

A Killer 69

Chapter 69: You are a little bastard

The moment Feifei saw Li Tian, she woke up like a drunk, then she plunged into Li Tian's arms, Jiao Chu and Li Tian hugged tightly.

"Li, you bastard, stinky bastard... why are you here now."

While crying, Feifei hit Li Tian's chest with a pink fist,

Li Tian was extremely depressed. Looking at the crying girl in his arms, he was stupid and didn't speak or move. His arms seemed to be stiff and stopped in the air. But in his heart, there was an unprecedented excitement. sense.

The feeling of excitement is of course the reason that a superb beauty is close to him.

Feifei didn't know if she was tired from crying, or she suddenly realized that she was hugging the soil buns tightly, and quickly pushed Li Tian away, but she almost fell over, Li Tian took a step forward and supported her with her arms. Her small waist.

"You can't slow down." Li Tian said angrily.

Feifei blushed, with a strong smell of wine in her cherry mouth, looking at Li Tian there.

"Why are you here? Aren't you not helping me, what are you doing? You might as well let me die by myself." Feifei said to Li Tian snortingly there.

Li Tiandao: "Neuropathy."

"You are just crazy, you are mentally ill, mentally ill." Although Feifei is drunk, she can still fight with Li Tian.

Li Tian didn't feel in the mood to pay attention to her either, turned around, and watched the two **** on the ground who had been rude to Feifei strode past.

One hand picked up the pock that was discounted by Li Tian's waist, and slapped it on the pock's face.

The corners of Mazi's mouth were beaten and bleeding.

"roll."

Li Tian pushed forward fiercely and roared.

The pock screamed, enduring the pain, not daring to say a word, supporting the tall and thin man next to him who was still croaking and limping towards the quiet street.

Seeing them walking away, Li Tian didn't look at them anymore. He turned to look at Feifei, watching her drunk appearance, a feeling of distress suddenly rose in his heart, but when he saw her blushing face, Li Tian In the day, my heart was suddenly warm, and I wanted to hug her pretty face and kiss her fiercely.

Just as he was embarrassed, suddenly two dazzling lights came from the street.

Li Tian was taken aback, turned his head to look, but the light of the car light was too dazzling for him to see clearly.

Just when he was wondering, the car door over there had opened quickly.

Then came out of the car four men with cold faces in suits.

In the front, a man in a suit, wearing a pair of gold glasses, who is he? Of course it was the desperate Saburo Xiaozhou of the Tang family, and the next three were all bodyguards of the Tang family. The Tang family actually came?

It turned out that they arrived at about the same time as Li Tian, and they all saw the scene just now, but they just showed up now.

After getting out of the car, Xiao Zhou walked forward step by step. The two men who had insulted Feifei just now and another tall and thin guy who hadn't had time to leave were all taken aback at this moment, watching their cold steps. Xiao Zhou who came to them was stunned.

When Xiao Zhou walked to them, the pockmark and the tall lanky man beside him hadn't reacted yet, Xiao Zhou made a strange move.

With a click, Mazi's eyes burst open, but his neck suddenly crooked, broke, and died.

The other thin and tall man wanted to yell instinctively, but it was a pity that Xiao Zhou's voice was stuck in his throat before he could tell that Xiao Zhou had hit his throat directly with an elbow, and his tricks were vicious and fatal.

A scream came out from the quiet street.

Then the two corpses fell down on the cold concrete place with a plop, dead clean and neat.

"Bring the bodies of these two ***** to the back mountain and bury them." Xiao Zhou said flatly.

The three bodyguards behind nodded silently, then lifted the two bodies, then opened the trunk of the car and stuffed it in.

As for Xiao Zhou, he walked towards Li Tian and Feifei.

Where is Li Tian? Although I didn't see who the people came, I could understand what was going on from the screams just now, and I couldn't help being shocked, who were they? Did it kill the two guys just now?

Killed?

Li Tian, who was wondering, then saw Xiao Zhou's figure.

"It's you?" Li Tian looked at Xiao Zhou in shock and said.

A faint smile appeared on Xiao Zhou's previously calm face, and he nodded.

"Thank you for saving the eldest lady." Xiao Zhou said sincerely to Li Tian.

Li Tian did not speak, and glanced at Tang Feifei who was still dizzy on the ground.

"She was so drunk."

Xiao Zhou also frowned at Feifei, and walked over slowly: "Miss?"

But Feifei spit out alcohol and squinted her eyes: "Don't move me... the surname is Li, you are a little... little... little bastard."

Listening to Feifei's drunk and still cursing at himself, Li Tian couldn't help rubbing his nose in depression.

Xiao Zhou slowly helped the eldest lady up, then opened the door of the Lotus Cars, and slowly helped Feifei to the back of the car and turned her head to look at Li Tian: "Sit down. I will send you back."

Li Tian thought for a while. It's not easy to take a taxi right now in the middle of the night. Besides, the one who came out of his pocket just now was too anxious and he originally brought more than one hundred yuan in change. I had to take a taxi back, which was probably choking, so I opened the door and sat in.

Xiao Zhou picked up the car key next to Feifei, and then drove the red LotusCars (LotusCars) with Feifei towards the street.

And the car that Xiao Zhou originally drove had several bodyguards driving from another road towards the back mountain.

The back mountain of Kyoto City is a mass grave. Everyone in Kyoto City knows how many dead bodies were buried there.

Xiao Zhou drove the car quietly along the way. Li Tian sat quietly in the back. Only Feifei, who was drunk sitting beside Li Tian, was a bit dishonest. Feifei was a bit hot because of the alcohol reaction because of too much alcohol. His mouth also started talking nonsense. The stimulation of the alcohol caused Feifei to scratch with both hands and keep holding Li Tian, which made him very depressed. What's more, Feifei was still talking nonsense.

"Smelly Li Tian, don't you not help me? Why come to save me..."

"You are an idiot, the most stupid big...big idiot in the world."
