

## A Killer 5791

Chapter 5791: ridiculous

Li Tian moved his wrist, and then slowly distanced himself from the child in front of him.

Although he was full of confidence when speaking before, he became a lot more careful when he was really going to fight. He was worried that the kid in front of him would have more complicated methods than he thought. In this way, this time Fighting is really not that simple.

"Huh, don't you even want to summon your own magic weapon? Or do you have no magic weapon at all?" Yu Ziqi is also very nervous at this time. His cultivation method is special, and he can easily see a person. At what level of cultivation level was, Li Tian in front of him seemed to be completely beyond his imagination, he couldn't guess at all.

This kid was like a mist covering his body, making them invisible at all.

'What's going on? I felt it before, and it was very accurate. The kid in front of me was an ordinary person. How could he suddenly seem to have changed to another person in a blink of an eye. There is such an aura? It's incredible. Now, such a thing shouldn't happen in this world. Looking at Li Tian in front of him, his heart was full of questions at this time, and he had no idea what happened in the process.

"You are very puzzled. You thought you knew me very well before, but when you really fought, you found that there was a big difference between what I imagined and what you imagined. The huge changes before and after have also made you a headache. Right? I happen to be like this too." Li Tian smiled, then held the sword in one hand, and the sword energy was released in this way.

The rays of these sword auras are all completely different, and of course their power must be completely different from each other.

Sword Qi rushed towards their faces like waves, and the strong wind roared like a squally wind on the sea. It reached them in the blink of an eye, and even began to feel pain in their cheeks.

Squinting at Yu Ziqi in front of him, Li Tian was waiting, waiting for this guy to make some reaction, so that he could easily grasp his means.

Yu Ziqi snorted, "It's just a few tricks. Don't you think you can defeat me by such means? It's simply too naive."

Sword Qi flashed past him one after another, and then hit the ground.

These three or four people hugged the sturdy tree, and it collapsed at this instant. In the blink of an eye, there were a lot of explosions on the path, and at the same time, there were bursts of scorching waves of air.

"The strength of this kid is really extraordinary. Although my sword aura is not very strong, it is not so easy to deal with anyway, but this guy has broken my sword aura with such ease, and it really makes me wonder What should I do?" Li Tian thought secretly in his heart, but he didn't expect that it would be like this, so he was broken up so easily.

"These sword auras seem to be very powerful, but I only need to change easily to avoid it. The reason you did this is just to let me expose my flaws when I dodge. Once you come, you can easily defeat me. Don't think that I don't know what is thinking in your head. You don't want to delay

time, right?" Yu Ziqi had already seen Li Tian's thoughts. , The battle between two masters, whoever messes up the battle first, will definitely lose.

The person who is in a mess will easily expose his weakness, and this weakness is likely to make them an unavoidable problem.

In this way, losing the first opportunity in the battle is equivalent to losing everything. Failure is only a matter of minutes.

It is precisely because they know this very well that both of them hope to use some subtle means to let their opponents first expose their weaknesses.

"We shouldn't be considered weak to each other. Although I don't know who you are and how you did it, I can feel the sword qi just now. You should have reached the realm of gods?" Yu Ziqi looked at Li Tian and asked.

Guo Xiangyi squinted his eyes and didn't know what was going on. He asked loudly, "How is this possible? How could this guy be a master in the realm of gods?"

"Miss, haven't I already told you? The next battle is not that simple, why are you still watching here, hurry up and find a good place to hide more, do you need me to tell you this kind of thing? Say it?" Li Tian looked at Guo Xiangyi in front of him, also with a helpless look. He didn't know why this woman was still here so persistent.

"I'm not very worried, just in case you guy."

"Since you have decided to ask me to help with this matter, you must have a certain degree of trust in me. If you don't think I can help you, why bother to continue to talk with me here?" Look at this With a serious look on the woman's face, Li Tian snorted helplessly, and squinted at Yu Ziqi in the distance: "You are right, I have indeed reached the realm of gods."

"Hehe, I know it is like this, this level of immortal power fluctuations, after thinking about it, only those strong people at the \*\*\*\*\* level can have such energy, but I am very curious about how you did it. , You can hide your strength all the time, even I didn't expect your strength to be at this level." Yu Ziqi asked curiously. At this time, he is not in a hurry to fight.

He was just a master in the realm of gods, and it was definitely impossible to end this battle quickly at this time.

Since Li Tian in front of him is likely to be an opponent of his own grade, then naturally he must find a way to delay the fight this time. After all, their purpose this time is to delay the enemy here and wait for their own. The reinforcements came here, and when Yi Zhongrong and the others came over there, things became simple and clear.

Therefore, he did not rush to do it at this time, but started to delay time naturally.

"Before you wanted to end the battle quickly, but now you want to delay the time, because after knowing who I am, you have become more careful. Are you not going to continue fighting like this?" Watching the guy in front of you even delay Time, Li Tian laughed, this was obviously worried about his own ability.

Chapter 5792: Fierce battle

"Hey, you guys don't waste any more time. You have to know that there are other enemies behind our ass. If this time..."

"Miss, all you have to do now is to hurry up and leave here, and leave the rest to me. There is no problem." Li Tian shrugged helplessly, then looked at Yu Ziqi: "Even if you have a problem with your stomach now, it doesn't make much sense. It's impossible for me to talk to you, or I will kill me, or I will kill me, otherwise you don't want to stop me today."

When speaking, he took the initiative to rush over, and then fought with Yu Ziqi in front of him.

The strength of the two people can be regarded as the initial stage of the realm of gods, basically there is no particularly huge gap, so at the beginning of the battle they become back and forth, it looks like it is very fierce, but in fact it is just It's just delaying time.

As I said before, this guy Yu Ziqi is a smart person. He knows that it is certainly not easy to kill Li Tian in front of him, and it may even take a lot of effort in it, but he is sure now Without this time and energy, spending so much effort to kill Li Tian in front of him is obviously a loss-making business.

Since there are reinforcements behind, what we have to do at this time is to delay Li Tian in front of us.

"I really didn't expect that there is such a powerful master in your team. This kid should look like a real young man. Wouldn't it be easier to bring such a young man?" Baili Tuye looked at it. Looking at the old man in front of him, he glanced at the two people who were still fighting below and asked with a smile.

"Naturally, you don't need to tell me about this kind of thing. It's just that this kid originally met us on the road. I don't know that he is still a hidden master." The old man also slowly slowed down at this time. Because of their own speed, these two elders of them can be regarded as a truly difficult battle. If it is really to distinguish the victory or defeat, it will naturally not be that simple.

At this moment, he looked at the two people fighting below, with all doubts in his eyes.

'It's no wonder this kid dared to talk to me so arrogantly before. It turns out that this kid had reached the realm of gods a long time ago, so he was so confident, that's why. "At this time, the old man can be considered as knowing why Li Tian would talk to me like that before. It turns out that this kid's strength has been improved to this level. No wonder it is like this.

"They are looking at us now, maybe they didn't expect my strength to reach this level." Li Tian also felt the gazes of these two men, and said with a smile while fighting against Yu Ziqi in front of him.

"If it weren't for those powerful geniuses who are all in Tianqi City at this time, I really want to doubt what your identity is like, you have such a terrifying strength." Yu Ziqi said with a sneer, in everyone. Without noticing, a flare was launched slowly and suddenly.

The moment this flare was launched, Li Tian's face sank: "You are forcing me."

"Forcing you?" Yu Ziqi smiled and shook his head: "What I dislike most is to persecute others, but what kind of state we two are in now, I think you know a lot better than me. In this state, both of us

have to delay as much time as possible. Only in this way can we barely complete the final task. In this state, you think I might continue to waste time with you here. Right?"

"After this flare is launched, they will definitely come over non-stop, right?" Li Tian asked.

"That is natural, they will find a way to come here."

At this time, Li Tian suddenly raised his head and looked at the old man in the sky: "Whether you can leave this place today, it seems that all of you have to press on me, but I am curious about one thing, my identity, you Can you keep me secret?"

"I'm very curious about who you are and need me to help you hide your identity?"

"You will know who I am soon, but now if you can guarantee that you can help me hide my identity, I can go all out now." Li Tian snorted and looked at the top of his head. Old, if this situation continues, he definitely can't continue to hide his strength now, but if he goes all out, he must reveal his identity.

Once this identity is revealed, everything I did before will fall short.

"As long as you are confident that you can change our current situation, even helping you hide your identity is not a serious matter." The old man thought for a while. The situation in front of him is obviously more important. What is this young man? Identity, they can completely assume that nothing has happened: "You also know that our identities are unusual. As long as we promise you, we will definitely do it."

"Since you have said so, I can rest assured that as long as you can guarantee that my identity can continue to be concealed, the next thing will be much easier." Li Tian smiled and looked at Yuzi in front of him. Qi: "I'm sorry, I have always used one-third of my strength to fight you before, but if I play now, I am ready to go all out."

"One-third? What are you kidding? If you really used three-thirds of your strength to fight me before, then I will..."

"Needless to say, because I am indeed using one-third of my strength." Li Tian slowly withdrew from his disguise, then smiled and looked at the few people present: "Perhaps you can't believe it at all, stand. Who is in front of you, I think you should also be able to understand how difficult it is to fight with me, defeating me is not as simple as you think."

When Li Tian pushed down his disguise, many people's eyes widened, completely wondering what was going on.

The genius boy who died in Tianqi City before suddenly appeared on their side. What happened between them? It's not that Li Tian has died, so he stood there. Who is this guy in front of him? Still, the previous rumors are simply false.

Chapter 5793: Horrified

"How is this possible?" Baili Tuye said in surprise.

"Neither did I expect that this kid turned out to be the famous Li Tian in Tianqi City. What kind of things happened here is still very strange to us." Looking at the two people in front of him, the old man is also I said reluctantly, I was curious about the identity of this young man before, and he was still a young man in the realm of gods.

Now I understand, this kid turned out to be Li Tian, who was very famous in Tianqi City before.

To say that Li Tian is simply a legend in the minds of many people, the degree of surprise this legend brings to them is still quite huge.

Especially when I saw Li Tian appear in such a place at this time, my heart began to become even more inexplicable. This kid said that he was dead before. Many people still feel it is a pity. Who knew that he appeared here now? It was in Tianqi City before, and who was it?

"It seems interesting this time. Where this young man appears, things will start to become interesting. Now that this young man appears with us, I can imagine what will happen next on our side. Maybe it will start to become interesting too." Looking at Li Tian below, the old man said helplessly.

"Even if Li Tian is here in person, nothing will change today. The strength of this kid, Yu Ziqi, is even more terrifying than you think. The battle between these two people may really be different. Let's divide it." Baili Tuye said with a smile.

"is it?"

"If you don't believe me, you can give it a try. This time you just want to get out of here quickly. Although it is a bit away from Wuma Mountain, they will support you soon after the flare is launched. Do you think so? Can you easily change your situation? It's just a daydream, your current state can't be changed even if you are a master."

"It's not your turn to talk about this kind of thing." After that, the two continued to fight together.

At this time, Guo Xiangyi also glanced secretly, and then opened his mouth wide.

Li Tian was standing on the ground, wearing a red-winged \*\*\*\*\* costume, and his feather blades stirred. The immortal power on his body was slowly flowing, releasing some faint light. At this moment, the expression on his face also began to become extraordinarily extraordinary. His fortitude, this angular face, became very handsome in such an instant, and it immediately captured Guo Xiangyi's mind in front of him.

Especially with his stalwart figure standing in front of him, it seemed to completely block all the difficulties in front of him.

"This man is really incredible. Such a man really wants to be a friend of his side if he can." Guo Xiangyi is a eldest lady herself. Many times before, he didn't put other men in his eyes. , In her opinion, the one who can be worthy of her must be a powerful master, and this master must not only be handsome, but also have to be aloof.

Now that I saw Li Tian, I suddenly had such a feeling that if I could stand beside this man, I would definitely get a lot of help.

Now she really wants to be a woman next to Li Tian.

It's just a pity that at this moment, all Li Tian saw in his eyes were the enemies in front of him, and he didn't know what Guo Xiangyi was thinking about.

When they slowly released all of their own things, Yu Ziqi in front of them swallowed, looked inside and said, "I didn't expect that you guy didn't even joking with me before."

"Do you really think I was joking with you? It was just showing me the tip of the iceberg. Now it's almost time to end the battle." Li Tian smiled, and he stood here like a god. Holding Hong Zhan with one hand: "Get ready, don't wait to say anything. I didn't give you the opportunity to prepare. After all, in this state, everyone must prepare for each other."

"Hehe, my current state is ready, let me take a look at your level." Yu Ziqi said as he rushed over with a sword, his speed is fast, like a bolt of lightning, this swift It can also be seen that you have cultivated for a long time.

Although this guy looks like a child, his true age may be very scary, and he may be a grandfather.

It's a pity that his talent is definitely not comparable to those of Li Tian in front of him. The talents of these young people are much better than they thought. They can easily cultivate at such a young age. At this point, strength is naturally different from whispers in the past.

Looking at Li Tian in front of him, Yu Ziqi in front of him also felt very helpless. The strength of this young man had such strength at such a young age. Think about himself at this age and Li in front of him. Heaven is basically two existences.

"Well, you don't need to continue thinking about it. It's boring to hurt me at this speed." Li Tian slowly twisted his body, every time it seemed to happen to dodge It was in the past, but it was not like this. Every time he dodges like this, he has calculated all the factors precisely, so this seems to be a coincidental dodge, but in fact it has always been very accurate Anticipating.

"Hehe, you guy probably didn't expect that one day it would turn out to be what it is now. If you change to the previous one, you can still be confident, but after knowing my identity, you must be under pressure now. As Li Tian said, the corner of his mouth slightly rose. Just as Yu Ziqi in front of him was about to attack again, the spell in his hand was suddenly thrown out.

When Li Tianhe was in Tianqi City before, he has already improved again. This kid's talent is very good. In addition to his own adventures, it is usually for Li Tian to improve his strength and change his tactics. It's all very easy things.

So in the past few days, although he has been on the road, he has not delayed his cultivation. During this time, Li Tian has made himself stronger, especially in the ancient spells. The application has reached a level of proficiency.

Chapter 5794: Strong

‘Damn it, how terrifying is this kid’s strength? My tricks are like a fragile piece of white paper in front of this guy, and it’s impossible to cause him the slightest harm.

Although the words are very relaxed, the pressure on the body is definitely beyond doubt. When facing Li Tian, his movements are already very fast, but Li Tian can see through every time.

"Haha, in this situation, do you still think that your previous thoughts are correct." The old man was panting, separated from the Baili Tuye in front of him, and the battle between the two men began to become very entangled. For a while, no one can tell the victory or defeat, but they have spotted the battle between Li Tian and Yu Ziqi in front of them. The battle between these two people is more interesting.

"It's a young man who made a name for himself in Tianqi City. It's a pity that if he wants to continue to conceal his identity today, we people will definitely die here. Do you think he will let you people go? Baili Tuye sneered, knowing that he had underestimated the strength of Li Tian in front of him. This kid was not only powerful when he broke out in an instant, but more importantly, durability was also quite good.

"Don't even think about being separated at this time. None of us are idiots. We both know what choice this young man will make in the end. It's a pity that you and I are also old rivals. , I can't keep your life this time." Cang Lao snorted, naturally knowing that the guy in front of him was instigating discord, and Li Tian's appearance changed the entire battle.

This young man was nothing at all, and they hadn't paid attention to this young man before. Who could think that it was this young man who made them feel helpless at this critical time.

"Hehe, life and death are destiny, wealth is in the sky, if today is really my death date, then I have nothing to say."

"Yes, life and death are destined, and wealth lies in heaven. When we people do these things, we have already handed over our lives. What kind of enemies will we encounter and what consequences will there be? These are all Things we don't know ourselves." The old man also shook his head helplessly, and said with a sigh.

But at this moment, the spell in Li Tian's hand had already exploded on Yu Ziqi's body.

This is an improved version of fireball, which seems to be no different from ordinary fireball, but if you really want to divide it up, the tricks in it are still more complicated than they thought.

This fireball technique looks the same on the surface, but the energy inside is all very strictly compressed. After this energy is compressed, it is like a biscuit, and the fireball technique he releases at this time is like a being. The biscuits soaked in the liquid will instantly become huge, so that the internal pressure is released instantly, and the resulting explosion is also quite terrifying.

In just a moment, a \*\*\*\* flower exploded from Yu Ziqi's chest, and the whole person flew out, and fell heavily to the ground.

"I've heard before. It seems that the great masters of the Yi family are not good. It's a pity, after all, it's just a border city. Even if you have a lot of great masters, there are still a few people at my level. Yes?" Li Tian raised his head and looked at the Baili Tuye above his head: "You probably didn't expect that your companion would be killed by me so quickly."

"Hehe, a young man like you has unlimited potential. You have already created many miracles in Tianqi City before. From a dead man with broken meridians to becoming stronger again, this matter has spread throughout the gods. But the only thing we don't understand is that people like you should be quite terrifying. This time the Ten Cities Conference can also successfully win the rankings. Why should we choose to give up at this critical time?"

"Because I'm going to the land of no owner, for the sake of you all going to die here next, it doesn't matter if I tell you, I don't want anyone to interfere with me along the way." Li Tian laughed. Laughed.

"The land of no owner? Don't you know that this place is rumored to be a place where there are nine deaths and no life, but few people who enter it come out. Even if they do, they all become lunatics.

Do you think you can be Exceptions?" Baili Tuye was stunned. Many young people have weird dreams, but they are much inferior to Li Tian. This kid actually wants to find his own way.

There are very few people willing to go in places like Borderlands.

The reason why there are still people going in is because of some interests, coupled with life pressure, they can only choose this way to turn over.

But what about Li Tian now?

Compared with these helpless Sanxians, they are completely two different concepts. This young man is famous in Tianqi City. Even the \*\*\*\*\* emperor is very optimistic about this young man and wants to vigorously cultivate this. For young people.

Li Tian's future can be said to be bright, and they are beyond doubt.

But when it seemed like this was going to go smoothly, Li Tian directly chose to abandon his own glory and wealth, and instead ran here to go to a land without a master.

This is simply seeking a dead end.

"Are you going to the land of no owner?" Even the old man had an unsuffocated expression: "No wonder you pretended to be dead. You want to understand things in this world like this, right?"

"This is not true. Although I am very famous, there are also many enemies in the God Realm. In order to prevent them from interfering with me, I can only use this trick to get rid of me. Since the three of you have all heard of it today, I must be It's impossible to let you leave like this. Next, I'm going to do my best and be prepared." Li Tian smiled, and then squeezed the sword in his hand, summoning the Canglong in the next second, watching Yu Ziqi lying on the ground in the distance: "Don't resist, your strength is still somewhat different from mine."

"The rising star is really powerful. Although we are some small characters, we don't claim that we are a weak person. But in front of you, I can't even hold on to a face-to-face. It really makes me a little hard to imagine, you How terrifying is the strength of this young man." Yu Ziqi panting, covering his chest with one hand, looking at Li Tian in horror.

Chapter 5795: Unfathomable

Looking at Li Tian standing in front of them, the expressions on the faces of several people were uncomfortable.

I thought I should be able to come up with some powerful methods when facing this young man, but it was only when I faced Li Tian that they realized that what they imagined was too simple.

"The speed is really too slow. If this strength can fight me, it will be a big deal." Li Tian sneered, slowly grasping the red cut in his hand, step by step towards Yu Ziqi in the distance walked over and said, "What about you, although your strength is not bad, it's a pity that your brain is not very good."

"The matter is now, we are like fish on the chopping board. You kill me if you want to kill me, and you humiliate me if you want to humiliate me. I have no emotions anymore." Squinted at Li Tian before him At this time, Yu Ziqi's expression on his face was also very helpless. When facing Li Tian, he really felt what kind of battle is called powerlessness. Compared with Li Tian in front of him, there is really no way.

In terms of cultivation, Li Tian is a bit taller than him.

In terms of speed and brains, Li Tian must be a bit higher than him. In this state, it is simply too much to want to defeat his opponent.

'If this is the case, I'll lose out to this kid soon. I don't want to fail so easily. Even if I fail, I have to show my true strength. Seeing Li Tian in front of him, Yu Ziqi still has his own little nine in his heart at this time.

"Your companion seems to have nothing to do. It will soon become a dead soul in Li Tian's hands. How about it, are you not ready to go and help?" The old man was proud at this time, this time Li Tian Ke has done a very critical thing, so easily killed the opponent in front of them, the problem in the next battle will probably be solved.

"Do I still have time to take care of other people's affairs? You guys certainly won't let me go to help so easily. If I have a little bit of other ideas, you will deal with me as soon as possible. Do you think I don't know the thoughts in your heart?" Looking at the old man in front of him, Baili Tuye snorted. The three of them are truly in a desperate situation today.

The appearance of Li Tian changed the original smooth pattern. Originally, they could still have a little advantage, but now, this advantage is gone. Who will have the upper hand in the next battle is not easy. Can guess something.

Squinting at the two people in front of him, Baili Tuye was also helpless.

I have already stayed with powerful enough companions this time, and I have also calculated what kind of enemy they will face this time. Basically, they have a clear understanding of the power on this side. It is impossible for the slightest error to occur.

Who knows, just when they thought they knew the opponent well, Li Tian appeared in the opponent's team.

The things that this kid did in Tianqi City have surprised them enough, now that he appears here, he doesn't know what to do.

The strength of this young man is stronger than the strength of these old guys. This is the gap in talent, and it is impossible to think based on normal logic.

"You should be very nervous now. My appearance here is also a very serious matter for you. Originally, today's things have been prepared, but who knows that I will appear at this time, you must not know what to do. Deal with the next problem?" Looking at the two people in front of him, Li Tian smiled and looked at the two people in front of him, and said: "Now, are you still going to delay time?"

"Do you really think you can fight with us now?" At this moment, Yu Ziqi suddenly stood up from the ground. This guy fell to the ground as if he was seriously injured, and never stood up, but Now this situation has become very weird, this kid suddenly stood up, then squinted at Li Tian in front of him, and said: "I was not your opponent before, but you want to defeat It's impossible for me."

Long ago, Li Tian knew that this kid must have some other means. People like them must have some secrets they don't know.

Although Yu Ziqi fell to the ground before, he can now feel that the immortal power in his body is slowly mutating, creating a unique aura.

"Yu Ziqi, don't be stupid. At this time, we only need to fight with them. We can delay the time until our reinforcements come. Why use this trick?" Seeing Yu Ziqi now in this way, the Baili Tuye in the sky began to become anxious, squinted, and said in surprise: "Leave the green hills, not afraid that there is no firewood, why bother?"

"There is no way to continue this situation now. If we don't get entangled with the kid in front of you, we will be killed soon." At this moment, Yu Ziqi raised his head and looked at the old man in front of him. Looking at Li Tian in front of him helplessly: "In this situation, we can only go all out and take out all our strength."

"You..." Looking at the Yu Ziqi below, Baili Tuye was also very helpless at this time.

He always feels like this is a joke.

In order to delay the time, the following Yu Ziqi even used a trick that he often couldn't use. You must know that this guy uses this trick when he is desperate.

Usually they are not willing to use this trick, but this time, it can be regarded as an absolute change.

Looking at the appearance of Li Tian in front of him, he knew that maybe if Yu Ziqi looked like this, he could barely defeat these people in front of him. After all, after reaching this point, his strength was already terrifying, not so at all. It can be easily defeated.

"You have to think about it. It would be embarrassing if you are not my opponent when you become like this." Although Yu Ziqi's current state has changed, the expression on Li Tian's face is still very calm. He didn't take this matter seriously at all, it seemed that he had no contact with him at all.

Chapter 5796: Life and death

"Don't be delusional. I can only use this trick once in my life. I never thought I would use this trick so soon." Yu Ziqi sneered looking at Li Tian in front of him and asked. "Do you know why I am so young now, why I have not been able to grow up?"

Li Tian looked at the guy in front of him suspiciously, and didn't know what was going on.

But since this guy looks like a child, it is also certain that there must be some unknown secrets in it. These techniques of the God Realm are far more mysterious and scary. Who knows what will happen? Things.

"In order to use this trick, I have transformed myself into what I am now for hundreds of years. You don't know how I came here for hundreds of years." Yu Ziqi sneered at this, watching Looking at Li Tian in front of him, his body is undergoing subtle changes at this time, and it seems to be growing up little by little.

And the Xianli in his body also began to become irritable.

It was like a sea surface that had been soothed before, and it suddenly felt like waves. It was turbulent and windy, as if the whole world was about to be destroyed at this time.

At this time, Li Tian understood what this guy meant by telling him so much.

His practice is to rely on this unique method to forcefully suppress his inability to grow up. In this way, his body has always been in the body of a boy, and it is also the body of a child, which can easily interact with the world. The aura communication between him can even suppress these auras forcibly, allowing him to accumulate a lot of celestial power in his body.

It is precisely because your body does not need to grow up, and a lot of nutrients are saved. If this happens, you can definitely save a lot of energy.

And now, he is releasing all these immortal powers accumulated in his body.

This feeling is like awakening a sleeping lion. Think about it, all these celestial powers have been suppressed before, and they have been sealed all the time, without revealing the slightest.

But now, all these forces were released in an instant.

These suppressed energies will naturally have a horrible and manic feeling, which naturally makes the strength of the guy in front of him even more different.

"Look at what you are like now. Is it really worth it for you to do this? You just want to procrastinate us here, and even sacrifice your life. It's really interesting." Squinted at the Yu in front of you. During the subperiod, Li Tian also said helplessly: "Let us go, and probably won't let you die like this."

"You don't need to continue talking with me here. My own business naturally has my own way of thinking about it. Today's battle between the two of us will definitely not end like this. If you want to change something, just kind of Get rid of me." He squinted at Li Tian, vowed to say, then clenched his fist and raised the sword in his hand: "Now, I should be letting you know how good I am."

"Well, if you think you can defeat me in this way, then I can also show you how huge the gap between us is." Li Tian smiled and looked at Yu Ziqi in front of him and said: "If you If you think you can, you can give it a try."

"Hmph, you can continue to be hard-headed now, but I will let you know soon how terrifying I am in this state." After releasing all my power, the current situation It also started to become completely different. He knew before that if he wanted to defeat Li Tian in front of him, he would definitely die in this place today. There was no other possibility.

After he released all his strength, it can be said that he has put all his foundation for so many years on this.

You know, after hundreds of years of cultivation, no matter how bad the talent is, he might have improved a lot. Before, Li Tian was wondering why this guy had such a cultivation level.

Given him a few hundred years, it is not impossible to become a \*\*\*\* emperor-level existence.

But looking at this guy in front of me, it seems that nothing has changed at all.

"I know what you are thinking at this time. My real strength is indeed not only that. My strength is much more terrifying than you think, just because these last years have been brewing this last trick. That's why it looks like this." Smiling at Li Tian in front of him, he slowly released all his aura.

Baili Tuye sighed helplessly, squinted at Li Tian and Yu Ziqi below: "Now, do you still think I need to take action at this time?"

"It seems that the two of us still have great masters today. I don't know if Li Tian can still come up with any correct countermeasures." The old man is not as nervous as Baili Tuye, he is just indifferent. After a glance, the corners of his mouth rose slightly. Although I don't know what the next situation will be like, I still have a little trust in Li Tian.

This young man was not so famous when he was in Tianqi City before. Even if he came here now, his strength must be stronger than before. If he really fights, he should not be much inferior to Yu Ziqi.

"Hehe, did you really bet everything about yourself on this young man?" Baili Tuye squinted when he heard the old man speak like this, and asked: "Or, you naively think this kid is really What can help you change the situation?"

"This kind of thing is not something you and I can know. If this kid can do it, it will naturally be the best. If it can't be done, it has nothing to do with me. Things are now in this situation, Li Tian There is no way, we naturally can't do anything." The old man shrugged his shoulders, Yu Ziqi had already bet on his own life, and they obviously couldn't find any good results.

Smiling and looking at the few people in front of him, Li Tian raised his head to look at the old man in the sky, and then looked at Yu Ziqi: "Well, your delay is enough. Let's make a quick decision."

"Quick fight and quick decision?" Yu Ziqi smiled, looked at Li Tian and said, "Okay, then quick fight and quick decision."

Chapter 5797: how come?

'Hmph, even though this kid was quite famous when he was in Tianqi City, he did bring a little surprise to many people, but it was just like this when I saw this kid. Although he was talented, he still had no brains. So, since I have used this mortal trick, I am definitely going to win this battle. Does he think he can defeat me? '

At this time, Yu Ziqi's aura has become very strong. Standing here is like a high god, and the aura is constantly suppressing Li Tian in front of him like waves.

He has been waiting for an opportunity, as long as Li Tian in front of him exposes the slightest flaw, he can instantly suppress it.

It's a pity that Li Tian doesn't seem to have any intention of fighting the guy in front of him. He still squinted at the Yu Ziqi in front of him, waiting quietly.

"It's really calm. If you look like this, let me see what you can do." Smiling at Li Tian in front of him, Yu Ziqi snorted, holding a sword in one hand, one The foot slammed on the ground, and the whole person was ejected in an instant. The speed was like a rocket bounce, almost in front of Li Tian in an instant.

The distance between Jian Qi and Li Tian is not much.

He could feel that this sharp sword aura raged on his face, like a gust of wind, constantly attacking his cheek.

Seeing that the sword was about to attack.

Li Tian chuckled slightly, the red sword in his hand was like a spirit snake, and suddenly jumped up from below. Then with a clang, the two swords collided with each other and sparks splashed.

The two also pushed each other away.

‘How is this possible? Is this kid's strength really terrifying to this point? I have released all my own strength, and the situation has become like this?’ Yu Ziqi squinted at Li Tian in front of him. He was also surprised that he didn't know what was going on. Even if this kid is so talented, he can't be so terrified, right?

"Although you have succeeded in increasing your strength a lot with this trick, it is nothing more than that to me. If you really do it, I can still defeat you easily. Didn't you find it yourself? Even if this state has changed a lot, the gap between me and me has not been widened. Do you know why?" Li Tian raised his mouth slightly, and asked with some pride.

"What do you mean?"

"You people may not even know it. The so-called immortal cultivator not only wants to make your body stronger, but also to make your soul stronger. Look at what you are now. Although I have improved a lot of strength by relying on the energy accumulated over the years, it is nothing more than that for me. If I really do it, I will still defeat you easily." Li Tian sneered. I had seen it before. After the strength of the Big Dipper, he slowly understood the use of his soul power.

The so-called soul power, naturally, it is impossible to directly improve your combat effectiveness. But it can make the quality of your energy more refined.

In this way, although the two sides have the same amount of immortal power, it will be Li Tian who will eventually win. This is the gap between quantity and quality. Even if the Yu Ziqi in front of you becomes stronger, it is still not so easy to defeat. Li Tian.

The gap between the two is too huge to change so easily.

"How is this possible?" Yu Ziqi had a confused expression on his face. He was sure that his previous move was basically his peak state. Under this state, few people could dodge it.

For hundreds of years, he had never exerted such strength, but this time he felt that the gap between himself and Li Tian in front of him was too great.

Even if he liberated his own power and displayed a lot of power beyond his own level in an instant, he was still not Li Tian's opponent.

"This is the difference in talent. The way you practice and the way I practice is really too far apart, and no one knows how long it took me to cultivate." Li Tian smiled, now confident Said full.

Although he is a young man, he is only a young man in his twenties.

But who knows how much time this young man has cultivated before?

You must know that when in the free space, Li Tianke is always cultivating his own soul power. In that kind of space without the concept of time, he is constantly cultivating his own soul power, making his power crazy. Be stronger.

it's good now.

In fact, his soul power had already reached a terrifying level. Although there was still a big gap with the Big Dipper God Emperor, there was no one among the immortals that he met with Li Tian.

In this way, even if his own cultivation level has been improved a little, with a strong soul power as his backing, he can still exert a lot of strength beyond the previous one.

"There is nothing impossible. Now you have no retreat. You can only do your best to complete your goal. But today, you people will definitely not be able to leave here." Li Tian laughed and stepped directly on the void with his right foot. Once inside, he appeared in front of Yu Ziqi in the next second.

"Although I don't know how you did it, or what this guy said, but if you think that you can easily defeat me today, you still look down on me too much. Let you know me today. It's amazing." He said, the swords in his hand instantly turned into countless phantom swords floating in the air, like beasts ready to go.

A long distance away, Li Tian could feel the aura in this sword formation.

These sword formations are like awakened dragons, and they are likely to burst out terrifying power in an instant.

And as more and more magic swords appeared, the pressure on Li Tian began to become very difficult, and even the aura in front of him began to become terrifying, and this kind of depressed feeling did not know what to do. How to describe it.

"It's not bad, it's just like this. If you can't come up with a certain level of your true level, I really don't know how to fight against you today." Li Tian said with a more and more excited expression, smiling.

#### Chapter 5798: Pinnacle showdown

"You kid is really funny, let you try my trick today, if you can't dodge it, then all the heart in your body will be pierced by my magic swords. Wear it, even if the Heavenly King Lao Tzu is here, it is impossible to save you. If I were you, I would find a way to leave from here at this time." When he spoke, the magic sword had already been activated.

The speed of these phantom swords is really fast, if it is below the realm of \*\*\*\*\* cultivation, it is impossible to stop the slightest.

And Guo Xiangyi, who had been in hiding before, couldn't help but frown. The impact of this station in front of her was also quite huge, feeling that her body was being dismantled bit by bit. This feeling is uncomfortable.

The moment the Magic Sword approached Li Tian, Li Tian's aura also unfolded instantly.

At this time, he just moved his body lightly. In the next second, a lot of black holes appeared around Li Tian's body. It was impossible for these phantom swords to get close to Li Tian. These black holes were swallowed.

"This is really a more powerful trick, but you must consume a lot of such a powerful trick. The energy of these phantom swords is quite terrifying, even if it explodes in this kind of black hole, it is also a trick for you. Huge pressure, how long do you think you can hold on under this pressure? After seeing this scene, Yu Ziqi was still somewhat helpless.

This kind of difference in strength really doesn't know how to say it, and Li Tian in front of him is much more terrifying than they thought.

Especially with this move in the void, it directly eats all of his move through the heart, but when I think about it, I know that the energy contained in these phantom swords is all very terrifying. If all of this energy is swallowed, inevitably also need to pay a very heavy price, Li Tian is only a \*\*\*\*\* in the realm of the immortal now, how can he persist in such a consumption?

In this way, he only needs to consume Li Tian in front of him without immortal power, and he can easily defeat it.

At this time, Li Tian raised his head: "It's been half an hour. The battle between us has lasted for half an hour. If this continues, the reinforcements behind you may have to support you. This time Obviously it is impossible for me to continue to wait like this."

"Half an hour, do you think you can defeat me at this time? If you really have that strength, you won't be standing here." Yu Ziqi sneered and slowly raised his hands. , Behind his body, more and more phantom swords appeared, and the energy contained in these phantom swords was even greater: "Come on, let me see if you can swallow so many phantom swords."

"These are all mutual. Although your strength is also very good, the energy on these phantom swords is huge, but the cost is not small. Do you think you can defeat me in the battle of attrition?" Li Tian was still in his heart at this time. Very helpless, the first time I met such a life-and-death guy, why did he still say that he could not consume it? What a joke.

You must know that a small world has appeared in his body, and the capacity of this body has surpassed many people's imagination.

Void Leap does require a lot of celestial power to maintain, but it does not mean that Li Tianzhen will lose in this war of attrition. You must know that all those who dared to fight with him before have died, and Li Tian's war of attrition is not just a joke?

Squinting, more and more magic swords rushed into Li Tian's black hole.

At this time, the expression on Baili Tuye's face began to become very solid: "Yu Ziqi, be careful, this kid's methods are much more than we thought, although it was revealed in the competition before. Quite a lot, but no one knows if this kid has any other means. If you continue like this, you still don't know what will happen."

"Don't worry, since I have even used this trick, the enemies today are all handed over to me. Even if they can't be defeated, it won't be a problem to persist until the young master comes over." Several people, Yu Ziqi said seriously, he knew that he might not last long, but as long as the reinforcements behind them came over at this time, his contribution was very worthwhile.

"Hehe, if it's really like this, then forget it, but it's a pity that you think too much. Since I decided to fight with you, I will definitely not give you this little guy the slightest chance." Li Tian smiled and slowly opened his hands. No one noticed that a lot of sweat was already leaking from his forehead.

Even Li Tian himself did not expect that he would consume so much power in this battle.

It's really because the previous battle was too fierce,

In addition, although these phantom swords were swallowed by the black hole, as Yu Ziqi said in front of him, this feeling is indeed quite uncomfortable. It is certainly not that easy to eat a big fat man. .

Now, he was preparing to release all the magic swords in his body. ,

"Let you have a taste of your previous tricks. You think your tricks are very powerful. Now I also want to know whether your tricks are really as powerful as we imagined." Li Tian said as he said. Slowly controlling the void to leap, and soon a lot of black holes appeared around them, and these black holes slowly condensed into some phantom swords.

And the moment these phantom swords were released, they rushed towards Yu Ziqi like a fierce horse.

Yu Ziqi was still triumphant before, but when he saw all his phantom swords appearing in front of him, he was taken aback. He thought that all these phantom swords had been swallowed by Li Tian and then disappeared. But they didn't think that things weren't what they imagined. These phantom swords were indeed swallowed, but they were not completely resolved.

It's just that it was directly released in such a more suitable way, and the Yu Ziqi in front of him was immediately stunned.

He didn't know what was going on. When things got to the point where they were now, it really was time for no change.

So many phantom swords were slowly released, and from high in the sky, they fell quickly, densely packed, like a rainstorm.

Chapter 5799: Triple kill

‘Boom boom boom’

The ground trembled, and this situation was as if an earthquake had really begun, with strong winds roaring around and waves of heat oncoming.

These powerful men and attendants standing here at this time all feel like standing in a volcano at this time, and the energy on it is naturally not what they imagined.

I don't know how long it took before the sound of the explosion slowly disappeared.

Before, Yu Ziqi could say that he released a lot of his own power on the magic sword, and the magic sword did not disappoint him. After being directly bounced back by Li Tian, he instantly released terrifying energy.

At the moment this terrifying energy exploded, he could not wait to destroy the entire world.

Guo Xiangyi almost thought that he was going to die in these waves, but when the wind was blowing, he saw a stalwart figure in front of him, helping him to block all these energies. , Don't have to guess to know who this is.

"Can you hold on?"

"Even if you can't hold on, you must continue to hold on. Is it because I am a big man who looks at a woman like you and is injured in front of me?" Li Tian sneered, because he was not well protected. Only others will let himself become what he is now, he no longer wants himself to continue like this, he must make himself stronger.

"You idiot, if this continues, your own body may not be able to hold on to this pressure and collapse."

"It doesn't matter. I know how my own body is. If I can't hold on to this intensity, what right do I have to say that I am a man?"

At this time, everything around slowly disappeared.

Li Tian smiled and looked at the figure kneeling on the ground in the distance.

"How about this trick?" Li Tian asked with a smile.

"This is impossible. How can your strength control so many phantom swords at the same time? This is simply impossible. Your immortal power cannot be controlled at all."

"I said, you know too little. You think you know these things very well, but you don't know that you are like a child in front of these things. You don't know anything." Li Tian He gave a sneer, looked at the guy in front of him, and said with disdain: "Now is the time to let you know that you are a frog at the bottom of the well."

At this time, a blue dragon appeared behind Li Tian.

This blue dragon was vomiting its own dragon's breath, a ball of flame smashed down, another ball of explosion, and then Yu Ziqi, it fell to the ground like this.

When fighting against his own magic sword, he was already seriously injured, who had not had much power, and then this group of dragon's breath became the last straw to crush the camel, and Yu Ziqi had no chance of comeback. , The immortal power on his body is all consumed, and naturally there is a dead end.

At this time, the old side also started to attack.

But obviously, Li Tian was not prepared to let the battle continue like this. There were countless fairy swords in his hands, flying up into the air, and his body was a black hole that jumped directly across the void, and instantly arrived in front of another person.

In a short moment, all three opponents died.

All this happened in an instant.

Li Tian smiled and looked at Guo Xiangyi behind him: "Okay, my task has been completed. I hope you can remember exactly what you are talking about. You must keep my identity secret."

"I want to know why you can clearly make yourself more famous, and staying in Tianqi City will make your future more brilliant. Why did you choose to go to the land of no owner at such a critical time?"

"Because there is one thing that I must do. If I don't do it, my heart will definitely be guilty for a lifetime. You are not a man, and naturally there is no way to understand this feeling." Seeing Guo Xiangyi in front of him was like a curiosity. Like a baby, Li Tian said with a smile.

"Yes, because of that Ningbing?" Guo Xiangyi had already heard of the relationship between Li Tian and Ningbing.

To say that Master Ningbing's indifference is well-known in the God Realm, but Li Tian has a very good relationship with Li Tian, and the two people usually talk and laugh. If there is nothing between them, That's really scary.

"What do you know so much for?"

"I just envy, she is such a lucky woman. For such a woman, you are willing to go to a place where there are nine deaths and no life like the land of no owner. If I can meet such a man who can die for me in my life If it is, it is really..."

"There are too many men willing to die for you. Isn't the Yu Ziqi just like this?" Li Tian joked, seeing the young lady in front of him preparing to have an attack, and said hurriedly: "It's all right. Let's stop messing around. We will have to hurry up and leave here. When the chasing soldiers catch up, the problem will be difficult to deal with. Anyway, I can't deal with them."

"Yes, Miss, we have suffered a lot of damage this time, and we have to hurry up and leave here." After this battle, the rest is only a human being, and the old man has a slight injury at this time.

"Can someone like us really leave?"

"This road can only look like this. If it's really the last moment, I can only take you away by using the void, but this process may be very dangerous." Li Tian wiped off his forehead at this time. Sweat, looking at the old man, said: "I hope this situation will never be used, and I don't want to use the void to leap."

Don't look at this guy who seemed to be very relaxed before, but his body has already been exhausted.

The previous magic swords wanted to control, but it was not that simple at all, and the amount of energy consumed in this process was not as simple as you imagined.

"Don't worry, let's leave here as much as possible." The old man frowned, and then led a few people to open the way, Li Tian, Guo Xiangyi and others followed and left.

They gave up the carriage directly. At this time, they must clear all the weight on their bodies so that they could leave this place of right and wrong quickly.

If they were chased by Yi Zhongrong, it would be impossible to defeat the enemy after repeated battles this time. Naturally, they would have to be caught back. The end was self-evident.

## Chapter 5800: Escape

In the scorching sun, Li Tian walked at the back of the team, protecting the two people in front.

Although Guo Xiangyi was in front, he was always paying attention to Li Tian behind him on the road.

No, she obviously retreated to the back and asked in a low voice: "Have you ever thought about this time you go to the land of no owner, if you really die in it, what will happen to Ningbing?"

"This is no longer something I can control. I created this fake situation of my death because I was very worried about it." Li Tian smiled helplessly and said in response.

"I really envy it."

"What's so envious, you are the eldest lady of the Guo family in Tianhu City, and there must be countless men who pursue you. Soon you will meet someone you like." Li Tian said with a smile, but there was nothing in his heart. It feels good like this, and I follow them to Tianhu City, hoping that I can enter Borderless Land as soon as possible. At this time, this situation has become quite complicated.

He doesn't know whether he has revealed his identity this time. When he fought with a few people before, the traces left on the battlefield may make his situation more complicated.

On the other side, Yi Zhongrong and others have already arrived on the previous battlefield.

Looking at the carriage left here, Yi Zhongrong said: "Seal, where do you think they will leave?"

"The road will definitely not go on. If they want to avoid us, they must leave from a small place, and naturally they will leave these carriages. Although these things can make them leave quickly, but at the same time it is also a lot of pressure for them." The seal looks like a middle-aged man, wearing a silver armor with many hollow patterns carved on his body, looking like a spell.

Hearing his response, Yi Zhongrong also nodded.

"What you think is not much different from me. I think they will choose this way too. Under such circumstances, if they continue to walk down the road, they will be a bit idiot." He said with a smile.

The seal just smiled and didn't say anything.

The corpses on the ground and this messy feeling all told them clearly what happened before, and the battle here must be horrible that they could not imagine.

Yi Zhongrong saw a few people who died on the ground and sighed: "It just makes me wonder that what we have arranged this time is already a very strong master. The three of them are supposed to be enough to delay these people here. Even if there is no way to defeat them, it is really impossible to escape from the hands of these people with the strength of those in the Guo family, right?"

The seal nodded: "Indeed, we have calculated everything before, but we have not calculated it. The enemy can escape from our hands at this time. Whether in Wuma Mountain or here, there are some things that are beyond us. Unexpected."

He walked forward slowly, gently wiped the dirt on the ground with his fingers, and then squinted his eyes: "At the end, Yu Ziqi used a trick that he could only use once in his life, but it's a pity. The thing is, he died under his own trick of piercing the heart with ten thousand arrows. With his ability at the time, the cultivation base may have been close to the realm of immortals without limit, but he was finally defeated?"

"In the final analysis, this so-called unrestricted ability to approach the immortal realm is nothing more than our thoughts. We don't know what the real situation is like. We can only reach this limit theoretically, but it may not be this time. It's really this ability." At this time, another young middle-aged man standing aside said. He was wearing a large gray robe, looking like a mage.

Yi Zhongrong took a look and asked, "Do you have an idea?"

"Since the opponent can successfully resolve all of our offensives, we can only say that among them there may be a master in the realm of gods, and even the strength of this master is higher than the realm of gods, so that it can be so fast. Kill all these three people." The middle-aged mage looked at the messy battlefield and said: "The previous battle here must have been very fierce. There were also a lot of corpses left by the Guo family, which shows that they were the first. The battle must be very stalemate, and we still have the upper hand, but a few people who appeared at the last minute changed this situation?"

"Several people?"

"This is near Tianhu City. It has been many years since there have been any powerful masters. Those who will come to Borderlands are all forced to desperate. Even the real strong will definitely not stay here. If we defeated all of us, it's impossible to be alone, right?"

"There is also such a possibility, but the battle in front of us seems to be different from what we imagined. I really want to know how the opponent did it and used Yu Ziqi's own tricks to kill him. Who in the God Realm is good at such a fighting method?" The seal vaguely felt that he seemed to have fumbled for some key, but he couldn't think about it in his head.

But the middle-aged mage standing next to him shrank his pupils: "There is a person who can do this, but this person has already died before."

"What you said, could it be Li Tian who was assassinated and killed in a riot in Tianqi City?" Yi Zhongrong's eyes widened, and his back became cold at this moment. He smiled slyly: "Impossible, absolutely impossible, this kind of thing is absolutely impossible to happen, even the \*\*\*\* emperors have determined that that is the dead Li Tian, how could he appear in such a place? What?"

"Maybe there is something we don't know about it. If it is really Li Tian, then we are afraid to deal with them very seriously." The middle-aged mage looked at the seal, and then his eyes fell. On Yi Zhongrong's body: "Master, the situation is not under our control now. The two of us implore you to hurry back to Tianhu City and take control of the overall situation."

"Take control of the overall situation?" Yi Zhongrong raised his eyebrows, hummed, and asked with some disdain: "Do you think I will cause you any trouble if I stay here?"

"The villain dare not, just to ensure the safety of the young master, it is best to..."

"Needless to say, it must be impossible to leave, Wei Zheng, do you know what kind of temper I am? Is it possible for me to escape like this at this time?"
