

A Killer 5681

Chapter 5681: Blue Dragon Golem

"You young people are really getting more and more naive. You naively think that you can defeat an ancient spell master?" He looked at the two in front of him very seriously, as if thinking that he could defeat him. His expression also became very cold.

"Don't underestimate the guy in front of you. Since ancient spellmasters can dominate the situation in the ancient times, their strength is definitely beyond doubt. If you rashly underestimate the enemy in front of you, you don't know what will happen." , The voice of the remnant soul of the ancient **** remembered at this moment.

Li Tian squinted his eyes and looked at the ancient charm master in front of him: "Of course I also know that this guy is very difficult, but I want to deal with this guy now, so I can only choose to join forces with Ningbing, but I don't Knowing how much the odds of winning together for the two of us are, it is probably above 50%."

"The reason why ancient spellmasters can dominate the situation in ancient times is because although their own strength is not very strong, the spells in their hands can exert terrible powers that make many people." He said, his hands have already appeared. A red spell.

The paper of this charm looks completely different from the charms Li Tian saw before. The whole is red, and under this red, what you see is a liquid flowing like blood. This liquid is exceptionally clear. , I can't guess what the material is.

Moreover, the runes on this spell are also runes that Li Tian has never seen before. The content above is like a esoteric and obscure scripture, although you can feel that these runes contain a lot of imagination. The power reached, but it can't be interpreted at all.

Li Tian squinted his eyes. At this moment, Hong Zhan in his hand had already started to scream, and he seemed to be ready to fight the enemy before him.

"Young man, you probably don't know what this terrifying destructive power actually represents. I'm here to remind you two to be prepared." When the ancient spell master spoke, there was a sudden inside of his body. A lot of black fairy power appeared.

These celestial powers are like having life, slowly twisting in the air, and then slowly intruding into the spell.

The moment this black celestial power was injected into the spell, a red light burst into the sky, and instantly dispelled all the dark clouds above the head, and then, there was an emerald green beam of light falling from the sky. After coming down, like a sky thunder, it hit the ground heavily.

What followed was a burst of explosion, and the whole ground began to tremble at this time, cracks gradually appeared one after another, and red magma spewed out frantically.

Ningbing looked serious, holding the Thousand Chance Umbrella tightly in his hand, a few sword auras soared into the sky, but in front of this emerald green beam of light, it was as vulnerable as a fragile paper, and was easily shattered. It turned into a cloud of green smoke and disappeared into the black prison.

"Innocent little girl, do you know that you two really have no chance of winning now in your current state? This is the summoned beast I haven't summoned for a long time, the sapphire golem. Golem, what kind of pressure will it bring to you?"

When the cyan light beam dissipated, a huge shadow appeared in front of them.

This shadow was bathed in a thick emerald green mist, like the shadow of a demon, only a pair of red and black eyes remained, with cold and cruel eyes, looking down at the two people in front of him, that The huge body, like an ancient giant, can stand upright.

Ning Bing stepped forward and stood beside Li Tian: "The sapphire golem, I seem to have said, it also seems to be a super killer."

"It seems that in the historical records of Shuiyue Sect, there are still many records about our ancient spell masters. You still know the existence of the sapphire golem, but it surprised me a little bit." The ancient spell master said, while Slowly stepping on the void, walking towards them step by step.

Li Tian yelled angrily, and the Hong Zhan in his hand emitted a bright light, and then a moon-like sword aura rose into the sky, directly attacking the ancient spell master.

The so-called ancient spell masters are indeed so powerful that people are a little frightened. In the face of such a terrifying opponent, it is impossible to defeat the opponent in front of him if he does not use any means.

Although the ancient spellmasters are very powerful, they are themselves a very fragile existence. Just like the Western magicians, although they possess powerful magic power, their bodies are indeed very fragile. Usually in battle, if If you can break through the knots of the magician and directly attack the magician in front of you, it also means that the battle is over.

At this time, Li Tian's thoughts are like this. He may not be the opponent of the sapphire golem and the ancient spellmaster in front of him, but if he can kill the ancient spellmaster at this critical time, then all problems will be fine. It was solved at this time.

In this way, this battle can be easily resolved.

Just when the sword energy was about to rush in front of the ancient spell master, the sapphire golem, who was still a distance from the ancient spell master, suddenly appeared in front of them, and then both hands fell directly from the air. Grasping directly towards Jianqi.

"I have known for a long time that you will let your own sapphire golem come to catch my attack, but it is a pity that I will not give you this opportunity." Li Tian's mouth raised slightly, showing a touch of pride The smile came, as if he had already calculated all of this, he quickly raised his right hand.

Black holes appear.

Void leap!

It turned out to be a repeat of the old trick.

It's just that the enemy's attack was transferred to another place before, but what we have to do now is to transfer our attack to another place.

These two have the same effect, but in the battle, they must be able to produce very subtle changes. That is to say, the ancient spell master in front of him wants to deal with Li Tian next, I am afraid it is very difficult, and wants to stop it. This mortal sword energy is not that simple at all.

After all, it is a void transition. Everything happened in a flash. Li Tian would never believe that anyone could clearly control all this in such a short period of time.

Chapter 5682: how is this possible?

Li Tian squinted his eyes and looked at the ancient spell master in front of him. Unlike ordinary immortals fighting, Li Tian knew very well that his combat effectiveness might not be of the same grade compared to the enemy in general. As a strongest person in the lower realm, even though he had just arrived in the ***** realm, he already had quite a lot of enemies in the ***** realm.

Just as when he came to the God Realm, the enemies he encountered were really stronger than the other. Every time Li Tian focused his entire attention on dealing with such enemies.

Therefore, when facing such a powerful opponent, you must choose to use your brain.

Only when one's IQ can overwhelm the opponent in front of him, one can gain an advantage to a certain extent and establish one's own odds of winning.

So at this critical time, Li Tian used his brain.

He knew that his attack this time would definitely be blocked by the Green Jade Demon Immortal. Even the things he knew clearly, presumably the ancient spell master knew better than he knew, since he knew that there might be danger around him. , Then it is absolutely impossible to expose a flaw at this time.

Since it was like this, Li Tian could only choose to create a flaw himself.

"Well, this guy is absolutely unable to react to this move." Ning Bing couldn't help but uttered an applause at this time. She thought that this battle might change. It's a lot harder, but now it seems that is not the case.

Li Tian actually seized the opportunity of the guy in front of him, and easily used this method of void leap.

As long as he can easily transfer all the sword energy in front of him to the enemy's back, so that the ancient spellmaster has no way to guard, he can easily bypass the ancient spellmaster's defense and easily defeat the front. This guy is.

After calculating for so long, Li Tian just made up his mind. The guy in front of him didn't fight a lot with him. He probably didn't understand Void Transition as much as he imagined.

But this process didn't last long, and a shocking scene appeared to the two people in front of them.

The sapphire golem suddenly raised its fist at the moment when Li Tian's void transition opened, and then suddenly hit the black hole.

Immediately afterwards, the black hole was like a beating heart that suddenly stopped beating, and it began to tremble slowly.

Immediately afterwards, the black hole disappeared so slowly.

The expression on Li Tian's face also completely solidified at this time, and the occurrence of such a thing made him stunned.

I don't know how many enemies I face, but it's the first time I have encountered such a situation. The guy in front of me broke through his own defense and easily made the black hole in front of him. Was destroyed. ,

What the **** is this sapphire golem?

"Surprised, you probably thought that your own Void Leap could easily defeat me at this time? You are right, the ancient spell masters are indeed much fragile. If you can seize the opportunity, you can Conquer me easily." He looked at Li Tian and triumphantly said: "It's a pity that you have a good idea, but if you actually act, the problem may be a little serious."

"How is this possible, how can your summoning creature know how to break my trick?"

"The tricks derived from the Yasha clan are nothing but very powerful things, but since you can learn such tricks, you obviously have a deep connection with the Yasha clan. If this time I don't know how to deal with your little one. As for the guy, that really makes you look down upon me too much." The ancient spell master in front of him, looked at Li Tianhao in front of him and said with a serious expression.

Ningbing stared at him, stepped forward, and asked in a low voice, "Li Tian, what should I do now?"

The ancient spellmaster is indeed an ancient spellmaster. It hasn't been long since this battle has started, and it has already begun to make Li Tian feel a very laborious feeling. The opponent in front of him is indeed so strong that he doesn't know what to use What words to describe the point.

Li Tian looked helpless at this time, looked at the ancient charm master in front of him, and then whispered: "I don't know what to do now. The situation has evolved to this point, and I can only make a desperate move."

"What do you mean?"

"If it's just like me, it's hard to beat the guy in front of me. I'm going to enter the second personality state directly. If I can't beat this guy like this, I can only hope that someone will come to us, my hostility. Qi penetrating power is very strong, maybe when I display my second personality, it will attract a lot of people's attention." Li Tian said calmly.

This time, the reason he would leave Tianqi City swaggeringly was because he knew that he still had a lot of chances to win.

First die to cross the crystal, and at the same time there is the secret protection of the little witch.

No matter what, if she encounters danger at the most critical moment, the little witch will definitely stand up in the first place to protect Li Tian and let him survive.

The only thing Li Tian can do now is like this. I hope that before this battle is over, the little witch can come to protect herself. ,

If it doesn't work, you can only use Du'er crystal.

But Du'er Crystal can only protect himself, but it does not help Ningbing at all, so even if he wants to use it, Li Tian will only let this opportunity be reserved for Ningbing, not for himself, he Knowing that he had left here and lost Ningbing, it was like a walking dead. ,

Now I can only do one gambling. I hope someone can know what happened here and come here to help myself.

If there is really no such helper, it can only be a very helpless thing. Fight as hard as possible and buy time as much as possible.

"No, you will go crazy when you enter the second personality. In this fighting state, your entire body will inevitably become devastated, so how can you cope with the next battle?" Ningbing As he said, stepped forward: "I will face this opponent with you."

"You are not his opponent, even if you help, it doesn't make any sense."

Chapter 5683: Demonize

At this time, not many people can know what is going on with Li Tian's current emotions.

By this time, Li Tiancai could be considered to understand how huge the gap between the existence of the ancient times and the powers of the gods really was.

The ancient spell master in front of him is like a terrifying existence, his own existence, like a shadow, has been shrouded in your head, lingering.

And this shadow also began to make Li Tian madly surprised in this battle.

"This is the crystal of Du'er. If I am in the second personality state later, if I am not the opponent of this guy, please hurry up and leave here. There is no benefit to staying here." Li Tian turned around and said The face looked helplessly at Ningbing behind him, and said.

"I will not leave. Since we are standing on the same front now, I must fight with you together. How can I abandon you and leave at this time?"

"The battle has come. At this time, both of us have a certain understanding of the strength of each other. This sapphire golem looks very ordinary, but if it is really in the battle, this guy can exert a very terrible power. , It's not what we imagined." Li Tian looked helplessly at Ningbing in front of him, and said: "So at this moment, all he can do is hurry up and think of a way to get you out of here. Now, as long as you are still alive, you can inspire my fighting spirit."

"Don't think about such nonsense at this time, the two of you now all know who I am and want to leave here? What are you kidding me?" Looking at the two people who cherished each other in front of you, the ancient charm master was the first to utter a sound. The guy who sneered, squinted at the two of them, and said something disdainfully.

His identity has now been known by these two people. If these two people are allowed to leave here, perhaps what happens next may be out of their control. If this is the case, it's better to shoot early and let The two young men in front of them died early.

So, Li Tian and Ning Bing want to leave here alive?

Just kidding, this is simply impossible.

The moment the ancient spellmaster finished saying this, he saw the sapphire golem in front of them began to move. This huge guy, really like a small tank, made the entire ground tremble crazily. Immediately afterwards, those huge palms fell directly like this.

Looking at the huge palm in front of him, Li Tian directly said that Ningbing pushed away, and said that Durer crystal was sent to his hand: "Hurry up and leave with this crystal."

'boom'

The moment Ningbing was pushed away, Li Tian was also hit by the sapphire golem.

The ground suddenly began to tremble crazily. Then, it burned like a ball of flame. The destructive power of the sapphire golem was definitely beyond doubt, so it was almost impossible to survive the battle.

Ning Bing was taken aback at this moment. Looking at the mushroom cloud rising in front of her, the sapphire golem standing in front of her was as terrible as a demon. In her heart, she had never encountered such a terrible enemy: "No...no, Li Tian, you..."

"Roar." A roar like a wild beast interrupted Ningbing's roar, and then, a terrifying hostility suddenly burst out like a crazy volcano.

At this time, Li Tian stared at him and stood up from the flames.

Like a **** of fire, he looked at the sapphire golem in front of him: "Look at what you are like now, how can you deal with me now?"

Li Tian is now full of terrible hostility, and his body is all burning or.

"Yeah, what's the matter with your aura? It seems to be stronger than before. It seems that you still have to pay some means to deal with you as a young man?" See Li Tian In this state, the expression on the face of the ancient spellmaster was also surprised.

Looking at Li Tian in front of him, he squinted and asked.

Li Tian was holding Hong Zhan in his hand, moving his neck, squinting at Li Tian in front of him, and snorted: "Look at what you are like now, you really think that you can stop me by relying on such a stone. Yes? It's just a joke, this stone is like a **** in front of me."

"Sapphire Golem, kill this guy for me." The ancient spellmaster roared. He knew that Li Tian was completely different now from before. The change of this young man might have entered a stage of terror. If you don't seize the time to control this young man, you still don't know what will happen afterwards.

The sapphire golem heard the call and began to attack again.

One fist fell down, and when the fist fell, there was a red flame around his body that followed.

Before this fist fell, even Li Tian had to follow it carefully.

But now Li Tian, who can't evade at all, raised his hand and greeted him with a fist. Then the red cut on his right hand flicked, and he easily chopped the arm of the jade golem in front of him.

Afterwards, the process is as easy as cutting tofu.

There is no hard feeling at all.

After seeing Li Tian in front of him showing such terrifying strength, the ancient spell master also understood that this young man might not be as simple as he thought.

"I didn't expect it, I didn't expect that your young man's strength is already so powerful." The tone of the ancient spellmaster changed. Looking at Li Tian in front of him, his eyes began to become completely different, it seems I want to hurry and leave this place.

Li Tian smiled and looked at the ancient spell master in front of him: "Didn't you even said before that you would be my opponent? This sapphire golem is indeed difficult to entangle, but if you really do it, you can't Moves, and can't launch an offense, is it like this?"

The eyeballs of the ancient charm master moved a bit, squinting, not knowing what to say.

This young man entered this state, as if his mastery of the entire battle was completely different from before, and even things that hadn't happened before were clearly known in such a moment.

Chapter 5684: Interrogation

The change of Li Tian this time made the ancient charm master feel for the first time that he has a feeling of capsize in the gutter.

The sapphire golem was cut off by Li Tian almost in an instant.

The red sword in his hand has really become a **** blocking and killing the god, the Buddha blocking the existence of the Buddha, facing the sapphire golem, it is like cutting tofu, instantly turning this behemoth into a place. The broken stone then rose up with the blue smoke, slowly disappearing between the heaven and the earth.

Li Tian smiled grimly, and looked up at the ancient spell master in the sky: "Tietie, how is it? Now that there is no such summoned object, do you still know how to deal with me?"

"The wind is screaming." At this moment, the ancient charm master showed a helpless expression. Looking at Li Tian in front of him, he immediately thought that he should hurry to leave this place of right and wrong, the existence of this young man. , It really made him wonder how to describe it.

At this time, I also knew that in the battle between myself and the young man in front of him, there was probably no chance of winning at all.

Since it is like this, you can only choose to hurry and leave this ghost place.

The black prison slowly dissipated, and the ancient spellmaster was also preparing to leave.

The demonized Li Tian suddenly laughed, and kicked it out. In the next second, his foot fell on the face of the ancient charm master in front of him, kicking him directly from the air: "Idiot, you Are you ready to escape from my hand? It seems that you know that you are not my opponent anymore, and you want to hurry to leave this place of right and wrong, but do you think you can leave like this?"

"You...what are you doing?"

"Since you know so many things, of course I want to know something from your side." Li Tian sneered, looking at the ancient charm master in front of him, then stepped forward and grabbed his neck: "Come on. Tell me, what exactly is on this holy thing, if you honestly explain it, I can let you leave here, or not tell others about your existence, otherwise, ha."

"I am indeed not your opponent now. You are indeed very powerful, and you are indeed at a loss to know what to do. But you must know that there are countless strong people among the ancient charm masters. If you dare to treat me If you start, they..."

"Slap." Li Tian slapped the guy in front of him directly, squinting his eyes, and said: "Look at what you are like now. Do you think what you said, I will take it seriously?"

The ancient spell master fell silent all at once. He knew that the young man in front of him was really not worried about something wrong.

"Come on, tell me what this thing is?"

"This is a book that allows humans to practice ancient spells. Although the content on it is written by our ancient spell masters, if you know how to solve them, you can easily learn it." The ancient spell masters knew that. As long as one sentence is wrong, the young man in front of him will slap in the face.

Since it is like this, of course you have to be obedient now, and don't choose to continue resisting.

Ning Bing stepped forward anxiously, but still kept a certain distance from Li Tian. Until now, Li Tian has entered the second personality, which is the state of demonization, so he is worried that this guy suddenly shot himself at this time, so he Become cautious.

"Don't worry, although I have entered the second personality state, there is no problem. I still know who you are. Even if everyone in this world wants to hurt you, it is absolutely impossible for me to do this. It's here." Li Tian turned around and said, looking at Ningbing in front of him.

Ning Bing looked at Li Tian helplessly, and said worriedly, "How is your body now?"

"When I entered this state, I realized that this so-called black prison is actually a blind eye. This guy's strength is not as powerful as I thought. It should be just a scout among the ancient spell masters." Li Tian snorted. , Squinted at the ancient spell master in front of him, raised his hand and slapped on this guy: "I knew that you guy can't deal with the two of us, so you have been here with us for so long."

"Yes, yes, I am indeed only one of our ancient spell masters. I came here this time only because we had orders from us to search for these things secretly. I originally wanted to call my comrades over, but It seems that Tianqi City did not find me, and you..."

"You think you can scare the two of us by your own identity, so at this moment you use the black prison to disguise yourself, making us think that you are really strong, but in fact it is just a fake tiger. Your own strength is in my opinion. It's just a rubbish." Li Tian sneered.

"It is indeed like this, but I really am..."

"Stop talking nonsense. If you want to live now, you must be honest and obedient. Since you ancient spell masters chose to hide in the ancient times, there is a reason to think about it, but in our opinion, you are in such a physical state. Is it difficult to reproduce?"

As a spirit body, reproduction should be a luxury.

Therefore, every ancient spell master is a very precious resource, and every ancient spell master also cherishes his life.

"I promise you, I promise you, as long as you keep me alive, you can let me do anything." Sure enough, just like Li Tian imagined, the ancient charm master in front of him was also a guy who was quite afraid of death. His face was horrified, and soon he began to read the law.

This technique is one of the ancient spellmasters' way of quickly spreading their own language. It allows many human beings to easily master the language of their ancient spellmasters in a short period of time, as long as they master this language, You can easily master the contents of ancient books.

Once you have mastered the contents of this ancient book, it will not be difficult to learn these spells.

Li Tian suddenly felt like he had been empowered by Daigo. Suddenly, a lot of knowledge appeared in his mind. The influx of madness almost made his head explode at this moment, but he also slowly began to realize that he could really understand the words of these ancient spell masters.

At this time, he relaxed. It seems that this guy is not joking. He really taught himself the words of the ancient spellmaster clan!

Chapter 5685: Spell

The ancient spellmaster's mood at this time should be extremely dignified. At the beginning, he still had the upper hand. The two people in front of him did not dare to fight against him, and did not dare to guarantee that they could defeat it.

But now it is completely different.

After Li Tian entered the state of the second personality, he felt that his aura had changed drastically from before. Especially for these very sensitive perceptions, he could easily detect it, this guy in front of him. There is not much chance of winning in front of him, this is just a scout among the ancient spell masters.

If only Ningbing was alone, this guy might still have a little chance of winning, but if there was an extra Li Tian, it would not be so easy to defeat these two.

Li Tian is alone, but he is quite an army. If he really fights, he will definitely explode extremely terrifying combat power in a short period of time. Just relying on the guy in front of him to reluctantly resist, he is basically joking. Therefore, Li Tian at this time did not take this matter to heart, and even his eyes were full of murderous aura.

The ancient spell masters promptly translated the words of the entire race into Li Tian's mind, and at the same time made Li Tian feel the profoundness of this race culture.

Just like China on earth, their culture can be said to have a long history. I don't know which country in the whole world, it can be said that they have a history of five thousand years.

But the ancient spell masters of the God Realm dare to say such words.

This race has survived from before to now. So far, we don't know how many years of history it has. It can be said that they are really old antiques, living fossils in the gods. If we can know the history of this race, then it's very important. For people, it may be a very valuable opportunity.

"You are still a savvy fellow, knowing to tell me all these things honestly." After Li Tian took over this knowledge, he sneered and said while looking at the ancient spell master in front of him.

"I have already told you everything I know, now should you also fulfill your promises and let me leave here."

"In addition to these things, I still have something I want to know." Li Tian looked at the ancient charm master with a sly smile on his face and said, "So I still want to know other things from your side."

"I have already told you all the things I can tell you. I definitely don't have any reservations. I didn't tell you. It's only because there are things I can't say, no matter how I do. I want to live, but I still have my own bottom line. Even if you know some things, it may not be a good thing." The ancient spell master looked at Li Tian and said seriously.

At this time, Li Tian saw the feeling of fear of life and death in his eyes.

"I just want to know, how far is the place where you live now from the God Realm?"

"It takes about a year or so before we can come here. Unless we can build a teleportation array here, it will take a long time to come here."

"You are joking, if it takes so long, why do you appear in this place?" Li Tian's eyes instantly became very vicious, and the Hong Zhan in his hand began to exude a strong hostility. , If it were before, the ancient spell master in front of him might still die with a little dignity, but now, he is unlikely to die with a little dignity.

As long as Li Tian goes all out here, he will definitely die miserably.

"You promised to live well before, as long as I tell you these things, you can let me go."

"I must now know how far away your ancient spell masters are from us, and if you let you go back today, how long will it take you to appear here and become my enemy." Li Tian looked in front of him. This guy, I don't know how many ancient spell masters in the God Realm now. He has snatched the holy artifacts from their clan now, and he must be the enemy of these guys in the future.

Now let this guy leave easily like this, and it won't take long before the entire ancient spellmaster clan will find his side directly. At that time, Li Tian can only rely on his own strength to deal with these guys. , But now it seems that although he can deal with these guys, the process is definitely more difficult than imagined.

And he was still just a fairy in the realm of gods, if they really came here so quickly, then there was not much time left for Li Tian.

"We were dispatched a long time ago and have been looking for it. Over the years, we have also found a lot of things in the God Realm. I also sensed the Yin Qi released by the holy object when it was turned on near Tianqi City. I came here for the first time and killed the old man who didn't want to tell me the truth. If I want to go back this time, it will definitely take a long time." The ancient spellmaster looked at Li Tian in front of him pitifully, if he still got along. If the two people kept their distance before, he still has a little chance of winning against Li Tian in front of him.

But now it's different, he was caught by Li Tian, with no chance of winning at all.

Want to survive?

Of course it is not very difficult. You must make Li Tian happy in front of you. If Li Tian in front of you is unhappy, then the result is no different from no change.

"In other words, when you want to really prepare to deal with me, you must prepare for more than two years?"

"It is indeed like this. The ancient spellmasters decided to separate their relationship with the God Realm a long time ago. Even if we want to stand up one day, it will definitely not be during this time. The current level of chaos in the God Realm is not It's the situation we want." He saw that Li Tianhao wanted to believe a lot, and immediately began to become excited, and even his words began to tremble.

Ning Bing next to him stepped forward and patted Li Tian's shoulder somewhat cautiously: "Is this guy's words really credible? It's better to kill this guy now. The province has many nights and dreams. If you let those people find it. , It may be a bigger trouble."

"I have enough troubles, of course I don't want to have another trouble." Li Tian said helplessly.

Chapter 5686: Return trip

To say that Li Tian is undoubtedly making countless enemies in the God Realm.

The most important thing is that many enemies were not caused by Li Tian at all. Many people started to feel nervous because this young man grew up, thinking that if this young man continues to grow, it may not be long. Time will become a big worry for them, so many people will choose to kill Li Tian at this time.

Since this young man will eventually be a problem when he grows up, it would be better to solve the young man directly before he grows up, and there will be more dreams after that. ,

In this way, there are really countless people who want to kill Li Tian.

And she herself knows this very well. Whether she came to the God Realm or when she was in the Lower Realm, there were quite a lot of enemies. Now that many enemies have gathered here, it will be even more so at this time It's time to test Li Tian's strength, whether he can survive under the siege of these guys, this is a difficult thing to do.

The ancient spell master in front of him, of course, could easily kill this guy.

Of course, doing so may leave him without any worries directly, but if all the ancient spell masters said are false, after this guy dies, other ancient spell masters will also be affected, then it will not be long, currently The ancient spell masters within the scope of the entire immortal activity might know the name of Li Tian in an instant, and then madly assassinate Li Tian.

He has enough enemies. At present, I don't know how much time is wasted to deal with these guys. I don't want to fight with these guys.

If the guy in front of you is allowed to leave, maybe he will summon his companions here, but it is very likely that Li Tianhai has a chance. After all, this time he is only sending out a group of scouts, and they do have some powerful spells to protect themselves. , But if you really want to fight, it is far from enough.

In this way, they must return to their territory to dispatch reinforcements.

And this process is a good opportunity for Li Tian. He can use this opportunity to grow up during this period of time. Even if he really has to face the ancient spellmasters, he doesn't need to worry about being here. In a battle, you will lose all.

"I know you must be very worried now, what should we do if we kill you like this." Looking at the worried expression on the face of the ancient spellmaster, Li Tian smiled and slowly degenerated into a normal state. Although the hostility on his body has not completely disappeared, it still makes people feel a lot more comfortable compared to before, and the ancient spell master also relaxes a lot.

At least in this state of Li Tian, he still finds it easier to communicate, unlike Li Tian in the previous second personality state. As long as he is his own enemy, it seems that he has only the option of death of the offender.

"I know that you are a gentleman who speaks words and is difficult to chase. You will definitely not let me die."

"I also hope that none of these things you said made me joking. If one day let me know that what you said is just a mitigation measure, I can assure you that you died earlier and worse than me."

"I use my life to guarantee that every word I say is serious, and there is absolutely no meaning to joking. These coupons are real things. You will soon know that I am not lying." Seeing the killing intent flashing in Li Tian's eyes, the spellmaster immediately struggled with fright, but found that he still couldn't squeeze Li Tian's strength, so he could not move honestly.

"This is the best. What I like most is to deal with guys who are good at communicating with you. As long as you know what I mean and what I want to do, that's enough. We must both It is quite advantageous. Although we will inevitably become enemies in the future, at least we won't want to make you a backstop until I fail." Li Tian smiled and slowly released the antiquity Talisman: "Well, since I still have time to prepare, this is enough. I will prepare to deal with you before your army arrives."

"I admire your tolerance. If you change to someone else, you might not let me go."

"Perhaps killing you, it is indeed possible to bury this matter, but I never like to let what I say becomes a shit, so I choose to fulfill my promise now, since you gave me What you want, now your life is naturally in your hands. Leave quickly. I won't let you go for the next time after being caught by me." Li Tian waved his hand and turned to look. Glancing at Ningbing, she is still very nervous now.

After all, just let this guy go. What if you really take a bite back in the future, or if everything this guy is telling here today is fake?

This guy Li Tian looks like this. In short, he thinks he is the luckiest person in the world, and he will naturally choose to trust some people.

"I know what you think in your heart now, but I have my own plans. You don't care about things this time. Just listen to me honestly." Li Tian stepped forward, took a look, and then slowly Passed slowly towards the place to go back.

"Are you not going to go on?"

"Since we have now found the secrets of these ancient characters, there is no need to stay here anymore. Hurry up and return to Tianqi City. During this time, I will learn a spell or two to let them compete. At that time, I was taken aback." Li Tian looked at Ningbing and smiled faintly. When he turned around again, the ancient spell master had disappeared from their sight.

This guy himself is proficient in the technique of concealment, and now his life is in danger, he will definitely not leave any flaws and run away.

"Let this guy leave like this, I still think it's very inappropriate." Ning Bing stomped his feet. Although he didn't want to look like this, the ancient spell master was subdued by Li Tian, so how to deal with it is entirely his business. .

"Don't worry, if we were deceived, they would not be well. Do you really think that the current God Realm is still in the ancient times? Maybe the ancient spell masters are really powerful, but in this increasingly strong God In the world, how much role can they play?"

Chapter 5687: Steal the teacher

After so many years of precipitation and development, the God Realm not only allowed them to gradually catch up with the ancient spell masters who were many years ago in civilization. ,

It also made the background of the entire God Realm even more terrifying than before.

In addition, there are powerhouses of various forces. These are all reasons why the ancient spellmasters did not dare to show up easily. They are indeed very powerful and there is nothing wrong with them, but their fertility is a serious one. After so many years of development, their population must have grown a lot compared to before.

But compared with the current human society in the God Realm, it is still insignificant.

One punch is hard to beat four hands, and the ancient spell masters also know that they are undoubtedly challenging the entire God Realm when they show up now.

That's why I turned around and quietly dispatched these scouts who were not very powerful, and did not attract the attention of many people even if they were exposed, and came to human society to look for their holy artifacts for this reason.

The ancient amulet masters still dare not underestimate human society.

If they really want to attack Li Tian, they must be a master, and if they are a master, it means they will let others in the gods know.

If they knew about this, would the ancient spellmaster clan still have peace?

They want to hide from the world, it is impossible.

"I hope your decision this time is correct."

"My luck has always been very good, so I think maybe this time, it will also be the beginning of good luck." Li Tian smiled, raised his hand slightly, and a black hole appeared in front of him.

"By the way, your second personality before is completely different from before."

"I can also feel that although the second personality has appeared, my first personality has not completely disappeared, so I can still maintain a little sense, but the increase in strength and before is still quite huge. "Li Tian took a look, and he couldn't help but said something. There was still a

little excitement in his heart. Since such a problem will arise, it also means that one day he can achieve the second personality and the first personality. Personality is completely integrated, so that his strength can be said to be greatly increased.

It's just that this requires a good chance, and of course it also requires a good luck to do it.

Looking at it now, if two personalities want to be completely integrated, there is no difference from joking. Even Li Tian cannot guarantee that he will be able to make some articles on this.

The two directly passed through the black hole in front of them, and then all of a sudden returned to the distant Tianqi City.

And just after they left, the ancient spell master appeared here, and then quickly turned into a streamer, rushing towards a big mountain in the east, here is a very secret cave, the outside looks like a cliff The crack is the same, but if you go through this crack and move on, you will soon be able to enter an underground palace.

If Ningbing is here, you can definitely see that this is the palace in the dream before.

At this time, there are also several ancient spell masters here, holding a lot of energy crystals in their hands, and they don't know what they are playing with...

On the other side, Li Tian returned to Tianqi City.

Ning Bing avoided suspicion and left his room.

Li Tian was left alone, sitting down on his bed.

"Unexpectedly, the culture of the ancient spellmasters has developed to this point. Their writing is at least tens of millions of years more advanced than our current human language. In these writings, I can even sense it. To the power of spells." The remnant soul of the ancient gods naturally also enjoyed the words shared by the spell masters, and sighed unconsciously at this time.

"It's indeed like this. If you only use human words, it is difficult to fully exert the power on the spells. Therefore, we usually use runes to create spells, but the words of the ancient spellmaster family are like for spells. It's the same as tailor-made. Their text itself has a kind of magic power. If you continue to make spells in this way, you can make people surprised by the strength of the spells." Li Tian couldn't help but say at this time. , I don't know if I don't know, but after knowing it, I have to say that the strength of this race is really terrifying to the point of incredible.

It's no wonder that the ancient spell masters had such an ability.

It's all because of their hard work on words, and they have already surpassed many people. Even humans cannot compare such words.

Li Tian hurriedly took out the charms in his hand, and began to prepare to learn in a hurry.

"Before this, you really don't plan to know why they want to make such a technique into a book, and what is the purpose? Why did the ancient spell masters pass their own spell spells to humans?" When Li Tian was so anxious, he hurriedly reminded him in his mind.

"If I knew what this was because of, I wouldn't stand here and wait. Since they did this, there must be their reasons, but now I'm running out of time, and the enemy doesn't know where it will be. Locally, the Ten Cities Conference is also within easy reach. Every bit of my time is of great significance to me, and I must not just waste it like this." Li Tian said seriously.

"Of course I know that you are running out of time, but if you just study rashly, what if there is a conspiracy by them?"

"There is no way to think about this kind of thing. I am in this state. If this is really a conspiracy, I can only smash my teeth and swallow it in my stomach." Li Tian smiled bitterly and shook his head before opening it. The moment the words on the ancient book appeared, it was like a movie video, and it began to crazily flood into Li Tian's mind.

For an instant, he felt like he was in a universe, completely immersed in the vast culture of the ancient spellmasters.

For a long time, I was unable to separate from it.

And the Remnant Soul of the Ancient God, at this time, only chose silence. This is a path that Li Tian himself chose, and he can only hope that this should be the right path.

If this path is wrong, then it is very likely that it will be overwhelmed, and it is also possible that it is such a path, a conspiracy reserved specifically for Li Tian, if this continues, it may be a conspiracy plan of the ancient spell master. Start to display it.

Chapter 5688: Comprehend

It was night, and the wind was blowing gently.

The Emperor Beidou stood alone in the courtyard, with one hand down, and looked up at the bright moon in the sky, with a calm expression on his face.

And standing behind the Big Dipper God Emperor was Fu Disheng.

"I didn't expect that they would actually start to be unwilling to be lonely, and they would appear in such a place, but now I don't know if the value of the thing that guy got in his hands is really that expensive."

"These are unknowable. Although the spells created by the sages were all evolved from the spells of the ancient spell masters, after all, they were modified by humans. What he will do this time is to use a human body. To cast the spells of the ancient spellmaster clan, this is something that has never happened in many years before, even I am not sure how far he can go this way." The Big Dipper said lightly.

"Murong Ziqing seems to value this young man very much, but I found many Shuiyuezhong elders, all of whom were protected in the hands of this young man before. If she really can't deal with that guy, maybe these people will take action. ."

"Maybe it is very important to Ningbing. Most of us have set our sights on Li Tian, but for this Shuiyuezhong master sister, there is more or less a little negligence, which is also quite Terrible young people, this time the Ten Cities Conference has a large number of talents, and it may really trigger a fierce battle." Although the Beidou Divine Emperor was very interested in his voice, there was some solemnity on his face: "Hope, these Young people can understand what they should do and grow up as soon as possible."

"It's true. We almost put all our hopes on these young people, hoping that they can grow up as soon as possible. After so many years of immersion, the God Realm should begin to become uneasy."

Maybe this young man When it appears, it also means that a new chapter in history is about to begin at this time."

In Li Tian's room, it was already radiant.

When this guy opened the ancient book, he had already discovered that he could no longer control his body. This feeling was as if his brain was controlled by a terrible obsession. At this time, he is also completely All my thoughts are immersed in this ancient book in the hands of the comprehension. It is really that the content of this ancient book is too complicated and too mysterious.

I've been enlightened here for almost an hour, but there is still no response at this time.

But the small world in the dantian began to grow crazily at this time. The barren world before began to slowly appear a lot of green, and this state is still changing. If it can be kept in this state forever If it is, it may not be long before a real planet will appear in his body.

Then creatures are derived on this planet, which becomes an infinitely developing universe.

Whenever he thinks of this, Li Tian even wonders whether he is a member of the world among some powerful Dantians.

But now he doesn't have time to think about these things. He has so many things that need to be paid to understand the ancient book in his hand, so that Li Tian's whole body sinks all his thoughts into this at this time. , Dared not to have a bit of random thinking at all.

The longer this time passed, the more I was amazed at the terrible aspects of this race I knew before him.

The clan of ancient spell masters is very likely to be a clan chosen by heaven, and probably only the race chosen by heaven can be so smart, so smart that Li Tian himself doesn't know how to describe it.

And in Ningbing's room, she also sensed Li Tian's strange fluctuations at this time, and directly used an enchantment to isolate all the energy fluctuations in Li Tian's room: "This guy, start so anxiously. Cultivation, what if this is a trap? What a crazy guy."

In Feng Tianling's room, although he was seriously injured at this time, there was still a resolute expression in his eyes.

This time the Ten Cities Conference did indeed lose, and it did shame Feng Jie, but let him know that there are too many things that need to be changed to become a strong man.

If I am as usual, like a flower in a greenhouse, I don't know how long it will take to grow up.

So he was going to leave Tianqi City directly after the injury was over this time, instead of returning to the New Moon City, he began to drift in the entire God Realm, and began to grow more mature. He didn't believe it, he still I really will be so depressed. Since I have changed so many things, I have to make corresponding efforts to make everything I have lost become more meaningful.

Just when everyone is working hard, they don't know that a shadow from the dark is gradually approaching them...

After the first round of the Ten City Conference, the entire Tianqi City ushered in a long period of scorching discussions, probably between Li Tian and Qiang Wudi.

These two people had never stopped dying before, and now it is certain that they will meet again in the future.

When the two people really hit one another, who is the ultimate winner? This is something many people want to know.

There are many people who support Li Tian, and there are also many people who support Qiang Wudi.

But they say so much here, and it doesn't make any sense. They don't have the slightest understanding of the strengths of these two men. No matter how much they say, it's just casual and lively. When the two men compete, they don't at all. Know who is the ultimate winner.

Of course, this is not meaningless, at least a long time ago, Li Tian began to feel a little pressure.

However, the news that came at this time was that in the second round of the match, Li Tian would fight Qiang Wudi. At this time, the entire Tianqi City, which was originally extremely lively, began to become even more frantic. .

Many people began to gamble wildly to see who is the ultimate winner.

As for Longhutang, the discussion about these people seems to be enthusiastic, and there is no need to let anyone dispel the idea. Obviously, they want to make their hype on this matter more exciting, so that the subsequent games will be More people watched it.

Chapter 5689: Meridians are broken

But these days, Li Tian did only one thing, comprehend the spells on ancient books.

In many cases, he doesn't eat or drink, and he dives into this state of his whole person, without knowing how long it will take him.

But Li Tian encountered a big problem.

When he was comprehending the spell, his body finally had the first problem: the meridians were broken!

For an immortal, this is equivalent to abolishing his whole person. For an immortal with a broken meridian, it is impossible for the immortal power in his body to circulate, so he cannot continue to hold on in battle. .

The first time Ning Bing knew about this, he came to Li Tian's side: "I told you before. Be cautious about this matter."

Li Tian's face is now pale, and there seems to be no problem with his whole body moving, but it's impossible to run the fairy power. You only need to run the fairy power a little bit, and the body will begin to suffer severe pain. It was like having two hands, madly trying to tear him apart.

"It doesn't make any sense to say this now, and I don't know how things will turn out like this." Li Tian smiled helplessly, his face was full of bitterness: "I thought I was a lucky star. Lucky Star, it looks like this now, it's really..."

"The second round of the game is about to begin. You have become like this on this knot." Ning Bing stared at Li Tian in front of him, and said angrily: "This is fine. , How do you deal with your enemies?"

"In my current state, it is impossible for me to display a small amount of celestial power. Just stand up and I am not their opponent." Li Tian smiled and raised his hand, although he can still move. But it is impossible to exert strength. Even if you want to mention something, it is completely impossible. The ghost knows what the contents of this ancient book are used for.

The Remnant Soul of the Ancient God began to study as soon as Li Tian's body had a problem, but it had no meaning so far.

"What should we do now?"

"There is no way. This time the Ten Cities Conference seems to be destined for me to miss, but I still have to participate in the competition. I can't let others think that I am a confession."

"But according to what they said, the opponent you are going to face this time, but Qiang Wudi, are you really sure?"

"I'm not sure, I don't want to say Qiang Wudi in my current state, just stand up as a person, I am not their opponent." Li Tian smiled bitterly and shook his head, like this, it is impossible to even do heavy work. Facing Qiang Wudi?

That's the super master in Nanhuang.

"Who else knows about this?"

"I only trust you alone, so I just told you about this. You also know how many enemies I have here. If they know that I have broken my meridians and have no combat effectiveness, it won't be long before He took the initiative to assassinate me." Li Tian looked at Ningbing in front of him with a helpless expression as well. He really didn't want to see something like this happened.

I just wanted to improve my spell ability a bit before, but it turned out to be like this.

The broken meridians are undoubtedly a terrible news for him.

"I will tell the sect master about this matter. The sect master has a very wide range of connections and may know how to help you. Maybe these genius doctors in the God Realm can also..."

"You don't need to be here to comfort me. I have found everything before, and the meridians are broken. Even these genius doctors in the gods can use this method, unless my current body can do miracles. "Li Tian stood up, eyes full of despair, if it weren't for Ning Bing's still in front of him, it would really be disappointed.

Before, I thought that I would be able to become stronger step by step in this God Realm, but who knew it turned out to be like this.

"Don't be particularly anxious. Although there is no such example in history, it doesn't mean that it won't happen. Maybe your body just has a short-term error, and it won't necessarily take a long time to get better. If you do this If you give up just then, then no one really can help you." Looking at the somewhat lost Li Tian in front of him, Ning Bing, who has rarely spoken, was also comforted at this time.

She knew that Li Tian at this time should be at the darkest time in her life.

"I don't really need your comfort now. For me, as long as you are still alive in this world, my world will be bright. Before I walked step by step in the dark, I won't be so depressed. "Li Tian turned around, looked at Ningbing in front of him with a smile, and said solemnly: "The broken meridian is indeed a terrible problem for many people, but there is no problem for me, but it can't be protected. is you."

"I am already very strong now, and there is also the Water Moon Sect. I don't need other people's protection."

"This is the best, I can really relax." Li Tian smiled, turned around and looked out the window: "This time the Ten Cities Conference, it seems that I am destined to be unable to make myself famous. God Realm."

"Don't be too pessimistic now, maybe you really..."

"I said, you don't need to comfort me. I have not reached the bottom of the need for comfort, but we also know that it is impossible to change this way unless a miracle occurs." Li Tian looked at She smiled tragically: "Although I can't compete for the championship this time in the Ten City Conference, I won't just give up this game. Even if I get beaten, I will be beaten until the end of the last game. "

Looking at him, Ning Bing felt that for the first time after losing his memory, this man had such an attractive charm.

If you were an ordinary person, after something like this happened, you might really have no fighting spirit, but Li Tian is different. Although the expression on this guy's face is a bit disappointed now, he can still see it and he can still laugh. come out.

He can even say these things very self-deprecatingly, as if these things have nothing to do with him.

This is all but not taking this matter too seriously.

Maybe it's really the same as what he said, as long as Ning Bing is still alive in this world, Li Tian's world will not collapse like this.

Chapter 5690: Beginning of the second round

No one knew about Li Tian.

He knew that once the matter of the severance of meridians was known to others, it might be an uproar. A contestant suddenly became like this, from a genius in the sky to such a waste who cannot go all out in battle. Anyone would choose to laugh at Li Tian at this time. After all, he has no chance of winning.

Although Li Tian no longer has the slightest fighting ability, the game certainly cannot end like this. What is to come will come after all.

Just the second day after Li Tian's meridians broke.

The second round of competition began.

The first time Situ Shangyan saw him, he discovered this situation: "What's wrong with your body? It was pretty good before, why is this..."

"Practicing madness, and now I have become a useless person. It seems that I can't fight for the new moon city as the champion of this competition." Now Li Tian, he has already looked away, and he has become like this. Maybe it was really destined, it should be so, it is something that I can't change no matter what, looking at the surprised Situ Shangyan in front of him, the expression on his face has become accustomed.

Situ Shangyan didn't expect that Li Tian would turn himself into what he is now in such a short period of a few days. It was incredible.

In their eyes, the boy who was extremely talented before turned out to be a waste in a flash.

I was preparing to go to the game together, but seeing that Li Tian also followed him in a daze. I probably didn't expect that the smashing situation before, in many people's minds, Li Tian, who is equivalent to invincible, turned out to be a useless person. It's hard to imagine how big a blow this incident would have to Li Tian in front of him. Can this young man stick to it?

"How come you are like this, haven't you been fine before? How long has it passed, how can you become like this? Situ Shangyan still couldn't believe the fact that he saw in front of him. After a few days, Li Tian became like this, and the most important thing was that Li Tian did not leave his room at all in the process.

How does this make him explain?

"I will say from Shuiyuezhong, Li Tian's appearance has nothing to do with you, everything is an accident." Ning Bing guessed what this guy is thinking now, and stepped forward and said helplessly: " But Li Tian is in this state. Obviously, there is no way to pin our hopes. If this guy is put in the ring now, it is estimated that it will not last long."

"I really didn't expect Feng Shui to turn around so fast. Before, I was a little jealous of your young man's rapid growth, but now it seems that I won't feel that way at all." Feng Tianling stepped forward and looked condescendingly. Li Tian, who was a little sick at this time, and Li Tian after all his meridians were broken, his current physical condition was no longer as perfect as before.

If he hadn't insisted on relying on his own strong mental willpower, Li Tian would no longer know what he was like now, but even if he was like this, he would still be sick, as if blowing the wind, he would fall down.

"Although I don't have the strength to challenge them now, the thing I don't like to do is to give up easily. Even if I know my current state is not good, I still have to participate in this competition, even if I am beaten up. I want to participate, too." Li Tian's eyes were full of firm expressions, and he knew the state of his body better than anyone else here.

After the meridians were broken, he now had no chance of winning against anyone. ,

Even an immortal who just started cultivating can still defeat Li Tian, no matter how great his achievements before, once his body becomes like this, everything will be like a done boat, and there is no way to change it.

"In your current physical state, you should think of ways to improve yourself, how..."

"It's not convenient for me to tell a lot of things that have happened here. I just hope that you believe me. This time I can participate in the competition. This is also one of my wishes. If I leave

like this, the time will come. I still don't know how many people will say that I am afraid of Qiang Wudi." Li Tian sneered, his opponent this time is Qiang Wudi.

Even if you know that you can't beat this guy, but in terms of momentum, you can't let this guy have the upper hand.

Even if you know that you are not capable of defeating now, you still have to stand up to fight, this is the spirit of a man.

"It's just a nonsense. You are passively beaten when you go up now. I don't know how many people want to kill you. When you are on stage, isn't it just to give them a chance?" Situ Shangyan shook his head, clenched his fist, his eyes were full Serious look: "I don't know what your physical condition is. If you can, I believe that some doctors can save it and give up my life in this way. It's really..."

"General Situ, you can rest assured about this. Even if everyone in this world is going to die, I will insist on laughing till the end. I will not let my enemies see me with a sad expression." Li Tian looked at Situ Shangyan in front of him very seriously, and his tone became sincere. He clenched his fist and said every word, almost gritting his teeth: "So, please agree to my request this time. Let me play like this and let me prove myself one last time."

"You...for a breath, is it really worth it?"

"This is the way I am walking. I am a person with a very straightforward personality. Even if I lose, I will lose honorably and decently, instead of carrying an infamy of fleeing before the battle. For me It is a lifelong shame and an insult to my once glorious event. I will never allow such a stain to appear in my life. I will never allow it." He said stubbornly, this time he was really asking before him seriously. Situ Shangyan of his.

If Situ Shangyan did not agree, no matter what Li Tian said, he would not be able to participate in this competition.

In this way, Qiang Wudi would be promoted directly.

Ning Bing didn't interrupt, and the only thing she could control was the Shui Yuezong side, but Situ Shangyan, she couldn't make him obedient, so now she could only stand by and watch the aftereffects.
