

## A Killer 5831

### Chapter 5831: Night dive

"Tianhu City can't stay!"

"Yeah, they have all fallen on me the key point of this battle. At this time, they just want to provoke me to take action, but if I am sure that I will not take action in the third quarter, the next goal may be I have been killed. Although I don't know who my enemy is, it is clear that there are too many people who can attack me in the situation before me." Li Tian agreed with the theory of the remnants of the ancient gods.

He is already extremely embarrassed in this situation now, and if he continues like this, he will not think of what the result will be.

At this time, there are so many people who want his head in the head, if they continue to stay here, what else will happen.

He doesn't seem to have anything to do with anyone right now, but the situation before him must force Li Tian to make a choice. No matter which side he is on, it is not a good thing. He knows very well that he came to Tianhu City this time. What's the purpose of it, is to seize the time to go to the Borderless Land and find the Baicao Gate, to find a way to save Ningbing from their hands.

Except for this matter, nothing has the slightest meaning to Li Tian.

What does the struggle between the Guo family and the Yi family in Tianhu City have to do with him?

Back to his room, the fat boss waited at the door early: "Dear guest, you are fine, you are fine."

"You are waiting for me here, what's the matter?" Li Tian smiled and looked at the fat boss in front of him. After getting along these days, the relationship between the two people is much closer than before. He is also very close to the guy in front of him. It's kind of understanding, I can't say that I hate this guy, but I always think this fat guy is weird sometimes, but it's hard to describe.

"This....."

"If you come to me for compensation, then naturally you don't have to worry about it. This time because of the loss I caused, I will take it all by myself. No matter how huge the compensation is, there is no problem." Looking at him, Li Tian He said directly: "Of course, if there are things that have nothing to do with me, I will definitely not admit it, how about it, can you tell me what happened now?"

"I'm just here to see if the distinguished guest is injured. If you are injured here, it won't be great." The fat boss said with a grin, and then asked cautiously: "And looking at the strength you showed today, it seems to be very good. It looks amazing. The soldiers of the guards are not weak anymore. They can't hold on for so much time in front of you?"

"You are not a cultivator, so naturally you can't feel the gap here. When you can feel it, you won't think it is something impossible to take root." He smiled and looked at the fat boss in front of him, and he stepped forward. He patted the fat boss on the shoulder and said, "Of course, I'll give you a suggestion. Don't touch the things inside. Human greed is endless."

Although the fat boss has no strength, he is not respected by the strong here.

Look at his inn, it's been a long time since it's been open, but life is still relatively moist.

What Li Tian wants most now is nothing more than this kind of life. He can live a carefree life. You don't need to worry about who will assassinate him, and you don't need to worry about what you should do next. Only by becoming stronger can you protect yourself.

The overall safety of such things lingers in his mind, as if his life depends on these things to fill, he is already very upset.

If he didn't want to restore Ning Bing's memory, he would have found a place to live in seclusion with Ning Bing, and when he was strong, he would look for a way to save his former friends, so that his entire life would be complete.

But obviously, his idea is very good.

But really wanting to achieve such a thing is not as simple as imagined. It has only been so short a few months. There are so many things that happened to Li Tian, it is really hard to think of himself. After entering the God Realm, life will become so difficult, completely different from what I had imagined before. If I knew this before, I shouldn't have taken this path back then.

"Hehe, I also know what I am capable of. In the past few years, I have never thought that one day I can become a powerful master, because I know very well that I don't have that strength at all. Now thinking about those things is adding a burden to myself. I am not an idiot either, I naturally know when to do something." The fat boss smiled wryly and said: "It's just that I really want you to help me. If someone bullies me in the future, I can Report your name..."

"You value me too much. You can control others by being famous. I think I will reach the level of the \*\*\*\* king or above, like I am just a small fairy. Looking at the whole \*\*\*\* world, it is better than me. There are more people going, what qualifications do people like me have to be your patron saint? If others hear it, wouldn't they make you laugh alive?" Li Tian said helplessly, thinking about it With his current strength, how could he protect the fat boss in front of him?

"This....."

"Go back and rest, it's getting late. I'm leaving here tomorrow. Tianhu City can't stay any longer." Li Tian shrugged helplessly. According to his own plan, he still has to prepare for a long time here. It's going to the land of no owner, this rumored place where there is death and silence. If you don't prepare well, you may not know how you died in it.

"You... are you leaving?"

"Well, staying here is definitely not enough. You have already seen these things that happened today. Now that someone has begun to put the key to their internal struggle on me, if I stay in this place, It's just a little bit boring to ask, since I'm like this, it's better to leave here early. I'm just a small fairy and I don't want to participate in these things." After Li Tian finished speaking, he faced the fat man. The boss smiled awkwardly, opened the door and entered his room, then there was no news.

The fat boss stood at the door and waited for a while before he sighed and shook his head.

Only a faint light appeared in the eyes.

This night is destined to be extraordinary, but the following things have nothing to do with Li Tian. After this incident, you can sleep peacefully.

#### Chapter 5832: Make things difficult

"You mean, he is going to leave Tianhu City???"

At this time, in the study room of Yi Ze, the Lord's Mansion, Yi Zhongrong and the Lord Lord were all sitting in their seats, as if they were discussing something.

"It seems that our actions tonight still played a role. This kid now knows what kind of environment he is in. If this continues, he will be killed soon." Yi Ze smiled and looked at Yi Zhongrong in front of him, and said.

"But this kid has killed many powerful masters in our hands. Is it necessary to let this kid out of here so easily?"

"Otherwise, are you still going to make things difficult on the portal? Although it is not a problem, it is impossible to make things difficult like this forever. After all, we are a city lord, even if I am a city lord, it is impossible to do everything Right and left." Yi Ze smiled and looked at Yi Zhongrong in front of him, and asked: "Our plan this time was to provoke the relationship between the Guo family and Li Tian, but now it seems..."

"The plan failed. Not only did this kid not intend to participate in these things, he even thought of leaving Sky Lake City like this. If this happens, our idea will be more difficult to realize than before. This kid doesn't intervene. Our fight with the Guo family has naturally become very difficult." Yi Zhongrong said helplessly, if Li Tianzhen stood by their side, it can be said that the situation is very good.

It is not that difficult to deal with the Guo Family with this little power in their hands.

But it's a pity that they can't control Li Tian at all. This kid is like a wild horse now, how can he control it so easily?

"In other words, he doesn't know who did all the things behind the scenes. No matter what direction he analyzes, it seems to have a great relationship with our two families, but with us a little bit. Only, he didn't want to really fight with the Guo family, so he chose to retreat at this critical time and left all these things behind."

"It's a pity that Guo Xiangyi still has a soft spot for this man. If it were me, I would have killed this man a long time ago. She didn't stand up at the critical moment, but wanted to let herself survive. To leave this place of right and wrong, such a man who has no responsibility..."

"I know you want Miss Guo's family, but what you said is not very correct. He is right to leave Tianhu City now. Although the conflict between us and Guo's family is not small, there will be no way to fight for a while. There is also a lot of time left for both sides. With this opportunity, you can actually do a lot of things, but if he chooses to stand in the team at this time, then we don't have much time to prepare next, and we are about to kill them. "

"I absolutely can't allow this kid to escape from my hand like this. No matter what, I will stop it today, and let this kid know what will end up offending me in Tianhu City." Yi Zhongrong stood up and shook hands. Fisted and looked at Yi Ze in front of him: "The dead men who have been preparing for so many years seem to have some effect. We must give them a little bit of color."

"Hehe, I've heard of the power in your hand before, but I didn't expect you to be dispatched back even with a team. It seems that this time you really want to kill this young man. Do you hate it so much?"

"Very hate."

"Well, this time I can give you a chance to accomplish your goals by yourself, no matter what you do, but you have to know that this is Tianhu City. I can't really think that anything has never happened. ."

---

The morning sun slowly shone into the room, Li Tian slowly opened his eyes, and then let out a long breath.

I slept quite deep last night, and I felt like I had a wonderful dream.

At this time, I opened my eyes and looked at the time on my wrist. Then he smiled and said, "It's almost time. I have wasted so much time here, so I can choose to leave this ghost place. ."

When he left from the first floor, he settled all his expenses here, and then left with a big swing.

Li Tian, wearing a white robe, looks like a spellmaster, but there is a lazy meaning in his eyes, and all his power is hidden. It is like a kid who has escaped. Who would have thought that such an inconspicuous young man was actually Li Tian who was famous in the city of Tianqi before?

The so-called teleportation array is the union in the main city.

When he came here, he found that there were few people in this teleportation array, even if there were people who came here, they all looked desperate, as if they were going to \*\*\*\* next, they couldn't see it at all. To any emotional color.

‘Haha, it seems that these guys who came here really came here with the determination to die. ’

When he stepped forward and took out his sky coin to prepare to pass, he was stopped by two guards: "Where is the profound stone?"

"It seems that I don't need this thing, I just use your teleportation array to go to the land of no owner, do I still need this thing?" Li Tian squinted the corner of his mouth slightly, and asked somewhat reluctantly. If Profound Stone comes, he will definitely expose his identity directly, and it won't be that simple to leave here by then.

"This is our rule here. If you don't want to hand over this thing, we can't let you pass."

"It's the first time I have heard such a strange request in many major cities. If I don't show you this thing today, you will definitely not let me pass, and you will also take action against me. Is it like this?" He smiled and looked at the guards in front of him, without thinking about knowing that these two men were threatening Li Tian.

If it was before, he would definitely take a lesson directly.

But the expression on his face was helpless at this time, and he snorted: "I'll give you a chance. When someone comes over, I won't let you handle this matter."

"It's useless for anyone to come. As long as you don't want to hand over the profound stone in your hand, it is impossible to pass here."

#### Chapter 5833: Poison

Li Tian's fist slowly clenched and looked at the two guards in front of him: "I'll say it again, get out of here."

"Hehe, if you don't give us something today, we won't let you pass."

He was very angry. This teleportation formation was in front of him. If the two guards in front of him were really not going to let Li Tian pass, then he could only choose to pass directly with a tough attitude.

There is no alternative.

Anyway, he is now a very mysterious identity. If he rushed forward so forcefully, as long as he passed the teleportation array, they probably wouldn't pursue any further investigations.

After all, it's just a place near the Borderless Land, how can it survive there?

And right now in a room far away, Yi Zhongrong knocked on Erlang's leg and hummed, "Hmph, now it depends on whether this kid is Li Tian, if he is really Li Tian, It is definitely impossible to hand over our profound stones to us at this time. In this way, we have determined the identity of this person, and we can get a lot of benefits from killing this guy."

"Master, it's true that we can get the benefits, but there are also a lot of friends around this kid, something like this happened..."

"Do you know or I know, this kind of thing happened, but it doesn't mean that there will be any problems." Yi Zhongrong snorted and looked at the two guards who were arguing with Li Tian in the distance: "You look Well, according to Li Tian's previous temper, he might have knocked the two guards down on the ground. At this time, he thought that as long as he passed this teleportation formation, everything would be okay, but he never thought of it. This was originally our plan. ."

You must know that this is Tianhu City, even if Yi Zhongrong sent someone to assassinate him, Yi Ze couldn't assume that nothing happened.

In this way, he must send his own army to fight against Yi Zhongrong's assassination team. This is completely internal fighting, and no one wants to see this kind of thing.

So at this time, Yi Zhongrong thought of a way,

That's forcing Li Tian to do it himself. This kid's character was like this before. He never thought about the consequences of doing things, and only seriously considered some serious things.

Can this kind of person be a simple character who can kill the son of the city lord in Luoyang City?

He was gambling at this time. Was the kid in front of the gambling Li Tian? If it was Li Tian, all the plans they made at this time were definitely successful.

According to his previous character, Li Tian must be thinking of rushing directly here, anyway, there is no owner, so naturally there is nothing to be afraid of.

If it weren't for Li Tian, at this time, hand over the profound stones in their hands and pass here honestly. They can only assume that nothing has happened. At most, they will send some people to follow up. If they can't get rid of this kid, That is really destined.

Sure enough, at this moment, Li Tian's brows frowned, and then he gave a cold snort, and the aura all over his body was released.

"Look, knowing yourself and the enemy can win all battles. This kid probably doesn't know that I know him so deeply, so naturally he also knows how to let him slowly walk into our trap by himself." He snorted. Looking at Li Tian in front of him, he slowly stood up and said, "Inform the poisoners, it is time to let this kid know how good the people I have cultivated over the years are."

"It seems that you are ready to do it?" The two guards squinted and looked at Li Tian in front of him. The swords in their hands had been pulled out.

"It's too immature to rely on you two to be my opponents. I don't even need to go all out to deal with the two of you. If I were you, I would be honest at this time. As if nothing happened before, instead of talking so much with me here." Li Tian snorted and rushed directly.

At the moment of this electric flint, a black dart almost wiped his cheek.

After the dart fell on the ground, he immediately uttered a "chichichichi" sound, which must have a very powerful corrosive effect. Once you touch this venom, God knows what will happen.

In just a few seconds, several men in black costumes appeared beside him. Their faces looked dark, as if something black was creeping under their skin. He is also extraordinarily mad. If you don't know, you will think these people standing in front of him are crazy.

But it turns out that these people are not crazy.

"These people are not easy to deal with. They have felt very strong fluctuations in the immortal power, and they still use toxins to fight, so we have to be a lot more careful when fighting."

"Hehe, it seems that these guys are not willing to let me leave this ghost place like this. Now they are thinking of trapping me here, but their methods this time are really too much." Li Tian shook himself. With his fist in his hand, he squinted at the men in front of him, and sneered: "It seems that you are forcing me and are standing opposite you."

"This doesn't need you to worry about it. Even if you dare to do this in Tianhu City, you are simply seeking a dead end. Our original mission is to protect the safety here. Since you kid does not live or die, I will give you a happy life today "The leading poisoner sneered at Li Tian in front of him, and then quickly threw a few darts.

So fast!

The speed of the darts is very fast. Before Li Tian could react, the opponent's attack was almost at his side. At this time, he could only panic and circulate his own fairy power wildly. With a shout, countless sword auras burst out of his body, violently hitting these darts in front of him.

"Do you think this can stop my attack? It's just a joke." The poisonous man in front of him sneered, only to see this guy's hands move a few times, and the darts in the sky also moved.

You can actually operate these darts with the power of immortality. In this way, doesn't it mean that no matter what actions I make, I can't escape the opponent's attack?

## Chapter 5834: Seriously injured

"Don't think about it, we have been preparing for a long time to deal with you, this kid, today you are destined to be a dead end, honestly go to death." The poisonous guest said, and then several other people started to do it.

Their boss seems to be playing darts.

The other person controls the poisonous mist. As soon as he shoots, he directly dyes the surrounding air purple, and the surrounding area instantly turns into a purple poisonous mist, and he can breathe in this poisonous mist. Poisoned his body.

Li Tian leaned behind this back while looking for the location of the teleportation array.

"Wishful thinking, since you delivered it to our mouth, don't think about leaving from our hands. This is the coffin that has been prepared for you for a long time. You are destined to die here today, so why bother to struggle to death? Isn't it a good thing to die just like this?" A poisonous guest laughed and said, "The damage of these poisonous fog is not instantaneous, which means you can't feel anything at the beginning, but with the battle As time goes by, you will slowly discover that your body is full of such speeds, so if you want to control your own fairy power, it's not that simple."

"We are all professionally trained drug-traffic teams. Using drugs like this is simply something that we are born with. Now that we have decided that so many people will deal with you here, don't think about it from my hands. Fleeing, any one of our prey, there is no way to escape."

Li Tian didn't speak, and he hasn't encountered any danger since he came to Tianhu City. He even naively thought that if it was his own strength, even if many people blocked him, he could easily leave this place. Since it is like this If so, why bother worrying about this and that all day long?

Therefore, I never thought that one day I would meet such a difficult opponent in Tianhu City.

In other words, it is such a dangerous opponent.

These poisonous mists seem to be nothing, but like a chronic poison, it is eroding Li Tian's body little by little. His reaction time here is getting slower and slower, and the danger will become more and more. Big.

"Damn, I didn't expect that one day I would encounter such a difficult opponent. I thought I could easily change something, but now that I think about it, it seems impossible." He clenched his fist, and then slowly closed. With eyes closed, although the process is very difficult, he still endures very hard during the process.

The opponents have already used such tricks, and now Li Tian has no retreat.

He can only choose to allow himself to enter the realm of heart-like water, and then he can slowly figure out what the movements of the people around him are. He doesn't know the strength of these poisoners, but he understands that fighting them is not so. Simple things.

Seeing time passed bit by bit, the poisoners did not rush to attack. ,

'Could it be that these people know what my current state is like, so they are not in a hurry to attack me and want to molest me in this state? 'Li Tian also felt that these

poisoners did not attack him. Obviously in this state, they should be able to deal with Li Tian very smoothly, but at this time none of them did it, which made Li Tian very embarrassed. Up.

"Very anxious, why we haven't attacked, you must be very nervous where is our attack?" At this moment, a very ethereal voice suddenly appeared in the surrounding poisonous fog, the next second The bell is just a few darts flying over quickly.

Li Tian had just entered the state where his heart was still in the water, so he heard the sound of the darts flying quickly, and subconsciously wanted to shift his position.

When Yuan saw that this plan was about to succeed, a green snake suddenly appeared in front of him, and he bit his trouser leg directly.

Soon, he felt a bit numb in his left foot, and his body was shaking slightly, as if it might fall to the ground at any time, and the dart hit his shoulder at this time.

"There is no way to use this trick of Void Leap. If it's not that I don't know the identity of these people, if it's not that I haven't shown my strength, I would even suspect that they know my identity. The way to target me." Li Tian said helplessly. He hasn't exposed anything now, but when faced with these poisoners, there is absolutely no way. ,

These poisoners were born against Li Tian.

These poisonous mists filled the surrounding area, and Li Tian could not use the void to leap out of here, and the poisonous mists were still eroding his voice bit by bit. If this continues, the situation will only become more and more dangerous, and the scene will be more and more dangerous. It's hard to control.

But now it is injured again, and it is even worse.

"Damn it, I didn't expect that one day I would die in such a place. I thought I might be able to leave this ghost place, but I didn't expect it." He was helpless. The feeling of numbness in his body is now clear, even now. I can feel that many parts of myself are not at their disposal, and even the fairy power in my body cannot be mobilized at this time: "It's really fucking, these \*\*\*\*\* are simply my natural enemies."

"It's that you haven't matured yet. If you mature, you can have a little vigilant attitude towards them before the battle, so that you can react before, now that you have fallen into the trap of others. It is naturally very difficult to change this embarrassing situation." The voice of the remnant soul of the ancient \*\*\*\*\* was surprisingly calm at this time, as if he was not worried that Li Tian would die in such a place.

Li Tian is not very worried at this time.

He suddenly thought that he still had a trump card that he didn't use.

That's the little witch who had a fate on the sky boat. I haven't seen her take any action since then. Now she is about to die, and in this state, the little witch should do anything to help. Right?

"How about, you have been poisoned by us, you should feel it now, you can't change anything at all, wait for death honestly, this is what you need to do most now." A voice said. , Then a few darts were

thrown over, ready to take Li Tian's life directly, they didn't think about interrogating, after all, the above task was just to kill this kid.

#### Chapter 5835: Life and death

The toxins of these poisoners are very strong, and only a little exposure does not take long.

But in just a few seconds, you can feel that your body is out of control, and there are many feelings of paralysis, especially the immortal power in your body is starting to be out of control, just like a river flowing into the sea. It is running on the original trajectory, but it is obviously impossible to continue the past.

At this moment, there was a strong wind in his ears, and Li Tian was almost desperate. It was too difficult to leave here in this situation.

"Bang Bang Bang"

A few blood holes appeared on his body again, and he didn't know how terrifying the power on these darts was, so he knocked Li Tian into the air, and then hit the ground heavily, his mouth was just like a ball. The blood vomited out.

This vomiting made the body much more comfortable.

"Hey, this kid is quite patient. We have used so many methods one after another, and he is still alive." A hoarse voice said with some curiosity. Obviously these poisonous men thought they were there. Under such an attack, Li Tian must have died. After all, the toxin is very strong, and a powerful person like Li Tian can't stay under this toxin for long.

"It's not that easy to kill your grandfather. Even when I'm dying, I'm definitely going to pull a backside hapless guy. Rather than being surprised here, it's better to hurry up and think about who will be pulled by me. The unlucky person who came to cushion his back." Li Tian stood up from the ground swayingly, and now he is the only one who knows his current condition, and the blood in his body is constantly flowing out.

Moreover, the toxin has penetrated into his body. He relied on constantly stimulating his nerves with injuries, and then he barely got up from the ground.

But even in this way, the situation is still not optimistic.

"Hehe, although I don't know who you are, but you can be considered a good master for so long under the attack of a few of us, but your persistence is meaningless. Today you have no The way to escape from our hands, instead of this, it is better to give up early. If you die earlier, you don't need to be tortured. Why persist in this way?"

"I've said that even if I am about to die, I will definitely get a bad luck. It's not that simple for you to want your grandpa to die here." Li Tian yelled, and then slammed his feet into the ground. Following a slight tremor, some turbulence of immortal power burst into the body, trying to disperse the poisonous fog around, but ultimately failed.

"It doesn't make sense. Those who fight against us must know our methods at the moment they start their hands and be able to take precautions, otherwise they will obediently become ours when they don't even know what's going on. The soul is dead."

'vomit'

Another mouthful of hot blood spurted out of his throat, which almost made Li Tian dizzy.

He barely supported his body, but in the poisonous mist, he couldn't see where his enemy was. It is obviously impossible to enter the state where his heart is still like water. He can't see everything happening around him, just like a blind man. Similarly, there is no way to use the heart to feel anything. At this time the enemy is attacking, and he can only dodge by instinct.

Or if you just use your own body to eat hard, the situation has become quite bad.

"It seems that it is impossible to leave here in a normal way. They may have closed the teleportation array directly, so even if I find the teleportation array in this poisonous fog, it doesn't make any sense. Is it really true? Heaven is going to kill me, must I die in this place?" He whispered, his throat kept vomiting blood, and then he didn't know how long he persisted, and finally he sat down on the ground.

The body began to be out of control again, and this time it felt even stronger than before.

The only thing Li Tian can feel right now is that his head is still his own, and everything on his body has no effect at this time.

I smiled helplessly: "It's ridiculous that I naively thought that there was no danger at all here, but I didn't expect that I would end up like this in the end. When I didn't show all my strength, I would just die like this?"

"Well, you should now know what the fate of offending me is?" At this time, Yi Zhongrong's voice came from outside and said disdainfully: "Damn guy, originally we planned to It went smoothly, but it was because of your appearance that caused the mission to fail, and I was punished for it. I must let you die today."

"It seems that it's not a day or two that you want to kill me." Li Tianxiu laughed. Hearing this voice doesn't have to think about who it is. It should be Yi Zhongrong: "You are about to kill now. I'm not going to hide what happened before. In fact, when you were at the inn, you sent someone to assassinate me in order to frame me?"

"Haha, if you stand firmly on our side and help us, maybe you can live for a while, but unfortunately you kid is a little bit stunned. Under this situation, you still want to leave Tianhu City alive, It's just a joke, you don't want to think about who this young master is, maybe let you leave this guy like this?" Yi Zhongrong sneered.

As soon as Li Tian entered Tianhu City, they had already sent people around to control this guy's every move.

No matter what Li Tian has done, they can know the first time.

Now that Li Tian wants to leave Tianhu City and go to the land of no owner, they are naturally prepared before, and everything is waiting for Li Tian to jump into this trap by himself.

"Now you can tell me, what is your identity? Anyway, you are about to die. Tell me your identity shouldn't matter, right?" Yi Zhongrong asked curiously. From the place, want to go to the land of no owner, what kind of role is this person, is it really Li Tian who died in Tianqi City before?

"I'm afraid I will scare you to death by telling it myself."

Chapter 5836: Little witch shot

"Scared me to death? Don't be funny. This young master has never been afraid of anything. Do you really think this can scare me to death? And it doesn't matter what your status is, you are about to die anyway. Now, even if you are the king of heaven, there is nothing to be afraid of for us." Yi Zhongrong sneered, Li Tian was about to die in front of him, and now there is no point in investigating the identity of this guy.

He was just curious, and wanted to know what this guy was trying to trouble him over and over again. As for Li Tianyuan's willingness to say, that was his own business.

"Do you really want to kill me like this? If they know who I am, then you kill me here, and there is no good end to your Yi family. Isn't it like this?"

"You think too much. If you really are that person, you should know exactly how many people in the realm of God want to kill you. This thorn in the eye, the thorn in the flesh, we are just doing it for you, how can we get into trouble? You?" Yi Zhongrong snorted, and then said: "Forget it, since this kid is not going to tell me the truth, then there is no need to keep it, you just do it and kill him."

"Yes, Master." Several poisoners said respectfully.

But at the moment they were speaking, a very high-profile and indifferent voice came from the sky: "Hmph, I haven't agreed yet, do you want to kill my people in front of me? "

Hearing this voice, Li Tian became excited at once.

He remembers what the little witch said before. It was almost Li Tian's own reason to fall to this point this time. He wanted to leave Tianhu City so much that he didn't even think of these key factors. Now it happened. After such a thing, there is no force to fight back. According to the previous agreement with the little witch, he might just give up Li Tian like this.

I thought I was really going to die here today, but the little witch appeared at a critical moment.

This is a life-saving straw.

A Shangfang sword.

Yi Zhongrong originally thought that everything could be over, but he didn't expect that all the poison in front of them would disappear.

Immediately stared at the fat man next to him: "What's going on? Isn't your poisonous fog called a tarsus maggot, it's difficult to deal with? How come it just disappeared?"

The fat man also had an unfamiliar expression on his face. He knew what he was looking for. It would be difficult to get rid of the poisonous mist if it was an ordinary person.

"Don't think about it, I still have this little trick, but it's a pity that you guys don't know Taishan, and dare to do anything. If he died here today, you will be buried with him throughout Tianhu City. "The little witch stood in front of Li Tian at this time, with a hand on this guy's shoulder, and said with a smile: "Fortunately, your body is pretty good, and you can hold on. Otherwise, you are now It may be dead."

"You are here."

"Oh, you should be very worried. Under this circumstance, whether I am willing to make a move depends on my own feelings. You can't guarantee that I will make a move just now, right?" The little witch smiled and glanced at Li Tian behind her. Said very satisfied.

"Hi, little girl, who are you? This is our previous personal grievances. What does it have to do with you as a girl? If you only do this because you don't know, I would advise you. Hurry up and leave here now, otherwise you will get into trouble later, don't blame me for not reminding you." Yi Zhongrong squinted at the little witch in front of him, said.

"I said, this kid is my little brother, who is under my cover. It depends on the owner to beat the dog. If you want to kill him, don't you want to ask my opinion?" The little witch is still one There was a harmless smile on the face of humans and animals, but the murderous aura that flashed in his eyes made all of them stunned for a moment. In my mind, I never thought that I could see such eyes one day.

'It's such a powerful aura, you don't even need to show your aura, just a simple look makes your soul tremble. Such a person's strength must be terrifying. One of the poisoners is also considered a smarter guy. Although they haven't encountered any tough opponents, they are well-informed.

I also understand that the aura of the little witch is definitely not something an average fairy can show.

At this time, only a few of them could be sent in the entire main city labor union. Others were easily implicated in staying here because of the thick mist of rice before, so they left here early.

Therefore, they have no retreat.

"Master, leave it to a few of us here to drag it, I'm afraid that today's plan can't continue, you must hurry and leave here."

"Before, it was because I left first that this kid's plan was able to be realized in this way. Now if I continue to leave here, this kid will definitely be able to leave here safe and sound. I will never allow this to happen again." Yi Zhongrong snorted, staring at Li Tian being protected behind the little witch, and said something seriously.

It was for this reason that Li Tian was let go before. If I still want to retreat temporarily, doesn't it mean that I am afraid of Li Tian in front of me?

"Master, there is no point in unprovoked performance. It is better to seize the time and really leave here. The rest will be left to the later, why should we continue to stick to it?" He also looked helpless. If the Young Master of the City Lord really died here today, the entire Sky Lake City would be shaken, and they might survive and be killed by Yi Ze.

"you guys....."

"The young master, what they said is right. If I were you, I would leave here honestly, instead of waiting for me to kill your subordinates and then kill you, the superior young master. You can Choosing to leave here, I won't stop you." The little witch smiled and looked at Yi Zhongrong who was still hesitating, with a murderous aura in essence.

Yi Zhongrong drew out a sword directly and shouted: "If there is a kind, you can come, let me see how you are so powerful."

Chapter 5837: Master Ruyun

The two sides are at war with each other at war.

Of course, this battle is bound to be one-sided. The little witch is too powerful. It's just that these poisonous people in front of you are not worth the little witch's serious work. Perhaps only when a few gods appear. Will make the little witch in front of her become more cautious.

If the strength is not enough, there is no danger at all in front of the little witch.

At this moment, I saw that these people were about to do something to themselves, but the corners of their mouths were slightly raised, revealing a creepy evil smile: "Well, since you have emphasized this way, I will give you a little color. Right."

When she was speaking, the little witch shook her right hand directly, and let out a few sword auras easily.

These sword auras looked as transparent as glass ballasts, but the sharpness was not as simple as they imagined. A poisonous person trained in a hard-spirited kung fu, and he usually didn't put the opponent's swords, guns and weapons in his eyes. The weapon fell on him, leaving only a few white marks at best, other than that, it had no effect.

Even facing these sword auras, there was no tension.

"Your grandfather, I practiced hard qigong. If you want to kill a few of us by relying on these sword qi, do you look down on us a little bit?" When he spoke, he took the initiative to step forward.

"Fourth old, don't be impulsive." Looking at a very smart young man among the poisoners, the man seemed to have noticed something at this time, and he hurriedly stopped the moment the fat man left.

But in the end it was all too late.

The fat man didn't take the attack of the little witch in his eyes, and the little witch didn't take the fat man in his eyes either. It can even be said that there are so many people here, and the little witch doesn't take these people seriously.

Jian Qi passed directly through Fatty's body.

The fat man's original forward state stopped, and there were a lot of red filaments on his body. As time passed, these filaments became more and more obvious, and then the fat man In this way, it became a piece of flesh and blood, which was broken down by Jian Qi in an instant.

"Do you still think that I am not your opponent? I just gave you a chance before, and now is the time to really do it." The little witch looked at the people in front of her with a smug look, and wanted to do her own work. It should be able to calm these guys easily, and let them know where they are.

"Your Excellency is a powerful master, originally this matter has nothing to do with you, why should you take the initiative to participate?" At this moment, Zhang Tong appeared here, he squinted at the little witch in front of him , His face is solemn.

"Uncle Zhang, you're here, it's fine if you are here. Hurry up and help us get rid of this little girl. The strength of this little girl is terrifying. These people under me are not his opponents at all." Seeing Zhang Tong, Yi Zhongrong, as if caught a life-saving straw, ran to his side in a panic, pointing to the little witch in front of Li Tian and said.

In his opinion, Zhang Tong is one of their very powerful masters in Tianhu City. It seems that it doesn't take much effort to deal with the little witch in front of him, right?

It's just that what he thinks is too simple.

Zhang Tong shook his head, and said helplessly: "Master, I am afraid I will disappoint you. The strength of this little girl is terrifying. Even I can't be his opponent. I can only negotiate here. Up."

"What, you are not even his opponent?"

"Yes, the strength of this little girl is like a vast ocean, and I am just a lake. With such a gap, I naturally cannot be the opponent of this little girl." Zhang Tong also didn't have any embarrassed expressions. , Just said calmly, then looked at the little witch: "Your Excellency's purpose, what is it?"

"You idiots who want to kill me, if I don't stand up when he is about to die, what kind of boss?" The little witch chuckled and looked at Zhang Tong: "You old fellow is amazing It's average, but the eyesight is good. It's not bad to be able to see the gap between myself and me."

"Thank you for the compliment. Your Excellency should be a rare genius in a century. I feel that your age should not be very large."

"Hmph, what does this have to do with you, do you want to die?" The little witch's eyes suddenly changed sharply, and then a few sword auras rushed directly towards Zhang Tong. There was nothing before. The symptom was that I just wanted to make a move, and then I did it directly.

Feeling these fierce sword auras, even Zhang Tong looked solemn at this time.

He only heard him start to meditate on the tactics. When the sword aura was about to approach, his hands were slapped on the ground fiercely. Then he saw a cloud of yellow dust rising from the ground, and it turned out to be a dirt wall. .

‘Boom boom boom’

The soil wall seemed to be very strong, but it didn't last long before the little witch was blasted away.

"Don't you know? The age of a woman is very mysterious. When you ask me like this, you are just asking for a dead end, isn't it?" He squinted and said as he looked at Zhang Tong in front of him.

Zhang Tong was panting, sweat seeping through his forehead. The pressure on him was not only the very fast sword aura before, but also the sword aura that this little witch was like a pair of big hands pressing on him. Can't hold on anymore.

"What? Seeing you look like this, is there no way to stick to it?"

"Indeed, Your Excellency's strength surpasses me too much. If you want to destroy the entire Sky Lake City, there is no problem, but at your level, why bother..."

"I don't want to really kill you people today. I just want to take this kid away. Of course, I won't interfere with the conflicts between you. I will keep him near here. It's not my business to find it. If you find it, I won't do it next time. If you don't find it, then you can only say that your luck is very bad."

She said, waved her hand, and disappeared directly with Li Tian.

After the little witch had left, Zhang Tong exhaled heavily. Only he himself knew what kind of terrifying character he was facing just now.

Even when facing Yi Ze, he didn't feel this way.

Chapter 5838: Fend for themselves

"Thank you senior for helping."

"Hey, you kid really knows how close you are. If you don't look at your potential, do you think I will help this time?" The little witch sneered, holding Li Tian in one hand, just like holding a chicken: "Of course, don't expect me to continue to do anything for you. It's an exception to save you this time. It's impossible for me to continue to do anything for you."

"This junior knows that if it weren't for Senior to take action, I would be dead now. This time, I didn't think about it properly. This will happen. Fortunately, Senior took action at a critical time." Li Tian smiled, he naturally knew that this little witch must be impossible to continue to help himself, this little witch has never done one-stop service.

"Live well, when you enter the land of no owner, you will discover how small you are in this \*\*\*\* realm. These immortals naively think that they are the highest beings in this world, but they are actually just frogs at the bottom of the well. , You can come into contact with the outside world prematurely, and you can slowly know what kind of grade you are in this world. I am waiting for you to live and enter the land of no owner, but don't just die here. Up."

"Senior knows a lot about Borderlands?"

"It's not just me, the \*\*\*\* emperors in your mouth, they have all withdrawn from the land without a master, you can imagine the degree of danger inside."

"..."

"But your purpose is just to find the Baicao Gate. Here I can also tell you very clearly that the Baicao Gate is indeed in the land of no owner, but it is not that simple to find them. I have wanted to find them for so many years. They have countless people, but there are very few people who can really succeed. I believe you can't be an exception." When the little witch spoke, she just threw Li Tian into a black hole.

Before he had time to ask anything else, he felt like he was plunged into an endless darkness.

"Just let it go?"

"What are you keeping for? This kid is definitely going to enter the land of no owner. That's when it was really interesting. Now it's better to let this kid fend for himself. This time it's a warning. Let him do it later. Be careful about things, huh, if you want to be my puppet, if you are not good enough or smart enough, it is impossible." The little witch said to herself.

"I think you think you can see the shadow of yourself in this kid?"

"..."

"What do you know, don't talk nonsense."

---

Li Tian didn't know where he went, but what he could feel was that he should be in a very safe place.

When he opened his eyes, he realized that he was in a woman's boudoir. Looking at the pink decoration, he felt uncomfortably embarrassed, but at this time he couldn't continue thinking like this.

The toxins in his body were eroding his body bit by bit. At this time, he had to think of a way to suppress the toxins and continue to do this, otherwise Li Tian would definitely die here like this.

Although it is strange to know that I am in this position, I dare not continue to waste time.

He closed his eyes hurriedly and began to regulate his body.

The meridians in his body are different, so these toxins have not really begun to destroy these meridians. In addition, the little witch helped make a little hand and foot before, and Li Tian can barely operate at this time. A little Xianli.

Of course, this process must be very long. He has to slowly discharge all the toxins in his body to the outside of his body bit by bit. This process is very long and also quite painful.

Feeling the pain of his body being disassembled, he could only remove all the toxins in his body so slowly.

He can feel these toxins passing through his skin, like a silver needle hitting his body, and then twisting like this. This kind of pain is heart-breaking pain, and most people really can't be here. How long does it last under this kind of pain, that is, this guy has a thick skin, plus all the way through this life and death danger, at this time, he can barely support.

However, the immortal power in his body is not so easy to control. At first there was only a small amount of immortal power, but as the toxins in his body were slowly cleaned out by the immortal force, he wanted to continue to control these immortals. It was not so easy for Li to slowly clean up the remaining toxins. The capacity of these immortal powers became more and more, and it became more and more difficult for Li Tian to control them.

Because I was injured before, and many places on the meridians are completely different from before.

"Damn it, if I continue in this state, these chaotic celestial powers may not be able to help me get rid of the previous things." Li Tian looked helpless, thinking that there should be no problem in handling these things by himself. It was not like this at all.

At this moment, there was a footstep in my ear.

Then a woman opened the door and walked in.

At this critical time, Li Tian must not be able to expose his identity. He knew that he was still in Tianhu City. The little witch was quite credible. Since he said that Li Tian should be placed nearby, it is really true. Put it nearby without any hesitation.

He directly blocked the woman's mouth with his hand, and then closed the door: "Sorry, I have no intentions, but now many people outside are chasing me, I can only choose to hide here, if there is any offense. , I hope you don't... Hey, it's you..."

After half of what he said, he immediately let go, then spit out a mouthful of blood, and looked at the woman in front of him with a wry smile: "I really thought I would come to this place, really..."

"What's the matter with you?" Guo Xiangyi stepped forward, stroked Li Tian's arm, and asked carefully: "How come you got such a serious injury?"

"I originally wanted to leave Tianhu City directly with the help of the teleportation formation, but I didn't expect that they had already laid an ambush there beforehand. After I passed by, they directly attacked me and almost killed me." Li Tian was helpless. He smiled, and when he thought of this incident, there was a burst of anger in his heart. I haven't encountered such a thing for so many years.

#### Chapter 5839: Heal

"Are you a fool? Don't you know how many people in Tianhu City want to kill you? Although we really want to protect you as much as possible, you have to know that there is really no way to do such a thing now. It's that simple, and our Guo family and Yi family are now..."

"You don't need to talk about these things, I also know, you and the elderly can't help it, after all, the key to the decision of the whole family's ups and downs lies in your father." Li Tian smiled shamelessly, he knew these people very well. What was the dilemma in front of him, naturally, he didn't even think about who he was going to complain about. Besides, he hadn't handled this matter carefully.

If there was no action on which of the two guards, then this would not happen.

After all, the Yi family had no reason to attack Li Tian.

They are in the line of the city lord of Tianhu City, and they have great power in Tianhu City, but if so many people want to kill Li Tian in this way, they must lose public opinion.

In this way, the \*\*\*\*\* emperors might directly let this guy go home to eat dirt.

They gave Li Tian a chance, and Li Tian also gave them an almost.

"How is the situation outside now?"

"I don't know, I don't even know that you were assassinated, what is your health, do you want me to call..."

"Don't, you also know what my current physical condition is all about. If someone wants to kill me, I must have only one dead end now. Only you can help me." Li Tian smiled bitterly. Laughing, looking at Guo Xiangyi in front of him, he thought that he could only think about the woman in front of Xinxin. Now the whole Tianhu City didn't know how many people wanted to kill Li Tian.

If you let others know at this time, if the young man wanted outside is here, the trouble will get bigger and bigger.

"But... if your body..."

"My body can survive, it doesn't take long. It's just that I have to trouble you to help me keep it secret these days, and I have to stay here for a while." At this time, Li Tian was a little embarrassed. He saw Guo Xiangyi's boudoir around him, which meant that he had to spend a long time with this woman day and night.

After all, his injuries are very serious, and these toxins are like tarsus maggots. As the cleaning process slowly progresses, it is not so easy to continue cleaning.

"Of course there is no problem with this. You can completely treat this as your own home. You can stay here to recuperate these days. If you need my help, please tell me directly. I will definitely help you then." Guo Xiangyi looked at Li Tian with a smile, and said seriously.

Li Tian smiled helplessly: "I'm in trouble, Miss."

"Is this troublesome? If it weren't for your help before, maybe I've fallen into the hands of those shameless people now, but I should thank you." Guo Xiangyi looked at Li Tian in front of her. In my heart, I wish this guy could stay here for a while. After something like that happened with Li Tian before, I have always felt guilty in my heart.

This person stood up at a critical time, even betting his life, and ended up in such a fate.

"Hehe, we are even in this way." He smiled helplessly, and then slowly closed his eyes and continued to adjust his body. He must hurry up and remove most of his body. The toxins are all cleaned up, and it will take time for the remaining weak toxins to be completely cleaned up.

At this time, there was already an earthquake in the entire Tianhu City.

The main city guild was attacked and major prisoners fled. ,

This incident quickly shocked the entire Tianhu City, and the City Lord's Mansion directly posted a notice, which directly issued a wanted order against Li Tian.

This happened in just a few minutes. Outside, I don't know how many people started eagerly looking for where Li Tian is. Suddenly, he became like a treasure. I don't know how many people thought about it. To find where he is.

At this time in the Guo family, Guo Rong also got the news, and found the old man immediately: "What's the matter with this?"

"What happened at the inn before has become difficult to judge clearly. Even Li Tian can only suspect that we did it at this time, but it cannot be said that we did it for sure. He has a little bit more doubt. Someone wanted to force him to stand against us, so at this critical time they wanted to leave Tianhu City, a place of right and wrong, but they did not expect that the Yi family had already prepared for ambush long ago." The old man looked at Guo Rong in front of him, and said calmly: "According to the Yi family's statement, she is now seriously injured and it is very difficult to live."

"Yi Jia is really unfathomable. Such a simple hand almost made us very embarrassed. Now we must think of some ways to compete with them. If it is just such a simple strength, I want to compete with Yi Jia. It's impossible to continue such a contest," Guo Rong touched his chin and said lightly, "As for Li Tian, you should also send someone to look for it. If you find it, you don't give it to the Yi family."

"Patriarch means."

"Didn't we owe this guy a favor? Originally, I wanted to take advantage of this kid's power, but it seems that this kid is not interested in participating in these things at all. Since this is the case, why should I make it difficult?" Guo Rong shook his head helplessly and sighed: "It's a pity that the girl still has a lot of affection for that kid. I was..."

"Patriarch, the kid itself is not easy for us to figure out clearly. According to my idea, it is better not to offend this kid, lest we will regret it in the end."

"Forget it, let the flow go. Anyway, you send our people out and try to find where this kid is. If you find it, you will bring this kid back even if you fight for your life. I don't want our Guo The family owes someone a favor, and there is no way to return it, nor do we want our Guo family to become an impersonal family." Guo Rong said loudly, very serious in his words.

"Patriarch rest assured, I will arrange for someone to do it now. We will definitely find out where this kid is. At that time, everything can be discussed in the long term." Old Cang Hai nodded seriously.

#### Chapter 5840: Love for children

In the next few days, the entire Tianhu City was like entering a state of exercise. I don't know how many people squeezed their heads and wanted to catch Li Tian.

As for Li Tian, he is relatively safe at Guo's these days.

In the past few days, he began to slowly recuperate his body, but unfortunately, this toxin is also very difficult to clean up in a short time. At this time, he also began to feel helpless. , It is difficult for his body to recover completely.

On this day, the weather outside was not bad.

With the passage of time, people's attention to this young man has gradually eased a lot. He should have been regarded as a top-notch figure, but after these few days, the problem is actually It's not that complicated anymore.

"I said that my decision was right at the time. Let you stay here and not go out without being known by the Guo family. In this case, all of them are looking for you. Who knew you would be in my room? "Guo Xiangyi smiled and looked at Li Tian in front of him. At this time, he could no longer see that it was a seriously injured person, but the toxins in his body had not been completely cleaned up. Therefore, if he faced the enemy at this time, the problem would naturally arise. It's hard to deal with.

Li Tian sat at one side of the table and spent the past few days in her boudoir. On the contrary, he has gotten acquainted with the lady in front of him a lot.

I don't know what she really wants to do. It turns out that she still wears the same sleepiness as before at night. Suddenly she doesn't feel embarrassed if she has a man in this room. This makes Li Tiandu At a loss, but fortunately, he has been focusing his attention on treating his body these days, and has no other idea about this kind of thing.

He naturally knew exactly what this eldest lady meant for her feelings.

It is a pity that he also knows that a man like himself is a very dangerous existence in itself, and it is very dangerous for any woman to follow him.

Ning Bing has already proved this. In order to kill Li Tian, his opponents even started to move towards the people next to him.

It's really because Li Tian's strength is too strong, completely surpassing many people's imagination, and they would not really think that a young man's combat effectiveness is so terrifying.

But after knowing it, they can only think of something else.

A man, even if he is steel and iron, there is no discernible weakness on his body, but it does not mean that he is really unable to deal with it.

Everyone has weaknesses.

He slowly raised the teacup, poured a cup of tea, and sniffed gently, and said to himself like this: "Although this is the case, it is always not the same thing if this continues. The Yi family's war has not yet begun. If I expose it, the war will start in no time. So the best thing is to convince them that I still exist somewhere here, so that we can hold on for a while. "

The entire Guo family sent many people to find out where Li Tian was, but no one thought he would be in Guo Xiangyi's boudoir. They thought that this kind of thing would never happen to them.

Everywhere outside is looking for where Li Tian is, but this guy is in Guo's house.

Who would have thought of it?

People thought that since Li Tian left here, he must go to a safe place, a place that can be out of their control, how could he continue to stay at Guo's house? Isn't this just making trouble for himself?

"But if your identity is exposed, they will definitely bring out a lot of people to arrest you, then..."

"It doesn't matter. Now this situation is like this. I can naturally deal with other problems. It's just that my current physical condition can't stick to this kind of battle." Li Tian shrugged helplessly. I don't know what to say, his face is full of wry smiles, looking at Guo Xiangyi: "But I think I still have to hurry and leave here."

"I have sent someone out to investigate. I don't know how many people are looking for you during this period of time. Until now, Tianhu City has not given up on you. It is not easy to leave here." Guo Xiangyi was helpless. He smiled, looked at Li Tian in front of him, and said: "They still followed a heavenly king stone at the gate of the city, and your disguise skills are useless in front of this kind of stone."

"Hehe, they really have put down the capital and want to catch me. It's really interesting." Hearing this, Li Tianbu frowned leisurely and revealed a faint smile: "But even In this way, is there no way I want to leave Tianhu City? The defense of the main city guild should be very sparse now?"

"Are you going to the main city labor union? You were only planning over there not long ago, but now you still want to leave there?" Guo Xiangyi hurriedly shook his head when he heard it, looking at Li Tian anxiously , Said: "No, I will never allow you to leave from there. You finally got away from the tiger's mouth over there. Your body hasn't fully recovered yet, so you want to go there again?"

Guo Xiangyi's attitude is very resolute, and even said that he has never had such a resolute attitude before. It is completely not giving Li Tian a little bit of face in front of him.

They all know how dangerous it is in that place. Li Tian almost fell there, and now he still wants to leave from there again. Isn't it okay to find something to do?

Seeing Guo Xiangyi's expression, Li Tian's heart was full of helplessness.

He is not an idiot.

Naturally, I also knew that this eldest lady was afraid that she had moved real feelings towards herself, but it was a pity that Li Tian could not make any effective actions in the face of this emotion.

He knew that the women who followed him would be in danger, and he also knew that at this time, he couldn't take care of his children.

Looking at Guo Xiangyi in front of him, he felt her tenderness and anxiety, and smiled helplessly: "I know what you are worried about, but now this is not the only way I can leave Tianhu City, isn't it?"

"but....."

"Now we don't have too many choices. The only way is this. If this delay continues, they will find me sooner or later."
