

A Killer 5651

Chapter 5651: Full

"Forget it, since you are not willing to intervene in this matter, just leave it to us to investigate, and now go back." Chai Lei shook his hand and said impatiently.

Li Tian and Ning Bing had their own thoughts in their hearts, and of course they would not continue to delay too long here, and left in a hurry.

After all these people in the hall had left, Chai Lei looked at Bai Xiaosheng next to him and said, "Do you have any opinions now?"

"The strength of this young man is really terrifying, and he is very calm, and there is no factor in his expression." Bai Xiaosheng frowned, as if thinking about the same thing: "The most important thing is, This guy probably hasn't eaten Yundu grass. If he eats Yundu grass from Shuiyuezhong, it is very likely that his strength will be even higher."

"What about this time, do you have any thoughts?"

"There must be some relationship with Li Tian, but the relationship should not be as big as we imagined, and this guy must have something to hide from us. This point can be seen by looking at this guy's eyes when speaking. Come out." Bai Xiaosheng said after thinking about it for a long time, and then squinted at Chai Lei.

"You mean, this matter still has something to do with Li Tian, but it's not very relevant, but this guy has something to tell us, right?"

"It's almost the reason." Bai Xiaosheng nodded.

"Well, this young man also looks very pleasing to my eyes. It's a pity that my eldest brother is not there. Otherwise, this matter won't be so difficult to solve. I said that the evil power I felt before is definitely not simple. It really looks like this." After hearing Bai Xiaosheng's words, Chai Lei also nodded and smiled helplessly. If they could react in time, maybe they could catch that guy.

But now, in their hands, there is really no clue.

I don't know exactly how the opponent entered the Qiqi City, and there is still no way for anyone to know what happened in the process, so that the enemy easily entered the Qiqi City.

The most important thing is that the strength of Tianqi City has not been able to discover anyone sneaking in secretly.

After such a thing happened, they didn't take the initiative in the first place. They didn't find any clues on the scene. They didn't know who the enemy was or how he did these things.

"We can only handle this matter ourselves. People from several other major cities will be here soon. It is best to handle this matter within a few days, otherwise the problem will be very serious." Bai Xiaosheng stood up with a glint in his eyes, and said with some disdain: "I originally wanted to waste some time at this time. Now it seems that there is no need for it. I must hurry up and deal with this guy. Up."

"Well, this guy must be caught in the shortest time possible, otherwise some problems will inevitably occur in the Ten Cities Conference this time, I don't want to see such things happen."

"Don't worry, I will find a way to find out how this guy did it."

On the other side, after Li Tian, Ning Bing and the others left the City Lord's Mansion, the expressions on their faces became very serious.

Especially Li Tian and Ning Bing, they knew that this ancient book in their hands must be very powerful. Before in the shop, it was only opened for a few minutes, and then the enemy was in such a short time. Arrived, and also killed the old man directly, it can be determined that it is a cruel opponent, if you really face such an opponent, it is hard to imagine how much you will win.

"It seems that they haven't been able to find any clues this time, and the matter itself has nothing to do with you, but it's just the group of Southern Wilders making trouble." Situ Shangyan snorted, a little unwilling in his tone. They came here this time, but they were not framed in vain. The Nanhuang people ran over to challenge them before, but now they still want to frame them.

It seemed that they were going to punish these people from the Southern Wilderness, otherwise they really thought that they wouldn't do anything about New Moon City.

"They want to do everything possible to know my current strength, and also want to make my mentality become chaotic at this time, so that they can deal with me better in the game, for this reason they can pay a lot of things, means Hundreds, in my opinion, it is a normal thing." Li Tian shrugged helplessly, his eyes narrowed slightly: "In the next few days, it seems that we have to stay in the room honestly. Practiced."

"Well, in order to avoid trouble, you should stay in your room and rest honestly these days to avoid such things from happening again, otherwise you won't know what will happen." Situ Shangyan nodded. Then he glanced at Li Tian and Ning Bing beside him: "The two of you seem to be the hope in this game. Your performance in this game represents the greatness of our New Moon City."

"General, rest assured, the two of us will be honest in the next time."

As Li Tian said, in the next few days, the people of Nanhuang became quiet, and there was no new news from the Sima family.

And Li Tian and Ning Bing also honestly placed themselves in the room without ever coming out.

As for Feng Tianling, since being insulted by Qiang Wudi last time, he has rarely appeared in front of the two of them. No one knows what exactly this guy is doing now. It is only vaguely that Li Tian feels that, The whole thing seems to be something wrong.

Feng Tianling's character, I guess he wouldn't give up easily.

And the other teams of the Ten Cities Conference were all here at this time.

There are a total of 30 strong players from ten cities, and their strength is beyond doubt. The excitement of this game is definitely something that many people cannot imagine.

Even Li Tian, in the past few days, began to look forward to the start of the game, because he knows that in this game, he will definitely get another sublimation.

As for the ancient books, they haven't opened the box again since they read the incident the other day to avoid being chased by the killer again.

Chapter 5652: Game start

On this day, Li Tian was sitting in his room, already waiting for the start of the game.

"Boom, boom, boom"

"Li Tian, you can come out to prepare for the game." Situ Shangyan's voice rang outside.

Li Tian stood up slowly, then took a long breath, squinted his eyes, and muttered to himself: "I hope there won't be any problems in this game, it will inevitably make me a little nervous."

After he opened the door, he glanced at Situ Shangyan and asked, "How is this match arranged?"

"Let's draw lots on the spot, everyone will draw lots on the spot, and then fifteen winners will be decided, and then one of the fifteen winners will be drawn to go directly to the quarterfinals. The subsequent games will be normal." Situ Shangyan smiled, patted Li Tian on the shoulder, and said: "You have to work hard. This time there will be an interval of about two days between each match, and a lot of genius doctors are specially invited to treat you. ."

"The previous battles may not be very fierce, but later, this battle may be a little strenuous."

"Yeah, it doesn't matter at all. Only when the quarter-finals come to the end, will it be regarded as the real strong gathering of all parties. If you can pass the test of this competition, then it really proves your strength. It has reached an unfathomable level. That's the point." Ning Bing on one side also said firmly at this time, the previous few battles, there may not be any serious injuries.

But in the quarterfinals behind, the battle was relatively fierce.

Among the thirty people, those who can enter the quarterfinals certainly did not enter the quarterfinals by luck. Since all of them entered the quarterfinals by their own strength, you can also think about how many strong people are in the quarterfinals this time. Enough is beyond the imagination of many people.

"Let's go, this time the ring is ready, but the ***** emperors don't seem to be here yet, maybe they won't show up if time is not there." Shrugged his shoulders helplessly, Situ Shangyan also I'm very curious when the ***** emperors will come to Tianqi City. Important things like the Ten Cities Conference have always been something that many ***** emperor-level powerhouses pay more attention to. I believe this time is no exception.

It's a pity that at present, it seems that they have not seen where these so-called ***** emperors are. It seems that these people are not ready to come to Tianqi City.

Could it be said that these talents are willing to take a shot in the final four, or even the finals?

"In order to ensure the fairness of a game, the eight finals have knockouts. If they can successfully defeat their opponents in the knockouts, they can be resurrected to participate in the game again." Situ Shangyan introduced the rules of this game on the road. , Both sides are worried in their hearts, just what extent their team in New Moon City can achieve.

Judging from the current situation, Li Tian's performance in the game should certainly not disappoint many people.

The strength of this young man is definitely beyond doubt. Among so many young people online, it is still difficult to find a strong man like Li Tian. This young man can always surprise you at many critical moments. .

Feng Jie promised Li Tian to participate in this competition because he saw Li Tian's strength, coupled with Feng Tianxiang's things, as a city lord, he must make concessions.

Therefore, Li Tian was allowed to participate in this time.

A few soldiers followed Situ Shangyan to protect the three of them. Compared with before, Feng Tianling seemed very silent, but he didn't talk to Situ Shangyan, but made Li Tian feel at peace. The previous one did indeed have some earth-shaking changes, but if she were to describe it, she didn't know what words to describe.

This guy was wearing a black robe today, with a mask on his face, and only one eye was left out.

If it weren't for a sentence or two before, Li Tian even suspected that the guy in front of him was not Feng Tianling at all.

"Master Tianling seems to be very quiet today. He is completely different from before. Are you feeling a little nervous in this level of competition?" Even if you know that the guy in front of you is a little bit wrong today. , But Li Tian still didn't want to give this guy a bit of face, sneered at the back, mocking.

"Just take care of your own affairs. Before, I just didn't want to disclose my true strength. You will soon know that I am amazing. Those who make me ashamed will soon pay for it. Yes." Feng Tianling snorted, and responded firmly, but the voice sounded a little bit different from before.

Seems to be hoarse because of excessive throat usage during this period?

Li Tian didn't know.

But the only certainty is that Feng Tianling in front of him is completely different from before.

...

Crescent City:

This time the Ten Cities Conference, these strong men should have passed away, after all, there are teams representing their cities.

But as a city owner, many times are involuntary.

If Feng Jie leaves the New Moon City, within a few days, the entire New Moon City will be in chaos, so even at this time, he will still expropriate his position.

At this time, sitting across from him was Murong Ziqing.

"Today seems to be the beginning of the Ten Cities Conference. We carefully selected these three young people and also carefully trained them. We don't know what kind of things will be done in this competition." Feng Jie squinted. Eyes, looking at the sky outside the door from a distance, seemed to see Li Tian and others fighting in Tianqi City through this blue sky.

"This time the strong from all parties are not weak. It can be said that they are the strongest group in the Ten Cities Conference over the years. This time the Ten Cities Conference is very interesting. Who is the ultimate winner? I don't know." Murong Zi smiled. Although Li Tian and Ningbing are in the city of the new moon, other cities also have their own trump cards, so they should not be underestimated.

And Feng Jie whispered quietly: "I hope you can really complete the transformation, otherwise, it will be difficult to find someone to help you."

"The City Lord has something on his mind?"

"No."

Chapter 5653: Meet with friends

The arena of this competition is a very famous arena in Tianqi City!

Just like the ancient arena in the West, in the Tianqi City of the God Realm, you can also see things like this, but it's not just a bullfight, but a battle between humans.

At the same time, there are battles between the strong from all sides.

And the arena where they are today is known as the arena where the sun never sets. The champions in the arena here are really terrifying in strength. After so many years, the powerhouses who have stepped out from here are all in the entire God Realm. Out of his own name.

Therefore this arena, hence its name.

The area of the entire arena is equivalent to the size of two football fields. It can deal with all kinds of chaotic scenes here, even if it is a battle of thousands, it may not be a problem.

However, with immortals of their level, the power generated by battle is very terrifying, so the battle field is a bit larger, which is also a smarter choice.

Situ Shangyan led the three of them into the arena directly from the back door.

Here, there is a basement. At this time, many people can be seen in the wide basement, strong people from various cities in the entire God Realm, all gathered here at this time.

These people here may also represent the powerhouses of the God Realm for the next time period. After all, the time in the future will be given to these young people.

"You are going to draw lots here to choose who is the first player to participate, and also to be here, waiting for others' games to end."

"This place is what I like very much. The area of this arena is huge. You don't have to worry about hurting anyone in the fight here. It can be seen that Tianqi City still exerted some strength in this game. "

"Although Tianqi City is a neutral city, it is not easy to offend any ***** emperor. Therefore, this time the fertilizer is a little bit in the heart, but they are not unprofitable, such as this time. In the competition, they also specially set up a betting organization to guess which one of you will be the ultimate winner, but no matter who is the ultimate winner, the profit is still Tianqicheng."

"Businessmen can always find a suitable opportunity to make a fortune. Moreover, this is already their place. Of course, no one can stop what they want to do here. I can even think that if someone wants to do the same If something is wrong, it will definitely be stopped at the first time." Li Tian smiled, this time the game, the gambling game will definitely get a lot of profit.

But because this is Tianqi City, only the Dragon and Tiger Hall of Tianqi City can do this game.

In this way, it seems that they have spent a lot of money to hold the game this time, but it only takes a period of time to start the game, and these costs can be recovered instantly, and even take advantage of this opportunity to make a lot of money. The power of Tianqi City is that they can accomplish things that many people can't do in a short time, and at the same time, they have much more control over the entire city than the general main city.

If it is in the general main city, this kind of thing will definitely not be monopolized.

Everyone wants to make a fortune, so you can't let you, a city lord, cut off other people's money.

But Tianqi City is different. This is the site of Longhutang. They have an absolute say here. What they want here is what they must do here. Other people here have no status at all. Yes.

This time the bet can be seen.

"You are the team of the New Moon City, now everyone is in place, just waiting for you." At this time, a man in strong clothes came up and handed them three nameplates: "This It's the token that represents your identity. If you lose this token, you won't be able to participate in the competition. Therefore, you'd better protect this thing, but don't be robbed by others."

"Can this thing be robbed?"

"This is also one of the more interesting aspects of this ten-city conference. The nameplate on your body can be robbed by others. Once your nameplate is robbed, you will not be able to participate in the next competition, and our Tianqi City I also acknowledge this result, so if you want to play well, you must take good care of these things and never fall into the hands of others." The man said solemnly, and then carefully handed these nameplates to them. : "In addition, if these nameplates are stolen from the arena, it also represents your failure."

This time the game still has to avoid bloodshed and sacrifice to a certain extent. The strength of these people is quite terrible. If they let them go in battle in this way, no one knows what will happen next.

It would be really troublesome if one or two people died.

The same period happened in the previous Ten Cities Conference. Even if the ***** emperor handles this kind of thing, it still feels very difficult. After all, the ***** emperor is the ***** emperor, and it is impossible to handle everything.

In addition, these young people participating in the Ten Cities Conference are all geniuses, and the ***** emperor is not good at it.

After Li Tian put away his nameplate, he glanced lazily at the man in front of him: "Can we draw lots?"

"Well, you are the latest group, so your draw is also the last one. Now there are only a few left. Take a look." The man smiled helplessly and then raised his hand. , He took out a box from the storage and placed it in front of Li Tian: "You don't need to pick anything anymore. Then it depends on your own luck and whether you can pick a suitable enemy."

Ning Bing glanced at Li Tian, and said solemnly: "You come first."

Li Tian shrugged and glanced at Feng Tianling: "Where is Young Master Tianling?"

Feng Tianling didn't say anything, just raised his hand and reached into the box, then slowly took out a lottery inside, and took a look, it was Qiang Wudi.

He snorted coldly: "It seems that this is really because the enemy is not getting together."

He just finished talking, and Li Tian also got a lottery here. It was not someone else but Tang Yan, and they were still ranked first in the field.

Li Tian smiled, but he didn't know what to say.

Chapter 5654: Give you face

Tang Yan, who was sitting on one side and thinking quietly, saw Xuzhou walking by and asked, "How is it?"

"I know who your opponent is."

"Who?" Tang Yan was a little curious, because several of them had not been selected, and the three of New Moon City had not arrived yet, so he knew that he was facing the three people of New Moon City. But the specific three people are still completely unknown at present, just vaguely, as if they feel what is going to happen.

"I don't know what's going on. Your luck is so good. It turned out to be Li Tian. It seems that your game should be very stable this time."

"Idiot." Qiang Wudi was also sitting aside. After seeing that his opponent was Feng Tianling, the expression on his face was obviously not very happy. He should think that this guy is his opponent and he has no qualifications at all. , Because when dealing with Feng Tianling before, it was too easy, I didn't feel the pressure this guy put on him at all.

At this moment, hearing Tang Yan and Xu Zhou sitting next to him, they said such a thing, my heart suddenly became very upset.

"Captain, what do you say?"

"What is the strength of this guy Li Tian? At present, we really don't have any clues. We don't know whether the previous rumors are true or false. But you must know that this young man is definitely not that simple. Yes, if he doesn't have that strength, he might stand here? Would Bai Xiaosheng and Chai Lei value this young man that much?"

Hearing Qiang Wudi's words, Tang Yan felt a little pressure again.

But still comforting myself in my heart, maybe my current strength is just a little stronger, not as powerful as I imagined.

"But you don't need to be particularly nervous. Maybe the rumors are really just rumors. Those who can see through the 36 celestial steles of the Shuiyue Sect in a few days, look at the entire God Realm, but only a few people. , I don't really believe that Li Tian can do this." Qiang Wudi squinted his eyes, Li Tian's current performance is indeed very terrifying.

The feeling this young man gives them is really incredible.

At such a young age, he can easily see through the thirty-six celestial steles in such a short period of a few days. This kind of strength is not something that everyone can have.

If Li Tian were to do it, then the strength of this young man would really be terrifying.

"Captain, if I deal with this guy, don't I have any chance of winning?" Hearing this guy's words, Tang Yan is really nervous now, and I don't know what to say.

On the other side, Li Tian looked at the list in his hand, and the corners of his mouth rose slightly. He looked at Ningbing next to him, and said, "Look, sometimes people's luck is really good. I always think about how to deal with it. As for this guy, I really got what I wanted now. Now let's see how strong this guy is and have the courage to challenge me."

Ning Bing smiled. The opponent in his hand didn't seem to be a very powerful master. It was just a person with no strength in another main city.

It was just barely enough to qualify for the Ten City Conference.

"I also really want to see what the strength of these people is, and they came here to challenge me." Li Tian snorted, then came to Nanhuangren's side slowly and took a look. Qiang Wudi said, "It's a pity that I didn't meet you this time."

"It's a pity indeed. I thought my opponent would be you this time, but now it seems that my luck is not very good. I haven't met you as a guy." Qiang Wudi also looked up and looked. Looking at Li Tian in front of him, he frowned uncomfortably and said.

"But, I'm still very lucky. Didn't you say that you have to challenge me all the time? Now I really want to see who of us is stronger. If you choose to challenge me, I will come. Let you see my strength." Li Tian sneered, turned around and looked at Tang Yan beside him, and said disdainfully: "I hope you are in this game. Don't let me down. Let me see what your so-called master's strength is."

Tang Yan was a little nervous at this time, and glanced at Li Tian in front of him.

He is really uncomfortable.

If I said that I was still vowing before, but after hearing what Qiang Wudi said, I don't know why, and suddenly I no longer feel the relaxed feeling before. It's also very easy to look at Li Tian in front of me. She looked nervous and didn't know how she should be.

"Don't pretend here. Do you think we are really afraid of you? Isn't it just a good fight in this game? Come on, try to see who of us is the strongest." Before Li Tian was so arrogant, Xu Zhou couldn't help but say a word.

Tang Yan thought for a while, if he just admits it, maybe Li Tian really thinks he is very bullied.

Ever since, I also stood up and said seriously: "Come on, give it a try, which one of us is stronger, if it weren't for your reputation in the God Realm during this time, you thought I would be afraid A guy like you? I'm afraid that those people don't even know how strong your guy is, it's just nonsense."

Li Tian smiled and squinted: "Yes, maybe it's just a rumor. If you are afraid of even a rumor, it will make me look down on you. Let's try this time. Who is the one of us? The last laugh."

"Then give it a try." The more Tang Yan said, the more he felt that his whole body was full of power.

Qiang Wudi on one side saw the two men at their swords and snorted coldly, "I'm waiting for you to reach the last level and become my enemy."

"I'm very scared, you guy will not be the last." Li Tian also sneered and retorted.

Of course, he has no good feelings about these people from the Southern Wilderness. If he just ran over to provoke him before, it would not be a big deal, but Xu Zhou and Tang Yan are such things, they dare to run to Li Tian and pretend to be B And also molested Ning Bing in front of Li Tian. If it wasn't for this time that he didn't want to expose his strength, when he was in the shop, Li Tian would have easily killed these guys.

Chapter 5655: Stage

Although there are too many harsh words, in fact, in Tang Yan's heart, he still has no confidence. why?

Because Li Tian is really powerful. If the rumors are not wrong, this is one of the rare geniuses in the past ten million years. It can even be said that looking at the entire history of the gods, it is difficult to find Li Tian like this. The decision genius.

In just a few days, you can see through the entire thirty-six celestial steles. Many people have been fortunate enough to witness the contents of the steles that day. It is really not anyone who can see clearly.

It takes a long time for most people to understand the content on the Tianbei stone.

But the rumored Li Tian, but in just a few days, he easily solved this problem. This strength is not something that anyone in the gods can achieve. If this is true Then, Li Tian in front of him is really a terrifying and extremely terrifying opponent. For Tang Yan, it is also a very important challenge in his life.

It takes too much effort to fight against such a master.

Of course, it is not necessarily true. The content of these rumors is true.

The only thing Tang Yan is looking forward to is that Li Tian in front of him is really what they imagined. Everything he said is just a rumor in the rumors. The real fight is actually not that difficult at all.

But obviously this is a little bit unreliable.

Wearing a white robe, Bai Xiaosheng, who still looks weak in writing, walked slowly step by step, squinting at the few people in front of him: "Now you are all determined, ready to go on stage, hurry up Prepare well. Don't wait until the meeting is up. You are not ready yet. If you are ashamed of this game, it's funny."

Li Tian squinted his eyes and looked at Tang Yan in front of him, with a touch of disdain in his tone: "Since everything has been said, let's fight honestly. If you fail, don't be discouraged. After all, the two of us are not here. At the same level, it is actually quite normal for you to lose to me."

Tang Yan was very angry. He felt that Li Tian looked down on himself.

But I couldn't find any suitable reason to refute Li Tian in front of him. Just as Li Tian said, the two of them were not at the same level. In Li Tian's eyes, Tang Yan in front of him was really not. No matter what, it doesn't take long to deal with this guy. For Li Tian, it doesn't take long to beat such a guy.

But let Tang Yan deal with Li Tian in front of him, the result is a bit difficult.

If the rumors are really true, then the combat effectiveness of Li Tian in front of him may not be what a small character like them can imagine, and according to Qiang Wudi's previous speculation, Li Tian still has not eaten the cloud. Ducao, which means that he still has a high chance of improvement. If he eats Yunducaao, his strength may be even higher in the next few days.

Such a constantly changing opponent is an uncomfortable problem for anyone. If you don't take this problem to heart, you will suffer this bitter fruit sooner or later.

Qiang Wudi slowly stood up. He stood up as tall as Li Tian's height. At this time, he calmly looked at Li Tian in front of him, and then showed a calm smile: "You are so lucky, but it's a pity We can't fight right now, or I will tear your mouth to see if you can still be so arrogant in front of me without this talkative mouth."

"I also really want to step on trash like you to see if the so-called strong people of the Southern Wilderness are really that powerful, but it seems to me that it is not as powerful as I imagined." Li Tian also smiled disdainfully. Although the Qiang Wudi in front of him was tough and indescribable in many people's minds, in Li Tian's mind, he was not as scary as he imagined.

Li Tian still has a lot of self-confidence in himself, and now he still has a very powerful trump card in his hand.

If you can grasp this opportunity well, you can instantly improve your grade by a big margin.

After all, an immortal grass like Yunducaao is something that can be encountered but not desired for many people. If Li Tian swallows such an immortal grass, his strength will definitely be greatly improved.

Li Tian and Tang Yan also followed Bai Xiaosheng at this time.

Seeing that these two men were ready, Bai Xiaosheng nodded in satisfaction: "I want you to be in this state and show your best level to deal with this competition. Don't think this. It's just that you don't need to work hard at the beginning of the game. You can't see clearly whether your opponent is strong or not. It's best to go all out during the game, lest you miss your chance."

I don't know if this is a reminder to Li Tian or a reminder to Tang Yan.

But all in all, since Bai Xiaosheng said so, it is to let the two of them pay attention to this place in this game. You must not choose to have reservations at this critical time. After all, the enemy is constantly changing. If you are always the same, you may fail without waiting for you to show all your strengths.

In this way, it is indeed a pity for many people.

Ning Bing quietly stepped forward and whispered: "Be careful, the people of Nanhuang are not only barbaric, but the same methods are also very crazy. Don't get hurt in the fight with this guy."

When Li Tian heard this, he felt that his whole person was about to be shocked. This is really a scene that has been missing for a long time.

I don't know how long I haven't heard Ning Bing talk to him like this. Now that he is still so worried about telling himself, Li Tian instantly feels that his whole strength is burning: "Don't

worry, with your words, I Now I feel that all my blood is boiling. This time I won't just fail in this game. After all, I am a man who is going to enter the finals."

"Don't blow the cowhide. I don't want it. I will be the only one who will enter the finals." At this time, Feng Tianling, who had not spoken, spoke, with a strange voice, which made Qiang Wudi feel a little bit. the difference.

After all, Qiang Wudi was also a powerful expert. Hearing Feng Tianling's voice, he immediately realized that this guy had a completely different change from before.

As for what the difference is, it is hard to explain.

Chapter 5656: voice

Li Tian and Tang Yan followed Bai Xiaosheng and walked slowly in the narrow corridor.

In this long and narrow corridor, they could feel a weak air current gently stroking their cheeks, just like a pair of soft hands stroking their bodies.

Li Tian also felt that his body was involuntarily relaxed at this time.

This long and narrow corridor seemed to have no end, allowing them to walk for a long time.

However, as they got farther and farther behind, they could also hear fierce calls coming from outside, all of which were the expectations and excitement of the audience.

The Ten Cities Conference is a rare event for many people.

Here they can see many strong people show their full strength, of course, they can also rely on this to slowly change their own practice methods. Of course, the success of these people also represents a style. If they learn their style, Maybe it will bring one's own strength to the next level. This is also something that many Sanxians are more interested in. Therefore, every Ten Cities Conference has a lot of audiences.

On the other side, what moved Li Tian the most was that he heard the voice of someone cheering on him.

This is undoubtedly the biggest change for Li Tian during this period. When he usually participates in the competition, the most heard voice is the voice that devalues himself, as if the whole world is his own enemy.

It seems that the whole world is full of sunspots, and it's like sunspots who hacked themselves.

But today.

In Tianqi City.

Li Tian finally felt a completely different atmosphere. I don't know how many spectators there are in this arena, but the sound of waves resounding like waves is enough to prove that the spectators are better this time. Any one of them imagined that there was so much more, and it might even reach the one with the most spectators among several competitions in recent years.

"This time there were a lot of spectators who came to watch the game and almost filled the entire arena. In addition, the capacity of this arena is about 20,000 people. You can imagine how many spectators there are here." When the two people behind were excited, Bai Xiaosheng's voice came

out at this time: "And every fierce and exciting battle will be recorded by us, which means that your battles are likely to become future generations. Many people watched the battle."

"In this way, if we can exert our perfect strength in the battle, it is very likely that we will spread through the ages and let many people know our name?" Hearing Bai Xiaosheng's words, Tang Yan's expression immediately Became excited.

The most exciting thing in this world is that it has spread through the ages.

Of course, some people choose the good side.

Some people choose to be stinky forever.

But no matter how you choose, in short, you can make your name known to many people in future generations. This is what many people dream of. Make your name a familiar thing for many people.

As for Li Tian, his mood at this time was not so good.

It's good to spread through the ages, but it also means that for a long time in the future, you may be studied your own combat routines by others. In this way, every time you deal with the enemy, you are always in position. A disadvantaged position.

After all, you know nothing about the strength of your enemy, but what your enemy knows about you is completely beyond your imagination.

Of course, such a battle cannot be fair.

Bai Xiaosheng also felt Li Tian's emotions and said, "However, these materials are not available to everyone. People in later generations will only know that there was such a battle, but if you want to see such a video, it must A very heavy price is also to be paid. If you can win the top few places in the Ten Cities Conference this time, you will know what I mean."

Following Bai Xiaosheng's voice, they finally reached the end of this long and narrow corridor.

Sunlight slowly poured in along the exit, and an exit like a white light gate appeared in front of them, and from this exit to the outside, there was a burst of deafening cheers.

Tang Yan, who was very excited before, was a little heavy at this time.

Because among these cheers, almost not many people support him.

"These idiots, really think that Li Tian will be as powerful as the rumors? But let's forget it. Today I will use my strength to tell them that everything I see is false, and Li Tian is just a nothing It's just a level idiot." Now Tang Yan can only comfort himself with such a disdainful tone. After all, he can't change anything else.

However, Li Tian smiled lightly, then walked out with his head high.

He walked out slowly like a proud general.

The moment Li Tian walked out, the entire arena was boiling, and people naturally began to chant his name, so the entire arena was the voice of Li Tian's name.

Bai Xiaosheng smiled unpleasantly, and said, "I didn't expect you, a little guy, to be very popular."

"I think they may have all put their net worth on me. After all, if they lose to such goods, they will be completely different from the previous rumors about me. Since these people have already bet on me I don't want to lose in this game." Li Tian smiled helplessly and said lightly.

On the other side, Tang Yan's expression became even more ugly.

I thought you were looking down on me indirectly?

Bai Xiaosheng smiled, and naturally understood the meaning of Li Tian's words, but only smiled slightly and did not comment on this matter.

Want to make others value you?

Very good, show your own strength level, use your own strength to tell others that your vision is all wrong.

Just like Li Tian a long time ago, this guy does not have any supporters in every game.

The only difference is that Li Tian has now gone through this process and has received support from many people, but it seems that Tang Yan has not done this step yet.

Chapter 5657: Tease

Li Tian was so proud and walked into the arena.

The ground under the feet is all like a battlefield, but these grounds are very comfortable to step on. Coupled with the vastness of the ground, it gives people a feeling of almost fighting outside.

Of course, what surprised him most was the enchantment around him.

The surrounding enchantments are all enchantments set up by these powerful people. It can be regarded as a kind of withstand ability and its powerful enchantment. If they want to destroy the enchantment in front of them, they will not be so. It's easy.

Standing on this ring, Li Tian slowly exhaled, then slowly raised his right hand and summoned a fairy sword.

"Hey, what's the situation? Didn't it mean that in the previous battle, Li Tian had a very strange metal sword in his hands? How come a fairy sword was directly condensed today, is it going to be ready to use this fairy sword? Fighting?" Someone was surprised when he saw Li Tian's behavior and said that he was very unclear.

"Hey, can't you see this kind of thing? Who is the opponent? It is from the Southern Wilderness. It is said that the Southern Wilderness took the initiative to provoke the New Moon City, and Feng Tianling was defeated. Now the Southern Wilderness They were all very proud, thinking that they seemed to have a chance to win against Crescent City. Now that Li Tian stands up on behalf of Crescent City, he definitely wants to humiliate the people of Nanhuang, and they can't always make them proud."

"That said, the opponent this time is just a young man who is not very powerful among the Nanhuang people. Although the strength is good, it is still far inferior to Li Tian."

"Yes, yeah, after all, it's hard for Li Tian to find his opponent. A master like him should fight a guy like Qiang Wudi. It's a pity that Qiang Wudi was selected by the lottery this time. The opponent turned out to be Feng Tianling."

Many people expressed their views on this game.

But without exception, everyone was optimistic about Li Tian, and no one saw Tang Yan in front of him.

Tang Yan was very nervous and angrily stood opposite Li Tian. Seeing the teasing in his eyes, she couldn't help but courage and said, "You think you have won this way? Think so many people support you, just Won?"

"Don't you make me think that I can't beat you in the game? Which player do you think will not have the slightest confidence in himself when in the game?" Li Tian smiled helplessly.

"So many people support you, it really makes me envious. After all, I don't have so many support. But don't think that it's over. If you lose this game, you will suddenly fall. Altar, you have so many supporters now. If these people are all disappointed in you, it will be a big blow to you. I want to seize this opportunity now to let you know how good I am."

"Then you have to come on, I also really want to see how strong you are as a young man." Li Tian shook the fairy sword in his hand and said disdainfully: "And now I can tell very clearly. You, in this competition, I just want to humiliate you. I just want to let you Nanhuang people know that your level is very **** and you are not qualified to play B in front of me."

Tang Yan snorted, and slowly summoned a giant sword from his storage ring: "Come on, we have wasted so many tongues here, haven't we still not started fighting? Let me see how strong you are."

Li Tian laughed, holding a few spells in his left hand, and then threw it out.

The moment Li Tian threw these spells out, one could see that the spells in his hand lit up with a burst of red light. It turned out to be a few fireballs, suddenly rushing towards Tang Yan from several angles.

This is a very simple fireball technique, which looks aggressive, but it is easy to solve.

Tang Yan snorted, and said mockingly: "Do you think that a few simple fireball techniques can limit my steps? It's really stupid. Today I will show you what I am like. goods."

As he spoke, he raised his hand and waved his giant sword.

The moment the giant sword in my hand was swung up, I could feel a burst of sword aura bursting out. These fireballs were originally attacked from all angles, but in the next second, these fireballs were all absorbed to the same one. The core position then exploded in an instant, exploded like a ball of fireworks, and disappeared into the air.

On the other side, Li Tian's voice disappeared.

When Tang Yan was about to say something arrogantly, he found that someone had slapped his shoulder. After looking back at the past, he felt that a slap fell heavily on his face. There was really no chance at all. give.

After this slap, Tang Yan was going crazy.

He has never encountered such treatment before, and he never thought that someone would treat himself like this in a game.

This slap made him really have a little bit of circle.

I was a little overwhelmed just now. I had long forgotten that Li Tian had such a method. When Li Tian displayed this method, he could only be stupid now, and then flew out.

The cheers in the arena suddenly became louder.

And Bai Xiaosheng smiled at this moment, glanced at Chai Lei who was standing next to him, and said: "You can bear it now, but you also bear grudges. Although it's just a few small things for him, he actually These things are so important to remember, directly in this kind of place, insulting Nanhuang people in front of so many people, obviously wanting to vent all the anger they received before."

"Such a kid is called a real man. If he only knows forbearance and doesn't know the outbreak, what kind of man is he?" Chai Lei next to him smiled very satisfied after hearing this. What he values most is like Li Tian Personality, sometimes you can forbear it so that your emotions will not change, but sometimes it will directly transform into another appearance.

Just like now, because Tang Yan showed Li Tian's face before.

It's all right now. In the presence of tens of thousands of people, Li Tian wanted to embarrass Tang Yan in front of him, to let him be in front of so many people, so that so many people saw this guy's embarrassed look with his own eyes.

Only in this way can it be regarded as venting all of his previous hatred.

Chapter 5658: collapsed

Tang Yan hit the ground heavily, feeling that his body was about to fall apart.

This intensity of battle really seemed to him a little bit unexpected. He didn't expect that he would become like this. When he fought Li Tian just now, he knew that none of the things mentioned in the rumors were true. Really.

Li Tian is really great.

Otherwise, how could it be possible to use a very simple fairy sword to easily crush yourself into what it is now?

This is Li Tian's strength.

Just like the rumors, the combat effectiveness of this young man may be much more terrifying than many people imagined.

And now Tang Yan felt the terrifying power of Li Tian in front of him even more deeply.

Li Tian twisted his body and looked at Tang Yan, who was slowly rising from the ground, and said, "Looking at how you look like this, it's very embarrassing, right? It doesn't matter. Who told you Nanhuang people to pretend to be B like that? , I also pretend to be B to show you, in front of so many people, being bullied by me like a dog, this feeling must be hard for you to tolerate, right?"

"Li Tian, don't be too happy too early, the battle has not really started yet, do you think..."

'boom'

Before the voice fell, he heard a fierce explosion. In Tang Yan's chest, dozens of fireballs exploded instantly, just like a missile, and a cloud of black smoke appeared in front of him instantly. All of

the clothes were burned all at once, and the skin became directly scorched and extremely black, and the whole person looked like he was embarrassed.

In the waiting room for the players on the other side, several people all looked at the two people in the arena.

Many people didn't expect that Li Tian would bear hatred to this point. It was really too much to bully Tang Yan like this in front of so many people.

And Xu Zhou, with red eyes, looked at the ring like a ball. Tang Yan, who was bullied by Li Tian casually, couldn't help saying: "Captain, this Li Tian is really too much. How can he do this?"

"Do you really think Li Tian is the kind of young man who won't vent when he is angry?" Qiang Wudi is not surprised at all. From the time this young man became famous in the God Realm until now, I don't know everything that many people know. This young man is really not what they imagined. Many people think that Li Tian dare not do anything in many cases, but in fact it is just that Li Tian did not find a good opportunity.

Just like now, Li Tian has found a good opportunity.

It is to vent all the contempt that you have suffered before, and it is to let your enemies know that you are not a tiger that will not break out.

Tang Yan stood up slowly, then wiped the blood from the corner of his mouth, coaxing his eyes to look at Li Tian in front of him, his body swaying.

"What should I do now? If Tang Yan continues to fight like this, he may lose this match directly."

"This is not originally a battle of the same level. It is not a shame for this guy to lose this game. Li Tian is a master in the realm of gods. If he is a guy in the realm of gods, he can also fight against such a guy. The master has the power to fight, but it is really ridiculous." Qiang Wudi is still very calm, as if these two are not his teammates at all, in his eyes, he did not take this matter seriously.

However, he still watched the battle in the arena very seriously, but it was only because he had to observe carefully at this time to see how Li Tian's current strength was.

Many of the young people who have undergone the most weird changes in the recent period are in a relatively unclear state.

I don't know at all what the young man's changes are like.

Maybe you think you know this guy well now, but every time and Li Tian will use your own strength to tell you that your understanding of this young man is still very shallow, and the strength of this young man has changed more than many people imagine. There are so many terrible things.

"Then you can't just call him bullied."

"He draws lots himself, and he himself went up to find trouble before. Everything has a cause and effect. Since he was going to pretend to be B in front of Li Tian before, he has to think that one day he will become what he is now. , This kid is a kid who must avenge revenge. You run to Li Tian and pretend to be B. You also expect this kid not to take revenge, joking." Qiang Wudi laughed and said, "However, your mission is complete. , I understand a little bit about the strength of this kid."

"but....."

"No, please watch the game honestly, maybe next time you will be abused like this by Li Tian."

Ningbing stood on the other side at a distance, watching the game in the arena, and said: "Sure enough, his strength is stronger than before."

"The opponent is not as terrible as we thought. Therefore, this level of battle is not as terrible as we thought. Now I think Li Tian's current strength is terrible, but it is actually a very stupid idea." Feng Tianling Hearing the voice of Ningbing, he said calmly on the side: "It is better for us to maintain a calm attitude and look at the game this time."

"I think you are very jealous of Li Tian's current state."

"Am I jealous of Li Tian?" Feng Tianling glanced at Ning Bing next to him, and said with a sneer: "Perhaps my state did have some problems before, and it really made many people seem to be crazy, but now I am very sensible. I know that Li Tian is indeed very good, but if he wants to truly stand out from the crowd in this game, his current strength is obviously not enough."

"Hey, it seems that after a few days of retreat, your whole person has undergone earth-shaking changes."

"You will know soon, I am different from all of you, my talent is not as good as you, but this does not mean that I should always be mediocre. I will use my strength to tell you that I am no longer I am the one I was back then." Feng Tianling said calmly.

At this time, Tang Yan on the ring was almost unbearable, and the whole person was about to collapse.

He had fought with others many times before.

But I have never encountered such treatment before.

What kind of opponent is this? In such a large-scale arena, you actually insulted your opponent like this, and did not give your opponent a little respect at all?

Chapter 5659: Go west with one sword

‘Boom boom boom’

Fireball is not a fatal attack for Tang Yan, but it can continuously make a little scar on his body and make his clothes become tattered.

Tang Yan now looked as pitiful as a beggar.

He has not been able to determine Li Tian's attack very well, especially the method of Void Leap. He is still relatively new to this method, and no one has ever told him how to face such an opponent before.

At this time, I have been racking my brains, and finally guessed how to determine how Li Tian can perform Void Leap.

But later Li Tian directly used countless void leaping methods, and countless small fireballs exploded directly on the surface of his body, which simply couldn't react.

The gap between the two people's realm is too huge, just like two gaps, it can't be made up by one's own efforts and talents, nor can any tactics be changed.

Therefore, Tang Yan was already very weak at this time.

The whole person is standing on this arena, his body is constantly trembling, holding the giant sword in his hand, like a lone warrior, the giant sword is inserted on the ground, squinting at Li Tian in front of him, Gasping loudly: "I'm not convinced, why, why on earth is this, why can you be so powerful, why are you just a loose fairy, but more terrifying than us immortals?"

"You have to know that some people are born with talents, and some people are very powerful." Li Tian said disdainfully, shrugging his shoulders, and then stepped onto the money step by step. He glanced at Tang Yan who was still struggling on the ground: "Although this kind of offense is meaningless, you have wasted a lot of celestial power because you want to guard against my offense. Your current physical state has begun to be unable to hold on. Right?"

"Indeed, my body is almost unable to hold on anymore." Tang Yan can no longer continue to pretend to be B at this time, because he knows that he is only pretending to be B, and Li Tian in front of him is a real NB. He has been insulted. It looks like this, even if his stomach is full of anger, but facing Li Tian in front of him, there is really no way at all.

If you continue to speak harsh words here, Li Tian may make him more uncomfortable next.

"Please, let me go, don't torture me like this."

"Yo-yo-yo, you Nanhuang people seem to have always been very serious about yourself. It seems that you have always thought that your strength is very strong, and everyone is just **** in front of you. What's wrong? You are so proud. Nanhuang people, actually bowed their heads in front of me begging for mercy?" Li Tian said, his aura burst out in an instant, and his hostility was like a small knife, and he suppressed Tang Yan in front of him.

Tang Yan was going crazy. He had over-installed B before, and now he has to pay for it.

When Li Tian's aura was suppressed, his knees finally couldn't hold on to the pressure, and the whole person 'poofed', and Gui fell to the ground, shaking, supporting his body with his hands.

Li Tian slowly lowered his head: "Stand up."

"Please... please let me go, don't insult me like this."

"Insult you? No, no, no, I have never thought of insulting anyone. This is not like I am used to this person. I just take it seriously and enjoy this battle. I never thought of insulting anyone. What people mean, how can you say that to me?" Li Tian looked at me with a heartache, looking at Tang Yan at his feet, this guy's current mentality has completely collapsed.

Looking at him with red eyes, in the face of absolute strength, any effort is really wasted.

In addition, this guy is just an ordinary Southern Wilderness, with average talent and strength. In the face of countless adventures like Li Tian, he is very talented and has a hard-working opponent. Of course, he has no chance of winning. .

What's more, there are still many treasures in Li Tian's hands that he hasn't called out. Even if there are any treasures in Tang Yan's hands, he can't reverse this battle.

What's more, there is no such thing in his hand, and now he can only rely on himself to beg for mercy to let Li Tian let go.

Li Tian slowly raised the fairy sword in his hand and said, "But I have been fighting for so long, and I really feel that my body is getting tired a lot at this time, since you are not interested in continuing to fight. , Then it ends like this."

He directly entered the state where his heart was still in the water, and then the fairy sword in his hand swung lightly.

Sword Qi is like an awakened Canglong. Many people can see at this moment that a lifelike Canglong appeared behind Li Tian. Then, this Canglong and Sword Qi merged together. That huge body, He slammed into Tang Yan's body in front of him, like a huge hammer, hitting this guy's body.

Tang Yan, who had no morale in the first place, flew out and spewed out a mouthful of old blood.

"Trash." Li Tian muttered disdainfully, then turned to look at the referee behind: "Can I end the game now?"

The referee was about to fall asleep. I thought that after playing for so long, the match could be ended as soon as the match was played, but it was only because Li Tian wanted to humiliate the Nanhuang people, so he never fought seriously. Like playing around, he has always bullied his opponent as a ball. This is probably the first time that Nanhuang people have been insulted like this in so long.

As for the referee, there is really nothing to watch in such a game, he is about to fall asleep.

After hearing Li Tian say this, he slowly opened his eyes, and then stood up excitedly, wishing to use one second to directly end this game: "Now I announce, the first game The winner of the New Moon City team is Li Tian!"

The audience in the whole arena cheered.

Many people really put all their wealth on Li Tian's body. Not some people, like Tang Yan, think that all the rumors about Li Tian before are false.

They really knew that Li Tian's strength had no problem with Tang Yan.

So after Li Tian's victory this time, I don't know how many people are happy.

And Li Tian smiled at this time, turned around slowly, and passed towards the exit.

Chapter 5660: second round

When Li Tian walked down from the ring step by step, he really felt it for the first time. It turned out to be such a wonderful feeling. So many people supported you and yearned for your victory. For him, there is no doubt. It's a kinder feeling. Only at this time can I really feel that standing on this ring is really participating in a game.

At this time, Tang Yan in the arena also lay on the ground all of a sudden, exhaling deeply.

Although his body has become extremely fragile now, all large and small wounds are challenging his endurance, but at this time he can finally relax. The whole person has been in fear before, and he knows that he is not Li Tian. Opponents are even more worried about putting himself in deep danger in this kind of battle, and it is still difficult to reverse the situation.

When fighting with Li Tian before, I also really felt the strength of this person, which was really terrifying.

At this time, when the game is over, all the thoughts in my head have disappeared. Facing such an enemy, it is very good to be able to survive the battle.

Although injured, it is not a serious injury. It is better than losing a small life.

This is still to be thanked. Although Li Tian vented his anger, he had not thought of letting him die, otherwise Tang Yan would have died early.

At the exit of the arena, Chai Lei and Bai Xiaosheng both had unexpected smiles. Seeing this young man walking step by step, Chai Lei spoke first: "Sure enough, we still did not disappoint. Today, you really slapped Nanhuang people so hard to let them know that you are also very temperamental, but you haven't taken the initiative to do these things before."

"My personality is like this. I won't say many things that happen, but I will remember clearly in my heart. Since Qiang Wudi dared to make trouble with me before, I must be ready to be found back by me." Li Tian smiled indifferently, patted the dust on his body, and glanced at Bai Xiaosheng: "Three hall masters, how was the investigation done before?"

"The murderer is very clever, or it is very likely that he is also a master who is above us. We have also tried to find this guy's flaws during this period, but ultimately ended in failure. Up to now, we have not been able to catch one. A little handle."

Although Li Tian has been cultivating very hard these days, there are still many problems in his mind that have not been solved. The contents of the previous ancient books are now unknown, but he dare not really. He opened this ancient book and read it. He was worried that as long as he took this thing out of the box, it was very likely that the mysterious person who had done it before would notice that the thing was in his hand.

According to the old man's previous description, the degree of preciousness of this thing may really be extraordinary.

Moreover, he later studied the box in which this ancient book was stored with Ningbing and the remnant soul of the ancient gods. So far, he has not figured out what kind of material it is. After a long time, yin will still be excreted from it. They can say that there is nothing special about this box, just an ordinary box that can no longer be ordinary?

Such an answer is definitely inappropriate and irresponsible.

If it were just an ordinary box, then the mysterious person would have known where the ancient book was very early, and had already come to the door on his own initiative.

"It seems that the local people force us to imagine that it is even more difficult to deal with. Tianqi City has always been the proudest place of Dragon Tiger Hall. Here your power can be exerted to the extreme, but even so, no murderer can be found. Said that the murderer's hands and feet in this respect are indeed very powerful, so that he is perfectly hidden in the darkness, and there is no way to find it."

"Well, you don't need to continue to talk so much here. Who doesn't know what you mean by saying so much now? Today's game was very interesting, and the spirit of Nanhuang people was seen a bit, but Don't be so proud of yourself. You have a long way to go next, and your opponents may be more difficult to deal with than you think." Chai Lei saw the excited and proud look on this guy's face. I knew that Li Tian should also be proud and confident in himself.

This is not a benefit for the next game.

It is a good thing to be confident, but if you are overconfident, you may become arrogant, especially when Li Tian is like this, it is extremely dangerous. If you can't control your mentality well, you will inevitably pay some price.

"I still have to thank seniors for reminding me, but I have my own opinions on this matter. I think the next game will be very difficult, but it is too early to deny my strength so early, and I will work hard. , I will definitely not disappoint those who support me." Li Tian said lightly: "As for the boss's matter, I am very uncomfortable. Maybe this matter was caused by me, but so far, I am very It's hard to find a solution."

"You don't have to feel guilty anymore. This matter may have something to do with you, but even if you intervene in it, you may not really be able to help. After our investigation these days, we have discovered more and more that this person The strength of is really terrifying to the point where the machine harms people. It can let us take a guy who has nothing to do. The strength will not be as simple as it seems on the surface." Bai Xiaosheng also said a few more words without hesitation.

"The second game is about to start. It is a battle between Feng Tianling and Qiang Wudi. You are not going to stay and watch?"

After hearing the reminder, Li Tian just remembered that now Feng Tianling and before should have a feeling of being unclear.

He didn't know that this guy had happened to LeEco in just a few days, but what he knew, this time the game might become very interesting: "I'm a member of the New Moon City team, since it's us Of course I want to watch the battle in the team, but now I don't think that something interesting will happen."

"Hehe, things in this world are ever-changing, maybe this time the game will really surprise you and I can't say it." Bai Xiaosheng said thoughtfully.
