

A Killer 611

Chapter 611: Who are my parents?

Li Tian felt more and more puzzled.

"Why does this man wearing a grimace mask always call himself Young Master one by one?"

"When did I suddenly have such an identity?" Li Tian thought depressed.

"And, what did he just say? This is his duty? What duty?"

Of course Li Tian would not know the truth before him. After thinking about it at this moment, he slowly raised his eyes and stared at the Duguxie and the ghost servant in front of him.

"Can I ask you some questions?" Li Tian said suddenly.

After Li Tian said this, the ghost servant and Duguxie all smiled.

"Young Master, please." But listen to Duguxie over there.

"I want to ask...Did you admit the wrong person?" A word suddenly came out of Li Tian's mouth.

After hearing Li Tian suddenly say this, the ghost servant and Duguxie suddenly laughed.

"Young Master, you are too worried! We didn't admit the wrong person, it's just because you know too little." But the ghost servant said slightly there.

"I know too little? What do you mean?" Li Tian asked in confusion.

"Because there are so many things that you don't know... This is the real reason why the two of us brought you here." But the ghost servant who listened to one side continued.

"I am getting a little confused...what are you talking about, why don't I understand a word?" Li Tian asked curiously.

The ghost servant slowly turned his head and glanced at Duguxie next to him: "Second brother, you should tell the young master everything..."

After the ghost servant said so, that Duguxie slowly walked up to Li Tian.

Li Tian not only looked curiously at the Duguxie in front of him... To tell the truth, when Li Tian saw Duguxie, he always had an extremely weird feeling in his heart... The feeling was like the feeling that Li Tian had seen his relatives. !

Maybe even he himself doesn't know how all this happened?

How is it possible that you will feel such a strange and kind feeling when you face this stranger?

But seeing Duguxie slowly walking to Li Tian, he suddenly cast a pair of indifferent eyes on Li Tian's neck.

"Do you want to know the truth of everything?" Du Guxie asked suddenly.

Li Tian was slightly surprised, and then nodded.

"it is good!"

"Since you want to know, then I will tell you, but in the process of telling you, you must not be surprised, because all this is the truth." But listening to the Duguxie in front of him continued.

Li Tian was surprised at first, and couldn't help thinking about it. What is the truth? Does it need to be so serious?

"Do you know who your parents are?" A word suddenly came out of that Duguxie's mouth.

When Du Guxie suddenly asked this, Li Tian was really taken aback.

I couldn't help but secretly said: Why did he suddenly ask his parents?

Li Tian thought for a while, with a silent sadness on his face, then slowly shook his head, smiled bitterly and said, "I don't know."

"I have lived in an orphanage in Liaocheng since I was very young...As far as I can remember, I don't know who my parents are!" Li Tian said slowly.

"Maybe...My parents don't want me at all." Li Tian said in a bitter voice suddenly.

"You are wrong!" Du Guxie said in earnest suddenly.

When Li Tian heard Duguxie say this, he suddenly sneered: "I was wrong? I was thrown by my parents at the door of Liaocheng's orphanage when I was 3 years old... If it wasn't for the kind people who took me in back then, how could I live Until now?"

Li Tian's voice is full of hate!

There is no denying that he still hates his parents in his heart. Why he hates his parents for being so cruel in the first place, and why he left him where he was so young...

"Do you know why your parents left you behind?" Du Guxie said suddenly.

"How would I know."

"Maybe they didn't want me..." Li Tiannu said.

Duguxie looked at Li Tian and continued: "You are wrong, everything you think is wrong!"

"I'm right! All I said is the truth... If my parents really want me, they won't leave me so small... They won't put myself there and let them live!" Li Tian Roared.

Hearing his angry words, the ghost servant sighed slightly.

And the Duguxie in front of you? But he was ready to tell him the truth about everything.

"Do you know why your parents left you? Do you know the whole story? I tell you... When your parents left you, it was to protect you... Everything they did was for you!" Xie suddenly said that with excitement on his face.

"for me?"

"Abandon me for me..."

"For me, just throw me in such a remote place and let me fend for myself?" Li Tian said with blood red eyes.

For so many years, Li Tian has never mentioned his parents to anyone, because he doesn't even know about it, the only thing he knows is that his parents abandoned him. Regardless of the reason, Li Tian carried a ruthlessness in his heart... deep hatred!

"That's because your parents are trying to protect you...do you understand?" Duguxie suddenly turned into a roar.

"Do you know how powerful your parents were? Do you know what kind of danger you will face if you take you? I tell you...you can hate anyone, but don't hate your parents, Because they love you so much, love you so much from beginning to end." Duguxie roared.

Li Tian listened to his words and remained silent, his eyes glowing with blood red...

How many times has he missed his parents in his dreams, and how many times has he dreamed of calling his mother and father just like others...

But in the end? He didn't even know what his parents looked like.

Now this weird Duguxie suddenly mentions this matter about his parents to himself, what is going on?

Li Tian tried to calm himself down a little, then turned his head and looked at Duguxie in front of him.

"Why are you saying this to me? Do you know who my parents are?" A word suddenly came out of Li Tian's mouth.

"Of course I know! If I didn't know, how could I tell you everything." Just listen to Duguxie admitting to it.

When he finally heard that someone knew who his parents were, Li Tian was stunned.

Although he has a deep hatred for his parents in his heart, he still wants to know who his parents are?

"Who are my parents? Where are they now?" Li Tian asked as if he was mad, suddenly ignoring his physical injuries and holding out his hand to grab Duguxie.

Originally, his two crippled arms had not fully recovered. Once they moved at this moment, a tingling pain came from the arms.

Chapter 612: Cthulhu is my father

The ghost servant saw this situation and hurried over.

"Young Master, don't be excited...Don't move anymore!" The ghost servant said while holding Li Tian with both hands and said with concern over his trembling body.

At this moment, Duguxie also looked at Li Tian with concerned eyes and said, "Don't move...you can rest assured that I will tell you everything today. I will tell you who your parents are and tell you. What happened to you twenty years ago."

Listening to Duguxie's words, Li Tiancai calmed down a bit.

But what about his heart? Still beating constantly.

How much does he wish he knew who his parents were immediately? No matter whether he hates or misses him at the moment, he must know.

For more than 20 years, for more than 20 years, Li Tian had dreamed how many nights a rival of his parents caressed his forehead... But when the Ming Dynasty sunrise rose, he knew it was a dream! A dream that I never know the truth.

Now, someone finally knows who their parents are? How can he not get excited?

After Li Tian calmed down a bit, he raised his ardent gaze to look at the Duguxie in front of him, waiting for him to tell his parents.

"Who are my parents?" Li Tian asked in surprise.

But I listened to Duguxie slowly saying there: "Your parents are great heroes... and our best eldest brother. He is the most respected relative of Duguxie in my life."

Listening to Duguxie suddenly saying this, Li Tian was stunned.

"My parents are your eldest brother?" Li Tian said blankly as he looked at the Dugu Xie Dao in front of him, his face couldn't believe it.

"Yes, not only our elder brother, but also my master." The ghost servant also interrupted there suddenly.

"Master?" Li Tian stared at the man wearing a grimace mask for a moment.

He said his parents were his masters...no wonder! No wonder, he would call himself Young Master? Is this true?

Do not!

Li Tian is confused!

He is getting a little confused.

"What the **** are you talking about? Who are my parents? What is the connection with you?" Li Tian asked.

But seeing the Duguxie in front of him, he suddenly said: "More than 20 years ago, he was fighting against the situation, and he was invincible. Loyal guards...These people have been defeated by your father!"

"He holds a sword and is invincible in the world. Whoever dares to defeat my brother will kill him even if he is far away! This is your father! This is him, the immortal evil god."

When Duguxie said in bold words and words about Li Tian's father, Li Tian was stunned as if he was demented.

His eyes were full of unbelievable eyes.

Is it true?

Is what he said true?

His father is... is... Cthulhu?

Is his father really a hero? Great hero?

Really? fake?

This is the biggest question in Li Tian's mind now.

How many times has Li Tian fantasized about his father over the years? But never thought that his father would be so mighty? So the hero? What they said is true, or to lie to themselves.

"What you said...that he...really...really my father?" Li Tian asked, looking at Duguxie in horror.

"of course!"

"Who else in the sky and the earth would dare to impersonate him?" Du Guxie said with a bold face.

Li Tian was obviously hesitant.

He dared not admit the truth before him.

"How do you know... how do you know that he is my father..." Li Tian continued to ask.

But seeing Duguxie suddenly pointed his finger at Li Tian's neck and said, "Because of it!"

"Tell me, where did the half piece of jade pendant on your neck come from?" I heard Duguxie suddenly said.

Suddenly hearing Duguxie in front of him say this, Li Tian was stunned.

The half piece of jade inside the neck was left by Li Tian's parents. At this moment, hearing Duguxie say this, Li Tian not only said slightly, "Then, that was left to me by my parents."

"That's right!" Duguxie said suddenly.

"I'm telling you, that half of your jade pendant was the gift of your father to your mother... So when I saw this half of jade pendant, I guessed that you are my elder brother's son." Just listen to Dugu Evil way.

When Duguxie said this, Li Tian was truly stunned.

Could it be that what they said is true!

My father is really what they said, that evil god!

"My father...really...is it really him? Is it really a Cthulhu?" Li Tian still had some doubts at this moment.

But seeing the ghost servant in front of him and the Duguxie smiling there and saying, "Of course it is."

"Your father is our big brother, an evil god." The ghost servant said there.

Faced with such a surprise, Li Tian seemed stupid.

Is his father a hero?

Also known as Cthulhu?

And the master of the famous Duguxie and the ghost servant wearing a grimace mask in front of him?

"I, I can't believe it!" Li Tian said in surprise.

Yes, he really couldn't believe it.

A moment ago, he still had no father and no mother. He didn't even know his father and mother's surname or first name. But at this moment, he suddenly heard others say that he knew his father, and he also said his father's name back then?

Isn't this a dream?

When the Duguxie and the ghost servant in front of him heard Li Tian say that he couldn't believe it, the Duguxie suddenly said, "I have a way to make you believe that all this is true."

Li Tian was taken aback for a moment, and his heart secretly said: What can he do to prove it?

"You stretch out your left foot, and there is a hemorrhoid in the palm of your left foot, right on the palm of your foot!" When Du Guxie suddenly said this, Li Tian suddenly became confused.

Is there a hemorrhoid on the left foot? I don't know this myself.

So Li Tianguo really slowly raised his left foot slightly.

After lifting it up, the ghost servant and the Duguxie in front of him hurriedly looked at the palm of his left foot.

When I watched this, I saw the ghost servant shouting excitedly: "Yes! Really, there is a hemorrhoid."

A smile appeared on that Duguxie's face,

Because he knew there was nothing wrong with his guess, Li Tian is indeed the son of his elder brother!

What about Li Tian? When I tilted my head and saw the sole of my foot, I did find that there was a black hemorrhoid in the center of my left foot!

Gosh!

I don't even know this black hemorrhoid. Why would the Duguxie in front of me know?

Chapter 613: Ancient hatred

What happened to all this?

Could it be that what Dugu Xie said is true?

"You...how did you know that I have a hemorrhoid on my left foot?" Li Tianman asked Duguxie, who was looking at him with excitement.

But seeing Duguxie smiled slightly and said, "Of course I know."

"Because I was next to you when you were born, so how can I not know?" Duguxie said.

"what?"

"So, so my father is really your elder brother... is it really a Cthulhu?" Li Tian seemed to hear the words that made him the most unbelievable in his life.

But everything proves that all this is true.

"Of course."

"I tell you, when you were born, my sister-in-law broke her jade pendant in half, and hung one half on your neck, and the other half on her own neck... so I was seeing your At that time, you will recognize it at a glance." Duguxie said.

"So, you deliberately put us in the Yuwen family's secret room that day...? You could have blocked us that day, right?" Li Tian suddenly understood everything.

I remember that when he was in the Yuwen family secret room, it was not that he hadn't experienced the real kung fu of Duguxie.

His swordsmanship is beyond all Li Tian's imagination in front of him, and is incomparable to Li Tian now. But at that time Duguxie didn't make it difficult for him and his brothers...This shows that Duguxie was back then Li Tian's identity has been recognized.

But seeing Duguxie nodded slightly.

"Yes, I already saw it at that time, but I was still a little uncertain, so I followed you... Later, after I confirmed your identity, I went to him." Du Guxie said. Said while pointing at the ghost servant next to him.

Li Tian glanced at the ghost servant next to him.

"Since you said that Cthulhu is my father, who is my mother?" Li Tian asked suddenly.

"Your mother is the former North China Field Army, the green flower in the army!"

"And she is also the biological daughter of the commander-in-chief of the North China Field Army, Mu Yunlong's jewel in the palm: Mu Wanqiu." Du Guxie said slightly.

"And your grandfather is the commander-in-chief of the famous North China Field Army, Mr. Mu Yunlong." Duguxie said.

Listening to Duguxie's words, Li Tian was shocked. At the moment, he just silently muttered his mother's beautiful name: "My mother's name is Mu Wanqiu? Mu Wanqiu?"

Li Tian repeated the name side by side in his mouth... as if the name had been deeply burned into his heart.

"Where are my parents now? Where are they?" Li Tian suddenly asked as if he was crazy there.

In the past, Li Tian didn't know who his parents were, and after being alone for so many years, he rarely thought that he could see his parents again.

But now when Duguxie and the ghost servants uncover the truth about everything, Li Tian wants to find his parents so much!

He has only now discovered that no matter how much a person complains or complains about his parents, his parents are the parents after all. He is the blood and flesh of their parents.

Listening to Li Tian screaming like crazy, Duguxie sighed slightly.

The ghost servant beside him also turned his face suddenly.

"what happened?"

"What's the matter?" Li Tian couldn't help falling into the abyss with a bang when he saw the complexion of the two suddenly changed, because he suddenly felt a bad premonition.

"You guys... why don't you tell me!" Li Tian yelled, regardless of his physical injuries, he yelled frantically there.

"Could it be that my parents...have been...no longer alive?" Li Tian said in despair in his voice suddenly.

The Duguxie in front of him couldn't bear to see Li Tian's painful expression, so he said, "No! Your parents are not dead!"

"They will never die!"

"Then where are my parents now?" Li Tian asked suddenly.

"Big brother and they disappeared... for a long time! My brothers and I have been looking for...for so many years...but we haven't found him so far!" The ghost servant suddenly sighed.

"Disappearing? What do you mean? How could my father and my mother disappear for no reason...How could they?" Li Tian said in disbelief.

"We...we...don't know." The ghost servant suddenly sighed, with a bit of sadness in his voice.

"Young Master, calm down, I'll tell you everything." Just listen to Duguxie's sudden words.

How could Li Tian calm down? For so many years, he has been thinking about his parents all the time. Now when he finally knows who his parents are, of course he can't wait to find his parents now.

"You tell me! I want to know what happened to my parents." Li Tian shouted there.

But seeing Duguxie in front of him, he told the past events of the year.

"Twenty years ago, there was once a legendary mystery about the top of the ancient forbidden area... At that time, whether it was domestic or foreign, everyone knew this secret, so many people were vying for it..."

"Legend has it that before the ancient lost civilization, there were three ancient relics, one: Tianshu Danjuan, two: ancient Xuanyuan sword, and third: the phoenix drawing of the blazing fire! As long as you gather these three ancient relics, you can open it. The gate of the restricted area on the top of the Tianshan Mountains, so when the news is about to go out, whether it is black and white, or domestic and foreign, there are many people competing for these three treasures."

"At that time, these three most treasures were all ancient Chinese treasures of ours. How can foreign thieves ***** them? So under your father's leadership, we started the battle."

"Among them, the people under the Pope of the Vatican are the most ferocious, and the undead guards of Egypt are the most insidious... In the process of constant competition, my eldest brother, your father, finally grabbed the ancient Xuanyuan sword and the heavenly book pill scroll. However, the picture of the blazing phoenix was taken away by the gang of cardinals in the Vatican!"

"In that year, my eldest brother and I decided to kill the Vatican, so we traveled overseas to the Vatican, and finally after a ***** battle, we regained the phoenix of the blazing fire. But because of this, we offended Europe. Christians, those Christians have a grudge against your father. Although my eldest brother and I returned home safely, in the years that followed, people continued to assassinate us."

"In addition to those Vatican believers who have a grudge against us, there are also the black forces in the country. They originally wanted to get this ancient relic, but at that time all the ancient relics were in your father's hands, so they made every effort to survive. Take those three treasures."

Chapter 614: The ***** battle 20 years ago

"Although many people want to harm your father, no one can really hurt him so far! Except you..." Quite strange words suddenly came out of Duguxie's mouth.

Listening to Li Tian's father's feats back then, not only his heart surged! To be honest, he wanted to go back twenty years ago and see his father's domineering demeanor, but Li Tian couldn't help being taken aback when the last three words of Du Guxie were spoken.

"Except for me? What do you mean?" Li Tian not only said curiously.

"How could I hurt my father?"

But seeing Duguxie slowly continuing there, saying: "It's you! Because you are his biological son!"

"He didn't care about anything in the past, he was quite decisive in doing things, and he was never afraid of being overwhelmed! At that time, we followed the big brother all the way to kill, invincible, no one could stop him..."

"But just when you were about to give birth, your eldest brother's temperament changed!" Duguxie said in a sad voice that suddenly revealed her voice.

"He became looking forward and backward, becoming suffocated with his previous hostility... Do you know? All this is because of you... Because you are his biological child... The eldest brother is afraid of too many enemies, then you will There is danger...I'm afraid that those enemies will count all their hatred on you..."

When Li Tian heard what Duguxie said, Li Tian was stunned.

Yes, it seems that I did harm my father!

It turns out that I was the "culprit!"

"Then then...what about my father? And those people who killed us?" Li Tian suddenly said with infinite hatred in his eyes.

A flame of revenge seemed to burn blazingly in his eyes.

When the ghost servant beside him saw that Li Tian's eyes were swollen and cold and murderous, he was not only taken aback, but he sighed silently and said, "It seems...really seems... exactly the same as the eldest brother before his death!"

But seeing Duguxie over there continued to say: "Later, we sent your mother to the North China Field Military Command, which is your grandfather... At that time, you were almost born... in order to protect your safety. , Your father can only do this!"

"After sending you to the North China Field Military Region, my eldest brother and I began to beat those who harassed us before... When we finished all these things, eldest brother got the three holy relics left over from ancient times, which are the heavenly books. Pill scroll, Xuanyuan sword, and the burning phoenix picture..."

"At that time, after we got these three things, we were really curious, so we also wanted to go to the top of the Tianshan Mountains to find out... to see if the ancient legend is true. At that time, although some people attacked us, they were all repelled by us...but then we encountered natural disasters." Duguxie said with an ugly face.

"Scourge?"

"What do you mean?" Li Tian asked in shock.

"We encountered a hurricane and snow when we reached the top of the Tianshan Mountains!" Duguxie recalled the hurricane and snow that year, and he was still slightly frightened.

"The hurricane and snow on the top of the Tianshan Mountains can freeze people alive... and it was accompanied by raging winds... We were blocked there... many brothers were frozen to death... Seeing that there is no way to escape this hurricane and snow. The eldest brother ordered us to retreat...so we had no choice but to retreat from the top of the Tianshan Mountains. Because of the hurricane and snow, the brothers were exhausted when they came down from the top of the Tianshan Mountains, and many parts of their bodies were frozen. We are all seriously injured...but we never expected that the gang of **** under the Pope of the Vatican would take the opportunity to attack us!"

When it comes to this, Duguxie's ugly face seems to kill someone!

The three-foot bronze sword held in his hand was creaked by him.

"Because we were all seriously injured and exhausted, the battle was quite cruel... Only the eldest brother blocked the bastards! Although the eldest brother hit the **** with his own power, he was still robbed by the bastards. After leaving the blazing phoenix image... and from then on, the blazing phoenix image in the ancient relics began to be lost..."

"Since then, we followed our eldest brother back to the country... But then because of the remaining two ancient relics, many people started looting... They all hated the eldest brother and hoped that the eldest brother would die... so they united to deal with it. we."

"At that time, you were born in the North China Field Army... When you were born, my eldest brother and I were right in front of you... I remember my eldest brother was holding you at the time, and I don't know how much he hurts you... But I can still get from him He can see his worry in his eyes. Once upon a time, your mother dissuaded your father and told him to retreat...No more troubles about the rivers and lakes... But your father knows that he has too many enemies, even if he lives in seclusion. Someone will find them, and once they find them, they will definitely kill them! So Big Brother did not agree to your mother's request, but was ready to face everything!"

"Your father's hero can let go of everything, but he can't let go of you alone. He knows that he has offended many people in his life. Whether it is white or black, there are people who want him to die and want his life! You! My father is not afraid of death, but he is only afraid of hurting you...so from then on, Big Brother has slightly changed..."

"When you were more than 2 years old, I remember clearly that that day was your birthday, that night while our brother was celebrating your birthday for you, but I never expected that many masked killers would suddenly pop out! We don't know. Who are they? I don't know where they came from... The only thing we know is that these people are more powerful than all the opponents we have ever met... On that night, your birthday party turned into blood. Slaughter the battlefield."

"We had a **** battle that night... I don't know how many people we killed, and how many masters we killed..."

The ghost servant who had been standing quietly on the side also suddenly strode up at this time.

Suddenly he lifted up the sleeve of his right hand, but saw that there were two deep crescent scars under his pale arm. The scars were very deep and deep, and the shape of the scars was not like ordinary scars. There was a jagged shape beside the wound.

What kind of weird weapon is it?

What kind of weird knife can cut such a wound?

But when he saw that the ghost servant suddenly pulled off his sleeve, he suddenly pointed to the two knife marks on his arm and said, "This is what was left over from that night more than 20 years ago!"

Chapter 615: Who is the enemy?

When Li Tian heard the ghost servant say this, he opened his eyes to look, and was stunned.

Is everything Duguxie said true?

After staring blankly at the wound on the ghost servant's arm, Li Tian quickly asked, "What happened... and what happened that night? How about my father and mother?"

Li Tian is only worried about the safety of his parents in his heart.

Duguxie sighed lightly, as if the terrorist attack that happened that night more than 20 years ago, now that he recalled it was still more than shocked.

"A **** battle that night completely disrupted our brothers...your father...because...because for the safety of our brothers, he was alone against all the masters at the time!"

When Duguxie said this, the corners of his resolute face suddenly felt a little wet.

He raised his head slightly, sighed heavily and continued: "Then... we followed the other brothers and wanted to get out of the siege, but it was a pity that the other party came here prepared... Master!"

"That night... Our brother suffered an unprecedented disaster. Although we all escaped, we were still blocked... So I was beaten to death!" Du Guxie said blankly.

When Duguxie said that he was beaten to death, Li Tian was shocked.

What kind of masters were those people in black twenty years ago? Can he hurt the evil sword Duguxie like that?

The ghost servant next to him also slowly said at this time: "The second brother was seriously injured to help us... After the second brother fell, our brothers fell one by one!" The ghost servant was desperate. Tao.

"What about my father and mother?"

Li Tian suddenly asked in surprise.

The most worried thing in his heart now is his father and mother.

That Duguxie slowly raised his head and said, "Since the **** battle that night...I can never find my eldest brother, Li Tian's father!"

When Duguxie said this, the ghost servant next to him also bowed his head sadly.

"what?"

"What does it mean to find my father?" Li Tian said in horror.

That Duguxie and the ghost servant in front of him looked full of guilt.

In the end, Duguxie continued to say: "After I experienced the **** battle that night, I finally woke up... Then I hurried back to look for my eldest brother, who is your father, but he could no longer be found."

"And since then, I have been looking for Duguxie. I have been looking for... for so many years... I have never been able to find any news about my eldest brother or sister!"

The ghost servant next to him also sighed slightly and said, "So do our brothers!"

"Young Master, I think that besides the two of us, there are two other brothers who followed your father. Of those two, the fourth of them died in the **** battle 20 years ago... I still have the third younger sister. For many years, I have never given up looking for the trace of Big Brother! But no matter we searched all over the world... we can never find Big Brother again." The ghost servant in front of us sighed.

After Li Tian heard what they said, he finally understood everything suddenly.

So your own father? And the mother disappeared in that **** battle?

"My father... and mother... will he die?" Li Tian said in a sad voice that couldn't believe it.

"Will they be killed that night?"

Hearing Li Tian's words, the Duguxie and the ghost servant looked at each other.

"Actually, before I met you, our brothers thought about it this way... Maybe the eldest brother and sister-in-law were actually killed by the enemy that night... But when I met you, I saw you wearing that At the moment when half a piece of jade is worn...I know that eldest brother and sister-in-law may not be dead yet!"

Duguxie said suddenly.

The ghost servant also said excitedly at the same time: "Second brother is right! Although our brother has been looking for eldest brother... But to be honest, it has been 20 years, more than 20 years... Our brothers had already become discouraged in their hearts...If it weren't for the second brother who came to me that day and said that he had found you, the young master, I would have killed him and couldn't believe it was true."

Listening to their words, Li Tian in front of him felt more and more puzzled.

"Why do you think my father and mother are not dead?" Li Tian asked.

According to the truth, my father and mother have disappeared for more than 20 years. Who is it? Who would think they might be dead already!

But why do Duguxie and ghost servants suddenly see themselves and feel that their parents are not dead yet?

Just listen to Duguxie saying: "Did you forget what I told you before... That night was your 2nd birthday... If your eldest brother and sister-in-law were really killed that night, how could you be Alive?"

"Furthermore, if you were alive, who would send you to the remote Liaocheng...?"

Listening to what Duguxie said, Li Tian was indeed puzzled there.

Yes, if the enemy really killed his father and mother that night? So how can you let yourself go? How could he be alive?

Especially, how could he come to Liaocheng for no reason?

"If I didn't guess wrong, I think the eldest brother and the eldest sister are still alive! And it is certain that the eldest brother is afraid of you being hurt, so he will leave you in such a remote place..." Just listen to Duguxie.

Listening to Duguxie's words, Li Tian did not speak again.

He kept repeating all the questions in his mind: Is this true? Didn't your parents die? They left themselves in Liaocheng...

And did my parents keep themselves in Liaocheng to protect themselves?

Li Tian, who was thinking like this in his heart, fell deeply into a state of contemplation.

"Young Master, so don't blame your eldest brother and sister-in-law. I believe your parents did this for your own good..." the ghost servant in front of you said.

Li Tian had no words.

"Who can tell me who the enemy was that night twenty years ago?" A vicious and cold word suddenly came out of Li Tian's mouth.

When he asked this sentence, anyone could see the endless anger bursting out of his swollen eyes, and the hatred full of it seemed to burn the whole world.

When the Duguxie and the ghost servants next to them suddenly looked up and saw Li Tian's terrifying and devastating eyes, they couldn't help being stunned.

What an evil hostility!

This hostility was once exposed to their eldest brother... I didn't expect to see it in the eldest brother's son now!

Horror, suffocation!

Chapter 616: Settle accounts

When Li Tian in front of him suddenly asked who the enemy was, the face of Duguxie in front of him suddenly changed slightly. The ghost servant with a ghost face could not make people see clearly because a ghost face shell covered his face. The expression on his face.

But after seeing the two of them looking at each other, the Duguxie suddenly said: "We don't know who the enemy is!"

"do not know?"

"How is it possible? After so many years, don't you even know who attacked you that night 20 years ago?" Li Tian said with a full face of doubt.

But I saw Duguxie said: "Yes, we really don't know."

After he said so, Li Tian didn't speak any more.

He could hear from Duguxie's mouth that this was a bit strange, and he could guess that maybe Duguxie just didn't want to tell him the name of his enemy... As for why Duguxie didn't tell him that the enemy who attacked his parents back then was Who? Then Li Tian couldn't ask too much.

In fact, that Duguxie does know who his enemy is? But he knew in his heart that he couldn't speak yet.

Because once it was said, Li Tian vowed to take revenge, but if he wanted to take revenge with Li Tian's ability now, it was entirely a matter of seeking death.

So Duguxie can't tell who his enemy was now!

Li Tian's body was slightly to one side, halfway over the small iron window.

His body is still very weak. Although he ate the blood-activating pill of the ghost servant, the internal injury to his heart was too serious, so now as long as the body moves slightly, his heart pulse will be painful, like a knife cut General tingling.

And his two arms are now in recovery state, unable to move at all.

However, after Li Tian moved slightly, he slowly raised his head to look at the Duguxie in front of him.

"I...I..." Li Tian suddenly seemed to want to say something, but he didn't know how to speak.

The Duguxie and the ghost servants next to him heard the sound and hurried over.

"Young Master, what's the matter?" Ghost servant asked worriedly.

Li Tian felt very awkward when he heard the ghost servant calling himself Young Master!

Imagine that for so many years, Li Tian lived in humble life. After being promoted by the Ouyang family that day, he has slowly grown up and had his own brother.

But now Li Tian is inexplicably a young master? And it's the famous evil sword: the young master of Duguxie? And the young master of the "shadow" ghost servant in front of him...Of course, he felt extremely awkward.

"Uncle Ghost..." Li Tian suddenly spit out three words from his mouth.

When the ghost servant heard Li Tian call him uncle, he was stunned... Then his voice trembling suddenly said: "Young Master... don't call me that... I can't afford to call me that way. !"

"Why? You are my father's good brother. It is natural for me to call you Uncle." Li Tiandao in front of him.

The ghost servant suddenly bent down slightly.

"The young master knows something, my life was saved by your father back then... If it weren't for your father back then, I would have died tragically by the enemy's hands! So from that time, my ghost servant vowed to be your Li family forever. My servant, I will be a slave to the Li family for the rest of my life!" But the ghost servant in front of me said excitedly.

"But..." Li Tian still wanted to persuade him.

But the ghost servant knelt to the ground with one leg.

"Young Master, don't say any more... I know that Young Master's house is kind, but my ghost servant has promised my eldest brother in this life... so please call my name directly: Ghost servant!" Listening to the ghost The servant said that, Li Tian felt a little uncomfortable in his heart!

These good brothers who were once his father, how come each one is so strange!

Can't you even call them uncle?

"I want to ask you something." Li Tian said suddenly.

"What's the matter?" asked Duguxie next to him.

"Have you really not found my father after so many years of searching?" Li Tian suddenly asked.

Hearing Li Tian's question, the Duguxie and the ghost servant in front of them slowly lowered their heads!

Yes, so many years, more than 20 years, but where did the evil ***** go? Who can know?

"No..." Duguxie said in a long voice.

Listening to the words of Duguxie in front of him, Li Tian was silent, and said nothing.

Li Tian now finally knows the truth!

I finally knew that I had a father and a mother, and also knew who they were.

This made his former hatred for his parents slowly fade away. On the contrary, he does miss his parents very much now. Although he can't remember the faces of his parents, he is in the dark. Dreaming, dreaming of them.

From the mouths of Duguxie and the ghost servant, I learned that my father was a great hero!

Above him, ten thousand people below

He was invincible at the beginning, megatron and the world, no matter the underworld or the white way, who wouldn't be afraid of him? But it was because the evil ***** did everything in his own way, so he forged many enemies.

It's also because Cthulhu sometimes does things according to his preferences, as long as he likes people, he can use his life to protect, but if he doesn't like people or things, of course he will do everything possible to destroy it.

His weird character is also the true origin of his name, both righteous and evil, so people on the Tao call him an evil god.

Li Tian not only knows the majesty of his father back then, but also knows that his mother is an extremely beautiful woman!

His mother was chased by countless people in the North China Field Military District, but his mother only fell in love with the evil god, even if it was blocked by his grandfather Mu Yunlong, his mother finally came together with the evil god.

Thinking of these, Li Tian's heart is full of sweetness!

He wanted to see what his mother looked like? I want to hug my mother, but what about his mother? Where is his father?

Looking at the world, where did your parents go?

Was it killed by an enemy that night more than 20 years ago? Or disappeared for no reason?

Who knows!

But everything was buried deep in Li Tian's heart. The only thing he did now was to make his injuries heal faster, because only in this way could he follow Duguxie and the ghost servant together. The search for his father, and the present.

"Second brother, now the young master already knows that the eldest brother is his father, what should we do now?" Just listen to the ghost servant looking at the side Duguxie asking.

When the ghost servant said so, Du Guxie groaned slightly.

"First let the young master get well! Then find the **** of the Duanmu family to settle the accounts"

Chapter 618: I'm a cripple!

When Li Tian heard about his arm, he could no longer practice martial arts!

And once he withstands the external stimulus, his two arms are likely to be completely abolished. When he is completely blank... his eyes suddenly sit on the bed with despair.

"Do not....."

"No...you lie to me...you lie to me..."

"How can my arm be scrapped...how can my arm be scrapped..."

Suddenly Li Tian roared like crazy.

His two arms were waving there suddenly and forcefully... He held back the heart-piercing pain from inside that arm, and regardless of whether his two arms were crippled, he just used two to pay back. The arm that hadn't recovered completely hit the iron bed in front of him.

The ghost servants and Du Guxie in front of them looked like Li Tian was crazy and couldn't accept the facts in front of them. They all rushed over.

"Young Master, you can't move around...don't!"

"Yeah, Young Master, your arm hasn't recovered yet... If you move our previous efforts now, we will abandon all our previous achievements!" The ghost servant and Duguxie in front of them all grabbed Li Tian's arm. Don't let him move.

Where is Li Tian? How could he care so much at this moment, he was struggling desperately.

As if he was crazy, purple bruises appeared in the place where the two arms broke. It was because of his disorderly movement that caused the fracture of the bones.

"My arm is useless...My arm is useless....." Li Tian yelled madly, ignoring his arm.

As soon as Duguxie saw that Li Tian continued like this, his two arms couldn't even recover, so he could only be cruel, and suddenly raised his arm and hit the back of Li Tian's head.

But seeing that Li Tian who had been hit by Duguxie, his eyes went black and he passed out completely.

"Second brother..." The ghost servant was taken aback, looking at the shot Duguxie with horror.

But seeing Duguxie slowly put Li Tian, who had passed out, gently on the iron bed, and then said: "Don't let him go on like this. If he wants to torture himself like this, then his two One arm is really useless."

The ghost servant glanced at Li Tian who was knocked out on the hospital bed, and sighed helplessly.

"I knew that Young Master definitely couldn't accept this fact!"

"Second brother, what do you want to do now? His heart vein has just recovered, and now his arms are in the stage of bone renewal... If he continues to move like this, I really can't do it." Ghost servant sighed Tao said.

That Duguxie thought for a while, and slowly said, "You and I must do your best to look after him these days... and you can't leave his bed even one step! In this case, he can't torture himself."

"Well, I think that's the only way to go." The ghost servant in front of you also said there.

How could Li Tian accept this fact?

His two arms are useless, and he can no longer use martial arts?

To be honest, when he knew the truth, his whole person seemed to be killed!

He is desperate!

He never expected the result to be like this? Is it true that his two arms are really useless like this?

He is unwilling! Too much unwilling!

He still has so many things left to do, so much hatred has not been reported...Furthermore, he still has his own parents who have not looked for, how could he become a useless person at this moment?

If you really become a useless person, who will protect your lover in the future? Who will protect his brother! And the most important thing is who will seek revenge for his parents?

Thinking of this, Li Tian's heart was cut, he couldn't wait to die by himself!

The ghost servants and Duguxie were afraid that Li Tian would hurt themselves, so they stayed next to Li Tian's bed every night.

Sometimes the two brothers are so tired, they take turns to watch over there.

But no matter how tired Duguxie and ghost servants are, one of them will always guard Li Tian's bed.

Li Tian is finally sober!

When he slowly awoke, his eyes were not shining, and he was motionless like a dead person.

The whole person was lying on the bed foolishly.

The ghost servant on the other side suddenly saw Li Tian open his eyes and walked over.

"Young Master...you are awake." The Ghost Servant looked at Li Tian in front of him worriedly, and at the same time, he was afraid that Li Tian would do something to hurt him again, and looked at him cautiously.

But seeing Li Tian didn't speak, he just lay on the bed blankly, motionless.

The pupils in those eyes also looked at the ceiling stupidly as if they were slow.

"Young Master...what's wrong with you?"

"Young Master..." The ghost servant in front of him was afraid to shout when he saw Li Tian motionless and silent.

The Duguxie who had been overworked on the other side was slightly awake after hearing the ghost servant's voice.

"What's the matter?" But seeing Duguxie quickly walked over.

The ghost servant said, "Second brother, what's wrong with the young master? He didn't say a word, and his eyes remained motionless..." The ghost servant worried.

Duguxie blinked his eyes and looked at it, but seeing that Li Tian did seem to be stupid, he just lay there motionless.

He sighed slightly.

"It's okay..."

"I believe Young Master will be able to pass this barrier." Duguxie said lightly.

The ghost servant glanced at Li Tian, who looked like a dead man without saying a word, wanted to say something, but when the words reached his lips, he didn't know how to speak.

After Li Tian's sudden change, Li Tian kept his eyes open for the whole day, and the black eyes in his pupils were motionless, just staring at the ceiling above. No one knew what his heart was. Thinking of something, no one knows what he is doing...

Although the ghost servants and Duguxie were worried, they didn't know what to do with Li Tian's appearance.

They can only guard him in front of his hospital bed.

Li Tian lived like a dead person for two days.

During these two days, except when the ghost servant feeds him and opens his mouth when eating, he doesn't move at all during other times, even his eyes don't look anywhere.

Is he stupid? Or is my heart dead?

Nobody knows.

After being silent for two days, Li Tian finally spoke in the early morning of the third day.

At that time, the ghost servant was tidying up and feeding him, while the Duguxie was sitting on the side, wiping the three-foot bronze sword in his hand.

"Are my two arms really can't do anything in the future?"

A word suddenly came out of Li Tian's mouth after two days of dead silence.

Chapter 619: Only hope

When Li Tian finally said a word after two days of deadly silence, the ghost servant and Du Guxie in front of him didn't know how to speak.

But seeing Li Tian slowly turning his desperate face, he suddenly smiled bitterly.

"You tell me the truth... I promise you that I will never do stupid things again, and I will never hurt myself again."

"I just want to know if I can use my hands in the future?" Although Li Tian was smiling on his face, it made people look like they were crying.

No one knows the pain in his heart!

The ghost servant in front of him glanced at Duguxie, but the Duguxie who saw him suddenly nodded at him slightly.

The ghost servant then said in a convenient way: "Young Master...you must not be able to practice martial arts with your arm for the time being."

"Can't it be for a lifetime?" Li Tian continued to ask sadly there.

The ghost servant slowly lowered his head.

Li Tian looked at his expression, and suddenly everything died in his heart...

"Young Master, but don't be discouraged yet. In fact, there is another way to restore your arms to what they used to be." The ghost servant couldn't bear to look at Li Tian so desperately, and said slightly there.

When Li Tian heard the ghost servant say so, he really thought he saw the only glimmer of vitality on the verge of death.

Both hands suddenly moved forward as if to grasp the only hope.

"What way? How can I restore my arm to the way it was before?" Li Tian said, ignoring the injury of the arm.

That Duguxie hurriedly supported Li Tian.

But the ghost servant slowly said: "Legend: There is an ancient martial arts function that rejuvenates the muscles and veins... As long as you practice that kind of kung fu, your two arms can be restored to before."

After the ghost servant said so, Li Tian was taken aback for a moment.

"What ancient kung fu? Where can I learn it?"

The ghost servant slowly said: "In fact, this ancient martial arts is also a legend... As for the real name of this martial arts, I don't know now."

"But I can be sure that there is definitely this kind of skill in the world." The ghost servant said there.

In fact, is this sentence true or false? Maybe even the ghost servant doesn't know it!

He did hear the news about the rebirth of his muscles and bones, but so far no one has learned this martial arts!

So now the ghost servant is not sure whether it is true or not, but he gave Li Tian a hope of rebirth.

At least Li Tian knew that he still had a little hope of being alive.

No, after Li Tian listened, he was confused and silent for a while, then slowly raised his eyes to look at the ghost servant and said, "Is it true? You didn't lie to me?"

"Young master, everything my ghost servant said is true! I definitely dare not deceive the young master at all." The ghost servant said seriously.

Li Tian did not speak any more, leaning slightly to one side.

Just now the ghost servant said that Li Tian also knew that he might be lying to him, but what else could he do now? The only way he could persist in living with hope in his heart.

So in this way, Li Tian carried that extremely small hope in his heart and slowly lived.

After this incident, Li Tian didn't do anything to hurt himself anymore, he was no longer confused, and he no longer tortured himself like crazy.

He looks much better now, at least he has begun to heal slowly.

Li Tian's injury recovery speed far exceeded the imagination of the ghost servant and Duguxie.

To be honest, the two originally thought that Li Tian would have to lie down for at least a month or two to recover, but they never thought that Li Tian could already walk on the ground in just half a month.

And the injury of the heart vein has long been intact.

The only thing bothering Li Tian now is his two arms.

His arm had already faded away from the protective deck, but he couldn't move normally now... but Li Tian could probably do all the simple movements.

Facing Li Tian's extremely fast recovery, that Duguxie and the ghost servant were deeply shocked.

They don't understand how a person like Li Tian who has been so seriously injured can recover so quickly in such a short period of time...Although their hearts are full of deep earthquake horror, it is undoubtedly for them. A happy thing.

Li Tian is now able to walk down the ground.

Outside, but I saw sunlight shining on him.

After almost a month of recuperating, Li Tian's complexion was slightly sallow, and at the same time he became a lot thinner. There was also a slight beard on his chin. From the side, Li Tian seemed to be more and more possessed. The masculine taste of men.

Li Tian, standing under the sunlight, looked at the dazzling sun and remained silent for a long time.

He tried to lift his arm slightly, but saw that his right hand was slowly lifted up. Just when he lifted it up to accumulate energy, a tingling suddenly came from the bones of his arm, which made Li Tian He quickly gave up his plan to accumulate energy.

"Hey! It seems that my arm is really useless now." Li Tian murmured, with a painful look in his eyes.

Li Tian, who was standing under the sunlight, did not see the Duguxie slowly walking towards him.

"Are you thinking about something?" Suddenly Duguxie walked behind Li Tian, he asked.

Li Tian turned his head slowly, glanced at the Duguxie in front of him, and then silently nodded. He was indeed thinking about something, thinking about his two broken arms.

Duguxie looked at Li Tian's sad expression, slowly stretched out the remaining left hand, and then gently patted Li Tian's shoulder.

"Remember, a man will never be beaten to the ground, even if your hands are broken, you have to stand on the ground with both feet. For nothing else, just because you are a man." Duguxie's words spread in Li Tian's ears.

After listening, Li Tian nodded fiercely.

"Uncle Dugu, can I ask you something?" Li Tian asked, looking at Duguxie in front of him suddenly.

But seeing Duguxie smiled and said, "Young Master, please!"

"Your right hand...how...how could it be broken?" Li Tian asked in surprise as he looked at the Duguxie in front of him.

To be honest, when Li Tian saw Duguxie for the first time, he wondered what happened to Duguxie's arm?

Was chopped? impossible! Li Tian knows Duguxie's martial arts, and knows the power of Duguxie's evil sword! Looking at the world, who can cut off the arm of the evil sword Duguxie? So this is simply not true!

Moreover, what made Li Tian most depressed was that he and Du Guxie met in the Yuwen family's secret room a few months ago. How could Du Guxie's arms disappear now?

Chapter 620: Ghost servant's words

When Li Tian suddenly asked about the broken arm of Duguxie in front of him, Duguxie subconsciously groaned in his mouth, and then turned around silently!

Did not tell Li Tian the direct reason!

How can he tell Li Tian the truth? Did you tell Li Tian that this arm was because Du Guxie deliberately let Li Tian and the others enter the Yuwen family's secret room and cut it off by himself?

Of course not!

If this is to let Li Tian know the truth, Li Tian still must not blame himself! So Duguxie didn't intend to tell Li Tian the truth in front of him.

He just stood there indifferently, and it took a long time to say: "My arm was chopped off."

When Duguxie said that his arm had been cut off, Li Tian was taken aback for a while and walked forward.

"Who did it?" Li Tian said with a bit of resentment in his voice.

This Duguxie is now like Li Tian's relatives, and Duguxie is still one of his father's best brothers. At this moment, when he heard that Duguxie's arm was cut off, Li Tian was of course extremely angry.

But that Duguxie suddenly turned his head and said, "Others!"

Li Tian still wanted to ask, but saw that Duguxie suddenly turned around and walked towards the basement.

Li Tian, who stayed behind, looked at Duguxie's tall and bleak figure, and stood there blankly, wondering: What happened to him? Who can defeat the evil sword Duguxie? This is not right! !

Since Li Tianneng walked on the ground, he has been outside interviews almost every day to accumulate energy with his hands!

But whenever he accumulates the vitality of his body with his hands, the bones of his arms will produce needle-like tingling. Although the needle-like tingling tortured him, Li Tian still did not give up!

He is really unwilling to have his two arms lost like this. He can only eat all day, just like an ordinary person... Maybe even an ordinary person, because his arms can almost hold a 20-jin object. Can't get up.

Li Tian now uses his hands to slowly lift the stone outside every day.

He wants to exercise his arms...Although the ghost servants and Duguxie are worried that his arms will be overstretched, they can't help it. Li Tian's stubborn character is the same as their big brother Cthulhu!

As long as it is something he looks for, no matter how difficult it is, no matter how dangerous it is, he will do it!

Therefore, the ghost servant and Duguxie couldn't stop Li Tian at this moment.

On this day, I saw Li Tian still holding a large bluestone of about ten kilograms in his hands, slowly grabbing the bluestone on the ground with both hands, and then slowly accumulating his strength and lifting it up!

Every time Li Tian raised a little bit of distance, a deep tingling pain occurred in the bones of Li Tian's arm, but he gritted his teeth and endured the pain, still holding the stone with his two useless hands.

In the back, he saw the ghost servants wearing grimace masks and Du Guxie staring at Li Tian unblinkingly.

But seeing the ghost servant next to him suddenly sighed.

"It's really hard for the young master." A word came out of the ghost servant's mouth.

Although Duguxie also had a bit of distress in his eyes, it was more of a sense of relief.

"Ghost servant, have you found that Young Master is really exactly the same as the eldest brother back then?" Du Guxie looked at Li Tian's back and said suddenly.

The ghost servant also looked at Li Tian's back carefully and said: "Yes, it really looks like the big brother back then."

"Hey! I really don't know, if my eldest brother sees that his child has grown up now, how he will feel." The ghost servant said with a sigh in the voice.

Duguxie patted the shoulder of the ghost servant beside him and said, "Don't worry, I believe we will find Big Brother."

"In this world, I believe that everyone will die, but a world-famous person like Big Brother will never die! Because there is nothing in this world, and no one can defeat Big Brother."

After a long month of cultivation, Li Tian finally recovered his body.

The broken heart palm injury in the heart vein has been healed at this moment, and now the only bad thing is Li Tian's two arms!

His arms had indeed become ordinary human arms as the ghost servant said.

At the beginning, Li Tian could only use chopsticks in his hands, eating, and such a simple activity. Later, Li Tian continued to use his will and endure the pain to exercise his arms. Now he can lift two hands. For something weighing more than ten kilograms, this was a considerable breakthrough for him.

The ghost servants and Duguxie were worried that Li Tian's arms might break at first, but when they saw Li Tian gritted his teeth and finally lifted the large bluestone weighing more than 20 kilograms, they deeply shocked!

Perhaps for others, something weighing more than twenty catties can be lifted with one hand, but to Li Tian now it is like a mountain! A mountain pressing on him!

But no matter what, he finally survived.

"Yes, that's right! The young master's arm recovered really fast enough." The ghost servant who saw Li Tian lift the big bluestone said in admiration under the sun.

Duguxie on the side was also a relieved expression.

Li Tian was already sweating profusely. At this moment, he threw the big bluestone in his hand to the ground, looking at the ghost servant and Duguxie and said with a smile: "My arms are now recovering bit by bit. , I believe that one day my arm will be able to return to what it was before! And I can learn martial arts again,"

Listening to what Li Tian said in front of him, although the faces of Duguxie and the ghost servant were smiling, they were a bitter smile.

Because both of them knew that Li Tian's arm had reached its limit now!

Never mention heavier things. If Li Tian wants to challenge heavier things, or prepares to use physical martial arts now, his arms will immediately become useless, and once his muscles and bones break again, then But it proves that his arm is really broken! At that time, even if there are gods, they will probably not be able to help them.

So this is also the important reason that Duguxie and the Ghost Servant have been following Li Tian these days. As long as they see Li Tian wanting to carry heavier things with both hands, they will definitely stop them.

But at this moment they did not say that they shared the current joy with Li Tian.

"Young Master, now your body has almost recovered. As long as you don't use your internal energy reluctantly and your arms, I believe you should be fine."

"Also, my second brother and I have already discussed it. Now that we have found you, the young master, we will protect you every step of the way! In this world, who is it? No matter what? People, if anyone dares to move your hair, I will definitely let him die without a place to bury him." The ghost servant said coldly.

No one dared to doubt his words.

How terrifying is the strength of this weird man who wears a grimace mask and is called a servant in front of Li Tian?

Perhaps you will know how powerful the ultimate strength of the "shadow" ghost servant is when you open up the record of the benevolence and enmity of more than 20 years ago!

If the four Raptors brothers who followed Li Tian's father "Cthulhu" back then were not mighty? How can you dominate the world? And the original Vatican Pope?
