

A Killer 651

Chapter 651: Outsider, outsider

Why was he so excited when he heard the name of Cthulhu? Does he know the evil god?

Does anyone know what he is thinking at the moment? At this moment, his mind is filled with a **** picture from more than 20 years ago. In the picture, a man holding a long sword and holding a baby in his left hand is facing a dozen peerless men in black alone in the dark. Master! The masters surrounded him with their faces covered, as if unwilling to reveal their identities, but there was a deep fear in everyone's eyes. "Cthulhu, put down the sword in your hand, and we will let you have a way out!" In the picture, I saw those black-clothed masked people roaring there. However, the man with the blood-stained sword in his right hand remained motionless. Although he was still holding a baby in a swaddling state in his arms, although there was blood on his body, he did not fall! No one in the sky or the earth can defeat him, because he is an evil god. He raised his sword and fell... He raised his head to the sky and howled, a long sword in his hand suddenly turned into a ball of white light, piercing the black masked men with a sword... Which sword is as powerful as no one can describe, no one can believe that a flesh and blood body can make such a magical sword technique, the sword falls, and the blood is spilled! The few men standing in the front, wearing black clothes and masks, heard screams one by one... Some people were killed by the power of that sword, and some people were left with a permanent depth on their bodies. Deep sword marks... can't be touched!

When Ouyang Longyan in purple clothes thought of the night twenty years ago, he couldn't help but shiver, especially the long and narrow sword mark on the handsome face trembling slightly... as if recalling something that shouldn't be remembered. Something like.

Even the terrifying sword aura trembles slightly...

He had concentrated on facing the evil sword Duguxie in front of him, but at this moment, his energy was distracted.

Experts often pursue a difference of thought.

And Duguxie certainly wouldn't miss this one in ten thousand chance, what he wanted was this moment.

Although Duguxie didn't know why Ouyang Longyan's sword aura that was so full of cold just now became turbulent in an instant, but he wanted to seize this opportunity.

The bronze sword suddenly pierced out, carrying a fierce sword aura, and suddenly pierced the purple-clothed Ouyang Longyan.

But seeing that Ouyang Longyan was turbulent at this moment because of the turmoil just now, the soft sword in his hand also quickly returned with lightning.

With a clang, the dragon sang!

The soft sword in Ouyang Longyan's hand fought against the bronze sword of Duguxie.

The sword aura that was stunned by the violent sword aura collision made Li Tian unable to restrain his footsteps and retreat, and even the sand and dust on the ground flew up vigorously.

Duguxie, the bronze sword does not move.

And what about Ouyang Longyan? The soft sword in his hand trembled slightly, his face was cold and ugly, and his hand trembled slightly inadvertently!

Obviously, the collision of the sword aura just now made his arm a little bit painful, no way, he was too careless just now.

The master he faced was evil sword: Duguxie.

It was once known as the evil sword: the strong man who can stand alone in the world.

So at the moment he was distracted, he had already lost the opportunity.

Duguxie missed a sword and suddenly groaned in his mouth. The bronze sword in his hand slammed Changhong through the sun abruptly and pierced straight towards the body of Ouyang Longyan.

Ouyang Longyan retreated quickly, and the soft sword flicked in his right hand, transforming many deadly sword flowers, and at the same moment, it stabbed towards I Duguxie.

Duguxie gently blocked the sword, and the bronze sword once again slashed!

The murderous azure light accompanied the bronze sword and suddenly cut the head towards that Ouyang Longyan.

Like a green dragon, tiger squatting and a dragon piercing straight towards Ouyang Longyan.

But seeing Ouyang Longyan really didn't dare to take this sword, his body suddenly and quickly dodge, and at the same time the soft sword in his hand tried his best to block the terrifying sword aura that the Duguxie bronze sword was slashing towards him.

Boom!

Duguxie cuts the air with one sword!

The entire hard ground was hardly marked by his fierce sword aura with a long, long and deep sword mark on the ground. What a powerful force!

If this sword was slashed on Ouyang Longyan's body just now, wouldn't it be possible to split his body in two?

Although Ouyang Longyan barely escaped this blow, he was still slightly injured by Duguxie's sword aura in his chest.

He stood holding the sword, and suddenly said coldly in his mouth: "Good swordsmanship! It really deserves to be Duguxie."

"It's a pity that I can't fight you to the end today!"

Yes, it is true that his main purpose today is not to deal with Duguxie, but for the "Xuanyuan Sword!" that was snatched in his left hand at the moment, so he did not really fight Duguxie here at all.

After he finished speaking, his stern eyes suddenly looked to the side of the alcoholic who was also struggling to deal with the ghost servant.

"Drunkard, withdraw!"

When he spoke out, his body suddenly rushed towards the alley.

When Du Guxie saw Ouyang Longyan preparing to escape, he snorted, "Want to go? Take my sword!"

With a sharp roar, suddenly the bronze sword in his hand was carrying an aura of murderous aura. A sword was slashed behind Ouyang Longyan. The thick sword aura made the entire air freeze.

But he said that Ouyang Longyan didn't turn his head, and the soft sword in his hand suddenly blocked back with a cry!

The two swords collided, sparks splattered everywhere.

And that Ouyang Longyan didn't know that he was injured by the sword qi, nor did he know that it was the use of force to hit his body. Suddenly, with the force of that Duguxie's blow, his body suddenly floated backward without turning his head. Ran directly to the front.

When the drunkard here saw that Ouyang Longyan escaped, he snorted and suddenly used the highest state of madness in the drunken fist, and then swiftly pushed back the ghost servant, and suddenly started. Flee forward,

Seeing that the drunkard was also preparing to escape, the ghost servant suddenly turned his face to look at Li Tian: "Young Master, you are waiting here, we will chase them."

With the hoarse voice of the ghost servant speaking, his dark shadow has drifted far away, and Duguxie is also hurriedly chasing Ouyang Longyan.

Seeing them go away, Li Tian was deeply shocked there.

The member of the Ouyang family who drove was standing there with a face full of speech.

"Those two... are... what are they? They are... so powerful!" The guy who drove said in disbelief. Perhaps he had never seen such a spectacular fighting scene in his entire life. Fortunately to see him today, maybe even if he will die now, it is probably worth it.

Li Tian also stood there in shock.

Now he finally understands a sentence: what is meant by someone outside a person, there is a heaven outside the sky.

Chapter 652: misunderstanding

"Who is the man in purple clothes and the old drunkard just now? Why did you come to grab Xuanyuan sword? And martial arts are surprisingly terrifying..."

"If it weren't for Duguxie and the ghost servants by his side, if I brought my brothers today, wouldn't they all die under their hands?"

Thinking of all this, Li Tian showed an unprecedented sense of worry on his face.

Now he suddenly understood how weak he and his brothers were. If he really met such a master, wouldn't he be dead!

What I hate even more is that my hands are "useless", I can't do anything, I can't do anything...

He stood there heartache for a long time, looking at the terrible Yuwen family corpse on the ground, he couldn't help sighing slightly.

Suddenly when he was standing there, a slight moan suddenly came from the Yuwen family body in front.

When Li Tian heard this, he was taken aback.

"There are living people, and there are living people." The driver beside him exclaimed.

Li Tian hurried to the middle of the **** corpses of the Yuwen family.

But I saw one of the men in a suit with scarlet blood on his chest was dying with his mouth open, his eyes blinking faintly.

He is not dead!

When Li Tian saw that another member of the Yuwen family had survived, he quickly helped him up slowly.

"Hello, how are you?" Li Tian asked.

But seeing that the member of the Yuwen family was pierced by a sword in his chest, blood was flowing out of his chest bit by bit, his mouth wanted to say something, but his mouth moved but it was a sentence Say it too.

Li Tian glanced sympathetically at the Yuwen family member on the ground. He knew in his heart that this guy was dead. The sword and sword in his chest pierced his entire heart, although he could still move his mouth at this moment. He's open, but he will die soon.

Looking at the dying guy on the ground, Li Tian could only sigh helplessly at this moment, and he did not have the technique to return to heaven.

"Mr. Li, is he out of help?" asked the member who was driving for Li Tian and the others along the way, blinking.

Li Tian nodded silently.

"Ok."

"Hey, it's pitiful." The driver said sympathetically.

Although Li Tianshou is still holding the dying body of the Yuwen family, the guy obviously can't support it for too long. If you look closely, the pupils in his eyes have begun to shrink and shrink slowly...

Finally his body finally died after violent convulsions.

Li Tian looked at the Yuwen family member who had died in his arms, sighed helplessly, and then prepared to quietly put the body on the ground.

Just as Li Tianzheng was about to put the Yuwen family corpse in his arms back on the ground, suddenly there was the sound of a car coming frantically from the street in front of him.

Li Tian turned his head in surprise, and then saw three fast-coming cars stop at the entrance of the alley with a hiss.

Li Tian blinked and glanced at the car in front of him, and was suddenly slightly astonished.

"A member of the Yuwen family?"

Li Tian suddenly discovered that the car that came was a member of the Yuwen family.

It turned out that after Yuwen Huangji received the call, the caller had a blind tone before he said a word, and Yuwen Huangji felt that something was wrong, so he quickly asked someone to come and support their people.

But just after these Yuwen family members jumped out of the car one by one, they saw their family companions dying tragically in a pool of blood... and also saw Li Tian dragging a dead member of their family in his hands. When, where are all the stunned.

"It's all dead..."

"All are killed!"

The more than 10 members of the Yuwen family who got off the three cars looked at their companions lying in a pool of blood unblinkingly, and then saw Li Tian again, their eyes swelled with blood red killing intent.

"You... you villain, you killed all our brothers!"

Hearing a roar, the Yuwen family member who rushed over suddenly pointed at Li Tian and roared.

Li Tian was stunned for a moment, then looked at the family member who had just died in his hands, quickly let go of his body with both hands, and stood up.

"You misunderstood...I did not kill the people in your family." Li Tian quickly defended.

He never expected that things would change so much, let alone that the Yuwen family would rush to this point.

The driver who was driving for Li Tian and the others, saw that the situation was not right. He hurried to Li Tian's side. While running, he explained, "Hey, hello, you have misunderstood... the people of your family are really real We did not kill..."

But those reckless Yuwen family members have red eyes at this moment, especially when they see their companions being brutally killed one by one, they can still think calmly at this moment.

"Asshole, I saw you killing our brother with my own eyes. Do you dare to quibble?"

"Yeah, I saw with your own eyes that you were holding our brother's body just now, so you dare to lie..."

"Blood debt and blood, even if we die today, we will fight with you."

Yes, it happened that Li Tian was still holding the body of the dead Yuwen family member in his hand, and it happened to be seen by the Yuwen family member who rushed over.

So Li Tian can only admit that he is unlucky at the moment.

Li Tian looked at these blood-red Yuwen family members and didn't know how to explain it, because even what he explained now was useless.

His only idea now is to leave here quickly! No way, his two arms have been "worn". It is impossible to do it. Besides, Duguxie and Aqiu are chasing the enemy, and he doesn't know when to come back. There is only one beside him. If the members sent by the Ouyang family to drive the car, if

the two of them were really besieged by the dozen or so members of the Yuwen family in front of them, they would be out of luck today.

Li Tian glanced at the place behind him, trying to find a chance to leave here first, but the members of the Yuwen family were already red at this time.

All of a sudden, they surrounded them.

"Kill them! Revenge for the brothers!"

"kill him!"

...

Shocking words screamed from the mouths of the red-eyed members of the Yuwen family. One by one, they pulled out their sharp machetes from their arms, and suddenly surrounded Li Tian and the driving member in a semicircle shape. .

Li Tian was suddenly depressed.

And the member sent by the Ouyang family to drive, stayed there with a face full of fear.

"You misunderstood... We really didn't kill your people."

The driver who was driving was so scared that he almost cried, yelling there.

But no matter what he said, the members of the Yuwen family were still leaning towards them step by step, still roaring: "Kill him..."

Chapter 653: Bunch of idiots

Li Tian knew that he had encountered unprecedented troubles, and the most depressed thing was that he could not use his skills at all. At this moment, he was misunderstood by the Yuwen family. What should he do? What should I do?

Is it true that I will be misunderstood and killed by these Yuwen family members today?

This time he and the driver who drove were completely surrounded by members of the Yuwen family.

Although the members of the Yuwen family are red eyes, they all know that Li Tian is amazing. They have seen Li Tian's martial arts with their own eyes when they were in Jinghai City Hospital, so they are only half-surrounded at the moment. Li Tian did not dare to really do it.

Of course, they didn't know that Li Tian's two arms had been completely abolished. If they knew it, they would have rushed forward.

"What to do?" The Ouyang family driving member looked at Li Tiandao with a pale face.

Although Li Tian was worried in his heart, he glanced at the dozens of Yuwen family members surrounding him, and whispered to the driver of the Ouyang family beside him, "Run!"

As he uttered his words, Li Tian suddenly pretended to make an attack with both hands.

The Yuwen family gathered around a dozen of his members and saw that he was about to do something, and immediately backed away, because they all knew Li Tian's martial arts were so high!

But they didn't know that Li Tian did this posture just to frighten them, because Li Tian's arm couldn't use Kung Fu at all.

At this moment, when he bluffed and scared the members of the Yuwen family back, Li Tian turned around and yelled at the Ouyang family driver beside him: "Run!"

He said a word, and then Li Tian ran forward with the driver lifelessly.

They can only escape at this moment, if they don't, they will be killed here.

Suddenly seeing that Li Tian didn't make a move but suddenly started running with another guy, the Yuwen family members here were stunned.

I stayed for a while, then you looked at me, I looked at you, why didn't the man named Li make a move?

"Kill, don't let them run away." Suddenly one of the Yuwen family members came to understand and shouted there.

Then a dozen Yuwen family members who followed followed Li Tian and the others madly.

So there was a scene of chasing and killing on the street.

Li Tian and the member of the Ouyang family who drove just ran forward lifelessly, and the guy who drove was a little scared before, and ran like crazy at the moment, but because he was inadvertently under his feet, he suddenly threw and fell. On the ground.

After he fell to the ground all of a sudden, Li Tian could have escaped, but for the sake of this guy's safety, he turned his head and ran back.

He grabbed the boy who fell in front of him: "How are you?"

"I'm fine..."

The guy quickly got up.

But just as soon as he got up, members of the Yuwen family over there chased him.

There was a swish, but seeing the machete in the hands of one of the Yuwen family members, he slashed towards the kid.

Li Tian saw the light of the knife, but it was a pity that his hands could not stop it, but fortunately, he was in a hurry and flew a kick directly on the opponent's chest.

The member of the Yuwen family was kicked flying.

"Run, you will be dead if you don't run." Li Tian exclaimed and said there.

When his voice exclaimed, the kid quickly got up, but because of the kid's delay, they couldn't run away at all. At this moment, the Yuwen family members behind had already surrounded him.

"What to do? What to do now?" The driver of the Ouyang family said in panic.

Li Tian also had no choice. At this moment, he could only watch the dozens of Yuwen family members encircle them.

"Kill them."

There was a roar, but seeing the red-eyed Yuwen family members raising the machete in their hands, they slashed at Li Tian in front of them all of a sudden.

Li Tian couldn't move his hands, and couldn't accumulate the vitality flowing in his body, so he could only dodge the fierce sword force quickly.

Fortunately, his pace is still agile. No, after quickly avoiding one of the Yuwen family's swords, he quickly wanted to escape from the left.

It's a pity that he hadn't waited until he had time to run, and a member of the Yuwen family slammed at him again.

Li Tian could only be forced back.

The members of the Yuwen family saw that Li Tian could only dodge and did not attack them. They were very surprised, but even though they were astonished, they still raised their hands to Li Tian and the kid who was driving. Cut off from the body.

Seeing that both of them were forced to have no way out, they were about to be hacked to death by a member of the Yuwen family.

At this moment, a hoarse roar suddenly came over.

"Asshole, dare to move my young master!"

Before the sound came first, a huge palm-jin that filled the air rushed forward first.

When the fierce palm strength suddenly attacked these Yuwen family members like mountains and oceans, those Yuwen family members who could not evade were suddenly knocked to the ground by the strong palm strength.

And the members of the Yuwen family who had escaped by chance, all looked at the black shadow that was attacking quickly like a ghost with shocked faces.

Another fierce man with a broken arm followed.

Li Tian and the driver saw that when the ghost servants and Duguxie arrived, the hanging heart finally fell.

"Young Master, are you all right."

With a flash, the black shadow guarded the ghost servant in front of Li Tian, and asked in that concern.

And Duguxie had also rushed over quickly, her indifferent face staring coldly at the Yuwen family members who had risen from the ground in front of her.

But seeing Li Tian took a breath and said, "It's okay, it's okay."

"Young Master, what's going on? Why did this Yuwen family come?" Du Guxie asked in a deep voice.

He didn't understand, why did this Yuwen family attack their young master at this moment?

The ghost servant is also at a loss.

Just listen to Li Tiandao said: "People in the Yuwen family regard us as the murderers of their family."

Hearing what Li Tian said, the ghost servant suddenly groaned, and a gloomy face wearing a grimace mask suddenly turned to the Yuwen family member over there.

"Asshole, bunch of idiots!"

"You dare to frame our young master? You dare to slander if you don't even know anything?" The ghost servant said angrily.

Chapter 654: The most direct way

Although the Yuwen family members over there are extremely scared of the ghost servants and the Duguxie who came here, they are also **** men. At this moment, they are not afraid to say: "We saw him kill my family members. Is there a fake?"

"Yes, we saw this kid killing members of our family with our own eyes." Just listen to the humane words of the Yuwen family over there.

"Saw it with my own eyes?" said the ghost servant with an ugly face.

"Are your eyes blind? Did you really see our young master killing your people with your own eyes? A bunch of idiots, I think it's useless to explain to you... If you don't want to die, quickly get out of me one by one." The ghost servant didn't bother to explain to them, and suddenly said angrily there.

"Killing pays for life is justified. Today our brothers know that we may not be able to deal with you, but even if we die, we have to ask for justice." The members of the Yuwen family said.

"Okay! Since you idiots want to die, then I will fulfill you one by one."

The voice uttered, but the ghost servant suddenly wanted to make a move!

Although the members of the Yuwen family say that, who can not fear death? Who is not afraid of death? At this moment, I couldn't help but take a step back.

Besides, seeing the ghost servant really want to do it, Li Tian quickly persuaded him.

"Ghost, don't do it!"

The ghost servant turned his face abruptly, looked at Li Tiandao and said, "Young master, if these idiots don't give them some color, they will definitely not realize it."

"But if we really do something at them today, the misunderstanding will be really big!" Li Tiangu said in the overall situation.

"Ghost servant, the young master is right, listen to the young master." Duguxie in front of him also said that.

Now that everyone said so, the ghost servant could only snorted and said, "Okay."

"Listen to me, go back and tell Mr. Yuwen, your people weren't killed by us... the people at the gate of **** did it, and I warn you again, if you dare to harass our young master, don't blame me I didn't warn you. By then, not only you, but also the old Yuwen of your family, my ghost servant will pick you up and kill you one by one." Horrible words roared out of the ghost servant's mouth.

Although the members of the Yuwen family have a desperate heart, no one dares to act rashly at this moment.

Because they deeply understand that this ghost servant is definitely not a joke, killing them is simply a matter of effort for the ghost servant.

"Hurry up!" The ghost servant turned the face wearing the grimace mask and suddenly shouted to the members of the Yuwen family.

The members of those families are all there at the moment, you look at me one by one, I look at you.

They can't do it, they really can't do it at all. With the strength of a dozen of them, if they really want to embarrass Li Tian today, they will probably end up dead.

So they can only leave here angrily.

Watching the members of the Yuwen family leave one by one, Li Tian felt worried, not only worried about the taken Xuanyuan Sword, but also worried about his brothers.

"What's going on, has Xuanyuanjian snatched it back?" Li Tian asked, suddenly raising his head to look at the Duguxie and the ghost servant in front of him.

But seeing the two people fell silent for a while.

"Young Master, Xuanyuanjian is lost!" A dull sentence came out of Duguxie's mouth.

The ghost servant stood there with the same ugly expression.

After Li Tian heard the news of Xuanyuanjian's loss, he was stunned. He knew that the two masters that Duguxie and the Ghost Servant were facing were all super masters. If they wanted to chase them, they really were. Extremely difficult.

So he sighed deeply, knowing that the trouble was really getting worse this time.

He never thought that something good that he had expected would suddenly become like this?

What organization is that **** gate?

Who is Ouyang Longyan, the man in purple, and the old drunkard?

Why did they **** Xuanyuan Sword?

All of this is an unsolved mystery to Li Tian!

However, what Li Tian is most worried about now is the misunderstanding between him and the Yuwen family!

If those Yuwen family members just go back and tell Yuwen Huangji that they killed him by not keeping their promises, then Yuwen Huangji will definitely become annoyed by that time. Once Yuwen Huangji still has his brother Tang Xiaolong What if Ah Qiu is a murderer?

This is currently Li Tian's biggest worry.

"Young Master, what's the matter?" The ghost servant in front of him saw Li Tian worrying, and asked not only with concern.

But seeing Li Tian frowned deeply and said: "I am worried that the Yuwen family will misunderstand us more and more."

"Why are you afraid of him? Since they want to misunderstand, let him misunderstand, but if they dare to come and harass you again, I will definitely let them walk in and lie down." The ghost servant said fiercely.

Li Tian smiled bitterly.

Duguxie glared at the ghost servant.

"Young Master is worried about your brother?" Du Guxie asked suddenly.

Li Tian did not expect that the most silent Duguxie in the past would see through his mind, and not only silently nodded there.

"Yes, what I am most worried about now is once Yuwen Huangji misunderstands me, how he will deal with my brother." Li Tian said worriedly.

Duguxie also had an ugly face, because he couldn't say what horrible means that Yuwen Huangji, who became angry and furious, did!

What if Emperor Yuwen really killed Li Tian's brother in a rage?

In the end, the ghost servant came up with a way.

"Young Master, since you are worried about your brother, let's just kill the Yuwen family and save your brother! Anyway, the old man Yuwen has misunderstood us now... If you wait and die, you can only let your brother It's even more dangerous." Ghost servant said.

Listening to the words of the ghost servant, Li Tiangang felt a bit wrong at first, after all, he didn't really have to fight against the Yuwen family.

But after looking back and thinking about it carefully, in fact, the method that Ghost Servant said was the most direct and the most effective method at present.

Because only in this way, Li Tian can guarantee that his brothers are safe and sound. If time is delayed, it will definitely become more and more dangerous for Tang Xiaolong and Ah Qiu.

So after Li Tian thought about it, he suddenly made up his mind and said: "Okay!"

"Just do it!"

"Since the Yuwen family has misunderstood us, it's better to let him misunderstand us. After a while, when the truth comes out, I believe they will understand it naturally."

"Yes! Just do it." Ghost servant said with a smile.

So Li Tian made a preliminary decision to forcefully break into the Yuwen family and return the brothers.

Chapter 655: Enemy: Hell Gate

After Li Tian and the others decided this way, they first planned to forcefully enter the Yuwen family.

It's a pity that they still don't know the exact address of the Yuwen family in Jinghai City, so they can only get in the car and drive to the Ouyang family quickly.

In the car, the Duguxie and the ghost servant seldom talked all the way, and the two seemed to be carrying something extremely important in their hearts.

And Li Tian also seldom speaks along the way because he is worried about his brothers.

After the car finally drove for a while, Li Tian finally asked, "I want to ask you, what is the origin of the two people who robbed Xuanyuanjian just now? And you said that they came from the gate of hell? What happened?"

Suddenly hearing Li Tian's question, the Duguxie and the ghost servant looked at each other, and the two had not spoken for a long time.

Li Tian secretly felt that the two of them seemed to have secrets hiding themselves, and they were extremely important secrets.

But he still quietly waited for the Duguxie and the ghost servant to tell him the truth about everything.

Finally, after almost a minute of silence, the ghost servant suddenly opened his mouth with a hoarse voice.

"Second brother, do you want to tell the truth about everything?" The ghost servant asked, looking at that Duguxie.

Duguxie groaned for a while and looked quite worried, but finally nodded silently.

"Forget it, since the people at the gate of **** have already been born, let's tell the young master the truth...because one day the young master will understand everything." Duguxie said.

Li Tian was deeply shocked by the words of the two.

Although he didn't know what secret Duguxie and the ghost servant were about to tell him, he could feel that the secret was definitely the secret that shocked his life.

"What is the truth?" Li Tian couldn't help asking again.

The ghost servant in front of him slowly turned the face wearing the ugly grimace mask, then looked at Li Tian and said solemnly, "Young Master, do you remember that you asked us before, who is Our enemy? Who is the enemy who besieged your father and our brother more than twenty years ago?"

Suddenly hearing the ghost servant say so, Li Tian was completely shocked there.

Yes.

He did ask the question about Ghost Servant and Duguxie before, but they didn't tell him the answer at the time.

He remembered that Duguxie told himself at the time: Now is not the time for him to know, and Duguxie will tell him once it is time for Li Tian to know.

But Li Tian didn't know the reason why Duguxie and the ghost servant didn't tell Li Tian before, it was because they were worried about Li Tian in order to protect Li Tian.

They understand Li Tian's temper. When Li Tian heard the news of his father for the first time, his mood became unstable and he vowed to find the murderer who besieged his father more than 20 years ago? But with Li Tian's current ability, can he be that group's opponent?

Can't!

Before Li Tian's hands were abolished, his martial arts were simply not good. What's more, his arms are now abolished? So the Duguxie and the ghost servants did not intend to tell Li Tian the secret.

But Duguxie and the ghost servants didn't expect that the people at the gate of **** were really born, and they blatantly came to **** Xuanyuan Sword!

Now it seems that it would be impossible not to tell Li Tian, so the ghost servant will tell the secret.

However, after the ghost servant uttered that sentence, Li Tian's face suddenly changed, and at the same time a fiery flame of revenge flashed in his eyes. He clenched his fist and said, "Who are they? Who is it? I besieged my father ten years ago, and my mother?"

"The gate of hell." The terrifying three words came out hoarsely from the ghost servant's mouth.

"Hell Gate? Why have I never heard of the name of this organization?" Li Tian asked in astonishment.

The ghost servant said: "The young master knows something. Not only you don't know the gate of **** in this world, but even the people of the four major families probably know very little about the gate of hell."

Listening to the ghost servant's words, Li Tian's heart shook.

What a mysterious and terrifying organization, Li Tian thought secretly.

"What the **** does that organization do?" Li Tian couldn't help but ask.

The ghost servant was silent for a while, then slowly raised his eyes and said: "In fact, we know very little about the gates of hell. The only thing we know is that this terrorist organization was suddenly established more than 20 years ago. Yes... At that time, we and your father did not pay much attention to this organization. We only knew that the organization was searching for peerless talents at home and even abroad! Those who were admitted into the gate of **** were all super masters. , And they are all side heroes... some are top killers, some are evil figures who have been famous for a long time..."

Listening to the ghost servant saying so, Li Tian frowned deeply.

No wonder the purple-clothed man who fought with Duguxie and the ghost servant just now, and that old drunkard is so powerful.

It turns out that these two people are peerless characters.

"Because more than 20 years ago, this **** gate did not do any wicked things and seldom provoke us, so we didn't care much about this organization at that time! Until that night twenty years ago! !"

When the ghost servant said this, his voice suddenly became hoarse and unpleasant, and at the same time the invisible murderous aura that permeated him suddenly appeared.

That Duguxie also closed his eyes, thinking about the **** night more than twenty years ago.

Li Tian looked at the two of them, and understood what the ghost servant said about the night more than 20 years ago. At this moment, he couldn't help asking: "Did it mean that the master in the gate of **** was besieging my father more than 20 years ago, and you? "

"Yes!" The ghost servant suddenly spit out two words fiercely.

"I remember clearly that it was your birthday more than 20 years ago, but I didn't expect these people to kill when we were just about to celebrate your birthday! They were all dressed in black at the time, and they wore Wearing a black mask..."

Hearing what the ghost servant said, Li Tian couldn't help fighting a cold war.

Although he had not personally experienced that **** and brutal night, he could feel how terrifying that night was at this moment.

"Are they all masked? Since they are masked, how do you know they are from the gate of hell?" Li Tian couldn't help but question.

"Because for the past twenty years, my second brother, and my third sister have been struggling to find our enemies!" A word suddenly came out of the ghost servant's mouth.

Yes, since the war more than 20 years ago, Cthulhu disappeared for no reason. On the one hand, the brothers were looking for their big brother Cthulhu, and they were also secretly investigating who killed them and their big brother.

Chapter 656: Burning hatred

Finally, the hard work paid off, the enemy let them find.

And those enemies are the gates of **** that captured the world's masters.

Looking back now, why did the gate of **** collect so many masters at that time? It turns out that they were just for the murder of Li Tian's father, the evil god, and Duguxie.

The gate of **** must know that Cthulhu is difficult to deal with, so he will not hesitate to collect so many masters, and concentrate on besieging them that night.

Thinking of that night twenty years ago, the bronze sword in Duguxie's hand was squeaked by him.

And the ghost servant is also full of terrible aura, obviously after so many years, the hatred of that night, the past of that night, no one has forgotten the brothers.

"What kind of organization is Hell Gate? Why do you want to deal with my father?" Li Tian asked sharply with blood red eyes.

Now he can't wait to take revenge, and wash away the bloodbath of the past!

The ghost servant said silently: "In fact, after so many years of investigation, we have not found out what organization **** gate is. We don't even know where his lair is. We only know that there are many masters in the **** gate. That night was almost killed by your father with a sword...Even if there are alive masters, they are all severely wounded by your father...Some are crippled, and some may still have the sword that your father had severely wounded by the sword. mark."

Hearing what the ghost servant said, Li Tian didn't know why, he suddenly remembered the purple-clothed man Ouyang Longyan!

The long narrow sword scar on his face.

Who is it that hurt?

"Why do you say that... Didn't you say that my father disappeared on that night more than twenty years ago?" Li Tian asked in disbelief.

But the ghost servant said: "Yes."

"Big brother disappeared that night... But did you know that the big brother was to protect our brother, but also to protect you... I remember the last time I saw the big brother, he was holding you with his left hand and his right hand? Holding a sword, facing the siege of more than a dozen masked masters, and yours is currently standing behind him. Although he is covered with blood, although he is also injured, I know that big brother will not fall! Because no one in this world can defeat him!"

"At that time, I wanted to go up and help him, but my eldest brother decided to let me leave this place. He yelled at me: I'm there to distract him! So in the end I had no choice but to escape from here..." The ghost servant said as he said. Began to tremble slowly.

After he was silent for a long time, he continued: "After I escaped, I really don't worry about your eldest brother and sister-in-law, and you are in danger when you were young, so I decided to go back again, but when I returned. , Where are the traces of older brothers and sisters... I only saw all the **** corpses on the ground! They were the corpses of those masked masters... And there were many broken limbs left on the ground, I searched for them I went to all the corners of the house and stripped away all the corpses. I didn't see the older brother, the older sister, and your trace..."

When Li Tian listened to the ghost servant again and carefully told all the past events of the year, his heart was shocked.

"So from then on, I thought that my eldest brother might not have died! So my second brother, and my third sister who survived started wandering around the world looking for eldest brother, sister-in-law and your news... At the same time, we also searched for the past Who is the masked enemy!"

"Finally, the emperor pays off, we found you, the young master! Let our brothers know that the big brother is definitely not dead!" said the ghost servant with relief.

Li Tian knows what ghost servant means.

Imagine if the Heretic God was really besieged to death by the masters of the Hell Gate, how could Li Tian survive in the remote Liaocheng?

Moreover, the ghost servants went back to find those corpses in person. There were no corpses of the evil **** at all, so it can be concluded that the person who sent Li Tian to Liaocheng back then was probably Li Tian's parents...

The two must be trying to avoid the enemy, so they had to do this.

As for Cthulhu, where did he go after he sent Li Tian to such a barren Liao city? This is not known.

But so far, no one has ever seen the evil **** who lashed out at that year, and few people have mentioned his name.

What is even more surprising is that the Hell Gate, the terrorist organization that besieged the evil god, also began to disappear after the battle that night twenty years ago.

For more than 20 years, if it wasn't for ghost servants and Duguxie who were struggling to find their enemies, they wouldn't have known that the gate of ***** back then was their enemy.

"The gate of hell! The gate of hell..." Li Tian repeated the enemy's name over and over again.

No one knows the strong hatred in Li Tian's heart at this moment, the only thing he can see is the endless anger that bursts out of his eyes, and the flame of revenge.

Duguxie and the ghost servant also felt Li Tian's strong hatred.

The two of them are afraid here!

They are afraid that once they tell Li Tian about their hatred more than 20 years ago, they will undoubtedly have buried a seed of revenge in Li Tian's heart.

But the current Li Tian Kungfu is so weak, and even his hands are as crippled...How can he resist the masters of Hell Gate that were so powerful back then?

At this moment, if Li Tian is thinking of revenge, isn't he going to die?

Therefore, Duguxie and the ghost servant in front of him were deeply worried about Li Tian.

"Young Master, don't worry, for the hatred between the gate of ***** and us, one day I and my second brother will both recover it bit by bit... Our life was picked up by the eldest brother, brother. The reason why they are alive is to avenge the elder brother and wash away the blood and shame of the elder brother." The ghost servant said to Li Tiandao to comfort him.

Duguxie in front of him also said in a deep voice, "Yes, Young Master!"

"The matter of revenge, don't deliberately think about it, now that the people at the gate of ***** have been born...I and the ghost servants will definitely investigate it to the end."

Li Tian didn't speak, but just sat there coldly.

The cold face seemed to be covered with ice.

Suddenly after he was silent for about 2 minutes, he suddenly raised his blood-red eyes and looked at the ghost servants and Duguxie: "Twenty years ago, who was the person who besieged my father in the gate of hell? Can you tell me about them? Are they all names?"

Listening to Li Tian's question, the Duguxie and the ghost servant looked at each other with ugly faces, and did not answer.

"You don't need to worry about me, I know that I am a useless person at the moment... I won't be so stupid to seek revenge from them now..." Li Tian suddenly said with a bitter smile.

Yes, he is really not a fool, although he knows that he is carrying a sea of blood and blood, and he also bears the mystery of the disappearance of his father and mother... But he is indeed a useless person now, a useless person who can't use his hands at all. So even if he wants revenge, at least he has to wait until his two hands are healed, and wait until his kung fu has improved.

Chapter 657: Blood feud

Listening to Li Tian mocking himself so much, the ghost servants and Duguxie were a little intolerable.

"Young Master, don't say that to yourself. We believe that your arm will be good, and we also believe that you will be able to avenge your elder brother's blood and blood."

Li Tian smiled bitterly, and Junyi's face showed a decadent color.

"Young Master, do you really want to know the name of the enemy back then?" Du Guxie in front of him suddenly asked Li Tian with a low reputation.

Li Tian was taken aback, raised his head and looked at Duguxie: "Of course I do."

"Well, since Young Master wants to know, then I will tell you."

"It's just that after I tell you, I hope Young Master must act rationally." Du Guxie exhorted.

Li Tian nodded there.

But after listening to the Duguxie in front of him, he slowly raised his eyes, pondered for a moment, and then said: "In fact, we know very little about the master in the gate of hell. Although we have had a little eyebrow for so many years, but still I haven't been able to understand the gate of **** clearly, and now what I want to talk about are the characters that I and the ghost servant have already found out."

Listening to Duguxie's words, Li Tiantian became more and more curious about the gate of hell.

"Who is the one found out?" Li Tian couldn't help asking.

"There are the four ghosts of Xiangxi, the desperadoes, and the second wind chaser ranked on the domestic killer rankings..." Du Guxie said word by word the names of the enemies he had found over the years.

Hearing that these were once famous masters in the evil way, Li Tian was shocked to tell the truth.

You must know that these masters in Duguxie's mouth are not ordinary characters. These masters have become famous more than 20 years ago, and these masters are the super talents who once swarmed under the banner of Hell Gate.

"Where are these people now? Are these people who besieged my father more than 20 years ago?" Li Tian asked in horror.

Duguxie nodded slightly.

"Yes!"

"These people used to be the ones who participated in the siege of Big Brother that night."

"But they are not all, they are only a very small part." Duguxie said with hatred in his voice.

Li Tian heard that these people were the enemies who besieged his father back then, and the flames of revenge suddenly ignited in his eyes again.

"Where are they now? Do you know they are there?" Li Tian asked suddenly with a roar.

"They are dead."

Just listen to Duguxie suddenly said coldly.

"Dead?" Li Tian was not only slightly startled when he heard Duguxie say so suddenly.

The ghost servant next to him said with a hoarse voice: "They are indeed dead! And I and my second brother slaughtered them one by one."

When these former masters turned out to be ghost servants and Duguxie killed, Li Tian was not only shocked.

"Since the eldest brother disappeared, my second brother and I have been wandering around the world looking for enemies, and we finally found the gate of hell, and we also found the list of those who participated in the assassination that night... so my second brother and I have been in the past 20 years. In addition to constantly looking for the traces of the big brother, these **** were also slaughtered one by one." The ghost servant roared.

Listening to the ghost servant's words, Li Tian finally understood what was going on.

"But there were too many masters that night... The enemies we found were only a small part... And the real behind-the-scenes pointers, my second brother and I have not found out so far." The ghost servant suddenly faced. There was a trace of regret on it.

Du Guxie also nodded silently.

Li Tian thought for a while and said, "Didn't you press those people? Didn't they say who instructed them behind the scenes?"

Hearing Li Tian's question, the Duguxie and the ghost servant sighed and shook their heads.

"We have asked that for the four ghosts in Xiangxi, my second brother and I were about to torture them in an unhuman form, but in the end they still didn't say a word...so we could only kill them." The ghost servant hoarse. Say.

Listening to the ghost servant's words, Li Tian was slightly shocked.

What kind of terrorist organization is this **** gate? Why is it so mysterious, and it is a master of the world?

No wonder his father was forced to be like that.

Thinking of this, Li Tian had a sense of surprise and hatred in his heart.

It seems that there is still a very difficult way to go if I want to avenge my father, Li Tian said silently there.

"By the way, I want to ask you two about something." Li Tian suddenly turned to look at the ghost servant and Duguxie in front of him and asked.

The Duguxie and the ghost servant nodded and looked at Li Tiandao and said, "Young Master, please ask."

"The man in purple who fought with you just now, if I heard you correctly, you seem to call him Ouyang Longyan...I'm wondering how this man is surnamed Ouyang? Is there any connection between him and the Ouyang family?" Li Tian couldn't help it. I asked my inner curiosity there.

When Li Tian said this, Duguxie thought for a while.

The ghost servant directly said, "Of course!"

"Don't the young master know that Ouyang Longyan, the man in purple clothes, is the fourth son of Ouyang Wujiang?" The ghost servant suddenly said.

"what?"

"He... he... is the fourth son of Old Man Ouyang?" Li Tian was shocked there, his face full of disbelief.

How could Li Tian believe that that kind and benevolent old man gave birth to such a poisonous son?

Li Tian saw the purple-clothed man Ouyang Longyan murder without blinking his eyes, so Li Tian was completely depressed at that moment.

"Yes!"

"He is the fourth son of Ouyang Wujiang." Ghost servant said again.

Li Tian blinked his eyes and asked questioningly: "What the **** is going on? How can the people of the Ouyang family be involved in the **** gate?"

Listening to Li Tian's question, Duguxie sighed and said, "Actually, these are all things in the past... The young master doesn't know it, and it is a matter of course."

"Many years ago, Ouyang Wujiang had four sons that made him the most gratifying. Among them, the fourth oldest in their family was even more outstanding and hailed as a wizard. That kid was fast in elementary school and could learn everything. Qin, chess, calligraphy and painting are proficient, not only that, but his kung fu is even more powerful. It is said that when the boy was a teenager, he learned all the kung fu of the Ouyang family. Ouyang Wujiang was still young, and he could not wait to praise him. His son was extremely clever... But when that kid was 20, when Ouyang Wujiang was planning to announce that they would pass on the position of their Ouyang clan to the fourth, the kid disappeared overnight... and from then on. The name Ouyang Longyan began to be forgotten bit by bit in the world's impressions."

Chapter 658: how is this possible?

Listening to Duguxie's words, Li Tian frowned and said, "Could it be that Ouyang Longyan was the gate of **** that he joined since then?"

"Probably it is!" said Duguxie.

"The time when Ouyang Longyan disappeared was also the time when the gate of Hell began to dominate the world's masters, so we guessed that Ouyang Longyan might have joined the gate of **** at that time."

"From the appearance of Ouyang Longyan today...it seems that he has indeed joined the gate of hell."

Li Tian thought for a while, clenched his hands tightly and asked in anger, "Will he be one of the members who besieged my father more than 20 years ago?"

Hearing the endless roar in Li Tian's voice, Duguxie and the ghost servant in front of them couldn't help but glance at each other.

The two told the truth: "This, we haven't checked it out yet."

"Twenty years ago, those masters were all covered with faces... so that we could not recognize who they were... After so many years of investigation, the ghost servants and I also found some of the masters of the year... We haven't found out the other characters yet, so we still dare not determine whether Ouyang Longyan participated in the **** night or the **** case that besieged my eldest brother."

"However, young master, we dare to affirm one thing to you, that is, if Ouyang Longyan really participated in the murder that night more than 20 years ago, even if the ghost servants and I chase him to the end of the world, we will give him Grab it, and then killed him with his own hands." Du Guxie said coldly.

Listening to Duguxie's words, Li Tian didn't speak any more, he just cast his eyes on the window of the car, looking at the old mansions in the old city.

Some old houses are already decadent, while others are eroded by wind and rain...On the empty streets, only occasionally a few cold winds blow slowly...The **** on the ground is rustling, floating towards the distance go with.

Li Tian finally knew who his enemy was, and at the same time knew how powerful his enemy was!

What's more, what he knew was a weird organization that could be described as "terror".

That organization has been a master of the Internet world more than 20 years ago, and no one knows what kind of power it has developed now.

But from today's battle, Li Tian knew that the enemies he was going to face were far beyond his imagination... There is no doubt that the masters in the gates of **** are all first-class masters! And they are all one of a million characters.

When Li Tian drove the car back to the Ouyang family with a sense of failure.

The brothers and the old man Ouyang thought that Li Tian had already returned Xuanyuanjian to the Yuwen family, but they did not think of what happened to Li Tian and the others.

After Li Tian and the others got out of the car, Chen Qiaozhi and Old Monster Ge drove out.

When he first saw Li Tian, he stepped forward excitedly and asked, "Li Tian, how's it going, has Xuanyuanjian returned to the Yuwen family?" Old Monster Ge stepped forward and asked quickly.

When Li Tian heard Old Monster Ge say this, his face became deep and ugly, and he did not answer the words of Old Monster Ge.

Chen Qiaozhi next to him carefully observed Li Tian's ugly look. He turned his head and then glanced at the face of the Duguxie and the ghost servant beside him. Suddenly he felt that things did not seem as simple as he thought.

Isn't this? The clever Chen Qiaozhi slowly walked up to Li Tian and asked in a low voice, "Li Tian, is something wrong?"

Chen Qiao said, blinking wise eyes at Li Tian in front of him.

Li Tian nodded suddenly there.

"We were attacked... Xuanyuanjian was also snatched away."

After Li Tian told the truth in one sentence, the expressions of Old Monster Ge and Chen Qiaozhi suddenly changed.

Although Chen Qiaozhi felt that something bad might happen, he never expected that Li Tian and the others would be attacked, and Xuanyuanjian would be snatched away?

"No... Xuanyuanjian was also snatched away? Did the Yuwen family **** do it!" But Old Monster Ge asked with a gloomy face.

Li Tian shook his head slowly, and then told all the things to the brothers in front of him.

The brothers were completely shocked there.

Old Monster Na Ge's eyes widened, and his eyes were full of unbelievable words that Li Tian said, and Chen Qiaozhi frowned deeply.

After listening to Li Tian's words, Old Monster Ge said with an ugly face and said: "So, all those members of the Yuwen family have been killed?"

"Yeah!" Li Tian muttered.

"Why did those two strangers **** Xuanyuanjian? And so powerful?" Old Monster Ge asked with horror on his face.

Li Tian smiled bitterly, and did not answer.

Because he still doesn't want to tell his brothers about his deep hatred.

Chen Qiaozhi groaned aside and suddenly said, "Then since all the Yuwen family members have been killed...what about Xiaolong and Aqiu?"

He talked about the center of gravity all at once.

Li Tian frowned deeply. To be honest, this is what he is most worried about right now.

"I can only grab it back. If I don't hurry to save Xiaolong and Aqiu, I am worried that their lives will be in danger."

"Now the Yuwen family has misunderstood me. They suspect that I killed all of their people, so at this moment they can only find out the current location of the Yuwen family in Jinghai City in the shortest time."

"What? The Yuwen family actually suspected that you killed all of their people?" Old Monster Ge almost jumped up.

"Ok."

"That's a big trouble. If the old man Yuwen is angry and really wants to use Xiaolong and Aqiu, then it will be a bad thing." Old Monster Ge shouted there.

"So, now I have to find the current address of the Yuwen family in Jinghai City."

The news of Li Tian and their return spread quickly among the Ouyang family.

And many people knew that Li Tian, Duguxie and Ghost Servant, their Xuanyuan Sword was robbed.

In the Ouyang Family Hall at this moment, a shocked voice came out first: "What? Xuanyuanjian was robbed?"

"How is it possible? There is Duguxie and the Xuanyuan sword guarded by a ghost servant, how could someone steal it?"

The voice came from the old man Ouyang's mouth. Long Jiong's old face was in disbelief and was deeply shocked and asked while sitting on the armchair.

The Kunlun expert next to him, Feng Qingzi also frowned slightly.

Yes, who can ***** Xuanyuan Sword from those two super masters? It's not realistic at all!

Chapter 659: Murderous

"I heard that Xuanyuanjian was not lost on Li Tian and Duguxie. Xuanyuanjian was thrown away by Yuwen family members after Li Tian gave the sword to members of Yuwen family! All the Yuwen family sent to respond. People, all were killed, and then the other party snatched Xuanyuan Sword!"

Listening to the people below, Ouyang's face became extremely ugly.

"In this way, the other party is clearly aware of their every move. They dare not ***** the sword in front of Duguxie and the ghost servant. When Li Tian and the others handed the sword to the Yuwen family, it seems that the other party has a sophisticated The plan!" Old man Ouyang sighed slightly.

"Hey, the old man thought that after Li Tian returned the sword to the Yuwen family this time, they would be able to resolve their grievances. From the current situation, it seems impossible."

"Yes!"

"Not only that, the Yuwen family thought it was Li Tian and others who killed them... Now the Yuwen family must hate Li Tian and the others!" the person below continued.

Father Ouyang frowned deeply, sighed heavily, and slowly raised his eyes to look at Kunlun Fengqingzi on the side.

"Feng Lao, what do you think?"

Feng Qingzi thought for a while and said slowly: "The misfortune has already happened, and now Li Tian and the others, no matter how they explain it, it must be useless... At this moment, I only hope that the Emperor Yuwen will not be arrogant! I hope he can calmly think about this. Things are going around."

"Yes!"

"Then Li Tian's two brothers are still in the hands of the Yuwen family. If they really want to think that their people were killed by Li Tian, I'm afraid Li Tian's brothers will be in danger..." Father Ouyang suddenly said .

After he uttered this sentence, I saw him ponder for two seconds, then suddenly raised his head and looked at Ouyang Zhengtian in the hall. They said: "Zhengtian, you are now sending people to look around for the Yuwen family Address...find their location in Jinghai City as soon as possible! Only by finding them as soon as possible, maybe we can stop Yuwen Huangji from doing impulsive things."

"If Yuwen Huangji really attacked Li Tian's brother, the trouble would be really big."

Ouyang Zhengtian in the hall nodded quickly after hearing the old man say this.

"Yes, father, I will do my best to find out the position of Yuwen family in Jinghai City as soon as possible."

After speaking, Ouyang Zhengtian quickly walked out...

Father Ouyang's deep eyes were gleaming, he looked into the distance slightly, without saying a word.

Although Elder Ouyang had already left the mountain, he still lived in the old ancestral hall at the end.

During the time when the old man was in retreat in Ouyang, this old ancestral hall was not guarded at all, only the old man stayed here leisurely.

But now the old man Ouyang is out of the mountain, so Ouyang Zhengtian sent a few bodyguards to guard the outside of the old man's ancestral hall, and it is also convenient for him to serve him.

Inside the old mansion and ancestral hall, there are a few very thick trees that have been standing there for so many years since spring and autumn.

At this moment, the old man Ouyang was sitting quietly inside the ancestral hall.

He sat cross-legged, his eyes closed slightly, and an incense burner was inserted in front of him... A scent of scent slowly came out from inside, and the green smoke entangled like clouds and mist.

This time is usually the time for the old man Ouyang to meditate. In the past, during this time period, the old man never saw guests, and no one would see him. It is still the same now.

But today, when the old man was meditating, suddenly there was a roaring voice outside.

When this sound came, the gate of the house that had been quietly closed was pushed open with a bang.

"Asshole, don't let me pass...be careful my palm hits you!" A hoarse and rough voice came from his mouth.

When I heard this hoarse voice, I knew it was a ghost servant.

I carefully looked at the location of the gate of the house, but saw that the ghost servant wearing a grimace mask rushed in, and behind him was the broken limb Duguxie.

It was the bodyguard of the Ouyang family who blocked them at the door. Although they also knew that the ghost servant and Duguxie were extremely masters, the old man had ordered that when he was meditating, he was determined not to let anyone disturb him. .

So the bodyguards at the moment are still blocking them.

"You can't go in... Our old man is now the time for meditation. If you have something, you can wait for the old man to finish meditating before looking for his old man..." The bodyguards stopped the ghost servants and said Duguxie.

But how could the ghost servant and Duguxie be stopped by these little bodyguards.

But there was a muffled snort in the ghost servant's mouth, and suddenly the sleeve of his right hand was raised, and an invisible force suddenly attacked the bodyguard who stood in front of him...

The bodyguard hadn't stood still, he only felt a rush of wind, which hit his body severely.

With a bang, the body was thrown out a distance of two meters...

But fortunately, the ghost servant didn't make a ruthless hand, otherwise the bodyguard wouldn't have broken bones.

When one of the bodyguards was thrown into the air as soon as the ghost servant raised his hand, the rest of the bodyguards were still obstructing it... even if they were dead, they would not let Duguxie and the ghost servants enter. Excuse that old man Ouyang meditating.

"If you don't let go, don't blame my ruthless men!" The ghost servant suddenly said angrily!

Just as he uttered this sentence, he saw an old voice suddenly came from the ancestral hall.

"Let them in..."

After this utterance, the bodyguards who had desperately blocked the ghost servants and Duguxie nodded slightly at this moment, and then slowly retreated.

After these bodyguards left, the ghost servant and Duguxie walked in angrily towards the inside of the ancestral hall in front of them.

But seeing that the old man Ouyang, who was sitting there quietly, cross-legged, slowly opened his eyes when he heard the footsteps of two people coming in, and then stood up straight.

"Why did the two come to the old residence with such a strong murderous intent?" said the old man Ouyang, suddenly turning his head to look at the Duguxie and the ghost servant in front of him.

When the ghost servants and Duguxie arrived at the gate of this old house, the old man felt murderous!

A sharp murderous look!

Although the old man Ouyang didn't know what happened to the ghost servant and Duguxie, he could feel that the two of them seemed to be stimulated in some way, otherwise they would not enter his ancestral hall with such a murderous intent.

Chapter 660: Past grudges

He said that after the words of the old man Ouyang in front of him, the murderous aura on his body became even more intense.

Staring at Senhan's eyes, he asked angrily, "Ouyang Wujiang, I ask you, do you know that night more than twenty years ago!"

A word suddenly roared from the ghost servant's mouth.

When Father Ouyang heard what the ghost servant said, he was taken aback.

"What night are you talking about? Was it the night the Cthulhu was besieged?" Father Ouyang blinked and said.

"Yes!"

"You finally confessed... It seems that you had a part that night too! For my eldest brother, I will kill you by myself today..."

After a word suddenly uttered from the reckless ghost servant's mouth, suddenly his body hit the old man Ouyang like a ghost.

But the trick of seeing the ghost servant has not been implemented yet, but he heard a cold roar: "Stop!"

The words were roaring from Duguxie's mouth.

When he heard Duguxie's roar, the hand raised by the ghost servant stopped abruptly in the air, and the whole room was filled with strong murderous aura.

But what about Mr. Ouyang? However, he didn't move anything from beginning to end, and he didn't even radiate a bit of aura from his body. He seemed particularly calm.

"Second brother, why don't you let me kill him?"

"He must have been involved in the night when my eldest brother was besieged!" The ghost servant screamed and said with red eyes.

But seeing Duguxie did not pay attention to the ghost servant, slowly turned that cold face, looking at the old man Ouyang in front of him.

"Ouyang Wujiang, I ask you, how do you know the night my elder brother was besieged more than 20 years ago?" Du Guxie suddenly asked in a deep voice.

But seeing the old man Ouyang suddenly sighed.

Then he said slowly: "In fact, more than 20 years have passed since this matter... Hehe, the old man did not expect that your brother still remembers that hatred!"

"Forget it, since you asked me, then I will tell you... You also know that although your eldest brother Cthulhu was a figure, he looked down on the people of the world, especially our four big families, but our four big families did not think about it. It hurts you."

"It was many years later that I heard an old friend talk about that night... He personally told me what happened that night more than 20 years ago... So the old man knew."

Hearing what Old Man Ouyang said, the ghost servant went up and said, "You lie!"

Duguxie coldly asked, "Who is your old friend and friend? How could he know what happened that night twenty years ago?"

When Duguxie said these words, his indifferent killing intent was fully revealed.

The old man Ouyang didn't care about the strong killing intent of the two of them. He just stepped his head slightly and murmured: "I said his name, I must know you too! He is Ji Wushuang!"

"Ji Wushuang? Do you mean this person is a figure who was famous for his left-handed sword more than 20 years ago, Ji Wushuang?" Duguxie asked dully.

Twenty years ago, there was indeed a figure known for his left-handed sword in the area of Liaodong, whose name was Ji Wushuang.

According to legend, Ji Wushuang is a descendant of the late Qing Dynasty, the children of the Eight Banners!

Moreover, generations of generations have been doing the duty of protecting the master. According to legend, Ji Wushuang has reached a state of superb experience with a left-handed knife. It is said that no one can get within three meters of his body more than 20 years ago.

But now he didn't expect that Ji Wushuang, who had been famous for a long time, would know what happened that night.

"Why would he know about the night twenty years ago?" Du Guxie asked sharply.

"Because he participated in the siege of the evil **** and one of you more than 20 years ago," Father Ouyang said suddenly.

When the old man Ouyang told the truth all at once, the ghost servant in front of him suddenly let out a weird roar!

"This bastard!"

"He is there now? Tell me..." The ghost servant suddenly took a step forward, looking at Old Man Ouyang with blood-red eyes.

But seeing Old Man Ouyang sighed slightly: "He is dead!"

"He died more than ten years ago... When the old man saw him, he was already crippled... In the past, Ji Wushuang was famous all over the world with his left-handed knife. Unfortunately, when I saw him, he The entire back of his left hand was chopped off..."

"At that time, he was already in despair, and he was also terminally ill. Maybe it was because people were about to die and their words were good. Before he died, he told the old man about the past. He said, twenty Many years ago, he was drawn to the past by a mysterious organization. Originally, Ji Wushuang had always been arrogant and solitary, but when he was drawn in by that mysterious organization, he knew how huge the organization was. , Because at that time, he saw many famous masters like him! They have already come to this organization... He also said that after he was drawn into this mysterious organization at that time, the people above did not tell them to draw them in. Well, it's just that everyone saves a large sum of money in their account, and feeds them every day for them to eat and drink...! And everything that terrorist organization does is to kill one person, and it's impossible to kill one. The dead person... and he, your eldest brother, the evil god."
