

A Killer 5781

Chapter 5781: Kindness is sin

"It's just that?"

"Isn't such a reason enough? I don't think I need to explain too clearly how you robbers do things. You have to know more clearly than I know." Li Tian snorted coldly. , Looked at the guy in front of him, smiled and asked: "What the **** is going on, what kind of situation is it, you all know well, why am I standing here, this reason is not enough?"

"Benevolence, I didn't expect that in a society like the God Realm, where the weak and the prey, there would be people with such emotions. It also made me never think of it. Don't you know? In such an environment, kindness is a sin. "

"This is the first time I heard such a theory."

"The reason why they are bullied by us is because of their weakness, and their weakness is because they like to pity the weak too much. It is precisely because they are too kind, so they can't make themselves stronger. When they get up, there is naturally no way to resist our bullying. In the final analysis, we are not to blame for this kind of thing. It can only be said that they are too benevolent and make themselves too weak."

"This is the first time I have heard such **** remarks." After Li Tian heard these words, his fists clenched tightly and thought of Wang Xiaoer.

Did he die because of kindness?

It doesn't seem to be because of this.

Even in this world where the weak and the strong eat, everyone must live with this attitude of bullying and fearing hardship? The benevolent, there is really no way to exist in this world?

He didn't believe it, so he naturally had to use his fists to change everything.

After snorting, the aura slowly released, looking at the three people in front of you: "Even if I am the only one to deal with the three of you today, it is still a piece of cake for me, and you don't need to be here. It's nonsense here, just get ready to take action, let me see how your strength is, dare to say such a thing in front of me."

The aura burst out instantly.

After leaving Tianqi City, Li Tian burst into such a terrifying aura for the first time. The frosty energy on his body instantly burst out of his body, just like a wild beast that has been sealed for tens of thousands of years. Just as he broke free of his own shackles, the ground was also stained with silver in a short moment, and it was white, as if it was sprinkled with snow.

A light breeze flickered first, and then, the wind grew stronger.

His clothes also began to swell up, humming.

The big boss's face sank, and he whispered: "You two be careful. This kid is as I guessed. He can deal with a horse team under the mountain, close to himself. The strength of such a young man is naturally not As most people can imagine, we are afraid that we will encounter a lot of trouble this time."

"Big brother, are you still so weak until now? You have said before that if you are weak you will be bullied by others. At this time, you will naturally take out all your strength and let others see our strength." Looking at Li Tian in front of him, he snorted: "I didn't expect that you, the kid we caught, would turn out to be such a master."

"Haha, I thought you never found out before. The reason why I was caught by you was just because I wanted to sneak into this cottage. I am not an idiot. I also know that I cannot compete with a cottage alone." Li Tian saw that the second leader recognized himself, and said with a smile: "I originally wanted to use that woman to provoke your relationship, but now it seems that I don't need to do this at all."

"Do you know her?" The big boss's eyes narrowed. At this time, even his voice began to become somber. If the young man in front of him really knew the identity of Guo Xiangyi, then today he must give the guy in front of him to If you get rid of it, to prevent such things from spreading, I am afraid that there will be endless trouble.

"Although I don't know what her identity is, but from the time she raises her hands and feet, it can be seen that this woman is definitely not an ordinary character. In addition, because of such a woman, idiots know this woman. His identity must be extraordinary, otherwise, why are you making trouble like this because of a woman?" Li Tian squinted at the big boss in front of him, sneered.

"I have to say that you, a young man, are a lot more tricky than I thought, and they are also very smart. You can see a lot of things very clearly, but many people in this world die because they know the truth. Too much, you know so much inside information, even if I want to spare your life, knowing so much, I can only trouble you to die."

"Although you can come and try to see if you can kill me, but the ugly words are in front. If you dare to do something to me, I will let you become my enemy at what price." Li Tian smiled and looked before him. The big boss of snorted, there was no worry on his face, and the big boss in front of him was nothing more than that in his eyes.

The strength of the three people is not average, but Li Tian is not worried at all at this time.

He is the realm of gods.

And it's not a normal state of gods.

The three people here are all at the pinnacle of the spiritual cultivation realm. After all, they are just a group of bandits. They have no great ambitions, and they can't have any powerful methods.

In front of Li Tian, the three of them were just a group of young people.

"Huh, some self-confidence is a good thing, but sometimes unpretentious arrogance will only make you pay a heavier price. You still have to be down-to-earth." The big leader snorted and slowly summoned a hand. The broad sword came, and it was dripping with blood, and it looked like it was taken out of a pool of blood, gleaming gloomily in the night.

The second leader took a look, squinted, and thought to himself: "When I fought with me, I didn't take out the evil stone sword. Now facing a young man, he took out all his box-pressing skills. Now, is this young man really amazing? '

"Don't think about it. If you don't want to die, you'd better make sure that you have your peak strength, otherwise you will die later, but don't say I didn't give you a chance." Li Tian smiled, the corners of his mouth rose slightly, like it was as if the winning ticket was already in hand, and there was no sign of flinching.

Chapter 5782: Shock

The entire Wuma Mountain was shaking very slightly at this time.

The frequency of this tremor is not very high, and the amplitude is not very strong.

Under normal circumstances, you can't feel it, but if you feel it carefully, you can still feel the vibration.

Li Tian's aura is becoming more intense bit by bit, and at this time, a little sweat began to appear on the foreheads of the three leaders, and there are also some blurred colors in the eyes. It seems that it is difficult to adapt to this. Under the state, you can continue to fight.

"Look at how the three of you look like, the previous battle must have consumed a lot of immortal power, right? Can you continue to hold on at this time?"

"In this place far away from the emperor, what strong people will appear here? Most of the people who have passed from here are merchants from Tianhu City. The bounty hunters brought by these merchants are not very powerful masters, most of them The geniuses are all concentrated in the Central Plains area. I really want to know what your name is, and how confident of me?" Looking at Li Tian in front of him, the big boss asked curiously.

"Do you know Li Tian?"

"Who doesn't know Li Tian? He made a name for himself in the God Realm at a young age, and he was regarded as the second best in the hearts of many young people. Probably this kid was the only one who relied on his identity as an immortal. , Entered the Ten Cities Conference." The second leader looked at him and asked: "You want to tell us that you are Li Tian, right?"

"Don't I look alike at all?"

"Although your aura is very strong, it's not that way. Although Li Tian is really strong, it is a pity that this kid has died before, and the news has spread a few days ago. The whole Tianqi City is gone, and even the ***** emperor and others have admitted this matter, but it is a pity that although this young man is a genius, it is just bad luck." The three chiefs trembling, insisted on saying something.

Many people think that Li Tian's luck is too bad. It is undoubtedly a pity for a genius to die like this at a young age.

"Why don't you think that I am Li Tian? Actually Li Tian didn't die at all?" He said, slowly retreating all the disguise on his body, and then revealed his true colors. , Looked at the two of them: "I should know now, I am not joking with you, but it is exactly like this."

"This...this..." The big boss widened his eyes and looked at Li Tian in front of him as if he had seen a ghost. He couldn't believe that this kid actually appeared here.

"How is this possible? Wasn't it rumored that Li Tian was already dead? Even several ***** emperors have admitted to this incident. Why did this kid appear here? What happened here? "The

two leaders also opened their eyes wide. They all couldn't believe the fact that they saw in front of them, that Li Tian in front of them turned out to be true?

The three leaders couldn't even speak, and felt very pressured before.

Now I feel that this kind of pressure is not something I can resist at all, and he is about to kneel on the ground at this time.

"You won't be shocked by me to this point, but it's just a person's name. Although I am a strong in the realm of gods, I think the three of you together should have the strength to deal with strong ones in the realm of gods. Or in other words, you can also deal with the abilities of these powerful people, otherwise, why haven't they been cleaned up over the years?" Li Tian has always been curious about why these bandits on Wuma Mountain have not been cleaned up.

Through observation and practice this evening, it can be determined that these people are not very strong at all.

Their strength and combat effectiveness are not the kind of rumors at all. How can they be cleaned up? If it is not for this reason, why can they exist for so long?

"You have to know that not everything can be solved with your fist. Sometimes money can change a lot of things." The big boss snorted and looked at Li Tian in front of him: "The reason why you cheated in Tianqi City To die, you should want to hide your identity, and then go somewhere without knowing it. If you are like this, why should you come here to expose your identity?"

"I said before. I am a very kind person. I can't understand you people bullying these ordinary people. There is nothing wrong with them, but they have been tortured by you all the time. Who do I believe in such a thing? There is no way to accept it. Since there is no way to accept it, I naturally want to change, so I will stand here today." Li Tian hummed and said with a smile: "I know that the three of you don't want peace. I fight, but now there is no way. If you are not willing to fight, I can only kill you directly."

"Even if you are Li Tian of Tianqi City, you are just a powerful master in front of us. You may be able to defeat the three of us today, but the next enemy, you are not an opponent at all."

"Really? I'm very curious. Who can be my opponent on this three-acre land?" Li Tian sneered and shook his head.

"Hehe, do you know who that woman is? She is the eldest lady of the Guo family, a famous family in Tianhu City, whose name is Guo Xiangyi, and this time we want to catch him back because of the young city lord of Tianhu City. , I want to take her back to get married. Young City Lord is already on his way with his team. I don't think I need to tell you what will happen next.

Hearing these words, Li Tian was stunned for a moment, and then thought of the key to something.

Since it is the Young City Lord of Sky Lake City, then the strength will certainly not be very bad, and there will definitely be some masters on such a long distance. If they come here, then everything before is wasted.

"You are running out of time now. You have to rush to solve all the things here before that Young City Lord. At least you must kill your mouth and destroy this place to ensure that no one knows your identity." The ancient god's remnant soul reminded. Now, Li Tian does not have as much time as before. He must destroy all the scene here before the enemy rushes here.

For Li Tian, this is still relatively difficult.

"I will try my best."

Chapter 5783: Let it burn

"Since it is like this, then there is no other way. Although I still want to waste some time with you, it is obviously impossible." Li Tian shrugged and looked at the three people in front of him with regret: " Since Young City Lord troubled you to do such a thing, it should be because Miss Guo did not marry him voluntarily."

"Hehe, there is nothing voluntary or involuntary for this kind of thing, as long as the Young City Lord arrives, everything will be solved."

"It's best to look like this, but obviously I'm unlikely to make your plan successful. Today I will kill all of you, and then rescue Miss Guo, so that the next problem will be solved." As he spoke, he summoned his own Red Sword, a trace of frost gleamed on the sword body, and the crystal clear blood red was also shining inside.

Canglong was also summoned by Li Tian: "There is no need to waste time, just trample this mountain down."

"Yes!" Canglong's loud voice rang, and then rose into the sky, and a cloud of flames sprayed down like this.

In the cottage, the robbers on both sides were still fighting, but at this moment, a huge dragon suddenly appeared above their heads. The dragon shook its tail and spit out a ball of flame.

A robber stood stupidly on the spot, his legs could not move at all as if stuck to the ground, watching the flame fall, and asked: "This...what is this?"

He didn't seem to understand what was going on with the dragon above his head.

However, just before many bandits had recovered, these flames had already hit the ground, instantly burning the entire cottage, and in the periphery of these cottages, the Yasha clan was slowly giving all the bandits to the ground. Clean up, in order to ensure that this action can be absolutely mysterious, they especially controlled everything around them.

That is to say, no matter how strong your strength is today, wanting to leave here is undoubtedly a daydream.

Even the three leaders are a dead end.

In a short moment, the entire cottage entered a sea of red fireworks, and screams could be heard everywhere, and the voices of these people were also exceptionally miserable.

In the courtyard, Li Tian alone, holding a sword in one hand and a few charms in his left hand, easily suppressed the three people in front of him: "Only relying on your strength, I dare to fall here. We have been arrogant for so many years. If you hadn't bribed the surrounding city lord with the sky coins in your hands, you would have been flattened."

"This is the rule. This is the rule in the hearts of many people. I give them money. They naturally choose to protect us at this time. We will not infringe on their interests. On the contrary, we will help them do things. In this way, how could they deal with us?" The big boss resisted Li Tian under

the pressure, with a smile on his face: "Of course, you still have a benevolent guy in your heart. I definitely don't understand. ."

"Hehe, how could I not know this filthy thing? I have seen more things like this than you think, but so far I have not seen anyone who has done such a thing. I don't care who is behind you to support you, but no one can stop me from the enemies I want to kill." Li Tian snorted angrily, and the Hong Zhan in his hand suppressed fiercely. Down.

At this time, Shi E in the hand of the big boss made a sour, crisp sound.

The next second, the sword in his hand collapsed like this.

He knelt on the ground, Hong Zhan slashed fiercely on his shoulder, blood spurted out, and stained the ground red.

"Big brother!" The three heads widened their eyes. They were just fighting for a few rounds. The big head was easily injured like this. Before, I thought this kid was quite ordinary, but now I know that it was rumored in Tianqi City before. The content of is not a joke. The strength of this young man is really terrifying to the point where many people can't imagine: "Damn, you dare to hurt my big brother, I... I fight with you today."

While talking, he took out an iron rod and rushed towards Li Tian with a roar.

"It's just some robbers who have fallen into the grass. Your strength is not bad, but it's just not bad. There is nothing wrong with being a robber for a lifetime, but it is still far from being an opponent of someone like me. "Li Tian sneered, then his eyes widened, and the sword in his hand was swung, and soon a sword aura came out easily.

The three-headed leader rushed over very quickly, but was beaten out faster.

At the moment he flew out, Li Tian directly activated his unique stunt, which can be regarded as his current iconic fighting method. Void leap, and instantly appeared behind the three leaders, and directly cut off this with a sword. The head of the guy.

When the big boss saw this scene, his anger attacked his heart, and a cloud of blood spewed out, clenched his fists and his face was full of anger, but he could not do anything about Li Tian in front of him.

After all, he is a master at the realm of gods, no matter how powerful he is, it is impossible to deal with opponents of this level.

"Don't worry, you are all going to die tonight, and everyone here is going to die." Li Tian sneered, looking at the few people in front of him and said: "It is naturally impossible to reveal my identity. If you do, you have to kill all of you."

The second leader asked: "Do you really want to kill all of us?"

"Otherwise? Waiting for you to survive, tell others about me still living in this world? In this way, everything I have done before will be wasted." Li Tian said, he did it directly and killed it. The leader and the second leader, the strength of the three bandit leader is pretty good, and it is considered very good among ordinary immortals, but it is a pity that I met Li Tian, a genius.

In addition, they were still fighting with each other before, so naturally there is no way to improve their own strength. At this time, they are already exhausted, and naturally they cannot be Li Tian's opponent.

After easily killing these three people, there was already a sea of fire on the top of the mountain, which looked like **** on earth.

Only then did he think that there seemed to be many people in the prison who had not been released.

Chapter 5784: Join

Wuma Mountain!

This robber mountain was like a malignant tumor in the minds of many people before, and the surrounding towns were all harmed by these robbers.

But just today.

Li Tian has cleaned up all the robbers on this mountain, and he can also think of what kind of psychological impact this incident will bring to these people.

Li Tian squinted his eyes. After he came out of the yard, he saw a melee outside. At this time, the Yasha clan had already killed all the robbers in the cottage. With this burning flame, many robbers had been directly burned. Lost.

When Li Tian came to the dungeon, Guo Xiangyi had already woke up.

Seeing Li Tian standing outside, he snorted and his eyes widened: "You...how did you guy get out?"

"You really think I'm just an ordinary person."

"but....."

"But I don't feel any immortal power in me. It looks like an ordinary person, doesn't it?" Li Tian smiled when he saw Guo Xiangyi's disbelieving expression in front of him. : "This is also a normal thing. My body structure is different from yours, so it looks like this, and there is no particularly serious problem."

"take....."

"The robbers in this mountain have been killed by others. I took advantage of this chaos and escaped. How about I let you out now?" Li Tian smiled and looked at Guo Xiangyi in front of him.

"Why should I leave with you?"

"I heard about it before. It seems that the Young City Lord of Tianhu City is preparing to come over. I don't know what will happen when he comes over." Li Tian knew that Guo Xiangyi must be unwilling to be with such a person. If you are married, if you say this, this woman's attitude will definitely turn around one hundred and eighty degrees.

Sure enough, after hearing these two words from Li Tian, the expression on Guo Xiangyi's face changed a lot. He looked at him with disbelief and asked, "Are you telling the truth?"

"Of course I can't talk nonsense to you at this time. I've heard it very clearly before. Although these bandits have been killed, there should be many powerful masters around the Young City Lord. If you wait until he comes here, You might just..."

"Stop talking nonsense, what are you still doing now? Hurry up and let me leave here. In addition, the people in the next few cells also helped me release them all. They are all my bodyguards." Guo Xiangyi's eyes widened. Reluctantly said that this time their caravan came out with a lot of bodyguards, but the two-leader's methods are very sinister.

When they were on the road, they were poisoned without knowing what to do, and the power in their bodies could not be exerted. Naturally, there was no way to fight these robbers, and they were caught in such a place.

Now that Li Tian is willing to let herself go, she of course feels very happy.

"Although I can let you leave here, I have always been worried that if you leave here will you retaliate against me or something. You must know that my attitude towards you was not very good before, you may..."

"Don't think about it, the identity of this lady is not as simple as ordinary people like you think. If you have to retaliate even for such a small thing, this lady will be exhausted." Guo Xiangyi saw Li Tian. His expression knew what he was thinking about in his head, and he sneered and said, "Let me go, don't you want to go to Tianhu City? This time we will take you there."

"Your words count."

"I am Guo Xiangyi, the eldest of the Guo family. You should believe this."

"That famous family in Tianhu City?"

"It seems that you guy is not an idiot. He even knows this kind of thing. The famous family is not counted. But our family does have some ability in Tianhu City. If you can leave with us, you will definitely not suffer." Guo Xiangyi vowed to say: "Well, you don't need to keep talking nonsense. If the idiot really rushes over, none of us can leave here."

At this time, Li Tian had already changed his face to what he looked like when Guo Xiangyi with a sharp knife. He looked like a young man. He nodded and took out the key he found on the guard from his body and opened the dungeons.

After a nearby dungeon door opened, he released the people inside. A man who looked like an old man in his sixties glanced at Li Tian and squinted his eyes: "Disguise?"

'Oops, I met a master. Seeing this old man's serious expression, Li Tian laughed awkwardly.

"Young man, why do you use Disguise?"

"This one....."

"Old man, what are you talking about?"

"This kid didn't use his true face to meet us, but used Yi Rong Shu. If you are not strong enough, naturally you can't find this. But the old man's strength is different. You can easily see that this kid

now uses Yi Rong Shu. Yes. Since there is no reason to lose, why use disguise to hide his identity?" He squinted at Li Tian in front of him, with some hostility in his tone.

This is also a normal thing, after all, no one wants to treat such a thing as it has not happened.

Li Tian's situation would be bad if it was a bad guy.

"Senior is so powerful, isn't he still caught by these idiot robbers?"

The expression on the old man's face flashed with embarrassment. Li Tian, this guy really doesn't open the pot or lift the pot. He originally hated others to talk about it. He has never encountered such a thing since he became famous. It's shameful, a powerhouse of this level was actually ambushed by these idiot robbers, and fell into the wrong hands. If this is known to others, wouldn't it be laughable?

Seeing Li Tian saying this, his face was gloomy at the moment: "If you don't want to tell your true identity today, don't blame me for being rude to you."

"It doesn't matter. It doesn't matter if you are willing to be ungrateful, but I definitely cannot tell you what I am. I can only say that if I have any bad thoughts about you, you are dead now, how can you stand? Are you talking so much with me here?" Li Tian sneered, and said, "It's not that I unlocked your immortal locks. You can come out? Can you talk to me like this?"

Hearing his words, Cang Lao narrowed his eyes, looked at Li Tian, and fell silent.

Chapter 5785: save

With a smile on the corner of Li Tian's mouth, he looked at the old man in front of him.

This person doesn't seem to know how to answer Li Tian at this time.

"What's the matter with you kid, you want to follow us, why..."

"Everyone has some reasons that I can't control. I don't want to tell you who you are. Naturally, I also have my own ideas. If I can, I will not hide my identity. Who wouldn't want to be honest with each other?" Li Tian The corners of his mouth rose slightly, looking at Guo Xiangyi in front of him and the old man in front of him, and said, "If I were really embarrassing to you, of course you wouldn't be released by me so easily."

"I know this may be a bit abrupt, but this is also something that can't be helped. After all, our identities are not ordinary. If you have any other conspiracy in your heart, such a problem will be very dangerous." The old man looked in front of him. Li Tian of Li Tian resignedly shrugged his shoulders and said: "In this case, if we choose to trust you, but what you do at this time is bad for us, the problem will be very serious. Up."

In the dungeon, several powerful masters are all carefully looking at Li Tian in front of him.

The expressions on their faces are also very normal. Looking at Li Tian in front of him, they are all curious. They always feel that the young man in front of him seems to be familiar with something.

"In short, things are like this. If you don't want to, I won't do anything. If you separate like this, I don't care!" Li Tian shrugged, although he wanted to use them to hide his own Identity, but now it seems that it is difficult to achieve, but this is also irrelevant, the world is so big, what can't be done?

If he wanted to conceal his identity, he could completely hide his identity in this way, and ensure that absolutely no one could discover the existence of Li Tian.

It is not so easy to know his true identity.

As time passed slowly, Guo Xiangyi asked, "Old man, or let this guy leave with us. If he stays here, if this kid will say something about our ungrateful things later, our Guo family But I can't bear such an insult."

"Well, if that's the case, let you go with us, but if you let me know that you have other thoughts about us, don't blame us for being rude." The old man nodded, although not Yes, but since things have become what they are now, naturally there is no way to change anything, and Li Tian's indeed saved them.

In any case, the young man in front of him is their savior, and spreading ungratefulness like this is not very good for the reputation of their Guo family.

"Actually, I have nothing to do with me. Anyway, I am very confident in my own abilities. Even without you, I will easily enter Tianhu City. If you really don't want to believe me, it's easy to separate like this. Loose." Li Tian said with a slight smile, looking at the two in front of him with a faint smile on his lips.

Although this sentence may sound innocent, both Cang Lao and Guo Xiangyi are a little uncomfortable. ,

I always feel that there is something else in Li Tian's words.

At this moment, I couldn't help but snorted: "You kid talking like this is nothing more than to make us feel embarrassed in our hearts, but just want us to take you to Tianhu City. If this is the case, follow us. There is no problem in the past together, but I think there may be some powerful opponents in the process. Are you sure you have no problems?"

"Naturally, there is no problem. If I really encounter some powerful opponents, I can easily deal with it, but it is only the young city lord of Tianhu City. Although he has some powerful masters around him, he will treat me It is not invincible, if I really meet them, I will let them know how good I am." Li Tian said confidently.

The young city lord of Tianhu City, there are definitely not one or two masters around him, and the battle is really not so easy.

"Well, since you kid is so confident in yourself, then follow us, but if you encounter any danger, I hope you can fulfill your own promise." The old patted Li Tian "I'm very grateful to you for helping us this time, but it doesn't mean that I will completely trust you because of this time. I'm in my identity, I'm sure it's impossible to trust others."

"Well, there is no point in talking so much nonsense now. We have to hurry and leave here. It will not be so easy when the people from Tianhu City come here and you want to leave, although these bandits and them There have been collaborations before, but I believe that they will definitely deal with the robber's cottage this time."

Looking at the two people in front of him, Li Tian said with squinting eyes.

Although the bandits captured these noble nobles this time, and they also cooperated with the Young City Lord of Sky Lake City, but in this way, the Young City Lord of Sky Lake City would definitely come to them directly.

After all, after knowing these secret things, if these robbers were still alive in this world, they would not know when they would expose all these things they did today.

In this way, the city lord or the young city lord of Tianhu City will have no way to explain to the Guo family. If this is the case, they can only choose to kill all the people who show off in this robber's cottage, so they can. Protect this secret.

After Li Tian finished speaking, he turned and left.

The old man walked up to Guo Xiangyi: "Miss, can we really trust this guy? What if this kid..."

"What can we do now?" Guo Xiangyi shrugged helplessly, looking at the old man in front of him, and said: "Things have become the way they are now, and we can only believe that this guy is not joking with us. Now, what else are you going to do?"

"That's true. Asking him to run to Tianhu City to talk nonsense is not a good thing for us, it is always a troublesome thing."

"So, I can only follow this guy." Guo Xiangyi said with a wry smile.

Chapter 5786: Purgatory on earth

The sky gradually lit up.

The robber cottage still has a continuous fire. At this time, many small towns around all felt the strong flames on the mountain. There were even a lot of people who were brave enough to come here to see for themselves what happened. Up.

When they saw the robber cottage that looked like a purgatory on earth, they all froze in place.

Of course, here, you can still see many townspeople from Soochow Town. They are all looking at the burning cottage in front of them, but they are surprised: "The businessman actually did it before. All the robber cottages on Wuma Mountain have been leveled off. From this look, you can be sure that there must have been a fierce battle last night."

"I really don't know what's going on. The fighting between the two sides has become so fierce." A town resident said with his eyes narrowed at this time.

At this moment, a mighty voice came from behind them: "Hurry up and get out of the way, what are you untouchables still doing here?"

After this person said this, many people squinted their eyes and turned around. Behind them, a large-scale team appeared, which looked like a guard of powerful characters, led by them. It is a young man, and beside this young man are all very powerful masters. These masters are standing here at this time, all expressions on their faces are indifferent. ,

Seeing these people, these townspeople knew that these two people were definitely not so easy to deal with.

After the townspeople gave way, the young man looked at the burning cottage and said: "Damn it, who can tell me what's going on?"

"Looking at the way it is now, yesterday I was able to go to a fierce battle, which has become what it is now." A middle-aged man beside the young man asked, "Master, what shall we do now"

"There is such a battle here, will they..."

"It's very unlikely. Maybe they came out of the dungeon and caused this situation. I can't think of anyone around here who would make things like this. The surrounding main cities are all unwilling to kill these bandits. "Yes." The middle-aged man looked at the nervous young man, smiled helplessly, and said: "So I can say with certainty that these things must have something to do with those in the Guo family."

"Is it really like this? Why does it seem impossible for me to be like this? Although the Guo family is also very good, it seems that it is not at this level."

"This time there are a lot of masters in the Guo family. If it weren't for the traps they designed before to let them relax their vigilance, otherwise they would not be caught here. This time, although they were trapped and controlled by the immortal lock, But if they want to change this situation, it's easy." The middle-aged man said helplessly: "I think they should have left here last night, and they should have passed on the other side now."

"Get ready to catch them, take someone to chase them right away." The young man glared and snorted: "Should you also let them know? Our Yi family, it's not so easy to get thrown away."

At this time, Li Tian and Guo Xiangyi's group of people had already left this place far away.

They came from the other side before, so they left no trace at all, and left easily.

At this time, I didn't know that there were many powerful masters behind his ass.

Li Tian looked like a guest in the team, sitting in the carriage in the back few distinguished guests. Li Tian squinted his eyes and looked at the old man in front of him, and said, "Looking at your appearance, it should be a high-ranking member of the Guo family. A heavy master."

"What do you want to do with me?"

"I just want to see how powerful this team is. If we really meet a powerful player, we must be more careful this time." Li Tian squinted his eyes, looking at the old man in front of him, and said helplessly. : "If your strength is really strong, maybe we can deal with it easily if we meet some powerful master this time."

"I don't need you to care about my strength, but when I hear you like this, do you think you are better than me now?" Looking at Li Tian, who was a little triumphant in front of him, he was old. But there are some who are not happy. Although this kid looks good, but I don't know why I always think this kid is too arrogant.

In Li Tian's body, he saw a lot of things.

This kid seems to treat all the enemies in front of him as a small character that he can deal with easily. Does he know what kind of strength he is?

"Although I still don't know how your strength is, it's only half a catty compared to me. If you give me time, I can easily surpass you. If you are like this, why should I become So nervous?" Li Tian asked with a smile, looking at the old man in front of him.

"Hehe, this is the first time I have seen a young man like you. Whenever I see this expression on your face, I really want to use my fist to let you know how great you are, in this world. There are a lot of masters, how could it be possible for a young man like you to grow up easily?" Looking at the arrogant Li Tian in front of him, the old man didn't know what to say.

This kid is really getting more and more arrogant now, he was very reserved when he saw himself before, but now he looks even more distinctive.

Li Tian squinted his eyes and suddenly said, "But I seem to have encountered something unusual. Something seems to be following us behind. Now we are going to start facing them?"

"How could it be possible to catch up so quickly?" The old man was also taken aback for a while, completely unable to believe it.

"Hehe, they can come to Wuma Mountain so quickly from Tianhu City, why can't they find us so quickly?" Li Tian stood up looking at the surprised face in front of him, "Or, they were before. It seems that this kind of result has been guessed. Send someone to stop us on this road?"

"This is not impossible." After the old man thought for a while, it seemed that something like this might happen too. Is it really possible that he was lying in ambush here a long time ago?

Chapter 5787: Foreshadowing

Li Tian stood up, and then cautiously got out of the carriage.

There were only three people in front of them. One was dressed in white clothes with white hair. He looked like an old man, but his face looked like a young man.

The other one looked like a child who was only seven or eight years old. His eyes were loud and watery. He looked at the two people in front of him with a smile on his face.

Looking at the two people in front of him, the expression on Li Tian's face solidified.

Although these two men looked weird, they gave people a lot of pressure and didn't know how to deal with such an opponent.

On the other side, an old man in a white robe looked directly at an old man coming out of the carriage and said: "We have been waiting here for a long time, and the young master knew that you would go down this road a long time ago. "

"It seems that you have made this preparation before." Looking at the three people in front of him, the old man said to Li Tian beside him: "These three people seem to be ordinary, but their strength is not simple. If it is really dealt with, I am afraid it will be much more difficult than we thought."

"It's indeed like this, but even if it's like this, what do you care about me?"

"Are you still prepared to stay out of the incident at this time? If something like this happens, you must stand up and help. Are you still prepared to treat this incident as if it had never happened before, like a okay person?" Li Tian, the old man said with a helpless look: "Although our team has a lot of strength masters, it is not so easy to deal with the three people in front of us."

"Damn Yi Zhongrong, this guy knew we would leave this way. In order to avoid letting us miss them, he ambushed a pair of enemies here a long time ago, just waiting for us to pass." Looking at the enemies in front of him, Guo Xiangyi said helplessly, and said angrily: "What should I do now, these guys are not so easy to deal with."

"Naturally, I know it is like this." Li Tian smiled helplessly and looked at Guo Xiangyi in front of him: "But this matter is also your business, and it has nothing to do with me. After all, I am just yours. It's just a companion. In this case, you must be embarrassed to ask me to go all out at this time and help you solve this problem."

"What's the matter with you guy, you have become what it is now, you are waiting for yourself to stay out of the matter, don't you think these guys won't take action against you if you don't interfere with this matter?"

"I don't know this anymore. It's just that these three people in front of you are all great masters. It takes some effort to deal with one of them. I have helped you before, but you not only didn't thank me, but you even thought that I was its an enemy, since I'm like this, I don't want to make a move this time. You can handle this by yourself. Anyway, even if I make the move, you won't be grateful." Li Tian whispered, and walked to the back. , Leaning on the carriage and closed his eyes.

Seeing that this guy gave up fighting like this and didn't take them seriously, Guo Xiangyi almost vomited blood.

"Miss, what should we do now? Since this kid is unwilling to help, we must solve this matter by ourselves. What should we do next?" Looking at Guo Xiangyi, who looked worried in front of him, the same old man was the same. Very worried, these three people are real masters, and they are also among the best in the Yi family. Otherwise, Yi Zhongrong will not be arranged here to wait for them.

Otherwise, this guy Yi Zhongrong is really difficult to deal with. This guy knew what was going on a long time ago, and knew that they would definitely come here, so I arranged these masters here early. Ambush here, as long as they wait until they come here, they must be stopped by these three masters, even if there is no way to defeat them, just delay a little time.

As long as this time is delayed, they can follow from behind. ,

When the time comes, it will not be so easy for them to leave.

"Damn, I thought we could successfully return to Tianhu City this time, but I didn't expect them to do so many tricks on these things. Now there is nothing more to say. I can only fight with these guys. It doesn't matter, let them know how good we are." Guo Xiangyi knew that this time was the only chance he could take his own destiny in his hands.

If it really fails this time, then the rest of his life may be a puppet in the hands of others, and at that time, he will definitely regret not gambling today.

Although I don't know what the identity of the young man around me is, there is always a feeling that this young man can also bring them some help. ,

Therefore, I have always been looking forward to it before. Li Tian can stand up at this critical time and stand by them to help them fight. Who knows this critical time, Li Tian actually left like an okay person. This made Guo Xiangyi very embarrassed. All his previous ideas have now been lost. This kid is unwilling to cooperate, and there is nothing to do.

"Hehe, Miss Guo, why should you continue to resist like this? You also know how powerful the three of us are, and you, in the dungeon during this period, must have suffered, your body may not have recovered yet. Coupled with the fatigue of the boat and cars this night, do you still think you

can fight us with all your strength now? This is too funny, right?" At this time, the old man looked helplessly at Guo Xiangyi in front of him and said: "It's better to give up resistance like this. We are also very easy to talk. As long as you follow us and leave honestly, I promise you won't hurt anyone here."

"Bali Tuye, I advise you to stop talking nonsense here. You and I were just half a catty before. Do you think you can defeat us today?" Seeing the old man in front of him, the old man also took a step forward. , Said with a sneer: "Don't let us continue the competition today to see who is the ultimate winner?"

"Haha, with you?" Baili Tuye asked with a smile looking at the old man in front of him.

Chapter 5788: Glue

"It's me, how? Is it because you have become like this now, don't you have any confidence in yourself?" The old man looked at Baili Tuye in front of him and snorted: "You could still fight with me before. Tie, but now you can give it a try. No matter how powerful you are, you will still be my defeated opponent when facing me."

"Old man, your previous strength was indeed very powerful, but unfortunately, the state of your Guo family has been getting worse and worse in recent years. Look at what you are like now, there is no resources for you. This old guy, your talent itself is not very good. With your current strength, you still hope to defeat me? But it's just a matter of fact."

"Even if it's on paper, I will never let you touch our eldest lady today."

When talking, Cang Lao took the initiative to rush up to fight with Baili Tuye in front of him. The strength of the two men is really the same. From the beginning of the battle, you can see the gap between the two of them. They weren't as huge as they thought, and this battle looked much more complicated than they thought.

Cang Lao wanted to end this battle quickly.

But the moment this battle started, he knew that he wanted to end this battle. I'm afraid it would not be so easy. The Baili Tuye in front of him didn't know how to do it. The strength turned out to be so powerful in just a few days, and it could be suppressed before, but now it is evenly matched.

And if this continues, the old man can be sure that his endurance is definitely not as good as that of the thyme leaf in front of him, and it may be exhausted before long. If this happens, let alone end early. This time fighting, even if it persists, it is very difficult.

'Damn, I thought this battle could end easily, but I didn't expect things to turn out to be what it is now. This old guy's current strength has improved to a higher level. I want to end this battle quickly. I'm afraid it's not that easy anymore, just hope I can defeat this guy, otherwise the eldest lady is really doomed this time. '

"I know what's in your head. You must be surprised why my current strength has become like this. Although you were not very strong before, but if you really fight with me If you do, you can still show up a little confidence, but now you yourself are unlikely to be sure that you can defeat me in a very short time?"

"I don't care how your body changes. I'm already determined to fight with you to the end in today's battle. I want to see how great your guy's skills are, and I dare to fight with me. Such arrogance in front of you."

The battle between the old man and Baili Tuye was inseparable. On the other side, several experts in the caravan also fought with the man in white.

Although the man in white seldom speaks, it does not mean that his own strength is very poor.

These three people can be said to be the strong among the strong, and they can be regarded as some small famous masters in the God Realm, otherwise they would not become the Guo family and the Yi family.

Therefore, after these people fought together, the battle became more anxious in an instant.

The strength of the two sides looks almost the same.

But in fact, there is still a strong player. For example, this master who looks like a child is looking straight at Guo Xiangyi in front of him, as if he is looking at a prey.

But don't think that this kid-like guy is a weak person. You can tell by just this look. This is definitely not weaker than anyone here.

"Miss Guo, I don't think there is any need for us to continue fighting, Dad?" He looked at Guo Xiangyi in front of him, and then asked seriously: "If you want to fight with me, you'd better hurry up and practice. For a while, it's just that you are at your current level and you are not my opponent at all."

"Hmph, don't care if I am your opponent, today I definitely can't just grab it like this, even if you will eventually be captured by you, I will do my best today to let you guys know how good I am.

"Looking at the guy in front of him, Guo Xiangyi said seriously: "I want to see now, what are you going to do?"

"Hehe, since I look like this, then I can only say that I am sorry. You probably thought I was a pitiful guy, but I think you should be wrong. Maybe others will be more careful about this. But it's definitely impossible for me to be more careful about this. Maybe no one told you before, my fellow, my favorite thing is to deal with women. Looking at the hideous and fearful expression on the woman's face, I feel I am very satisfied." This child-like master, looking at Guo Xiangyi in front of him at this time, unexpectedly showed a terrible smile.

Li Tian originally closed his eyes, but at this time he slowly opened his eyes: "This idiot woman is pretty good, but it is still very difficult to deal with the kid in front of me, but I want to see her. How long can I hold on? If I can't hold on anymore, it doesn't matter if I make another move. '

"After all, you still don't want to just assume that nothing has happened."

"Since this kind of thing has happened in front of me, if nothing happens, I can't justify it. I am a man. I can't just watch such a beautiful woman killed in front of me, right?" Li Tian He said helplessly, the voice of the remnant soul of the ancient **** did not make him dissatisfied, but he became more interested. He wanted to see how powerful the enemy in front of him was.

"Huh, look at the move." Guo Xiangyi said, summoning a red silk, and then frantically attacked.

The little man also raised his mouth slightly, revealing a grinning smile: "I like it. I really want to see what the skills of a woman like you are. Let me see your strength."

When the two people spoke, they had already successfully fought together.

In an instant, the entire road was filled with traces of fighting, and it became fierce.

Chapter 5789: I just want to manage

"Although the strength of this woman is not bad, it is still too far away. If you really fight with the kid in front of you, there is basically no chance of winning." Looking at the two people fighting in front of him, the voice of the remnant soul of the ancient **** Slowly it rang in Li Tian's mind.

"It really looks like this." Li Tian said helplessly: "But I think this woman can hold on for a while."

Just as Li Tian and the remnant soul of the ancient **** imagined, Guo Xiangyi's strength is pretty good, and he is also considered a leader among young people. He entered the realm of spiritual cultivation at a young age. If you give him a little more time, he may be able to make himself better, it's a pity that I didn't get into the selection of the Ten Cities Competition this time, otherwise Li Tian would have known this woman earlier.

But even in this way, it is still much inferior to the child in front of him.

This kid puts a lot of pressure on them.

Although on the surface it seems that the two men are equally matched, in fact they are not like this at all. The fighting between the two men is like one is fighting a bull and the other is a bull.

And now, Guo Xiangyi must be the rumored cow.

It must be easy for the child in front of him to deal with Guo Xiangyi in front of him, but he is not ready to end the battle quickly, and he does not know whether to delay the time or simply want to see Guo Xiangyi in front of him with a hideous and scared expression. It's the same, so I haven't fought seriously, just like joking, and easily dealt with the two people in front of him.

At this moment, Baili Tuye in the distance suddenly said: "Don't mess around, hurry up and grab this woman for me, come and help."

It turned out that after knowing that these three people are very difficult to deal with, the old man is basically full of firepower, showing all his strength without any reservations, and wishing to kill all the enemies here alone, this Being old in this state is definitely quite terrifying.

In this way, Baili Tuye's pressure will be very great, and he feels that if he continues to do this, he may waste more time.

And it is very likely that I will really lose to the guy in front of me.

"Hehe, you guy has also become such a weak person. It has become stronger due to external factors. Now he is still not my opponent. It is really shameless to even think of others to help."

"What's so shameless about this? Everyone here just wants to make the final battle and complete their goals. Who can say that it is shameless?" Looking at the old man in front of him, Baili Tuye said with a sneer: "As long as I can defeat you, then we will be completely victorious. Since it is like this, I don't have to worry about my face or anything."

At this moment, Li Tian also slowly stood up and moved his neck: "It looks similar, it's time to fight these guys in front of you."

"Hey, you idiot..." Guo Xiangyi yelled. She seemed to see Li Tian standing up, so she thought this guy was about to make a move.

But the child sneered and asked: "Miss Guo, you still have the mind to talk to others when you are fighting with me. You don't take me seriously. If you look like this, I can I'm going to teach you a lesson and let you know that you must be serious in the battle. Only in this way can you be regarded as respecting your opponent."

When he spoke, he really went all out and directly shot Guo Xiangyi in front of him.

The nails on his hands were a lot longer at this time, just like a sharp sword, it seems that just touching your skin can break your skin.

However, Li Tian narrowed his eyes at this moment, flashed for an instant, and easily reached Guo Xiangyi's front, and then grabbed the child's arm with his right hand: "You fellow, you are too anxious, right? , Do you have the heart to do this when you meet such a girl?"

"what are you.":

"I am a human being, not what you said. In my opinion, I really want to know what you are." Li Tian snorted, looked at the child in front of him, and said: "And looking at you like this, Looks like an adult, how can you say that to me? Don't you know that as a person, you must be respectful to others, right?"

"Respect? Only those who are better than me deserve to be respected. What qualifications do you have for me to respect?" He said, a flame appeared in his hand, and he slammed directly at Li Tian.

However, Li Tian sneered at this moment, a barrier condensed on his chest, easily blocked it, and then blocked Guo Xiangyi behind him: "This kind of opponent is no longer at your level. ."

"Hmph, 2 I knew you must be a great master, this guy must be handed over to you, there must be no problem?"

"Who knows, you also know that I am a second-handed player, and you may not be able to win against such a master. If you lose like this, then you will have to trouble you not to blame me." Li Tian He said helplessly, and then squinted at the child in front of him. The two of them had already moved apart at this time: "Well, there are only two of us left, and the fight can become very easy."

"Idiot, if you don't want to die, hurry up and disappear from me now. I can assume that nothing has happened. If you are going to continue like this, I will let you know how good I am." Looking at Li Tian in front of him, he wanted to know how strong this guy was, but he found helplessly that Li Tian in front of him couldn't see anything at all.

Li Tian was like an abyss, and he couldn't tell what was going on with this guy.

I feel like an ordinary person in front of me.

But it's impossible to look at it. How could such a guy be an ordinary person?

"Hehe, you can try to see if you can kill me. Many people will talk to me like this before, but they all failed in the end. I don't know if you can succeed this time." Li Tian smiled. Then he narrowed his eyes.

Chapter 5790: Hidden master

"Boy, if you want to survive, it is too late to hurry and disappear from my front. Although my temper is not very good, I can't kill anyone who is caught." For his own Li Tian, the child squinted his eyes and said, "The smart thing about smart people is that they know when to do something."

"According to your statement, if I were a smart person, I should have disappeared from you honestly at this time, as if nothing happened, is it like this?" Looking at the guy in front of me Li Tian slowly raised the corner of his mouth, and asked with a smile: "But today I can't let you hurt these people here."

"What can be changed by you alone? Or you really don't naively think that you alone will be my opponent?" The child looked at Li Tian in front of him. He had already decided many times before. , The guy in front of him is an ordinary person with no immortal power. The existence in this team is estimated to be a very simple subordinate.

Naturally, such an undergraduate can't have any great level.

It only takes a little bit of time for him to get rid of the boy in front of him.

Guo Xiangyi sneered in his heart. He had always doubted Li Tian's strength before. The real strength of this kid is completely different from what he showed. Many people may think this when they saw Li Tian for the first time. He is a young man who can be killed easily, but after they really fight, they will understand that this young man is much more difficult to deal with than they thought.

Before Li Tian said about beauty tricks, she didn't take it seriously.

These robbers on Wuma Mountain have existed for so long, and the network behind them can be said to be very complicated. It is not as simple to clean them up as they imagined. Even if there are conflicts between the leaders. Wouldn't give them the slightest chance, could it be possible to change this situation with a Li Tian?

At that time, Guo Xiangyi would definitely not believe it if he was killed.

But now she feels that this may really be a task that can be accomplished. Although I don't know why things do not need to be done by myself later, it is safe to say that the destruction of the cottage in Wuma Mountain must be the same Li Tian has an inseparable relationship, and this young man must have played a very important role in it.

"Don't think about it at this time. The next battle is very complicated and dangerous. We must kill the enemies in front of us in a very short period of time. If the young city lord of Tianhu City catches up, we will even want to If I want to leave, I'm afraid it won't give us that chance." Seeing Guo Xiangyi who was standing not far behind him was still looking at this side, Li Tian shrugged helplessly.

Now that the situation has reached this point, it is natural to hurry up and find a way to change this situation.

They must kill the enemies in front of them in a very short time. Although it is said that Yi Zhongrong sent three people this time, if they are only one-on-one, Li Tian will not take it seriously, but if they really fight, There are also some quite difficult characters, at least if they are not willing to defeat them so easily, then even Li Tian cannot defeat them quickly.

"It seems that you are determined to do the right thing with us today, even if you bet your own life?" He looked at Li Tian in front of him and snorted.

"How do you know that I am destined to die when I fight you? Maybe when facing you, I can easily kill you. How do you know that my strength is below you?"

"Maybe you can deceive others, but if you want to deceive me, it's not that simple. Do you think I can't tell? You guy is just an ordinary person, and now I'm talking so much with me here but just thinking Want to procrastinate?" Looking at Li Tian in front of him with a smile, he felt like a strong man above him, and Li Tian in front of him should be a small character who abused and killed at will.

Seeing this guy's serious expression, Li Tian sneered in his heart.

It seems that the rupture of your meridians is not a bad thing. At least let your current strength become unpredictable. At the beginning of the battle, your opponents cannot find your true ability. This is a very The important thing, in this way, you can easily defeat the opponent, after all, the opponent does not know your details, but you will know a little more.

"Well, there is no need to waste time with me here. After talking with you for so long, it's almost time to kill you little guy. If you are not ready to let go, I will go all out next."

"It seems that neither of us is going to give in today. Since it is like this, let me see what you are capable of. If you really have the ability to kill me, you can try it, but I think It seems that you are unlikely to have this ability." Looking at the kid in front of him, although Li Tian didn't know the name of this guy, he also knew that the next battle might be a lot more difficult.

After all, he has concealed his identity here. These are all members of a large family. If he knows that he is the rumored Li Tian, he might do something else.

Therefore, in this battle, he must not be able to fight according to his previous fighting method. It is not so easy to find a way to make himself look more like another person. There is no red cut, no red The Wing God outfit, Li Tian in this state is almost incomplete, and it is not as simple as imagined to want a quick fight.

'Although it seems to be very challenging, but now I am really not happy at all. Facing such an opponent, I still have to retain my strength. In this state, I still have to defeat the opponent very quickly. This is simply... ...'

He thought helplessly in his heart, and then slowly summoned a fairy sword: "It just so happens that I don't have any patience now. Let me start like this. Let me see what the strength of you so-called masters is. What's the extent of this?" He said, as if a unique pick was released from his body.
