

A Killer 5841

Chapter 5841: Tactics

"Even if they know where you are, what can you do? They don't look at where it is. We haven't had time to settle accounts with them. Now they still want to use this opportunity to deal with us. It's just wishful thinking. If they really dare to go to war at this time, our Guo family will let them know that we are great." Guo Xiangyi clenched his fists, squinted at Li Tian in front of him, and said seriously.

In her opinion, the situation in Tianhu City is actually in the hands of big men like them.

As long as the Guo family dared not do it for a day, the Yi family would not really tear up their skin and do it with them.

"You are still too young, and you don't know how many things are going on. Therefore, you may say so lightly at this time, and you will never be like this after you really understand the doors and ways of it." Li Tian smiled, looked at Guo Xiangyi, and slowly said: "You do have the upper hand in this situation, but it doesn't mean you can easily reverse the situation and take the initiative at this time."

It seemed that the Guo family had an advantage in the situation before them. After all, the initiative to launch this war fell in their hands.

But in fact, this initiative is not in their hands at all, and now it's just that the Yi family wants to catch Li Tian, so there is no time to fight with the Guo family, just a small fight.

When they really free their hands, the meeting will be thunderous enough to eliminate the Guo family.

It's not easy to win a period of time like this. They can just use this opportunity to prepare for the next battle. The war started quickly, and the price is that the Guo family will pay a heavy price in this war, and may even disappear into the tide of history.

Li Tian knew this very well, and that was why he didn't want them to do it at this critical time.

"Forget it, I appreciate your kindness. It's a pity that my man is very different from ordinary men. I can't do something that others can do, because now I'm involuntary. ." Li Tian stepped forward, grabbed Guo Xiangyi's shoulders, and lowered his head like this, staring straight at the woman in front of him with his exceptionally deep eyes.

As for Guo Xiangyi, he was still very angry before, and he was very unwilling to let Li Tian do this.

But when Li Tian grabbed her shoulders and lowered his head to look at her, he felt as if his whole body had been numbed by electric in an instant. No matter what the situation was, he just kept straight. Hougou looked at Li Tian in front of him.

"She is holding my shoulder? He is looking into my eyes, how can I let him see my beauty?" Guo Xiangyi looked at Li Tian in front of him stupidly and said with a smile.

And Li Tian lowered his head at this moment and looked at Guo Xiangyi in front of him: "Don't worry, this time we have made a perfect plan, and there will never be any problems. When that time we can naturally succeed. You should believe it to solve this problem. You also know how strong I am. It's easy to do this, isn't it?"

"Are you really going?"

"I really want to go. My original mission is to go to the land of no owner, but what happened during this period has delayed me for a long time. It is too long for me to waste here. In this case, I There is no way to wait any longer, it is time for me to continue to do it." Li Tian looked at Guo Xiangyi in front of him helplessly, and said in a relatively calm tone.

He knew that the woman in front of him was very worried about him and didn't want to let him leave like this.

But he also knew very well that there was no point in staying here, and it would make the problem worse.

"Well, since you have already decided, then I can't say anything, but you must not refuse my request. I will protect you and go with you and watch you leave Tianhu City with my own eyes. There should be no Is there a problem?" She stared at Li Tian in front of her, and said very seriously: "You are very dangerous this time. I hope I can spend this time with you. In this way, if this If there is really no way to execute the move, you will never reduce your holdings."

Guo Xiangyi knew that Li Tian was a dangerous move this time, and now he was chasing Li Tian everywhere. It was too difficult for him to leave Tianhu City, even relying on the disguise technique was not so easy.

Therefore, at this critical time, the strength of this kind of military strategy will be made, but even this is still not so easy to pass.

After all, the main city guild in Tianhu City had been ambushed once before, and now I don't know what will happen to me next, maybe some enemies will really appear again to deal with Li Tian.

He looked at Guo Xiangyi's serious attitude, and knew that if he refused at this time, it would not be so easy to leave here.

"Well, since you have said that, then I can't continue to say anything. Whatever you say, I will take you, but after I leave Tianhu City, you must return to Guo as soon as possible. Home, you should know that there are many people outside staring at you. If they set their goals on you, then your father will also become very troublesome. In fact, I am really not very much in this matter. I want to promise you."

"Am I just a kid in your eyes?" Guo Xiangyi suddenly looked at Li Tian in front of him sadly, and then asked calmly.

Although his tone was calm, the sentimental expression in his eyes kept piercing Li Tian's body like a silver needle, making him feel that the whole person had become very difficult. At this time, he couldn't help frowning and shaking. Shook his head.

"If not, why do you always worry about my comfort? Do you think that I will not be in danger? What will happen in my destiny will happen after all, no matter how I avoid it There is no way to dodge the past." She stared at Li Tian in front of her, and asked very seriously, trying to make them understand that she was not an oil bottle at all.

Chapter 5842: twilight

"I know what this is all about. I never think you are my oil bottle, but now I don't know how many people are focusing on you. There is no one beside you but me. Who can protect you, if I leave here tonight by the teleportation formation of Tianhu City, you are very dangerous alone, don't you know?"

"Hmph, you still think of me as a child. You, like them, all think that I am incapable, and all think that I have only one way to fail when encountering an enemy."

"Isn't it this way?"

"Hmph, I know you guys are all like this, all of you think I am a kid who can't fight." Guo Xiangyi broke free of Li Tian directly, and then kept hitting Li Tian with his small fist. I looked like acting like a baby on my body: "I hate it, I really hate it, I am also a cultivator, can't I be able to fight at this level..."

"You have to know that there are people outside the mountains and there are heavens and heavens. When you become the eldest lady of the Guo family in Tianhu City, you actually have no freedom. Many people will involuntarily focus their attention on you. , It can even be said that they all want to harm you. What you can do at this time is to continuously improve your combat effectiveness. There is no other way to protect yourself." Li Tian looked at him, like A big brother comforted him in a low voice: "And naturally there will be a lot of soldiers to protect you. This is your responsibility as Miss Guo's family. I think you know this too well."

"I don't care, but I will follow you whatever you choose today, I just want to follow you..."

"Okay, okay, anyway, I have agreed to let you go with me, anyway, if you encounter any danger, please take the time to tell these people in the Guo family, if possible, I will leave a clone to protect you Yes, it's okay to barely deal with half of the enemy, and can hold on for a little time, but if the enemy is very strong, then it can only be delayed for a while."

"Hey, I know you won't put me in danger so easily, you still can't help but help me?"

Seeing that this girl started to think about it, Li Tian smiled helplessly, turned around, and slowly closed his eyes: "Well, the period of chatting with you has made my mood begin to change. It's different. I now need a quiet moment to let me clean up all the toxins in my body. If I can't accomplish this, it is still difficult for me to help you."

After he finished speaking, no matter how Guo Xiangyi felt, he closed his eyes and started practicing.

He knows very well that in this state, time has begun to become urgent, and the enemy has been watching in the dark. Even a small slack may bring a big turn for his enemy.

In order for this to happen again, he can only choose to seize the time to change the situation.

But at this time, on the other side, something happened that they hadn't thought of.

Before Li Tian was rescued by the little witch, the entire Tianhu City was shaken. Up and down, I don't know how many people were dispatched to catch Li Tian, but until today they still failed. This kid's speed It was too fast, and the previous little witch was very strong, so it was impossible for them to find a clue in the original main city guild.

In the city lord's mansion, Yi Zhongrong stared at the reports from the subordinates below, and then threw the tea cup in his hand on the ground: "It's really a bunch of trash, but it's just for you to find the guy who is about to die. After so long, you haven't found any clues. Don't you think this is shameful at all?"

After this incident, the power of his men had begun to surface, frantically moving.

It is even said that a lot of powers from the entire Tianhu City up and down to change the house are all involved in this action. If that kid is really Li Tian, they will kill this kid, but there is a great reward.

But anyway, they are currently ineffective, and this is the most angry thing.

"Master, it's not that we people don't work hard, nor that we people have no ability. It's that we have all turned around in the surrounding areas, and there is no effect at all. We have not found any clues at all. We are all about to be around here. I turned it over, and I didn't find any clues about that kid at all." Several subordinates raised their heads at this moment, and said helplessly.

They naturally knew what would happen if they couldn't find Li Tian, and it would be a curse when they came back, so who wouldn't want to find Li Tian?

All of them squeezed their heads to find Li Tian.

But the result?

After such a long time, they didn't have any very good results. So far, they still have not been able to find where Li Tian is, and there is no clue.

"Could it be that a big living person just disappeared from our sight? And that guy was seriously injured before he disappeared. Even if he is really strong, it is impossible for him to be seriously injured. This was originally your own problem. Are you still going to quibble like this?" Yi Zhongrong stomped his feet, looking at these subordinates in front of him with an expression of hatred for iron and steel. If not, they would still be useful now. , I really want to get rid of all these idiots now, and I will continue to shame myself.

"It's reasonable for them to not find that kid. If that kid is caught by us so easily, wouldn't it be unreasonable?" At this moment, Yi Ze didn't know what happened and ran to his yard. Inside, looking at Yi Zhongrong who was talking, he smiled and said, "You must be calm and calm when you do things. Even you are so anxious. Think about your subordinates, might they still calm down?"

Several subordinates all stood up, turned around and looked at Yi Ze cautiously, and said aloud: "My Lord City Lord."

"Forget it, you are very tired these days, I know you are working hard, but that kid is very cunning, go back to rest and rest, when you need you, he will naturally arrange it."

Chapter 5843: Please enter the urn

Several subordinates stood up at this time, looked at Yi Ze in front of them gratefully, and then cautiously arched their hands at Yi Zhongrong, only then slowly retreated without leaving any sound.

Yi Zhongrong looked at the father in front of him, and asked doubtfully: "We now need to seize the time to catch that kid. How can you let these idiots go back to rest at this time?"

"Otherwise, what are you going to do, just grab them and force them to find that kid?" Yi Ze asked with a smile.

Yi Zhongrong was speechless when asked.

It's also because I really didn't have any thoughts on this matter. After the little witch defeated Zhang Tong, she immediately disappeared with Li Tian. They didn't know what kind of method they used. No trace was found.

"Look, you, as the commander of these people, don't even know what to do or where the clues are. Do you expect these people to be smarter than you and think of things you can't think of?" Yi Ze asked again, seeing that he stopped talking, and then explained: "When one day you find that your subordinates can accomplish many things without your arrangements, you have to start to consider whether your status is safe."

Under normal circumstances, being a commander will naturally become the backbone of many people's minds, and everything depends on you to handle and decide.

Only in this way can the people below maintain an attitude of admiration and admiration for you. This is also a relatively normal means of governance.

But when you wait, you don't need to do anything. The people below all know how to do it, which is very dangerous.

Because this shows that they already have enough power to do their own things, and you don't need the role of your commander in chief. In this case, what you need to do is to clean up all those who threaten your status.

Obviously, at this time Yi Zhongrong didn't know what to do, and he didn't know what kind of reaction he should make when facing such a situation, so he could be regarded as a qualified commander. .

"Father, we have lost a lot of opportunities now. The appearance of the witch before, once again defeated our plans. Our Tianhu City is about to become the laughing stock of others, and we can't even catch such a young fairy. Now, if someone else knows about it and still don't know how to laugh at us, shouldn't it be time to catch him at this time, so can we make up?"

"You should also know what it means to be impatient and unable to eat hot tofu. This situation is obviously much more complicated than we imagined. You can really naively think that by forcing the people below you can Can you find that kid faster? That little witch is very powerful, so naturally it is not an ordinary method. We thought that he might have left with that kid before, but it doesn't look like this now."

"Indeed, we have searched in many places around here, but there is no clue left by that kid. Now we can be sure that this kid may not have left Tianhu City."

"Yeah, you have been searching outside these days, and you are about to turn over these places outside, and you still haven't found any clues about Li Tian. Isn't that enough? This kid has already passed. You are within the scope of your control. Now it is impossible to find this kid to lean

outside. He is very likely to be still in Tianhu City, and the greatest possibility in Tianhu City should be at Guo's house." Yi Ze beats He said with a smile while sitting on the side of the desk.

This is the only reason they can think of now. Otherwise, what kind of reason should they use to describe all of this? A young kid just disappeared from their sight. No matter how hard he tried before, it was meaningless. .

"But this seems impossible, isn't it? We have been observing the actions of the Guo family since this incident happened. They seem to have mobilized a lot of people, wanting to find Li Tian before us, and even have a relationship with our people. In such a state, if they know where Li Tian is, I don't really believe it." Yi Ze smiled and looked at him.

"Then what should we do now, things have reached this point, I don't know how many people are waiting for us to take action. If we are still waiting for the opportunity, I am afraid that others will not give us this opportunity."

"You don't need to worry about this. If this kid is really still in Tianhu City, he should be more anxious than us now. With the current situation in Tianhu City, staying in this place will take one more second. It is very worrying. He must have been waiting here for so long to clean up the toxins in his body. We might as well continue to ambush in the main city guild, this kid will definitely hit him by himself. "

"Father meant that we invite the king into the urn and wait for the rabbit. Since this kid is in Tianhu City, he must use the teleportation array to leave here. We can use the same method to perform the second trap. I believe this kid will not think of us. Is it possible to make such a choice at such a time?" Yi Zhongrong just got a touch and instantly understood the truth.

Now that they are everywhere outside, it can be said that wanting to leave here is far less simple than imagined.

Li Tian was seriously injured. If the little witch did not lie at will, then the injury on her body should not be completely healed. In this way, when they were chasing outside before, they could easily find where Li Tian was. of.

Since I haven't found it for so long, now there is only one possibility left.

That is, he was still in Tianhu City, and he was in the Guo family, and even many people in the Guo family didn't even know about this matter. This also caused the conflict between the Guo family and the people who changed their family.

It looks like there is no trace, but this is the clue.

"So we just have to wait now. This kid can bring it to the door by himself." Yi Ze glanced at the night outside, and slowly smiled. This smile is very dangerous to look at, making people afraid to look directly. .

Even Yi Zhongrong knew that his father at this time was very dangerous.

Chapter 5844: Who is waiting for

Compared with other main cities, the night in Tianhu City is not so lively.

This is also attributable to the people who come here are all helpless people waiting for death. Most people don't focus on entertainment. They just wait for time to slowly pass, and then enter directly. Into the land of no owner.

At this time, the main city guild was also completely dark, and there was no light at all.

It's just that in the darkness, there are many soldiers ambushing here. All of them are full of strange runes. If Li Tian were here, he would definitely find the breath of these people that he would not even notice.

"It's really like this. Even I can't detect the existence of these people. If I can keep it like this, then we only need that kid to get close here, and we can launch an attack at the first time." Zhang Tong stood. Beside Yi Ze, he looked at the main city guild from a distance and said, "It's just that that kid doesn't seem to be a very good guy. What effect will we have if we do this?"

"Otherwise, what do you think? We have wasted so much time and arranged so many manpower here. If we can't catch this kid like this, it will really become a joke among many people."

As they were talking, a dark figure suddenly walked out from the other side. ,

"Come on, this kid really got the bait."

Li Tian stood at a distance on the street. At this time, he had completely hidden his aura, squinting his eyes and looking at the main city guild in front of him. At this moment, the time seemed to be still, and neither of them was at this moment. What happened, it seemed that everything that happened before them had nothing to do with them.

"It seems that they probably don't know what I will do. They still want to catch me elsewhere?" Li Tian smiled and slowly walked forward, thinking that he might not be safe here yet. It looks like it's not like this at all.

He approached the main city guild step by step. At this time, the teleportation formation shouldn't matter. Once this formation is closed, it will take a long time to reactivate. It's just that there is an extra layer of enchantment outside the main city guild. If you force it in, you must destroy this layer of barrier, but after this barrier is destroyed, it will soon be known to others.

In this way, unless you are strong enough to destroy this enchantment in an instant, the enemy may launch an attack instantly before you complete this.

As he approached step by step, Yi Zhongrong and Yi Ze, who were standing in the distance, began to become more excited.

The two of them are like two hunters, watching their prey step by step into a trap that they carefully designed, one can imagine how excited the emotions in this state will be?

When they were thinking, Li Tian stopped.

Then he placed his hands on the barrier and slowly operated his immortal power. Almost instantly, he could see a lot of cracks on the barrier in front of him, and then slowly began to spread.

"Huh, it's just like this. I thought it was a powerful enchantment. It was too naive to stop me." Li Tian said disdainfully, thinking that this enchantment might be difficult to deal with. It shouldn't be particularly easy to get in this time, and it was not so easy until I realized that it was not like this at all, right?

This barrier was indeed much more fragile than Li Tian imagined, it broke open easily, and then went in towards Li Tian's main city guild.

But at the moment when I entered the main city guild, the surrounding area suddenly lit up. The originally dark space was filled with many open flames. One after another soldiers in battle armor didn't know what happened. Stood up from the ground.

He had been scouting before, but he never thought that so many soldiers would ambush here.

A general at the head looked at him and said, "Rebel, you are now in our palms. It is a wishful thinking to leave here. Just give up, otherwise don't blame us for being rude to you. ."

"You are welcome to me?" Li Tian smiled and looked at the general in front of him, and said, "There are too many people who are not welcome to me, how old are you?"

"Hmph, don't know what's good or bad, we already knew that you would definitely want to leave here today, so we were ready to wait for you."

"How do you know that I will be here today?"

"Hehe, you wasted so much time outside before to adjust the toxins in your body, we know how long it takes for you to completely clean up the toxins in your body, and we also know what state you are in. You can barely exercise and fight. I think you really want to open here, so you will wait until you can fight and act, and you can't wait to leave here, right?" Yi Zhongrong walked over slowly from a distance, proud Looking at Li Tian eagerly: "You have been calculated twice by me for the same place. You are really stupid enough."

"Hehe, yes, I am really too stupid to think you are so smart." Li Tian shrugged, and then slowly laughed out: "I thought you would probably be more careful. But I didn't expect you to be so uncomfortable and expose yourself so quickly. It's fine now. I know it's dangerous here, and none of you can stop me from leaving here."

"Want to leave here? Wishful thinking, we have already set up a big array around here. If you want to leave here, you have to crack this formation, but you don't have enough time left, and you have to face such a large number of Soldier, when you find a way to crack it, you may have already become a dead soul in our hands. Do you still think that you are not in the trick?" Yi Zhongrong asked triumphantly.

He probably really thought his decision this time was correct, and answered so quickly, as if he thought it was all over.

Only Li Tian looked at him and shook his head: "Then I really want to know, do you think you are waiting for me this time, or who is waiting for whom? You think you are waiting for you, but you don't know that I am also waiting. Show your feet so that I can better finish the next thing. Isn't it like this?"

Chapter 5845: Backhand

Li Tian squinted his eyes and looked at these ambushes in front of him. If he changed to normal, he would definitely be very nervous.

But at this time, his expression was not so nervous, he was still calm and calm, and it seemed that there was nothing scary about what happened before him.

"You are still living in your dream now, you think you still have a way out now, and you think you can leave here?" Yi Zhongrong stared at him, then sneered at him, and said: "So many people ambush here are waiting for you to run into our trap. Do you still naively think that you can change this situation?"

"I never thought that I was a naive fellow. Every decision I made was carefully thought out. Do you think I must fall into your trap if I stand here today?" Li Tian looked at Yi Zhongrong in front of him, , Snorted and said: "I came here today just to see what your skills are."

At this time, several people are all looking at Li Tian in front of him, still not knowing where this kid comes from. It is very dangerous to see the situation in front of him. Li Tian at this time is like a lone boat in the ocean. It is possible to be killed directly like this at any time, but his face still has such confidence.

"Master, this kid looks a bit abnormal. He has been suppressed to such a point by us, and he can still laugh. Does he think he can escape this encirclement?"

"Is it possible to escape this encirclement? It's my own problem. It doesn't seem to have anything to do with you. Moreover, even if I can't escape, you can't do anything to me, right?" Li Tian looked at Yi. Zhongrong smiled: "I will tell you one more thing now. The war between you has no meaning to me. I don't want to participate in your affairs, but if you repeatedly persecute me, then I can only be sorry."

He was threatening, and he was still in trouble.

Originally, Li Tian should be at an absolute disadvantage now, and he has already fallen into the trap of others. At this time, if he is not careful, no one knows what will happen next.

However, even in this state, I can't see the slightest tension in the young man in front of him.

"Although I don't know where your confidence comes from, it's not that simple to want to leave here today from our hands. If I were you, I must be honest now, not so arrogant." Yi Zhong Rong was very angry. He had been preparing for such a long time and calculated for such a long time, thinking that this time he would definitely be scared.

In the end, this kid felt like a newborn calf was not afraid of tigers. Even when facing them, he still looked so indifferent, and he didn't take this matter to his heart at all.

"If you start, it will inevitably delay a lot of time." Li Tian whispered, and then slowly walked forward.

None of the soldiers standing in front of him had the courage to take the initiative. They all saw Li Tian take a step forward, and he naturally took a step back, giving people the feeling of being afraid of Li Tian in front of him. .

Seeing these people all going back a lot, Yi Zhongrong here said: "No one can back up. If you let me see who is still taking a step back at this time, don't blame me for not giving you a chance. "

As soon as this sentence came out, a group of soldiers stopped stupidly, and their eyes were entangled. Of course, as a soldier, I can't feel a little scared at this critical time, but the situation before me is obvious. It was more dangerous than they thought, and this young man had left behind at first glance.

"Brothers, do so many of us still have to be afraid of the kid in front of us? Fight with him, and let this kid know that we are not so easy to deal with." At this time, a soldier roared, he knew this situation. If you don't succeed, you will be benevolent. Since you are standing here today, you must fight Li Tian in front of you. As for the result, it is completely unclear.

He rushed directly at the moment he spoke.

Li Tian was still slowly moving forward at this time, and he didn't seem to feel how dangerous this scene was.

The situation began to become tense at this moment.

"Even Li Tian, in the face of such an enemy, I am afraid it would be difficult to spare any energy to face so many soldiers in front of him." Yi Ze was also very confident at this time. They arranged so many people to lie in ambush here. There is no shortage of some very powerful powerhouses. If these people also shot together at this time, then the result may be very different.

They had already prepared for all of this earlier, and what they were waiting for was that Li Tian, who didn't know the truth, broke into their trap by himself. It seemed that the situation had already succeeded.

It was at this moment that Li Tian suddenly laughed.

The soldiers who rushed were also confident.

The moment the weapon in their hands fell, Li Tian in front of him disappeared, just like smoke, and disappeared slowly in front of their eyes, leaving no clues.

Everyone stared with big eyes and looked at the empty ground before them stupidly, not knowing what to do.

Those soldiers who had already plucked up the courage and were full of enthusiasm, at this time are really rushing.

And Yi Ze and Yi Zhongrong were even more surprised: "How is this possible? There is no sign at all, and they just disappeared from our sight? What method did this kid use just now?"

Yi Ze approached slowly, while Yi Zhongrong on the other side looked at his father in surprise at this moment: "Father, what's going on? We all ambush so many people here, could it? ..."

"It seems that this kid is much smarter than us, or is there any flaw that we have exposed these days that made the situation like this?" Yi Ze frowned, obviously they are I was defeated by General Li Tian. I thought I had done nothing, but in the end it was still like this. People did not fall into his trap at all.

This is just a clone, a lifelike clone, and it has delayed them for so long here, this kid is really much more difficult to deal with than they thought.

"Quickly, go to the city gate, absolutely can't let Li Tian leave like this."

Chapter 5846: Tiaohulishan

This is a strategy, a strategy that Li Tian had prepared before.

Although he did want to go to the main city guild before and then leave with the help of the formation here, when he later discovered that there was an enchantment here, he gave up directly.

He knew that he had very little time, and wasting a minute and a second here might cause him a lot of trouble.

And there is a big lady like Guo Xiangyi with him, if the situation is really out of control, then taking this big lady over there may make the originally bad situation more difficult to deal with.

Therefore, he chose another strategy at this critical time.

That is the strategy of turning the tiger away from the mountain.

He deliberately exposed many flaws when he left the Guo family, in order to let these enemies know what Li Tian was doing, so that they would come along with him.

Who knows that there is no need for him to do so many things. These people have arranged traps here early, just waiting for Li Tian to jump in by himself.

This is a little better, both sides have the same ideas, which has caused the current situation.

This is just a clone drawn out of Li Tian's body, but his strength is about half of his, which is considered to consume a lot of power.

Of course, this is also impossible. It is definitely impossible to leave here safe and sound. The entire Tianhu City is on guard at this time, and it is not easy for anyone to leave here.

He was alone, and Guo Xiangyi was with him.

If you want to leave, you have to avoid facing more enemies as much as possible, so this wasted so much of your own celestial power to transform into a clone that is almost the same as your own strength.

The purpose is to let the enemy follow his clone to the main city guild,

In this way, the enemies he faces will be much less.

"Hey, where are you talking about this kid? We have been working overtime like this these days, but for now, it has no effect at all." In the guard room at the gate of the city, a young soldier looked at his side. His companion said helplessly: "It seems that no one will come over today."

"Who knows this kind of thing? No one knows when this kid will suddenly appear. In short, our mission is like this, can we leave like this?" Another soldier shrugged helplessly and looked at it. It seems that there is no mood swing: "I advise you to be honest, don't mess around, just in case something happens..."

"Congratulations, you finally waited for me." At this moment, Li Tian appeared here.

He appeared here abruptly, and there was no sound around him, and he seemed to be very normal around him.

And these soldiers felt cold on their backs. Although they were chatting before, they didn't lose their minds. If someone came in from the outside, they would have known it too, but how did this young man come in? He didn't even know.

Looking at Li Tian, they directly took out all the weapons in their hands: "Huh, there is really a way to heaven, you don't go, ***** has no way to come, since you want to challenge our defenses, let you today Insight."

"Haha, it's really unfortunate. The reason why I came here is precisely because this is the weakness of the entire Sky Lake City. I think you should also know it. Before, your city lord sent many people to the main city guild. While lying in ambush for me, they are probably still there waiting to kill me. It should be the easiest for me to break through from here." Li Tian smiled and looked at the soldiers in front of him.

Although these soldiers are also elite, they are still too weak after all, and they still have little combat effectiveness against Li Tian.

However, there is still a powerful role here.

"Although I don't know who your Excellency is, since it is my turn to defend here today, if your Excellency is unwilling to kill me, wanting to leave here is just a daydream.," The middle-aged man in armor stood up. When he got up, there was a deep bone scar on his left eye. It looked particularly horrified, and the look in his eyes was also very sharp.

Staring at Li Tian in front of him, he said: "If I were you, I would definitely choose a place with weak defensive power, but unfortunately, the defensive power here is not as weak as you think."

"Who knows, if I don't try it, how do I know if the defensive force here is weak or strong?" Li Tianxiao laughed. Although Guo Xiangyi had been asking him to leave here, when he got here, Li Tian He directly refused the request of the eldest lady. Next, he must fight these defenders. As long as the battle begins, the charges on him will become more complicated.

So at this time, Li Tian can only deal with it alone.

The leader who appeared in front of him didn't look like a weak person, and it was probably his most important goal to break through from here this time. As long as he could defeat the middle-aged man in front of him, everything would be solved.

"Come on, let me see what you are capable of." The leader said a word, and directly summoned his own weapon, which is very similar to Fang Tian's painted halberd, but the glyphs above are indeed different. Holding this weapon in his hand gleamed with cold light, and just by looking at the light shining on it, you could know that this opponent was not that easy to deal with.

"This should be regarded as a good opponent. Are you really going to fight this kid?" At this time, the voice of the remnant soul of the ancient **** rang in Li Tian's mind.

"What's so afraid of? No matter how powerful this kid is, I can easily deal with him." Li Tian smiled and squinted at the leader in front of him: "It seems that if I want to leave here today, yes. You are destined to kill you. You should know that my strength is not something that a small character like you can handle. Why do you waste time with me here?"

"No one knows about this kind of thing, isn't it? Don't you dare to say that you are confident that you can deal with me now?" The middle-aged man shook his head. He looked at Li Tian in front of him and was equally calm.

This is completely different from the enemies Li Tian encountered before, and this guy's calm appearance is really terrifying.

He is definitely an experienced and powerful master, otherwise it would not be possible to have such a state.

Chapter 5847: Dark chess

"Father, even if we reach the city gate now, I'm afraid it is..."

"Do you really think that I, like you, don't bother to do anything?" Looking at Yi Zhongrong, who seemed to be worried beside him, Yi Ze smiled and said angrily: The God Realm has not only relied on my own strength for so many years, but also on my own IQ. I have arranged people on the city gate."

"Anyone arranged?"

"Well, we still don't know what the identity of this young man is, but the possibility of thinking of Li Tian is already very high. This kid has been known to many people in Tianqi City before. This is a constant presentation. Surprised guy, if one day you relax your vigilance against this kid, then he will definitely let you know what will happen if you underestimate him." Yi Ze said seriously.

"and so....."

"I arranged a person at the gate of the city. If this kid is really Li Tian, it is not impossible to defeat him, but it will waste some time. During this period, we only need to support in time. The way to get out of here is just wishful thinking, how could I give him a little chance?"

This chess piece really made Li Tian's current situation very embarrassing.

There was nothing before, thinking that I could easily kill these soldiers, and then easily break through this heavy encirclement.

As long as he left Tianhu City, everything after that had nothing to do with him.

At first, I wanted to let the little witch take herself out. Now I want to come to Guo's house to be truly safe. If he is really sent outside of Tianhu City, I am afraid that he will be caught directly before long.

"If the guess is correct, it is very likely that you are the rumored Li Tian now. I think you have tried to use the void to move out before? But you should also feel that you can't transfer to it. Outside, do you know why?"

Li Tian looked at him without speaking.

"Every major city contains a huge crystal. When a major city enters a state of vigilance, this crystal will be directly activated. At this moment, it will condense into an energy shield around it, unless it is Go out from the city gate, otherwise you don't want to use other means to enter and leave at all. It is impossible to leave even from the air, so your Void Leap will have no effect." The leader said triumphantly, and he watched Looking into Li Tian's eyes, this guy looked like he wanted to find some factors he wanted to find from Li Tian's eyes.

But in the end, he was still helpless. Li Tian is now like a okay person, with no expression on his face. It seems that everything that happened here has nothing to do with him.

"You haven't finished talking? If it's almost the same, I think we can start fighting and try it now. I really want to know what is going on with your strength, so you have the courage to come to me to fight with me. . "Li Tian has made up his mind, he has reached this point, and now he doesn't need to keep anything, he can show his full strength directly, and let these guys know how terrible he is.

"I didn't expect you to be so anxious. I wanted to give you some time to prepare, but it doesn't seem necessary."

"Hmph, this kid is really naive, he still thinks so anxiously, shouldn't it be the time to enjoy the last part of his life? Wait till I start with Master Lu Xiang, there is no possibility at all what."

"Yes, Master Lu Xiang is one of our rare masters in Tianhu City. He can be regarded as a very terrifying powerhouse. This time it is also because Lord City Lord knows this matter is very serious and dare not relax a little bit. We have arranged it and we are here waiting for this kid to come here. Now it seems that Lord City Lord's decision is indeed very correct."

"It's really long-winded." Li Tian's eyes suddenly widened, and then gently stomped his feet. In this second, the whole room became quiet.

A soldier stroked his forehead, looking as if he was uncomfortable.

His eyes began to become blurred, slowly covering his mouth, and finally fell to the ground.

"This...what's going on, I feel like my head is starting to become dizzy." Another soldier said, and then fell to the ground like this.

Immediately afterwards, in just a few seconds, all the soldiers present fell to the ground, without exception.

"What a powerful aura." Lu Xiang frowned uncontrollably, smiling and looking at Li Tian in front of him, looking up and down very seriously. At this time, he really knew what he was facing was not. A character that can be easily dealt with.

It's not easy to just use this trick that Li Tian just used. It's just relying on his own aura to make all the elite soldiers here fall to the ground. This method is not ordinary.

The aura of ordinary immortals can't do this at all.

Even Lu Xiang in front of him couldn't do this at all.

Only a very powerful guy like Li Tian who cultivates spiritual power can do this.

Seeing one soldier after another fell to the ground, Li Tian smiled: "It's alright now. There are no more verbose guys. We can fight hard."

"You look very confident, don't you know that you are not a terrible opponent in front of me? I just need to delay your footsteps and let you waste time here. Wait until the city lord I see how you can get out of here when the lord is here. Then you can stay here and be our prisoner." He smiled, then raised the Fang Tian painted halberd in his hand and pointed directly at it. Li Tian rushed over.

‘Clang’

The immortal sword condensed in Li Tian's hand directly collided with Fang Tian's painted halberd in front of him, but after all, it was only condensed by immortal power. Compared with this kind of real magic weapon, it was far inferior. It turned out to be direct. Was broken up.

And Li Tian flew out like this, hit the wall heavily, and then went straight through the wall.

The whole person fell under the wall outside.

There was dust all over the body, and I looked a little embarrassed.

Chapter 5848: Fang Tian painted halberd

"Just relying on this kind of weapon condensed with my own fairy power, I want to compete with the weapon in my hand. It's just a wishful thinking. You think this fairy sword in your hand can compete with this legendary magic weapon. Comparison of sharp weapons?" Lu Xiang saw Li Tian with a look of embarrassment in front of him. Although he could not hurt the young man, at least he had the upper hand at this time, which was enough.

At this time, the room behind them had collapsed, just as it had been in the earthquake.

It seems that the wall that Li Tian smashed out looked like a load-bearing wall.

He slowly stood up, and then looked at the enemy in front of him: "Is the weapon in your hand the real Fang Tian painted halberd?"

"Of course, this is a weapon I got by chance a long time ago. It is a real Fangtian painted halberd. If you want to fight me, I advise you to honestly take out your own weapon. , The fairy sword condensed by these immortal powers is okay against ordinary people, but it is absolutely impossible to deal with this magic weapon in my hand." He said confidently.

Fang Tian's painting halberd was already a magic weapon in Lu Bu's hands, not to mention that it appeared in the gods now.

Even if it was only a mortal weapon back then, if it were to follow those big figures into the God Realm, it might be directly tempered into a real divine weapon, a terrifying weapon.

The moment of the fight just now also made Li Tian feel very heavy pressure.

It looked like it was a very ordinary smash, but it made him feel a terrifying wild beast rushing towards him. This feeling was very clear.

'I'm afraid it's not that simple to deal with this guy in front of me. There is a barrier outside. If I don't explode my strength, it is indeed a problem to want to leave here. Li Tian said helplessly, then smiled at him: "You just hope that I will show my true strength? Don't you worry that you will die here today?"

"As a soldier, I have long known that I will die one day. No one in this world can guarantee that I will never die." Lu Xiang snorted, then pointed to the scar on the corner of his eye: "You have also seen it. This is the trophy on my body. This scar represents my previous record. It is far more tragic than you imagined. I have persisted in this kind of battle. Hebi City faces you. The young man."

"Although I am a young man, it is definitely not so easy for you to defeat me if you really do it. If you irritate me, even if you want to delay time, you can't do it at all. If I were you At this time, I will try my best to stabilize my emotions, instead of being so anxious to tease my battle**, I'm afraid you will regret it when I shoot."

"Fighting is fighting. Since we have all started fighting now, let's enjoy this battle." He laughed, and then rushed directly in front of Li Tian.

Looking at the guy in front of him, he didn't know what his mentality was. At this moment, he looked very excited. Just like a man who hasn't seen a woman for so many years, he suddenly saw a pure white man one day. The feeling of a woman in her own room is the same, so that the crazy state can describe the state of the guy in front of him, it is simply the feeling of desperation.

"It seems that there is no way today. I didn't want to let myself enter the previous state, but since you are persecuting me like this, I can just satisfy you directly." He said directly. Lost his disguise, and then instantly entered the body state, staring at Lu Xiang in front of him: "I'm sorry, you shouldn't be able to wait for your reinforcements to arrive."

"Hehe, it seems that their guess is really correct. I didn't expect that the famous Li Tian in Tianqi City would appear here. After the news of your death some time ago, I don't know how many people feel it is a pity. Who can think that you didn't actually die at all, but what was the purpose of coming to such an extraordinarily remote area?" He squinted at Li Tian in front of him, feeling very puzzled.

Originally, this kid had already felt like a dark horse in the previous Ten City Conference. If he continues to compete like this, he will definitely be rewarded in the end.

In this way, it is not a problem to improve one's strength. The future will be bright, but he doesn't know what he is thinking about in his heart. He actually said he died at this critical time. Then it disappeared into the sight of many people, is it willing to give up this opportunity? This is incredible, right?

"The purpose of some people is too far apart from what you imagined. Just like me, I think you probably won't understand this. I could make myself stronger, but I have chosen to This kind of place, I choose to go to the land of no owner." Li Tian smiled, holding Hong Zhan tightly in his hand: "But ah, life is full of constant choices like this, you never know whether your choice is correct. It's still wrong. The only thing that can be done is to keep making choices and making choices that you think are the right ones."

"Well, I have long wanted to fight against you, the rumored genius. You geniuses have such terrifying combat effectiveness at a young age. It has long been a topic that has been constantly raised by many people. Today I will Look at the gap between me and young people like you." He said, waving the Fang Tian painted halberd in his hand and rushed directly.

Fang Tian's painted halberd is like an ancient fierce beast, but from a distance, you can feel a very fierce aura, and it constantly beats like a sea wave.

Li Tian squinted his eyes and shook Hong Zhan in his hand: "It's almost time to end this battle. They shouldn't be able to delay long afterwards. We can't waste this opportunity."

As he spoke, Hong Zhan waved.

At that moment the entire surrounding air began to become dignified, and Lu Xiang's movements also began to slow down at this moment, just like being in a vast ocean, especially uncomfortable.

He knew that this was Li Tian's sword aura, which had already affected the surrounding environment.

Chapter 5849: Sword through the heart

Yi Zhongrong and Yi Ze were very fast. After learning about Li Tian's conspiracy, they didn't think about what to wait.

Li Tian must be captured before Lu Xiang is killed.

But while on this road, they met another group of people.

Guo Rong looked at Yi Ze with a smile, and said, "My Lord City Lord, it's already so late now. Where are you going with so many people?"

"This doesn't seem to have anything to do with you, right? You also said that I am the lord of Tianhu City. As the lord of the city, should I explain to people like you what I want to do?" Yi Ze frowned and saw When this old guy appeared here, he instinctively thought of some possibilities in his mind. It was not without reason that these people appeared here.

Especially those guys from the Guo family standing in front of him.

Looking at the family members standing behind Guo Rong, they sound like family members, but in fact they are all trained fighters, and their combat effectiveness cannot be underestimated.

"Of course, you are the lord of the city. Naturally, there is no need to explain so many things to us. It's just that we are the Guo family from here. The things that happened before made me very unpleasant, so I definitely want to I stopped it, and brought so many people in the past. If you were going to attack our Guo family, wouldn't I miss the opportunity?"

"You know it well, I don't have time to do it with you now."

"Who knows this, I didn't expect that Lord City Lord would actually use such a despicable way to tell me to leave Tianhu City with a lie, and also let his son want to catch me when he was on the road, if not the point At that time, a powerful expert appeared to help us. I am afraid that I am now a prisoner in your hands. I don't think you can refute this matter?" At this time, Guo Xiangyi stepped forward and looked in front of him. Yi Ze said a promise.

"We'll talk about this later. After I have dealt with the things in my hands, I have time to help you deal with the problem. Now you let me go and don't delay my handling of official duties."

"Handling official duties? It doesn't seem to be right. What kind of official duties are there after such a play time? I'm still the previous sentence. I won't let so many of you pass by. If you want to pass, then I will put you in front of you. Let's just kill all of these people." Guo Rong vowed to say, standing behind him is a powerful expert in the Guo family.

This matter was also decided before.

Originally, Guo Rong sent a lot of people to look for Li Tian, in order to pay back the favor of this kid.

Although they were a little bit innocent during the previous negotiations, in the final analysis, this young man still helped them a lot, otherwise the Guo family might have become the property of the Yi family.

Knowing that Li Tian had been wanted by the entire Tianhu City, he kept thinking about how he could help this kid.

But this process is obviously not so easy to do.

It's alright now. Just when he didn't know what to do, something happened in Tianhu City, and he also knew that Li Tian was in his Guo's house and he was leaving Tianhu City tonight.

Simply stood up at this moment and helped Li Tian block the enemies behind.

He knew that Yi Ze in front of him should not dare to do anything with them easily. After all, if he did it here, the next problem would become very serious.

Once the war begins, the entire Tianhu City will be involved in this battle.

In order to ensure that such a situation does not occur, Yi Ze should not easily follow them now, but will think of some other ways to make today's things pass away so easily.

"I don't want to fight with you, get out of it now."

"It's impossible to get out of the way at the beginning, and it's impossible to get out of it in this life." Guo Rong sneered and said.

"Don't be shameless."

"Shame on face? I have a face, why should you give me a face?" Guo Rong asked with a smile.

At this time, Yi Ze was holding his fist and looking at the guy in front of him, and snorted: "If this is the case, don't blame us for being rude."

Guo Xiangyi said with a smile: "This is the site of our Guo family. You brought such a small number of people here today. Do you really think you can do anything to us? If you really do something, I'm afraid you can't hold on How long, if you die in a place like this, I..."

The moment she spoke, blood suddenly burst out of her chest.

She lowered her head slowly, and a crystal dagger appeared in the position of her heart.

Guo Rong also recovered in the first time. I don't know when, a man in black appeared behind Guo Xiangyi, and the dagger in his hand directly penetrated Guo Xiangyi's heart.

In his anger, he slapped it out.

This palm was an angry blow, and it directly wiped out the ashes of the black man in front of him.

"Xiaoyi, Xiaoyi, are you... are you okay?" He stepped forward, holding Guo Xiangyi, the immortal power in his body was continuously injected into it, and he roared frantically.

"Master, it's not suitable to deal with this matter here now. The eldest lady is seriously injured. I'm afraid we can't do anything today. We must hurry back to the mansion to prepare for the next thing." Cang Lao looked solemn and walked up. The former also slowly injected his own fairy power into Guo Xiangyi's body. What these people are most worried about now is that the lady can't hold on.

After seeing this scene, Yi Ze said with a smile: "I have warned you before, don't force me, I have a very important thing today, you must come to my troubles, this is not your own troubles. ?"

"I... I killed you..."

"Hehe, she has been seriously injured now, and she may be dead right now. You still want to do it with me now?" Yi Ze asked with a cold snort.

"Master, let's go quickly..."

On the other side, Li Tian directly waved the red sword in his hand and forced away Lu Xiang in front of him. He was secretly surprised: "This guy's strength is not simple. He can fight with me to this level. It is not easy to think about it. It's just that there is a big gap between him and me. If it weren't for the Fang Tian's painted halberd, maybe this battle would have ended long ago."

But just as this thought flashed, he suddenly seemed to sense something, he glanced behind him, then his eyes widened...

Chapter 5850: Angry kill

When he showed his own appearance, Lu Xiang in front of him became very nervous.

He knew very well how terrifying the combat power of this young man before him fell to the ground. If he hadn't heard of it in Tianqi City before, maybe he still held an attitude of disdain.

But seeing this appearance, that kind of cautious feeling naturally appeared in my heart.

The young man in front of him definitely deserves to be so careful. A young man who can get so many praises in Tianqi City, of course, can't just be an opponent who can easily defeat him.

Li Tian turned his head and looked behind him, his aura began to grow stronger and stronger like a blazing flame.

Standing here, Lu Xiang slowly stepped back at this time.

"The terrifying aura is indeed a young man who showed amazing talent some time ago, but it is a pity that it is like this. The front battlefield seems to have ended the battle. How long do you think you can hold on? It's better to just grab it like this, let us kill you, wouldn't it?" Lu Xiang held Fang Tian's painted halberd in his hand, and carefully looked at Li Tian in front of him.

I don't know why, the ground began to condense on a layer of frost at this time.

Lu Xiang retreated step by step, but as the distance he retreated to the back increased, the frost on the ground began to become more obvious, and the ground around the entire city gate was now as shiny as ice. Yes, under the shining of the moonlight, there was a particularly dazzling light.

He opened his mouth and let out a deep breath, which turned out to be a white breath.

"You better pray now, she has nothing to do, otherwise today all of you will have a dead end." Li Tian slowly turned around, a flash of murderous intent in his eyes, at this time his aura had risen to the extreme. In the next second, he grabbed the Hong Zhan in his hand and rushed over without looking back.

"It's so fast. Could it be that what I saw before was just a little bit of strength shown by this kid, but now I can really show all of my strength?" Lu Xiang's eyes widened, not before. I didn't expect how huge the gap between myself and Li Tian in front of him was, but at that time I didn't even think that the gap between the two of them would be so huge.

The sword slashed down, and he hurriedly grabbed Fang Tian's painted halberd with both hands, swung around, and hurriedly pushed the magic soldier on his forehead.

Rao knows that he is not Li Tian's opponent, but he also knows that the opportunity is in this instant. It seems that on the way to this side, the reinforcements should have also encountered the enemy, but after such a short battle, it seems to have been dealt with. It's like losing reinforcements.

Naturally, he could not be Li Tian's opponent. If the two were to fight each other, he might be seriously injured in an instant. ,

At this time, he didn't think that he could hurt Li Tian in front of him, but was thinking about how to survive this battle. Therefore, every action was cautious and did not dare to relax.

"Kacha"

The sparkling sparks splashed out, like a rock suddenly hitting the sparks from the burning fire, and a red light flashed in the dark night.

But in the next second, Lu Xiang's whole body was like a cannonball, and he flew out directly.

Fang Tian painted the halberd is indeed a magical soldier. Even under this absolute advantage, Li Tian can still feel the helpless and unwilling emotions revealed by this magical soldier.

This kind of powerful, peerless magic weapon will gradually derive some spiritual wisdom as their masters practice.

What's more, it may just produce the soul of the device.

The so-called weapon soul is the soul of a weapon, and as long as a weapon possesses a weapon soul, it is definitely a powerful weapon that defies the crowd.

'boom'

At this time, the wall that seemed to be more than ten meters thick was smashed out of a small hole. Lu Xiang was deeply embedded in it, and the gravel slowly fell from his head. Seeing that it was all dusty, I looked very embarrassed.

The Fang Tian painted halberd in his hand fell to one side.

The strength of this sword is not small, but there are no cracks on this weapon, everything is fine.

"It's a shame that such a peerless magic weapon was brought by your side. If you change to a master, you may be able to exert a very powerful combat power, but it is a bit of a violent thing to stay with you." Li Tian Looking at Fang Tian's painted halberd on the ground, holding the sword in his right hand, his feet moved lightly, seemingly slow, but fast, just approaching Lu Xiang in front of him.

At this time, Lu Xiang was also a little confused by this impact, and his head was groggy. If it weren't for his instinct to tell him that it was dangerous, I'm afraid he still doesn't know what happened.

Staring at Li Tian, he sneered: "You want to kill me?"

"Of course I will kill you. Now that you know my identity, you must die here. Everything around here will be buried with you today. It is impossible for me to expose my identity like this." Li Tian said on the way, Originally he was walking, but at this moment he suddenly ran, and the red sword in his hand lit up with a red sword aura.

Lu Xiang slowly closed his eyes: "It seems that I cannot escape today."

Li Tian didn't know why he was suddenly so angry, he didn't know if he felt unfair, or what other emotions, but at this time he just wanted to vent all his strength, it seems that only this way can Let your emotions stabilize, so you can make yourself less angry.

Watching Lu Xiang in front of him, Hong Zhan in his hand let out a soft moan.

A red sword aura was still very subtle, but the moment it was released from the sword body, it was as if it was magnified many times by a magnifying glass, and it turned into a white crescent in a blink of an eye.

‘Boom Rumble’

Right now, even the ground trembled. In this sword aura, Lu Xiang was blasted into dust.

Only Fang Tian painted a halberd on the ground, lying quietly on the ground.

Li Tian was breathing heavily, then clutching his chest, muttering to himself: "I hope you don't do anything, otherwise I will make these people pay for it."

"The time is almost there. You have hurry to leave here after all, otherwise your enemy will probably catch up." The Remnant Soul of the Ancient God also reminded that at this time, it is impossible to stay here anymore. Must leave at the first time.
