

A Killer 5851

Chapter 5851: escape

At this time, the city wall in front of me showed many traces of potholes.

People who don't know will think that there is a long-lasting war here. In fact, it is only the effect produced by Li Tian's sword. The airflow generated by the explosion directly eroded a large part of the surrounding city walls.

Even some places are directly penetrated.

You must know that this is a wall with a thickness of about ten meters, and there are some charms attached to this wall. You can imagine how terrifying the power of this sword is.

In order to prevent the chasers from catching up and discovering his identity, he did not have the slightest reservation at this time, and he directly used his strongest move: a sword to the west.

The effect of this one didn't disappoint Li Tian, just the situation here alone can relax him, even if the chasers behind want to catch up, it will take a lot of time.

At this time, Lu Xiang could no longer see a trace.

"If I leave like this, what should the Guo family need to do for me? If I leave like this, I'm afraid my heart will feel restless because of it." He stood there, thinking of many possible things in his mind. , If I leave here like this, then the next battle between the Guo family and the Yi family may really have nothing to do with him. By then, even if the two families are in a difficult fight, Li Tian will not be able to support. Passed.

Just staying here is also not the same thing. At this time, looking at the situation in front of me, I can only helplessly break through the gate and leave here.

Only by surviving can you guarantee that you can do more.

Not long after Li Tian left, Yi Ze and others also arrived here.

Blood was flowing on the ground, and the surrounding soldiers had been killed by Li Tianquan at this time. The only one who was more powerful, Lu Xiang, also died at this time.

"It seems that our plan has failed. This opponent is more powerful than we thought, and the shot is very decisive, leaving us no time at all." Yi Ze squinted his eyes to see what happened here. In the matter, the eyes began to become solemn: "This is all right, it seems that we have to beware of an opponent who may make a move at any time in the dark."

"Since this kid has left here, I don't think he will be back in a short time?" Yi Zhongrong said disapprovingly, since Li Tian's purpose was to go to the land of no owner. After that, I couldn't leave Tianhu City for some reasons. Now that I have already left, I will definitely go to the land of no one without stopping. Why should I stay here?

"Who knows, we did something like this this time, Miss Guo's family was also injured in this incident, and now no one can guarantee that this kid did not want to retaliate against us, if we choose at this time If you make a mistake, you can't bear the consequences." Yi Ze slowly jumped off his horse, then squatted on the ground and gently touched the frost on the ground: "Although I don't know what's going on, but this The opponent's aura should not be simple."

"Aura is not simple?"

"Your current strength is not enough to know this. When you are stronger, you will know what I mean by this sentence. The aura of powerful masters will also become stronger. Look at these things around you. Soldiers, they all fainted directly before they died. They seemed to be suppressed by a powerful aura, and finally died in the explosive airflow during the battle." Yi Ze's eyes are very sharp, and everything around him. There was no way to escape his eyes, but after a quick glance, he knew what was going on.

Some soldiers behind him also followed up at this time, carefully looking at the battlefield in front of them.

Seeing their own future in them is the same.

The wounds on these soldiers were different, but the only thing in common was that a layer of frost was condensed on their bodies, and Li Tian's aura had not completely dissipated at this time.

"Can we tell who our enemy is this time? I feel that the opponent looks like..."

"Shiyou** is Li Tian, but this kid is very clever and didn't leave us the slightest clue. Just letting us just say it will not necessarily convince others." Yi Ze stood up and looked at the cold on the ground. Shuang: "I'm still issuing a wanted order. Try to catch this kid, but the possibility shouldn't be great anymore. Let this matter end like this."

"That's the end?"

"Well, since he has left Tianhu City, he probably won't come back again. Even if he does, he may be another identity. We still have a more difficult enemy to deal with, and there is no time to continue with This young man was wasting his time." Yi Ze's expression then slowly solidified. This time he used their killer and seriously injured Guo Xiangyi. The subsequent battle with the Guo family must be inevitable.

At that time, he couldn't do anything about it. If he didn't do anything, then the next thing would definitely not be as easy as he thought.

"We want to fight the Guo family so quickly?"

"Yes, although I don't know if Guo Xiangyi is dead today, it's probably impossible to really let this woman die by the means of coming to Guo's house, but even if he doesn't die, the conflict with us will be This happened, and there must be endless dying. No one on both sides is willing to relax in this matter." Yi Ze shrugged his shoulders and smiled helplessly.

At this time, on the other side of the Guo family, Guo Rong squinted at the middle-aged people below, and said with a heavy tone: "In any case, it seems that the war between us cannot be stopped, and everyone should be very clear. Well, what are we going to do next..."

"Patriarch, although this matter is very complicated, I think I should put it down for the time being. You must know that in a few days' time, it will be the beast sacrifice arranged by the **** emperors personally. If we do it at this time, we can... ..." A middle-aged man stood up and said worriedly at Guo Rong.

The Hundred Beast Sacrifice is also a big event for them, and this is an event arranged by the gods and emperors, it must be of extraordinary significance.

Hearing this person's words, Yi Ze frowned, then fell silent.

Obviously, the Hundred Beast Sacrifice also needs to be handled carefully for him.

Chapter 5852: Beast Festival

"Hmph, let me say that we are all bullied by their Yi family, and we are still waiting, but it is to make others look down on us. If I were to choose to take action at this time, I would like to have a fish-and-death with them." Another middle-aged Man stood up and said indignantly: "Think about our Guo family. When did we encounter such a thing? Now that we are like this, how can we be silent?"

"That is, we have always dealt with others all these years. When do we let others deal with us like this?"

"Yes, yeah, this time the eldest lady was injured like this, and now it's uncertain whether we are alive or dead, we..."

"Have you all forgotten? The Hundred Beast Sacrifice is an event arranged by the **** emperor. No one has violated this will for hundreds of years. If we take action at this time, we are challenging the authority of the **** emperor. You think What are the consequences of this?"

Everyone had different opinions. Some asked to fight now, while others asked to wait for a while.

Guo Rong looked at these people who were arguing below, and knew that what each of them said was not unreasonable.

This Hundred Beast Festival was also a big event for them in Tianhu City. It had hardly stopped once in hundreds of years, which showed that this event was quite important in their minds.

If you just give up this activity at this time, few people will know what will happen next.

"Okay, okay, don't quarrel with you people. I know how to arrange this. I'm waiting to see how Xiaoyi's situation is." Guo Xiangyi was directly injured the first time he was injured. The old man took it back for treatment, in order to hurry up and save his life. Fortunately, all this happened in Tianhu City, and there were so many powerful men around him.

Now that this incident has happened, if it were ordinary people, it would naturally be a dead end, but they are all immortals, so the result is not necessarily.

"Patriarch, my opinion is that we still have to let this matter go for the time being. Although the assassination of the eldest lady makes us angry, if the enemy is caught in this way, the problem may become more serious. Now we are very It's hard to deal with these enemies, so naturally you have to be more careful."

When they were talking, the old man walked in with a solemn expression: "Patriarch."

Guo Rong walked down from above for the first time, grabbed his old hands, and asked eagerly: "How is it? How is Xiaoyi's situation? Has it improved?"

"Before, I went to find Master Zu the first time, but it is a pity that even Master Can't really recover Xiao Yi's injuries. This sword is really terrifying, and there are also deep insides. It is very difficult for us to help with the wound. We can only rely on Wannian Xuanbing to temporarily freeze the eldest lady, but this process will not last long." The old man shrugged helplessly and said.

This kind of frozen spell is usually used to maintain a person's life as much as possible, just like the frozen man on earth before.

In this frozen state, their biological functions began to no longer function, so that even if the body suffered a lot of damage, they could persist for a long time.

Of course, this state must not last long.

"In that case, we can't help it?"

"It's not that there is no way, but we have no better way now. If we really want to recover Missy, I think I can only find people from Baicaomen to help, but these guys are hard to find. , And still in the land of no owner, wanting to find them."

"Doesn't that kid just want to go to Borderlands?"

"But we don't know where this kid has gone now, whether he has left here."

"Send someone out to find it. If possible, tell him about the next Hundred Beast Festival and Xiaoyi's situation. If he is really a responsible man, I think he will know what he should do at this time. I hope this kid won't let me down." After a helpless smile, Guo Rong said lightly, he doesn't have any temper at this time.

If he can, he must go to the Borderlands himself.

But as the head of the Guo family, all the members of this family have to develop little by little under his leadership. Naturally, he didn't leave him any chance to leave here at this time.

"City Lord, what about the Hundred Beast Sacrifice?"

"Start preparing. Anyway, these are the tasks arranged by the ***** emperor. We can only complete these tasks as much as possible now." Guo Rong snorted: "But to find that kid as much as possible, we must Let him know what a huge price we paid to cover him. If this kid is still a conscientious fellow, I think he will know how to do it."

After leaving Tianhu City, Li Tian's state became much easier.

It's like getting out of danger.

Even so, there is always an indescribable feeling in his heart. He doesn't know what happened when he left, so he waited very carefully at this time, what happened in Tianhu City. Up.

In the next few days, he also did not leave Tianhu City, but just wandered around, waiting for a little bit of news.

Soon the effort paid off. Miss Guo's family was seriously injured, and the dying incident soon reached Li Tian's ears. When he learned about it, she immediately became angry.

I have always worried about what harm Guo Xiangyi would suffer because of my coming, and I have always tried to avoid such things from happening.

I thought that Guo Rong would be by Guo Xiangyi's side, and coupled with so many great masters in the Guo family, the Yi family wouldn't choose to do it at that time, right? Who knows that the final result is still far from what he imagined.

Of course, the Hundred Beast Sacrifice matter also reached Li Tian's ears at this time.

He squinted his eyes, and slowly thought of a plan in his heart. Since the Yi family had done such a thing, he simply made it more complicated and let the people of the Yi family know. It was so cruel to offend him Li Tian's end, and today I let them know that he was not so easy to deal with.

After Li Tian thought of this, he began to prepare to deal with their ignorant enemies.

After Li Tian thought of this, he began to prepare to deal with their ignorant enemies.

Chapter 5853: False identity

Because of Li Tian, the entire Tianhu City has been heavily guarded up to now, and anyone entering it has to go through close investigations.

In this way, it would be too difficult to enter Tianhu City.

However, the Hundred Beast Festival did not require Li Tian to enter this place.

Each beast festival is opened in Lianjue Mountain, about 100 kilometers north of Tianhu City. Only from the highest peak here can the entrance to the cave heaven and blessed land of Lianjue Mountain be opened. A lot of opportunities can be obtained, and this is also the only benefit that these immortal cultivators can get over the years in Tianhu City.

Over the years, many outsiders are also thinking about coming to them to participate in the Hundred Beast Festival.

This matter has long been known to everyone.

And Li Tian, at this moment, was waiting on the road to Lianjue Dashan.

But anyone who wants to participate in the Hundred Beast Festival this time must pass by here, he only needs to find a bad guy who is not pleasing to the eye among these people, and then directly replace the identity of the other party.

The Hundred Beast Sacrifice is not a small activity, so the things needed to participate in this activity have begun to become more complicated. It is impossible for him to rely on his own disguise technique to easily hide the past. At least, when you are preparing to enter, no one else can find out what his identity is.

He was leaning against the main trunk on a tree trunk on the road, and then squinted as if he was sleeping.

However, the divine consciousness has always been slowly spreading towards the surroundings, and everything that happened around will be easily found by him.

Suddenly, he discovered that something interesting had happened not far away.

"I've said it a long time ago. You are not qualified to compete with me. Isn't it good to stay at home and survive? It's really mortal to go to such a place to find death." A young man in a black costume stepped on another young man who was very plainly dressed, with a sullen smile on his mouth, and

said: "Look at your embarrassed look now, even if it is true. At the top of the game, do you still think you can be my opponent?"

"Chimi, do you really dare to kill me? You also know what the rules of the Hundred Beast Festival are, if..."

"Hehe, do you really think that I don't know the rules of the Hundred Beast Festival? Indeed, if you are all contestants, you can't make a move, but I'm sorry that you haven't reached the Lianjue Mountain yet. That is to say, in a certain sense, you are not a contestant at all, so I don't need to pay any price to kill you here, don't I?" Chi Mi hummed, his feet pressed hard, The young man began to struggle in pain: "Ruan Ruo, just like the name your father gave you, you are really a very weak guy."

"I...I don't allow you to insult my father." Ruan Ruo struggled to stand up, but there was still nothing to do. After all, the gap between the two of them was really too big, plus he was directly given to him by Chi Mi before. A wave of yin made him not so good now, so naturally there was no way to deal with Chi Mi in front of him so easily.

Just when he felt that he was about to die, one of his hands suddenly fell on Chi Mi's body: "Please forgive others and forgive others, you just want him to give up this game and let you participate this time. Why is it necessary to rush and kill the game like this?"

"Who are you?" Chi Mi widened his eyes and looked at the young boy behind him. From the outside, he is not a great master at all. He even dared to run here to find his own trouble: "You Can't you see what I'm doing? You dare to run up and take care of my affairs. Is it because you are impatient?"

"I don't know what's going on. I don't seem to be worried about you at all." Li Tian shrugged helplessly, smiled at Chi Mi in front of him, and said: "You are the most It's better to give up honestly, how about? This time it's up to my face, let Ruan Ruo go."

"Do you want to die?"

"You can try it. If you can kill me, naturally no one can stop you from doing this, but I think you can do this step, it doesn't seem to be that simple." Li Tian still uses One hand is holding this guy's shoulder, even though it's just holding this guy's shoulder lightly, but the power on these two hands cannot be underestimated.

Chi Mi squinted his eyes, looking fierce just now, but after he really felt the power on his hands, he began to become cautious.

He could detect that he could not move at all.

Although he was just standing here and being pressed by Li Tian's shoulders, he felt that he was paralyzed all over, and he could not come up with a solution.

Looking at Li Tian's serious expression, no one knows what will happen next: "What do you want to do, I have no grievances with you, and this matter has nothing to do with you, why bother Want to stand up and trouble yourself?"

"Perhaps in your opinion, this is causing me trouble, but in my opinion it is not like this." Li Tian snorted, then looked down at Ruan Ruo at Chi Mi's feet and asked: "You Well, do you still want to live now? Do you want me to help?"

"Please... please, help me..."

"Of course there is nothing wrong with saving you, but you have to swear to the ancient gods and to the heavens. You can't tell anyone what happens next, just treat yourself as forgetting it. Can you do this?" Li Tian squinted at the Ruan Ruo in front of him and asked.

Who knew that this kid was much more determined than Li Tian, he directly raised his hand and knocked himself out. He was also a very cruel person.

After confirming that this guy really fainted, Li Tian shrugged his shoulders helplessly and said, "It seems that there is really no way now. I can only choose to kill you and let you see how good I am. ."

"You...what are you going to do."

"Don't do anything, I really want to participate in such a lively event as the Hundred Beast Festival, but I don't have the qualifications, so naturally I need someone to help me fulfill this wish. I have watched it for several days. I'm really excited when you appear here today." He said with a smirk, making Chimi's hair terrifying.

Chapter 5854: camouflage

At this time, there is no need for much explanation, you will know what is going on.

Chi Mi understood that Li Tian didn't really want to be a hero here, he wanted to save Ruan Ruo. This guy came here simply because he was not qualified to participate in the Hundred Beast Festival. He needed a Disguised identity.

And he is obviously the best identity.

"I think you now know why I am here. If I were you, I would honestly choose to give up resistance at this time. Otherwise, it is completely unnecessary to bear more pain, right?"

"You want to kill me?"

"Otherwise, you still have to expose my identity if you stay behind. You look at my face more, don't you think I am familiar?" Li Tian smiled, and then slowly used his strength, aura Suppressed, like a big mountain, Chimi in front of him began to become more strenuous. These people really tried their best to participate in this Hundred Beast Festival.

But he didn't realize that his own strength did not have the slightest ability to fight against this level of competition.

For example, in the current situation, Li Tian easily suppressed this guy with just one of his own hands, and no matter how hard he struggles, it is impossible to truly get rid of Li Tian in front of him and the two people. The gap is still quite huge, and it can't be made up by just a few words.

"With your strength, coming here is simply bullying.":

"Yes, this is the purpose of my coming here. I want to bully others, and of course I have to make others pay the price." Li Tian smiled, looked at Chi Mi in front of him, and then exerted a little force, Xianli slowly The earth penetrated into this guy's body, and in an instant he disappeared in front of Li Tian.

And he also slowly changed Chi Mi's appearance at this time.

Seeing what I look like now, I smiled with satisfaction: "That's right. If they find out, then just rush in. It looks like I am inside this kind of blessing, if I force rush in. , They have nothing to change."

"It would be fine if it really looks like this, but it's not like this at all, isn't it?" At this moment, a familiar voice suddenly appeared in his ear, and Li Tian hurriedly turned around. Then, with a nervous expression on his face, he wanted to know who the words came from. When he saw Murong Ziqing in front of him, he was relieved.

"Why are you here."

"You kid did a lot of things here before. I happened to know the inside story of these things, so I took the time to come over, lest you kid continue to do things that are out of control, and you will be in trouble. Now." Murongzi squinted at him and said, "I heard that you are going to participate in the Hundred Beast Festival this time. What is the purpose?"

"Kill Yi Zhongrong."

"Yi Zhongrong? Yi Ze's son?"

"Yes."

"The reason?"

"This guy hurt a girl who had nothing to do with this thing because of me. At this time, if nothing happened to me, I would not be me." Li Tian squinted his eyes. Looking at the Murong Ziqing in front of him, although I don't know why this big man appeared here, what I have done recently is still too eye-catching.

"Do you know that if you really kill this person, then many people will start investigating your identity, and it is very likely that you will be exposed in this way. Do you really want to underestimate the abilities of these people?"

"I think they want to guess that my identity is not that simple. I have been careful not to leave any flaws in the recent period. I want to know who I am. If I don't pay some price, I'm not. As you may know, everyone who knows who I am is dead so far." Li Tian still looks so persistent, even if Murong Ziqing came over, he couldn't change this guy's mind.

If you want to kill Yi Zhongrong too much, you will definitely kill it, no one will use it.

"It seems that you kid has decided to do this now. It's useless for anyone to stop you. It's kind of useful for me to come here." Murong Ziqing smiled helplessly and said: "I know you. This kid is hard to control, but you must be careful this time. This is the last time I indulge you. If you have not grown up from the land of no owner, you will depend on everything that happens in the future. You bear the consequences yourself."

"Originally, my plan this time was perfect..."

"Perfect? Do you know what the Hundred Beast Sacrifice is like in Dongtianfudi this time? If I don't come here, you will only have a dead end when you run into it by yourself. Fortunately, you still think why there is nothing wrong." Murong Ziqing said angrily: "Get ready, let us arrange things this time."

"No, Shuiyuezhong seems to be unprofitable, but you can't afford it early. If there is no benefit to you, you are definitely not willing to intervene in this matter. I really want to know why you chose

to be here. Help me? If they find it out, it seems more likely that others will know what is going on with us, right?" Li Tian squinted at Murong Ziqing in front of him with a cautious expression.

This woman is a very clever old fox, so many dealings have made Li Tian very clear that what this woman does is definitely reasonable.

"You don't need to know this kind of thing. This time, both of us can get what we want. If you want to kill Yi Zhongrong, we naturally have our purpose. Of course, the most important thing is not. I hope that your identity is exposed in this way. If you let others know that you are not dead, you may be caught by them before you enter the land of no owner."

"Speaking of it, I still have very few endings with this Hundred Beast Sacrifice. What is the purpose of this thing? Is it just to give these young people a chance to get some amazing treasure, or chance, just that? "

"Otherwise, you think it's a great benefit to get such an opportunity in a place like Tianhu City. I don't know how many people want to participate, but unfortunately the threshold is high, not everyone can participate." Murong Ziqing said angrily.

Chapter 5855: Inside story

The Hundred Beast Festival seemed to be aimed at all the large groups around Tianhu City.

But this is not the case.

This activity does not require your personal strength to the extent that you can participate as long as you have the courage, but you must have some background, or be a member of some family, or be famous in the main city guild. A fair person, these are all necessary requirements, and Sanxian is simply impossible to participate in this event.

The people who participated in this event are all gods. If something unexpected happens, then you can find out whose problem is in the shortest time.

Li Tian is a loose fairy, plus he is also a wanted guy, so naturally there is no way to participate in this competition in a short time.

"The way you are now is the appearance of condensed by the power of immortality. If they find out, you will soon fall into crisis. You must know that the Hundred Beast Festival is not so easy to toss." Murong Ziqing said, While looking at Chi Mi who fell on the ground, he slowly took out a human skin mask and handed it to Li Tian: "Hey, you can wear this mask."

"what is this?"

"A prop, it is made of a special beast skin that is specially used to disguise. It can be transformed into different appearances according to our needs. Of course, this is also time-limited, and it can last about three days. Time is enough for you to fool around in the Hundred Beast Festival, but you must remember that this mask must not touch the flame, otherwise it will be destroyed instantly." Murong Ziqing handed this face to Li Tian , Said very seriously.

Li Tian smiled slightly: "It seems that you should have been prepared for this matter a long time ago. I have just told you about this matter, are you ready?"

"You don't need to care about this matter. I didn't intend to let you participate in this matter. Didn't this happen to be like this? Since you have already gotten into this, then we It would be wrong if

you simply did so. See if you can rely on your own ability to reverse the situation." She patted Li Tian on the shoulder and said.

After Murong Ziqing handed over the mask to Li Tian, then he left like an okay person. It seemed that everything that happened here had nothing to do with him.

After watching her leave, Li Tian patted Ruan Ruo.

He opened his eyes, looked at Li Tian in front of him, and asked: "You...you...you are not..."

"He is dead, and now there is another Chimi in front of you." Li Tian said lightly, looking at Ruan Ruo: "You'd better keep your promise. I promise you can get a lot of benefits, but If you want to betray me, you have to think about what will happen to betray me."

Although it was a threat, his tone was very calm, which calmed Ruan Ruo in front of him.

He knew that the young man in front of him was the young man who had helped before. If it weren't for Li Tian, he might have become a corpse on the ground now.

At this time, he nodded resolutely: "Thanks to the help of my benefactor, I was able to survive. Naturally, I would not do anything to apologize to the benefactor. Besides, this matter itself has nothing to do with me."

"This is the best. The thing I hate most is being cheated by others, so I will let you know what real pain is." Li Tian's mouth raised slightly, appearing very disdainful: "What's the matter with you two? Why did he even want to kill you? Is there any deep hatred between you that has to be here before you start?"

"Originally, there was no contradiction between the two of us, but even when I broke one of his good things before, he always held a grudge and wanted to kill me. This time I also wanted to use the Hundred Beast Sacrifice. He becomes stronger, and only in this way can he protect himself. After knowing this, this guy fought me like this, wishing to kill me." He said bitterly.

"Such a little thing.",

"Yeah, there was no problem at all, but this guy is such a bloodthirsty guy, I can't help it." Ruan Ruo said.

"Well, for the next period of time you will follow me honestly. Under my protection, you will have no problem. No matter how strong the enemy is, you will not dare to be wild in front of me." Li Tian He chuckled and said confidently, this time at the Hundred Beast Sacrifice, he could clearly know that absolutely no one can defeat him. If he really wants to meet an enemy, then just run away.

"Okay, benefactor, I don't know what I call..."

"I am Chi Mi now, of course you will use this to call me." Li Tian raised his eyebrows slightly, and said with a smile.

After the two people negotiated, they started on the road.

Even though there is still some distance between Jue Da Mountain and here, but it is not much time away. The two men have serious expressions, and they are also cautious on the road, not daring to relax in the slightest.

Li Tian was worried that those enemies who knew him would rush up. There were probably many enemies in this disguised identity. If he walked on the road and suddenly rushed into a few people, he would be helpless.

Ruan Ruo knows that many assassinations are likely to happen on this road, so he is also careful.

On the way to the Hundred Beast Festival, I don't know how many people will choose to take action here, in order to reduce their competitors as much as possible. The more enemies they kill, the more likely they will be. Big.

But these things do not matter to Li Tian.

Anyway, his purpose this time is only to kill Yi Zhongrong, and his current ability is really not something these young people can deal with. If he really doesn't have trouble looking for Li Tian, he will let these guys know and What will happen if you do it right yourself.

"You haven't told him what to do after entering, this kid doesn't ask."

"He thought that if I didn't say anything, he would treat him as if nothing happened today, and naturally there is no need to help us do things." Murong Ziqing smiled and looked at the white-clothed man next to him: "Our ambush dark hands , Have you all gone in yet?"

"Yes, this time it should be easy. This kid only needs to attract most people's attention, and we can complete the task here."

Chapter 5856: Lian Jue Da Shan

"This is the best thing. This thing is also a very important key. Although the baby has been obtained, there are still many auxiliary things that are not available. This time this thing is very important. Don't just fail like this. If it fails this time, we don't know how long it will take to continue implementing the plan." Murong Ziqing's eyes flashed with a particularly serious look, as if it were important to this matter.

The white-clothed man nodded and said, "Don't worry, there will be no problems this time, but it is very likely to cause trouble for this kid..."

"Don't worry about this. This kid has been prepared for trouble long ago. This time it doesn't matter what we have to do. He can leave by himself, as long as we have the things in hand. Dongtianfudi is just like this. If you leap in the void, where can you not go?" Murong Ziqing said calmly. It seems that they have been studying this matter for a long time.

If Li Tian is allowed to know what happened here, it is very likely that he will simply choose to give up this action.

It's just that he didn't know what was going on.

And now they are still advancing all the way happily, and I don't know if it is because of their great reputation or some other reason that they have not encountered any enemies, not even seen a single figure.

It feels like I am walking on a post-apocalyptic road without seeing a living thing.

After walking in this way for about a day or so, they came to an exceptionally high mountain.

"This is a huge mountain. If you want to go up the mountain, you have to hike up. There are many mazes on this mountain. If you fail to walk correctly, you may be lost in this maze for the rest of your life. This is also their place. It's a mystery of, few people can pass here by their own ability." Seeing the doubt on Li Tian's face, Ruan Ruo explained in a low voice: "Anyone who goes up the mountain must pass. ."

"This is nothing more than a test. See if your abilities and intelligence meet their requirements. If you don't succeed, there will be no way to pass." Li Tian said.

"It's true. Of course, this is also a very important way to separate the civilians from the nobles, because the nobles with a strong background behind them all know how to go this way, so they can easily pass through here, but we It's not that easy to accomplish this goal." When Ruan Ruo said this, the expression on his face slowly dimmed.

If it were on the earth, this kind of thing would definitely be said to be unfair, but it is a pity that this is the realm of the gods, not the earth.

This place is a place where the weak and the strong eat the strong. If there are no privileges as a noble, who else would be willing to do what noble?

People are like this, they definitely can't do things without interest.

When Li Tian approached Lianjue Mountain, he could see many young people sitting on the ground waiting at the foot of the mountain.

On the other side, a few young people wearing red and white stripes, who don't know what kind of sect, are waiting here. After seeing the two of them, they stepped forward and raised their brows slightly: "You Where's the invitation letter from the two?"

Ruan Ruo hurriedly took out his invitation letter.

Li Tian also smiled faintly, and then took it out easily. The process seemed very natural, without any tension, so that the few people in front of him had no way of judging whether Li Tian's identity was bad. Still good.

The two young people looked at the invitations they handed over, and then snorted and said, "Okay, that's right, we know, we can pass it, but can't return during this time. If you want If you want to leave, you can only wait until the entrance ceremony of the Hundred Beast Festival is over."

"Thank you." Ruan Ruo nodded, then looked at Li Tian carefully and nodded: "Well, we can go in now."

Li Tian nodded indifferently. He still had a very calm expression. It was just the face of Chi Mi. Even if it was really calm, it looked terrifying at this time, just like an angry face. .

After passing the entrance inspection, they can see more clearly the many young people waiting at the foot of the mountain.

"Why are they all standing here, is there something that can't be done?"

"They just don't dare to go up at this time. They want to go with others. After all, it is too difficult for one person to break through this kind of maze." Ruan Ruo explained.

Li Tian squinted his eyes and asked, "Is it this way?"

"Yes, they all have this kind of subconsciousness in their hearts. They think that they can't get through here alone. Naturally, they want to find some powerful masters. Maybe they can directly use these powerful masters to pass here." Ruan Ruo smiled. Explained.

At this time, Li Tian had already seen a few young people sitting in the corner. They were different from others, and the murderousness on their faces was not as strong as they had imagined, and they seemed very calm.

He stepped forward and smiled and said, "Do you mind, shall we pass this maze together?"

"Do you want to go through with us?" The young man was still very decadent at first, and it seemed that something had happened, so that their current state did not look very good.

At this time, hearing Li Tian said such a thing, he slowly raised his head and asked curiously.

"What's the matter, do you have any hard requirements that you want to be with people this time, can't I go with you?" Li Tian looked at these people in front of him curiously and asked in confusion.

If he wants to say that he passed by himself, there should be no problem, but it is just a maze, and he wants to pass here easily.

It's just that these young people are so pleasing to the eye that they come here and want to go with them. It is purely to give these people a chance to let them feel the friendship from strangers.

Just looking at the attitude of the few people in front of you, it seems that they didn't take this matter seriously.

Several people looked at him without speaking for a long time, as if waiting for some answer.

Chapter 5857: underestimate me

"We used to have a master who was proficient in the way of the maze. Unfortunately, when he came here, he was killed directly. Now there is just one passer-by in our team who can take us through this The labyrinth, can you do it?" The young man at the head looked at Li Tian in front of him, with some unfriendly expressions on his face.

This young man was called Wang Haishen, and he had accompanied him this time. There was also a very clever and capable master in this team, who was going to take them with him.

But who knows that at this critical time, the situation has turned into what it is now.

Losing the key guide this time, their team is like being drawn from their souls, and they don't know what to do next. They had planned everything before, but now they don't know what to do.

"Listen to you, it seems that if you don't have such ability, you are not qualified to go with you?"

"Of course, it looks like you two are just two rude guys. Maybe your strength is good, but it's just that." Wang Haishen stood up and stared at him: "I do. I don't know what your identity is, but if you don't have this ability, you will just disappear from my eyes. Our team doesn't need any oil bottles."

"Well said, I will not look at the appearance of the two of you, not to mention that you can't feel how strong the immortal power fluctuations are in your body. It is just the momentum of the two of you standing here, it is not amazing to look at it. The character, now I still want to go with us. It's

just funny. It's because you two can't get there. That's why you think about it." Another young man stood up and said something to the face.

After seeing the scene in front of him, Li Tian smiled helplessly. Originally, he didn't plan to do anything this time. He just wanted to bring these young people who looked pleasing to the eye through here.

But after this happened, these young people in front of them seemed to have taken off their masks, and Li Tian instantly saw what their faces were.

He shook his head helplessly and sighed.

"Sigh, what? I know that you guy came here to eat and drink, I can tell you, don't hold any fluke mentality, this time you can't hate us for leaving here together. , **** honestly, don't let us see you."

"Hey, what's the matter with you, how can you talk like this?"

Ruan Ruo saw Li Tian being looked down upon by these people, and he also stood up and said something.

But Li Tian stepped forward, patted this guy on the shoulder, and said, "It's okay. They just let them say if they are willing to say it like this. Anyway, they still can't make it through, so why bother to pursue this with them. "

"It's really interesting, listen to what you mean, do you think you can get by?"

"Why can't I go there?" Li Tian turned around and asked, "It's normal that you can't get through with your mentality, but if I can't even get past this kind of place, it would be ridiculous."

"Really, I want to see if you can really go there. Anyone can brag about it, but people with real strength may not speak like this. You just want to use this opportunity to find some face. Let us look down on you." He smiled and looked at Li Tian. He seemed to have known what Li Tian thought before him.

Li Tian snorted, he was too lazy to continue talking about this matter with such people.

A faint smile, Ruan Ruo left directly.

It really is that poor people must have something to hate. They also want to come over and give these poor people a help. As a result...

"Benefactor, do we really want two people to go there?"

"Otherwise, do you think we need more talents to pass through this place?" Li Tian asked with a smile.

"Isn't it? A lot of people have already proved it before, and it is very unreliable to rely on the power of these people to pass here."

"Maybe there will be such a thing, but this kind of thing will definitely not appear to me. If I want to pass somewhere, no one can stop me." Li Tian said confidently. , And then swaggered towards the maze in front of him. He didn't stop in the process, and he didn't take this matter seriously.

Seeing this guy leave, Ruan Ruo is still a little worried behind him.

But after thinking about it, if there were no Li Tian, he would be a dead person now. Since he was like this, it wouldn't be so important whether he would encounter any danger this time, so he just followed.

Watching the two people leave, Wang Haishen laughed and said, "It's ridiculous. I didn't expect that there would be such an idiot. He thought that he could pass through this kind of place with the strength of the two of them. Who did he think they were? This kind of maze would never be passed without the help of many people and a powerful expert guide."

"Master, those two people..." In the distance, Yi Zhongrong also came here, just standing on the side and waiting quietly, as if waiting for something.

He heard what the young man next to him was saying and squinted his eyes: "The two people look a little weird, but they should not be the people we want to see. They can enter this kind of place. Basically, it has been eliminated that it belongs to that kid. It's possible."

"Perhaps as Mr. City Lord said, that kid didn't stay long after leaving Tianhu City, so he chose to leave here." The young man said again.

"None of us can be sure about this kind of thing. These are all things that are very likely to happen. Now there is no point in saying more. Let's take a look here. If that kid really dared to rush to us. If you do, I will let him know what the end of the fight against us is." Yi Zhongrong clenched his fist, his face gleamed with disdain, as if he was ready for something.

He has lost to Li Tian many times, and he doesn't believe that he will still lose to Li Tian this time. If he can't beat Li Tian in this way, there is really no way.

Chapter 5858: Seven Stars Magic Moon

This maze looks intricate and looks very strange.

Li Tian stood at the door and glanced at Ruan Ruo who was following: "Would you like to believe me?"

"If there was no benefactor, I would be a dead person now. Since the benefactor is going to pass like this, I have nothing to be afraid of. Anyway, with the benefactor, any problem is not a problem." Ruan Ruo smiled. , It seemed that he didn't really take this matter to heart. Seeing this guy so serious, Li Tian laughed.

"If I'm not mistaken, this should be the rumored Seven-Star Magic Moon Formation. The most terrifying thing about this formation is that it is constantly changing. The seven changes can also be transformed into each other. There have been many unpredictable changes. If only ordinary people come here, they must not know how to deal with it." Li Tian squinted his eyes and said, this is why there are so many people who want to bring one at this time. A bunch of people came in.

Because there are too many people, you can try a lot of methods, so there must be someone who can finally pass here.

"It sounds like this formation is really difficult. I came here to try my luck before. I didn't expect to get the help of the benefactor. There should be a solution to the benefactor's appearance."

"Naturally, this kind of formation seems very difficult to say, but if you really know the principle, it is easy to pass here, but it is not that simple for those young guys to pass here." Li Tianzhao smiled,

this can be regarded as a test, the test is the strength and intelligence of the contestants, these two abilities are indispensable in the subsequent festival of beasts.

After all, the next game is very fierce, and there may be some battles between life and death. If you fail to show the fighting power you should have at this critical time, you may die directly because of this. Many things can happen in the instant.

When Li Tian entered the Seven-Star Magic Moon Formation in front of him, he instantly felt that the ground under his feet began to become soft, just like cotton candy, and the world above his head began to become fuzzy at this time. of.

"Follow me, remember my footsteps, don't make a little mistake, if you go wrong, you may be lost directly here, then even I can't help it, if you get lost in Here I have lost the qualifications for this time." Li Tian turned around and said with a solemn look at Ruan Ruo behind him. In this situation, everything must be done carefully.

There must not be any mistakes, as long as there is a little mistake, you may lose yourself in this.

If you are lost here, it is even more impossible to want to leave.

Ruan Ruo nodded: "Don't worry, benefactor, I will always follow you behind."

In this way, Li Tian walked in front, followed by Ruan Ruo. The two people looked like tourists one after another, and they were not walking very fast.

You know that no one can pass here yet. The name of every person who passes here must be notified. Therefore, Li Tian and Ruan Ruo slowed down a little bit, and wanted to wait for others. After the past, they were in the past, otherwise it would appear to stand out from the crowd. After all, he was here to assassinate Yi Zhongrong. It would not be a good thing to be noticed by others so quickly.

Of course, although it is said in my heart, it is not that easy to really want to do it.

When the two people walked in the maze for about half an hour, Li Tian squinted at the thing that looked like a colorful vortex in front of him, then took a look at Ruan Ruo behind him, and said, "It doesn't matter what you encounter later. Everything, you must remember to attack his heart. You must kill him before he starts to act. If you hesitate for a second, the problem may be serious."

"What does the benefactor mean?"

"The Seven-Star Illusion Moon Array handles his ever-changing most powerfully, and the most important reason is that the last test of his is your courage. If you have something to fear in your heart, then it will definitely be at this time. Seen here, if you can't hurry and kill the thing you are afraid of at this time, then this thing will show terrifying combat effectiveness, and it will be even more difficult for you to pass." Li Tian said He is very dignified, and at the same time I am very curious about what I will see here.

It seems that the little witch I am most afraid of right now, if I see a little witch here, can I really deal with it?

He himself didn't know whether he had this ability.

This level is actually the most difficult level for Li Tian in this formation. There are too few masters that others have seen, and there is very little time to really face these masters.

But Li Tian is different, this guy has seen too many masters.

Moreover, the strength of the little witch has not been able to explain clearly until now. What should I do if I meet the little witch at this time? Before he moved forward, he started to become very nervous.

"Benefactor, you seem to be nervous, is it the opponent you will meet next, and is also the one you are difficult to deal with?" Ruan Ruo also saw Li Tian's current expression, this is the first time Seeing Li Tian's expression like this, he asked curiously.

"You can get through here by yourself. Leave my business alone. If I don't get through here, I can only say that I am helpless." Li Tian smiled, and then took his right foot, just like that. I just walked over. It doesn't matter what kind of weird opponent he encounters this time. Anyway, he can only pass here as much as possible. If he wants to avenge Guo Xiangyi, he must not take a step back at this time, and absolutely Can not be without any confidence.

He just walked straight forward, no matter what he might encounter next.

Ruan Ruo touched the back of his head and looked at Li Tian's back. Then he shook his head and whispered: "The benefactor is much better than me. If there is no benefactor, there would be no me. , I'd better worry about myself. Why should I worry about my benefactor? It's weird." After speaking, he followed Li Tian and went in.

Chapter 5859: Really a little witch?

The moment his own foot stepped out, Li Tian felt a burst of bone-chilling cold.

It seemed that his body had entered a strange space. It was not only cold, but also a strange feeling of being distorted. Of course, this feeling did not last for long. He was quickly lost from this feeling. Pulled it out, and then the expression of the whole person became shocked at this time.

He originally thought that he might see many opponents he could not imagine.

Maybe it might be a little witch.

But when I actually saw this scene, I still felt that my emotions were completely out of control at this time.

The little witch in front of her happened to have the same look in the Broken Cloud Mountain Range back then. She looked at Li Tian evilly like this, causing his whole body to become stiff, and he couldn't help feeling a kind of fear.

I clearly knew in my mind that this was just an illusion, but when I really faced it, he was still uncontrollable, but the look in his eyes could not calm him down. At this moment, I felt like I was back in the Broken Cloud Mountains. I want to seize the time to leave this worrying place, but I can't do anything at all, I can only look stupidly.

At this moment, a murderous intent suddenly appeared in the little witch's eyes, and then a sword appeared and suddenly rushed towards Li Tian.

This speed is very fast, as if the thunder is too fast to hide the ears, directly in front of Li Tian in a short time.

'bump'

Li Tian was heavily smashed out.

He fell to the ground, only then did he react, but it was too late.

"You could have killed me in a very short time, but because of your fear of me, I am free now. You want to leave here, but it's not that simple." The little witch squinted her eyes and looked in front of her. Li Tian, the sharp sword in his hand was aimed at Li Tian: "How about it, do you still dare to fight with me now? I'm afraid that the fear in your heart is already out of control, right?"

While standing up slowly, he slowly healed the wound on his body. He squinted at the little witch in front of him: "Although I have lost the first opportunity, it doesn't mean I can't leave here. I The game that must be won today is victorious. Do you think I will just give in?"

"Whether you like it or not, do you have a way to leave here now?" The moment the little witch spoke, the sharp sword in her hand lit up with a dazzling light.

"Does the most worrying thing happen? It has been so long. This kid hasn't been able to get out of the maze. I'm afraid it will be difficult to get out again." On the other side, the white-clothed man stood by Murongzi. By Qing's side, they were also at the top of the mountain at this time, but they were far away, observing the result of this game from a distance.

"It seems to be the same as our previous guess. If they are ordinary people, their opponents are not very strong. Even if they meet, they may not be helpless. But Li Tian is different. He has seen too many masters. Standing up alone can make Li Tian feel that all his efforts are in vain. At this time, he can't concentrate his attention and face his enemies properly." Murong Ziqing is also solemn, they I thought of a lot of problems before, and now the key to the problem lies here.

"It's been so long, I think this kid probably has no chance to pass."

"Who knows, no one knows what will happen next, and Li Tian is still a kid. This time I don't know what kind of opponent he met, but he obviously wants to pass this level. It's easy, but if it's Li Tian, things will definitely not be that simple. You can definitely get through this difficulty." Murong Ziqing said solemnly.

On the other side, many people have passed.

And Li Tian has not been able to get out of it at this time, and it is only a few minutes away. This time the test of the maze of the Hundred Beasts Festival is over. If he can't come out before the end, then don't care. There is no way you can continue to participate in this Hundred Beast Festival, so if you want to participate, you must come out before then, otherwise everything will be in vain.

Time passed bit by bit, but Li Tian was never seen.

Ruan Ruo stood at the door and waited quietly.

Wang Haishen walked over and said with a sneer: "I didn't expect that your trash luck was really good. You came here so quickly, but it doesn't matter. It's just that if you are at your current level, you will be here. The side is useless, it is still a way of failure for you to choose, do you know?"

Ruan Ruo stared at him and said, "Don't be too arrogant, I tell you, if he comes out, you will all be unlucky."

"Huh, it's not always unlucky who is unlucky. You should hurry and look at the time here. The time is about to pass. If your partner can't come out at this time, then we all know the result." Wang Haishen disdains He smiled, and now I haven't been able to see Li Tian's figure, it is basically certain, this kid has not been able to get out of it at this time.

Ruan Ruo clenched his fists and didn't know what to say.

"How long is it now?" The one standing on the side, looking at the middle-aged man who seems to be the administrator of the Hundred Beast Festival, glanced at the young man next to him and asked.

"There is one last minute. If this kid hasn't come out this minute, then it can only be regarded as a failure."

"This kid has been in for half a day, no matter how complicated the things inside, it is now over. What is this kid doing, and he wasted so long in the last level. There are so many people here. , No one can waste such a long time in this." The middle-aged man squinted his eyes, as if he didn't know what was going on.

To say that they also knew that Li Tian was the first to enter.

But after such a long time, this kid hasn't even been able to come out. It is conceivable that something that they can't imagine must have happened here, so it has been so long before he can come out.

"Then we..."

"Wait, if it doesn't come out, we can only say sorry, if it comes out..." The middle-aged man smiled bitterly and didn't know what to say.

Chapter 5860: New record

I think that kid won't be able to get out at all after entering. Why should we waste time here? We can close this place earlier so that we can continue the next game." Wang Haishen saw that these people had to wait for Li Tian. Come out from the inside, step forward, and sneer and say: "We all know that, but anyone who enters this kind of place can be out within a short time, if you can't get out of it within an hour If so, it's basically impossible to leave."

The middle-aged man didn't say anything after listening, but he knew in his heart that the young man was right.

It's just that their regulations are like this, and they can't be violated now.

"What does this matter have to do with you? The time is not up now, and whether he can come out of the inside is still uncertain. If it is turned off now to prevent him from coming out of the inside, can you take this responsibility?" Ruan Ruo He is also a very weak man, but he has learned a lot in these days with Li Tian, one of which is to trust himself.

You must know that not everyone in this world is invincible.

He saw Wang Haishen stand up and say that Li Tian was wrong, followed by a sneer expression, and after a grunt, he responded seriously.

"Hehe, you are just a little follower by the guy's side. It doesn't sound good. Even if this guy dies, it doesn't have much to do with you. If I were you, I would shut my mouth and treat it as Nothing has

happened. You are here long and long, did we not exist?" Wang Haishen stepped forward and looked at Ruan Ruo in front of him condescendingly, as if he wanted to take action.

"Okay, where is this place? It's up to you to quarrel here? If you want to quarrel, get out by yourself and do whatever you want." The middle-aged man was already very upset. If things are not handled well, there will be countless problems in the back. Now that these two people ran in front of them and were so noisy, naturally they didn't have a good face to show.

After hearing the sound, Wang Haishen sneered and looked at Ruan Ruo in front of him not speaking.

At this time, Ruan Ruo was looking at the seven-star phantom moon formation in front of him, his hands slightly clenched into fists, he was very nervous now, and he didn't know if Li Tian could get out of it, what should he do if he couldn't?

In this situation, the next step has not been continued. There are already so many enemies. If Li Tian dies again, there is really no hope of winning.

"Actually, I also think that this has almost reached the end, can it still come out in this situation? It is incredible."

"That is, entering the Seven-Star Magic Moon Array, but anyone who can pass doesn't want to waste too much time. Although this kid was the first to come in, he wasted so much time at this last level. I am afraid there is no way to get out of it."

Many people around have different opinions, but no one thinks that Li Tian can come out of it.

Because this is really too difficult, and for such a long time, people who can achieve this level are even rarer. This situation can be regarded as a conclusion that the possibility of Li Tian wanting to come out of it next is really true. Too small, almost impossible.

"I think you are almost ready now. It has been so long. Your friend has not been able to get out of it. In fact, there is not much chance of winning. It must be a failure, and even a nervous breakdown. The possibility of going crazy is not impossible. You must know that this is after all challenging a person's inner endurance. Many people's endurance is much more vulnerable than we thought." The middle-aged man took a look at the time. Then to Ruan Ruo next to him, he explained in a low voice.

Ruan Ruo smiled bitterly, and still said firmly: "I believe that the result will never be like this, and he will definitely not fail like this."

At this time, he thought of the solemn expression on his face when he was separated from Li Tian. Obviously, he knew what kind of opponent he was facing this time. It is very unlikely that he will not be able to defeat the opponent inside.

"Huh, as expected, an idiot is an idiot. At this time, it is still so whimsical, without looking at where it is, you really think what is in your mind, and what is the end result? That friend of yours If it really comes out from inside, I will kneel down and kowtow to you today, and call you uncle." Wang Haishen looked at the time, obviously there is not enough time.

At this time, there is only one or two minutes left before closing, so expect Li Tian to come out of it?

Just kidding, if it could come out, it would have come out long ago. Why waste so long in it?

Ruan Ruo glanced at Wang Haishen in front of him, and said, "You will regret it. When you need to fulfill your promises, I hope you don't act like you haven't said anything."

"I'm sorry, it seems that you are going to be disappointed today. You seem to have said something before. If I come out from here, you will kneel on the ground and call me grandpa? Right now, I am not in a good mood, you Kneel down and call me to listen."
