burst of cold light in the air, and it soon fell down.

When there was still some distance away from Li Tian, he could feel the cold rushing to his face, and Li Tian almost froze his body, and the wooden sword in his hand also appeared a lot of hoarfrost.

A lot of transparent icing appeared on the surrounding floor.

"It seems that Shuang'er's strength is higher than before. The control of the coldness in her body has reached the point of perfection. This time, Li Tian is really difficult." Elder Yunxiang on the side Looking at Shuang'er's bravery in the martial arts field at this time, I also looked at Li Tian with some worry, can he really defeat it?

"I think this is the same way. Although this kid is very impressive in New Moon City, he is only a fairy in the end, even if his realm is up, he will definitely be inferior in battle without orthodox training. "The elder on one side snorted coldly. Like many disciples, he didn't really wait to see Li Tian in front of him.

Feng Tianling watched and whispered: "Let you pretend to be B before, now it's alright. Faced with such a difficult opponent, it is impossible to defeat such an opponent with your current strength. I would rather Take a look, how can you round up all the things you said before?"

Ningbing on the other side was also worried. She could only hope that Li Tian could bear the pressure.

But what they think is too simple. Since Shuang'er can already show such terrifying ability, naturally he won't give Li Tian a little chance, even if his celestial power has been injected into the wooden sword. , But Shuang'er's sword aura fell as before, and the blue sword aura slammed on his sword.

The powerful counter-shock made Li Tianhu's mouth hurt, and there were many cracks, blood also flowed out, and his right hand was even more numb, and he almost threw the wooden sword in his hand to the ground.

At this time, the mood is even more of whole grains, which is very uncomfortable.

Fortunately, this is just a wooden sword. As a communication medium, it can barely spread a little bit of power and cannot cause substantial damage to him. Otherwise, Li Tian's arm may be broken directly.

Rao was so, he also became a lot more serious at this time, and his whole body was shaken back a bit, looking at Shuang'er from a distance.

"I didn't expect this girl to have cultivated to this level in such a short period of time. Even with Murong Ziqing's method, this speed is still too fast? And the combat experience seems to be very rich, isn't it? This is also the reason in the fairyland? Those heavenly steles should also play a lot of roles." He held the sword in his left hand and flicked his right hand slightly to relieve the pain in his palm.

"It seems that this sword has made you awake a lot. If the sword in my hand was a sword, one of your arms has already been abolished. At this moment, do you dare to underestimate me as before?" Shuang Er coldly hummed and asked.

"Oh, I didn't expect you to have such a huge growth in such a short period of time, but after seeing you grow like this, I think many people's spirits in the sky can be relieved a lot. You have such strength, at least. The ability to protect himself is gone." Li Tian smiled slightly. Even though he is now suppressed and embarrassed, there is no anger on his face. Instead, he said with a smile.

It's like an older elder watching a naughty child grow up.

#### Chapter 5605: Gifted

Li Tian is indeed very uncomfortable at this time. This kind of original strength is very strong, but it is abruptly suppressed in a very low state, and the impact on him is quite large. Now he feels his body is like being restrained. It's difficult to play the same strength as before.

But he also understood that even in this very inferior situation, he still had to work hard to overcome the thoughts in front of him.

"You will know soon, my current strength is not only the ability to protect myself in the gods, but also the ability to deal with others." Shuang'er snorted, holding the sword in his hand tightly. I was still very satisfied with my previous results, and easily forced Li Tianji to that point. It was indeed exciting.

Before, the gap between her and Li Tian was still very large, but now this gap is hard to see under the same level.

Murong Ziqing also looked satisfied at this time, but at the same time, she was also a little worried. She now most hopes to see how Nian Rushuang grows up. At the same time, she is also very worried that Li Tian will lose in this competition. Nian Rushuang.

If Li Tian could not win this time, they would have no way to persuade Admonish Rushuang to change their current state. If this continues, the growth of demons will inevitably make her an existence that many people don't want to see. At that time, even if they couldn't bear it, they could only make up their minds to eradicate the hidden danger of Nian Rushuang.

"Hey, I watched a game and there is nothing to watch. Shuang'er's talent itself is placed here, coupled with being the master's apprentice, the improvement in this aspect is far more powerful than we thought. Many. Although Li Tian is a genius among the young people who are currently

looking at a very powerful person, he is not Shuang'er's opponent if he has truly achieved his current state." A Shuiyue Sect disciple watched the stage fiercely. During the battle, a very contemptuous expression appeared on his face.

"Who said no? We have also witnessed the power of the Sect Master, it is absolutely terrifying, and when we used Kun Yuansuo before, the fluctuation of the immortal power was like a fatal blow to us. ." Another disciple of Shuiyue Sect also echoed at this time.

The expressions of these people were all exactly the same at this time, and they would never believe that Li Tian would win this battle.

After all, the current Nian Rushuang can be described as an extraordinary talent. At a young age, it took only such a small amount of time to achieve what it is today. Many people dare not imagine that if you give Nian Rushuang a little more time, What kind of level will this young girl be raised to in this short period of time with her talent? At that time, presumably the entire God Realm will be shaken by it.

"Look at us, let's keep quiet now, and watch this game honestly. These two people are rare masters. They are both geniuses among the younger generation. We rarely see such battles. Yes, you still have to focus your attention on this game at this time." Another disciple watched the two people discussing this way, and his tone was somewhat unconvincing.

Both Li Tian and Nian Rushuang are idols in many people's minds.

These two people have the most positive news in recent times. Of course, I want to compare Li Tian, but Nian Rushuang is still not as good as her.

But in this Shuiyue Sect, everyone above and below knows the existence of Nian Rushuang, and also knows this young girl, but she has very terrifying strength at a young age.

Such a talent is not too much to compare with someone who has already achieved a certain degree like Li Tian.

"Hehe, do you still think Li Tian can win?"

"Although Shuang'er's talent is very good, Li Tian is also a very powerful genius. He has reached the realm of gods at a young age. Looking at the entire gods, how many young people can have such strength?"

"Huh, I don't think you should be daydreaming anymore. You definitely don't know how much time it took Li Tian to achieve today's achievements, but we know very well how much time and energy this guy has wasted in this regard. Er, but in just a few months, he has already had his current strength. If only from this aspect, I don't know how much stronger it is than Li Tian."

At this time, many people below began to discuss in low voices, and some even started to quarrel.

It's all because of differences in viewpoints.

A few people think that Li Tian will definitely defeat Shuang'er in this challenge. After all, he himself has already cultivated to the realm of gods at a very young age, and this talent is definitely beyond fault.

But most people still think that Shuang'er will be the winner of this competition. After all, you are all Shuiyue Sect standing here. Who would expect their internal competition to let an outsider win?

"Unexpectedly, your voice in Shuiyuezong is still very high. There are so many people who have chosen to support you. If that is the case, I think I can really rest assured that as long as you can walk on the right side. On the road, I believe it won't be long before your name will appear in the mouths of many important figures in the God Realm." Li Tian and Shuang'er have fought again and again. With the lessons learned from the past, he will be able to fight this time. You have to be more cautious.

Although the strength that Shuang'er demonstrated before is still pretty good, after all, he is facing a guy with very rich experience in combat. Almost every method has been tempered and will naturally fight later. The situation was slowly turned around because as time passed, Li Tian also slowly understood how this girl was.

The more I understand it, the more it feels incredible. Such a growth in such a short period of months is indeed quite rare.

"I thought your mouth would only say things that make you happy. It seems that I was thinking something wrong." Shuang'er didn't expect Li Tian to say this, but there was still no smile on his face: " But you still think of a way to defeat me now. If you don't choose to defeat me, you can only wait to be defeated by me, then draw a line with me, and never mind my business."

Seeing serious Shuang'er, Li Tian nodded.

Chapter 5606: Click until

Even Li Tian didn't have much confidence in defeating Shuang'er easily.

After all, his current strength and Shuang'er are exactly the same, except for the two different fighting methods, everything else is almost the same level.

However, even in this environment, Shuang'er still showed amazing combat power and strength. He forced Li Tian into an embarrassing situation repeatedly and repeatedly. In the previous battles with many people, he had I have never encountered such a difficult battle before, almost every time I defeated my opponent easily, without much hard feeling.

Now, I feel that the frost in front of me is very difficult.

The wooden sword in his hand seemed to be damaged a lot at this time, even if it weakened the destructive power of the original energy, it still caused a lot of irreversible damage to the wooden sword.

There were many cracks on the blade, and many clearly visible footprints on the ground.

These are all the footprints of Li Tian. When facing the impact of the wooden sword in Shuang'er's hand, his body will sink deeply into the ground again and again. You can imagine how terrifying this impact is.

After a series of battles, Shuang'er seemed to have found his own state. In the following battles, she became more active and faster.

And Li Tian, like a disarmed bandit at this time, could only weakly resist the attack of Shuang'er in front of him, but he was still retreating steadily. Obviously, this state could not last long.

"Are you going to keep retreating like this? If you don't defeat me today, our battle will not end. You will spend time with me here. Are you really going to continue like this?" Looking at Li Tian,

who has never taken the initiative to attack, Shuang'er's emotions are very complicated, and some are very angry.

No one can tell, but she is a part of this battle.

She can clearly feel that Li Tian's current situation is ugly, because this guy is not good at defense at all, usually he takes the initiative to attack others, and rarely falls into this defense. Therefore, once such a situation occurs, it will be very detrimental to Li Tian.

He has always believed that the best offense is the best defense, and has never chosen to defend in battle.

Only in this challenge, I had no choice but to choose defense.

Just because of the Shuang'er in front of him, he really didn't know how to start.

He felt it was difficult to control his power, and it would be a very scary thing if his second personality appeared in the battle.

What many people worry most is that Li Tian can't control his second personality.

And Li Tian is also very worried. The first few times he can control his second personality, but as the second personality continues to appear, each time he will have an illusion that the next time this personality appears, he may You can't control it.

With this in mind, Li Tian, who was in the battle, naturally began to become restrained. Many battles that could have been easily ended at this time also became a lot more difficult.

"Don't think it's okay to not speak, others can't see it, can't I see it? You have been passively defending since the beginning, but you are not good at this kind of constant defense. If my guess is correct, your best defense should be a very violent offense, making the enemy tired of dealing with your offense and unable to counterattack. This is your usual means of fighting." Shuang'er is another sword cut. Down.

Li Tian reluctantly raised his hand to block it, but his body quickly retreated back.

Shaky, about seven or eight meters away, stepped on the ground and fell into a footprint, which barely supported my body: "I was just thinking about how to end this time. the match of."

"It seems that you are still very confident in yourself. My previous aggressive attack did not make you lose confidence. Do you still think that if you only need to prepare, you can easily defeat me?"

"Of course, people living in this world have to have a little confidence in themselves, even I am no exception. I believe that I will defeat you, but I don't want to hurt you."

"You don't need to worry about anything. I've grown up now, and it's much stronger than you thought. I think I can stick to your offense." Shuang'er sneered, obviously for Li Tian's answer. Not very satisfied.

"Are you sure?"

"Of course I am sure. Just like you, you have very strong self-confidence in yourself. I also have strong self-confidence in myself. I believe that I will not lose in this battle. Resolutely will not lose." Shuang'er widened her eyes, looked at Li Tian, and said word by word: "Come on, let me see what fighting strength you should have. Don't continue to waste it. ."

Li Tian did not respond, but glanced at Murong Ziqing in the distance.

I don't know if Murong Ziqing heard the conversation between the two of them. At this time, he nodded naturally, as if he was encouraging Li Tian.

Li Tian let out a deep breath. The game that I said before is the end point, but at this time it is still difficult for Li Tian to figure out how can he make the battle just over without hurting Shuang'er.

But as time went by, Shuang'er seemed to see that he hadn't taken the initiative to attack, and that's why he spoke so angry.

Li Tian, who was still thinking in his mind, could only show a helpless bitter smile at this time. It seemed that his plan was going to fail at this time.

Holding the wooden sword in his hand, he sighed slightly: "I wanted to delay it for a while, but now it seems that there is no time for me. It's over at one point."

"It's like this, if you can defeat me, why continue to waste time?" Shuang'er's expression slowly became serious, and her heart was also very excited, looking at the man in front of him, whispering: "Are you coming? This genius who is already well-known in the God Realm, how crazy should he really fight?"

No one can answer, because few people who fight Li Tian head-on will survive.

#### Chapter 5607: Strategize

Under the dazzling sunlight, many of the Shuiyuezhong disciples were all staring at the stage.

They may not have heard what the two people were talking about before, but when these two people slowly started to be serious, a very unique aura was already permeating the ring, and this aura let them know. We may see the fiercest battle in history in the recent period of time. What kind of exciting performance will these two young people have?

The wind was blowing gently, and it seemed that he was aware of the intensity of this game.

As for Murong Ziqing and others, all of them were serious at this time.

"You have to be prepared. Li Tian is about to start offensive. This kid has not taken the initiative before, because he still doesn't know how to win this victory without hurting Shuang'er. I There is no way to guarantee that he has found a good way now, so I can only tell the two of you not to relax your vigilance. If you encounter any problems, you must take action as soon as possible."

"Sect Master can rest assured that we have been observing very carefully before. If something really happens, we will take action as soon as possible." Elder Yunxiang who stood aside smiled slightly, although The speaker, but his expression and eyes are very solemn.

After all, Li Tian is still a strong man who was forcedly suppressed from the realm of gods, and his ability to perceive in cultivation is definitely not comparable to that of a little girl like Shuang'er.

Therefore, a few of them are also very careful in this battle. If Li Tian makes a move, the action may be very fast, and perhaps the entire battle will end directly between the electric light and flint.

Whether you can win this time the key to winning or losing depends on this moment.

If at this moment, they were slow to move, and Li Tian failed to control his strength, she might have severely injured Shuang'er at once, but don't underestimate this guy's strength. This guy dared to

challenge the powerhouse in the realm of gods alone, not to mention that he was just facing a little girl who had just entered the realm of \*\*\*\* cultivation.

With Li Tian's strength, if you really go all out, there is definitely no problem.

Therefore, these two people are also looking at the two people on the stage very seriously at this time. As long as there is a little problem, these two people will definitely go all out in the first place to prevent the tragedy on the ring from getting worse. of.

"I was very worried before. Although these days I heard them say that your growth is very huge, but I still have a little worry in my heart. If you are not as good as they said, how should I deal with you? Yeah." Li Tian smiled brightly at this time, and there was no tension on this guy's face: "But now I don't have such emotions anymore."

"This is the best. I have always wanted to fight you upright, just because I was not strong before and I didn't have that chance, but now the situation is different. I think I can become your opponent." Er also looked at Li Tian very seriously and said that both of them are looking forward to today's challenge. This is also an important point to untie their hearts.

As Li Tian spoke, his body began to gradually become a ghost, and then a few clones appeared on the martial arts field.

At this time, many people were all holding their breath and looking at this side, not daring to say a word. Even Murong Ziqing became nervous at this time. All these people present were well-informed masters. For Li Tiansuo before I still have some understanding of everything I do.

The strength of this young man is definitely beyond doubt. Among young people, they are probably the most difficult to believe is Li Tian.

As a Sanxian, the current realm can be compared with some disciples of the sect. As a Sanxian of the \*\*\*\* cultivation realm, you can take advantage of the weakness of the master of the gods realm, and the most terrible thing is that it is still successful. Up.

It is necessary to know that even if the masters of the gods and immortals realm are very weak, they cannot be dealt with casually by the scattered immortals of the gods and immortals. This is completely beyond their cognition in the brain.

But for this seemingly impossible thing, Li Tian succeeded.

And he did a very beautiful job, and didn't hurt himself seriously.

Therefore, his affair was quickly known, and he also knew that once this guy started fighting seriously, he would release his clone first.

This is like a blindfold, letting you not know what Li Tian's purpose is.

The most important thing is that these clones themselves have a certain degree of threat. If you don't distract yourself a little and pay attention to the position of these clones, it is very likely that you will be unlucky in the next second.

After a few clones appeared, Nian Rushuang was soon surrounded.

"I know this trick of you. It is said that only when you start to use your own clone is when you really want to enter the fighting state. Let me see how powerful you are." Shuang'er couldn't wait to watch. Li Tian.

"You will see." Li Tian only smiled slightly, as if not worried about the next battle. Several clones were bare-handed, holding a wooden sword in his hand, and then snorted, following One of his feet stepped out, and a black void appeared in front of him.

Immediately afterwards, a lot of void appeared in front of the clone.

Shuang'er looked awe-inspiring, knowing that this trick is the void leap that many people have reminded him of before, and it is also Li Tian's most terrifying method in the recent period, because you never know that Li Tian entered from this black hole, Where will it appear in the next second.

But the only thing that can reassure Shuang'er is that these avatars do not have wooden swords in their hands, so she can still know where Li Tian's true body is. As long as this body is guarded a little, there will be no major problems. Up.

"This kid also wants to take advantage of this trick. Shuang'er has known his methods a long time ago, how can he easily get the bait?" After Elder Yunxiang looked at it, he shook his head in disappointment.

Murong Ziqing smiled slightly: "It seems that we are going to succeed this time. Although Shuang'er knows it, she has forgotten. It is necessary to remember Li Tian's aura."

"There is no wooden sword in the hands of those clones."

#### Chapter 5608: Triumph of experience

"Since it is a clone, it must be exactly the same as the main body at the moment of appearance. Before Li Tian transformed into a clone, we hadn't noticed it for a while, that is, this short period of time, let Li Tian's clone She hid the wooden sword in her hand, and when she appeared in front of Shuang'er, all Li Tian holding the wooden sword, how should she take action?" Murongzi had taken the lead in seeing the situation clearly early in the morning. .

Clone is a difficult thing to entangle, especially with Li Tian's method of leap in the void, his body and clone can transform their positions in an instant, making you never know who is the body and who is the clone.

Therefore, the most important thing when dealing with this guy is to write down Li Tian's aura before the start of the battle, to know when and where this guy will appear, and how to attack. Only then can he seize the opportunity to a certain extent, and will not be disturbed by his clone, thus making himself at a loss.

It is a pity that this is part of the combat experience. Although Shuang'er is indeed talented in cultivation, it is estimated that few people in the God Realm have such a talent.

But it has always been flowers in the greenhouse, and has never really faced a dangerous battle.

Never encountered a cunning opponent.

Even Shuang'er will always make some mistakes in battle.

In a battle of equal strength, it is not only your skills and strength, but also whether you have rich combat experience.

Just like now, if she changes to Murong Ziqing, she will definitely remember what Li Tian's aura is like long ago, and may even place some identity discriminators on Li Tian's body. Small objects to determine the position of the body.

But Shuang'er couldn't do it.

Therefore, when Li Tian holding wooden swords appeared from the black hole one by one, she was already stunned.

"Why is it like this? When I looked at it before, there was no wooden sword. How come a wooden sword appeared on every Li Tian's body the moment he came out?" Shuang'er looked at Li in front of him seriously. Heaven, the wooden sword in his hand was tightly held, and the sword aura on it was lingering, just like a giant dragon about to be released, it may be released to swallow the world at any time.

Shuang'er was very nervous at this time. She knew that this battle was the most critical battle for herself to judge the gap with Li Tian.

Even though he was looking for a step down for himself, he didn't want to lose to Li Tian easily at this time.

Once she loses this challenge, it means that all her previous efforts have failed. In any case, she can't accept such a thing, so at this time, she also found some clues on these clones.

"Shuang'er is looking for clues on these avatars. Maybe you can really find Li Tian's body. It seems that this time the game is very interesting." Elder Yun Jin stood aside and said with satisfaction.

"Can you know which one is Li Tian's body?" Murong Ziqing's mouth raised slightly, his eyes filled with approving colors: "Surely you can't find it, right?"

Hearing Murong Ziqing's words, the two hurriedly looked at the ring to find out Li Tian's clone.

But they didn't last long before they let out a soft'huh' voice: "It's really strange. There must be some difference between this kid's body and clone. Why do I find no difference here? Even the two of us can't see at all, what is the difference between this kid's clone and his ontology."

"That's right, with the current strength of the two of you, you are helpless when facing Li Tian's clone, let alone a little girl with not very rich combat experience? Shuang'er's strength and talent have no flaws. , But the combat experience is really bad, and dealing with such old fried dough sticks is simply a disadvantage." Murong Ziqing said helplessly.

In fact, Li Tian's body didn't appear on the martial arts field at all. This guy just used a blind technique.

Before including Li Tian's ontology, there were four Li Tians in total, and now there are also four Li Tians, but his ontology is not in the martial arts field at all. In other words, when he enters the void and leaps into the void, One clone was separated at a time, and within a short period of time, the same four Li Tian appeared on the martial arts field, giving people a feeling that he seemed to be no different from the clone.

But this is not the case at all. The reason they couldn't find the ontology of these clones in the martial arts arena is because Li Tian's ontology was not in the martial arts arena at all.

At this time, Shuang'er also had a nervous expression. She didn't want to lose the game like this, but facing these Li Tian, who had no flaws at all, she felt a little helpless at this time. She roared, the wooden sword in her hand. Waving, the sword gas roared out frantically.

Suddenly, explosions sounded all around the martial arts venue, and one Li Tian disappeared in the explosion.

Just when Shuang'er was about to chop off a sword again, another Li Tian appeared behind her, and then pressed her left hand on her shoulder, and the wooden sword pressed against her throat: "If it is in the real During the battle, you are now dead."

"I..." Shuang'er's eyes widened. Just now, she had always focused her attention on these avatars, because she knew that there was a possibility of Li Tian's ontology. If Li Tian chose to suddenly If she attacked, she would have no way to do it, so every clone was very cautious, and she was sure that no clone was close to her, so what was Li Tian standing behind her?

"Don't think about it, you definitely can't think of the content here, because your combat experience is still too little. Facing some really powerful and smart opponents, there is no way to fight back." Li Tian smiled slightly, very Said calmly, Shuang'er had been completely controlled by his immortal power at this time, and was unable to exert all his strength at all.

In other words, this time the victory of the martial arts field ultimately fell into Li Tian's hands.

Many of the Shuiyuezhong disciples who support Shuang'er all have disappointed expressions at this time. Their idols have lost this game inexplicably like this?

What happened here?

Chapter 5609: Use your brain to fight

"How you did it, I can see clearly, including your body, there are four Li Tian, all of them appeared in front of me before, and their trails are all under my control. I It can be said with certainty that they have never left my sight." Shuang'er slowly pushed the wooden sword away from her throat and snorted coldly, still very curious.

Even if she knew she had failed in this challenge, she still didn't know how Li Tian did it.

I had done it very seriously before, and ensured that everything was in my hands. As a result, something like this happened. No one knows what happened in this short instant.

"This is the scarcity in the newspaper, and it is also an underestimation of your opponent. I have never underestimated your strength. How can you underestimate my ability?" Li Tian smiled and looked at Shuang'er. Said: "I can split into four clones originally, and can guarantee that the fit between the clones and my ontology is exactly the same. When you saw those clones without wooden swords, you should immediately remove the qi from my body. I wrote it down, but you ignored this."

After Shuang'er listened, her eyes widened.

At this time, many people listened respectfully, regardless of their attitude towards Li Tian, but what Li Tian told them at this time was all very precious combat experience.

"It is true. At the beginning of the battle, you did not fully concentrate your attention. Of course, you did not force yourself to collect some intelligence. Therefore, in this case, it is normal for you to lose to Li Tian. Things." Murong Ziqing took a few elders into the martial arts field and looked at Shuang'er with a smile: "You don't know, in which black hole he once again separated a clone, and

then let each clone hide before. The Mu Jian returned to his hand, and four identical Li Tian appeared in front of you."

"When I am not sure which Li Tian is the main body in front of me, I will become very anxious. If Li Tian chooses to take a shot at this time, he can easily defeat me?" Shuang'er is not a fool, and was easily taken I clicked it, but still curiously asked: "But I really want to know, if I remember Li Tian's aura in advance, then why does he still do this?"

"Because she is sure that your combat experience is not very rich, and at the same time you don't have much confidence in yourself. Even if you know the aura of Li Tian's body, when facing four identical Li Tians, she still feels subconsciously. , There is something wrong with me, instead of taking it for granted, this is Li Tian's problem." Murong Ziqing explained with a smile.

It seemed that the battle had been fierce before, but in fact it was only Shuang'er showing off his strength.

What Li Tian did was very simple, he just used his brain, and then he won easily.

This challenge is actually a brainstorming battle.

In this battle, Shuang'er thought of too little and paid too little attention. Because of lack of intelligence, she didn't know much about many things, so she lost this game.

Li Tian strategized, taking almost every factor into consideration, relying on his own brain and previous combat experience, he won without bloodshed and easily won.

This is the power of the old fritters.

"I didn't expect that you kid would actually play this hand at this time. Even the elders of them were deceived by your hand." Murong Ziqing smiled and looked at Li Tian at this moment. The kid really likes it more and more, and I am really angry at why Li Tian is a man. If it is a girl, she will definitely use various methods to keep this kid and cultivate it.

"I know that I can't control my own strength, and I don't know how to ensure Shuang'er's safety, so I can only use my brain, and strive to end this battle without blood." Li Tian smiled and looked Looking at the Murong Ziqing in front of him, she shrugged: "Fortunately, my previous skills were all correct. Only then can I win this competition. Otherwise, I will be ashamed in the end."

"You know this is the best, but Shuang'er has grown up this time, knowing where he failed, and when facing the same problem in the future, he will always come up with some better methods. Deal with it." Murong Ziqing patted Nian Rushuang on the shoulder and smiled and said: "Since you have lost this challenge, you should let go of your obsession. He is really good for you. ."

Shuang'er glanced at Li Tian, the expression on his face had changed a little, but he was still not very good.

The obsession itself is difficult to remove.

Li Tian never thought that because he defeated Shuang'er in front of him, he would let this girl completely change his opinion of him.

This is simply unrealistic.

It will take time for Shuang'er to change this view, and only time is the best healing medicine.

Perhaps as time goes by, Shuang'er will slowly let go of things in the town.

At that time, I will truly understand Li Tian.

Now, as long as she is able to make her aware of her mistakes, slowly correct them, and move towards a correct direction, it will be a good return for Li Tian.

He didn't want to look at this girl, because of his own reasons, walking towards a bottomless abyss.

If this is the case, then there will be no way to explain to the old man.

"Sect Master, Shuang'er is about to entrust you to take care of it. I don't know if I can come back alive. If I fail to succeed, I will trouble you." Li Tian also looked at Murong Ziqing very seriously. This is probably the first time Murong Ziqing has seen this kid with such a serious look since he has known Li Tian for so long.

"Listening to you, it seems like I'm about to die." Murong Ziqing frowned, and said angrily.

"I know the difficulty of this ten-city meeting, and I also know what I will face this time. I am really a life of nine deaths, so I can only entrust this stubborn girl to you." Li Tian smiled bitterly, and then arched his hands: "I hope that the lord can take good care of Shuang'er so that she can grow up and realize her dream one day."

"Don't worry, I won't let you down."

Chapter 5610: New arrangement

Under the sun, Li Tian stood on the side of the martial arts field, watching Shuang'er leaving with the two elders from a distance.

"The Ten Cities Competition is indeed very dangerous for me. If the Sovereign can say that, I will be relieved a lot." He smiled helplessly, and slowly touched the storage ring on his finger. Then squinted his eyes and glanced at Feng Tianling in the distance.

"Get ready to set off. The team of New Moon City will be here soon. Now I want to tell you where I plan to go next. This time, the time of the Ten City Tournament will not be announced earlier, and the location is completely different from before." Murong As Ziqing spoke, she turned around. As she slowly turned around, the team behind her naturally dispersed a long narrow path.

Several elders also looked at Murong Ziqing and Li Tian in front of them with very focused eyes, somewhat surprised in their hearts.

In their opinion, the young and talented Shuang'er shouldn't have been defeated so easily in this battle. For them, there are indeed some unexpected results for them.

I also want to say that this matchup is unfair.

But seeing Murong Ziqing's serious face at this time, he didn't have the slightest intention to reason about this matter, and the matter was over, they naturally had no reason to chatter here, they could only choose to be silent. .

When Li Tian followed Murong Ziqing, he slowly left the martial arts field along the narrow path.

There were quite a few people standing next to them, and the number of Shuiyuezhong's disciples was also extremely large. When Li Tian approached them, there were even a few people who reached out and touched them boldly.

Fortunately, her whole person's attention was not on this at this time, so she didn't say anything and didn't pay attention to it.

Ning Bing walked over and approached Li Tian: "The relationship between you and Shuang'er should not be as simple as what you explained. Although what you said seems to be simple, you can see it as long as you are a normal person. It turns out that the relationship between the two of you is not simple."

"I didn't mean to hide you."

"You don't need to explain anything. I know you can't explain everything to me clearly. After all, we were just ordinary friends before I recovered my memory." Ning Bing smiled faintly. , It seemed that there was really no anger on her face, which also made Li Tian, who had been nervous before, breathed a sigh of relief.

Just now I was really worried about blaming myself for this incident, but now seeing the indifferent smile on her face, I was finally relieved.

Several people followed Murong Ziqing and soon returned to the previous hall.

At this time, there was another person in the hall.

Fengjie!

The lord of the new moon city did not stay in the new moon city to sit in the town, and he ran all the way here.

"Sect Master Murong, is this the second time we have met?" Feng Jie watched Murong Ziqing walk over step by step, smiled and said, politely.

"It's true. The last time I saw City Lord Fengjie, it was a long time ago." Murongzi nodded and pointed to the chair next to him: "City Lord, please sit down."

"I don't think so. Time is running out. These young people must hurry up and set off. This time they arranged a place in a neutral city, Tianqi City, which is considered to be a well-known city in the God Realm. , Before that, tell them what is the difference between Tianqi City and what they imagined." Feng Jie smiled and said, looking at Murong Ziqing in front of him.

"Tianqi City? They were actually arranged in this kind of place?" Murong Ziqing frowned slightly, and there was obviously something in his tone that he couldn't believe: "Why is the Ten City Convention this time being arranged here? Plant a place?"

"This is not something that a small person like us can figure out, and it's all arranged by the above \*\*\*\*\* emperors. We can only obey the arrangement honestly." Feng Jie shrugged and looked at me. The three people in front of you said seriously: "As a neutral city, Tianqi City is not miserably mixed with any forces. You should also know what it means."

"The level of chaos in this city is definitely beyond our imagination. The Ten City Conference is arranged in such a place, I am afraid it will be extremely dangerous." Ning Bing continued, "According to the previous rules, it should not be arranged in In this kind of place, Tianqi City can't even protect the safety of the players. If we really are in Tianqi City, there may be more unexpected factors in this Ten City Conference."

"I also asked the Big Dipper God Emperor for instructions the first time I got the news, but it didn't make any sense. It was arranged by several God Emperors. We have no right to change." Feng Jie looked at these young people, looked at Feng Tianling in front of him with serious eyes: "So, this is the reason why you are sent to Shuiyue Sect this time. I know you have some contradictions with each other. At this time, you must work together. That's all right."

The Ten Cities Conference was arranged in a neutral city, which may have never happened in so many Ten Cities Conferences.

If Li Tian still doesn't know what's going on, it's really simple.

These \*\*\*\* emperors must have noticed something in Li Tian's performance during these hours. They were very worried about the identity of this young man, so they wanted to use this opportunity to test Li Tian.

If this young man's talent is normal, then they might not kill Li Tian.

If there is a problem, then Li Tian will definitely be attacked.

In addition to the previous affairs of the Commandment Hall, it is estimated that these \*\*\*\* emperors also knew that the Commandment Hall was preparing to find Li Tian's trouble, so the arrangement in Tianqi City was a chance for the Commandment Hall.

If they take a shot here, there is a great chance.

And it can also allow the \*\*\*\* emperors to find out where these hidden commandment halls are. The treasures have not fallen yet, so these \*\*\*\* emperors won't just give up like this.

So they are probably very anxious now to find out where these people are.

And this time the Ten Cities Conference was also a pretty good opportunity for these \*\*\*\* emperors.

At the same time, you can also take action against Li Tian, which is simply killing two birds with one stone.

"These divine emperor's wishful thinking is really good." Li Tianxiao laughed, and then glanced at Feng Jie: "City Lord, besides, is there anything else you want to tell us?"
