

A Killer 5921

Chapter 5921: Civil strife

"You have also seen how huge the gap between our abilities is, and now you still think that a few of you can beat me?" Seeing the embarrassment of these people, Li Tian couldn't help showing a very helpless smile. Said: "It is the existence of two worlds, but I have to fight against each other to try. You people really make me unpredictable."

The headed young man looked at Li Tian in front of him very carefully. He wondered why such a powerful person was locked up here. Shouldn't he be held in a more terrifying cell?

This kind of place must be unable to trap immortals of this level.

But at this time he didn't have too much time to think about how to learn about this man, and he had to find a way to stop it.

He struggled to stand up, but his body was so limp that he couldn't stand up at all, as if something had strangled his throat.

"It must be uncomfortable to look at your current state. You obviously want to stand up and stop me, but you find that your body doesn't listen to your orders. No matter what you do, it will always result in such a result. Is it the most annoying thing?" Li Tian raised his mouth slightly, and squinted at the young man in front of him: "If I were you, I would not try it easily at this time, because I already know that I am the fundamental Can't change anything."

"I... I don't..."

"Don't persevere, and honestly focus your attention on others. Young people like you living in a safe environment don't know what to do in a dangerous situation. If you really If you want to contribute a little bit of your own strength to this city, go and fight. This is now when you are needed. Of course, what you can do depends on your own ability. I can't Help you." He said, people have already left here.

Now it seems that the Donggong family has not had time to attack, and now the battle within the entire Baicaomen has begun.

I didn't expect Fang Yu to start doing it so quickly. I thought that they might have to wait for a while, but I didn't expect it to be so fast.

When he rushed to the hall, there were already corpses all over the field. I don't know how many disciples of the Hundred Grass Gate were all dead here. Of course, some of these people inside were betrayal, and some stood by.

Because they had different ideas, these young disciples who came to Japan from the same sect began to fight each other.

Seeing the mess on the ground, Li Tian's brows also frowned: "Damn the Donggong family, wherever they come, they will become smoky, and there will be no grass, and they are in this situation. Can't it be opened?"

He shouted angrily, and then entered the hall.

There were only a few people inside, Li Mingxuan, Fang Yu and Ling Shuang.

It's just that Fang Yu is standing alone at this time, looking at Li Mingxuan and Ling Shuang who are in front of him: "Sect Master, I advise you to stop thinking about stopping me. I have said things that I don't agree with, and I will definitely not agree. ."

"It's been so long, and you still don't want to give up this idea. What should you insist on? People always have to make some changes, don't you? I thought you would know this very well. Now It seems that my idea is a mistake, and you will not change at all."

"Since you all know what the result is, why bother to force me here. If it can be changed, then there is no problem, but I will not change my mind."

"Fang Yu, your action ends here. I won't let you do anything that will damage the interests of Baicaomen." At this moment, Li Tian appeared here, staring at Fang in front of him. Yu.

And Fang Yu also froze for a while, and it took a long time to tell that his eyes fell on Li Tian, and he smiled helplessly: "Didn't I already tell you? Go where you should go. This is not something you can come here casually, and these things are not something you outsider should be involved in. Why don't you listen, just because I look more like a traitor?"

"What does it mean to look more like a traitor? You are a traitor. How can you just violate something that everyone has decided?" After seeing Li Tian, Ling Shuang's eyes flashed and said eagerly: "Come here and help us deal with this guy. I didn't expect that he should have prepared for this for so long. Neither of us is his opponent."

Li Tian only discovered at this time that these three people seemed to have already fought, and Li Mingxuan's body was stained with blood. At this time, standing aside panting, it was obvious that the previous battle had consumed him a lot.

This also surprised him a lot. I thought that these two people should have no problem with Fang Yu, but now I realized that I was thinking too much. This situation is far more complicated than I thought. too much.

The inside of the hall is not as mighty and glorious as before. What is left is a dilapidated look. There are traces of the battle everywhere around it. No one knows what happened in the process.

"You just came here. This guy wants to betray us and wants to leave this place with the Baicao Gate. You'd better hurry up and clean up this guy." Li Mingxuan gasped, squinting at Li Tian: "I Now that I am seriously injured, I am afraid that there is no way to help. I can only trouble the two of you to deal with this guy. After Fang Yu loses combat power, we can concentrate our attention on the Donggong family outside."

"I'm a traitor, I want to leave this place?" Fang Yu laughed at himself when he heard these words, then squinted at the two people in front of him, and said: "Are you really lying? Drafting, it seems that I underestimated the two of you before. Your original purpose was to use this young man, right?"

"Now this situation can no longer be said to be used or not. As long as it can help me stabilize the situation inside Baicaomen, I can do anything." Li Mingxuan looked very sad, as if he was facing Fang Yu in front of him. I felt uncomfortable for his betrayal, which made Li Tian couldn't help but get serious. It seems that today is destined to kill Fang Yu.

Chapter 5922: Who is the rape

"Elder Ling Shuang, you have only met Donggong Ye Wu before, and now you are ready to overthrow all these things you have done. Very few people can do this kind of thing like you. The most ridiculous thing is that you still pretend to look like I am righteous in front of me. Don't you know how disgusting you are?" Fang Yu shrugged his shoulders with a helpless expression on his face. , Looked at Li Tian at this time, and said: "The matter has reached the point it is now, and the decision is up to you."

"In your opinion, I am just an outsider. Why is the decision in my hands?"

"Our battle has consumed a lot of strength. Now we may not be your opponents. A decision of you will determine the life and death of those of us." Ling Shuang also turned around and said tiredly: "Fang Yu's strength surpassed my imagination before, and now I don't even dare to say that I can beat this guy 100%, I can only look at you."

The scene became very tense for a while.

Fang Yu just laughed at himself: "I didn't expect that my two seniors would be such a lie and not draft characters. Look at these corpses on the ground and look at the corpses of other elders, don't you Do you feel embarrassed? The dignified Baicao Gate, the sect that has been in business for so many years, has been destroyed in your hands in this way. What face do you have to meet your ancestors?"

Ling Shuang and Li Mingxuan did not speak.

But Li Tian raised the sword in his hand at this moment, with a sneer at the corner of his mouth: "Stop talking nonsense, go to hell!"

Seeing the moment when the sword energy in their hands was vertical and horizontal, Ling Shuang and Li Mingxuan's faces all showed a very relaxed look, but Fang Yu sighed very sadly at this moment.

It was at the moment of this electric light flint that Li Mingxuan suddenly screamed, and a mouthful of blood came out.

Then, the whole person flew out.

Ling Shuang swept away the decadence before, and the whole person's aura burst out in an instant. Although it was only for a short time, it was clearly captured by Li Tianji.

"I haven't been used as a murder weapon by others for so long. Even if you want to take advantage of me, your acting skills should be a little bit more minded. You really think I am a three-year-old child and will be fooled by you. When Li Tian spoke, he walked up to Fang Yu: "Senior, I was so embarrassed before, I blamed you."

"Do you already have doubts in your heart?"

"Forget it, after all, when I got to this place, the great elder's attitude towards me was so good that I couldn't believe it. Even if the stranger I just met, even if he really appreciates me, I can't do this at all, but the elder opened my eyes to see. He really did a lot of things that I can't imagine." Li Tian sneered and looked at Ling Shuang in front of him: "You don't speak to me. It means you have acquiesced, don't you still think you can fool me?"

"I just didn't expect you as a young man to be really smart. None of these things escaped your eyes. You caught them all." Ling Shuang shrugged helplessly and looked at Li Tian. "Among young people, you can have this kind of wisdom. No wonder you have reached this point at such a young age, but my attitude alone is not enough for you to doubt us like this?"

The few people in the hall were all curious expressions on their faces at this time. They didn't know what Li Tian's criterion was.

And Li Mingxuan was seriously injured at this time, and he didn't have time to pay attention to the exchanges of these people.

Li Tian looked at a few of them and said, "Indeed, it is true that the attitude of the elders towards me is totally undetectable, and it is not enough to make me suspect. Together, I can't even make critical decisions many times. This is enough for me. I told you before that I know the Donggong family well, and naturally know that this so-called suzerain is only in the hands of the Donggong family. He's just a puppet, the reason why he can't make a crucial decision is because he doesn't have this qualification."

Ling Shuang nodded; "You continue to say, where else have I exposed my flaws?"

"You don't know what my details are in advance, but I said that I can help you deal with the Donggong family. You actually believed me, and you didn't even ask anything else, and made my confinement room empty. If you can do this, I can only doubt that you must have other ideas in your heart, otherwise it is impossible to do this."

"It's really underestimating that you are young. Observations on all aspects of these things are very accurate. I have to admit that young people like you are really dangerous." He smiled helplessly, and Ling Shuang looked at the person in front of him. Li Tian said afterwards, "But it doesn't matter if this is the case. Even if you know a lot of content now, even if you know that we are your enemy, the Donggong family will immediately launch a general offensive. Baicaomen, all those who dare to resist us will die here."

"You can give it a try. I'm still here today. I can't make your plan succeed so easily. Even if it's difficult to stop you, I'm still willing to put a lot of effort into doing this. "Li Tian stared at the guy in front of him seriously, and then said to Fang Yu beside him: "Senior, what should we do now?"

"There is no other way. The entire Baicaomen can resist all the power. The ancestors are no longer here, what else can I do?" He smiled helplessly, then squinted at Ling Shuang in front of him: "Second brother, you are really the craziest person I have ever seen. Although we don't know the Donggong family very well, it can be seen from their style of doing things that you will not end well in doing this."

"It's better than being in this place where birds don't shit. Think about how we have spent so many years. After being separated from the human world, how many people still know our Baicaomen? Our ancestors let us Carrying forward this sect is not curling up in a corner of the gods now, waiting quietly for the passage of time, this is not what we want at all." He roared wildly, as if he had lost his heart.

Seeing this guy become what he is now, Li Tian also helplessly counseled his shoulder.

Chapter 5923: Backhand

"Don't be so excited, this kind of thing is not something we can decide. This is something that our ancestors decided a long time ago. Since they decided it, it is naturally for the good of our entire sect. You think you will follow the East Palace. The family can satisfy your wishes, but I can tell you that we are nothing if we leave Borderlands. After so many years, the various forces outside are mixed. Our Baicao Gate is indeed very powerful, but we are not Maybe a sect is against a coalition army, do you understand that?"

Now in this God Realm, there are all kinds of alliances everywhere, and all kinds of cliques.

An unrelated sect suddenly descended to the God Realm, and its strength was still very strong, and it would inevitably be pressured from many aspects. If it was only a small sect, someone might even swallow them.

But this is a huge monster.

There is a legendary sect that has spread among the people. Such sect strength is bound to be difficult. If you choose to unite with them, it will inevitably let some people make room for them internally.

In this way, many people will be dissatisfied.

Therefore, the Baicao Gate will not be welcomed by anyone after leaving Borderlands. Instead, it will be constrained by various conditions. It may even disappear directly between the heavens and the earth, and the things that have been passed down for hundreds of years disappear. .

This is why Baicaomen has not sought to leave here for so many years.

It was because they knew that there was no place for them in the God Realm now. If they wanted to leave here, they had to find a suitable opportunity to join the God Realm with a normal identity.

But it is clear that none of their current opportunities is suitable, and none of these can bring them a little help. If the opportunity is not reached, just squeezing in like this would be deadly.

"Don't be alarmist with me here. You are just worried that you can't deal with such a scene, so you have been so cautious for so many years. Do you think I don't know?"

"Of course I can't cope with this situation, otherwise we still need to wait time in this kind of place, but what makes me better than you is that I know when I should do something, and now I leave Borderlands. The land is looking for death. We want to leave here only to wait for a more suitable opportunity. Obviously you still don't know what you should do." Fang Yu stared at the eyes and said angrily, "But it's useless to say more at this time. , Since you really want to do it, let's try it."

"No, it's the time now. It's time to let them know that the Baicao Gate is not easy to bully. Although we can hardly escape now, there are still more important things that we need to do right now." , The middle-aged man appeared here, with a faint smile on his lips, looking at the four people in front of him.

When he saw the middle-aged man, Li Tian asked, "Aren't you still in the confinement room? Why did you run out?"

"You little guy can come out, can't I come out?" The middle-aged man smiled wryly, and squinted at Li Mingxuan and Ling Shuang in front of him: "You probably don't know yet, inside the prison room. What is the reason why there has never been an escape phenomenon in so many years."

"Who are you? This is the internal affairs of our Baicao Gate. Unrelated people immediately get out of the way. We will kill them later. Don't say that we won't give you a chance to leave here." Seeing the middle-aged man in front of him, Ling Shuang He gave a sneer. He knew that this middle-aged man was in the prison room. It is said that this man has been detained in that place for a long time. It was done by a suzerain long ago. No one has released him so far. come out.

Who knows, this person actually came out.

"Master." Just when they didn't know the identity of the middle-aged person in front of them, Fang Yu stepped forward and respectfully said: "Unexpectedly, you still left there."

"For so many years, I have never been able to forgive everything I did before, so I locked myself in that place to reflect on myself, but now that the Baicao Gate is alive and dead, if I haven't done anything yet, I'm really sorry. Seniors." When he spoke, he slowly removed his disguise and became a gray-haired old man. When he saw this man, the expressions on the faces of the few people present were all It freezes, it looks like he has seen a ghost, and I haven't been able to say a word for a long time.

This is a truly powerful man, but it is said that he was seriously injured in a great battle hundreds of years ago and died outside.

Who would have thought that they have been in their prison all the time.

"Fen Huoxin, I didn't expect you to be alive." Ling Shuang stared at the old man in front of him, and a look of imperceptible despair flashed in his eyes. Perhaps he knew that the old man appeared in front of him, and it represented everything. The end of it, they thought that the Baicao Gate now had no powerful senior, and it was always time for chaos, but they didn't expect it.

"Don't even have the honorific title? It seems that you guys are really determined to defect from the Baicao Gate. The ancestor's request is very simple, but we just want us to survive here for a while and wait for a suitable one. No matter how great the opportunity is here, it's really ugly to look at what you guys are like now. How long has passed since you can't stand your loneliness?"

"Master, we don't want to be like this either. It's just that if we keep going like this, when can we leave this ghost place? Now is a good opportunity. There is help from the Donggong family outside, as long as they help us. Wanting to gain a foothold in the gods outside is not a dream. This is the opportunity you mentioned, isn't it?" Li Mingxuan was obviously much timid. When he saw the old man in front of him, his whole state was in a state of It's about to collapse.

"Good opportunity? Haha, we have learned a lot about the style of the Donggong family a long time ago. You younger generations don't know, but as an elder, I know something. They came here a long time ago, but Baicao The strength of the sect is strong, they dare not make times, it is different now, do you really think they will let you leave here alive?" Fen Huoxin asked with a sneer.

Chapter 5924: Murderous

"According to the Donggong family's usual habit of doing things, they will not give their enemies a little chance. Once they grasp the handle, they will directly kill them. They will not give you any hesitation." Li Tian said, squinting his eyes. To some of them: "The Donggong family has always done things like this style. They naturally give you all kinds of benefits when they need you, but once the Baicaomen fall, you are nothing."

"This matter has nothing to do with you, and you are just an outsider. What qualifications do you have to participate in this matter?"

"Indeed, I am an outsider, and I am not qualified to participate in this kind of thing, but I am a person who has nothing to do with me. I like to take care of things that have nothing to do with me. Since you let me see this thing. I'm definitely going to take care of it." Li Tian squinted his eyes: "And this matter has something to do with the Donggong family. I will fight the Donggong family all my life. What they want to do, I just don't let them succeed."

"Fang Yu, go and take our guest out of here, just leave it to me." At this moment, Fen Huoxin said suddenly.

"Master, you are alone."

"Needless to say, let's go, it is more important than anything to explain the funeral of our Baicaomen."

"Haha, it seems that there is nothing wrong with the rumors. Master, you still haven't completely recovered. It seems that you have really responded to that sentence. It is difficult for doctors to heal by themselves. We in Baicaomen have always been superb. , But usually there is no way to deal with his own condition. Master should be like this now, there is no way to solve these problems in his body, right?" Ling Shuang heard the words of Fen Huoxin, just like the whole It's like being injected into life, and suddenly it becomes lively.

Fen Huoxin didn't answer either, but said faintly: "Go, this is the last time I will explain to you, the action of the Donggong family has already begun, and we don't have enough time."

"What is there to worry about, I am here, just..."

"Although you are not very friendly to the Donggong family, it is better not to underestimate this family. Do you think you can kill a general to deal with their expeditionary army? This time the expeditionary force is led by Donggongye of the Donggong family. Wu, strength has recently taken over to the realm of God King, this kind of strength is rare in the realm of God, you can beat it as a young man?" Burning Heart turned around and asked calmly: "If you can, I will agree. You stay here."

Li Tian knew that the Donggong family was very powerful, and when Donggong's avatar went down, he also caused a lot of trouble.

But I didn't expect this family to be so powerful.

However, after thinking about it, it seems to be a normal thing. The purpose of their coming here this time is to get the prescription. This is related to the issue of the Donggong pardon. Naturally, they are all the strong among the strong, Donggong. Ye Wu's ability to do so is really normal.

According to Li Tian's current combat effectiveness, there is no way to contend with such a strong man. It is no wonder that the Burning Heart in front of him would say so.

Fang Yu has come to Li Tian's side at this time: "Let's go, this is indeed the internal affairs of our Baicao Gate. It is not easy for you to be an outsider to participate in these things. Naturally, we cannot really allow you to be an outsider. Participating in, setting up an enchantment for you originally didn't want you to participate in it. I didn't expect that you, a kid, were somewhat capable, but eventually came out."

He glanced at Fen Huoxin as he spoke.

Since Li Tian can come out of the confinement room, it also represents the acquiescence of this master.

Otherwise, the master is still watching over there, even if Li Tian is no matter how powerful, no matter how clever, no matter how talented he is, it is impossible to leave the prison room. All this is actually a hint.

"I....."

"Don't you, mine, didn't you come this time for the prescription? You can come with me. If you are not going to ask for these things, I can't help it." He looked at Li Tian's dumb look, said helplessly.

"Well, I'll go with you." Li Tian nodded, and finally defeated his thoughts.

And at this time, Burning Heart said, "Although I was seriously injured, it doesn't mean that you can let you juniors act recklessly. The reputation of Baicaomen for so many years cannot be destroyed in the hands of you two juniors. You think yours The plan is infallible, but I don't know that it is full of loopholes. Since the Donggong family has spent such a high price this time and want to benefit from us, I will let them know how powerful the Baicao Gate is."

"Master, you..." Li Mingxuan was the first to feel that this endless killing intent was like a wave, swarming directly, almost killing him.

Squinting his eyes and looking at the person in front of him, he was even more scared to the extreme.

This one is also their rumored master ancestor, and his fighting power is even more powerful. Although he was seriously injured for a long time and did not recover, it was just this small aura that made them breathless.

Although Li Tian was not directly attacked, it was just the aftermath of this aura, which made him feel a lot heavy.

This is the gap in absolute strength.

After taking a look at Fang Yu, he left cautiously like this. When he was leaving, he heard screams from the hall.

Fang Yu's footsteps only paused for a second, and then he continued to leave.

"You really can't win?"

"Master can only barely resist for a long time, but it is not easy to defeat Ye Wu in the East Palace. They have figured out our details. Even if we want to be fake, if the strong people of the year are still there, Naturally, I won't worry about this anymore." When Fang Yu said this, he couldn't help but sighed: "That battle killed and wounded the strong of our Baicao Sect, and many of them even became puppets of others. , So far no trace."

"Become a puppet?"

"That was a long time ago, and it was after that battle that our Baicaomen's strength plummeted, so that now, even such an expeditionary army can't deal with it." Fang Yu said here, in his eyes. There

was a look of reminiscence of the past, but his face was terrified, as if it was really a battle of the world.

Li Tian is even more curious. Who can do this?

Chapter 5925: War of the gods

Fang Yu's expression is not very good, it is probably the first time Li Tian has seen him so many times.

He looks like he has come out of life and death.

"You won't understand my mood. I was just a child at the time. I witnessed the battle between the four **** emperor-level ancestors and the little witch. In the end one **** emperor fell, and the remaining three One died after being seriously injured, and the other two became puppets in the hands of the little witch." Fang Yu said as he walked, "That little witch is the most indescribable among so many fairies I have ever seen. one of."

"Little witch? Such a small girl might have such a terrifying combat effectiveness?" Even Li Tian didn't know what it was like at that time. At this time, he didn't feel the fear, and he could rely on one. Human power fought against four powerhouses at the Divine Emperor level. They killed one, injured one seriously, and took two away. How BT should this little witch be?

When thinking of this, Li Tian couldn't help but think of the little witch. In this way, this woman looks like...

"We thought the same way at the time, what kind of strength a little girl has, but it is not the case. Although the little girl is a person, she can control the wild beasts of the entire Borderlands. The war at that time can use the gods. To describe the battle, all kinds of powerful creatures, as well as the powerful ancestors of the Baicao Gate, all participated in this battle. At that time, it could only be described in the dark."

Although he was not able to participate in this war personally, hearing the description before him also made Li Tian feel the tremendous pressure radiated from this war.

The strong from all sides have all participated in this battle. Can you imagine the intensity of the battle?

But for Li Tian, what made him most curious was the little witch's ability. With one person, he could control so many prehistoric beasts, which in itself was very intolerable, and it even made Baicaomen a big defeat.

"If there hadn't been that one in the past, how could our Baicaomen become like this? It's all because that battle consumed too much of our Baicaomen's power, so that we have been expeditionary troops now. I can't deal with it." Fang Yu said that he looked very heartbroken. As a member of the Baicao Sect, they knew the strength of this sect before.

Now the internal and external troubles are naturally no longer as powerful as before.

Li Tian didn't speak. He thought Fang Yu was a traitor before. He didn't expect that the traitor who appeared last gave him a little surprise. It can be seen that this one should be the rumored straight-hearted person, and he didn't have any deep thoughts. , I just say what I think of, so naturally it can

also make many people start to misunderstand this person. Once there is such an emotion, the next consequences can be imagined.

About two people walked on the road in just ten minutes, and they came to the backyard of a hall.

"After that battle, our Baicao Gate is no longer the original Baicao Gate. In fact, I knew this situation would become like this almost a long time ago." Fang Yu looked at Li Tian next to him, this At that time, he said seriously: "The Baicaomen's vitality was greatly injured after that battle, but in recent years, it has not been attacked by that little witch."

"Does the little witch you mentioned has very evil eyes and looks like a little loli, but her voice is very cold, and she has a feeling of being above all living beings?" Li Tian didn't know what to do. How to describe the little witch in my memory, this girl feels indelible to myself, but it is really difficult if you really want to describe it with words.

For such a girl, none of her characteristics can be described in ordinary words. At this time, Li Tian realized this very clearly.

"how do you know?"

"If there is nothing wrong, then I have seen her in the gods outside, and she seems to have been eyeing me." I knew that there was a big gap between the strength of myself and the little witch, and now it is even more for Li Tian. There was no way to describe it, and his mood became bad at this moment. Even the historical sect like the Baicao Gate was tossed into what it is now by the little witch.

I'm just a young man with some talents, and it's just that. If this little witch is really caught up, can he really get rid of this little witch after he grows up slowly?

"You...oh, it seems that this little girl should have dealt with many people. So far we don't know what her purpose is. We just know that she likes to turn people she likes into her own puppet. As for The ultimate goal, I guess it is likely to cause a battle of the world, now she has a lot of powers of the **** emperor level at all, if she really fights against the gods outside, she should not be disadvantaged. ."

Thinking of seeing the little witch on the Heavenly Ark before, Li Tian couldn't help feeling that if he was not a genius, he might have died in Broken Cloud Mountain Range, let alone what happened on the Heavenly Ark. Thing.

Although looking at his life seems to be very sad now, I can't think about it like this at all.

After all, there is a little witch behind the scenes, and what to do next will be much easier than before. At least it will not be so easy to be killed by others. This is already very good for Li Tian.

Shrugged helplessly: "I don't know now what the purpose of this little witch is. The only thing that is clear is that the only thing I can do now is to obey the arrangements honestly."

"I hope you can get rid of them. The fragrant liquid and soul-returning pill you want, I'm afraid we don't have time to do it, but I still have one thing I want to entrust to you now, which is also related to our future Baicaomen Whether you can do it all depends on you." At this time, Fang Yu suddenly became serious. This is the first time Li Tian has seen this guy so serious.

This feeling seemed to entrust Li Tian in front of him.

Chapter 5926: Tuogu

"Senior, if there is anything that can help Baicaomen, I certainly won't refuse." Li Tianxin vowed to say, he knew that the current situation may be more complicated than he thought, and these people will have to pay later. The price is unimaginable.

Now it was natural to satisfy Fang Yu's requirements as much as possible, otherwise this guy would definitely not be able to tell him how to get the fragrance liquid and soul recovery pill.

"Our Baicaomen has been developing for so many years, but in fact, we have been looking for a way to leave here. Back then, we were only worried that the subsequent wars would drag us down, but now it seems that staying in this unowned land is not a long-term solution." Fang Yu shook his head and said: "The battle of the gods back then was actually a fuse, and it made many people realize that this place is not as safe as we imagined. This power in the dark has always been there. Peeping at you, once they are willing to attack again, the Baicao goalkeeper has no power to fight back.

"It is precisely for this reason that so many people have appeared. They want to change the situation of our Baicao Gate at this critical time and let us leave this ghost place. However, they failed to find a suitable opportunity, and now they have led the wolf into the room. , If the Donggong family really gets everything in our Baicao Sect, then the next God Realm will definitely not be peaceful."

Li Tian did not interrupt, and at this moment he completely regarded himself as a quiet listener.

"So, I actually arranged it before. The Baicao Gate is not their opponent at all, but we can't let them break in so easily. They must pay some price so that they can I know that our Baicaomen is powerful, but there are other things that we can't do. Baicaomen has several young geniuses. They have been learning Baicaomen's medical techniques and techniques since they were very young. , This is the only one we can pass on now."

Li Tian understood that Fang Yu was going to let himself leave the place with these young children. This could be regarded as a last hope.

"What are you going to do?"

"Master and I are two people. Naturally, we must put all our strengths on the matter of resisting the expeditionary army. If we fail, we will directly activate the formation of this main city. By then, everything here will be wiped out." He looked at Li Tian in front of him seriously, gritted his teeth and said: "They make our interior so uneasy, and we can't make them so relaxed. The people who are willing to leave here have left here, and all the rest are It is for people who are going to face us together. This city must not fall into the hands of the Donggong family. Regarding the Baicaomen, nothing will be left to them."

When they were talking, the two of them had already arrived in a room. At this time, there were several sleeping children on the bed. They were about seven or eight years old, with immature appearance.

"These are the last hopes of our Baicaomen. They started to learn from me when they were very young. I can only ask you to take them out. The older generation of us should have died in this place. The huge Baicao Gate is not suitable for appearing in the God Realm like this. I can see that you are a very kind man and a very responsible man. I am relieved to hand these children to you."

"they....."

"They have all taken our medicine, and they are all asleep now, so there will be no way to wake up for a while. You just need to take him to the door and leave here. Everything about the Baicao Gate is all in them. In their hands, including the refining soul pill and the condensing liquid are also in their hands. When the time comes, you can ask them to help." Fang Yu said.

When he heard this, Li Tian still understood what they meant.

Although what Li Tian said was relieved, they didn't know him for a long time. Now no one can guarantee that Li Tian will do his best on this matter. They can tell Li Tian how to refine the pill. , But the reason why he didn't say so is that it is here. He hopes to put something down on these young children.

Make them valuable.

In this way, even if some special circumstances really happen, at least it will be guaranteed that Li Tian will not abandon them so easily.

Although this is a bit of the meaning of saving the belly of a gentleman with the heart of a villain, Li Tian does not mean to blame them at all. The entire Baicao Gate up and down is now on the verge of extinction, and once these children are also destroyed. If it fell, the fire of the Baicao Gate really disappeared like this, and the things they had passed down for so many years would be completely useless. Naturally, it is impossible to wait like this at this time.

"Don't worry, I will take them out of here, but I don't know how to leave Borderlands, I don't know what kind of dangers will be encountered along the way, they are like this, I..."

"The medicine they took, if you don't wake them up actively, they won't be able to wake up. How to take them away is also a question you have to consider. As for leaving the Baicao Gate, you don't need to worry about it. An underground teleportation formation, you can use this formation to take them out of here, and you will leave Borderlands directly. This is also a formation that was set up when our Baicaomen chose to live in seclusion here a long time ago. ":

Li Tian breathed a sigh of relief when he heard this, thinking of the little witch's ability here, he was really worried now.

"Senior, is there really no way to do it? Even with the might of this expeditionary force..."

"If there is any other way, we won't become what we are now. We have always said that Baicaomen needs a suitable opportunity to leave here. Now in my opinion, this is a suitable opportunity. As long as you bring As they leave here, this means that our Hundred Grass Gate has reappeared in the God Realm." When Fang Yu said this, the expression on his face began to become a little sad.

Li Tian felt this emotion and couldn't help sighing in his heart. There are really many things that you don't know the end result will be.

The only thing that can be done is to move forward without looking back, even if there is a bottomless abyss in front of you?

Chapter 5927: attack

"How are things going on inside Baicaomen? They all said that we would attack in the evening. It has been so long, why is there no news at all?" Donggong Yewu said seriously in the camp. , They

have been waiting here for almost half an hour. They originally thought that they could almost do it, but they didn't expect that after such a long time, Baicaomen had no response.

"We don't know this. These guys said it seriously before, but when it comes to this time, who knows if they will suddenly regret it, after all, they are all senior brothers..."

"There is no need to consider this possibility. If they really would go back at this time, they would not have made such a deal with me before. Now we need to worry about when it is more appropriate for us to start offensive. As for Other issues have nothing to do with us." Hearing what the general said, Togiya Yewu's face flashed with impatient emotion: "Hurry up and make arrangements. We must attack within this time. Wait a minute."

"Marshal, in case the time is not ripe..."

"There is no time when the time is immature. It has been so long and they have not been able to tell us when to do it. It seems that the actions inside the main city have already begun. They are now restricted. Naturally, there is no way to Things have told us. If we continue to wait at this time, it would be a waste of this opportunity. It is impossible for me to miss such a great opportunity. It is time for them to see our Donggong family. incredible."

After Donggong Ye Wu's order was issued, it was just a few minutes before the shells directly bombed the gate of the main city.

At this time, the interior of the Baicao Gate had been cleared of civil strife. Fen Huoxin stood on the main city with squinted eyes, looking at these camps in front of him, and groaned: "If you want to take advantage of this kind of advantage from our hands, you must also watch. See if we will agree. Since you want to attack us so much, then this time I will give you this opportunity to let you have no return."

"Everyone is listening. Our goal today is to wipe out all our enemies here. Even if our number is small, even if our enemies are strong, we still have to continue doing this now, as long as Our ability to persevere represents our victory. Baicao Gate has not asked you to do anything for so many years, but today, we are asked, we must persevere, no matter how terrible the enemy we face, no matter how How difficult this battle is, we must persevere."

In the next second, various sword auras condensed in the air in colorful colors, and then poured down like a storm.

For a time, all kinds of strange colors and all kinds of strange magic weapons appeared in the sky, and countless disciples flew up in the sky, entangled and battled with each other.

The screams and screams became a piece at this moment.

It is also this time that many people can be seen behind the main city inside the entire Baicaomen. Although they are not members of Baicaomen, they are also the most involved in this battle at this time. In their opinion, this The city is their home. Now that someone wants to destroy their home, they naturally want to stand up and let their enemies know how difficult it is to do this.

The war turned into a fever.

Seeing the results of these wars, Donggong Ye Wu sneered: "It's really a bunch of waste. It was cleared so quickly. I thought they could create a good condition for us."

"Marshal, now that our internal friends have all been killed, isn't it unreasonable to attack the Baicao Gate at this time? Without their help, we want to complete this task next, I'm afraid..."

"What is there to worry about? The power of the Baicao Gate was exhausted in the battle of the gods a long time ago. The Baicao Gate is no longer the Baicao Gate of the year, if it was the Baicao Gate of the year. I would worry about it a little bit. After all, their strength is really terrifying, but if it's just the Hundred Grass Gate in front of me, I have nothing to worry about." Donggong Yewu vowed to say, and at the same time the whole figure was there. At this time, Bian's illusion began to emerge, and in an instant it turned into a huge phantom.

He looked at the city under his feet condescendingly like a giant standing upright. "Everyone in the city has listened to me. You are already in desperation. At this time, there are only two roads in front of you. One is to choose to fight with us, but the price to pay is quite tragic. The other is to treat as if nothing happened and hand over what we want honestly, otherwise all of you standing here will be To die."

Looking at the huge shadow in front of him, Fen Huoxin sneered, holding a round jade bead in his hand, and then threw it up.

'boom'

All of a sudden the phantom in front of him was broken up.

On the other side, Ye Wu in the East Palace also shook his body, and almost sat on the ground, his eyes flashed with a little unexpected color: "I thought that all those old guys were dead, but I didn't expect that the Baicao Gate now There is also a great master, interesting, really interesting. I thought this was a battle without fun, but now it doesn't seem like that."

The expression on his face was crazy. At this moment, he seemed to be looking forward to continuing this battle, and the whole person rushed towards the other side.

At this time, Li Tian had already transferred a few children to the ancient **** relics and handed them over to the Yasha Clan for protection. They still don't know what kind of enemies they will encounter along the way. They need to find a safe place. Only in this way can you survive. As for what happens later, this kind of thing is beyond Li Tian's control.

In the current situation of Baicaomen, he really wanted to help, but these children were kind of fire and the hope of Baicaomen, so naturally he could not just give up like this easily.

"Get out of here. You don't need to know about the next battle. Just remember to tell them that people at the Baicaomen will not easily succumb to others in their lifetime."

Chapter 5928: Mixed array

"Master, the war has begun."

Above the clouds, the little witch squinted at the smoky city below, and sighed uncontrollably: "It's a pity, if their strong men are still there, the Baicao Gate might not be like this, back then. Looking at the desperate nature of their strong men, they gave them a chance to survive, but they didn't expect such a civil disturbance to happen."

"Li Tian is already ready to use the portal to leave here, not going to..."

"No, I believe this kind of thing has already caused a lot of psychological pressure on him. Now we don't need to do anything to him anymore. Let him leave here if he leaves here. We won't be in this battle. I need to get involved." The little witch shook her head and chuckled: "Help me investigate what kind of family this Donggong family is. I have a feeling that this kid may be fighting against such a family."

"Family in the God Realm, what is there to worry about, no matter how powerful it is, it..."

"I've said it many times. Don't underestimate the abilities of human beings. Maybe they seem to be very simple now, but don't forget that the God Realm was the real God Realm back then, like the ancient gods. Now it's just a place where a group of fairies gather." A fierce light suddenly appeared in the little witch's eyes, and she said seriously: "I believe that soon the opportunity of the God Realm will once again become the time of the ancient gods. ."

Rumbling

Suddenly, the ground of the entire Hundred Grass Gate began to tremble. It turned out that their city walls began to be unable to withstand such a terrifying force. In addition, the battle between Donggong Ye Wu and Fen Huoxin was so fierce that it is now here. They all became tattered, and the dead disciples could be seen everywhere, and the entire Baicao Gate became horrible at this time.

After this battle, I don't know how many people will die here.

At the moment when the city wall was breached, the expeditionary army drove straight forward, and the battle began to become more intense at this time.

Even at this time, the little witch still had no emotion in her eyes, no matter how cruel the battle was, it still had no meaning in front of him.

I don't know how much time has passed since the entire expeditionary army has invaded the main city of Baicao Gate. At this time, she whispered: "It should be the time, let me see that even I was afraid of it. How terrifying is the formation of his."

"The so-called Hundred Grass Gate is just this way. It is vulnerable. If I want to destroy you, it will be a breeze. I thought you were still some great masters, but I didn't expect that the rest would be you. Such old, weak and sick." Standing in the sky above the main city, Donggong Ye Wu was already full of confidence at this time. He believed that he only needed to move a little bit to destroy everything in front of him.

Looking at Burning Heart in front of him, I thought it was a difficult opponent before, but now it's just that.

"Indeed, if it were the Baicao Gate back then, you would even come in, and you would not even have the courage to set up camp in front of us. All of this is destined to heaven. Since it is a destined thing, we naturally have nothing to do. It's embarrassing." Fen Huoxin smiled helplessly, and said seemingly ordinary.

"Things have reached the point where they are now. You can still tell me something like this with a smile. You are really interesting. In my opinion, you should be very worried. Why is it on your face? Can't see the slightest emotion like this?"

"That's because you don't know, there is actually another killer here."

"Assassin? What assassin is there? Your Baicao Sect is already poor in skills. I know what your current situation is like. I know the state of the whole sect, so you can still Deceived me?"

"It's really like this, but they still have something that they haven't told you. That is when the Baicao Gate really falls, everything here must be destroyed. The purpose of your first coming here is nothing more than to overcome the evil pill. Of course, the purpose of your coming here now is very likely to be like this. If all this city is destroyed, do you think this expedition will be of any significance? You will never get what you want." Fen Huo smiled. Said.

"Don't think that this can scare me. All my people have already invaded and will soon control the entire Baicao Gate completely. Now you want to destroy these things in front of us, you really think I am Or an idiot who will give you this opportunity?"

"The formation has been activated, and no one here can get out of here." When Fen Huoxin spoke, she suddenly opened her arms like this, and in the next second, countless white ones were like silk threads. Xianli all scattered from his body, and soon enveloped everything around him, watching this scene happen before him, Donggong Yewu seemed to have noticed something. ,

Under this main city, there is actually a huge formation.

He thought of a legend.

In that legend, something that can destroy the world, but requires a lot of cost to activate, the Hunyuan Array...

As soon as Li Tian entered the formation, he could hear a terrible whistling sound, and then, everyone around him, all of them were floating white silk threads.

Fang Yu looked at him from a distance and said, "The Hunyuan Formation has been activated, please leave here soon, and never come back."

'Roar'

Like a dragon, a white beam of light went straight into the sky, and then spread out with a 'boom', the whole ground trembled, the air currents in the sky roared, and even the sun and the moon began to lose their luster at this time.

Suddenly, everything around the Baicao Gate was like daylight.

This is an absolute destruction, and at the same time a final defense formation. No one can survive in this formation. This is even more terrifying than death.

That is to say, the power of such a formation directly broke through the energy prohibition of the entire Borderless Land, and directly transmitted the induction of many strong people.

One can imagine how terrifying the power after this explosion is, and it can be sensed by so many people.

Chapter 5929: Funeral

I don't know how much time has passed, the smoke and dust have dispersed, and the ground has begun to be quiet.

But it can still be felt. There is a terrible destructive force here. Although these forces will not continue to hurt you, they still give a lot of people a terrible pressure.

Looking at the main city that has completely disappeared in front of him, and at the huge potholes appearing on the ground, like a bottomless pit, the little witch said: "No wonder they vowed to negotiate with me like this back then. Although I know how powerful the Hunyuan formation is, But I didn't expect it to be so terrifying. Even if I was trapped in this formation, I would definitely die."

"If you want to make the expeditionary army pay, this is the only way. All of them can stay here forever and never go back."

"This time the Donggong family is very uncomfortable. There are many strong people in this team. All of them have been wiped out. No matter what, the vitality has improved." The little witch said.

At this time, many people in the entire God Realm felt all this.

The Emperor Beidou opened his eyes. At this moment, he was in the gate of Shuiyuezhong, squinting at Murong Ziqing in front of him, and said, "What about that kid?"

"If he can have such a movement, why should we worry about so many things? Only relying on this ability can be rampant in the entire God Realm. This feeling reminds me of the battle that year. The Hunyuan formation was really a formation created by a genius, but because this formation was too cruel, in the end everything about this formation was destroyed."

"Hunyuan formation, in our opinion, it is a formation that wounds eight thousand enemies and self-destructs. Once you enter this activated formation, even if you are above the **** emperor, there is no way to escape from here. , The destructive power of Heaven's Path is irresistible." The Emperor Beidou said with emotion: "Moreover, the only thing that can create such a terrifying formation in this place is probably the Baicao Gate. The plan failed, the Baicao Gate should have perished on its own."

"I thought that the Baicaomen might be able to leave here. If we did a good job, it would be easy to get such a power, but I didn't expect them to..."

"A long time ago, the Donggong family also entered the land of no owner. It seems that this time Li Tian's past is really not a suitable opportunity. Such a huge battle may really make him die there. He is just a It's just a dispersal in the realm of gods, and even a piece of cannon fodder in this kind of battle can be considered.

"We don't need to worry about this. This kid is more clever than us. So many people wanted to kill this kid before, but how many people succeeded in the end?" Murong Ziqing smiled confidently and said, "This kid is cheap. Life is much stronger than many people I have seen. After so many dangers, I can survive. I think it will be no exception once. He will soon appear in front of us. Up."

'vomit&'

When Li Tian came out of the teleportation array, a mouthful of hot blood was vomited out, and his whole person fell to the ground, and his consciousness began to become blurred.

"Hold on, if people find out, you will definitely die now." The voice of the remnant soul of the ancient ***** reminded him at this moment.

The moment he entered the formation, the destructive power of the Hunyuan formation was released. At that time, Li Tian was forced by the impact of this explosion, that is to say, a small part of the explosion was directly The effect on him, although his current state has not reached the point of death, he is also seriously injured and may be in danger at hand.

The power of the Hunyuan Formation can be seen in general. Just this weak aura can cause Li Tian to be seriously injured. It is conceivable that if he is really at the core of the explosion, he will face the formation right after the start. What kind of huge impact will the explosion be.

"I really didn't expect Baicaomen to have such a method. I was only seriously injured in the little aftermath before the explosion. Those guys in the Donggong family should all be killed, right?" Li Tian bitterly He smiled. Fortunately, this formation didn't invalidate his teleportation formation, otherwise he might just die there.

Rao was so, and still paid a heavy price.

"The Donggong family suffered a heavy loss this time, but if you enter that city, no matter who you are, there is only one dead end. This is a formation created in the ancient gods period, and it has also appeared in previous battles. , But later it is said that all traces of this formation have been completely eliminated. I didn't expect them to know how to use this formation." The remnant soul of the ancient ***** also said with excitement. It is true that such a formation has been used. It can destroy the world.

"I don't even know where I am now." Li Tian said with a bitter smile, found a wall and leaned down, and then slowly began to recover from his injuries. He didn't know how long it would take him, but he understood. I am in a race against time at this time. I believe that the things I did in Tianhu City before have probably made my enemies aware of the difference here.

Although I am not sure that this is really Li Tian, the possibility is also very high. The location of his coming out is currently uncertain, but the distance from Tianhu City should not be very far.

Therefore, Li Tian is actually quite dangerous now.

If these things are not handled properly at this time, the person who greets him is really dead.

That's why he was so anxious at this time to start repairing his injury.

"I hope the little witch knows what state I am in. I have spent time in such a difficult state. If someone comes along and wants to kill me, the success rate at this time is very high. If she doesn't make a move It will definitely die."

"Hurry up and restore your own state, don't always think about other people's help. If she really intends to help you, it is naturally impossible to hurt you." Ancient God Remnant Soul said angrily.

Li Tian said with a smile, and then once put himself into a state of cultivation,

But I didn't know that there was a person in the distance, looking at Li Tian in front of him curiously, his eyes were a little bit more cunning...

All of this, Li Tian, who was seriously injured, was completely unclear.

Chapter 5930: variable

The weird scenes produced in Borderlands have caused many people at this time to start to wonder whether something undesirable has appeared, which makes this place look like it is now, otherwise

according to the usual principles, no one There is no reason why the land has become what it is now, with such a huge energy fluctuation, of which the most affected is nothing but Tianhu City.

They were relatively close, and the energy fluctuations this time were quite strong, so naturally they found the anomaly here the first time.

Originally, Yi Ze, who was still focusing all his attention on finding the real murderer, could only reluctantly shift his attention to this side. Of course, he did not forget to continue searching for the murderer. After so long, he has become more and more sure that Li Tian may have done it. Although all that sounds incredible, it has a great chance of winning.

Because many people disappeared after the Hundred Beast Sacrifice, it was not easy for him to disappear even if he didn't want to disappear in that place, which caused him a lot of trouble.

I want to really show evidence to say who is the culprit of this thing, but I really can't show it, and now I can only rely on my reluctant guessing who did it, and naturally I can't rely on it later. Evidence has come to deal with it, but if you really meet Li Tian now, you will definitely not let it go easily.

No, the matter of Borderlands has only just passed, and he has received news from here.

"My Lord, we found Li Tian on the edge of Borderlands. He looks like he is seriously injured. His condition is very serious. What should I do now?" A scout came to the city lord's mansion in Tianhu City. Seriously reported everything he saw: "His current state looks really unsatisfactory, if we..."

"You can be sure that you saw Li Tian, and not some other guy who looks similar to him?"

"It's true. We have a deep memory of this person's appearance before. It is impossible to admit mistakes now. I can assure you that this guy is definitely the Li Tian you are looking for. I just don't know why he is here. The edge of Borderlands was severely injured. I think it might really have something to do with what happened inside Borderlands. After such a battle, it would take a while for him to regain himself." Scout At this time, it was also quite proud. For them, it was equivalent to a great achievement.

Before, Yi Ze had been looking for Li Tian, but there was no very good effect. I thought it was like this. If Li Tianzhen was caught by these people so easily, it would not be called Li Tian. These people Even if it takes a lot of effort, it may not be able to catch Li Tian.

But the situation was different now. Li Tian was seriously injured, and the combat effectiveness that could be displayed at this time was almost zero, so naturally there was no need to worry about anything.

"Unexpectedly, it turned out to be the way it is now. I have been searching for it before but there is no good clue. Now I can't help it. On the contrary, he ran out. This is also very good. I will continue to save it. Wasting time to find him." Yi Ze squinted his eyes, a fierce light flashed in his eyes. At this time, it seemed that the whole person looked very gloomy.

The same is true when I think about it. As a father, he watched as his child was murdered by someone else's scheme, but he has not yet been able to catch the murderer.

No matter who it is, it will be as angry as him at this time, and angry as he is, but fortunately, at this critical time, they still found a clue about the murderer.

Now only need to catch Li Tian, everything can be finished perfectly.

"My Lord, then we are now&"

"You continue to send people to stare at this kid, but you must pay attention to the actions of the Guo family. I think they might also come into contact with this Li Tian. Don't be stunned now. Once you let him know where we already know where he is, This question is..."

"Report... Lord City Lord, something is wrong." Another soldier rushed in, panicking, as if he had seen a ghost.

"What is worth making such a fuss about? People who don't know think that Tianhu City is about to fall, stand up and talk." Looking at the very nervous soldier in front of him, he snorted impatiently, and was still in his own territory. What serious things can happen that requires this soldier to report to himself so nervously?

"What are you talking about?" An unbelievable expression immediately appeared on Yi Ze's face. He walked up to the front of the soldier's shirt, and was lifted from the ground abruptly by him, his eyes staring wide: "He I'm desperate, dare to run to my chassis, do you really think that I dare not attack him? It's such confidence."

"City...City lord..." The soldier was grasped by his shirt and lifted up, and immediately felt that the whole person's breathing began to become difficult at this time.

Hearing his tone, Yi Ze heaved a sigh of relief: "Very well, he is really a very courageous guy. He dared to appear in front of me after doing something like this on my site. The kid is probably the only one of so many people I have seen, but that's fine, and it should let me take a good look at this kid's abilities."

"City Lord, it's not suitable for us to meet this kid right now. He came here at this time just to seek a protection card for himself. Even if we secretly kill Li Tian, we still have to let the responsibility fall on us. There are many people in the God Realm who hate Li Tian, but they don't dare to take it without scruples. After all, there is also a Beidou God Emperor, right?" At this time, standing on the side of the distance has not spoken, A counselor in a black robe stepped forward and said helplessly: "This young man is very smart and knows that he is likely to encounter danger outside, so he came to our side to seek protection at this time."

Yi Ze clenched his fist and snorted: "Damn it, so I have to watch this kid jumping around under my eyelids? And can't make a move?"

"It's like this in theory. Unless we can borrow a knife to kill people, or we can prevent this problem from falling on us, then even if we kill Li Tian, the anger on the side of the Emperor of the Big Dipper will be beyond us. One thing must be considered in the long term."
