

## A Killer 5711

Chapter 5711: Battle of the trapped beasts

This time's wild card match, for the entire Tianqi City, there is no excitement at all.

But the reason why it still attracts so many people's attention is because many people want to see if Li Tian can survive the economic turmoil in this game.

If it is an immortal, just a few days are enough for their own body to recover again, so that they will naturally be able to cope with the next battle.

But if you look like Li Tian and become an ordinary person, you still want to recover your body in just a few days. This is a joke. Everyone knows that such things are basically impossible to accomplish it, no matter how powerful the guy in front of him is, no matter how talented he is, it is impossible to achieve this kind of thing.

The fairy relies on his own power to recover his body, but if an ordinary person wants to recover his body in just a few days, what he needs is a powerful doctor.

Soon, Li Tian stood on the periphery of the arena again.

At this time, they could already see a lot of people rushing in, crowded at the front door. This resurrection match must be very bloody. Every player here is doing the final struggle, just like the trapped beast. Just like fighting, in this battle, they will definitely not give up any means. It can be said that the tricks that can be exchanged will not be retained.

Ning Bing and Situ Shangyan stood behind, looking at Li Tian, "How sure are you?"

"Ten percent sure." Li Tian thought for a while. He really didn't need to expose his physical condition to easily defeat his opponent. He still has a spell in his hand. In the past few days, What I did the most was to make some charms with purchased materials. These charms were different from the charms I bought before. The activation of such charms did not require the injection of immortal power.

When making spells, you can directly inject your own fairy power into the spells. When the battle begins, you only need to recite the spells, and then throw the spells in your hands, and the power of the spells can be easily displayed. Out.

During this period, Li Tian also deeply understood how terrifying the energy on these spells was.

He can even say with certainty that among the people present, probably no one can face such a spell at all. Even if the strong man in this resurrection match is like a cloud, in front of the ancient spell master's spell, even if you are Formidable powerhouses are still unable to contend with the energy of such spells. The reason why the spells of ancient spell masters can be brilliant in those years is because of their destructive power.

And this time, Li Tian can be said to have perfectly demonstrated the destructive power of the spell.

"I hope you are not joking with us, we also hope to see you shine in this game, but if you just make us happy, it is very bad." Situ Shang Yan looked at Li Tian with relief. Perhaps it was because the communication between Chu Jiangnan and Li Tian really played a role. This guy actually became cheered up now.

Although Li Tian still looks like the meridians are broken, no one has said that after the meridians are broken, there will be no way to fight.

"You will see." Li Tian looked at the two of them seriously, then at the very magnificent building in front of him, then smiled lightly, and walked out step by step and walked into the one in front of him. Known as a nightmare regional arena.

He entered directly from the back door, and then stopped in the back room of the players.

Several staff from Tianqi City were registering here. After seeing Li Tian, they were taken aback for a while, and then laughed: "Hey, have you seen it? Didn't this kid say that his meridians have been broken and he has become a waste Already? Why did he appear here? Could it be that he is going to use his body like a waste to participate in this competition? Or is he going to be a sandbag?"

"Hey, it's just sensationalism. What I said before is that I will not easily admit defeat and will not be easy to be timid. In fact, it is just to win the sympathy of others, so that maybe I can get better in the future.

Several staff members looked at Li Tian as if they were looking at a humble ant, and the tone of their speech was not at all respectful, just like joking with Li Tian.

Seeing these people's attitudes towards themselves, Li Tian's expression did not change in any way, but he calmly said: "You have already said what you have said, can you let me in now?"

"What's the matter, I'm impatient to wait? You must know that we are the management here. When do we ask you to enter, you can only enter when, what do you pretend to be here? Ah?" A staff member left. Coming up, he raised his hand and pushed Li Tian's chest, making him take a step back: "Why do you still stare at me? Not convinced? If you are not satisfied, let's have a try?"

Looking at Li Tian with a frosty expression on his face in front of him, another staff member stepped forward and pushed his companion: "Dong Xin, forget it, what can be more real with a cripple? If this kid can If you win you, maybe you can win this game." The man said, while giving up his position: "Look at what, don't hurry in?"

Li Tian looked at Dong Xin with a strange arc across his mouth: "I already remember your face."

"Hey, what can you do if you remember what I look like? Do you think I'm afraid of you?" Dong Xin said as he was about to roll up his sleeves to beat Li Tian, and his companion hurriedly pulled on, but he still cursed. Said: "Before you were talented, so the second and third bosses gave you face, now you are just a cripple, and you still expect to enjoy respect with us? Daydream, you should know the so-called Tianqi City, It's a world where the weak eat the strong."

"Because of this, I said that I have remembered your name and your appearance, and soon you will know why you remember these things." Li Tian smiled grimly, then took a step and left. .

Dong Xin spit on the ground: "I'm just a cripple, and I am so arrogant in front of the uncle. If I were not on duty here today, I must let you know how good I am."

Chapter 5712: Melee

Seeing Dong Xin's clamor, his companion did not feel very happy.

On the contrary, this person's current mood is also very heavy.

If Li Tian was in front of them, he was really just a \*\*\*\*\* with a broken meridian, there was really nothing to be afraid of.

But just now, the moment he saw Li Tian's eyes, he even suspected that he was just like hell, and all the muscles in his body became tense in an instant.

I almost believed it, thinking that Li Tianzhen had recovered all his strength.

If they were to be like that, they would have smashed a basket today. This ancestor dared to kill even a god-level city lord. Besides, they were just a few small soldiers in Tianqi City, even if they were killed. No one will feel a pity.

What's more certain is that Chai Lei and Bai Xiaosheng will never take this kind of thing seriously.

If someone else killed the soldiers in Tianqi City, they might still stand up and hold them accountable, but if it was Li Tian, then the situation would be completely different, not to mention the reason why Li Tian is now letting them stare at them. , And it's completely because the two of them are here to mock Li Tian wantonly, they are already like this, don't stare at you two to kill you, are you waiting for the day lily to get cold?

"Hi, what's your expression?" Dong Xin saw his companion look a little worried, and gave a push: "Do you really believe it? This kid has become a useless person now, do you think he can What about the two of us."

"Maybe I'm too worried."

After a little farce before, Li Tian's mood now began to become gloomy. He was in a good mood, but he was buzzed by the two flies in his ears. Now The whole person's mental state began to become very bad, and I could even feel that the hostility I suppressed before, at this moment, could not help but burst out.

From the time he first came to the realm of the gods until now, even if Li Tian is alone in the dominance of the group, he has never recognized anyone before, and of course he has not been afraid.

Many people mock him, but they all have status and status.

But today, I was ridiculed by two little guys who were only worthy of bowing and bowing in front of me. No matter who I changed to, it would be hard to accept this kind of mood. Li Tian is naturally like this. The anger in his chest was like raging flames. If it weren't for this place, he couldn't do it casually, otherwise he would have killed these two idiots.

Don't ask, in this \*\*\*\*\* realm, who doesn't know Li Tian, but a guy who kills and kills, never cares about the consequences.

He just came in and ran into Xu Zhou head-on. This guy was suffocating his stomach before. At this time, he saw Li Tian and immediately became interested: "Hey, I thought you didn't dare to participate in a competition. I didn't expect that you would dare to come over to participate in this competition. Could it be that you were not afraid of being beaten by Qiang Wudi before? It really hurts to look at your tragic look before."

Li Tian looked at Xu Zhou and asked, "Do you have anything else?"

"Why, now I have become a useless person, and even I have become so arrogant? Even if there is nothing else, can't I take the initiative to find you?" Looking at the person in front of him, he looked cold. Li Tian, Xu Zhou sneered and asked suspiciously.

"I'm just worried, if you make me very angry, what should I do if I kill you here?" Li Tian looked at him, the smile on his face became more and more ferocious, even the muscles on his face started Then twisted.

Xu Zhou looked at Li Tian in front of him seriously, and then laughed loudly: "If I didn't know that you are just a trash now, I would really be afraid that you would kill me, but now you are just a trash. If you don't believe that this \*\*\*\* can go to heaven or not? I'm just standing here, and don't believe what you can do to me!"

Li Tian snorted, and the game is about to start, when the time comes, this guy will naturally know how good he is.

At this moment, it didn't make much sense to talk with him more here, so he turned around and prepared to leave.

Although Xu Zhou wanted to continue taunting Li Tian, the game was about to begin, and there was no need to waste time here, so he watched Li Tian leave and sneered in his heart.

Inside the lounge, there are many staff members who are registering. After seeing Li Tian, one of them came up and said, "Li Tian, right? These are the rules of this game. Let's take a look."

Li Tian took this game rule description from the opponent and knew it at a glance.

Sure enough, there is no difference from what they imagined. This time the game is to rely on the final melee to decide who is the final winner, but in this process, the players participating in this game can use any means. , Including joining forces with each other is also possible, in this way, if you have strength alone, you may not be the ultimate winner.

‘The rules of this game are very interesting. This arrangement means that even if you have the strength, you may not be able to win the game. "Looking at the rules of this game, Li Tian also smiled helplessly. He didn't expect that the final rules would turn out to be what they are now, but that's good, at least he can solve these opponents well.

At the beginning of the game, no one should notice that he is a guy crouching in the corner.

As long as no one pays attention at the beginning of the game, Li Tian can wait until the end of the game to a certain stage, and then when he takes a shot, there may not be so many remaining players. This is the time for Li Tian who suddenly shot. Many people were surprised that the waste that had no threat in the corner before was actually the biggest powerhouse in this arena.

"It's almost time. Contestants get ready. You will all play together." At this time, a staff member standing outside shouted loudly.

As a result, the other players in the lounge all began to prepare nervously.

As for Li Tian, like a okay guy, he has been sitting quietly for a hundred years waiting for the final announcement.

On the other side, the outside of the arena has now begun to boil, and this kind of melee situation is the most refreshing.

#### Chapter 5713: Unremarkable

Without waiting long, Li Tian soon heard the voice of outside staff greet them on stage.

The corners of his mouth raised slightly, he touched the storage ring in his hand, and then walked out of the arena step by step.

When he came to the outside of this arena, he heard deafening cheers. At this moment, all the audience seemed to be crazy, roaring constantly. It seemed that only in this way could their inner excitement suppress it.

At this time, several people behind him began to slowly come out.

Xu Zhou came out with these people at the last time, and he saw Li Tian at first sight.

"Huh, I didn't expect this match to be a melee. You must be very nervous right now. The people here are better than you. Don't you think that you are staying here just waiting to be killed by us?" Xu Zhou's eyes all It was the look of jealousy and anger, all because of Li Tian in front of him, that made his current situation so embarrassing. If it weren't for Li Tian, maybe nothing would happen today.

So he is very angry now, and wants to do it directly.

However, the game has not officially started, and they can only hold back their emotions here.

Inside the arena, in addition to the auditorium, there are many places where nobles with unique status and status are used to watch the game. These rooms are all very close to the arena. Here it is like standing on a mountain overlooking this Like the world, it's a small view of the mountains.

At this time, the Emperor of the Big Dipper was sitting in the room, and Chai Lei and Bai Xiaosheng were following this person, watching the game calmly.

"The strength of the two of you is quite good among us. According to your eyes, can Li Tian win this game?" The Emperor of the Big Dipper has always looked at Li Tian, no matter this How young people hide themselves, but the self-confidence in their eyes cannot be ignored by others. Now, the natural self-confidence in Li Tian's eyes can be seen clearly.

"The strength and ability of the seven people in the competition this time are all among the best. If we put it like this, it would be really difficult for Li Tian to win them." Chai Lei looked at him and said, "If it was before then. Without breaking the meridians, he definitely still has a chance, but in this kind of meridian breaking, if he still wants to deal with these guys in front of him, he would be a little naive."

Bai Xiaosheng also nodded, and said helplessly: "Although I really don't want this young man to fail like this, but when things have reached this point, we can no longer refute anything. Now Li Tian is in this way. Under the circumstances, there is really not much possibility to change."

"Yes, if you can't regain your strength at this critical time, it will still be a very difficult problem to deal with the two people in front of you." The Big Dipper God Emperor nodded, this young man compared with before. Both the aura and the eyes have undergone earth-shaking changes, all of which only appeared after the vision that night happened.

Even the Emperor of the Big Dipper couldn't help but start to wonder at this time, is it true that what he saw that night was not what he really showed?

Maybe this young man's current strength is completely different from before, but this guy himself is unwilling to say these things?

If it is like this, then this time, it is real and interesting.

In this kind of competition, the parties must start an alliance with each other at the beginning of the battle. Only in this case can they be able to ensure that they can survive with the greatest possibility in the initial stage.

At this time, the host outside has already begun to prepare these players.

As for Li Tian, like a okay person, he sat down in a corner like this, and then closed his eyes just like that. It was at this time that he started practicing.

"Have you seen it? That guy is cultivating now?"

"I look at it as just a performance art. Everyone knows that this guy's current physical condition, the meridians are broken, and it is impossible for the immortal power to condense in the body. How can it be possible to cultivate normally under this situation. "

"But in this game, he estimated that he should be the last one to kill. After all, these people on the arena are all very powerful players. They are very careful with each other. Before the powerful enemy is killed, no one will set his sights on this useless person."

Many people guess that there is nothing wrong with Li Tian. The current Li Tian is simply a waste. Even if he is not in charge, it is impossible for him to do anything appalling in this game, so there are a few people here. It's all as if nothing happened before, and there was no intention to trouble Li Tian here.

In the previous period, they seemed to be ready to form an alliance.

Xu Zhou and two other big guys became a group.

The four people who were born were headed by a pretty woman.

At the beginning of the game, the two sides quickly opened up the distance, and then looked at each other with enthusiasm. It was originally a chaotic battle, but at this time, it turned into a battle between the two teams. They all carefully released some spells to test their opponents, but they didn't rush to do it at this time.

Under such circumstances, Li Tian seemed relatively meaningless.

"What the \*\*\*\* is this kid doing? What does it mean to sit down and practice in front of so many people at this time?"

"At this stage of the game, no one should have set his goal on Li Tian. These two small teams are the most important battle. Instead of wasting time to kill Li Tian, it is better to go first. Kill the powerful opponents in this arena." Bai Xiaosheng looked at the two teams with a solemn expression in his eyes.

Although all the people here have been eliminated, these people have already come to participate in the Ten Cities Conference after all. Of course, their strength is not comparable to that of ordinary practitioners.

"It's very interesting. The current appearance of this kid seems to have completely entered a safe state. Everything that happens around has nothing to do with him."

Chapter 5714: burn

"Huh, Xu Zhou, although your boss Qiang Wudi is very good, you should be a very weak character. This time, you have selected two companions, but it's just like this." At this time, the headed one The woman looked at Xu Zhou and sneered: "You wouldn't be naive to think that you can win with these two stupid guys?"

Xu Zhou stared at the woman in front of him, and said, "Bai Ye, what do you mean?"

"What do I mean? Of course, I mean it is very simple. I advise you to hurry up and give up this game. With your current strength, if you really have a dead end if you do it with us, if you are like this, why do you Wasting time to fight against us? Why not just give up this game, take a few of your companions, and leave here as soon as possible?" Bai Ye looked at Xu Zhou with a mocking expression on his face.

"You dreamed that even if I died here today, I would never admit defeat. I had already entered the quarter-finals before. If it weren't for this waste, I wouldn't have become what I am now." He glanced at Li Tian next to him, with a disdainful expression in his eyes, and then slowly raised the sword in his hand: "Today I will let you know how good I am."

"Since you don't know good and bad things like this, I will do it for you today."

The two sides fought together in an instant, and various magic weapons began to bombard the sky frantically. Although Xu Zhou didn't look like a powerful character, he was just a follower by Qiang Wudi's side.

But in fact, this guy's talent is pretty good, and his strength can't be considered inferior.

After all, can a character who can rely on his own strength to enter the Ten Cities Conference be a weak guy? Even if it doesn't seem like a powerful character in normal times, but when it comes to this kind of battle, it is certainly impossible to be as weak as they imagined.

The battle was fierce, and it could even be said that it was much more intense than the previous battle between Feng Tianling and Qiang Wudi.

Li Tian was still cultivating before, but now it looks like this guy has fallen asleep, leaning on the wall, squinting, and even snoring.

Many people watched the fierce battle on the battlefield.

Only a few people looked at Li Tian.

Ning Bing stomped his feet when he saw him: "I knew this guy must be talking nonsense, things have reached this point, the battle is in full swing, this guy is actually sleeping?"

"Hehe, maybe Li Tian really can't say anything about it? After all, he has given us a lot of surprises before, and I must be so this time." Situ Shangyan didn't know what to say at this time, so In an

important game, this guy actually started to sleep in front of so many people. This mentality is really elusive.

But it is strange to say that although this battle seemed fierce, it did not affect Li Tian who was sleeping at all.

I don't know how much time has passed. The two companions beside Xu Zhou killed the opposite person and injured one person seriously, but the two of them also lost their combat effectiveness.

Bai Ye stepped forward at this time, holding a sword in his hand: "Xu Zhou, weren't you arrogant before? Now that your helper has been killed, do you have any means?"

"Hey, hey, this is a good night's sleep." At this moment, Li Tian, who had been sleeping, suddenly stood up, stretched his waist, and then looked over here with a smile, and asked: "Your name is Bai Ye, right?"

"You trash roll aside immediately, don't make me angry." Bai Ye turned to look at Li Tian, and snorted: "Now honestly, you will give up directly later, you can not suffer from flesh and blood. Otherwise I will make you regret standing up."

"Oh, this is really unlucky. My personality is really weird. I usually don't like what other people tell me to do." Li Tian sneered and glanced at Xu Zhou. Although this guy's strength is not bad, the opponent is four people after all. They have managed to kill the opponents, but they have not been able to persist.

Xu Zhou naturally couldn't deal with so many opponents, and now he was seriously injured.

"What do you want to do?"

"I think you all know that I and these people on Nanhuang's side are not right. They are my food. This time I will trouble you. Let me give this guy to me, and let me take care of him myself. It's the best, isn't it?" Li Tian said as he walked forward slowly, no one noticed that his right hand was slightly rubbing the ring on his hand.

Bai Ye looked at Li Tian and sneered: "Just you? What can this waste do?"

"I can let all of you here, all kneel down and beg me to forgive you." Li Tian became serious, his eyes flashed, his hands suddenly condensed immortal power, and then quickly painted in front of him Comes like a spell.

At the same time, the Big Dipper \*\*\*\* emperor in the noble room stood up: "I knew that this kid has been lying to us all the time."

"How is it possible? I've seen it personally before. Li Tian should still be in a state of broken meridians. How could he suddenly become like this? It looks like he has fully recovered, and Xianli can even do it. Has it been mobilized?" Chai Lei's eyes widened too, wishing to dig out his eyeballs to see if all this happened in front of him was true.

"This isn't true, right? How did this kid do it in just a few days?" Bai Xiaosheng also looked surprised.

Just when they looked blank, the spell in Li Tian's hand had already begun to show its power. The moment the spell appeared, the entire Tianqi City seemed to become hot and dry, as if the air was

being swept away at this moment. The powerful force burned with excitement, and the audience who was still standing in the audience watching here were all dumbfounded.

The waste that they had never been optimistic about, unexpectedly stood up again at this time, and was able to control the power of the immortal again at this time.

What does this mean?

This means that this young man may really be going to succeed here all the way. Is he really the guy who keeps creating miracles? The meridians are all broken, so he can get it done in such a short time?

Chapter 5715: The reversal begins

"It seems that this guy really wants to let people know the fact that he can perform miracles." Qiang Wudi looked at Li Tian in the arena and smiled helplessly, and understood this in his heart. The guy must now take his own strength to the next level, the previous Tiankui star vision, although it seems to have no effect at all among many people.

If it would really be like that, without any influence on Li Tian, how could Li Tian stand here now and give full play to his own powerful strength?

Idiots know that the combat power this guy has shown is enough to surprise many people.

"It's not possible. A guy with broken meridians has recovered his body in just a few days. For us, this seems impossible. How did he do it? Arrived?"

"What we need to think about now is not how this guy did such a thing, but thinking about how we will deal with this enemy next." Qiang Wudi smiled bitterly. This time the resurrection match was originally There is nothing special to pay attention to. The reason why they came here is just to see Li Tian be defeated here again.

After all, this guy has created miracles many times before, and it may not be impossible for them to see such a miracle happening again.

Of course, this is just what they think in their hearts. In essence, no one wants to see Li Tian regaining his strength at this time. No one wants to see Li Tian on the next opponent list. first name.

This genius with a thunderous name in the gods and constantly creating miracles made many people feel a headache.

Even if they are also geniuses, it is all because of the cultivation of the forces behind them, as well as their own efforts and talents.

Only Li Tian, as a Sanxian, did not get any support from anyone, and all his achievements so far depended on his little efforts and opportunities to stand on the arena today.

Sima Shangwu smiled and nodded, looking at Chu Jiangnan next to him: "We really underestimated this guy. I thought this guy would be sluggish after the meridian was broken, but I didn't expect him to surprise us again."

"I also didn't expect that I would see Li Tian going all out again here." Chu Jiangnan looked at Li Tian in the arena. At this time, he didn't know how to describe his current mood, just I think it's very weird. This guy who was sluggish before is really cheering up again. What makes them unbelievable is that this guy has recovered his strength now?

"I know what the thoughts of you people are now, and you probably didn't expect it. In this short period of time, I will recover again, and my meridians will no longer be broken." Li Tian smiled and watched. Facing the white night, he asked: "Do you treat me as a waste?"

"This is impossible. We have received clear news before that your body is indeed broken through the meridians and has become a useless person. In just a few days, even the Baicaomen cannot be in such a short time. Let your body recover." Xu Zhou wiped off the blood from the corner of his mouth, staring at the guy in front of him who was constantly brewing spells, his eyes were full of horror.

Those people who looked down on Li Tian before, at this time are all in fear.

Especially Dong Xin just now. He thought that Li Tian would never be able to recover again, so a waste does not need his respect at all, but now he fully understands that his thoughts are too simple. The situation has long since gotten rid of their previous imagination, and is completely developing in a direction that is difficult to control. This young man may once again stand on the cusp of a storm.

"Indeed, such a thing is really terrifying for you. I'm just a loose fairy. How can I fully recover my body in such a short period of time?" Li Tianyi laughed. His celestial power is now more handy than the previous ones, and he can even feel it. When these celestial powers are in motion, it is like calling his own hands and feet.

He didn't know what the reason was, but he understood that it had a great connection with the thirty-six sky steles.

He is indeed just a scattered immortal, but the biggest difference from these people here is that his trump card is something that many people dare not easily imagine, whether it is the thirty-six sky steles or the rumored remains of ancient gods. It is a great opportunity for anyone. They can get a lot of things they dream of here.

As for Li Tian, he alone controls these two things.

So he will have the result now, but it is actually not a very strange thing. He has such an adventure in his body, and there are big people like the remnant soul of the ancient gods who have been escorting by the side. If it is abandoned like this, It is really chilling.

And what Li Tian had been worried about before was whether the little witch would directly kill people after losing her strength.

He knew many things about the little witch. If there was no use value, the little witch might not let such a guy who might threaten her survive in this world.

But now this emotion has completely disappeared.

The charms in front of him are some charms he has learned in the recent period. The difference is that although this is an ancient charm master's charm, Li Tian can start to change some charms because of his powerful soul power. Attributes, so the spell in front of me looks very ordinary, but it's actually not like this.

Li Tian had incorporated many of his thoughts into the spell.

And because of this, it created a very domineering name, 'Fire Burning Chibi! '

At this time, all the natural energy around was crazily absorbed by the spell, and Li Tian's celestial power was also continuously injected into it, just like the continuous injection of water into a deep well.

The energy of the spell has gradually begun to become terrifying.

Even a few people in the economic field all felt their physical condition declining at this time. Obviously the coercion here has an impact on them.

Chapter 5716: Canglong

"I didn't expect you to create a miracle in front of us again. The name we hear most in the God Realm is yours. The number of miracles you have performed is simply chilling." See Li With Tian's serious appearance, Bai Ye smiled helplessly: "From this point of view, we may all understand that our current strength is not an opponent of your level at all."

"So?"

"Although this time should be the best time to concede defeat and leave this place of right and wrong, we finally got the chance of this resurrection match. It would be a pity to give up like this, and I am usually the same. I don't like to give up some things." Bai Ye looked at Li Tian with a smile, and then raised his head: "So today I am destined to fight you."

"Your strengths are all pretty good. Several of them are at the pinnacle of the \*\*\*\* cultivation realm, but in my opinion, they are only pretty good. I asked you to give Xu Zhou to me because I have something to do with him. The contradiction needs to be resolved here, but you and I have no grievances and no grudges. If you concede yourself, I will never attack you." Li Tianqi smiled and looked at Xu Zhou behind him: "As for you, you can't enjoy it. This is the treatment."

"Puffing"

To say that Xu Zhou is also a smart person, although the people of Nanhuang have always been relatively barbaric, there is no shortage of people who are aware of the current affairs.

Just like Xu Zhou now.

He had witnessed it with his own eyes before. How did Tang Yan be abused by Li Tian? It really didn't give you any face. In front of so many people, he just stepped on you very seriously with his feet. On the face, it's crazy to ravage you in front of so many people. It really doesn't make sense at all, and it won't let you shout the words of confession.

Tang Yan was abruptly tortured by Li Tian in this way, and even had a psychological shadow for a while.

No matter who is encountering this kind of experience, he may feel that his whole life is about to fall apart.

Xu Zhou knew that if he didn't say or do something in time, he might end up just like Tang Yan. It's not enough to be ashamed, but he doesn't want to leave an indelible mark on his life, so in this When he fell directly to his knees. The 'puff kick' knocked on the ground three times: "Please, I know I was wrong, please forgive me."

Seeing this scene, Bai Ye sneered, and said dismissively: "It's really a trash, and even use this method to beg your enemy for mercy."

"This is not rubbish, this is called a person who knows the current affairs as Junjie. He knows that he is not my opponent. Even if he fights with me here, he will not end well. He can only be insulted to collapse by me like Tang Yan. To the point." Li Tian didn't feel a little bit of surprise. He knew before that this guy must kneel down and beg for mercy.

It's just that Li Tian has already defined this guy's behavior in his mind. Wanting to be forgiven by himself is not much different from joking.

Seeing this guy kneeling in front of him at this moment, there was really no mood swing at all: "But unfortunately, I have always been a hard-hearted person, and the things I decide are generally difficult to change.

When Li Tian said this, he already had a fairy sword in his hand: "Now it's your turn. Do you deny losing?"

Bai Ye swallowed, glanced at the two companions beside him, and asked in a low voice, "How sure are you?"

"I don't know, this kid was said to be a very good at spells before, and the methods are also very powerful. Now it seems to be stronger than before. We don't know how much we can face this guy. The odds of winning." The two looked at Li Tian cautiously, and even their voices were much lowered at this time.

This is completely a fear that I cannot control. I only need to see Li Tian in front of me, and I feel that my whole person's mental state has become very bad.

Just standing here in front of the young man will make them feel a sense of fear naturally. This is the strength of Li Tian now, and it is enough to crush these guys in the aura.

"Are we going to give up like this?" Bai Ye asked weakly. Of course, she didn't want to give up this opportunity like this. She finally got the opportunity to participate in the wild card with this term. For several of them All of them are of extraordinary significance. Maybe they can take advantage of this opportunity to become a member of the top eight again, so that they can be regarded as a small name in the gods.

No matter where you go, telling others that you are one of the top eight players in the Ten Cities Conference, after all, is still very face.

But now this opportunity lies in front of them, and also in front of this opportunity there is a powerful opponent who is so tough that they don't know how to describe it. They seem to have to choose to give up.

"If we choose to admit defeat at this time, what is the difference between what Xu Zhou is doing now? Even if we say it in the future, it will only make others think that we are just a joke, and even surrender at this critical time. It's an act of fear of death." The man standing next to Bai Ye stared at Li Tian with wide eyes, his eyes were filled with unwavering expressions.

At this time, I can't wait for time and space to reverse.

They knew that this guy who was considered a waste before was the most powerful one in it. They should get rid of this guy the first time they entered the arena, instead of waiting until things have evolved to this point. at this point.

"It seems that you are unwilling to give up. In this way, I can only let you people be buried here forever." Li Tian smiled grimly, and then directly entered the second personality stage. Facing these people is still quite difficult, even if he has a lot of means now, but these people in front of him must have a lot of magic weapons in their hands.

At the same time, a divine dragon covered in blue scaly armor appeared behind Li Tian, and then prostrated his body, standing beside Li Tian like a pet, only with the copper-yellow eyes like a fierce bell. Staring at the young people in front of them, they made their hearts beat quickly, and their feet became limp, and they almost fell to the ground.

I'm afraid no one would have thought that there would still be a creature like Canglong that exists in the legend.

And this creature is like a pet?

Chapter 5717: with full force

"I don't have a lot of time for you. I don't like to leave behind for my opponents during the battle. If you still want to survive, it's best to concentrate all your attention now. Call it all by any means, otherwise you will have a dead end." Li Tian smiled, and patted Canglong's head with his left hand: "Help me press the line."

"I got it." Canglong is actually the Great Blue Dragon. It's just that after Tian Kuixing's vision, he also got the same power as Li Tian, and his current strength has also improved a lot.

This person stood here, just like a world, extraordinarily domineering.

Li Tian smiled. At this moment, the spell in his hand flashed rapidly, like a flashing traffic light, bursting with dazzling light in an instant. At the same time, the entire arena inside, from the previous heat, became a Fiery purgatory.

The emperor of the Big Dipper watched the battle of economic manufacturers intently, and at this time he did not slap his tongue leisurely: "What do you want to say about this?"

"This should be the ancient spell master's spell in the rumors. If this kid's strength is a little higher, our enchantment may not be able to withstand such an attack." The power of this trick to burn Chibi, even Chai Lei and Bai Xiaosheng also followed with a sigh. It is really hard to think that this young man has reached this level. It can be said that the scholars have treated each other with admiration for three days.

I thought Feng Tianling had changed a lot.

It's only now that they discovered that the biggest change among the young people they knew was Li Tian in front of him. This kid's life is like a secret. You never know when you see this kid in the next second. What kind of powerful existence he will become.

"This trick also incorporates his own point of view. The ancient spellmaster's spells are very destructive, but the stability is very poor, and it is easy to cause damage to the enemy and ourselves." The Emperor Beidou watched with interest. In this battle, he explained at the same time: "However, Li Tian changed this and stabilized their spells, but found a balance in destructive power."

"Can he do this?"

"Although it's unbelievable, this kid did achieve this. This is probably the second guy who can make hands and feet on the spells of ancient spell masters in recent years." said the Emperor Beidou.

At this time, the entire arena is full of red fireworks.

The magma covered the entire arena, if it were not separated by enchantments, even the spectators in the auditorium would have been burned.

The guys who were badly injured before were transferred out by the referee in the first place.

They have no fighting power anymore, facing Li Tian's burning of Chibi, they will definitely be buried in the flames.

The remaining few people are not willing to admit their failures, so naturally they have to deal with Li Tian in front of them.

The magma on the ground is at least about half a meter deep, and it is still flowing. You can see that there are still many bubbles on the surface 'gurgling' coming out. The current battle has reached an indescribable point. The expressions on the faces of several people at this time were a bit uncomfortable.

At this temperature, their bodies were already covered with sweat, and their clothes were all wet.

'We should be at a disadvantage under this temperature. Although Li Tian is also in this environment, looking at her now, she doesn't seem to feel very strenuous at all. A lot of sweat leaked out of Bai Ye's forehead, and the clothes on her body were sticky on her body. It is naturally difficult for a woman to tolerate such a situation.

She had thought of a lot of terrible sights before, but she didn't expect it to be like this.

At the moment when the spell of Burning Chibi appeared, this place became a sea of fire, and the temperature here was like the red flame hell. These immortals, who are known to be hard-working, could not bear it at this time.

Several immortals with injuries on their bodies, although their bodies were still floating in the air at this time, they already felt a little shaky.

In this fighting state, it is obviously difficult for them to continue to maintain their state.

The temperature continued to rise, the water in their bodies was also madly flowing away, plus they were injured before, and at this time their minds became groggy.

"Under such an environment, your fighting conditions can be said to be quite bad. Maybe it's just a carelessness, and it may leave you in a disaster. If I were a smart person, I would definitely choose to give up at this time. ." Li Tian looked at the two people in front of him, holding Hong Zhan in his hands, standing on Canglong's head, looking at Bai Ye and the others.

Xu Zhou was in a remote place on the other side, and he was panting.

Sweat is like a chain of beads, constantly flowing down from his head.

"Do you think it's just such a difficult environment that can make us surrender at this time? It's just a daydream. Even if we bet our lives today, we will never give up like this." Bai Ye gritted his teeth

and looked at Li Tian. At this time, it was the first time I understood why so many people wanted Li Tian to die. If such geniuses were not killed, the gap between them and this kind of people would really increase.

"Why bother to keep going like this? You all know that you have some injuries on your body. In addition to the previous battles, your body is already very tired. At this time, hard lips really can't bring you any help. ." Li Tian smiled and slowly raised his right hand: "But for me, this is not the feeling. I can show many strengths you can't imagine here."

"If you want to kill, please do whatever you want, but it is absolutely impossible for us to admit defeat here." After Bai Ye said, he took out a magic weapon. This magic weapon looks like a painting and calligraphy. Shanhe Sheji.

"Don't want to use such a magic weapon in front of me." Li Tian smiled grimly, and the void opened up. Almost in an instant, several fire dragons condensed by magma rose on the ground, opening his own With a big mouth, he rushed towards Bai Ye and others.

The scene finally reached its peak state at this moment.

Chapter 5718: Fight alone

These fire dragons condensed from the ground seem to be real. Although they do not have a very real surface, their eyes are very mysterious, just like the eyes of a real dragon, which is a kind of high above. The feeling of not taking everything in front of them as a matter, facing these fire dragons, made them all truly feel that they are like ants in front of these fire dragons.

Bai Ye saw Li Tian's hands. He had studied many Li Tian's methods before. The immortal power condensed in an instant, and then, at the moment when a black hole was about to appear behind him, a sword aura was emitted.

"Do you think that if you control my Void Leap, you can make yourself invincible?" Li Tian's voice didn't know when it came from his ears, although the void was indeed activated before. However, Li Tian didn't intend to attack from here at all, but directly attacked from the front. With his current strength, if he wanted to launch such an attack, the speed would naturally not fall under the wind.

How many people would think that this is just a cover.

Seeing Li Tian rushing over, several sword auras were sent out instantly.

But at the moment when the sword aura was about to approach Li Tian, Canglong's tail flicked over and directly shattered the sword aura.

And the Hong Zhan in Li Tian's hand, with an unstoppable aura, directly slashed down.

Bai Ye hurriedly blocked it with the magic weapon in her hand. This landscape painting shone with a burst of seven-color light. It turned out to be abruptly ingested by this trick, but obviously this was only an emergency, and she still suffered a little shock. , Spit out a mouthful of blood.

"The magic weapon in your hands really makes me a little tricky, but this can't defeat me." Li Tian stood in place, his eyes were full of abusive expressions, he had given the people in front of him a chance, as long as they themselves Obediently surrendered, there was absolutely no such dangerous scene in this game, and Li Tian did not need to use his strength to deal with these people.

It's a pity that they don't seem to know that compared with Li Tian before, Li Tian feels like heaven and earth.

But all the powerhouses watching here, at this time, all know clearly that if this guy confronts them again, he will definitely play a level that will surprise them.

Now, facing these immortals in the realm of spiritual cultivation with magic weapons, they can already joking like this, even if they face opponents of the same level, they probably won't be so bad, right?

"Take it to death!" Bai Ye roared, the landscape painting lit up with a dazzling light, and instantly swelled, and soon a wonderful world was condensed in front of Li Tian. This world was like a Like a whirlpool, they began to release terrifying power and wanted to swallow Li Tian in: "Shanhe Sheji Tu is the magic weapon of our Bai family. Once you are swallowed in, you will be trapped in it forever."

Li Tian frowned, his body had already begun to disobey him at this moment.

In other words, under this terrible absorption power, his body is already very difficult to continue. Facing such absorption power, his movements start to become very slow, so it looks like his own body. Out of control.

'It seems that the magic weapon is still more difficult to deal with. This picture of mountains and rivers is really a bit tricky for me. 'Li Tian thought secretly in his heart, if his current strength is only to deal with Bai Ye, naturally there is no problem, but this woman still has such a picture of a mountain and river in her hand, so it is very difficult to handle, although this magic weapon cannot be used It took Li Tian for a short time.

But it also made Li Tian unable to do anything during this period.

"What time are you guys wasting here? If you continue to spend time like this, I won't be able to hold on anymore, and don't hurry up to do it?" At this time, Bai Ye's whole body's celestial power was injected into the mountain and river. Inside, she knew that it was not easy to control Li Tianzhen, and the strength of this guy was like a BT to them.

Once Li Tian seized an opportunity, all of his efforts this time might be wasted.

So at this time, he was relying on the mountain and river shrine map to forcibly suppress Li Tian, and then let his companions start a devastating attack.

Naturally, Li Tian can't resist their attack in this state. This is a great thing for them. As long as Li Tian can't resist at this time, they can use their powerful power. , Completely defeated the guy in front of him. After all, they were more bullying than Li Tian, even if they were not as good as Li Tian in strength, but with so many people joining together, Li Tian really had no way.

Canglong was roaring at this time, and a flame came out with his mouth open, hoping to relieve the pressure on Shanhe Sheji Tu.

But before the flame was near the white night, it was swallowed up by the mountain and river Sheji map. They could even see that a large mountain lit by the flame appeared on this picture.

"The picture of the mountain and river shrine should actually be regarded as another space, but the entrance in this space is under your control. Whoever you want to enter can be allowed in, and you are not allowed to enter. When you come out, no one can get out of it. I think there should be nothing wrong." Li Tian looked at the strange behavior that appeared in the pictures of the mountains and rivers in front of him, and couldn't help asking.

"Even if you know what? You are now suppressed by the power of the mountain and river Sheji map, and the whole person must concentrate all of their energy to deal with the mountain and river Sheji map in front of you at this time, even if you only have a little bit of it. His negligence, his body will be swallowed up by Shanhe Shejitu in an instant. At that time, no matter how powerful your methods are, you will not be able to escape from my hands." Seeing Li Tian speaking like this, Bai Ye's There was also a smug look on his face.

From what it looks like now, Li Tian really seems to have entered a dilemma.

The full blow of these immortals in the realm of \*\*\*\*\* cultivation was terrifying, but he had to focus all his attention on dealing with this mountain and river shrine map. In this way, the problem might become quite serious.

‘Damn, I didn’t expect that today’s battle would become so difficult.’

Chapter 5719: The art of explosion

"This kid should be careless. If he attacked with gusts of wind and rain before, there would be absolutely no way to open the mountain and river map." Chai Lei looked at Li Tian who was struggling in the arena. Now he can only take his own All attention is paid to dealing with this mountain and river shrine map, so that when the enemy launches an offensive from the side, he is naturally helpless.

"It's true. If you were careful before, you can attack directly before Shanhe Shejitu hasn't exerted its power."

"The pictures of the mountains and rivers of the Bai family, isn't this white night also the daughter of the Bai family?"

"It is indeed like this. Bai Ye is the youngest child of the Bai family's generation, and it is also the strongest one in the Bai family so far. The whole family has cultivated a lot of resources up and down, so that Bai Ye's cultivation base will be in these days Above Tengyun, coupled with this child's talent is already good, only then can she stand on top of this Ten Cities Conference, but unfortunately, she has not yet been able to break through to the realm of gods."

"This is enough. The magic weapon of Shanhe Shejitu has been continuously improved with the strength of the caster. If the Patriarch of the Bai family uses this magic weapon, even I will feel a headache." Beidou Shen The emperor smiled and said, looking at Li Tian, he thought to himself in his heart: 'At this point, you are a small character who is constantly creating miracles, how are you going to deal with the enemy in front of you this time, what kind of surprises can you bring us? '

"Canglong, can you still support me now?"

"My body has also begun to be controlled by Shanhe Shejitu. I don't know what this magic weapon is, but it can bind my strength like this. Now I feel that my whole body is about to be torn apart.

"Canglong's voice came slowly, and said helplessly, the pressure of Shanhe Sheji Tu felt the same for both of them.

At this time, the remaining two men had already begun to extract all the immortal power in their bodies, and the two men joined hands to create a very pure and extremely powerful sword energy.

This sword aura continued to condense, and even the ground began to tremble.

The huge power is constantly condensing, causing the space in this arena to become unstable. The magma on the ground is also constantly bubbling at this time, and many cracks can even be seen, which slowly slows the magma. Swallowed in.

Li Tian glanced at the position of the referee and shrugged helplessly: "I really don't want you to die here today."

"Don't brag, you are now suppressed by my pictures of mountains and rivers, do you think you have any means to defeat me?" Bai Ye heard Li Tian say such words at this time, the corners of his mouth slightly Ascended, although the sweat on her forehead was still flowing down, but now she was full of confidence. The Li Tian in front of her was restricted in this way, and it was completely impossible to change the current situation.

In this kind of battle, the current Li Tian is like the fish on the chopping board, he can only let them slaughter casually.

"If you give up this fight at this time, it will be a good thing for both of us. I can also avoid killing you. This will save me trouble, but if you still don't understand, then I can only fight for the last time." Li Tian sighed, his voice was very high, and he even deliberately transferred his fairy power into it.

In this way, everyone in the entire arena heard this sentence.

But most people are all sneers. You are still being suppressed by other people's pictures of mountains, rivers and shrines, just like Monkey King under the Five Elements Mountain. No matter how powerful the master is, it is impossible to reverse the fight at this time, and he is still thinking about \*\*\*\* others and what jokes.

Of course, there is also a serious one here.

That is Chai Lei.

He opened his eyes for the first time and said to Bai Xiaosheng beside him: "Hurry up and get our people ready. The next battle may be very scary, and it may even make all the young people here. If they are dead, let them be prepared to rescue all the people inside at the moment Li Tian started his hand."

"I'll go personally." At this time, the Big Dipper God Emperor stood up, with solemn expressions on his face: "If the Patriarch of the Bai family knows that his daughter will die here like this, she won't be able to follow suit. I'm desperate."

"You want to come in person?"

"Well, let me see how far this kid has realized now..."

The Emperor Beidou disappeared the moment he finished saying this sentence.

At this time, the magma in the arena suddenly began to churn, just like the waves on the sea, one wave after another, smart people can see that the energy in these magma is brewing crazily at this time, Those fire elements are all being attracted by a mysterious power from the surrounding madly. Idiots know what will happen next.

As the energy in the magma increased, they also began to expand.

At this time, the sword energy released by the two men had already begun to rush over.

Li Tian smiled helplessly, then looked at them face to face: "Welcome, the art of explosion!"

‘Boom Rumble’

At this moment, one after another fire pillars rose from the sky. Like a rocket, these fire pillars smashed into the barrier very quickly, causing waves of ripples.

The entire arena also began to tremble crazily at this time. The spectators who were still in the auditorium before, like the okay people, were like a group of scared women, screaming and fleeing crazily.

The entire arena is in chaos.

At the moment this explosion occurred, the situation in the entire scene was already difficult to control. In their opinion, it seemed that the world had already been destroyed. These pillars of fire were on the barrier, and they were about to break through these barriers. .

Moreover, the attack frequency of the pillar of fire is becoming more and more intensive, and it covers the entire battlefield inside the arena. Before the sword energy of the two men even had time to get close to Li Tian, they were directly swallowed by the explosion and left nothing The slightest energy fluctuations dissipated directly between heaven and earth.

At this time, the explosion ushered in the strongest wave!

Chapter 5720: God of War

The surging flames rushed out as if to swallow the world.

The air waves caused by the explosion impacted the surrounding barriers one after another. This seemingly indestructible barrier, at this time also appeared a little bit of cracks. It can be seen that the impact of this wave is stronger than they thought. The ones in it are much stronger, and this powerful enchantment can't even withstand such destructive power, and it begins to produce signs of cracking little by little.

Chai Lei and Bai Xiaosheng looked at each other, glanced at each other, and whispered; "This kid's current strength really has reached an indescribable level. Just the destructive power of a spell has reached this level?"

Inside the arena, the guards of Tianqi City began to intervene in.

Although they all know that the barrier is cracked, it is actually just a trivial phenomenon.

The strength of this barrier is specifically designed for people like Li Tian who are likely to surpass their own strength. Even the powerhouse at the immortal level cannot really destroy the barrier in front of them. At best, it just caused a little crack on the surface of this barrier. Apart from that, nothing else could happen.

Bai Xiaosheng sighed: "It's a pity, this kid was not born in our Tianqi City, otherwise, if it's an energy stock..."

"Even if it's not in our Tianqi City, if you really want to earn this genius under his command, do you care where he was born?" Chai Lei sneered, watching the flames rolling in the arena at this time, they probably did. I never thought that someone could actually break the barrier they made by themselves to such a degree, the ancient spellmaster's spells were indeed extremely destructive.

"what do you mean."

"We only need to give this kid a little bit of help, even if it's just to deal with this kid with confidence, we can see that he is not the kind of ungrateful guy, even if we don't bring it up, he will still keep these things in my mind, and naturally they will return it to us when the time comes." Chai Lei squinted. Although he really likes the talent of this young man, as one of the city owners of Tianqi City, they naturally have to consider it. Everything.

Tianqi City is indeed very powerful now. There is nothing wrong with it. Few people in the entire God Realm are willing to really turn faces with them. Even the \*\*\*\* emperor must consider all aspects of the problem here, and dare not easily turn faces with them.

But what about the future?

Obviously they can't cultivate any young people who can give the entire Tianqi City to it, so naturally they need some people to become their candidates. When they need this person to stand up and help Tianqi City, can come forward, and this person.

After all, the three hall masters of Dragon Tiger Hall could not protect Tianqi City forever, and one day they would be separated from this city.

At this time, Li Tian in the arena is undoubtedly a good candidate.

Looking at the rising flames, these flames are like demons with their teeth and claws. They can't wait to swallow everything in front of them, the explosions are endless, and one after another cracks appear in front of them.

In this sea of flames, a milky white light suddenly appeared, just like the first ray of sunlight in the morning. The moment people saw this light, the throbbing of their hearts would calm down, as if they were in front of you. Everything in, has nothing to do with the same, the originally chaotic arena, now all slowly quieted down.

People seemed to have agreed long ago, with pious gazes on their faces, looking at the ray of light in front of them, like a pilgrimage, their eyes were full of fanatical worship.

The Emperor of the Big Dipper made a move.

I have long heard that this lofty God Emperor came to Tianqi City a long time ago, but his identity is definitely not something anyone can see. Most of these people present have not seen it. The Emperor of the Big Dipper, now feeling this powerful energy, all agree that this is the Emperor of the Big Dipper. Looking at the entire Tianqi City, only the Emperor of the Big Dipper can have such strength.

And Li Tian obviously also felt this powerful force, and he felt a little more wanting to challenge in his heart.

He knows that his opponent is the Emperor of the Big Dipper, and he also knows that the gap between the two of them is huge, but he wants to see the gap between himself and the so-called peaks of the gods at this time. How big.

"Are you really crazy? How could it be possible for you to have such thoughts in your mind that you want to challenge the emperor just by relying on your current strength in the realm of gods?" I also felt Li Tian's thoughts. Right now, I felt that this kid was really crazy. How could this kind of terrifying thoughts appear at this time.

This is not a loose fairy in front of him, but a high \*\*\*\* emperor. Looking at the entire \*\*\*\* world, who dares to challenge the \*\*\*\* emperor?

'afraid of what? If my strength can really hurt the Big Dipper God Emperor in front of me, that is also a glorious thing I have done, but I think this is basically impossible. Li Tian responded in his heart.

"Since you know, you have to take the initiative to challenge?"

"I just want to see how big the gap between our two sides is, or how far I am from my dream at this time, and finally let the Big Dipper take action. If you don't seize the opportunity at this time, there will never be such a good opportunity again." Li Tian thought to himself that this is a once-in-a-lifetime opportunity.

The powerhouse of the \*\*\*\* emperor level has always rarely shot.

He had already planned this before, knowing that he could easily let them know that he was not Li Tian's opponent when he faced these Bai Ye and others.

And the reason why Li Tian used this trick was to create such a bad condition inside this enchantment.

Although the Ten City Tournament was arranged in Tianqi City this time, their rules will definitely not change. They will not restrict the players' strength, but they must also ensure the safety of everyone in this game.

Li Tian knew that his destructive force was extremely fast, and only the Big Dipper God Emperor could stop him.

In this way, it also created an opportunity for him to challenge the Big Dipper head-on.
