

A Killer 5691

Chapter 5691: Fight for glory

In fact, among the people present now, few would want Li Tian to play.

The former Li Tian was their hope, and it was also the favorite to win this time in the Ten Cities Conference. Since his debut, this young man has constantly used his own strength to challenge the limits madly, letting many people know how good he is.

Now, Li Tian is no longer at the beginning.

According to Situ Shangyan's idea, he would find an excuse to let Li Tian leave this game, and then find a good doctor to see if Li Tian can still get better now.

It was said that the Emperor of the Big Dipper had also met Li Tian alone.

In this way, Situ Shangyan would be even more aware of the weight of the young man in front of him. He was really heavier than he had imagined. Whatever he said, he must protect his thoroughness.

It's a pity that he has been very serious about protecting Li Tian.

However, he didn't expect that he would have gone into trouble, causing the meridians of his whole body to be broken, and he would become a useless person. Of course, he had to take Li Tian to leave here to see if he could heal such an injury.

Even if he had never heard of it, Situ Shangyan still would not give up this hope.

"I don't think so. I also know a lot about the history of the God Realm, especially in this respect. I have never heard of anyone whose meridians are all broken and can be repaired again. For many people, this is a rather illusory dream." Li Tian shrugged helplessly and looked at the serious Situ Shangyan in front of him: "Thank you for the kindness of General Situ, but it is a pity that I am now. I don't have much interest. If there is a possibility, I think I can get better even if I don't need to do anything."

"General Situ, there is nothing left to say. The current Li Tian is the same as me at the beginning. He can't listen to what you said. Since he wants to prove his worth in the arena, we can't. What I did was to give my full support, and then I told my father what happened here. As for how to deal with later, it is not something we can think about." Feng Tianling said aside.

The current Feng Tianling is completely different from the previous one, and he feels that he has matured a lot, and he is more thorough in considering many things.

The only difference from the previous one is that in this guy's eyes now, you can't see a little bit of humanity at all, only what is left is like a cold stone tablet, extraordinarily indifferent.

Situ Shangyan really didn't want to ruin Li Tian's reputation.

The rumored number one powerhouse in New Moon City has now become a useless person, which is a heavy blow to Li Tian and a very heavy blow to the entire New Moon City.

This time they dispatched masters like clouds.

First, Li Tian was as young as a master in the realm of gods, and the rest was the master sister of the Shuiyue Sect, Ningbing. Even Feng Tianling, who originally seemed to have no advantages, also played a role in the battle. From the tongue's ability, it can be said that their performance this year has exceeded many people's expectations.

But it was at this critical moment of catching up that Li Tian had such a thing.

"I know you want to continue fighting for your dignity, but have you ever thought that if you lose your life, you will have nothing? What glory will you have then?"

"Some people are alive, but they are dead, but some people are dead, but they are alive forever. I would rather be an indomitable myth in people's hearts than a waste who is willing to live." Li Tian raised his head and looked. With Situ Shangyan's eyes, his eyes were also extremely serious, hoping that Situ Shangyan could see his sincerity. At this time, Li Tian was determined to participate in this ten-city meeting.

What if the meridians are broken?

It may be a difficult problem for others, but for Li Tian, it just made himself lose everything again.

But this time, it was much better than before, at least Ningbing was still standing in front of him.

"General Situ, Li Tian insisted on this, you might as well agree to it." Ning Bing originally wanted to stand by and watch. She also didn't agree to the decision Li Tian made before. She wanted to go out and challenge the enemy just like this. joke.

But seeing Li Tian's resolute attitude, no matter how they exhort them, it doesn't make much sense. Only now they can only let Li Tian go on like this.

Seeing that Li Tianningbing had no opinion on this matter, Situ Shangyan started to waver.

"If I were to be held accountable later, I had already dealt with Shuiyue's affairs. Moreover, as a contestant this time, Li Tian is also qualified to choose his own destiny. What if we do not agree?" Ning Bing looked at him and smiled helplessly: "I don't want him to go up to death like this, but he regards the so-called honor very importantly. We can't change it, so we can only choose to believe it."

"Oh, I really can't bear it. To me, you, a young man, is one of the many young people I have seen, and he is one of the most distinctive, and he is also a very clever kid. It's a stale thing, maybe your future will really be terrifying. I really can't bear to let you out now, but now that you have asked for it, I will meet your wish and reluctantly agree." Situ Shangyan He sighed, stepped forward, and slapped Li Tian's shoulder heavily, like an elder looking at his junior.

Li Tian in front of Situ Shangyan was really like a junior.

At this time, I also looked at Situ Shangyan very seriously and smiled: "Don't worry, I have always been very confident of my own strength. I believe that in this competition I will tell them to know, even if I The meridians are all broken, I am still me, and I am still not so easy to defeat."

Li Tian has no chance of winning right now, without Xianli, he is no different from an ordinary person.

But still have to stand on this ring to let everyone know that Li Tian is still that Li Tian, even if it is abolished, he is still that Li Tian who is staring at the stars. It has never changed!

"What else can I say?" Situ Shangyan gave a wry smile.

Chapter 5692: Unexpected

Today's arena is more lively than it was in the first game.

After all, in the first game, the strong is not a very strong master.

At this time, the games are all strong players who can fight all the way from the first round. The next games will become more and more exciting, and naturally they will attract more and more people to watch the game.

But at this most critical time, they still want to see Qiang Wudi and Li Tian, who is the ultimate powerhouse.

There is another reason that makes the audience in these arenas so crazy, that is, in the former auditorium, there is now one more person, no one else, but the famous Big Dipper.

Although he was wearing a mask, the sitting position was quite lofty. Coupled with that tall figure and gorgeous clothes, an idiot could tell that this was the rumored Emperor of the Big Dipper.

So these audiences got even more excited.

Even the **** emperor has started to come here to watch the game in person. It is conceivable that today's game must be very exciting.

But what made them helpless was that the match between Li Tian and Qiang Wudi seemed to be deliberately suppressed to the last match.

The previous few games were definitely not so lively.

But even in this way, people's passion still has no retreat, like a burning volcano, it is not so easy to extinguish it again.

The Emperor of the Big Dipper leaned back slightly, looking like he was very lazy, there was no serious expression in his eyes, and the whole person didn't look so serious and relaxed.

By his side, Chai Lei and Bai Xiaosheng were two people.

That mysterious Fu Disheng didn't know when he left Tianqi City. As for what this guy was going to do, even the Emperor of the Big Dipper didn't know at all.

"How long is their game?"

"Thinking that it should be almost time, after all, the schedule this time is still very tight, and the time of each game has to be compressed." Chai Lei stood aside and responded cautiously. He didn't. Fu Disheng is capable, so in front of the Emperor of the Big Dipper, it's best to answer honestly like a good baby, and don't think about some weird things in your mind.

Bai Xiaosheng squinted his eyes and carefully played with a piece of jade in his hand: "But I don't know why, I feel that Li Tian is going to lose today."

"Lost? I don't think it's possible. This kid must have benefited from the ancient spellmaster before. As for what kind of benefit we don't know now, he must be able to make his own in this game. Strengthening to a higher level, defeating Qiang Wudi may not be difficult at all." Chai Lei shook his head, disagreeing with Bai Xiaosheng's statement.

This kid had already defeated an ancient spellmaster's scout, and he must have found something useful from the ancient spellmaster's mouth.

If under this kind of opportunity, one's own strength has not been improved, this is not justified.

"You two shouldn't argue about this kind of thing. Today's game is meaningless." At this time, the Big Dipper suddenly stood up and sighed. Before Chai Lei and Bai Xiaosheng reacted, Just left.

The remaining two people stood there stupidly, you all looked at me, and I looked at you.

They all have a question in their hearts. Could it be that they said something wrong?

It doesn't seem to be either. During this process, they have always been cautious. The most worried thing is that they have said the wrong thing at this most critical time. If you make the **** emperor in front of you angry, it will be bad luck.

Just looking at the way the Big Dipper is now, it doesn't seem to be because of them, so what is it?

But the Emperor of the Big Dipper was full of regrets. When he left, he said some very low words, and few people saw: "It seems that this kid is still destroyed in the hands of those guys after all. Phoenix Nirvana is true. The legend of existence is still..."

Just when many people felt incomprehensible when they left for the Big Dipper, they finally waited for the game to reach the final juncture.

It is time for the final finale, Li Tian and Qiang Wudi to debut.

At the moment when this time came, everyone had already forgotten about the departure of the Big Dipper God Emperor. They all looked at the top of the ring intently, and then let out a deafening roar, just like a wild beast, which can swallow half of everything in an instant .

Li Tian walked softly behind.

Qiang Wudi was the first to walk into the arena, then raised his hands and said triumphantly: "My followers, let me hear your cheers. Today I will be there for you Amidst the cheers, this ignorant fellow realized how boring existence he really is."

"Oh, Qiang Wudi is invincible, Qiang Wudi will win!"

Such words are endless, but many people have spontaneously stood up and started to cheer Li Tian.

Hearing these voices, Li Tian was not as satisfied as before. He always felt that these people were insulting himself. These so-called cheering made him feel uncomfortable.

However, there was no attack at this time, just step by step on stage.

Qiang Wudi had been immersed in his own world before, and did not observe Li Tian carefully. When he took a closer look at Li Tian, he immediately noticed that this guy was in a physical condition.

'How is this going? The celestial power of the whole person is immersed in all parts of the body, and the rotation of Zhou Tian disappears, it seems that all the meridians are broken? It's not that Li Tian has never left the room before. Why does this happen? Qiang Wudi looked at Li Tian with a very unexpected feeling in his tone. He really didn't expect Li Tian to become like this in just a few days.

At this time, many people have seen this.

Li Tian's meridians have really been cut off.

Both Bai Xiaosheng and Chai Lei were dumbfounded. Chai Lei looked at Li Tian, who was like an ordinary person on the ring, and asked: "The third child, I am not really wrong, this kid has become Is it like this? Are all the meridians on the body really cut off?"

"I think what we are seeing now should not be fake. What is in front of us is indeed a real fact. The meridians in his body are broken."

Chapter 5693: Tiger falls to Pingyang

The arena, which was still very lively, suddenly became chaotic at this moment. All kinds of voices filled the arena at this moment. Some people said this was their shady, and some said, this Someone murdered Li Tian secretly.

But in any case, no one wants to believe that if a person shuts himself in a room for a few days, he will become like this after he comes out?

"I thought I could fight you well this time, but I didn't expect you to become the way you are now, with broken meridians. For an immortal, you know what this means, right? ?"

"Of course I know my current state very well. Even if you are a young man, I can easily deal with me now." Li Tian smiled and looked at the Qiang Wudi in front of him, even if he has become this now. He looked like a useless person, but his courage hadn't disappeared like this. In Li Tian's eyes, Qiang Wudi still looked like a clown.

The two people's gazes faced each other, and there seemed to be a faint burst of fire.

Looking at Li Tian in front of him, Qiang Wudi laughed.

He pointed to the audience around him, then looked at Li Tian and said: "Look at these people around you, they all trust you very much, they all think you can beat me in this game, why? Will it become like this? I thought I would challenge the rumored opponent, but I didn't expect that what I would see in the end was just a trash."

"Even if the meridians are broken, I am not completely lost in fighting spirit now. Maybe I am not your opponent now, but one day I will step your head under my feet and kick it like a ball." Li Tian saw the disdain and mockery in this guy's eyes. Li Tian is now like this. The immortal power on his body is completely out of control, and his own power cannot be exerted.

An immortal who can't control the power of immortality, even if it is superb, is still a waste.

Faced with Li Tian's ridicule, he just smiled and shook his head: "Now, you can probably only move your lips. Only in this way can you barely make your humble self-esteem look decent, and say something for glory. Standing here is actually just trying to give yourself a sigh of relief. You have become a waste, but you still hope that you can leave a good impression in the hearts of these people."

Li Tian clenched his fist bit by bit, staring at Qiang Wudi in front of him.

On the other side, Sima Shangwu also looked at the two people in the arena, standing beside him, Chu Jiangnan: "Master, how could Li Tian suddenly become like this?"

"It is said that he hasn't left his room in the past few days, so there are only two reasons for his appearance. One is being framed by others, and the other is being caught up in anger, making the meridians in his body unable to withstand such a strong pressure. It collapses directly." Sima Shangwu is also watching Li Tian very seriously. His eyes are like scanning with an instrument, just a glance, as if he can know what is going on with Li Tian's body now.

"The meridians are broken, which is simply a fatal injury to us immortals. If this is really done by someone, where is this person so vicious?"

"But the place where we were before was under the heavy protection of Dragon and Tiger Hall, and the **** emperor was also in Tianqi City. If someone really took action against Li Tian, do you think they would not be able to sense the fluctuation of energy?" Sima Shang Wu smiled and shook his head, and took a look at Chu Jiangnan: "So, this time you may really not be able to blame others, it was Li Tian himself who made himself the way he is now."

"Then what shall we do now."

"What does this matter have to do with us? Although you and Li Tian were friends before, they were not very friendly afterwards. Now your relationship should not be as close as before, and you are still a member of our Sima family. Anyway, You shouldn't intervene easily. Even the Zhuge family hasn't arrived yet. If we act at this time, we are undoubtedly not giving the Zhuge family face. I don't want to discuss this matter with those old guys."

Sima Shangwu was obviously very smart. After he knew how Li Tian became like this, he was no longer going to help.

"He is no different from an ordinary person. Is it really possible for him to deal with the Qiang Wudi in front of him?" Chu Jiangnan looked at Li Tian with a touch of excitement and indescribable worry in his eyes. Human means to deal with a fairy is really ridiculous.

"Even if it's impossible, can you still go up and stop him? Even Situ Shangyan in New Moon City hasn't stopped him, let alone us, just wait and see if this kid just died like this It can only be said that he is fateful when he is above the arena, no wonder we are not taking action at this time." Sima Shangwu looked at him, sighed, and shook his head slightly.

Li Tian is likely to be seriously injured in this battle.

As for whether he would lose his life in this way, this is not a very likely thing. Although the situation is urgent now, Sima Shangwu still believes that Qiang Wudi should know what he is doing.

I also know where I am now.

If this is the case, Li Tian may have been severely devastated in this game, but there will not be any major problems.

But just being beaten is not a terrible thing.

The fact that Li Tian's meridians were broken almost spread throughout the entire Tianqi City in just a few minutes. Many of the fairies who had put their money and lives on Li Tian's body were about to have their intestines. Regretted, I thought that Li Tian had been creating a miracle, maybe this time it was like this, they just bet all their wealth on Li Tian.

As a result, the competition hadn't started yet, and Li Tian had become a waste.

If Li Tian in this state can win this game, it would really be a horror of the world.

This time, Li Tian once again felt the feeling of loneliness.

I also understand what the so-called loneliness of a warrior is all about. Sometimes, many people really can't understand your inner feelings, just like Li Tian can't understand, what is in these people's hearts? Think about something.

Chapter 5694: tyrannical

"I really didn't expect that one day I would become what I am now." Qiang Wudi slowly rolled up his sleeves and looked at Li Tian in front of him: "If I use the power of the gods to deal with you, Many people will say that I must be cheating, and they will definitely say that I am very disgusting."

"You despicable and shameless villain, do you still care about these things?"

"You can just say what you want. I believe your current mood must be very bad. You need to vent it by yourself. This is also a logical thing. I can be a good listener for you. If If you want to vent anything, you can come at me." Qiang Wudi sneered, and his icy eyes glared at Li Tian: "But when you are knocked to the ground by me, I I hope you can continue to yell like this."

When speaking, he directly summoned his own weapon, and then suppressed his strength to the point of a thumping Guwu master.

"I am no longer in the category of immortal strength. I will use the same strength to deal with you. I will use the same strength as you to defeat you and let you know who is the real strong."

"Stop talking nonsense, let's see how I clean up you." At this time, Li Tian also roared, with an iron sword in his hand, which looked a little clumsy, like a sword embryo.

This is the approximate appearance of the iron sword that has just been made today and has not been rested.

After Li Tian found that his immortal power could not work, he cut off Li Tian from many things, including the Red Zhan and the Red Wing Divine Equipment.

Therefore, the current Li Tian has really fallen to a certain level.

He knew that if he didn't do anything at this time, he was just waiting to be passively beaten here. Instead of doing this, he might as well take the initiative and let his enemies see how powerful he is.

This is the first time that such a method has been used against Qiang Wudi.

Who knew he had just cut the past this time, before he touched Qiang Wudi, he dodged the past lightly, and then flicked it lightly, but it was just a finger hitting the iron sword in Li Tian's hand. From above, there was a terrible impact, which directly caused Li Tian to fly upside down, and then hit the ground more than ten meters away.

The bone head all over his body was about to fall apart, Li Tian couldn't help but vomit a mouthful of blood, and then panted with a big mouth, struggling to stand up.

In the next second, a pair of feet appeared in front of him, then raised his right foot and stepped heavily on his back.

"Oh." The huge impact made Li Tian hit the ground again. At this time, the blood in his stomach was finally completely unbearable, all spewed out, and all the sand on the ground was dyed red at this time. , Even his hair is all bloody.

"Look at what you are like now, how majestic and prestigious you were before me. I thought you were my rare opponent. I even thought that this time the finals would be the ultimate duel between the two of us. It seems I still think highly of you. New Moon City is like this every time. The thunder and the rain are small. It seems that the dispatched are masters, but in the actual battle, they are all weak and scumbags." Qiang Wu Di stepped on Li Tian's back, with little effort, slowly pressing Li Tian into the sand.

As his strength increased little by little, Li Tian could feel that his body began to be unable to withstand such pressure at this time.

The bones also began to make a toothy "creak" sound, just like a bench that has been in disrepair and was suddenly pressed up by a big man of more than 300 kilograms. No matter how tough it was once, this time It is still going to collapse.

Qiang Wudi raised his foot and kicked Li Tian's shoulder to make him fly from the ground, and then kicked his stomach again: "Come on, you are going to fight back, let me Look at how terrifying the strength of the rookie king in the rumored new moon city is."

"Kekekeke"

Li Tian fell to the ground in the distance, coughing up blood constantly, while grasping the iron sword in his hand, struggling to stand up several times and all failed.

The eyes of Ningbing outside the arena were red at this time, but that was only the case. The frost on her face became more intense at this time. The few young people standing next to Ningbing were all subconsciously at this time. Keeping a distance from this woman, I was afraid that this woman would freeze them all.

At this time, a figure appeared next to him, and then a hoarse voice rang: "If you get something, you must lose something."

"This animal, I will definitely let him die." Ning Bing bit and glanced at Feng Tianling who was standing next to him, clenching his fist, his eyes were about to burst out cold flames.

"He must be important to you?" Feng Tianling smiled helplessly. He tried everything he could to get Ningbing's heart, but in the end he lost to Li Tian and lost to this in his own view. , He is a young man who has nothing to do with him at all, even he has no idea why Ning Bing has such thoughts about this man?

"He is my only friend so far. If you bully my friend, you must be prepared to accept my anger."

"I hope that one day I can also be your friend. After this Ten Cities Conference is over, I will leave Tianqi City and go to the inaccessible places alone to see the rumored boundaries." Feng Tianling was helpless. He smiled and glanced at the arena: "You can rest assured, although Qiang Wudi seems to have taken a heavy shot, but he never thought of killing Li Tian, killing Li Tian here is still too surprising. "

"If he dares to do this, I dare to let Shuiyuezhong razed the entire southern wilderness."

Looking at this domineering Ningbing, even Feng Tianling could only smile helplessly at this time.

"However, after this game, everyone who wanted to kill Li Tian before will definitely come out. At this time, Li Tian doesn't have any ability to protect himself. It is very likely that he will be lost in this kind of assassination. My life is gone." Feng Tianling snorted, and said helplessly: "Although I hate this guy, but after all, we are standing on the same front now. I really don't want this guy to die like this."

"I won't let those people get what they want, betting on my life, he has always been protecting me before, now it is my turn to protect him!"

Chapter 5695: Not disappointed

"It hurts, it hurts really." Li Tian slowly stood up from the ground. No one knew how terrible pressure he was now. The whole body was about to collapse at this time.

But in the next second before he stood up, a burst of energy hit his face.

Relying on his instinct, he almost immediately rolled on the ground again, dodge the past dangerously and dangerously. After this time, he could feel cold sweat coming out of his back.

"It's so boring. The guy who was so powerful before, known as the first genius of New Moon City, is now being bullied like this in front of me. If you let those who think of you as hope know what you will be disappointed. It looks like, but you didn't surprise me." Qiang Wudi stood in front of Li Tian, looking at Li Tian in front of him as if he was looking at a humble little brother.

Perhaps before, he had to be a little bit jealous of the young man in front of him.

But now, there is no need to take the young man in front of him to heart.

A guy with broken meridians is now just a cripple.

"Don't be too proud now, is there anything to make you happy if I win? Or is it that I was a strong person who was above all in your heart before, and you thought it was invincible?" Li Tian squinted his eyes. Although the body is uncomfortable, I still don't think that I have lost this game. Even if my current strength is completely different from before, I still won't think that I just failed.

While talking, he slowly stepped forward, and at the same time slowly picked up the iron sword in his hand.

"It's really a guy who doesn't know what's good or bad. I didn't want to make you suffer before, but since you don't know what's good or bad, I don't need to give you a little face here. Let you know how good I am." Qiang Wudi sneered, and then quickly rushed forward, pushing with both hands, a rush of energy directly slammed into Li Tian's chest, and then a mouthful of blood spewed out.

He raised his brows, and then his whole body flew upside down, directly hitting the barrier behind.

Blood is flowing.

He struggled, but after all he couldn't stand up.

Ning Bing clenched his fists, and at this time he could only gritted his teeth and watched the battle inside the arena, but he himself could not participate in this. What I can only hope is that Li Tian will survive this battle. that's enough.

"This has almost reached the limit of this kid's body. It is not easy to survive so many attacks." Although Chai Lei usually has a strange personality, it seems that he doesn't care about anything. In his eyes, but this time seeing Li Tian with his own eyes became what he is now, it is still a little unbearable. After all, this young man is still very good in his opinion.

"It's a pity that we all agreed that the future of this young man is fundamentally limitless, but in the end, something like this happened at this critical time. People can't help but feel that life is really a dream. Everything you think may be transformed into a different one overnight." Bai Xiaosheng sighed.

If Li Tian hadn't broken his meridians, his future future would be limitless.

It may even become a myth among the younger generation in the entire God Realm. This is not a rant, but it is really possible.

However, it is obviously impossible for Li Tian to do this now.

Having broken body meridians is an irreversible fate for many people.

"Let the referee pronounce the end of the game. This time there is no need for the game to continue. If this continues, it will only cause this kid to suffer for nothing." This was originally the finale, and many people let this matter go. In my heart, but now it has become like this, which also made them a little disappointed.

Those who put all their hopes on Li Tian are all full of despair at this time. When did they think of it, they would encounter such a situation.

And now Li Tian is also very helpless.

The referee began to announce the end of this game, and he smiled helplessly.

"Look at what you are like now. In my opinion, you were a very good powerhouse before, but now you are just like a gangster on the street. There is nothing to say." Qiang Wudi disdain He spit out, then snorted, turned and prepared to leave.

After this competition, I believe Li Tian should not appear again at the Ten City Conference.

In this way, his remaining enemies are nothing more than just a few people, Sima Shangwu, almost only this rumored genius, can barely fight himself, but whether this young man will have such a fight No one knows the strength now.

The first and second rounds of Qiang Wudi's battles can be said to be very quality battles. They faced two very powerful masters, one is Feng Tianling and the other is Li Tian. The fame of is very high, and it is also a big favorite in this competition, especially Feng Tianling seems to have changed his whole person's state in just a few days and become stronger.

But facing such two opponents, Qiang Wudi still didn't have the slightest fear, and he still defeated these people easily.

Now the voice of Qiang Wudi is already rising.

Even many people all think that he will become the last champion in this competition. With such strength, if he really chooses a champion, the person in front of him will definitely be qualified for his current strength.

At this time, everyone's eyes fell on Qiang Wudi, who was like a rooster who had won a battle, but no one would continue to look at what was once in their minds. Among them, he is also a genius and dark horse.

Li Tian fell lonely on the side of the arena, watching the audience in the arena slowly leave, and the original lively atmosphere around it also began to slowly descend at this time.

Ningbing still walked into the arena and looked at Li Tian who was sitting on the ground against the wall, not knowing what to say.

She walked over step by step, then stood in front of him, then stopped, leaning down to look at Li Tian in front of him.

Chapter 5696: Get what you want

"As you wish, now your game has been lost, and you have nothing to continue. Just go back with me. Don't waste time here. You need to hurry up and find a doctor. , Let's take a look at your physical injuries." Ning Bing, who has rarely spoken for a long time, became like this after Li Tian became like a different person, and talked more.

Every time, she hoped that she could use her own words to influence Li Tian in front of her, and let this guy know that she hadn't become a worthless waste now.

"I know exactly what I have become now. All of this is my own responsibility. If I were not too greedy for Li Tian, I wouldn't have to be like this." Li Tian exhaled, and then followed. When he came, he also vomited a bit of bruise. He looked weak, but his eyes were still very helpless.

It seems that today's game still had a big impact on Li Tian.

The powerful man of the year, has now become a weaker in the eyes of many people. Even the Qiang Wudi, an opponent who had been particularly valued by Li Tian before, did not put Li Tian in front of him at all. .

In any case, he must be uncomfortable now.

In this way, he fell directly from a position that was admired by others and became a bullied existence. No one could bear such pain.

"Look at what you look like now, but it's just that the meridians are broken, but I can't see your fighting spirit at all. Do you really think you can make your body better if you are not here? Time to redouble our efforts, how to stand on this stage again, how to deal with those enemies who look down on you again?" Ning Bing became even more angry when he saw him say this.

"Otherwise, do I still have to stand up with a smile and tell you that I am still the tough Li Tian before, and am I still the Li Tian who made everyone scared?" He raised his head and looked at the Ning before him. Bing, sneered: "No more, I am no longer the same me as I was at the beginning, and now I am like a waste in many eyes, and they will never take waste like me in their hearts. ."

"If you even think about it like this, don't think it's unfair. Even if you look down on yourself, do you still expect others to look up to you?" Ning Bing looked at this decadent guy and finally did. I could only snorted very angrily, then clenched my fist and stared at him: "I really don't want to see you like this, like a trash."

"You have got your wish now. It has been proved in this arena that you are not afraid to fight. Now that the proof is over, why don't you hurry up and change yourself?" Chai Lei didn't know when he also came behind the two. Squinting his eyes, he looked at Li Tian, who was sitting on the ground in front of him and had no fighting spirit: "It's just a small loss. Do you think you have lost everything?"

"I have lost enough, do I still expect to change something?" Li Tian raised his head and looked at Chai Lei in front of him. The corners of his mouth rose slightly, and the laughter was still exceptionally helpless.

Looking at the guy in front of him, even Chai Lei, some of them don't know what to say.

After all, this kind of thing has never happened to me, and I can't understand how this guy feels now. From a genius boy before to a waste that everyone now rejects, the huge contrast between before and after is indeed true. Many people can't stand it.

"Don't just lose hope like this, you still have another chance." Chai Lei looked at Li Tian in front of him, then knelt down and patted his shoulder: "Go to the Emperor of the Big Dipper, maybe he has a way. ."

"Divine Emperor of the Big Dipper? Is there any possibility of change in this situation with all meridians?" Li Tianzhao smiled and shook his head. He is very clear about his physical condition. Even if he is given another period of time, he will not It may be possible to change this.

"Don't abandon your hopes. Maybe it's really possible to change. The God Realm is huge. There are countless strange things that happen here. No one can be sure about what can't happen here." Looking at the unscrupulous Li Tian in front of him, he finally just patted the young man on the shoulder, then shook his head, turned and left.

Li Tian was left alone, still sitting in his original position stupidly, not knowing what he was thinking in his mind.

He previously thought that even if he stood on this ring, even if he was defeated, his heart was still calm and hopeful.

But now, he found that the situation was not like this at all.

I longed to become stronger, and I longed to become a strong man in the **** realm, and then recovered everything I had lost.

This is one of his goals.

It is also a regret in my heart forever.

Ning Bing sighed, and slowly grabbed Li Tian's arm. Her current strength was beyond Li Tian's resistance, so Ning Bing easily grabbed her from the ground. Like an eagle catching a chicken.

Holding Li Tian, he soon left the arena.

Both of them are celebrities, but this time they did not receive much attention by surprise.

The audience of the entire Tianqi City, at this time, all focused their eyes on Qiang Wudi, defeating two strong men in succession, and now Qiang Wudi's reputation is already longer than that of the Ten City Conference. I don't know how many of these people are stronger.

Li Tian heard Chai Lei say that he still has hope.

But he didn't see any hope, so he didn't think about it. He continued to fight Qiang Wudi on this matter. Since this guy has become the hope in the hearts of so many people now, it's not really true. A bad thing.

After the two came out of the arena, the soldiers from Crescent City and Situ Shangyan who were waiting outside, greeted them on their own initiative: "I have already told City Master Feng about this, and Sect Master Murong also knows about it. ."

"You told the Sect Master Li Tian's current physical condition?" Ning Bing frowned.

"In today's situation, we can only ask for their help, there is no other way." Situ Shangyan glanced at Ningbing, the way of nature was in her heart, but what can they do now?

Chapter 5697: Baicaomen

"None of this has anything to do with me. If they are willing to try various methods for me, it would be good, but I think there has never been any special case in the gods for so many years, and this time should be no exception. Now," Li Tian said as he continued to leave in despair.

Situ Shangyan was left alone. He glanced at Ning Bing and asked, "What's going on here? It was so good before, how can it suddenly become what it is now?"

"He just naively thought that even if he loses in this arena, he can be honored and leave here decently, but when he really tasted the taste of failure, he realized that this is not the case. There will be such a small emotion now, it is also a matter of reason." Ning Bing looked at Li Tian's back and shrugged helplessly: "No matter what, it is meaningless. I can only hope that time can be washed away. Everything."

In this world, the most perfect medicine is time.

Nothing can be cured by time.

Now Li Tian has fallen into a desperate situation of self-restraint. No one can awaken this guy again. If he wants to bring his life to life again, he can only rely on time and Li Tian himself. Hard work.

No one can help him.

Unless someone can stand up now and vowed to say that the meridian is broken, this condition is just a piece of cake in front of him, otherwise it would be more difficult to cheer up Li Tian than to climb to the sky.

"Oh, it's really a pity. Originally, City Lord Feng and Sect Master Murong wanted to cultivate this young man, but they didn't expect that something like this would happen at this critical time." Situ Shangyan shook. Shaking his head, he sighed a long sigh, and then followed Li Tian and left.

No one noticed. On the other side of them, Sima Shangwu and Chu Jiangnan were watching from a distance.

"It seems that we still overestimated this kid's confidence in ourselves. Now that he has no fighting spirit, it is undoubtedly a joke to want to fight against the illness." Sima Shangwu looked at Li Tian from a distance, helpless. He sighed: "But the two of you were good friends before. Now your friend has encountered such a problem. Are you not ready to help?"

"I also really want to help, but for me it's just a surplus and lack of energy. I'm just an ordinary Sanxian, and I'm not a genius doctor with good medical skills. He has all meridians cut off. How can I? Maybe it can be handled?" Chu Jiangnan smiled helplessly. If he really had such strength, he would definitely stand up and help as soon as possible.

But he knew very well that he had no such ability at all.

The current Li Tian had already fallen into an unchangeable desperate situation. Even Chu Jiangnan couldn't think of a good way.

"You forgot, a rumor we had heard before."

"You mean?"

"If anyone in this world can do this kind of thing, I think only they can do it. Looking at the entire God Realm, only they can have such strength and grasp." Sima Shangwu's mouth It raised slightly, with a very strange smile, and then looked at Chu Jiangnan: "You might as well, go and tell Li Tian about this, maybe you can cheer him up again."

"However, that is just a legend we heard. No one can be sure whether this is a real thing." Chu Jiangnan also had a dull expression. He looked at Sima Shangwu in front of him, not knowing the young master. What does it mean this time.

"Regardless of whether it succeeds or not, this is something that should be tried. Are you going to watch Li Tian fall like this?" Sima Shangwu saw that there were some Chu Jiangnan who didn't want to do it, humming. He said: "What's more, that Ningbing has amnesia, and these memories have not been recovered. If they can really find those people, maybe this matter can be solved."

When Chu Jiangnan said this, the whole person was already silent.

He knew that what the young master in front of him said was really not a bit wrong. In this situation, few people in the entire God Realm can do it, and there is only the rumored deposit left. The strength of it.

In the entire God Realm, there are countless people with superior strength.

Similarly, there are countless people with superb medical skills.

It's just that these people have very weird personalities. Although they live in the realm of the gods, they are unwilling to follow the crowd and have too close contact with any forces. Therefore, most of the time, these genius doctors are all hidden in the gods Places off the beaten track can help them find the fairy grass, and also make their lives stable.

And among the rumors, there is one sect that does not know where it exists.

The fighting power of this sect may not be the strongest among the sects of God Realm, but their reputation is the highest.

That is the rumored Baicao Gate.

This is a rumor that has been circulated many times in many big families in the God Realm. It is said that the Baicao Gate existed a long, long time ago, and at that time it was an era of war. It was during this war that the Baicao Gate was famous. It started slowly.

In the war, they don't know how many dying strong men have been saved.

No matter what kind of injury you have, no matter how serious the wound is, it may even threaten your life.

These are not relevant to Baicaomen.

They are like gods, and they can heal all the wounds on your body. It is precisely for this reason that many **** emperors want to win over this sect.

The result is naturally impossible to succeed.

In this way, it also created the awkward position of Baicaomen in the entire God Realm.

However, before the end of the war between the gods and emperors, the Hundred Grass Gate completely disappeared in the gods. No one knew what kind of anti-dharma was going down on their entire sect, but occasionally some people would say from their mouths. Some news about them came out, and when people went to investigate, they were surprised to find that the news had no meaning at all.

Come and go, and now, many people believe that the so-called Baicao Gate in the legend does not exist at all.

Maybe this is just a story casually told by the martyrs.

Chapter 5698: Conspiracy

"Baicaomen is said to be the heir of the Shennong family. Every doctor in the door sees his life as a genius doctor who can dominate one party. If it is an elder inside the sect, he has the ability to medicine bones and the living dead." Sima Shangwu When I said this, the eyes were full of longing and curiosity. Even a character like him couldn't imagine what kind of existence the sect in this rumor would be.

The condition of Li Tian's body now is indeed very difficult.

Looking at the entire God Realm, only the Baicao Gate can do it, and can connect the meridians of an immortal.

Although there has never been such an example in the God Realm, it is just that Baicaomen is low-key enough and unwilling to disclose these things to the public. In fact, they have done such examples many times a long time ago. .

Although the success rate is not very low, there are indeed some people, because Baicaomen's shot has risen from being a useless person.

This is why Sima Shangwu will ask Chu Jiangnan to talk to Li Tian at a critical time.

Because he knew, Li Tian must also know the news about Baicaomen.

Since this guy has been with Ning Bing for so long, he definitely wants to do everything possible to help Ning Bing recover his previous memories.

It's okay now, this is completely a matter of killing two birds with one stone. If the Baicao Gate is found, not only the meridians on his body can be repaired, but the memory of Ningbing can also be recovered.

It was really unexpected that this would kill two birds with one stone. What reason Li Tian would use to refuse.

"Although these are all things that have been heard, in our opinion, this is only a legend after all. It is just a legend recorded in books. No one can really prove the existence of the Baicao Gate."

"But no one can deny the existence of the Baicao Gate. Since there has been a record of this sect in history, I believe that this history must be true, and this sect must have existed in history, just why Now suddenly disappeared, this is also something I am very curious about." Sima Shangwu smiled wryly, then looked at Chu Jiangnan: "Of course, this is just a proposal I gave you, whether It's all up to your own decision to do this. Maybe a dead horse can be used as a living horse doctor, and maybe it really does a little bit.":

After speaking, Sima Shangwu left.

Standing alone under the setting sun, Chu Jiangnan watched the sun slowly fall down the mountain, and then sighed: "It seems that there is no other way, you can only choose to let you continue to stick to it."

After Li Tian returned to his room, he shut himself in the room and continued to study ancient books.

"Your body has become like this now. It's all because of this thing. Do you want to continue to be so obsessed with it?" The voice of the remnant soul of the ancient ***** rang, and there was even some anger: "Stealing the master to learn art , If the things above can really be learned by humans, how can your body be unable to withstand natural forces and cause the meridians to be broken?"

"Senior, I know all this. It was my previous negligence. I was anxiously learning the spells on it, which made me what I am now." Li Tian held the ancient book in his hand and said lightly: "But I have nothing now, and now I have nothing to lose. Apart from continuing to study this way, I really can't think of it. What excuses do I have to give up?"

"Do you want to break the jar like this?"

"I want to make myself better again, even if it's just a little bit of hope, even if it's just a miracle that may happen, but I will never give up." Li Tian said, and then took myself as a whole. All his attention was immersed in this ancient book, and he never continued to communicate with the remnant soul of the ancient god. It could be seen that he was really serious this time.

As for the remnant soul of the ancient god, he also knew how Li Tian was feeling now.

He and Li Tian are considered as one body together, and can also feel that this young man is really uncomfortable in his heart now.

The first thing that comes to the God Realm is to make yourself stronger, and one day you can become the master of the God Realm, so that you can resurrect all the friends you have lost. This is Li Tian's heart. Wish.

Even knowing that this wish may not be so easy to achieve, but after so long, Li Tian has never given up, and has been working hard in this direction.

And the facts have also proved that this young man may be really talented in this area. In this short period of time, he has cultivated to the realm of gods and has become one of the few geniuses among these young people in the gods. one.

It's just that the name of this genius hasn't stayed on Li Tian's head for long, and it suddenly turned him from a genius to a waste.

This kind of huge contrast is most likely to cause trauma to a person's heart.

It is reasonable for Li Tian to do anything unimaginable under such trauma.

It's just that this ancient book caused Li Tian to become what it is now, which means that he has no way to change this situation. If this is the case, continuing to study it is nothing more than a waste of time.

The reason why Li Tian still worked so hard was only because he knew he had no retreat now, and he didn't know what choice he should make at this time.

On the other side, in the cave where the ancient spell master appeared before, the energy crystals are being placed in an orderly manner, as if a portal is placed.

"Is it really okay for you to leave the holy thing in the hands of that kid?"

"Of course there is no problem. No one can learn that thing." The ancient spellmaster glanced at his companions and snorted: "A mere human body also wants to withstand the impact of natural forces. , This is almost like a dream. Looking at the entire God Realm, I have never heard of anyone who can learn the methods of our ancient spell masters."

"Ji Wuming, I think your fellow is really getting more and more arrogant now. Have you forgotten that existence hundreds of millions of years ago?" An ancient charm master who was playing with crystal raised his head and looked at Li Tian before and Ji Wuming, who played against each other, had some seriousness in his tone: "So, it is not that human beings cannot learn."

Chapter 5699: Hundreds of millions of years of existence

When this sentence was said, the expressions on the faces of several ancient spell masters all changed.

It's like eating a rotten egg, and I can't wait to vomit out everything in my stomach now.

In the history of the ancient spellmasters, if you want to say the most detailed record, it is nothing more than that hundreds of millions of years ago, which can be called legendary existence. As a human being, it is not only that he has cultivated to an extremely high level, but also All the spells of their ancient spellmaster clan were plagiarized, and that person had already become an invincible existence at that time.

His own strength is extremely terrifying, coupled with the powerful spells of ancient spell masters.

It can be said that this is simply a master of opening up.

But this master suddenly disappeared in the next few years, leaving only one legend.

But even this legend has attracted many people.

Only the person in this legend can resist the attack of the three **** emperors with just one person.

"After all, it is just a person in the legend. Looking at the entire history of the gods, there has been such a BT so far, only once. After that, human development has always been normal. I believe this It is absolutely impossible for young people to possess such terrible abilities." Ji Wuming thought for a while, and then laughed at himself.

That person back then can be said to have made them frightened.

But to make them believe that there will still be such a strong person in this ***** realm now, it is simply impossible, that level of strong person, looking at the entire ***** realm to appear such a thing is already a very miraculous thing.

"Anyway, let's hurry up and build this portal. Now the God Realm is brewing an uproar. This disturbance may also be an important possibility for us to become the protagonist of the God Realm." Several ancient spell masters They all said with a serious expression, it seemed that they were brewing some conspiracy.

Although Ji Wuming was indeed Li Tian's opponent before, after all, he was just a small scout. It was still a little difficult to deal with Li Tian's strength.

If a wave of battles cannot be over, then the next step is to slowly be consumed by his opponents. This is the fate of Ji Wuming later. He also knows this, so he will count.

When I was inquiring about Li Tian before, I also knew that this young man was in the spirit world during this period of time, and it seemed that he might become the strongest young man in the spirit world.

In this case, it would be better to use a method directly to abolish the young man.

Only then did so many things happen later, Ji Wuming tried his best to make Li Tianxin think it was true, and he could learn the spells from the ancient books after he had obtained the words of the ancient spellmaster family.

This also led to Li Tian now directly becoming a waste.

If he knew that this was Ji Wuming's conspiracy, he would definitely seek out Ji Wuming and kill Ji Wuming.

It was night, Chu Jiangnan walked slowly to the courtyard on the side of New Moon City, and knocked on the door.

A few soldiers from the Crescent City came out, squinted at Chu Jiangnan in front of him, and asked, "What's the matter, your Excellency?"

"I want to see Li Tian."

"I'm sorry, our general has an order. No one can see him these days." The soldier looked at Chu Jiangnan in front of him with a serious face. According to Li Tian's current physical condition, he must be treated as a national treasure pet. Protected, you want to see Li Tian at this time, isn't this a joke? In the unlikely event that someone killed Li Tian and let Li Tian hang up, who would be responsible for this matter?

"I have very important things, even about whether you can get Li Tian to recover. Excuse me, please tell your generals, just say that I can find a way. I believe that he will not let Li Tian miss this good opportunity like this. "Chu Jiangnan had no choice but to say so. Although finding the Baicao Gate is not a good way, at least it can give Li Tian hope.

Otherwise, if you let this guy continue to be lonely like this, he might become like this.

The soldier squinted his eyes and looked at Chu Jiangnan in front of him, and said helplessly: "Well, I will tell our general, you are waiting here."

"Thanks a lot."

Chu Jiangnan stood at the door of the small courtyard and looked at the courtyard from time to time. After a while, he saw Ningbing coming to the door and glanced at him: "Why are you here?"

"Where is Li Tian?"

"I will shut myself in the room after coming back today. It seems that I still want to change my current physical state, but I have always been reluctant to see others, so we don't know what he is doing." Ning Bing glanced at Li Tian's room, then he said coldly, with a little helplessness in his tone: "Is there anything wrong with you? He is in this state, and there is no way to meet guests."

"I also know that Li Tian's current state is not very good, but this is definitely not a solution. If you don't cheer up this guy, there will really be no chance." Chu Jiangnan smiled helplessly and looked at Ningbing. , The tone of Chen Ken: "I came this time only because I know a rumored sect, they may be able to do this."

"You're talking about the Baicao Gate? After Li Tian's current situation occurred, the entire Shuiyue Sect's disciples up and down were all looking for the location of the Baicao Gate, but there was no news at all these days. It's impossible to find it." Situ Shangyan appeared right here, glanced at Chu Jiangnan, and said: "Unless you have a little bit of information about the Baicao Gate in your hand that can help us change this situation."

"I also just know their existence, as for their place, I don't know."

"That's just a legendary sect after all. Who knows if there really is such a sect in this God Realm." Ning Bing smiled helplessly, thinking of finding the Baicao Sect, which was like daydreaming same.

"Always try it, otherwise what should Li Tian do, we just give up like this?"

"You go ahead and talk, standing here is not the right place after all." Seeing him in such anxious state, Situ Shangyan smiled and let the courtyard gate open.

The three people slowly walked towards Li Tian's room.

Chapter 5700: Turnaround

At this time, few people can know what Li Tian's feelings are like now. A few of them still think that this is because he has lost his original strength, which has led to him not having any confidence in himself. Became like this.

"But let's talk about it first. The current state of Li Tian is really not as good as we thought, so what we say here and whether he can listen to it is unknown." Situ Shangyan also hopes to be able to. Changing Li Tian's current state, if this guy's mentality can be improved, it may not be long before he will return to his previous state.

Only when they came to Li Tian's door and opened the door did they realize that their thoughts were a bit naive.

Seeing Li Tian who was sick and almost falling asleep in front of him, he really did not expect that the young man who showed terrible fighting power in the arena before became like this in just half

a day. , In the morning, Li Tian was still vowing, he didn't take these things that happened to him seriously, but looking at Li Tian now, he is no longer what he used to be.

"If you come here to tell me something to cheer me up, I don't think it is necessary anymore. I know very well what my state is like now. No one knows me better than me. Seeing these people in front of him, Li Tian smiled faintly, and then relaxedly said: "If it is not, please leave. I have many important things waiting for me to do."

"It's not like the real you at all. You never looked like this before, but looking at you now, are you still the Li Tian I knew back then?" Li Tian, who was sluggish, was a bit disappointed in the truth. He had always hoped that this guy could cheer up before, but these things that happened to him now were just trivial problems.

For Li Tian, solving these problems should be nothing at all.

What if it becomes a waste of wood? It's not that such a thing has never happened before, and Li Tian has never taken such a thing to heart.

But the Li Tian they saw before them was completely different from the previous concept. No one knew what happened to this guy in these short days. He has become what he is now, and he can't believe it. This is the confident young man they knew before?

Situ Shangyan glanced at Chu Jiangnan next to him. He didn't seem to expect that this guy would actually have some friendship with Li Tian. Based on what he knew, he just knew that Li Tian had many friends before, and these friends The help to Li Tian is definitely not small, but he did not expect that Li Tian would still have a little friendship with Chu Jiangnan.

Ning Bing looked at Chu Jiangnan. He heard Li Tian say that the relationship between them is very complicated before, and he hadn't paid special attention to this matter before. Only then did he realize a little bit, as if the relationship between the two of them. , It's not as simple as those outsiders seem on the surface.

"The past is over, even I don't use the past to talk about things anymore, why are you still like this now?" Li Tian smiled faintly, looking at Chu Jiangnan in front of him, with a touch of his mouth hanging With a very cold smile, he said calmly.

The wind blew gently, as if gently touching their cheeks with the same hands.

Chu Jiangnan sighed, and then said very seriously and sincerely: "General Situ, there are some things we can't say all here. I want Li Tian to be alone for a while, and some things, I think The two of us were alone in the same room. I can say it clearly. I don't think you want Li Tian to be like this. You also hope that this guy can regain his previous confidence, right?"

In his eyes, there was a hope that Li Tian would cheer up very much, and it was also a feeling that he could do everything as a friend.

Ning Bing glanced at Chu Jiangnan. Although he could not feel any kindness to this man in Li Tian's words before, but now looking at the man in front of him, he knew that this should have a good relationship with Li Tian. One of them.

Otherwise, it is impossible to stand up at this critical time and chat with them like this.

She nodded and said with a smile; "I still have things waiting for me to deal with, so I won't waste time with you here. If there is anything, come to me again."

After speaking, without any hesitation, he left in front of a few people.

Only Situ Shangyan was left. He just glanced at Li Tian. This was asking for the opinion of the young man in front of him. If Li Tian had no problems, he would naturally not be on this matter. Block more.

"You want to talk to me alone. What's the point? You should know what my temper is like. Even if you say more, it is impossible to change my opinion." Li Tian sneered. , What he said is not very pleasant, or that this guy really treats these things as indifferent now.

He has become a useless person. If this process is not time, it is impossible to change. Although the relationship between Chu Jiangnan and him is very good, Li Tian is more aware that he wants to change himself. In this state, it is almost like a daydream.

"I know that I may not be able to convince you, but I am willing to try on this matter. It is also because of the things that happened at the beginning." Chu Jiangnan also felt it. Li Tian had no idea about this matter. .

But he must not think so.

The friendship between the two of them is still there, even if a lot of things have happened before, but now that they have all returned to the original point, Chu Jiangnan will never look at his friends, and just step by step toward a decadent state. He knew that Li Tian just needed a hope, as long as he had this hope, he would surely stand up again and become one of the best in the gods.
