

A Killer 65

Chapter 65: Feifei disappeared?

"The surname is Li, you must help me this time." Feifei stretched out excitedly and grabbed Li Tian's arm.

This move caused Li Tian to be slightly surprised, and then saw Li Tian stretch Na Feifei's arm.

"Do you still want to use me?" Li Tian said angrily.

When Feifei heard Li Tian say this, her pretty face paled instantly.

"I didn't, how could I use you, I just want you to help me?" Feifei said.

Li Tianhong stared at her, "What can I help you? How can I help you without telling me anything?"

Feifei stomped her feet with a look of embarrassment. She didn't know how to tell Li Tian about her baby kiss. What kind of society is it now, baby kiss? Miss Tang actually ordered a baby kiss from a young age. If this matter is to be spread, she must not be ashamed.

So Feifei did not want to tell Li Tian.

"You just need to help me be my fake boyfriend, okay?" Feifei looked at Li Tian with pitiful eyes.

But Li Tian stubbornly shook his head.

"I won't help you."

"I'm telling you, I've seen through you wealthy people, you will use us and cheat us, what else do you do besides these?" Li Tian roared.

"I didn't!" Feifei said.

But Li Tian didn't trust her.

"I won't help you. You, a rich and powerful lady, can't you find someone to be your fake boyfriend? Why do you want to find me? Is it because my surname is silly? Is it easier to be bullied? ?"

Li Tian said fiercely.

Facing Li Tian's words, Feifei was indeed a bit sorry for others.

After all, in a sense, Feifei is indeed using Li Tian.

She just wanted to use Li Tian to be her fake boyfriend, and then let the eldest son of the Wang family, Wang Feng give up! But she ignored what kind of disaster Li Tian would suffer if this were the case.

Feifei looked at Li Tian, was silent for a long time, and finally couldn't help but said: "Okay, don't you want to know the truth? I'll tell you the truth."

"The man who came to see you today is named Wang Feng. He is a rich and rich second-generation, and he is also a bastard, a playboy. His family is richer and more powerful than my Tang family. Our family was 20 years ago. It is because of their family's help that I have today. But at that time, my dad married the Wang family by fingertips before I was born. Twenty years have passed. If I didn't resist, I would be caught by me. Dad married that bastard, that playboy."

"I asked you to help me, just because I wanted Wang Feng to leave me, not let him marry me, and destroy the absurd contract that the fingertips married 20 years ago. Now you understand?"

After the roaring Feifei, tears fell, turned around and left.

After listening to Feifei, Li Tian was slightly stunned: it turns out that everything is like this.

No wonder she had to run away from home before, no wonder she said that she wanted to pretend to be her boyfriend because it was because of the baby's relatives?

Li Tian was stunned for a moment and looked around, but saw that Feifei was already in the car and walking towards the distance with a grunt.

"Hey, girl..." Li Tian wanted to catch up, but the stubborn girl was already driving away quickly at this moment.

Li Tian couldn't help but regret it. It seemed that he had misunderstood Feifei. Looking at Feifei's far away back, Li Tian couldn't help but think secretly: This morning the troublesome kid, originally called Wang Feng, looks at his arrogant appearance. It's definitely not a good product, no wonder Feifei is unwilling to follow him. Such a bastard, deserved to clean him up.

After thinking about it, Li Tian took his attention and walked toward the dormitory.

Night, 11 o'clock.

Celebrity villa area, Tang family villa.

I saw the lights were brilliant.

Inside and out, all bodyguards were walking there hurriedly, as if something major had happened.

Look carefully inside, but seeing Tang Zhengzheng pacing anxiously, his mouth is still muttering: "This girl, where can you go at night? I can't get through the phone! People are worried."

It turned out that in the middle of the night, no one was sleeping in the Tang family because Tang Feifei had disappeared and her mobile phone had been turned off.

What is going on? In the past, Tang Feifei always greeted her father before going out. Whether it was going out at night or during the day, it's better now. Tang Zheng couldn't find her daughter... and when she used her phone, it turned out to be the same. Off state.

"Xiao Zhou, haven't you found it yet?"

A loud shout came out from Tang Zheng's mouth.

Xiao Zhou ran over quickly: "Mr Tang, I have called and asked Feifei's friends on the phone, but they don't even know where Missy is going."

Hearing what Xiao Zhou said, Tang Zheng looked ugly.

"This girl... is getting worse and worse."

"You said she was a girl who didn't have a bodyguard to follow her in the middle of the night, can she go there?" Tang Zheng said anxiously.

Xiao Zhou frowned slightly: "Mr Tang, I'm wondering if I should go to the company for a trip."

"Go to the company? Why do you go to the company?" Tang Zheng asked.

Xiao Zhou said, "The security guard."

When Xiao Zhou spoke about the security, Tang Zheng suddenly remembered.

"Yes, Xiao Zhou, what you said is not bad."

"Feifei hasn't been to the company in the past two days. I guess she went to the company this morning this morning. You should go to the company and ask the security guard. You must ask me where Feifei is now."

Tang Zheng said.

After Tang Zheng said that, Xiao Zhou nodded quickly, and then ran towards the parking lot.

After a while, the parked Audi Q7 drove very fast in the direction of the company.

Where did Tang Feifei go? Could it be that it was really because of the anger after arguing with Li Tian in the morning?

After Li Tian returned to the dormitory, although there was some regret in his heart, after all, Feifei was a girl, and the words she said might be hurtful, but no matter what she said, Feifei was using herself.

After thinking about it, although they felt a little uncomfortable, they still slept in bed and didn't think too much about other things.

He knew that Feifei would be angry about it...
