

## A Killer 5671

Chapter 5671: Ask

In the small courtyard, it looked like a small garden.

There is a very narrow path at their feet, and they can barely let two people pass side by side. The front is a few black demon forbidden forces to open the way, and the back is also a few black demon forbidden forces to protect. It was terrifyingly tough, but it was like an emperor who carried many powerful guards with him.

If a \*\*\*\*\* emperor-level character has to rely on the help of others to be able to deal with the enemy, then it might really make people laugh out loud.

The group of people moved forward slowly, and Li Tian had found out the small courtyard clearly along the way. Although the City Lord's Mansion is like a small courtyard, the area is actually quite large, at least like the Emperor Beidou. There is no problem with the identity of sitting here, and the decoration of this yard is also full of very western style.

After the Emperor Beidou entered the courtyard, he became very silent and didn't say anything.

As for Li Tian, looking at this strong man, he was trembling without saying a word.

In this way, following behind the Big Dipper God Emperor, he soon came to the room in the courtyard.

The Emperor Beidou pushed the door in and glanced at Li Tian: "Come in."

Li Tian did not respond, and then entered the room.

The Emperor of the Big Dipper slowly closed the room. The outside was full of the Black Demon Forbidden Army, and coupled with the prohibition he personally displayed, it can be said that it is quite difficult to know what was said in it.

Inside the room is just like an ancient palace, with everything available, and you can even see a lot of luxury goods, coupled with the technology created by these immortals in the God Realm, it is really different.

The Emperor Beidou sat down at the table, squinted at Li Tian in front of him, raised his hand and touched his chin: "I really didn't expect that you, a young man, would come to participate in the Ten Cities Conference this time. , I didn't expect that Luoyang City's wanted for you would end inexplicably like this. I am curious, did the Zhuge family see something about you and would like to help?"

"I don't know about this kind of thing. Why did the situation change like this?" Li Tian didn't sit down, but looked at the Emperor of the Big Dipper in front of him seriously, and he was also cautious when he spoke. Dare to expose a little bit of flaws, otherwise the Big Dipper God Emperor in front of him will most likely see a little bit of problems from it.

"Do you know what happened to Shuiyue Sect before?"

"I participated in it, but I know very little. If you want to get any news about that matter from me, I think you might be disappointed. I can't tell you. What's more useful." Li Tian gave a helpless smile

and looked at the Big Dipper in front of him seriously. At this time, he had completely transformed into the legendary Hollywood movie emperor, looking as if he were real.

The Emperor Beidou did not speak in a hurry, but looked at Li Tian in front of him so seriously.

Looking at him, I really want to find some useful news from Li Tian's face.

However, Li Tian is also very smart, knowing what the Big Dipper God Emperor wants to do, he can only continue to disguise this appearance very seriously, so that the Big Dipper God Emperor in front of him will know that he is telling a lie.

The two were silent like this, as if there was nothing to say at this moment.

After a long time, the Big Dipper God Emperor appeared with a helpless smile and said: "I originally wanted to learn some news from you, but now it seems impossible."

"A lot of things that happened at the time, even I was kept in the dark. I didn't know what I did until the matter was over, but if I wanted to regret it at that time, it didn't make much sense." Li Tian said with a face. The expression of helplessness and sadness looked like a hurt young man. This guy is now playing the emotional card.

The Emperor of the Big Dipper in front of him is still a figure who has been in the Holy Land for so many years, and he is also a very powerful old dough stick.

Maybe he was just a simple small flaw, but on the side of the Big Dipper, it might be very obvious.

So what Li Tian needs to do now is also very simple. It is to play an emotional card to make the Big Dipper think that he is also a victim in this matter. In this way, the problem can be easily solved. As long as the Big Dipper God Emperor in front of him doesn't think too much, the problem can be easily solved.

"You don't need to be too sad about this kind of thing. After all, you haven't lost anything now, at most it's just a little more trouble." The Big Dipper God Emperor still did not choose to believe in Li Tian in front of him. He had already heard of this young man. He has a very good brain, and he is a well-known young man in the city. If he chooses to believe in Li Tian like this, he still doesn't know what will happen.

At this moment, squinting his eyes, looking at Li Tian in front of him, and said: "But the problem now is that you still have a lot of troubles, it's hard to deal with."

Li Tian knew what he meant by this sentence.

The Commandment Hall didn't get the baby at the beginning, and I always wanted to know where the baby was. In addition, now the Commandment Hall was separated from the Shuiyue Sect. Very hurtful thing.

So now the precepts hall is going up and down, everyone wants to catch Li Tian.

I just want Li Tian to tell all the things that happened before and expose Murong Ziqing's conspiracy. In this way, the gods will set their goals on Murong Ziqing's body. , And their commandment hall can also use this opportunity to return to the Shuiyue Sect.

After all, it is still good to have a large sect. Many resources are much more convenient than they thought.

Being expelled from Shuiyuezhong now, the precepts hall that has become accustomed to this kind of life naturally cannot accept it.

Even a few \*\*\*\*\* emperors know that there are too many people who want to kill Li Tian now, and even they can hardly help Li Tian in this matter. Not everyone hopes that Li Tian can survive.

Such a threatening young man, I don't know how many people want to kill this guy.

So Li Tian now has many problems, but there is no good solution.

Chapter 5672: excitation

The Emperor of the Big Dipper slowly tapped the table, smiling at Li Tian in front of him. It looked like a harmless smile of humans and animals, but it always made Li Tian feel strange.

It was as if, standing in front of the Big Dipper God Emperor, everything on his body was seen through.

"I can only choose to survive this situation. I don't know why I suddenly became like this. There are many people in the entire God Realm who want to kill me. He is a very kind person." Li Tian looked helplessly at the Big Dipper God Emperor in front of him, shrugging his shoulders: "But since things have become the way they are now, I think maybe it will get better later."

"Well, although I really want to help, but in my capacity, I want to solve this kind of thing, but it's not that simple. Everything needs you to solve this problem." The Big Dipper sighed, said: "You know that when you are in my identity, many times you are involuntary. If you change to the previous one, I can still help you, but now..."

"This kind of thing doesn't need you to do it yourself. Although it's tricky for me, it's also the best opportunity for me to grow up. If they keep coming to me in this way, maybe it's the opposite. It will make me grow faster. Maybe one day, my strength will be enough to silence all my enemies." Li Tian said seriously, looking at the Big Dipper in front of him.

The Emperor of the Big Dipper also looked at Li Tian in front of him seriously at this time, and then showed a helpless smile: "You young man, as expected, it is the same as what they said, if you really want to be yours. If you are an enemy, you must kill you as a young man as soon as possible, otherwise the problem will become serious when you slowly grow up."

What the Beidou God Emperor said was also what many God Emperors thought.

There was no problem with the growth of this young man, but then Li Tian suddenly got close to the forces on the side of the Emperor of the Big Dipper. Such a young man has unlimited future prospects.

Therefore, many people are very unfriendly towards Li Tian at this time.

"There is no way, I myself survive in the cracks. If I don't have to let them know how good I am, maybe how much trouble will come to my head in the future. I am definitely not in this kind of thing. If you want to see it, you must solve this problem in advance." Li Tian smiled helplessly, knowing that his current situation is very helpless, but he can only choose to go on like this.

"I believe you, young man, will give us great surprises. From before to now, your growth has exceeded many people's imagination."

"With your words, I feel that all my blood is boiling at this time." Li Tian said, and then looked at the Big Dipper God Emperor: "Besides, what else do you want to ask? me?"

"As a strongest man in the lower realm, it is very difficult to survive in the \*\*\*\* realm, right?" The Big Dipper God Emperor squinted his eyes, looking at Li Tian in front of him, and asked.

From the beginning to the present, the expression on Li Tian's face did not show anything, as if he hadn't heard anything. He just faintly returned: "What is the strongest in the lower realm? I don't know what this means."

"Whether you know it or not, but I want you to understand a little bit. I know you are the strongest in the lower realm. Many \*\*\*\* emperors probably know this too." The Big Dipper \*\*\*\* emperor squinted his eyes and looked before him seriously. Li Tian: "These guys have not known how many times they have dealt with the strongest in the lower realm, so it is very easy for them to judge whether a person is the strongest in the lower realm."

'they? Could it be said that the Big Dipper God Emperor has no interest in the strongest of the lower realms? Li Tian narrowed his eyes slightly, looking at the Emperor of the Big Dipper in front of him, not knowing what this sentence meant.

It is said that these \*\*\*\* emperors have a unique way of distinguishing the strongest from the lower realm.

But obviously, the Big Dipper God Emperor did not count himself among them.

"I am not interested in the strongest from the lower realm. Although the strongest from the lower realm can bring me great benefits, it doesn't make much sense to me." The Big Dipper snorted and looked at Li Tian in front of him. , Said: "You have also seen that my Dark Demon Forbidden Army is all trained by many talented teenagers. Although everyone is not comparable to the strongest of the lower realms, these people have their own independent will to deal with your opponents. of."

"Although I really want to thank the Lord God Emperor for reminding me of these issues, I am not the strongest person in the lower realm." Although the Big Dipper God Emperor in front of me sounds like he is not joking, he is already nervous in the entire God Realm Li Tian, who is allergic, doesn't want to continue investigating this matter at all. He doesn't want to let others know that he is the strongest in the lower realm.

"It doesn't matter, but you have to remember one thing. When facing these \*\*\*\* emperors, you must behave naturally. If they see that you are a little nervous, you may know your identity. The same , It's best to avoid exposing your strength very close in front of them. In your current realm, some of the energy in your body about the lower realm has not been completely absorbed. If you show your strength very close to them at this time , They can easily know your identity." The Big Dipper God Emperor knew that Li Tian would not admit it.

In other words, no one would admit it at this time.

At this time, I admitted that if the Big Dipper God Emperor really didn't have any malice, then there would be no problem.

If the Emperor of the Big Dipper had previously only deceived Li Tian, then Li Tian might have been hit by this, and it might be a very serious problem to greet him.

Li Tian smiled and said, "It doesn't make much sense to me. I am not the strongest person in the lower realm. If these gods really see me as a young man, they want to treat me as a young man. If people take action, then I have nothing to do. I don't think the \*\*\*\* emperors will get to such an unreasonable place."

"Before the quarterfinals, you hadn't seen anyone else, but these days, you can be careful of those guys in the Shuiyuezhong Commandment Hall. According to the information I got, many people have been lurking in Tianqi City for a long time I lurked in before."

Chapter 5673: Underestimate

Li Tian's expression slowly became serious, and he whispered: "Did the Commandment Hall act so quickly?"

"Even after we determined the location of this Ten City Tournament before, they were already preparing to deal with you. The determination of these guys to kill you is quite terrifying, and they won't leave you a little bit. The odds are good." The Emperor Beidou looked at the a little nervous Li Tian in front of him, and said, "So I tell you to be careful these days, and if possible, avoid going out as much as possible."

The place where Li Tian is now can be described as heavily guarded, not only the soldiers of the Crescent City, but also the guards of the Tianqi City.

And there are other masters around the yard, if something really happens, these people can also help out the first time.

Of course, all this is in their conjecture.

The enemy's methods and strength are still unknown at present, maybe the enemy can really easily bypass these people.

"Thank you, Lord God Emperor, for reminding me that I will pay more attention to this matter, but if the other party really insists on killing me, I think no matter how careful I am, they can find flaws in my every move. Here, instead of doing this, it's better to get ready for the battle and fight with them to see who is the final winner." Li Tian squinted his eyes and said with a smile.

The Emperor Beidou looked at him, nodded in satisfaction, got up and patted him on the shoulder: "Very well, I may not stay in Tianqi City these days. What happened in the shops before was very weird, and now it's a payment. Di Sheng didn't find any clues either."

"It's a pity that I didn't know what happened at the beginning. If it weren't for the Second Hall Master and Third Hall Master to come to me for questioning after that incident, I don't even know that such a terrible thing happened after I left. , The old man is kind to me, but I didn't expect such a thing to happen so soon, which made me regret not staying for a while."

"Maybe the opponent himself appeared in the shop because you were there. If you were still in the shop at the time, you are now a corpse." The Big Dipper God Emperor in front of him said with a serious face: " Well, since you don't know anything, go back and rest early. I know that every time point is very important for you players who participate in the competition. Prepare for the game and deal with the next game."

"I know, don't worry, I will go all out for the next game."

"I believe you have this determination. Now Feng Tianling seems to have lost this match. Only you and Ningbing are left up and down in the entire New Moon City. Can you two be here this time? Winning in the game is of great significance to many people, and it is also a very important thing for us in New Moon City, so I hope you two can pay attention to this matter."

Li Tian and the Emperor of the Big Dipper said something more, most of the time the Emperor of the Big Dipper was asking Li Tian some things.

In the past, he thought that these \*\*\*\*\* emperors were all aloft, and he simply looked down upon himself, who was only in the realm of gods.

But after seeing the Emperor of the Big Dipper, Li Tian realized that his ideas were simply wrong. , The Emperor of the Big Dipper didn't even mean to look down on Li Tian at all. On the contrary, he also had an urgent desire to support the young man in front of him.

It's a pity that Li Tian is not his own apprentice, otherwise he would have already figured out a way now to make Li Tian even stronger and more promising than he is now.

Looking at the somewhat intelligent young man in front of him, the Emperor of the Big Dipper really likes such a young man more and more.

Of course Li Tian didn't know what the man in front of him was thinking. At this time, he was still focused on everything he was going to face next.

After talking for a long time, he left the room of the Emperor Beidou.

Who would have thought that he had just left the room and had not walked a few steps before seeing another guy, who turned out to be Qiang Wudi, who thought he was going to rest after the game, but he did not expect to appear here.

Qiang Wudi was also proud of the spring breeze, as if there was something good.

But after this guy saw Li Tian on the road, the expression on his face became unsightly: "Why are you here?"

"I still want to ask, why are you here?" Li Tian squinted his eyes and looked at Qiang Wudi in front of him, and said mercilessly: "I have been together with the Emperor of Beidou. I've never heard the Emperor of the Big Dipper want to summon you, what do you mean by running here?" He said with a sneer on his face.

And Qiang Wudi here can obviously be heard. In Li Tian's words, it is clear that he is underestimating himself.

He snorted at the moment: "This is just your side words, can you make others believe it? And even if it is true, what does it have to do with me? If it weren't summoned by the emperor, would I appear here? You are just a mere distraction. It is really a big problem to appear here. I learned about the news yesterday. I think you sneaked in secretly, right?"

As Qiang Wudi spoke, he directly summoned the black iron rod in his hand, and then stared at Li Tian.

Li Tian's expression on this side also became extremely serious. Hong Zhan would be summoned at any time. He knew that the strength of the guy in front of him was very unusual. If he really started, maybe the one who started. , You can occupy half of the odds.

But if you want to come to such a place, the possibility of the two of them fighting is very small.

Although there is still some distance from the room, I believe that the Emperor of the Big Dipper discovered early on that the two people who were in conflict here. The reason why they haven't shot for so long is probably because they want to see what happens to the two young people. Let's deal with this matter.

After having this guess, Li Tian became very brave. He didn't have a summoning weapon, and he didn't wear a red wing divine costume. He just looked calmly at Qiang Wudi in front of him, like an idiot.

Anyone who is a smart person probably knows that in such a place, it is absolutely impossible for them to start.

But Qiang Wudi in front of him didn't seem to realize this at all. At this time, he was still arrogant, wishing to kill Li Tian like this.

Chapter 5674: He is a guest

"Huh, you guy is really funny. When facing me, he didn't take the time to be fully armed. I gave you the opportunity to summon your own equipment to deal with me, but it seems that you guy doesn't care about this. Things." Qiang Wudi said, narrowing his eyes.

Li Tian smiled: "You don't look at your current state. Although you successfully defeated Feng Tianling today, I think you also know very well how much of your own has been consumed in this battle. Strength, and what kind of injuries did your body suffer? Do you still naively think that in this state, you can still reverse this situation?"

He is really confident, and not to mention what place it is, it is impossible for the two of them to fight.

Even if there is an accident, the two of them are fighting here. It is quite difficult for Qiang Wudi in front of him to defeat Li Tian. After all, his current physical condition is far from enough to face Li Tian in front of him. .

The two men faced each other, and their aura slowly released at this moment.

It was like two tops colliding constantly, bursting with sparks.

And the Emperor of the Big Dipper, whom the two of them had always valued, did not appear at this time, and even Li Tian wondered at this time whether the Emperor of the Big Dipper was going to come forward.

In other words, this is the courtyard of the Emperor Beidou, and it is now his private domain.

It would be a shame to tell two young people to mess around on their own private territory.

"Very well, it seems that you are much smarter than Feng Tianling, but it doesn't matter. Even if there is no way to deal with you today, one day I will let you know how good I am." Seeing Li Tian in front of him, he was totally right. This kind of thing is indifferent, Qiang Wudi also smiled helplessly, then raised his hand, and put away the iron rod in his hand: "Since there is nothing more to do, don't hurry up and get out. The \*\*\*\* emperor is angry, can you afford it?"

"My business is not over yet. I really want to know if you guy is lurking in, so I want to stay here and look at you, lest you cause any trouble here. I have heard about Nan. The ridiculous people are

all reckless men, and they don't use their own brains to think about things. In case your brain gets hot at this time, and you do something bad, and I didn't stop it in time, it would be a small thing to kill you. , Making the \*\*\*\*\* emperor angry, but not good."

"Li Tian, don't be shameless. Although I am in a bad state, I don't need peak state at all to deal with goods of your level. I am like this, I can defeat you, believe it or not. ?"

"You can come and try." Li Tian's aura became even more terrifying, and his hostility was also released at this time. If Ningbing or other people familiar with Li Tian are here, you know that this guy is now He had truly entered a fighting state, once Li Tian entered this state of releasing hostility, the fairy power in his body began to become manic.

However, at the moment when they were at a loss, their hands fell on Li Tian's shoulders: "I am doing something here, is it because I, the \*\*\*\*\* emperor, is not in my eyes?"

Qiang Wudi bowed his body for the first time, and said respectfully: "Big Dipper God Emperor, I didn't want to be like this at first, but this guy constantly provokes me. I have no choice but to choose this way."

"Oh, is there really no way?" The Big Dipper sneered, looking at Qiang Wudi who was bending down in front of him, and said, "I know exactly what happened before, because you suspect that he didn't. Qualifications have entered here, so that's why you will have conflicts. Such things happen, right?"

The Emperor Beidou sneered and asked.

"It's really like this. This kid is just a loose fairy, and he doesn't count as a role in the God Realm. If it weren't for the few things that happened before that made him look different, who would put this guy out now? In the heart?" Qiang Wudi looked unconvinced, thinking that he and Li Tian are completely different concepts, and the \*\*\*\*\* emperor probably won't favor Li Tian.

After all, he is the representative of Nanhuang this time.

As for Li Tian, he was just a better-known Sanxian. Apart from that, there was nothing to compare with Qiang Wudi.

So Qiang Wudi naively thought that the Emperor of the Big Dipper would turn to him.

"What are you, but only a representative of Nanhuang, and Li Tian is my guest. Do you think the two of you are comparable?" The Emperor Beidou snorted and squinted at the Qiang in front of him. Wudi, =.

Qiang Wudi was also stunned for a moment, obviously he hadn't figured out why the Big Dipper God Emperor in front of him had such a high regard for Li Tian.

And Li Tian also sneered, patted Qiang Wudi's shoulder, and said: "Look at how you look like you are now. Do you think I'm really that good to bully?"

Qiang Wudi looked at Li Tian with a strange expression on his face.

As for Li Tian, obviously he didn't intend to waste time with this guy, so he patted his \*\*\*\*\* and left.

The Emperor Beidou glanced at Qiang Wudi and said, "Don't stand stupidly. You have to tell you something. Come with me."

After leaving the City Lord's Mansion, Li Tian was very surprised, why the leader of the Southern Wilderness would appear here, it is reasonable to come here by himself, after all, he is a member of New Moon City.

But Qiang Wudi's presence here is a bit contrary to common sense.

This guy is from Nanhuang.

According to the truth, it seems that it has nothing to do with the Big Dipper God Emperor.

But why, the Emperor Beidou told Qiang Wudi about his coming to Tianqi City last night, and he had to come here so quickly, there must be something Li Tian didn't know about it. Correct.

It's just that the Emperor of the Big Dipper didn't say anything, Qiang Wudi would definitely not tell Li Tian.

So he could only wonder in his stomach alone, but couldn't find anyone who could solve this problem.

However, after leaving the City Lord's Mansion, I learned that Ningbing's game was a big win, and it was really a complete crush of strength. The opponent did not last long in front of Ningbing and was directly relaxed. Was defeated.

Li Tian wasn't very surprised. After the Ningbing draw, he knew that Ningbing would definitely win the game this time, even if his strength hadn't reached the realm of gods.

Chapter 5675: Opportunity or crisis

After leaving the City Lord's Mansion, the suspicion in his mind was lingering.

In the past, if only Chai Lei and Bai Xiaosheng could not find any clues, now that Fu Disheng and the Big Dipper God Emperor are visiting Tianqi City, the strength of these two people is undoubtedly the existence of the entire gods.

These two people combined, looking at the entire God Realm, they all wanted a terrible force.

But these two powerful people seem to have no way to deal with this matter. This makes Li Tian very embarrassed now. He wants to know what happened to these people.

The Southern Wilderness was well connected with the money of the Emperor of the Big Dipper, and there must be some ulterior secrets.

After Li Tian returned to his room, the soldiers behind him kept guarding outside.

After this match, Situ Shangyan also rarely showed up, probably because of Feng Tianling's affairs. This guy is injured now, and it is estimated that he needs to be protected for a period of time to take care of him.

After returning to the room, Li Tian began to think about the contents of this box.

The identity of the person who killed the shop owner is definitely not ordinary, and the strength is definitely beyond their imagination.

Now that we can sense this ancient object, we can only say that this person's existence may be something that many people have not imagined.

After about ten minutes, his door was knocked.

After the game, Ningbing came to Li Tian's room for the first time, then took a serious look at him, and said, "I remember, the place in the dream seems to be in the realm of God. So far, there is a place that is very similar to the place in my dream. If I really want to go, then this time may be an opportunity. That place is not very far from here."

"You mean, we are going to leave Tianqi City while resting these days to find the secrets about this ancient book?"

"I'm just telling you what I know. As for whether or not to go, it's your decision." Ning Bing saw the worry in Li Tian's eyes, and said faintly, unable to judge from the tone. Her current mood, but still as cold as before.

"I know that you don't want to let such an opportunity be wasted in my hands. Feng Tianling has already lost this match, and the opponents I face are getting stronger and stronger. Wanting to beat them is not a thing. Very easy things." Li Tian smiled helplessly, looking at Ningbing in front of him, he felt extremely helpless in his heart. This kind of thing is also very difficult to deal with.

He knew what his situation was like now. In Tianqi City, he didn't know how many people wanted to attack her. If he left Tianqi City, there might be many enemies.

"Come in and talk." Li Tian decided to stay in the room with Ning Bing, and no one noticed what happened to them. Talk inside.

Ningbing nodded, turned around and glanced at the yard, then walked into the room and carefully closed the door.

Li Tian sat down, took a short breath, and squinted at her: "What do you think?"

"I have no idea."

"It's not good for you. I don't know how to deal with this matter myself. You should know this very well. Now the entire God Realm doesn't know how many people want to kill me." Li Tian looked before him. Ningbing smiled helplessly: "Leaving Tianqi City and looking for this secret, maybe we can find some clues, but if we can't find any clues, maybe we have to face terrible enemies."

"I know."

"You know, so give me some ideas at this time, at least tell me what you think now."

"Opportunities are rare." Ning Bing sat here solemnly and said seriously: "We don't know what exactly attracted that mysterious person, and we don't know when she can know where things are."

After listening, Li Tian nodded, Ning Bing's worries were not unreasonable.

Now they don't know what the identity of the mysterious person in the rumor is, or whether he has other ways to know whose hands the ancient book is.

If he can know, then maybe it won't take long before he will come to the door.

Rather than that, it is better to unravel the secrets in this ancient book directly now, maybe all things will be solved directly, without any worries at all.

This mysterious man made his shots fiercely, and he was extremely mysterious. He didn't know how to get the handle of the opponent.

This time even the \*\*\*\* emperor had no choice but to take the whole thing, let alone Li Tian.

For Li Tian, this incident is indeed an opportunity, but also a very terrible crisis. If the guess is wrong, then everything will be meaningless.

It was Li Tian's decision whether to choose to go or not to go.

As for Ningbing, although Li Tian was suggested to go there, it wouldn't matter if Li Tian didn't agree.

"Well, let's try to check it out. I hope that we won't encounter any troubles along the way, otherwise we will be very helpless." Li Tian thought for a while and decided to do a gamble on this matter. Waiting for the enemy in this way, it is better to attack directly to see if you can turn passive into active, and use your own means to actively resolve these things.

As for the consequences, thinking too much will only make you more timid, and will not make much sense in the future battle.

"Are you sure?"

"I'm sure, I don't think there will be any serious problems like this." Li Tian nodded, looked at Ningbing in front of him, and said with a very serious tone, "Trust me, I can solve this matter. ."

"When are you going to leave?"

"It should not be too late. Let's leave tonight. If there is any problem, we will hurry back. Tianqi City has no control over us. There should be no problem leaving here secretly." Li Tian took a look at the outside. The guard did not take the initiative to listen to the conversation between the two of them. If you are careful at night, you can leave easily, not to mention that Li Tian can move around in the air.

At that time, as long as you directly use this trick to leap in the void, you can easily handle this matter.

They can easily leave Tianqi City without realizing it.

Chapter 5676: conspiracy

City Lord's Mansion:

In the evening, there were a few more people in the lobby here.

In addition to Fu Disheng and the Emperor Beidou, even Chai Lei and Bai Xiaosheng also sat here.

"Brother, you don't tell us early when you come back, so we can handle the matter here in time." Chai Lei looked at Fu Disheng carefully, although his eldest brother is usually a human and animal. It is harmless and looks very kind, but if you really get angry, it is really a \*\*\*\* blocking and killing the god, and the Buddha blocking and killing the Lord.

When they were young, they were often taken care of by Fu Disheng here.

"I have my own business to do when I come back this time. You did a good job of the Ten City Conference, and you can leave it to you." Fu Disheng smiled faintly when he saw the two people below, and squinted. Eyes: "How is the investigation?"

"That kid is indeed hiding something from me. It seems that he got something incredible from the shop owner, probably this thing, to attract the mysterious person." Bai Xiaosheng had a fan in his hand, his face With a very serious expression on her face, she no longer had the natural feeling of

transcendence and sanctification before. The two people sitting in front of her are the strong ones among the real strong ones.

One is the \*\*\*\* emperor of a large city in the north, and the other is the real big city lord of Tianqi City, and a character who is constantly legendary in the gods.

No matter which one it is, it will make people feel frightened.

"This will explain it clearly. I have also specifically investigated. This killer is not very strong, but the trick to hide himself is very powerful. Even the Big Dipper and I had difficulty finding it from here. A little clue." Fu Disheng's expression became more and more serious, looking at the two people in front of him, and said: "Moreover, it is very likely that it is a race we haven't seen in a long time."

"Brother, you mean..."

"A kind of race that appeared very early in the ancient gods, but after humans appeared in the gods, they slowly disappeared. Many people think that they have completely disappeared in this world, but now it seems that they are not. It didn't disappear, it just left the scope of our lives." Fu Disheng said, looking at Chai Lei and Bai Xiaosheng who were a little sluggish in front of them.

"This time, what Li Tian got may have a lot to do with them, but I don't know why there was a connection with them suddenly. If this connection exists, it won't be long before they will come here in person." The Emperor Beidou also said lightly, but in his words, he didn't look very jealous about that race.

"By the way, go and see if that kid Li Tian has left Tianqi City."

"You don't need to watch, this kid has already left Tianqi City as early as when we were here to prepare for a meeting. The move of Void Leap is still very good, and he easily surpassed our control." Fu Disheng glanced at the nervous Chai Lei, and said lightly: "He probably found some clue, so he is ready to deal with the enemy."

"How is this possible? Even if the enemy of this kid now is us, it feels too much. If he is only himself, how could he be the opponent of these guys?" Bai Xiaosheng and Chai Lei's tone at this time is full. Full of surprise: "If this kid is allowed to die like this, it will have an impact on this Ten Cities Conference."

"We don't need to take care of this kind of thing. Naturally, someone will take care of this problem instead of us." Seeing the two nervous people in front of him, Fu Disheng smiled and said, "About Li Tian, now a lot of people's eyes are on this kid. There are a lot of people who want to kill him and a lot of people who want to protect him. We don't need to worry too much."

"It's true. There are too many people who want to protect this kid in this kind of thing. We don't need to worry about it." The Big Dipper God Emperor also said with a smile, and now I don't know that there is power in protecting Li Tian. how much.

---

At this time, Ningbing and the two had already left Tianqi City.

In order to avoid being discovered on this trip, Li Tian left directly early, and still used the means of void transition.

Because he and Ningbing had never left the room for a few days before, so this time they left for such a long time, so there is probably no problem in these few days.

"Be careful, after leaving Tianqi City, we are now exposed to a lot of vision." Li Tian glanced at the faintly visible Tianqi City in the distance, and then said to Ningbing beside him.

"I know, but you are the one who needs to worry most about this matter. You are just a loose fairy, but I am still the master sister of Shuiyuezhong. Even if they have any thoughts about you, they will definitely not involve me. It came from this incident." Ning Bing looked at the two people in front of him proudly, and said calmly, even if someone really wanted to kill them, he would never want to kill them. Involved in Ningbing.

Li Tian thought about it for a while and said with a smile: "That's true. Your identity is so different from mine. As long as you are not an idiot, you will definitely not want to involve you in this matter. "

"So, I'm relatively relaxed on this matter." Ning Bing said with a smile.

And what the two of them didn't notice at this time, there was a black shadow, just like a body attached to bones, they had always maintained a very stable distance, followed behind them, and never left.

Ning Bing walked ahead, he wanted to take Li Tian to find the palace in his dream.

At this time, although Li Tian was searching everything around him seriously, he didn't find the black shadow behind him at all.

At this time, the remnant soul of the ancient gods was also constantly speaking in Li Tian's heart: "Your thoughts this time are really too impulsive. If your enemy is really going to attack you at this time, how are you going to deal with it? ?"

"I can't take a step. This thing is still a scourge in my hands. I don't know when he suddenly became a scourge to me." Li Tian smiled helplessly, and said softly. His own spirit responded.

"Although you still have a Durer crystal in your hand, you must remember that this crystal can protect you once at most. If your opponent is very strong, a single Durer crystal cannot protect you."

Chapter 5677: Hell

Both of them are cautious along the way, and if there is something going on around them, they will react immediately.

But there is no problem along the way.

Except for encountering a few beasts when passing through a few forests, after spending a little effort to kill these beasts, there was no problem.

"It seems that I am thinking too much. I thought those guys have been staring at my every move, but we have been away from Tianqi City for so long, and there is no protection from anyone around them. I haven't done anything yet, so I shouldn't really pay attention to me." Li Tian smiled helplessly, thinking that his every move might be under the control of the enemy.

But now I know that this is just a naive thought of myself, and no one has noticed what Li Tian is doing now.

"Don't be in a hurry to draw conclusions. Generally killers are relatively calm. They will take action when you are weakest. For example... now." The expression on Ning Bing's face was still very indifferent, but after this The moment they hadn't finished speaking, the world in front of them suddenly became dim, and then everything around them changed.

It was originally a seemingly ordinary world, but at this time it has become a dark world.

In this dark world, all you can see is the dark rocks and the flames that constantly emerge from the cracks in the rocks, just like visiting \*\*\*\*\* in person.

Li Tian frowned, looked at the surrounding situation, and asked, "What's the matter?"

"What else is going on? The killer probably has been waiting for the two of us to relax our vigilance, otherwise we would not easily enter this space." Ning Bing said coldly, her The expression is very cold, holding the Thousand Chance Umbrella in his hand, he is ready to fight at any time. Now that he is visiting this place, although he feels the horror of his aura, the enemy is not in a hurry.

"what should I do now,?"

"This should be what I want to ask you. This is your enemy. You should be thinking about this. How can you ask me?" Ning Bing said coldly, and the Thousand Chance Umbrella released several swords. Qi came, as if he wanted to tear the surrounding space apart, but these sword auras were released on these spaces, just rippling for a while, and then there was no effect.

As if it were a lake, any attack could not produce any very practical effects.

"Don't waste your efforts. Entering my domain, you still want to leave here easily. It's just whimsical. In the dark prison, I am the king who controls this place. You only want to change this?" At this time, a hoarse voice rang, like an ancient response: "I have been searching for so many years, and I finally lived up to the expectations and found this thing."

'It seems that this guy came here because of the ancient books in my hands.

'Although Li Tian still can't see where the enemy is in the black prison, he also knows that this should be the mysterious person who shot in Tianqi City before. It seems that it is the same as Ningbing said, and it is indeed this. People can easily know where the ancient books are.

The reason why he didn't rush to shoot before was probably because he was still in Tianqi City.

The current Tianqi City and the previous Tianqi City are completely different concepts. With the Big Dipper God Emperor and Fu Disheng sitting in Tianqi City, the current Tianqi City is like an indestructible fortress that wants to break through. This fortress, but there must be a person with the strength to face two Divine Emperor level masters. Without this strength, it would be fantastic to kill people in Tianqi City.

"I didn't expect you to come here after us."

"Why not? What you hold in your hands is the sacred artifact of our clan. It is of great significance to us. How can it be easily handed to you?" The mysterious voice snorted, and the tone was full of Anger: "But you two don't know the problem in this matter, so if you are willing to give me this thing, I will let you leave here alive."

"So I wanted to take the ancient books from my hand," Li Tian thought lightly in his heart, and then said, "What if I don't want to give it to you?"

"Then there is no way. I can only kill the two of you. Although knowing the identities of the two of you is very difficult, the rules in this \*\*\*\*\* world cannot restrict me. Killing you two will completely pay There is a place for me." The voice said calmly. It doesn't sound like a joke. It seems that you can find a safe place casually.

Li Tian is now more and more certain, this guy should be the ones in the rumors, those guys who live outside the current known range of the gods. ,

However, the specific identity is unclear.

"Then there is no way. It seems that we can only choose to challenge you honestly. I bought this thing with money and cannot be handed over to you easily."

"Young man, are you sure you want to do it this way? Although your strength seems to be pretty good, it is still much inferior to mine." The mysterious man sneered at this time, full of it. They all mean mockery: "If it were me, I would honestly hand over things at this time, instead of choosing resistance. To know that resistance means no life."

"If you can really deal with the two of us, would you be talking about so many things with me here?" Li Tian sneered.

"This guy is really an idiot." Ning Bing also stood aside and said helplessly.

Since this guy has been negotiating here for so long, in the final analysis it is still a very easy question, that is, he has no confidence to deal with Li Tian and Ning Bing at the same time. These two people are now in the realm of gods and the other is god. At the realm of cultivation, if it were to start, the mysterious person in front of him probably didn't have much chance of winning, so he would negotiate here.

Li Tian only thought of this issue before. It is precisely because of lack of confidence that this guy has been chatting with them for so long. Or he would just shoot directly, and would he waste his tongue here?

Chapter 5678: Ancient spellmaster

"Well, since you have all said that, it seems that it is impossible to save the lives of both of you today. I have to choose to kill both of you and bring back the holy artifacts of our clan." When they remembered, a figure slowly appeared in their sight. It was a person who was bathed in thick black mist, leaving only a pair of monster eyes.

The difference is that this guy can't feel any vitality.

It was as if the guy in front of them was a dead person at all, and there was definitely no possibility of feeling a bit of normal human vitality from this guy.

"Don't think about it. If you two can know who I am, you won't become enemies with me." Soi Ying squinted at the two people in front of him and said: "Maybe you still don't know, what It's called the ancient spellmaster. Compared with us, the current spellmaster is nothing short of a witch."

"Ancient Talisman Master?" Li Tian glanced at the black shadow in front of him, with a dazed expression on his face, completely unaware of the situation.

On the other side, the remnant soul of the ancient \*\*\*\* also spoke: "Ancient charm master?"

"Do you know?"

"Probably know some, but for us, this race also has very little information. Now most people don't know that there was actually a so-called ancient period in the age of our ancient gods a little earlier. The most terrifying group of people in this ancient period are these ancient spell masters." The voice of the remnant soul of the ancient gods has already begun to progress very much at this time. If Li Tian is really going to fight against such an opponent, then there really is not much chance of winning.

You must know that the combat power of the ancient spellmaster surpassed many people's imagination, even in the original ancient period, it was a rather terrifying existence.

Mainly because every ancient spell master is almost a lunatic.

In other words, if you are not a lunatic, you will never choose to become an ancient spell master. If you want to become an ancient spell master, the price you have to pay is to slowly turn your body into a pure spirit body. Only in this way can one's body become a medium of communication with the natural world, so that one's accomplishments in spells are even more terrifying.

Of course, this kind of ability is probably only available to the ancient spellmasters.

There is no way for human beings to become a pure spirit body. If human beings become in this state, they are truly a ghost, and they are still the kind of ghost that cannot communicate with anything and can only be regarded as a soy sauce ghost. .

It is conceivable that to become an ancient spell master, the price to pay is too great.

At the beginning, there was only a family of these ancient charm masters, passed down from generation to generation, and thus became the most terrifying existence in the ancient times. The most incredible thing is that these guys can cast spells instantaneously, and the power of these spells is the same as that of the gods. The spells created by these spell masters are completely at two different levels.

The current spell masters in the gods are different from person to person, so many spells with different effects have appeared.

But in the ancient times, the so-called ancient spell masters were actually representatives of a race. This race was all such spell masters, and the spells they used were all exactly the same. It was a kind of destructive power that was extremely terrifying. There are some evil tricks.

Looking at the appearance of the ancient spell master in front of him, Li Tian could feel how terrifying the ancient spell master clan was in the ancient times.

Although he doesn't have any aura, you can't even feel his presence even if you're standing here, but the indifference in those eyes still makes people's deep fears appear quietly at this time, letting Favor can't help but want to step back.

"I really didn't expect that I would encounter so-called ancient spell masters here. It is said that they have completely disappeared from the gods in the ancient gods period. After that, the age of

immortals rampant. Almost all of the things from the ancient gods have disappeared. I thought they no longer exist, but I didn't expect that there really were ancient spell masters in this world." Looking at the black shadow in front of him, the expression on Ning Bing's face Also very helpless, I really did not expect to see such an antique-level figure here.

The reason I knew this was only because when I first came to the God Realm, the first thing I did was to learn everything about the God Realm.

There are very few introductions about ancient spell masters, and they are just a legend, that is, inside a large sect like Shuiyuezhong, it is only one or two records, which only illustrates the existence of this race.

However, there is no record of where this race is currently located.

"Hmph, these immortals in the God Realm are just forbidden frogs, thinking that they seem to have understood the appearance of the entire God Realm, but I don't know that in our eyes, they are no different from a bunch of idiots." Looking at Li Tianhe Ningbing, the ancient spell master said disdainfully: "But now that you two know who I am, you should also know that you two are not my opponents. Don't you honestly hand over your things?"

"According to your personality, if you are really sure that the baby is on our body, you shouldn't bother with us, but just do it, right?" Li Tian sneered, still not going to hand over the ancient books: "The reason why you haven't done anything for so long is just because you are still not sure whether you can deal with the two of us. After all, your own strength is only in the realm of gods."

At this moment, it was the turn of the ancient charm master to be a little surprised.

At their level, it has actually become a kind of existence that is difficult to detect. Even the most powerful masters, if they want to hide themselves, it is difficult to be discovered.

Not to mention, want to determine their strength.

At the beginning, even the Big Dipper and Fu Disheng had finally found a clue from this.

This was confirmed, and it might have something to do with the ancient spellmaster clan.

But how did the young man in front of him manage to determine his own strength in such a short period of time. Could it be that the strength of this young man is also quite a terrifying existence?

Chapter 5679: Scorching

"How do you know my strength?"

"I said I was guessing, would you believe it? It is indeed in your current state, almost becoming a kind of nothingness. If it weren't for my eyes to see you, I really thought I was in front of you. Shadow." Li Tian squinted at the ancient charm master in front of him, and said: "But I am always very smart, so I found a little clue here."

"Even if you know my strength, you probably know that the spellmaster's combat effectiveness is very strong, not to mention that I am an ancient spellmaster, and I have been a famous race in the ancient times, compared with the current spellmaster. Get up, don't know how many levels of toughness, are you really ready to fight me like this?" The ancient spell master looked at Li Tian and asked again.

"I said, if you want to take this thing from our hands, there is only one choice, and that is to kill the two of us. If you can't do this, don't think about anything. I don't Maybe I gave this thing to you on the initiative." Li Tian said disdainfully, the red sword in his hand had been summoned, and the red wing \*\*\*\* outfit on his body had also been summoned directly.

He now knew that he was about to go all out to face the guy in front of him.

"Are you sure?"

"Do we still have a choice now? If we choose to hand over the treasure, what will this guy do? And I bought this thing. This guy wants to take it away from me without paying anything. It's just daydreaming. Since you want this thing, it's not impossible, then defeat me, kill me, and \*\*\*\* this thing from my hands." Li Tian's attitude is very determined.

Anyway, I have now entered the black prison, and I want to leave here because of the difference of the guy in front of me.

If you want to leave here, you can only kill him or let him open the exit of this black prison.

Otherwise, there is no possibility that they want to leave here.

Since you have to fight the guy in front of you no matter what, why bother to believe in this guy who doesn't understand it at this time? If the ancient spellmaster in front of you is just talking nonsense, they really lost their madam. Soldiers.

"Hmph, I don't know the life and death immortals, since you sincerely want to ask for death, I will fulfill you today and let you know how good I am." The ancient spell master in front of me was also completely angry at this time, thinking about his identity. After being exposed, the two young people in front of them will probably be a little more cautious. Who would have thought that things were not like this.

These two guys actually chose to fight head-to-head with themselves.

In that case, I had to choose to let the two of them know how naive they are now.

As he spoke, he exhaled.

The moment this black gas appeared, it exploded. The magma connected to the ground also exploded at this time. The gas wave surged instantly and rushed to the two people in front of Li Tian and Ningbing.

Ning Bing hurriedly summoned the Thousand Chance Umbrella in his hand, with sword aura, trying to smash the magma fireballs in front of him.

But it is a pity that his sword qi has no effect at all when attacking these magma fireballs.

"Don't waste your efforts. It's basically impossible for your sword aura to break through these blazing fireballs. Don't think this is just a very weak charm, but for you two, this charm is It's already very deadly, and you have to pay a great price to deal with this kind of spell." The ancient spellmaster saw the flashes of expressions on Li Tian and Ningbing's faces, and said triumphantly: "I have never heard of these young people in later generations, who can deal with the flames."

Li Tian blocked Ningbing behind him: "Come on to cover me. This guy is a bit tricky. If you are not familiar with spells, it is impossible to deal with this guy."

"Hey, I know a little bit about you as a young man. I know you know a little bit of spells and can use them in your own battles, but if you think that you can use them to deal with my inflammation. If it explodes, it is really wrong. With your strength, you want to deal with my hot explosion. It's just whimsical." The ancient charm master looked at Li Tian who stood up, and his face showed no thanks. color.

In its view, few people in the entire God Realm can solve these problems.

Ancient spell masters became famous a long time ago because their spells were really terrifying, and they were still a very difficult one, but because the price paid was too great, so they were slowed by the immortals in later generations. Slowly studied, and then changed, became the current spellmaster.

But in the final analysis, the spell slowly evolved from this thing.

Therefore, it is indeed impossible to reverse the situation and find a solution to the hot explosion.

The immortals in the fairy world are indeed very smart, otherwise they would not find a way to learn spells, but no matter how smart they were, they could not truly understand the secrets of ancient spell masters.

And these secrets are now in Li Tian's hands.

As long as he can detoxify the ancient spell master's words and understand the contents above, Li Tian may be the first immortal in this world to learn ancient spells.

At this time, the ancient spellmaster looked triumphant: "If you can really solve these hot explosions, I will count you..."

Before I finished speaking, I saw that many black holes appeared in front of these hot explosions, and these black holes directly swallowed these hot explosions, and then, in other places in the black prison, explosions continued to be heard.

Obviously, these flame explosion spells were directly transferred by Li Tian to other places and exploded, and they had little effect on them.

However, the ancient spell master did not react for a while. I thought that these few hot explosions would probably make the two young people in front of me retreat. Now it seems that I am thinking too simple. The strength of a young man is a little bigger than he imagined, and it seems that a little more energy is wasted.

Li Tian snorted and asked triumphantly: "Why don't you pretend? Didn't you think you are still great? Come on, continue bragging, I'll listen." He said with a mocking expression. Come.

Chapter 5680: Terrifying strength

The ancient spell master squinted his eyes and looked at Li Tianhe Ningbing in front of him and said, "Your current strength really surprised me. There are actually not many people who can take over my hot trick. You are now It's a little surprising to be able to rely on my own ability."

"I'm afraid that this kind of thinking will change after you are defeated by me. I don't surprise you, but really have the strength to defeat you." Li Tian had a triumphant expression on his face, the strength of the guy in front of him. Maybe it's not bad, but since he can leap in the void and occupy such an advantage, it actually means that he has won this battle to a certain extent.

Ning Bing stood aside, looking at the ancient charm master in front of him with a serious expression, and there was a feeling of excitement in his heart.

I thought that they had entered the black prison this time, and it was already very difficult to get out of here. After all, the ancient spell masters were waiting for them to perform this trick after they were completely relaxed. There must be no problem, but now it seems, It seems that even in the black prison, the power of the ancient spell master is not as powerful as they thought.

After all, Li Tian is still one of the famous young people in the realm of the gods, and he has directly cultivated to the realm of gods in such a short period of time. With such combat power, it now seems that he really has the ability to deal with the ancient spellmaster before him. Strength.

At this time, the entire black prison was filled with a very chaotic energy wave.

The strength of these two people can be regarded as top masters, and their battles will inevitably cause an uproar here.

For example, the current black prison.

The broken ground can be seen everywhere, as if hitting the ground with a heavy hammer, the auras of the two people continue to climb to suppress each other.

But they did not succeed in suppressing their opponents. On the contrary, after the collision of the aura, cracks appeared on the ground little by little, and magma began to gush out from inside, like a person with a burning soul. Like the palm of his hand, he kept grabbing towards them.

Li Tian frowned, and wanted to play secretly in his heart: 'Although he used to leap in the void and broke this guy's trick, if you think he has defeated this guy now, there are some who are too naive. Since the ancient spell master can exist for so long, the strength is definitely not that simple. '

"Daiying, awesome. Now young people, you can only impress me. Although there were many strong people in the past, young people have rarely seen you who have this strength when you are so young. The investigation about you in the world originally thought it was nothing more than a falsehood. You really surprised me a bit."

"The God Realm is no longer the same God Realm you ruled back then. We are not the fish on your chopping board. We will let you bully. Since you want to take this treasure from me now, you have to defeat me, or Let me admit defeat and hand this thing on." Li Tian stared, with a confident smile at the corner of his mouth. There were two people on their side.

Although the strengths of him and Ningbing are not at the same level, he is only slightly inferior to the strength of the ancient spell master in front of him. If there is another Ningbing by his side to protect himself, then deal with the one in front of him. Guys, you can relax too.

After all, the two of them are not simple 1+1 math.

"It's almost time to be fooling around with you for so long. I know there are still some people around you to protect. If you continue to waste time like this, maybe what will happen, if you let those guys know My existence is not good." A decisive killing intent flashed in the eyes of the ancient charm master, and it seemed that he wanted to save Li Tian some life.

But now there is no such mood.

The identities of Li Tian and Ning Bing are destined to the two of them. I certainly don't know how many people are protecting them. Now that something like this has happened, no one knows when there will be a strong person protecting him. By their side, relying only on the strength of an ancient spell master, it is clear that there is no chance of winning against these strong men around the two young people.

If this is the case, take advantage of the fact that the secrets of the black prison have not been fully discovered by these two young people, so hurry up and solve these two young people.

Provincial Ye Chang had many dreams, and when he wanted to deal with these two young people, there was no chance.

"Be careful, this guy is now ready to go all out." Li Tian squinted and looked at the ancient charm master in front of him. The moment this guy's aura changed, Li Tian knew he was going to face it now. The ancient spell master is in a state of going all out.

This battle is bound to become quite fierce.

"Are you sure?"

"Of course there is not much certainty. The current auras of the two of us seem to be the same, but the spell master itself is much stronger than ordinary immortals. Besides, the guy in front of him is still the ancient spell master who wants to deal easily. It's just like a dream."

"Then I will help you hold the line next to you, with me by your side to help, there shouldn't be any problems with this guy, right?"

"I hope so, but this kind of thing has never been something I can control myself. Whether the strength of the guy in front of me can beat the two of us, I don't think it is possible, but it is not without a chance." Li Tianming With eyes closed, all the nerves of the whole person are tense.

He knew that the battle between these two men was about to begin, and he definitely couldn't let himself show a little other thoughts at this time.

Since the guy in front of him led them to this black prison, he can only say that he still has a large part of confidence in his fighting power here, that is to say, he can even let his own strength be strengthened, and it might be possible to deal with Li Tian in front of him and add a piece of ice.

At this time, the auras of both sides were burning slowly like flames, and the whole scene began to become serious at this time.

Li Tian snorted, then tightly held Hong Zhan in his hand, staring at the ancient charm master in front of him.
