

A Killer 59

Chapter 59: Merry son

In Kyoto City, if the Tang family is a non-member, then the Wang family can be said to be a wealthy businessman.

No way, the roots of the royal family have long been entrenched in Kyoto, and the grandfather of the royal family is an old chief-level figure in a certain military area. As long as the figure is a face in Kyoto city, that does not give the royal family's face.

The Wang family owns real estate in Kyoto City, as well as many investments in the cotton spinning industry.

The Wang family has a big business, but the number of people is not very large.

The upper and lower three generations are all parent-child single passes, which is also a pity for the Wang family, so each generation, the Wang family pays special attention.

The current grandfather of the Wang family has long lived in simplicity, and he spends his old age. The head of the current Wang family is the grandfather's son named Wang Xiaotian,

Wang Xiaotian can be regarded as an iron-clad man, and I don't know if it is because he inherited the temperament that crawled out of the dead pile of the old grandfather of the previous generation, or was influenced by the blood and blood of that era, anyway, in general, Wang Xiaotian is a man.

A man who says that one is one, and that two is two, never repents.

For so many years, Wang Xiaotian has been operating the company and enterprise of the Wang family, whether it is in the market or in the status of Kyoto City, others have to give a thumbs up whenever they talk about Wang Xiaotian.

And Wang Xiaotian's best business partner and best friend in Kyoto City is Tang Zheng.

The two of them cherished each other when they were young. After all these years, they have gone through ups and downs and the intriguing interests of the shopping malls, but there has never been news of Wang Xiaotian and Tang Zheng turning their faces in Kyoto.

Nothing else, just because of their deep feelings.

Wang Xiaotian has a good family background since he was a child, so when he started his business, he helped Tang Zheng, who started from scratch.

And what about Tang Zheng? Because of this, I was so grateful that I decided to kiss Wang Xiaotian since he was a child. (Afterwards)

Although Wang Xiaotian is a tough guy with strong bones, but what about his son?

But it is a natural romantic, named Wang Feng.

This Wang Feng has been a romantic ruffian since he was a child. There are many legends about this kid on the road. Some people say that he even went to sleep with the mayor of Kyoto's Xiaomi, and some people said that he went to sleep with the underground queen of Kyoto...

But it is not clear whether it is true or not.

However, no matter what, the rumors of that kid outside are not so good.

Now Wang Feng is just over 21 years old. Some time ago, he held a party in the Wang's mansion.

There are some rich second generations and beauties who come here. By Wang Feng's side, they can lack everything except women.

Because Wang's grandfather likes to be quiet, Wang's villa is built in the suburbs of the city.

Although it is located on the outskirts of the city, the villa is beautiful in Kyoto.

The Wang Family Mansion covers a huge area, and the entire architectural style is similar to the manor model of the 17th period in the West.

The outer area covers a huge area, and the huge area enclosed by iron fences covers all the outer area, and the huge mansion stands in the middle.

The home parking lot inside looks even bigger than the public parking lot in Kyoto City, and the cars parked in it are hard to imagine. It looks like a small car show.

The first thing that catches the eye is an AutomobiliLamborghiniS.pA (Lamborghini). This vehicle with the title of the world's most famous sports car may not be so eye-catching here, but another one with a sense of time and visual impact. Force JAGUAR (Jaguar).

Maybe JAGUAR (Jaguar) is not familiar to many people in China, but the world's top luxury brand in Western countries continues to bring trend-leading luxury experience to the world in the field of luxury cars, and at the same time composes a period of legends praised by the world. story.

In addition to Jaguar, it is the BMW X5 that the public likes.

Followed by an S-Class Mercedes-Benz, and an Audi Q7.

In a word, if you just put together these luxury cars parked in the parking lot of the Wang family, it would be at least tens of millions if you conservatively estimate it. So how strong is the family property of the entire Wang family? it goes without saying.

The architectural style of the standing mansion is quite domestic. The door is made of red oak, and the two left and right doors are carved into the shape of a dragon, looking mighty and domineering.

The door was open, and after walking in, I saw a crystal chandelier that was dazzling and dazzling.

This luxurious crystal chandelier is transparent and pearl-like, and who knows that the crystal chandelier in front of you was specially imported from India. It is absolutely valuable.

The ink paintings hanging on the smooth walls are made by famous artists, and the color of the room is quite artistic.

It's just that on the real crocodile leather sofa in the middle, there is a young man in his 20s. The young man holds a glass of 82-year-old Bordeaux in his hand and shakes it gently.

With a wicked smile on his handsome face, he was holding red wine in one hand and touching the latest IBM super laptop on his lap, which is only 0.9 inches thick. This latest notebook uses IntelCorei7-2920XMExtrem, Edition processor, the original frequency is 2.5GHz, and the graphics card uses the fastest mobile display chip.

On the LCD screen, there are a few pictures of beautiful women at the moment. Look at the address of the browsing page. It says: Top Ten School Flowers in Kyoto.

Pictures of beautiful women swept through the eyes of the handsome boy in front of him, with a wicked smile in his eyes.

Finally, I hovered the mouse on a photo of a girl from Kyoto City Technology and Business University. The **** the photo was very beautiful.

"That's her."

The handsome boy suddenly raised his head and drank the Bordeaux wine in his glass, and closed the notebook with a snap.

Then he quickly took out a phone in his arms and dialed a phone skillfully,

"Hey, Huang Mao." The handsome boy said to the phone.

The moment the guy called Huang Mao over there received the call, his voice immediately became extremely respectful.

"Young Master Wang, what's your order?" Huang Mao said respectfully on the phone.

A wicked smile appeared on the corner of the handsome boy's mouth: "Check me a girl named Liu Yaqi from the Industrial and Commercial University. I want her detailed information."

"Oh, also, see if there is a boyfriend next to her? If there is, give me the third leg of her little boyfriend...do you hear it clearly?" the handsome boy added.

Huang Mao over there nodded and said, "Wang Shao, don't worry."

"I'll investigate and clear some obstacles right away." Huang Mao said on the other side of the phone.

A smile appeared on his face when he heard Huang Mao say that.
