

## A Killer 5761

### Chapter 5761: Helplessness

The room was quiet, and Situ Shangyan looked helplessly at the Ningbing in front of him. This is the master Ningbing in front of him, who is also a core figure in the Shuiyue Sect. Everyone knows this big The temper of the senior sister also knew what her status was in the entire Shuiyue Sect.

It was her status that made it possible to speak to Fu Disheng in front of her.

"Sometimes appropriate concessions do not represent weakness, but because we do not have enough evidence to prove anything. If we rush to do something, it will inevitably make the problem worse. I think you should be more aware of this. , Instead of arguing with us unreasonably here, even if you go to Nanhuang, do you think they will tell you anything? Do you think they might confess guilt?"

"It doesn't matter if they don't plead guilty, I just need to think they did it."

"Then have you ever thought about what you yourself represent? New Moon City and Southern Wilderness have just established an alliance, and it just happens that they are about to start a breeze in the entire God Realm. You go now Isn't it damaging the alliance's relationship to trouble them? And no matter how you look at it, it's impossible for the Nanhuang people to do this, so why don't you listen to it."

"I don't care, I just want to trouble them today." Ning Bing said, about to leave in such a big way.

Fu Disheng raised his eyebrows. If it wasn't for the talent of the girl in front of him, plus the great sister of Shuiyue, he might have done it right now.

But even at this time, there was some anger.

The clay figurine still has three points of anger, not to mention his kind of superior city master.

He stood up while watching Ning Bing leave, and if this girl was disobedient, he could only stop her forcibly.

"Could it be that Fu Chengzhu, planning to stop me personally?" Ning Bing didn't know when he had already held the Thousand Chance Umbrella in his hand, looking at the two people in front of him, all eyes were angry.

"Have you forgotten your own pain last night? After seeing Li Tian died, your headache was splitting, probably because the memory deep in your mind is about to be awakened." Fu Disheng smiled and looked at her. Said: "Do you know why I would use my fairy power to suppress your impulse after that? Because if you continue like this, your body will only collapse, and there will be only a dead end."

"What about it, I am not a person who is greedy of life and fear of death."

"Of course I know that you are not a person who is greedy of life and fear of death. No one who can stand here is truly afraid of death. They are all warriors who regard death as home. They naturally will not fear their own death, but some things are far away. It's far more complicated than we thought. You are still young and you are too naive when thinking about things. In many cases, you can't grasp the key points of things at all." Fu Disheng continued to persuade.

"What do you want to say"

"It's not our own thoughts that we choose to be silent now, but we are also helpless. In this situation, our pressure is far heavier than you see. If you can't give Crescent City and Water Moon Zong's explanation is that the alliance we've worked so hard to build is about to be dissolved. I don't think anyone wants to see this kind of situation." Fu Disheng looked at her: "I know you are not afraid of death, but many people don't want to. If you want to die, whether it is Li Tian or your seniors, they don't want you to die. If you die here, how should I explain? Their two most powerful young people are all dead. We are a strange city, but you will drag us into the endless abyss by then."

"I just went to trouble Nanhuang, they dare to kill me?"

"Of course they dare not kill you. You are the famous Ningbing Master Sister, and you are also famous in the entire God Realm. I believe they have also heard of your name, and they know what the price is if you die. It's impossible to kill you." Fu Disheng smiled, looking at the naive girl in front of him, and said: "But your emotions may cause the things that happened last night to happen again. If it happens again, I may not I can help you."

Ning Bing was silent. When he saw Li Tian fall in a pool of blood last night, he felt that there was something in his head as if he was about to break free.

This feeling is uncomfortable, and it can even be said to make people feel that their mental state is about to collapse.

Even with strength like Ningbing, he almost didn't stick to it.

Fortunately, Fu Disheng and others rushed over in a timely manner, and rescued her when she was about to be unable to persist, otherwise the current Ningbing would not necessarily become what it is.

At this time, hearing Fu Disheng said so much, she began to think slowly.

Although I say I am not afraid of death at all, just like the one before me, there are still many people in this world who don't want to see her die just like this, neither Li Tian nor Murong Ziqing. Willing to see.

If her mood continues to deteriorate like this, it will be a dead end, and no one will be able to save her next time.

"I know you are very angry now, and you also think that this is what the Nanhuang people did, but we have no evidence, and I have worked very hard to find a way again. The most important thing you need to do now is to wait patiently for the result and wait until we truly are. After knowing the murderer, let you vent the anger in your heart. Is this enough?" He looked at Ningbing with a headache. This matter in itself is irritable enough, and now he has to coax the master sister.

Ning Bing snorted: "I don't dare to trouble them. I just don't want to embarrass Tianqi City. I can wait for this, but if I can't wait, I can only do it myself."

Seeing this big sister relieved, several people finally breathed a sigh of relief at this time.

Exhaling a deep breath, they were really worried that the Shuiyuezhong master sister in front of them was really going to trouble the Nanhuang people, and then the alliance they had worked so hard to build would collapse.

On the other side, Li Tian had already left Tianqi City and embarked on a journey he didn't want to go.

As for what happened in Tianqi City, he had already handed it over to Murong Ziqing to deal with the aftermath, and he would not be able to think about it.

Chapter 5762: Sovereign comes

Li Tian is indeed dead.

Many people have been concealed about this point. No one would think that the body was not Li Tian in the whole Tianqi City.

But actually?

Li Tian did not die.

That was just suspended animation.

Why is it just a fake death? It starts with the external avatar that appeared in the battle with Qiang Wudi.

A few days ago, Murong Ziqing asked someone to inform Li Tian that the enemies of this guy in the gods began to move around, seeming to think that he was waiting for the opportunity and wanted to seize this rare occasion. Opportunity to kill Li Tian directly, therefore designed this inevitable game.

After Li Tian and Qiang Wudi fought, even if he was not seriously injured, he would definitely consume a lot of immortal power in his body.

In this way, it wouldn't be a problem to kill him easily.

And what makes Murong Ziqing most melancholy is not the killer this time. Although the killer is very powerful, as Li Tian grows up, it can only be said that there are fewer and fewer killers that can threaten this guy.

But it doesn't mean that the God Realm is getting safer for Li Tian.

The faster this young man grows, and the faster he gets achievements, it means that he is more and more likely to become a threat in the eyes of many people.

Even if one person cannot kill Li Tian, they will send more people over.

But before in the Chu Jiangnan side, Li Tian got information that the Baicao Gate could save Ningbing and restore her memory. For him, this was undoubtedly the most important thing at the moment.

He would never take a step back even if he went up to the sword and down the fire.

As long as it can help Ning Bing restore his own memory, Li Tian will have no problem doing anything.

Therefore, when Murong Ziqing said that he wanted to help him with such a plot to escape the golden cicada, Li Tian agreed almost without any hesitation. Although he knew that Ning Bing might be very sad, but for the future and his own period. With the safety of time, he can only temporarily not put this aspect of thinking in his mind, and can only think about finding the news of the Baicao Gate with all his heart.

After Li Tian agreed, it happened to be the time to fight Qiang Wudi.

When the battle started that morning, Li Tian was still thinking about how he could get out of his shell.

If you use a avatar, there is definitely no good effect.

Murong Ziqing didn't think of any good results.

However, during the battle, the hostility behind him began to slowly condense and became an external incarnation, just like the inner demon that appeared in Li Tian's body.

It's just that this external incarnation really exists.

So when Li Tian was preparing for this Jin Chan escape plan, he also thought of using his external avatar. After this external avatar had some eyebrows, he did not continue to practice, but directly let his body split into some immortals. Li entered the external avatar, and then stored some of his own thoughts.

In this way, after the assassin came here, it was only an external incarnation of him that was killed. The real Li Tian didn't know where to go.

Otherwise, even a master of the immortal realm, it would be impossible to kill Li Tian so easily. The battle between the two of them will definitely be discovered by others in a very short time. When the time comes, the killer wants to leave. It's difficult.

It's just that the killer didn't think about so many issues at the time. Perhaps he was really naive to think that Li Tian was exhausted in the previous battle with Qiang Wudi and could not continue to fight.

Only Li Tian understood that there was no such situation in his body.

The reason why he didn't choose to continue the fight was just because he needed to take advantage of this opportunity to get out of his shell, otherwise, he might just let his opponent know what he would end up fighting against.

On the other side, Ning Bing, who had calmed down, saw a character he hadn't thought of.

Murong Ziqing arrived.

Wearing a cross-dress and a hat, she walked in swaggeringly: "Fu Chengzhu."

"Sect Master Murong, why are you here?" Seeing the person in front of him, Fu Disheng stood up immediately and looked at her with some doubts. I don't know why this Sect Master Murong Ziqing, who is far in the north, is so short. Come here in the time?

"If such a big thing has happened, if you don't tell me, I might not know what happened during this period of time." Murong Ziqing slowly took off his hat and threw it aside: "Our new moon Zhicheng and Shuiyuezhong, is it really so unwelcome, are you not even going to tell us about such a big thing?" She asked Fu Disheng in front of her.

"Hehe, this is the misunderstanding of Sect Master Murong. We only learned about this incident last night. The first time after this incident, our elite troops were sent to blockade the entire Tianqi City. Thousands of miles to find the trace of the killer, we are bound to find where the enemy is," Fu Disheng smiled bitterly, knowing that this person must have come here to inquire.

"Around thousands of miles, looking for the trace of the killer? After the killer did this thing last night, did he swagger away?"

"Ashamed to say, it is true."

"Haha, such a statement really makes people laugh out of their teeth, the famous Tianqi City, a city that is said to never fall, let people sneak in, and it just killed one under your eyelids. The contestants of the Ten City Conference, if you didn't notice it, and you let the enemy leave, how do you make me believe?" She yelled and asked angrily.

"Sect Master Murong calms down your anger. I know this matter makes you very angry, but anger can't solve anything at this time. Since such things have already happened, our top priority is to calm down and think about countermeasures instead of investigating each other here. Responsibility, this is a meaningless waste of time, don't you say it?" Fu Disheng knew that he was ignorant of this matter, so he didn't even think about defending it.

Looking at the guy in front of him, Murong Zi snorted: "So if you say that, how are you going to deal with this matter?"

"Of course it was the murderer who was pursuing this incident, but based on the information I got before, this incident may have nothing to do with Nanhuang and the Commandment Hall."

Chapter 5763: Barefoot

"you sure?"

"Of course I am sure, I still want to trust Longhutang's intelligence capabilities in this world, because I know exactly what they can do, and don't want to hide my eyes even for small things." He Looking at Murong Ziqing in front of him: "In the trials of New Moon City before, this problem also appeared. There is a mysterious power who wants to assassinate Master Ningbing, but in fact, the goal should be Li Tian. Right."

"This is just a coincidence, how can you take it seriously?"

"Hehe, if it's a coincidence, forget it, but after that incident, there were a lot of related problems. Even the Nanhuang people were bewitched by this mysterious force, so they were so eager to kill Li. God, don't you think this is just a coincidence now?" Fu Disheng looked at Murong Ziqing and asked word by word: "You are an expert who is proficient in calculations. I think what this event represents It shouldn't be necessary for me to be particularly clear."

"Indeed, these issues may really have a great impact, but it is still impossible to make me believe what you said. I don't believe anyone can do this." Murong Ziqing shook his head.

"It doesn't matter if you don't believe it, but it is indeed very unlikely that Nanhuang and Jie Lü Tang will participate this time. They have already participated in this operation before, and they have paid a heavy price. I won't continue to attack us." Fu Disheng shrugged helplessly, wondering why it feels like Murong Ziqing today is a bit unreasonable.

Fortunately, there is really no explanation for myself at this time, or else I wouldn't give the person in front of me the slightest face.

"What are you going to do?"

"I sent someone to look for it, and then wait time is fine, but now I need your help."

"Hehe, your Longhutang has always been very efficient in doing things. I'm just an ordinary suzerain. What can I help?"

"Hehe, Sect Master Murong still underestimates his own abilities. It is said that the greater the ability, the greater the responsibility. If it were before, I might not ask you to do anything, but now I am really helpless." Fu Di Sheng glanced at Ningbing standing in the distance, then with some pleadings in his tone, he said, "I really can't stand this master Ningbing anymore. If she is asked to continue to mess around in our Tianqi City, I don't know yet what will happen."

"Fu Chengzhu, what do you mean by this? Do you think that so many things I have done so far are all fooling around? Such a question, I..."

"Master Ningbing, I really don't worry about what you will do when you stay in Tianqi City. I know you have a very good relationship with Li Tian. Now that Li Tian is dead, you must be very sad, thinking in your heart. It is reasonable to avenge him, but I think you still have to stay calm, but unfortunately we can't do this, we can only trouble Sect Master Murong to help."

After Murong Ziqing heard this, he slowly turned around and looked at Ningbing: "Do you really have such thoughts?"

"Li Tian is dead, of course I am looking for trouble with those suspicious people."

"Naive, you don't know how many aspects are involved in these networks. It can be said that it affects the whole body. We don't know how long we have been preparing to complete this plan. If you destroy it like this, you Do you think you can find the culprit?" Murong Ziqing stared at the Ning Bing in front of him, and said: "It is very possible that this is a conspiracy of the enemy, which is to make us mess up first."

Although Ning Bing was not convinced in her heart, Murong Ziqing in front of him was the supreme sect master. The rules in the entire Shuiyue Sect were very strict. Of course, she would not choose to continue talking back at this time, she could only wait silently for the following. .

"It's better not to have this kind of thing a second time. If you let me know, it won't give you any good opportunities. Let's stop here for Li Tian. Let us do the rest. Trust us. I will give you a very fair explanation, but you must be clear about your current status, and don't take the initiative to make trouble for us. At that time, no matter how powerful people are, you will not be able to protect you." Glancing at the Ningbing in front of him, Murong Ziqing said helplessly, and then glanced at Fu Disheng: "As for Fu Chengzhu, I hope to see the ending sooner."

"Of course."

"But since Li Tian is like this, then the next Ten Cities Conference..."

"Master Ningbing was going to play against Li Tian this time, but now it seems unnecessary. The next step is Sima Shangwu, Master Ningbing, and Zhuge Xuyi from the top of Dongyue after promotion. After that, they can go to Buzhou Mountain." Fu Disheng said solemnly.

"Well, I'm relieved in this way. This matter is serious, but it can't affect this Ten-City Conference. I don't want others to say that it is our own people who secretly manipulated this matter." Murong Ziqing said something, and then looked at Li Tian's body on the ground: "Since this kid is from our New Moon City, let's leave it to our own people to handle the corpse. Isn't that okay?"

"Of course there is no problem. We have also found someone to check it. There will be no more useful information on the body."

"I hope you can complete your task in a very short time. Otherwise, don't blame me for turning my face and denying people. What I hate the most is being deceived by others. I hope you never do such nasty things. Come." Murongzi smiled coldly, then waved his hand, and Li Tian's body on the ground just disappeared, as if he had never appeared before.

Situ Shangyan stepped forward and asked in a low voice: "Sect Master Murong, over there the City Lord..."

"There is no order, you only need to protect Ningbing next. Even if you go to Zhoushan, you have to follow it, but just be careful. Then all the gods will come to Tianqi City. Don't you Give us trouble." Murongzi said lightly, and then left swaggeringly.

Situ Shangyan stood alone and glanced at Ningbing beside him.

I thought to myself, this problem doesn't seem to be controllable at all. If it causes trouble, it will be the one in front of it.

#### Chapter 5764: Dongwu Town

After Li Tian left Tianqi City, he transformed himself into an ordinary businessman.

With the help of his money, he also bought a small caravan.

Of course, these are all pretenses. Of course, the destination this time is the borderless land in the east. The reason why it is called borderless land is because these territories are all unexplored, which means that there is no one in these places. I know whether it is safe, and I don't know if there will be any terrible characters in this kind of place. If one is not careful, it is very likely that he will die.

But this can't stop a lot of Sanxian's thoughts of exploring treasures in the past.

In these years, it is definitely not enough to cultivate by relying solely on hard work and talent. Fortune and coincidence are indispensable. Only when you have all of these things can you become stronger.

Every year in Borderlands I don't know how many people will pass by, but there are almost only a handful of people who can survive.

The news that the Baicao Gate had come out a few times before came from this Borderless Land. It is said that the Baicao Door is in the Borderless Land, and the strength is better than before. I don't know how far it has been.

It's just that many people have said so, but there is no one who can really tell the direction. ,

They would only say that they had entered a mist at the beginning, and then they had reached the Hundred Grass Gate, but no one remembered how to enter the mist and how to pass through.

This is why, and for so many years, no one actually took this matter seriously, because they all felt that the possibility that this matter was true was too small.

With a smile on the corner of Li Tian's mouth, humming a little song, he was lying in the carriage, knocking on Erlang's legs.

He didn't look like a big belly at this time. On the contrary, he was plain looking and luxuriously dressed. He looked like a master, but he had no connection with the strong Li Tian before.

In this way, since I won't let others look down upon myself, I won't let myself become too swagger.

The entire caravan has been safe and sound for the past few days on the road. This guy has too much money. The caravan sold by the caravan is not very good, but the scale of the caravan seems to be very strong. A hunting group was also hired to protect.

The hunters in these hunting groups are all good, and they usually roll over the tip of a knife like a robber.

The only difference is that the robber is robbing people.

And they are protectors.

Hunting groups are also very famous in the God Realm, and even some powerful hunting groups, their strength can be compared to the second-rate main city, you can imagine how terrifying the strength of these hunting groups.

Some big businessmen will also hire these powerful hunting groups to protect their caravans.

However, Li Tian just borrowed a pretense this time, and coupled with his own strength, he is not worried about others robbing himself, so he hired a third-rate hunting group. Even in this way, it can prevent many bandits from coming to them. The trouble is, this hunting group has a large number of people, and the individual strength is not very strong, but it has an advantage in number, so this is enough.

"Boss, we have been walking for so long, can we take a break?" At this moment, an inquiring voice came from outside.

"Where is the next place?"

The voice paused for a long time, during which there was the sound of the map opening. This guy should be looking at the map: "The town below should be Soochow Town. There are many post houses in this town. Usually caravans will rest here. "

"In this case, let's rest in this small town today."

"Yes, I'll go down and make arrangements." These hunters immediately became excited when they heard that they could rest.

Li Tian squinted his eyes, but he sneered in his heart. If it weren't to hide his identity, why bother to do such a boring thing. With his current strength, there is no problem going on alone.

I'm just worried that my actions will make anyone doubt it. If I reveal my identity, it will be a little difficult.

Along the way, they also met some guys who didn't have long eyes, but Li Tian hadn't made any shots before, just treating himself as a novice who knew nothing, so he went all the way.

Soon, the caravan stopped.

They came to Soochow Town.

It was already very dark at this time, and the red sun was slowly set in the distance.

Li Tian squinted his eyes, stepped off the caravan's horse, and looked at the somewhat cunning middle-aged man in front of him: "Head Wang, you will have to arrange all the next things."

"Hey, don't worry, I have already arranged it. The boss here and I are big acquaintances. They have kept this room for us all the time, but I don't know the boss you..."

"Of course I want to live in the best room. You don't even look at my smooth skin and handsome looking young man. How can I live in those inferior rooms?" Li Tian pretended to be hypocritical. , Although he knew that such a tone was really disgusting, he still said that. He knew that he had to be in this state.

Otherwise, it would be really hard to let others find out some clues.

"Okay, I'll make arrangements now."

Head Wang left so quickly.

And Li Tian glanced at these people in the hunting group. Most of these people are young people, and their strength is basically at the mercy of spiritual cultivation. Although they are young people, they may be very old in real age, otherwise It's not going to go to the hunting group and do this kind of desperate business.

Even in this way, they are all full of energy now.

No enemies were encountered along the way. They all knew that this caravan was very large, and ordinary robbers did not dare to attack them.

However, if you really encounter a robber. That's a difficult battle to fight.

Want to eat a caravan like them, if it were not for a powerful bandit group, it would be impossible.

Looking at these young people who still don't know this, Li Tian shook his head helplessly, and muttered, "I just hope that there won't be any problems along the way. I don't want to go all out at this time. Only then can we reach the land of no owner."

He was very worried, if he really encountered such a band of bandits, would these people in front of him be able to defeat them?

Maybe this possibility is almost gone.

Chapter 5765: Insomnia small town

The night in Dongwu Town is extraordinarily beautiful.

The sky was dark, and it looked like a black curtain, on which the curtain was dotted with bright stars.

The whole sky is like a perfect picture scroll, and the eyes are lit up when people look at it. At this moment, Li Tian is sitting outside the post house, looking at the wonderful starry sky above, he is deeply intoxicated. among them.

Although the hunting group strength brought this time is not very strong, these people are loyal, and they will definitely not cause Li Tian the slightest trouble if they collect his money.

This is what he values most.

Most of these people in the hunting group are greedy ghosts. As long as they are given money, what can they not do?

Of course, these are just shady secrets. As a career that takes money and sells their lives, they naturally value their image in the minds of many people. If they are criticized by others as bad, then business will naturally be very troublesome.

So this time although the strength of these people is not very strong, at least in terms of quality, it is also possible for Li Tian not to be picky.

He was sitting outside the post house, humming a little song, looking very happy.

"Guest, the weather is getting colder and colder. You should go back and stay. If you catch a cold, it will be bad." At this time, a young man came out of the post house, looking like it was inside. Xiaoer of the shop, with a simple smile on his face, makes people not wary of this person after seeing it.

"Oh? I think the weather today is pretty good. It's a good thing to see the scenery of the world here." Li Tian's mouth raised slightly, touching the stubble on his chin, smiling and watching The young man in front of me: "Moreover, you seem to have no position to remind me, why did you tell me this?"

"A few guests were cold here before, and then they fought me, saying that I knew that the situation here was not reminded in time, and the responsibility lies with me." The young man carefully looked at Li Tian in front of him. There was also a little panic and helplessness in his eyes, running to do this kind of thing at his age would only be desperate.

Such young people usually yearn for the path of cultivating immortals, and becoming like him now is mostly helpless.

Seeing the panic and helplessness on the young man's face, Li Tian smiled.

"There are always some people in this world who like to be unreasonable, but if you want to reason with them, you can only suffer. At this time, you can see the importance of a hard fist." Li Tian smiled slightly, patted him on the shoulder, and said, "Don't worry, I am not good at anything, but my body is exceptionally healthy. This little cold wind can't do anything to me."

Seeing the serious look of Li Tian in front of him, the young man was also skeptical at this time, not knowing whether what Li Tian said in front of him was true or false.

"Guest, you..."

"Don't worry, I won't put this matter on your head, besides, I feel good now, and there will never be any problems with my body. It's all like this, why are you still worried?" Smiled and sympathized: "Can you tell me why, do you work here?"

The young man was taken aback for a while, looking at Li Tian in front of him, and he couldn't say a word for a long time because he didn't know how to communicate with Li Tian in front of him.

When he first started, he suspected that Li Tian in front of him was just cheating and making himself happy.

But now there is no such feeling at all.

I don't know why, seeing the smile on the face of the person in front of me, I feel that my mood has changed a lot in an instant, and the whole person has begun to become a lot more relaxed. He smiled and said: "If it is not for life, we young people Naturally, people will not fall into this kind of place. Even if you are a fairy in a third-rate sect, it is better than working here."

"That's right, you are only forced by life, so you will be reduced to this point. Otherwise, naturally no one is willing to do this kind of thing when he is young." Li Tian thought for a while, nodded, and patted. Tap his shoulder: "Then have you ever thought about changing your life so that you don't become like this again."

"I don't have such thoughts anymore. At the beginning, I thought that one day I could become famous, so that I could live a good life, but life tells me time and time again that this kind of thinking is totally illusory. Yes." The young man's faces were desperate. At this moment, he and Li Tian were like good friends for many years, and they also showed sincerity when they talked.

Seeing him like this, Li Tian did not become more interested.

"Tell me about your affairs. I think if you tell all the things you are holding back in your heart, you might feel a lot better. Maybe I can help you too." Li Tian asked secretly. Tao.

The young man looked at him stupidly and thought for a long time before he smiled and said, "Do you mind?"

"Of course I don't mind."

It turned out that the young man in front of him had a childhood sweetheart a long time ago, but then because a bully appeared in the town, his childhood sweetheart was a very beautiful beauty, so the bully got caught.

Kidnapped his childhood sweetheart.

Then the design framed the young man, so that his family business was ruined.

Today, I can only rely on doing this kind of villain work to find a way to pay back the money to keep myself alive.

It's a very hard-working young man. On the earth, it should be a snail-clan with a pile of debts.

Seeing the helpless expression on this young man's face, Li Tian sighed secretly in his heart. This is how much pressure he had to bear to have such an expression. In the heart of this young man, There is also a lot of unknown anger in Bi.

As a man, he can only live his life in this way in the end, watching his childhood sweetheart fall into the hands of others, but he can only assume that nothing has happened.

As a real man, this is a great humiliation, and this is the most unbearable thing for this young man.

"Don't worry, I will find a way to handle this matter for you. Since I have heard so much from you today, of course I have to do something for you." Li Tian smiled and looked at the young man's expression. , Until tonight is destined to be a sleepless night.

After hearing this, the young man was also surprised.

Chapter 5766: Hussein

"What you said is true?" Wang Xiaoer looked at Li Tian in surprise. He had said these things before, but he just wanted to make Li Tian happy, so maybe he would rest soon. The province of himself was unlucky afterwards and was worried by the guests.

But I didn't expect that I would be so lucky tonight. Looking at Li Tian's expression, it seemed that he was really ready to do something to him.

"Hehe, I never say anything that is not nutritious. Since I told you this way, I naturally want to help you finish it." Li Tian patted his shoulder and said, "You said so much before. I just want to make me happy, but I don't know that I'm different from the guys you met before. I'm an approachable person. You have seen the guys under me. Not many people are really afraid of me."

"You are a good person."

"Hehe, don't say I am a good person, how many truly pure and good people can live in this world? Whose body is not stained in this world?" Li Tian laughed at himself and grabbed. Holding Wang Xiaoer's shoulders in front of him, he said bitterly: "It's just that we can understand that when we have enough abilities, we can help others as much as possible. This is enough."

Wang Xiaoer seems to understand, it seems that this young boy is probably still inexperienced in the world, and he has never expected so many profound philosophy of life.

Compared with Li Tian, who has gone through ups and downs, his life experience is not rich enough.

But at this time, there was a sudden screaming sound from the town, which seemed to come from the east of the town. It was the scream of a woman, which instantly made the whole silent town boil. The houses where the lights were turned off before, all lit up like stars, and the whole pitch-black town suddenly became brightly lit.

The men came out from the house shirtless, while the women slumped in the house waiting for the next story.

For a while, a depressed atmosphere permeated the entire town.

And Wang Xiaoer's expression instantly solidified at this moment: "Guest, you leave here quickly."

"Leaving here, why is this?"

"Although our town in Soochow is the foothold of many caravans, it is also a place where many robbers have always liked to slaughter. Every once in a while, they will send a horse team to our side to slaughter the townspeople and \*\*\*\* treasures."

"You should have your own guards in your town, why don't you fight them hard?"

"We have tried before. We can kill a horse team, but next time they will send more people, and they will get worse. These robbers are inexhaustible to kill. Instead of wasting them with them, It's better to swallow your anger. This is also the rule in our small town." Wang Xiaoer looked at Li Tian in front of him with a face full of help. Living in this kind of border town, it is reasonable to be attacked every day. .

But Li Tian would not think that way. The people in this small town are simple and honest. Although their caravan came here during the day, they saw that many people had a very good attitude towards them.

But it was much better than the attitude of some major cities. He really didn't know what was going on.

"What is there to be afraid of? I have a hunting group in my hand. I will help you deal with this matter." Li Tian stood up and roared in a low voice: "Pharaoh, take your man, prepare to act. Up."

His voice is not very good, but he has a deep and undisturbed feeling.

In an instant, Head Wang, who was about to rest, came out of the post house.

"Boss, what's the matter?"

"Huss, it's Huss to come." Wang Xiaoer looked at the sturdy hunting group leader in front of him, and said worriedly: "This is a group of robbers from nearby Wuma Mountain. They have all the horse teams under their own. They are called hussars because when they train these people, they are basically trained according to hussars. These bandits are well-trained and are the most powerful group of bandits here. Even a professional army may not belong to them. opponent."

"Huqi? Hehe, I've heard a lot of these people's names, but today I have to see if they are really that powerful."

"Guests, please leave here with your own goods. These hussars will stay here for a while after they come here. They will not come to our side for the time being. It is enough for you to leave here at this time." Wang Xiao The second looked at the head of the king in front of him, and said with a worried face: "If you really act rashly, I'm afraid it will make the problem worse."

"Hey, what are you afraid of? Could so many of us still be afraid of a little robber? If they are really so powerful, why come to rob a small town like yours? Just put the target far away. The city of Tianhu would not be better." Although Wang Xiaoer said it seemed serious, in the eyes of Head Wang, it was obvious that these hussars were not taken seriously.

Li Tian's attitude was not as serious as they thought.

Perhaps the strength of these hussars is quite good, but if they are really inferior to them, if the time comes, dealing with these guys will still be easy.

It's just that he doesn't want to reveal his identity now, so naturally he can only leave this matter to these guys in the hunting group.

Fortunately, the head of the king in front of him was very confident, and he still did not take these robbers in front of him.

"Boss, don't worry, there is no problem with this matter being handled by us. I want to see how strong this group of bandits are, and dare to do it under our noses." Head Wang Looking at Li Tian in front of him with confidence, this guy's eyes were full of disdain, it seemed that he really didn't put these so-called hussars in his eyes.

"It's best when you have confidence, but the enemy you encounter this time is not easy. It's best not to be too arrogant. Calm down and figure out a way to deal with the enemy. This is the best choice." Li Tian patted him. On the shoulder, said: "I believe you have this ability, and the rest of the matter will be left to you. Don't let me down, otherwise I don't know what to say."

"Come on, just take it right, I will let these guys know what the end of the game against our hunting group is." Head Wang said, and then began to let out a low roar: "Small We are ready to fight, all get me up."

The sound resounded like thunder, resounding through the whole town, endlessly.

Chapter 5767: Butcher

East of the town.

If you continue to the east from here, Tianhu City is the closest place to Borderless Land. There is also a teleportation formation on this side to make it easy to reach Borderless Land.

It's just that there are too few people who go to the Borders all the year round, and every time they go there are dead but not alive, so there are no portals to the Borders in other major cities.

Only in this Tianhu City, there is such a portal, which is also frequently used by many people.

But even in this way, it would take a little time to go to the borderless land.

The reputation of this Soochow town is not small because it is a must-pass on this road. At this time, at the east end of the town, a group of people wearing black armor, holding meniscus sabers in their hands, riding The robbers with sturdy steeds are scattered in the east of the town. Every house is open, and many robbers can be seen faintly flickering inside.

The women's clothes were disheveled, the blood ran into rivers on the ground, and the staunch men fell in a pool of blood.

"Mayor Ma, it doesn't make sense for you. What we said before is that you have to prepare a hundred million yuan for us in this short half-month period and send it to Wuma Mountain, but you see It's three days late now. I really want to know what are you doing right now?" A bandit headed by holding a saber in his hand, looking at the old man in front of him condescendingly, asked triumphantly.

"Fifth Lord, please allow us a period of grace. We really have nothing to do now. After all, a hundred million yuan is too much. We can't get so many in a short time."

"In a short time?" Wu Ye looked at Mayor Ma in front of him and snorted with a mocking sound: "As far as I know, caravans of all sizes have to rest for a while when they come to your side. Isn't it easy to earn one hundred million yuan in half a month? I have given you a time allowance, but you have not been able to abide by the agreement. In this case, then I can only talk about you. All the people in the town are killed, and you will be honest if you look at it this way."

Wu Ye is obviously a very domineering man, and the tone of his speech at this time is full of unquestionable feeling.

The Mayor Ma in front of him was trembling. Although there were constant screams around him, there was no way. They really had no way to take these robbers.

"Hey, that group of idiot robbers standing over there, what are you doing?" At this moment, Captain Wang brought a vote of hunting group members to this side. Although the numbers of the two sides are very different, after all, the hunting group This side is pretty good, so at this time, his face is full of confidence. Looking at the so-called fifth master in front of him, he snorted: "I don't know if Grandpa we are in this small town? I chose to shoot at this time."

"Who are you? Hunter?"

"It's your grandfather hunter, since you know what our identity is, and you don't have to hurry up to get out, are you waiting for us to kill all of you?" Head Wang looked at the fifth master in front of him and gave a cold cry, disdainfully Said: "If you are acquainted, hurry up and get out. Don't tell me not to give you good fruit."

"Hehe, this is really interesting. I have met many hunting groups before, but they all walked around and left when they saw us. This is the first time I saw you who took the initiative to send it to the door. "The fifth master looked at the leader Wang in front of him, and shook his head disdainfully: "Your personal strength is pretty good, but it's not that easy to kill our horse team."

"In that case, see the real chapter in your hand."

When they were speaking, the two sides quickly fought together.

There were a lot of robbers, so they fought against these people in the hunting group for a while and didn't want to compete.

As for Head Wang, this guy is pretty good, and he has fought back and forth with the fifth master in front of him.

Li Tian held a dog's tail grass in the distance, as if he was looking at something irrelevant to him. He didn't worry about the result this time. Anyway, this caravan had nothing of value, even if it was really caught. It doesn't matter if these robbers robbed them. These robbers just want to get things first when they come here. As long as he doesn't mess around, he shouldn't reveal his identity.

However, although Commander Wang and Master Wu seemed to be on par, but Li Tian knew that the hunting group had lost.

The robbers' team members are very good, and they cooperate very well.

But this battle seems to be starting to crush the soldiers of the hunting group in front of them bit by bit.

Suddenly, at the beginning, there were still some spectacular battles, which began to become unilateral killings.

But what Li Tian didn't expect was that Wang Xiaoer also rushed up: "Fifth Lord, Fifth Lord, please let these townsfolk go. We have really worked hard to collect money these days. But it's really hard. This is some of the money I saved. You take this money away and see if you can give us some grace?" He said as he took out a purse from his body. .

These days coins are all some days coins he has saved in the past few days, so that one day, he can rescue his sweetheart. Although hope is slim, at least he has not given up hope yet.

The fifth master looked at the young man in front of him, first he was shocked and asked, "Who are you?"

"I am the second in a post house."

"Oh?" Wu Ye sneered, took the money bag, clicked, and then spit on Wang Xiaoer's face, and cursed: "I don't know how to live or die, dare to give me this little money. Look?"

When he was speaking, Head Wang rushed forward: "Smelly boy, these are inhumane robbers. It doesn't make much sense for you to tell them this."

Although the head of Wang's speed is very fast, but it is obvious that the speed of the fifth master in front of him is a little faster. His saber has been raised, and then he looked down directly. The blood shot out instantly, dyed red. The entire ground.

When the mayor saw this scene, he was shocked: "Fifth Lord..."

"A bunch of idiots, do you really think that we will let you off like this when we come today? Hand in the money honestly immediately, or I will let all the people in this small town of you die, and you will be paid back then. How to make money?" Wu Ye said, the robbers under him have begun to be even more unscrupulous, and Li Tian's hunting group has already run out of casualties.

Chapter 5768: Rush to the crown

When it was, a figure flashed by.

The speed of this man seemed unpleasant, but the moment Wang Xiaoer fell, he came behind him and hugged his body.

"Little Er, are you okay?"

"Ahem, guest...Guest, I wanted to learn from you and try my best to help others, but...but..." Wang Xiaoer kept coughing, and every cough can come from his throat. He coughed up some blood, and what followed was that his body began to gradually become cold, losing its original temperature bit by bit, and his pupils were slowly expanding.

"You stupid boy, why do you want to learn from me?"

"Ahem, I... I have always believed in my heart that good people are rewarded..." Wang Xiaoer looked like it was painful, the wound on his stomach was deep, and the internal organs were broken. Sabre The power of Lord Wu is also very strong. He is just an ordinary person, and naturally it is impossible to support it in the hands of such a master. At this time, it is just a breath.

Seeing Wang Xiaoer's painful look, Li Tian's emotions were very complicated.

I just said a word casually, but I didn't expect this young man to really take it seriously and put it into practice so soon.

However, he is really too young.

Faced with the invisible robber, can such a thing be done with good intentions?

"Don't talk, I will help you heal. I won't let you die. I promised you to save your childhood sweetheart." Li Tian's eyes were full of anger, and the fairy power began to flow continuously. Poke into his body.

"Hey, didn't you see that Lao Tzu is still here? This kid's internal organs have been destroyed by my immortal power. Even Da Luo Jinxian can't save him. Instead of wasting time on this kid, It's better to hurry up and think about what you should do. I suddenly appeared in front of me and did something like this. I was very angry, don't you know?" Wu Ye stared at Li Tian in front of him, his current mood I was really angry. It was the first time I encountered such a thing. How could this kid ignore him in front of so many people?

This feeling of being ignored by people hasn't appeared for many years, and I didn't expect it to reappear at this time.

Li Tian treated Wang Xiaoer cautiously, but there was no response.

Commander Wang was clutching his wound, and he was also wounded by a saber. Only then did he realize that the strength of the hussars in front of him was really terrifying, and their hunting group was not the opponent of these bandits at all in terms of real combat effectiveness. , Even his group leader is now seriously injured by the fifth master in front of him: "Boss, it's all this time. Hurry up and leave here, right?"

"Leaving here, where are you going to let me go?" Although Li Tian is treating Wang Xiaoer, Wang Xiaoer's condition is getting worse and worse. This is not something anyone can easily change. Something up.

When a person's life is truly gone, no matter how strong you are, it is impossible to force it to stay.

"Guest, you... don't help me anymore. I know you want to save me, but I know that it's impossible to stick to my current state. I know I'm going to die like this, but I hope ...I hope you can...help...help me fulfill my previous wish." Wang Xiaoer coughed and said in a hyphenated sentence. At this time, he was still thinking of his childhood sweetheart.

Li Tian was in a heavy mood. He didn't think about anything at this time. He nodded directly: "Don't worry, I will do what I promised you. I will also get rid of the robbers who did these things to you today. , Let them know how good I am."

"Cough...Thanks...Thank you." After Wang Xiaoer said this, his eyes flashed and his body instantly became cold.

Li Tian's body slowly swayed, and he carefully forgot Wang Xiaoer on the ground, and then covered his body with a white robe. He raised his head and looked at the fifth master in front of him: "You , Is the leader of this bandit?"

"Yes, that's right, these people are all my little brothers." At this time, most of the residents of Dongtou in the whole town were killed, and some of the remaining women and children were also being insulted, screaming and screaming. The screams became one piece, which made people feel like purgatory here. The shirtless men had blood red eyes, but because they were all \*\*\*\* corpses in front of them, they didn't dare to do anything.

"Do you know what you are doing?"

"What am I doing? Of course I know what I am doing. I came here just to collect money, but these old guys are unwilling to cooperate, so I can only use this way to make them remember I live in this kind of thing, so I think they will be very willing to cooperate with me in the future. Is there anything wrong with my approach?" He looked at Li Tian in front of him, snorted, and said: "Look at these townspeople, which one of them hates me, but they dare not take a step forward because they are afraid and afraid that they will die."

"You need to know that the most indispensable thing in this world is the warrior. You may still be able to laugh now, but you are guaranteed to be able to laugh in the next second?"

"Boy, don't scare me here either. I have been walking around the rivers and lakes for so many years. What kind of scenes have not been seen before. If you are scared by a few words like you, what

kind of robber would you do?" Wu Ye brandished himself. With the saber in his hand, looking at Li Tian in front of him, he said disdainfully, "It's you kid who came to ruin my good deeds, and now you dare to speak in front of me like this, are you tired of living?"

"Whether I'm tired of my life, you will know soon, but I now give you one last chance, you guys committed suicide here, I don't need to investigate today's affairs, otherwise I will step down on Wuma Mountain!"

"Boss, what are you talking about... this... these robbers are very powerful, you... go away." Head Wang also widened his eyes, looking at Li Tian in front of him, not knowing why this guy suddenly happened. Speaking like this, doesn't he know the strength of these robbers, is it really terrifying? These hunting groups have no way to deal with these robbers.

Li Tian smiled: "Don't worry, I know it myself."

Chapter 5769: I want to level you

"Boy, don't talk nonsense here. Since these bandits have been able to fall into the grass in Wuma Mountain for so many years, it means that their strength is very strong. It is not that the surrounding main cities have not sent troops to want. They have been purged, but there has been no good effect." Mayor Ma looked at Li Tian in front of him at this time, and said with a helpless smile.

Li Tian snorted and said: "You don't have to stop me. If I don't have this confidence, I won't say such things here. You robbers have no humanity, and I won't give you a good end, but if today Since I am here, I can punish you in another way, otherwise, I will level you Wuma Mountain in a few days!"

"Boy, I think you are daydreaming a lot, and you don't even look at what you are. You dare to speak so loudly in front of Lao Tzu. Do you know how many people have thoughts like you before? But they all gave up, Because wanting to kill us is not as simple as they thought, let alone a small character like you, even if the \*\*\*\* emperor comes in person, it will not be so easy to deal with." Wu Ye sneered and looked at Li Tian's face in front of him. All are disdain.

However, Li Tian sneered, and with a wave of his right hand, he saw countless sword qi shooting out of his body.

The robbers who had surrounded Li Tian before were all twisted into flesh and blood in an instant.

"I said, I gave you a chance, but if you don't know how to grasp this opportunity, then I can only change a way to make you repent of what you did today." Li Tian squinted. Eyes, looking at the robbers in front of him, his hand can be regarded as letting the fifth master in front of him know that the young man in front of him is not as simple as they thought.

With just such a simple wave of his hand, he can release such violent sword energy.

No one has seen how Li Tian did it during this process. It seems that he simply moved his hand, and then the sword energy shot out of Li Tian's body, and then it was instantly After the bandits in front of them were killed, these bandits were already in a different place without any reaction, and it could be said that they were extremely fast.

And Wu Ye, also did not see it.

His pupils shrank slightly, and he looked at Li Tian in front of him with some seriousness: "I didn't expect you to be a practitioner.":

"I dare not take it. If I didn't have the ability to walk such a long distance, I might have died on this road long ago." Li Tian snorted disdainfully and looked up at him: "Now I give you one last chance, old Snuggle yourself in front of me honestly. I can assume that nothing has happened before, otherwise don't blame me for being rude. All the robbers here today will die."

The most shocking person here at this time is undoubtedly Head Wang.

Before, he thought that Li Tian was really just a businessman. After all, this guy didn't show anything unique on the road, but now he discovered that in their team, there was such a terrifying master. These robbers were killed when they raised their hands and feet. If you know the strength of these robbers, it is impossible to kill them like a pig.

Li Tian's strength, how terrible is it that he can do this step so easily.

"Hehe, although your strength seems to be pretty good, if you think that you can scare me like this, it's too naive. I've seen a lot of strong people before, and they also like to threaten. Me, but it's a pity that they all died in the end." He sneered, and then the saber in his hand suddenly attacked Li Tian.

Li Tian looked at the fifth master in front of him sarcastically. This guy's strength is not bad, but if he really wants to pretend to be in front of Li Tian, it is still too bad.

He just moved his right hand lightly, and then directly grabbed the guy's arm, squeezed his arm with slight force. "It can be seen that your strength among these bandits is pretty good, but it is only similar to the strength of a small boss. It is too naive to have such strength to fight with me."

"You...Who are you?" Some sweat permeated from the forehead of the fifth master. He looked at Li Tian in front of him, showing a look of horror. Only then did he know that he had really met this time. A powerful master, if Li Tian in front of him is willing, he can directly end his life now, but I don't know why, Li Tian has never wanted to do it.

"It doesn't matter who I am. The important thing is that I want to let you know that I am ready to attack you, and then let you up and down start to panic. This is the result I want most." Li Tian said At that time, many clones appeared in his body. These clones began to kill the robbers here like cheetahs, but in just a few minutes, the east end of the town was completely red with blood. .

The ground was full of rivers formed by condensed blood, and the robbers were all killed.

But the fifth master in front of him survived.

It's just that Li Tianche's hands have been completely squeezed off by Li Tianche, and the meridian of the guy in front of him has also been shaken off, which means that the current Wu Ye has become a useless person, no matter how hard he works later , It is impossible to continue to show off in front of others as it is today. For a guy who has always been superior, such punishment is undoubtedly very painful.

"I figured it out today. It doesn't seem appropriate to kill you this way. I need someone to tell the guys on Wuma Mountain what happened today, so that they will be ready to welcome me. I also think about it. , You guy is the most suitable person to do this, so I leave it to you to do it." Li Tian smiled slightly and looked at the panicked fifth master: "I abolish your meridians, now you can Fuck off, tell them that I am going to step down on Wuma Mountain."

Wu Ye was in pain all over, and his spirit was about to collapse. Hearing Li Tian let go, he almost immediately turned and left on his horse.

This place was like a nightmare, he really didn't want to stay here for a second.

Seeing Li Tian's eyes is like seeing the gaze of a demon, no one wants to continue to look at this guy.

Chapter 5770: Funeral

Several people looked at Li Tian in front of him stupidly. At this moment, the east end of the whole town seemed silent.

The men looked at the man in front of him whose back was as heavy as a mountain, and couldn't say a word for a long time. At this time, their deepest thought was that the gap between themselves and the man in front of him was really very big.

Only such a man will stand up at this time.

Mayor Ma also looked at Li Tian in front of him with surprise. It was hard to believe that the courage of this young man was so terrifying. He could choose to do such a thing in front of so many people.

"Although I am very grateful to you for helping us to get rid of these robbers, they will soon come back. This scene has been staged many times." Mayor Ma looked helpless, this kind of thing is no longer two times. It happened this time, it was too many times. They no longer took these things seriously.

"I know, but these robbers in Wuma Mountain, I will deal with them personally, let them also know that I am powerful, you don't need to worry about this." Li Tian squinted his eyes and looked at Mayor Ma in front of him, very serious. Said.

He slowly came to Wang Xiaoer's side and looked at the already cold corpse on the ground. His mood was naturally very heavy at this time, but he didn't know how to describe his current feelings.

Just now, this child was still telling himself his ideals.

"He is a brave kid, but unfortunately, he didn't recognize the status quo. These bandits..."

"If a small town doesn't even have the strength to protect the townspeople, then naturally there is no need to exist in this world. It will only make people feel very disgusting." Li Tian didn't know why, watching the blood flow around him. , The ground was full of cold corpses, making the entire town look like an Asura Purgatory at this time, even he couldn't help frowning at this time.

I have seen many big scenes, but such horrible scenes still made him frown.

"It's not that we haven't tried to resist, but our past experience clearly tells us that there is really no good end to these guys. These murderous robbers, if you take the initiative to find their trouble, you will only make They are getting worse, and the trouble will be even more difficult to deal with." Mayor Ma looked helpless, he naturally wanted to change this situation, but this kind of thing is naturally not something that can be achieved.

Li Tian didn't really want to blame anything, he also knew that these people actually wanted to change these situations.

No one can stand the robbers oppressing them.

It's just that their ability to contend with robbers also thinks too much. It can be seen from so many fights that they and these robbers are not on the same level.

"Guest officer, I think this matter should be forgotten. This time you are here only to do business. If the driver in front comes to this matter..."

"I think you are thinking too much. I did this this time only because of Wang Xiaoer. I want to fulfill his wish, but it has little to do with you. Are you people alive or dead? , It has nothing to do with me." Li Tian said this very straightforwardly, but it is indeed for this reason. He has never thought of helping these people. The reason for doing this is only because of Wang Xiaoer.

Although this young man is not a big identity, he still brings a lot of feelings to Li Tian.

With such a heavy pressure on him at a young age, he naturally felt some sympathy for this young man.

It's a pity that before he had time to change anything, he had become what he is now. Even Li Tian can only help Wang Xiaoer as much as possible to fulfill his previous wish. As for the process of He didn't really care about the painful price that China needed to pay.

He picked up Wang Xiaoer's body from the ground, and then glanced at the dumbfounded Head Wang beside him: "This time you can only find the hunting group union."

"I know this." Head Wang nodded in confusion, looking at Li Tian's serious look in front of him, he kept muttering in his heart, why didn't he know before, what about this man? With such terrible strength, the combat effectiveness of those robbers can be said to be quite terrifying, but in front of Li Tian, these people are like paper tigers, unable to hold on for a few seconds.

This shows that the strength of this man is really unfathomable.

But why do they want their hunting group to protect such an identity?

"Don't speculate about my identity, this time you are only called because this caravan needs a large hunting group to protect it. This saves me a lot of trouble. Isn't there no problems along the way?" Li Tianxiao laughed, knowing without guessing what the head Wang's thoughts in front of him meant. After smiling and saying something, he said, "Of course, if you want to tell others about this, I won't care. "

"Boss, you worry too much. As a hunting group, we still know what to do and what not to do. We will treat this as something that has never happened before and will never tell anyone."

Li Tian smiled faintly, holding Wang Xiaoer's body, and slowly disappearing from the sight of these people.

Although the attack on the town of Soochow today is very serious, it is only for them, but it has no major impact on Li Tian. He did not take this matter seriously, only Wang Xiaoer in his heart. Things feel uncomfortable.

After leaving the town of Soochow, with Wang Xiaoer's body, came to a cold hill.

Then he put it on the ground and sighed: "Human, it's like this. Many times there is no way to control your own destiny. I don't think this would happen when you chatted with me before. Things."

He raised his head, looked at the sky, slowly raised his hand, and the hills in front of him began to tremble violently, and many cracks began to appear on the ground, and a tomb appeared in a short while.

He glanced at Wang Xiaoer, and finally said: "Don't worry, I will help you complete everything you want to accomplish. Those who look down on you and cause you harm, I will also let them know that they have committed crimes. How serious is the mistake?" His expression was extremely serious, without the slightest shake.
