

## A Killer 601

Chapter 601: Ghost servant, Duguxie

Duanmu Heilong took a step back suddenly.

No way, his sword is indeed too powerful, and the sword technique is really too smart.

You know that Duguxie became famous all over the world 20 years ago... What's more, he who was immersed in it for 20 years?

How good should he be? Perhaps looking at the world, except for his elder brother "Cthulhu", anyone who hears Duguxie gets a three-pointer.

The man with a scary ghost face since he came to the scene didn't say a word from beginning to end. At this moment when he saw the Duguxie bronze sword shot, he suddenly smiled strangely.

The laughter was as terrifying as his people, which made people shudder.

"It's been twenty years...Unexpectedly, you and my brother haven't appeared in twenty years. Now even the younger generations of the four big families are so bold... Hey, it's sad, sad..."

"Brother...If you are still alive, you can't laugh to death if you see this situation?"

The weird words were accompanied by his terrifying and heinous laughter, and everyone in front of the laughter was born.

Who is he?

Dare to put such wild words in front of the four big families? And he blatantly did not put the four big families in his eyes.

Yuwen Huangji in front of him heard his face extremely ugly, but what about the Duanmu Black Dragon? He was full of dignity, because he suddenly recognized who this strange voice was?

If he had not guessed wrong, he would definitely remember that twenty years ago, the evil \*\*\*\* with a "god" legend had a servant who was more loyal than death, nicknamed: Ghost Servant!

The ghost servant is the shadow of the evil god! One of the best brothers of Cthulhu!

The identity of Duguxie may have reached an equal footing.

Having said that, let's talk about the old man Ouyang? When he heard the scary man wearing a ghost mask say so, he didn't care too much. He just raised his hand slightly, stroked his gray beard, and a smile appeared at the corner of his mouth.

"Unexpectedly, during the lifetime of the old man, he would still be able to see the famous ghost servants and Duguxie... Hey! Life is like this, passing a glance... The old man is really worth it in his life. It is worth it." Old man Ouyang suddenly laughed wildly.

"Hey, Lao Ouyang, fortunately, you are still a man of all ages. Looking at the audience, you are so dim-eyed that these ignorant things bully such a young man... Hey, are you really old?" The scary man with a ghost face The voice was extremely ugly, and he said to Old Man Ouyang as if complaining.

How dare he call it this way in front of Old Man Ouyang?

How dare he complain like this in front of Old Master Ouyang, whose kung fu has reached the point of demigod?

If this is spread out, it is estimated that no one will believe it!

But at this moment, the old man Ouyang was not annoyed by his words, on the contrary, the old man Ouyang laughed.

Even his granddaughter, Ouyang Shiqing, was full of horror.

Who is this scary man with a ghost face? Is it right or evil? How dare to speak like this in front of her grandfather, she was worried that her grandfather was angry just now, but when she saw her grandfather laugh out loud, she was completely stunned.

What happened to all this?

"I haven't seen him for so many years, I can't think of the shadow ghost servant still having such sharp teeth!" Old man Ouyang said with a smile.

"Of course..." The scary man with a mask called the ghost servant also smiled yinly.

While they were talking, the Duanmu Heilong knew the situation today, and he could no longer control it!

And of course he also knew that if he was trying to kill Li Tian, it would be impossible unless he wanted to die here...

Therefore, the Duanmu Heilong in front of him was very clever using them unsuspectingly, suddenly his body curled up, and a black shadow suddenly jumped toward the outside.

At the same time, the six Duanmu family members who were brought along followed the Duanmu Black Dragon to escape almost at the same moment.

Duguxie here coldly glanced at the Duanmu Black Dragon who had escaped, without even looking at it. The bronze sword in his hand, like a sword from a flying fairy from the sky, suddenly rushed towards the two Duanmu clan that had not slipped away. The member was wiped with a sword.

No one can describe the power of that sword!

Similarly, no one can describe the murderous spirit of that sword.

The only thing I can feel is a sword aura, a very heavy sword aura... across everyone's faces...

Then, two screams!

Looking at the field again, there are already two more headless bodies!

died!

Yijian had his head cut off... the sword technique was so pungent, and the sword technique was so vicious.

This is him, Lonely Evil Sword.

After killing two members of the Duanmu family with one sword, the ghost servant next to him suddenly said, "Forget it, don't chase them..."

"Hey... his injury is so serious." The ghost servant suddenly looked at the dying Li Tian in his arms and said with a sigh.

Although he was wearing a grimace mask, although no one could see the expression on his face clearly, he could still hear his caring for Li Tian, as well as those twinkling eyes full of concern.

Why does he care about Li Tian so much?

Why do you care about Li Tian so much?

This is the biggest doubt Ouyang Father and Na Feng Qingzi currently have.

After the Duanmu family was driven away by the sudden Duguxie and ghost servants, only Yuwen Huangji and others were left here at this moment.

"It doesn't matter, even if I destroy my whole body's effort, I will save him." Duguxie said coldly, standing next to him.

Even though those icy faces looked so cold, everyone could tell that his eyes were full of warmth when looking at Li Tian!

It is a kind of warmth like a family meeting.

"At this point, we won't find them one by one in this account today. Let's save him first." The ghost servant suddenly said in a hoarse voice.

Duguxie had no words, but nodded indifferently.

The two of them didn't seem to see the awesome Yuwen family at all.

"Old man... I haven't seen you for many years, and you know that my ghost servant has never said hypocritical words to anyone in my life, but today, I say thank you!"

"For nothing else, just because of him in my arms." The ghost servant's unpleasant voice suddenly came out of his throat, and his face wearing a ghost mask looked at Master Ouyang and said.

"Thank you!" The extremely cold Du Guxie also said to Father Ouyang and Feng Qingzi at the same moment.

They have been famous for decades, but today why do they lay down their dignity and say thank you to the old man Ouyang for the sake of a dying "him" Li Tian who was seriously injured and had no reputation?

p: There is no electricity and no internet at home today, hey, the update is slow, please forgive me, brothers! However, Huahua will still update as much as possible. Thank you brothers for your support, and thank you brothers for voting for Huahua. You are the cutest! Dear!

Chapter 602: disappear

A "thank you" Duguxie, and the ghost servant wearing a grimace mask said it.

After the two spoke out, the old man Ouyang smiled slightly.

"You're polite..." Father Ouyang said boldly.

The ghost servant suddenly turned his face to look at the cold Duguxie next to him and said: "Let's go now..."

The cold Duguxie who was standing aside nodded with a low expression on his face.

Just as the two weirdos were about to leave, Yuwen Huangji who had not spoken suddenly roared.

"Duguxie...you stop the old man!"

A sudden roar came out of that Yuwen Huangji's mouth.

After his voice was uttered, but seeing the broken arm Duguxie slowly twisting the cold and ruthless face, looking at Yuwen Emperor.

At this time, the ghost servant next to him was also wearing a grimace mask and staring at Yuwen Huangji in front of him without blinking.

But when he saw that Emperor Yuwen shouted to stop that Duguxie, he furiously said: "You can't take that kid away... You must leave him with me today."

The kid that Yuwen Huangji said in his mouth was of course the dying Li Tian.

To know that Li Tian pirates his family's Xuanyuanjian, Yuwen Huangji certainly wouldn't let Li Tian go so easily...If he was really let go today, then Xuanyuanjian's whereabouts might suddenly disappear again.

When the Emperor Yuwen made a great utterance, that Duguxie's mouth opened, as if he was about to speak, but his words hadn't been spoken yet, but the ghost servant beside him suddenly laughed strangely.

"Are you Yuwen Huangji?" A word came out ugly from the ghost servant's mouth wearing a ghost face.

When he said the name of Yuwen Huangji, Yuwen Huangji stared coldly at the ghost servant with a pair of big eyes.

"What if it's an old man?"

"Good! Very good!" Ghost servant suddenly said with a weird smile.

"I first thank you for helping my second brother more than ten years ago!" The ghost servant suddenly said hoarsely.

Who was the second brother he was talking about? Could it be the evil sword standing beside him: Duguxie?

Not bad! The Yuwen Emperor of the year indeed saved that Duguxie's life by mistake!

And Duguxie also broke his arm after staying in the Yuwen family for a long time because of that kindness, and returned the kindness...

Just listen to the ghost servant continuing: "But, do you want to keep him today? That is absolutely impossible...unless...unless you want to die!" The ghost servant's voice suddenly turned into a deep chill. Feeling of suffocation.

And from under his face wearing a grimace mask, a pair of gleaming eyes revealed an invisible murderous aura.

Just when the compelling words of Ghost Servant came out of his mouth, Yuwen Huangji's face was extremely ugly, but I don't know why, this arrogant Yuwen Patriarch, at this moment... In reply, it seemed to be completely afraid of where.

The old man glanced at the situation in front of him, suddenly sighed slightly, then turned his eyes to the past, looked at the Yuwen Emperor, and said, "Patriarch Yuwen...I think what happened today may really be a misunderstanding."

"You just saw that Duanmu Heilong didn't dare to face the truth, so I boldly guessed that the person behind the stealing of your family Xuanyuanjian might really be the work of Duanmu family..." Just listen to Mr. Ouyang. He said in a round field.

Then Yuwenhuang, who heard Old Man Ouyang say so, snorted: "But, the Xuanyuan Sword of my family is on that kid at this moment? Is it that I just watched him go like this today? Will the treasure be left again?" Yuwenhuang said with eyes full of unwillingness.

Hearing what Yuwen Huangji said, the old man Ouyang frowned slightly, then raised his eyes to look at the ghost servant over there, and Du Guxie, from the current state, the famous ghost servant and Du Guxie It looks like it will definitely protect the young man.

If Yuwen Huangji had to tear down his face to ask for that Xuanyuan Sword today, he estimated that the ghost servant would really dare to kill!

At that time, Yuwen Emperor will definitely die.

After pondering the situation in front of him, the old man Ouyang suddenly said: "Let's do it... Patriarch Yuwen, I, Ouyang Wujiang, are here today to make a guarantee!"

"I believe that everything today must be a misunderstanding, so with regard to today's affairs, I don't want everyone to continue making trouble... If the trouble goes on, blood will be splashed on the spot... So in order to avoid this happening, today I Ouyang Wujiang promises you Patriarch Yuwen...Xuanyuanjian will never be left behind!"

"Although Xuanyuan Sword may really be in the hands of that young man today... But I dare to say something swearingly in front of you... After a while, this young man's injury is getting better... I am definitely number one. A Xuanyuan Sword who wants to return to your family."

Listening to the words promised by Father Ouyang, Yuwen Huangji not only looked a little ugly.

In fact, he really regained his family's Xuanyuan Sword today.

"But..." Yuwen Huangji seemed to want to say more.

The words had not yet been spoken, but when he saw Kunlun on the side, Feng Qingzi suddenly said, "Patriarch Yuwen, don't you even believe what Brother Ouyang said?"

"Since Brother Ouyang has spoken in front of so many people, don't worry...I believe your family's Xuanyuan Sword will not be left behind." Feng Lao also said slightly there.

Listening to Kunlun's Feng Qingzi also saying the same, that Emperor Yuwen was completely stunned.

With a pair of unwilling eyes, he glanced at the dying Li Tian, the ghost servant and the Duguxie over there, and finally sighed helplessly!

He really couldn't help it...Today he thought that old man Ouyang and Feng Qingzi would be on his side, but he never expected that the two old men would also be on Li Tian's side!

Why is this all? Why are these people so protective of a wounded "evil thief"? Yuwen Huang is extremely confused.

But he is also powerless at this moment. With the power of his Yuwen family, it is impossible to want to go against the sky at this moment.

So after a long sigh, Yuwen Huangji finally murmured: "Okay! Brother Ouyang...I believe you once."

Hearing that the stinky Yuwen Huangji finally compromised, the old man Ouyang next to him showed a smile on his face.

And that Feng Qingzi also smiled slightly.

"Duguxie...Ghost servant..."

Father Ouyang suddenly turned his face and prepared to speak to the Duguxie and the ghost servant...

But the moment he turned his face away, there were still traces of those two "strong men"!

The Duguxie and the ghost servants came and went without a trace and disappeared like air. At this moment, their figures had already disappeared.

Chapter 603: Treat

"Where's my eldest brother..." Na Qiu muttered while looking at the place where the ghost servant was holding Li Tian just now with a desperate face.

And what about Situ Ningbing? It was also the whole Jiao body lying on the ground with a desperate expression on his face.

She didn't know in her heart whether the man wearing the grimace mask was good or bad? I don't even know why the broken arm Duguxie suddenly came to rescue Li Tian...

All of this is a huge mystery to them, but they can do nothing at all.

No way, the abilities of the characters appearing today are too powerful.

Of course, if Situ Ningbing knew who these weird characters appeared today, she might not be so surprised.

Ouyang Shiqing over there was also blinking beautiful eyes at the disappearing Li Tian, as well as the ghost servants and others... his eyes were full of curiosity and disbelief.

"Grandpa...Is Li Tian in danger?" Ouyang Shiqing turned her face and quickly asked the old man Ouyang.

But seeing the old man in front of him, Ouyang gently stroked his white beard with his hand, and said with a smile: "Don't worry, that young man will not be in danger!"

"On the contrary, he might be a blessing in disguise!"

After Mr. Ouyang said so, although Ouyang Shiqing didn't quite understand the words of Mr. Ouyang, she was a little relieved in her heart.

But after seeing this old man Ouyang looking at the disappearing ghost servant and the Duguxie, he not only looked far away with a distant gaze.

"Feng Lao... they are all born, is it true that heaven is going to change drastically?" The old man Ouyang in front of him suddenly sighed.

The Kunlun Xuanmen Fengqingzi silently stepped forward, then looked up at the endless sky, and sighed for a long time before exclaiming: "They are not terrible when they are born... The terrible thing is that their birth indicates a demon. The real rise of the evil star!"

"It's been twenty years, and it's been twenty years... that although he has disappeared, the way of heaven has changed, and now it's unpredictable. It's hard to say who rises and falls." Feng Qingzi sighed there. Discourse.

Perhaps few people can understand his words.

But the old man Ouyang in front of him heard clearly and clearly.

The two elders suddenly looked at each other and smiled, without much words, then slowly turned and walked forward.

After the old man Ouyang and Feng Qingzi also slowly left, the Yuwen family members, of course, also left.

Although this Yuwen Emperor was unwilling from beginning to end, and his face was full of anger, but when he finally saw the ghost servant and Duguxie suddenly disappear, his heart suddenly shook.

At that time, he suddenly believed that he was really not the opponent of Duguxie and the Ghost Servant.

Imagine being able to come and go freely in front of them, and come and go freely with a very injured Li Tian, how could Emperor Yuwen be able to leave the ghost servants and Duguxie?

Therefore, at this moment, Yuwen Huangji could only take people away in angrily.

After the Yuwen family members here also left this place, all that remained were Situ Ningbing, who was extremely injured, Na Aqiu, and Old Monster Ge, Li Tian's brothers and lovers.

On one side there was Ouyang Shiqing standing there looking at them.

But seeing Ouyang Shiqing suddenly walked slowly towards that Situ Ningbing.

"How are you? Is there anything wrong?" Ouyang Shiqing kindly helped the seriously injured Situ Ningbing slowly.

Although Situ Ningbing was seriously injured, she was still able to stand up barely at this moment, but there was a look of despair in her eyes.

That's because she saw the despair of seeing her beloved man suddenly disappearing, and she stood there still as if stupidly.

"You are hurt so badly...or else, I will take you to our family and treat your injuries first." Ouyang Shiqing said in front of him.

Situ Ningbing didn't know if she heard her words, but just stayed there.

In the end, Ouyang Shiqing gave a call, and then several cars came. The people in the cars were naturally from the Ouyang family. They took away the seriously injured Situ Ningbing and Na Qiu!

A tragic incident finally came to an end in the sudden appearance of the mysterious ghost servant and Duguxie.

Right now, only Li Tian was taken away by the ghost servant and Duguxie...The rest was okay, at least the current Aqiu and Situ Ningbing were all safe and sound.

But was Li Tian brought there by the ghost servant and Duguxie?

And what is puzzled is why those two great figures who have become famous decades ago are so concerned about Li Tian?

Inside a relatively dilapidated house, it resembles a basement.

But I saw a lonely figure standing there motionless.

His broad shoulders seemed to press against a mountain, but it didn't seem to hold him down.

One of his sleeves was empty, and his right hand was cut off.

No one knows why his hand broke... Maybe only he knows it?

This powerful character who used to dominate the world with a right-handed evil sword now looks a bit vicissitudes of life, a bit lonely.

He is the evil sword, Duguxie.

In the dark room, besides him, there was another weird man wearing a grimace mask.

Of course that person is the "shadow" ghost servant!

Once known as the immortal servant and ghost servant beside the evil god.

In front of the two people, there was a simple iron bed, and on the iron bed was a dying man.

Of course he is Li Tian.

Li Tian's face had turned dead gray at this moment, and even breathing had begun to become extremely difficult. The two abandoned arms were still hanging there at this moment, and they were still slightly swollen.

"Broken Heart!"

The ghost servant who was standing silently bent his waist and glanced at the dying Li Tian's chest purple and suddenly said.

"Well! It really is the broken heart of the Duanmu family." That Duguxie also said slightly.

"Hey! Let's save him first..."

The ghost servant suddenly sighed, and then walked slowly to Li Tian's. After reaching Li Tian's, he reached into his arms and took out a bottle of purple-red pills.

After the purple-red pill was taken out by him, he slowly supported Li Tian's body, then stuffed the pill into Li Tian's mouth, and then let Li Tian slowly lie down. .

Duguxie stood aside from beginning to end, watching silently.

"This Huoxue Powder can first dissolve the congestion in his heart... and then his body needs to be quietly nursed..." the ghost servant said in a hoarse and unpleasant voice.

Chapter 604: Waste

"Yeah." Duguxie said in a low voice.

"How about his arms?" Du Guxie asked Li Tian, looking at Li Tian's broken arms.

The ghost servant slowly lifted Li Tian's arm with his hand... Li Tian was already in a coma at the moment, and he couldn't notice the pain in his body, so when the ghost servant raised his severed arm, he felt it at all. No.

After the ghost servant slightly raised Li Tian's arm, he murmured: "Ligaments and bones are broken..."

"Then what to do?" Du Guxie was full of horror after hearing the ghost servant say this.

"I do not know either....."

"Even if I can help him reattach the bones and connect the ligaments, I am afraid that his two arms will no longer be able to practice martial arts..." The ghost servant suddenly sighed.

"How could this be!"

Duguxie suddenly let out a low roar, like an extremely angry cheetah. The three-foot bronze sword in his left hand slammed on the ground...The cold floor was hit by the violent impact of Duguxie's bronze sword, and it sank. A huge crack came out.

"Is there no other way?" Duguxie snorted in front of him.

At this moment, the face that used to have few expressions turned purple and ugly, and I didn't know if it was because of excitement or anger that the whole person trembled.

When the Duguxie in front of him screamed, the ghost servant also sighed slightly, and then the face with a ghost face shook his head there.

Is Li Tian really abandoned in this life?

Will his two arms no longer learn martial arts from now on?

"His ligaments and muscles and bones have been completely twisted...Although I can help him renew his bones and connect the ligaments, the arm must not be overstretched! If it is overstretched, it will be easily broken. !" Ghost servant said slowly.

"impossible!"

"impossible!"

"Big Brother's son, how can he be so vulnerable...!"

"He is the son of a famous evil god...How could he be so fragile, I don't believe it, I definitely don't believe it." The Duguxie in front of him suddenly roared like crazy.

A bronze sword held tightly in his hand, as if trying to kill, creaked in his hand.

"Second brother, don't be like this!" I saw that the ghost servant suddenly grabbed the trembling palm of Duguxie and said with a sigh.

But how can Duguxie not be ruthless?

How can you not be excited?

He slowly turned his iron-strike-like body, staring at Li Tian on the hospital bed with an extremely pitying look.

Li Tian's face was as gray as death, but the outline was extremely clear.

"Like!"

"It's really like a big brother..." a word suddenly came out of Du Guxie's mouth.

Then he raised his head and said nothing.

At this moment, those iron-blooded men who were determined to only keep blood but not tears, suddenly the corners of their eyes seemed to be dry... and they were wet!

But he didn't let anyone see, he just raised his head and said nothing.

That ghost servant also wore that grimace mask and stared at Li Tian who was dying before him... for a long time, for a long time...

"Second brother, after so many years, I didn't expect to see the descendants of elder brother with my own eyes..." the ghost servant suddenly said in a leisurely voice.

Duguxie's resolute body trembled.

"But what can I see now... his arms..." Duguxie remembered that Li Tian's two arms had been abolished, and his anger soared.

"Second brother, don't do this!"

"Actually, as far as I know, there is another way for him to continue martial arts training! It can restore his arms to what it was before." The ghost servant in front of him suddenly said in a hoarse voice.

"Really? Is there really a way to keep his arms practicing?"

Duguxie, who was already full of despair, suddenly said with excitement as if he had been injected with a stimulant.

"Hmm!" The ghost servant didn't look like he was joking.

"What way? What is the way?" That Du Guxie asked suddenly.

"Reshape the bones!"

"If he wants his arms to practice kung fu, he must reshape his muscles and bones. His current two arms are obviously dead. Even if they can be cured, they can only be ordinary people. So even if he wants to practice kung fu again, Unless you shape the bone!" The ghost servant said there.

Listening to the ghost servant in front of him saying so, that Duguxie not only frowned slightly.

"Reshape the muscles and bones? How to reshape? Is there any way?" Du Guxie asked curiously.

The ghost servant was silent for a while and said: "Actually, I have only heard about the remodeling of muscles and bones. As for whether anyone has succeeded in remodeling muscles and bones, I don't know if there is any."

"I only know that there is an ancient martial arts that can rejuvenate the bones and muscles, and if you want to practice this martial arts, you need to experience a lot of pain." Gui Pudaο said.

"What ancient skill?" Du Guxie asked.

"I don't know this!" Gui Pu said.

"Then you said it for nothing?" Du Guxie said with a muffled voice.

The ghost servant did not speak any more.

The tall figure of Duguxie stood there blankly, looking at Li Tian who was dying on the hospital bed...!

Will the current Li Tian really become a waste? No one knows, but judging from the current state, Li Tian's arms are definitely "abolished" and will no longer be able to use martial arts!

Because even if the ghost servant helped him connect his bones and his ligaments, his arm would become extremely fragile!

Once Li Tianshuang's arms are overstretched or shaken by external forces, it will undoubtedly make his arms even more crippled for him!

So even if Li Tian's two arms are healed, he can only become an ordinary person.

Although the ghost servant said that there is an ancient martial arts that can give Li Tian's arms a new life, the ghost servant doesn't even know what ancient martial arts it is, how can he cure Li Tian? Therefore, the ghost servant can only say it for nothing!

Now I can only look at Li Tian's good fortune!

If the good fortune is good, he may be able to learn the ancient martial arts that reshape the bones and muscles, but if the good fortune is not good, he can only be an ordinary person for a lifetime!

For the Duanmu family's killing of Li Tian this time, it was originally an ambition to win!

In fact, if the Duanmu Heilong hadn't been concerned about the relationship with Yuwen Emperor at the time, it would have been a sure thing to stop Li Tian at that time.

However, I never expected the arrival of Father Ouyang and Feng Qingzi from Kunlun.

The appearance of these two elders surprised Duanmu Black Dragon, but it did not affect his treacherous thoughts, but later when the real powerhouse, ghost servant, and the Dugu evil sword arrived, Duanmu Black Dragon was really stunned!

Although he is a master of Western sorcery, and although his skill is also one of the top masters, if he wants to face the evil sword Duguxie and the ghost servant, he is really far away!

Chapter 605: Luohe Futu out of the mountain?

So this time, the stable thing has become extremely bad...

Not only did the current Duanmu family fail to kill Li Tian, on the contrary, their ambitions were also shown.

Moreover, the Yuwen family and the Ouyang family had already guessed that the Duanmu family was probably the real master behind stealing Xuanyuan Sword.

Duanmu Hei never expected that this thing that he had controlled with one hand would become like this!

In the gloomy Duanmu family hall, but seeing Duanmu Heiming's face became unusually ugly, he walked back and forth in the hall, his face full of worry and anxiety.

The members of the Duanmu family standing in the hall looked stone-like, and no one dared to make a loud noise.

Even the Duanmu Black Dragon standing in the most central place is the same.

"Are you really sure that the one who saved the surnamed Li Xiaozi was the evil sword, Duguxie, and the ghost servant 20 years ago?" Duanmu Heilong circled the room three times, suddenly looking annoyed in his voice. Duanmu Heilong asked in a daze.

Duanmu Heilong slowly raised his stern eyes, and murmured: "Yes!"

"It must be them!"

When Duanmu Heilong once again admitted that Duguxie and the status of a ghost servant, Duanmu Heiming's face was full of panic.

"How is it possible? How could they be born... How come these characters, who have disappeared for almost 20 years, have come out now?"

"And what surprised me the most was how could they save the kid surnamed Li? Are they connected to the kid surnamed Li?" Duanmu Heiming suddenly muttered in that irritable face.

Duanmu Heilong said: "I think it's related."

"Because I can see from the voice and expression of the evil sword Duguxie that they care very much about the kid named Li." Duanmu Heilong said.

"How is it possible? They are not people of the same age at all...how can it matter!"

"You know that the evil sword Duguxie and the ghost servant, these two characters have disappeared for almost 20 years... And that kid is only twenty-five years old, how can there be a connection?" Duanmu Heiming in front of him Said angrily.

Duanmu Heilong did not speak any more.

Although he did see that the evil sword Duguxie cares about Li Tian, but as Mu Heiming said in front of his eyes, they are not at all a stage figure? How can there be a connection?

Could it be that there is another strange thing in this?

"Nothing! Nothing!" Duanmu Heiming said silently there.

"Do the Yuwen family and the Ouyang family already know our secrets?" Duanmu Heiming suddenly raised his eyes and looked at the Duanmu Black Dragon and asked.

Duanmu Heilong sighed and nodded slightly.

"It's all on me... careless! I should have killed the Li first." Hearing Duanmu Heilong's voice was full of self-blame.

"No! Don't blame you!"

"I know that Duguxie and the ghost servant are two extremely difficult characters... Hey! Who made him so powerful twenty years ago?"

"Don't talk about our Duanmu family, even if the four big families together, they may not be able to fight him back then, so I don't blame you for this matter." Duanmu Heiming said sincerely.

Who is he that he said? There is no way for the four big families to unite to take him!

What he said was of course the character who used to eat tea: Cthulhu.

"Patriarch, do you think he is really still alive?" Duanmu Heilong said in astonishment.

Duanmu Heiming didn't immediately arbitrarily say yes or no. He just raised those swooshing eyes and looked at one side and said: "There are too many legends about him, too much... as for him. Whether you really live or not has nothing to do with our Duanmu family!"

"The only thing I worry about now is that the Yuwen family and the Ouyang family already know the truth!" Duanmu Heiming said with a sigh.

Yes, once the Yuwen family knows that the person who is really going to steal Xuanyuanjian is the Duanmu family in front of them, then the "war" is probably unavoidable.

"Huh! If Mr. Yuwen really has the courage to start a war with our Duanmu family, we are not afraid of him!"

"With the strength of his Yuwen family, I didn't put it in my eyes." Duanmu Heilong said in front of me.

Duanmu Heiming did not speak on the side.

He was just silent, and those treacherous eyes were gurgling from beginning to end, as if thinking of some evil attention.

"Don't worry about the Yuwen family, the only worry is that the Ouyang family will intervene in this matter!"

"As you said, the old fellow of the Ouyang family has come out... Hey, looking at the whole family, it is estimated that the only one who can compete with the old fellow Ouyang is the elder." Duanmu Heiming suddenly sighed.

Great Elder?

Was he talking about the Luohe Buddha with blind eyes?

As soon as Luohe came out, the Buddha!

What a domineering sentence, it is about the former master, Luohe Buddha.

When Duanmu Heilong heard what the clan leader said, although he was unconvinced and groaned in his mouth, he didn't say a word, because he had to admire the Naluo River Buddha, because Luohe Buddha was only talented. Is a real master.

"But the great elder will listen to your dispatch?" Duanmu Heilong said suddenly.

Hearing Duanmu Heilong's words, Duanmu Hei clearly frowned!

Yes, will Luohe Buddha really listen to him?

Does he belong to the Duanmu family? That Luohe Buddha must listen to him?

Do not!

Everyone knows why the elder of the Duanmu clan stayed in the Duanmu clan. He was for the sake of his once-life friend and the leader of the Duanmu clan of the previous generation: Duanmu Jingzang.

It is said that the Luohe Buddha and the previous generation of clan leader Duanmu Jingzang have always been best friends!

But when the Duanmu Jingzang suddenly disappeared for no reason more than ten years ago... Luohe Futu has always stayed in the Duanmu family. He wanted to find the Duanmu Jingzang that disappeared that year, and to find his old friends, so He stayed in the Duanmu family at all costs.

Although Duanmu Heiming also knew the truth of all this, he still treated Naluo River Buddha as a respected elder.

Because he knew in his heart that as long as Luohe Futu was in the Duanmu family for one day, no one in the Duanmu family would dare to provoke it easily.

For so many years, although Luohe Futu has always regarded himself as the great elder of the Duanmu family, he seldom talked about the major and trivial matters of the Duanmu family.

To put it bluntly, the identity of the great elder of Luohe Buddha is just an empty shell.

But for a weird old man like Luohe Futu, who is not mortal, these are no longer important to him.

Chapter 606: Past

After Duanmu Heilong said so, the face of Duanmu Heiming in front of him became a little hesitant.

In fact, to be honest, he is not sure if he can really tell the Luohe Buddha!

But now that so many hidden masters have been born, he is now facing an unprecedented disaster in the Duanmu family. If the Luohe Buddha is not asked to be born, how can their Duanmu family protect themselves?

If the Yuwen family and the Ouyang family really unite against the Duanmu family, then the Duanmu family will not be able to protect themselves!

After all, that ox character like Old Man Ouyang has already been born.

Therefore, for the current Duanmu family, it is a big event in the big event to invite this Luohe Buddha.

But Duanmu Heiming was not sure enough to invite that awesome old man.

Duanmu Heiming thought for a while and said in deep thought: "I will find a way to let the great elder come forward as much as possible!"

This is the last word left by Mu Heiming.

The Yuwen family can be said to have lost face this time.

Not only did he not \*\*\*\* his family's Xuanyuan Sword, but he also watched Li Tian being taken away by Duguxie and the ghost servant.

Although Yuwen Huangji was 10,000 unwilling in his heart, what could he do?

He can't help it! Facing the ghost servant and the pressure of Duguxie, if he really wanted to kill Li Tian, it is estimated that Yuwen Huangji would not even think about sitting here, he might have died long ago.

And not only that, even the old man Ouyang is inclined to the side of Li Tian...Although Yuwen Huangji doesn't know exactly what Li Tian came from, judging from his current state, that kid definitely has a profound meaning. Network of relationships!

Imagine that even those awesome characters who weren't born 20 years ago came out to help him. Can you imagine how awesome his relationship has reached?

Since the Yuwen family reluctantly let go of Li Tian, they took all of them back to the Yuedu Hotel.

And what about the Ouyang family?

To be honest, the sudden appearance of the ghost servants and Du Guxie really shocked the old man Ouyang.

Inside an old ancestral hall at the back of Ouyang's mansion.

But I saw that old man Ouyang was sitting in the courtyard of the fallen leaves.

Next to it was a wooden table with an old coffee table.

Sitting on the other side is the commoner old man Feng Qingzi.

The two talked while drinking tea.

"Old Feng, what do you think about this matter?" After taking a sip of tea, the old man Ouyang suddenly raised the twin dragons' eyes and looked at Kunlun Fengqingzi beside him.

Feng Qingzi slowly put down the magnetic teacup in his hand, then paused slightly, and said, "Actually, I don't understand it now."

"To be honest, today I never thought that even these long-lost demon heads would have been born." Feng Qingzi said.

Elder Ouyang nodded silently too.

"Yeah, this is what I am most puzzled about right now."

"When he was alive, the whole path was upset... and he was led by one hand... He did things both right and wrong, sometimes good and sometimes evil. I don't think he has disappeared for a long

time after twenty years, now his brothers Once again, Brother Ouyang...Do you think this is related to Li Tian?"

"Associated?"

"You mean Cthulhu has a relationship with Li Tian?" The old man Ouyang in front of him suddenly said in a daze.

"Ok!"

"I don't know if you paid attention...that ghost servant and the evil sword Duguxie showed the worry on their faces when they saw Li Tian's serious injury. This is something I have never seen... So I boldly guess whether Li Tian really has something to do with the evil \*\*\*\* who was stunned twenty years ago?"

"According to the truth, Li Tian looks like he is only in his 20s... If he insists on saying that he has a relationship with the evil god, it is a bit reluctant... After all, the evil \*\*\*\* has disappeared for 20 years..."

"But then again, now I see the attitude of ghost servants and Du Guxie towards Li Tian...and it seems that Li Tianzhen has something to do with him back then...could it be..."

When Mr. Ouyang said this, his face suddenly changed.

"Could it be something?" Feng Qingzi asked not only with a slight frown.

But seeing the old man Ouyang, he seemed to think of something and suddenly said, "Old Feng, do you remember a woman? Her name is Mu Wanqiu!"

"Mu Wanqiu?" Feng Lao groaned slightly in his mouth.

Then his eyes suddenly brightened and said, "This woman you are talking about is the biological daughter of Mu Yunlong, the old commander of the North China Field Army? Mu Wanqiu?" Feng Qingzi said in surprise.

"Well, it's her!" He only heard the old man say.

"She... She... didn't she marry the Cthulhu back then?" Feng Qingzi suddenly recalled what he said in the past.

"Yes!"

"Feng Lao, do you know that Mu Yunlong, the commander-in-chief of the North China Field Army, did not approve of his daughter's liking of the evil \*\*\*\* at the beginning... and he stopped it for a while! But then why did the Namu headquarters stop it? Is it?"

Hearing the words of Old Man Ouyang in front of him, Feng Qingzi slowly shook his head.

At that time, Feng Qingzi had been living in seclusion in Kunlun, and naturally had little knowledge of the affairs of the outside world.

When I heard Old Man Ouyang say this, he was also slightly curious.

You must know that the legendary story of the evil \*\*\*\* and the commander-in-chief of the North China Field Army has been remembered by many people until today, twenty years.

Twenty years ago, the Heretic God fought the world with one sword and was invincible.

After encountering Na Mu Wanqiu once, the two began to fall in love!

But Cthulhu didn't know at the time that the woman he loved was the daughter of the commander-in-chief of the North China Field Army. He didn't know until the end.

However, the Cthulhu name at that time was not good on the outside. Because he always liked to do things alone and was extremely arrogant, he never convinced anyone. Therefore, the outside world gave this person who is both right and evil a nickname: Cthulhu!

And his "Cthulhu" title was also derived from this.

Twenty years ago, both the righteous way and the underworld world all hated "Cthulhu!" relatively speaking.

Because Cthulhu is not constrained by realistic ideals, he will do what he thinks is right, and he will punish others for what he thinks is wrong...So at that time everyone had a bad impression of him.

Because of this, when Cthulhu took Mu Wanqiu to see Mu Yunlong, the commander-in-chief of the North China Field Army for the first time, he was decisively rejected by the then commander-in-chief of the North China Field Army Mu Yunlong!

Chapter 607: Son of evil god

The Cthulhu at that time was young and energetic, and when he was suddenly rejected by that Mu Yunlong, he was furious.

Moreover, Mu Yunlong, the commander-in-chief of the North China Field Army at the time, made things difficult for the evil \*\*\*\* in order to let his own daughter completely sever the relationship with the evil god.

The condition for making things difficult was: As long as Cthulhu can defeat his North China Field Army, the instructor of the No. 21 Special Forces with the title of Undefeated King, then Mu Yunlong will agree to let his daughter interact with Cthulhu.

Cthulhu must have agreed at the time.

So on that day, Cthulhu personally defeated the No. 21 Special Forces instructor who had the undefeated king in the North China Field Army, and not only loved so much, but Cthulhu also singled out other members of the No. 21 Special Forces.

In that battle, Cthulhu was scarred, but none of the No. 21 Special Forces could stand in front of Cthulhu, and they were all crushed alive by this terrifying man.

This became the greatest shame among the North China Field Army.

Originally thinking of his own successful Cthulhu, he never thought that his big shot this time made Mu Yunlong, the commander-in-chief of the North China Field Army, embarrassed!

Imagine that the No. 21 Special Forces, the most ostentatious North China Military Region in the past, was now defeated by this guy alone. What a shame it is to spread this out?

For the commander-in-chief of the North China Field Army to be so embarrassed in front of a troop, how could Mu Yunlong promise him to be nice to his daughter?

So in a rage, Mu Yunlong asked his guard company to directly take the real gun and drive the Cthulhu out.

Since then, the Cthulhu and his future father-in-law can be said to have forged a period of beams. Moreover, Mu Yunlong trapped his daughter and prevented Mu Wanqiu from looking for the evil god.

But Mu Wanqiu loved the evil \*\*\*\*\* so much, so she sneaked out of the North China Field Army and joined the evil \*\*\*\*\* again. This time after they were together, it took three years before returning to the North China Military Region.

It is said that when Mu Wanqiu ran away, Mu Yunlong was so embarrassed that he personally said that he had cut off the relationship between father and daughter with his closest daughter... But when Mu Wanqiu really returned with the evil \*\*\*\*\* three years later, then Mu Yunlong In the end, it defaulted.

Although Mu Yunlong was still cruel to the evil \*\*\*\*\* who didn't save him a little face, there was no way.

That's because Mu Wanqiu was pregnant!

With the only grandson of the Mu family.

Since then, things have not been known... The only thing I know is that Mu Wanqiu has a child of the evil god, and also added a grandson to Mu Yunlong, the commander-in-chief of the North China Field Army!

This makes Mu Yunlong of course extremely happy...

It wasn't until the end that Mu Yunlong agreed to the marriage of his daughter and the \*\*\*\*\* "Cthulhu".

Everything in the past was slowly revealed by the old man Ouyang, and there was a trace of transgression and a trace of excitement in his old voice.

As if talking about the past more than 20 years ago, even he himself became younger.

Feng Lao next to him also squinted his eyes and listened carefully, and didn't see Feng Lao interjecting from beginning to end.

"This is the past!" The old man Ouyang said with a smile.

Then one hand slowly grabbed the magnetic teacup beside him, and took a sip.

"If I am not wrong, according to the time when Mu Wanqiu was pregnant that year, it has been more than 20 years so far... If their children are still alive in this world, I think... should be about the same as Li Tian It's the same size."

The shocked words suddenly came out of the old man Ouyang's mouth one by one.

"what?"

Feng Lao was really taken aback when he heard the words of Mr. Ouyang.

"Brother Ouyang, what do you mean... Li Tian is, yes, is the son of the Cthulhu?" Feng Qingzi said with wide-eyed eyes that couldn't believe it.

Old man Ouyang smiled slightly.

"According to the old man's guess, it is... Feng Lao, do you think that even the ghost servants and the lonely evil are treated like Li Tian? Can you imagine Li Tian's identity?"

"Furthermore, Feng Lao, do you feel that Li Tian is really similar to the Cthulhu 20 years ago?"

"Whether it is the outline or the face, are they extremely similar?"

After hearing the words of Old Man Ouyang in front of him, Feng Qingzi frowned slightly, and once again recalled Li Tian's outline! As the old man Ouyang said, it really looks like it!

"Is Li Tian really the son of that evil god?" Feng Lao repeated again.

The old man Ouyang didn't speak any more, he squinted and smiled, then raised his eyes and looked at the distant sky, wondering what he was thinking...

Blow in the dust, go east!

How many heroes did you spend?

Looking around, the sea has already become a thorny field, where are those ancient heroes now?

Only leave a sigh!

Ouyang Shiqing took Na Aqiu, Old Monster Ge, and Situ Ningbing to the inside of his Ouyang mansion.

And also hired a special doctor to treat the brothers and Na Situ Ningbing.

The current Situ Ningbing's injuries were basically under control, and Aqiu didn't have much to do.

Situ Ningbing was arranged to live in a villa adjacent to the Ouyang family.

In the villa at this moment, but seeing Situ Ningbing, holding his knees in both hands, sitting alone on the bed as if stupidly, with a transparent glass window in front of her, her beautiful eyes looked out the window without blinking. , No one knew what she was thinking.

So that when Ouyang Shiqing walked in, Situ Ningbing didn't even notice.

"you're awake!"

A slight word of concern came out of Ouyang Shiqing's mouth.

After Situ Ningbing heard the sound, he turned his head and saw Ouyang Shiqing in front of him.

She is indeed a beautiful woman.

Wearing a more casual outfit, although this is the case, you can still vaguely see the perfect and exquisite curves of Ouyang Shiqing.

Her beauty is the kind of beauty that people can't be jealous of. There is an intellectual breath in her beauty.

On that exquisite face that was the same as the picture of an ancient lady, her beautiful eyes looked at Situ Ningbing in front of her without blinking.

Situ Ningbing was also staring at her.

Two such beautiful women, two women who can be said to love a man together, just sat together like this.

"How is it? Is your body okay?" Ouyang Shiqing slowly sat down aside, blinking her beautiful eyes and asked Situ Ningbing in front of her.

Situ Ningbing nodded silently.

Then he said in a flat tone: "Much better!"

"Thank you for helping me, and thank you for helping Li Tian at the same time." Situ Ningbing said, raising her beautiful eyes.

Chapter 608: wake

A slight smile appeared on Ouyang Shiqing's face. She turned her delicate face, took a deep breath, and said, "May I ask you a question?"

"Ask." Situ Ningbing said.

"I want to ask...Did Li Tian join the dark Duanmu family because of you?" After Ouyang Shiqing asked, she raised her beautiful eyes and stared at Situ Ningbing unblinkingly. .

When Situ Ningbing heard Ouyang Shiqing's question, he didn't answer immediately, but suddenly fell silent.

"Actually, if you don't tell me, I think I have guessed the answer." Ouyang Shiqing said in a leisurely voice.

"A man can do such a thing for a woman... I think he might really love you." Ouyang Shiqing said in a low voice.

Her words made people sound a bit sad.

The silent Situ Ningbing suddenly raised his eyes and looked at Ouyang Shiqing in front of him:

"You like him too, right?"

Facing a sudden sentence from Situ Ningbing, Ouyang Shiqing Qiao's face blushed slightly.

"Yeah!" Suddenly Ouyang Shiqing admitted wherever she was.

Listening to Ouyang Shiqing suddenly admitted, that Situ Ningbing did not react too much.

"Are you jealous?" Ouyang Shiqing suddenly looked at that Situ Ningbing and asked.

Situ Ningbing smiled suddenly.

"meeting!"

"If I say no, I must be lying to you." Situ Ningbing said.

"Yes, how can a woman let another woman share the same man with him?" Ouyang Shiqing said suddenly there.

"Since you know I will be jealous, why save me?" Situ Ningbing suddenly looked at Ouyang Shiqing and said.

"If I am dead, wouldn't it be right?"

"You think too much." Ouyang Shiqing said with a smile suddenly.

After Ouyang Shiqing finished speaking, she then slowly turned her pretty face, facing Situ Ningbing...something suddenly came out of her mouth.

And that Situ Ningbing just listened quietly...

No one knows what the two women said.

No one knows what they were talking about in this room, but after this talk, the relationship between the two of them has become a little more harmonious, and it has become much more familiar than before.

According to the truth, Situ Ningbing was originally a cold-hearted woman. She had walked in cold blood for more than ten years, stepping on the corpse and hatred, but when she met Li Tian, her love was talented. Slowly revealed.

Maybe she didn't even think that she would fall in love with someone, but she really loved it!

Her love is the same as her previous assassin career, selfish and vicious, and the same as her feelings! She will kill all threats... the same is true for the people she loves.

However, just after her conversation with that Ouyang Shiqing, Situ Ningbing changed obviously!

As for why she changed, maybe only Ouyang Shiqing knew?

Li Tian hit the hand of Duanmu Heilong's domineering and fierce broken heart, and was also scrapped by Yuwen Huangji. At this moment, he lay on the hospital bed for three days and three nights.

During these three days and three nights, sometimes his mouth was full of nonsense, and sometimes he was shivering all over, but he has not woken up so far.

During these three days, the ghost servant and Duguxie sat motionless and took care of him.

The current Li Tian has taken a few pills for promoting blood circulation in these three days, and the ghost servant has also taken some medicine accordingly. As for Li Tian's two arms, the ghost servant has now helped him refill it. The bones are removed, but it will obviously take a long time to heal.

At this moment, Li Tian was lying quietly in the gloomy basement bed, a dim light bulb shining slightly in the basement.

Beside that Duguxie and the ghost servant walking back and forth.

After Li Tian's two arms were attached to the bones, he was clamped there with the deck at this moment, protecting his attached bones.

Don't know how long it took, Li Tian, who had been in a coma for three days and three nights, finally snorted.

Looking closely, his face is no longer as ugly as before, and now he has recovered a little bit of anger, but seeing that after he uttered a muffled voice, the Duguxie next to him quickly stood up, and that indifferent face instantly became a little excited.

The ghost servant also walked over quickly, wearing a grimace mask and quickly lowered his head to look at Li Tian.

"Is he waking up soon?" The Duguxie in front of him looked at the ghost servant and asked.

The ghost servant said: "It should be about to wake up."

"That's good, that's good."

When the two were talking, but seeing that Li Tian who had just moaned in his mouth, suddenly turned sideways, muttering unintelligible Chinese.

The ghost servants and Duguxie in front of him were all Li Tian who was looking at him with unblinking excitement at the moment.

"Little Lord....."

"Young Master..." The ghost servant suddenly changed his name and cried out slightly.

Little Lord?

Is this title right or wrong? You must know that the ghost servant was the immortal slave of the evil \*\*\*\* before, but now that he sees the son of his elder brother's master, of course he has to change to the young master.

It was at the whisper of the ghost servant, but seeing that Li Tian who had been in a coma for three days and three nights, his eyes opened slowly and hard.

At the same time, I heard an unpleasant voice in Li Tian's ears, whispering "Young Master" in that ear!

When Li Tian slowly opened his eyes, he thought he was dead.

Because the dark basement around it was not as bright as imagined, only a dimly lit light bulb glowed slightly.

"Young Master... Young Master, you are awake!"

Suddenly, the hoarse voice reached Li Tian's ears again.

This time Li Tian didn't make a mistake, and the voice was crying softly in his ear.

He was stunned for a moment.

"Young Master? Why do people call him Young Master?"

Then Li Tian moved his head hard, and slowly turned his face to look around!

When he saw it, his body trembled violently...At the same time, the corners of his mouth were shocked! I almost screamed out!

No way, who could imagine that the moment Li Tian turned his face, he saw "Ghost!"

No, to be precise, it is a terrifying man with a ghost face, looking at him unblinkingly, which of course scared Li Tian, who had just been in a coma...

While Li Tian was so frightened that his body was suddenly backward, he also felt the pain in his body at the same time.

But I still said in horror: "Who are you?"

"Is it a human or a ghost?"

## Chapter 609: Mystery

Li Tian, who first saw the ghost servant, exclaimed in excitement.

This not only made the ghost servant a little embarrassed, but only heard him say with a smile: "Young Master, don't be afraid, I am a human! I am a real person."

The moment the ghost servant confessed that he was human, Li Tianxuan's heart finally fell.

He really thought it was \*\*\*\* just now! I really saw the ghost in the legend... but I didn't expect that the other party was actually a human.

"You finally woke up." Suddenly a voice that was icy but still audible came into Li Tian's ears with a very caring tone.

When Li Tianye heard this voice, he was so familiar.

Then slowly turned his face to see him with unbelievable eyes...

His tall body stood motionless in front of his hospital bed, with an arm missing from his broad shoulders...The empty sleeve on the right side with no arm left, as the cool breeze blows, it can't help but sway sadly there.

"It's you... Duguxie!" Li Tian suddenly recognized Duguxie in front of him!

He never thought that Duguxie was here... and still in front of him.

But seeing Duguxie smiled slightly when he saw that Li Tian finally woke up: "It's me."

"You...you... why are you here..."

"No, I... why would I be with you?"

Li Tian was completely stunned

He was in a state of perplexity about everything in front of him. The only memory he kept in his mind was that his two arms were broken alive by the cruel Yuwen Emperor...

At this moment, seeing Li Tian staring at his arm again... he suddenly saw the deck sandwiched between his arm... he was stunned for a moment!

"you guys....."

"It's you... who saved me?" Li Tian asked with eyes full of the Duguxie and the ghost servant who looked in front of him.

Duguxie nodded slightly, and so did the ghost servant.

"Young Master, your injury is now under control, and it is not a major problem. As long as you take a proper rest and recuperation, I believe you will get better soon." But the ghost servant who listened to said slightly there.

"Little Lord?"

"Why am I getting more and more confused... No, who are you? Why do you want to save me... And you... Are you not from the Yuwen family?" Li Tian in front of him looked at him unbelievably Duguxie and the ghost servant asked. ,

To be honest, there are all mysteries in his heart now

He didn't know why he suddenly got here? I don't even know the evil sword that was guarding the Yuwen family's secret room some time ago: Duguxie, how could he rescue himself for no reason... What's more, who is this man wearing a grimace mask?

And he also called out to himself... Young Master?

What happened to all this? Li Tian really didn't understand.

Hearing Li Tian's doubts, the Duguxie and the ghost servant looked at each other.

"Young Master, you have just been in a coma and sober, and it is not suitable to talk more now. You'd better take a good rest first." The ghost servant said worriedly.

The Duguxie here is also saying: "The ghost servant is right... you should first take care of it. When you get better, I will tell you bit by bit. "

"Now you only need to remember one point, we are here to protect you, and we will never be malicious to you!" Du Guxie said.

Listening to the strange words of Duguxie and the man wearing a grimace mask next to him, Li Tian couldn't even be wondering.

"Protect me?" Li Tian said with a frown.

He wants to try to move his body to see where he is? Why was he here, but when his body moved a little, a heart-piercing pain suddenly spread from his heart.

Suddenly there was an extremely unbearable pain on his face.

"Young Master, please don't move!"

"You have been hit by the broken palm of the Duanmu family and hurt your heart. Don't move at this moment... If your heart is damaged again because of the chaos, then even the \*\*\*\* of Daluo will not save you. It's a way out." The ghost servant said with a worried face.

Then Li Tian did not dare to act rashly again!

The tingling just now really scared him. He slowly lay down again until he reached the original position motionless, and at the same time, one mystery after another flashed in his mind.

"What's going on? What happened?"

"The man wearing the grimace mask just now seems to really care about himself? And he still cares so much. What happened to all this?" Li Tian didn't know.

When the ghost servant and Du Guxie in front of them saw Li Tian lying quietly again on the small hospital bed, they finally sighed lightly.

"Second brother, let's not disturb the young master for now...let him take care of it!" The ghost servant said to the Dugu Xie in front of him.

Duguxie nodded slowly there.

"Ok!"

Then turned his head and looked at Li Tian slightly and said: "Remember, don't move...Your body doesn't allow you to move now, and I know you have a lot of mysteries in your heart now... I promise you, once you When you feel better, I will tell you everything one to five to ten, and then you will understand everything."

After speaking, but seeing that Duguxie and the ghost servant, he walked out slowly.

The remaining Li Tian was lying on the small hospital bed quietly, looking at the dim room silently, and question after question flashed in his heart.

"Why did I get here?"

"Why does the man in the grimace mask call himself that? And what is the young master?"

"And how come that Evil Sword: Duguxie has become so weird? Treat yourself so well... and care about yourself? And Duguxie's arm... how come one is missing? Wasn't the original Duguxie intact?"

What happened to all this? Why does this happen?

Where's the brother? Where are my love and my brother now?

Have they been killed by that Yuwen Emperor and Duanmu Black Dragon...

All of this is what Li Tian is most worried about.

But even if he is worried in his heart, what can he do now? His body couldn't move at all. If he moved a little bit, his heart seemed to have a thousand knives scratching his heart, and his arms and two arms were all broken. Now he can move even a little bit. Not at all, as if the two arms are not their own at all.

Li Tian could only lie there decadently... and then slowly closed his eyes...

Chapter 610: Enemy?

After Duguxie and the ghost servant left the room.

But seeing that it was late at night outside, looking carefully, they weren't standing in a downtown area in the city center, but in a remote area on the outskirts of Jinghai City.

The moonlight today is not bad, and there are many stars shining slightly in the sky.

But seeing Duguxie and the ghost servant stood quietly under the night sky.

"Young Master finally woke up!" But a word slowly came out of the ghost servant's mouth.

Duguxie next to him also nodded slightly.

"But he doesn't understand anything now." Du Guxie sighed and said, his tall body looked like a lonely tree in the dark night.

"If the young master knows that he is our elder brother's son... what do you think will happen to the young master? Will he be surprised?" the ghost servant in front of him asked.

"I guess he will!"

"I can tell from the look in his eyes... He doesn't even know who his parents are! Hey..." Duguxie said slightly.

"It's been so many years... the big brother has disappeared all the time, my third sister and I have been searching for such a long time... but we haven't found a clue until now." Suddenly the ghost servant's voice was far away with a touch of sentimentality. Tao said.

Duguxie did not speak.

"Second brother, will it be the eldest brother...really...really...dead!" The ghost servant said these words with difficulty.

"nonsense!"

But after hearing what the ghost servant said, that Duguxie's face suddenly became extremely ugly and roared.

"What a big brother, in heaven and on earth, who can make him die? In this world, I believe that anyone can die, but I don't believe that big brother will die." Duguxie roared.

The roaring words shocked the darkness.

The ghost servant did not speak any more, but blankly raised his head and looked into the distance. No one knew what he was thinking at the moment.

"Besides, we still have so many enemies, how could Big Brother die?" A word suddenly came out of Du Guxie's mouth.

Enemy?

What an enemy!

Is it their enemy twenty years ago?

When the word "enemy" was spoken, the ghost servant suddenly clenched both hands tightly, and the knuckles of his five fingers clenched and rattled.

"Second brother, once the young master is sober, do you want to tell the eldest brother's enemies back then..." Only the ghost servant suddenly said.

Duguxie thought about it there, then silently shook his head.

"No, I can't tell him everything yet!"

"Because you also know how powerful our enemies were back then... With his current strength, don't even think about revenge..." Du Guxie said.

"It's also... even the waste of the four big families can't resist... It can be seen that the young master has not practiced properly." The ghost servant in front of him said.

"Well, what you said is really good."

"I have fought against the young master before, and I have seen his tricks. He seems to have learned the Rashomon of the Duanmu family: Nine styles!" Just listen to Duguxie recalling the little effort that Li Tian used to create the secret room that day. To be honest.

"Rashomon: Nine styles? Is it the Rashomon who used to be the leader of the Duanmu family, who practiced in Duanmu Jingzang: Nine styles?" the ghost servant said slightly.

"It should be." Du Guxie also said.

"Although Rashomon's nine-style kungfu is said to be the supreme martial arts of the Duanmu family, it can't be regarded as outstanding kungfu." The ghost servant said silently.

"Yes, but when I fought against the young master that time, I found that the young master had another weird martial arts." Duguxie suddenly recalled there.

"Weird martial arts?" The ghost servant in front of him was slightly startled.

"Yes!"

"Like the ancient martial arts..."

"But I can sense from the young master's moves and all aspects. His ancient martial arts seems to have learned a little bit... and he hasn't learned all of them. If I guess correctly, I believe he should just learn. It's just some fur." Du Guxie said.

In fact, Duguxie is not wrong at all.

Li Tian does use a unique kung fu, and that unique kung fu is what he learned from the "Book of Heaven".

It's a pity that Li Tian only learned the kung fu on the book pill scroll that day... Li Tian couldn't learn it at all. As for why Li Tian could not practice the martial arts behind the book pill scroll that day, no one knew at this moment.

After Duguxie said this, the ghost servant frowned slightly, but he didn't say much.

"Anyway, after the young master wakes up, let's ask him." Ghost servant said.

"um, yes."

"I will also tell him the mystery of his life experience and everything."

After Li Tian was sober for the first time, it was obvious that his situation had improved a lot.

Although his body still can't move by a large margin, and his arms are still immobile, it is obvious that the painful pain before is much less.

Now he slowly wakes up again.

After waking up this time, he did not see that ghost servant or Duguxie.

Li Tian tried to move his body slightly, then turned his head and looked up at the surroundings, but saw that there was not much around him.

"This is the basement." Li Tian said silently.

"What about the lonely evil, and the weird people wearing grimace masks?" Li Tian raised his eyes and looked around while thinking.

While he was blinking his eyes and looking around, suddenly the small iron gate in the front creaked open.

At the moment when the small iron gate rang, I saw the tall figure of Duguxie walking out of the door.

Behind Duguxie followed the man wearing a grimace mask.

"Young Master, you're awake..." The ghost servant cried out excitedly when he saw Li Tian awake for the first time after the two came in.

And quickly walked towards Li Tian.

To be honest, Li Tian was still a little scared when he saw the man wearing a grimace mask on his face.

Can't help but shrink back.

Frowning, looking at the ghost servant and Duguxie in front of him.

But seeing that the ghost servant was not embarrassed because of Li Tian's fear, he continued to ask with concern, "Young Master, how does your injury feel?"

"Does the position of the heart still hurt?" But the ghost servant asked slowly.

After the ghost servant said so, Li Tian said slightly: "Okay, much better..."

"Thank you." Li Tian couldn't help looking at the ghost servant and Duguxie sincerely.

But seeing that ghost servant and Du Guxie showed excitement on their faces when they heard that Li Tian's injury was getting better.

"You don't have to be polite, Young Master... It is my ghost servant's duty to protect Young Master." But the ghost servant said seriously.
