

## A Killer 6031

### Chapter 6031: Bait

Seeing the battle between Li Tian and Yun Zhonghe in front of him, Ximen Yeshou and the little princess were equally nervous.

They were very worried that Yun Zhonghe would really kill Li Tian by accident.

However, the situation in front of me seems to have not reached that point. Although they are fighting fiercely, they have no killer moves. What is more is to make the enemy in front of them realize the gap between the two sides. same.

During this process, Li Tian deliberately exposed a lot of flaws, which made it easy for people to guess that this was an injured guy.

Some people's acting skills are born, and some people's acting skills are acquired.

But Li Tian, an actor who is born + nurtured by nature, is quite powerful.

The appearance at this time is quite vivid, the two guys in front of them didn't realize too many problems at all, they really thought that Li Tian in front of them was injured.

Yun Zhonghe sneered in his heart, and said: "It turns out that it's just a fake tiger. I thought it was really two great masters, but I didn't expect it to be just an opponent of this level. It's just that the strength can dare to compete. With the arrogance in front of me, these two guys are really bold, and it seems that they should realize what the gap with me is."

For an instant, the battle was still very anxious, but it became very intense.

The scene has also become a one-sided situation.

The crane in the cloud here suppressed Li Tian everywhere.

Finally, I don't know how long after that, he slapped Li Tian on the chest.

"Oh..." Li Tian roared uncomfortably, and then a mouthful of blood spurted out.

Ximen Yeshou and the little princess called out anxiously at this time, and then they wanted to rush forward to give Li Tian to the next.

But at this moment, the powerhouses who had been around waiting for the opportunity swarmed and captured both of them.

When they took off the black robes from these three people, they all froze.

Yun Zhonghe's eyes were full of indifferent murderous auras: "I'll just say, why do you still use black robes to cover your face at this time, and you still don't want to tell us what your identity is. It's in this kind of place, the three demons, which really surprised me."

"Humph." Li Tian just snorted coldly, saying nothing.

"You are seriously injured. Of course, you are not the opponent of the old man, but in the eyes of the old man, even when you are in peak state, you are still not the opponent of the old man. You were really shocked by the aura you released before. I thought it was a great master, but I didn't expect it to be just a fox and a fake tiger." Yun Zhonghe snorted disdainfully, and slowly stepped

forward, slapped Li Tian on the face with a slap: "What a fool, I don't know how low-key is. Can you live?"

"Haha, the second uncle is really amazing, even the demons can't hold on for long in front of the second uncle." Yun Zhongque stepped forward at this time, smiling, and said proudly.

"If it weren't for Elder Chi You who was seriously injured, how could you..." the little princess suddenly said.

Although he shut up quickly, he was still heard by the cloud crane in front of him.

"Elder Chi You?" He touched his chin and said, "According to the rumors, the most powerful among the demons should be the elders in the demons. They are divided into 48 elders, and each elder is an elite member of the demons. , It's just that the elites of these demons rarely fight. You call this guy an elder, so what is your identity?"

He looked at the little princess in front of him, his eyes twinkling, as if looking for some answer.

Even during the fierce battle before, these elite elders rarely took action and seldom left the magic palace, but the two girls in front of them were protected by an elder of the demon clan. No one can imagine them. The identity of a girl seems very difficult.

"None of this has anything to do with you. If you don't want to get into big trouble, let us go as soon as possible, or else..."

The magpie in the cloud slapped Li Tian on the face with a sneer, and said: "I don't know what is good or bad, you really think you are still the elder of the demon clan now, and you think everyone else is afraid of you I tell you, you are just a prisoner of our ranks now. If you are really a smart person, you should know to cooperate honestly with our actions at this time, instead of being arrogant in front of us. It's only bad for you, not good."

The magpie in the cloud is more like the feeling of a villain's pride. At this time, looking at Li Tian in front of him, he was proud of it.

Thinking of this, things like this rarely happen.

However, it is only the young master of a family among humans, and his strength is not very strong, but at this time, he can slap the elders of the demon clan on the territory of the demon clan in the northern cold land. This is not possible for everyone Things.

Looking at Li Tian in front of him, the smile on his face almost faded with pride.

"Young people better not to be too arrogant. We are indeed prisoners in your hands, but don't think that this can represent anything. This is the territory of our demons. Once you leave here, you think you can leave easily. Can I tell you that as long as you leave this place, there is only one dead end. The demons will pay all the price and wipe out all of you humans who are seeking their own dead ends here." Li Tian gritted his teeth, it looked like it was He looked really angry, threatening the two people in front of him.

Yunzhong Que was still ready to take action, but was stopped by Yun Zhonghe: "It is unnecessary. After all, he is the elder of the Demon Clan. He can't be humiliated too much, so he is not willing to tell us many things."

"Hmph, I want to know something from my mouth. Don't daydream. Even if I die, I won't be able to give you this opportunity." Li Tian snorted and shook his head.

"It's not for you anymore. I have many methods to torture people. What's more, you are seriously injured now. It seems that you have encountered a very powerful enemy before. This has brought you to the point where you are now. If I were you, Now I'm talking honestly and wasting time with us. It's really no good for you." Yun Zhonghe smiled and walked up slowly, looking really impressed with the three of them. Interested.

Chapter 6032: manipulate

Ximen Yeshou and the little princess looked at Li Tian who was tied up. The so-called sleepy locks and other things tied to Li Tian were one of the more common treasures.

Although it is not a powerful treasure, it can control some powerful people. The immortal power in his body is difficult to mobilize, no matter how powerful it is. Of course, this is not without exception.

Therefore, even if the trapped fairy lock is trapped, there will still be some people staying to watch.

In this way, if the prisoners are really ready to escape, they can also take action immediately to deal with these guys.

Squinting his eyes and looking at Ximen Yeshou and the little princess in front of him, Yun Zhonghe smiled and looked at Li Tian again: "I've heard that all of you demons are guys with very hard bones. What I don't know is, Do you elders also look like this?"

"What do you want to do?"

"I don't want to do anything. Originally, we didn't know much about this so-called Heaven and Underworld Hell. This time we really need some information to tell us. Looking at what you said before, it looks like this place I know a little bit more than we do. Since it is like this, I will listen to you, what do I know, how about it?" He smiled and looked at Li Tian in front of him and asked.

"What if I don't say it?"

"I will torture you. No matter how powerful the Demon Race is, it is impossible to be immune to your own pain. I believe that as long as I use my methods correctly, even if you are an elder among the Demon Race, you will also betray you. Race." Yun Zhonghe smiled, his eyes fell on the little princess at this time, and said: "What's more, you still have a demon princess here. Anyway, your current choice should be There is only one left."

"I do not know what you're talking about!"

"Don't pretend to be stupid, do you really think I know very little about your demons? I know very well that the so-called powerful elders of the demons rarely go out for a long time. They exist. The meaning of is to protect the royal family in the Demon Palace. Only when these royal families are protected can the Demon Race develop better. Therefore, all the elders of the Demon Race have been like this for so many years. It is not a very important thing. Take less shots."

"If the Eye of the Devil Dragon is not very important, then what else will be very important in this world? Aren't you also sending out a powerhouse like you to compete for the Eye of the Devil

Dragon? "Li Tian smiled and looked at Yun Zhonghe in front of him, and said: "Since I am like this, as the elder of the demon clan, why can't I appear in such a place?"

He was serious, and he didn't mean to joke at all in his tone.

The little princess and Simon Yeshou were taken aback for a moment. They thought that these guys in the team were just very powerful, but they didn't expect to be so powerful, they turned out to be a powerhouse of the gods.

Such a strong man is rarely seen in the God Realm, and actually appeared in such a place.

"Hmph, you deserve to be the elder of the demons. Your vision is still sharp, and you can see my identity so easily. But it doesn't make much sense. You are not going to explain it, I just let you die here. I want to see how powerful your demons are, it's impossible to bring the dead back to life, right?" Yun Zhonghe thought that he had completely grasped Li Tian's fate in front of him, and said: "This time you come out, presumably the Demon Lord should have also explained it, let you protect this Demon Princess at all costs."

"This is just your own thoughts. These two people are just two apprentices with me."

"If it's really like this, then it's easy to handle." At this time, Yun Zhonghe turned around and looked at Yunzhong Magpie, and said: "You have also seen that these two girls are pretty good, you should pay Haven't you been to the Mozu? Would you like to try it today?"

"Hahaha, since the second uncle has said so, I will see if the demons are the same as our humans, maybe a little softer." Yunzhongmagpie looked wretched, and the saliva on his face was about to flow down.

When Ximen Yeshou and the little princess saw this guy who looked like Brother Pig, both of them naturally stepped back and looked scared.

But they were all \*\*\*\* by these strong men, and they couldn't move at all at this time, so they could only watch the rogue in front of them come over.

Seeing that the magpie in the cloud was about to succeed, Li Tian said: "Stop!"

"Look, I know you will be obedient. After all, this princess is like your lifeblood for you. If you let this princess be defiled, your demons will lose face. , As the elder of the demon clan, you should be very clear about what the price should be." Yunzhonghe smiled confidently, but still did not stop Yunzhongmagpie: "But even in this way, what qualifications do you have to come? Let's stop it? I gave you a chance before, but you don't want to take this chance yourself, don't you think?"

"I'm not joking with you. I think you haven't forgotten where you are now. The Northern Cold Land is the territory of our demons. Since ancient times, very few people can leave here alive. It's impossible for anyone who is looking at to leave here alive. Maybe it's not surprising that we died. After all, we are now where we are, but I don't think you want to die." Li Tian raised his head and looked at the person in front Yunzhonghe asked.

"You have spent a lot of effort to come to this place, in order to find the eye of the dragon, and then take the eye of the dragon back, so that you can compete with the gods, but if you attack the three of us If you leave here, I can guarantee that you will be caught by our people as soon as you leave here. Even if you have the Eye of the Dragon in your hands, there will be no way to compete with

us." Li Tian sneered After a while, even if he became a prisoner in someone else's hands at this time, he didn't mean the slightest fear.

"What's more, there are many dangers that you don't know in this \*\*\*\*\* of heaven." Li Tian said again.

This sentence, like a big rock, made these people understand that their previous thoughts were really too simple, and it was really not that simple to want to leave.

#### Chapter 6033: Prisoner of the Order

"It seems that at this time, the devil let you follow the princess of the demon clan, it is really not a wrong choice, if it weren't for you to follow the little princess, maybe today we will make something not so good. The matter is coming." At this time, Yun Zhonghe sneered, then glanced at Yunzhong Magpie, and said, "Forget it, you can't make it like this."

"Hmph, really, I will let this old man one day let him know what will happen if he goes against me." Yunzhong Que was a little disappointed. He thought that he could be a demon princess. At this critical time, I was ordered to brake, and now I really feel that my mental state is not very good.

Looking at Li Tian in front of him, he clenched his fist, sneered, and said, "If I were you, I should have closed my mouth just now."

"This is the \*\*\*\*\* of heaven and underworld. It is the place of the souls of the gods after death. Do you really think you can change anything in this place?" Li Tian sneered, squinting at the cloud magpie in front of him, and said: "Pleasure in such a place, I think even if you are immortal, you will definitely lose a layer of skin. If I were you, I would definitely not do this at this time."

"you....."

"Okay, he was right about this matter. We really should be more careful in this kind of place. We don't know what kind of enemy we need to face next. Perhaps one carelessness will make us all Follow the losses." Yun Zhonghe said seriously, looking at the magpie in front of him, and then at Li Tian, and asked: "What else do you know, it's best to tell us all. "

"I can let you leave here safe and sound, as long as you don't hurt us." Li Tian said.

'Snapped'

Yun Zhonghe slapped Li Tian on the face, causing his cheeks to become red and swollen: "Are you negotiating with me?"

"Yes, I am negotiating with you. Why, do you think it is very problematic?" Li Tian sneered, looking at the cloud in front of the crane, and said: "Even if we are now prisoners in your hands, it is not It means that we are now at your mercy. We know a lot of key issues in this kind of place, but you don't. This is our key."

"You \*\*\*\*\* old guy, even if we don't have you, we can walk over. Do you really think I dare not do anything to you?" Yun Zhonghe was very angry, and Li Tian in front of him was a real provocation. The guy's heart became angry, and he couldn't help directly at this time, grabbing Li Tian's neck, and then constantly exerting force, as if to make Li Tian die.

The expression on Li Tian's face was still as calm as ever. Even if he was humiliated by these guys, there was still no emotion on his face and it looked normal.

Looking at the expression on this guy's face, Yun Zhonghe was really angry.

He originally thought that if he did this, Li Tian in front of him should have realized what position he was in.

But now it seems that this guy has no such consciousness at all.

"When we entered the \*\*\*\* of heaven and underworld, our thoughts were the same as you, and we thought we could pass through here easily, but it turns out that our previous thoughts were just joking. This place is far from what we imagined. It's that simple, and we have paid a heavy price for it. When I say this, you should also be aware of what is going on?" Li Tian smiled. Although it is already hard to breathe, he is still not ready to compromise at this time.

Yun Zhonghe directly hit Li Tian's stomach with a fist, and said angrily: "You are really a \*\*\*\* thing, but who told you to know a lot of things? What conditions do you have, just say it all, as long as you If you can help us get the Eye of the Devil Dragon, I will spare you three. As long as you help us get out of the Northern Cold Land, I will let you go!"

"My condition is very simple. I have said it before. As long as you ensure our safety and our integrity, you can attack me if you are angry, but if you dare to move the two of them, I promise. You people are all going to die here, and you never want to find where the Eye of the Devil Dragon is." Li Tian roared at this time and said.

Looking at the excited Li Tian, Yun Zhonghe, who was very angry at this time, could only slowly suppress his inner anger. Who made himself and Li Tian in front of him still negotiating, plus this guy in front of him He looked really clever, and he really had no way of using this guy.

Smiling and looking at Li Tian in front of him, he said, "Very well, we have reached our partnership in this way. I can let you go back safe and sound. You just need to let us go back with the eyes of the magic dragon. A very good cooperation."

"You can understand." Li Tian exhaled and said.

Yun Zhonghe handed Li Tian and others to his subordinates. At this time, Yunzhong Magpie also slowly walked up: "Second Uncle, do you really want to believe these demons? You must know that these demons are quite cunning, they It may not agree to our request."

"Naturally, I also know that these demons are quite cunning, but we obviously have no more choices now. As they said, this place is quite dangerous. If we don't know the details, we want Leaving here is simply joking. This guy has captured our lifeblood a long time ago, and now we can only implement it according to this guy's ideas." Yun Zhonghe shrugged helplessly and said: "But If he thinks that this will allow me to let them go, he is just daydreaming."

Both sides have their own calculations in their hearts at this time, and neither are ready to truly agree to their opponent's requirements.

It's just that because of a common goal, they can only be regarded as cooperating together now. What kind of danger they will encounter next depends on their slow cooperation with each other.

If people like Yun Zhonghe really died in such a place, then it would only be bad luck for Li Tian alone. ,

After Yun Zhonghe arranged everything, he came to Li Tian and asked, "How about it, can we act now?"

Li Tian nodded and said, "The time is almost there. It is indeed time to act, but I advise you to be prepared. What you will face next is very dangerous."

Chapter 6034: set off

"Hehe, the old man doesn't know how many dangers he has encountered over the years. It doesn't matter if he encounters more dangers. The old man naturally has a way to deal with it. But you have to be careful. If your intelligence is wrong, Not only will I kill you, but even with this so-called princess, I will make her die in humiliation. Anyway, for us, we can't find the Eye of the Devil Dragon, and there is no need to talk about leaving. ":

"I will let you find the Eye of the Devil Dragon. I can guarantee this, but you should also ensure that the things you promised before will not violate your original promises. It is more useful for us. Yes." Li Tian said with a smile.

After they negotiated, Li Tian told some things that needed more attention, and then set out.

Before they left here for a long time, a phantom appeared here, squinted, and touched his chin: "I'm really curious, is this kid already counted? I will arrange it with the little princess, So is it so dangerous to make such a decision?"

The phantom is the existence that talked to the devil in the devil palace before, in fact, when the little princess entered the heaven and \*\*\*\* before, he had already followed.

It's just that I haven't been in a hurry to shoot.

Before, even when the little princess was in danger, she did not rush to take action.

This is a guy with a deep city. I saw it a long time ago that Li Tian is not a very bad-hearted human being. Of course, even if Li Tian didn't make a move at the time, his strength in one day could be achieved by many people. Before he could react, he took action to protect the little princess.

This time, although the little princess was controlled by the Yunzhong family, this one did not rush to take action.

Rather, he was trying to figure out Li Tian's thoughts. Obviously, this human young man was a little bit beyond their imagination in many aspects. At this time, he dared to make such a decision. I really don't know if he should use madness. Describe it, or should I use something else to describe this young man.

A god-level powerhouse, if something goes wrong, they will all die.

You must know that Li Tian has little chance of being able to defeat a god-level powerhouse. Therefore, the phantom is not clear at this time. Does Li Tian already know his existence? It is precisely because he knows that he is in the little princess. By his side, there was a shadowy existence, and only then did these things happen.

"Huh, if this kid really knows so many things, then he definitely can't stay. Such a dangerous young man will be a very difficult guy for us demons in the future. He must be in this young man. Before he can grow up, I will kill this young man completely." When the phantom spoke, it slowly disappeared again.

On the other side, Li Tian finally joined up with the little princess and Ximen Yeshou Shengli.

The three of them were pressed into the center of the team. Although they were tied up, they still had to walk forward step by step. The team was very slow because of Li Tian's reminder before, so they didn't dare to go fast in this place. For the advancement, I am very worried about what dangers will be encountered in an accidental situation.

"Are you all right?" Ximen Yechou glanced at Li Tian and asked in a low voice.

"Call me the elder."

"Long... Elder, are you okay?" Ximen Yeshou thought of something and hurriedly changed his words.

"It doesn't matter, as long as Princess Princess has not been harmed, I won't have any problems. The purpose of the old man this time is to protect the safety of Princess Princess, but he did not expect that he would eventually fall into the hands of the thief. It is really ashamed of the devil. Jun's expectation of me has been raised. After returning, I think I will still be in retreat for many years." When Li Tian spoke, his face was full of self-blame expressions.

This guy's acting skills are top-notch, it's impossible for you to find the slightest weakness.

In fact, in their action this time, there are still some more suspicious places that can be found, but the Yunzhong family did not find it. They thought that they were led by Li Tian by the nose at the beginning. Once they come, even if they have a lot of thoughts in their stomachs, it doesn't make any sense, and it's impossible to find a solution.

It is precisely because of this appearance that they can be so relaxed now.

"Do you really need to do this? Seeing you being bullied by them, I really..."

"Your Royal Highness is safe. My body has already gone through a lot of torture. This is nothing to me." Li Tian replied lightly.

"You are really a loyal servant. No wonder the devil will be so relieved to let you protect it. With a loyal dog like you, nothing really will happen. This devil is also a smart man. Ah." At this time, the voice of the crane in the cloud slowly passed through, and at the same time people came to them, looking at Li Tian: "You said before, there is a Tian Ming general here, why did I not look Where is it?"

"We were seriously injured by a Tian Ming general before, but we don't know where Tian Ming general will appear. The only certainty is that Tian Ming general will appear, and this kind of existence is very powerful, and we must not take it lightly." Li Tian said.

"If it wasn't for your injuries that look really serious, I really have to doubt whether what you old guy said is true or false. If you say something wrong, don't blame me for being rude." Yun Zhonghe sneered, then patted Li Tian on the shoulder, and said: "For those who are willing to cooperate with us, we have always been very friendly, on the contrary, we are very strict."

"You should concentrate your attention on your surroundings. We won't make any bad actions. After all, depending on our current strength, we can't survive in this kind of place." Li Tian looked at He said to the cloud.

"You are very smart. Even if I release the three of you now, I am afraid that you will not leave here easily. Even if you leave here, you are not sure what kind of guy you will meet next time. Will you still agree to your request? Therefore, cooperating with us is your best choice. You are very smart, and I like a smart person like you very much." He smiled triumphantly without knowing it, but it was just Li Tian. It's just a conspiracy.

#### Chapter 6035: Yisheng Hall

Ximen Yeshou and the little princess looked at Li Tian. At this time, the three of them were truly standing on the same front. ,

The previous cooperation was just to survive better, but now the cooperation of the three of them can be regarded as real cooperation for the common goal, and there is no suspicion between each other as before, they all know each other. What kind of character he is, he naturally knows that no matter what he does in this matter, he won't suffer any big losses.

Moreover, these people in the Yunzhong family did not really disappoint Li Tian and the others. Although they rarely encountered strong enemies, they still encountered a few more difficult to deal with, these people were still very relaxed. Got killed.

Down the road, they didn't know how long they had walked, but in a relatively remote corner, and then the team stopped.

Even with such a powerful team, there were heavy casualties in such battles. About one-fifth of the people died in the previous battles. What you can imagine is how tragic the previous battles were.

"It looks like you are actually said to be accurate by you. I just thought that these words you said were all joking, but I didn't expect that when it really happened, it would make me feel very surprised. I dare to believe that this thing really happened." Yun Zhonghe also has some dust on his body, and his whole person looks very tired. After successive battles, even the powerhouse of the gods can't be in this way. Persist in the high-intensity battle.

"I said it a long time ago. Don't think that you can be casual when you enter this kind of place. This place is much more dangerous than you think." Li Tian still sat in his original position, watching. The cloud crane in front of him responded.

"Can you tell me how many enemies we need to meet next?" This is what Yun Zhonghe wants to know most now. After such a long battle, he has already become accustomed to this state of constant fighting. , But I also know that such a high-intensity battle is quite unfavorable for him. At this time, I don't know how long I need to hold on.

Looking at Li Tian in front of him, he should still know a lot of legends about it.

"When you came here, didn't you try to understand the heaven and the hell? Or are you really naive thinking that you only need to enter this kind of place, and then everything can be easily solved?" Li Tian Smiling, looking at these people in front of him, he asked: "We are only one-fifth of the distance now. It is unknown whether we will encounter more powerful enemies next."

"I think you \*\*\*\* is here to deceive us, what kind of danger we will encounter next, I think you are joking." At this moment, Yunzhong Que rushed forward and grabbed Li. Tian's clothes snorted and said: "Do you really think I don't know what is in your head? Do you really think that everything you do is seamless?"

"Little Magpie, what are you doing?"

"Second uncle, I think this guy is talking nonsense, saying that we will meet more powerful opponents next, but just want to make everyone in our team lose their confidence. This way they can accomplish their goals better, can't they?" Yun Zhongque sneered, holding Li Tiande's shirt with both hands at this time, his eyes did not show any respect for this person.

Seeing the crazy look of the young man in front of him, Li Tian smiled faintly: "I know that it's not unreasonable for you to be so angry. You think I'm talking nonsense, but you also all these good things that happened here. I see, do you still think that I am talking nonsense? If I am really talking nonsense, naturally it will not appear in such a thing."

"you....."

"I know that you look at me very upset now. I ruined your good deeds before. It must make you feel bad and want to kill me, an eye-catching fellow, but if you kill me, you want to leave here. But it's not that simple. In this place, I can guarantee that no one knows this place better than our demons. I can tell you clearly what other people we meet next and what to do, but you can't refute it. Is it?" Li Tian still smiled faintly, and suddenly didn't put this matter in his eyes.

Yun Zhonghe had always looked at Li Tian in front of him very seriously, wanting to see what he wanted from the eyes of the elders of this demon clan, but soon found that he could not see through the demon in front of him. What is the purpose of the patriarch?

"Forget it, this guy does know a lot of things that we don't know. Now that we have all entered the \*\*\*\* of heaven and hell, and we have met so many strong people before, now I don't believe this guy anymore. It's a very heavy price." He shrugged helplessly. Of course, he wanted to dig out all the contents of Li Tian's mind at this time.

He knew that there must be a lot of content in this guy's mind that they didn't know. These are the things Li Tian and others depend on for survival. If all these things are revealed, it will be a dead end before long.

Therefore, Li Tian didn't mean to say everything he knew.

Following them these days, they have also spent a lot of originally dangerous places. If these dangerous places were only the three of them, it might really be difficult to pass.

At least some time needs to be wasted, that's for sure.

But with the help of these guys, the journey was smooth, even if it paid a heavy price, it was also the price paid by the Yunzhong family.

"The place we should go next is the Hall of Remembrance in Heaven and Hell. You definitely don't know what this place is. If you really want to know, I can tell you that there is no place for God, and I can also tell you. What kind of opponent will we meet here?" Li Tian smiled and looked at the two people in front of him, and said. He knew that these two people had already been caught up in his own words.

Chapter 6036: Secret

"Wang Sheng Hall, what is this place?" Yun Zhonghe looked at Li Tian in front of him with a dull expression, and asked uncomfortably.

They all thought they had already made a lot of preparations when they came to this place. Even if they encountered something they didn't know about here, they seemed to be able to easily pass by, but Only now did I realize that I really knew too little about this so-called Heaven and Underworld Hell. Compared with Li Tian in front of him, it was simply the difference between heaven and underground.

Looking at the elder of the demon clan in front of him, he could only say such words in confusion.

"The Hall of Remembrance should be the beginning of our test. There will be many powerful guardians here. Every puzzle of these guardians is different. As long as they pass their test, they can go faster. The next postgraduate entrance examination, but if you fail, you will need to fight. If there is no way to defeat the Guardian, then you can only die in this place. The Hall of Remembrance is also such a beginning, because the gods usually die here. , The place where the soul recalls the course of this life, so it is such a name."

"Listening to what you mean, you should know what is going on with these contents, and how can you pass the test of these guardians?" Yunzhonghe was taken aback for a moment, then laughed very quickly, and walked up. Qiangzhang in the cloud stepped aside, looked at Li Tian in front of him, and said, "Is it this way? Since you know so many mobile phones, you must know how we should deal with these guys?"

"I just talk about it casually, but I have never said how to pass the test of the guardian. This test is a huge challenge for many people, if it is not very smart and strong There is no way to pass human words, but with so many of us now, if we really get to the Hall of Remembrance, even if we don't know the answer, we can pass by our strength." Li Tian said, his mouth Although he said that, he didn't think so at all in his heart, but responded coldly.

Cloud Magpie had always looked at Li Tian very upset before, and it is also like this now.

If there is one person in this team who has a deep prejudice against Li Tian, then it is definitely the magpie in the cloud in front of him.

This kid stepped forward at this time, slapped Li Tian on the face, and said with a mockery: "Old guy, do you really think we will believe these nonsense things you said? What is the so-called Hall of Recollection, I think this may be the target we are looking for. Why do we encounter so many powerful enemies these days, but you just want to consume our power, and then kill us all in the Hall of Remembrance, isn't it like this? "

"Little Magpie, what do you mean?" Yun Zhonghe stood up and saw that this strong man now has a little temper. After so many days of fighting, even the best tempered person is now I am also very angry. After all, they have been on the line of life and death before. No one knows how much danger they have gone through in this process, and no one knows how heavy they have come to this point. The price.

"Second Uncle, I think this old guy is just talking nonsense to us. Now that we are in this place, you have also seen that we can easily deal with these monsters here with our own ability, why bother We have to wait for others to come and help. This old guy is here to trouble us at all. He wants us to think that what he said is correct. In this way, we may enter this guy's trap by ourselves. By then, the three of them must have been rescued in this way. Do they really think I don't know what their purpose is? It's just simple." Yun Zhongque sneered, looking at Li Tian in front of him, and then

grabbed her. Neck, said: "You can deceive others, but it is impossible to deceive me. Everything you do is under my control, but don't think that I, like them, have been deceived by you. "

"Elder." At this time, both the little princess and Ximen Yechou became anxious. They had no way to lift the restrictions on their bodies. They could only watch Li Tian being bullied by this reckless guy. They can only rely on such a sentence or two to remind them what kind of identity the person in front of them is and what the price they will pay for doing so.

After Yunzhonghe heard the sound, he could be regarded as regaining his senses. He stepped forward and pushed the Yunzhongmagpie in front of him back: "Bullshit, if you really want to kill this guy in front of you, it will be a huge for us. With such an elder's protection by our side, we can better deal with many of the following problems. You think this old guy is deceiving us, but if we don't get any benefits, how could they possibly be? What benefits do you find here, don't you have to die with us?"

After Yun Zhonghe said these words, it really made the Yunzhongmagpie in front of him a little at a loss.

Because things are like this, they and Li Tian are basically grasshoppers on the same rope. If anyone encounters any danger, the other part will definitely not survive.

If Li Tian really wanted to plot against them in Yisheng Hall, then the princess of the Demon Race would definitely lose her life in this matter.

According to their understanding of the Demon Race, as an elder of the Demon Race, there is definitely no way to do such a thing, so at this time they actually don't need to worry about Li Tian in front of them, whether they are really going to be betrayed. , As long as the old guy in front of you is really the elder of the Demon Race, then he will definitely cooperate honestly with them on this matter.

The magpie in the cloud shook his head, suddenly took out the sword in his hand, and said angrily: "I don't care so much, this guy must die in this place today. I definitely can't look at us people, all follow this. Liar, walk into this endless abyss."

When he spoke, Yun Zhonghe also suddenly shot, and directly knocked down the sword in Yunzhong Magpie's hand: "You fellow, are you going to go against my will? What should I do? I have already said very clearly. ."

#### Chapter 6037: Disagreement

"If you think you can change anything after killing me, you can try it, but you may have to bear the cost." Even if the sword of the magpie in the cloud just now almost hit Li Tian's heart, he I didn't mean to be particularly anxious, and I didn't mean to show my original combat effectiveness. Such acting skills and such courage must be unknown to few people.

If Yunzhonghe had some concerns before, then he has actually relaxed a lot now.

No matter how powerful the Demon Clan elders are, they just look like this. Once caught by them, even the whole body's abilities are meaningless. In this kind of battle, they can't show any strength at all, they can only watch. Watching the sword in front of him kill himself, but there is no way to stop it.

Under such a situation, their destiny is equivalent to being in their own hands. If they dare to use their brains in this state, then it is really crazy.

"Second Uncle, you are deceived by this old guy now. I heard them say on the road one day before. They all planned everything secretly. Their purpose is to let us go to the Hall of Yisheng. As long as we reach the Hall of Yisheng, the danger on the road will be passed. Then, as long as we pass the test, we can get the Eye of the Devil Dragon. If we go to the Hall of Yisheng and do what this guy said, we These people will all die." At this time, Yunzhong Magpie said loudly, and the whole atmosphere began to become suppressed.

The moment this guy said this sentence, you could see a flash of light flashed in Li Tian's eyes. Although it was only such a short moment, if you observe carefully, you can still find it.

Both Ximen Yeshou and the little princess were also taken aback for a while, as if they didn't expect things to develop to this point.

They did secretly discuss what to do next when a team was resting before, because along the way they found a lot of differences from what they imagined and needed to correct their previous plan, so the three of them were there. Discussed carefully.

At that time, I thought these people were all resting, and it was true that no one was still awake.

After all, after so many battles, many people became sleepy. Most of them were resting. It was impossible to hear what they were talking about at several guard posts in the distance.

So when these three people discussed, their voices were a little bit higher.

Who knows that it's just a little bit, and let the cloud magpie in front of him know. No wonder this guy is targeting everywhere along the way. It turned out to be like this. ,

However, although this matter sounded like it was going to be exposed, Li Tian calmed down all of a sudden. He is indeed a really powerful master. His acting skills can fool many people. He still has a faint smile on his face. It's like looking at a child: "If you think you can kill me in this way, I can confess this sin, and it will be considered as fulfilling your wish."

"What's going on, you'd better tell me honestly what's going on, otherwise we may not have any good results next." At this time, Yun Zhonghe also began to doubt. The magpie in the cloud said so, there should be something to be believed, right?

"If we really want to make you all die, before you and Tian Ming will do it, I will have many opportunities to kill you, but because I still have such a sleepy lock in my hand, I don't have How to move, no matter how great my strength is, I am still a seriously injured old man now, do you really think that a seriously injured old man can hurt you?" He didn't explain much, just said lightly. In a word, this explanation makes it easier for Yun Zhonghe in front of him to believe it.

After all, what Yunzhonghe can be sure of now is that Yunzhongmagpie really wants to kill Li Tian in front of him.

As for the reason, this is not known.

If it was really just because of this simple idea, then it would not be impossible to fabricate such a fictional fact to kill Li Tian in front of him.

According to Yunzhonghe's understanding of Yunzhongmagpie, this kid might actually do such a thing. ,

At this moment, squinting at the magpie in the cloud in front of him, he asked: "Are you sure these things really happened?"

"Second uncle, are you willing to believe an outsider, but don't want to believe me? If I hadn't heard these things with my own ears, how dare I say such things here, I'm just worried that I will make you I think I have some ideas of my own, so I want to keep watching these three people's actions secretly. I didn't expect that things have developed to the present level. If I don't stand up and tell the truth, I'm afraid It's all of us who are going to die here." Yun Zhongmagie grabbed his right hand with one hand, and was blocked by Yun Zhonghe's shot just now, which caused him a little pain.

In any case, he is a powerhouse of the gods, and his power is quite terrifying.

Looking at the magpie in the cloud with seriousness on the face in front of him, it seems that nothing can be seen from this kid's face. It seems that everything I said before is true.

But Yun Zhonghe now dare not easily affirm. If he really kills Li Tian in front of him, then all the previous plans have failed. If he wants to continue walking here, he must rely on his own ability. Up.

"Second Uncle, don't you know now? They are just using us. The three of them are weak and unable to survive here, so we need to be escorted all the way. This is..."

"If the three of us are weak, how can we take action against you? Even if you are fighting and want to take action to kill us, it shouldn't be a very difficult thing, right?" Li Tian suddenly turned around. , Asked a faint question, this question came out like a killer move, so that the cloud magpie in front of him did not know how to answer.

He didn't even know in his mind what way should be used to explain these very problematic places.

Because it is too weird, so weird that there is no way to explain it.

Chapter 6038: Unpredictable people

After hearing Li Tian speak like this, Yun Zhonghe looked at Yunzhong Magpie and asked: "It is indeed like this. As you said before, the three of them can't survive in this kind of place, even if they want to use it. We, but the three of them are not our opponents. If you really want to make a move, it must not be in a place like Yishengdian, and I have determined before that the strength of this old guy and these two little guys are both There is nothing wrong with being strong, but they are all injured now."

"Second uncle, if they are really prepared in advance, they may have already thought about these problems, and they will naturally be prepared to deal with them. Shouldn't you trust our own people at this time? Choosing to believe in such an outsider, this...this is really..."

"Okay, stop talking, I know you have always been prejudiced against this old guy, but now we must focus our attention on the next Hall of Remembrance, if we encounter any danger then , Let the three of them die first, anyway, after they die, no one knows who killed them, even if the demons want to trouble us, it's not that easy." Yunzhonghe lifted Raising his hand, said lightly.

After he said this sentence, he basically determined the outcome of this matter.

The Magpie in the Cloud really wanted to kill Li Tian, and indeed wanted to expose Li Tian's conspiracy.

But because I was too impulsive before, I was still a young man. When doing a lot of things, he was very impulsive. I didn't know the consequences of doing so. It was precisely because of their impulse that they actually let Li Tian in front of him found a little opportunity to make the current situation into this situation. Even if the Magpie in the Cloud wanted to kill Li Tian, it was not so easy now.

"Second Uncle, you..."

"As I said, this matter will stop here. We will meet more powerful opponents next. We must seize the time to get our mental state to the best point, and this series of battles will come down. It's a huge consumption for us." At this moment, Yun Zhonghe stood up slowly, then waved his hand and glanced at Li Tian: "But if all of these things you say are false, I will In front of you, let you two little girls be played alive by us."

"Whether it is true or not, you will know soon. Even if I say more here, it doesn't make much sense. After all, some people still don't want to believe it. After all, some people think that I have some conspiracy. Since it is like this, Too much explanation is actually just a waste of time." Li Tian smiled faintly, in his eyes it seemed that he really felt helpless about this matter.

The magpie in the cloud slowly picked up the sword on the ground and stared at Li Tian in front of him: "You wait, one day I will catch your fox's tail, and then I will convince you. , Don't think about any conspiracy and tricks in front of me. I will make you invisible. You think your current plan has succeeded, but I will definitely let you fail."

Looking at the magpie in the cloud in front of him, Li Tian just gave a faint smile.

But in my heart, I actually started to get nervous.

Although Yun Zhonghe chose to believe them in this matter, no one knew what would happen next, or whether this guy really believed them.

After all, the magpie in the cloud is a relative of the crane in the cloud. At this time, he should still choose to trust his relatives.

If this is the case, then they might really encounter a lot of danger here.

But at this time they were not particularly worried about the situation in front of them.

At least nothing would happen before the Hall of Recollection. Because of Li Tian, they came here smoothly. Although a lot of people were lost along the way, it was very little consumption. , If you change to someone else, you may have to lose your soldiers here before they can pass. They are very lucky to be able to reach this kind of place with such a loss.

But if it were to visit the Hall of Yisheng, then all this might be completely different.

If the Yishengdian and Li Tian's descriptions are a little bit different, maybe these guys will set their goals on Li Tian the first time. At this point, Li Tian would not have the slightest doubt. Yes, he knows exactly what kind of decisions these guys will make at this time.

Once they think that the three people in front of them are very dangerous to them, they will definitely eliminate them as quickly as possible.

Now it only seems on the surface that the three of them are not as dangerous as they imagined, so they are still being used by them, hoping that the three of them can make a little contribution in the next journey.

After starting again, Li Tianyuan glanced at the magpie in the cloud.

This guy really had his eyes on Li Tian, and all his eyes were on Li Tian at this time, as if he wanted to see through him.

"This kid really put all his attention on me. It seems that he really naively thought that everything he had made up before was real." Li Tian just smiled and shook his head. Then he said to the little princess and Simon Yeshou next to him: "As long as we can help them get the Eye of the Demon Dragon, we can return to the Demon Race, and it will not be too late for us to settle accounts with them at that time."

"Elder, I'm afraid these humans won't keep their promise, right?"

"It doesn't matter. After all, this place is still our Demon Race's territory, and there are many secrets in your body. These are not known to others. They think they can do things without knowing it, but they don't know them. This move is all under our control." Li Tian just faintly smiled, and then explained in a low voice.

At this moment, the Yun Zhonghe in front of him seems to be leading his team forward, but he still knows everything that happened behind, especially the words Li Tian said. This guy has actually already Hearing it clearly, it can be considered more or less dispelling the doubts caused by the words said by the cloud magpie before. The three people didn't want to make trouble, that's it.

#### Chapter 6039: Arrivals

In Li Tian's heart, they have always been nervous about these things they are doing now. They are truly doing a very crazy gambling, something that many people can't easily believe.

A little bit of time passed, and on the next road they only met a Heavenly Pluto general.

After the things that happened before, although many people did not do it on the open side, they have been watching Li Tian and others very carefully in the dark, as long as they have something in this battle. If the behavior is strange, these people will definitely choose to deal with them in the first place.

Seeing how nervous these people were, Li Tian just smiled faintly.

The Hall of Remembrance is the beginning of their plan. There is a very powerful guardian here. The moment this guardian reappears, he will have to kill a lot of them, unless it can be said that his mystery is, and it is in Remembrance. In the hall, there is no way for people to communicate, so Li Tian actually told Ximen Yeshou and the little princess how to deal with the guardian a long time ago.

I don't know how the remnant soul of the ancient gods did it, and he knew so clearly about the trials in the heaven and hell.

Before, it was really simple to think that this ancient \*\*\*\*\* learned from what literature, but as time developed bit by bit, Li Tian completely dispelled the idea in his mind. This guy is fundamental to

this. He knows everything well, no matter what you say, he can always find a way to answer your questions easily here.

This time the Yisheng Palace was like this. Li Tian thought he had nothing to do, but it was not like this at all.

"The Hall of Remembrance is the best opportunity for you to act. No matter what you say will not be heard here, unless you can pass the test of the guardian, if they can't communicate with each other, they will definitely fall into chaos. Among them, this time is your best chance to take action." At this time, the voice of the remnant soul of the ancient \*\*\*\* slowly rang in Li Tian's mind.

"I know, but what needs to be done now is to make them truly believe in me. They have already begun to doubt my identity. If they really find a clue, I can say with certainty that they will definitely be there. Get rid of them immediately."

"Don't worry, haven't you guessed it before? How could the identity of the Mozu princess come to this kind of place on her own? There must be a powerful master by her side, it's just what we did before. Everything hasn't reached the time when it's truly dangerous, so this Qiang didn't make a move." The remnant soul of the ancient \*\*\*\* said comfortingly: "What's more, this sleepy immortal lock has no way to limit the strength in your body. You yourself know very well. Right."

Li Tian just smiled and nodded. I am afraid not many people know this.

This sleepy fairy lock seems to have really made Li Tian, Ximen Yeshou and others in front of him lose their combat effectiveness, but in fact it is not like this at all. Now Li Tian, whose system has been completely changed, is not the kind of special control that can control the power of immortality. The magic weapon can be restricted, the power of the immortal origin is not wrong in his body, but there is a little more magic energy in the power of the immortal origin.

These evil spirits are not too much, but not too much.

However, the power of the Xianyuan could completely change the attributes, and naturally, some of the methods used to deal with the immortals could not be used on Li Tian.

It is precisely because of this method that Li Tian made such a crazy move.

And this time the action has completely proved one thing, luck is really a relatively good attribute, if they are a little unlucky, they may die in the hands of others now.

It is because they are lucky that these guys can believe what Li Tian said so easily.

"In this way, everything is ready, as long as you reach the Hall of Recollection."

When Li Tian was communicating with the remnant soul of the ancient god, a very noisy voice came from the front.

"Look at it, look at it, there is actually a road leading to the sky, where does it go." The strong man who walked in the front stopped and looked at the one in front of him that led directly to the sky. The road in the middle, said very curiously.

In this green miasma, they could not see what the end of the road was.

As expected, Yunzhonghe quickly came to Li Tian and asked, "Elder, you should know where this road leads to?"

"This should be the entrance to the Hall of Yisheng. During this process, no one can stop. Once you stop, you will fall into your own endless memories. If you can't come out of this memory, don't Blame I haven't reminded you, I don't know how many souls of strong people can't get out of this memory." Looking at these people in front of him, Li Tian said seriously.

"Really so powerful?"

"The Hall of Remembrance relies on this path to let people truly see what we have done in this life. Although we are not truly dead, after all, the existence of the physical body here has been weakened a lot. The actual meaning As I said above, we still rely on our own souls to stand here, and naturally there is no way to resist the power of memories on this road." Li Tian said calmly, looking at the road in front of him, his fists slowly He shook his hand, and said in his heart: "Finally, it's here, and soon there will be no need to pretend, I want these guys to know what is going to happen against me."

"Let's take a rest here for one night today. I want to see what kind of danger we will encounter next. When we adjust our mental state to the best possible point, let's move forward." Yun Zhonghe seems to be It was just like preparing for something. After stopping the team, he turned and left, as if he was not the leader at all.

The rest of the cloud magpie looked at Li Tian in front of him, and said, "Look, this is the final moment. I will let you know that your previous plan will not make any sense at all."

"Hehe, you are really funny, you are still in your own fantasy? You think everything you think of is real, do you think everything you make up can really happen? It's naive." Li Tian just gave a faint smile, still reluctant to admit that he did some conspiracy before.

Chapter 6040: Take precautions

Looking at the continuous road in front of you, many people must be very clear about the price they will pay once they walk on this road.

At night, everyone in the team began to prepare for this long-lost battle, and Li Tian also began to prepare for the start of his plan.

Here is the inventory point from all this.

They used to pretend to be a sheep-like existence, and now they can finally find a suitable opportunity to take action. In this place where there is no way to communicate, they have made a lot of plans in advance, so they must It is the one who has the first move. Once they start, they will definitely have a good chance of winning in this battle.

After coming to the road below the Hall of Yisheng, the sky above them also changed.

Although there is still only one sun hanging in the sky, the rays of light emitted during different time periods are all different, and the so-called day and night are slowly distinguished.

It's just that the night here is just like the evening, and it hasn't reached the point where it's invisible.

After all the news from the team, Li Tian also began to close his eyes, pretending that nothing was the same, and began to restore the strength in his body. There is another most critical aspect of his action this time, that is the little princess's. Whether there is really a strong person around him, so much effort is just trying to make this strong person realize that they are not enemies.

It's just such a simple idea. If this strong person is willing to stand up and help them at this time, it is also quite good news for them. After all, with the help of such a strong person, many things will follow. It can become more effective.

So, this time he is going to gamble.

What Li Tian didn't know was that Yun Zhongque had always been brooding about what happened before. He thought that he had said so many things that might make Yun Zhonghe realize the seriousness of this matter.

But they have already arrived in this kind of place. Looking at the cloud in the crane, it seems that they don't know that there is really any problem in it. If they really continue in this state, they don't know that they will be Li Tian this next. How did a few people go about it? They didn't know anything about this kind of place, but these people knew all about these places, which in itself was a very unfair situation.

He secretly gathered some strong men he usually valued more, although it was only seven or eight people, but it was enough to do this action.

Nearly half of the people, want to accomplish their purpose here is relatively simple.

At this time, the eight of them left the core position of the team, but began to gather together on the edge. Yun Zhongmagie looked at the seven people in front of him and said: "On weekdays, I am not thin to the seven of you, right? ?"

"The young master must have nothing to say to us on weekdays, and the few of us have been thinking about the goodness of the young master's heart." At this time, a tall man quickly stated that he knew the magpie in the cloud. They needed something to take action, and what else could be done in such a place was nothing more than killing the three demons.

Although they knew that Yunzhonghe would definitely not agree to it, Yunzhongmagpie made such a request in front of them. Even if something really goes wrong then, all the responsibilities will be on Yunzhonghe's body, and they will not be affected. Implicated, so these people have such indifferent expressions on their faces, without the feeling of taking this matter seriously, and they look very calm.

"That's right, what the master said is what he said."

"Very well, what I want is your words. You now know where we are. Although I don't know where this Hall of Remembrance is, I know that these three demons have always concealed things. For us, they may take action against us in this action. At that time, our few companions will suffer huge losses because of their plots. At that time, I don't know how many people have died. Here." The expression on Yunzhong Magpie's face was very serious. Looking at the seven people in front of him, she said solemnly: "What do you think we should do now?"

"If the young master's previous words are all correct, we naturally can't stand by and watch them at this time. Watching them secretly count all these companions in our team. I definitely can't accept this kind of thing. I must be here. It was completely suppressed before it happened."

"No, the second master has already said before, no matter what, you can't put your idea on these three people." Among these seven people, there are still two or three people who don't really want to do this thing in their hearts: "If This time we succeeded in this matter, and it might make Erye's

plan fail. Master, we all remember your kindness to us, but we also know what we can do and what we cannot do this time We really can't help."

"Are you ready to give up like this? You have to know that what we need now is your help. These three people are protected by our own people. I don't need you to do anything. You just need to distract them. It's okay. It's okay to leave the rest to me." Yunzhong Que squinted, looking at the three people in front of him, and said: "Second Uncle is on it now, he is preparing to enter the Hall of Yisheng Now is our best opportunity. If we miss this opportunity, we still want to complete such a task, but it is simply impossible."

It turned out that Yunzhonghe had to prepare for a while because he was about to enter the Hall of Yisheng, so he was not here, so he had this idea.

It was precisely because Yunzhongque did not have the care of Yunzhonghe. At this time, he had some other thoughts and contacted so many people, planning to take advantage of this time to kill Li Tian, when the raw rice was cooked into cooked rice. Even if Yunzhonghe is angry, he still can't really do anything to Yunzhongmagpie. After all, they are still related by blood. It is impossible for the three demons to really turn their faces.

This is the support of the magpie in the cloud, in his opinion it is a very strong backing.
