

## A Killer 5821

Chapter 5821: Spies

"Well, just come and have your best dishes, and help me prepare a nice room and some clothes."

"Okay, I will arrange for the people below to prepare."

"Wait, you also see me like this now. Even I don't think I am a rich person. Why don't you worry about these things at all?" Li Tian raised his head and looked at the person in front of me. The fat man was very puzzled. He thought the fat man would tell him why later. Who knew he hadn't asked Li Tian's identity in the process.

It seems that he is not really interested in the identity of the guest in front of him.

At this moment, Li Tian couldn't calm down first, and said something proactively.

The fat man smiled: "Where is this place, Tianhu City, the closest place to Borderlands. Most of the people who come here are prepared to meet opportunities. These people certainly don't have much money, but here Naturally, he will not be stingy when he grows. Who doesn't want to spend more money when he dies? If that's not the case, then he is a businessman, but no matter what kind of person he is, he cannot be a person without money."

"Then what if you are really a man without money?"

"If you are really a person with no money, you will naturally have to pay a price for eating and drinking here, but this kind of thing has nothing to do with me." The fat man smiled and looked at Li Tian: "I read countless people. Just by looking at it, it is clear that you are not a simple character, and spending these days of coins is not a big problem at all."

He was a clever guy with a good vision, and he could clearly see Li Tian's identity.

This fat guy is much more reliable than the ones Li Tian encountered before at the gate of Guo's house. They haven't been able to see Li Tian's identity. This guy is very accurate in seeing people.

Seeing that he didn't seem to have much to say, the fat boss went down to settle these things, leaving Li Tian sitting here alone, and then slowly closed his eyes, and the spirit began to move slowly around like a spider web. After spreading out, he had to make sure that no one was following him.

At present, there are still two people in the Guo family who know their identities. Although it is unlikely that Guo Xiangyi and Cang Lao will reveal their identities, it does not exist that this kind of thing will not happen, and those who fled before may not be true. I don't know who Li Tian is.

If they expose Li Tian's identity, they will surely let his enemies rush over before then.

He wasn't ready yet, and naturally he didn't want to reveal his identity.

Of course, revealing his identity is definitely a bad idea. If possible, it would be better to keep concealing it like this. He doesn't know how many chances he has for survival this time in the land of no masters. This is why he wants to stay in the sky. Qicheng pretended to be dead.

First, I wanted Jin Chan to escape, and second, I wanted Ning Bing to cut off his thoughts.

If she knows that Li Tian died in order to find the Baicao Gate and help her restore her memory, then she must spend the next half of her life in regret, so that she wants to become a strong person on her own. It is also impossible for Li Tian to see this situation. This is why he made such a plan in Tianqi City.

He knows his situation very well, and he also knows what he should do in this situation to minimize the original loss.

Sitting in this position, the divine consciousness slowly spread out. At this time, everything that happened around began to be under Li Tian's control, and soon he found a suspicious guy.

I was chatting with the fat boss before, so I didn't put my attention on other positions, so I noticed it at this time.

After I entered the inn, another man also followed in, and sat down in an inconspicuous position. It seemed that he came here alone, but he was actually following Li Tian. of.

"Someone is following."

"Well, this person doesn't look like something came here, and there were very few guests here, but now there is another so-called person who is coming after you, where would this happen? A coincidence?" The Remnant Soul of the Ancient God also said contemptuously at this time. They all knew that this guy who came in behind Li Tian and looked like a person here was actually a spy.

His identity is very sensitive in this city, I don't know how many people are staring at him.

Not to mention the Guo family, the Yi family must have begun to focus their attention on Li Tian, relying on their own strength to defeat the Yi family's masters, naturally it is not so easy to deal with.

So they started to focus their attention on Li Tian at this time, always guarding against the kid doing unreliable things.

"Hehe, it doesn't matter if I really are a spy. They just want to know who I am. If the time comes, they will know it. If I don't want to, then it's not a problem. Work hard, and don't even want to find a trace of flaws in my body." Li Tian naturally also knew that the person behind this should be a spy.

It's just that I still don't know who this spy is from.

Is it from the Guo family or from the Yi family?

Or maybe, other people.

When talking, the fat boss came over and said with a smile: "Guest officer, your room is ready. This is the room number. In addition, the clothes and other things are all arranged. You will move in directly. Things are ready to use."

The so-called room number is actually a brand, which has a unique immortal power on it. Only when you get this brand can you enter the corresponding room.

"Thanks a lot."

"It should be we thank you. It's rare to see a few customers a day." The fat boss said helplessly, and then squinted his eyes and said to Li Tian: "It's all right now. Come here. We are here. It's getting lively again."

"If there is anything, I will take the initiative to find you." Li Tian said.

"Well, guest officer, please use it slowly. If you have anything to do, just greet you. We are waiting for your instructions 24 hours a day." The fat boss smiled and slowly stepped back. Li Tian was left alone, with a smile at the corner of his mouth, carefully watching the spy behind him.

## Chapter 5822: Suspicious Clouds

Li Tian didn't know who this spy was, nor could it be ruled out that it might be a spy outside of their family.

Looking at the entire God Realm, there are countless powerful masters, and maybe someone really guessed something from the corpse of Tianqi City before, so it was easy to find the body of Li Tian.

Time passed slowly, and within a short while, all the inn's dishes were served.

He slowly tasted a few bites, the taste was very good, but it was a pity that he opened it in such a place, it would be considered as burying talents, after all, the people who can go to such a place to eat are all a few of the few, who is free Will you come to such a place if you are okay?

After taking a few bites, he took his sign and went upstairs.

However, the corner of his eye was always paying attention to the spy behind him, and he had never forgotten to observe the spy behind him when he was eating. The expression on his face was also very serious at this time, and he took a careful look.

This spy cautiously followed Li Tian and went upstairs slowly.

He looked like he was looking for his own room, but his eyes were always on Li Tian's side.

"Such a low-end spy can be seen at a glance that it is not a subordinate of a powerful character. If a powerful character wants to investigate my identity, it is absolutely impossible to send such a person over." See the following. With such a blatant appearance of the spy, he also smiled helplessly, seeing that the level of the spy should not be very high. ,

In the process, it seemed that there were no flaws, but Li Tian had clearly understood what was going on long ago.

"Hehe, maybe they just want to know where you are, and then pay close attention to your next move. It seems that this time you came to Tianhu City, it really made the situation here more difficult to figure out. The old god's remnant soul said lightly. If Tianhu City was considered peaceful before, then everything has changed after Li Tian came here.

It seems that nothing happened at all, but it's not like this at all.

If Yi Zhongrong directly caught Guo Xiangyi and others in the wild before, then naturally there will be no problems next.

But now because of the appearance of Li Tian, the situation here has become less easy to deal with, and the problem has naturally become obvious.

Now Tianhu City, which looks like a calm and calm sea, is actually a huge volcano brewing magma. Once the time is up, no one knows what terrible energy will erupt next.

He opened the door, then entered his room.

The place touched by Divine Mind also felt the position of this spy.

"This guy is so bold that he arranged a room of his own next to my room."

"It seems the same as we thought. Their purpose of doing this is just to know what you are doing. If they don't take the initiative to attack, it's definitely hard for you to take the initiative. There is not much handle on this guy, and naturally there is no way to choose to start with her at this time." The Ancient God Remnant Soul said helplessly.

"Forget it, now Tianhu City is already very chaotic. These people can't manage their own affairs well. Since they are willing to focus their attention on me, then I have nothing to say, just a waste of time. That's it, I don't care." Li Tian shrugged his shoulders. When he came here, he was nothing more than purchasing some things to use in the land of no owner. These can be bought anywhere.

It doesn't matter if it is seen by others. ,

He wants to go to the land of no owner, can he really be blocked by others?

In the next few days, Li Tian began to buy things around here, looking as if he didn't know anything, but all the actions of the spies behind him were under Li Tian's control, without the slightest change.

In just a few days, he prepared some clothes and food to prepare in his ring. This was also to prepare himself for unexpected things after entering the Borderlands.

At the same time, I also bought a lot of high-end talisman paper.

These rune papers are naturally used to make spells, but this is done with great care, and I secretly bought some when the spies didn't find them.

Even if they see it, they don't necessarily really think that this young man can do something that they can't imagine. Who can think that such a young man is so powerful that he can make spells.

The profession of spellmaster itself is very rare.

Looking at the entire Tianhu City, there has never been such a thing in so many years. When a spell came here and wanted to go to the land of no owner, this is simply a forehead to be squeezed by the door to do such a thing Come.

The spellmaster only needs to dedicate his freedom, and the next life can be said to be carefree, and it doesn't matter what he does.

But going to a place like the Bordered Land is absolutely unimaginable. Who doesn't know that this is a life of nine deaths, can it be possible to go out here alive? Since they are all dead inside, then as a spell master, how sad should be.

After preparing these things, Li Tian directly shut himself in his room and started preparing to make spells. ,

In the next few days, I was going out to eat and eat, wandering around casually, looking like an okay person, in fact, he made a lot of spells in the room.

Of course, it must be absolutely confidential during this process. With the protection of barriers, there is no way outside to know what Li Tian is doing.

He hadn't done anything these days, and some problems soon appeared.

The Guo family and the Yi family have been waiting for the uncertain factor of Li Tian. Recently, they all know that a powerful teenager has appeared in Tianhu City. The appearance of this teenager may change their original situation. Therefore, both families began to become cautious at this time, not daring to make the slightest move, for fear that their carelessness would make the problem serious.

When he was on the road before, he had proved that his strength was terrifying enough, and now the two families have also begun to understand which family this young man is on, which may make the problem very difficult.

He is the most critical point to tilt the balance.

Chapter 5823: Evil beasts out of the cage

That night:

The sky was dotted with stars, and there was quietness in the city lord's mansion, it seemed that nothing happened here.

But at this time, you can see that many killers in strong outfits are gathering crazily at this time.

Naturally, this matter cannot be concealed by Yi Ze.

"City Lord, what shall we do now, the young master is summoning these assassins under his own hands. Obviously, he wants to fight the kid to the death. You know what happened before..."

"Do you want me to control him and not trouble that guy?" Yi Ze raised his head to look at the middle-aged man in front of him, snorted coldly, and said, "Where are we here? This is the City Lord's Mansion. , This is Tianhu City, I am the lord of this city, and now I have to deal with a family and still have to think about whether another young man's will have some influence on our plan. Do you think such a thing is normal?"

"There is no problem with what we did before, but now our relationship with the Guo family itself is already very bad, and we have fought many times in private. It is obviously not a reliable thing to provoke this young man at this time." The middle-aged man said helplessly.

"Who said that we did this time? Don't you know that there is another thing called murder with a knife in this world?" He smiled and looked at the middle-aged man in front of him, squinting his eyes: "Don't you Forget, Li Tian and Guo Rong failed in the negotiation before, and then Guo Rong arranged a spy next to him in order to determine what the kid was going to do."

"When I think about it, it's a pity that their plan this time was not a problem, but it's a pity that this spy was the first time this guy came to do this kind of thing, so in the process, he couldn't. I hide my identity very well. It seems that Li Tian knew what the identity of this guy is a long time ago." The middle-aged man widened his eyes, as if thinking of something: "The Lord of the City means, is it necessary to use... "

"I didn't say anything. Just leave this matter alone. Just leave it to young people like them. If you succeed in killing that young man, it will naturally be a good thing. If you fail, we will have

nothing. What kind of relationship can make their original connection break directly at this time? This should be the best choice for us." With a sinister smile on the corner of Yi Ze's mouth, he looked at the middle-aged man in front of him and said One sentence.

Time slowly passed, and the stars in the sky began to flicker even more at this time.

In the inn.

Li Tian is preparing spells in his room. Li Tian has prepared a lot of spells these days. Most of these spells are some ordinary lethal spells. The making of powerful spells takes a long time, and the whole process The consumption to him is also very huge, according to Li Tian's current situation. I don't even know what will happen to me in the next second, so in this situation it is definitely impossible to rashly waste my power on such things.

Although Li Tian is still wasting his own celestial power, if he really fights, it is not without any resistance.

Moreover, it is still in an upright place like Tianhu City. If an enemy really does something at this time, it will naturally cause some sensation, and the problem will naturally start to be solved easily.

As time passed slowly, his eyes widened suddenly, and the corners of his mouth rose slightly: "It seems that they have been quiet for so long, but they still can't stand loneliness and are ready to do it."

"These guys are probably also preparing some plans. I haven't done anything these days. Can't they be really investigating you?" The remnant of the ancient gods doesn't think it's been a long time, none of these guys. Do it, this is really an unusual thing. Although it is doing it now, it is probably because the investigation during this period of time seems to have played a role. ,

"Of course I can't control this kind of thing. If they have already made a plan, it doesn't matter what I do." Li Tian said, then broke his own window and jumped outside: " It's already here, why bother to hide at this time, who doesn't know who, I knew you were here a long time ago."

The leader of the killer captain looked at Li Tian in front of him, as if observing whether the young man in front of him was the same guy he knew.

After watching for a while, he nodded and said in a hoarse voice: "Well, our goal this time is this kid. Let's go together. This kid is very powerful. Don't give him the slightest chance. , It's best to kill this kid directly before this guy has time to prepare."

Li Tian smiled and looked at the assassins in front of them. They were all dressed in black and powerful outfits. They looked very powerful, but they didn't look like this at all.

"The strength of these people is really too weak, and I don't even have any interest in playing against them. It seems impossible for a person of this kind to deal with me? I can only say that this opponent doesn't seem to know me at all. What is his strength?" Li Tian touched his chin, looked at the killers in front of him with a smile, and whispered.

"Don't waste time, brothers will hurry to send you to death today." At this time, the other people began to lose their breath and moved directly towards Li Tian.

Smiling and watching these people do something to him, Li Tian didn't look very nervous. He just smiled faintly, and didn't take this matter to heart at all.

As time passed bit by bit, several assassins rushed up very quickly, but they also flew out very quickly. Basically, they didn't give them much chance. These guys were all smashed out.

"Look at your level, it's really funny that you came to assassinate me, do you really think that this strength can kill me?" Li Tian smiled and asked the assassins in front of him with a sneer: "Now Tell me who sent you to deal with me, or else I will directly ravage you to death, so that you can also know what the outcome of opposing me is."

With a sneer on his face, he looked very hideous, as if he was really ready to do so.

Chapter 5824: The Guo family?

"Does it matter who did it? Humph, you killed us or tortured us today, but it's impossible to get this information from our mouth." The killer captain pulled out one slowly. Bringing the long sword, he sneered: "Even if we die, we are glorious. Today, let you see how powerful we are."

When a few people were talking, they rushed straight up like this.

Seeing the serious attitude of these people, Li Tian snorted: "Didn't I already tell you? If you only have such a little strength, you can't beat me at all."

With a scornful expression on his face, as these assassins rushed up, he just twisted his body easily, looking like a flexible water snake, easily blocking the attacks of these guys in front of him. Down.

After squinting his eyes, raising his hand, a sword aura was directly released, directly causing the killers in front of him to fall to the ground. ,

Stepped on the killer captain's chest, smiled and asked, "You should know that there are many terrifying methods of interrogation in this world. If I use all of these methods on you, think about how you will How much time do you have?"

"Don't scare me, if you have a kind, just kill me directly."

"Kill you directly? It's too cheap for you. I also know that you all came here with a dead mind. After all, this strength is really whimsical to deal with me, the one above you The boss doesn't know what kind of strength I am?" When Li Tian spoke, a little pressure began to slowly appear under his feet, and the killer below quickly screamed fiercely.

At this time, he deliberately let his fairy power slowly penetrate into this guy's body, but in just a few minutes, he began to suffer unbearable pain.

This feeling of immortal power flowing in one's body is something that many people can't bear.

Li Tian smiled: "Well, this feeling is uncomfortable. Have you already felt that your body seems to be about to split, as if there is something terrible in your body? Ask for mercy?"

"Don't waste time, I am simply...ah..."

He hadn't finished this sentence yet, Li Tian directly cut off one of his arms with sword energy, and asked: "What about now? Can you continue?"

When he spoke, he took off the assassin's mask directly, revealing a whole ordinary cheek, but this cheek was all sweat at this time, even his expression began to become very hideous, God knows this guy is here In this process, how much pain was endured.

"I said, you don't want to know something from my mouth, what I don't want to tell you, even if you say more, I can't tell you." He stared at it with wide eyes. Li Tian in front of him said with a vow: "If there is a kind, you will kill me directly, but if you want to know something from my side, I advise you to give up."

"Hey, it really surprised me. I thought it won't be long before you will honestly tell me what I want to know. Now it seems that I still have to waste some time, but this is also Okay, let me see how hard bones these so-called powerful characters are?" When Li Tian spoke, his hostility began to slowly erupt.

---

"Patriarch, the major event is not good." At this moment, Guo Rong, who was sleeping, suddenly woke up.

"What are you so anxious about?" Guo Rong asked, squinting his eyes, looking at the old man in front of him.

"The big thing is not good. Didn't we arrange a spy before and have been watching that kid's every move? We haven't done anything these days. I thought it wouldn't be a problem anymore. Who knows tonight? Suddenly, a team of killers came and attacked that kid."

"Isn't this normal? That kid had offended Yi Zhongrong before. How could Yi Zhongrong let this kid go easily? Arranging some killers to assassinate it is not a big problem, but what I didn't expect was, They themselves have become very dangerous now, and they still have the mind to find other people's troubles, which is really..." Guo Rong shook his head and smiled disdainfully.

"The point is, those assassins are very weak, and they are killed in a single encounter."

"..."

At this moment, Guo Rong couldn't sit still. He naturally knew what was going on inside. If these killers were very powerful, then naturally they wouldn't be suspicious of them.

But if these assassins are weak, then it is very likely that their Guo family did it.

No one knows the strength of their subordinates in the Yi family better than these people in the Yi family. Li Tian can reverse these situations by himself, and naturally proves his own level.

If the Yi family made a move, they would certainly not give Li Tian a chance so easily. One shot would definitely be a killer.

As for the Guo family, although Li Tian successfully saved them, they may not really take the strength of this young man at heart. It is very likely that they will think that the strength of this young man is simple.

In this way, after something like this happened, he must have thrown the black pot on their Guo family the first time.

"Damn Yi Ze, this old guy is really an old fox. He's been thinking about messing with us before, but now I haven't given up on this idea. If I don't do anything this time, I'm afraid I really can't get rid of it. I'm in a silly pot." He stood up, clenched his fists, and said angrily.

"But what can we do now?"

"Yeah, what can we do now?" Guo Rong also asked faintly. Now this situation, they are really not good at changing the situation now.

Now even if they passed, it was impossible for Li Tian to believe that they did not do it.

"Let's go to the eldest lady and the elder right away. We are not suitable to come forward in this situation. Only the two of them will pass in person. Try to find a way to minimize the impact of this incident. The only thing that can be done." With a helpless sigh, this is the best way Guo Rong can think of now.

#### Chapter 5825: Interrogation

Li Tian looked at the killer captain in front of him. This kid really had a stiff mouth. He broke an arm and was tortured. It didn't make any difference.

"Hehe, you people's willpower is unexpectedly firm. It seems that if you don't use any special means, it is impossible to know some other content from your mouth." He chuckled and squinted. He looked at the killer captain in front of him and asked.

"Even if you work hard, don't even think about knowing anything from our mouths. If it is so easy to let you know, what killers would we do?" He sneered, looking at Li Tian in front of him, and said firmly. .

"Soon you will know what it will be like to fight against me. You can choose not to tell me now, but trust me, you will soon regret that you made such a decision." He hummed. With a sound, he raised his hand and directly lifted the killer from the ground.

Although the battle that took place here was not very intense, but the sound was not small.

Soon everyone in the entire inn rushed out, and then stared at Li Tian in front of him with wide eyes, and asked suspiciously: "What's going on, what's going on?"

The fat boss also came here soon, with the same questioning expression: "What's the matter, what happened?"

"But it's just being assassinated. I've encountered this kind of thing many times before. Do you really think I'm so easy to deal with when I am young?" Li Tian said, preparing to leave with the killer.

At this moment, groups of warriors in black armor all rushed up from one side, looking at Li Tian as if they were looking at their hatred enemy.

"Hey, hey, I don't seem to have done anything excessive to your Tianhu City, right? What do you want to do when so many people surround me here? Is there anything that offends you?" Seeing so many soldiers, Li Tian's eyes narrowed, and his heart was very nervous.

He is already a very dangerous role in Tianhu City, and these people are likely to randomly use a small mistake to attack Li Tian.

The soldiers in front of them don't seem to be very strong, but if they really start to delay Li Tian, there is no problem, and if he does openly war with Tianhu City, then he will definitely be famous in the God Realm. He will soon be known his true identity, which violates his original purpose, so at this time, he also left the killer in his hands with a cautious expression.

"You don't need to be alarmed. We are the guards of Tianhu City. We rushed over as soon as we heard that there was a battle here. Since you are here must be protected by us, anything that might be safe for your life Things that cause threats must be forbidden in our eyes." At this time, a young man stepped forward and looked at Li Tian in front of him with a smile: "They will be handled by us, is it okay? "

"This is not good, this guy still has a lot of things I want to know, and I can't easily hand it over to you for interrogation. What if you are in the same group as them?" Li Tian sneered, squinting at the front The young man, although he has already thrown the killer captain on the ground, if the situation is really urgent, he can also directly take this guy away immediately.

Smiling and looking at Li Tian in front of him, the young man's expression has not changed more or less, and this person is also an expression from the beginning to the end.

The atmosphere began to become tense at this time. Everyone didn't know what would happen next. Even Li Tian didn't know what he would do next. The soldiers in front of them must not be allowed to bring them easily. Go these killers.

"Your Excellency should be very clear that since you are in our Tianhu City, you must abide by the rules here. These people have disrupted public security and have committed our crimes in Tianhu City. Naturally, we will arrest them. It is also reasonable to catch the black hand behind the scenes. Don't you think so?" He stared at Li Tian in front of him, and finally came impatiently.

"Naturally, I also know that you are acting in accordance with your rules and regulations, but obviously the situation now is much more complicated than you think. I want to know who did it to me in the shortest time possible. Waiting. You come to interrogate, I'm afraid it will take a long time, and the final result may not necessarily be the result I want?" Li Tian still insisted on his own ideas.

He didn't know who sent these assassins in front of him. The identity of the spies before him has not been investigated, so it is naturally impossible to know what these assassins are.

But at this time, he must be unwilling to let this guy leave so easily, and bring so many people to make trouble for himself. How could he tolerate it?

Although it is said that according to the rules here, they must be handed over to the guards for interrogation, but he will never allow it.

"Your Excellency seems to want to do something with us. You also know that we have the rules here. No matter who is here, you must honestly abide by the rules here. It seems that you are not prepared to comply with this. It's the rules." The young man walked forward slowly, and pulled out a shining fairy sword in his hand.

At this moment, the two people were at a stretch, and the surrounding people also started to step back.

Especially the fat boss backed up a lot at this time, watching the young people in front of him carefully. What they are young people to do is definitely a hot-headed thing, and they may not even think that after doing this What kind of consequences would happen, he would naturally exclude himself from this situation at this time. If it was involved in this kind of thing, it would not be a good thing for the inn.

"Hehe, I have already told you very clearly before. You do have your own rules. I know this very well. Of course I understand it, but I also have my own way of doing things. Since this happened in my body, I hope to solve it by my own ability, rather than relying on you to help. We don't know what will happen behind this, don't we?" He was firm, even when facing This young man who has entered a state of fighting still has no intention of turning around.

#### Chapter 5826: Dissatisfied

Under the night sky, the entire Tianhu City began to become lively at this time.

This battle quickly caused a lot of chain reactions. Many people around were all lit up at this time. There were also many people who were more courageous. They stood up and watched carefully and wanted to know where What happened in the past period of time, but they were quickly disappointed. All they saw was a few young people confronting each other, but they never took action.

Li Tian is also very entangled at this time. He wants to take the killer captain away for interrogation. He believes that if he does it himself, this guy will honestly say all the things he knows in his stomach, even if he wants it. There is no such level of deception to conceal the past.

But unfortunately, it seems that it is not so easy to change this situation now.

This young man seemed to be the captain of this guard, and he was also a guy who didn't know how to work around. At this time, he had no intention of giving in.

The eyes of the two people became more and more fierce, and even gleaming, slowly showing a touch of murderous intent.

In this state of confrontation, neither of them said a word or moved. The whole person's attention was all concentrated in one place, earnestly waiting for everything that would happen next.

For a long time, Li Tian sneered: "Do you really think that people like you can stop me?"

"Even if you can't stop you from coming, you can delay your time. You must know that this is Tianhu City, our site, and not everyone can mess around here." He snorted disdainfully, and looked before him triumphantly. Said Li Tian.

"That's what I mean. This is your site. You can make whatever decisions you want here. If it is someone else, you might be worried, but I have never wanted to be controlled by others. , I said today that this guy is going to be handed over to me for interrogation. This result will definitely not change in the slightest. If you are ready to do it, you can come and fight if you are not satisfied." When Li Tian spoke, the aura on his body was released. Come a little bit.

Several relatively weak assassins began to struggle frantically on the ground at this time. They were already injured, and after meeting Li Tian, they had no combat effectiveness at all.

Not to mention now, facing the aura of a strong man like Li Tian, it is too difficult for a small character like them to face such a aura. The bodies of several assassins are beginning to be affected at this time. The control trembled.

At this time, the killer captain who was lying on the ground was also sweating: "I really didn't expect this kid's strength to reach such a terrifying level. It seems that it is really the same as what they said. This time the mission is almost impossible. Survived. '

"Your Excellency, I advise you to be more sensible. You must know that this is Tianhu City, but in our site, I don't know how many years no one has done this on our site. If you don't want it, just do it with us. If there is an opposition, just hand over the prisoner honestly. Everything will be easy to talk about afterwards, but if you are unwilling to cooperate with us in this way, then we can only think of another way for you to cooperate with us." He approached Li Tian while talking. Even though the suppressive power of this aura was terrible, he knew that there was no way to retreat at this time.

Even if there was a sea of swords and flames in front of him, at this time, he could only rush up with a brainstorm.

If he retreats here, it means that he has to bear all the responsibilities. He is just the captain of a small guard team, and he is not qualified to undertake such a major thing.

"Captain, why have so many theories with such an idiot? Since this kid is unwilling to cooperate with our actions, we can directly let him know his weaknesses. Then I will see what he can do?" Another young man also said something very upset at this time.

When they carry out their tasks, no one is obedient to them.

After all, it's the guards of Tianhu City. They don't seem to be very powerful, but if they offend them, the next thing they will face is the real army of Tianhu City. How many people can there be in this place? Can it compete with an army? Naturally, many people are cautious after seeing them and dare not say some nonsense.

After this situation lasted a little longer, the problem also appeared. It is not so easy for them to change this situation now.

I have accepted this feeling in my heart. I have accepted that many people look at them with fear in their eyes. Suddenly encountering such a tough stubborn as Li Tian, who dare to do something with them, who can be convinced?

"Yes, if you don't believe me, you can come up and try with me, but I'll put ugliness first. I don't want to cause trouble, but it doesn't mean I'm afraid of trouble. If you really want to fight me, You can go forward and have a try. If you die, don't blame me for not reminding you."

"Do you think this can scare us? If you are so easily scared by you, we don't deserve to be members of these guards." When the young man spoke, he turned to Li Tian this first. Bian rushed over. He thought that this young man couldn't do the things he said in his mouth. What kind of place is this? Maybe such a young man would let such a young man presumptuously on their territory?

This kind of thing has not happened before, and it will certainly not happen so easily after this.

"Unexpectedly, there are people who are not afraid of dying. That's good. Since you really want to use your life to prove something, I will do it for you today, and let you see the gap between you and me. Where?" Li Tian snorted, then clenched his fist, and squeezed out a magic formula in his hand. First, a fireball technique was thrown directly, and the next second was a huge fist smashed down.

At the moment of this process, Li Tian's eyes also flickered.

He stared, his aura instantly suppressed the past.

The seemingly powerful young man suddenly stopped at this moment, staring at Li Tian in front of him with wide eyes, as if something unimaginable had happened.

Chapter 5827: peacemaker

Aura.

The effect of the master's aura will change with their own strengths, and the average person's aura can only make others notice you at a critical time, but it is difficult to achieve practical results.

However, with the improvement of strength, the influence of the aura will gradually change. Similarly, it also requires the soul power to become stronger and stronger, so that its own aura will begin to change qualitatively.

At this time, Li Tian's aura was different from many others.

Don't think he is just a young man in the realm of gods, but his application in this area is not necessarily weaker than those powerful masters.

At this moment, facing the young man in front of him, he himself did not think of really killing the young man in front of him, so he just exploded his aura, and at this moment he directly pressed the young man in front of him like a pair of big hands. People don't need to look at them to know what they are feeling right now. This feeling is as if the entire sky has fallen and hit you.

'Ok... so uncomfortable, so terrible. The young man still maintained a very strange posture, and then stood on the ground stupidly and couldn't move.

If you say that he stopped by himself, it certainly isn't.

This posture is too uncomfortable, who would be willing to stop in this state?

Young people want to move very much, and feel that they only need to move, the pressure on their body will be relieved a lot, just like being liberated, but it is very difficult to move at this time, and feel that they are whole The human body seems to be held down by something, and at the same time the mouth seems to be blocked by something. At this time, normal breathing is a very difficult thing.

Facing Li Tian in front of him, it was also the first time in my life that I had this kind of opponent.

"Look at what you are like now, do you really think you are very good? There are many strong people in front of me, but I have never seen anyone who can underestimate me like this, and don't look at yourself. A little bit of ability, just want to rely on such a small amount of combat power to defeat me, it is too young." Li Tian looked at the young man in front of him with contempt, and then the fist in his hand fell directly.

At this time, there were already two people in the distance, one old and one young. It was the old man and Guo Xiangyi.

"What's going on? That kid seems to be a member of the guard, and he doesn't seem to be a simple thing. How can he lose his combat effectiveness so quickly when facing him? It seems that even a weak opponent It is impossible to limit his full power in such a short period of time. He looks like he has arrived in another dimension."

"This is not something that people of our level can think of. This kid's ability itself surpasses our original imagination. It can even be said that many people in the gods don't know the ability of Li Tian in front of us. How horrible, in this way, when facing this young man, there will naturally be many various mistakes. Such mistakes are likely to become the reason for their ultimate failure." The old man said helplessly. One sentence.

For Li Tian in front of him, he has always been incomprehensible.

I thought I was an old man before, after all, after living for so many years, what kind of things I haven't seen before, and various geniuses have also seen a lot.

But when I really saw Li Tian in front of me, I realized that this young man's abilities are really not simple.

"Then what shall we do now, do we just look at it like this?"

"Isn't the eldest lady still unclear? This is basically a farce self-directed and acted by the Yi family. If we stand up now and prevent this from continuing to develop, it will only intensify the conflict between us and Li Tian. In this way, the problem can only become more and more serious and more and more out of our control. This is not the situation we wanted to see at first."

"Indeed, what my father meant for us to come over was to resolve this conflict, but he didn't tell us exactly what we should do, so now, let's just look at it here?"

"Wait, I believe that the Yi family will definitely send someone over. If such a big thing happens, if they don't come forward to solve it, it will inevitably make many people think that they are a bunch of soft guys." The old man smiled. .

Sure enough, not long after the first fight there, an elderly man slowly walked over.

"Everyone, how about giving me a face to the old man? These things that happened today are a bit more complicated. How about taking a step back from each other?" The old man looked like he was very old, but his complexion was ruddy and his eyes were sharp. Like a sharp eagle eye, looking at Li Tian in front of him, he felt as if this guy could see through himself.

Li Tian stared at the old man in front of him and said, "Who are you and what do you want to do?"

"Hehe, this is Tianhu City. In the final analysis, it is still the site of the Yi family. It is not that easy to make trouble here, and the contradiction between you and them is not small. Now you should be very worried about them using this time. What is the wanted order issued to you thoroughly? At that time, even if you are a master, you can't leave. Isn't it the truth?" The old man smiled and looked at Li Tian and asked.

"You are right. If it is a wanted order from Tianhu City, it is unlikely that I want to leave here, but it does not mean that I will definitely be caught by you.

"Of course, but it's not that simple for you to escape from our hands. What's more, the position you are in now doesn't have any advantage at all. Even if you give you time, you can't catch up with us. I left here before." The old man looked swearing, as if he had been paying attention to the situation here before: "The strength is good, but he has not yet reached the point where he can challenge a major city."

Looking at this guy, Li Tian sneered in his heart, thinking that you didn't know where I was when I challenged Luoyang City.

At that time, relying on the strength of Li Tian and the help of the Zhuge family, it was possible to kill Lu Xiu and others. Now it is only in a small Tianhu City, and his strength is very different from before. Is it this way? Under the circumstances, will Luoyang City's situation be worse than before? He didn't believe it.

Chapter 5828: Step back each

"If you are here today, it will inevitably cause a lot of problems. We have lost our original mission, and you have to become our enemy. This is not the situation we want to see, isn't it like this?" The old man stepped forward and waved his hand. The soldiers who had been suppressed by Li Tian's aura on their knees stood up again.

At this time, Li Tian's eyes slowly became more serious, and he had never taken the old man in front of him seriously before.

Because the old man didn't want to show off his strength after he came here, he just said a few words lightly, and it sounded like a peacemaker, but no one would put such an old guy in his eyes. .

Naturally, Li Tian was like this. He thought that this old man was just a retainer of the Yi family, and could be regarded as an official.

Since it is like this, there is nothing to say with this kind of person.

Now I realized that his thoughts seem a little simple. Since this old man can get to this neighborhood silently, and he is still approaching here one step at a time when he hasn't noticed it, it's not simple compared to his own strength. If a person is just a retainer of the Yi family, then how many masters there are in the Yi family is now unknown.

"It's not easy to be able to blur my aura so lightly."

"Hehe, I'm a bad old man now, and I don't have much future. I may be like this in my life, but it's not like you young people, who have reached this point at a young age." The old man smiled. Looking at Li Tian in front of him, he snorted and said, "However, I still have some majesty here. As long as you are willing to cooperate with me, I promise to help you solve this matter."

"How to deal with it?"

"Don't you want to interrogate these guys? We can give you this opportunity to interrogate them, but you have to leave with us and interrogate them in our cell. No matter what method you use, as long as you can let them tell you the truth honestly, so that we both take a step back, and the problem will naturally be resolved easily, isn't it?" The old man still said calmly.

If it's just ordinary people, they will definitely be rejected by the surrounding guards.

But at this time they are all standing honestly, a few people are watching Li Tian carefully in front of him. This young man looks very immature, but he gives people a bottomless look. It feels like a bottomless pit, you will never know what kind of aura you will feel in this man.

After the old man spoke in this way, he also gave them both a step down.

If you really start, no one can take advantage.

What's more, the contradiction between the Yi family and the Guo family is becoming more and more intense. Any small factor may become the last straw to crush the camel. In this situation, I believe no one will choose to trouble Li Tian, right?

"This is a good choice, but the contradiction between me and you has reached this point. If I and you get to the dungeon, wouldn't I send myself in?" Li Tian's mouth raised slightly, revealing a weirdness. He smiled and looked at the old man in front of him: "Besides, I still don't know what your identity is, how can I believe that what you are saying is true?"

"It's not your fault. After all, I haven't introduced myself well before. I should be regarded as a right-hand man by the side of City Lord Yi Ze. This time I passed by here by accident and heard you arguing here, so I just came to see what happened. If I promised you, then naturally I won't regret it, otherwise we can't manage Tianhu City."

Right arm?

Looking at the peacemaker in front of him, Li Tian began to search in his mind.

During this period of time, I have obtained a lot of information in Tianhu City, and naturally I also know some masters around Yi Ze. It is said that Yi Ze was a very ordinary Sanxian a long time ago, all relying on his side. His friends and his own unique vision have only passed through the generals all the way. With today's high position, any powerful person can only rely on his own efforts to climb up step by step.

In this world, this kind of thing for nothing is really rare.

Although the old man in front of him looks ordinary, he has his own unique characteristics. Li Tian just glanced at him and quickly knew what the identity of this guy was: "You are the golden general Zhang Tong next to Yi Ze. Mr. Zhang Liang's counselor?"

"Hehe, that's just a matter of many years ago. I don't have the style I used to be. Otherwise, I won't stand in front of you, a kid, and let you talk to me rudely. Yeah." Zhang Tong waved his hand, as if he didn't take the matter to heart, but a satisfied expression flashed in his eyes.

He could have wanted to look younger, but he was totally unwilling to hide the traces of time left on him, so he didn't use Xianli to make himself look younger.

In this way, he became a bad old man in front of Li Tian.

I have to say that Zhang Tong still has the ability in Tianhu City, otherwise he would not let him sit in this position. Many people here are all aware of how huge the energy of this old man is. , If he wants to make a person disappear completely in Tianhu City, he can do it successfully without a few hours. ,

This is absolute power. This person has done a lot of things with Yi Ze before. It can be said that without this golden general Zhang Tong, perhaps there would be no Yi Ze today.

Therefore, he has always valued the golden general around him very much, and always allows the counselor around him to do his own things freely.

"Speaking like this, it seems that we still need to talk about this negotiation today?" Li Tian smiled.

"Naturally it is like this, hands-on is not a good choice, and it is easy to break the relationship between the two sides, are you right?" Zhang Tong smiled, his smile looked uncomfortable.

Chapter 5829: complex

Zhang Tong's name Li Tian was heard in the inn before.

This old man seems to have rarely appeared in the sight of these people in recent years, but the discussion about this old man in Tianhu City has never ended. Everyone really wants to know the strength of this old man.

When I was by Yi Ze's side, his cultivation was already very strong. Now that so many years have passed, his strength may become even more terrifying.

Although Zhang Tong had a very kind smile on his face, it fell in Li Tian's eyes, and looked like an unkind smile. There was always a feeling of coldness in the back, and he wished to be far away from this old fox now. One point, lest you follow bad luck.

But Zhang Tong himself seems to know this very well.

"If you agree, we will now let you take these people away. If you refuse, then the old man, I can only make you suffer a bit today." He looked at Li Tian and asked seriously.

"If I refuse, I will fight with you, but many people still don't know what your strength is, but it shouldn't be a very difficult thing to come to you to deal with a young man like me, or else neither do you Will follow me so much, right?" Li Tian smiled and asked Zhang Tong in front of him.

"Hehe, who can say this kind of thing very clearly, even if you are a young man, I don't know what your strength is. If you really start, I may not be yours. The opponent, no one can be sure before actually starting to do it, after all, hiding our true strength is also what we need to do most."

"Old man, let's hurry up and go out. It looks like they will soon reach an agreement. If they are like this, all the plans we have prepared have no meaning at all. Are you ready to watch this? The plan we worked so hard to prepare like this guy, all..."

"It's not the time now. When the two people are still negotiating, when we go out at this time, it is very possible to disrupt their cooperation. You are still young, so you don't know the doorway inside, but you must remember that When this situation is very tense, the more you have to remain calm and deal with the whole thing. Being too anxious will only make the problem more troublesome. This is not the situation we want to see. Are you clear?" He smiled Then, looking at Guo Xiangyi in front of him, said.

On the other side, the negotiation between Li Tian and Zhang Tong seemed to go smoothly, and both of them were ready to proceed like this.

But at this critical time, a not-so-good problem appeared.

"Captain Killer bit his tongue and committed suicide."

In this way, it would not be so easy for them to get information from these people.

This guy injected a lot of venom into his tongue, although Li Tian had been cautiously guarding against suicide when he suppressed this guy's actions before.

Who knew it was still unsuccessful, he had already knocked out the tooth, but in the end something like this happened.

Looking at the innocent Zhang Tong in front of him, he snorted: "It seems that there is no need to investigate this matter anymore. It is clear who did it when he fell on the ground."

"Do you think our Yi family are idiots?" Zhang Tong is also very entangled. He knows many key things in this matter, but at this time he has to pretend to be very good, especially the young man in front of him. Obviously, people are not that easy to deceive at all. At this time, they naturally start to become cautious. Every word and every action may affect the subsequent results.

"Hehe, who knows this kind of thing, I just know one thing, after you get here, this killer just died."

"This assassin has always been within your control. I believe you have always been on guard before. Worry about this assassin's suicide. Since he already has this ability before, why didn't he do it before, but chose to I didn't do anything until I came here. Although you look young, but you can break into this kind of place alone, you are definitely not an idiot. Naturally, you can understand what I mean by these words." He snorted. It seems that he is dissatisfied with Li Tian's attitude.

I have to say that Zhang Tong is really an old-fashioned guy, especially in terms of acting. Even compared with Li Tian, he is not much inferior. At this time, it gives Li Tian the feeling that this guy really matches this one. Things are not at all related.

"This is a bit tricky. After the killer captain died, our clues were cut off. It's not so easy to know the black hand behind the scenes."

"I always feel that this looks like a well-designed trap, but who is active and who is passive is still unknown, but no matter who is active, it must be in two aspects for you. A choice is made." The ancient god's remnant soul's voice sounded just right: "Do you have an idea now? If you don't, you can only follow them back to investigate."

"What can these little guys know?"

When they were very puzzled, Guo Xiangyi and Cang Lao showed up. The two of them also walked over, and then looked at Zhang Tong, Cang Lao said with a smile: "What kind of wind, can all the famous golden generals run here. I've heard about it before, because Tianhu City has a thin aura, and Jin Jiang has always been wandering outside. Why did he come back suddenly?"

"There have been some wishful thinking in the city. At this critical time, I naturally need to come back to deal with these problems." He didn't turn any corners, just looking at the old man in front of him, and said with a sneer.

Looking at the guy in front of him, the old man smiled slightly: "So, it looks like you have other things to do when you come back this time?"

"These have nothing to do with you. When did the Guo family begin to become so verbose, and always want to know something from my mouth, do you think you can change something if you know something? Up?"

At this moment, the two old men are battling each other, looking at who is not willing to let go, maybe they will do it in the next second.

But Li Tian was wondering at this time that it was not a coincidence that these people appeared. What is the meaning of their appearance here?

Chapter 5830: Suspicion

The atmosphere that was originally embarrassing began to become even more embarrassing at this time. A few people stood still and didn't know what to say. Who would have thought that their important interrogator would be like this at this critical time. died.

Several people stared at each other, and at this time they looked like they didn't know what to do.

Li Tian looked at them and snorted and said, "I think you should also know what the result is. Originally, this prisoner wanted to stay and hand it over to me, but now he is dead. Don't you plan to give me a reason? I'm not here to watch the two of you quarrel, what conflicts between you, what will happen, does not make any sense to me, I only need to do what I want, nothing more."

His attitude is not very good, and he is also very serious when speaking.

Several people squinted and looked at Li Tian in front of him, and then the old man said: "This time I only care about your situation. I just heard that you were assassinated in Tianhu City. We could not repay you before. , I feel very guilty. If you are assassinated by someone because of these things, we will feel even more guilty."

"Just a few simple killers like this can really kill me?" Li Tian lifted his foot and kicked the killer under his feet, with a slight disdain in his tone.

What is his strength?

These few killers may be their opponents?

Thinking of his previous negotiations with Guo Rong, now Li Tian has to start to suspect that this matter really has something to do with this guy. Otherwise, why would there be so many assassins for nothing?

The most important thing is that these assassins didn't seem to want to kill Li Tian from the beginning. Their strength could not be Li Tian's opponents. Coming here is more like a direct death. As for them What is the purpose of doing this? This is when the benevolent sees the benevolent and the wise sees the wisdom.

The people that Li Tian doubts most may have been sent by the Guo family at all, because he had some conflicts with Guo Rong before. Originally, Guo Rong could use the relationship between Li Tian and Guo Xiangyi and others to let this young man help him. In dealing with Yi Jia, the result was that the young man's determination was underestimated, so that the two of them failed to negotiate. Now Li Tian thinks that the whole thing may really be controlled by the Guo family.

He is now in a neutral position, but no one knows what choice Li Tian will make afterwards.

After Cang Lao and Guo Xiangyi repeatedly reminded him of his greatness, I believe Guo Rong also knew what the price would be if such a young man became their enemy, and he would naturally know how to deal with Li Tian.

This time, the cause of such an incident is just to make the conflict between Li Tian and them more intense. If this happens, many things can be resolved naturally.

As long as Li Tian thinks that the killer dispatched this time was dispatched by the Yi family, he must stand on the opposite side of the Yi family.

"Hehe, don't bother to spit their mouths. Although they didn't say anything, the few people standing here are not all idiots. Everyone knows what these things are going on. Why do you hide them like

this? Can it make you more relaxed?" Zhang Tong didn't look very anxious, just said a little, it seemed that he was not very happy.

Looking at Zhang Tong with a smile, the old man said: "Yes, everyone is smart. I said it doesn't matter what these things are. Even the famous Jin Jiang has personally participated in this matter. I think there must be a lot of things behind this incident that we don't know, but what are they? I don't think you would be willing to tell us."

Zhang Tong squinted his eyes and turned to look at the old man beside him. He seemed to be threatening something, but when the conversation turned, there was a little more flattering meaning: "I didn't expect that even Miss Guo came here in person. I really care about this little brother."

"Hmph, this is natural. He is our lifesaver. There is nothing wrong with paying attention to our benefactor, right?" Guo Xiangyi also has no good impressions of the golden general Zhang Tong in front of him, speaking. It was also cold talk at the time.

Li Tian looked at them and laughed: "A few of them want me to wait for you to finish their quarrel and deal with these things in my hands?"

"This matter is already the case, and I have nothing to do. If your Excellency plans to count this matter on our Yi family, then it doesn't matter naturally. It is difficult for us to continue to help at this point." Zhang Tong Still with a harmless smile on humans and animals, looking at it as if a dead pig is not afraid of boiling water, there is nothing to say, turning around and ready to go.

The soldiers of the guards behind them were a lot more cautious at this time and began to search for any other toxins in the mouths of the killers above.

But the old man cautiously stepped forward at this moment and said in a low voice: "The water in Tianhu City is deep, many things..."

"I'm not a kid either. I know exactly what is going on. I don't need you to influence my thoughts." After interrupting what the old man wanted to say, Li Tian just gave a faint glance. At a glance at Guo Xiangyi, his tone didn't sound very good: "I don't want to say anything to you at this point. If there is any need in the future, please contact me."

"You..." Guo Xiangyi looked at Li Tian's back and suddenly felt like he had lost something.

This feeling is as if a child has lost a beloved toy.

She knew that it was impossible for herself and Li Tian, but there was no way to restrain herself, and she could not help but move her thinking closer to Li Tian.

Seeing him leave, she could only helplessly reach out her hand, and finally fell down.

"It seems that he already has his own thoughts on this matter. If we continue to talk here, it is nothing more than causing some trouble to ourselves. What we should do next depends on the boy's own wishes." Cang Lao He sighed helplessly. Although Guo Rong wanted to change the situation in front of him, it was obvious that Yi Jia was very clever. They hadn't noticed it beforehand, and there was no way to prevent it. After the incident happened, it would not be easy to restore it.

"That's all?"

"That's all."
