

A Killer 5641

Chapter 5641: Help

"Who are you again?" The man in front of Tang Yan's cautious observer seemed to be very temperamental, but he always gave people a weird feeling, as if he was keeping up with some unique aura.

But he thought a lot in his mind, and he didn't think about who the man in front of him was.

At this time, squinting at Chu Jiangnan, he felt a little cautious in his tone. After all, there are countless strong people in Tianqi City. The bodyguards who follow the businessmen, who is not a powerful master?

"You don't need to worry about who I am. Since you don't know me, it means that your weight in the team of Nanhuang is very small. If you know it, you will get out of it." Chu Jiangnan sneered and glanced at Li. God said: "Don't be so anxious to expose hostility to me, I know there are still many things to be resolved between us, but this is not the time, and now I am no longer who I was."

Li Tian was stunned when he heard Chu Jiangnan speak like this.

Then looking at Chu Jiangnan in front of him, a clear expression appeared on his face. It is true that the current Chu Jiangnan is very different from before. In this guy, he can no longer feel the previous Devilish.

Could it be that the devilish energy on him has disappeared?

"A lot of things happened after I ascended to the God Realm. Just like you, some of these things are painful, and of course there are also very lucky. Fortunately, I have now completed the transformation, which is completely different from before. You don't need to worry about it, I won't be your enemy." Chu Jiangnan smiled and looked at Li Tian: "This time I came here because I saw you in an awkward situation, so I just came to help."

"It turned out to be a friend, but even if it is a friend, Li Tian dare not do it to us, do you dare to do it to us?"

"You can give it a try. Li Tian is a strong man who can compete for the championship in this ten-city conference, but I can't be one of these people. Therefore, it doesn't matter to expose my strength prematurely, let alone you guys. I don't know me. Obviously I am not a threat at all in the sight of many people. You might as well try to see if I will attack the two of you." Chu Jiangnan smiled wryly, and responded calmly. .

Tang Yan and Xu Zhou glanced at each other, and they both saw a bit of a bad feeling in each other's eyes.

If they talked to Li Tian so arrogantly before because they knew that Li Tian was unwilling to take action, then there is no reason to be so arrogant now. Obviously, Chu Jiangnan and Li Tian in front of him are completely different. This guy must take action. He would go all out, if he and Ning Bing were together, Tang Yan and Xu Zhou would not have any chance of winning.

So these two men looked very nervous now, looking at Li Tian and others in front of them, they couldn't say a word for a long time.

"How about it, do you feel that your whole person's mental state seems to be bad now? Seeing someone stand up to deal with you, are you scared now?" Chu Jiangnan said with a smile.

But Ningbing, looking at Li Tian at this time, asked in a low voice, "What happened between you?"

"A lot of things, but this guy is completely different from before, so the past things have passed, and I can't continue to struggle with this kind of thing." Li Tian smiled helplessly, really no It was a very unexpected thing to think that Chu Jiangnan in the God Realm had completely expelled the devil energy in his body.

Looking at Chu Jiangnan, who was standing in front of him now, he really had a feeling at this moment.

There are really many things in a person's life that you can't calculate, and Li Tian would not have thought that one day he and Chu Jiangnan could become a good friend.

When I saw Chu Jiangnan this time, I thought that the two people hadn't become enemies of life and death. It was good enough, even if they were strangers. I didn't expect Chu Jiangnan to stand up and help himself solve such a big problem.

"Don't think that the two of us are really afraid of you, but we just don't want to bully you. Since you don't want to show your strength in this kind of place, then just wait for the Ten Cities Conference to give it a try. I will let you fail completely and let you know that you are just a trash." Tang Yan was a little nervous at this time, Chu Jiangnan couldn't see through.

The appearance of this person gave people a very different feeling, perhaps because of being with Sima Shangwu, so that the current Chu Jiangnan itself has a very unique temperament.

The specific expression of this temperament will make you feel that the guy in front of you is very different and noble.

But where is the specific difference and where the nobility is, not everyone can say clearly.

In this way, Tang Yan really didn't dare to do anything with the two people in front of him.

I came here today, but I just wanted to take the opportunity to make things difficult for Li Tian. This kid was considered a celebrity in the God Realm before. After being made things hard by himself, if the rumors go out, many people will find it very funny.

In this way, their goal has been achieved, and naturally there is no need to continue to trouble Li Tian in front of him.

Seeing these two people confessing, Li Tian sneered: "So when you are still afraid, I thought you two are warriors all the way forward. It makes no sense for anyone to stop in front of you. ."

"Li Tian, you don't need to be so arrogant now. You can't even accept the challenge of Qiang Wudi. What qualifications do you have to speak like this in front of us? When the game comes, I will let you know your level of strength. How trivial it is." Tang Yan said disdainfully. This matter was really full of confidence. He felt that it was very likely that all the rumors about Li Tian were false.

If this guy is really a master of God's realm, Hua, how could he be able to maintain such calmness and not take action when faced with such insults?

If it was Qiang Wudi, he would probably have done it very early and would kill the guy who was talking nonsense in front of him.

But Li Tian didn't do this, which made Tang Yan feel that this guy's strength might be fake at all, and everything before that was probably just creating momentum.

Chapter 5642: Learn skills

Chu Jiangnan glared, and stepped forward: "Are you few of you ready to leave? If you want to make trouble, I can accompany you to try it out. But what will happen in the end? I advise you to think about it at this time. All right."

"Don't be too smug, today you guys dare to talk to us like this because of your many people. When our boss Qiang is here, I will see if you still dare to talk to me like this." Tang Yan snorted disdainfully, and then Turning around, and Xuzhou left with their tails between them, the two of them were like mice crossing the street, dingy, afraid to look at Li Tian and others in front of them.

After watching these two people leave, Li Tian sneered.

Chu Jiangnan also shook his head helplessly: "I didn't expect that even this kind of young guy would come and do this kind of thing. If you change to the previous one, you might not be able to bear this kind of thing at all?"

"When a person bears a lot of things, he naturally needs to think more about things, so at this time I can only choose to be patient." Li Tian shrugged helplessly, looking at Chu Jiangnan in front of him? : "Just like you, after coming to the God Realm, you must have done a lot of parting. Now because you have a more important mission in your body, you have been working hard."

"Of course, everyone's existence naturally has its own meaning." Chu Jiangnan nodded, looked at Li Tian, and said: "The next Ten Cities Conference, I will watch your performance."

"I'm not sure about the future. Maybe you didn't see me playing when I was defeated. This time, the young people who came to participate in this competition are all strong from all sides. I really want to fight them. , It's not that easy."

"Have you seen Sima Shangwu?"

"I have seen it."

"How do you feel?" Chu Jiangnan heard Li Tian say this, a faint smile appeared on his face, looked at Li Tian in front of him, and asked.

"The aura on this person is very terrifying. It would be a difficult enemy to see, and within just a few hours of getting along, we didn't even feel the energy in his body. Disorder, those who can control energy in this way should be the strong ones among the strong ones." Li Tian said as he sat down on a chair on the side, his expression was a bit dignified; "If it's the time to fight, I will treat myself Whether it can defeat such an opponent, there is no confidence at all."

"This is completely different from the previous you. Before, you were full of confidence in everything and never believed that you would become a loser. What's wrong now?"

"A lot of things are just too simple as I thought. The actual situation is much more complicated than I thought. I have already paid too much for this. I don't want to let myself go the same way. Therefore, at any time, you must ensure your mentality. This is the most important thing." Li Tian raised his head and looked at Chu Jiangnan: "This time, I will not fail again."

"I believe you will accomplish your goals, but you should avoid visiting Tianqi City these days. Now you are the target of the entire God Realm. Why do they take this matter so seriously? I think you are also very clear. ."

"Of course I know, but this kind of thing is not something I can reverse alone. If they really want to kill me, they can try it. I will definitely not catch it like this. I work hard, maybe I can These guys are leaving." Li Tian smiled helplessly. What he can do now is only like this.

These guys are all strong, even Li Tian, he must be careful when dealing with them.

This time the ***** emperors have not yet come to Tianqi City, if they come to Tianqi City, they still don't know what will happen.

Lu Xiu was killed in Luoyang City before. After that, Luoyang City said that he had captured Li Tian, but only gave himself a step down, because they knew that they couldn't kill Li Tian at all.

A Zhuge family makes them very uncomfortable.

Therefore, such a statement was issued.

Although it seems that there is no problem, it is the entire Luoyang City that ultimately loses face. Now I don't know how many people use this as a laughing stock to laugh at Luoyang City.

I don't know how Dongfang Shuo has persisted these days, but it has never broken out.

But the situation is different now.

If the ***** emperor wanted to kill Li Tian, unless he left the land of these ***** emperors and went to those wild lands, where he could lose his life at any time, it would be impossible to survive.

"I hope you can succeed, I'm leaving first, there are still some things waiting for me to deal with."

"Well, let's talk if you have a chance."

Li Tian watched Chu Jiangnan turn around and left, then looked at the old man helplessly and said, "Boss, it's making your business difficult today."

"It doesn't matter. You bought some things on my side. Few people go to our charm shop to buy things these days. Even if they really buy some charms, they are only low-end charms, except for charm masters. , Who would really think of the charm as a powerful qi?" The old man smiled helplessly, and then his eyes flashed, looking at Li Tian like a strange scorpion, and said: "But there is still A baby, are you going to buy it?"

"What kind of baby?" Li Tian raised his head and looked at the old man in front of him, with some doubts on his face.

Others hid all this kind of baby, why this old man seems to sell this baby to himself, is it really so lucky?

"It was definitely impossible for me to give you this thing, but it doesn't make any sense for me to stay. The requirements for this kind of thing are really too high. I can't learn it at all, and it's just a waste product. If it's not, it's better to give you this destined person." The old man smiled wryly, and looked at Li Tian and said: "But this thing has a long history, it looks like it's some years old, it should be a very old type of writing, I I can't understand either."

While talking, the old man took Li Tian and started walking towards the back yard.

Li Tian was also very curious about what the old man was talking about, and without any hesitation, he just followed the old man and walked towards the other side of the yard.

Chapter 5643: Old letters

The old man led the way and was familiar with the road. At this time, Li Tian discovered that there was a small courtyard behind the shop.

And there is a small room in this small yard, which should be the place where the old man usually rests.

He brought Li Tian to the door of the room and slowly opened the door.

"Don't you think you have to be more careful at this time? What if this old man wants to frame us?" Ning Bing squinted at Li Tian who didn't seem to take this matter seriously, very helpless. Said.

"If he is really going to frame us, it won't be at this time, and he is still a businessman in Tianqi City. If he really does something on us, you think Longhutang will easily let him go. ?" Li Tian smiled, and did not take this matter to heart. If the old man wanted to do something, he would not choose to be in such a place.

I can only say that he really seems to have something good to show himself.

Following the old man, Li Tian also had a faint smile on his mouth.

After the three people entered the room, they discovered that the layout inside was very simple.

"I'm a little older now, plus my cultivation is not very strong, in fact, I don't have many years, and now I don't have any requirements for those luxurious things." The old man smiled helplessly, and said, While taking out a small box from under his bed, he said: "This is a treasure I found when I was young, but for so many years, I have not been able to study thoroughly."

"Since it was the baby you found, why did you suddenly tell me?"

"I heard that some time ago, you seem to be able to master the knocking of instant spells at a young age, and you are not a spellmaster. This surprised me. This baby, I belong to a spellmaster. I found it in the cemetery. The specific content is unknown, but the cemetery of the spellmaster is very powerful. After a few of us entered, I was the only one who survived, and I was still alive. Many of the treasures in it were not able to be taken out. , Only this ancient book has been taken out." As the old man said, he slowly opened this simple box.

When this small box opened, Li Tian and Ning Bing both took a step back.

The strength of these two men is much stronger than the old man, so they are very sensitive to this kind of energy. The moment the box is opened, you can feel a sigh of yin over your face.

It's like a blast of cold wind hitting your face.

"That tomb has been around for some years, and it's full of yin in it, and these treasures are also stained with this yin." The old man said, slowly taking out a leather book in the small box, on the leather book All the words in are some very weird words, they look twisted and twisted, not like words in the gods, nor any kind of words that Li Tian currently knows.

When Li Tian found out the cowhide book from the old man's hand, he couldn't help but call out the remnant soul of the ancient god: "Senior, can you read the text on it?"

"These words are very metaphysical, and the designer should be a very powerful master. If this is a race of words, then the overall strength of this race may have exceeded our imagination. In short, the person who created this word is a terrible existence. The person who owns this book is definitely not a simple person. This old man really picked up a treasure, but it's a pity that the text on it is difficult to decipher."

Seeing Li Tianna this cowhide book in a daze for a long time, the old man said helplessly: "I have been trying to decipher the words on this in these years, but these words are really too esoteric. Every word, I feel endless. Energy, I can't decipher it at all."

"This little book really looks different. The owner must be a very terrifying master." Li Tian looked helplessly at the ancient book in his hand. Now he really knows what treasure possession is, but Without the key to unlock the treasure, how uncomfortable it would be. The key to this book is to understand the text above.

"Yes, I have been working hard to study the above things all my life, but I have never been able to succeed. The person who created this character is really amazing."

Ning Bing saw the two men praise here in a serious manner, and was very curious in his heart, so he took the ancient book from Li Tian's hands, carefully examined it, and then squinted his eyes: "This book seems to be true. Look different."

No one noticed, in Ning Bing's eyes, an unexpected expression flashed, as if he saw something he hadn't thought of.

"Boss, since this is such a precious baby, why do you want to give it to us? Even if you stay and sell it to others, it's pretty good."

"Although the requirements to become a spellmaster are high, few people want to become a spellmaster over the years. Every spellmaster has almost the same destiny. It looks like they are very free, but they are actually big families. With a weapon in their hands, their personal safety has been restricted, which is why there are fewer and fewer in Fuzhou."

"Fairies can do a lot of things they want to do, but the spellmaster, after gaining a little fame, will be directly taken over by the major families, and then become a weapon in their hands, unless it is the strong one among the spellmasters. It's impossible for you to be truly free, otherwise, I don't want to see the spellmasters decline like this, and you, the young man, seem to be very interested in spells. Since I don't understand the research, it's better I'll give you this thing. If you can study it thoroughly, it won't be in vain that I have spent so many years protecting it."

Li Tian looked at the ancient book in his hand, and suddenly felt the heavy will on it.

"If such a valuable thing is given to me for nothing, I would really be..."

"Who said I would give it to you for nothing? Although the old man is very optimistic about you, but the businessman is a businessman, how could I give you this thing for nothing? One is five thousand days coins, which should be just a small amount for you Right?" The old man looked at Li Tian seriously and said seriously.

Without hesitation, Li Tian nodded directly and agreed.

Chapter 5644: Word in dream

Just kidding, even if such a baby is 10,000 days of coins, I don't know how many people want to buy it.

Li Tian does not know what the above content is.

But he is young and has a bright future. His future is destined to be beyond the reach of many people, and no one can be sure what the future Li Tian will look like.

He really doesn't know what these ancient words actually mean, but as his strength improves, he can see many places in the God Realm. Since this ancient book appeared in the God Realm, naturally, You can also find news about this ancient book in the God Realm. As for when you find it, it depends on luck and chance.

He has always trusted his luck very much, and believes that he will almost soon know what the contents of this ancient book are.

"Very well. Give me all the charms you bought before, but I advise you that it is best not to show this book to other people. It is very likely that others will be coveted. You Now you have already made countless enemies. If you let others know that there is such a baby in your body, I think your chance of leaving Tianqi City alive is very small." The boss reminded.

"Don't worry, of course I know what my current situation is, but it is not so easy for them to kill me in Tianqi City, and of course it is impossible to tell others casually to tell them to know. Let me lose a killer."

In the next half an hour, Li Tian first settled all the previous Tian Coins, and then found another thing to wrap the ancient book.

After confirming that no one had discovered all of this, they left the shop with Ningbing.

After having such a baby, the two of them did not dare to leave here anymore, and became cautious at the moment, and went straight to their camp.

What they didn't know was that after the two men left, the old man continued to lie on his armchair with his legs upright, and said triumphantly: "These two idiots are so good to deceive. How could something found by the roadside be a treasure?"

Of course the old man is not selling any good things to Li Tian.

In his opinion, this ancient book was picked up by himself on the side of the road, and the content on it is also incomprehensible, and there is no slight fluctuation of immortal power, only some strange yin is attached to it, if it is true If you're a very powerful baby, how could it be left by the road casually?

He also saw that Li Tiancai was generous and took it down without hesitation.

In addition, if this ancient book was fabricated, it would look very mysterious, so he directly regarded Li Tian as a bully and sold this bad book directly.

Even if Li Tian knew about it later, there was nothing left to do.

He could die without forcing Li Tian to buy it. If he couldn't understand it, it could only be Li Tian's own problem.

"Hey, I didn't expect to make so much money today, it is really interesting."

The moment the old man finished saying this, a vague appearance suddenly appeared in front of him, blood-red eyes looked at him, and asked: "What about things?"

"What?" The old man looked at the black figure in front of him dully, and wanted to stand up, but found that his body seemed to be suppressed by something. Now he can barely swell his mouth. , But if you want to move, it is impossible to do.

"Where is the thing you brought just now?"

"I don't know what you are talking about." The old man replied.

The black shadow looked at him, his eyes flashed, and then raised his hand, a black magic energy directly penetrated into the old man's body. The old man who looked radiant before, suddenly looked like a withered flower, the skin on his body Wrinkled on the face, the vitality of the whole person disappeared directly.

As for Sombra, watching the old man die, he gave a cold snort and slowly disappeared.

Dragon Tiger Hall:

Chai Lei, who was meditating, suddenly opened his eyes. Then he glanced at another weak scholar beside him, and asked: "The third child, did you feel it just now, a flashy, terrifying thing? Aura?"

"Second brother, I think you are really too nervous these days, but it's just the Ten City Conference. We are just an agent. If anything happens here, it can't be counted on us. It's them. These **** emperors know what is happening here in Tianqi City." The weak scholar opened his eyes and smiled helplessly, looking at Chai Lei and said.

"It's not for this reason, but I did feel a terrible aura just now. Although it was only a moment, I could still clearly feel it."

"What can make the second brother so nervous, why I haven't reacted at all?" The weak scholar looked at him and smiled helplessly: "I think you strained your nerves too tight these days. Something like this will happen."

On the other side, Li Tian and Ning Bing had just returned to their small yard.

Seeing some Ning Bing who hesitated to speak, Li Tian said helplessly: "You are like this along the way. It seems that you have something to tell me, but you have never told me what is going on? "

"I just think this thing is really incredible."

"We are all immortals now. In the eyes of many people, becoming immortal is also a very incredible thing, but haven't we done it? If there is really something to say, just tell me." Li Tian smiled and said.

"You may not believe it. I saw the words in this ancient book in my dreams."

"..." Li Tian asked: "Are you kidding me."

"I knew you would say this, but it was indeed like this. I remember it clearly. It was in a dream half a year ago. I don't know where I am. It seems like a strange palace. But in that palace, I saw a lot of

fonts that were exactly the same as the text on it. Up to now, I remember the text clearly, as if it happened yesterday."

"Are you sure, don't you have any hallucinations now?"

"What I said is true. I have seen these words in my dreams.":

Chapter 5645

Li Tian stood at the door, looking at Ningbing in front of him, he couldn't say a word for a long time.

"I knew you would definitely not believe it, even I myself can't believe that such a thing would happen, but the facts are indeed like this, I did see these words in my dreams, and I have I remember them clearly, and I can even say with certainty that I remember the details in my dreams clearly." Looking at Li Tian's expression, Ningbing, who has rarely explained, began to be very serious. Explained.

However, Li Tian took a look around and made sure that no one noticed them. Then he cautiously pushed open the door of his room and entered the room.

"What are your thoughts?" Li Tian closed the door, sat down, staring at Ningbing with wide eyes.

"I think this may be to guide us where to go. Maybe this is an opportunity. Since such words appear in my dream, it must have a lot to do with this ancient book." Ning Bing said in a tone. I am very sure that the words on this ancient book are indeed the words she had seen in her dreams, and it is also certain that the connection between the two is definitely not simple.

Perhaps this is causation, which was destined a long time ago.

Let her know the origin of these words in her dream, and then one day, she can help Li Tian interpret these words.

"In this way, the key to whether we can understand the contents of this ancient book lies in whether we can interpret your dreams well. If you know where the words you see are located, Maybe we can find some clues about these ancient characters." These ancient characters look very profound and metaphysical.

If it is really the words used by a race, then the level of civilization development of this race may have surpassed many people's imagination.

I just don't know, why does such a text suddenly appear in the God Realm?

Ning Bing began to slowly talk about his dreams. This process was very careful and serious. Every step was taken with great care to avoid Li Tian not being clear about the details.

But it didn't take long before I heard a very violent knock on the door.

Li Tian frowned, first put the ancient book away, carefully glanced at Ningbing, and then made a silent gesture: "Who is it?"

"It's me, Situ Shangyan, something has happened." Situ Shangyan's very anxious voice came from outside the door, and it seemed that something extraordinary should have happened, otherwise this famous general would not be allowed to do this. Anxious.

But what puzzled Li Tian was that they didn't make any mistakes today. Even if something happened, it shouldn't have much to do with them. This time Situ Shangyan came here, what does it mean?

Opening the door, I saw Situ Shangyan standing at the door with a serious expression on his face.

He smiled slightly and asked weirdly: "What is General Situ's expression? Could it be that something has happened to contact us? Or what do we need our help?"

At this time, Li Tian didn't even realize that the old man who gave this ancient book to him was dead.

And Situ Shangyan looked at the two of them, frowned, and asked word by word: "Are you two really ignorant or fake?"

"What is it, it's mysterious. If we know it, we still need to stand here and wait for General Situ to tell us?" Li Tian shrugged his shoulders with a harmless smile on his face. He didn't know at this time. What did Situ Shangyan's remarks mean? Could it be that something great happened and had a close relationship with them?

Situ Shangyan carefully observed these people in front of him, the expressions on his faces were very cold, and he said for a long time: "You just came back from outside?"

"It's true. We went out and bought some things we needed to prepare for the next game."

"Have you ever been to a shop in a charm shop?"

"I've been to an old man's shop." Li Tian was a little confused, not knowing why Situ Shangyan asked about this, but vaguely, it seemed that there was something unusual.

"That's right. I have investigated with many people before, and they all saw that the two of you entered and exited the shop. Now the owner of the shop is dead, and his blood is sucked up. The death is tragic, and they don't know Who did it?" Situ Shangyan looked at Li Tian, then at Ningbing, and sighed helplessly: "The whole Tianqi City shook. This is something that hasn't happened in a long time."

"How can it be like this? The rules of Tianqi City have always been very strict, but everyone who can enter here has an identity record. If someone really does it here, Longhutang will quickly catch it. Well, why do you want to find us here?" After Ning Bing listened, he glanced at Li Tian cautiously. Seeing him expressionless, he knew that Li Tian was unwilling to tell others about ancient books.

After all, there are too many things involved in ancient books. If many people know that they have such a treasure in their hands, it will definitely be unlucky.

Every husband is not guilty, and he is guilty of his crime.

They still understand this truth, and now they have a little bit of clues about the ancient books. Perhaps they have not long before they violently uncover the secret. If you tell others about the ancient books at this time, it is equivalent to self-denial. On the back road, Li Tian would definitely not be willing, so Ningbing did not really explain everything that happened in the store.

"You have stayed in that shop before. Naturally, Longhutang will summon you to go there, but there is no need to worry about it. After all, this matter is just an insignificant matter for you, and it has

nothing to do with you. Contact." Situ Shangyan saw the seriousness of these two men, and knew that they might be worried that they might cause trouble if summoned by the Dragon Tiger Hall this time, so he hurried to the side to comfort him.

"We understand this naturally, but what happened this time is a bit too coincidental. We just left, the boss was assassinated, and the whole Tianqi City went up and down, could it be that no one felt it? Human aura?" Li Tianman's mind is full of doubts, Tianqi City does not seem to be good at doing things, right?

Chapter 5646: accident

Since this main city can stand in the God Realm for so long, it has never changed its position in the face of the coercion of the gods from all sides. It can only be said that the terrifying strength of Tianqi City may have surpassed many people. As they imagined, such an important thing happened now, and they didn't seem to have noticed the same before. This is a bit contrary to the rumors of the entire Tianqi City.

It is rumored that even if a trivial incident happens here, it will be quickly known to the people of Longhutang.

Only this time, the people in Longhutang seemed to have broken their wings. It didn't take long for the matter to happen, but they didn't find a clue at all.

Li Tian can't help but doubt that this seems to be someone's conspiracy.

"Don't think about it, this time you have to go if you are willing to go, and if you don't want to, you have to go. Naturally, the summons of the Dragon and Tiger Hall cannot be refused. Besides, we are still visiting on the territory of these guys. If you don't want to If you lose your qualifications for the competition this time, you must honestly agree to their requirements and go and see what the whole thing is all about." Situ Shangyan looked at the clever faces of the two people in front of them, knowing them. I'm thinking about the advantages and disadvantages of this matter. What if you go so far in the past and get framed by others?

This is the city of Tianqi, but not the city of the new moon, and no one will be fair to them.

If you really want to deal with Li Tian, then it is really a crime to inflict it.

Li Tian even thought of Chu Jiangnan, who appeared in the shop yesterday. Could it be that guy who took the shot and killed the old man, and then left without incident. In this way, the trouble will naturally fall on Li Tianhe. Ningbing's body?

At this time, Li Tian was also very upset, but since Situ Shangyan had said everything for this purpose, what else could he say?

After looking at each other with Ningbing, the two came out of Li Tian's room, and Li Tian directly set up the enchantment in the immediate room. If someone enters rashly, the enchantment will resist, even if they break through the enchantment and enter. It will leave traces. Then he can easily know who broke into his room. This can be regarded as something similar to the anti-theft lock on the earth.

After Situ Shangyan watched Li Tian finish all this with his own eyes, he smiled and said, "Can I go now?"

"It's almost there, it seems that there is nothing I need to do." Li Tian smiled, watching him respond.

Situ Shangyan led the way, while Li Tian and Ning Bing followed behind.

The emotions of the two people are still a little bit nervous. It must be uncomfortable for such a thing to happen. This old man kindly sold such a good thing to them. Now that he is dead, he must be a little sorry. At the same time, I am also very worried that someone will use this incident to attack Li Tian. Now there are more people who have this idea in their hearts. It is not a secret to kill Li Tian.

There was a very serious breath in the air at this time.

"How about Feng Tianling now?"

"The previous battle caused him a little injury, and he is still recovering in his room. It seems impossible to run out in the next one or two days." Situ Shangyan shook his head with a wry smile, and said: "I really didn't expect this young man to be impulsive to this point, regardless of his current situation, Feng Jie really spoiled this child too much."

"This is also a matter of no choice. No one wants them to hope that Feng Tianling can become a hot spot in the Ten City Tournament this time. It's a pity that the limelight I have these days makes Feng Tianling's light dim. Many people know that. I have Li Tian in the New Moon City, but how many people know that there is also Feng Tianling in the New Moon City? His mood has deteriorated, and he wants to compete with me for this title is also something I imagined. I don't think there is anything wrong." Li Tian said calmly. From its point of view, Feng Tianling is actually a very poor fellow.

It should have been Haoyue among the New Moon City team this time, and it must be sought after by many people.

But because of his appearance, he became what he is now.

Of course, there will be a situation like today, and of course he is inseparable from him, but in the final analysis, it is Li Tian's side that is more complicated.

We kept talking on the road like this.

They soon came to the center of the entire Tianqi City. Here you can see a very vast area, like a palace, occupying most of the area. What is certain is that this should be the headquarters of Dragon Tiger Hall.

"It's almost here. This is the city lord's mansion of Tianqi City, and it is also the headquarters of Dragon Tiger Hall. From the outside, you can see how terrifying the strength of Dragon Tiger Hall is." Situ Shangyan looked at the man in front of him. The City Lord's Mansion did not sigh flatly, looking at the City Lord's Mansion in front of him, even Feng Jie's City Lord's Mansion was far inferior to this.

Li Tian also said with emotion: "It's worthy of being the famous Dragon and Tiger Hall in the God Realm, and its economic strength is beyond imagination."

While they were talking, they came to the door of the City Lord's Mansion.

The people in Longhutang are basically wearing black costumes. On this suit, a golden dragon and tiger are depicted. They look lifelike. It seems that they may jump out of their clothes at any time and put themselves in front of them. Everything is swallowed up.

Situ Shangyan stepped forward, facing the two guards standing at the door, and said: "We were invited by your second hall master. Please open the door."

"The second hall master has ordered it. If you are here, I will take you in directly." The guard glanced at Situ Shangyan in front of him. He was still very polite, and after a word, he began to lead the way.

Situ Shangyan glanced at the two people behind him, and said, "You will probably see many acquaintances later. It's best to take care of yourself and don't make trouble here, otherwise things will be very troublesome."

Although the relationship between Li Tian and Chai Lei looks good, if it turns out, no one can stop it.

Chai Lei has a very strange personality. Who knows if this guy was so good with you before, will he suddenly turn his face and deny him? Here, everything is possible.

After all, this is the City Lord's Mansion of Tianqi City and the territory of Dragon Tiger Hall. They have no status here.

Chapter 5647: Miyun

After entering the City Lord's Mansion, they felt very spacious.

As soon as you enter, you can see that there are many roads extending in all directions. This is because the entire city lord's mansion has various layouts, just like the internal organs, and these small roads lead to these places.

But the most spacious is the one facing forward in front of them, like a sunny avenue.

On both sides of this road, you can see a lot of guards in strong outfits. Everyone's face is full of serious expressions, and the sharp gaze that comes from the eyes is like a soldier.

Situ Shangyan walked ahead and was also looking around.

It was the first time that he came to the City Lord's Mansion in Tianqi City. He had only heard many people talk about the economic strength of Dragon Tiger Hall before, but he did not take this matter to heart.

I didn't know until now that Longhutang has been relying on Tianqi City in these years, and I don't know how much funds have been collected. It can be said that they can now be regarded as a wealthy country.

If such a city really cooperates with any **** emperor in the gods, it will definitely change the whole thing very differently. With their strength, once they participate in the strength of any **** emperor, they will let this party's overall strength level to a higher level.

And other people's people will naturally feel the threat to themselves because of this, and naturally think about how to solve this problem. At that time, I am afraid that the entire God Realm will be plunged into chaos.

Therefore, Tianqi City has remained neutral all these years.

They knew what the consequences would be if they favored either side, and they also knew that if they really participated in the battle between ***** emperors, it would be of no benefit to them.

Now that they are a neutral city, it can be said that they are coming from all sides. No one wants to cause any bad things with Tianqi City, and they always have to give more or less face.

If you really choose to cooperate with any ***** emperor, then the remaining ***** emperor will inevitably treat Tianqi City as his enemy, and then spare no effort to destroy the entire Tianqi City, this is also not what he wants. You have to see, so the choice at this time is also very wise, that is, to do your own thing honestly and not to participate in anyone's struggle.

If one day, Tianqi City really wants to participate in the struggle of these people, I believe that they will not stand on any side, but will choose to stand on their own and let themselves become one of these rights competitions.

Li Tian walked on this sunlight avenue, and the bluestone slab under his feet did not know what material it was made of. It actually shone with some faint light, as if walking on a galaxy.

Ning Bing stepped forward and whispered: "I think this time, there should not be very few people invited over."

"Since you want to know what happened before, you must determine what happened before from the mouths of many people. It is reasonable for many people to be invited here." Li Tian said calmly. They continue to deepen, and the pattern in front of them is constantly changing, but no matter how the pattern in front of them changes, they will never get out of it.

That is the luxury of the City Lord's Mansion.

You can't imagine it at all. It is estimated that only the mansion of the ***** emperor can have this degree of luxury. How can the average city owner have such a luxurious mansion?

The guards took a few of them and quickly came to the door of a small courtyard.

At this time, there was a middle-aged man standing at the door, smiling and looking at them: "A few have already arrived, the third hall master and the second hall master have been waiting for a long time, please come in with me."

Obviously, the things in this yard are not accessible to people of any identities. For example, the guard in front of them is not qualified to enter the yard.

If you change to someone else, you may feel that this is a kind of discrimination.

But the guard in front of him had no such emotions at all. He couldn't feel any discomfort in his eyes, and he didn't seem to take this matter to heart.

It can also be seen from this that the strength of Dragon Tiger Hall is really very powerful.

The three people followed behind the middle-aged man and quickly entered the courtyard.

And the layout of the yard in front of me looked very different from before, and it was a bit more ordinary, and there was not a single person in this yard, not even a guard.

At this moment, they were in a lobby without doors.

In this lobby, several acquaintances of Li Tian stood.

Sima Shangwu and Chu Jiangnan, Qiang Wudi, Xu Zhou and Tang Yan.

Although Qiang Wudi and Sima Shangwu have nothing to do with this matter, after all, they are the leaders of these two teams. If something like this happens, you must take the initiative to stand up and seek a solution.

After the two men saw Li Tian appear, their expressions were different.

Sima Shangwu first smiled and said, "I thought you would refuse."

"Knowing that now I don't know what happened. If I really want to figure out what is going on, I think I need to get involved and know what is going on." Li Tian squinted his eyes. Looking at Sima Shangwu in front of him, he said.

"Hmph, don't put garlic here, what is going on, don't you know it yourself? You want us to explain these things clearly?" At this moment, Tang Yan stood aside and suddenly interrupted, as if he knew it. It's like something very secret, with a swearing look on his face.

On the front of this lobby, there are three chairs.

Chai Lei was sitting on the chair on the left hand side, and the third hall master, the weak scholar, was sitting on the right hand side. Only the center chair was empty, and should be the lobby master who had never met before. Go to this position.

At this time, the two people were sitting here, slowly opening their eyes. First, Chai Lei coughed, and said in a very calm tone: "Okay, when it is not your turn to speak, how will you be?"

Hearing Chai Lei's voice, Tang Yan immediately became quiet.

No matter how bold he was, he didn't dare to put garlic in front of the second hall master of Tianqi City. Even if Qiang Wudi was here, there was no way to protect him. As long as Chai Lei was ready to do it, no one could stop him.

So, after hearing the sound, he immediately got down and stopped talking.

Chapter 5648: Frame

"Li Tian, Ning Bing, did you two go to that shop today?" At this time, the third hall master slowly stood up, smiling at Li Tian and Ning Bing, while playing with himself. While looking at the two people with curious eyes: "You only need to tell the truth. The whole thing is still confusing, but I will never frame any good person."

"I have indeed been to that place. Everyone knows that among so many people, I am the only one who likes to use spells in battle, so this time I went to that shop. I just want to purchase something. I don't know what happened after that."

"In this way, that boss died after the two of you left?" Third Hall Master continued to ask.

"If there is no wrong guess, it should be like this. The two of us left without staying there for long, and when we left, the boss was still alive and well. Many vendors around this point can all testify to us. "Yes." Li Tian said solemnly, without any worried expression on his face. He didn't attack the old man, so he didn't believe that anyone could frame him.

"Haha, it's really a three-inch tongue. It is indeed a very powerful method. Who doesn't know that there are poisons in this world. After a period of time, people can be killed directly, so that the poisoner can have a reason for your absence, but everyone knows that this is what you did." Hearing Li Tian's explanation, Tang Yan snorted and said, "San Hall Master, I'm pretty sure that the boss was Li Tian. Killed."

"What reason do you have?"

"As everyone knows, when the boss died, it was very tragic. The blood of his whole body was sucked dry. This method is usually not used by some normal immortals. I want to be there. Many people can be involved in this witchcraft, and probably only our genius in New Moon City, Li Tian." Tang Yan said solemnly, regardless of whether there were any omissions in these words, obviously. I have thought about it before.

"That's it?" The third hall master tilted his head slightly.

"I think this is enough. Li Tian has entered the state in the New Moon City game. I think everyone knows it too. If this young man is not the murderer of the boss, I really can't think of it. What kind of assassin is so clever that can easily enter Tianqi City, then kill and leave without any clue?" Tang Yan said again.

The third hall master glanced at Chai Lei, then nodded.

Chai Lei also set his sights on Li Tian at this time, and said calmly: "You also know that I am very optimistic about you as a young man. I like your character very much, both hard and soft, and very smart. , Know when and what kind of things you should do, I think you should be very clear now, what should you do at this time, right?"

"of course I know."

"So, do you want to explain what Tang Yan said?"

"If you want to add to the crime, why don't you have any trouble? If I really did it, I would like to ask you, what is my motive?" Li Tian sneered, looking at Tang Yan in front of him, his eyes slightly narrowed: " You can't say that I killed it, and then I really killed it. I think there are so many people that I'm doing, so no one will really believe you, a gibberish guy like you."

"Don't you dare to say that you didn't make the shot? That boss is not very strong. If you can kill that boss, wouldn't the entire charm shop belong to you?"

"However, if I didn't guess wrong, there shouldn't be anything in the charm shop?"

"It is indeed like this, there is not a single thing in the charm point." Chai Lei nodded seriously and looked at Li Tian: "But this way, you still can't get rid of your suspicion, after all, you are the last to leave. ."

"I don't think there is any need to worry about it. If it is because of Li Tian's strength and skills shown in the New Moon City competition before, many people think that he is an immortal who practices evil ways. I think you can now. Rest assured, I can testify in person. Although Li Tian has a second personality, and the hostility of this personality is very serious, he can control this personality very well. This is the point that everyone in the entire New Moon City up and down It can be testified that if it were not for this, he would not stand here now and become a player in the

Ten Cities Conference this time." Situ Shangyan saw that Tang Yan stood up and framed Li Tian like this, and knew that this was the Southern Wilderness. Human means.

It may be that this matter has nothing to do with them, but these people are obviously using the topic at this time.

Originally, I wanted to embarrass them in the New Moon City, but now that I just found this opportunity, I would definitely not let it go so easily.

If Li Tian can be made to pay a heavy price for this time, it would certainly be a better thing.

Chai Lei looked at Li Tian: "What about you, what are you going to say?"

"If you are really ready to believe it, then just believe it. I just tell you very seriously that I have never done this before, but why the boss was killed? I also want to know. The old version comes with I talked very cheerfully." Li Tian said helplessly, and a sad expression appeared on his face: "It is Tang Yan and Xu Zhou, who had a conflict with me before and was resolved by Chu Jiangnan, so they held a grudge at this moment. It's reasonable to stand up and frame me."

"I can also testify that Li Tian can now control the hostility in his body very well. This time, it is really not Li Tian's doing." At this time, Chu Jiangnan also stood up, using a serious tone Taking care of these people, he said solemnly: "If it's just such a small clue, then a good person will be wronged. This is really a violation of the rules of Tianqi City."

"You don't need to remind you of this. The rules of Tianqi City have always been supreme. No one can violate these rules. Even if the **** emperor is here, we must abide by it." The third hall master snorted and squinted. Showed a creepy smile.

Chapter 5649: Can't succeed

The three hall masters looked like a smiling tiger, but whoever dared to look down on this guy would really be at a disadvantage.

Tianqi City has been able to maintain neutrality for so many years, not only because they have always followed this principle, but also because their own strength is quite terrifying.

Especially the hall master of Dragon Tiger Hall, the strength of these people is unfathomable, and even behind them there may be some more powerful masters.

It is said that a long time ago, a **** emperor came to Tianqi City and was unwilling to abide by the rules here. He also injured the Lord of the Dragon and Tiger Hall. However, in just a few days, he went directly to the streets. I don't know who did it, but it was only a vague guess from some people that the whole thing may have an inseparable connection with Longhutang.

Probably only Tianqi City could possess such terrifying strength and means.

Since this incident, many **** emperors did not dare to put on airs even when they came to Tianqi City. He knew very well that the strength of these people was very terrifying.

At this time, the three hall masters, although smiling, always make you feel a very uncomfortable feeling from your heart, just like hell, this feeling is uncomfortable.

Even Li Tian had some entanglements at this time.

The third hall of Longhutang, Bai Xiaosheng, claims to be omniscient, and is also a well-known mobile library in Tianqi City.

There are many things you don't know, you can listen to him here.

But the most curious thing is the strength of this Bai Xiaosheng. It is said that he only played against people when he was young, and after he became famous, he rarely played against others.

Even when you really need to do something, you usually look for some quiet places in the middle of the night, and then quietly defeat your opponent, and then just as if nothing happened.

Therefore, in the records of the God Realm, few people know the strength of this Bai Xiaosheng.

If you think he is the third hall master and his strength is the weakest, then you really think too much. The order of these hall masters is not allocated according to their strength, but simply according to their age. .

"Okay, okay, if you continue, these people are afraid they will be frightened." Seeing Bai Xiaosheng's expression, Chai Lei also knew what kind of pressure this would bring to the young people in front of him. He patted Bai Xiaosheng on the shoulders next to him, and then turned his gaze to the following people: "I know that many of you are already eager to try and can't wait to hold the Ten Cities Conference, but before that I want to tell you a little , This is Tianqi City. If you dare to mess around here, don't blame me for being rude to you."

Seeing the serious look of Chai Lei in front of him, several people were also a little nervous.

On the other side, Bai Xiaosheng also looked at them and said, "This time things seem to have nothing to do with you, but don't think that the matter is over like this. If one day I know that this matter will be repaid to you. If there is a trace of contact, then you can only pray that you are in a place where you cannot communicate with the outside world, otherwise, even if you are hidden deep, I will catch you."

"Second Hall Master, Third Hall Master, if something like this has happened, are the two of you ready to solve it like this? Now we can obviously be very sure that someone did indeed kill the boss." Tang Yan was somewhat at this time. Speaking unconvinced.

"Of course we know, but now you can't come up with enough evidence to prove that all this was done by Li Tian. If he is judged to be an enemy just because of his hostility, I want to be the first. There should be many people in the gods who deserve to be killed like this." Bai Xiaosheng slowly turned around and looked at Tang Yan, with a strange light in his eyes: "Now, what else do you have to say? Is it?"

Looking at Bai Xiaosheng's terrifying smile, and this fresh look in his eyes, Tang Yan quickly shook his head.

"This is the best way. I call you this time, just to let you tell me a little bit of information, but it is not for you to come here to tell us about us. Longhutang has always done its own thing, and has never listened to it. I said who would dare to come to us to make trouble." Bai Xiaosheng said disdainfully.

Chai Lei smiled and looked at Li Tian: "Although this matter has nothing to do with you, do you have any ideas?"

"It's better to investigate whether this boss has offended anyone before. If nothing else, this can only be a vendetta. Besides that, I really can't think of why the other party killed the boss, and after he succeeded, I didn't take away anything. Such a move was surprising enough. I think it can only be because the boss has hatred with someone."

"You have a good idea. After such a thing has happened, it is true that now you can only regard this incident as a vendetta, but the investigation itself is very long. It seems that there is no way to figure out what is going on. It's that simple." Chai Lei squinted, still recalling the terrifying aura that appeared before. The reason why he didn't doubt Li Tian was because Li Tian did not possess such a aura.

"Wait until the ***** emperors arrive. These guys have caused this trouble for us. Now it seems that someone is going to make trouble here. Of course, these ***** emperors will come out and settle these things at this time." Xiaosheng said something disdainfully, and then looked at Sima Shangwu and Qiang Wudi: "Besides, don't think about doing it again before the game starts."

"The meaning of the three hall masters is that we are going to restrict our personal freedom?"

"This is not enough, but you must be protected by our people from Tianqi City, and you are not allowed to do anything with anyone during this time. If it is really injured, then I will have no way to fight. Divine emperors confessed that I am just a small fairy, but I don't want to become enemies with these divine emperors. If anything makes you uncomfortable, then I can only ask you to bear with me." Bai Xiaosheng smiled and said, Then glanced at Li Tian: "As for you, if you can, I hope you can help us investigate this matter. I think your ingenuity should find something useful."

Chapter 5650: Legacy

Li Tian looked at the Bai Xiaosheng in front of him, and muttered in his heart, what exactly did this guy want to do.

Ning Bing said on the side: "Three Hall Masters, this is not quite appropriate. This incident has not had much contact with us. I believe that this is something that everyone does not want to see, even if it is us. I don't want to see such a result, but now that it has happened, we shouldn't continue to involve more people, should we?"

Bai Xiaosheng stroked the stubble on his chin, still with this harmless-looking smile, but it gave people a very different feeling: "In this way, you think Li Tian is involved in this Is it an inappropriate choice among all things?"

"Naturally it is like this. The Ten Cities Conference is just around the corner. Each of us must focus on completing our own original mission. Now Li Tian is the trump card in our team. If he is distracted like this, it will inevitably be difficult for some strong people. After all, his most important thing now is to prepare for this ten-cities convention. Don't several people think that way?"

"There is nothing wrong with this, but Li Tian himself has outstanding abilities in this area. If he is willing to participate in this matter, it may bring about different results, and he doesn't really want to know where he is. Did something happen in a while? This just happened to be a good opportunity, isn't it?" Bai Xiaosheng didn't know why, as if he had spotted Li Tian, he just didn't want to give up like this.

And Li Tian was also very puzzled at this time. He didn't seem to have a very good relationship with the guy in front of him. Why did this guy insist on pulling himself to do this?

"The third hall master said something wrong, and I'm indeed a clone now."

"Really? Since it is like this, it seems that I can only choose to let another person do this thing, but you really don't want to investigate, what is going on in this matter? For that boss How did you die? I think you should know better than me. There will be no unreasonable things in this world. I believe that this time, there must be a reason, but the news we currently have is very good. I don't know what the reason is."

Bai Xiaosheng said with a smile, as if he had mastered something.

At this time, Li Tian didn't know what to say. He squinted his eyes and whispered in a low voice, "It seems that Bai Xiaosheng really deserves to be called by this name. It seems that he understands these things better than I imagined so much."

Although Bai Xiaosheng didn't know anything now, if he gave him time, he would definitely know about ancient books.

When Bai Xiaosheng learned about the ancient book, Li Tian still wanted to be outside, but it was unlikely.

"I also think that the three hall masters are a bit difficult for the strong this time. Let us concentrate on preparing for the game, but if Li Tian begin to prepare to investigate this matter with you, this in itself is depriving him of his rights and detrimental to this game. Fairness, so I think, don't do this anymore." Sima Shangwu stood up and said with a serious look at Bai Xiaosheng in front of him.

The entire lobby is quiet, and the most angry people now are the people on the Southern Wilderness side.

They have always hoped that Li Tian can be involved in this matter, so that Li Tian will not have the mind to deal with the next game, and they can naturally take advantage of this time to do something that is beneficial to them.

It's a pity that Li Tian seems to have many friends in Tianqi City now.

Even the members of the Sima family stepped up to help at this time. Such things are hard to see.

The Sima Shangwu of the Sima family seldom took the initiative to ask others to do something. He was an extremely arrogant guy, but today he made such a decision, which is not that simple.

Qiang Wudi squinted his eyes and said, "So many of you come forward to help Li Tian solve this matter?"

"Otherwise, we all know what you Nanhuang people want to do." Sima Shangwu stared at Qiang Wudi in front of him, snorted, and asked disdainfully: "If it's true If you do it, just wait until the game and do it. Why do you pretend to be garlic like this? You are really looking down upon you."

"Master Sima, it really doesn't hurt to speak while standing, not to mention that this matter has nothing to do with you, why should your Sima family participate in this matter?" Qiang Wudi looked at Sima Shangwu with contempt. Maybe others will give Sima Shangwu a little bit of face, but he won't give Sima Shangwu a little bit of face. As the captain of the Nanhuang people, their status is exactly the same.

"Okay, you guys don't make any noise here, what's the point?" Chai Lei snorted, squinted, and said disdainfully: "If there is anything, even if it is resolved in this competition, What's the point of being noisy here? I call you over this time just to know how much you know about the shops this time."

"We have already said everything we know, but no one of you wants to believe our words. There is no way." Tang Yan also stood up at this time and said helplessly.

Li Tian snorted and said disdainfully: "The two hall masters have said this. I think this is almost the end of the matter. As for the grievances between you Nanhuang people and us, even if you do it in this game. I hope your strength will not disappoint me."

"Don't worry, I won't give you any face in this game." Tang Yan squinted, looking at Li Tian in front of him, and said angrily, not even paying attention to Li Tian in front of him. Above, it was the same thought as before, thinking that Li Tian is just a trivial fellow, and all his current achievements are just the reason why others listen to the slander.

Maybe Li Tian's real strength is not as powerful as they imagined, but he is still a weak guy who doesn't know how to describe it.

Chai Lei smiled contentedly when he saw these people in front of him with their swords drawn.
