

A Killer 68

Chapter 68: Come in time

As Feifei spoke dizzily, there was Li Tian's shadow on the quiet street.

It's already more than one o'clock, and several restaurants in this area are about to close. Only the outside lights are still flashing.

Occasionally I can see one or two cars passing by, but are they pedestrians? But very few.

Feifei sat on the ground in such a decadent manner, trying to wake herself up, but she couldn't wake up.

At this moment, suddenly there was a shout of cursing on the quiet street in front of me. I heard a few drinking men making loud noises there.

"Damn it, **** unlucky today and losing money again, **** it."

"If you lose, you lose. I will win back next time."

Two men clamoring loudly and unscrupulously walked towards Feifei from the quiet street. Through the light, they could see two men in their 30s. Are they dressed? They are rather sloppy, but the faces of the two people are not flattering. There is a saying that Xiangyouxinsheng may describe the two people as not bad at all, and they look like hooligans.

One of them had a pocky face, thin hair, thin body, and cursed while walking with a cigarette in his hand. He was the guy yelling about losing money.

The other was a thin and tall man, wearing a suit that didn't fit, his face was pale, and his eyes were bloodshot. I don't know if it was caused by drinking too much. It's because of something else.

The two screamed as they walked.

Suddenly the pocky-looking guy looked at a red-eyed LotusCars parked next to the street in front of him, and what made him even more excited was that there was a superb beauty sitting next to the luxury car.

He rubbed his eyes and said in disbelief, "Hey, is that a woman?"

Another tall, thin man with bloodshot eyes yelled, "Where?"

"Where." Mazi pointed.

The bloodshot thin and tall man squinted his eyes and saw Feifei at a glance, and the male hormones immediately reacted.

"Fuck, what a woman."

"Go over and take a look."

The two old men ran over here as they talked.

I took a closer look, but saw that Feifei was drunk, sitting on the ground and wearing a pink skirt. The delicate melon seeds blushed, and the waterfall-like hair draped over her tender shoulders.

The drunk sat on the cold ground.

Drunk beauty?

When the two old men saw Feifei, they suddenly swelled.

"Little beauty." That pockmark almost ran out of sweat.

A pair of extremely wretched eyes stared at Feifei steadily, while the other thin and tall guy with bloodshot eyes was looking around to see if anyone was around.

After the two looked at each other, they looked at each other and seemed quite agreeable.

"God has given us this opportunity, we can't waste it." Mazi said with a wicked smile.

The guy with bloodshot eyes nodded quickly, and then the two walked towards Feifei step by step.

The pockmarked eyes never left Feifei from the beginning to the end. At this moment, she was staring at her, and a thin hand was thinking of Feifei's legs.

As soon as she was about to be touched by the bastard's dirty hands, Feifei seemed to subconsciously wake up.

His eyes widened suddenly, and he saw the two old men who were touching her in front of him.

Ah yelled.

One foot kicked forward feebly.

"Go away..."

Feifei backed away while screaming, she yelled as if she was a little awake.

But what about the two old hooligan men? Hearing Feifei's scream seemed even more exciting.

"Little beauty, keep screaming, the more I call, the more excited I will be. See how I will do you later." Mazi said while laughing.

Another man with bloodshot eyes staring at Feifei with his big yellow teeth exposed.

"Beauty, if you don't take care of Lao Tzu in bed tonight, Lao Tzu will play with you, and you will not be able to walk tomorrow."

After saying that, the two of them grabbed Feifei.

Feifei had already woke up more than half of the time, yelling back.

"Go away, bastard."

"You have to dare to move this lady...I want you to die."

"Go away..." Feifei's screams filled the empty streets.

But there was no response. On the contrary, the hormones of these two rogue old men were more stimulated.

Mazi grabbed Feifei's arm with a thin claw,

Feifei was grabbed and screamed, then instinctively bit him with her teeth.

With a loud cry, the pock was bitten on his wrist, and he retracted his hand in pain. The wrist was bleeding from Feifei's bite.

The man with bloodshot eyes nearby laughed.

"This woman is quite spicy."

That Mazi was full of anger at the moment, and he stretched out his hand and slapped Feifei severely.

"I let you bite me..."

Seeing that this pocky slap was about to hit Na Feifei's face, Feifei yelled, "Help..."

At this critical moment, a figure suddenly appeared on the silent street.

"Asshole, go to death."

Accompanied by roaring all his life, an angry fierce man carried thousands of anger in one fist, and slammed the pockmark on the waist.

Mazi did not react, only felt that his waist seemed to be folded in half, and his whole body was beaten out with a bang like a sandbag, and his body flew straight four or five meters away, falling to the ground screaming and crawling. Can't get up.

And another thin tall man with bloodshot eyes saw that his companion had been shot flying away, he turned his head abruptly, and then saw a guy with hatred in his eyes staring at him coldly.

"You..." The thin and tall guy with bloodshot eyes just spit out a word, he was grabbed by the neckline by the hunk, and then he was kicked in the span by the other party's very dark kick.

Ah, a scream came out of the thin tall man's mouth.

With a heart-piercing scream, he fell to the ground and couldn't get up.

The fierce man whose anger had not dissipated, kicked the thin and tall guy fiercely, and cursed: "Bad son..." Then he stopped.

Through the bright light, shining on his handsome face, look carefully, who is he?

Isn't he Li Tian who came here?
