

## A Killer 66

Chapter 66: Find someone

At this time, the lights of the entire building of the Tang company had all been extinguished, and only the lights of the guard room outside were still on.

A fast-moving Audi Q7 drove quickly toward the company.

Sitting in the security room of the Tang company, a security guard who used his mobile phone to chat online, heard the sound of the car outside, frowned slightly, hurriedly put his phone in his pocket and ran out, at the same time still wondering who would come to the company in the middle of the night. what?

When I ran out, a black Audi Q7 stopped here with a hissing sound.

With a bang, Xiao Zhou jumped out of the car vigorously as the door opened.

When the security guard who ran out of the security room quickly saw that it was Xiao Zhou, he quickly said respectfully: "Zhou."

"Zhou Zhou came to the company so late?" the security guard asked.

Then Xiao Zhou slightly nodded, raised his eyes to look at the security guard in front of him and said, "Where is the security guard named Li Tian?"

Suddenly hearing President Zhou say Li Tian's name, the security guard in front of him was slightly startled.

"Sleep in the dormitory."

"Call him out quickly." Xiao Zhou said.

The security guard stood there for a moment, but nodded quickly: "Okay, Mr. Zhou, wait a moment."

After speaking, he hurried to the dormitory in the basement direction.

"Li Tian..."

Li Tian, who was sleeping in the dormitory, suddenly heard the banging noise outside the small iron door, and a grunt got up.

Xiao Zhao in the upper bunk was sleeping soundly and covered his head with a quilt when he heard the sound of shouting.

The bed next to the sea turned over and continued to sleep. Only Li Tian got up quickly wearing his clothes and pants.

Opened the iron door, rubbed his still a little confused eyes and looked at the security guard outside the door. This security guard Li Tian knew him and his name was Li Xiao.

"What's wrong?" Li Tian asked depressedly.

Li Xiaodao said: "The company's President Zhou has come to you."

"Zhou?" Li Tian was taken aback.

Could it be that Xiao Zhou?

"He came to me in the middle of the night? Why did he look for me?" Li Tian asked depressedly.

The security guard named Li Xiao shook his head: "I don't know, Mr. Zhou is waiting for you outside now. You'd better go out and have a look."

Li Tian thought for a while and nodded: "Okay, I will go out with a dress."

After finishing talking, he ran over quickly, picked up a shirt casually, put it on his body, and quickly followed the security guard out.

When Li Tian walked out through the security guard, he saw Xiao Zhou standing next to the Audi Q7 on the plaza of the Tang company and walked over.

Xiao Zhou also saw Li Tian at this moment, and walked over in stride.

"What's the matter with me?" After Li Tian walked up, he looked straight at Xiao Zhou and asked. To be honest, he doesn't have a lot of favor with Xiao Zhou in front of him. , That's weird.

Xiao Zhou in front of him didn't care, staring at Li Tian and asked, "Did the lady come to see you today?"

Suddenly heard what Xiao Zhou said, Li Tian was taken aback for a while, then nodded and said, "Well, what's wrong?"

"The eldest lady hasn't come back in the middle of the night, do you know where she went? Or did she tell you where she went again?" Xiao Zhou looked at Li Tian and asked.

"Didn't go back most of the night?" Li Tian said depressed.

"Did she go to her friend or classmate's house?" Li Tian asked.

Xiao Zhou shook his head.

"Miss eldest seldom goes out at night. Normally, when she goes out, she will tell Mr. Tang, who is her father, but this time the eldest has not returned in the middle of the night, and the mobile phone has also been turned off. We are all worried now, you know. , Kyoto is a big city, there are all kinds of people, especially at night...so I came to ask you." Xiao Zhou said slowly.

After Xiao Zhou said this, Li Tian couldn't help being stunned.

Secretly: Where did this girl go without going home? Is it because I quarreled with him this morning? Is she angry?

Li Tian could still recall the endless disappointment in Feifei's voice when she finally uttered those words.

Xiao Zhou kept staring at Li Tian's eyes at this time, without blinking, from Li Tian's complicated eyes, Xiao Zhou could see something strange.

"She was indeed angry today, but she drove away by herself afterwards, and I didn't see her either." Li Tian said truthfully.

Xiao Zhou nodded silently.

"Okay, I get it."

After speaking, Xiao Zhou turned around and was about to leave.

"Where are you going?" Li Tian looked at Xiao Zhou and asked.

Xiao Zhou didn't turn back, and said coldly: "Look for Missy."

After speaking, I got on the black Audi Q7 and drove away quickly.

Li Tian was left standing alone in the square and depressed.

Where is this girl? What Xiao Zhou said just now is not bad. This Kyoto city is indeed an international metropolis. There are all kinds of people here. What if this girl meets a gangster who was racing like last time? If something happens to that girl, the responsibility is not his own. If it weren't for the quarrel with her today, she wouldn't be angry, nor would she disappear in the middle of the night, the more depressed Li Tian thought about it, the more he turned and ran towards the security room.

The guard on guard in the security room saw Li Tian coming and was still wondering.

Li Tian went up and asked, "Hey, do you know what is the busiest place in Kyoto at night?"

The security guard standing guard in front of him was slightly taken aback: "Why are you asking this?"

"Hurry up and tell me!" Li Tian said angrily.

The security guard was taken aback.

"Nine districts."

"Nine districts?" Li Tian was taken aback when he heard the security guard talking about the nine districts.

"You didn't lie to me?" Li Tiandao said.

"Halo, why did I lie to you? The Ninth District is the favorite place for night travelers."

Hearing what the security guard said, Li Tian turned around and ran towards the square.

"Li Tian, what are you doing?" the security guard behind shouted depressedly.

Li Tian didn't turn his head back, ran to the front quickly, then ran and replied, "Find someone."
